Chapter 2121

"Linlin, you are right, if we die, no one will be able to enslave us anymore."

"Why do we have to live alone and helpless in this world?"

"But if we die, we will never have the chance to take revenge."

Xue'er doesn't want to die yet. She has not taken revenge yet.

Every rich kid in Kamikaze Academy looks down on poor people like them.

And they have never thought of standing up for them, even the senior brother who has been standing by and watching..

She once naively thought that the senior brother would manage these matters, so she told the senior brother about the matter.

But what she did not expect was that the senior brother did not care about this matter at all, but handed the matter over to Another person in the college will handle it.

It was that incident that caused her to never forgive her senior brother, nor the Kamikaze Academy.

That day, she was bullied on campus, and she also lost her innocence and was bullied by many From that day on , she will never be able to forgive anyone in Kamikaze Academy, nor can she forgive any rich person in the world.

After listening to Xue'er's words, Linlin's eyes were a little timid, but she was also very happy She looked at Xue'er.

She didn't know what Xue'er meant by saying this? Could it be that Xue'er has now found a way to take revenge?

"Xue'er, what do you mean?"

"Have you found a way to take revenge now? Can we really avenge ourselves?"

Linlin still doesn't believe this. She doesn't think they have the ability to take revenge on anyone in Kamikaze Academy now.

Because Linlin knows very well what is the difference between him and those proud men of heaven? It's not just the difference in family background..The education they received since childhood and the treatment they received are all different.

If they want to practice to the level of those rich children, or to surpass them, it will be very difficult. It is even possible that they He couldn't do it in this life. How could Xue'er be so confident to speak out about revenge?

After listening to Linlin's words, Xue'er naturally nodded.

If he wasn't completely sure, he wouldn't have spoken out. This matter.

As early as a few days ago, she found a way, and this method was absolutely foolproof.

But at that time, she had not yet made up her mind to go through Linlin's incident.

She had already made up her mind, and she must do it. To get ahead, you must take your destiny into your own hands

"Yes, Linlin, I have found a way"

"As long as you do what I say, sooner or later we can defeat these people"

"One day they will take revenge, let them kneel in front of us like ants and beg us for mercy."

When Xue'er said this, her eyes flashed with excitement, and her eyes also turned a little scarlet.

After seeing this scene, Ouyang Zhengxiong immediately frowned. If he was right, If so, this girl will become a demon.

A woman has been treated unfairly here, and no one has supported them.

Now that they are able to reach this point, Ouyang Zhengxiong also expresses his understanding.

But if they want Ouyang Zhengxiong will not let them continue to develop like this if they harm the people here.

In any case, Kamikaze Academy is the most prestigious academy on the mainland after all. If two people who are possessed by demons appear from here.

Then Kamikaze Academy will All the reputation accumulated over a hundred years will be destroyed in one day, and the country will also be plunged into turmoil.

Although Ouyang Zhengxiong doesn't care much about the affairs of Shenfeng Academy, he doesn't want to see wars happening yet.

In Ouyang After Zhengxiong wanted to go up and persuade these two people, several people suddenly appeared behind them.

"Hahahaha, look at those two untouchables who stayed up late at night and hid there"

"Are you trying to scare us secretly? I didn't expect these two bitches to have so many thoughts."

A boy with a sinister look on his face was saying this to several other people traveling with him.

What they said made Ouyang Zhengxiong frown and wanted to teach them a lesson.

But Xue'er and Linlin didn't understand what they said. What he said was not surprising at all, as if they were used to hearing such words.

After seeing that Xue'er and Linlin didn't give them any reaction, these people were obviously a little angry.

Although these two people are usually like fish They were dumb and didn't know how to respond to them.

But it was at night, and there were not as many people as there were during the day.

Now was the best time to bully the two of them, and it was also the best time to make them admit defeat.

"What on earth are you two untouchables thinking?"

"Didn't you hear clearly what I said? Do you want me to repeat it to you again?"

After hearing the second sentence this person said, Linlin and Xue'er's voices were obviously trembling.

As if they were afraid that the person opposite would do something to them, their trembling was also subconscious fear.

Chapter 2122

After seeing the scene in front of him, Ouyang Zhengxiong finally understood why these two girls did not want to continue living in this academy.

If he met such a classmate, he probably wouldn't want to stay here any longer.

He knew that bullying would happen in every school, but he didn't expect that the people at Kamikaze Academy would be so upright.

"Sorry, we know we were wrong, we just couldn't sleep, so we just went out for a walk"

"We'll go back right now, don't be angry."

After Linlin said these words, she wanted to pull Xue'er away from here, but how could the four boys opposite let them leave so easily.

Since they can't sleep, it's better to let them Let's do some exercise together. Maybe we'll have time to go to sleep by then.

"Since the six of us can't sleep, why not let's do some exercise"

"After the exercise, I believe you two will sleep peacefully, and the four of us will soon fall asleep."

There was a man who said such obscene words to Xue'er and Linlin.

After hearing these words, Xue'er and Linlin still didn't understand.

Xue'er was not afraid of this matter, because it She had already suffered this incident.

But she didn't want Linlin to go through her old path. Linlin was just a little girl who had just arrived here.

If possible, she hoped that Linlin would not be betrayed by these beasts. tainted, and would not suffer the things that happened to her

"What are you going to do?"

"Aren't you afraid that we will wake up everyone else in the college?"

"I advise you to restrain yourself, otherwise we will not let you go."

After listening to Xue'er's words, the four boys looked down on Xue'er.

As if they wanted to see how Xue'er could be rude to them. They had never been threatened by two untouchables.

And they had never They will not be threatened by the untouchables. They are here to see what these untouchables can do.

"Yeah? Then I would like to see how you don't let us go....."

"I'm quite curious about this matter, why don't you tell me now."

Not only were these four men not afraid at all, but they approached the two girls even faster.

After seeing this scene, Ouyang Zhengxiong couldn't help it. He didn't expect that there would be education in Shenfeng Academy. There are such scum and scum.

He always thought that those who studied in Shenfeng Academy were all Jiyue Fengfeng.

They could be regarded as aboveboard, but he did not expect that there were many polite scum in such an academy.

Ouyang Zhengxiong couldn't bear it anymore. He wanted to rush out immediately and beat up the four men in front of him.

But at this moment, Linlin suddenly started yelling, with a voice that could knock out the entire college. Everyone was woken up.

After Ouyang Zhengxiong heard this person's cry, he couldn't help being frightened and took two steps back. He had never encountered such a terrifying force.

He had never heard a person's cry, either. How dare you be so big, as if you were using something to magnify it deliberately.

At this time, Linlin had already unleashed all her survival potential, and she didn't want anyone to touch her.

Especially the four men in front of her, this made her sick. scene.

Soon, someone surrounded the place, and the four boys and Linlin Xueer were unable to leave.

Just when these six people were surrounded, there was another person in blue who appeared at the same time. A woman with a very cold face

"You guys stayed up in the middle of the night, why are you here?"

"And he made such a big fuss. Are you looking for death?"

The woman in blue didn't save any face for these six people, and she seemed to be very unafraid of these four people.

After hearing what the woman in blue said, these four dudes couldn't help but turn to Lan. The woman in clothes lowered her head.

No matter how arrogant and domineering they usually are, when they meet the real boss in the college, they still have to bow their heads and admit their mistakes. They don't dare to go head-to-head with this senior sister.

"Senior Sister Leng, we know we were wrong. There is nothing wrong with us. We were just joking."

There was a man tremblingly saying this to the woman in blue.

It seemed that the woman in blue was the boss here, and everyone respected her.

And there was a face that appeared next to her at the same time. Look. A very pretty woman in red came up.

After seeing these four men, this woman in red seemed to be disgusted by ants. She seemed to have an indescribable feeling of disgust towards the four of them.

But at the same time, it was even more disturbing. What the woman in red looked down upon was what the two girls did.

Everyone knew that these four people were unhealthy in the college. They knew how to do evil all day long and never practiced well, but even so , there are actually girls throwing themselves into their arms.

Chapter 2123

"Okay, senior sister, don't worry about these things."

"It's not your turn to interfere in these matters, senior sister, it's just a low-level and despicable method."

The woman in red seemed to look down on these two girls very much. She didn't even want to ask them what happened.

After seeing this scene, Ouyang Zhengxiong really felt that the Kamikaze Academy had not imagined It was so good.

The class division here was too serious. At this time, Ouyang Zhengxiong had an idea in his mind.

Why can't children from poor families go to good schools? Why do children from poor families deserve to be discriminated against? ?

Even if they suffered such a thing, no one would ask what happened to the two girls.

No one cared whether the two girls were wronged or not. Is their reputation really not important? ?

And after hearing what the woman in red said, the woman in blue seemed to really not want to care about this matter.

If it weren't for the sudden shouting and making noise, she wouldn't be here. Check

"No matter what, you two are still students of Kamikaze Academy."

"How could you do such an immoral thing? Even if you want to do casual things here"

"You should also keep your voice down, everyone in the hospital already knows your joke."

"If you let me know that something like this happened to you next time, I will definitely not be lenient."

What the woman in blue said seemed to confirm what the woman in red said. These two people were seducing these four men.

Although the woman in blue looked down on these four men, she still liked them very much. The family behind them.

After hearing that the women in blue were on their side, these four men immediately nodded.

"Yes, Senior Sister Leng, you really can't blame us for this matter"

"It was really the two of them who seduced the four of us first, otherwise the four of us would never have done such a thing."

"No matter how we say it, we are from a famous family, how can we do such a conciliatory thing."

After hearing the confusing words of these four men, the two women's faces were full of disbelief.

But now no one listens to their explanations, and no one cares about what the truth is.

These four men There are still certain forces in Kyoto, and no one dares to offend the forces behind them.

Linlin is still a student who has just entered Kamikaze Academy. She cannot tolerate her innocence being tainted like this.

"That's enough, Senior Sister Leng, why don't you ask me and Xue'er?"

"Are things really what you see? How could we two girls seduce four of them?"

"You never care about how we feel, never care about what we think, as if we deserve to be trampled on by you."

Linlin really couldn't stand the strict hierarchy of Kamikaze Academy at this time.

After hearing what Linlin said, Senior Sister Leng knew that what Linlin said was probably the truth.

But these facts were her most important. She doesn't want to hear anything and doesn't allow anyone to question her decision.

"Are you saying that I did this wrong?"

"The matter is here, you two girls are seducing these four men, what else do you have to say?"

"As a girl, you should respect yourself, love yourself and know your shame, but you two have not lost any of your shame."

"To actually take the initiative to seduce a man is really embarrassing to us girls."

Senior Sister Leng's face turned red with anger at this time, as if she was angry with these two women.

And the woman in red next to her also couldn't stand these two girls after seeing how angry Senior Sister Leng was. It's obvious that it's these two girls who are at fault, why should they make the senior sister so angry?

"Senior sister, please don't get angry with these two bitches."

"They are just two low-level untouchables. There is no need for you to be angry with them like this."

"You two are so ignorant. Senior sister deliberately wanted to hide the truth from you."

"But I didn't expect that you would actually dare to beat me up? Do you really think we are so kind-hearted?"

After hearing what the woman in red said, Linlin's face was filled with ridicule.

She had never seen anything like this before, and she had never accepted such a fact.

It was obvious that they themselves had confused right and wrong, so why should they? Put all the fault on her and Xueer?

"I get it, just because these four people have families behind them, you go to them"

"Xue'er and I are just children from poor families who came up with their own abilities. You just trample on our dignity at will."

"In your hearts, you have never treated us as classmates, you have always treated us as dogs."

"Dogs that come and go as soon as you call them, we don't have any dignity at all."

"Now you have poured all the dirty water on me and Xueer."

Chapter 2124

"You don't care at all what the truth is like."

"You only care about what you see in front of you, you only care about your thoughts, and you only care about your happiness."

Linlin really collapsed at this time and blamed everyone here.

Everyone here should pay a serious price for their current negligence and what happened now.

And after Ouyang Zhengxiong saw Linlin collapse like this, A bad thought immediately arose in her heart.

Linlin has become like this, and it is very likely that Linlin will actively seek death in the next second.

After seeing Linlin like this, Senior Sister Leng really felt that Linlin looked so ugly.

She had never seen a girl show such a big expression before. She looked like a monster.

"That's enough. Does it still make sense for you to say these words now?"

"The matter is right in front of us, how do you ask us to believe you?"

"Don't look at the look on your face now. It's really ugly. Don't these four men have eyes? Will he like you?"

"Although we are from a famous family, we also have the most basic bottom line."

"Not everyone can like it?"

Senior Sister Leng did not forget to pull and step on these two girls until the end.

And all the students of Shenfeng Academy here thought that this incident was the fault of those two girls.

When Ouyang Zhengxiong saw this, I really feel that his heart is slowly getting colder.

The people here are not at all respectful, friendly, and kind-hearted.

They are eager to force these two girls to die, as if these two girls After the child died, it was like their victory.

Ouyang Zhengxiong didn't know why the people here were so indifferent, and he didn't know why the people here couldn't tell right from wrong. At this time, he slowly came from behind A woman came over. This woman seemed to have heard everything.

"That's enough, Lengqing, you haven't investigated this matter clearly, how can you put all the blame on this girl?"

Slowly walking from behind, this woman in white clothes seemed to be the light of everyone present.

This woman slowly walked up to Linlin and wiped away all the tears on the faces of Linlin and Xue'er.

"I believe you two, this matter won't be your fault"

"Tell the truth and I will make the decision for you."

After Linlin heard what this woman said, she really couldn't help it.

Since she came to this college, no one has ever spoken to her in such a kind tone.

All this time, everyone has treated them like They were regarded as lowly inferiors, and no one had ever regarded them as classmates.

Only this woman did not care about their identities or their status.

She was also willing to help them clear their innocence.

"I think you should save it, Chu Qing, what does this matter have to do with you?"

"Why do you trust these two women so much? They are just low-level pariahs"

"What can't they do to climb higher?"

After Chu Qing heard what Leng Qing said, he didn't give Leng Qing a look at all.

"What do you mean?"

"Do you think that all women can sell their bodies in order to gain status?"

"In this case, your thoughts are too dirty, and you are not worthy of sitting in the position of senior sister."

Chu Qing will not give any face to Lengqing at all. She will only act according to her own thoughts.

When Lengqing heard Chu Qing's words, she was also very angry.

The next second, she seemed to remember No matter what, Chu Qing would indeed trust these two women.

"Oh, that's right. Look how I forgot. Why is my memory so bad?"

"You just have the same background as them, of course you will believe them"

"You never see your own mistakes and always attribute them to others."

Lengqing seemed to dislike Chu Qing very much. Her words were not as soft as before.

After hearing Lengqing's words, Linlin and Xueer knew what Lengqing meant.

They are poor people. Although they yearned for Kamikaze Academy, it was also because there was a child of one of the poor in Kamikaze Academy.

It was precisely because of this senior sister that they yearned for it so much.

But they didn't expect that after they arrived here, things would go so far. It's not as simple as they thought.

At this moment, Chu Qing seemed to want to continue arguing with Leng Qing, but the next second her hand was directly held by Lin Lin.

"Senior Sister Chu, thank you for trusting us"

"As long as you are willing to believe us, we still have a trace of innocence."

When Linlin said these words, she seemed to have made up her mind.

But Chu Qing suddenly had a bad feeling in her heart. She didn't know what this woman was going to do.

Chapter 2125

"You, what do you mean?"

Linlin shook her head after listening to Chu Qing's words. She did not tell Chu Qing these things.

Chu Qing had noticed something was wrong at this time, but she didn't know where this strange feeling in her heart came from. Where did it come from.

Chu Qing could only keep staring at Linlin at this time, wondering what Linlin was going to do.

But at this time, Xueer's expression when she looked at Linlin suddenly changed, as if she Already knew what Linlin was going to do.

But she did not stop Linlin because he knew that this would probably be a relief for Linlin.

Or maybe they chose to use this method to arouse this The conscience of a group of people made them realize their mistakes

"Well, you still don't realize your own mistakes"

"I don't want to explain so much anymore, those who are clear will be clear themselves"

"I've had enough too. I don't want to continue living here. I've had enough of your trampling on me."

"You must remember my death. Everyone here has a responsibility. If I die, you will not feel better."

After Linlin said these words, she directly picked up the sword in her hand and wiped her neck to commit suicide.

Her actions were very fast, so fast that even Leng Qing and Chu Qing did not react.

When After they saw Linlin die like this in front of them, they seemed to be greatly frightened.

Especially Lengqing, she didn't seem to have expected that Linlin would suddenly do such a thing.

She was so frightened that she stepped back. Stepping forward, she looked at the situation in front of her with some confusion.

At this time, Chu Qing didn't expect that things would turn out like this. She wanted to stop Linlin.

But she didn't have time to stop Linlin, so she just looked Now comes the scene where Linlin commits suicide.

It must be said that what Linlin did caused a huge shock to everyone present.

Everyone present realized one of their mistakes, and they might have really misunderstood They killed the two girls in front of them.

And because of their misunderstanding, this girl died in front of them. I don't know if they would feel guilty for this matter.

Xueer seemed to It was as if she was paralyzed. She just stared blankly at Linlin lying next to her, without even reacting at all.

After seeing Xueer like this, Lengqing seemed to have finally grasped a handle.

"I have long said that these two women are not serious women."

"You see, after her companion died, she could still remain so calm. It seems that everything the two of them just said was just a lie."

"Chu Qing, have you seen that everything you defend is false, you are just a bad person."

Lengqing seemed to be venting, saying such things to Chu Qing.

After saying these words, she left here directly, but her steps looked very floating.

It was as if she had realized This matter was her mistake, but she is clinging to it now.

And Chu Qing did not expect that because of her appearance, things would become like this, and she is now full of guilt.

If she had known earlier If things would become like this, she would definitely not show up. She would definitely investigate the matter silently behind the scenes. She would also definitely give Linlin and Xueer a clean slate, but now because of her sudden appearance.

Because of her Being insulted by coldness, that's why Linlin made such a choice.

Soon, the people here dispersed one after another, but they didn't say anything at this time.

Because every time they were thinking about what to say At that time, they could picture Linlin's ruthless curse on them before she died.

Even if they had something to say now, they would never be able to say it out loud. This psychological shadow would definitely last for a long time for them. Time.

Ouyang Zhengxiong has nothing to say at this time. He feels that Linlin will make such a choice sooner or later.

Instead of making such a choice in the future, it is better to make such a choice as soon as possible and be able to escape the sea of suffering as soon as possible.

It's just pitiful The girl next to her, Xue'er, might never forget today's nightmare for the rest of her life.

Ouyang Zhengxiong couldn't help but shook his head at this time, but he did not choose to leave here.

Because he wanted to take a look How should Chu Qing deal with Linlin and Xueer's affairs?

"Miss Xue'er, I'm sorry. I apologize to you and Linlin for this matter."

"This is what Kamikaze Academy is like. Where there are dignitaries, there will definitely be class oppression."

"But don't worry, I will definitely try my best to improve the current situation, and I will never let the poor be bullied again in the future."

After hearing Chu Qing's heartfelt confession, Xueer also knew that this matter had nothing to do with Chu Qing.

They had been bullied, and Chu Qing was the only one who stood up.

Chapter 2126

They were very happy that Chu Qing could stand up, and they did not expect Chu Qing to change the current situation.

Chu Qing's ability is still too weak. There is no need for Chu Qing to blame himself so much.

"Senior Sister Chu, you don't have to feel sad about Linlin."

"I know you are the only person in this college who will pity us. On the contrary, we hope that you can have a happy life."

"You are just like us, poor people, and you got in by relying on your true abilities."

"Senior Sister Chu, I hope you can take good care of yourself in the future and avoid conflicts with Senior Sister Leng."

"After all, she is a queen from a famous family, so she will definitely make you suffer in some things."

When Chu Qing heard what Xue'er said, she felt that Xue'er said this as if she was explaining the funeral arrangements.

She couldn't let anything happen to Xue'er again. She had already missed Linlin.

"Xue'er, what do you mean?"

"It is absolutely impossible for me to let anything happen to you again. I will definitely protect you."

"From now on, you stay with me, and I will definitely protect you and won't let anyone bully you."

After listening to Chu Qing's words, Xue'er really felt that Chu Qing was a very good person.

Unfortunately, it was too late when Chu Qing said this, and she had already embarked on the path of demon cultivation.

She It is impossible to regret it anymore. If she follows Chu Qing, she will only bring endless trouble to Chu Qing.

"Senior sister, don't worry, I won't be as stupid as Linlin and choose to commit suicide."

"I will practice hard and one day I will stand at the top and take revenge on these people one by one."

"I will definitely make those who bully me now pay the price, and I will not let them go easily."

After hearing what Xue'er said, Chu Qing knew that from a rational point of view, Xue'er should indeed do this now.

She had no reason to persuade Xue'er to be lenient to these people. If she was bullied If so, she will definitely retaliate and make these people pay the corresponding price.

Now that Xue'er has figured out all this, there is no need for her to stop Xue'er, as long as Xue'er is happy.

"Xue'er, since you have such ambition, I will definitely support you"

"Don't worry, I will definitely support you well. If there is anything you don't know how to do, feel free to come to me."

"I will definitely teach you well so that you can reach the top as soon as possible and take revenge on those people."

Xue'er nodded after listening to Chu Qing's words. She was really grateful to Chu Qing at this time.

If it weren't for Chu Qing's support of her at this time, I'm afraid she would have chosen the same path as Linlin now.

Even many years later, when Xue'er thinks of today's situation, she can't help but thank Chu Qing.

If it weren't for Chu Qing, she might not be able to survive to the end, and she wouldn't be able to successfully avenge these people.

Even if After taking revenge, she was killed by these righteous people. She had also washed away the shame these people had done to her in the past years, and she had no regrets.

At this time, Xue'er took Linlin's body back alone. , chose to find a suitable place to bury Linlin.

Just after Xue'er took Linlin's body away, Chu Qing still did not leave here, but looked at the place where Ouyang Zhengxiong was hiding.

"You've had enough of watching the show, why don't you show up."

At this time, Chu Qing kept looking in the direction of Ouyang Zhengxiong, and also said such words to Ouyang Zhengxiong.

After hearing Chu Qing's words, Ouyang Zhengxiong was very surprised. He originally thought that with his cultivation level, he would not be noticed by anyone.

But he didn't expect that he was noticed by the little girl in front of him, but Ouyang Zhengxiong was not surprised.

After all, there is a person who can detect his trace in Kamikaze Academy. It's a very normal thing

"I don't know when this girl learned about my existence."

"Why bother to speak just now?"

Ouyang Zhengxiong did not choose to hide all the time. Since she already knew that he was hiding here, he should indeed admit this matter now and come out.

After Chu Qing heard Ouyang Zhengxiong say such words, couldn't help but laugh, Ouyang Zhengxiong actually chose to hide here.

And she didn't give any advice on their affairs, so why should she expose Ouyang Zhengxiong?

"Since you have arrived at Kamikaze Academy and have not been discovered by others, it means that your cultivation level must be very high."

"Your Excellency's cultivation level is so high and you haven't interfered in the internal affairs of our college. You must have no ill intentions towards our college."

"Why should I expose you?"

After Ouyang Zhengxiong listened to Chu Qing's words, he really felt that he really liked what Chu Qing said.

He felt that it was a very good thing that Shenfeng Academy could have such an outstanding student as Chu Qing.

Chu Qing not only has high cultivation, but also has a good character. He will stand up and speak for the children of poor families at critical moments.

Chapter 2127

He actually appreciates Chu Qing a little. If possible, he hopes to become friends with Chu Qing

"You are quite honest, and in this huge Kamikaze Academy, I am afraid that you are the only one who can stand up and speak for these two girls."

After Chu Qing listened to Ouyang Zhengxiong's words again, she chuckled a little.

She just looked down on these people who had been bullying the two girls.

Even people from poor families should have self-respect. Since they can come to this academy to study means that they are also very well-established. Otherwise, Kamikaze Academy would not be able to take them in.

"You're flattering me. These things are what I should do."

"Cultivating outstanding students for the country is what our Kamikaze Academy should do."

"And I just provided some protection on this matter."

After Ouyang Zhengxiong listened to Chu Qing's words, he felt more and more that Chu Qing's pattern was very big.

It is a pity that such people only exist in Shenfeng Academy.

But other places should not be able to cultivate such people. Talents, Kamikaze Academy really makes people love and hate it.

Kamikaze Academy can cultivate very excellent students, but at the same time, Kamikaze Academy can cultivate students with poor quality.

"If every student at Kamikaze Academy was like you, I'm afraid there would be no bullying."

After hearing what Ouyang Zhengxiong said, Chu Qing felt that Ouyang Zhengxiong was simply lying.

As long as there are people in this world, there will be classes and bullying. There is no place without bullying.

"Are you stupid?"

"As long as there are people in this world, there will be class bullying, and it will happen endlessly."

"There is simply no escaping this matter, and all we can do is reduce the occurrence of such things."

After Ouyang Zhengxiong listened to what Chu Qing said, he really admired Chu Qing more and more.

He felt that Chu Qing was really sober. She clearly knew what was real in this world.

And Chu Qing could also You know, she is just trying her best to prevent such things from happening.

Indeed, as Chu Qing said, bullying will definitely happen wherever there are people.

But the goal that these people have been working hard for, isn't it? Reduce bullying?

"I am narrow-minded about this matter. I didn't expect you to see it so clearly at such a young age."

"I really admire it."

Ouyang Zhengxiong said this from the bottom of his heart. He really felt that it was not easy for Chu Qing to become like this.

Chu Qing looks very mature now, but not everyone is born this mature..Chu

Qing must have experienced a lot of things before he could see so clearly and know what he wanted.

"I really want to know what happened to you before that made you so sober."

"But it's not a bad thing to make people sober."

After hearing Ouyang Zhengxiong's words, Chu Qing let out a hint of ridicule.

She did not think that being sober was a good thing. Instead, she felt that being able to live in the secular world was the greatest happiness.

Some people Protect her so she doesn't have to worry about these things

"How could anyone think being sober was a good thing?"

"Sobriety is something that happens out of desperation."

"If possible, I hope I can live like Leng Qing"

"Don't worry about anything, just take care of your own cultivation."

Chu Qing was still a little self-deprecating when she said this at this time. Ouyang Zhengxiong felt that she really envied Lengqing.

Lengqing has indeed become what every girl wants to live, but this will happen again in Invisibly annoying others.

Just like he hated coldness and liked Chuqing just now. Maybe this is because when people gain certain things, they will definitely lose certain things.

"Even if your current life is not as good as Lengqing, you are still more popular than Lengqing"

"As long as you persist, you will definitely see the eyes of victory in the direction you are taking now."

"Everything you are doing now is correct. As long as you continue to persevere, you will definitely get different rewards."

After Chu Qing heard Ouyang Zhengxiong's words, she looked at Ouyang Zhengxiong with some confusion. She didn't even know whether what she did was right or wrong.

But Ouyang Zhengxiong actually encouraged her at this time. Could it be that Do you really think what she is doing is right?

Ever since she decided to help children from poor families, he can feel that she has lost her foothold in this academy.

There will be many people with families behind her. Repelling her vaguely, and inadvertently isolating her.

At this time, she felt particularly confused, doubting her own actions, and felt that everything she did was wrong.

She clearly You can also have a good future for yourself without having to worry about the affairs of these poor people.

Chapter 2128

So when Chu Qing heard what Ouyang Zhengxiong said, he became at a loss.

"Do you really think what I'm doing is right?"

"Sometimes I can't help but doubt myself, did I really make the wrong choice?"

"Ever since I chose to help these people, I have felt isolated in this academy."

"Whenever this happens, I feel that everything I do is wrong. Maybe poor people are born to be enslaved by wealthy people."

"Even though I have helped many poor people, they never take anything I do seriously."

"Instead, they kept blaming me, but I didn't stop what I was doing because of their problems."

After listening to Chu Qing's words, Ouyang Zhengxiong knew that Chu Qing was very confused now.

He also knew that it was destined to be difficult for Chu Qing to go on this road.

If there was no one by his side, Chu Qing would definitely not be able to Go on.

Fortunately, Chu Qing has met him now. If he were another person, he would probably persuade Chu Qing to give up.

Ouyang Zhengxiong often does not take the ordinary path. He does not want Chu Qing to give up. He feels that if Chu Qing If you keep doing this, you will definitely be able to create better students for Kamikaze Academy.

"What you did was not wrong, it's just that they don't know what's good and what's good"

"You have done everything you should do. If these people continue to rely on you for these things, then it is their fault."

"The reason why they show their dislike for you is because they don't dare to conflict with the empress of the famous family here."

"As long as you calm down and look, there will still be many people looking at you with respect."

"And such people, whether they come from a poor family or from a famous family, they all respect you from the bottom of their hearts."

After Chu Qingcai heard Ouyang Zhengxiong's words, she looked at Ouyang Zhengxiong with some confusion.

She didn't know whether what Ouyang Zhengxiong said was true or false, and she didn't know whether what she did was right or wrong.

But now Someone told her that everything she did was right, and as long as she stuck to this path, she would be able to see the direction of victory.

"Should I really keep going like this and keep doing this?"

"The road ahead is confusing and I really don't know what to do."

After listening to Chu Qing's words, Ouyang Zhengxiong knew that Chu Qing's belief must not be shaken now.

If Chu Qing shakes her own belief now, one day Chu Qing will regret her current actions.

"Although the road ahead is confusing, all we want is a clear conscience"

"We have a clear conscience and have never sorry to anyone at any time."

After hearing Ouyang Zhengxiong's words, Chu Qing suddenly realized that there were some things that she had really gotten into. It was enough to think about this matter thoroughly. I have to say that Ouyang Zhengxiong's words had opened up a new world for her. door

"You are right, but please have a clear conscience"

"I'm so confused about this matter, but I didn't expect that in the end I would have to ask my brother to answer my questions."

"Thank you very much for this brother."

When Chu Qing has thought about this matter clearly, she will no longer continue to get into trouble.

Instead, she is now very curious about why Ouyang Zhengxiong appears here. What is the purpose of Ouyang Zhengxiong coming to Shenfeng Academy?

"I wonder why this brother came to Kamikaze Academy?"

"What is it about Kamikaze Academy that attracts you? Or did I offend you somewhere?"

Ouyang Zhengxiong laughed after hearing Chu Qing's words. Chu Qing finally said it for this reason.

In this case, there is no need for him to continue to bury it with Chu Qing.

"To be honest, I came to Kamikaze Academy just to see if Kamikaze Academy is as good as the legend says."

"I have long heard that the students at Kamikaze Academy are extremely talented, but now it seems that you are the only one."

After hearing what Ouyang Zhengxiong said, Chu Qing felt that what Ouyang Zhengxiong said was a bit like lies, but she felt that she was very willing to listen to what Ouyang Zhengxiong said.

"Although what you said is probably a lie, I have to say that I really like to hear what you say."

"No matter what you came to Kamikaze Academy for, as long as you didn't do anything to harm the academy"

"I won't take action against you, and I hope you will take care of yourself."

After Ouyang Zhengxiong heard Chu Qing's words, he naturally nodded. How could someone like Chu Qing easily attack Shenfeng Academy?

Besides, he has no intention of becoming an enemy of the entire continent. There are students from Kamikaze Academy all over the continent.

He still wants to live well here, so he doesn't dare to do other things

"Don't worry, of course I won't do such a thing"

"With a beauty master like you sitting here, I don't dare to take action against anyone from Feng Academy easily."

After hearing Ouyang Zhengxiong's glib tone, Chu Qing did not choose to be like Ouyang Zhengxiong.

But in her heart, she was grateful to Ouyang Zhengxiong for enlightening her.

Chapter 2129

Otherwise, there are some things that she will never figure out in her lifetime, and she may not continue on this path.

If it weren't for Ouyang Zhengxiong's words today, which strengthened Chu Qing's heart, there would be no Chu Xianjun who was respected by the world in the future.

"Listening to you is better than ten years of reading. Now I suddenly understand"

"Thank you for your advice to me. If you can find anything useful in the future, please feel free to ask."

"Chu Qingyi's definition is unmistakable."

After hearing Chu Qing's words, Ouyang Zhengxiong just waved his hand.

He never felt that Chu Qing did anything wrong.

It's very unfortunate that a child from a poor family could reach this position today. It's easier.

What's more, now Chu Qing not only brought him to this position, he is also helping people as poor as him.

Based on this alone, he feels that Chu Qing has completely defeated other people. If Chu Qing continues If you persist in this way, you will definitely be respected by the world.

Ouyang Zhengxiong feels that it is a very cost-effective thing to be able to be friends with a person who will be famous throughout the continent in the future.

"Since you have already thought about this matter clearly, I won't bother you here."

"Now that I have no interest in Kamikaze Academy, I will take my leave."

After hearing what Ouyang Zhengxiong said, Chu Qing still stopped Ouyang Zhengxiong.

She didn't want today's incident to make Ouyang Zhengxiong lose confidence in Shenfeng Academy.

"I hope you don't have any confidence in Kamikaze Academy just because of what happened today."

"If you want to come to Kamikaze Academy, I will definitely recommend you to the dean."

"There are still many beautiful things in Kamikaze Academy, and sometimes they make us feel very worthwhile."

After hearing Chu Qing's words, Ouyang Zhengxiong nodded, but did not speak.

Because he knew that this matter was probably what Chu Qing thought. After all, Chu Qing was a student of Shenfeng Academy.

He definitely hopes that Kamikaze Academy can attract more outstanding students, but he is not interested in Kamikaze Academy at all.

There are dozens if not hundreds of colleges like Kamikaze Academy on this continent.

But only Kamikaze Academy has been able to cultivate so many outstanding and reputable students, and this matter is indeed worth learning from other students.

But only Kamikaze Academy has frequent incidents of bullying students.

Based on this alone, Ouyang Zhengxiong felt that he had nothing to say, and he did not want to deal with people from Shenfeng Academy.

Although there were many people in Shenfeng Academy who were outstanding in Jiyue, this alone made him a little intimidated.

"Forget it, I am indeed a little repelled by such a college, and I don't want to have a lot of contact with such a college."

"I hope you can understand me. After all, I am also a very fearful person."

Chu Qing nodded after listening to Ouyang Zhengxiong's words. She did not embarrass Ouyang Zhengxiong.

She also did not force Ouyang Zhengxiong. Everyone has their own ideas and what they want to do.

There is no need to judge Ouyang Zhengxiong just because of your ideas. You have to impose your ideas on others

"You can decide this matter yourself. I am just an outsider after all."

"If your Excellency is fine, Chu Qing will leave here first."

"If you have nothing to do, you can also take a walk around Kamikaze Academy, maybe it will change your current thinking."

Ouyang Zhengxiong nodded after listening to Chu Qing's words.

Ouyang Zhengxiong still admired Chu Qing very much. He saw in Chu Qing a maturity and calmness that did not belong to her age.

"Well, since you are leaving, I shouldn't stay here too long."

"If someone other than you discovers it, I'm afraid I won't be able to escape a single charge today."

Chu Qing laughed after listening to Ouyang Zhengxiong's words, but the two of them did not say any more words. They left here directly. Although they only had a short contact time tonight, they were in each other's hearts. It left the deepest impression.

When they met everyone in the future, they would involuntarily compare it with another person.

When it dawned the next day, the little princess came to the gate of Kamikaze Academy.

The little princess After arriving at the gate again, without stopping at all, she threw a stone directly at the gate. She looked very arrogant, which was really in line with her status as a little princess of Chu State.

But the people from Shenfeng Academy also They are not easy to mess with. They are respected in this continent.

Now that they are suddenly treated like this by others, they feel very uncomfortable. They even want to teach this little girl in front of them a lesson.

"Hello, who are you?"

"How dare you disrespect Kamikaze Academy? Do you want to die?"

The two guards guarding the gate of Kamikaze Academy said this to the little princess very rudely.

The two of them didn't even know who the girl in front of them was?

What if these two people knew the identity of the person in front of them? I'm afraid the two of them won't be so calm anymore.

Chapter 2130

"What are the identities of you two? How dare you talk to me like this?"

"Go and ask the people here to come out. Tell them that the little princess of Chu has arrived, and ask them to come out to greet her quickly."

After hearing what the little princess said, the guards felt that the little princess was simply joking.

Who doesn't know that the little princess of Chu is the most favored? How could she appear here?

"Who do you think you are, how dare you pretend to be the little princess of Chu?"

"The little princess of Chu State is probably being cared for by Milili in the palace of Chu State."

"How could it appear here? How dare you pretend to be the little princess of Chu?"

"Are you tired of living?"

The two guards said this to the little princess unceremoniously, and the little princess has never been pointed at and scolded like this since she was born. The little princess feels very wronged now, and she can't wait to kill these two people in front of her. The person who bullied her should be punished severely.

But the little princess knew that she was not in Chu country now and no one would support her.

"Whether I am real or fake, won't you know if you go in and ask the people inside to come out and take a look?"

"If you tell me so much here, if my identity is true, I tell you, I will not let you off easily."

"I will be the first to attack you. No one has ever dared to disrespect me like this since I was a child."

At this time, the little princess vaguely revealed a bit of aura that belonged to the royal family.

This aura was not something that ordinary civilians could show, and the two guards were also shocked by this aura. At this time, the two of them I felt a little guilty in my heart, could it be that the little girl in front of me was really the princess of Chu?

"What evidence do you have to prove that you are the princess of Chu?"

"Please don't do anything evil. Let me tell you that our Kamikaze Academy is not easy to mess with."

In the end, these two people were still a little bit behind. If the person in front of them is really the little princess of Chu. There is absolutely no good fruit for them. If this is the case, it is better to ask first.

The little princess of Chu is here After hearing what these two people said, I really felt that these two people had become very confused. Why do you have to talk to her so much here? Wouldn't it be better to just go in and ask someone to come out and check? What is the little princess' temperament

?

She is a pampered person, and she has been pampered and spoiled by others since she was a child.

Now she has finally been humbled here, but she did not expect that these two people would not give her such a chance.

In this case, she does not have to be with these two people. The guard was polite

"Forget it, if you two don't let them come out, then I'll go in and look for them myself."

"You two had better not stop me, otherwise you two will not get any good results."

So the little princess of Chu State did not have a very high level of cultivation, but her mount still had a very high level of cultivation. The little princess of Chu State gave the order and let the tiger rush towards the gate of Shenfeng Academy.

"Come on, Dahua, let's go in."

After the tiger heard the little princess's order, he rushed in directly.

At this time, Kamikaze Academy was almost in chaos. No one had ever dared to break into Kamikaze Academy so blatantly.

All this time, Everyone has a respectful and humble attitude towards Kamikaze Academy.

No one has ever dared to do this. Even the current emperor is polite to the people in Kamikaze Academy. He is very afraid of Kamikaze. The people in the college will hold a grudge against them and will not help them from now on.

And now this person dares to break in brazenly. It seems that this person is indeed the little princess of Chu State.

But even if it is Chu State, The little princess of Chu should not do such a thing.

The little princess of Chu should pay more attention to royal etiquette. It seems that she is a shrew and is not a princess of the country at all.

"Come on, come on, come on, someone has broken into the academy"

"Quickly take down the little girl riding a tiger. She broke into the college. I don't know what purpose she has for the college."

Soon, chaos broke out in Kamikaze Academy, with the purpose of hunting down the little princess.

But the little princess didn't care about so many things behind her. She ran wildly into Kamikaze Academy.

Soon, she came Arriving at the martial arts training ground of Kamikaze Academy, at this time, all the students of Kamikaze Academy were taking classes on the martial arts training ground.

Today was their competition class on the dance training ground, and there was also a teacher teaching them some things.

When When the teachers here saw a mutated tiger running towards them, they immediately realized the seriousness of the matter.

"Everyone, get out of the way, it's dangerous."

After hearing what the teacher said, the students of Shenfeng Academy took two steps back, leaving a long path, and faced the teacher directly.

At this time, the little princess of Chu saw so many people fighting for her After clearing the way, a smile appeared on his lips.
