

Attributes 591

Chapter 591

No one expected that the strength gap between them would be so huge. Even Xun helpless at this time could not help but narrow his eyes, with a gloomy look on his face.

At this moment, Gu Shaoyang raised the Seven-Star Longyuan in his hand, made a cross in front of him, and then saw the distortion of space happening around him.

Everyone was staring at this scene closely. Some of them were pushed outside by the sea of people, so they could only stand on their feet and look inside.

I want to see if there is a time when I can take advantage of it, but there is no place for them here, and at this moment Hanba also squeezed into this big team.

"This time, thanks to the help of two dear friends, I really didn't expect that they were able to guess the mystery of the "Palayan Sutra"."

Gu Shaoyang in front of him didn't pay attention to him. Zen Xin just smiled to himself but didn't say anything. The trash can next to him also narrowed his eyes and looked straight at the person in front of him.

He seemed to It was a bit different from what I expected. At least kissing here made me feel a bit unfathomable. In order to avoid such a thing from happening again,

I definitely wanted to get rid of this person before then, but between Gu Shaoyang and Before Zen Heart, Xun Feng was the one he should choose the most.

After all, this person is too gloomy. Once his feeling interferes with other people, he will not be able to escape himself.

But you have to know that kind of The Unfathomable or the Smiling Tiger is the most terrifying existence here, and the Zen Heart in front of him is also feared in the hearts of several other people. They also actively keep a certain distance from him, as if they are afraid that he will harm them here. But at this moment, Gu Shaoyang next to him found some clues.

At the same time as this illusion was broken, something like mist also floated down from the sky. Only a few highly skilled people could identify the danger at this moment. , retreated quickly, while the other people were still standing there stupidly.

Although Xun couldn't help but see it, it didn't mean that he would deny the difference in strength. He just paid careful attention to their actions.

Then he tried his best to Keeping the same frequency as them, at least this can solve more than half of the troubles. Unexpectedly, his guess was quite accurate.

Seeing Xun Feng moving at the same frequency, Gu Shaoyang didn't say anything, just looked at him coldly, and then the other party said to him He is very interested.

After all, he is an uncertain existence at this time, but the ten holy gods beside him have begun to move in another direction.

It turns out that the barrier just now was just a screening for them. The real Only those who can see this illusion are qualified to proceed to the next step

"Why do you think this inheritance refuses to be seen by others?"

The two people next to me couldn't help but talk here.

"What else can you say? Originally, this"Palayan Sutra" was a rare thing, let alone one that belonged to his inheritance."

"It seems that you know quite a lot about"Palayan Sutra"?"

The other party immediately waved his hand, then looked around, and lowered his voice and told him

"How could this be something familiar? Seeing that there are no great gods, only the top ten holy gods and some other people with talents can feel those things here."

Hearing these words, the people next to him also nodded thoughtfully, but Zenxin still maintained a smiling look at this time.

It seems that he can sit in the top two positions here. Presumably, the strength is not much different. But the identity of this monk is really difficult for others to accept. After all, he suddenly changed positions and unexpectedly fell into the hands of a monk, but the other party did seem to be enlightened here. It was a different level than them.

Then those who were addicted to the illusion were directly eliminated here, but the next second someone suddenly came here to help them break everything.

It seemed that he was leading them inside, At this time, Gu Shaoyang only took a cursory glance, but did not expect anything else.

At this time, all the people had just woken up and took a look at the Hanban army in front of them. They did not expect that it was them who came here.

"How come they are here?"

"this....."

"What else can you say? Run!"

"Where does inheritance matter?"

Everyone started to scatter when they saw them, but they were suddenly caught by the leader of the Drought Demon.

"If you want to run away, don't you have to ask us if we agree? Those so-called saints just now didn't really help you escape from danger, but shouldn't you consider accepting me here?"

After hearing these words, everyone, look at me, I don't think anyone dares to take the initiative here. After all, their names are long and distant.

Chapter 592

Seeing this look, Gu Shaoyang, who was already away from him, could not help but frown. You must know that the open area of this place is also very large.

If we could save this group of people and let them help search together, it would be a way to shorten the time. So at this time, the man in front of us turned around and went back without hesitation.

Of course, there is also a Zen heart that matches. I didn't expect that he is indeed a monk. At least the compassion and saint's heart he holds here are still not missing. If he also leaves silently, it will really surprise me.

The other party seemed to be very interested in me, and he didn't forget to look at me with a smile on the way back. The look in his eyes really made me feel a little numb, but he didn't say any nonsense.

"If you have the skill, could you please help me enjoy the so-called Dharma here?"

The other party also didn't expect that he would say these words, so he immediately patched up his expression and nodded immediately. He also didn't forget to squeeze the beads in his hand, not knowing whether he was hinting at him. His identity as a monk, or some other reason.

But correspondingly, at this time, several people around him also looked over. Gu Shaoyang sensed the changes in his Chaos Realm at this time.

It seems that some of his changes were probably caused by He noticed some interference here, although he didn't know what was tempting him and wanted to rush out here.

But maybe he could pay attention, and then he saw the weird boy in the crowd. He seemed to have been trying to rush out here. Do something to yourself.

The person in front of you also blocked your way, shaking his head to signal you not to act rashly.

"He is now one of the top ten saints. After all, his strength cannot be underestimated. He will never take action until he knows your details. You should also maintain some sense of mystery and don't let him Guesse

Hearing what Zen Xin said, Gu Shaoyang was a little surprised. Does the other party want to cooperate with him in this place?

It seems that he noticed the other party's eyes. Zen Xin smiled friendly here, and then touched his hand. The beads inside, at this time Zenxin realized that it was just an ordinary sentence.

It had no other meaning, and there was no need for him to say nonsense and cause trouble to others here, but Xun couldn't do it next He shuttled directly to the center of the bunch of Hanbao.

He didn't know what he was going to do, but to his surprise, he got ahead of the two people and grabbed the leader of the Hanbao directly in his hands.

"Who are you?"

The leader of the Drought Demon had just opened his mouth, but unexpectedly he was grabbed by the throat. Moreover, he could see the meaning in his eyes clearly. It was probably a warning to adapt to himself and stop talking nonsense, otherwise he would be able to show up in a minute. After dealing with himself here, and then realizing that the opponent's strength was far superior to his own, the leader of the Drought Demon did not dare to say anything more. The cat stood up here, and the people in front of him couldn't help but frowned when he saw this look.

I really didn't expect that the leader of the Drought Demon would be such a person, but I have already said all the things that should be considered at the moment.

As for what happens next, it still depends on their own actions, and correspondingly, I also Realizing some unnecessary troubles, instead of thinking about some unrealistic people at this time, it is better to see if other people will make some changes.

However, at this moment, the leader of Hanba has some strength. The wind spell was quickly activated here, widening the distance between the two.

It has to be said that it attracted a series of attention from Xun Feng. The other party focused on him at this time. At this time, the leader of Hanba also knew that something was wrong. So simple.

So I immediately prepared to ask the people around me to retreat. After all, I could smell the dangerous aura on him just now, and I didn't want to cause any trouble now.

If something happened, I was in a troublesome situation, and correspondingly, I also saw another point next to it.

If I could guess something, I might as well be able to solve it directly from behind, but unfortunately, this kind of thing is not that easy at all.

After all, Everyone knows Xun Feng's strength. After all, he directly replaced one of the ten holy gods in front of so many people.

Everyone saw it, especially the people around him. A circle of golden light makes people feel a little headache. If they can find some solutions, then it is naturally a feasible solution, but the current scene is not that simple. After all, he has also guessed some redundant things, and he probably likes them. Maybe it depends on Hanbao's reaction speed.

Chapter 593

But just thinking about it, I can tell that this matter is definitely not that simple. After all, at this time, I only saw some pictures in front of me, but I was not able to perceive some unnecessary changes.

"I didn't expect that a small Hanbao could have such a huge explosive power, so don't blame me for attacking you."

Then Xun couldn't stand up straight here, but because of the unexplained light in his eyes, it suddenly made the people in front of him a little scared.

But the people behind him didn't say anything, instead they had the attitude of watching a show. , I don't want to lose myself by standing up for him here.

And at this time, the strength of Hanba is indeed beyond my budget.

"If I wasn't like this, how could I lead so many brothers to survive here?"

Hearing these words, Xun couldn't help but raise his head and laugh loudly, as if he looked down on the person in front of him at all, but the person next to him didn't say anything at this time.

After all, even if he wants to do so many processes, I'm afraid It won't be so smooth, and correspondingly, I have guessed that if they really want to make some other choices, I will inevitably have to go here.

"Since you have the time to fight the Han Demon here, why not save the person first?"

At this time, Zen Xin spoke with a smile. When Gu Shaoyang saw him speaking, he simply started to take some action here. He led the following people to a safe place successfully, which was the location they had just arrived. In fact, all No one expected it.

They would encounter the help of several great gods on the way. This moment is really unexpected. Everyone is here watching everything around them.

It seems that they are preparing to take some other precautions. But I didn't expect that before this hand was raised, it was directly solved by the person in front of me.

And the corresponding opponent didn't even have a chance to hesitate. He rushed over to them at this moment and gave them a blow. After recording the heavy blow, I also guessed it at this moment, but the things before seemed not that simple.

And correspondingly, several people around me seemed to have some opinions on myself, especially the smiling Zen Xin over there. It was as if I could see my own reflection in his eyes.

It felt like the other person was always thinking about something that others didn't expect. Is this the state of a monk? At this moment, I really didn't dare to speak, and I didn't even know what to do. What to say

"Since everyone is here, it is impossible to leave so quickly. In this case, we might as well play with them and see what they are going to do."

After hearing what Zen Xin said, several people next to him also smiled and nodded. Since this is the case, it seems to be an exaggeration. I just don't know what other people will think.

And correspondingly, they also realized A superfluous thing, generally speaking, it is just these differences. Next, I have to take a closer look to see what kind of changes there will be.

But the person in front of me did not do anything beyond his control. , instead he looked at himself carefully here, thinking that he would attack him directly.

At this time, Xun Fa couldn't show his face, but sighed regretfully at this place. It seemed that he wanted to attack him. Launch an attack.

But I know that I need to be cautious. But at this time, I don't have any happiness in my heart. He is a dangerous person.

This is definitely true, so I must try my best to find opportunities to attack him. It was eliminated directly, but the Zen mind in front of me seemed to be seen at a glance.

My mind was staring at me with a smile in this place, as if monitoring my actions, and I didn't say anything at this moment.

《"Palayan Sutra" suddenly appeared in front of everyone's eyes, and it seemed that his appearance was indeed a book, but Gu Shaoyang knew his true nature well.

At this time, they did not touch him. On the contrary, some people who overestimated their abilities were directly burned after reaching out their hands at this time.

And they also took a step back. At this moment, they didn't think so much. After all, some situations that occurred caught them off guard.

Especially the situation in front of me, let alone the situation in front of me. Even if I can guess some other things, it will not be so easy at this time.

"I didn't expect that they would really dare to touch everything here boldly, knowing that Emperor Flo would not simply hand over the inheritance to them."

Xun couldn't pretend to have complained about them unintentionally, and he let out a special laugh at this time.

Hearing his laughter made Zen Xin feel a little numb.

After all, some of the things that followed were really beyond my expectations, and correspondingly, some other things that came to mind must also have exploded.

No matter how you say it, some of the methods shown in the process are methodical and unstable, so next you just need to control everyone's thoughts so that they don't notice you.

"Look! There is a white light over there!"

Then everyone looked over there. In the past, Zenxin knew that this must be a good opportunity, so he just kept his head here and prepared to escape.

But at this moment, the person behind him grabbed his shoulder. It turned out to be a good opportunity. It was Fu Ruosha whom I had met before.

I had seen his strength before, so I didn't want to start any dispute with him here, but the person in front of me didn't seem to want to let go of me.

In this case, then I There was no need to delay. I took him directly and disappeared here. After all, I didn't know what the other party was going to do.

"It seems that your purpose is similar to mine, which is to get the inheritance here."

Hearing these words, the people in front of him frowned and looked at him. That was different. At least he got it openly and in front of everyone's eyes. Who else was dodging here like him, like a rat crossing the street? generally

"Our purposes are really different. If you have nothing to do, don't waste my time here."

Then Gu Shaoyang turned around and left. The person in front of him wanted to stop him at this time, but he refused directly.

After all, at this moment, he had already thought of some aspects. If it hadn't been triggered by the previous incident, Some of my own thoughts, I am afraid that I am not aware of all this, but the more so, the clearer and clearer the current situation is.

"This incident itself is a test for you. Whoever can get my inheritance here first will be my true heir."

After saying these words, the phantom disappeared directly here without a trace.

Although he disappeared, everyone was excited at this moment. After all, for them, everything was logical.

As long as the next step If no one stops him, then this so-called inheritance will soon be in his pocket. Although he doesn't know who gave Xun unable to have such confidence.

But the person in front of him has no fear at all, as if he has always been Just like moving forward bravely, I was a little surprised to see this appearance, but the purpose was definitely not as simple as I expected.

But correspondingly, they also grasped some other clues at this moment, even if Gu Shaoyang was there If they didn't take action at this time, several other people would be here.

In order to check and balance all these things in their minds, they took the initiative to attack. Sure enough, all this was not beyond his expectations. Although Gu Shaoyang did not guess what would happen next. , but everything is difficult to escape from control.

The path he took is actually the most dangerous, but it is also a shortcut. It can quickly reach the top of the entire lot.

It can also guarantee some other chance encounters, and it turns out that he is just as expected. Unexpectedly, while walking on the road, I actually met the drought demon from before. This scene really made me feel a little overwhelmed, but my indifferent expression was my biggest disguise here.

"Aren't you one of the top ten saints from before?"

Hearing these words, the person in front of him didn't say anything.

But the person next to him took over the words.

"What happened to the ten holy gods? If he was really powerful, he wouldn't appear alone in the wilderness."

Hearing these words, the other brothers burst out laughing in this place. At this moment, Gu Shaoyang in front of him still had a cold expression on his lips. He didn't say anything, just looked at them silently, as if They received his look as if they were looking at a bunch of lifeless things. The people in front of them couldn't help but feel a little numb, so they were about to turn around and leave.

But their boss, Hanba, was not there. I am ready to let them go. Although it is true that he saved them just now, after all, their purpose of coming this time is also very clear.

"Although you saved us just now, it's a pity that our goal this time is to get this treasure."

At this moment, Gu Shaoyang didn't say anything. He just walked past them, as if he didn't want to have anything to do with them.

But the person in front of him also didn't react at all, as if he was a stunned person. Likewise, seeing this look obviously made me feel a little weird, but Hanba next to me stretched out a hand to stop me, and did not want to let me leave.

"Sorry, I just said too much. I hope you can give me a clue."

Gu Shaoyang turned his head to look at him again at this time.

Chapter 595

This time, the look in his eyes was very sinister, not even showing any emotion. Seeing this, Hanba did not dare to say anything and just let the person in front of him leave at this moment.

Seeing the boss cowering and saying nothing, the few people in front of him definitely didn't dare to cause trouble here.

After all, the boss wanted to retreat now, so wouldn't they be wiped out if they rushed forward, but Xun Feng didn't seem to be planning to let them go at the moment.

This situation is really beyond everyone's budget. I thought he would get over it as soon as possible, but this time I am afraid that this incident will cause some other troubles. There is a high probability that he may cause some other methods.

Maybe this is a change of mine, but how to do it has now merged into another direction. At this time, I have guessed some aspects.

Generally speaking, it's just these few things, but there is definitely no shortage of things that should be done. It's just that I saw some changes around me. If Zen Xin guessed correctly this time, I'm afraid Xun couldn't be here. dual identity.

His body must have been occupied by someone else. After all, the brilliance on his body is still the brilliance of the eighth son of the God King.

"Xun Feng's identity this time is probably not that simple, so everyone should be careful."

A few people around me have built a line of defense here. There is still a precautionary measure, but I have also found the corresponding other aspects.

If you have to seek some direction here, it may not be impossible to use this method. , so it also made Gu Shaoyang in front of him feel a little turbulent.

If you really consider the previous incident, then he is undoubtedly a good reaction here.

I just don't know that in the next process, Gu Shaoyang will Will it cause some unnecessary things? After all, the troubles that will arise will be a huge change. At the moment, I don't want to cause some other troubles at this time, and correspondingly, I have also checked some unnecessary things. Things.

If I could clearly see the difference between these things before, it would not be so simple. But there are some things that I am afraid of unnecessary situations.

As Xun Feng laughed loudly in front of him, He directly pinched the neck of the other Hanba and twisted the person directly. At this time, before the boss of the Hanba in his hand could react, he watched his younger brother die in front of him. The people around him It also suddenly changed from tranquility to a rush. Everyone was very nervous. After all, at this time, everything that should be done now has reached a state that needs buffering.

And the goal is not that simple, and the corresponding I realized some unnecessary things. There is a high probability that what I am causing now will be something I have never experienced before.

"I really didn't expect that an ordinary person could become like this."

Hearing these words, the person in front of me was a little strange, so I focused on the person who just spoke. It turned out that he was the number one Fang Ruyu on the list. At first, I didn't know much about him, but later on Several people nearby also learned some information about him. It turned out that he was the most powerful here, and no one could escape from his hands alive.

So he suddenly became famous, and no one could compete with him here. , everyone has an idea of what will happen next.

For them now, the most complicated situation is the one in front of them. As long as they can solve some of the problems, maybe they can climb up to a higher position this time.

But beside them The pillar of light suddenly emitted a huge light. At this time, Gu Shaoyang directly changed the direction and returned to the pillar of light. The one who was further ahead than him was Fang Ruyu. Unexpectedly, the other party had also been there so early in the morning. I guessed it.

This beam of light will burst out at this moment. All this really surprises me. After all, the things that should be avoided are also exposed at this moment.

"I didn't expect you to come too"

"This is a commonplace statement, isn't it true of you too?"

At this moment, Gu Shaoyang was not wasting time with the other party. Instead, he left here directly. Fang Ruyu just looked at her back quietly and fell into deep thought. I have to say that at this moment, I really let myself It's a bit surprising. After all, the aspects that should be taken into consideration are also understood to a certain level. Perhaps there are too many states that I can't think of before.

But after entering this light pillar, I can obviously see some special conditions around me.

There are not only flowers and grass here, but also some other animals and plants. It looks like a large breeding farm. This appearance is really eye-catching, like a small natural world.

Chapter 596

But he could obviously sense a hint of danger and pounced directly on his face, so at this moment.

He turned around and dodged without hesitation. Unexpectedly, he happened to see another direction. What happened this time really made him not consider it.

"What do you think about this time, will they fall into our trap?"

But the man in black in front of him just looked at the running Gu Shaoyang below with interest. This should be a group of dark horses, not like the ones they saw before.

Especially at this moment, he had predicted some Other troubles are generally just the difference between these few things, but what to do next becomes a big or small trouble.

17 So the man in black took a fancy to the man in white next to him. , and pointed at the people below.

"You may not look familiar to him, but I think he should be a dark horse here. Compared with the previous ones, he is definitely a good opponent."

Hearing these words, the man in white couldn't help but look at him carefully. The person who can make Lao Hei say these words will definitely not be an ordinary person.

After all, there are many things to consider now, and instead of When the time comes to experience those unnecessary scenes, it is better to take a closer look.

See what he can do to make you shine, and also remember his identity. After all, this ray of brilliance in him is still It's easy to recognize, but how to do it doesn't seem to be as simple as I expected.

"Why does this person still have a hint of dragon aura about him?"

After hearing these words, Xiao Hei took a closer look and found that it was indeed the case. It seemed that the people he liked could not have such abilities here, but correspondingly, he also guessed some extraneous things. trouble

"Don't watch people here for now. We haven't done what the boss asked us to do before. It would be bad if it causes some other troubles. I'm here to watch over you. You should go back as soon as possible. Bar."

The man in black in front of him nodded, and then disappeared without a trace. After all, he understood the next few things.

Most likely, it is definitely not as simple as he thought, but what should he do? There is still a certain degree of propriety in the face. After all, rushing forward at this time will also bring some unnecessary troubles.

But at this moment, you want to see clearly the other party's intentions.

If you have to talk nonsense here, then There is no doubt that this is a good time, but I am not sure whether there will be any other changes during this period.

As the man in black shuttles faster and faster, he has already fought with several people in front of him. , I have to say that he was locked in at the first moment, and it turned out to be Manmo.

After all, he was among the top 10 before. How could he be locked in so quickly, Gu Shaoyang, who was in sixth place? He had heard the news and took a quick look.

At present, if Gu Shaoyang really wants to take action, it cannot be through the current state. After all, everyone is falling apart now.

Each is in charge of what they should do. Now No one will pay attention to him at all, so if he really wants to take action now, it may not be a good thing for him. So in the current situation, Gu Shaoyang has no intention of doing anything for the barbarian demon. On the contrary, he was watching from a distance, and the Taoist Huo Man next to him also saw his companion, so he quickly rushed towards him.

"Didn't you see the man next to you? He was the one who directly killed the thunder controller before."

Hearing these words, following the direction that Huoman Taoist pointed, the people in front of them couldn't help but be a little surprised. After all, they all knew the strength of Huoman Taoist at this time.

"Is this the person who took over the enhanced version of Palace 173?"

"What else can you ask besides him?"

Everyone began to look at Gu Shaoyang in front of them with strange eyes, but the other party didn't pay attention, as if he thought he was just one of them. After all,

Han Ba's strength has also been reduced now, and many of them Xun's army was also unable to deal with it, and many of them were now the mainstay. They were just hanging on. At this moment, he continued to turn around and ran wildly throughout the forest. Unexpectedly, after two steps, he saw The man in white was fighting against an unknown man.

The man looked weird wearing a mask, and his strength was much higher than that of the man in white, but he seemed to be suppressing his strength to fight against him. Fight.

Gu Shaoyang in front of him didn't pay attention and went around them. When he arrived at a cave, there was a kind of aura guiding him and telling him that the inheritance was here.

Chapter 597

But next, you should see how to get this inheritance instantly. After all, you can also see that the other party's strength far exceeds your budget.

It can even be said that I am just a stepping stone in the middle here. As for what to consider next, it is not something I can explain clearly in a few sentences.

And in a short period of time, he also allowed himself to see another trouble. If those before were all illusions, then this moment is undoubtedly a trouble.

"Come on, young man, everything that truly belongs to you is in the cave. As long as you come here, everything will become yours."

Hearing that the man inside was constantly tempting him, Gu Shaoyang took out the Qixing Longyuan beside him and walked in at this time.

But as soon as he came into contact with the air in the cave, the Qixing Longyuan beside him actually started to Shivering, and even feeling like retreating.

After noticing this scene, Gu Shaoyang felt a little strange. He had cultivated Fu Bao and had his own Nine Swords boy, so why was he still afraid of others now? Where is the person?

His current state also made Gu Shaoyang feel a little confused, but he didn't care too much and continued to lead Qixing Longyuan forward. He had not taken two steps when he suddenly heard something next to his ear. There was a roaring wind and a friction sound, so he immediately turned around and blocked the opponent's attack with the sword in his hand. Unexpectedly, what was thrown over was just an earthen jar. After the earthen jar was smashed, the inside came out A strange powder came out.

Gu Shaoyang immediately covered his mouth and nose, blocking his facial features, but he didn't use the poisonous gas at all, and it still seeped into his body.

Then he felt weak in his limbs, and with the blockage Because of his facial features, he had completely lost contact with the world around him. In the chaos, he vaguely felt someone touching his forehead.

Then he prepared to open his eyes to see, but he could not figure out where the person was. He could only I heard a voice that kept saying something in my ear.

"I didn't expect that he would be the last inheritor. It's really surprising now."

"Who says otherwise? After all, this inheritance has been in vain for so long. Now if someone can really inherit the inheritance of the next God Emperor, it would naturally be a good thing."

As the voices around my ears became more and more noisy, I caught the key points and heard a few words.

"The clues here still start from the tower that was originally blocked by the God Emperor....."

As his voice gradually weakened, Gu Shaoyang gradually became more and more irritable. He clearly wanted to hear all this but could not hear clearly. It was as if someone had deliberately covered his ears to prevent him from noticing this. The truth about everything.

But now Gu Shaoyang can vaguely understand part of their sentences. It seems that they should be the guardians of this inheritance.

Although I don't know how many people there are, they are obviously different. Observe that as long as you can find an opportunity to rush in, everything that follows will be very simple.

"I won't say much about what happened this time. If you are optimistic about him, you will never let him do something we didn't expect before. All this has been controlled by the God Emperor."

The person in front of him nodded, and then left. No one revealed their true identity, but this old voice kept echoing in Gu Shaoyang's ears.

Then when he woke up, he found that he had been thrown into the cave. A location very far away. It seems that they deliberately prevented themselves from entering the cave.

However, the location in front of them is really strange. There is hot magma below, and walking north in their direction is A vast, uninhabited desert, and to the west is a piece of snow.

It has to be said that in the current situation of siege from all sides, maybe only the east where I came before makes me feel a little sure, but whenever I get close to that cave,

I guess it will be like Being thrown out now may be due to his lack of strength, or it may be related to other things.

Anyway, Gu Shaoyang does not want to try again now, but looks the three directions in front of him, the desert, the snow-capped mountains and the hot Magma can choose one of them.

After all, it can no longer trigger other factors for itself, but the more it is like this, the harder it is for some things to be under its control.

Especially at this moment, Gu Shaoyang has also guessed something. , generally speaking, although I was able to predict some things before.

But it doesn't seem to be going so smoothly at this time, and why is no one on this road in the same position as myself?

Are they isolated? All of them Doubts are buried in my heart.

Chapter 598

But it's a good thing that no one comes. At least with this inheritance, it's only open to me now, and no one is competing with me. It's a good direction.

I just don't know what's going on with them on the outside?

As Gu Shaoyang slowly went deep into the northern desert, Zen Heart stumbled in at this time.

I don't know what method Xun couldn't use. The drought demons whose necks he had broken before were all resurrected at this time. Not only that, they even looked at them frequently.

In the end, they were surrounded in the center. The current situation made everyone a little unpredictable, especially the situation in front of them. Compared with the previous situation, they may be able to consider some unnecessary things now.

"You guys should work separately here, otherwise no one can save you."

Hearing these words, everyone looked at each other, and then stumbled away here. After all, in this process, no one expected what the other party would do, especially at this moment, I actually didn't understand how. At this point

"Boss, please take me with you, we can't survive alone!"

Then this person jumped up and hugged her thigh, but although the Zen heart in front of him was a monk who hung a pot to help the world, he didn't have any thoughts about him.

After all, I can't survive now, and what's more? Talking about other people, so the current state also makes him feel a bit strange. What he should do must not be skipped, but the current state does make it a bit difficult for him to grasp.

"It's not that I won't save you, but there are too many of them. If I have to gather with you here, we will be locked here soon."

Hearing these words, several people in front of them rolled their eyes first, and then pretended to leave. In fact, several people were secretly following Zen Xin.

Zen Xin's ability was much higher than them, so how could he not notice it? Seeing what they did, they just sighed and shook their heads and disappeared. After all, they would definitely cause some trouble.

At this moment, the only thing he could save was his own life, but at this time, Fang Ruyu rushed straight to come over.

They stopped all the people in front of them, including Xun Fang behind them. The other party saw that it was the top of the ten holy gods.

So he stopped at this time. After all, the other party never opened his eyes. With his squinting eyes, in order to avoid being killed indiscriminately here, he has no intention of taking action at the moment. He still has an expected direction in his mind for what he should do, especially now that Fang Ruyu just stopped them but didn't say anything

"If this is the case, then all Hanba brothers, please turn around and do what you should do."

Then Xun Wenfa waved his hand here, and these Kuiba dispersed unexpectedly. Seeing him obey Xun Wenfa's words in front of him so much.

Fang Ruyu couldn't help but have a look of incomprehension on his face, but But he didn't intend to argue with him, but the person who challenged the barbarian demon in this place just now appeared again, and no one expected that Fu Ruosha would suddenly appear.

After all, what happened before was beyond the scope of his guess, so The appearance of this man now also brought me a big surprise.

However, at this moment, I had no intention of getting into any dispute with him, whether it was because of his own strength or some other factors.

But Furuo Sha At this time, he did not intend to challenge the number one, but instead locked his eyes on the pair of Kuiba behind him, for some unknown reason.

He raised his sword and rushed directly in front of the Hanbans. This At that time, the leader of Hanbao saw that it was not Xun BuFang, and immediately stood up to intercept Fu RuoSha.

Little did he know that Fu RuoSha and Xun BuFang were completely the same thing. The two of them would not cherish other people's lives here, so he did what he did now It's possible that everything he got in was in vain.

Xun Feng behind him just watched him go without any stop. The garbage and trash cans immediately became moldy, but he didn't say anything. He jumped and disappeared. Here. At this time, there was a sound of fighting next to him, which attracted Fu Ruosha's eyes. The other party looked over there at this time. Unexpectedly, it turned out to be the barbarian demon who had fought with him before. At this time, the other party Fighting with a man in white, it is not difficult to see that the strength of this man in white is far greater than that of the barbarian demon in front of him. But what he wants to do is to benefit from it, or to help them here. After thinking about it carefully, Fu Ruo He still chose to stand aside and watch the fun first. After all, this was a good choice for him.

Xun Feng in front of him did not choose to stop him, nor did he choose to say anything to him. The two of them were not familiar with each other in the first place. , then the light was turned around and left, not knowing where he was going.

Chapter 599

They don't dare to act casually here. After all, it is still very dangerous nearby. Once they go out, they will go straight into the tiger's mouth. What will happen if they lose their lives.

Several Hanbao were nearby during the ceremony and found a place to hide. At this time, their subordinates took a fancy to the boss among the Hanbao.

"We can't live here forever, boss, do you have any other ideas?"

At this time, Hanbao's boss didn't dare to say anything. He looked at the circle outside, and then looked back at the person who just spoke.

"Don't think I don't know. When he rushed out to attack others, you were the last one in the group.

And I have to bury my head. Is it possible that I can still count on you to do other things now? If you really want to stand up for your brothers here, go out alone"

"Why are you so scared? When we took the oath here, didn't we all want to advance together and retreat together? Now half of the Drought Brothers are left outside"

"What can be done? Now there are more than just him with extraordinary strength outside. If we encounter one every step of the way, we will all be turned into zombies in the end. Now who will pay for the lives of the remaining half of the brothers?"

The people who wanted to join him in leaving with him before gradually stopped. After all, what Kui said about the boss was exactly what he wanted, and at this time, Hanbao's second boss also stood up. No one wanted to abandon the former boss here. Teammates, but there is no other way, we still have to face what we have to do.

"I know everyone's eagerness to save our brothers, but don't forget that we can't pay any brother's name during this process. After all, it's not that easy to come back now that we're gone."

At this moment, everyone is attracted to the boss in front of them. After all, they can now give the boss an order and they will make corresponding strategies here. Unexpectedly, the other party also listened to the words of the second boss. After all, at this time Rushing out is really a 9-to-1 chance of death. I'm afraid no one wants to face such a situation. Not to mention myself, so at this moment, I must stay here until I find a thigh that I can hug, no. I can guess some other troubles.

Now this scene has been shown before my eyes. Maybe no one has understood all this before, but now I have to think of it.

After all, what should be done has evolved at this moment. Some directions, especially the current situation, make me feel clearer.

Although I don't know what the other party's intentions are here, there should be no malicious intent in this place, otherwise they will definitely not be left.

Until now, it is just Correspondingly, more and more people were fighting nearby, and a few people did not dare to poke their heads directly out of this place.

Instead, they chose to walk to the side, and a few people saw a huge desert, and then Hanbao finally seemed to have found his own base camp.

He ducked in, and a few people around him followed him. After all, no one wanted to cause any trouble at this time. Instead of waiting for what would happen, they should take the initiative.

But they did not expect that the person taking the camera in this place turned out to be Gu Shaoyang, who is also one of the ten holy gods and a person who can enter this realm of inheritance.

In fact, neither of them are particularly simple people, so now they It can be said that it is difficult to do anything, but the fire barbarian Taoists from the outside rushed in at this place

"What are these things!"

After coming in, Taoist Huo Man was cursing in this place, and then he saw some scenes around him, and quickly turned around and hid in the corner next to him. You know, if I saw it right just now, that person should be Fang Fang. Ruyu and Zenxin actually formed a companion, slowly walking in this place.

At this moment, he did not dare to approach at all. All these strengths are not that simple, and the corresponding , Gu Shaoyang on the other side also found some special clues.

No one thought that in such a huge desert at this time, they could actually find another gift of their own. Perhaps this was how they kicked themselves out of there. The reason.

There was a green gem in front of him, but there was a light engraved on the outer ring of the gem. At first, Gu Shaoyang in front of him didn't understand what it was.

As the next second, the gem radiated in his eyes The huge light emitted, including some other pictures that rushed to his eyes and were projected in his mind, if he guessed correctly, should be the inherited route guide. It seems that he did not come to the wrong place, this huge desert But it gave me a lot of surprises.

Chapter 600

And correspondingly, I also realized that there should be some other things in this desert. As expected, I took a few steps forward.

I actually discovered that the place where snake people live is like a special world in the inheritance. Everyone can survive here and all creatures will continue to stay in this place.

Could it be that the same group of competitors of the previous Emperor Puluo were able to stay here for so long? After all, it is not that simple to leave in this world.

Therefore, people without strength will not rush forward in this place, lest they can come in but not be able to go out. At this moment, Gu Shaoyang was also a little hesitant.

You must know that the desert is the territory of the snake people. Once you take the initiative to attack, then when they move closer to you, you will have no way out.

At this moment, I don't know how to deal with it. I just took a rough look at the nearby situation and found that it was actually similar to what I expected. After all, what I should do was exactly the same as I thought.

There was a passage in front of him that opened directly towards him, and he could also see that the snake man next to him pounced on him at this time.

"Who are you?"

"This should be our question to you. You suddenly broke into our territory and don't know who you are."

Hearing these words, Gu Shaoyang in front of him just saw the redeemer opposite him coldly, but there was no other expression on his face. It was as if he felt that he was not only the thing in the bag, but had even disappeared. Now this At this moment, the snake man in front of him also started to feel a little nervous.

After all, the look in his eyes made people feel a little weird. No one wanted to have anything to do with him at this moment, so the tongue user in front of him stepped back. At this time, the snake man in front of him felt a little weird. Gu Shaoyang didn't say anything more. Instead, he put away his sharp gaze and began to move to the side little by little.

In the process, what he could guess could probably be done by them, so the target state had already been revealed. The most advantageous result

"Didn't you take the initiative to attack me this time?"

Then the snake man in front of me looked at me and I looked at you. Although there was nothing wrong with what he said, this scene has definitely invaded their territory.

No matter whether her queen will issue an order at this time, she must Go to deal with it in advance, and at this time Gu Shaoyang seemed to see the signs on them, and then asked specifically here

"Where is your queen Medusa?"

The two snake men in front of them were stunned for a moment. They didn't expect that he actually knew the name of their leader. After all, the Queen is here, but her strength is extraordinary. For an ordinary person like him, it would be better if he could hear his name. It's a matter of course.

If Gu Shaoyang heard these words, he would inevitably curse here, but this time he didn't say anything, just looked at the person in front of him quietly.

It seemed that he wanted to get rid of these two snakes. He saw something on his face, but the snake man in front of him just took out the token in their hand and showed it to him.

"Do you have this thing?"

Gu Shaoyang in front of him pretended to come over and take a closer look, but his cold face did not reveal any expression. In fact, when he came over, he had already knocked out one of the snakes in front of him, and then successfully obtained it. The token in his hand

"I think you don't need me to remind you what to do. In order to avoid causing other troubles, I won't do anything to you.

But I hope you can take him here and leave as soon as possible without causing any trouble to me, otherwise neither of you will be able to leave here alive."

Hearing these words, the sober snake man in front of him couldn't help but show a look of fear. You must know what the man in front of you said. It is definitely not a lie. Don't look at his cold appearance now, but in fact He is decisive in killing, and he will not even say hello to them in his extra life here, so he will not hesitate to escape from the people in front of him.

So before Gu Shaoyang could react, he directly He disappeared here with another snake, and now he saw them leaving.

The person in front of him just clapped his hands, and then picked up the token in the desert. The carvings on it were not particularly beautiful. It looks like.

And it can be seen that this thing is of no use, it is just a pass. After all, there are no laws on it, and it is not even allowed to store things. So Gu Shaoyang looked at his space ring. He waved it casually. The token was taken in. After all, I can't cause any other changes in the situation now, so if I have time to waste time here, I might as well see if anything else can happen.
