Chapter 911

Medusa thought so, but she was very worried about Gu Shaoyang's safety.

But there is no other way. After all, now, there is no other way.

She let everyone go. If she couldn't save Gu Shaoyang, it was none of her business.

Now that the Snake Man is so busy, it is very moral for her to dedicate some of her people to rescue Gu Shaoyang. Now, there is no news from the people she sent out, and there is no news from Gu Shaoyang, and she is very worried.

But no matter how worried she was, she couldn't continue like this. She was outside now and still had to find a way to save people.

When the men knew that Medusa was going out to save people, they were very shocked. Why?

Doesn't Medusa know that it's dangerous outside? Why go out? If life is in danger, who can be held responsible?

Now, no one from the Shenmu group has shown up, I'm afraid they will be waiting for them somewhere. But there is nothing we can do about it.

Gu Shaoyang is a benefactor, no matter what, they will save people. If they are not saved, it will have a certain impact on their reputation.

"I have decided that I want to go to Gu Shaoyang. Otherwise, if something happens to him on our territory, I'm afraid we won't be able to explain it clearly, and it will be bad to start a war. We must rescue people."

Is this really good?

But as the leader of the snake people, Medusa, if he goes out and is in danger, he will easily die if no one is around. By then, the snake people will have no leader.

Now like this The situation is very troublesome and she doesn't know what to do. Medusa is very upset and doesn't know what to do. Or maybe she doesn't know how to get over it.

After all, she doesn't know where Gu Shaoyang is now. If she knows, then It's easy, they can go over and rescue the person quickly, but the problem is that they don't know where the person is?

"Chief, please don't go there, otherwise we won't be responsible if something happens." Medusa's men say that they don't want you to walk over. Otherwise, if something happens, no one will be responsible, and the snake people will be in chaos.

"No, if something happens to them, I will blame myself very much. I don't want to end up like this. I want to be fine, I don't want anything to happen to them." Medusa spoke again.

In fact, no one knows what happened to Gu Shaoyang now, otherwise everyone would have gone over to take a look.

"How about I send some more people to find Gu Shaoyang. Otherwise, if something happens to Gu Shaoyang, we will be very sad and blame ourselves." Medusa spoke at this time.

Here, Gu Shaoyang doesn't know what happened over there, and he doesn't know where he is now looking for him alone. Maybe it's a new world. The

Realm of Chaos is a new one. The world.

Gu Shaoyang thought about him walking alone like this. Now he is still looking for his Furuo Sha, but he doesn't know where to go. The two have been separated for a long time, but I don't know if he has met him. Dangerous.

I hope not. Nothing will happen if Fu Ruo is lucky enough to kill.

Gu Shaoyang thought like this. Suddenly he found a crack in front, which seemed to be somewhat similar to the crack in front. Gu Shaoyang hesitated for a while. , are you planning to go there?

"Should I go there or not? What will happen in the past? Is there any danger and will the key be found there?" Gu Shaoyang said to himself. He was thinking about whether to go over and take a look. After all, humans are a little afraid of the future, and he is the same now. He hesitated for a while, and found that there seemed to be something going on around him, and he couldn't go out. He should go out now.

Maybe he can find a way out after that. At this time, someone suddenly ran over. Gu Shaoyang saw that this was not Venus? Why did Venus come?

Why?

"Hi Venus, what a coincidence, why are you here? Why didn't I see you? Have you seen Fu Ruo Sha? I got separated from him and I haven't found him yet." Gu Shaoyang greeted Venus in advance.

Venus, I was surprised to see Gu Shaoyang here, but he was very surprised after the accident. After all, he has been looking for Gu Shaoyang for a long time, and he is very happy to find it now. If not because of this, I'm afraid he will keep looking.

He doesn't know what happened, but he is here now. He originally wanted to find Gu Shaoyang and take him out, but now he has been looking for it and still hasn't found it. He plans to help. He gave up and went back.

Who knew that he would meet Gu Shaoyang now.

Venus was a little happy, "Really?" I don't understand how I ended up here. But it should be okay. I think we will find a way to get out. When I came here just now, I came alone, and I don't know where Fu Ruoxa went."

Chapter 912

But there is no danger here, so he is not particularly anxious. After all, he has been here for so long and he has not encountered any danger.

With Venus thinking like this, he tried his best to find the men's football team. Now it is not a waste. After a while, I finally found someone.

Venus was very excited. It turned out that he was the first person to find Gu Shaoyang. No wonder, no wonder

"Like this? , well, I thought you met Fu Ruosha. He and I got separated, and I still don't know his whereabouts. But I've been gone for so long and I haven't encountered any danger now. Presumably he won't either. What's the danger?"

Gu Shaoyang said this. In fact, he was not sure if there was any danger here. After all, he had never been here, but in the realm of chaos, there might not be any big problems. The third key might be here. , I don't know if he can find it. Maybe it depends on luck.

If he is unlucky, he may be in danger, but there will be no danger now, right?

He thinks this way, but in fact he is not sure if there is

"I happened to meet you here, so let's go find the third key together."Gu Shaoyang proposed the invitation. In fact, he was not sure that Venus would be with him, but now that everyone has met him, he believed in Venus's strength, so he planned to join him. At this time, Venus left directly. Coming over, he smiled and said,"Okay, but are we going out later?" If we don't go out, should we go directly to find the third key? The leader is very worried about you now. Do you feel it?"

Venus suddenly said this. Gu Shaoyang was a little flattered and didn't know how to answer.

He was in the Realm of Chaos now, how could he know that Medusa was worried about him?

"I'm fine now and nothing's wrong, but I don't know that Medusa is worried about me. If you have the means, please tell Medusa that I am fine here and there is nothing wrong with me, and please tell her not to worry."Gu Shaoyang said this.

He didn't want Medusa to worry about him. After all, he is safe and sound now. Although he came to this realm of chaos, he has not found a house to get out until now, but he believes that he can get out.

And he still has to find the third key, and he can't go out yet.

"Ah, I'm sorry to tell you that I don't have Medusa's contact information. If I have to contact him, I have to go out to contact him." Venus said apologetically, and he cupped his hand.

Until now, he still doesn't know what he is going to say to Gu Shaoyang. After all, Gu Shaoyang can be regarded as their benefactor. If he takes action, it will not be regarded as repaying kindness with hatred, but Gu Shaoyang is really That's too much.

But Gu Shaoyang has also affected them. It's because of their elders that they behave like that, so Venus doesn't want Gu Shaoyang to survive.

So how to do it?

Venus thought like this.

Gu Shaoyang to Weiner Si didn't know all his thoughts, and he was full of trust in Venus.

Suddenly there was a crack, which opened.

Gu Shaoyang and I were both shocked that time. They looked at the sudden crack and were a little panicked.

"What's this? Why do I seem to have encountered it so many times and I don't dare to go there now?"

Gu Shaoyang said directly

"Have you ever encountered this situation? But I've never been in there, and I don't know what's inside. Should we go in and take a look?"

Gu Shaoyang asked directly. Now that he has a companion, he has become bolder. If Venus is willing, they can go and see what's inside.

"Really? Then let's take a look. I have never encountered this situation before. The first time I encountered it was really strange. Perhaps this is the specialness of the Chaos Realm." Venus said with some uncertainty. After all, he didn't understand what it was.

But this sudden crack gave him a chance. After all, he didn't know how to attack Gu Shaoyang now. Gu Shaoyang's He also knows his strength. If he fights with Gu Shaoyang, he may not be able to beat Gu Shaoyang, so he can only attack secretly.

Thinking of this, Venus is a little hesitant. After all, Android has nothing to do to him, but it only affects him. Snake people

"Maybe." Gu Shaoyang responded casually and planned to pass.

Venus looked at Gu Shaoyang and went straight through. He was a little hesitant, looking at Gu Shaoyang's back and thinking about taking action. Suddenly Gu Shaoyang looked back at him, "Vena Si, why don't you come over? Let's go there together."

Venus didn't speak. He could only give up the idea of taking action just now and seek the next opportunity. Venus rang for a while, and he walked over silently, and the two of them passed directly through the crack.

"What is this place? very strange!"The two passed through the crack and looked at the unfamiliar place. Venus spoke curiously.

Chapter 913

There seemed to be a clear line to their place now, and they were now standing on a road.

This road has forks leading to various places, but they have never been to this place, and they don't know which intersection they want to stay at, or which intersection is better to take.

"What are we going to do now? Are there many roads here?"Venus asked curiously. After all, Gu Shaoyang has been here for a long time. He should know a little about this place.

But now is not a good opportunity to make a move. If he finds an opportunity to make a move, he will definitely make a move. Then he will do it again. Just find a way to get out of here

"In fact, this is the first time I have encountered this situation. I don't know what to do now. Maybe someone can guide us."Gu Shaoyang is not sure either.

This is the first time he has encountered this situation."Do you want to give it a try?"

"What to try? How to do?"Venus said with some confusion.

After all, they are standing in this strange place and don't know where they are going. Although they have their own goals, they don't know where the target is now. If they find the target If the location is right, they might be able to find a way out quickly.

"We just walk along a random path, and whatever happens happens, it's up to him. Otherwise we don't know what to do."Gu Shaoyang said this. In fact, she doesn't know what he is going to do now.

Now the trace of Fu Ruosha has disappeared, and she doesn't know where to run.

I'm afraid she can only find the answer in this realm of chaos. Now it's In front of them, they had not walked through the 4 roads extending in all directions, but there were many mountains, and one side seemed to be endless grass.

"I think your idea is okay, but which direction should we go? After all, there is more than one direction here, there are many directions."Venus said directly.

After all, he is now preparing to follow Gu Shaoyang. He cannot continue like this. He wants to ask Gu Shaoyang's opinion.

"Alas, let's just take the road ahead."Gu Shaoyang doesn't know which way he wants to take, but there are so many roads in front of them now, and the first one seems pleasing to the eye, so let's take this road.

They don't know that the outside world is already crazy for them. Lost. Medusa sent many people to look for Gu Shaoyang and the others, but they didn't have any news. Maybe Medusa and the others thought that Gu Shaoyang and the others were dead.

"Gu Shaoyang and the others really can't be found, they may really be gone. Even many of the people we sent out have disappeared inexplicably. What should we do now?"

Many subordinates came back to report, and they were all afraid, and no longer wanted to go out to look for Gu Shaoyang.

Medusa also knew that it was not an option to continue like this, but there was no way now. Now that everyone has disappeared, they are also very sad and very sad. I am sad and anxious, but what can be done?

"So let's go directly there. I went to look for Gu Shaoyang personally and found those people by the way. After all, they are all our subjects." Medusa once again proposed to go out.

But this time everyone stopped her. Now there are many snake people. We can't let him take risks anymore.

If something happens, what will the snake people do? What about the others? What to do? There will definitely be chaos by then.

Medusa seemed to have thought of this reason. He was a little unhappy. After all, Gu Shaoyang was in danger now, but he couldn't do anything for Gu Shaoyang.

"So what should we do? I also want to help, but I can't help much now. On the contrary, more and more people are disappearing." Medusa asked anxiously.

No one dared to answer him. After all, everyone has nothing to do now. Gu Shaoyang has disappeared in his heart and they can't find it.

There are other people, although they are looking for Gu Shaoyang. It's gone, but I don't know where it is now.

After all, it's been so long, who still remembers who is where?

"Do you see where Venus is?" Not much later, I suddenly remembered Venus and asked directly.

Only then did everyone remember that Venus seemed to be missing too.

"It seems like I haven't seen him for a long time. I wonder where he has gone. Could it be that he is also looking for Gu Shaoyang?" One person in the crowd said it directly.

After all, Venus has a high sense of existence. Now that she is missing, she is immediately discovered by others.

"Yes, that's right. I asked him to look for Gu Shaoyang before, and then he went. There is no news yet. I don't know where he went. Do you still have his contact information?" Medusa just remembered at this time.

They haven't seen Venus for a long time. They just don't know where Venus has gone. Could it be that Venus and Gu Shaoyang went to the same place?

Then will they meet Are they in danger?

They don't know everything here... They can only pray that Gu Shaoyang and Venus can come back safe and sound.

Chapter 914

At this time, Gu Shaoyang and Venus were walking on the road they had just chosen. However, not long after walking, they saw a fork in the road again.

"Oh my god, why is there a fork in the road again? How should we go now?" Venus looked at Gu Shaoyang. He had no decision at all in his heart and only knew that he was attached to him.

Gu Shaoyang did not feel any strange about Venus' attachment because he knew that he was arranged by Medusa to find him. Yes, the main reason why he was trapped here was also because of him

"How about you choose this time?" Gu Shaoyang was very Buddhist and gave the decision-making power to Venus this time, but Venus waved her hands and refused.

"No! No! No! It's better for you to come, I'm afraid the path I'll find later will be wrong." Venus said this, but what she actually thought in her heart was this.

If it is wrong to go to the end, I can still blame you. If I participate in the decision, and it is wrong to go to the end, then how can I It's not that he has nothing to say.

Gu Shaoyang didn't know what Venus was thinking. He just thought that Venus trusted him very much.

"Okay, if you don't choose, then I'll do it." Gu Shaoyang said after being silent for a while.

Gu Shaoyang raised his head and looked at the nearby environment. Around them, in addition to the hole they just came out of, there are two more holes on both sides of the hole.

In other words, above When they chose a fork in the road, there were actually three holes that were correct, which is a one-third probability.

So will it also be a one-third probability now? Or will it decrease in sequence?

Gu Shaoyang silently thought in his heart Guess, and Venus has been standing beside him quietly watching her without making any suggestions.

Now that he has entered a fork in the road, wait until he finds the third key before attacking him, otherwise I will be alone I don't know when I can get out of this maze.

Venus looked at Gu Shaoyang with very vicious eyes. However, Gu Shaoyang, who was immersed in thinking, did not notice the unusual reaction of Venus behind him.

Just as the two were trapped in the fork in the road When making the choice, Medusa and her tribe outside were being attacked by the Winged Birds. The

Winged Birds are a type of birds and beasts. They have been at odds with the Snake People for thousands of years. At least they have sought out the Snake People several times. The troubles were all settled because of Gu Shaoyang.

But now that Gu Shaoyang has not shown up for a long time, the Winged Bird Clan couldn't hold back and took the initiative to attack.

They flew to the trees high above the Snake Clan and used the trees to cover them. body shape, and then wait until most of the snake people go out to look for food and only some old, weak, sick and disabled are left at home, then they launch an attack

"Oh no! Something bad is happening! There's an attack outside!" A snake man standing guard at the door suddenly rushed into Medusa's house and shouted anxiously.

Medusa saw his panic and immediately showed an unhappy look: "Why are you so flustered? , take a deep breath and talk carefully."

The frightened little snake on the forehead of the Medusa couple comforted them, and then they narrowed their eyes and looked at the snake man standing hunched in front of them.

They saw that the snake man became even more anxious after recovering his strength slightly, and he directly stepped forward to grab the beauty. Dusha took hold of her hand and reported anxiously as she walked out.

"The Winged Birds are attacking us outside! Many old people and children were taken away by those beasts of the Winged Bird Tribe!"

Medusa was very dissatisfied at first, but when she heard someone attacking and attacking their tribe, she immediately lost her composure.

"What! How many people were taken away? Who is so bold as to attack us!"

Under the protection of Gu Shaoyang, Medusa has developed a very rampant character, so when her master is in danger, she subconsciously wants to kill him, but she has forgotten that now Gu Shaoyang is not here.

"Leader, we have to be able to defeat each other!" The snake man holding Medusa brought her back to reality.

Yes! With our strength right now, we really can't compete with the Winged Bird Clan.

"Send a signal quickly to call back all the tribesmen who are hunting outside, lest they be attacked by the Winged Birds again!"

After recognizing the reality, Medusa quickly made a correct judgment, and after receiving the order, the snake people also quickly conveyed the order and placed the signal bomb.

When the tribesmen saw the signal bomb coming from the direction of their home, their hearts tightened, and then Then they rushed home in groups of two and three.

When they returned home, they only saw their wives and children. Only the corpses of the old man were left, and the remains were scattered in every corner of the home.

"Oh my God, what's going on?" Seeing the tragedy at home, the snake people who came back from outside were very surprised, with pain on their faces. The

Winged Bird Tribe retreated after a large wave of attacks and did not fight, so the snake people did not know who was injured after they returned home. Their families were killed.

As the leader, Medusa couldn't help but blame herself when she saw her people were in pain: If I had realized our current situation earlier and moved everyone to a safe place earlier, this thing would not have happened now.

Chapter 915

"I'm sorry, everyone is in the current situation today because of my negligence." Medusa stood in front of everyone and apologized sadly, but this could not save anything.

"revenge! We must avenge our family!" At this time, one of the grief-stricken snake people shouted in the crowd, and then others joined in.

Medusa saw that everyone was so excited and couldn't help but remain silent: now is by no means a good time for revenge. The Winged Birds will definitely take revenge. Be on guard, if there is a sneak attack tonight, the casualties may be more serious.

"I know everyone is sad, but now is not a good time for revenge. Today they came well prepared, and we suffered heavy casualties. We must rest for a while and be prepared before we take revenge."

Medusa said slowly. The snake people just shed tears when they heard his words. Why don't they know that they are outnumbered now, but the hatred of their relatives is irreconcilable! The

Winged Bird tribe made them miserable, and they will not make it easy for them.!

"Now everyone should tidy up their homes first, and I will go and decorate the enchantment. Nothing like today will happen again in the past two days."

Medusa assured the tribe, and then after saying that, she dragged the snake's tail and body to find the center point where they were entrenched, and expanded it about ten kilometers outward to cast a spell barrier to ensure their safety.

After doing all this, Medusa Then he returned to the crowd and helped them clean their homes together.

While Medusa was busy with the director, Gu Shaoyang had also found a way to choose a fork in the road.

The way he thought of was not a correct calculation strategy, but relying on God To put it bluntly, luck depends on gambling. If the bet is right, then they can find the right path. If the bet is wrong, they can only go back the same way. When

Gu Shaoyang looked around, he suddenly fell in love with the nearby Ku. Branch, he picked up a dead branch, broke off other twigs, and then squatted on the ground.

Venus was very puzzled when he saw Gu Shaoyang's movements, and squatted down with him:"What are you doing?"

Venus asked very curiously, but Gu Shaoyang smiled naively:"You'll find out later. After saying that ,

Gu Shaoyang turned the dead branch in his hand, and then explained to Venus:"Which end points to which way, we will take that way." Let God decide your luck today."

After Gu Shaoyang explained, the dead branch spinning on the ground had stopped, and he saw it pointing to a small road on the far right. If you weren't careful, you wouldn't be able to spot its existence.

"Unexpectedly, there is a hidden road here."Packing up the dead branches, Gu Shaoyang walked towards the path pointed by the branches. Although Venus was very suspicious, she had to lift her heels. The deeper they walked into the cave, they found that the cave was getting narrower and narrower. When Gu Shaoyang wondered if they had gone to the wrong place, he suddenly saw a bright light at the corner.

Where there was a bright light, it meant there was a way to go, so he quickened his pace and walked forward. Soon, he came to the bright light. The place where it is located.

I can see that it is very empty here. The light comes from the top, but you can't see the sky outside. It's very strange.

"Where is this place? There is absolutely no way to go."Standing in the open space, Venus was wandering around, and Gu Shaoyang was also looking around in confusion. Both of them were looking to see if there was any mechanism.

When the two walked to the center, the road they had just walked suddenly After being pricked by the stone gate, the two people standing in the middle felt dizzy, and then their consciousness began to become very blurred.

Because Venus's skill was not as good as Gu Shaoyang's, he fell directly to the ground without holding on for a while. But Not long after he fell, the figure of Gu Shaoyang appeared in his mind, and evil thoughts emerged in his heart.

"I am going to kill you!"Gu Shaoyang, who relied solely on his willpower and skill, heard Venus's voice just before he fell, and then he completely lost consciousness. After falling, both of them entered an adversity, and they both fantasized about it. The thing he desires most at the moment.

Venus fantasizes about killing Gu Shaoyang, while Gu Shaoyang fantasizes about finding the third key and the location of Fu Ruosha.

At this time, in Gu Shaoyang's fantasy, he saw the third key The key was right in front of him. He stretched out his hand to grab it, but was stopped. The mythical beast guarding the third key pushed him away. The mythical beast in Gu Shaoyang's imagination was very powerful, and he tried his best to fight against it. When he tried his best to strike, he found that the divine beast fell directly to the ground without moving.

It was completely vulnerable to the attack and was completely different from the divine beast in his consciousness. He felt the same, so itching also found that he was in fantasy, so he quickly He woke up.

He was not controlled by the desires in his heart. Gu Shaoyang regained consciousness, but Venus was still in fantasy. When Gu Shaoyang saw it, he stepped forward to restrain his hands and feet, and then directly tapped his acupuncture points. Soon Venus also Gradually wake up.

Chapter 916

"What's wrong with me?" After waking up, Venus covered her head and looked at Gu Shaoyang in confusion.

In Venus' fantasy just now, he was fighting with Gu Shaoyang, but just when he was about to get up and attack Gu Shaoyang, he was hit hard by him, and then Then slowly woke up

"What you just saw were all illusions, the desires closest to reality in your heart, and everything is over."

Gu Shaoyang helped Venus up from the ground and comforted him, and he finally understood what just happened.

"By the way, what did you see in the vision just now? I keep hearing you say you're going to kill someone. What, has anyone messed with you?" Gu Shaoyang and Venus walked together and asked very curiously.

But when Venus heard Gu Shaoyang's inquiry, she was immediately stunned and her head was buried directly.

Why did he suddenly ask this question? Could it be that when I was in the illusion just now? Did he mention his name?

Venus tried hard to think back to the time when he was in the illusion, but after he came out of the illusion, he couldn't remember anything.

"What's wrong with you? Are you still thinking about the person you want to kill? Now that we are trapped here, you can't do anything!"

Gu Shaoyang patted him on the shoulder. Although he was a little frustrated, it was also his comfort.

"That is, we are all trapped here now, so let's go out first. Venus turned her head, immediately picked up what Gu Shaoyang said, and changed the topic directly.

"Let's hurry up and see if there is a road there. The road we just entered is blocked."

After Venus finished speaking, he walked around, directly ignoring Gu Shaoyang's question just now, and he didn't dwell on it.

"Let's look for it together, but be careful, there may be other mechanisms hidden here." Gu Shaoyang reminded him carefully.

Venus only responded coldly to Gu Shaoyang's reminder, and then searched far away from him. After Gu Shaoyang searched in vain, he stood in the center in a daze. He stared blankly at the bright place above. After watching quietly for a while, Gu Shaoyang closed his eyes and felt the wind blowing from different directions in the cave to judge where the correct exit was. Seeing his actions, Si had no reaction.

He didn't even ask a question, because he was afraid that he would mention the question just now, so in order to avoid answering, Venus chose to stay away from him temporarily.

Gu Shaoyang was now in the center, feeling the direction of the wind. He stood in a daze for ten minutes, then with a smile on his face, he walked very confidently towards the place where the stone door had just been closed.

Seeing the direction he was walking in, Venus couldn't help but remind him: "Don't look, that stone door is too heavy to hold, and now the spells in the cave can't be cast."

Venus's tone was full of helplessness, but Gu Shaoyang replied calmly: "Don't worry, I'm not going to pick it up and go back the way it came, but the mechanism may be on top of this stone gate."

After Gu Shaoyang finished speaking, he kept groping on the stone door with his hands, while Venus shook her head helplessly, looking down on him.

However, the final result was a slap in the face, as the stone door was groped by Gu Shaoyang. Then, suddenly directly opposite the stone gate, another stone gate slowly opened

"Done! That's it!" After success, Gu Shaoyang immediately walked towards the direction where the stone door had just been opened, and Venus quickly followed.

Unexpectedly, he actually found the mechanism!

Venus secretly thought in her heart, although Gu Shaoyang allowed the two to successfully pass the level. , but he was not grateful, but more despised, and his desire to kill Gu Shaoyang became stronger and stronger.

Entering through the stone door that had just been opened, Gu Shaoyang found that this time the hole was getting bigger and bigger, but there was no light. , it was also gloomy and terrifying inside.

Venus walking behind him couldn't help but be a little scared when he looked at the environment in front of him, even though he was a man

"Let's see if we can use the fire element. It's getting colder in this cave."

Gu Shaoyang turned his head slightly to remind Venus who was walking behind him, and then he immediately moved. After reciting the mantra silently, his whole body was given a faint layer of red light that enveloped his body.

But Venus wanted to do the opposite. Well, when Gu Shaoyang said he wanted to use heat, he insisted on using cold. Then he saw a layer of frost covering Venus's body, and his whole face looked very scary.

Because Gu Shaoyang had been walking in front, he couldn't Discover his abnormality

"Si~ so cold!"

Venus' sudden sigh in the quiet cave was very obvious. Gu Shaoyang used the fire element to protect himself and didn't feel much about the coldness in the cave.

So he couldn't help turning his head to check the situation of Venus behind him.

"Why are you so cold?" After seeing Venus's face clearly, Gu Shaoyang was very surprised. He was worried that his body would be affected if he continued like this, so he quickly pulled him to sit down, and then immediately transferred the fire element to him.

And before he transferred the fire element to Venus However, he discovered that what he had just used was ice element all along.

Chapter 917

There was no time to think anymore, Gu Shaoyang immediately sat down cross-legged, then moved his hands upward from the Dantian, then turned and pushed it to Venus's back, transmitting the fire element in his body to him.

After being nourished by the fire source element, Venus's complexion improved. The layers of frost on her face gradually faded away, and her originally pale face gradually became rosy.

"Cough cough cough....." The body's various skills gradually recovered, and Venus began to cough uncontrollably.

Hearing Venus' cough, Gu Shaoyang immediately stopped the transmission because he was worried that Venus' body could not bear the nourishment of his powerful fire element.

"How are you? Are you okay?" After stopping the transmission, Gu Shaoyang quickly stood up, let him lean against the wall, and immediately asked with concern

"Thanks I'm fine." Venus is a weak thing, but in fact there is no gratitude at all in her heart.

"As long as it's okay, let's take a short break and then move forward." Considering that Venus's physical condition is not suitable to continue moving forward, Gu Shaoyang proposed to take a rest.

Venus had no objection to his suggestion.

The two sat cross-legged on the same spot, and Venus did not dare to use it anymore. The ice element could only listen to Gu Shaoyang's words and use the fire element to slowly nourish the body.

Gu Shaoyang, on the other hand, checked the situation around and was worried that something would threaten them. After ensuring safety, he sat down with peace of mind.

After sitting down, Gu Shaoyang He was not idle, and directly entered the state of practicing. Although there was insufficient spiritual energy in the cave, he absorbed the spiritual energy very quickly, so he could absorb all the spiritual energy around him. When

Venus saw such seriousness, he did not Excuse me, because at this time, he has no experience and needs a good rest.

While Venus was resting and Gu Shaoyang was concentrating on practicing, a small, white thing suddenly stuck out its head not far away and watched carefully.

Gu Shaoyang, who was practicing Qigong, heard rustling sounds around him, so he released his spiritual consciousness to look around, and found that there were living things around him. The opponent's ability was the same as Venus, although not as good as Gu Shaoyang, but he could still Fight with him for a few moves.

After Gu Shaoyang found a living creature, he held his breath and stopped practicing, and slowly approached him. The living creature that had been secretly observing Gu Shaoyang saw him approaching and immediately ran away, noticing that the living creature was escaping. Gu Shaoyang immediately jumped up and stood in front of him.

He saw that the living creature was a small white rabbit. It was fluffy and looked very cute, but Gu Shaoyang knew his identity.

He was the keeper of the third key. One of them is also the lowest level. His main task is to patrol. If an intruder is found, he must immediately report it to the divine beast that actually guards the third key.

If he is allowed to report successfully, then, if he wants to seize the third key It will be even more difficult if he has the key, so Gu Shaoyang must not let him escape

"Stand! Where to run?"Gu Shaoyang stretched out an ice staff and struck it directly in front of the white rabbit from the palm of his hand, blocking his way. Then the icicles immediately surrounded him. After a while, the white rabbit was trapped by the ice staff, and Gu Shaoyang's heart finally

settled down. Down, he thought that this would prevent him from reporting, but he didn't know that White Rabbit is a big family.

"What are you doing?" After the body was almost rested, Venus got up from the ground and came to Gu Shaoyang.

Seeing a white rabbit in his hand, his eyes were very confused: Could this be food caught in the hole?

"This is the third key's lowest-ranking keeper, but it is also the most important." Shaoyang patiently explained to Venus. After he finished speaking, Venus suddenly thought of something.

"Wait, you said this is the keeper of the third key?" Venus stepped forward and grabbed Gu Shaoyang's hand to confirm.

"Yeah, what's wrong?" Seeing his surprised and frightened expression, Gu Shaoyang was a little confused.

"I just saw it. Besides this one, there are several more!" Venus looked around as if to prove what he said, but there was nothing around except stones.

Hearing his words, Gu Shaoyang's brows also frowned tightly. If it is true that there are many more as he said, then their whereabouts will definitely be exposed

"are you sure?" In order to ensure their safety, Gu Shaoyang asked again to get a positive answer.

Although I was not feeling well just now, my eyes were not dim yet. I was very sure that there were several white rabbits jumping around here just now.

After Venus's repeated assurances, Gu Shaoyang became uneasy: "No, we have to leave quickly. If we don't get out of the cave, we may not be able to get out."

Gu Shaoyang believes what Venus said, so they must leave quickly at this time, otherwise they will be in danger after other members of the White Rabbit family report to the highest-level mythical beast!

"What's wrong?" Venus is still a little confused so she wants to know the answer, but at this time Gu Shaoyang has no time to explain.

Chapter 918

"Don't ask so many questions, just follow me quickly." Gu Shaoyang grabbed Venus's hand and moved forward with the army. At this time, the white rabbit had already arrived in front of the guardian beast of the third key.

"What happened?" The fourth division guarding the third, the mythical beast holding the key was closing his eyes to rest, and was a little unhappy with the sudden arrival of the white rabbit.

The white rabbit looked at the mythical beast and frowned, aware of his anger, but still had to bite the bullet and report the situation.

"The boss is in trouble, someone broke in outside." White Rabbit said very anxiously. However, the divine beast was somewhat disapproving of White Rabbit's return.

"Why are they in such a hurry? Where have they gone?"

The divine beast still had his eyes closed, and his claws were tapping gently on the stone wall. Although he had controlled the force clearly, there were still echoes in the cave. The white rabbit was also surprised when he saw him looking so leisurely. Gradually he relaxed: "We're still far away. I'm just afraid of any eventuality, so I came here to report it in advance."

After White Rabbit finished speaking, the beast became even more disapproving. He snorted coldly, and then waved his hand to let White Rabbit leave. Seeing this,

White Rabbit did not dare to say anything, so he could only take a few steps back and retreat dejectedly, for fear of offending him. The mythical beast died as a result.

When the white rabbit left, the mythical beast immediately opened his eyes and then sent a signal to summon another group of people to see him.

"What are your orders, boss?" The newly entered stone beasts in the official cave are exclusively within the jurisdiction of the divine beasts and are not the guardians of the third key.

Originally, they were the ones who dominated the movement, but because their strength was not as good as the divine beasts, So they can only succumb and live a life dependent on him. Their strength is also one of the best in the cave.

"Go and drive away the intruders who have entered the power."The divine beast ordered coldly, and the stone beast took action immediately after receiving the order.

Venus, who was being pulled forward by Gu Shaoyang on the other side, didn't understand why they had to get out of the cave quickly at first, but after walking for a while, they were attacked. When the stone beast attacked, he finally understood why Gu Shaoyang was anxious.

"How is this going?"Venus and Gu Shaoyang were soon surrounded by stone beasts. Their huge number soon cut off their retreat.

Gu Shaoyang and Venus were back to back and attached to each other:"They are the guardians of the cave. It must have been the white rabbit who just went to report the news of our invasion into the cave to the mythical beasts, so they were sent to drive us away."

As soon as he heard that they were going to be driven away, Venus immediately didn't know how to deal with it:"Then what should we do now? Do you really leave like this?"

After hearing what Venus said, Gu Shaoyang just shook his head in denial:"How is it possible that we have all walked here, how can we go back the same way!"

The stone beast opposite them couldn't help but get a little angry when he heard the discussion between the two:"We have come to this point, and you two still dare to ignore us! It seems that if we don't give you a little repayment, you don't know how powerful we are."

The stone beast said very fiercely, and after the words fell, they immediately took the initiative to attack.

The stone beast separated Gu Shaoyang and Venus in the first attack. Venus's skill was not as good as Gu Shaoyang's, and within a few rounds he He was beaten to the ground by the stone beasts.

Gu Shaoyang on the other side was still resisting.

Although the stone beasts were in large numbers, all of them combined could not defeat Gu Shaoyang alone, so when Gu Shaoyang turned the stone beasts surrounding him After the solution was completed, Venus was rescued with a twist.

The vitality of the stone beasts came from stones, so they could not be beaten to death, they felt no pain, and their strength was endless.

After several rounds, they felt no fatigue and Gu Shaoyang and Venus were already a little out of breath

"No, if this continues, we will definitely not be able to defeat them!" Venus also discovered the advantages and disadvantages of both sides, but in terms of physical strength, the stone beasts are indeed superior.

"As long as he is a thing, he must have a weakness, look for it carefully."

Gu Shaoyang's temperament did not admit defeat at all. After saying this, he jumped onto a stone beast and groped around on his body.

After groping on the stone beast for a long time, Huang Tian finally paid off! He finally I found the weakness of the stone beast.

I saw a small opening on the neck of the stone beast. There was the sum of the connected parts of the stones on his body.

As long as the connected parts were gently pulled, they would immediately fall into a pile. The rocks had no offensive power at all.

After discovering their weakness, Gu Shaoyang immediately told Venus that Venus could eliminate all the stone beasts around him in one or three afternoons.

After a fierce battle, both of them were tired. They had to lean against the wall and keep breathing heavily. However, before the two of them had a good rest, another wave of stone beasts rushed up.

"Oh my god, why are there so many?" This time there are three times as many stone beasts as before.

Although they have found the weakness of the stone beasts, the stone beasts also have a shortcoming, that is, their necks are particularly short!

Chapter 919

Moreover, the more powerful the stone beasts, the shorter their necks are, making the connecting parts less likely to be discovered. Therefore, it is more difficult to hook their necks and find the connecting part.

"come on! If we want to find the third key, we must destroy them all."

Gu Shaoyang also understood at this time that if they did not eliminate all the stone beasts, they would be unable to move forward, so he solved the stone beasts faster and faster.

Venus saw that he was so powerful and was not to be left behind. He tried his best to eliminate them in a short time. Got ten

"good! We rested while walking, fearing that the third wave would come again soon."

After destroying the stone beasts, Gu Shaoyang still had physical strength, so he pulled Venus forward, and it didn't take long for the third wave of stone beasts to come as he said.

"Why are you so smart with your mouth?" Venus covered her head and was speechless, but she still dragged her tired body and continued to fight against them.

After several hours of fighting, the third wave of failures was finally solved by them.

Just as Gu Shaoyang and Venus were fighting the stone beast in the cave During the entanglement, Medusa, who was worried about the two of them, was also busy outside.

Previously, Medusa's tribe was attacked by the Winged Bird Tribe, and their entire tribe held a grudge.

As the leader, Medusa also wanted to avenge her tribe. , so she left the cave several times to investigate the terrain of the Winged Birds.

After nearly a week of investigation, Medusa discovered that every noon, the entire Winged Bird tribe would perch in the trees for a lunch break.

And that When their defenses are at their lowest and their defense capabilities are weak, it is also the best time for them to attack.

"You go and gather everyone together." After the reconnaissance was completed, Medusa also had a rough plan in mind.

After a while, the snake man who was following Medusa summoned all the tribesmen. Then, Medusa went out from the cave and looked at everyone and said

"After several days of investigation, I have found the best time to attack the Winged Bird Clan. Now who is willing to attack with me?"

Although Medusa is the leader, he pays attention to fairness and justice and follows personal wishes, so he will not require anyone to participate in the exit.

However, it is precisely because of Medusa's fair and just rule that everyone is particularly convinced. , everyone is also very united about what he said and the harm to the clan.

"Chief, you don't need to ask, we are all here except the elderly and children." A very strong snake man in the crowd said loudly.

After his words fell, all the snake men around him agreed with him.

"In this case, then everyone will gather here at noon tomorrow, and we will attack the Winged Birds together! Avenge our dead people!"

Medusa raised her hands and said very excitedly, and the crowd was also very excited.

After determining the route, they just waited for the arrival of tomorrow.

At this time, Gu Shaoyang and Venus in the cave, because of the stone beast, The blocking movement was slow, and Venus also suffered some minor injuries due to the stone beast's attack.

"No, if we continue like this, we will definitely not be able to hold on. Finally, the stone beasts sent now are getting more and more powerful."

Gu Shaoyang looked at Venus and couldn't help frowning and sighing, and Venus nodded in agreement with his words.

After standing there and thinking for a while, Gu Shaoyang suddenly picked up Venus and jumped to the top of the stone wall.

Once the fifth wave of stone beasts attacking them came to where they were, but they didn't find them, they couldn't help but wonder.

"Didn't the White Rabbit say they were here? Why didn't you see anyone?" A leader among the stone beasts said in confusion.

The rest of the stone beasts were also very confused, but one of the stone beasts was a little dissatisfied.

"Originally, the cave was ruled by us, but because of the deep feeling, we have to listen to him every day, and help him drive away the intruders from the cave from time to time. We have changed from masters to slaves! What kind of truth is this!"

When the leader heard the stone beast's words, he immediately punched him with a fist. Although it didn't hurt or itching, it made him very unhappy.

And after Gu Shaoyang, who had been on the stone wall, heard the stone beast's words, he suddenly had another thought. Thoughts.

The stone beasts below did not see Gu Shaoyang and Venus, and after searching around for a while without success, they had no choice but to leave. After

Venus and Gu Shaoyang waited for the stone beasts to leave, they slowly walked away from the stone wall. shrink down

"It seems that the mythical beast guarding the third key is the king of the cave, and it also caused the dissatisfaction of the previous owner."

Gu Shaoyang narrowed his eyes slightly and kept thinking about strategies in his mind, while Venus was making sarcastic remarks on the side.

"So what if you occupy the cave and become the king? Isn't this world just about the weak and the strong? Besides, do you think you can move on?"

After experiencing several battles, Venus has long been exhausted physically and mentally. He just wants to have a good rest.

Gu Shaoyang didn't care about Venus' frustration and dissatisfaction, just thinking that he was too tired.

Chapter 920

"Of course we have to keep walking, but the goal is not the third key."

Gu Shaoyang already has a plan in mind and is just waiting for a new wave of stone beasts to attack them again.

"Let's rest here for now and wait for the opportunity."

A very confident smile appeared on Gu Shaoyang's face, but Venus looked disgusted, but she had no objection to what he said about rest.

At this time, outside the cave, Medusa had already informed the tribe of the surveyed terrain. The tribesmen have also been divided into several groups.

Noon has arrived the next day, and now they are ready to avenge the tribesmen who died before.

"Everyone must not fall in love with war! This time, we are just giving them a small lesson."

Medusa, as the leader, stood at the highest place and gave orders to everyone. Because the Winged Bird Tribe attacked and retreated in a hurry last time, they will use the same method to retaliate.

"We know the leader, let's go quickly!"The people of Medusa are holding weapons and can't wait to avenge their dead relatives.

"Okay, let's set off! The captain of a team must protect your team members as much as possible."

After Medusa gave her final reminder, she led her tribe to attack the Winged Birds and headed straight for their nest.

At this time, most of the Winged Birds were perching in the trees, and some were still in the form of fledglings, without any offensive ability at all. They can't fly, and some are just braised eggs.

When Medusa's tribesmen arrived at the designated location, Medusa received the signal and saw the right time to issue the order.

"It's now! Everyone rush!"Following Medusa's order, the tribesmen picked up their weapons and stepped forward.

The Winged Birds who were taking a nap in the tree did not react for a moment. Many of them were stabbed in the wings by the weapons and could not fly and fled.

Some of the Winged Birds who reacted Flying high into the sky, they tried to catch the snake people, but they were too cunning and slipped away from their claws every time.

When the snake people attacked the winged bird tribe, they would sneak into the trees and kill their descendants h Cut off future generations! Some members of the Winged Bird tribe who were too old to fly were also killed by them with weapons.

As a result, the number of the next generation of the Winged Bird tribe was drastically reduced. A couple of them could only lay eggs once a year. After This time the Medusa tribe attacks, it may take several years for them to recover in numbers.

"okay! Everyone, retreat quickly!"The purpose is achieved and the great revenge must be repaid. Medusa gave up when she saw it was good, and immediately led her tribe to leave. The Winged Bird Tribe had already reacted at this time.

Although they reacted quickly, Medusa was well prepared and arranged a retreat plan. In a tight and orderly manner! In less than 5 minutes, the tribesmen ran away without even a trace.

Only some winged bird tribes were left in the same place, trying to save the dead birds, but it was all in vain.

This time The revenge was very successful! The military morale of the clan members increased greatly, and Medusa's reputation as the planner of this time also increased.

"The leader is so awesome, we really made the Winged Birds furious this time!"

This revenge battle was a complete victory. The tribesmen all attributed the credit to Medusa, but Medusa was not very happy.

Although they have achieved success, the battle is endless. As long as there is fighting, there will be no end. There will be casualties. Although they won this time, they failed last time. In this way, neither side is happy.

"Everyone, please be quiet." Medusa frowned and looked solemn. When the tribesmen saw the leader's expression, they all became serious and stopped laughing and playing.

"Chief, if you have anything to say, please just say it. As long as it is your order, we will definitely do it!"

The tribesmen replied very respectfully, kneeling on the ground one after another, waiting for Medusa to speak, and Medusa also knelt on the ground directly.

"I feel sorry for you in these two battles. They were both disasters caused by my failure to protect you. I should apologize to you here."

Medusa knelt on the ground very sincerely, raised her hands above her head, and forcefully pulled out the little snake on her head as punishment for herself.

When the snake people saw Medusa's actions, they all knelt on the ground with pitiful expressions:" Leader, what are you doing? I can't blame you for this."

The tribesmen comforted Medusa one after another. In the end, with the comfort of the tribesmen, Medusa finally felt a lot relieved, but she also had to make herself stronger to protect her tribe.

After Gu Shaoyang left this time, she realized that she was the only one who was strong. Only in order to protect the person she wants to protect, she is fine now and is practicing her skills non-stop. At this time, Gu Shaoyang and Venus are also waiting for the stone beast they have longed for in the cave.

"Oh my gosh! Why are there so many stone beasts? I can't help it anymore."

Venus and Gu Shaoyang were still resting on the stone wall at this time. Venus was very nervous and scared when she saw the dense stone heads under her feet and discovered their location.

"It's okay, don't worry, I just have to wait for them to come." The corners of Gu Shaoyang's mouth raised slightly, and then he jumped directly from the stone wall.
