

Attributes 951

Chapter 951

After Medusa left, Gu Shaoyang quickly closed the cave entrance.

In order to prevent anyone from secretly checking whether Medusa was inside, Gu Shaoyang specially placed a complex barrier on the entrance of the cave. Not only that, he also specially added a warning.

If someone attempts to open the barrier while he is away, Tarshish's prompt will be broken, and he can immediately sense someone breaking in.

Staying at the place where Medusa often handles official documents, Qing'er quickly reported everything about the snake people in detail. After hearing her report, Gu Shaoyang was not surprised that the Jiao people knew everything about the snake people.

After all, there is a person like Qing'er who is trusted by Medusa and is very smart and capable. It is difficult for them not to know.

But Gu Shaoyang also had a doubt.

Qing'er grew up with Medusa, and they were as close as sisters. There was no reason why she wasn't the mole before, but now she suddenly became the mole.

There must be some reason for this, and Qing'er has no family or friends. There should be nothing in this world that can threaten her.

"If someone hadn't threatened to force her, then why?" Gu Shaoyang stayed alone in the room and thought carefully, but after thinking for a long time, he still didn't know the result.

Medusa, who left the snake people on the other side, ran straight towards the dragon people. She didn't understand the dragon people and didn't know they would hide things. Where.

But she heard Gu Shaoyang say about the box, so this time she sneaked directly into the courtyard where the Jiao people were training new leaders.

Although there were magic weapons at their door, any spells would be wasted and restored to their original state, but Medusa's Her original body is a snake. She can transform into a snake body and hide in the corner to enter quietly.

In this way, she will not be discovered and can successfully enter the mansion.

Soon Medusa shrank and slowly moved to the crack of the door. , she saw the window was open, so she got in directly.

After entering, Medusa did not look around immediately, but got under the bed and hid.

It was broad daylight, and there was no one in the house. Medusa Even if you want to investigate, there is probably nothing to gain. It is better to wait until the night is quiet and no one is around to investigate secretly.

Thinking like this, Medusa, who was staying under the bed, became sleepy and fell asleep directly under the bed. Take her When I woke up, the sky became dark.

The people who were not in the room during the day and the potential future leaders of the Jiao tribe also returned to the room and had their own dinner.

At this time, the night was getting darker, and Medusa was also preparing to In order to go out for activities, Gu Shaoyang, who was in the Snake Tribe, also put on his night clothes and prepared to follow Qing'er tonight to see what she would do.

"It's getting late now. Let's finish handling the matters within the clan today, and then go to the Snake Clan tomorrow to resolve the issue of peace between the two clans that Master Gu has been thinking about."

Vigo, Ling Yun, and the pterosaurs were sitting around the dinner table. The three of them had never rested since Vigo took office. At first, they thought it would be very easy to be the leader, but after a while, they discovered that this Leaders are busy every day!

They must practice every time they have some free time. Otherwise, if a powerful enemy invades later, they may be killed by mermaids.

"Can't you have a day off tomorrow? Why are you still going out?"The Winged Dragon held his forehead helplessly and irritably. His eyelids could hardly hold on anymore. He was already rejecting tomorrow's work.

But the person he was going to meet tomorrow was Gu Shaoyang, and it was his decision to assist in the development of the Winged Bird Clan. Yes, so even if Pterodactyl was given ten courages, he would not dare not be serious.

"Okay, just complain. If we don't help the leader deal with it, I'm afraid he won't even be able to eat a hot meal at this time."Ling Yun patted Pterodactyl on the shoulder and consoled him.

At first, Vigo thought that Gu Shaoyang made this arrangement specifically to give the two of them dignity. Now it seems that he did this to let the two of them help him share the burden, which he very much needed. Lingyun and pterosaur

"After eating, take a rest quickly. The snake people are very close to us. We can just get up later tomorrow."

As Vigo spoke, he sped up the movements in his hands and finished the meal in a few seconds. Then he fell directly out of bed and started snoring soon.

Ling Yun and Pterodactyl also felt sleepy when they heard his snoring. I couldn't hold it any longer and fell asleep on the table.

When the people who waited for them from the Winged Bird Clan came to clean up, they saw three very tired people.

In the Snake Clan.

Gu Shaoyang took advantage of the cover of the night to get there. Following Qing'er closely, Qing'er soon came to the crevice of the stone to change clothes, and also took out a stone tablet from it.

Because the sky was dark, Gu Shaoyang could not see the inscriptions on the stone tablet clearly. , who doesn't know who she is, and is also annoyed that she didn't check her clothes carefully last time.

If she had checked carefully last time, she would know who the person behind the scenes is, and the investigation would be more convenient.

Chapter 952

"Cuckoo! Cuckoo!" Gu Shaoyang was annoyed and followed Qing'er, but he was stunned when he suddenly heard a voice coming from Qing'er's mouth that did not belong to the language of the snake people. Not long after

Qing'er made this voice, in There was a sparse patch of grass, and then a head was raised.

But that head was wearing a big hat, and because of the gray sky around it, it was impossible to see the face of the person inside clearly. What does it look like?

Gu Shaoyang continued to follow Qing'er at a short distance. Just as he was following Qing'er, a familiar figure suddenly appeared behind another person.

It was Medusa!

It seemed that his previous guess was indeed correct, Qing'er The children are colluding with the Jiao people, but they don't know what their purpose is yet, so they have to wait and see.

Gu Shaoyang speeds up to follow Medusa, wanting to follow her, and Medusa Sha noticed movement behind her and immediately hid in a big tree.

When Gu Shaoyang approached her, her weapon was placed on his neck. Gu Shaoyang felt the threat and subconsciously took action. Medusa She was immobilized in an instant and couldn't move.

After she calmed down, she discovered that the person behind her was Gu Shaoyang. Gu Shaoyang only dared to untie her after seeing that she knew it was him, otherwise he was afraid that she would make a sound and alert the snake.

"Why are you here?" Medusa asked in sign language after she could move freely, but Gu Shaoyang shook his head and asked him to look at the two figures in front of him.

"Hurry up and follow! Now is not the time to discuss this!" After saying that, he turned around and left. Medusa hurried for fear of missing it.

Finally, the two of them followed Qing'er and another unknown person to a ruined temple. From a distance, it looked like a ruined temple. , but when I walked in, I realized that it turned out to be an illusion.

This is a very hidden underground palace. If you are not strong-willed, it is easy to lose yourself at the door of this "broken temple", and in serious cases, you will die.

And Qing'er's willpower Being able to enter unimpeded shows that her strength is not low, but Medusa almost always stays with her without being noticed, which once again shows that she is very good at hiding.

"Come on, let's go in together." Gu Shaoyang pointed to the underground palace with his chin, looking at Medusa, and then the two of them entered carefully.

After entering the underground palace, Gu Shaoyang saw many murals on the nearby walls. The murals on the left and right were exactly the same, but in different orders.

The above is roughly The content of the book talks about how the snake tribe changed from a small animal to a dragon man, and the other side is about how the dragon tribe changed from a small animal to a snake tribe.

Medusa couldn't help but touch the mural. When she touched the mural At that moment, a golden light was suddenly sucked into her body.

Because the light was too dazzling, Gu Shaoyang cast a spell to block it, but it was useless!

In order not to alert the snake, Gu Shaoyang immediately separated Medusa from the wall, and then He hid immediately, for fear of being discovered by the two figures in front of him.

"How is this going?" Gu Shaoyang pulled Medusa to hide and then quickly asked, but Medusa was also confused.

"I don't know, but when I touched the wall, I felt a force attracting me, and I couldn't move at all!"

"But after being sucked in, I felt that my whole body was full of strength, and my cultivation seemed to have increased."

Hearing Medusa's words, Gu Shaoyang immediately checked her cultivation level. Sure enough, just after being sucked in for a few seconds, Medusa's skill increased greatly.

It seems that there is an ulterior secret here!

Gu Shaoyang thought silently in his heart. He looked at it with some worry in his eyes: "I'm afraid this stone wall is the main content of the two people's research. This stone wall should allow people to gain strength."

"If the two people in front were given this power, I don't know what they would do."

The more Gu Shaoyang talked, the more worried he became. Medusa seemed to know the reason why Qing'er betrayed her.

"We hurried to follow him and take a look. It would be terrible if we lost him later."

Medusa already had a suspicion in her mind, but she hadn't heard Qing'er admit it in person, so she didn't plan to tell Gu Shaoyang for the time being.

She pulled Gu Shaoyang and walked towards Qing'er and another man in black. There is a box floating in the center.

Qing'er and the man in black both tried to take it down, but they couldn't touch it.

"How to solve this thing! We've all been planning this for so long!" The voice of the man in black suddenly remembered that he had heard this voice before when he was lurking in the place where the alternative leader of the Jiao people lived.

It was the second child of the Jiao people! The boss was pressing on his head, and behind him was the third child who was the most popular. Favored, but he was stuck in the middle, neither good nor bad, neither good nor bad.

Could he be here just to get the position of leader?

"Do you know who this person is?" Gu Shaoyang looked at Medusa beside him, raised his eyes slightly and asked.

Chapter 953

Medusa nodded at Gu Shaoyang, and then explained using the secret signals of the two of them: "This man in black should be the second child of the Jiao tribe. His biological mother is not favored, and he himself is neither above nor below in all aspects."

"Above him is the boss of the Jiao people. His biological mother is the first wife of the leader of the Jiao people. Now he has a very high status in their clan, and he himself works very hard."

"The other one is the third child of the Jiao people. His biological mother is the most favored, so the third child is also the most favored by the leader of the Jiao people. The boss is also very afraid of the third child."

Medusa told her everything she knew. After listening to Medusa's explanation, Gu Shaoyang finally understood why the second child was acting like this. His mother was not favored, and he was not favored or taken seriously, so he wanted to use crooked ways to fight for it. position of leader

"Then why did he find Qing'er?" After solving the problem of the man in black, Gu Shaoyang curiously asked Medusa about Qing'er. After all, she was hers and she knew the best.

When Gu Shaoyang asked the question, Medusa immediately lowered her head. Holding his head, a little unhappy

"It's okay, just keep following them and see what else they have going on." In an instant, Gu Shaoyang saw that Medusa was unwilling to mention Qing'er.

She should know Qing'er's purpose of doing this. If she doesn't want to say it, I won't ask.

Gu Shaoyang thought silently in his heart, and as expected, he didn't ask again, but Mei Dusha couldn't help but tell him proactively

"In fact, the purpose of Qing'er's cooperation with the second son of the Jiao people should be to kill me, and then she would take the position of leader."

After struggling for a long time, Medusa suddenly patted Gu Shaoyang on the shoulder and said. After hearing Medusa's guess, Gu Shaoyang was a little unbelievable.

Medusa looked at Gu Shaoyang's unbelievable look and couldn't help but smile bitterly:"It's hard to believe, isn't it? Me, too"

"Basically, I would not deliberately hide any big or small things from her. She would handle many of my decisions. But maybe because of this, I gave her too many rights, which made her forget. Ingredients, with wild ideas."

Medusa couldn't help the disappointment in Qing'er's eyes when she mentioned it, but there was also a lot of self-blame in her eyes.

"Okay, nothing is important now. What is important is to catch the inner ghost and restore peace to the snake people and dragon people."

Gu Shaoyang didn't know how to comfort people. He could only pat Medusa on the shoulder, and then turned his attention to the hands of the two people holding boxes in front of him.

"Why don't you try dripping your blood into it? Maybe it can be done, after all, you are a child of the Jiao Ren tribe."

Qing'er and the second child of the Jiao people in front were holding the box and frowning. Then Qing'er gave him an idea. The second child of the Jiao people listened to Qing'er's suggestion and immediately bit his finger with his teeth. , and then squeezed out a little blood from the fingertips and dropped it on the box.

After a while, the blood was really fused with the box and disappeared, but the box was still not opened.

"Why isn't this open yet?"The second child of the Jiao tribe looked at Qing'er and then at the box, while Gu Shaoyang and Medusa behind them were very anxious.

"What's inside this box?"Gu Shaoyang watched Medusa ask in secret language, while Medusa pointed to the mural behind her.

Gu Shaoyang looked in the direction of her finger and saw a man holding a box painted on the stone wall, and then He opened the box, and then that person became the king who ruled the whole clan.

However, the mural did not say how to open the box, nor did it say what was inside or how to use it. But what we can know is that the things inside the box Allowing the second child of the Jiao people to gain the position of leader

"No, we can't let them open the box."Gu Shaoyang told Medusa in a secret language, and Medusa didn't think so.

But they had to think carefully. They were not familiar with this place. What if they rashly went out to scare the snake and let the two of them run away? , and Qing'er also knows so many secrets of the snake people.

"You go that way, I'll go this way. The two of us move forward invisibly. We must snatch the box away without them noticing!"

Gu Shaoyang commanded in sign language. Medusa nodded and the two of them took action immediately.

The environment here was complicated. Medusa hid behind the stone after becoming invisible. Her position was relatively close to Qing'er and the second son of the Jiao human tribe:"I'll start with Come on, wait for one of my systems and you come up quickly!"

After talking to Gu Shaoyang, Medusa immediately came forward invisible. However, the box in the Jiao human race old man's hand felt uneasy as if he had some spiritual presence when he felt Medusa's approach, and Medusa's invisibility technique also failed instantly.

Qing'er immediately noticed Medusa's figure. After being surprised for two seconds, she immediately turned around and wanted to run away. Gu Shaoyang caught her immediately when he

saw this. The old man of the Jiao tribe opened the box in his hand when he saw Medusa. , so the second child hugged the box and fled quickly.

Medusa had to cast a spell to block him.

Chapter 954

But Medusa's magic disappeared out of thin air for some reason when it encountered the box, and the second child also escaped smoothly.

"The spell has no effect! Hurry up and catch up!"Gu Shaoyang saw through it immediately, and shouted immediately in order not to let Medusa waste time.

Medusa reacted very quickly, turning into a snake body in three or two steps to catch up, and the second child of the Jiao human race was not far behind, and immediately turned into a snake. The dragon man ran away quickly.

But Medusa was older after all, and her snake body was longer, so she directly used the snake's tail to hold his tail firmly, and then used her strength to throw her body in front of him, blocking him. Gu Shaoyang subdued Qing'er behind him and beat her back to her original shape, shrinking her countless times. In the end, she could only stay in Gu Shaoyang's palm, unable to move.

Gu Shaoyang led her to catch up with Meidu Sha's footsteps, and Medusa had recovered her body at this time. The second child of the Jiao human tribe also looked at Medusa with a defensive look on his face, his eyes rolling around, thinking of a way to escape.

"Don't think about it, you can't run away!"Medusa's spells are in the palm of her hand, and the second child of the dragon tribe was very scared at first, but then he thought that Medusa's spells would disappear immediately if he blocked them with a box, so he held the box in front of his chest.

"Hand over the box quickly! Otherwise, don't blame me for being rude!"

Medusa warned, but the second child of the Jiao Human Race had a smile on his face:"Come on! Is it possible that I am still afraid of you?"

He looked at Medusa provocatively, waiting for her to make a move. Medusa immediately and mercilessly fired out the spells she had gathered in her hands, pointing straight in the direction of the second child.

Watching Medusa The spell of skill was about to fall on the second child, but at the last second he took out the box he had been holding in his hand to block it, and Medusa's spell disappeared in an instant.

"This...what's going on?" Medusa's face was full of shock, while the second child laughed, and the laughter continued to echo in the stone wall cave.

"Don't use spells, just go up and fight melee!" Gu Shaoyang, who was watching the battle from the side, didn't seem to intend to take action. He was guiding Medusa and wanted to observe what the box in his old hand was.

Soon Medusa gave up relying on magic and directly used the stone wall to kick hard. , then flew in front of the second child, and at the same time clenched his hands into fists and smashed him on the head.

Although the second child was not as good as Medusa, he was not bad when it came to actual combat with a sword, so When Medusa's fist hit him, he turned slightly and easily dodged it.

The fist in her hand failed, but Medusa did not give up. She raised her fist again and smashed it in the direction of the dick. This time She learned to be smart.

She punched the second child with her left fist on the right side. When he was hiding to the left, her right fist immediately struck again. The second child could not avoid it, and finally got a severe blow from Medusa. A fist.

After being beaten, the second child was furious. He immediately raised his foot and kicked Medusa hard in the stomach. For a moment, Medusa took no notice and weakly stepped back several steps.

Finally, she pressed against the stone wall with all her strength. Finally stopped, but when Medusa's hands touched the mural again, the feeling of being transmitted power by the mural just appeared again.

Before long, Medusa's whole body turned golden, and the second child had been avoiding it when he saw this scene. He immediately dropped the box in his hand and stretched out his hand to hold Medusa's hand tightly.

But when Gu Shaoyang saw his move, he immediately kicked him away, then picked up the box on the ground and looked at it.

"You are the second child of the Jiao tribe, right? Tell me what this box is. Why can't you help but get close to Medusa after seeing her covered in golden light?"

While Medusa was absorbing the energy in the stone wall, Gu Shaoyang quickly grabbed the Jiao Human Tribe's dick and asked, but he seemed to be crazy, completely ignoring Gu Shaoyang's question, and only wanted to throw himself on Medusa.

Helpless, Gu Shaoyang could only knock him out quickly to prevent him from ruining Medusa's affairs. After all, the energy in this hole is free, and whoever can get it will get it. In this way,

Gu Shaoyang has been guarding Medusa's. He was waiting for her to absorb the energy, but not long after, the originally silent environment suddenly became lively.

Gu Shaoyang strongly felt that there was a strong person coming from outside the cave, so he quickly placed a barrier around Medusa, and then immediately went out to check.

After walking out of the cave, Gu Shaoyang only saw the leader of the Jiao people coming here with his two sons.

"It turns out that the leader of the Jiao people is here. It's a pleasure to meet him!"

After Gu Shaoyang saw the person coming, he casually clenched his fists as a greeting. The leader of the Jiao people was still angry at first, but when he saw that the person inside was Gu Shaoyang, his anger subsided instantly. There was no way, who could make Gu Shaoyang stronger than him? A lot stronger! This world is a law of the jungle, even if he is the leader of a clan, he has to follow it

"Don't dare! Don't dare! It turns out you are here!"

Chapter 955

The leader of the Jiao people was obviously very surprised, but he did not dare to say anything more.

"Since you are the one playing around here, I won't bother you! Please do as you please!"The leader of the Jiao people who originally planned to go in and check it out immediately gave up the idea when he saw Gu Shaoyang. He turned around and was about to leave with his two sons, but just halfway through, he felt the energy in the cave being blocked. Absorption situation.

He turned slightly sideways and found that Gu Shaoyang was standing outside. It couldn't have been done by him. Then there was only one possibility - there was someone in the cave!

After this idea appeared in the mind of the leader of the Jiao people, he immediately turned around and returned. In front of Gu Shaoyang

"Um? Is there anything else you want?"Gu Shaoyang, the leader of the Jiao people, asked in confusion as he watched him return, and he stretched out his finger to point to the place behind him.

"Is there anyone under the cave?"The moment the leader of the Jiao people asked Gu Shaoyang, he felt that all the energy in the cave was about to disappear, and he couldn't help but feel very anxious.

"What's wrong? What's wrong with you?"Compared with the anxious and flustered leader of the Jiao people, Gu Shaoyang looked leisurely.

He played with his clothes and said calmly, but the anxious leader of the Jiao people couldn't care about so much, and without any explanation, he just passed by. Gu Shaoyang wanted to walk towards the cave, but Gu Shaoyang was obviously thinking too much.

He saw Gu Shaoyang gently tiptoeing, and in less than a second, he came to the leader of the Jiao people and blocked his way.

"Where are you going? What to do?"Now it's Gu Shaoyang's turn to ask, but his tone is cold and his momentum is stronger than him, so the leader of the Jiao people can't help but look insignificant.

"Mr. Gu, inside is the treasure of my Jiaoren clan. Now there is something abnormal. Please show your respect and let me check the situation first!"

What the leader of the Jiao people said was very sincere, and it really didn't look like a lie. Indeed, Gu Shaoyang put away his arm that blocked his way, but still followed him in.

When Gu Shaoyang followed the leader of the Jiao people to the stone wall, , he found that the colorful murals around him had now become dull and empty.

The leader of the Jiao people also saw this and couldn't help touching him sadly, but when he actually touched the mural, he was also very surprised.

Gu Shaoyang saw him like this I couldn't help but ask, "What's so special about this mural? There is also a box. Gu

Shaoyang followed suit and took out the box from his arms. When the leader of the Jiao people saw the box, he immediately asked, "May I ask, is the traitor the second child in your hands?"

The leader of the Jiao Human Tribe had already guessed when he saw the box that Gu Shaoyang had no intention of hiding it, so he directly released the second penis.

After he had subdued the second penis before, he made it so small that it could be pinched with one hand. Stay, he will naturally let him go when his father comes.

In this way, it can be regarded as a favor to him, and it will be much easier to ask him for help if there is anything in the future. The leader of the Jiaoren tribe in front of Gu Shaoyang After seeing his dick, he immediately kicked it hard, and then immediately hit the boss Lao San on him. The two people immediately lifted the dick up from the ground.

"This traitor must have done something shameful!" The leader of the Jiao people knows without guessing. He can tell what the second brother did behind his back just by looking at the box in Gu Shaoyang's hand.

Although he will not let him die, he may also lose his position as leader forever. The possibility of choice is because he has evil intentions and takes some evil ways, which is not conducive to development.

"You haven't said what this mural is. Gu

Shaoyang pointed at the mural again and asked. Afterwards, the leader of the Jiao tribe who was still in a hurry to enter the stone wall calmed down after seeing that the color of the mural was dim.

"This mural contains huge energy. It is said that if you get this energy, you can agree that the blood of the Jiao and Snake people must be very pure."

After listening to the leader of the Jiaoren tribe introduce Shibi, he asked again:"Then what's going on with that box? Why did he absorb the skills? The spells have no effect on him at all."

Gu Shaoyang asked very curiously, and the Jiao Ren clan also answered them one by one.

"There is actually nothing in the box, but the box itself is a treasure that collects energy and can be said to be a self-defense weapon."

After listening to the explanation from the leader of the Jiao clan, Gu Shaoyang was completely cleared. And according to what he said, wouldn't Medusa be getting a big advantage!

"Now the color of the mural has dimmed, which proves that this technique has been absorbed by others. I heard that the person who absorbed this technique is the common leader of the Jiao and Snake people."

"Now it seems that a new leader has taken office, and I'm afraid it will be inconvenient for me to stay here any longer."

The leader of the Jiao people said that he was about to leave. Gu Shaoyang didn't know whether he should stop him and not let him go, or send him off respectfully. Just when he was hesitant, Medusa, who had been inside the stone wall, finally appeared..

Chapter 956

When Medusa came out of the cave, her whole body seemed to be coated with a layer of golden light, which was very dazzling. The leader of the Jiao tribe and his two sons beside him were shocked when they saw Medusa's appearance.

"this! this! Big boss!"The eldest and second eldest brother of the Jiao Human Tribe stammered and pointed at Medusa. In addition to surprise, there was also admiration in their eyes.

Medusa tilted her head and looked at them with doubtful eyes, and then the eldest and second child immediately extended their fingers. Withdrawing Medusa's hand, he quickly knelt down towards her.

At this time, the leader of the Jiao clan also quickly bowed down to Medusa: "See the new emperor!"

Medusa was confused when she saw the actions of the three people in front of her. She looked at Hushanxing to get the answer, but Gu Shaoyang was as clueless as she was.

"Get up quickly, what is going on?"

The leader of the Jiao people is the leader of the Jiao people, and Medusa is the leader of the snake people. Although they had the same ancestor before.

But now, the leader of the Jiao people will not act like this after seeing Medusa. This makes She couldn't help but be in a daze

"This is because the hidden power hidden in the stone wall by our ancestors has been obtained by you. In other words, you have become the emperor who leads the two ethnic groups!"

The leader of the Jiao tribe patiently explained, and Medusa slowly came out of the shock and gradually accepted the reality.

I didn't expect that investigating the ghost would actually increase the burden on me. Although my skills have been improved, There has been a huge improvement, but I don't know whether it is a good thing or a bad thing.

Medusa thought silently in her heart, but Gu Shaoyang looked cold. Now that the inner ghost has been found, Medusa can lead the two ethnic groups. There will be no war.

Now all he has to do is sign a peace agreement with the Winged Bird Tribe, and then he can leave here and do his own thing.

"Okay, let's move on to the snake people and explain it slowly." At this time, they were all in the suburbs, so Medusa suggested changing places.

Gu Shaoyang was also preparing to go to the Winged Bird Tribe to handle the contract while Medusa was talking to the leader of the Jiao Tribe, so they divided their forces. Two ways, start separately

"Let's meet at the Snake Tribe then. I'll come as soon as I can." The sky was gradually getting brighter. Gu Shaoyang was ready to solve the matter before dawn, so he went very quickly on the way to play with the Winged Bird Clan. Not long after, Gu Shaoyang appeared at the door of the Winged Bird Clan. He had always been there before. He entered directly.

But now that the Winged Bird Clan has a leader, he no longer represents the Winged Bird Clan, so he has become much more restrained in his actions.

"leader! Master Gu is here!" Gu Shaoyang was quietly waiting outside the door, waiting for them to communicate. At this time, Vigo was still snoring on the bed.

He was busy until late at night again last night. Since he took over the Wing He never had a good night's sleep after the incident with the Bird Clan.

The previous leader really caused too much trouble, and he had to solve it slowly one by one. He finally understood why Gu Shaoyang asked him to be the leader instead of letting him be the leader. Yilong and Lingyun assisted him.

Because he has a calmer personality and better patience, he will handle all matters in the clan very seriously and will not lose his temper.

"Hurry and invite Mr. Gu in, I'll be out right away!" When Vigo was woken up in the room, he immediately struggled to get up from the bed, and Gu Shaoyang also came to the living room to wait. Not long after, he came to the living room without success.

Gu Shaoyang was seen sitting in the guest's seat, giving the main seat to Vigo. After Vigo came to the living room, he did not sit in the main seat. Instead, he sat in the guest seat like Gu Shaoyang, sitting on an equal footing with him.

"Master Gu is here at this time? Is there anything important?" Vigo was too busy. He originally planned to make a friendly agreement with the snake body clan before going, but he didn't expect Gu Shaoyang to come to him first.

"It's nothing big, it's just that I have already written a friendly contract between the Winged Bird Clan and the Snake Man Clan, and I came here to sign it with you."

After saying that, he took out the contract directly, and Vigo quickly took it.

Although Gu Shaoyang considered everything for the Winged Bird Tribe before, now he represents the Snake Tribe after all, so Vigo is still very worried after the contract. After checking carefully.

After confirming that it was a contract that was beneficial to both groups, Vigo officially signed the contract on behalf of the Winged Bird Clan and the Snake Man Clan.

"I hope that both of us can maintain peace forever and not invade each other!" After it was over, Vigo took the initiative to reach out and hold Gu Shaoyang's hand as a sign of friendship, and Gu Shaoyang did not avoid it.

"Very good. The Winged Bird Clan can get better and better under your leadership, so I can leave with peace of mind."

Gu Shaoyang was very pleased, but Vigo was shocked when he heard the news that Gu Shaoyang was leaving.

"leave? Where are you going, Mr. Gu? Vigo asked quickly, but Gu Shaoyang only felt that he was making a fuss.

"I just want to find what I like."

Chapter 957

Gu Shaoyang said with a faint smile, after all, this is the territory of the Snake Tribe, the Jiao Tribe and the Winged Bird Tribe. It would be pointless for him, a human, to be here guarding them all the time. He himself also has things he likes and wants to do.

So after he helped them handle things, it was time to leave.

"Don't worry, I'll come back to see you when I have time. I just want to do what I like." Looking at Vigo's face full of reluctance, Gu Shaoyang explained to him as if comforting a child.

"Then why did you leave?" Confirmed that Gu Shaoyang really wanted to leave, Vigo didn't stop him. After all, he knew that they couldn't stop what Gu Shaoyang wanted to do.

Since they couldn't stop him, they might as well respect him and support him, but he still wanted to know his purpose. Where is the land? Is there still a time to return?

"Travel around and look for treasures." Gu Shaoyang's eyes were shining with stars, full of longing for the future. Vigo also knew about the third key before, so he could probably guess it.

"Okay, we, the Winged Bird Clan, will definitely practice it for you when the time comes!" After chatting with Gu Shaoyang for a while, Vigo bowed deeply towards Gu Shaoyang. When he got up, he had disappeared. After leaving the Winged Bird Clan, Gu Shaoyang went directly to the Snake Clan. At this time, Jiao The leader of the human race has explained the matter clearly to Medusa

"Then take a look and see if this person is your second son?"

When Gu Shaoyang arrived, he saw the figure of the second son of the Jiao people kneeling in front of Medusa and the leader of the Jiao people who they were following together. The leader of the Jiao people carefully identified the people on the ground with a face of shame. His appearance was obviously not surprising, indicating that he had actually developed a long time ago, but it has never been exposed.

"The dog is unfilial! It's my dick!" The leader of the Jiao people looked ashamed. Gu Shaoyang sat next to Medusa and waited for the conversation between Medusa and the leader of the Jiao people.

"Speaking of which, I have to thank him. If it weren't for him, I might not have been able to obtain this hidden power."

Medusa stared at him solemnly, and then she released Qing'er, who had been waiting beside her.

"To be honest, I was also wrong. There was someone around me who was colluding with your dick, otherwise he wouldn't have known about the snake people so easily."

Medusa was very angry when she said this, because she trusted Qing'er very much, but she didn't expect her to treat her as a confidant, but she wanted her Ming to occupy her position!

Qing'er was let go by Medusa After coming out, he kept his head buried and didn't dare to look at her. The leader of the Jiao tribe looked at Medusa like this and couldn't tell what she was thinking.

"Emperor, tell me how you want to deal with it. It is my fault that the dog is unfilial!"

The leader of the Jiao people was so frightened that the beads of sweat on his forehead had gathered densely, slowly falling to the ground one by one.

"It's okay, I don't want to take care of your son, just take it back and discipline it yourself, but Qing'er! I usually treat you well, why on earth would you treat me like this!"

Medusa couldn't figure it out no matter what. Although she already had a rough guess in her mind, she still couldn't help but want to ask her for a specific answer or a specific explanation.

Or maybe she actually wanted to hear Qing'erhu She made up an excuse, and then she wanted to forgive all her sins.

At this time, Medusa's heart was confused, and Qing'er was very scared at this time.

But the more this seemed to happen, the more relaxed Qing'er felt. , because she has been impressed by Medusa for so long, she has been holding it in for too long!

Today she can finally relax, no longer worry about being discovered, and express her inner thoughts happily.

"Hahahaha... Actually you know everything, but you don't want to believe it!"

"I've been with you for so long! I cry with you, laugh with you, and stay with you in the lonely heights. Because of this, you gave me a lot of rights."

Qing'er said with tears in her eyes, Medusa also listened quietly, her thoughts seemed to return to their past.

When the two girls just got together, Medusa was not the leader. time, but now everything has changed like a passing cloud.

"You think that if you give me the right, I will be more devoted to you, but you are wrong! The more rights you give me, the more greedy I will be! The more I want!"

"So I took a fancy to your position! We are all snake people! Why can you be the leader but I can't! I have been with you for so long, and I know how to handle things this way without you telling me!"

Listening to Qing'er's words, Medusa suddenly understood that people's desires are so greedy. She gave her everything she thought was good, fearing that she would be bullied! But she didn't expect that she would slowly change into a different person!

This After all, it seems that it is all because of her that Qing'er is like this, and it is all because of her that created today's situation!

Chapter 958

"I didn't expect that it was all because of me! But don't you know that treason is a grave sin?" Medusa was heartbroken and couldn't help but shed painful tears when she saw Qing'er.

But Qing'er laughed loudly, without the slightest hint of regret in her words: "A big sin? It would be a grave sin to be discovered by you now, what if it wasn't!"

Qing'er said and looked at the second child of the Jiao people, the person who planned with her: "What if my plan with him succeeds today! Then the person sitting on it at this moment is me! Not you!"

Qing'er stared at the seat under Medusa's butt with more and more desire, and looking at her look, Medusa became more and more distressed.

Gu Shaoyang on the side saw Medusa's look and was not comforted, because some Pain, there are some roads that she must walk by herself. Although he can help her make better decisions, he cannot help her bear the pain deep in her heart, so she must be allowed to be a bad person by herself and understand that some people Not worthy of your forgiveness!

"You still don't know how to repent!" Medusa's eyes suddenly shone with golden light as she spoke, making people want to look more carefully at the depth in her eyes.

But anyone who knows Medusa knows that if anyone looks into her eyes now, they will Turned into a stone sculpture, he can never return to adulthood.

Therefore, the leader of the Jiao tribe immediately covered his and his three sons' eyes after noticing Medusa's spell.

Although Medusa's spell is powerful, for Gu Shaoyang it is It didn't work, so he just bowed his head and drank tea.

After a while, when everyone raised their eyes again, Qing'er who was kneeling on the ground turned into a stone sculpture, and her hand was still stretched out in the air. , trying to grab the table corner of the leader's throne

"Emperor! The dog is unfilial, but please show mercy!"When the leader of the Jiaoren clan saw Qing'er's fate, he immediately knelt down and begged Medusa. The eldest and the third child also kowtowed. The second child on the side showed tears of regret when he saw his father and brother begging for mercy.

"Father! What are you doing! I am responsible for all my work!"

The second child doesn't want to see his father begging for him. The leader of the Jiao people has always been his very proud father. He only wants to be him, but he forgets that they are also a father and son.

"okay! I said that my son is in charge of himself. Although I am the new emperor, the ceremony has not been held yet, so I can't count."

"Now the Jiao Human Clan and the Snake Human Clan are still merged, and everyone is minding their own business. We just hope that nothing like this happens again."

Medusa calmed down and said slowly. After getting her consent, the leader of the Jiao tribe quickly left with his three sons, for fear that she would kill his sons if she was unhappy.

"Congratulations on becoming the new emperor."After the leader of the Jiao tribe left, Gu Shaoyang conjured up three or two jugs of good wine, so that he could not get drunk with her until he returned.

It just so happened that Medusa needed some wine to stimulate her current situation.

"Hahaha! I personally killed the person who had been with me for so many years! I really am! What a cruel heart!"

After a few glasses of wine, Medusa took advantage of the wine to have fun. Gu Shaoyang sat on the chair and quietly looked at her with his head propped up. This was not the first time he drank with Medusa. He knew her drinking capacity. Now The few glasses of wine she received were not even appetizers. Her reaction now must be that she was really hurt.

"Hurry up and have a drink, let the past pass by! Why are you acting like a bitch now?"Gu Shaoyang pulled Medusa to sit on a chair, then filled her up with wine and drank it all in one gulp.

Just like that, two people, you have one drink and I have one. We go back and forth for who knows how long, and we all drink it in one drink. It was early in the morning.

After dawn, Gu Shaoyang was still awake. Medusa, who had had enough fun, had already entered a deep sleep. In order to let her have a good sleep, Gu Shaoyang carried her to the bed, tidied the room, and finally exited carefully.

Arriving. It was sunny and windy outside, and he was in a very happy mood

"The weather is nice today! Very suitable for taking on the road!"The matter has been settled, and his departure can be put on the agenda. He hates the scene of separation the most, so he decided to leave without saying goodbye!

Turning around, Gu Shaoyang looked at Medusa's room, and finally smiled meaningfully. , waved to her as a farewell, and then turned and left.

Not long after, he left the Snake Clan. He came to the door of the Winged Bird Clan and did not go in. He just stood on a tall tree and looked at it, and then He waved vigorously at the Winged Bird Tribe and turned to leave.

His farewell was simple but very forceful. They might not know it, but they would definitely remember it.

Finally, Gu Shaoyang left his friends and was alone again. On the road, you can't help but feel a little lonely, but life is like this sometimes.

There are reunions and partings. People can't live with friends and family all the time. There will always be a time to part ways and go out alone. This is an inevitable experience, the process of.

Chapter 959

Gu Shaoyang strolled on the road admiring the beautiful scenery around him. Although he could fly, he really didn't want to let the spell break in such a beautiful and quiet place.

So he chose the most primitive way, walking on his own legs. He had not enjoyed this for a long time.

Walking on one's own legs is torture for some people, but for Gu Shaoyang, it is indeed a rare enjoyment.

He is very busy every day. He is so busy that he has to get to a certain place as soon as possible. His mental attention is always tense, but now he can finally take some time off.

He finally has time to do the things he likes, and finally he can slow down and let himself slowly feel the passage of time.

At this time, Vigo and Medusa, who were in the Winged Bird Tribe and the Snake Tribe, didn't know that Gu Shaoyang had left. They were preparing to prepare a farewell party for him so that he could leave happily.

"You guys take care of this place later. Mr. Gu is about to leave, so let's put it into practice for him."

In the Winged Bird Clan at this time, Vigo was hurriedly dealing with the matters at hand before he had even finished dealing with them, just so that Gu Shaoyang could feel warm and happy when he entered the Winged Bird Clan again.

"okay! This is it for now, you can arrange the rest, be sure to be careful!"Viggo supervises the work all the time. The members of the Winged Bird Clan are also very grateful to Gu Shaoyang, so they work very hard and seriously."

"When will Master Gu leave?"Some curious and reluctant Winged Bird tribe members asked Vigo, but he didn't know the specific time.

"You can ask Mr. Gu yourself when the time comes. I'm not sure. He just said he would finish the matter and leave, but we don't know how many things he has. Vigo replied helplessly, and finally returned to the room to continue dealing with his affairs. Looking at the things waiting for him to deal with one by one on the table, he suddenly understood why Gu Shaoyang was unwilling to be the leader.

He should be a person who yearns for freedom. People who are so willing to be trapped by these trivial things.

On the other side, when Vigo was already working seriously, the hungover Medusa slowly woke up from her sleep.

She rubbed She shook her head hard, and she could probably recall the scene of toasting with Gu Shaoyang the night before.

But after a few glasses of wine, her subsequent memories seemed to have disappeared in half, leaving her to recall however she wanted. Can't even remember

"Gu Shaoyang?" Medusa wanted to know how drunk she was last night and couldn't help calling, but she didn't have any worries.

"Where has this person gone? Went out to play?" At this time, Medusa didn't realize that he had left, because the matter had just been dealt with, and she thought he would treat him for a while. At this time, even though Gu Shaoyang was walking, he was already in a hurry. Medusa and Wei Guo's group is far away.

Although he is walking, his Dantian internal energy is very strong, so he will not feel tired at all when walking.

"The air outside is still very good!" Gu Shaoyang's trip is not aimless. He is now running towards the snow-capped mountains, which is the direction of the fourth key. It is rumored that the fourth key is on the snow-capped mountains, but the snow-capped mountains are covered with snow. Because the light is too white, It is especially easy for people to go blind, and many people have become blind after going to the snow-capped mountains.

Not only that, there are rumors on the snow-capped mountains that there are snow monsters and snow women. They are the inheritors of the fourth key, and there has never been one for thousands of years. People walk out alive from their hands.

There are only a handful of people who go up to the snow mountain and leave alive, so the snow mountain is also called the man-eating mountain.

In this way, Gu Shaoyang kept walking, from day to night, halfway through. He spent the whole time traveling around the mountains and rivers without rest, and Medusa also noticed his departure.

"Have you seen Mr. Gu today?" Medusa asked the waiters, but the answers they all received were the same.

"I haven't seen Mr. Gu today. I just saw him last night when you were drinking with him."

A female snake-woman stood respectfully beside Medusa and responded. Medusa frowned after hearing this: This man won't leave secretly without saying goodbye!

No! I have to find it! Why? Can she leave without saying goodbye again!

The last time Gu Shaoyang disappeared, he was silent, and this time he seemed to be the same, which made Medusa feel a little resentful.

After leaving the Snake Clan, Medusa went straight to the Winged Bird Clan, and this time she It's not to explore the terrain, let alone a sneak attack, but to look for the leader of the Winged Bird Tribe openly and honestly.

"Have you seen Gu Shaoyang?" Medusa couldn't wait to ask after seeing the leader of the Winged Bird Clan, but Vigo was even more confused when he heard Medusa's question.

Gu Shaoyang? Master Gu? What's wrong with him? Something happened?

"What happened to Mr. Gu?" Vigo asked Medusa to sit down, and then slowly asked.

Chapter 960

"Is he here with you?" Medusa rarely explained to him. She just repeated her questions over and over again. In the end, Vigo could only respond.

"Not here, he left before and never came again."

After Vigo answered in a daze, Medusa immediately held her forehead helplessly after hearing this: "Him! Maybe he left without saying goodbye!"

"ah! Leave without saying goodbye! This... can't be the case!" Vigo was surprised when he heard Medusa's guess, because he had already started to order the tribe to dress up, but he didn't expect that Gu Shaoyang was gone.

"What if he just went somewhere to enjoy the mountains and rivers?" Vigo persisted in his guess, but Medusa immediately shattered his guess in the next second.

"I established secret language communication with him. This communication must be within the established scope of both parties, but now it is gone!"

"This means that he is no longer around here, and has probably left, so I made this guess."

Medusa's senses are very sensitive and unmistakable. After hearing this, Vigo was stunned for a while, and then sat directly on the stool.

"He probably doesn't like the scene of separation, it doesn't matter, he will come back eventually, we can wait for him."

Now that things are like this, Vigo comforted Medusa and asked her to calm down so that she can be happy and healthy.

"He is such a character! never mind! Leave it to him! He always comes back when he wants to!"

Medusa patted her legs and stood up to leave. Vigo immediately stood up when he saw this. Even though he is now the leader of a group, he still maintains due respect for Medusa. Send

Medusa away After leaving, Vigo could only continue to deal with the affairs in the tribe, but the decorations in the tribe on Medusa were not dismantled. Because she was about to inherit the new emperor, she needed rituals and logic, which was to save face. Therefore, the previous costumes were retained.

Medusa's ceremony soon came. She accepted the worship of people from the two ethnic groups and accepted many different kinds of congratulations. She was very busy on this day.

In Medusa's ceremony Qiang Qiang kept smiling all day long, but when the crowd dispersed and she was left alone, she looked cold.

In fact, she didn't want to hide her true emotions, and she didn't want to hold a ceremony, even more. She didn't want to be the new emperor, but the hot potato was thrown into her hands, and she had no choice.

If she could, she would like to be like Gu Shaoyang, go sightseeing and enjoy the scenery without any burden, relaxed and comfortable.

When Gu Shaoyang The appearance is probably something she has never been able to achieve.

Gu Shaoyang, who was envied by Medusa on the other side, found some wild fruits in the forest, wiped them on his clothes casually and stuffed them into his mouth.

It was getting late, he He originally wanted to stay in the forest for one night before continuing on his journey the next day, but when he flew to a high place and looked at the snow-capped mountains, he found that there were many small black spots near the snow-capped mountains.

It looked like there were many people under the snow-capped mountains. Just like that, he was assured that the fourth key would fall into the hands of others, so Gu Shaoyang stayed up and flew to the snowy mountains.

Although he seemed to be very close to the snowy mountains when he flew into the sky, when he was actually flying, the distance was 100,000 kilometers longer. Eight thousand miles, it took him three days and three nights to arrive at the foot of the snow mountain.

If he could fly directly to the snow mountain according to Shaoyang's cultivation level, it would not be a problem at all, but the magnetic field around the snow mountain was very strange, and any flying Nothing like this can exist on a snow-capped mountain, as if something is forcing the two of them to pull it down. Therefore, many people fly to the foot of the snow-capped mountain and have to land, otherwise they will still fall if they really fall from the sky. It was very painful.

Gu Shaoyang approached the snow mountain step by step. When he got closer, he found that there were many people nearby. Some even set up tents and planned to live nearby for a long time.

Seeing this phenomenon, Gu Shaoyang He couldn't help but stepped forward and asked curiously: "Excuse me, why do you want to build a small house here one by one and arrange so many rooms?"

Gu Shaoyang pointed at the house behind him and asked in confusion, but the man looked at Gu Shaoyang as if he was an idiot.

"Of course it is to be able to go to the snowy mountains generation after generation! Otherwise, do you think you can climb this snow-capped mountain to the top in one go?"

After Gu Shaoyang said that in front of him, he turned around and ignored him. Gu Shaoyang didn't have the nerve to ask again. There are not a few houses built under the snow mountain, which means that many people want to climb the snow mountain, even if it may be impossible. They were not willing to give up even if people lost their lives.

And they seemed to be very determined. Seeing them working so hard and starting to climb as soon as they had time to rest for a while, Gu Shaoyang couldn't help but reflect on himself.

He was full of energy and had poor cultivation. Low, but he was not as diligent as them. He immediately climbed up as soon as he arrived at the foot of the snow mountain.

I saw Gu Shaoyang walking around at the foot of the snow mountain to check the situation.
