

Jorge had thought that perhaps Caleb had rushed over to Celeste simply because of his professional instincts.

However, after following him over, the excessive concern and worry in Caleb's eyes and the way his attention remained fixed on Celeste made it clear that he had not been mistaken.

The person Caleb liked was indeed Celeste.

Xavier was still completely stunned. He never would have imagined that the person Caleb liked was Celeste.

After recovering from the shock, he became anxious. "How could you possibly like her? Caleb, do you even know what kind of person she is? She "

Before he could finish, Caleb interrupted him. "I know. Actually, I know her better than you do."

He understood why they were reacting so strongly. "I know what you're going to say, but there must have been some misunderstanding about what happened before."

Celeste's character was absolutely trustworthy. He trusted what he had seen with his own eyes.

In his view, Celeste was an exceptionally genuine and sincere person.

Besides, if Celeste truly had problems with her character, how could his father, Theodore, Kael, Rowan, and the others all think so highly of her? How could there be such a huge misunderstanding?

But in Xavier's eyes, this was completely different.

Not only had Celeste deliberately targeted Wynn, but now she was also getting involved with someone else's boyfriend!

To Xavier, Celeste was someone who appeared gentle and well-behaved on the surface, but was actually a woman with a terrible personality-someone who enjoyed excitement and had no restraint when it came to relationships.

He was genuinely worried that Caleb would continue being deceived by Celeste.

So, he hurriedly said, "That's not all she did! You don't know what kind of person she really is. She's extremely two-faced, and her private life is a mess! Before, when Jorge and I told you we saw Tr—"

Before he could finish, someone suddenly interrupted them. "What are you guys talking about?"

Someone had come over to greet Caleb.

The words stuck in Xavier's throat.

Caleb had not expected Xavier to speak about Celeste that way. He froze for a moment.

Xavier had grown up with him, so Caleb knew very well that he wasn't someone who would casually spread rumors or make accusations without reason content

Seeing the questioning look in Caleb's eyes, Xavier raised his hand and made a swearing gesture, showing that he truly wasn't making things up.

He had evidence that was why he dared to say it. However, with other people present, he couldn't explain everything directly.

Afterward, he glanced at Jorge.

Jorge pressed his lips together and silently nodded.

The reason he hadn't spoken earlier was that Xavier had already said everything he wanted to say.

More importantly, since this involved Wynn, he was worried that if he

personally explained it to Caleb, he

UM

might create a conflict between them.

Caleb frowned slightly.

it

Seeing his expression, Xavier and Jorge immediately understood.

Caleb still believed in Celeste.

Jorge's expression completely turned cold. In a low voice, he said, "I'll show you the evidence later."

Xavier immediately nodded in agreement.

Caleb remained silent.

At that moment, the person who had come over to find Caleb looked at the three of

them and hesitated. "Looks like I came at a bad time?"

Caleb forced out a smile. "No. Mr. Milton, did you need something?"

Watching Caleb, Xavier covered his chest dramatically and leaned toward Jorge, whispering "Just when I'm getting to the important part... I'm dying here."

Jorge was in a bad mood and didn't respond.

Xavier thought for a moment, then glanced toward Celeste.

Suddenly, he said, "Something's strange though... Why did Caleb say Celeste is married?"
