

At this point, just like many others at the scene, they finally understood the true relationship between Celeste and Trevor.

However, Quentin stood frozen in place after realizing this.

Celeste was actually Trevor's ex-wife? How was that possible?

...

After finally recovering from the shocking revelation that Trevor's daughter's mother was actually Celeste, Jorge and Xavier immediately realized the truth about Celeste and Trevor's relationship as well.

But just like Quentin, they were even more confused.

Xavier was completely dumbfounded. "T-This... who could have expected this? There was absolutely no sign of it, looking at the way they interacted.

"No wonder Matthias didn't react at all when we sent those photos to him. So, it turns out..."

He was so shocked that he no longer knew how to describe his feelings.

Jorge didn't say anything. But his reaction was almost the same as Xavier's. He also never would have imagined that Celeste was Trevor's ex-wife.

Because from the way the two of them usually interacted, there was absolutely nothing that suggested they had such a connection.

While everyone was still trapped in shock and unable to recover, Matthias curled his lips into a smile. He raised his head and looked at Quentin. "So, Mr. Yallop, do you have anything you want to say?"

The moment Matthias spoke, the entire banquet hall instantly fell silent.

Quentin froze. After all, he was still overwhelmed by the shock. However...

He looked at Celeste and pursed his lips. Although Celeste was Trevor's ex-wife, that didn't change the fact that—

At that moment, Wynn suddenly spoke gently. "Mr. Yoder, this matter was indeed my senior's fault. I apologize to you on his behalf."

She was also still shocked by Jordyn's sudden appearance. But she had noticed that many people now believed Celeste was Trevor's ex-wife.

She knew this was an excellent opportunity to salvage the situation. If everything that happened tonight stopped here, then she would-

Matthias smiled. But his tone was far from polite when he spoke. "Ms. Locket, I am speaking with Mr. Yallop. Please show some manners and don't interrupt. Can you do that?"

How could Wynn possibly stop?

She smiled. "Mr. Yoder, this matter started because of me—"

Matthias let out a cold laugh. He glanced at her and couldn't be bothered to continue wasting time with her.

Instead, he looked directly at Quentin. "So? Mr. Yallop, are you not going to say anything? Are you planning to let a woman speak for you?"

Wynn's expression changed slightly. She pressed her lips together and took a deep breath. Then she looked at Quentin. "Mr. Quentin..."

Quentin could clearly sense that Matthias looked down on Wynn. Seeing this, his expression turned cold again.

When Wynn tried to speak to him, he raised his hand, signaling that he would handle everything.

Then he looked at Matthias and

Celeste, His voice was cold when he

spoke. Mr. Yoder, everything on the

screen... That was indeed mo

mistake.

"I didn't know Ms. Rodriguez was Mr. Fleming's ex-wife, but regarding the fact that

she repeatedly targeted my junior... I don't think "

While he was speaking, the other guests finally reacted.

"So, Celeste targeted Wynn because she was jealous of her?"

"She deliberately went after her because of Trevor?"

"She was jealous of Ms. Locket?"

It wasn't just them. Xavier and Jorge also came to the same conclusion.

Xavier couldn't help saying, "Could it be that she still hasn't moved on from Trevor? So she deliberately targeted Ms. Locket because she was jealous of her?"

Jorge had already recovered somewhat from the shock.

Hearing this, he glanced calmly toward Celeste. But deep down, he actually agreed

with Xavier's assumption.

Just as everyone was discussing

among themselves, Matthias let out

a cold faugh. Before Quentin could

finish speaking, he directly interrupted him.

"Ex-wife?

"Mr. Yallop, who told you that they are exes? As far as I know, they still haven't divorced."
