

Beasts 161

Chapter 161: Guard Selection Meeting! !

Two figures passed through the blue fog and layers of confusion. They stood on the boundless sea like immortals.

One of them was wearing a gray robe, had a big belly, and was barefooted. However, his feet were as big as a basin. A wine gourd hung from his waist.

The other person had a delicate and pretty appearance, similar to Di Wu Zheng's beauty.

However, he gave off the feeling that he was hiding a knife in his show.

It was dangerous! Like a poisonous snake!

In his hand, he held a flower of ten colors and placed it on his nose, intoxicated.

"I've returned to the familiar Tian Yuan Continent. However, these ants probably don't remember my domineering name anymore!"

"Don't you think so, Yin Jiufeng?"

The Barefoot Emperor looked at Yin Jiufeng. When he saw a gust of wind blowing past, he subconsciously moved further away.

Yin Jiufeng was a famous Poison Emperor. That ten-colored petal was extremely dangerous.

“I want to return to my Holy Land first to pay my respects to the ancient people. At the same time, I want to see where those juniors have fallen to.”

After Yin Jiufeng finished speaking, he disappeared like a light ghost.

“Eh, this person is like a sissy!”

The Barefoot Emperor watched Yin Jiufeng leave. He picked up the wine gourd at his waist and took a sip. Then, he said to the void,

“Don’t worry, I, the barefoot emperor, will keep my word. I’ll help you kill that person!”

In the courtyard.

Lin Ruomiao woke up, but her eyes were empty and her mind was distracted. She sat in the room as if she had lost her mind.

He only muttered, “Why?”

It was as if he was in a daze.

Xiao Changtian looked at Lin Ruomiao and could only wait for her to slowly recover. After all, his family had been destroyed overnight and he had lost everything.

Anyone would have gone crazy.

However, this matter had something to do with him.

The person who secretly harmed her wanted to kill her, so she went to Lin Ruomiao.

During this period of time, he would let Lin Ruomiao slowly recover in his courtyard.

As for the matter of hiring security guards, Immortal Da Yang had already replied to him this morning, telling him that he could pay the money this morning.

“Daoist Big Sun is quite efficient. You must thank him properly and give him a few more paintings.”

As Xiao Changtian thought about it, he came to the courtyard and picked up the Phoenix Feather Brush. He started to write on the paper again. The brush moved like dragons and snakes, and a few wild cursive strokes appeared on the paper.

At the same time, he recalled that when the enlightened person of the Great Sun was fighting with the expert from the Heavenly Sun Sect of the Victorious East Continent, a sun seemed to have risen behind him.

Xiao Changtian created another picture of the rising sun!

“Jiu ‘er, accompany me to the Great Sun Sect.” Xiao Changtian asked Mu Jiu Huang to bring a few paintings with her. Cheng Yang was already waiting outside the door.

“Senior, Master told me to wait here.” Cheng Yang was extremely respectful.

Xiao Changtian nodded and boarded the spirit ship again. Not long after, they arrived at the Great Sun Sect.

“Brother Big Sun, let me tell you, my family has a high-grade purple jade that can absorb the Yang qi of heaven and earth to help you break through.”

“Big Brother Big Sun, why do you want purple jade? I have a spirit vein here! As long as you recommend me, I’ll immediately offer you a hundred spirit meridians!”

“Hmph, you people are just trying to bribe Perfected Great Sun. How vulgar. Old Brother Great Sun, given our relationship, I brought you a ten-thousand-year-old Ardent Yang Fruit! Quickly accept it.”

A group of people surrounded the Great Sun Immortal and chattered.

The previous sect leaders all wanted to be Xiao Changtian’s guards.

However, they were all eliminated by the Great Sun Immortal.

The reason was that he had previously acted as a mortal, and now he was acting as an immortal cultivator, which would make the senior unhappy.

Therefore, the people in the Great Sun Sect were either the Vice Sect Leaders or the Great Elders.

As long as they could arrive, they were all experts with a cultivation level of the seventh level of the Tribulation Transcendence realm or above.

“Silence!”

Being surrounded by the crowd, Daoist Big Sun felt his head buzzing.

Everything would have to wait for Senior’s judgment.

“Take the seniors and wait there.”The Great Sun Immortal instructed his disciples.

“Seniors, please.” The disciples of the Great Sun Sect spoke respectfully to the expert who was going through the tribulation.

“Aiyo, little brother, your bones are amazing. I have a Dragon Marrow Pill here. Quickly take it. It can help you break through!”

“Little brother, you haven’t found a Dao-companion yet, right? Let me introduce one to you.”

“Take this spirit vein, your future will be boundless.”

“This is the cultivation technique of a first rank sect. I don’t teach it to outsiders.”

“Senior, this is your painting of a beautiful lady...”

“Oh, oh, oh, I took the wrong one. This is the one. Quickly take it.”

When the experts saw that they could not bribe the Great Sun Sect’s Perfected One, they started to bribe the disciples of the Great Sun Sect.

Those disciples wanted to refuse, but they were directly forced to accept by the tribulation transcending expert.

“Senior has arrived!”

Suddenly, a voice sounded. Everyone saw Xiao Changtian who was descending from the spirit ship.

“Senior, choose me as your guard!”

“Senior, I’m very fierce. I guarantee that not even a mosquito can fly in.”

“Senior, not only can I guarantee that mosquitoes won’t fly in, I can also warm your bed!”

“Senior, choose me...”

The crowd was like a tidal wave of graduates looking for a job. They were all holding their hands high.

Xiao Changtian was speechless. Why did cultivators call him senior?

Could it be that even Immortal Cultivators would lose their jobs?

Even an immortal cultivator had been involved to this extent. The inner scroll was really terrifying...

Xiao Changtian rode the spirit ship and landed in the direction of the Great Sun Immortal.

"Look, these are all powerful Immortal Cultivators. Their strength is above mine." The Great Sun Immortal said respectfully to Xiao Changtian.

"Sure," Xiao Changtian nodded.

Anyone with the strength of the Great Sun Immortal was very powerful.

He did not expect that there were actually so many people, all of whom were above Daoist Big Sun. He simply could not believe it!

"However, I don't need so many guards. At most, four will be enough." Xiao Changtian said lightly.

The price of a powerful Immortal Cultivator was definitely not cheap!

There was no need for so many people to protect him at the same time, and he did not have that much money!

"Then, let's begin the selection. What do you think? We can select the strongest four from so many people?" The Great Sun Immortal asked in puzzlement.

“Sure.”

Xiao Changtian nodded. This was a good idea.

Upon hearing the word “screening”, everyone present was instantly excited. This was a competition of strength, and no one was afraid!

“However, the selection needs to set a rule. The elders will be in one group, the females in one group, and the rest in one group!”

Xiao Changtian said lightly.

The grouping was very important. He felt that these four guards should be more balanced. They should be older and more experienced. The female guards should have sharper senses. The remaining two should be stronger...

He had always said that when he watched movies and TV shows on Planet Blue..

Chapter 162: One Book per Person, I'll Let You Kill

Time!_i

All the Immortal Cultivators present lined up and divided into four groups according to Xiao Changtian's request!

“Senior, should we let them fight next?”

The Great Sun Immortal asked.

The Vice Sect Leaders and Great Elders were rubbing their fists. Some of them had even taken out pills, spiritual treasures, and swords.

“There’s no need. Everyone here is a powerful Immortal Cultivator. There’s no need to fight.”

“Then let’s choose randomly.”

Xiao Changtian picked up a light sword in front of him and placed it on the ground. He rotated it casually, choosing whoever the tip of the sword touched.

A total of four times, Xiao Changtian chose four people from the three groups.

The older group was the deputy pavilion master of the Heaven Secrets Pavilion in the Central Heaven Continent, Mo Shengu!

The women’s team was the deputy leader of Nine Yin Gate, Yin Jiangyun!

One of the remaining two was the vice sect leader of the Wind Lightning Sect, Gan Tianlei! The other was the head of Nebula Sect, Renxing Tianzi!

“Alright, just the four of you.” Xiao Changtian said lightly.

“Yes, sir!”

The four of them were overjoyed. It was a supreme opportunity for them to become senior’s guards. They could not ask for it!

The remaining experts all felt pity.

After choosing the guard, Xiao Changtian naturally expressed his gratitude to the Great Sun Immortal.

If it weren't for the Great Sun Immortal, how could there be so many Immortal Cultivators guarding his courtyard?

"Perfected Great Sun, these are a few paintings." Xiao Changtian said indifferently as he gestured for Jiu'er to hand over the painting.

"Yes."

The Great Sun Immortal's face lit up and he hurriedly accepted it.

Senior was generous, giving him a few paintings as soon as he made a move.

Senior's previous Nanming Primordial Fire Painting was already heaven-defying, let alone these few paintings in front of him...

Daoist Dayang was ecstatic.

As for Mo Shengu, Yin Jiangyun, Gan Tianlei, and Xing Tianzi, who were chosen to be guards, they all looked forward to it.

As long as he guarded the courtyard for Senior, he could also obtain the reward given by Senior.

"The four of you, let's go." Xiao Changtian looked at Xing Tianzi and the other three and said lightly. Then, he brought the four back to the courtyard and began to discuss the matter of wages.

Heartache.jpg

As Xiao Changtian and the others left, the experts present stared at the paintings in the hands of the Great Sun Immortal like wolves and tigers.

“Perfected Great Sun, I haven’t gotten married yet today. It’s just 30,000 years. If you don’t mind, let’s become Dao companions!”

A beautiful expert at the seventh level of the Tribulation Transcendence Realm was the first to stand up.

” Third year female student, carry a gold brick. Third year female student, rank among the 3,000 celestials. Perfected Great Sun, find someone like me who has lived for 3,000 years. I guarantee that you will be like a deity in the future...” One by one, the beautiful experts pounced towards the Great Sun Immortal.

The group of male cultivators at the side were envious. It was good to have a good relationship with a senior...

Single dog crying o()o!

Xiao Changtian didn’t know about this.

Back in the courtyard, Mo Shengu, Xing Tianzi, Yin Jiangyun, and Gan Tianlei sat on the stone bench, not daring to move.

They saw several powerful auras staring at them.

There was a Black Tortoise as tall as the sky, a phoenix burning in the endless fire domain, and a black dragon. A divine dog that used stars as a chessboard and devoured the sky and moon;

An ant that came out of the chaos and shattered space. There was a white tiger that shattered the galaxy, a giant golden dragon that soared through the nine heavens and made the heavens submit to it, and a giant dragon that was like a dragon. A spiritual monkey that had been created from the heavens and the earth...

Each of them was an extremely terrifying existence.

In front of the majestic divine beast, they had no power to resist at all. They only felt like a lonely boat in the vast sea, and they could be torn apart by the hurricane and countless elements at any time.

“Please have some tea.”

Xiao Changtian said lightly. As his voice fell, the terrifying aura of the divine beast disappeared.

“Alright.”

The four of them raised their teacups and took a sip. They were extremely shocked.

There were actually so many divine beasts in the senior’s small courtyard. Each and every one of them was incomparably terrifying. However, with a single sentence from the senior, the laws and aura of the divine beasts were suppressed.

Senior’s realm was simply unimaginable.

“Now, let’s discuss the wages.” Xiao Changtian spoke again.

Although the Changsheng Bookstore was sold well hotcakes now, ten thousand taels of gold could only be exchanged for one spirit stone. The number of spirit stones used by immortal cultivators every day was incomparably large. His Changsheng Bookstore might not be able to survive.

“No, no, no. The Great Sun Immortal has discussed with us that after the matter is done, he will let us admire his Li Fire Painting.” Mo Shengu hurriedly shook his head.

The others also echoed.

Being able to follow such a senior was already a great opportunity for them. How could they dare to ask for any salary?

“Li Fire Diagram? You guys like calligraphy and paintings too?” Xiao Changtian was stunned.

No wonder so many people in the Great Sun Sect fought to become his guards and called him senior.

It seemed that these cultivators liked calligraphy and paintings.

Mo Shengu and the others hurriedly nodded.

Senior’s calligraphy and paintings contained supreme opportunities. Just by visiting them once, one could comprehend the laws of higher opportunities.

“There are plenty of calligraphy and paintings. I’ll draw one for each of you now.” Xiao Changtian stood up and said.

The cultivators who came to guard his courtyard did not need any pay. They were only here to take a look at his calligraphy.

This request must be fulfilled!

Xiao Changtian took out the Xuan paper and picked up the brush. Four paintings appeared on the table.

“One for each person, just right!”

Xiao Changtian said with a faint smile, his face filled with satisfaction.

These paintings were all at the level of great success in painting.

“Thank you, Senior!” When they saw Xiao Changtian’s painting, their faces were filled with joy. They were all immersed in the painting.

Among them, different Dao runes made them addicted, unable to extricate themselves, and trapped them!

“Looks like these people are really painting enthusiasts. They’re fascinated by it.”Xiao Changtian smiled and didn’t stop them.

In any case, he had hired four people to guard the courtyard because he was afraid that the hidden Xiuxianists would go crazy and assassinate him.

There are four people in each person’s strength, all are stronger than the Great Sun Immortal, their own safety should be safe and sound.

However, there would always be a time when they got tired of looking at paintings. He would write four novels from his previous life to kill time.

As Xiao Changtian thought about it, he walked back to his room and began to write down the memories from his previous life.

After an hour, Xiao Changtian took out the draft. With his calligraphy skill, he could write very fast!

“Come, each of you take a book and read it.”Xiao Changtian walked out of the room and placed four novels in front of the four of them. Each of them had a book to kill time in the boring life of the guards..

Chapter 163: Lin Ruomiao Becomes Master! i

Days.

They lived peacefully.

With the protection of four Xiuxianists, Xiao Changtian felt much safer.

But during this time, he still chose not to go out, and his morning walk had been canceled.

If she didn't exercise in the morning, she would naturally choose to sleep in.

Xiao Changtian also missed this feeling. However, he was used to sleeping early and waking up early every day, so he was not used to sleeping in.

Early in the morning.

He decided to come out and breathe some fresh air.

"Morning!"

Xiao Changtian walked out of the room and greeted Mo Shengu and the other three.

Although he had already said that there was no need to stand guard outside, Mo Shengu and the others insisted on standing outside the courtyard.

Xiao Changtian felt that these four people were very dedicated.

"Good morning, Senior!"

Mo Shengu, Xing Tianzi, Yin Jiangyun, and Gan Tianlei heard Xiao Changtian's voice and greeted him.

The four of them had concluded a set of array formation after last night's research.

It was a set of formations that came from the novel and combined with the map of the four people.

“This array formation is too terrifying. We’ve only grasped the surface, but it’s already so powerful. It’s simply unfathomable!”

“Senior is really too terrifying. He actually used such a method to teach the four of us a formation!”

“It must be because Senior feels that we’re too weak and that it’s difficult for us to complete the task of guarding the courtyard. Let’s practice harder and not disappoint Senior.”

The four of them used their primeval essence to communicate.

Then, he moved around the courtyard.

“I have to say, if I hadn’t participated in it, I wouldn’t have been able to tell that this was an array formation. I would only think that it was a guard patrolling!” Mo Shengu said in a deep voice.

Outside the courtyard, the formation formed by the four of them was silently unfolding.

In the courtyard, Xiao Changtian wanted to do a set of broadcast gymnastics to warm up his body.

Suddenly.

With a creak, the door to Lin Ruomiao’s room was gently opened. Lin Ruomiao walked out of the room with disheveled hair and completely lost her fairy aura.

“How did you recover?” Xiao Changtian still wanted to ask Lin Ruomiao if she had thought it through.

However, he swallowed his words.

Lin Ruomiao fell to her knees in front of Xiao Changtian.

“Please take me as your disciple. I want revenge!” Lin Ruomiao knelt on the ground. Her voice was hoarse and her eyes were filled with determination!

In the room, she had already thought it through. The ones who killed her Lin family were those bad people!

Since Xiao Changtian was an immortal cultivator, he would take Xiao Changtian as his master and learn the path of immortal cultivation. Then, he would be able to kill his enemies and take revenge on the entire Lin family!

Hearing this.

Xiao Changtian was slightly stunned. The determination in Lin Ruomiao’s eyes was not fake.

But why did Lin Ruomiao want to acknowledge him as her master?

If she was Lin Ruomiao, there was only one thing in her heart right now.

Revenge!

However, the person who killed the Lin family was an immortal cultivator?

He was just a mortal and could not help her take revenge. What did Lin Ruomiao want to do?

“I beg you, please take me as your disciple!”

Seeing Xiao Changtian hesitating, Lin Ruomiao begged again. Xiao Changtian was the only Xiuxianist she could come into contact with.

“You’d better calm down during this period of time.” Xiao Changtian shook his head. He felt that Lin Ruomiao had a mental problem, which was why she had taken him as her master.

Moreover, he had a husband-and-wife relationship with Lin Ruomiao.

Of course, it was only on the surface.

However, now that the Lin family had just been destroyed, it was not appropriate for him to propose breaking off the engagement at this time.

“I beg you, please accept me as your disciple. No matter what the price is, I can bear it!” Lin Ruomiao saw that Xiao Changtian was about to leave, so she grabbed his pants and didn’t let him leave.

She had no choice now. She had to kill her enemy with her own hands!

Xiao Changtian looked at Lin Ruomiao and shook his head. No matter what decision Lin Ruomiao made now, it was all driven by hatred.

It can’t be true.

In order to prevent Lin Ruomiao from doing anything extreme, Xiao Changtian nodded and agreed, “Alright, I’ll take you in as my disciple. Then, I’ll use my identity as Master to order you to return to your room and rest!”

Xiao Changtian said in a deep voice.

“Alright, Master.”

Lin Ruomiao nodded and agreed. Her entire aura suddenly became cold and callous.

She slowly got up and returned to her room.

Xiao Changtian looked at Lin Ruomiao and shook his head. He smiled bitterly in his heart. What sin did he commit in his previous life to provoke this strange woman?

Xiao Changtian was helpless, he turned around and went back to his room.

Suddenly, the system notification sounded.

“Ding! Detected that the host has triggered the disciple recruitment mission and accepted Lin Ruomiao as the seventh disciple. Reward, reward: Body Tempering +1.”

“What is this?”

Xiao Changtian was stunned for a moment, and the system actually agreed to his disciple Lin Ruomiao’s transfer.

Then from now on, Lin Ruomiao was his disciple?

From fiancée to newlywed wife, then to disciple...It was simply full of bad points. He already did not know how to complain!

Xiao Changtian had no choice but to accept this reality.

However, he was extremely satisfied with the system’s reward this time. Body Tempering +1, did it mean that his body had become stronger and harder?

[System, what is the current physical strength of my body?] Is there any reference value?”

Xiao Changtian asked curiously. He wasn’t familiar with body tempering.

“Ding! [System Notification: Host’s physical strength is 2 points.]&

The system notification sounded again.

“2?”

“Only this much? It’s too dangerous. I still can’t go out and walk around!”

Xiao Changtian shook his head. He felt that it was too low. With such physical strength, even a mortal could hurt him.

A full score of 100, and he only had two points. It was dangerous, too dangerous!

Especially now that there were Immortal Cultivators who wanted to assassinate him!

What Xiao Changtian didn’t notice was that at the bottom of the system, there was a line of golden words that was so small that it was difficult to see clearly. Physical Strength: Level 5.

However, this line of words was very small, so small that it was difficult to distinguish with the naked eye.

Xiao Changtian walked to the deck chair and started to feel melancholic, “Sigh, when can I cultivate?”

Outside the courtyard.

Mo Shengu and the others naturally heard Lin Feng’s sigh and were confused.

“Senior, why are you sighing like this? This was abnormal! Wasn’t Senior already standing at the peak of the Immortal Dao?” Yin Jianguan asked in confusion.

“You don’t understand, right? The immortal cultivation that Senior is talking about is not the ordinary immortal cultivation that we use.” The Vice Pavilion Master of the Secret Pavilion, Mo Shengu, said.

“Could it be that Celestial?”

The sect leader of Nebula Sect, Xing Tianzi, was also stunned..

Chapter 164: Mutation of the Demon Race!

Listening to Mo Shengu and Xing Tianzi’s questions and answers, Yin Jiangyun and Gan Tianlei, who didn’t know the truth, looked at them with confusion and curiosity.

“What are you two talking about? Was there any special meaning to cultivating immortality?”

“Yeah? Don’t hide it from me.”

Yin Jiangyun and Gan Tianlei asked at the same time.

When they heard Xing Tianzi emphasize the word ‘immortal’, they felt something was wrong!

The word Immortal was extremely ethereal, unfathomable, and difficult to detect!

Could it be that there was something else they didn’t know about?

Mo Shengu and Xing Tianzi looked at each other and nodded.

Then, Mo Shengu said, "The immortal that Senior mentioned is very likely an immortal." In truth, before the Fallen Emperor Era, the immortals were even more powerful than the ancient emperors!"

"Immortals are existences that can ascend and obtain the recognition of the Immortal World's will!"

"According to the legends, there are countless planes in the heavenly planes, and each plane can only have one Immortal."

"Immortals are powerful existences that have gathered the fate of the lower realm and are invincible!"

After listening to their explanation, Yin Jiangyun and Gan Tianlei were still confused, but they suddenly understood.

Immortals were the most powerful existences on the Tian Yuan Continent!

And the senior was the only Immortal on the Tian Yuan Continent!

"No wonder Senior is so powerful. Just a random painting contains the Great Dao of breakthrough. Even looking at Senior's painting, I feel that I have even glimpsed the Great Dao of Mahayana." Yin Jiangyun frowned and said solemnly.

"Me too!" Gan Tianlei nodded.

"Alright, stand guard seriously. As long as we guard the small courtyard for Senior, there will be many opportunities." Xing Tianzi reminded the four people of the sound of the first class of the first class of the first class of the first class.

Everyone was extremely excited.

Senior was the only immortal who could ascend. By following Senior, they could even witness the ascension with their own eyes?

If they could comprehend a thing or two, they could also ascend.

Ascension was the lifelong wish of every cultivator on the Tian Yuan Continent.

Xiao Changtian didn't think so much. He looked at the courtyard and felt that someone was missing. However, he couldn't remember who that person was.

"Forget it, I won't think about it anymore. I'll take a nap."

Xiao Changtian closed his eyes and let out a soft snore.

In the bamboo forest of the small courtyard, fat Rongrong hugged a bamboo shoot, saying doubtfully: "Where did that little girl from the Beast Tamer Sect go?"

"Wuwuwu!"

In the Lin family's woodshed, Chu Yiren was tied up by the person from the dark chamber with a golden immortal rope.

She stayed alone in the dark woodshed, unable to break free from the Celestial Artifact rope.

"If I had known earlier, I would have listened to Senior and not gotten involved in this mess. Senior, quickly come and save me!"

"Wuwuwu!"

Chu Yiren was filled with regret.

In the darkness, a pair of scarlet eyes seemed to have appeared. Those eyes shot out a terrifying red light.

“All! Don’t come over!”

Chu Yiren cried out in horror. Ever since she was a child, as long as she was in a dark environment for more than 10 hours, her eyes would shoot out red light.

Behind those red eyes, there seemed to be endless mysteries...

At the same time, an ethereal voice seemed to be calling out to her!

“Don’t come over!” Chu Yiren was so frightened that her body curled up and trembled.

“Why haven’t you come back yet? Come back, come back...” The illusory voice behind the pair of red eyes rang out again.

Instinctively, Chu Yiren leaned against the wall.

However, his eyes seemed to sense that Chu Yiren was retreating. They turned into a red light and instantly entered Chu Yiren’s forehead.

“All!”

Chu Yiren screamed and suddenly fainted.

However, the moment Chu Yiren fainted, the ancient statue of the goddess in the highest hall of the Tian Yuan Continent, the Demon God Temple, suddenly lit up.

“Lord Demon God, is that you?”

“Your devout demon people are here!”

“Lord Demon God! Lord Demon God! Lord Demon God!”

In the temple, a few demon emperors knelt before the statue of the goddess and chanted devout ancient spells!

The statue was rumored to be the goddess of the demon race on the Tian Yuan Continent, the first existence to ascend to the Immortal World.

Not long after, the ancient stone statue seemed to have heard the devout prayer of the Demon Emperor. A green light suffused from the stone statue.

“Lord Demon God! Lord Demon God!”

Seeing that the demon god stone statue had a reaction, the demon emperors knelt down one after another, extremely pious.

“How many years has it been since the Demon Emperor Era?” An ancient and fleeting voice came from the demon god stone statue.

“Demon Emperor Era?”

Under the stone statue, Tiger Demon Emperor and Niu Chongyao looked at each other and saw confusion in their eyes.

Obviously, this was an extremely ancient era, but they had never heard of it.

Seeing the two Demon Emperors pause in confusion, the Demon God stone statue muttered, “Has it been so long?”

Then, she asked, “Who is the strongest human being now?”

The two demon emperors hurriedly replied, "It's the Nine Phoenix Matriarch!"

"Nine Phoenix Matriarch? What cultivation base?" the stone statue asked.

"Ninth stage Tribulation Transcendence, but I seem to have broken through to the Mahayana realm recently." Tiger Demon Emperor answered truthfully.

"Hehe, if the Great Emperor doesn't go, a mere Mahayana realm cultivator would dare to call himself an Emperor?" The Demon Emperor stone statue sneered, his smile full of contempt!

Demon Emperor Hu Li and Demon Emperor Niu Chong knelt on the ground. Sensing the terrifying aura from the Demon Emperor's stone statue, they trembled and dared not speak.

Before long, the green light on the statue began to fade.

"Forget it. I've come to the Tian Yuan Continent to ask you to do something." the stone statue said leisurely.

"Demon God, please instruct me!"

Demon Emperor Hu Li and Demon Emperor Niu Chong said respectfully.

"Kill someone for me!"

"As long as I find this person, the crystal that I cast with my blood essence will light up."

"Find that person and kill him!"

“If you encounter any unexpected situation, drop a drop of your blood essence on the crystal and you will be able to summon my clone. Help me kill that person, and I will give the Monster Race a good fortune!”

After the Demon Emperor stone statue finished speaking, the green light disappeared completely. Instead, a green crystal appeared in the hands of Tiger Power Demon Emperor and Green Bull Demon Emperor!

The crystal was extremely regular, in the shape of a rhombus. At this moment, it was still dim and dull.

“Yes, sir!”

Hu Li and Niu Chong respectfully sent off the Yao God before looking at the crystal in their hands.

“Who do you think the Demon Emperor wants to kill? The will of a demon emperor had returned to the Tian Yuan Continent?” Tiger Demon Emperor asked in confusion.

“I don’t know, but this person should be related to the Demon Emperor.” Niu Chong guessed..

Chapter 165: You’re the freaking Ancient

Emperor?_i

At night.

It was as quiet as water.

The moonlight was like a thin veil, spreading over the small courtyard.

At this moment, a figure quietly appeared.

The person was big-bellied and wore tattered cotton clothes. A wine gourd hung from his waist, and his feet were bare. He was floating in the void.

It was the barefoot emperor.

“This should be the place.” The Barefoot Emperor looked at the map in his hand and compared it carefully before placing it down.

A pair of bare feet landed on the ground, and the ground in front of the small courtyard was directly blasted into a huge pit.

The aura around the barefoot emperor was overwhelming and murderous.

He had already observed that there were only four ninth-stage Tribulation Transcendence ants in front of the small courtyard, and they were trampled to death with a single step!

“Who is it?”

Sensing the killing intent, the four of them instantly arrived in front of the small courtyard. They joined hands and set up an array barrier to cover the small courtyard, blocking out the sound from outside and ensuring the senior’s sleep.

“Hehe, you four little fellows. When 1 became a Martial Monarch Realm expert, you were still little tadpoles.”

“Listen up, 1 am the barefoot emperor!”

The barefoot emperor said with contempt.

“Barefoot Emperor? Never heard of it!”

Mo Shengu and the other three looked at each other and shook their heads. They had never heard of it before.

“Hmph, I’m from an era, which should be the ancient era you’re talking about, which is before the Fallen Emperor Era. Of course, you ants have never heard of me.”

“If you don’t want to die, kneel down obediently. I can spare your lives!”

The Barefoot Emperor sneered.

“Great Emperor?”

“An ancient emperor? You?”

Xing Tianzi looked at the barefooted emperor and shook his head.

Although the person in front of them had a higher cultivation level than them, they did not feel a very dangerous aura. At most, he was a Mahayana cultivator.

“Hmph, you don’t know what’s good for you!”

The Barefoot Emperor was enraged. He was a grand emperor, yet he was being questioned by a few ants. How could he tolerate this?

Immediately, the barefoot emperor kicked out. A huge shadow of a foot appeared in the sky. The shadow descended from the sky and was about to kill everyone.

“Set up the formation.”

The faces of the four people sank. They knew that they were not a match for this person in a one-on-one battle, so they directly used the array formation that their seniors had given them.

“Hehe, what’s the use of a formation? In the face of absolute power, a formation is useless.”

The Barefoot Emperor sneered.

So what if it was a formation? In the face of ancient emperors, only formations of the same level would be able to resist them.

Otherwise, with this kick, the four people in front of him, along with the entire courtyard, would turn into ashes under his huge foot shadow and cease to exist!

However...

Mo Shengu and the others weren’t affected by the barefoot emperor at all.

A mere ancient emperor? In the eyes of this senior, any single divine beast senior would be able to easily crush this ancient emperor.

Moreover, Senior had even given them an array formation.

How could an ordinary person be able to break Senior’s array formation?

The four of them stood in front of the small courtyard and moved quickly like afterimages. From four directions, four colors of light shot into the sky, forming pillars of light!

Four pillars of light suppressed the four directions!

It directly sealed the space. In an instant, the huge golden foot shadow was instantly sealed.

“Come down!”

Gan Tianlei, the vice sect leader of the Thunderwind Sect, appeared behind the Barefoot Emperor and punched at the back of the emperor’s head.

“You dare?” The barefooted emperor was furious and was about to kill Gan Tianlei.

However, he suddenly discovered that the space around him was completely locked. He wanted to stop the heavenly lightning attack, but his true essence was stagnant, causing his movements to be slow.

“Bang!”

Gan Tianlei’s punch landed on the back of the barefoot emperor’s head.

The Barefooted Emperor was instantly knocked out and fell to the ground.

“Tie him up!”

Xing Tianzi took out a Trapping Formation Dharma treasure and trapped the Barefoot Emperor in a cage, rendering him immobile!

Fifteen minutes later.

The Barefoot Emperor woke up. In front of him, four people stared at him coldly.

“All of you...What kind of formation is that?”

The barefooted emperor was both embarrassed and angry. He was a great emperor, yet he was captured by a group of juniors who were like ants undergoing tribulation?

Fortunately, no one knew. If this were to spread, his reputation would be ruined!

“Hmph, of course it’s a formation that senior bestowed upon us. You call yourself an ancient emperor?”

“You’re called an ancient emperor?”

“Aren’t you afraid of being laughed at?”

Gan Tianlei stared at the barefooted emperor and said disdainfully.

His punch had landed squarely on the back of the barefoot emperor’s head.

“You...” The Barefoot Emperor was infuriated by Gan Tianlei’s taunt, but he was speechless!

If he had to face it again, he would still be unable to break through the confinement of the mysterious array formation!

Thus, the Barefoot Emperor chose to remain silent.

However, a Great Emperor was a Great Emperor after all. Although he couldn’t attack for a short period of time, the Barefoot Great Emperor was still accumulating strength!

“You say you are an ancient emperor? Then where did you come from?” Mo Shengu stared at the Barefoot Emperor Pan and asked.

The person in front of them was indeed powerful. If it wasn’t for the array given to them by the senior, the four of them would probably have lost their lives to this person.

The Tian Yuan Continent was filled with experts other than the seniors. Since when was there an ancient emperor?

After the Fallen Emperor Era, weren't all Great Emperors dead?

The others also reacted. This was a crucial question.

Mo Shengu noticed the problem and got busy!

"This..." The Barefoot Emperor was stunned. He didn't dare to answer this question. If he did, it would be equivalent to exposing the Door of Antiquity. The other Great Emperors wouldn't let him off.

"I... I lied to you. How am I an ancient emperor? I'm just an ordinary Mahayana realm cultivator!" The Barefoot Emperor smiled awkwardly.

"Hmm? Not honest?"

Gan Tianlei raised his fist again when he saw that the barefoot emperor was not telling the truth.

"You, you impudent!" The Barefoot Emperor was furious that Gan Tianlei was going to use violence against him.

Did the Great Emperor have a bad temper?

"Ah!" In the next moment, the Barefoot Great Emperor's voice rang out.

"You're called the Barefoot Emperor? Or an ancient emperor?"

Glowing Heavenly Thunder was addicted!

This was the first time he had beaten up an ancient emperor like this.

Awesome!

“Don’t go too far!” The Barefoot Emperor continued to resist as he threw another punch.

“All!”

“Are you going to tell me?” Gan Tianlei asked again.

“Hmph, just you wait. I’ll definitely teach you a lesson in the future.”The Barefoot Emperor continued.

“Ah!” Some were smashed down in groups.

Then, a series of punches and curses sounded.

It lasted for a full fifteen minutes.

The sound of the fist did not stop, but the curses had already subsided. In its place was a pleading voice.

” I’m really not the f * eking Great Emperor!”

Chapter 166: Fat, There Really Are Ten Colored Flowers! i

The Barefoot Emperor collapsed.

He was a grand Martial Monarch Realm expert, so he had to obey his heart.

The key was that under the suppression of these four people's array formation, his true essence was stagnant to an extreme! The true essence in his dantian and meridians seemed to be circulating at a turtle speed.

Otherwise, how could he, a great emperor, endure such humiliation?

"Hmph, if you don't tell the truth, then don't blame me for soulsearching you."

Mo Shengfu picked up the Dao Disk and chanted the ancient incantation of the Dao Disk. A black and white Yin-Yang Fish appeared on the Dao Disk and stabbed into the mind of the Barefoot Emperor.

"Not good!"

The barefooted emperor's expression changed. He could clearly feel a divine sense piercing into his sea of consciousness, preparing to pry into his memories.

Due to the suppression of the formation, even if the barefoot emperor wanted to use his god essence to resist, the effect was minimal.

The secret of the Door of Antiquity could not be leaked.

"Ha!"

The Barefoot Emperor roared and burned his blood essence. In a short period of time, he gathered his Divine Origin to resist the invasion of his Knowledge Sea.

Then, he slapped his chest and a drop of heart blood flew out.

The barefooted emperor used his heart blood to break the magic treasure.

“Run.” The Barefoot Emperor turned and ran.

In just an instant, the Barefoot Emperor disappeared without a trace.

“This person runs really fast.” Gan Tianlei shouted angrily. The Barefoot Emperor had fled too quickly, and the four of them were caught off guard.

After that, they summoned the five elders of the Heaven Building Sect overnight to complete the pit in front of them.

The night passed.

Everything was as usual, as if nothing had happened.

Xiao Changtian got up and sat down in the courtyard for a simple set of radio calisthenics.

Then he had a game with Alpha. He was delighted to find that Alpha had improved again.

Ye Fan was chopping firewood, fetching water, and farming as usual. He was having a great time. Lin Tingzhi followed beside Ye Fan. Was she wiping his sweat for him...

Wang Miaoshou had been in his room recently, developing a new pill. Jiang Beichen and Diwu were holding their swords, clashing against each other.

Su Daji stayed in her room every day, and her cultivation had become more and more profound.

Lin Ruomiao seemed to have left the small courtyard these few days and returned to the Lin Manor.

Xiao Changtian looked at his lively little courtyard, which had the aura of life. His heart was filled with gratification.

Although this stupid system was unreliable, the disciples it accepted were quite reliable.

Except for the two who were showing off their affection...

Xiao Changtian looked up at the sky. He was in a good mood, and the sky was clear. He recalled that he had once hunted in the East Victory Continent, and his heart itched.

“Disciples, follow me out hunting.” Xiao Changtian suggested. Staying at home all day would also make him feel irritated.

It just so happened that the Immortal Cultivators hadn’t used any tricks on them in the past few days. With four guards protecting them, hunting should be safe.

“Yes, sir!”

The disciples stopped their work. Xiao Changtian took out his longbow from his room. Even Shangguan Shuai Shuai and the others couldn’t carry this bow. Xiao Changtian didn’t expect Jiu ‘er to carry it for him.

He slung the longbow over his shoulder, called the four guards, and brought Alpha. The rest of the animals were left at home, guarded by Lin Ruomiao.

The group set off to hunt in the forest outside the Great Sun.

At the same time.

The Barefoot Emperor, who had fled far away from the entrance of the small courtyard, fled dejectedly and found Yin Jiufeng!

“I’ve already gone to find that person. He’s not simple. “I fought with him and was on par with him. However, there were many of them and they used a special array formation, causing me to suffer a little.’The barefoot emperor said.

“Oh? Was that so? Lying in front of me? Do you think you can hide it?”

Yin Jiufeng stared at the ten-colored flower in his hand and said in a cold voice.

“Hmph, I suffered a little! We didn’t fight that person.” The Barefoot Emperor was exposed. He knew that Yin Jiufeng could read minds other than using poison, so he changed his words.

“Merely a loss?” Yin Jiufeng refused to give up.

“Alright, I was trapped by a junior’s array formation and beaten up by a junior.’The Barefoot Emperor knew that he couldn’t hide it anymore.

“However, you have to keep this matter a secret for me. Otherwise, my reputation will be ruined! “The Barefoot Emperor said.

“Haha.” Yin Jiufeng didn’t reply. He just chuckled.

“Alright, I came to look for you this time to ask you to help me stall the array formation. I’ll go kill that person! There hasn’t been any accident since we joined forces.’The barefoot emperor said.

“Let’s go.” Yin Jiufeng disappeared like a ghost.

The barefooted emperor was delighted.

If the two of them joined forces, they would definitely be able to kill that person!

Lin Manor, woodshed.

Chu Yiren woke up. To her surprise, she realized that the rope around her had been broken into several pieces.

Moreover, there seemed to be a tinge of green in his dantian.

Her cultivation was originally in the Semi-God Realm, but now, she was already in the Saint King Realm.

“This is ridiculous coming home from school-absolutely ridiculous!”

Chu Yiren was by Xiao Changtian’s side, so it was normal for her to be able to say a few words of modern folk tales.

She pushed open the door of the woodshed and left Lin Manor.

As Chu Yiren walked out of the room, the green crystal in Tiger Strength’s hand began to glow!

“This direction is the Northern Barren State?”

“That person is in the North Barren Continent!”

Demon Emperor Hu Li and Demon Emperor Niu Chong were overjoyed. They did not expect that they could complete the task assigned by the demon god so quickly.

At that time, the entire demon race would have a great fortune. It was even possible for them to ascend to the Upper World!

The two demon emperors immediately set off. They were the only ones who knew about this matter, so they did not inform the other demon emperors.

As long as the two of them completed the mission, the opportunities that the tiger clan and the ox clan could obtain would be far greater than that of the other demon clans!

“Let’s go!”

Hu Li and Niu Chong, the two Monster Emperors, headed to the North Barren State together.

When Chu Yiren arrived at the courtyard, she saw that there was no one there. Lin Ruomiao was in the room, and Chu Yiren hadn’t noticed her.

Under Fatty Rongrong’s guidance, Chu Yiren found out that Xiao Changtian had brought everyone out hunting.

“I want to go too.”

Chu Yiren’s spiritual essence recovered. She summoned the snow wolf king and rode on its back. With a flick of her whip, she drove the snow wolf king into the forest outside Dayang Town.

Not long after Chu Yiren left, the Barefoot Emperor and Nine Wind Emperor arrived.

“This is the place.”

The Barefoot Emperor pointed at the courtyard in front of him.

“Only one person? Are you kidding me?” Yin Jiufeng said coldly as he fiddled with the ten-colored flower in his hand.

“That shouldn’t be... Let’s go in.” The Barefoot Emperor prepared to break in.

But right at this time, the fat Rongrong opened the door of the courtyard, and the green haired turtle rode on his head, slowly walking out.

“Fatty, there really is a ten-colored flower!”

Chapter 167: Completing the Mission, You Can Ascend to Heaven !_1

“Murry up and give the Ten-Colored Flower to my boss!”

Fatty Rongrong stood up, speaking arrogantly.

He knew the person on the left. He came to cause trouble last night and was beaten up by four guards.

The one on the right was definitely jackals of the same tribe. Accomplices!

“Oh? A bear demon, interesting?” Staring at the panda, Yin Jiufeng raised the flower in his hand and blew it out in one breath.

It was as if ten different colored pollen was being blown out of the flower, towards Rongrong and the turtle.

“Do you have to do that? You’re going to use your ultimate move right away?”

The barefooted emperor subconsciously moved further away and sealed his consciousness.

Yin Jiufeng was good at using poison, and the most poisonous one was the ten-colored pollen. It could corrode bones and steal souls, and even Great Emperors would find it difficult to resist.

“Hehe, anyone who dares to touch my Ten-Colored Flower should die.” Yin Jiufeng held the Ten-Colored Flower in his palm, his eyes filled with malice.

“Ha, we’re not human, so we don’t have to die?” Fatty Rongrong scratched her head with a paw, her face revealing a joyful expression.

However, the turtle slapped him on the head and said, “Fat, it’s not a human but a curse. You can’t say that about yourself.”

“Oh.” Fatty Rongrong nodded, whatever Boss said.

Even though he felt that he was not a human, he was an iron-eating beast, the very, very fierce kind...

“Hehe, it smells good and should be delicious, right?” Fatty Rongrong asked.

“Then eat it.” the turtle said indifferently.

“Alright.”

Fatty Rongrong nodded, standing up, baring her fangs and brandishing her claws, opening a huge mouth, revealing sharp teeth like steel. With a sudden inhale, the pollen was swallowed into her stomach.

After swallowing it, she licked her lips. “It’s sweet and delicious. Do you have more?”

Seeing this, Yin Jiufeng and the Barefoot Emperor frowned.

Something was wrong!

Even a Great Emperor couldn’t resist Yin Jiufeng’s poison, but this panda was fine after eating it?

“Not good, we might have encountered an Iron Eater!”

Yin Jiufeng's face turned cold, and he subconsciously took a step back.

The barefooted emperor's face turned cold. In their era, the Iron Eater was the mount of that person. It was extremely terrifying!

"Let's go!"

The two of them looked at each other and were about to escape.

"Did This Sea King let you go?"

Suddenly, the turtle's voice rang out.

He was determined to get that Ten-Colored Flower. He still needed to give it to Phantasmal Shadow to complete his great cause as the Sea King!

Then, the turtle's body flashed and blocked the two of them.

"What?"

The two of them were shocked. They clearly did not expect the turtle to be so fast.

Yin Jiufeng and Barefoot looked at each other and attacked the turtle at the same time.

An enormous golden foot shadow and a huge wheel formed from ten-colored petals rumbled as they shot toward the turtle.

"You still dare to show off in front of me?"

The old dirty turtle chuckled, and then a huge Black Tortoise Dharma appeared.

At that time, a Xuanwu phantom that was taller than the sky had four legs that were like pillars that supported the sky!

The endless seawater around the Black Tortoise surged as if it wanted to drown the heavens!

The golden foot shadow and the ten-colored wheel hit the Black Tortoise Dharma Idol and exploded, disappearing completely.

“Black Tortoise?”

Seeing this scene, the Barefoot Emperor and Yin Jiufeng were extremely shocked. Was this the legendary Divine Beast Black Tortoise?

“Your Ten-Colored Flower, This Sea King wants it!”

The Black Tortoise stared at Yin Jiufeng coldly. Its tone was dignified and could not be disobeyed!

A destructive aura enveloped Yin Jiufeng and the Barefoot Emperor.

Yin Jiufeng and the Barefoot Emperor knelt down under the Black Tortoise’s terrifying aura.

“Hand it over! I’ll let you go.” Black Tortoise said coldly.

“Here you go!”

Yin Jiufeng snorted coldly and threw out the ten-colored petal. The Black Tortoise caught it in an instant, and the aura that enveloped the two of them disappeared.

“Run!”

The two of them turned cold and fled in a hurry.

As for the Black Tortoise, after obtaining the ten-colored petals, he prepared to head to the Victorious East Continent. “Fatty, let’s go!”

In the forest.

The elk ran, the hare jumped, and the birds chirped.

It was quiet and peaceful, so beautiful that one could not bear to break it!

“Aren’t there any ferocious beasts?”

Xiao Changtian remembered that he had hunted a huge black bear in the Black Forest of the Victorious East Continent!

It was extremely boring to hunt a few wild rabbits now.

At the very least, there would be a tiger or a wild ox. Only by roasting such a large ferocious beast would it be enough for everyone to share.

“Hmm? Is there any movement?”

Just as Xiao Changtian was complaining, footsteps suddenly sounded from the forest in front of him.

“Yiren?”

Xiao Changtian was about to shoot an arrow when he heard the footsteps of a large animal. However, it suddenly disappeared. Instead, he heard a familiar set of footsteps.

Xiao Changtian could tell that it was Chu Yiren's footsteps!

"You little girl, no wonder I feel like I'm missing someone these few days.

Where did you go?" Xiao Changtian asked.

Chu Yiren's heart skipped a beat at this question.

Senior should know that he was tied up in the woodshed, right?

Senior didn't save him, but now he was asking the obvious?

Senior was punishing him!

Chu Yiren lowered her head in shame and said apologetically, "I'm sorry, senior. I should have listened to you and left before entering the Lin family."

Chu Yiren lowered her head and whispered, afraid that Xiao Changtian would blame her!

"Hmm?" Xiao Changtian was stunned. Chu Yiren followed him in? Then these few days, could it be that he was captured by someone?

It was very possible!

"It's fine. It's good that you're back. Remember this next time." Xiao Changtian said calmly, feeling a little lucky that Chu Yiren had managed to escape from the hands of those cultivators.

This was a blessing in disguise!

“Yes, sir!” Chu Yiren nodded.

“Alright, you guys go play by yourselves. Remember not to run too far.” Xiao Changtian ordered.

Now that hunting was boring, it was better to treat it as an autumn outing.

Everyone agreed and ran around in twos and threes to enjoy the scenery.

Chu Yiren accompanied Su Daji as they went to the back of the mountain to pick wildflowers!

Xiao Changtian and Alpha drew a simple chess manual on the stone slab and played with Alpha absentmindedly.

His gaze was still on the longbow. He felt a little regretful that he hadn't been able to enjoy himself when he came out to hunt. He was very unhappy!

“Sigh, such a large mountain forest. At least there's a tiger...” Xiao Changtian said speechlessly.

Not far away.

Hu Li and Niu Chong, the two Demon Emperors, followed the instructions of the crystal and arrived in front of the great forest.

“This direction seems to be the back mountain.”

“Let's go to the back mountain.”

Tiger Strength Demon Emperor was overjoyed. They were about to find the person that the demon god must kill. As long as they completed the mission, they would be able to ascend to heaven!

Hahaha....

Chapter 168: Killing a Demon God with a Single Arrow!_I

“A little further ahead!”

Tiger Demon Emperor said happily. According to the green light on the crystal, they were getting closer and closer.

The two of them kept moving forward and soon saw Chu Yiren and Su Daji picking flowers.

“This green light is flashing, but it doesn’t point to a specific person. Which one should we kill?” Niu Chong was stunned.

“Nonsense, who cares where she is? Kill both of them together, it’s foolproof!” Tiger Demon Emperor said with a smile.

“Good idea!” Niu Chong nodded.

“You kill the one on the left, I’ll kill the one on the right, one each!” Tiger Power Demon Emperor commanded the two of them to transform into their beast forms.

A Piebald Tiger and a wild yak!

Roar!

Moo!

Tiger Demon Emperor roared, Niu Chong roared, the Piebald Tiger moved like the wind, and the wild yak charged like a cannonball!

The two demon emperors were thinking about the goal of ascending to heaven, Chu Yiren, and Su Daiji.

“What?”

Chu Yiren and Su Daiji, who were squatting on the ground picking flowers, were caught off guard and couldn't react in time. They turned their heads and saw the two demons.

“We're finished!”

The two of them were shocked. It was too late to dodge now. These were two demon emperors, and their strength was far above theirs.

It was here.

Xiao Changtian, who was playing chess with Alpha, keenly heard the roars of tigers and cows, as well as Chu Yiren and Su Daiji's terrified voices.

“A ferocious beast attacked the two of them?”

Xiao Changtian stomped his feet and stood up straight. He raised his bow and nocked the arrow. His movements were done in one go!

In fact, he hadn't even used a breath's worth of time!

“With great success in archery, even from ten thousand meters away, you can still be accurate.”

Xiao Changtian smiled and shot out two arrows!

Whoosh!

Whoosh!

The two arrows flew side by side, creating two piercing sounds.

Just as the Piebald Tiger and Wild Yak were about to collide with Chu Yiren and Su Daiji, two sharp arrows shot out like meteors. With a whoosh, two arrows hit the target!

Bang!

The Piebald Tiger and the wild yak were hit at the same time. They were sent flying by the huge force of the arrow and nailed to the rock wall of the back mountain.

“Saved?”

“It’s Master!”

Chu Yiren and Su Daiji were overjoyed when they saw Tiger Emperor and Niu Chong nailed to the wall!

Seeing those two arrows, he instantly understood that his master had made a move!

“Master is indeed invincible!” Su Daji said with a smile.

“Of course Senior is very powerful.” Chu Yiren chimed in.

As for Demon Emperor Hu Li and Demon Emperor Niu Chong, who were nailed to the rock wall, they were shocked!

“How is that possible?”

Demon Emperor Hu Li and Demon Emperor Niu Chong looked incredulous. Their inner cores had been pierced by two sharp arrows.

“No, if this continues, we will die. Hurry up and invite the demon god clone to descend to the mortal world!”

Tiger Strength Demon Emperor said anxiously. He took out a green crystal and dropped a drop of his blood essence on it.

Weng!

For a moment, the green gem trembled and burst out with a dazzling green light. The green light condensed and a blurry shadow of a woman appeared.

However, the moment the woman’s blurry figure appeared, all the beasts in the forest were frightened and the birds were shocked!

“What’s that?”

Yin Jiufeng, the Barefoot Emperor, who was escaping from the small courtyard, naturally saw the woman’s shadow in the sky.

Just by staring at the woman’s phantom, they felt a majestic and vast pressure, as well as a terrifying blow above the laws!

” This person is from the Upper Realm?!”

The Barefoot Emperor and Yin Jiufeng turned pale with fright. In their minds, they suddenly remembered who the person in front of them was.

“It’s a demon god, an existence who ascended to the immortal realm among the demons!”

” That’s her clone?!”

The two of them were shocked.

Although they were Great Emperors, it was already difficult for Great Emperors to resist Immortals, let alone existences who had already ascended to the Immortal World.

Even if it was just a clone, it was not something they could withstand.

“Let’s go.”

The Barefoot Emperor said in a deep voice. Facing such an existence, they could only keep a respectful distance!

“Seal it.”

However, the clone of the Demon Emperor uttered a cold and ancient voice.

As the voice fell, a layer of green barrier suddenly appeared in the space. As the green barrier appeared, the Barefoot Emperor and Yin Jiufeng were shocked!

This was a spatial divine art. The demon god’s clone had sealed the entire space.

“What does the demon god want?” The Barefoot Emperor panicked. He could clearly feel the killing intent of the demon god.

Even though the killing intent wasn't directed at him, the space was sealed. No one could stop the demon god!

This sealed space would also turn into dust, including them!

“Who are you?”

Chu Yiren stared at the demon god's clone before her, frowning as she questioned it. She felt that the demon god's clone before her seemed familiar, especially its voice.

However, she couldn't remember.

“You don't need to know this. Just wait for your death.”

The demon god clone raised his huge palm, gathering dozens of nomological laws in his palm. He crushed Chu Yiren like a small mountain!

“It's over. This space is about to be destroyed!”

The Barefoot Emperor and Yin Jiufeng felt this terrifying might and their faces were shocked!

In front of this terrifying pressure, they could not feel any vitality.

On the other side, Xiao Changtian was rushing over.

“I killed a tiger and a yak.” Xiao Changtian touched his longbow, his face revealing a joyful expression.

“Woof woof.” Alpha shouted softly, wagging his tail.

However, just as Xiao Changtian arrived at the back of the mountain, he saw a bunch of green, ghost-like women waving their hands, seemingly wanting to capture Chu Yiren.

“This is...A ghost?”

Xiao Changtian was shocked. He had never seen such an existence before.

However, Xiao Changtian couldn't just ignore the demon god's doppelganger's giant palm that was about to land on Chu Yiren.

“Forget it, I'll try my best.”

Xiao Changtian raised his bow and arrow. He didn't know how to save Chu Yiren now. It was too late to run over and take her away. The best solution was to shoot.

Whoosh!

The arrow on the longbow turned into a shooting star. With a swoosh, it aimed at the forehead of the Demon God's clone and shot straight at it!

“Die!”

The demon god's clone glared at Chu Yiren, his eyes filled with killing intent. He wanted nothing more than to destroy Chu Yiren's soul.

However, at this moment.

An arrow that was like a stream of light instantly pierced through the forehead of the Demon God's clone.

“Ah!”

The demon god’s clone let out a miserable scream. In an instant, it turned into countless green lights and exploded in this space.

“How is that possible?”

The green light dissipated, leaving only a voice of disbelief and doubt in the space.

“Are you two okay? What the hell is that?”Xiao Changtian walked over..

Chapter 169: Is the Senior the Reincarnation of the Human Emperor?_i

“I’m fine!”

Chu Yiren and Su Daji hurriedly shook their heads.

Senior’s arrow was truly too terrifying. It actually killed the demon god’s clone.

That was a demon god!

Ancient Fey God!

Rumor had it that they had ascended to the Immortal World and become true immortals.

Even if it was just a clone, it was like a god in front of everyone!

No one on the Tian Yuan Continent was a match for the demon god's clone.

This was because after becoming an expert of the Immortal World and ascending, the power and laws he grasped far surpassed those of the Tian Yuan Continent.

Before the demon god ascended, he was a super expert who had once ruled an era.

What more now?

"What the hell is that?"

Xiao Changtian asked in confusion. He had never seen such a ghost before. Its whole body was green and emitting green light, which made him extremely uncomfortable.

"What the hell..."

"Uh, he should be a demon ghost."

Chu Yiren didn't know how to answer her senior's question.

That was the avatar of the demon god. In Senior's eyes, it was actually a ghost.

"Alright, now that this has happened, everyone should be careful. Let's go back now. If any ghost isn't afraid of my bow and arrow, it'll be troublesome." Xiao Changtian said.

The green ghost had attacked Chu Yiren and Su Daji and had almost succeeded.

The woman now still had Jiu 'er.

Although the remaining disciples were all strong, they were still lacking compared to the Ghost God.

There were only four Xiuxianists present. With everyone so scattered, it was very likely that something else would happen.

“Yes.”

The crowd didn't dare to be negligent. Since Xiao Changtian had spoken, they gathered at the fastest speed possible.

In fifteen minutes, everyone had gathered.

Xiao Changtian nodded after counting the number of people.

Everyone was here.

“Let's go back.” Xiao Changtian had Ye Fan and Wang Miaoshou carry the tiger and yak on their backs.

One of the two disciples was very strong.

The other one was muscular and did not look weak. Compared to the fans who needed to take drugs, he was much stronger.

The Barefoot Emperor and Yin Jiufeng, who were far away in the void, watched Xiao Changtian and the others leave. They couldn't come back to their senses for a long time.

The entire mountain forest was silent for two hours.

Only then did the Barefoot Emperor and Yin Jiufeng descend from the sky. Their faces were filled with disbelief.

This matter left them dumbfounded.

“What we wanted to kill before...It seems to be that person, right?”

The barefooted emperor took out a portrait. It was Xiao Changtian.

This portrait was given to him by the skeletal man in the dark chamber.

“Yes... What?”

Yin Jiufeng shivered and did not dare to answer.

The person in front of them could kill a demon god with an arrow. He was not someone they could kill.

Yin Jiufeng didn't dare to admit that he wanted to kill Xiao Changtian.

“Oh, I don't think so.”

The Barefoot Emperor put away the portrait and said.

“Let's go and take a look at the scene?” The two of them were silent for a full fifteen minutes before the barefoot emperor spoke again.

“Let's go.” Yin Jiufeng nodded.

The two of them did not use any cultivation and walked over on foot. Their auras were restrained.

They didn't dare to act presumptuously in front of this terrifying arrow intent!

“Kacha!”

As they approached, the huge mountain in front of them felt a slight fluctuation in the air.

The entire mountain collapsed!

Countless rocks fell down, and a large number of trees fell to the ground.

However, the arrow was tightly nailed to a dark green light.

The dark green light tried to escape, but no matter how it twisted and tried to escape in space, it could not leave.

“This is a wisp of the consciousness of the demon god’s clone?”

The two of them were Great Emperors, so they were very knowledgeable. They immediately recognized that the dark green light in front of them was the avatar consciousness of the Yao God.

“That...The means of an expert were truly unimaginable!”

When the two of them saw this scene, they were incomparably shocked.

“Hmph, my Ten Colored Flower has been taken away, so I’ll use this arrow as my weapon.”

Yin Jiufeng stretched out his hand and beckoned. In the space in front of him, a wisp of wind formed the shape of a palm. The palm grabbed towards the arrow. “Bang!”

However, before it could even get a foot away from the arrow, the aura of spiritual energy instantly shattered Yin Jiufeng’s vital essence palm.

“What?”

Yin Jiufeng was stunned and found it hard to believe.

“Hmph, I don’t believe that you can block all of my attacks with the Demon God’s consciousness pinned to you and you’ve left Master!” Yin Jiufeng snorted coldly. His white robe made him look like a ghost in the dark night.

His two hands grabbed at the arrow.

“Caught you!”

Yin Jiufeng was overjoyed. He held the arrow in his hand, and his face was filled with ecstasy.

However, all of a sudden.

Yin Jiufeng’s expression froze as if he had been struck by lightning. A vast universe of the Milky Way appeared in his mind.

“Where is this place?” Yin Jiufeng was puzzled.

However, before he could sense anything unusual, he saw a man standing at the end of the universe. It was chaos.

He was wearing a green robe and holding a bow. A long arrow condensed from chaos was slowly moving towards the stars.

Soon after.

The green-robed man released his hand with a bang. The long arrow condensed from chaos broke through countless planes and spaces.

Boom!

Boom!

Boom!

Countless galaxies were shattered, and the arrow pierced through billions of galaxies!

Then, the arrow pierced through the hundred thousand galaxies in front of him and hit his glabella.

“All!”

Yin Jiufeng felt a pain as if he was about to die.

In an instant, he was sent flying like a cannonball and crashed into a huge rock. More than ten of his bones were broken.

“Yin Jiufeng?”

The Barefoot Emperor was shocked because he felt a supreme aura descending. This aura was extremely terrifying.

It was as if he had passed through countless planes and countless voids!

At that moment, his consciousness seemed to have gone blank.

“Yin Jiufeng?”

He did not have time to think about these things. He hurriedly went to help Yin Jiufeng up. However, just as he approached Yin Jiufeng, a majestic force bounced him away.

One of the barefoot emperor's feet was cut off by a sharp aura!

"All!"

The Barefoot Emperor screamed like a pig being slaughtered.

"Quickly go find that senior! Otherwise, we'll definitely die!"

"Hurry up and go!"

"This is the Renhuang Arrow. That senior is the reincarnation of the Renhuang!"

Yin Jiufeng, who was seriously injured and on the verge of death, spoke these words in a shaky voice before he completely fainted.

"What is it? The reincarnation of the Human Emperor?"

The Barefoot Emperor was dumbfounded!

"I'll go now.. Wait for me to come back!"

Chapter 170: New Disciple Mission (1)

Human Emperor!

Emperor of the Human Race!

He was the king of the entire human race, an existence that symbolized the invincibility of the human race.

“How is this possible? That expert is actually the reincarnation of the Renhuang?”

The Barefoot Emperor flew on one foot, holding his other foot in his hand.

Rumor had it that the Demon Emperor ascended to the Celestial Realm and became a powerhouse of the Celestial Realm.

However, the Human Emperor, who was also an emperor, was far more powerful than the Demon Emperor in terms of strength and prestige in the clan!

Because of the Human Emperor’s personal charm, a large portion of the powerful demons back then had joined the human race.

Therefore, the current Beast Tamer Sect came into being.

Back then, the Iron Eaters were the strongest of the Monster Race.

“The reincarnation of a human emperor? I actually agreed to kill the Human Emperor?”

“I’m really not human!”

The Barefoot Emperor slapped himself in the air.

Before the Fallen Emperor Era, the Human Sovereign Realm was an existence that was even higher than the Immortal Realm.

The Human Sovereign was a powerful being that everyone in the Human Tribe respected. It was because the Human Sovereign had led the weak Human Tribe to open up the Great Wilderness and lead the rise of the Human Tribe's powerful beings that the Human Tribe had become what it was today.

Even Great Emperors like them were just small fries by the side of the Human Emperor back then.

As for the Barefoot Emperor, who was nearing the end of his era, even the experts around the Renhuang had never seen him before. They had only heard rumors about him.

If it was really the Human Ruler, then he had committed a grave mistake.

The Barefoot Emperor flew towards the courtyard.

Above the Eastern Sea.

The green haired turtle rode on top of Rongrong's head, similarly swiftly galloping.

"Fatty, hurry up. I want Phantasmal Shadow to see this Ten-Colored Flower as soon as possible!" The green-haired turtle held the ten-colored flower in its mouth. A green light flashed and the poison on it was completely removed.

"Alright, Boss!"

In order to speed up, Fatty Rongrong opened that huge abyss mouth like a black hole. The aura of the world suddenly entered Fatty Rongrong's stomach.

Seeing that the breath was almost finished, Fatty Rongrong closed her mouth.

Soon after, the surrounding Yuan Qi came out from behind Rongrong.

Fatty Rongrong directly turned into a rocket, shooting out!

Whoosh!

In an instant, they arrived at the Nine Phoenix Imperial Palace.

“Fatty, hurry up and brake!” The tortoise stretched out its two claws and grabbed the fat Rongrong’s head.

Bang!

After Fatty Rongrong landed, she directly smashed a few hundred meter deep hole in the ground. Because she couldn’t stop, she still wanted to continue gliding for a while.

“Hehe, Boss Turtle, I sucked in too much and didn’t control it well. This is the first time I’ve used this move.”

Fatty Rongrong stood up, scratching her head with her two large claws.

“Forget it. I’ll get Little Ma to teach you some spatial abilities when we get back. It’s too troublesome to fly like this.” the green-haired turtle said indifferently.

“Thank you, Boss! Thank you!”

“Boss is wise, handsome, and talented. Look, even the way he holds a flower in his mouth is the most handsome in the world!”

“Boss lives as long as the heavens. He lives as long as the heavens. He dies of old age...”

Fatty Rongrong poured out a large number of words, not knowing if it was right or not, but it was a heartfelt praise.

“Not bad, not bad!” The dirty old turtle rubbed the fat Rongrong’s head, a green light flashing.

“I’m green again. Thank you, boss.” Fatty Rongrong was immersed in the green light, her cultivation level rising once more.

Looking at the scene before them, the people of the Nine Phoenix Dynasty wanted to laugh, but they didn’t dare to. Their faces turned red.

“Puchi!”

Finally, Shangguan Shuai couldn’t help but laugh.

“Hmm? What are you laughing at?” Rongrong turned her head.

“Senior, I’m sorry. I thought of something happy!” Shangguan Shuai was stared at by Fatty Rongrong’s cold gaze, his expression turning cold as he hurriedly explained.

“Tell me what’s so funny that Boss and I can hear?” Fatty Rongrong continued.

The dirty old turtle also looked over.

“No, it’s nothing.” Shangguan Shuaishuai hurriedly shook his head.

“No, you have to tell me today.” The fat Rongrong opened her mouth, revealing those terrifying sharp teeth!

A cold light shone from his teeth.

“Senior, I’ll tell you, I’ll tell you. I saw a group of old sows lining up and falling into the ditch.” Shangguan Shuaishuai quickly said.

Then, he saw a group of women walking out of the Thearch Palace, led by the old woman, being sent flying by the panda’s aura that was still lingering in the pit.

Just like that...

He fell into the huge ditch beside him.

“General Shangguan, what did you say?”

“Who are you calling an old sow? Do you think I’m old?”

“F * ckhim!”

A group of female experts from the Nine Phoenix Dynasty swarmed toward the upper echelon of the upper echelon like a tide.

“All!”

“All ~ All ~ Ah!”

Screams that sounded like pigs being slaughtered rose and fell like waves on the sea, but also like the ups and downs of life!

It was not until Shangguan Shuai was beaten into a pig’s head and lying on the ground like mud that the female boxers retracted their fists.

“You deserve it for provoking us!”

The group of female experts looked at Shangguan Shuai in disdain.

They actually dared to call them pigs. They were clearly little princesses that were as beautiful as fairies...

“Senior, why are you here?”

Phantasmal Shadow saw the old dirty turtle and hurriedly walked over to ask respectfully.

“Here, Ten-Colored Flower!”

The old dirty turtle handed the Ten-Colored Flower to Phantasmal Shadow.

“But Senior, I’m already married.” Phantasmal Shadow shook her head.

” What?!”

The turtle’s face turned green with anger.

He had spent a long time to find such a ten-colored flower. Y-y-y-you... Married?

The dirty old turtle felt as if a bolt of lightning had struck the clear sky, and a light rain started to fall in his head. A gust of wind blew a withered yellow leaf over, raising it up and then falling down...

I lost?

Benhai actually bowed for the first time!

Phantasmal Shadow was already married, and the Sea King had only managed to find the Ten-Colored Flower?

“Fatty, let’s go!”

The old dirty turtle was very disappointed. Fatty Rongrong nodded, taking the old dirty turtle away.

Walking out of the Nine Phoenix Emperor Palace, arriving above the Eastern Sea, Fatty Rongrong opened his mouth and asked: “Boss, why are you unhappy?”

“Fatty, you know, I like the process of conquering others, not failure! This time, I’ve lost!”

“This Sea King is very angry!”

The more the old dirty turtle thought about it, the angrier he got. He looked at the dark castle floating in the East Sea and said, “So ugly, so ugly!”

The old dirty turtle cursed angrily, and the Black Tortoise Dharma Power blotted out the sky!

Zhou Wuliang’s seawater split into a hundred-millionth of a centimeter and crashed into the Dark Castle!

Boom!

The Dark Castle shook violently, and a huge hole even appeared. The luck that it had absorbed previously was released as if it was being discharged.

It happened to land on a disheveled youth.

At the same time, Xiao Changtian, who had just returned to the courtyard,

heard the system notification in his mind.. 'Ding...Disciple recruitment mission!'
