Chapter 211: How Dare You Bully Someone? !

Not long after Sir God Hongyun left.

The head elder of the Nine-Tailed Fox clan suddenly passed by.

“Here.”

He saw Qi Qin.

Then, he extended his finger and pointed. A green light landed on Sir God Qi Qin’s body.

Sir God Qi Qin began to recover his life force.

After thatj Nine-Tailed Fox became the First Elder and left with Sir God Qi Qin.

As for Li Wushuang.

He was kicked away by the First Elder of the Nine-Tailed Fox clan.

Above the sea.

The rolling power also calmed down, and the sea returned to calm.

In Xiao Changtian’s small courtyard.

Mu Jiu Huang brought back the Great Emperors.

Each and every one of them was extremely obedient in front of Xiao Changtian.

She was like a kindergarten baby.

"You guys are in charge of expanding the backyard for me!" Xiao Changtian ordered.

"Yes, sir!"

The Great Emperors nodded obediently.

This small courtyard was filled with all kinds of terrifying auras. These terrifying auras suppressed them until they could not breathe.

They felt that if they were to disobey even the slightest, they would be crushed into pieces and turned into ashes in an instant.

Even if they were asked to carry bricks, they would be extremely happy.

The renovation plan of the small courtyard was in full swing.

Xiao Changtian was only supervising the renovation of the small courtyard.

"No, there are not many people. We have to find more."

Xiao Changtian said lightly,

Initially, he thought that 50 people would be enough. However, according to the speed of these five people, it was impossible to renovate the small courtyard in a short period of time.

“Jiu ‘er, you guys continue to work. I’m going out for a while.”

Xiao Changtian said lightly.

He was prepared to go out and find some more people. Fie wanted to complete the renovation of the small courtyard before the new year.

Only when the small courtyard was renovated could everyone not be too crowded.

After saying that.

He walked out with Alpha.

On the other side.

“F * ck, this is too terrifying.”

“This is a restricted area!”

Godking Red Cloud directly turned into a streak of light and disappeared from the Tian Yuan Continent in an instant, returning to the divine world.

He had never expected to encounter a forbidden area in the lower realm.

That was a forbidden zone for life.

It was the place where the strongest existence in the Divine World had fallen.

The monstrous killing intent and terrifying laws contained within were enough to crush a mere Godly King to death.

Furthermore, someone like Sir God Qi Qin was able to complete the inheritance and fusion with the forbidden land. He already possessed the strength of a Godly Monarch.

However, Qi Qin was still knocked out despite possessing such strength.

“This matter is not simple.”

“I want to discuss it with a few old friends.”

God King Red Cloud thought to herself.

His figure turned into a stream of light and instantly disappeared from the space in front of him.

In the next moment.

He landed in front of a supreme temple.

It was a divine hall that was shining with divine light and filled with supreme majesty.

In front of the temple, there were two big words written: God King.

Just these two words emitted an indescribable pressure!

This terrifying pressure, as long as one was below the Godly King realm, all were unable to enter.

“I’m here.”

Divine King Red Cloud stood in front of the two words, "Divine King," and said indifferently. Then, a rainbow bridge appeared in the space in front of him.

The rainbow bridge descended in front of Deity King Red Cloud.

Divine King Red Cloud stepped on the rainbow bridge and walked into the divine hall.

"My old friends, I have discovered a supreme forbidden zone. It is extremely terrifying."

"Even if it was me, I'm afraid that there's only a possibility of me dying in the forbidden area of the lower realm."

Hong Yun Divine Lord said with a solemn face.

However...

What awaited him was not the doubts of the crowd.

Instead, it was a burst of laughter.

"No way, Hongyun? How many years had it been? You're actually starting to be afraid of the lower realm." A yellow-haired God King said.

"That's right. Hongyun, you've always liked to joke around. It's better to not joke around like this." The Black Sky Deity King said.

"Divine King Red Cloud, we are currently discussing the matter of realms. Don't disrupt our rhythm. If you want to tell a joke, wait for an hour."

The mocking laughter of the Godkings rang out one after another.

In the eyes of these Godly Kings, the lower realm was like an ant that could be destroyed with a flip of their hands.

Even if there was a forbidden zone in the lower realm, it was nothing in their eyes.

in the era when the Godly Emperors and Godly Emperors appeared, their Godly Kings were invincible existences.

The Divine Light was still invincible in the Divine Realm!

Let alone a mere lower realm?

All the Godkings present had looks of disdain on their faces. They all thought that Godking Red Cloud was joking.

T swear on the blood of the Godly King that I definitely saw a forbidden zone in the lower realm.”

“There’s a terrifying existence in this forbidden area. It’s definitely a terrifying existence.”

God King Red Cloud, who was in disbelief, directly forced out a drop of God King’s blood. He swore on the blood of the Godly King and said seriously.

Until this moment.

When everyone saw God King Red Cloud’s grave expression, they stopped mocking her.

” Hongyun, are you serious?”

A Godking truly couldn't believe it.

"Absolutely." Divine King Red Cloud nodded, her expression extremely grave.

"Let's go."

"We will follow you to the lower realm to take a look."

"That's right, that's right. With so many Godly Kings, even if there's a terrifying existence in the lower realm, we can still destroy this forbidden land in a short period of time."

"Let's go to the lower realm together."

A Celestial King mentioned it. Following that, many casualties had to follow Divine King Red Cloud to the lower realm.

They didn't believe that there would be any terrifying forbidden zones in the next round.

However, Divine King Red Cloud swore with the blood of a Divine King. This matter was indeed a thorny matter for them.

"Let's go, let's go."

Instantly.

Figures flew out of the Godking Palace. They turned into streaks of light and descended from the Divine Realm onto the Tian Yuan Continent.

"It's just an ordinary lower realm. What's there to be curious about?"

“Divine King Red Cloud, you’re really something. You can even make such a joke.”

“Aren’t there a few ants here? Let’s go and get rid of the ants now.”

Amongst them.

The Godkings laughed and extended their hands. A terrifying power enveloped the two cultivators beside them.

Instantly.

The two cultivators from the Tian Yuan Continent were directly captured by the Godking.

“Aren’t they just two ants? Watch me kill them.”

The Godking laughed loudly and threw the two tribulation transcending experts out wantonly.

Then, he kicked them directly and lifted them up like a ball.

“Ah!”

The two Tribulation Transceivers revealed painful expressions on their faces as they shouted in panic.

Not far away.

Xiao Changtian, who was bringing Alpha to find the craftsman, also saw this

scene.

“There are still people who dare to bully others?”

Chapter 212: Build Me a House (1)

“What are you guys doing?”

In the future, when he saw the Godly King in front of him bullying two people, and those two people were ordinary in his eyes, they had no cultivation at all!

This included the Godkings.

All of them were as thin as a stick.

U was just because they had more people and fewer people.

“Yes, who are you?”“

Tm getting old and old Get lost.”

He he, can't you see what were doing? Do you want to try it too?”

Those God Kings stared at Xiao Changtian and swept their eyes over. They found that Xiao Changtian didn't have any cultivation base aura fluctuation.

He was just a mortal!

A mortal dared to meddle in their affairs?

“You’re courting death.”

One of the Godly Kings directly grabbed it with his hand, and a cruel smile appeared on his face.

In his opinion, this claw of his would definitely be able to turn Xiao Changtian into dust.

“You guys really need to be educated. I ll teach you a good lesson today.”

Xiao Changtian was furious.

The thing he hated the most in his life was bullying others.

Not to mention this kind of mortal bullying mortal.

In this world of immortal cultivators, mortals had already been exploited by immortal cultivators.

But these mortals actually wanted to fight among themselves!

He couldn’t bear it.

Xiao Changtian rolled up his sleeves and walked towards the dozen Godly Kings.

His physical strength had improved again.

Although he might not be able to defeat an Immortal Cultivator.

However, facing a few mortals, he felt that he could still easily deal with them.

“Bang!”

Xiao Changtian used his fist to meet the God King's claw.

In an instant.

The sound of bones breaking could be heard.

The God King's entire arm had been turned into a crescent-like shape, and he let out a painful cry.

The Godking turned into a rubber ball and was sent flying.

"What?"

Seeing this scene, everyone present turned pale with fright.

This ordinary mortal in front of him had actually sent God King White Eyebrows flying with a single punch.

No!

This person was definitely not a mortal.

It was very likely that he was a God King who had hidden his cultivation.

Just like them, they had descended from the Divine Realm to the Mortal Realm.

"Let's attack together."¹¹

"Attack together!"

Instantly.

The group of Godly Kings reacted. This person in front of them was not simple. They definitely could not go up and fight him alone.

Each of them erupted with their aura, wanting to unleash their full strength.

“Woof!”

At this moment.

Alpha roared from the side.

Following that, a huge divine dog appeared in the minds of these Godly Kings.

That divine dog used the stars as chess pieces and the vast universe as a chessboard.

Then, it walked out of the chaos and opened its bloody mouth as if it wanted to devour the sky and the moon.

The terrifying aura was like a huge mountain, suppressing them until they could not breathe!

Even the cultivation in his dantian had condensed!

“Bang bang bang bang!”

After that, all the Godly Kings were sent flying by Xiao Changtian’s punch like rubber balls.

“Ah!”

Countless Godly Kings fell to the ground. If they were not Godly Kings, they would probably have died immediately.

They shouted crazily.

His voice was filled with fear and pain.

“It hurts, it hurts so much!”

A God King shouted out. His face was pale as if he was going to die in the next moment.

“Thank you for saving me, Senior! Thank you for saving me, Senior!”

The two tribulation passing cultivators were saved. The yellow-haired man thanked Xiao Changtian.

They did not expect this either. The mortal in front of him actually had such great power.

He was actually able to defeat an expert they thought was invincible.

“Alright, you two can go first.”

Xiao Changtian waved his hand and let the two of them leave first.

He had to educate these people lying on the ground today.

Let them understand how it feels to be bullied?

“Bang bang bang bang!”

A few more punches landed. Those Godly Kings lying on the ground directly fainted and lost consciousness.

“This... Isn’t he too weak?”

Xiao Changtian was confused.

However, he immediately felt relieved.

These people in front of him were just mortals, and he had the system’s support for martial arts and physical points!

It was already very good that these mortals could withstand a few of his punches.

However, if he were to face those immortal cultivators, he would definitely have no chance of winning.

“Sigh, this stupid system still won’t let me start on the path of invincibility.”

Xiao Changtian couldn’t help but curse in his heart.

If he could activate his invincible cultivation right now, he would definitely be able to bring everyone on the Tian Yuan Continent to the Divine Realm.

Several hours passed.

These God Kings did not wake up either.

“How troublesome. I even had to wake them up.”

Xiao Changtian couldn't help but complain.

Following that, he took out the silver needles that he carried with him and smashed them on the heads of the dozen or so Godly Kings a few times. These Godly Kings began to wake up,

"Don't come over!"

"I was wrong, I was wrong. Don't come over."

"Then, noodles, please let us go."

All the Godkings present knelt on the ground one after another. Their faces were filled with fear as they hurriedly begged for mercy.

In their eyes, Xiao Changtian was like a devil.

"Humph!"

"Weren't you all very arrogant just now?"

"The comparison of their attitudes before and after is simply two different kinds of people! Do you know how it feels to be bullied now? Do you still dare to bully others in the future?"

Xiao Changtian snorted coldly, his eyes fixed on the dozen people in front of him.

The dozen or so God Emperor Realm experts trembled when they saw this.

He hurriedly begged for mercy on the ground.

T understand, I understand. We won't dare to bully anyone in the future."

"Please let us go. We can agree to any condition you want."

"Yes, yes, yes, no matter what the conditions are!"

A group of Godkings hurriedly said.

To them, the most important thing was to be able to survive. In front of such a terrifying monster, they were willing to hand out their own life treasures treasures.

"Forget it."

"I didn't mean to target you. Since you're willing to pay a price, then go and repair my house."

Xiao Changtian said lightly.

"Repair the house?"

The dozen or so Godly Kings were stunned, and their expressions instantly changed drastically.

That was because they remembered that God King Red Cloud had once told them that this was a forbidden area.

To build a house in the forbidden zone, didn't that mean that it had to be in the forbidden zone?

Although they were Godly Monarchs, they did not have the guts to enter the restricted area either!

The forbidden zone was too dangerous!

It was so dangerous that they did not even dare to imagine it!

“Senior, can we not go?” A Godking could not help but ask.

“Hehe, this is not up to you.”

Xiao Changtian laughed..

Chapter 213: Shall We Eat Fish?_I

Very quickly.

Under Xiao Changtian’s lead, the Godkings arrived at the courtyard.

“Go and do it with them. If there’s anything you don’t know, ask the foreman.”

Xiao Changtian pointed at the Heaven Building Sect elder who was commanding the scene.

“Repair the house?”

Until this moment.

Only then did the Godkings reveal expressions of realization.

It turned out that it was really just to repair the house.

To repair the house in front of him.

“Senior doesn’t plan to kill us? Senior actually asked us to only repair the house.

“What is going on?”

“I’m not sure.”

The Great Emperors communicated with each other through True Origin Voice Transmission. To them, this was simply unbelievable.

Such a terrifying senior was actually in such a dilapidated courtyard.

And now, he was using a few ants to build a house?

They were puzzled.

However...

However, he didn’t dare to not do it.

In front of such a terrifying senior, they were only ants. They had to carry out the senior’s orders.

An existence that could become a Godly King, each and every one of them were not simple people.

They all imitated the movements of the Great Emperors and learned how to build houses in a very short period of time.

“Not bad, you’re quite fast.”

Xiao Changtian nodded in satisfaction.

He did not expect this.

The dozen or so people he brought back were actually good at repairing houses.

“Looks like I have good taste.”

In the small courtyard.

The renovation of the house was in full swing.

Meanwhile, in the Nine-Tailed Fox clan.

Sir God Qi Qin woke up.

“Where am I?”

Sir God Qi Qin’s voice was cold as he stared at the Nine-Tailed Fox First Elder.

“Divine Lord, this is the Nine-Tailed Fox clan.”The Nine-Tailed Fox Race’s First Elder replied.

He felt suffocated and unable to breathe just by facing Qi Qin’s aura.

“Nine-tailed fox clan?”

“Why did you save me?”

Sir God Seven Zither frowned and asked in confusion.

“Sir God, these are the orders of the Demon God.”The Great Elder of the Nine-Tailed Fox clan said respectfully.

“Demon God?”

Upon hearing the words “ demon god “, Sir God Qi Qin was stunned.

“It’s me.”

Then, a green light suddenly flew out from the palm of the Nine-tailed Fox Race’s First Elder and condensed into a phantom.

The figure before him was almost identical to the demon god clone from before.

“I want you to help me kill someone.”

“Chu Yiren!”

the demon god said calmly, before conjuring a portrait of Chu Yiren.

“All!”

In the small courtyard.

Chu Yiren, who was resting in her room, suddenly woke up with a start.

She had a very scary dream.

She dreamed that one day, she suddenly became someone else.

Her forehead was filled with beads of sweat.

She didn't know why, but the terrifying dream from when she was young came back to her.

"I'd better go find Senior."

Chu Yiren stood up and walked out of the room to look for Xiao Changtian.

She was the happiest when she was with Xiao Changtian.

At the same time, it was also the time when she felt the safest.

It seemed that as long as she stayed with Xiao Changtian, she would never be in danger.

Night gradually fell.

The construction in the small courtyard also stopped.

Because Xiao Changtian needed to sleep at night.

If the construction was carried out at night, it would disturb Xiao Changtian's sleep.

"What's going on in this lower realm? Why would such a terrifying person exist?"

"What do you think?"

“Hongyun, it’s all because of you. If not for you, we wouldn’t have come to the lower realm. This place is too terrifying.”

“It’s all your fault!”

Instantly.

The dozen or so God Kings all pointed their spearheads at God King Red Cloud.

To them.

Now, he was not thinking of escaping but venting his anger on the Red Cloud Divine Warriors.

Because there was no way for them to escape!

Divine King Red Cloud was speechless.

“Forget it. There’s no point in pursuing responsibility now. Let’s focus on repairing Senior’s house first.”

“That’s right. This senior doesn’t look like someone who would casually kill. We should still have a chance to escape!”

The two Godicings who had maintained their rationality said.

Everyone could only nod helplessly.

“Coo coo!”

Just as they nodded helplessly, Phoenix walked past them.

He even rolled his eyes at them.

“Damn it, even a chicken dares to mock us.”

“Kill him and eat the meat.”

“Right, kill them and eat them. We’ve been Godly Kings for so many years and can already fast, but we’ve completely forgotten what meat tastes like.”

“Good suggestion. Go catch them.”

The dozen or so Godkings all revealed excited expressions.

To them, entering this forbidden area and being captured to repair a house was already a bellyful of anger.

But there was no place to vent.

Now, even a chicken dared to mock them!

It was just the right time for them to have a breakthrough.

“I’ll do it!”

God King Red Cloud stood out. He had been misunderstood by everyone and now everyone was pushing all the blame onto him. He was very unhappy.

He stood up, stretched out his hand, and grabbed Phoenix.

“Hehe, I’ll stew you and eat meat in a while.”

” Haha!” God King Red Cloud laughed with pride.

They might not be able to defeat the terrifying old monsters in this realm, but they could not possibly not defeat a chicken.

However...

The next moment, he was stunned.

The true source palm print that he had grabbed out was instantly shattered into powder by the phoenix’s gaze.

“How is that possible?”

God King Red Cloud was stunned. She could not tell what was happening.

“Hongyun, can you do it?”

“Let me catch it.”

The ground beside him could not stand it anymore.

Divine King Red Cloud actually said that she could not even catch a chicken now. It simply disappointed them.

Immediately after.

The Godking at the side stood up.

He directly grabbed out another true essence palm print and grabbed towards the old hen.

However, at the next moment.

His palm print was also instantly shattered.

Then, in their minds, a terrifying phantom that was emitting an endless fire domain suddenly appeared.

That phantom stood at the end of the heavens, causing the heavens to tremble!

“Phoenix!”

“It’s a phoenix!”

“There’s actually a phoenix in this place.”

Instantly, those Godly Kings directly knelt down. In front of the terrifying phantom of the phoenix, they did not have the strength to retaliate at all.

However, Phoenix only rolled her eyes at them and ignored them.

“Let’s change something to eat. Look at the golden arowana in the pond.”

“Yes, yes, yes, that golden arowana.”

The group of Divine Lords echoed and grabbed at the Golden Arowana in the pond..

Chapter 214: Senior, You Were Amazing Last Night!

“Haha, I don’t believe that I can’t even catch a fish. This is a top-grade golden arowana. The meat is definitely fresh and tender!”

The Red Cloud Divine Net smiled confidently.

Ever since he had arrived on the Tian Yuan Continent, he had been filled with grievance. Even as a Godking, he was overjoyed just by catching a fish!

However...

Just as his hands were about to grab the Golden Arowana, his entire person stopped in midair. The divine essence in his entire body dissipated and he directly fell to the ground.

“Hongyun, why are you...”

The other God Kings looked at God King Red Cloud fall to the ground and asked.

But halfway through, they stopped.

In the void before him, a golden dragon appeared. The dragon’s body was incomparably huge. Even the stars in the sky and the vast universe were like sand ants in front of the dragon!

The dragon’s entire body emitted a golden suppressive light. The golden light shone in the sky, dazzling and eye-catching!

The dragon’s eyes emitted a pressure that shook the nine heavens and ten lands!

Over ten Godly Kings directly knelt on the ground and prostrated themselves. They trembled and did not dare to get up.

" Spare me, Divine Dragon! Spare me!"

The Godkings spoke with trembling voices.

A few breaths later, the Golden Arowana in the pond jerked, and a ball of water splashed out, hitting the heads of the dozen or so Godkings.

Sensing the coldness of the pond water, the dozen or so Godly Kings finally felt that the terrifying aura of the giant dragon had already disappeared.

"This..."

The Godkings were dumbfounded.

In the small courtyard, the chicken was a phoenix, the golden arowana was a divine dragon, and the remaining turtle, monkey...

They did not dare to imagine it anymore!

"I'm a little sleepy. I'd better go to bed first." God King Blackheaven smiled embarrassedly.

Then, he crouched down at the corner of the wall and placed his head on his legs. He hugged his head with his arms and curled up into a ball. Then, he fell asleep.

"Cough cough, it's very tiring to repair a house! Her back was aching a little. Sleep, sleep."

The yellow-haired Godking added.

Then, he squeezed together with the Black Sky Divine King. The two of them sat side by side, curled up into two balls, and slept in the corner.

“Yes, yes, yes. Sleep, sleep!”

The other Godly Kings present reacted one after another. One after another, they went to the corner and squatted down.

“All of you...If you guys sleep, then I’ll sleep too.”

Deity King Red Cloud frantically apologized to the Golden Arowana while crawling back to the corner of the wall. She curled herself into a ball and began to sleep.

A row of Godly Kings curled up in the corner of the wall.

If such a scene was seen by the people of the Divine World, they would definitely be dumbfounded.

In Xiao Changtian’s room.

Xiao Changtian sat on the stool, speechless,””Hurry up and go back to your room to sleep. Don’t disturb my rest.”

“Senior, if I’m afraid, I’ll sleep with you for one night. Just one night? I won’t do anything to you.”Chu Yiren said pitifully as she lay down in bed.

“Aren’t you afraid that I’ll do something to you?” Xiao Changtian was speechless.

“Hehe, don’t be afraid. I’ll listen to Senior. If Senior wants it, I... I can do it too.” Chu Yiren’s face turned red, and she buried her head under the blanket with a grin.

Xiao Changtian was speechless.

“Then I’ll leave.”

Xiao Changtian was speechless. This little girl was probably sick again. She was so young, but she always wanted to marry him.

Although he was handsome and had an extraordinary bearing, and he looked like the handsome men in front of the screen, he was not as beastly as them. They directly attacked him.

However, he himself.

No way!

He was a gentleman, and he definitely could not do such a beastly thing.

Xiao Changtian stood up and prepared to leave. At worst, he would find another place to sleep.

Although he was a gentleman, a gentleman was still a mortal. Moreover, he was an old virgin. A man and a woman were alone in a room with candlelight flickering. This made his blood boil!

If he fainted again, wouldn’t it be embarrassing?

“Senior, don’t go.”

Seeing that Xiao Changtian was about to leave, Chu Yiren hurriedly lifted the blanket and wanted to follow him. However, the moment she lifted the blanket, a conspicuous red undergarment appeared. Xiao Changtian felt as if two streams of heat were about to flow out of his nose!

In an instant!

He hurriedly opened the door and breathed in the cool breeze outside. He also sniffled.

Only then did he feel that his blood and Qi had calmed down again.

“You’d better go back to bed.” Xiao Changtian’s back was facing Chu Yiren, his hands behind his back, not daring to look back.

“Then Senior, sleep with me. I’m scared.” Chu Yiren grabbed Xiao Changtian’s arm and pulled him into her embrace.

Xiao Changtian immediately felt two lumps of warmth.

“Hiss ~!”

He could not help but gasp. He could not take it anymore!

He felt his heart beat faster. This feeling was too wonderful. It was too sinful.

“Erm, Yiren, hurry up and go back, or I’ll get angry.” Xiao Changtian said in a low voice, pretending to be angry.

“No, you’re not worthy of me sleeping, so I’ll always follow you.” Chu Yiren was like a clingy kitten, clinging onto Xiao Changtian, not allowing him to leave. Her voice was extremely coquettish, making one’s entire body go numb.

When the group of Great Emperors squatting in the corner heard this voice, they hurriedly sealed their hearing.

What if something happened next...

They did not dare to eavesdrop.

"You... Alright, but we agreed that we'll share half the bed each. You can't cross the line." Xiao Changtian felt the warmth on his arm and accepted it helplessly.

"Good!"

Hearing this, Chu Yiren agreed with a smile. She ran to the bed and slept in the back.

Seeing this, Xiao Changtian nodded his head in disappointment and went to sleep on the first half of the bed.

"Behave yourself. You can't enter my bed in the middle of the night, okay?" Xiao Changtian warned again.

"Got it, Senior. Goodnight."

With that, Chu Yiren went to sleep, leaving Xiao Changtian stunned.

However, he still closed his eyes and chanted the Heart Cleansing Spell in his mind to suppress the temptation that came from his nose.

Gradually.

Xiao Changtian also fell asleep.

The next day, the sun was high in the sky.

Xiao Changtian slowly woke up. He didn't know why, but the first thing he felt when he woke up was that he was a little tired, and his vision was a little blurry.

He tried to open his eyes, only to discover that Chu Yiren was lying on top of him.

“I... I won’t... That was impossible...! didn’t do it, right?”

Xiao Changtian was stunned. He didn’t have any memory of this, but Chu Yiren was lying on his chest like a kitten, drooling from the corner of her mouth, looking infatuated.

“Senior...You’re really amazing.”

Just as Xiao Changtian was feeling puzzled, Chu Yiren’s voice suddenly rang

out..

Chapter 215: Ye Fan Splits the Sky (1)

Xiao Changtian was speechless.

“I know I’m very powerful, but what did I do to you last night?”Xiao Changtian asked.

However...

Chu Yiren didn’t answer him. Instead, she heard two snores.

“So you were talking in your sleep. You scared me.”Xiao Changtian heaved a sigh of relief and slowly placed Chu Yiren’s body back on the bed. He then looked down at the blanket and realized that he was still wearing his clothes. He instantly realized that it was a false alarm.

“Ding! [System Announcement: Create the Supreme Buddha Jumps Over The Wall!] He would give it to the first person who came to his door after 29 days.”

” Mission reward: Physical attribute point +1”

” Punishment for mission failure: Deduct all of the host’s assets, including but not limited to gold, furniture, bookstores, etc.”

Xiao Changtian had just gotten out of bed when the system notification sounded.

” Deduct my gold?”

“Damn system, you want to die together with me, right?”

Xiao Changtian was furious. Gold was all he had. How dare the stupid system deduct his gold? At most, they would die together.

“Ding! The system notified him that there would be a penalty for failing the mission. The time limit was one month!”

The system notification sounded again.

“Oh, 1 see.” Xiao Changtian calmed down and looked at the mission carefully.

“There’s also a reward of physical points? Why can’t I just get 100 points or something? What was so little? Give me more so that I can at least defeat the lowest level of Qi Refinement cultivators, right?”

“I can only educate those weak and weak ordinary people in the courtyard. Sigh.”

Xiao Changtian muttered and sighed.

However, no matter how small a fly was, it was still meat. It was good to have more physical attributes. It would be a waste not to have them.

The quest to unlock the new skill Xiao Changtian said.

As for Supreme Buddha Jumps Over The Wall, it was actually a dish that Xiao Changtian had developed himself after he had mastered his culinary skills. Unfortunately, the raw materials were too difficult to find, so he had never really made it.

But this time, he had to do it.

“Forget it. Write down the names of the raw materials and let my disciples find them. If they can’t find them, they can ask the Great Sun Immortal.” Xiao Changtian said lightly.

Then, he picked up the Phoenix Feather Pen and wrote down hundreds of raw materials.

Then, he divided the raw materials into a dozen equal portions before walking out of the room.

“Disciples, stop what you’re doing first. I have something to say.” Xiao Changtian said.

“Master, what’s the matter?”

“Master, we’re here.”

“Master, what do you want to say? Is Master’s wife settled?”

Ye Fan and the others surrounded Xiao Changtian and waited for his instructions. Their faces revealed curiosity.

Su Daji even teased him.

“Pa!”

Xiao Changtian smashed his head on Su Daji’s head.

“All!”

Su Daji was bounced and instantly pushed back more than ten steps. If it wasn’t for Ye Fan pulling her back, she would have retreated out of the small courtyard.

“Wuwuwu, Master, it hurts when you hit someone. Wuwuwu!” Su Daji started crying.

“Hmm?”

Xiao Changtian was stunned. He had only flicked his head, was there a need for such a big commotion?

She really knew how to act!

“Alright, I won’t hit you anymore. It’s just a brain crack, it won’t hurt anymore.” Xiao Changtian said helplessly.

These days, disciples are too difficult to serve!

As a master, he was really worried and worked hard!

As soon as Xiao Changtian finished speaking, Su Daji felt that the pain on her forehead suddenly disappeared. Even her sea of consciousness became clearer.

“Eh, it really doesn’t hurt anymore?” Su Daji said with a smile.

Xiao Changtian shook his head helplessly. This disciple of his, how could his head hurt? It really was.

“Master, do you have any instructions?” Ye Fan said, and everyone immediately quieted down.

“It’s like this. I’m preparing to make a dish in a month’s time, but the process of making this dish is quite complicated and requires too many ingredients to be prepared. Therefore, I need the few of you to go and look for it.”

Xiao Changtian said as he started to distribute the mission slips.

“Ye Fan, you’re in charge of finding firewood. You need a total of three types.”

“The first type is wood that can emit five fragrances. The second type is wood that can absorb smoke and dust during the burning process. The third type is...”

“There is also a water source...”

Xiao Changtian instructed carefully. Ye Fan memorized every request.

“Miao Shou, go and find a few medicinal herbs. One is a

ten-thousand-year-old sea cucumber from the sea, and another is a plant that you need, as well as these three flowers.”

“Beichen...”

“Tai Bai...”

“Futian...”

“Do you all remember? I can’t make any mistakes with any of the items. As long as I find one of them, I’ll take it back and keep it. Otherwise, some items will no longer be useful after some time.” Xiao Changtian said.

“Yes, Master. We understand.”

The disciples nodded and left the courtyard.

“I wonder when my disciples will be able to gather all of them? What if I’m late? What if this stupid system really deducts my gold?” Xiao Changtian couldn’t help but worry.

He had gone through so much hardship to open a bookstore across the continent.

“Forget it. I’m going fishing today.”

“Jiu ‘er, take my fishing rod and Alpha! Let’s go.”

Xiao Changtian said.

In any case, there were five foremen in the small courtyard, including Zhuyi, so he could rest assured.

“Yes, sir!” Mu Jiuhuang agreed to Ling Sheng’s request. The two of them left Ling Sheng’s courtyard and went fishing by the north sea.

Only after Xiao Chang Tian left did the old dirty turtle float up from the water, leaping onto Fatty Rongrong’s head: “Fatty, let’s go. Go to the Divine Realm and find a beauty.”

Saying so, the dirty old turtle grabbed Black Heaven Divine King, bringing Fatty Rongrong directly into the void.

“Sigh, wait for me!” The monkey only realized after a while, bending the bamboo forest, like a moon landing catapult, it followed and hopped on top of Fatty Rongrong’s head.

One man and three beasts directly entered the Divine World.

On the other side.

Ye Fan thought about the wood that was emitting five fragrances, and his face was filled with doubt.

He had been chopping firewood for so long and had seen all kinds of wood, but he had never encountered wood with a wooden fragrance.

“Hmm? Someone? Just in time to ask.”

Ye Fan walked towards an old man who was chopping wood in the forest: “Uncle, may I ask where there are trees that emit five fragrances?” “Five-scented trees? You must be joking, young man. How can there be a tree with five fragrances? Are you joking?”

The old man waved his hand and chuckled.

“No?”

Ye Fan was stunned. This was a mission given by his master. It was very important.

“Hehe, perhaps only the legendary world where immortals live exists.” The old man shook his head and felt that Ye Fan, this young man, was a little stupid. He smiled and left.

“The Divine Realm?”

Ye Fan was slightly stunned. Then, he bowed to the old man’s back and said, “Thank you, uncle!”

Then, he took out the ax from his waist and hacked it into the sky!

Chapter 216: Don't Give Up Your Lives in vain (1)

Divine Realm.

Great Wood Immortal Continent.

This was an immortal continent filled with wood elements. In this immortal continent, lush forests were everywhere, full of vitality.

The blue sky was like a mirror. Auspicious clouds floated and colorful cranes flew.

However, all of a sudden.

An ear-piercing scream broke the silence.

“Help!”

A young man with green hair was running in a panic, screaming for help.

His chest emitted a faint green light.

That's the position of the heart.

“Don't run, Mu Renjie. Hmph, your entire race is no match for us. No one can protect you.”

“That’s right. Your Wood Spirit’s Heart is a sacred item of our Great Wood Immortal Continent that’s only seen once in ten thousand years. Hand it over. As long as you hand it over to our young master and let him break through to the Divine Lord realm, we’ll burn paper offerings for you!”

“That’s right, hahaha!

“Hand over the Heart of the Wood Spirit! Hand over the Heart of the Wood Spirit!”

One by one, the experts chased after him with greed on their faces.

Mu Renjie, who was fleeing for his life, was a genius of the Divine Wood Dragon Subduing Wood Clan!

He was born with the Heart of the Wood Spirit.

On the day he was born, the entire Great Wood Immortal Continent was enveloped by a green light that symbolized life. Countless people of the Great Wood Immortal Continent sensed that the Wood Spirit’s Heart carried the holy wood element!

However, the Dragon Subduing Wood Clan was too powerful. They could not afford to provoke them!

However, in recent years, the other races of the Great Wood Immortal Continent, such as the Ancient Song Race and the Ancient Liu Race... All of them rose up, and new prodigies appeared, obtaining new opportunities.

Therefore, many aboriginals gathered together and came to an agreement. They made the chief of the Dragon Subduing Wood clan unable to come out alive after being transferred to the Great Wood Abyss. Then, they gathered their men to attack the Dragon Subduing Wood clan together.

The Dragon Subduing Wood Clan fell overnight.

Helplessly, he could only let Mu Renjie escape.

“Damn it, am I going to die?”

Mu Renjie’s face was filled with hatred. He hated that these people were only after the Heart of the Wood Spirit.

However, if the Wood Spirit’s Heart was dug out, he would definitely die.

He could not die yet!

He still had to go back to find the clan leader!

“Help!”

Therefore, Mu Renjie shouted as he ran with an anxious look on his face.

Suddenly.

At this moment.

His face darkened, and the Heart of the Wood Spirit in front of his chest flashed with a green light. With the appearance of this green light, Mu Renjie’s figure fell to the side.

Because he sensed a great threat.

It was as if that power could split open the sky, causing his Wood Spirit Heart to tremble uncontrollably.

That aura was like an axe light!

The axe light expanded and tore the space in front of him. Even the 10,000-year-old tree beside him was cut into two.

“Psst!”

Even space itself was torn apart.

As the wind howled, a figure walked out of the crack with a puzzled and curious expression.

“Is this the Immortal World? He felt that it was not much different from the Tian Yuan Continent.”

“But compared to Master’s small courtyard, there’s simply no comparison.”

Ye Fan shook his head and put the axe in his hand back to his waist. His expression returned to calmness.

“You... You, you, you!”

When Mu Renjie saw this scene, he was scared silly.

There was actually someone who used an axe to directly tear open the space of the Divine Realm and then came up from the lower realm?

What kind of method was this?

What kind of cultivation was this?

At the very least, he was a Godly Monarch, right?

Mu Renjie was extremely shocked. It was as if he had been struck by lightning. Even the Clan Leader was only at the Divine Lord Realm. However, with the Clan Leader's strength, he could not tear open the space at all.

Mu Renjie's eyes moved as if he had thought of something. He looked at Ye Fan, then stood up and came to Ye Fan.

"Plop!"

Mu Renjie immediately knelt down, his face filled with joy.

This was an invincible expert!

If he could obtain the protection of this invincible expert, these pursuers behind him would be nothing at all.

Otherwise, they wouldn't have plotted against the clan leader!

"Senior, please save me. They want to dig out my Wood Spirit's Heart." Mu Renjie hurriedly said,

"Wood Spirit's Heart?"

Ye Fan's brows twitched slightly. He swept his gaze and instantly understood the situation in Mu Renjie's body.

Then, Ye Fan placed his hand on the Wood Spirit Heart.

The Wood Spirit's Heart immediately emitted a green light, as if it was about to fly out, but it was pressed back by Ye Fan.

“Alright, I understand everything. As long as you agree to one condition of mine, I’ll help you.”Ye Fan said indifferently.

Hearing this.

“Senior, please speak!” Mu Renjie was overjoyed.”

No matter what the condition was, he could agree to it now.

“Bring me to a tree that emits five fragrances!”Ye Fan said indifferently.

” Five fragrant trees?”

” Isn’t this the Dragon Subduing Wood?!”

“Senior, I can help you find it! “Mu Renjie said excitedly.

Dragon Subduing Wood was very common in the clan, so this was not a hardship.

“Good!”

Ye Fan nodded. He could see that Mu Renjie was not lying. Similarly, Mu Renjie could not lie in front of him.

“Kill!”

“Mu Renjie, hand over the Wood Spirit’s Heart!”

“Hahaha, let’s see where you can run to. Your Wood Spirit’s Heart belongs to my Ancient Pine Clan!”

"Hmph, my Ancient Liu Clan will definitely take it!"

A group of experts ran over and surrounded Mu Renjie.

But at the same time, they also noticed Ye Fan standing in front of Mu Renjie.

"A mortal? Kill them directly!"

An Ancient Pine Race cultivator looked at Ye Fan with disdain. He was just a woodcutter. He slapped out with his palm, and countless pine needles turned into rain and mist that flew towards Ye Fan.

"Whoosh! Whoosh! Whoosh!"

The pine needles caused a series of explosions in the air, causing the air to explode.

"Senior."

Mu Renjie was shocked. This was a Hierarchy Realm expert. He could not withstand the power of this palm.

"Some dead branches. It's time to sweep them."

Ye Fan said indifferently and waved his hand. Although there was nothing in his hand, it was as if a broom had appeared. With a wave of the broom, the pine needles in the space in front of him completely disappeared.

"What?"

"What happened? Did anyone see it?"

“What happened just now? Where did my attacks go?”

The Ancient Pine and Bamboo cultivator revealed a puzzled expression. His two big eyes widened like copper bells as he asked crazily.

He was a Supreme God Realm expert after all. However, he could not even tell how the person in front of him had attacked.

“You can leave. If I don’t kill you, don’t give up your lives in vain.”Ye Fan said indifferently..

Chapter 217: Senior, You Can’t Do It There! i

“Brat, what did you say?”

“If you have the ability, tell me again. I’ll let you understand why flowers are so red!”

“Brat, don’t think that just because you can take on Flierarch Qing Song’s attack, you’re our opponent!”

“This brat is too arrogant!”

One by one, the experts pointed at Ye Fan and said angrily.

In their opinion, the Ye Fan in front of them was only hiding his cultivation.

However, no matter how powerful he was, he was still not a match for so many of them!

“Master taught me not to do anything more than three times.”

“This is the second time I’m warning you not to make unnecessary sacrifices!”

Ye Fan looked at everyone in front of him and said in a deep voice. His expression was extremely calm, just like his voice, it made people calm and filled with strength.

Mu Renjie followed behind Ye Fan. He felt that Ye Fan’s figure was incomparably tall and imposing. He felt so secure.

He was like his brother!

“Senior, there are so many people. Are you really okay?” Mu Renjie asked quietly.

“Hehe, it’s fine. Master often taught me that when I see someone bullying others, I can’t ignore them.”

“In this world, other than Master, I don’t know anyone who can make me really attack.”

Ye Fan said with a faint smile, his voice calm.

It made people feel neither Versailles nor any pride. It was just a statement of fact.

Hearing this, Mu Renjie nodded seriously. He felt that the senior in front of him really had such strength.

“Arrogant!”

“Arrogant!”

“You’re courting death!”

All the experts present revealed furious expressions.

Who were they?

He was one of the top experts of the Great Wood Immortal Continent.

To them, when had anyone dared to be so arrogant and contemptuous in front of them?

In an instant, violent power erupted from their bodies.

Countless rays of vital essence soared into the sky, and countless forces swept through the space.

In an instant.

In the space, the phantom of a pine tree, a willow tree, and a thorn appeared...

Countless phantoms appeared. Pine needles, willow branches, thorns... There were also many other methods that lashed out at Ye Fan.

Ye Fan was directly surrounded.

When these terrifying powers gathered, the space emitted cracking sounds.

“This...”

Mu Renjie, who was hiding behind Ye Fan, felt this terrifying power and his entire body went limp in an instant.

It was too terrifying!

In front of these experts joining forces, he did not have any strength to retaliate at all.

In fact, just his aura alone was enough to crush him into powder.

“Some withered branches and leaves, sweep them away.”

Ye Fan was expressionless as he spoke indifferently. He was like sweeping the floor in the small courtyard. With a wave of his hand, many fallen leaves gathered into a pile.

Then, he disappeared completely.

Everything happened in an instant.

In fact...

There were no screams in the space.

Those experts, those insufferably arrogant experts, transformed into recovery just like that. They scattered with the wind and fell into the soil, completely disappearing without a trace.

“This...”

Mu Renjie was dumbfounded. What kind of power was this? What kind of technique was this? It could actually turn dozens of Hierarch Realm experts into ashes without a sound?

“Let’s go. Bring me to find a tree that can emit the fragrance of five spices.” Ye Fan said.

“Yes, yes, yes!” Mu Renjie hurriedly nodded.

The big shot in front of him was really too terrifying.

Even after killing so many Supreme God Realm experts, the senior in front of him did not even blink.

“Senior, those are all Godly Venerable Rank experts.” Mu Renjie reminded him again, his face filled with shock.

“It’s not even as good as the fallen leaves in the small courtyard.” Ye Fan shook his head.

” A Supreme God Realm expert is inferior to the leaves?” Mu Renjie was surprised for a moment, but he quickly reacted. Senior, this should be a state of mind.

It was as if he looked at the cultivators of the lower realm and felt that they were no different from ants.

However, he vaguely felt that Ye Fan’s words seemed to have been misunderstood by him.

He had a feeling that the fallen leaves that Ye Fan mentioned really seemed to be stronger than those Supreme God Realm experts.

Very quickly.

Under Mu Renjie’s lead, Ye Fan arrived at the Dragon Subduing Wood Clan.

At this moment, the Dragon Subduing Wood clan.

They were being imprisoned by the other races in the huge square.

“I told you to glare at me!” One of the Ancient Willow Clan cultivators saw a tied up girl glaring at him and whipped her with a willow branch.

“Humph!”

Although the girl was being whipped, she did not show any fear or cry out in pain. She still stubbornly stared at the Ancient Liu Clan cultivator in front of her and mocked, “You can’t!”

“What?”

“You dare to say that I can’t do it? You little girl, are you tired of living?”

“I’ll let you see my big... Willow branch!”

The Ancient Liu Clan cultivator’s embarrassment turned into anger. He immediately transformed into a huge willow branch that looked like a small tree and whipped it at the woman.

The large willow branch even caused an explosion in space.

Without a doubt.

If this willow branch were to strike her, this woman from the Dragon Subduing Wood Tribe would definitely die.

“Stop!”

At this moment, Mu Renjie rushed out and stood in front of the woman. He closed his eyes and wanted to block the attack for the woman.

“Hehe, you are courting death.”

The Ancient Liu Clan cultivator laughed as he whipped the willow branch down crazily.

The huge willow branch carried a terrifying power like a mountain, making people feel intimidated.

Even Mu Renjie himself did not have much confidence, but he could not let Qiuxiang die.

He had to take this attack on behalf of Qiuxiang.

“Go ahead.”

Seeing that the big willow branch was about to fall, Ye Fan slowly spoke. As if he was sweeping the floor, he slapped the Ancient Liu Clan cultivator in front of him and sent him flying, completely dissipating in space.

“What?”

Upon seeing this, the Ancient Pine Clan cultivators in the distance revealed looks of horror as they unleashed their own techniques.

In an instant, countless pine needles flew towards Ye Fan again. It was as if they covered the sky and covered the earth, making it impossible to guard against!

However, Ye Fan did not move. The pine needles in front of him were completely shattered, and even the Ancient Pine Race cultivators were saved.

“Thank you, Senior!”

“Thank you, Senior!”

Mu Renjie hurriedly expressed his gratitude.

“Let’s save them first.” Ye Fan said indifferently.

Then, Mu Renjie saved the cultivators of the Dragon Subduing Wood Clan and introduced Ye Fan to everyone. He showed that Ye Fan was an invincible expert who saved him at the same time and that Ye Fan was also here to find the Dragon Subduing Wood.

“Thank you, senior. You can take these Dragon Subduing Wood as you wish.”The vice clan leader said gratefully.

“As expected, it’s a wood that emits five fragrances.”Ye Fan asked about the five fragrances that were emitted from the space and revealed a faint smile.

He had finally found the five-fragrance firewood that his master wanted.

“However, the five fragrances of the wood in front of me are not strong enough. I want that piece.”Ye Fan shook his head and pointed at a huge pit in front of him.

He sensed that there was a type of wood in the deep pit that emitted the strongest and most mellow fragrance!

“Senior, there...You can’t do it there!” Mu Renjie hurriedly said..

Chapter 218: A Million Year Old Pine (1)

|

“Why not?”

Ye Fan frowned slightly because he could sense that there was nothing special about the Dragon Subduing Wood in front of him. At most, it was a little old and was not a treasure.

“Senior, there’s a Godly King of my Dragon Subduing Wood Race under the abyss!”

“Back then, our Dragon Subduing Wood Clan was able to rank first in the Great Wood Immortal Continent because of this senior God King!”

“But that Godking seemed to have gone crazy!”

“Therefore, it will be very dangerous to obtain the Dragon Subduing Wood under the abyss!”

Mu Renjie hurriedly explained.

He only knew that Ye Fan was very strong. He was even stronger than the patriarch of the Dragon Subduing Wood Race. There was even a high chance that he was a Godly King realm martial arts expert.

However, facing a true Godly King, he did not know if Ye Fan would be in danger.

“Understood.” Ye Fan said indifferently and nodded.

Soon after.

He leaped and directly jumped into the abyss.

“Senior?”

Seeing this, Mu Renjie, the Deputy Chief of the Dragon Subduing Wood Tribe, Mu Qingqing, and many other members of the Dragon Subduing Wood Tribe were shocked and shouted in panic.

That Divine King Realm ancestor was the number one person in the Great Wood Immortal Continent.

Not to mention, he had already fallen into madness.

Just thinking about how terrifying a Godly King realm old ancestor who had fallen into madness was made one feel a chill on their backs.

They had already explained everything to Senior, but Senior actually jumped in?!

“Bang!”

In the next moment.

A huge explosion sounded from under the abyss. The sound was extremely loud.

Even the originally incomparably dark abyss was illuminated. A huge pillar of light shot into the sky, and the faint sound of a dragon could be heard within the pillar of light.

“Ancestor?”

“No good, this old ancestor’s Dragon Subduing Palm is the real deal!”

“It’s over. There’s a fight below. Will something happen?”

“That senior is a benefactor to our Dragon Wood Clan. Please don’t let anything happen to him. Otherwise, I, Dragon Wood, will feel guilty for the rest of my life!”

Mu Renjie and the Deputy Patriarch were scared silly.

A great battle between Godly Kings was not something they could participate in at all! Just a random ripple of power could completely shatter them.

“Retreat!”

Helpless, the vice clan leader could only order everyone to retreat.

Only Mu Renjie stayed behind and gazed into the distance.

“Renjie, come back quickly!”

The deputy clan leader shouted at the side and hurriedly wanted Mu Renjie to retreat, but Mu Renjie was unmoved.

“Clan Leader, Senior is my savior. I can’t watch Senior get into trouble!”

Mu Renjie said with a determined look on his face, he directly jumped into the abyss!

“Renjie!”

Mu Qingqing shouted. Mu Renjie only had the strength of a High Level Deity. If he jumped down, he would definitely die.

“We’re finished!”

The faces of the other clansmen also darkened. Mu Renjie was going to die.

“Boom!”

A terrifying explosion sounded from the abyss. Then, everyone saw a few afterimages fly out from the abyss.

The moment they flew out, one of the figures was directly thrown heavily onto the ground, smashing a huge hole in the ground, stirring up dust that filled the sky.

After the dust settled, the two figures finally settled down.

“Renjie?”

“Senior?”

Only then did the people of the Dragon Subduing Wood Race see clearly that Ye Fan and Mu Renjie were in the space in front of them.

Moreover, there was no aura fluctuation around the two of them, and they were not injured at all.

In Ye Fan’s hand, he was even holding a huge piece of Dragon Subduing Wood. The Dragon Subduing Wood emitted a five-spice smell, it was extremely fragrant and spread throughout the entire space.

Everyone looked at the two of them with surprise on their faces.

Their own ancestor was a Divine King Realm powerhouse.

The terrifying battle aura that erupted was already unimaginable, but Senior and Mu Renjie were actually not injured at all?

“Cough cough!”

Until this moment.

The ancestor of the Dragon Subduing Wood Clan slowly crawled out of the deep pit. His clothes were in a mess, his hair was messy, and his body was covered in blood.

“Ancestor?”

“Everyone, retreat. The ancestor is in danger!”

The deputy clan leader was shocked and shouted in a panic. Everyone retreated crazily as if they were avoiding a poisonous snake.

“Cough cough, why are you running? Your ancestor has already regained his consciousness.”

The Dragon Subduing Wood Clan’s Patriarch patted the dust off his body and made a spell. He changed his clothes again.

“Thank you for your guidance, Senior.”

Then, the ancestor of the Dragon Subduing Wood Race walked respectfully to Ye Fan and bowed.

He went crazy.

In fact, it was because he had reached a bottleneck in the process of cultivation and could not break through for a long time. Then, he went berserk.

However, now, in the process of fighting with Ye Fan, he suddenly understood. It was as if he had been enlightened by the Great Dao and had already broken through to the bottleneck. In fact, the next step would be to take another step forward and become a God Emperor Realm expert.

“Senior?”

At the side, the people of the Dragon Subduing Wood Race stared at Ye Fan with incomparably surprised expressions.

His own ancestor actually called Ye Fan master?

It was simply unimaginable!

“No need. This piece of Dragon Subduing Wood can be considered a thank you gift for me.” Ye Fan smiled faintly and carried the huge Dragon Subduing Wood on his shoulder.

“Senior, it’s just a mere Dragon Subduing Wood, I’ll give it to you/ Ancestor Mu Xianglong said!

“Uh...”

Ye Fan paused slightly.

“Senior, what happened?” Mu Xianglong saw Ye Fan pause and asked in confusion.

“I-I can’t pretend.” Ye Fan smiled awkwardly.

“Can’t put it up? Senior, you... You can just put it in your ring.”¹¹ Mu Xianglong smiled awkwardly, thinking that Senior really knew how to joke.

“Um, I don’t have any True Qi, so I can’t use the interspatial ring.” Ye Fan explained.

“What is it? No True Qi?” Mu Xianglong was stunned. Senior was so powerful that he had no way to fight back. Senior actually said that he had no true essence?

“This...”

Mu Xianglong, Mu Renjie, and the others were stunned on the spot, not knowing what to say.

Seeing everyone’s confusion, Ye Fan explained, “This is a special Dao that Master passed down to me. Don’t worry about it.”

Hearing everyone's explanation, the people of the Dragon Wood Tribe did not dare to ask further. Mu Xianglong was the first to stand up and say,

"Senior, I'll hold it for you."

Mu Xianglong quickly walked over, but Mu Renjie also stood up,"

"Ancestor, you should go and save the clan leader first. I'll carry it. Although the Dragon Subduing Wood weighs billions of pounds, I'm also a member of the Dragon Subduing Wood Clan."

Mu Renjie said with a smile. He ran in front of Mu Xianglong and took the Dragon Subduing Wood from Ye Fan's hand.

"Senior, I'll carry it and send it back to you. At the same time, I would like to thank Senior and Master." Mu Renjie smiled awkwardly.

Ye Fan nodded,"Alright, but I still need to find another kind of wood that can absorb smoke during the burning process.""

"Do you know where I can find it?"

Ye Fan asked. The people of the Dragon Subduing Wood Race looked at each other and frowned. As people of the Great Wood Immortal Continent, they had really never seen such a piece of wood.

However, Mu Xianglong's face lit up and he quickly said,""There is an ancient pine tree that has lived for a million years in the ancient pine bamboo."

Ye Fan's eyes lit up as he muttered,"The Ancient Pine Race..."

Chapter 219: Exterminate the Dragon Subduing Wood

Clan!_i

Gu Songzhu had lived in the Great Wood Immortal Continent for a long time like the Dragon Subduing Wood Clan.

Even the ancient pine and bamboo trees of the Great Wood Immortal Continent had been established.

In the depths of the Ancient Pine Clan, there was a million-year-old pine tree. Its entire body was emitting a greenish-gray aura. It was ancient, ancient, and extremely mysterious!

Before the ancient pine tree.

Many Ancient Song clansmen were paying their respects.

Countless wisps of green smoke rose up and gathered into a large sea of green smoke that rose up.

The sea of smoke blocked his vision.

However...

The sea of smoke had just reached the top of the ancient pine tree when it disappeared in an instant. The vast sea of smoke seemed to have been swallowed by the ancient pine tree.

The ancient pine absorbed the green smoke and the whole tree trembled violently. Pine needles fell one after another.

“Buzz!”

The pine needles fell from the sky and turned into green lights.

The light landed on the body of the Ancient Song Tribe member.

“Thank you, King Song!”

“Thank you, King Song!”

Shouts rang out as everyone in the Ancient Pine Clan prostrated themselves on the ground, expressing their respect for the million-year-old pine.

Two hours later.

Only then did the tribe leader of the Ancient Pine Tribe stand up.

After that, the people behind Song Renjian, the chief of the Ancient Song Clan, stood up.

“Alright, it’s time to pay respects and stay for the night. Let’s go outside the Holy Land to discuss matters.”

Led by the Songren Sword, everyone returned to the main hall.

“How is the matter of obtaining the Wood Spirit Heart?” Songren Sword looked at the seat below him, his face filled with joy.

As long as he could obtain the Wood Spirit’s Heart and hand it over to King Song, the Ancient Song Tribe would definitely produce another Godly King.

At that time.

The ancient pine and bamboo could replace the position of the Dragon Subduing Wood Clan in the Great Wood Immortal Continent!

“This... Elder Song Ren had yet to send back any news.”The Ancient Song Clan’s deputy clan leader hurriedly replied.

“You haven’t returned with any news? It shouldn’t be.”

“Could it be that they are fighting with the other clans? Could it be the Ancient Liu Clan’s...?”

Song Renjian frowned and asked with a puzzled expression.

“Forget it. Bring Mu Zhantian up first!”

Mu Zhantian was the chief of the Dragon Subduing Wood Tribe. He had fallen into the deep pit of the Ancient Pine Tribe due to the Songren Sword and was severely injured.

“Yes, sir!”

The guards at the side passed down the order. Then, two Ancient Song Tribe cultivators carried Mu Zhantian up.

Mu Zhantian’s body was festering and covered in pine needles!

“Hehe, Mu Zhantian, look at you now. You look like a stray dog!”

On the seat of honor, Songren Sword began to mock him.

The Ancient Pine Tribe had been suppressed by the Dragon Subduing Wood Tribe before, and the same was true for the Pine Man Sword in front of Mu Zhantian.

But now...

His Ancient Pine Race had already joined forces with the other Ancient Races and were on the way to annihilate the Dragon Subduing Wood Race.

“Bah, treacherous scoundrel, shameless person. If I didn’t trust you, how would I have fallen into your trap?”

“How can you be my opponent in a direct duel?”

“If you didn’t ask me to help you, how could I have been framed by you and fallen into the Ancient Song Tribe’s sacred pit? I treated you with kindness, but you schemed against me.”

Mu Zhantian spat out a mouthful of blood.

“Hehe, Mu Zhantian, you are really stupid.”

“I’m afraid that the entire Dragon Subduing Wood Clan has been destroyed by now, right?”

“Oh, and your most promising successor, Mu Renjie, has probably had his heart dug out by now. The Wood Spirit’s Heart is also on the way back to the Ancient Pine Clan.”

“Mu Zhantian, you’re finished!”

“You, your Dragon Subduing Wood Clan is completely finished!”

Song Renjian laughed out loud. Then, his body moved and came in front of Mu Zhantian. He stepped on one of his arms.

“Hmph, Mu Zhantian, you used this arm to defeat me back then, right?”

The Songren Sword sneered as he stepped on the ground.

“Bang!”

Mu Zhantian’s right arm turned into a bloody mist and exploded in the air.

“You, you won’t have a good ending!”

Mu Zhantian gritted his teeth. Even though his body was trembling in pain, he did not scream in pain. Instead, he stared at the Songren Sword coldly.

“Hmph, you still dare to glare at me?”

“Looks like you don’t want your eyes anymore.”

Songren Sword flew into a rage out of humiliation. Being stared at by Mu Zhantian, he always felt a sense of contempt, a contempt that came from his soul!

This kind of contempt made him angry!

It made him angry!

The Pine Man Sword sent out another two pine needles, piercing into Le Mu Zhantian’s eyeballs.

“Psst!”

Mu Zhantian’s eyes were instantly filled with red blood.

“Ah! My eyes!”

“Songren Sword, you won’t have a good ending!”

“Traitor who sneaked up on me from behind. Even if I die, I will turn into a malicious ghost and come back to find you!”

Mu Zhantian said painfully.

“Hehe, I won’t have a good ending? After I kill you and devour the Wood Spirit’s Heart, I will be the strongest in the entire Great Wood Immortal Continent! Who can let me not have a good ending?”

“Hmph, you even turned into a malicious ghost and came back to find me?”

“I’ll destroy your soul now!”

Song Renjian sneered and slapped Mu Zhantian’s head.

“All!”

Mu Zhantian let out an extremely miserable scream. The shadow of the Dragon-subduing Wood was looming behind him. It was his soul.

“Hehe, I’ll destroy your soul today and make you disappear.” Songren Sword laughed loudly.

However...

At this moment.

“Report, report that something has happened to the clan leader.”

“Elder Song Ren’s soul jade tablet is broken!”

An Ancient Pine Clan cultivator ran in in a panic and said anxiously.

“What?”

Upon hearing this news, everyone present stood up in unison, their faces filled with surprise.

Song Ren was in the Godly Venerable Realm. How could he be killed?

Moreover, there were many experts following Song Ren.

“What exactly happened?” Song Renjian also frowned. For some reason, his heart suddenly thumped, and he suddenly had a bad feeling.

“I’m not sure about the exact situation. It’s still under investigation, but the Ancient Liu Clan, the Ancient Thorn Clan... It seems like someone has died.” the cultivator replied.

“What is it? They’re all dead!”

“Investigate, quickly investigate!”

Songren Sword roared. He was extremely furious because he had a bad feeling.

“Yes...!” The cultivator quickly retreated. The Songren Sword did not bother to kill Mu Zhantian. It kicked Mu Zhantian away and wanted to go to the Holy Land to ask King Song.

However...

King Song had already appeared in front of the main hall.

“I can sense Mu Xianglong’s aura. He should have recovered.”

“Fine, bring my clansmen and I will follow you to the Wood Clan. I will restrain Mu Xianglong while you take the opportunity to merge with the Wood Spirit’s Heart.”

King Song instructed.

“Yes, sir!”

“Ancient Song Tribe, follow me! Today, we will exterminate the Dragon Subduing Wood Clan!”

Song Renjian shouted.. The entire Ancient Song Tribe had gathered in 15 minutes and started to march toward the Ancient Song Tribe!

Chapter 220: Wood Delivered to Your Door (1)

“A million year old pine tree of the Ancient Pine Clan?”

Ye Fan nodded after listening to Mu Xianglong’s introduction. He confirmed that this million-year-old tree was the wood that his master had mentioned that could absorb smoke and dust during the burning process.

“I’ll go borrow a piece from him and use it as wood for the fire!”

Ye Fan stood up and prepared to set off.

“All!”

“Not good, the Ancient Pine Race is attacking!”

” The Ancient Pine Race is attacking!”

At this moment, the Dragon Subduing Wood Clan cultivators who were guarding outside were beaten in like rubber balls.

Outside, the mighty Ancient Pine Tribe army surged in like a tide.

In fact...

Everyone present could see that a huge ancient pine tree almost touched the sky. It was like a walking behemoth, and the ground in front of it had been completely destroyed.

“King Song?”

“Is that King Song?”

Everyone present had bewildered expressions on their faces.

King Song was the living fossil of the Ancient Pine Clan. He had lived for a million years. Although his cultivation base had yet to reach the Divine King Realm, he could definitely fight against a Divine King with some tricks.

“Hmph, Mu Xianglong, come out!”

King Song roared, and his body trembled. Countless pine trees turned into dense raindrops and fell directly on the Dragon Subduing Wood Tribe.

In an instant.

The defensive barrier of the Dragon Subduing Wood Tribe was directly shattered.

“Old man, your Ancient Song Tribe is too much!”

Mu Xianglong roared in rage. Power erupted from his body, and a towering Dragon Subduing Wood appeared.

The moment the phantom of the Dragon-subduing Wood appeared, a bright yellow light screen appeared in the sky, enveloping the entire Dragon-subduing Wood Tribe.

“Bang bang bang bang!”

The pine needles fell on the bright yellow screen like meteors, making a violent collision sound.

Even the ground began to shake violently.

“What a terrifying method. Is this the end of the world?”

“So powerful!”

“Fortunately, the ancestor is here. If the ancestor was not here, our clan would probably be exterminated today.”

The cultivator from the Dragon Subduing Wood stared at everything in the sky with a shocked expression.

“Humph, Mu Xianglong, today your Dragon Subduing Wood Clan will be destroyed!”

“Loose Man Sword, go and devour the Heart of the Wood Spirit.”

King Song snorted coldly. He was burning a million years of his lifespan. His battle prowess was on par with a Divine King’s for a period of time. He would definitely be able to hold Mu Xianglong back for a while.

During this period of time, the Songren Sword had enough time to completely devour everything.

At that time, Songren Sword would become a Godly Monarch again.

The two of them working together was enough to kill Mu Xianglong.

“You...!”

Mu Xianglong was tied down by King Song, so he couldn’t get away for the time being.

However, he didn’t look worried at all. Instead, he grinned and said, “Old man, you’ve made a mistake.”

Mu Xianglong smiled. With Senior Ye Fan around, it was simply wishful thinking for the Pine Man Sword to take away the Wood Spirit’s Heart!

“What?”

When King Song saw Mu Xianglong’s smile, his heart suddenly skipped a beat. He hurriedly called out for the Songren Sword, but it was already too late.

“Hand over the Heart of Wood Spirit. I will be the God King in the future!”

Songren Sword laughed loudly. He turned his hand into a claw and grabbed at Mu Renjie.

In an instant.

The Songren Sword had already arrived in front of Mu Renjie. The Dragon Subduing Wood Clan cultivators wanted to stop it, but they were all sent flying by the Songren Sword's slap.

"The Heart of the Wood Spirit is mine!"

The Songren Sword sneered. Its claws were only a few centimeters away from Mu Renjie's chest.

However, at this moment, a large hand suddenly grabbed his wrist. Then, his entire body could no longer move forward, and his figure directly stopped in midair.

"What is it? How could that be?"

Songrenjian was shocked. He felt that the hand in front of him was full of power, like a vast and mighty force. It completely restrained his arm. He could not even use his cultivation.

"Why do you all like to snatch other people's things?"

Ye Fan shook his head. Back then, his chest was also dug out because of the Supreme Being Bone!

Naturally, he was filled with anger towards these villains.

After saying that, he patted the sword lightly. In an instant, the Songren Sword turned into a pine tree and was burned to ashes in the raging fire.

"Patriarch?"

“Songren Sword!”

The Ancient Song Clan members had not expected this scene at all. They looked at Ye Fan in disbelief. An ordinary mortal had actually killed the Divine Lord Songrenjian?

“Damn it, who are you? Why are you targeting my Ancient Song Clan?”

King Song’s eyes were fixed on Ye Fan. He was extremely furious. If Song Renjian was dead, then the fate of the Ancient Song Clan could be imagined.

All of this was because of Ye Fan, this mortal.

This person who came out of nowhere!

“Against your Gu Song clan? No, I just want a branch from you, but you actually want to snatch someone else’s thing. I don’t like people like that. I think I should bring you back and burn you.”

Ye Fan said indifferently. He pulled out his ax and slashed it at King Song in front of him.

“Kacha!”

With a loud tearing sound, King Song was instantly split into two.

“All!”

King Song let out a furious roar. However, his body had already been split into two. Then, a ball of green light appeared in the void, as if it was trying to escape.

It was King Song’s soul phantom!

Now, he wanted to escape!

With a swoosh, the green light instantly flew out.

“That won’t do. You’re already here. The wood Master wants must be the best.”

Ye Fan said indifferently.

Then, he stretched out a hand and grabbed at the void. In an instant, a huge hand suddenly appeared between heaven and earth. It was like a law that trapped King Song’s soul.

“Ahhhhhh! What are you doing?”

King Song’s soul let out a miserable cry. However, no matter how he struggled, he could not escape Ye Fan’s palm.

Ye Fan’s palm seemed to be condensed from the laws of this world, making it impossible for him to escape.

In fact...

It was impossible for it to have any sense of escape.

“Go back obediently! The wood that his master wanted could not be lacking in one thing.”

Ye Fan said with a smile. Then, he directly pressed King Song’s soul back.

“Buzz!”

A green light emitted from the trunk of the pine tree. As the green light appeared, something seemed to have appeared.

“This is what Master wants to use for the fire.”Ye Fan nodded.

At this moment, there was only silence in the world.

An extremely terrifying silence.

After a full fifteen minutes of silence, the Ancient Song Tribe cultivators finally let out a loud cry of surprise.

“Run!”
