Chapter 331: Senior, You're Really a God!_i

attic utility room

The green light flew out from the Black Tortoise and landed on the women.

In an instant, the rope on the woman's body and the cotton cloth on her mouth fell off.

"Monster, don't come near me!"

A woman who had just escaped hid in a corner, her hands covering her head, speaking into the fat Rongrong's body.

Previously, when he was receiving guests in the attic, he was suddenly captured by a group of foxes and brought here.

Not only was he tied up here for no reason, but he was also not given food or water. He was simply inhumane.

Now, there was a panda and an ugly turtle. They did not know what they were going to do to them.

Black Tortoise originally thought that he would be flattered, but hearing this woman's words, he turned to the fat Rongrong and said:

"Fatty, what did she just say?"

"Boss, she seemed to say that there are monsters."

The fat Rongrong scratched the back of her head, saying to the Black Tortoise on her head.

“Monster? I understand. This group of women is under the pressure of the demons. We have to defeat the demons as soon as possible.”

“Save them from it, and they will be completely subdued by This Sea King.”

Hearing Black Tortoise’s words, the fat Rongrong also echoed:

“Boss is mighty. When the time comes, they will definitely obediently throw themselves into our arms.”

“Yes, the fat one is really getting better at talking. Let’s go and fight the monsters.”

When Black Tortoise heard Fatty’s words, he was very happy and said slowly to him.

“Alright, let’s go fight the demons.”

The fat Rongrong said so, and also brought Black Tortoise out of the storeroom.

And after Black Tortoise and the fat Rongrong left, the women in the storeroom stood up and gathered together.

“Sisters, what did that ugly turtle say just now? Will it come again?”

A woman said with some lingering fear.

“I don’t know. We should leave quickly before they notice us.”

After not eating or drinking for a few days, these women were already starving. They immediately wanted to walk out.

The other women nodded in agreement.

And at this moment the fat Rongrong also brought Black Tortoise to the room Daoist had just been in.

Looking at the hot bath in front of her, the fat Rongrong said to Black Tortoise:

“Boss, it seems like all the demons are dead.”

“Damn it, who stole my limelight? Don’t let me find out.”

Black Tortoise also sensed that there were still some remnants of the demon fox’s aura and the Taoist priest’s aura here.

Looking at the situation here, it was obvious that those demon foxes had all died.

“Let’s go, Fatty. Time is precious. Hurry up and find the next one.”

Black Tortoise saw that his hope had been destroyed, and hurriedly said to the fat Rongrong.

“Alright, Boss, where should we go next?”

Fatty Rongrong heard Black Tortoise’s words and slowly asked.

“Uh... Let’s take a walk around first.”

Black Tortoise was silent for a moment before responding.

At this moment, the Daoist priest had also arrived in front of the junk in the attic.

“Beauty, it’s not that I didn’t save you before, but the service of those demon foxes is really good.”

The Daoist priest muttered as he drank the wine in the gourd bottle.

Then, he looked ahead and saw that the door to the storeroom was wide open.

Eh, not a single person?

The Taoist priest looked at the storeroom in surprise.

“That shouldn’t be the case.”

The Daoist priest muttered.

“Could it be that other cultivators have come in?”

Following that, a token on the Daoist priest’s waist flashed, and the Daoist priest’s eyes moved together with his hands.

“I’ve finally waited for you.”

In front of the bookstore, Xiao Changtian spoke to Di Tian, the Ice Emperor, and the Devil Emperor.

“We’re here. Come in and take a look.”

When they arrived in front of the store, the young man in the store obviously knew Xiao Changtian and quickly went up to welcome him.

When Di Tian heard Xiao Changtian's words, he also planned to enter the bookstore.

Di Tian had just taken a step forward when the Ice Emperor's hand blocked his path.

"Master, be careful."

Di Tian saw the Ice Emperor suddenly standing in front of him as a look of puzzlement appeared on his face. He slowly spoke,

"What's wrong?"

"Master, look carefully. There's a complicated formation in front of us."

At this moment, the Devil Emperor also came to Di Tian's side as he spoke.

"Formation?"

After Di Tian heard the words of the Devil Emperor, he slowly turned his gaze over.

True essence gathered in his eyes, and his eyes instantly lit up.

It was indeed as the Demon Empress and the others had said. A golden array formation was right in front of them.

"It looks like the Primordial Swallowing Sky Array."

Di Tian mumbled. This Great Chaos Devouring Formation was one of the best formations in the Divine Realm back then.

The offensive power of this array formation was not strong. What was strong was his hallucination ability.

Back then, during the Divine World war, an array master had used this Primordial Chaos Heaven Devouring Array to trap a few God Monarch Realm experts for seven days and seven nights.

By the time they broke out of the formation, their deployment had already been wiped out.

“Senior has already entered. It seems that the formation has no effect on him?”

The Ice Emperor looked at Xiao Changtian who was unaffected by the formation and said slowly.

“Senior, you’re really a god!”

The Demon Emperor looked at Xiao Changtian and sighed.

Even with his Emperor God cultivation base, he wasn’t confident that he could walk out of the array. However, to Xiao Changtian, the array was as if it didn’t exist.

“But who is it that actually set up this array in Senior’s bookstore?”

Di Tian looked at the formation in front of him and muttered.

After Xiao Changtian exchanged a few words with the young man in the shop, the person in charge of the bookstore came out to receive him.

As for Xiao Changtian, they naturally treated him respectfully.

“It’s like this...”

Xiao Changtian also told the person in charge about his purpose of coming here.

“Don’t worry, we have arranged everything.”

Hearing Xiao Changtian’s words, the person-in-charge nodded at him.

After giving his instructions, Xiao Changtian saw that Di Tian and the others were still standing motionlessly outside the door.

He could not help but walk out and say to them,

“Why are you standing outside the door? Come in and take a look.”

This was where they would work and earn a living in the future. How could they be so restrained?

Upon seeing Xiao Changtian, Di Tian wanted to tell him about the formation.

Xiao Changtian grabbed his hand and walked towards the bookstore.

After Di Tian was pulled away by Xiao Changtian, the Ice Emperor and the Demon Emperor exchanged glances before hurriedly following behind.

After that, under the gazes of Di Tian and the others, Xiao Changtian led them into the grand formation.

Not far from the bookstore, the Daoist priest was flying in the air.

“Mm, someone else came in. Very good, I finally caught you this time.”

The Daoist priest held the token on his waist and felt the changes on it.

Then, he sat cross-legged in the air and threw the token forward.

“Go!”

The Daoist priest’s hand contained golden light as he operated the token in front of him.

While the Taoist was casting his spell, the Sky Swallowing Array under Xiao Changtian and the others also started to operate..

Chapter 332:1 Worried Too Much (1)

Outside the bookstore

Xiao Changtian, Di Tian, the Demon Emperor, and the Ice Emperor were all walking within the formation.

Not good, someone was controlling this array.

The Ice Emperor could feel the formation beneath her feet slowly turning, and she looked forward.

Di Tian, Xiao Changtian and the others had already disappeared. The surroundings had turned into the forbidden grounds of the Fire Dragon King.

The situation at the Demon Empress was similar. Everything in front of her had already become the square of the Heaven Demon Sect.

“My Lord!”

The Demon Emperor and Ice Emperor who were in the illusion said at the same time.

At this moment, in midair, the Daoist priest stood in front of his chest with both hands and continuously injected true essence into the token in front of him.

Beside the token were a few circular light screens.

The scene in the light screen was the reaction of the Ice Emperor and Xiao Changtian.

Daoist smiled when he saw the Ice Emperor and Demon Emperor’s expressions on the screen.

“I didn’t expect to see two Godly Emperors in the lower realm. Looks like my trip wasn’t in vain.”

Daoist frowned when he saw Xiao Changtian.

Something was wrong. This guy should have lost his way in the Primordial

Chaos Heaven Devouring Array.

No matter how he looked at it, he did not seem to be affected at all. The direction he was heading in was exactly the same as the direction of the bookstore.

Di Tian, who was within the formation, was also feeling somewhat nervous. However, the scene in his eyes had also completely changed. What entered his eyes was completely the scene of the Divine Court in the past.

Xiao Changtian, who was walking in front, suddenly felt that something was wrong. He turned around.

The Demon Empress and the Ice Empress were walking towards each other.

They were only a step away from colliding.

Not only that, but the way he walked was very strange. He even shook his butt, which was really eye-catching.

As for Di Tian, although she was holding his hand, his head was still looking backwards, as though he was attracted by the two of them.

Damn it, were these people doing acrobatics?

However, not many people watched it, and it wouldn’t earn money, right?

Just as Xiao Changtian was thinking this, Alpha, who was beside him, stopped and saw Xiao Changtian’s expression.

Not good, Master was not happy.

Alpha said in his heart. Looking at the Primordial Swallowing Sky Array under his feet, his eyes became sharp.

True essence flickered under Alpha’s feet, and then a huge Heaven Chessboard rose under his feet.

The moment the Great Chaos Swallowing Array touched the Heaven Chessboard, it instantly collapsed.

Originally, he thought that the formation was not offensive, and Xiao Changtian did not say anything, so Alpha did not care.

However, this formation made Changtian unhappy. He had to break it.

To a certain extent, Alpha’s Heaven Chessboard could be said to be the strongest array formation in the heavens.

This Primordial Chaos Heaven Devouring Array and whatnot were all trash in front of him.

And the moment Alpha broke through the Primordial Swallowing Sky Array, The Demon Empress and Ice Empress, who were in the array, also recovered. After recovering, the two of them looked at each other with lingering fear. Then, they looked at the array under their feet.

The Great Chaos Swallowing Array had been broken?

The Demon Empress and the Ice Empress were both shocked when they saw that the grand array under their feet had already ceased to exist.

After that, he hurriedly walked towards Xiao Changtian and Di Tian.

Di Tian had also recovered. When he saw the damaged Grand Immemorial Sky Devouring Formation beneath his feet, as well as the Ice Emperor and Demon Emperor before him, he heaved a sigh of relief in his heart.

Fortunately, everyone was fine.

He was also immersed in the grand array just now and had not recovered.

If not for the fact that this grand array had broken through and shattered, they might have been trapped inside and could not get out.

At this moment, Changtian's voice slowly came over.

"What's wrong with you guys? Hurry up and come in to take a look. Don't think about anything else."

He didn't know what these people were thinking. They actually thought of performing acrobatics here.

If they were a few experienced drivers with superb skills, it would be fine.

However, if a few old men did not use anything and performed acrobatics here, there would be people watching, right?

Upon hearing Xiao Changtian's words, Di Tian hurriedly brought the Demon Emperor and Ice Emperor along as he followed behind Xiao Changtian.

Senior was telling him not to worry. The Primordial Swallowing Sky Array was clearly nothing in Senior's eyes.

The person who was secretly controlling the array formation was clearly under the control of the senior.

Because I've been too worried, I've finally come to a conclusion

As he thought of this in his heart, Di Tian followed Xiao Changtian into the bookstore.

Xiao Changtian came to the bookstore manager and said slowly,"

"Buddy, these few aren't very familiar with this place."

After the person-in-charge heard Xiao Changtian's words, he hurriedly brought Di Tian and the other two to the bookstore for a stroll.

When the array shattered, the Daoist priest sitting in midair saw the token in front of him tremble.

Following that, it emitted a buzzing sound and lost its light as it fell from the sky.

Then, the light screens beside him shattered.

The scene on the screen had completely disappeared. Daoist looked at the sudden situation in front of him and was somewhat unable to react.

“It seems that the method to break the array mentioned in the book really exists?”

The Daoist priest stood up in midair and muttered.

Then, he took out a book from his pocket. It was the book he bought from Xiao Changtian’s bookstore.

In a story told in this book, the protagonist broke through a large confinement array in 15 minutes.

“My Immemorial Sky Swallowing Array is not inferior to the array mentioned in the book. Ever since it was used, no one has been able to break it in a short period of time.”

“At that time, Patriarch even relied on this array to make a name for himself in the Divine Realm.”

“Could it be that the owner of this bookstore is also an array master? If we can obtain his help, we might be able to rebuild the glory of our Xiaoyao School in the Divine Realm.”

The Daoist priest looked at the book in his hand and muttered.

At this moment, the space around him changed.

Specks of starlight suddenly appeared under the Daoist priest’s feet. Then, a huge chessboard covered the space he was in.

Could it be the owner of the bookstore?

The Daoist priest looked at the changes around him in a daze, and a trace of seriousness appeared on his face.

Judging from the situation where the other party had just broken through his Primordial Chaos Heaven Devouring Array, it was not unreasonable for them to find him so quickly.

“Who is it? I wonder if you can come out and meet me.”

The Daoist priest’s spiritual sense bloomed, but he could not sense any aura around him.

Then, as the Daoist priest spoke, a huge divine dog phantom appeared in front of him.

“Disturbing master, die!”

A domineering and unquestionable voice exploded in the Daoist priest’s mind.

Just hearing this voice, Daoist felt the blood in his body churn.

He hurriedly mobilized the true essence in his body to stabilize his spiritual world.

Then, the Daoist priest looked forward and saw a huge phantom of a divine dog appear in front of him..

Chapter 333: Are You Interested in the Books in the Store?

In midair

The Daoist priest looked at the phantom of the divine dog in front of him in shock, his mouth trembling.

“This is the Heaven Swallowing Dog?”

“The ancient records left behind by the founder once recorded that the Carefree Sect’s array formation was comprehended by him when he saw the battle between the Heaven Swallowing Dog and the higher-beings.”

“I didn’t expect to be lucky enough to see it today. From the looks of it, he was also the one who broke the Primordial Heaven Devouring Array.”

Thinking of this, Daoist immediately knelt down in front of the Heaven Swallowing Dog.

“Senior, I know it was my fault for setting up the formation in the bookstore, but I really have no ill intentions towards you.”

Originally, he just wanted to confirm whether the things in the book were true or false.

Who would have thought that it would actually shock a divine beast like the Heaven Swallowing Dog? With the Heaven Swallowing Dog’s experience, the books probably contained ancient secrets.

The Heaven Swallowing Dog looked at the Taoist kneeling in front of it and thought that he didn’t attack Xiao Changtian just now. He didn’t show any killing intent.

The Celestial Chessboard under his feet lit up, and Daoist felt a huge force pressing down on his body.

“It’s also because you don’t have any ill intentions towards Master. Otherwise, you would be a corpse now.”

“As for the rest, you can say it in front of Master.”

As the Heaven Swallowing Dog spoke, Daoist’s body fell from midair and finally landed in front of the bookstore.

Bang! The Taoist priest’s body fell in front of the bookstore with a loud bang.

A young man in the bookstore saw a person suddenly fall from the sky and hurriedly walked in.

At this moment, in the bookstore, Xiao Changtian and Alpha kept rubbing against his feet.

Xiao Changtian looked at Alpha at his feet and squatted down to rub his head.

“Is there something going on outside?”

Usually, when Alpha rubbed against him like this, something happened.

Then, Xiao Changtian heard a loud bang coming from outside.

Did something really happen outside?

At this moment, the young man from the bookstore came to Xiao Changtian and said slowly,”

“Senior, something bad happened. Someone just fell from the sky.”

Someone fell from the sky? Could it be that there was a cultivator?

Xiao Changtian was also stunned when he heard the young man’s words. Then he saw Alpha walk out first.

“Yes, let’s go out and take a look.”

Xiao Changtian said slowly to the young man in the bookstore.

If someone fell in front of his bookstore, it would affect the bookstore’s business if he didn’t handle it well.

Upon seeing Xiao Changtian leaving, Di Tian also spoke to the Ice Emperor and the Devil Emperor,

“It seems that the person controlling the array formation just now has been captured by Senior.”

Upon hearing Di Tian’s words, the Ice Emperor and the Devil Emperor nodded.

Outside the bookstore, he saw Taoist Priest lying on the ground.

At this moment, the Daoist priest slowly stood up from the ground and shook his head.

He covered his forehead with his hand. It was obvious that he hadn’t recovered from falling from the sky.

“Senior, it’s him.”

The young man in the bookstore pointed at the Taoist priest in front of him and said slowly to Xiao Changtian.

Seeing the Taoist priest in front of the bookstore, Xiao Changtian slowly walked over.

This fellow had fallen from the sky and did not seem to have any scratches on his skin. Moreover, the clothes on his body made him look like a cultivator without a doubt.

For some reason, it fell in front of his bookstore.

While Xiao Changtian was looking at the Daoist, the Daoist also saw Xiao Changtian.

Xiao Changtian was wearing a green robe, his face was handsome, and he looked like a gentleman.

Daoist was about to say something to Xiao Changtian when he saw Alpha at Xiao Changtian’s feet.

What was this?

The Daoist priest took a look, and then the phantom of the Heaven Swallowing Dog appeared in his spiritual world again.

Was this the senior Heaven Swallowing Dog from earlier?

Looking at the shadow of the Sky Devouring Dog in front of him, the Taoist priest instinctively felt a trace of fear.

It was obvious that the fall from the sky had cast a shadow on him.

Then, Daoist saw Alpha snuggling up to Xiao Changtian, looking obedient.

He couldn't help but think of what the Heaven Swallowing Dog had said when it was dropping. Master?

Could it be that the person in front of him was the owner of the Heaven Swallowing Dog?

Xiao Changtian watched as the Taoist priest in front of him looked at him and then at his feet.

What was wrong with this immortal cultivator? Could it be that he had taken a fancy to him?

However, he knew his aptitude. He did not have any talent for cultivation at all.

With this thought in mind, Xiao Changtian also walked towards the Taoist priest.

"Are you alright?"

After thinking about it, Xiao Changtian felt that he should ask if the Taoist priest was injured.

After all, he had just fallen from the sky, and he didn't know if he had any injuries.

Xiao Changtian didn't know what to say to the others.

However, they only knew a little about the rules of the Immortal Cultivators. If they accidentally said something, it would not be good if they were slapped to death.

Are you alright?

Xiao Changtian's words flashed in the Taoist priest's mind as he looked at Xiao Changtian's smile.

He didn't know why, but Xiao Changtian's smile was like a devil in his eyes.

The Daoist immediately cupped his fists at Xiao Changtian and said slowly,"

"Thank you for your concern, Senior."

Senior?

Xiao Changtian heard the Taoist priest's words and was a little confused. Why did this cultivator call him a mortal senior?

Then, Xiao Changtian looked at the bookstore behind him and seemed to understand.

"Are you also interested in the books in the shop?"

Xiao Changtian pointed at the books in front of his bookstore and said slowly to the Taoist priest.

When the Daoist heard Xiao Changtian's words, he quickly said to him,"

"Yes, I admire the books in the shop."

Then, the Daoist priest took out a book from his bosom.

It was the book that described the method to break the array.

Seeing the Taoist priest take out the books from his bookstore, Xiao Changtian confirmed his thoughts.

It seemed that this cultivator was undoubtedly his fan. No wonder he called him senior.

Given his cultivation as an immortal cultivator, it shouldn't be too difficult for him to detect that he was the owner of this bookstore.

However, this fellow's strength did not seem to be that strong.

After all, this old Daoist seemed to be quite old. If he was a cultivator with extraordinary strength, he would have gone around to show off. He might even be the ancestor of a sect.

Why did it fall from the sky?

As he thought about this, Xiao Changtian also sized up the Taoist priest.

Being stared at by Xiao Changtian, Daoist felt his heart go numb.

He didn't know what Xiao Changtian would do to him. After all, he had set up a formation here.

While Daoist was feeling nervous, he saw Xiao Changtian slowly walking into the bookstore..

Chapter 334: Treasure Map

In front of the bookstore

Xiao Changtian walked out of the bookstore with a few books in his hands.

He came to the front of the Taoist priest and handed the book in his hand to him. Then, he slowly said to him

Daoist priest, take these books and read them.

Although this old Daoist was a poor cultivator, he was still an immortal.

Today, she had landed in front of her bookstore and was interested in her books.

If she gave him a few books, he might be grateful.

Later, he would even help him promote it among the group of cultivators.

Wouldn't his bookstore's business be even more popular this way?

The Taoist priest looked at the book that Xiao Changtian handed over, and his face was a little dumbfounded.

Just a moment ago, he thought Xiao Changtian was going to punish him.

He didn't expect Xiao Changtian to give him a few books.

Could it be that Senior wanted to give him a chance to turn over a new leaf?

Thinking of this, the Taoist priest slowly took the book from Xiao Changtian's hand and said to him,"

"This junior is Dao Kong. Thank you, senior!"

Xiao Chang Tian nodded in satisfaction when he saw how grateful Dao Kong was.

As he had expected, this Taoist priest had a special liking for his books.

This way, when he went back and promoted her, she would be able to make a fortune.

Following that, Xiao Changtian helped Dao Kong up. He did not dare to be negligent when a cultivator bowed to him.

When he saw Xiao Changtian treating him so well, Dao Kong felt even more grateful towards Xiao Changtian.

Then, he seemed to have thought of something and took out a map from his pocket, giving it to Xiao Changtian.

Senior, this is a treasure map from my sect. Please accept it.

When he saw Dao Kong suddenly give him a map, Xiao Changtian took it from his hands.

Although Xiao Changtian could see that the painting on the map was really terrible.

But after all, it was something that was given by others. He had to rely on others to promote him, so he could not give them face, right?

Xiao Changtian took the map from Dao Kong and opened it to take a look.

Although it wasn't very good, it looked like the legendary treasure map.

These lines were crooked and not very clear. It was understandable that the treasure map was not drawn well.

After all, the people who hid the treasures were always thinking about setting up all kinds of puzzles for those who were looking for treasures.

However, he did not know how much the treasures on the treasure map were worth.

With that thought in mind, Xiao Changtian said to Dao Kong,

I wonder how many people there are in your sect?"

If it was a treasure map of a big sect, then he would go out and look for it according to this map.

He might be able to find a fortune. At that time, he could rummage through his courtyard, go to the town for a few drinks, or bring his disciples out to have fun...

As he thought about this, a smile appeared on his face.

While Xiao Changtian was fantasizing about his future, Dao Kong said slowly to Xiao Changtian,"

Senior, in my generation, I'm the only one left in the sect.

Indeed, the number of disciples in the Xiaoyao Sect had been decreasing in recent generations. In this generation, he was the only one left.

This was also the reason why Dao Kong wanted to look for Xiao Changtian when he saw the books in the bookstore when he came to the Tian Yuan Continent.

If they could get Xiao Changtian's help, then the Carefree Sect would be able to reach its peak again.

What was that? Only one person?

Xiao Changtian was stunned when he heard Dao Kong's words.

He had originally thought that this old Daoist was an outer sect disciple of some large sect.

This treasure map could bring him a lot of expenses.

He didn't expect the entire sect to be his own. He didn't know if he was the only one who stood on his own.

When he thought of this, Xiao Changtian still consoled Dao Kong.

It's okay. Take your time. It's okay.

When Dao Kong heard Xiao Changtian's words, he nodded slowly at him.

"Thank you, Senior.

It seems that Senior knows everything about the Carefree Sect like the back of his hand.

Xiao Changtian looked at Dao Kong and nodded slowly.

At this moment, Di Tian and the others also walked out of the bookstore.

Upon seeing Di Tian and the others, Xiao Changtian also spoke,

How is it? Are you satisfied with your work?"

When Di Tian and the others heard Xiao Changtian's words, they nodded to him.

In the bookstore just now, their cultivation had increased quite a bit.

The Ice Emperor and the Demon Emperor's Books were even more captivating.

According to the ice control method and demonization method described in the book, they all had a new understanding of their cultivation methods.

Seeing the satisfied expressions on Di Tian and the others' faces, Xiao Changtian also nodded his head in satisfaction.

Then, Xiao Changtian slowly said to them,

If there's nothing else, I'll go back first.

As he spoke, Xiao Changtian patted Alpha at his feet and led him back to the courtyard.

After Xiao Changtian took a few steps, Alpha also transmitted his voice to the Chaos Ants in the courtyard.

Got it!

Before Alpha could speak, the Chaos Ant said slowly to him.

Next, under Di Tian's gaze, Xiao Changtian's body shone with a silver light as he disappeared from the spot.

Spatial energy, and it's an exquisite spatial energy.

Dao Kong said slowly as he watched Xiao Changtian leave.

After that, Dao Kong also saw Di Tian and the others. He could not help but say to them

"You are the Lord of the Divine Court?"

Di Tian stared at Dao Kong when he heard him reveal his identity.

The Ice Emperor and the Demon Emperor, who were beside him, activated the true essence in their bodies to guard against Dao Kong.

“Don’t misunderstand. I’m not interested in you.

I just didn’t expect that you would actually be here with such a senior. If that’s the case, wouldn’t those fellows from the Divine Realm all die if they came?”

Dao Kong looked at Di Tian and said slowly.

When Di Tian heard Dao Kong’s words, he waved his hand at the Ice Emperor and the Demon Emperor beside him.

I think I’ve seen you before. You’re talking about Dao Kong from the Carefree

Sect.”

I didn’t expect you to grow to this extent.

I didn’t expect the master of the Divine Court to still remember me.

With that, the two of them walked together and started talking.

As he spoke, Dao Kong gained more information about Xiao Changtian. Di Tian also knew more about the situation in the Carefree Sect in the Divine Realm.

Are you saying that Senior is playing a big game of chess, and Senior didn’t care about me just now because he likes me?”

As he spoke, Dao Kong was slightly shocked as well.

Yes, yes. I keep feeling that Senior wouldn't be tempering his heart in the mortal world for no reason. You should be happy that you were chosen as a chess piece.'"

Di Tian looked at Dao Kong before him and replied.

That's true. As long as we can restore the glory of the Carefree Sect, what's wrong with being a chess piece?"

Dao Kong nodded in agreement. He looked in the direction Xiao Changtian had just left, and his eyes were filled with deep meaning..

Chapter 335: Recruiting Soldiers (1)

Xiao Changtian's courtyard

Xiao Changtian was in the storeroom in the courtyard. After fiddling around for a while, he walked out with a bamboo basket on his back.

This way, everything is ready.

Seeing Mu Jiuhuang sitting by the pond, Xiao Changtian waved at her.

"Jiu 'er, I'm going out for a while. I'll leave this courtyard to you.

"Yes, Master.

Mu Jiuhuang saw Xiao Changtian carrying a bamboo basket and agreed.

Master usually stays in the courtyard. I'm afraid something big has happened when he went out personally this time. I still have to remind those people in Dynasty.

After saying goodbye to Mu Jiu Huang, Xiao Changtian walked into the bamboo forest.

I'll bring you along this time. Staying in the courtyard is also a problem.

Xiao Changtian grabbed the Chaos Ant from the bamboo forest, looked at him and said slowly.

After hearing Xiao Changtian's words, the Chaos Ant slowly climbed onto Xiao Changtian's shoulder.

Alpha, stay and guard the house. Jiu 'er is a girl. If there's anyone, you can take care of them."

Xiao Changtian said slowly to Alpha when he saw him at the gate of the courtyard.

Then, Xiao Changtian heard a rustling sound coming from the top of the house.

Oh, I forgot about you. Come with me too. Otherwise, I don't know how much trouble you'll bring to Jiu 'er."

Xiao Changtian smiled at the monkey on the roof.

This monkey's mischievousness was comparable to the turtle from before.

Squeak squeak squeak!

Hearing Xiao Changtian's words, the monkey let out a squeaking sound and jumped down from the roof happily.

Just like that, the man, monkey, and ant left the courtyard.

As soon as he walked out of the courtyard, Xiao Changtian saw Su Daji coming back from outside. She was holding a bucket. Apparently, she had just come back from hanging clothes outside.

Su Daji saw Xiao Changtian was ready to go and smiled at him,

“Master, you’re...

It’s Daji. Master recently obtained a treasure map and plans to go out and investigate.”

Xiao Changtian looked at Su Daji and said slowly.

The money from the treasure map was one of the reasons Xiao Changtian was determined to find the treasure. The other reason was that he wanted to see if there were any powerful cultivation techniques.

Although these disciples he had taken in were diligent in the courtyard and did not complain about anything.

However, Xiao Changtian knew very well that when some of them had just become his disciples, the system had told him that they were extremely talented.

He was just a mortal. Other than teaching them the four arts, he should also try not to waste their talent, right?

Although the Daoist priest said that there was only one person in his sect, he was still an immortal cultivator, right?

Perhaps the treasure map contained secret manuals and pills. It would be good for his disciples to use them.

After all, what the system gave him was too ridiculous. He couldn’t even read it.

“I wonder where Shizun is going to investigate, do you need Daji’s help?”

Su Daji smiled back at Xiao Changtian.

I can go to the Beast Emperor Mountain Range myself. You stay here and help

Jiu ’er.”

Although Xiao Changtian also hoped that someone could help him, after all, treasures were usually found in poor mountains and mountains, with demon beasts everywhere.

As a mortal, it would not be easy to deal with demonic beasts.

However, even if Su Daji was a girl with no cultivation like him, if she encountered a demon beast, she would probably die together.

Beast Emperor Mountain Range? That’s Daji’s hometown. Daji hasn’t been back for a while. I wonder if I can follow Shizun this time...”

Su Daji lowered her head. Xiao Changtian must have his reasons for not letting her go.

He did not know if he would make his master unhappy by saying this.

After all, with his master’s cultivation, it was impossible for him not to notice that his hometown was in the Beast Emperor Mountain Range.

Moreover, the Nine-tail clan had indeed not returned for a while. He did not know how his clansmen were doing.

After all, he had never returned after escaping.

Daji's hometown was in the Beast Emperor Mountain Range?

Xiao Changtian was stunned when he heard Su Daji's words.

Su Daji had also met her by chance. She did not expect her hometown to be the destination of the treasure map.

Daji had been with him for some time and had never seen her go home.

Forget it, if he let her follow him, not only would she be able to go home, but her home was also in the Beast Emperor Mountain Range. She must be very familiar with the Beast Emperor.

This way, it could also help him avoid the places where those demon beasts often appeared.

Thinking of this, Xiao Changtian nodded to Su Daji.

"Alright, but it's still not enough for just the two of us. Let's call Di Tian and the others."

He was a mortal, and Daji was a girl, so they did not have much combat power.

Di Tian was after all an entry-level immortal cultivator. If he really encountered something, he would be able to intimidate him.

In addition, Di Tian was also short of money now. If he really found some treasure, he could give him some of it. It would be killing two birds with one stone.

When Su Daji heard that Xiao Changtian was willing to let her go with him, her face lit up.

He quickly took the bucket in his hand and entered the courtyard. He slowly said to Xiao Changtian,”

“Master, wait for me.

Soon, Xiao Changtian brought Su Daji to the front of the bookstore.

When he arrived at the bookstore, Xiao Changtian saw Di Tian, the Ice Emperor, and the Demon Emperor sitting at the counter, engrossed in their books.

If this was in his previous life, it would definitely give people the feeling of being a top student.

Old monster, you said that the water escape written by senior... What did the Water Dragon Bullet mean?”

I have no way of comprehending this type of true essence circulation path.

The Ice Emperor was holding a book called Shocking: I Was Reincarnated into the Naruto World. He slowly said to the Demon Empress beside him.

If you and I could understand Senior’s cultivation technique, would we still be at our current realm?”

Upon hearing the Ice Emperor’s words, the Demon Empress replied in a bad mood.

At the same time, he was also reading a book called ” The Supreme Demon Path of Online Games”.

The cultivation techniques on it were even more obscure and difficult to understand. He had no way of understanding those combat techniques and weapons.

Don’t talk. Look carefully.

When Di Tian heard the chattering in his ears, he also calmly spoke.

I'm just at the critical moment.

Upon hearing Di Tian's words, the Ice Emperor and the Devil Emperor also slowly shut their mouths.

His Lord's comprehension is still high!

Upon seeing the look of interest on Di Tian's face, the Ice Emperor and the Demon Emperor couldn't help but silently comment in their hearts.

At this moment, Xiao Changtian walked in with Su Daji.

Senior!

Seeing Xiao Changtian, the Ice Emperor and the Demon Emperor stood up and spoke to him slowly.

Di Tian slowly put down the book in his hand after hearing the Ice and Demon Emperor's words. He looked at Xiao Changtian and spoke to him.

Senior!

Xiao Changtian smiled and nodded at them.

Looking at Di Tian's earlier appearance, he was the same as him in his previous life who stayed up late to read novels..

Chapter 336: Devouring the Clone (1)

Xiaochangtian Bookstore

Xiao Changtian told Di Tian and the others the reason why he came here. “I see. There’s a treasure coming out of the Beast Emperor Mountain Range. Senior is bringing us there to seize the opportunity.

After Di Tian and the other two heard this, their eyes were filled with gratitude as they stared at Xiao Changtian.

Di Tian silently swore in his heart.

Not only did this senior arrange such a huge opportunity for him in the bookstore, but he also brought him along with him when there was news of treasures.

In the future, if the Divine Court were to regain its glory, it would definitely become the most important chess piece in Senior’s hands.

Xiao Changtian smiled when he saw the gratitude in the eyes of Di Tian and the others.

As expected, Di Tian and the others were still lacking money. The moment he said that he would give them a chance to earn money, they would be so excited.

Then, a young man from the bookstore came in and said to Xiao Changtian,’

“Senior, a carriage has been prepared outside. I hope it can be used as a means

of transportation for Senior.”

Hearing this young man’s words, Xiao Changtian also looked towards the door.

He saw a reddish-brown BMW pulling a car behind it. It looked very eye-catching.

Upon seeing this carriage, Xiao Changtian also spoke to Di Tian and the others,

“Let’s go.”

Di Tian and the others also saw the carriage outside the bookstore and followed Xiao Changtian out.

Xiao Changtian came to the front of the horse carriage. The horse looked at

Xiao Changtian and felt his aura. It couldn’t help but let out a breath.

A mere mortal wants me to serve him?

Su Daji followed behind Xiao Changtian and also looked at the reddish-brown horse in front of her.

This was one of the most common species in the demonic beast world, the red steed.

There were only two characteristics of this group. One was their endurance.

Although their attack and defense were not very good, they were good at running and were a good tool for transportation.

The second was to bully the weak and fear the strong. As this group’s strength was generally not very good, they would be respectful when they met the strong, and they would have a sense of superiority when they met the weak.

The red steed in front of him was only at the Golden Core stage, but it looked at Xiao Changtian with disdain.

“Squeak squeak squeak!”

Just as Xiao Changtian stepped onto the stairs, the red steed wanted to show

Xiao Changtian its might.

Monkey jumped onto his body and patted him. Under Monkey’s pats, Red Colt immediately felt the flow of Quintessential Essence in his body become uneven.

Suppressing the fear in his heart, Red Colt could not help but say to the monkey on his back,

“Senior Divine Monkey, I don’t know how I offended you, but please forgive

me.”

-Were you trying to be disrespectful to Master just now? Let me tell you, be obedient on the way, or else, hehe...”

Monkey sat on the horse’s back and waved his fists.

After Xiao Changtian got on the carriage, Su Daji, Di Tian and the rest followed suit.

When the Ice Emperor boarded the carriage, she released her aura intentionally or unintentionally.

“You condescending fellow, behave yourself.”

With the Ice Emperor’s cultivation, how could he not see that the horse was trying to trip Xiao Changtian up?

Sensing the Ice Emperor's aura, the red steed's head drooped, trembling, not daring to speak.

The Demon Empress, who had just boarded the carriage, warned Red Colt. After everyone got into the carriage, Xiao Changtian saw Monkey sitting on the horse.

Seeing Monkey, Xiao Changtian carried him from the horse. "Stop fooling around. Otherwise, stay in the courtyard next time. Upon hearing Xiao Changtian's words, Monkey immediately retracted his imposing manner and obediently walked into Xiao Changtian's arms. When the red colt saw Monkey's state, it could not even stand properly.

Divine Realm, in a dark basement.

The walls of the basement were filled with all kinds of chains and torture devices.

In the center of the basement, there was a round platform. On it was a figure bound by iron chains.

The figure's hair was disheveled, and he could not see his face at all. Surrounding the round platform was a huge ditch that was filled with blood.

Squeak squeak!

The door to the basement was slowly opened, and a man in black walked in. "Under the effect of the Soul Binding Chains, your consciousness should be almost obliterated."

The man in black slowly walked in and said to the man in the middle of the round platform.

"You, betraying your main body, will not have a good ending in the end." The man in the middle of the round platform looked at the man who walked in from the basement and said weakly to him.

"Haha!

The black-robed man sneered. His figure flashed and he appeared in the center of the round platform.

She held the man's cheek with one hand and slowly said to his face, "Do you know why I asked you to stay for so long? I wanted you to see the moment I devour my main body."

"However, there seems to be no chance now. Your soul power seems to be unable to support it."

"So, you should become my nourishment."

The black-clothed man looked at the man in front of him with a somewhat crazy expression and said with a smile.

Then, a black vital essence rose from the black-robed man's hand.

As soon as the black vital essence appeared, it attacked the man on the round platform, devouring everything in his body.

"Ahhhhh!"

The man in the middle of the round platform let out a miserable cry after being swallowed by the black-robed man.

"You went against your original will. Even if you devour me, the main body and the Ten Great Generals will not let you off in the future.

When he was devoured, the face of the man in the middle of the round platform was finally seen clearly.

It was a clone of the master of the Divine Court, and in front of him was a face that was exactly the same as his.

It was also a clone of the Lord of the Divine Court. However, this clone was currently devouring another clone.

Hearing the man on the round platform's words, the clone of the Master of the Divine Court also smiled.

"The Ten Great Generals, I don't know if they're still alive. Even if they're still alive, as long as I devour my main body, they'll naturally submit to me.

"You don't have to worry so much."

The clone of the master of the Divine Court looked at the clone in front of him and said somewhat crazily.

Clearly, he was also very afraid of the former ten great generals of the Divine Court.

As he spoke, the clone of the master of the Divine Court slowly absorbed his clone.

After the absorption, the clone of the master of the Divine Court circulated his cultivation to adjust the true essence in his body.

After a while, he opened his eyes. The aura on his body had reached the peak of the God Emperor Realm.

At this moment, a faint voice sounded from the basement.

"I say, Di Tian, we've already completed what we promised you. Now, it's time for us to settle our matters."

Upon hearing this voice, a smile appeared on Di Tian's face as he stared at the space before him.

"Not enough."

Then, he made a hand seal with both hands and pointed it at the ditch beside him.

Following that, the blood in the ditch surged and soared into the sky, gathering on the clone of the master of the Divine Court.

“Hahaha, you’re really bold. As expected of our ally. I’ll wait for you for a few more days.”

A voice came from the void again.

Obviously, he was also surprised that the clone of the Master of the Divine Court would absorb the blood in the drain..

Chapter 337: Senior’s Realm is Too High, We Can Only Slowly Understand It (1)

On a small path between the mountains

Xiao Chang Tian, Di Tian, and the Ice Empress sat in the carriage.

Looking at the scenery outside the window, Xiao Changtian knew that they were getting closer and closer to their destination.

After that, he seemed to have thought of something. Xiao Changtian took out the bamboo basket behind him and spoke to Di Tian and the others,

“I brought a few weapons from the courtyard. I don’t know if they will be of any

help to you.”

“You guys take it first. When you encounter a ferocious beast or something, you

can use it to defend yourself.”

As he spoke, Xiao Changtian took out a large saber from the bamboo basket and gave it to the Demon Emperor, a long sword to Di Tian, and a long spear to the Ice Emperor.

There was also a pair of scissors for Su Daji.

These were all made when he was idle in the courtyard. It just so happened that they would come in handy when he came out to search for treasures.

Di Tian and the others received the weapons Xiao Changtian handed over. When they saw the weapons in their hands, they were all filled with joy.

This was a Celestial Artifact. No, it was of a higher grade than a Celestial

Artifact.

The Ice Emperor looked at the spear in his hand. With the spear in his hand, he felt that his combat power had increased by several levels.

Su Daji took the scissors that Xiao Changtian handed over and said to Xiao

Changtian in embarrassment,”

” Master, can you change it to another one? This pair of scissors...” Hearing Su Daji’s words, Xiao Changtian also looked over and saw that the scissors were placed on the carriage. Obviously, Su Daji could not pick it up.

As for Di Tian and the others, they had also forgotten about the past. The pupils in their eyes widened by several times.

The lines on the scissors were the Dao runes of the Great Dao?

Heavens, Senior actually contained the power of the Great Dao in a pair of scissors.

Xiao Changtian looked at Su Daji and was speechless.

He didn't know if it was right to bring her here. She couldn't even pick up a pair of scissors. If she encountered a demon beast or something, she would be so scared that she wouldn't be able to move.

As he thought about this, he said to Su Daji slowly,"

"Daji, it's just a pair of scissors. There are many more like him, and there are countless heavier ones. You have to practice more.

As he spoke, Xiao Changtian took the scissors from Su Daji's hands and continued to search the bamboo basket.

As for Di Tian and the others, when they heard Xiao Changtian's words, they felt even more shocked in their hearts.

It turned out that this pair of scissors that contained the power of the Great Dao was just an ordinary item in the eyes of Senior.

In that case, the weapons he used before were probably not even trash in the eyes of the seniors.

Moreover, from what Senior said, there were many weapons that were more awesome than scissors.

I wonder what it looks like? It was estimated that once that kind of immortal artifact appeared, it could sweep across the entire Divine World.

And while Di Tian and the others were deep in thought, Xiao Changtian casually created a hairpin.

The moment the hairpin was taken out, everyone in the carriage felt the weapons on their bodies let out a soft hum. It was obvious that they were afraid of something.

The Ice Emperor and the others 'Yuan began to circulate on their own, as if

they had encountered some great terror.

This hairpin was even more terrifying than the scissors.

Xiao Changtian held the hairpin in his hand and handed it to Su Daji.

"This is for you."

This was the smallest thing that Xiao Changtian could find. If Su Daji did not

move it, he would have no choice.

"Master, this..."

Su Daji looked at the hairpin in Xiao Changtian's hand and hesitated. He was the same as Di Tian and the others. He could also sense that this hairpin was even more terrifying than the scissors earlier.

This weight was probably even more terrifying than a pair of weird scissors.

Seeing Su Daji's hesitant look, Xiao Changtian also walked over.

She helped Su Daji put the hairpin on his head.

"Alright, it's just a hairpin. What are you hesitating about?"

Xiao Changtian said slowly after helping Su Daji put it on.

What was wrong with Daji today?

After that, Xiao Changtian also saw the shocked expressions on Di Tian and the others' faces. He then spoke in an embarrassed manner,

"I'm sorry, I've made a fool of myself."

Di Tian and the others probably couldn't stand Su Daji's dilly-dallying earlier. When Di Tian and the others heard the words of Xiao Changtian, they immediately smiled at him and replied,

"No, no."

What a joke, if Su Daji didn't pick up the hairpin, they would laugh at her.

Then wouldn't they have no chance to be laughed at?

"We can only say that Senior's realm is too high. We can only slowly comprehend it."

The moment Xiao Changtian put the hairpin on her, Su Daji thought that she would not be able to take it.

He did not expect the hairpin to be like an ordinary hairpin on his head. It did not have any weight at all.

Could it be that his perception was wrong? After all, it was normal for his perception to be wrong in front of his master.

With this thought in mind, Su Daji also raised her arm to pull out the hairpin on her head.

It doesn't matter if I don't pull it out, I pull it out, I find that hairpin is like sticking to my head, I can't move it at all.

This...

Su Daji didn't know what was going on.

"Squeak squeak squeak!"

Monkey, who was in the carriage, saw Su Daji's expression and laughed. He transmitted his voice to her,"

"Daji, don't worry about her. With your current strength, you can't take her down, but she can protect you at the critical moment.

When Su Daji heard Monkey's words, she slowly understood.

It was not that he could not pull it out, but that his strength was too weak. This hairpin had clearly been specially treated by his master, so he did not feel any weight.

With this thought in mind, Su Daji looked at Xiao Changtian with gratitude in her eyes.

Xiao Changtian looked at Su Yi fiddling with her hairpin, but it didn't seem to move at all.

No way, could Daji not even lift this hairpin?

Forget it, he didn't care. If he couldn't even lift the hairpin, he could only tell her that he was awesome.

When Su Daji saw that Xiao Changtian was not particularly satisfied with her, she also secretly transmitted her voice to Di Tian and the others.

"Di Tian, will your master be disappointed in me?"

When Di Tian heard Daji's voice transmission, he was also stunned.

"It can't be. With Miss Daji's talent, she's already much stronger than us." "Besides, Senior won't judge people based on their aptitude.

As he spoke, Di Tian also felt a little guilty.

After hearing Su Daji's words, Di Tian suddenly felt that all the geniuses he had seen in the Divine Realm were trash.

After being encouraged by Di Tian, Su Daji said to herself.

In the future, he had to work harder to cultivate. Otherwise, it would not be good to disappoint his master.

In a basement in the Divine Realm.

The clone of the Master of the Divine Court slowly opened his eyes. The aura on his body soared into the sky, officially stepping into the Godly Emperor realm. When the clone of the Master of the Divine Court broke through, a voice sounded.

"Di Tian, since you've broken through, let's have a chat in the main hall!

As soon as he finished speaking, the clone of the master of the Divine Court in the basement also flashed and disappeared from the basement..

Chapter 338: Demon Emperor Relic (1)

In a magnificent palace in the Divine Realm.

In the main hall, there were three huge chairs. The backs of the chairs were all covered with animal skin.

At this moment, there was a figure with a powerful aura sitting on each of the three chairs.

Below the hall stood two rows of guards with long spears in their hands.

Then, a ball of black gas appeared in the hall and transformed into the avatar of the master of the Divine Court.

On the first chair sat a figure in a blood-red robe. There was a dragon head carved on the robe, and a huge bone necklace hung around his neck.

When he saw the avatar of the master of the Divine Court in the hall, he said to

Haha,

“Men, give Di Tian a seat.”

As soon as the voice fell, the guards in the hall brought in a chair that was exactly the same as the one above.

The blood-red figure looked at the chair in the guard's hand. True essence gathered in his hand and emitted a suction force.

Suddenly, the chair landed beside them.

"Di Tian, please!"

Hearing the blood-red figure's voice, the clone of the Master of the Divine Court smiled and sat down.

"According to the agreement, we will capture the main body for you, and you will help us find the Demon Emperor's Relic."

In the middle of a chair, a female dressed in white wolf fur robes was fiddling with her hands as she spoke to Di Tian.

"That's right, Emperor. Your cultivation has already reached the God Monarch

Realm. It's time to start."

A rough voice rang out in the hall.

On the last chair, a man with a bare chest, dressed in yellow clothes and a collar on his head, was staring at Di Tian.

The Demon Emperor Relic was the essence of every Demon Emperor after they died. This treasure was a huge tonic for every demon beast that had reached the cultivation level of Emperor God.

Moreover, there had always been a rumor in the demon beast world that the previous Demon Emperor did not die in meditation.

Instead, he had reached a cultivation level that surpassed the Godly Emperor and ascended to another world. When he ascended, he condensed his life's essence into the Demon Emperor Relic in order to feed the Demon Beast World.

The cultivation of the three demon beasts in the hall had already reached the Godly Emperor realm. If they could obtain the Demon Emperor Relic, they might be able to advance further.

Being stared at by three pairs of eyes, the clone of the Master of the Divine Court smiled at them.

Then, he stretched out his palm, and a blueprint appeared in his hand.

"Of course, we have sworn an oath to the heavens, so we will naturally do it." As the clone of the Master of the Divine Court spoke, he slowly opened the blueprint in his hand.

What was recorded on the map was exactly the same as the treasure map that

Dao Kong had given Xiao Changtian.

"This is?"

The woman in the middle saw the blueprint in the hands of the master of the Divine Court and could not help but ask.

"This is the location of the Demon Emperor's Relic. My Divine Court paid a huge price to obtain it from the Carefree Sect.

As he spoke, the clone of the master of the Divine Court slowly handed the blueprint in his hand to the woman in the middle.

"Qingqiu, how is it?"

The blood-red figure at the side watched as the woman in the middle received Di Tian's diagram. He also leaned over and spoke slowly.

"Tian Yuan Continent? What a coincidence."

Another man with a bare chest also leaned over and slowly said.

"Di Tian, it seems that our cooperation is the best choice. Your main body is also on the Tian Yuan Continent."

After confirming the authenticity of the blueprint, Qingqiu said slowly to the clone of the master of the Divine Court.

After hearing Qingqiu's words, there was no expression on the clone's face. He waved his hand at her.

"That's good. You guys have already made arrangements, right?"

It did not surprise him that the main body was on the Tian Yuan Continent.

"Of course you can rest assured."

Qingqiu had already kept the treasure map as she stared at Di Tian.

"Blood Dragon, Yellow Ape, Di Tian, if there's no problem, let's do it now." The clone of the Master of the Divine Court and the other two looked at each other and did not say anything, indicating that they agreed.

After seeing that Di Tian and the others were fine, Qing Qiu also made a hand gesture in front of her chest.

A faint green vital essence appeared on Qing Qiu's hand.

Tian Yuan Continent, Beast King Mountain Range, Nine-tailed Fox's territory. While Qing Qiu was casting the spell, the Nine-Tailed Fox Clan's First Elder, who was sitting in front of the clan's forbidden altar, also sensed something. A burst of green true essence rose from his body, and then slowly gathered into the forbidden altar in front of him.

"Are you ready?"

The Great Elder of the Nine-Tailed Fox Race sat in front of the forbidden altar. Qingqiu's voice slowly came from the forbidden altar.

"Exalted Goddess, everything is ready!"

Hearing Qing Qiu's voice, the nine-tailed fox first elder also knelt down and respectfully replied.

"That's good. Let's welcome him."

As Qingqiu's voice fell, the Nine-tailed Fox First Elder stood up from the ground and gathered all the True Essence in her body into the forbidden altar. Then, a terrifying aura came from the forbidden altar.

In the Divine World, a spatial vortex appeared in front of Qingqiu, the Blood Dragon, the Yellow Ape, and the clone of the Lord of the Divine Court.

The demon beast guards behind him entered one by one and arrived at the Nine-Tailed Fox Forbidden Altar.

When they appeared, cracks even appeared in the space around the forbidden altar, as if it could not withstand their existence.

The movements in the forbidden altar naturally could not escape the senses of the Nine-tailed Fox.

After they appeared one after another, the elders of the Nine-tailed Fox also arrived.

Looking at them and sensing the terrifying aura on their bodies, they were all stunned and trembling on the spot, not knowing what to do.

A demon beast commander swept his gaze across the world and could not help but say.

“I didn’t expect a sacred object to appear in this ant-like place.

Then, the demon beast commander waved his sleeve.

“Blood Fiend Army, clear the area within a hundred miles.”

Following the command of the demon beast commander, the demon beasts behind him also flew out in teams.

Now, they would come here through the forbidden altar because they did not want to attract the attention of other experts in the Divine Realm.

Now that he was here, he naturally had no scruples.

When the Nine-tailed Fox First Elder saw the Demonic Beast Commander, she also walked over.

“Exalted Goddess, I’ve already done as you instructed. Look at your promise... Perhaps it was because the aura on Qingqiu’s body was too terrifying, the Nine-tailed Fox First Elder’s voice was a little soft.

“Don’t worry, we will bestow your Nine-Tailed Fox Clan with endless glory.” The demon beast commander looked at the Nine-tailed Demon Fox First Elder in front of him. With a flick of his finger, a ray of light entered his body.

As the light entered her body, the nine-tailed fox grand elder felt that the true essence she had consumed to activate the forbidden altar had recovered a little. Following that, in the sky above the Beast Emperor Mountain Range, demon beasts from the Divine Realm stood in the sky.

“Submit or die!”

These words were like an imperial edict that echoed throughout the entire Beast Emperor Mountain Range.

Immediately, wails sounded everywhere in the entire Beast Emperor Mountain Range..

Chapter 339: Fortunately, I Didn't Get Flipped in One Hit

(1)

On a mountain road

A woman's clothes were a little dirty. There was blood in her mouth and beads of sweat on her forehead.

As he walked, he would occasionally look back as if he was avoiding something.

With his current situation, if he was caught by Luo Chang that fellow, the consequences would be unimaginable.

With this thought in her heart, Yue Mei also walked forward.

“Haha, Yue Mei, your clan has disobeyed Lord Divine Beast's orders, so don't make any unnecessary struggles and obediently return with me.”

“When the time comes, serve this young master comfortably. Perhaps I can even leave a few incense sticks for your clan.”

A playful voice came from behind Yue Mei. Then, in Yue Mei’s line of sight, a few men in black clothes were chasing after her.

Damn it!

Yue Mei looked at the figure behind her, and without caring about wiping the sweat on her forehead, she quickened her pace and ran forward.

Whoosh! A streak of black light streaked across the void and struck Yue Mei heavily.

Immediately, Yue Mei staggered and fell to the ground.

Then, a few figures chased after her and landed beside her, looking at her with a mocking expression.

“Luo Chang, you won’t have a good ending.”

Yue Mei looked at Luo Chang in front of her and said angrily.

“Hahaha, you’re still stubborn even when you’re about to die.”

When Luo Chang heard Yue Mei’s voice, he also laughed out loud. Following which, his expression turned sinister and lewd.

“I don’t know if you’ll still say that after I punish you on the spot.”

After Luo Chang’s voice fell, the two men beside him also walked over to Yue Mei’s side with familiarity, and held her hands.

“Luo Chang, you bastard, what are you doing?”

Yue Mei’s face revealed a trace of despair after her hands were pressed down as she furiously spoke to Luo Chang.

“You’ll know what I’m going to do soon.”

Luo Chang’s lascivious voice once again entered her ears. Yue Mei’s heart had already lost the hope of escaping and was about to bite her tongue to commit suicide.

Even if I die, I can’t be tainted by this guy.

However, just as Yue Mei was about to commit suicide, a carriage came over from afar.

Seeing this carriage, Yue Mei suddenly had a new glimmer of hope.

Luo Chang looked at Yue Mei, whose clothes were in a mess, and was about to do something.

He also saw the carriage coming towards him.

Xin Xin was also displeased and gave a look to the attendant beside him.

The two attendants understood. Their figures flashed and they flew towards the carriage.

“Yu...”

And when Luo Chang flew towards the carriage, the Demon Empress who controlled the carriage also pulled the carriage.

Inside the carriage, Xiao Chang Tian felt the carriage suddenly stop and poked his head out.

just as he was about to ask why, he saw two black shadows flying towards them.

Luo Chang's attendant landed in front of Xiao Changtian's carriage and said to Xiao Changtian and the others,"

"Who are you?"

Hearing their words, Xiao Changtian also came down from the carriage. He smiled and waved at them.

"We're just passing by. If we disturb you, we'll go back now.

Looking at the decorations of these two people, they were all dressed in black and were in this mountain ridge.

He was a mountain bandit. If he could say a few good words to the mountain bandits and let him go, that would be the best.

Otherwise, he didn't get much money from this trip.

The people in this car would have to go to the northwest after this. And when Xiao Changtian and Luo Chang's subordinates were conversing, Di Tian and the others also alighted from the carriage.

"What happened?"

Di Tian got down from the carriage and transmitted his voice to the Demon Emperor.

"Master, we encountered two blind fellows."

The Devil Emperor stared at the two of them as he transmitted his voice to Di Tian.

When the two of them flew towards the carriage just now, the Demon Empress had planned to kill them.

However, Xiao Changtian got off the carriage, so the Demon Empress didn't make a move.

"Master, do you want me to..."

"No need. Let's see what Senior has to say first.

Di Tian stared at Xiao Changtian who was in front of him as he shook his head. At this moment, Xiao Changtian also walked over and saw Di Tian and the others alighting from the carriage.

Xiao Changtian also waved his hand at him, signaling them to get on the car.

What was wrong with this group of people? They didn't know the seriousness of the situation, so why were they still watching the show?

He had to leave before the two bandits reacted.

As for Di Tian, when he saw Xiao Changtian's hand gesture, he didn't react in time.

What did this senior mean?

"Senior, do you want us to destroy them?"

Di Tian also asked when he saw Xiao Changtian walking over.

Destroy them?

When Xiao Changtian heard Di Tian's words, he almost cursed out loud.

I thought you were here to watch the show, but I didn't expect you to want to exterminate the bandits.

Didn't he even take a look at his own strength? Xiao Changtian remembered that back then when Di Tian was in the courtyard, even moving bricks was extremely difficult for him.

With his strength, it would be good if he didn't get killed by the bandits.

And at this moment, Luo Chang's followers also exchanged glances with each other.

They stopped just now to check the aura of Xiao Changtian and the others. Xiao Changtian was obviously their leader. He didn't seem to have any aura. He was obviously a mortal. A mortal actually dared to disturb the young master's good time. Wasn't he courting death?

Following that, Luo Chang's follower took out his long blade and attacked Xiao Changtian and the others.

Upon seeing Luo Chang's follower actually taking the initiative to attack, Di Tian was enraged as well. He wanted to go out and fight with them.

As for the Ice Emperor and the Devil Emperor, when they saw Di Tian leaving, they hurriedly followed after him.

It was over. He was still a step too late.

Xiao Changtian looked at Luo Chang's followers who were charging towards them and covered his forehead.

If this group of people hadn't come down just now, they would have run away long ago.

As he thought of this in his heart, Xiao Changtian still spoke to Di Tian and the others,

“Be careful, don’t get hurt.”

Now that Di Tian and the others had rushed out, he could only pray that Di Tian, who had just entered the sect, had some strength and was able to defeat these bandits.

Otherwise, it would not be easy to end things.

As for Di Tian, the Ice Emperor, and the Demon Empress, they were just about to execute their spirit techniques to kill Luo Chang’s two followers.

Hearing Xiao Changtian’s words, their hands slowed down.

Senior, are you asking us to go easy on them and spare their lives?

After all, with the Demon Empress’s cultivation, the two people in front of her would die if she used anything.

At this moment, the blades of Luo Chang and the others clashed with the weapons in the hands of the Ice Emperor and the others.

Bang! The sword and saber collided, and a loud sound was heard.

Seeing that the Ice Emperor and the others had blocked the attack of Luo Chang’s followers, Xiao Changtian heaved a sigh of relief.

Fortunately, he wasn’t knocked out by a single blow.

After Di Tian and the others made their move, Monkey and Ant, who were on the carriage, also glanced outside.

He then continued sleeping. Such a small fry, he could just leave it to Di Tian and the others..

Chapter 340: A Few Mountain Thieves (1)

On the mountain road

Luo Chang looked at the two attendants in front of him who had gone for such a long time without returning.

He also lifted Yue Mei up from the ground and slowly said to her,

“Don’t worry, I’ll be back soon.”

Then, Luo Chang’s figure flashed and he arrived at Xiao Changtian’s place.

Looking at the two followers who were fighting with the Ice Emperor and the others, Luo Chang’s eyes were filled with rage.

He could not sense any powerful aura from the Ice Emperor and the others.

“Two pieces of trash!”

Luo Chang said, and then he wanted Ice Emperor and the others to attack.

Xiao Changtian looked at the fight between Ice Emperor and the others. The situation was originally very balanced, but now there was one from the other side. What if the balance was broken?

When the Ice Emperor saw Luo Chang joining in, her eyes flickered.

“Master, another one is here. What should we do? Should we kill them?”

Di Tian received the Ice Emperor’s voice transmission and gestured to his follower as he replied,

“No need. Senior said not to harm their lives. Senior must have his own motive for saying this.”

When Xiao Changtian saw that Di Tian and the others didn’t lose immediately after Luo Chang joined, he also heaved a sigh of relief.

However, this was not a solution. He had to end this quickly.

These bandits must have accomplices near the mountain ridge. If his accomplices came one by one, it would be bad.

As he thought of this in his heart, Xiao Changtian also called out to Di Tian and the others,

“Di Tian, end this quickly.”

After Di Tian and the others heard Xiao Changtian’s words, they exchanged glances with each other.

Senior didn’t want us to harm their lives, but he wanted to end the battle quickly.

This was a little difficult. After all, if he was not careful and did not control his strength well, the few of them would be turned into ashes.

However, Di Tian still transmitted his voice to the Ice Emperor and the Devil Emperor.

“I think Senior means to break their legs. That way, they won’t die.”

“They won’t stop us from advancing.”

After the Ice Emperor and the Devil Emperor received Di Tian’s voice transmission, they nodded to him.

“We will listen to Master.”

After that, Di Tian and the Ice Emperor revealed a flaw to Luo Chang and the others.

F * ck, after fighting for so long, I finally got a chance.

One of the followers saw the Ice Emperor’s weakness and smiled.

He didn’t know why, but from the start of the fight until now, the Ice Emperor gave him a feeling that he couldn’t kill her.

The other party had been defending and did not attack at all.

Seeing this flaw, the servant was overjoyed and attacked the Ice Emperor.

At this moment, a cold smile flashed across the Ice Emperor’s face.

He raised his thigh and hit the follower’s abdomen.

Bang! After being hit by the Ice Emperor, the servant fell to the ground. The Ice Emperor then stepped on one of the servant’s legs.

With a crack, the follower's leg was crippled.

After the Ice Emperor dealt with one of her followers, the Demon Emperor also crippled one of her followers' legs.

When Luo Chang saw his two followers suddenly collapse, his face was also filled with rage.

The feeling Di Tian gave him was similar to the feeling the Ice Emperor gave him.

No matter what attack he used, Di Tian could easily block it.

However, Di Tian only knew how to defend and not attack.

Di Tian would always be able to interrupt him at the crucial moment.

Right now, it could be said that he had spirit skills that he could not use.

"Bastard, die!"

After a few failed attacks, Luo Chang was enraged. He punched out towards Di Tian's chest.

And when Luo Chang attacked, he saw that Di Tian didn't dodge at all. Instead, he took the initiative to welcome Luo Chang.

Who are you looking down on?

Kacha. At the instant Luo Chang's strike landed on Di Tian's chest, he also felt a rebound force from Di Tian's body.

This force directly broke the bones in his body.

Bang! The bones in his body were almost shattered. Luo Chang stared at Di Tian, unable to say a single word.

“Ahhhhh!”

At the moment Luo Chang fell, Di Tian also fell to the ground, clutching his chest as he cried out.

Upon seeing Di Tian falling to the ground, the two emperors instinctively wanted to help him up.

Then, they saw Di Tian giving them a look, as if he was thinking of something.

He pretended to fall to the ground and clutched his chest.

This senior is cultivating his heart in the mortal world. He must think of himself as a mortal. We have to cooperate with his cultivation, right?

And at this moment, they also walked over and saw Di Tian and the others defeating Luo Chang and the others.

Xiao Changtian was also extremely happy in his heart. Di Tian and the others did have some skills.

After that, Xiao Changtian slowly spoke to Di Tian and the others,

“Di Tian, are you guys alright?”

Upon hearing Xiao Changtian’s words, Di Tian also slowly stood up. He then spoke to Xiao Changtian,

“Senior, it’s fine. It’s just a few mountain bandits.”

Mountain bandits? The Ice Emperor and the Devil Emperor stood up from the ground. When they heard Di Tian's words, they also reacted.

"Yes, it's just a few bandits."

When Xiao Changtian saw the expressions of Di Tian and the others, he didn't seem to be lying to him. He slowly nodded his head.

Seeing Xiao Changtian's satisfied expression, the Ice Emperor and the Demon Emperor sighed in their hearts.

His Lord was wise enough to call these demonic beasts mountain bandits.

If they were allowed to speak with their stupid mouths, they would definitely disturb the senior's cultivation.

At this moment, Su Daji's voice was heard.

"Master, there's a woman here."

Xiao Changtian heard Su Daji's words and looked in her direction.

There was indeed an unconscious woman lying beside Su Daji.

It was Yue Mei, who had just been chased by Luo Chang.

This woman must have been captured by the bandits just now to be their wife or something.

Since he had encountered her today, he could not leave her in the lurch.

Thinking of this, Xiao Changtian walked over and placed his hand on Yue Mei's nose.

He was still breathing.

After feeling Yue Mei's breathing, Xiao Changtian also picked up Yue Mei's arm and placed his hand on her pulse to check.

Then, Xiao Changtian said to Su Daji,"

"Daji, carry her on the carriage. We have to leave this place quickly."

Although the bandit had been taken care of, his companions were definitely on their way here.

If they didn't leave quickly, they wouldn't be able to escape. With Di Tian and the others 'strength, they would be able to deal with two or three bandits, but if they encountered a group of bandits, they would definitely die.

The woman had also checked herself and was only unconscious.

It was not a big deal. He went to the carriage and gave her some water. She would recover quickly.

After Su Daji carried Yue Mei onto the carriage, Xiao Changtian hurriedly called Di Tian and the rest to board the carriage.

Soon, the Demon Empress controlled the carriage to move forward..
