

Beasts 351

Chapter 351: Lord God Monkey (1)

Divine World, in the Demon Race's main hall

Qingqiu, Xue Long, and Huang Yuan came to the main hall and clutched their chests.

"Quick, activate the mountain's protective barrier!"

Blood Dragon shouted at the guards in the hall. Then, he went to his seat and sat cross-legged.

He was only a spirit body now. If he did not quickly recover his physical body,

he would face the risk of his realm falling.

just like Blood Dragon, Qing Qiu and Huang Yuan quickly sat down on their seats to stabilize their injuries.

Not long after they sat in their seats, a huge roar came from outside.

"You think that by hiding here, you won't be able to find us?"

Hearing this voice, the expressions of Xue Long, Qing Qiu, and Huang Yuan changed.

The divine monkey had chased them here?

Monkey's huge figure stood outside the Demon Race's main hall. He looked at the array in front of him with a disdainful expression.

He placed his hand on his ear and a huge rod appeared in Monkey's hand.

He struck the barrier with his staff.

Cracks appeared on the barrier outside the Demon Hall.

Bang! The cracks spread rapidly, and the entire barrier shattered.

The array shattered and the monkey stepped into the demon territory.

Ah! Ah! Ah!

Screams sounded in the demon territory.

"Quickly report this to Lord Qingqiu and the others."

A loud voice rang out from the crowd. Following that, many guards rushed into the hall.

"Monkey, don't go too far."

Blood Dragon's furious voice slowly sounded from the hall.

'■Even if you are a divine beast, the three of us are not to be trifled with."

In the main hall, the spirits of Blood Dragon, Huang Yuan, and Qingqiu slowly appeared.

“My Lord has come out, my Lord has come out.

When the Demonic Beast Guards below saw Blood Dragon and the others, their faces were filled with excitement as if they had seen their saviors.

■ ■ What a bunch of stupid guys. They still have to help others count money after

being sold.”

Monkey looked at the demonic beast guards below and could not help but mutter.

As Monkey’s voice fell, Blood Dragon and the other two each used a stream of

True Essence to inject into the square outside the hall.

Then, a huge array appeared in front of the hall.

With the appearance of this array, all the demon beasts felt the blood essence in their bodies quickly disappear.

“What happened?”

The joy from before did not last for a few seconds, but the demonic beast guard’s face was once again filled with fear.

-It is your honor to sacrifice yourself for us.”

in the air, Blood Dragon looked at the demonic beast guards below and said slowly.

According to their original plan, after obtaining the Demon Emperor's relic, they would be able to obtain the Demon Emperor's relic.

They wanted to use the Blood Solidification Array that they had prepared for many years to break through to a higher level of cultivation.

As for the Blood Solidification Array, it was able to turn the people in the array into streams of blood qi and inject them into the people at the center of the array.

According to Blood Dragon and the others' plan, with the two layers of insurance, the Blood Solidification Array and the Demon Emperor Relic, the probability of them advancing to the Godly Emperor realm was very high.

They did not expect that there would be an unforeseen event at the Demon

Emperor Relic. With the monkey in hot pursuit, they could only activate the array ahead of time.

Waves of miserable cries could be heard from the demonic beast guards below. With their blood and Qi replenishing, the bodies of the Blood Dragon, Huang Yuan, and Qing Qiu, which had been crushed by the monkey, reformed. His body even emitted an even stronger aura than before.

"Monkey, you destroyed our opportunities. Today, we will definitely take

revenge."

in midair, Blood Dragon felt his body refilled with power. He pointed at

Monkey and said slowly,

Qingqiu and Huang Yuan could also feel that their cultivation had improved.

He was prepared to attack the monkey again.

Monkey glanced at the three of them with disdain in his eyes. He placed the rod

on his shoulder and hooked his finger at them.

“You’re courting death!”

– stop!” The Blood Dragon shouted after being provoked by the monkey. Then, his body changed, and a blood-red flood dragon appeared in the air. The Blood Dragon transformed into its true form and flew towards the monkey with a furious roar.

Huang Yuan and Qing Qiu did the same. A Nine-tailed White Fox and a huge gorilla charged at the monkey with their might.

“Come together, it’s better to suppress the enemy.”

Monkey said as he waved the stick in his hand and spun in the air.

The rod hit Qingqiu, Huang Yuan, and Xue Long.

How was this possible?

Blood Dragon and the other two’s eyes were filled with disbelief when they were hit by Monkey’s rod.

After their cultivation increased, they thought that they could at least fight back and forth with Monkey.

He did not expect to be killed in one hit.

With this thought in mind, the three of them turned into a stream of light and flew out in all directions.

“Look at how fat you guys are.”

“It’s rare for Master to let me come out and bring you back to Master for a meal. Perhaps Master will bring me out next time.”

As he said that, Monkey’s figure flashed and arrived beside Blood Dragon and the other two.

Looking at the half-dead Blood Dragon trio on the ground, Monkey smiled. Then, he grabbed the three of them in his hand and turned into a stream of light as he flew down to the lower realm.

After the monkey left, the demonic beast guards seemed to have woken up from a dream.

They looked in the direction that Monkey had left with gratitude on their faces. “Lord Divine Monkey came to save us just now, right? I didn’t expect Bio Dragon and the others to be such people.” A demonic beast guard steadied his body and said in shock.

“Yes, yes. Now that the Blood Dragon has been taken away by Lord Divine Monkey, we have to quickly clean up this place and wait for Lord Divine Monkey’s orders.”

“Yes, Lord Divine Monkey saved us, so we can’t disappoint him.

After the demonic beast guard finished speaking, the other demonic beast guards followed suit.

Very quickly, the group of demonic beast guards started to get busy.

In the Beast Emperor Mountain Range,

Xiao Changtian sat in the forest, looking up at the sky.

“Why hasn’t this monkey returned for so long?’ Xiao Changtian said as he threw the straw in his hand forward.

As Xiao Changtian’s voice fell, Monkey’s figure slowly appeared in front of him. “Yo, you’re back.”

Xiao Changtian looked at the monkey in front of him and rubbed his head. Walking to Xiao Changtian’s side, the monkey squeaked at him and pointed ahead.

Xiao Changtian saw the direction Monkey was pointing at and followed him. Pushing aside the grass in front of him, the corpses of Blood Dragon and the others appeared in Xiao Changtian’s eyes.

Hmm? Why were there three wild beasts here?

Xiao Changtian walked over and touched Blood Dragon and the others.

“He’s already dead.”

Xiao Changtian said and then remembered the voice he heard earlier. Presumably, the wild beasts in the forest fought each other and died in the end. With this thought in his heart, Di Tian, the Ice Emperor and the Demon Emperor also came to Xiao Changtian’s side..

Chapter 352: What’s So Rare About Having (1)

| o’./

Beast Emperor Mountain Range

Di Tian, the Ice Emperor and the Devil Emperor slowly walked to Xiao Changtian’s side.

Just as he was about to say something, he saw the corpses of Blood Dragon, Qingqiu, and Huang Yuan beside Xiao Changtian.

Were these the demonic beasts that had come to the Beast Emperor Mountain Range to fight for the Demon Emperor Sarira?

Sure enough, everything was under Senior's control.

At this moment, Xiao Changtian also slowly spoke to Di Tian and the others, "Is it resolved?"

He didn't know if it was because he was an immortal cultivator, but Xiao Changtian felt that Di Tian's toilet time was a little too long.

Perhaps cultivators could also expand their bladder capacity during cultivation. Usually, it was fine if it was inconvenient, but once it was convenient, it would take a lot longer than others.

After Di Tian heard Xiao Changtian's words, he nodded his head.

It seemed that the seniors also knew that he had dealt with his clone.

After defeating the clone of the Lord of the Divine Court, Di Tian absorbed him on the spot.

After absorbing this clone of his, Di Tian's cultivation base advanced by another step.

The reconstruction of the Divine Court was getting closer and closer.

Seeing Di Tian nod his head, Xiao Changtian also smiled,

-Di Tian, come over and lend a hand. Bring these wild beasts along, they can fill your hunger on the way."

What was the most important thing in the forest?

Of course, it was survival. Xiao Changtian knew that a mortal like him was not as powerful as those immortal cultivators.

He could go without food for a few days. As a mortal in the forest, the first thing he had to do was to solve the problem of food and clothing.

After Di Tian heard Xiao Changtian's words, he also brought the Ice Emperor and the Devil Emperor over.

He helped Xiao Changtian put away Blood Dragon and the others.

These demonic beasts that shook the Divine Realm were only food to Senior.

He really did not know what kind of all-powerful figure Senior was. The Ice Emperor sighed in her heart as she carried the Blood Dragon.

At this moment, Monkey said to the ant on Xiao Changtian's shoulder,"

"Ant, the place where master wants to go is safe. Take us there."

The Chaos Ant on Xiao Changtian's shoulder slowly opened its sleepy eyes after receiving the monkey's voice transmission.

Then, the two antennae on its head flashed with a silver light.

Silver light flashed, enveloping Xiao Changtian and Di Tian within.

Then, Xiao Changtian and the others appeared at the place where the Demon Emperor Relic had appeared.

Xiao Changtian took a few steps forward and saw a cave in front of him.

He took out the treasure map from his interspatial ring.

“This is the place.”

Xiao Changtian spoke. After that, he brought Di Tian and the others in.

Although the interior of the cave had collapsed, there were still quite a lot of gold, silver, and jewelry on the ground.

Xiao Changtian walked over and collected all the gold, silver and jewelry in the cave into his own interspatial ring.

As for Di Tian, when he saw Xiao Changtian’s actions, he also had a puzzled look on his face as he spoke,

“Senior, don’t you need these?”

After all, it was a cave abode left behind by a demon emperor. There were still many pills and cultivation techniques in the cave.

However, Xiao Changtian seemed to have turned a deaf ear to them and only cared about the gold, silver, and jewelry.

Xiao Changtian was collecting all the gold and silver in the cave when he saw a jade bottle in Di Tian’s hands.

After the systematic training, he knew that the quality of the jade bottle was not very good.

However, thinking about how Di Tian was also a beginner cultivator, he should be able to see through some things that he couldn’t.

With this thought in mind, Xiao Changtian stopped what he was doing. Receiving the jade bottle from Di Tian, he poured out a few medicinal pills. After taking a glance, she slowly spoke to Di Tian,

” It’s just a few candies. What’s so precious about it?”

He had thought that it was something valuable, but it was just a few candies.

He could have as many of these things as he wanted in his courtyard.

Seems like Di Tian’s cultivation was truly not good. If not, he wouldn’t have been knocked down by the kite back then.

After Di Tian heard Xiao Changtian’s words, he was also stunned. After that, he also regained his senses.

Senior was cultivating his heart in the mortal world and playing around in the mortal world. Naturally, he had to be like a mortal and take those mundane things.

As for these medicinal pills, with Senior’s strength, why would he care about them?

Senior’s kindness to him was as heavy as a mountain, so he had to cooperate more.

With this thought in his heart, Di Tian also threw the jade bottle in his hands onto the ground and started to collect the treasures with Xiao Changtian.

Xiao Changtian nodded his head in satisfaction when he saw Di Tian starting to collect jewelry.

Di Tian’s days were already not good. Now that he had these jewels, his days should be better.

As for the Ice Emperor and the Devil Emperor, when they saw Di Tian they also threw away the medicinal pills and picked up the treasures.

His heart ached.

Master, Senior, if you don't want those pills, you can give them to us. We need them.

While the Ice Emperor and the Demon Emperor were in a daze, Di Tian also slowly said to them,

"What are you waiting for? Hurry up and come over to help."

After hearing Di Tian's words, the Ice Emperor and the Devil Emperor also slowly walked over, collecting the treasures on the ground.

"Master, do you have to waste those pills and cultivation techniques like this?" "Collecting them will be a great help when the Divine Court is rebuilt in the future."

The Ice Emperor was filled with abandoned medicinal pills as she spoke to Di Tian with some heartache.

"Silly. Senior is currently cultivating his heart in the mortal world. How can we disturb his cultivation?"

"Senior values us so much. How can we let him down?"

"As for rebuilding the Divine Court in the future, given Senior's strength, you can have as many pills as you want. When the time comes, won't the pills given by Senior be enough for you?"

After hearing Di Tian's words, the Ice Emperor slowly nodded her head.

It had to be his master. His thoughts were always one step lower than his master's.

It seemed that he had to study hard in the future.

At the same time, Xiao Changtian, led by the monkey, also arrived in front of the Demon Emperor Relic.

“You asked me to come here just to see this?”

Xiao Changtian looked at the Demon Emperor Relic in front of him and slowly said to the monkey beside him.

After hearing Xiao Changtian’s words, Monkey slowly nodded his head.

Xiao Changtian picked up the Demon Emperor Relic from the ground after getting confirmation from the monkey.

There didn’t seem to be anything special. The quality couldn’t compare to the ones in his courtyard.

Otherwise, the treasure-hunting abilities given by the system were all first-class. He would just keep them for the time being.

With this thought in mind, Xiao Changtian also put the Demon Emperor Relic into his interspatial ring.

This scene was also seen by Di Tian and the others. The Demon Emperor Relic.

That was an existence whose luck was even higher than his. He wondered what Senior wanted to do with the Demon Emperor Relic.

Senior’s scheme seemed to be very big.

Just as Xiao Changtian and the others were still searching for treasures in the cave, Black Tortoise appeared in the air with the fat Rongrong.

“Fatty, hurry up. We want to finish this before Master comes out.”

Black Tortoise sat on the fat Rongrong’s head, urging it..

Chapter 353: Senior Black Tortoise Fancy Me (1)

7 V 7

The courtyard of the Yellow Python Clan

Mo Ba was beside the birdcage, adding water and food into it.

Ever since Xiao Chang Tian left, Mo Ba had kept the Green Luan in the courtyard.

After all, he remembered the instructions the Black Tortoise had given him before he left.

At this moment, a stream of light streaked across the sky.

Following which the fat Rongrong and Black Tortoise’s figures appeared in front of Mo Ba.

Senior Black Tortoise, you’re here.”

When Mo Ba saw Black Tortoise, he hurriedly walked over and bowed to him.

“Looks like you’ve done a good job.”

The Black Tortoise looked at the birdcage in front of Mo Ba and nodded in satisfaction.

Following that, a green light flew out from the Black Tortoise's body and landed on Mo Ba's body.

When the green light entered his body, Mo Ba felt his cultivation level improve a little.

"Thank you, Senior!"

Mo Ba's words were filled with joy as he slowly said to the Black Tortoise.

"Go, leave the rest to me."

Black Tortoise waved his hand at Mo Ba.

Fatty, let's go and see how the beauty is recovering."

Seeing Black Tortoise's actions, Mo Ba also walked into the courtyard.

Then, Fatty brought Black Tortoise to the birdcage.

In the cage, the Blue Luan was refining the excess True Essence in its body.

Being locked in this cage, the Blue Luan could be said to be cultivating all the time.

The aura on his body had also undergone an earth-shattering change.

Compared to when he left the Demon Race's main hall, the aura on the Green Luan's body had also reached the cultivation level of an early stage Godly Emperor.

If the Green Luan did not cultivate in this cage, it could explode and die at any time due to excessive intake of true essence.

Seeing the Black Tortoise's arrival, a trace of fear flashed across the Blue Luan's eyes.

When she came to the courtyard, she knew that Black Tortoise and Xiao Changtian were in cahoots.

At that time, that human had even said that he wanted to eat him. Now, he had reached the Godly Emperor realm.

It was what those humans called "fattening up".

It was over, it was over. It was not easy for him to reach the Godly Emperor realm and he had not even freed his clansmen. Was it going to be gone? Thinking of this, the Blue Luan in the cage looked at the Black Tortoise with tears in its eyes.

At this moment, Black Tortoise also took its own pose.

"Beauty, you've been cultivating in this small space for many days. You're

almost done, right? I'm here to take you home."

Due to the fear in its heart, the Blue Luan could only hear a few words.

It's about time, right? Could it be that this Black Tortoise was saying that it could almost cook him?

Thinking of this, the Blue Luan could not stop her tears from flowing down.

Hmm? The Black Tortoise posed for a while and saw that the Blue Luan did not react at all. Instead, it looked like it was crying.

“Fatty, what do you think is wrong with this beauty? Why is she crying again?” “With Master’s strength, her illness should be more or less healed.” When Fatty heard Black Tortoise’s words, he also looked at the Blue Luan in the cage and said to Black Tortoise on his head,”

“Boss, according to my analysis, this beauty might be moved to tears when she sees you because you saved her.”

Hearing Fatty’s words, Black Tortoise nodded.

“Fatty, you’re the one who’s getting it.”

“Then let This Sea King free her now and start This Sea King’s happy life.” As he said this, Black Tortoise also released the Blue Luan from the cage with familiarity.

The Blue Luan knelt down in front of the Black Tortoise as soon as it came out of the cage.

“Senior Black Tortoise, don’t eat me, don’t eat me.”

Eat me? When the Black Tortoise heard the Blue Luan’s words, it was also stunned.

Who is it? Who was it? You actually want to eat this Sea King’s woman? I’ll beat you to death.”

Black Tortoise looked around but did not find anyone.

At this moment, the Blue Luan was also stunned.

Senior Black Tortoise wasn’t here to eat him. What did he just say? My woman?

At the thought of this, the Blue Luan’s fear dissipated a little. Instead, its face turned red.

“Senior Black Tortoise, aren’t you here to eat me?”

“Eat you? Whoever wants to eat you, I’ll beat them up.”

The Black Tortoise looked at its Blue Luan and waved its fists in the air.

When the Blue Luan saw the Black Tortoise’s appearance, her face became even redder.

“Beauty, do you have any wishes? Tell This Sea King and This Sea King will help you fulfill them.”

The Black Tortoise followed its previous routine and appeared to be indomitable.

According to the master’s novel, the protagonists saved the women from danger before they married each other.

When the Blue Luan heard Black Tortoise’s words, it also lowered its head.

When he was young, he had heard the elders in the clan say that disaster would turn against itself when it reached the extreme.

After meeting Li Wushuang, that jinx, he was indeed unlucky.

Now was his lucky moment. Senior Black Tortoise had taken a fancy to him.

If he could combine with Senior Black Tortoise, with Senior Black Tortoise’s strength, it would be a matter of minutes for his clan to recover.

Moreover, with Senior Black Tortoise’s divine beast bloodline, it didn’t seem impossible for her to marry him.

At this moment, Black Tortoise saw that the Blue Luan in front of him still did not respond for a long time.

Could it be that his method was wrong?

Just as he was about to ask Fatty something, the Green Luan's weak voice sounded.

"Senior Black Tortoise, the Cyan Phoenix Race has indeed encountered some trouble."

Hearing that there was trouble, Black Tortoise was delighted.

"Let's go. If there's any trouble, This Sea King will help you solve it."

Then, the Blue Luan felt her body fly up.

In the air, the Blue Luan also told the Black Tortoise about the difficulties that their tribe had encountered.

"So that's how it is. Leave it to This Sea King."

As soon as he finished speaking, the Black Tortoise instructed the fat man to bring the Blue Luan to the Divine World with a swoosh.

At the same time, Xiao Changtian and the others also harvested a pile of gold and silver from the cave.

Xiao Changtian felt that after today, he would not have to worry about food and drink for a period of time.

At this time, Xiao Changtian said to Su Daji,"

“Dajt, aren’t you at the Beast Emperor Mountain Range? Let’s go and visit them now.”

Previously, when Daji told him that she was coming, it was because her home was in the Beast Emperor Mountain Range.

When he first came to the capital, he was poor and destitute. He only had a broken bamboo basket. It was not good to bring it up to others from the beginning.

After all, if Su Daji’s father found out that his daughter had such a master, what would he do if he wanted to withdraw from his sect.

Then, wouldn’t his path to invincibility be opened in the future?

However, things were different now. After looting in the cave, Xiao Changtian felt that he was also a real nouveau riche.

The paintings that he had personally written, coupled with the jewelry in the cave, could be considered a decent gift.

When Su Daji heard Xiao Changtian’s words, she nodded at him.

Looking into the distance, memories flashed in his eyes.

“Master, please follow me..”

Chapter 354: Monkey, Just You Wait (1)

Divine World, Demon Race Hall

Rows of demon beast guards walked past the palace and the square, carrying bricks and mud on their shoulders.

After the monkey left, the demonic beast guards began to repair the destroyed palaces.

At this moment, a stream of light flew across the sky.

Following which, Black Tortoise, the fat Rongrong and the Blue Luan appeared in the sky above the Monster Clan's main hall.

Seeing the Blue Luan in the air, the demon guards walked over.

"Commander Blue Luan has returned."

Among the Monster Race, the difficulties of the Qing Phoenix race were not a secret.

Hence, they knew about the relationship between the Blue Luan and the Blood Dragon.

In the air, the Blue Luan looked at the demonic beast guards who were building fortifications below with a somewhat stunned expression.

It seemed that a battle had just erupted here.

Moreover, she could not sense the auras of the Blood Dragon, Qingqiu, and Huang Yuan.

"Where are Blood Dragon and the others?"

The Blue Luan came to the front of a Demonic Beast guard and slowly said to him.

Black Tortoise's gaze swept across the land and could not help but say in grief and indignation.

"Monkey, just you wait."

How could the Black Tortoise not sense the monkey's remaining aura in this world?

It seemed that the few demonic beasts that caused trouble for the beauty had all been defeated by the monkey.

He was just one step away from winning the beauty's heart. He did not expect Monkey to ruin it like this.

After the Blue Luan asked around, she learned about the Blood Dragon's plan and the Divine Monkey's rescue.

He came to Black Tortoise's side and just as he said something to him, Black Tortoise's voice entered his ears.

"Stop talking. I know what you want to say. This was all done by that monkey." The Black Tortoise suppressed the grief and indignation in its heart and slowly said to the Blue Luan.

What could this beauty say to him?

Didn't she just want to say that the monkey saved her and that she had no chance?

After the Blue Luan heard Black Tortoise's words, it was also very happy.

As expected, that divine monkey was Senior Black Tortoise's friend.

Senior Black Tortoise must have wanted to give him a surprise.

The Blue Luan looked at the Black Tortoise shyly.

When the Black Tortoise saw the Blue Luan's appearance, it could not help but retract its head.

He couldn't stand it anymore. It seemed like this beauty had already been captured by that monkey.

Damn it!

Thinking so in his heart, Black Tortoise also slowly said to the fat Rongrong at his feet:

"Since the problem with the beauty has been solved, Fatty, let's go first."

Seeing that he did not have a chance, Black Tortoise also called for Fatty to leave quickly.

He wanted to go back and settle the score with that monkey.

When the Blue Luan heard that the Black Tortoise was about to leave, she also asked him to stay.

"Senior Black Tortoise, are you leaving just like that?"

"Yes, yes. Let's meet again if fate allows."

Without saying anything else, Black Tortoise commanded the fat Rongrong to fly back to the lower realm.

After the Black Tortoise left, the Demonic Beast guards surrounded the Blue Luan.

"Commander Blue Phoenix, what happened to Senior Black Tortoise just now?"

Is it related to Senior Divine Monkey?”

To these demonic beast guards, it was also very surprising to see two legendary divine beasts in a short period of time.

“Yes, yes. Senior Divine Monkey is Senior Black Tortoise’s friend.”

The Blue Luan was still immersed in the “surprise” that the Black Tortoise had created and slowly replied.

“That’s right. Senior Divine Monkey saved everyone from the abyss of suffering.”

“And Senior Black Tortoise is Senior Divine Monkey’s friend. They brought Commander Blue Luan back. Could it be that they want Commander Blue Luan to be our new master?”

After getting the Blue Luan’s confirmation, some of the demonic beast guards began to chatter.

“I don’t think it’s wrong. I feel that the aura on Commander Blue Phoenix’s body is even stronger than the aura on Blood Dragon and the others.”

“Without the help of Senior Black Tortoise and the others, how could Commander Blue Phoenix be so powerful? Commander Blue Phoenix will be our new master.”

Amidst the chattering of the crowd, all the demon beast guards finally reached a consensus.

Let the Blue Luan be their new master.

The main thing was that they were now leaderless and needed a leader.

Furthermore, seeing the Blue Luan and the Black Tortoise arrive together, making the Blue Luan their master would only increase their reputation in the Divine World.

Previously, because of the death of Blood Dragon and the others, the shadow of worrying about the enemy swept away.

At the same time, in the Beast Emperor Mountain Range,

Under Su Daji's lead, Xiao Changtian and his group passed through a forest and arrived at a small village.

Arriving at the village, Su Daji pointed at the village and said to Xiao Changtian slowly,"

"Master, my home is up ahead."

Hearing Su Daji's words, Xiao Changtian also looked in the direction of his finger.

There was a door made of straw in front of him, and there was a sign hanging on the door.

The Nine-tail Tribe!

At this moment, two young girls walked towards them.

When they saw Su Daji, they were stunned at first, then they said excitedly,"

Princess, you're back."

Seeing their excited expressions, Su Daji also walked over to catch up with them.

Su Da's expression changed when she heard that the Great Elder was dead and that many powerful demonic beasts had appeared.

“Princess, ever since you left, there has been no news of the clan leader.”

“After that group of demon beasts came, they didn’t know what was going on, but the Great Elder was killed by them.”

“Later, they occupied this place and many of the sisters in the clan were also violated by them.”

Seeing that Su Daji’s expression was getting worse, Xiao Changtian knew that something had happened to her family.

He quickly walked over and said to Su Daji with concern,

“Daji, did something happen at home?”

“Yes, yes, some demon beasts came to our house.”

It was rare for Su Daji to see Xiao Changtian at home.

For a moment, he felt a little uncomfortable when such a thing happened at home.

It turned out that there was a ferocious beast in the house.

Daji’s family lived in the forest, so it was normal for there to be ferocious beasts.

He did not know if there were any casualties.

Thinking of this, Xiao Changtian said to Daji slowly,”

“Let’s not stand here anymore. Let’s go in and take a look.”

As soon as he finished speaking, Xiao Changtian walked in.

There were only a few women guarding Daji’s house, so there were probably very few men in the village.

After he arrived, he had to hurry in and see if there was anything he needed help with.

After Xiao Changtian went in, Di Tian and Su Daji looked at each other and followed him.

At this moment, in the Nine-tailed Fox Race, a man was also sitting on the throne of the Nine-tailed Demon Race.

He was also carrying two women from the Nine-Tailed Fox Race by his side, and his hands were moving around their bodies.

They were the first demonic beasts of the Divine Realm to arrive here. Their mission was to guard this place and wait for Qing Qiu and the others ‘orders.

Therefore, they were unaware of everything that was happening in the outside world..

Chapter 355= Just Slapping Bugs (1)

Nine-tail tribe

In front of the throne of the Nine-Tailed Fox Race, a demonic beast hurriedly walked in.

“Commander Wasp, there are a few humans outside. What should we do?”

“Humans?”

Wasp, who was sitting on the throne, frowned when he heard the report.

In the deployment of the Nine-Tailed Fox Clan, the Wasps maintained their original appearance outside.

His place should not be discovered by those people from the Divine Realm.

After all, Qing Qiu had told them before that their movements in the lower realm might be noticed by some people in the Divine World.

“What cultivation level is this person?”

With this thought in mind, the wasp also said to the demonic beast guard.

“This subordinate took a look from a distance. There was no aura on his body.”

The demon beast guard below thought for a moment and slowly replied.

Upon hearing the Demonic Beast guard’s words, the wasp burst into laughter.

Without any aura, he was a mortal.

Since he was not from the Divine Realm, there was nothing to worry about.

What was there to be afraid of?

With this thought in mind, the wasp slowly said to the Demonic Beast guards below,

“It’s fine. Let him in.”

At the same time, the wasp continued to work on his hands.

“As long as you serve me well, perhaps I can bring you to the Divine World.”

At this moment, Xiao Changtian slowly walked to the throne of the Nine-Tailed Fox Clan.

When Xiao Changtian appeared, the Chaos Ant on his shoulder slowly crawled out.

He shook his body casually, and the pressure of the Chaos Ant spread out.

Under this pressure, the wasp on the throne did not have time to react.

He felt that he was being suppressed by his bloodline.

Their bodies involuntarily turned back into their original forms, and the demonic beasts below were in a similar situation as the wasps. They all turned back into their original forms.

Xiao Changtian heaved a sigh of relief when he arrived at the Nine-Tailed King.

He had thought that some ferocious beast had attacked the village. He did not expect it to be just some small insects.

In Xiao Changtian’s eyes, there were two girls standing beside the throne.

There was a bee buzzing in the middle of them.

It seemed that they were very afraid of the bee between them.

However, it was normal for girls to be afraid of insects.

The wasp was still dumbfounded. It felt that it had involuntarily transformed into its original form.

And this human in front of him was strange. Everything around him was strange.

He glanced at Xiao Changtian and made sure that he didn't have any aura.

Huang Feng ordered the Demonic Beast guards below.

"Little ones, kill this mortal for me."

He had directly transformed into his original form after this human appeared here.

Although he did not know the reason, as long as he killed this human, he would be able to kill him.

He would return to normal.

With uneasiness in his heart, the wasp led the group of demons and attacked Xiao Changtian.

In the eyes of the surrounding Nine-Tailed Fox clansmen, although they did not know why Wasp and the others had suddenly transformed into their true forms.

However, in their eyes, many powerful demonic beasts were rushing towards Xiao Changtian.

It was over. This human was going to die.

When Xiao Changtian first appeared, they thought that their savior had appeared.

He didn't expect it to be a mortal, and he was even attacked by Huang Feng and the others with their main bodies.

There was no way out at all. After all, the attack power of a demon beast in its original form would be doubled.

Thinking of this, some of the Nine-Tailed Fox clansmen could not help but close their eyes.

At this moment, a voice slowly sounded in their ears.

■Til kill you, you stinky bug.”

Hearing this voice, the Nine-Tailed Foxes could not help but open their eyes and look over.

A mosquito swatter appeared in Xiao Changtian's hand.

Under his waving, the Wasps and the others fell to the ground one by one.

That was a divine artifact, a divine artifact!

He didn't expect a mortal to have a divine weapon.

Seeing Huang Feng and the others fall one by one, the Nine-Tailed Fox clansmen felt a sense of satisfaction.

No, these Nine-Tailed Fox clansmen seemed to have thought of something. How could a mortal be able to control a divine artifact?

It must be a powerful old monster. They were saved, they were saved.

The eyes of the Nine-Tailed Fox clan members were filled with hope as they looked at Xiao Changtian.

The wasps, who were constantly dodging the mosquito swat, watched as their subordinates fell one by one.

He was already afraid. This mortal in front of him was too strange. There was clearly no aura on his body, but the weapon in his hand was abnormally terrifying.

Every strike contained the power of the Great Dao.

It was not a divine weapon at all. It was an immortal weapon, or something even more powerful than an immortal weapon.

Xiao Changtian looked at the insects around him and was a little angry.

Sure enough, whether it was his previous life or the cultivation world, insects were everywhere.

Although they were small, they were very annoying and liked to buzz in your ears.

At this moment, Xiao Changtian also saw the wasps trying to escape. Seeing that the wasp was trying to escape, Xiao Changtian also slapped it. Xiao Changtian was very familiar with the habits of these insects.

As long as you didn't kill them in one go, they would fly to your side to disturb you.

When Xiao Changtian's palm hit it, Wasp felt the space around him freeze.

He could not move at all.

No!

The wasp roared in its heart. It didn't know what had happened at all and died without knowing why.

Xiao Changtian patted his own arm after he had dealt with Huang Feng and the others.

Then, he saw the surrounding Nine-Tailed Fox clansmen looking at him as if they were looking at a god.

"Thank you, Senior!"

A nine-tailed fox woman walked over and said to Xiao Changtian.

Then, he knelt down in front of Xiao Changtian.

Seeing them like this, Xiao Changtian hurriedly stopped her.

"It's just a few bugs. I can casually deal with them. Don't mind them.

Xiao Changtian's voice slowly sounded in the ears of the Nine-Tailed Fox clansmen.

After the Nine-Tailed Fox Clan heard this, they looked at Xiao Changtian with even more respect.

It seemed that Senior didn't put those insects in his eyes at all. He had treated him as a mortal previously. He was really blind. Xiao Changtian felt a little embarrassed when he saw their eyes filled with reverence.

At this moment, Su Daji and the others also walked in slowly.

When they saw Su Daji, the Nine-Tailed Foxes were stunned for a moment before they said to Su Daji,”

Princess, you’re finally back.”

When Su Daji saw them, she quickly walked over and greeted them..

Chapter 356: News of Daji’s Father (1)

Nine-tail tribe

Princess, you’re finally back.”

A group of Nine-Tailed Fox clansmen surrounded Su Daji and said slowly to her.

Su Daji, who was surrounded by them, also asked them,”

“Where are the others? Who is in charge of the clan now?”

Back then, Daji left the Nine-tail tribe because her father’s whereabouts were unknown and the tribe was managed by the Great Elder.

Although she knew that the Great Elder had died outside the door, Su Daji was still very concerned about who was in charge of the clan.

“We’re the only ones left in the clan now. The others have been tortured to death by those people.”

A Nine-Tailed Fox woman touched the tears at the corner of her eyes and replied with a sobbing voice.

At this moment, a white-haired nine-tailed fox elder walked over with a walking stick.

“Daji, this senior is...”

The Nine-Tailed Fox Elder pointed at Xiao Changtian as he spoke.

Seeing the Nine-Tailed Fox Elder asking about Xiao Changtian, Su Daji slowly responded to him.

“Ninth Elder, this is Daji’s master. It was master’s idea for her to return.”

When the ninth elder heard Su Daji’s words, a smile appeared on her face. “Good! Good! Alright!”

The ninth elder said slowly. Apparently, he was very satisfied with the relationship between Su Daji and Xiao Changtian.

Xiao Changtian’s strength had already conquered the Nine-Tailed Fox Race.

He had thought that it would be enough for Daji to be a maid by his side.

He didn’t expect her to be this senior’s disciple.

This was the hope that the heavens had given the Nine-Tailed Fox Race to rise again.

The Nine-tail clan was blessed by the heavens!

Patriarch Nine thought so and walked up to Xiao Changtian. He said respectfully,”

“Senior’s kindness to the Nine-Tailed Fox clan is as heavy as a mountain. This old man invites Senior to take charge of the Nine-Tailed Fox clan.”

As he spoke, the ninth elder bowed to Xiao Changtian.

Although Xiao Changtian was a human, the Nine-Tailed Fox Clan had suffered a great loss after the invasion of the Wasps.

If there were no experts guarding the city, they would not be able to deal with those enemies who came looking for them in a while.

At this moment, Xiao Changtian was packing his mosquito swatter.

Hearing the ninth elder’s words, he immediately stood up from the ground.

Xiao Changtian scratched the back of his head after straightening the Ninth Elder’s body.

“This old senior, you praise me too much. I’m just a mortal. I don’t have much ability.”

Hearing Xiao Changtian’s words, the Ninth Elder’s eyes dimmed.

Although Xiao Changtian didn’t have any aura, he was no different from a mortal.

However, with the strength he had just displayed, he was simply an old monster with a profound cultivation.

Saying that he was a mortal was rejecting his request.

At this moment, Daji walked over from the side.

“Ninth Elder, Master, what are you talking about?”

When the ninth elder saw Daji coming over, a glimmer of hope was ignited in her eyes.

He pulled Daji to the side and said slowly to Daji,

“Daji, how’s your relationship with Shizun? Go talk to your Shizun and see if he can stay here and take charge.”

” You also know the current situation in the clan. If not...”

At this point, the ninth elder sighed.

When Su Daji heard the Ninth Elder’s words, she was also a little shocked.

Ever since she had been in the Nine-Tailed Fox clan, this was the first time she had heard that the clan wanted to invite an outsider to take charge.

“Ninth Elder, I’m afraid Master won’t be coming to take charge. Master and the others are currently tempering their hearts in the mortal world and playing around.”

“If he didn’t come back with Daji this time, I’m afraid he wouldn’t be interested in these things in the cultivation world.”

After all, he was from the tribe that she grew up in. Daji also hoped that he could get better.

When the ninth elder heard Su Daji’s words, he sighed again.

At this moment, Xiao Changtian also walked over.

“Daji, where are your parents? Aren’t they in charge of your village?”

After the ninth elder had asked him to take charge, Xiao Changtian had also started to plan for their tribe.

When he was at the door, he heard those girls calling Daji princess.

Daji’s father had always been the person in charge here.

Did something happen to Daji’s father?

After hearing Xiao Changtian’s words, Patriarch Nine sighed.

“Senior, the patriarch hasn’t appeared for a long time.”

He hadn’t appeared for a long time?

Missing? No wonder he wanted to find a master.

In the mountains, the road conditions were complicated, and it was normal to get lost sometimes.

Thinking of this, Xiao Changtian said to Patriarch Nine,”

“How about this? I can be your temporary manager. After I help you find the patriarch, I’ll leave.”

Hearing Xiao Changtian’s words, the Ninth Elder’s dim eyes lit up again.

“Good, good. Thank you, Senior.”

As the Ninth Elder spoke, he would have knelt down in front of Xiao Changtian if he hadn't been supported by Xiao Changtian.

When Daji heard Xiao Changtian's words, her eyes were filled with gratitude.

His master doted on him so much and was willing to solve problems for his clan.

Xiao Changtian felt Su Daji's gaze and smiled at him.

Although he was a mortal, his disciple's village seemed to be quite poor.

If he did not care about anything, his disciple would probably not be at ease.

As for finding people in the mountains, although he was not very good at finding people, he was not very good at it.

However, he had the animals given by the system. Those animals had very sensitive noses.

Then, Xiao Changtian waved his hand at Monkey.

Monkey walked over eagerly.

Stroking the monkey's head, Xiao Changtian said slowly,"

"Monkey, Daji's father is missing."

After saying that, Monkey scratched his neck.

"Squeak squeak squeak!"

After calling out a few times, Monkey's figure flashed and walked into the Nine-tailed Fox tribe.

As long as he completed the mission that his master had given him, his master would bring him along when he went out in the future.

After Monkey left, Xiao Changtian said to Daji slowly,"

"Don't worry. With Monkey's ability, he'll find it very quickly."

Daji knew Monkey's identity, so she nodded at Xiao Changtian.

Then, he called Xiao Changtian to introduce him to his clan.

When Patriarch Nine saw that Xiao Changtian didn't search for it himself but sent a monkey to search for it.

He was also a little worried as his eyes swept across the monkey.

Then, a golden divine monkey phantom appeared in the ninth elder's mind.

"Don't worry. Just leave your patriarch's to me. You guys serve your master well."

After Monkey finished speaking, the ninth elder's body trembled and he returned to reality.

The majestic and unquestionable voice of the monkey echoed in his mind, as well as the huge phantom of the divine monkey.

The ninth elder looked in the direction where the monkey had left, his eyes filled with excitement.

What did he just see? It was a divine beast like the divine monkey.

If something happened to a divine beast like the divine monkey, the clan leader would probably return sooner or later.

Thinking that Xiao Changtian was actually the monkey's master, Patriarch Nine's body trembled.

He quickly followed the direction Xiao Changtian had just left.

As long as he served Xiao Changtian well, the future of the Nine-Tailed Fox clan would not lie on the Tian Yuan Continent..

Chapter 357: I'll Take You to Hoe the Land (1)

Nine-tail tribe

Xiao Changtian was strolling around the Nine-Tailed Fox tribe, and Su Daji and Elder Nine were standing beside him.

Accompanied by them, Xiao Changtian had almost toured the Nine-Tailed Fox Clan.

Xiao Changtian sat down at the stone table and sighed.

His disciple's village couldn't be said to be poor. It was simply a destitute household.

The house was made of straw, and the tables and chairs were made of stone.

The standard of living was simply stuck in the primitive era.

While Xiao Changtian was sighing, Su Daji also picked up the water bottle on the table.

He poured a cup of water into it and slowly handed it to Xiao Changtian.

“Master.”

Xiao Changtian looked over and took a sip from the cup.

He was also thinking about how he could help Daji’s village build.

After that, Xiao Changtian waved his hand at Di Tian who was standing at the side.

“Di Tian, take my bamboo basket.”

When Di Tian heard Xiao Changtian’s words, he responded and helped Xiao Changtian to retrieve the bamboo basket from the ground.

Seeing Di Tian panting, Xiao Changtian was also somewhat speechless.

Di Tian was a beginner cultivator after all. It was fine if he was panting when he held the bamboo basket.

Now, in front of outsiders, he didn’t know how to behave. Wasn’t he making a fool of himself?

Di Tian also smiled at Xiao Changtian when he saw Xiao Changtian glancing at him.

He also knew why Xiao Changtian was looking at him, but this bamboo basket was filled with your divine weapons.

Even the bamboo basket itself was a rare divine artifact.

Even if I used all my strength, I could barely move it. Isn't it normal for me to be out of breath?

At this moment, Xiao Yan slowly took out a few hoes from his bamboo basket.

He had brought it out from the courtyard. He had originally brought it here to deal with wild beasts or something.

Now, it was time to help Daji's village hoe the fields and plant vegetables.

This way, they would have a way to make a living in the mountains.

After all, along the way, there was only less than one mu of land in Daji Village used to grow vegetables.

Moreover, those vegetable fields didn't seem to have been properly tidied up.

Naturally, those vegetables didn't look good either.

After taking out the hoe, Xiao Changtian slowly said to Patriarch Nine,"

"Ninth Elder, you guys take these hoes. We see that the village is quite big. Cultivate more land to grow vegetables. That way, everyone can eat more." Patriarch Nine looked at the hoe Xiao Changtian handed over and was very excited.

He slowly took a hoe from Xiao Changtian and stroked it.

This was a divine artifact, a divine artifact.

The ninth elder touched the hoe in his hand, his hands trembling.

If this divine artifact was placed in other tribes, it would probably be able to be used as a clan's divine artifact.

Moreover, it was the kind that had been passed down from generation to generation. He did not expect Senior to casually give it to him.

Xiao Changtian saw the excitement on Elder Nine's face and confirmed his previous thoughts.

As expected, they did not have good tools to hoe the land properly. Otherwise, why would they be so excited when they saw a hoe?

Then, Patriarch Nine bowed to Xiao Changtian.

"On behalf of the Nine-tail clan, this old man thanks senior."

Xiao Changtian quickly stood up to support the Ninth Elder.

It seemed that this hoe was of great significance to him. How touched was this old man?

At this moment, Su Daji glared at the Ninth Elder.

Being glared at by Daji, the ninth elder quickly reacted.

Daji had just told him that Senior was cultivating her heart in the mortal world and did not like the etiquette of these immortal cultivators.

He had forgotten about it when he turned his head. If Senior was unhappy, wouldn't he be in big trouble?

At this moment, the ninth elder also waved to the side.

Then, a few young men from the Nine-Tailed Fox Race walked over.

“You guys, take these gods... Take the hoe.”

These young men were the young seeds of the Nine-Tailed Fox clan, so it was reasonable to give them to them.

Hearing the Ninth Elder, the faces of the few Nine-Tailed Fox youths lit up.

They could also tell that these hoes were extraordinary.

If he could obtain them, he would be able to contribute more strength to the Nine-Tailed Fox clan in resisting the foreign enemies in the future.

After the young man walked over, he was about to pick up the hoe on the ground.

They felt that the hoes on the ground were extremely heavy, and it took them a lot of effort to pick them up.

Xiao Changtian was speechless.

It seemed that the people in this village did not usually eat much. Even holding a hoe was so laborious.

Indeed, Yin should tidy up the vegetable field and eat more in the future.

With this thought in mind, Xiao Changtian picked up a hoe and brought Patriarch Nine and the others over.

Hoeing was also a skill, and his hoeing method had been specially trained by the system.

It could probably bring them a lot of help.

When Xiao Changtian brought the Ninth elder and the rest away, Di Tian also had a look of envy in his eyes as he stared at the Nine-tail tribe.

To be able to obtain Senior's help, the Nine-tail clan was probably going to take off.

On the other side, after leaving Xiao Changtian, the monkey began to stroll around the Nine-tail tribe.

"Where is Daji's father?"

Monkey scratched his neck and said slowly,

Then, Monkey plucked a strand of monkey fur from his body.

After blowing on it, it transformed into countless identical monkeys.

"Little ones, hurry up and get busy."

After the divine monkey gave the order, the little monkeys also scattered in all directions.

At this moment, Monkey looked up into the sky. Following that, a furious voice entered his ears.

"Monkey, you're ruining my plans. Take this."

Then, a green light flew down from the sky and attacked Monkey.

“Old turtle, what’s wrong with you? If you want to fight, just say it.”

Monkey was also very angry when he saw Black Tortoise attack him without saying a word.

Then, his figure flashed and he appeared in the air. A rod appeared in his hand and he struck at the Black Tortoise.

When Monkey launched his attack, Black Tortoise also jumped out from the fat Rongrong’s head.

The huge Black Tortoise appeared in the air, and the seawater around it flowed backward.

A green screen of light formed in front of Black Tortoise, blocking Monkey’s staff.

“Monkey, you stole my beauty. How should I settle this score?”

Monkey was stunned when he heard Black Tortoise’s words. Then, he pointed the long rod in his hand at Black Tortoise.

“Old turtle, I’m not like you. My mind is full of women all day long.”

“Aiyo, you’re still being reasonable?”

The Black Tortoise became even angrier when it heard Monkey’s words.

In mid-air, the two of them began to fight..

Chapter 358: Nine-Tail Ancestral Land (1)

Nine-tail tribe

After Xiao Changtian brought the Ninth Elder and the others to the vegetable field, he took the lead and started to work in the field.

Walking to a field, Xiao Changtian started to fiddle with the hoe in his hand.

" Ninth Elder, you have to do this. First, you have to turn over the soil..."

Xiao Changtian followed the method taught by the system and demonstrated it to the ninth elder and the others.

The ninth elder and the others were also mesmerized by the scene.

In their eyes, Xiao Changtian's every move was natural.

In Di Tian's eyes, every time Xiao Changtian used his hoe, there would be a trace of the dao.

Everyone understood that Xiao Changtian was preaching to them.

The Nine-Tailed Fox Race youths took out a small notebook and recorded Xiao Changtian's words.

Although they didn't understand what Xiao Changtian meant.

But who cares what it is, just remember it.

Looking at the Ninth Elder's appearance, these were definitely the great principles of cultivation.

After Xiao Changtian's demonstration, the ground became sparkling and translucent.

Even the spirit herbs that were originally planted on it became a little taller. The spiritual energy on the entire vegetable field became even denser. Sensing the changes in the surroundings, Patriarch Nine looked at Xiao Changtian as if he was looking at a god.

If he hadn't seen Xiao Changtian's methods with his own eyes today, he would definitely think that it was a fantasy.

This was the first time he had seen someone use a hoe to change the quality of a piece of land and even spiritual herbs.

Xiao Changtian's voice was heard.

"Ninth Elder, do as I say."

Xiao Changtian placed the hoe in his hand on the ground and looked at the ninth elder.

Hearing Xiao Changtian's words, Elder Jiu also woke up from his shock.

Then, he led the Nine-Tailed Fox Race youths to hoe the ground according to the method Xiao Changtian had taught them.

Xiao Changtian smiled when he saw the Ninth Elder and the others.

Meanwhile, on the other side, Monkey and Black Tortoise were fighting in midair.

The fat Rongrong hugged her head, shivering, not daring to speak.

In the air, Monkey's body was shining with golden light, while the Black

Tortoise was surrounded by countless seawater.

The two sides confronted each other like this.

At this moment, Monkey's expression changed. Then, he said to Black Tortoise,

"Old turtle, I won't play with you today. I have a mission for my master to complete."

After saying that, Monkey turned into a stream of light and flew down without waiting for Black Tortoise's reaction.

After fighting with Monkey, the anger in Black Tortoise's heart eased a lot.

Looking at the monkey flying downwards, he also turned to the fat Rongrong and slowly said:

"Fatty, let's go and see if that monkey is afraid of fighting."

After the fat Rongrong heard Black Tortoise's words, she also immediately walked over.

After the Black Tortoise sat on his head, it turned into a stream of light and flew towards Monkey.

In the Nine-tail Tribe, the monkey landed in front of a valley.

A pair of monkey eyes emitted a golden light. It was as if his eyes could see through layers of fog and swept across the situation in the valley.

Monkey scanned the valley and saw a figure in the middle of the valley.

Sensing the aura on his body, Monkey said happily.

“Found it.”

As soon as he finished speaking, Monkey’s figure flashed again and disappeared from where he was.

After the monkey left, Black Tortoise and the fat Rongrong also appeared outside the valley.

Sensing the disappearance of Monkey’s aura, Black Tortoise gritted its teeth.

“That monkey went to find Master. It seems that it can’t defeat me and went to find Master for protection.”

As he spoke, Black Tortoise also flew in the direction where Monkey had left.

After Xiao Changtian taught Patriarch Nine and the others how to hoe, he slowly walked back.

At this moment, Monkey’s figure slowly appeared beside Xiao Changtian’s feet. “Squeak squeak squeak!”

The monkey squeaked beside Xiao Changtian while pointing in the direction of the valley.

Xiao Changtian saw Monkey return and pointed in the direction of his finger.

He was delighted and said slowly to Daji and Ninth Elder,

“It seems that your father has been found.”

Hearing that her father had been found, Daji’s eyes were filled with joy.

All along, Daji had been looking for her father, and today, with Xiao Changtian's help, she finally found him.

The ninth elder was also very happy. Daji's father was also the leader of the nine-tailed fox.

If they could return, it would be a great blessing for the Nine-tail clan, whose vitality had been greatly injured.

Before this, they had thought that Daji's father had died.

And at this time, the Black Tortoise and the fat Rongrong's figure also slowly walked over.

Seeing Black Tortoise and the fat Rongrong, Xiao Changtian was also angry. These two guys had disappeared after he left the cave.

Definitely this dirty old ghost took Rongrong to fool around again.

Thinking so in his heart, Xiao Changtian also walked over to Black Tortoise and the fat Rongrong and slowly said:

"I'll settle the score with you when we get back."

Just arriving here, hearing Xiao Chang Tian's vicious words, Black Tortoise and the fat Rongrong both shivered.

"Boss, will master lock us up when he returns?"

Below Black Tortoise, the fat Rongrong said worriedly.

“Yes... As long as we don’t run around, it shouldn’t be.”

Black Tortoise hesitated for a moment before replying.

While Black Tortoise and the fat Rongrong were talking, Monkey also brought

Xiao Changtian and Su Daji to the front of the valley.

Xiao Changtian was about to lead them into the valley when they arrived.

The ninth elder walked in front of him and slowly said to him,”

“Senior, this is the ancestral land of our clan. Our ancestors have ordered that unless it is a critical moment, our clan is not allowed to enter.”

When he arrived, the ninth elder was also a little surprised.

They had searched everywhere they could, but the ancestral land had the teachings of their ancestors.

They would not have thought that the Patriarch would run here and enter. In addition, it was the First Elder who was in charge at that time, so they did not go in to search.

Xiao Changtian was also stunned after hearing the Ninth Elder’s words.

Then, he understood that the ancestral land was not allowed to enter. These were the beliefs of their village.

It was normal for a village to have some faith.

However, he was not from their village. It should be fine if he went in.

After all, Daji's father was inside. Daji and the others could not give up their clan leader for their own beliefs.

With this thought in mind, Xiao Changtian said to the ninth elder,"

"It's fine. If it's not convenient for you, I can go in on your behalf."

After all, it was better to ask for his opinion.

After hearing Xiao Changtian's words, Patriarch Nine hesitated for a moment and didn't respond.

After hearing Xiao Changtian's words, Daji slowly said to Xiao Changtian," "Master, I'll go in with you.."

Chapter 359: Flower of Time and Space (1)

7

In front of the Nine-tailed Ancestral Land

The ninth elder heard that Su Daji was going to enter the ancestral land with Xiao Changtian.

She was stunned and said to Su Daji,

"Daji, are you sure you want to..."

Before the ninth elder finished speaking, he saw Su Daji shake her head at him. "Ninth Elder, I know what you're worried about. It's okay. With Master around, there won't be any problems."

When the ninth elder heard Su Daji's words, she did not think too much and agreed.

Although the ancestors had instructed that the Nine-Tailed Fox clansmen were not allowed to enter the ancestral land unless it was a moment of life and death.

Otherwise, there would be a huge disaster. However, they had seen Xiao Changtian's strength before.

With senior's supernatural power, Daji should have no problem following him. Xiao Changtian saw that Patriarch Nine didn't say anything, so he brought Su Daji into the ancestral land.

Monkey, Black Tortoise, Di Tian and the fat Rongrong followed closely behind. After Xiao Changtian and the rest entered, the ninth elder said to the Nine-Tailed Fox youth,"

"You guys stay here and wait for us to bring the clan leader out."

After saying that, the ninth elder hurriedly followed.

Upon entering the ancestral land of the Nine-Tailed Fox clan, an extremely ancient aura greeted them.

The valley was silent. There was no sound at all.

The Demon Empress and the Ice Empress followed behind the crowd. They looked at the mountains on both sides with vigilance in their eyes.

This valley was unusual. It was quiet, too quiet!

"Daji, how much do you know about your clan's ancestral land?"

Along the way, Di Tian also felt that this valley was unusual.

“I know very little about the ancestral land. It has existed since I can remember.”

“I only remember one time during the clan’s sacrificial ceremony, Father and the Great Elder said that the gods had appeared.”

“After that, the ancestral land began to have a ban. You can’t enter the ancestral land unless it’s absolutely necessary.”

Su Daji also looked curiously at the cliffs on both sides. It was also her first time in the ancestral land.

Exalted Goddess?

When Di Tian heard Su Daji’s words, he placed both his hands under his chin and put on a pensive look.

Xiao Changtian just nodded and didn’t say anything.

Worship and gods were all very normal in the tribe. There was nothing strange about it.

Along the way, Xiao Changtian and the others arrived at the foot of a mountain under the lead of Monkey.

On the way to the mountain peak, there were purple flowers growing on both sides of the road.

Seeing the purple flower, the monkey stopped and pointed in the direction of the mountain.

“Daji, it seems like your father is on the mountain.”

Xiao Changtian said to Su Daji and brought Monkey up the mountain.

At this moment, the Ice Emperor and the Demon Emperor were shocked when they saw the purple flowers.

After arriving at Di Tian's side, the Ice Emperor pointed at the violet flower in front of him. She took the lead and spoke to Di Tian,

"Master, this is the Flower of Time and Space. Do you think Old Mei is here?" Hearing the Ice Empress mention the Old Charm, both Di Tian and the Demon Empress had a nostalgic look on their faces.

"Mei Empress?"

Di Tian mumbled.

The Time and Space Flower in front of them was the exclusive symbol of the Mei Empress.

When he was in the Divine Court, the Space Teleportation Formations connecting the Divine Court to the other realms were all controlled by the Mei Empress.

It was because he was the owner of the Time and Space Flower.

The Spacetime Flower was one of the treasures in the Divine Realm that was most sensitive to spatial energy.

The Mei Empress used it to become one of the ten great generals in the Divine Court.

Looking at the flowers of time and space before them, Di Tian and the others felt as though they had found a clue to the Mei Empress.

As for Di Tian and the Ice Emperor, while the Demon Emperor was still speculating, Xiao Changtian had already brought Monkey and the others up the mountain.

“Let’s go. We’ll know once we follow Senior up. Perhaps this is one of the reasons why Senior brought us here.”

Di Tian stared at Xiao Changtian’s back as he spoke to the Ice Emperor and the Devil Emperor beside him.

When they reached the peak, the purple flowers on both sides emitted a silver-white light.

” That’s a Space Blade.”

The Ice Emperor looked at the light emitted by the Flower of Time and Space on both sides of the mountain and said.

The Space Blade was one of the Time and Space Flower’s attacks.

The Mei Empress had killed countless enemies with this move.

When the Spacetime Flower emitted a silvery-white light, the two of them were stunned.

The ninth elder, who was on the mountain road, also turned around and felt a chill, as if he was being stared at.

Then, he saw the Time and Space Flowers that were emitting silver-white light on both sides of the mountain. A trace of fear appeared in his eyes.

He could smell death in the silver light.

At this moment, Patriarch Nine couldn’t help but say to Xiao Changtian.

“Senior!”

“Yes, what’s wrong? Is there a problem with the flowers?”

Xiao Changtian was walking at the front of the group. When he heard the Ninth Elder calling him, he also turned his head to look.

Seeing the ninth elder pointing at the flowers by the roadside, Xiao Changtian looked over and didn’t see any ferocious beasts.

Patriarch Nine looked at the Flower of Time and Space again.

The silver-white light on it had disappeared, and it looked no different from an ordinary flower.

“This... No, I haven’t.”

Patriarch Nine smiled at Xiao Changtian when he saw the flower return to normal.

“Ninth Elder, with Master around, nothing will happen.”

Su Daji had also felt the Flower of Time and Space’s peculiarity, but Xiao Changtian was fine.

When the ninth elder heard Su Daji’s words, she looked a little embarrassed and smiled at her.

He had not adapted to it yet.

Xiao Changtian also glanced at him after hearing that the Ninth Elder was fine. Then, he continued walking forward. This was understandable.

After all, it was his ancestral land. It was very common for him to be a little abnormal when he entered.

At this moment, the Chaos Ant on Xiao Changtian's shoulder also lowered its feelers.

When the Flower of Time and Space had mutated, it was the Chaos Ants that had sealed the entire space.

The surrounding Spacetime Flowers couldn't control the power of space at all.

Di Tian, the Ice Emperor, and the Demon Emperor followed behind Xiao Changtian. When they sensed that this space was sealed, they knew that the Chaos Ants had acted.

He quickly gave the Chaos Ant on Xiao Changtian's shoulder a grateful look.

After all, even though they had some understanding of the Mei Empress, the power of space was one of the strangest powers.

Even for them, it was very troublesome to deal with.

Along the way, almost all the Time and Space Flowers were suppressed by the Chaos Ants.

After walking for a while, they arrived at a cave.

Seeing this cave, Xiao Changtian said to Su Daji and the others.

"Let's go in and take a look."

When a person went missing in the forest, they had to find a place to temporarily live.

These caves were their best choice.

Perhaps Daji's father was inside..

Chapter 360: Rescue One by One

Nine-tail ancestral land, within a cave.

Xiao Changtian entered the cave and found that there were even more purple flowers.

It seemed that Daji's village loved these purple flowers very much.

As for the Ninth Elder and Di Tian, their expressions grew even more vigilant when they saw more and more Spacetime Flowers.

Immediately after, a series of tinkling sounds came from inside the cave.

Hearing this voice, everyone was delighted.

Could it be his father?

Su Daji walked over with excitement.

When Xiao Changtian and the others arrived, he saw an old man chasing a butterfly in the cave.

And the tinkling sound was made by him hitting the mountain wall.

Upon seeing this old man, Di Tian, the Ice Emperor and the others exchanged glances.

He knew that the old man was trapped in the space formed by the Flower of Time and Space.

It seems like I've been chasing butterflies for more than a day or two.

After all, the Flower of Time and Space would confine you in a space at the beginning.

As time passed, the fragrance of the flowers would damage one's mental strength and turn one into an idiot.

"Third Uncle!"

Daji said excitedly after seeing the voice.

The figure in front of him was an elder of Nine-Tailed Fox who had disappeared with his father.

"Third Bro!"

When the ninth elder saw this figure, he hurriedly walked over and wanted to talk to him.

However, before he could take two steps, he felt an invisible wall blocking in front of him.

It seemed that Third Brother was trapped in a space. No wonder he could not find him before.

After finding him, it seemed like there was some clue about the whereabouts of the clan leader.

Xiao Changtian said excitedly when he saw the ninth elder, then stopped after taking a few steps.

Instead, he looked at himself and was a little speechless.

Could it be that this old man felt embarrassed to meet an old friend again? He even wanted to go over and help.

Xiao Changtian couldn't understand what was going on in this old man's mind. However, since he had helped them, he would be a good person to the end. Then, he walked to Patriarch Nine's side. When Xiao Changtian arrived, the antennae of the Chaos Ant on his shoulder moved.

The space wall in front of him automatically dissipated.

At this moment, the Third Elder, who was trapped in the space, also saw the Ninth Elder and the others.

"Ninth Brother."

Just as he broke free from the space, the third elder said weakly and his body fell back.

Wow!

Xiao Changtian hurriedly walked over to support the Third Elder when he saw his figure falling backwards.

Wasn't this old man chasing butterflies with full energy just now? Why did he fall just like that?

Xiao Changtian placed his hand on the old man's wrist and checked it. After that, he sighed in his heart.

Fortunately, he was fine. It seemed that he had fainted from hunger after staying in this cave for too long.

While Xiao Changtian was checking on Third Elder's injuries, Su Daji and the others were also looking at him nervously.

Seeing Xiao Changtian put down his arm, the ninth elder hurriedly asked.

“Senior, how is Third Bro?”

The Ninth Elder was also very nervous now that he had collapsed as soon as he found the person.

“It’s nothing. I’ll be fine after eating something.”

Xiao Changtian took out a small black pill from his interspatial ring.

In the courtyard, Xiao Changtian had nothing better to do, so he made the pills according to the method of making the grain pills in his previous life.

It was a necessary item to satisfy one’s hunger when traveling.

After putting the self-made Soldier Grain Pill into Third Elder’s mouth, Xiao Changtian said to Daji and the others,”

“It’s okay. She’ll wake up soon.”

Not long after he spoke, the Third Elder slowly opened his eyes.

Looking at the crowd around him, Elder Three said weakly,”

“Princess, it’s great that Ninth Brother can still see you.”

Seeing that Third Elder had woken up, Ninth Elder held her hand and looked at Xiao Changtian.

“It was this senior who saved you. Third brother, hurry up and tell me what happened back then. Where did the patriarch go?”

“Patriarch...The chief seemed to have gone up the mountain. I don’t remember much else.”

“Back then, the priest received instructions from the Highgod. After discussing with the chief elder, he asked the chief to bring us to the ancestral land.”

“After we came in, we saw those purple flowers, and then...Ah!”

The Third Elder held his head and tried hard to recall. His expression also looked a little painful.

“Third Uncle, don’t think about it. You should rest first.”

Su Daji said to Third Elder when she saw him.

After all, with Xiao Changtian here, it was only a matter of time before his father was found.

Then, Su Daji also looked at Ninth Elder.

“Ninth Elder, you stay and take care of Third Elder. Master and I will continue to look for father.”

Elder Nine nodded when she heard Su Daji’s words.

Then, he slowly said to Xiao Changtian,”

“Senior, I’ll have to trouble you to go through with it.”

At this moment, Patriarch Nine looked at Xiao Changtian with gratitude.

In his opinion, Xiao Changtian must have taken out a priceless elixir to save the Third Elder.

Xiao Changtian slowly responded after hearing the Ninth Elder's words.

"Yes, he just recovered and needs to rest. Take good care of him."

After that, Xiao Changtian brought Su Daji and the rest up the stairs.

Along the way, Xiao Changtian and the rest rescued a few elders of the Nine-Tailed Fox clan.

After they woke up, according to their memories, the reason why they couldn't get out of the ancestral land was because of those purple flowers.

This also made him very curious.

Xiao Changtian had also heard that cultivators liked to search for elixirs in the deep mountains and forests.

Some spirit herbs could even rely on the fragrance of flowers or liquid on their bodies to protect themselves from being picked by immortal cultivators.

There must be a reason why Daji's village chose this place as their village. Perhaps those purple flowers were really some kind of spiritual medicine.

If he were to bring it back and sell it, wouldn't he be making a profit?

With that thought in mind, Xiao Changtian walked over and picked a few purple flowers.

Looking at the purple flower in his hand, Xiao Changtian felt the changes in his body.

At this moment, a nine-tailed fox elder saw Xiao Changtian picking those purple flowers.

She also slowly said to him,

“Senior, those flowers...”

“Ah, what’s wrong with these flowers?”

Xiao Changtian heard the words of the Nine-Tailed Fox elder and turned his head.

Seeing that the flowers were useless in Xiao Changtian’s hands, the Nine-Tailed Fox elders waved their hands.

“No, it’s nothing.”

Because they had been trapped by these purple flowers for so long, they felt a little traumatized.

Xiao Changtian had saved them, so they wanted to remind him.

However, since Xiao Changtian could save them, it meant that he was not afraid of these flowers.

Xiao Changtian glanced at the elders and threw the flowers on the ground.

He had thought that it was some kind of awesome flower, but he did not expect it to be no different from the flowers and plants in his courtyard.

It was not a spirit herb at all.

The elders were also dumbfounded when they saw Xiao Changtian throwing those purple flowers around.

“Didn’t we just say nonsense? Senior is really fierce.”

A Nine-Tailed Fox elder said with some embarrassment.

“Hahaha, Daji has such a master. Our Nine-tail clan will be happy.”

A nine-tailed fox elder laughed and said.

“Daji, your father should be up there. Let’s hurry over.”

“I’ll have to trouble the Demon Empress to stay behind and take care of your uncles.”

Xiao Changtian said to Daji slowly after he realized that the Flower of Time and Space was useless..
