Chapter 441: There Is No Need for the Ye Tian Clan to Exist

Great Desolate Immortal Continent, Imperial Beast Sect's main hall

Sean stood up from his seat and slowly walked to the center of the hall.

At this moment, in the main hall, the elders of the School of Imperial Beasts were whispering to each other.

"Senior captured him. It seems this Ye Tian really doesn't know life and death."

"You dare to provoke Senior after escaping from the dungeon. You really deserve to die."

Hearing the whispers around him, Sean also said loudly in the hall,"

"This gathering is naturally related to Ye Tian."

"Great Elder, how's the investigation going?"

As soon as Xiao En finished speaking, an old man walked out from the side of the hall.

"Sect Master, all the information about Ye Tian's clan is here."

As he spoke, the First Elder of the School of Imperial Beasts also held a scroll in his hand.

"Alright, I've called everyone here today to officially announce that the School of Imperial Beasts has officially declared war on the Ye Tian Clan."

“Senior has given us the Imperial Beast Sect painting, and this is a great favor. Ye Tian’s clan has repeatedly provoked you, and this is unforgivable.”

“From now on, you will be the enemy of our Imperial Beast Sect.”

“Disciples of the Imperial Beast Sect, from today onwards, put down your duties. There is no need for the Heavenly Leaf Clan to exist.”

Xiao En’s strong voice echoed in the hall.

Hearing Xiao En’s words, the elders of the School of Imperial Beasts understood.

“Sect Master is right, that Ye Tian is no good. He actually dared to attack Senior.”

“Sect Master, let me be the vanguard for this mission.”

“What Ye Tian Clan? I’ve never even heard of them, yet they dare to provoke Senior. They really aren’t afraid of death. I’ll teach them how to write the word ‘death’.”

In the hall, the voices of the crusade against Ye Tian’s clan echoed.

Xiao En nodded in satisfaction when he heard the words of the Sect of Imperial Beasts’ elder.

When Yao One and Yao Two brought Ye Tian’s corpse to the Imperial Beast Sect’s entrance, Ye Tian’s body was already dead.

Sean panicked and thought about it for a while.

Senior had sent someone to bring Ye Tian’s corpse to him, so he definitely wanted an attitude from him.

Although Ye Tian's Clan was an unranked clan.

But when Ye Tian had offended Senior in the School of Imperial Beasts, he should have dealt with his clan.

After Sean came to his senses, he was very dissatisfied with how late he had become.

Then, Sean slowly said to the people in the hall,"

"Elders, after today, I don't want to hear the name of the Ye family."

"Everyone, hurry up and get it done."

Hearing Xiao En's words, the elders of the School of Imperial Beasts also bowed to him.

Then, they all walked out of the hall.

He called out to his disciples and disciples, bringing all kinds of spirit weapons and demon beast mounts.

From the School of Imperial Beasts, they were about to attack Ye Tian's clan.

That night, Ye Tian's clan was exterminated, with no survivors.

DivineWorld, Great Desolate Immortal Continent

A stream of light flashed in the air, and then a figure slowly appeared in the air, revealing the figure within.

“Boss, what if Master finds out that we snuck out?”

Below Black Tortoise, the fat Rongrong slowly said to him.

“It’s okay. Master is also here. We came out this time to help Master solve his problems.”

Black Tortoise’s gaze swept below, slowly saying to the fat Rongrong.

At this time, Black Tortoise also pointed to a direction below, slowly saying to the fat Rongrong:

“Fatty, I heard someone talking about the Heaven Suppressing Spoon. It seems that someone is trying to harm Master.”

“Our chance has come. As long as we help Master solve the problem, Master won’t blame us.”

“I also heard the voice of a beauty.”

When the fat Rongrong heard Black Tortoise’s words, her figure flashed, flying towards the direction of Black Tortoise’s finger.

This time, they came out of the courtyard because it was too boring.

Under Black Tortoise’s lead, the fat Rongrong naturally followed him here.

At the same time, in the Demon Spirit Sect’s small world,

A group of Demon Spirit Sect cultivators stood behind Yao Yaoling, and two figures stood opposite them.

It was none other than the avatar of the Divine Court Master and the Medicine Sovereign.

At this moment, the Medicine Sovereign was standing in front of Yao Yaoling. He slowly spoke to them,

“Yao Yao Ling, no matter what, our Divine Court and your Demon Spirit Sect used to be on the same continent.”

“It’s not too much to borrow your Heaven Suppressing Scoop.”

“Besides, I didn’t take it for free.”

When the Divine Court and the Demon Spirit Sect were dominating the Divinity, they were still on the same Immortal Continent.

Therefore, in a sense, the Demon Spirit Sect and the Divine Court were considered neighbors.

As he spoke, the Medicine Sovereign held a few jade bottles in his hands.

Waves of pill fragrance came out from the jade bottle. From the looks of it, the grade was not low.

Yaoyao Ling stood opposite the Medicine Sovereign and the avatar of the Divine Court Master. She slowly said,

“It’s not that I don’t want to lend it to you, but the Heaven Suppressing Scoop is no longer in our Demon Spirit Sect.”

Although Yaoyao Ling would never lend the Heaven Suppressing Spoon to Medicine Sovereign and the others.

However, Yaoyao was telling the truth. The Sky Suppression Scoop had indeed been taken away by Xiao Changtian and Chu Yiren.

When the clone of the master of the Divine Court heard Yaoyao Ling's words, he also reached out to hold his cloak.

After which, he walked in front of Yao Huang and slowly said to Yao Yaoling,

"Yao Yao Ling, let's not talk about all that nonsense. If you lend us the Heaven Suppressing Spoon, we'll use it as collateral."

"When we return the Heaven Suppressing Spoon, you can just give us the fragment."

When Yaoyao Ling saw the fragment in the hands of the clone of the master of the Divine Court, her expression was somewhat shocked.

She did not expect the clone of the master of the Divine Court to take out the fragment of the Divine Court Token as collateral.

Every fragment of the Divine Court Token contained the bloodline power and luck of the master of the Divine Court.

If he absorbed them, he could directly advance a mortal to the God Emperor Realm.

It could be said that this Divine Court Token fragment was one of the lifeblood of the Divine Court.

At this moment, the Medicine Emperor said to the clone of the Divine Court Master beside him,

"Master, this..."

"There's no need to say more."

When the avatar of the Divine Court Master saw that the Medicine Sovereign wanted to say something, he waved his hand.

Yaoyao Ling looked at the clone of the master of the Divine Court and the Medicine Sovereign before taking a deep breath.

“I’m really sorry, Heaven Suppressing Spoon...”

“I want to see which son of a b * tch dares to have designs on the Heaven Suppressing Spoon.”

Before Yaoyao Ling could finish speaking, a voice was transmitted down from the sky.

Then, everyone looked up.

They saw a giant panda with a turtle sitting on its head, slowly flying towards them.

Not long after, the fat Rongrong appeared in front of everyone with the Black Tortoise..

Chapter 442:1 Am the Weakest in Our Courtyard (1)

Small Space, Demon Spirit Sect

The avatar of the Divine Court Master and the Medicine Sovereign also looked at the Black Tortoise and the fat Rongrong who had suddenly appeared in front of them.

He also said to Yao Ling,

“Is this a demonic beast from your Demon Spirit Sect?”

Yaoyao Ling shook her head when she heard the Medicine Sovereign’s words. This was also the first time they saw Black Tortoise and the fat Rongrong, they had never seen them before.

However, how did they enter? Why couldn't they sense any movement at all?

Other than when Xiao Changtian and Chu Yiren entered, they didn't sense anything.

After all, Chu Yiren had written about their Lord Demon God, so it was normal that they didn't know about it.

When the others entered the Demon Spirit Sect, they could sense it.

And for Black Tortoise and the fat Rongrong to be able to enter without a sound, they were also very surprised.

The Medicine Sovereign saw Yaoyao Ling shake her head and slowly said to

Black Tortoise and the fat Rongrong,

"Where did these turtles and pandas come from? They're really courting death

by disturbing my lord's negotiations."

Hearing Medicine Emperor's words, the fat Rongrong beneath Black Tortoise's feet slowly raised her head and said to him,

"Boss, this old man called you a turtle and told you to go away." Black Tortoise heard the fat Rongrong's words and slowly stood up, looking at the Medicine Sovereign opposite him.

"Fatty, I heard everything."

Following which, the True Energy on the Black Tortoise's body surged as it charged towards the Medicine Sovereign.

Seeing Black Tortoise make a move, the fat Rongrong also tactfully waddled over to Yaoyao Ling's side.

"Beauty, Boss went to teach them a lesson for you." "They actually dared to ask you for the Heaven Suppressing Spoon. Boss will definitely beat them up until they piss their pants."

Yao Huang looked at the Black Tortoise that was charging towards him as his expression changed.

"This turtle still dares to take the initiative to attack. Master, leave it to me." After speaking to the avatar of the Divine Court Master beside him, the Medicine Sovereign flew out.

A faint green True Qi surged on his body, while flames rose from Yao Huang's hands.

"I don't know how many demonic beasts I've refined with this flame.

"Today, I'll let you have a taste of his taste."

As he spoke, the Yao Huang waved the flame in his hand at the Black Tortoise.

The flames attacked the Black Tortoise.

"Your flame is much weaker than that old hen."

At this moment, the Black Tortoise looked at the oncoming flames. The true essence on its body surged, and a huge Black Tortoise Dharma Idol appeared behind it.

At this moment, in everyone's field of vision, a huge Black Tortoise Dharma

Idol stood in the air.

The Black Tortoise and the scales were on the same level, and endless seawater flowed backward around them.

The Medicine Sovereign watched as his flames dissipated the moment they touched the Black Tortoise.

At this moment, the Medicine Sovereign saw his flames being easily dissolved and the Black Tortoise Dharma Idol in front of him.

He was already panicking in his heart.

“This is Black Tortoise?”

The Medicine Sovereign stared at the Black Tortoise in front of him, his words filled with disbelief.

At this moment, Black Tortoise’s voice was slowly transmitted into Yao

Huang’s ears.

“You just said that you want to refine me?”

The Black Tortoise’s voice sounded in the mind of the Medicine Sovereign. Next, the Medicine Sovereign’s body involuntarily knelt on the ground. The boundless seawater around the Black Tortoise rolled, and a huge water pillar formed beside it.

At the same time that the water pillar was formed, the avatar of the Divine Court Master slowly arrived beside the Medicine Sovereign.

Looking at Black Tortoise in front of him, the clone of the Master of the Divine Court also raised the fragment of the Divine Court Token in his hand high.

“Senior Black Tortoise, please calm down.”

At this moment, the voice of the clone of the master of the Divine Court was extremely respectful.

He had no intention of resisting the Black Tortoise.

The Black Tortoise, a divine beast, was an all-powerful existence even in ancient times.

With their strength, it was completely impossible for them to resist. Seeing the clone of the Lord of the Divine Court in front of him, the Black Tortoise's water pillar that was about to fly out paused.

"Take off your cloak."

When the clone of the Lord of the Divine Court heard Black Tortoise's words, he did not dare to be negligent and directly took off the cloak on his head.

Then, the face of the avatar of the Master of the Divine Court appeared in front of everyone.

When the Medicine Sovereign saw the avatar of the head of the Divine Court in this state, he slowly spoke,

"My Lord!"

"Stand there and don't speak."

Seeing that the Medicine Sovereign was about to rush over, the avatar of the head of the Divine Court shouted at him.

"Di Tian?"

The fat Rongrong was the first to speak when she saw the figure of the Lord of the Divine Court's clone.

“Not Di Tian, but Di Tian’s clone.”

At this moment, Black Tortoise’s voice also slowly entered the fat Rongrong’s ears.

When the clone of the master of the Divine Court heard Black Tortoise’s words, he was also stunned.

From the conversation between Black Tortoise and the fat Rongrong, they seemed to know where their main body was.

At this moment, the clone of the master of the Divine Court slowly walked up to the Black Tortoise.

“Senior Black Tortoise, you know where my main body is?” Although the Medicine Sovereign had just angered the Black Tortoise, the avatar of the Divine Court Master couldn’t help but ask after hearing the news of his main body.

Hearing the words of the clone of the Lord of the Divine Court, Black Tortoise glanced at him.

“Since you want to find the main body, why don’t you ask Master for help?” “I remember that Master is in the Great Desolate Immortal Continent. Hearing the Black Tortoise’s words, the avatar of the Lord of the Divine Court was shocked.

A divine beast like the Black Tortoise actually had a master.

He wondered what kind of person could subdue him.

However, Lord Black Tortoise had also pointed out a path for him.

With this thought in mind, the clone of the master of the Divine Court slowly said to the Black Tortoise,

“May I know where Senior’s master is now?”

When Black Tortoise heard the words of the clone of the Lord of the Divine Court, he said slowly to him,

“I just heard you say that you want to find the Heaven Suppressing Spoon?” “Yes, yes. The Heaven Suppressing Spoon can help our Divine Court quickly recover its former glory. Therefore, we have also come here to borrow it.” At this moment, the clone of the master of the Divine Court didn’t hide anything and told him everything.

Upon hearing the words of the Divine Court Master, Black Tortoise’s body also moved.

“My master wants that Heaven Suppressing Spoon.

Hearing Black Tortoise’s words, the clone of the master of the Divine Court trembled.

“Since Senior’s master wants it, I naturally won’t fight for it.

Looking at the avatar of the Lord of the Divine Court, the Black Tortoise slowly said to him,

“Alright, it just so happens that I’m also going to look for Master. You can follow me when the time comes.”

On the side, Yaoyao Ling overheard the conversation between Black Tortoise and the clone of the master of the Divine Court.

His body also trembled. The master that Senior Black Tortoise mentioned was probably the senior who followed the Demon God here.

At this time, Yaoyao Ling looked at the fat Rongrong beside her, her gaze slowly sweeping over.

If the turtle was the Black Tortoise, then this giant panda was not a divine beast, right?

And as if sensing Yaoyao Ling's gaze, the fat Rongrong also turned her head. He looked at Yaoyao Ling and slowly said to him,"

"Beauty, don't think too much. I'm the weakest in our courtyard.."

Chapter 443: Why Can't I Understand What This Senior Is

Saying (1)

Demon Spirit Sect, Small Space

Yaoyao Ling looked at the fat Rongrong beside her and slowly nodded her head.

At this time, Black Tortoise also came to the fat Rongrong's side.

"Fatty, we can go now."

Finding Di Tian's clone was also an unexpected gain for the Black Tortoise.

If he brought him to the master's side like this, the master would not blame him for coming out.

The fat Rongrong heard Black Tortoise's words and slowly came to his side.

He held the Black Tortoise on his head.

At this moment, the Black Tortoise spoke to the avatar of the Divine Court Master and the Medicine Sovereign behind him,

“If you want to see Master, come with us.”

When the clone of the master of the Divine Court heard Black Tortoise’s words, his face lit up with joy.

This trip was a pleasant surprise for them.

Originally, they had come to borrow the Heaven Suppressing Spoon, but they did not expect to see the Black Tortoise.

Originally, he was annoyed because the Medicine Emperor and the Black Tortoise had a bad relationship, but he didn’t expect to hear the news of his master.

It could be said to be full of twists and turns.

At this moment, the avatar of the Divine Court Master hurriedly called out to the Medicine Sovereign behind him and left with Black Tortoise and the others.

He also wanted to see what kind of person the legendary Master of the Black Tortoise was.

He must be an old monster who had lived for many years.

She wondered how his relationship with her main body was.

With this thought in mind, the clone of the master of the Divine Court was also looking forward to meeting Xiao Changtian.

At this moment, in a small town in the Great Desolate Immortal Continent,

Xiao Changtian and Chu Yiren were walking along a small path in the town.

Then, they sat down on a stall.

These few days, they had not had a good meal after leaving the Demon Spirit Sect.

Xiao Changtian was already feeling hungry. He turned to look at Chu Yiren, who was beside him.

She looked as if it didn't matter to her whether she ate or not.

Looking at Chu Yiren, Xiao Changtian began to believe what he had heard in his previous life about girls who could go without food for days to lose weight.

At this moment, at the table next to Xiao Changtian and the others.

There were also a few cultivators sitting there, and their conversation slowly entered Xiao Changtian's ears.

"Have you heard? The Ye family offended someone they shouldn't have offended and was exterminated a few days ago."

"That's right. No one in the entire clan survived. I don't know what big shot they offended."

Xiao Chang Tian, who was sitting on the side, was eating the rice in his mouth. When he heard their conversation, his face was also stunned.

In his previous life, he had often seen such plots when he read online novels.

However, sitting next to someone and hearing them say it, it felt different.

At this moment, Chu Yiren turned to Xiao Changtian and said slowly,”

“Senior, what’s wrong? What’s wrong with the Yates family being wiped out?”

Xiao Changtian waved at Chu Yiren when he heard her words.

” Cultivation is really good.”

When he first came to the cultivation world, he also wanted to be like the cool novels he read in his previous life.

He would kill whoever he was unhappy with.

He didn’t expect the system to be so weak.

Not only did he not allow her to cultivate, but he also allowed her to feed small animals.

Xiao Changtian still doubted the authenticity of the so-called invincible path.

If it wasn’t for his dream of cultivation, Xiao Changtian wouldn’t have cared about those little animals.

Xiao Changtian sighed.

When would he be able to be like that person in the Nation of America, being talked about like that and even exterminating the entire family?

Seeing Xiao Changtian’s melancholy expression, Chu Yiren continued,”

“Senior, if you don’t like them talking, I’ll chase them away.”

Xiao Changtian heard Chu Yiren’s words and saw her about to get up. He pulled her back.

“Yiren, no. Sit down. We still have to hurry after eating.”

The people who were talking were obviously immortal cultivators or mortals who were closer to immortal cultivators.

How could he and Chu Yiren provoke them?

After provoking them, they would be the next topic of conversation after dinner.

Following that, Xiao Changtian brought Chu Yiren along with him as they continued their journey.

And at this time, in midair, Black Tortoise sat on the fat Rongrong’s head, his eyes also looking down.

“Fatty, Master should be there.”

Black Tortoise pointed in a direction below, slowly saying to the fat Rongrong.

Next, the fat Rongrong’s figure turned into a stream of light, flying downwards.

The avatar of the Divine Court Master and the Medicine Sovereign naturally followed closely behind them.

At that moment, Xiao Changtian and Chu Yiren had already appeared outside the town.

As for the Black Tortoise, he brought along the fat Rongrong, the clone of the Divine Court Master, and the Medicine Sovereign.

Looking at Xiao Changtian below, Black Tortoise said slowly to the clone of the master of the Divine Court behind him,

“Di Tian’s clone, that’s Master. Go and find Master, I’ll go over later.”

Hearing Black Tortoise’s words, the clone of the master of the Divine Court also looked down.

Looking at the two figures below, the clone of the master of the Divine Court found them familiar.

However, he didn’t think too much about it. He cupped his fists at Black Tortoise and slowly said to him,

“Thank you, Senior Black Tortoise.”

As soon as he finished speaking, Shen Ting’s avatar brought Yao Huang’s body and flew downwards.

At this moment, Xiao Changtian and Chu Yiren were walking on the road outside the town.

After that, the Medicine Sovereign and the avatar of the Divine Court Master slowly appeared in front of Xiao Changtian.

Xiao Changtian looked at the two people who suddenly appeared in front of him.

Wasn’t this Di Tian’s brother?

And that white-haired old man, wasn’t he the old man who went into the mountains to pick herbs?

At this moment, the avatar of the lord of the Divine Court and the Medicine Sovereign finally saw Xiao Changtian’s face.

This...

The two of them looked at each other in disbelief.

Naturally, they recognized Xiao Changtian. Wasn't he the mortal they had seen in the forest?

Oh no, they were still treating him as a mortal. This was a great disrespect to their seniors.

To be able to become the master of the Black Tortoise, he naturally could see through their inner thoughts.

At the thought of this, the avatar of the Divine Court Master and the Medicine Sovereign broke out in cold sweat.

For a moment, he didn't know what to say to Xiao Changtian.

At this moment, Xiao Changtian also slowly walked up to them.

"Di Tian's little brother, why are you here as well?"

"And this is?"

Hearing Xiao Changtian's words, the clone of the master of the Divine Court was also confused.

Why didn't he understand what this senior was saying?

The main body's younger brother?

Was Senior hinting at something?

However, he did not know that his main body had taken in a younger brother during this period of time.

Moreover, he was hiding beside him without being discovered. His strength was probably at a terrifying level.

With that thought in mind, the clone of the master of the Divine Court also looked around..

Chapter 444: Look at Your Brother, He Loves Studying So Much

Great Desolate Immortal Continent, outside the small town of the Imperial

Beast Sect.

He saw the Divine Court Master Master's clone looking around.

in the air, Black Tortoise also emitted a dark green light and injected it into the forehead of the clone of the Master of the Divine Court.

Then, information slowly appeared in the mind of the avatar of the Master of the Divine Court.

It turns out that Senior is currently refining his heart in the mortal world, playing around with the mortal world.

After digesting the information given by Black Tortoise in his mind, the clone

of the master of the Divine Court finally understood.

At this moment, Xiao Changtian walked up to the clone of the Lord of the Divine Court.

“Little brother Di Tian, why aren’t you saying anything?”

Hearing Xiao Changtian’s words, the clone of the master of the Divine Court also reacted.

Then, he smiled at Xiao Changtian and said,

“Senior, this is the servant of our clan, the Medicine Sovereign. This time, we came out to gather herbs.”

As he spoke, the clone of the master of the Divine Court was also carefully choosing his words, afraid that he would disturb Xiao Changtian’s cultivation.

Xiao Changtian nodded in agreement.

“So, have you found the medicine? What are your plans?”

“Xiang must have gone to look for Di Tian.”

This Di Tian’s younger brother would go to look for Di Tian once in a while.

Xiao Changtian had seen this too many times.

Naturally, he blurted it out.

When the clone of the master of the Divine Court heard Xiao Changtian’s words, he was secretly shocked.

As expected, Senior had already grasped their movements clearly. Fortunately, senior was magnanimous. Previously, when he and the Medicine Sovereign walked past him, they rejected his good intentions.

Now that he thought about it, he was really blind back then.

With this thought in his heart, the avatar of the Divine Court Master pulled the Medicine Sovereign beside him.

“Yes, Senior, we’re going to find big brother.”

Hearing the words of the clone, Xiao Changtian slowly said, “How about we go back together? We can take care of each other on the way.” When they passed by the small town, Xiao Changtian heard the news that the Ye family had been exterminated.

He also invited the avatar of the Lord of the Divine Court to return with him.

In the cultivation world, the outside world was quite dangerous. One more person meant one more strength.

Hearing Xiao Changtian’s words, the clone of the master of the Divine Court was also grateful.

Senior was truly magnanimous, he didn’t blame him and the Medicine Sovereign for rejecting his good intentions.

He even wants to bring us to the main body.

With his status as a senior, if he could obtain his help, the Heaven Suppressing Spoon would be many times stronger.

At this moment, the clone of the master of the Divine Court looked at Xiao Changtian with gratitude.

“Thank you, Senior.”

“No, it’s just on the way. Let’s go together.”

“Di Tian and the others should be busy in the bookstore right now.” Xiao Changtian also walked to the side of the clone and patted his shoulder. Then, he led Chu Yiren and the clone of the Lord of the Divine Court to his own courtyard.

When the Master of Divine Court heard Xiao Changtian’s words, he was also shocked.

The main body was actually helping Senior manage the bookstore. No wonder he couldn’t find him before. With Senior around, who could find the main body?

With this thought in mind, the clone of the master of the Divine Court immediately followed behind Xiao Changtian.

Then, the two antennae of the Chaos Ant on Xiao Changtian’s shoulder also lit up with a silver-white light.

Chu Yiren, the clone of the Lord of the Divine Court, and the others were trapped within.

The avatar of the master of the Divine Court sensed that the space he was in was constantly shifting, and finally arrived at the periphery of Dayang Town.

Was this space movement?

The clone of the master of the Divine Court looked at Xiao Changtian’s back, his eyes filled with respect.

A second ago, he could still feel that they were in the Divine World. Now, looking at everything around him and the level of spiritual energy.

He was not in the Divine World at all. Senior's strength had indeed reached an unimaginable level.

He could easily mobilize so much spatial power.

"That was Master's doing. It was just a small ant's doing. If Master were to do

it, I'm afraid you wouldn't be able to imagine it."

At this moment, Black Tortoise's voice slowly sounded in the mind of the clone of the Master of the Divine Court.

After receiving Black Tortoise's voice transmission, the clone of the master of the Divine Court also looked at Xiao Changtian's shoulder.

On Xiao Changtian's left shoulder, a black ant was stretching its antennae. As if it had caught Black Tortoise's voice transmission, the Chaos Ant looked at the void in front of it.

"Damned turtle, what kind of truth are you spouting? If you say more, do you believe that I will tell Master that you secretly ran out?"

"You..."

Black Tortoise wanted to say something when the Chaos Ant spoke.

When he heard the Chaos Ant's last sentence, he immediately shut his mouth.

It didn't want to be the first to be locked in the dark room.

The avatar of the Divine Court Master and the Medicine Sovereign followed behind Xiao Changtian.

He sensed the conversation between the Chaos Ant and the Black Tortoise in the void.

His heart was already surging. It was fine if he saw a divine beast like the Black Tortoise today.

He did not expect to see a divine beast like the Chaos Ant.

The key was that both divine beasts had masters, and they were the same master.

The clone of the master of the Divine Court looked at Xiao Changtian and felt that Xiao Changtian was becoming more and more mysterious.

There was no aura on his body, but his footsteps and actions seemed to contain the truth of the Great Dao of this world.

This was a true reclusive expert.

At this moment, the clone of the master of the Divine Court suddenly felt that the reclusive cultivators he knew before were not worth mentioning in front of Xiao Changtian.

After walking for a short distance, Xiao Changtian looked ahead and turned to the clone of the master of the Divine Court. He slowly said,

“Little brother Di Tian, the bookstore is right in front. Let’s go over and take a look. Di Tian should be there.”

“Oh, right, there are also four servants in your family. They are called Ice Emperor, Demon Emperor, Mei Emperor, and Sword Emperor.” At this moment, Xiao Changtian also introduced to the clone of the master of the Divine Court.

Upon hearing Xiao Changtian’s words, the Medicine Sovereign who was standing beside the avatar of the Divine Court Master had a look of joy on his face.

He didn't expect that there would be four generals by his master's side. In this way, almost half of the Divine Court's team had gathered together." "Looks like the revival of the Divine Court is just around the corner." Seeing the joy on the Medicine Sovereign's face, Xiao Chang Tian also smiled. Looking at the white-haired old man's happy expression, it seemed that he wanted to see his former colleague as soon as possible.

Following that, Xiao Changtian and the rest of the people slowly walked to the front of the bookstore.

When they arrived in front of the bookstore, the scene inside the bookstore was displayed before their eyes.

The bookstore was the same as before. There were still a few young men greeting the customers.

The Ice Emperor and the Demon Emperor were helping out from the side. As for the Mei Empress, the Sword Emperor and Di Tian, they were sitting at a table in the bookstore.

She was holding a book in her hands and reading it tirelessly.

Di Tian and the others were so engrossed in their books that they didn't even notice their arrival.

Xiao Changtian also said to the clone of the master of the Divine Court beside him,

"Look at your brother. He loves to study.."

Chapter 445: Heavenly Gate (1)

Tian Yuan Continent, in front of Xiao Changtian'

When the clone of the master of the Divine Court heard Xiao Changtian's words, he was also very excited.

He had finally found the main body that he had been searching for so long.

Looking at the book that was being read, the clone of the owner of the Divine Court slowly walked over.

At this moment, Di Tian, who was reading, also sensed something.

He slowly put down the book in his hand and saw the clone of the Lord of the

Divine Court slowly walking towards him.

"Big brother."

The avatar of the Lord of the Divine Court spoke when he saw Di Tian.

When Di Tian heard the words of the clone, he slowly stood up and walked towards the clone.

"You've finally arrived at the final clone."

Muttering to himself, Di Tian also saw Xiao Changtian standing behind the clone of the lord of the Divine Court.

Clasping his fists at Xiao Changtian, Di Tian slowly spoke,

"Thank you, Senior!"

Senior brother had helped him find his avatar many times, Di Tian already didn't know how to repay Xiao Changtian.

After thinking about it, he only said a word of thanks.

However, Di Tian knew that under his leadership, the Divine Court would definitely become a great help to senior in the future.

Although Senior might not look down on their Divine Court.

When Xiao Changtian saw Di Tian, he also waved his hands at him.

“I won’t disturb you and your brother. Yiren and I will return to the courtyard first.”

As soon as he finished speaking, Xiao Changtian led Chu Yiren towards his own courtyard.

Every time Di Tian and his younger brother met, the time interval between them didn’t seem to be very long.

But for some reason, in Xiao Changtian’s eyes, every time they met, they were all lovey-dovey.

They were like a couple who hadn’t seen each other for decades.

After Xiao Changtian left, Yao Huang looked at the Demon Emperor and the others in the bookstore, his face filled with joy.

It had been many years since the Ten Great Generals had seen so many people together.

Then, under the lead of the Ice Emperor, they started to talk at a table.

At this moment, the clone of the Lord of the Divine Court was led by Di Tian to the residence of the Emperor Heaven Bookstore.

Di Tian spent most of his time in the bookstore.

Therefore, under Xiao Changtian's arrangement, the bookstore also cleared a room for him.

In the room, Di Tian stared at the clone before him, his expression somewhat excited.

The clone of the Lord of the Divine Court sensed Di Tian before him.

He discovered that as long as he and his main body were together, all of Di Tian's clones would return.

The main body slowly reached the peak of its former strength.

With this thought in mind, the clone of the master of the Divine Court said excitedly to the main body,

"It seems that the reincarnation has been very successful. As long as I fuse with you, you will be considered to have fused perfectly."

"It's just that I haven't found all the Divine Court Tokens yet.

At this point, the clone of the master of the Divine Court sighed and held a fragment in his hand.

It was the Divine Court Token fragment that he had planned to trade with Yao Yaoling and the others in the Demon Spirit Sect.

Upon seeing the fragment in the hands of the clone, Di Tian also took out a fragment from his body.

The fragment that Di Tian took out was clearly larger than the fragment that the clone of the Lord of the Divine Court took out.

As soon as Di Tian took out the fragment, it immediately resonated with the fragment in the hands of the clone of the Lord of the Divine Court.

Then, the two merged together.

After the fusion was completed, the fragment emitted a bright light.

The light contained the unique fate and bloodline power of the Lord of the Divine Court.

A diamond-shaped token floated in the air.

On the token, there were lines of strange runes.

The only flaw was that there was a gap in one corner of the token.

“It’s almost there. It’s just the last fragment.”

Di Tian stared at the Divine Court Token before him as he slowly spoke.

The fragment of the Divine Court Token was also the thing he was most concerned about in the bookstore other than reading books.

During the time he was in the bookstore, he had also asked the Ice Emperor,

Demon Emperor, and the others to go out and search for the Divine Court

Token fragments when they had time.

The avatar of the Lord of the Divine Court nodded when he heard Di Tian’s words.

At least from the current situation, the main body's side was still very smooth.

At this moment, the clone of the lord of the Divine Court also stroked his forehead. He slowly spoke to Di Tian,

"Master, although everything is going well now, there is still one thing that I need you to do."

"According to the information I've gathered during this period of time, the former generals of the Divine Court might have had dealings with the Heavenly Gates after they woke up."

Metal, wood, water, fire, and earth were the remaining five of the ten great generals of the Divine Court.

The five of them were different from the other generals. In terms of individual strength, they might be at the bottom.

However, if these five people attacked together.

Even if Di Tian was at his peak, he wouldn't have the confidence to defeat them.

However, when Di Tian heard the words of the avatar, he slowly spoke, "Recently, there have been clues about the last Divine Court Token fragment.

It's in the hands of Metal, Wood, Water, Fire, and Earth."

"Does the legendary Gate of Heaven really exist?"

At the mention of the Heavenly Gates, Di Tian's tone was somewhat solemn. The Heaven Gate was an existence that was even older than the Divine Court. When Di Tian first established the Divine Court, it was still an ordinary power in the Divine Realm.

However, legends about the Heaven's Gate were prevalent in the Divine Realm.

It was said that when the Heaven's Gate existed, it was the only overlord in the Divine Realm.

All races submitted. Whether it was the human race, the demon race, or any other race, they all respected the Heaven Gate.

If the Heaven's Gate was only an overlord in the Divine Realm, Di Tian would not care so much about it.

Most importantly, it was rumored that one of the ancestors of the Heaven's

Gate had a connection with the legendary Human Realm Upon Heavens.

Therefore, the legend of the Heavenly Gates had been circulating among the top factions for so many years.

When the clone of the Lord of the Divine Court heard Di Tian's words, his expression turned solemn as he nodded.

"Moreover, I have a feeling that the appearance of the Heaven Gate this time might be related to our Divine Court."

"It's even possible that their target is you."

When Di Tian heard the words of the clone of the lord of the Divine Court, he silently remembered them in his heart.

Elysium, huh? They still had designs on their own general. They came with ill intentions.

At this moment, the voice of the avatar of the Master of the Divine Court continued to be heard.

“Master, I feel that when we finish fusing, Elysium and the others will start to make their moves.”

“Yes, I know. Let’s merge.”

Di Tian’s eyes flickered, it was unknown what he was thinking about.

At least for now, he wasn’t too worried.

With a senior around, the Gate of Heaven was nothing in front of him. After that, in Di Tian’s room, Di Tian merged with his last strand of Dao.

At this moment, outside the bookstore, the Medicine Sovereign and the Ice Sovereign were chatting.

Ice Emperor and the others were also in disbelief.

“Since Metal, Wood, Water, Fire, and Earth betrayed Master, I’ll go and kill them now.”

When the Demon Sovereign heard the Medicine Sovereign’s words, he was also fuming with rage, looking as though he wanted to fight.

At this moment, the Mei Empress said slowly,

“I’d better wait for Master to finish the fusion. At this time, there can’t be any mistakes.”

The others nodded in agreement..

Chapter 446: Looking for the Hot Shot of the Lower Lower

World and Plundering the Fate (1)

In the Divine Realm, in a majestic palace.

The palace was suspended in mid-air, and the surroundings were covered in a white fog.

From below, one could not detect the existence of the palace at all.

In front of the palace gate, there were two cultivators in golden armor holding halberds.

At this moment, an old man with six pairs of eyes was sitting on the throne in the palace.

The old man was wearing golden armor. He looked down as if everything was under his control.

Below the palace, there were five figures, each wearing armor of different colors.

The eyes of these five people were empty, as if they had lost their intelligence. At this moment, the old man sitting on the throne slowly opened his eyes. "Metal Emperor, it seems that your master has completed the fusion." As he spoke, the old man smiled as he looked at a man in golden armor sitting on the first chair.

When the Metal Emperor heard the old man's words, he slowly stood up from his seat.

"Since my lord has completed the fusion, I wonder what instructions the Divine Eye Elder has."

The Metal Emperor stood in the center of the hall with his head lowered. He was extremely respectful to the divine eye above him.

At this moment, the divine eye slowly waved its hand to the side.

Then, a golden roc flew in from outside with a howl.

The golden roc landed on the arm of the divine eye. Then, the divine eye looked at the Metal Emperor below.

“Go to the Divine Realm with the Great Peng and spread the news.”

“Let the Divine Realm inform all the lower realms and bring the people with the most luck to the Drunken Immortal Restaurant to pray.”

“Also, whoever brings the most people to the lower realm and has the strongest fate, the Heaven’s Gate can give them a chance to enter the Human Realm Upon Heavens.”

The Divine Eye’s voice slowly sounded in the hall. Then, he waved his sleeve at the Golden Emperor.

A golden scroll appeared in the hands of the Metal Emperor.

The Metal Emperor received the scroll from the divine eye and retreated respectfully.

Then, the golden roc on top of the divine eye’s arm followed.

Watching the Metal Emperor leave, the Divine Eye revealed an imperceptible smile.

“Di Tian, five of your ten great generals are in my hands. Are you coming to the Drunken Immortal Inn or not?”

The divine eye’s words carried a hint of playfulness as it waved its hand.

A bronze mirror appeared in the hall.

In the mirror, everything that the Golden Emperor and the Golden Roc had done in the Divine Realm could be seen at a glance.

At this moment, on the various continents of the Divine World.

Almost all the cultivators had received the divine eye's order from the Metal Emperor.

For a moment, all the cultivators of the Divine World were extremely shocked. Some of the weaker cultivators were confused when they saw the two sects. On the other hand, some of the old demons in the reclusive world and sects were shocked when they saw the Gate of Heaven.

He immediately gave an order to his sect.

"Pass down my order. From today onwards, all the disciples of our Green Sword Sect will head to the lower realm to find the hot shot and bring him to the Drunken Immortal Restaurant."

"This is a blessing from the heavens. This is an opportunity for our Sacred Dragon Dynasty to dominate the Divine Realm."

An old man sat in the coffin and looked at the scroll in his hand as he spoke in an experienced manner.

"Ancestor, what's wrong?"

A middle-aged man in a dragon robe looked at the ancestor who was about to fall asleep and asked in confusion.

"Pass on my order. The entire clan will go to the lower realm to search for people with luck. Remember to be fast."

" Yes!" The middle-aged man immediately responded when he saw the old ancestor's agitated expression.

"Ancestor, I'll do it immediately."

The old ancestor had already left the matters of the Holy Dragon Empire alone for countless years.

Something big must have happened to give such an order today.

At the same time, such things happened frequently in the other top empires and sects of the Divine World.

This old fellow was so convinced of this matter.

Other than the Heavenly Gates, there was also the person who issued the edict. It was recorded in their ancestral books.

He was one of the Ten Great Generals of the Divine Court, the Metal Emperor. Originally, they were all guessing the reason for the disappearance of the Divine Court. Now, it seemed that everything had been solved.

The Divine Court must have ascended to the legendary Heaven's Beyond.

No wonder he couldn't find any information about the Divine Court for hundreds of years.

Previously, there were rumors about the reincarnation of the Lord of the Divine Court. Now, it seemed that it was all nonsense.

All of this was captured by the divine eye in the palace.

Looking at the appearance of the cultivators of the Divine World, the corners of the Divine Eye's mouth curled into a smile.

"The fate of the myriad worlds and the balance of the myriad worlds are ultimately still controlled by our Heavenly Gates."

For the past few centuries, why was it that the God Monarch Realm was at the peak and could not touch the Immortal Realm?

Why was it that the ancient emperors of the lower realms were at the peak, unable to reach the level of gods?

They were all closely related to the luck of the various worlds. The luck of the various worlds was extremely mysterious, and most of it was on the hot shots. For hundreds of years, the Heaven's Gate had been constantly plundering the luck of the hot shots.

It caused the people of the lower realms and the ordinary world to be unable to advance any further after reaching the God Emperor Realm or the Ancient Emperor Realm.

This was also the reason why the divine eye had asked the Metal Emperor to issue the decree.

If the people of the Divine World brought the hot shots of the lower realm over, the luck of the lower realm would naturally be in the hands of the Divine Eye.

As for the luck of the Divine Realm, it naturally belonged to Di Tian.

Seeing that the plan was going smoothly, the Divine Eye sat back down in his seat.

Then, he disappeared from the hall along with his seat.

"Farewell, Divine Eye Elder!"

As soon as the divine eye disappeared, the people in the hall said respectfully to the people above.

Tian Yuan Continent, Great Sun Sect

As the other lower worlds received the notice from the Divine Realm, the Tian Yuan Continent naturally received the notice as well.

At this moment, in the Great Sun Divine Hall, the Great Sun Immortal was sitting at the top of the hall.

He held a red invitation card in his hand. On it was the imprint of the Li Li Fire Sect.

The Li Fire Sect was a powerful sect in the Divine Realm.

“It’s said that the Li Fire Sect’s ancestor’s cultivation has already reached the

God Monarch realm.”

“He is also a powerful expert in the Divine Realm. What do you think of this matter?”

The Great Sun Immortal sat above the hall and said slowly to the people below. Most of the people seated below were the sect leaders of first rank sects on the Tian Yuan Continent.

Ever since the last time he let Daoist Big Sun become the alliance leader of the Cultivator Alliance.

If there was anything, everyone would be the first to discuss it with the Great Sun Immortal.

“I saw that it also said that if their talent is good, they are willing to accept the hot shots into the Li Fire Sect.”

“This is a good thing for the Tian Yuan Continent.”

When a first rank sect leader saw the invitation, his voice revealed a hint of anticipation.

If his disciple could be valued by the Divine World, he might also have the opportunity to ascend in the future.

At this moment, the sect master of the Imperial Beast Sect shook his head.

“I think this matter is a little strange. Senior said that there will be no free lunch in the sky. I think it’s better to ask for senior’s opinion.”

As soon as he finished speaking, the other cultivators in the hall nodded.

They came here to hear Xiao Changtian’s opinion.

Daoist Great Sun saw everyone’s reaction and nodded..

Chapter 447: The Master Is Bringing You to Become His

Master (1)

Tian Yuan Continent, Dayang Town.

In Xiao Changtian’s courtyard, Xiao Changtian was lying on a rocking chair.

Xiao Changtian was in a good mood ever since he found the Heaven Suppressing Spoon.

The preparations for the Supreme Kick were almost complete. The damn mission issued by the system was finally about to be completed.

At this moment, Ye Fan's voice slowly entered Xiao Changtian's ears.

"Master, the Great Sun Immortal is here."

Xiao Changtian also sat up from his rocking chair when he heard the name of the Great Sun Immortal.

It had been a long time since he had seen the Great Sun Immortal.

As he was thinking about this, Xiao Changtian saw Daoist Big Sun slowly walking towards him.

Seeing the Great Sun Immortal, Xiao Changtian said to him slowly,"

"Good morning, Daoist Big Sun. What's the matter?"

The Great Sun Immortal smiled when he saw Xiao Changtian.

"Senior sure knows how to joke."

It was already evening. How could it be early?

However, Senior naturally said so. Perhaps there was a deeper meaning behind it.

Then, the Great Sun Immortal came to Xiao Changtian's side with a red invitation in his hand.

After handing it to Xiao Changtian, the Great Sun Immortal said to him slowly,"

“Senior, what do you think?”

Xiao Changtian saw the red invitation handed over by the Great Sun Immortal and opened it.

It was written that the Li Fire Sect wanted to invite the hot shots to the Drunken Immortal Restaurant.

Moreover, if he went, he would have good talent and could even take the hot shots as his disciples.

Xiao Changtian looked at the red invitation card and said slowly to the Great Sun Immortal,”

“Perfected Great Sun, how strong is the Li Fire Sect?”

The Great Sun Immortal also knew that Xiao Changtian would not take this kind of sect to heart.

Therefore, he explained,”

“It’s said that their ancestor’s strength has already reached the level of a God

Monarch.”

Divine Lord? Never heard of it.

Xiao Changtian only remembered that he had heard of God Kings and God Emperors. They were all top cultivators.

He had no idea what the strength of a Divine Lord was.

However, to be able to hear it from the mouth of the Great Sun Immortal, the

Great Sun Immortal was so powerful.

This Divine Lord must be an impressive cultivator.

With this thought in mind, Xiao Changtian said to the Great Sun Immortal slowly,”

“Perfected Great Sun, how is this Divine Lord compared to you?”

When the Great Sun Immortal heard Xiao Changtian’s words, he answered truthfully,”

“I’m not as good as him.”

He did not even have the qualifications to enter the Divine Realm now. How could he be mentioned in the same breath as a Divine Lord?

After hearing the words of the Great Sun True Man, Xiao Changtian also closed the red invitation card in his hand.

This Immortal Dayang was really good to him.

He must have discovered his disciple’s talent and understood his own difficulties.

Back then, in order to complete the system’s mission, he had no choice but to take the hot shot as his disciple.

However, he was just an ordinary mortal. He could not teach his disciple anything at all.

Being under him would also hinder his disciple’s talent.

This Daoist Master Da Yang must have seen through his distress, which was why he got him such an invitation.

It was clearly written on it that as long as one's talent was good, they could accept their disciples as their disciples.

This Divine Lord's strength was also very impressive. He had found a good home for his disciple.

It could also be considered as fulfilling one of his wishes.

Thinking so, Xiao Changtian slowly said,"

"Perfected Great Sun, I'll go to the Li Fire Sect."

When the Great Sun Immortal heard Xiao Changtian's words, he was also stunned.

He had thought that Xiao Changtian would ignore the invitation from a small sect after hearing about the Divine Lord.

After all, they had even killed a few God Emperor Realm experts.

He didn't expect Xiao Changtian to say that he wanted to go personally.

It seemed that the reason why senior was a senior and why senior's strength was so profound.

He must have seen something from the invitation.

That was why he had to personally investigate.

His cultivation realm was still worlds apart from Senior's.

After hearing Xiao Changtian's words, the Great Sun Immortal said to Xiao Changtian slowly,"

"Then I'll leave the Li Fire Sect to Senior."

Then, the Great Sun Immortal also wanted to leave Xiao Changtian's courtyard. He came here this time mainly to seek Xiao Changtian's opinion.

Since Xiao Changtian said that he would take care of it himself, he naturally had nothing to do with it.

With a senior taking action, was there anything that couldn't be resolved? Moreover, it had been a long time since he had come to the courtyard. The aura of the divine beast in the courtyard also made the Great Sun Immortal a little frightened.

It seemed that he would have to cultivate more after returning.

After Xiao Changtian sent the Great Sun Immortal away, he slowly walked into the courtyard.

He said slowly to Mu Jiuhuang,"

"Jiu 'er, ask Futian to come and find me."

He remembered that when the system rated Futian, he was a hot shot.

This time, he had brought Futian along. He had to let him perform well in front of the Li Fire Sect.

He would strive to enter the Li Fire Sect and not be like him, waiting for death here.

Hearing Xiao Changtian's words, Mu Jiuhuang nodded slowly.

Then, he walked out of the courtyard.

Futian was the only one among Xiao Changtian's disciples who could not fly, so it was easy for Mu Jiuhuang to find him.

Usually, it could be found in Dayang Town.

At this time, Xiao Changtian also came to the backyard and began to prepare.

After all, he was going to meet a cultivation sect, so he had to make some preparations.

Otherwise, it would not be good if others looked down on him.

After two lives, Xiao Changtian knew the importance of a first impression.

While Xiao Changtian was preparing in the backyard, Futian was also led by Zimu Jiuhuang to the backyard.

Coming to the backyard, Futian saw the sword in Xiao Changtian's hand and said to him slowly,"

"Master, what is this?"

The longsword in his master's hand was obviously a top-notch immortal artifact.

If it was used by mortals, it would probably be able to kill a Godly Emperor.

Xiao Changtian looked at Futian and said slowly,"

“Futian, you’re here. Go and prepare. Master will take you to the Li Fire Sect.” While speaking, Xiao Changtian also placed his sword into the bamboo basket. Hearing Xiao Changtian’s words, Futian also looked at the bamboo basket beside Xiao Changtian.

There were all kinds of weapons inside.

All of them emitted a heart-piercing aura. They were all top-notch immortal artifacts.

What kind of sect was this Li Fire Sect’s sect to actually make their master make so many preparations?

Could it be an enemy of his master’s?

His master was going to fight on his own.

At the thought of this, Fu Tian felt a burst of joy in his heart. It had been a while since he had fought, and his heart was already itching.

“Master, don’t worry. I’ll go and prepare now. I’ll definitely beat the Li Fire Sect until they submit.”

Xiao Changtian was stunned when he heard Futian.

He could just beat the other party into submission and say it in front of him.

If he said that in front of the Li Fire Sect, he would probably be chased out.

He had to teach Futian’s temperament well.

“Futian, you can say whatever you want. Master is taking you to be his disciple, but don’t do anything stupid when the time comes..”

Chapter 448: This Must Be a Test Given by Master (1)

Tian Yuan Continent, Xiao Changtian's courtyard.

Standing in front of Xiao Changtian, Futian was stunned when he heard Xiao Changtian's words.

Master? Didn't he already have a master?

Could it be that his master despised his talent and wanted to expel him from the sect?

With that thought in mind, Futian quickly walked up to Xiao Changtian.

He hugged Xiao Changtian's arms and said slowly,"

"Master, I don't want you to find a master. I still want to learn from you."

Xiao Changtian was putting his sword into the bamboo basket.

Seeing Futian like this, he felt a little uncomfortable.

During this period of time in the courtyard, he had more or less developed feelings for these disciples.

Thinking about how Futian was going to leave her, she still felt a little reluctant.

However, in the cultivation world, the strong were respected.

He was just a small mortal.

And Futian had such good talent. If she delayed his cultivation, he would be able to cultivate.

He also felt very uncomfortable in his heart.

Thinking so, Xiao Changtian patted Futian's shoulder.

"Futian, as long as you want, I will always be your master."

"This small courtyard will always welcome you. It's just that your talent is not bad. This trip to the Li Fire Sect is for your own good."

"It's said that the Li Fire Sect's ancestor's strength has reached the God Monarch realm."

"He's also a powerful cultivator in the cultivation world. If you follow him, your future will be limitless."

Hearing Xiao Changtian's sincere words, Fu Tian was a little stunned.

Divine Lord? What was that?

He could kill a bunch of them with a clap of his hands, alright?

How could his master let him take such trash as his master?

Moreover, with his master's relationship, even if he wanted to find a sect for him, he would not find a sect like the Li Fire Sect.

Could this be a test given by his master?

Futian suddenly thought of a possibility. It was a test given to him by Xiao Changtian.

All along, although he had some experience cultivating the Book of Man, he was stuck in this realm.

When Li Taibai went out with his master a while ago, his master also guided him in his cultivation.

This time, his master might be testing him by asking him to take him as a master.

By the way, give yourself some guidance.

With this thought in mind, Futian slowly said to Xiao Changtian,”

“Master, I’m willing to follow you.”

Looking at Futian, Xiao Changtian nodded.

This Futian could be considered to have understood his painstaking efforts.

At this moment, Xiao Changtian saw the bamboo basket that had almost been packed.

It contained all kinds of weapons that he had forged over the years.

Carrying the bamboo basket on his back, Xiao Changtian said to Futian,”

“If you have nothing else to do, let’s set off now.”

He and Futian were both mortals, yet they had to go to someone else’s place to become their master.

Naturally, he had to go early to leave a good impression.

Hearing Xiao Changtian's words, Futian nodded.

Then, Xiao Changtian also saw the divine beast in the courtyard and carried the ant and the white tiger in his arms.

"And the little carp in the pond."

Xiao Changtian held a water tank in his hand and placed the small carp inside.

Then, he brought Futian out of the ancestral hall.

As soon as Xiao Changtian and Futian left the courtyard, they saw the Great Sun Reverend standing at the door with a group of cultivators from the Tian Yuan Continent.

"Senior, they are all here to send you off."

When the Great Sun Immortal saw Xiao Changtian carrying a bamboo basket and bringing Futian out, he walked up slowly and said to him.

Xiao Changtian looked at the Great Sun Immortal beside him and then at the group of people. He said to them slowly,"

"Thank you, everyone."

These were all unranked cultivators. Now that they knew that they were going to bring their disciples to join an impressive sect.

Naturally, he came over to congratulate her.

The cultivators of the Tian Yuan Continent smiled at Xiao Changtian when they heard his words.

“We wish Senior success.”

After the Great Sun Immortal returned, these people heard that Xiao Changtian was going to take action personally.

He also knew that this matter was not that simple.

Even with Senior’s strength, he had to go out personally.

If they were to go, they would definitely not be able to come back.

Therefore, these people looked at Xiao Changtian with gratitude.

Then, Xiao Changtian waved his hand at the crowd.

“Alright, we’ll be leaving first.”

Looking at the scene in front of him, Xiao Changtian felt a little helpless.

Those who didn’t know would think that they would never see their disciple again.

As Xiao Changtian’s voice faded, the Chaos Ant on his shoulder slowly extended its two antennae.

Whoosh! A silver-white light enveloped Xiao Changtian and Futian.

Then, Xiao Changtian and Futian disappeared from everyone’s sight.

Seeing Xiao Changtian disappear into thin air in front of him, the Great Sun Immortal's eyes were filled with envy.

When would he be able to achieve the ability to transfer space?

After Xiao Changtian left, the cultivators of the Tian Yuan Continent began to whisper among themselves.

"Fortunately, senior personally took action. Otherwise, we would not know how to deal with this Divine Realm."

"That's right. I was wondering why those fellows in the Divine Realm would be so kind as to let our disciples become their disciples."

"It's obvious that there's some trick. Senior has seen through it."

"It's great that we have seniors on the Tian Yuan Continent!"

On the other side, Xiao Changtian and Futian also arrived in the Divine Realm under the cover of the spatial power of the Chaos Ant.

Xiao Changtian and Futian landed on the ground, looking at the unfamiliar surroundings.

This was a town with high temperatures everywhere.

Almost all the men in the town were topless as they walked on the streets.

At this moment, Xiao Changtian saw a huge round plate beside him.

"Is this the legendary formation?"

Xiao Changtian looked at the huge round plate beside him. There were some patterns on it.

On the lines, rays of light rose.

In the cultivation world, Xiao Changtian had heard of the arrays that cultivators built.

However, this was the first time Xiao Changtian had seen a formation at such a close distance.

Observing the unfamiliar environment, Xiao Changtian finally understood.

It must have been Perfected Great Sun who used his great magic power to help him and Futian reach the Li Fire Clan's territory quickly.

That's right. If he were to walk to a cultivation sect alone, the journey would definitely be long.

With the help of the Great Sun Immortal, he would naturally be much faster.

The Immortal Da Yang was really thoughtful.

At this moment, a guard in a red robe walked toward Xiao Changtian.

"You two, what are you here for?"

The guard looked at Xiao Changtian and Futian with a spear in his hand.

He saw Xiao Changtian and Futian from when they were here.

He looked here and there. He looked like a spy..

Chapter 449: Wrong, Are You Apologizing To Me?(I)

Divine Realm, Lifire Town

The formation guard stood between Xiao Changtian and Futian. He looked at them with disdain and hostility.

Hearing the guard's tone, a look of displeasure appeared on Fu Tian's face.

If a guard had spoken to him in such an interrogative tone, he would have been able to do it.

He might not pay attention to him either.

However, Xiao Changtian was different here.

What kind of figure was his master? What was wrong with him standing here?

With this thought in mind, Futian also stepped forward and said slowly to the guard,"

"I'm standing here with Master. What's wrong?"

When the matrix guard heard Futian's words, he also aimed his spear at Futian.

"Brat, how can you say that? We are the Li Fire Sect's array guards."

“This place is Lifire City. If you obediently tell us your origins, we can spare you from the pain of physical torture.”

Xiao Changtian looked around and heard the guards talking about the Li Fire Sect.

He quickly walked over and slowly said to Futian,”

Futian, don’t do anything rash.”

Looking at the way Futian and the Li Fire Clan guards were shooting their arrows, Xiao Changtian felt a headache coming on.

Why did Futian want to fight with them before he even became their disciple?

“Everyone, it’s all a misunderstanding, a misunderstanding.”

At this moment, Xiao Changtian explained to the formation guard.

“We were invited by your Li Fire Sect to come to your sect.”

“Master, look at them. Why are you talking nonsense with them?”

Seeing how the matrix guard actually dared to point his spear at Xiao Changtian, Futian was also furious.

If Xiao Changtian wasn’t there, they would have been dead by now.

The formation guard heard Futian’s words and looked at Xiao Changtian.

The aura on his body turned out to be that of a mortal.

Then, he mocked Xiao and Futian,”

“I was wondering who they were. So they’re two mortals who don’t know the immensity of heaven and earth. They casually got an invitation and wanted to sneak into our Li Fire Sect.”

“I’m telling you, don’t even think about it.”

Here, these guards had seen many mortals who wanted to infiltrate the Li Fire Sect.

Therefore, he said slowly after sensing that Xiao Changtian had no aura.

When Xiao Changtian heard the guard’s words, Xin Lu’s anger rose.

He was talking nicely to them, but this guard was acting arrogantly.

It seemed that what he had heard was right. In the cultivation world, there were very few immortal cultivators as good as the Great Sun Immortal.

Then, Xiao Changtian left with Futian.

If he allowed Futian to join such a sect, he would not be at ease.

At this moment, the array lit up.

Then, a woman in a red dress with two ponytails walked out of the array.

As soon as the woman appeared, the array guards bowed respectfully to her.

“Saintess!”

It was the Holy Maiden of the Li Fire Sect, Huo Ling ‘er.

Huo Ling ‘er looked around as soon as she appeared.

Then, he slowly walked toward Xiao Changtian and Futian.

Seeing the red invitation in Xiao Changtian’s hand, his face lit up.

“You’re the hot shot of the lower realm, right? Please follow me.”

Huo Ling ‘er spoke in an overbearing manner.

On the contrary, Huo Ling ‘er’s words carried a trace of joy.

In the past few days, the hot shots of the lower realm had almost become the most popular in the entire Divine World.

Every time a hot shot of the lower realm was discovered, several factions would go and compete for it.

Their Li Fire Sect naturally went everywhere to fight for it. Originally, they did not have any illusions about the method of sending out invitations.

He did not expect Huo Ling ‘er, who was cultivating in the Li Fire Sect, to still sense the aura of his invitation card in his Li Fire Formation.

Only then did he rush over in a hurry.

They were afraid that if they were a little late, the hot shots of the lower world would run away.

Xiao Changtian shook his head when he heard Huo Ling 'er's words.

"A cultivation sect like your Li Fire Sect is something that mortals like us can't reach."

Thinking of the array guard's attitude, Xiao Changtian had a bad impression of the Li Fire Sect in his heart.

Mortals?

Huo Ling 'er was stunned when she heard Xiao Changtian's words.

The fact that this invitation card had brought them here meant that there were indeed hot shots from the lower realm among them.

Otherwise, it would be impossible for him to come here.

However, Huo Ling 'er did not think too much about this matter. Instead, her face turned cold and she slowly said to the guard behind her,

"What happened?"

Hearing Huo Ling 'er's cold words, the formation guards felt a chill in their hearts.

Guarding the array was a lucrative job for them.

If they lost it here, they would not know what to do in the future.

Thinking of this, the formation guards explained to Huo Ling 'er,"

“Holy Maiden, we didn’t know that these two were honored guests of the sect. We were wrong.”

From the conversation between Huo Ling ‘er and Xiao Changtian, they knew.

Xiao Changtian and Futian were probably guests invited by the sect.

Huo Ling ‘er saw their reactions and said slowly to them,”

“Wrong. Are you apologizing to me?”

When the formation guards heard Huo Ling ‘er’s words, they scrambled to Xiao Changtian’s side.

“Senior, we were blind just now. Please forgive us.”

“Yes, senior, we know we were wrong.”

Xiao Changtian looked at the people at his feet, and his expression softened a little.

These guards of the Li Fire Sect did not look like much, but their chief seemed to be quite good.

At this moment, Huo Ling ‘er walked up to Xiao Changtian and Futian.

“The two of you, these servants are insensible. Please forgive them. Please come to the Li Fire Sect for a chat.”

Huo Ling ‘er’s sweet voice was heard, and Xiao Changtian also sighed.

“Fine, Futian, let’s go and take a look.”

The girl in charge seemed to be quite good, and the cultivator had also apologized to him.

As a mortal, he had to give face to others, right?

Moreover, Futian's talent could not be wasted.

Hearing Xiao Changtian's words, Futian naturally had no objections.

When Huo Ling 'er heard that Xiao Changtian and Futian were willing to come to her Li Fire Sect, she heaved a sigh of relief.

He glared at the array guards.

She also knew that after today, these guards would be replaced.

Soon, Xiao Changtian and Futian arrived at the Li Fire Sect under Huo Ling 'er's lead.

In a small loft, a Manchu Han Imperial Feast was placed on a table.

There were all kinds of delicacies. Xiao Changtian and Futian were led here by a servant girl from the Li Fire Clan.

"The two of you, the Holy Maiden will be here soon."

"Have a seat first."

Xiao Changtian nodded in agreement.

Following that, he looked down from the pavilion and saw the entire Li Fire Sect's buildings.

The place where cultivators lived was truly magnificent.

At this moment, Huo Ling 'er also slowly came to the attic.

Seeing Xiao Changtian and Futian, he said to them slowly,

“The two of you, sit down and talk while eating.”

Hearing Huo Ling 'er's sweet voice, Xiao Changtian and Futian sat down with her..

Chapter 450: That Person Was Not a Mortal at All (1)

Divine World, Li Fire Sect, small pavilion

Xiao Changtian, Futian, and Huo Ling 'er sat at the table.

Huo Ling 'er looked at Xiao Changtian and Futian and gradually understood why Xiao Changtian had called himself a mortal.

Futian's aura carried the aura of a king, the aura of an emperor.

In Huo Ling 'er's eyes, Futian was undoubtedly the hot shot of the Tian Yuan Continent.

However, Xiao Changtian didn't have any aura on him. He should be just like what he said, a mortal.

However, from the looks of it, this hot shot from the lower realm had a good relationship with this mortal.

Sitting at the table, Huo Ling 'er said to Xiao Changtian and the others,"

"I still don't know your names."

Hearing Huo Ling 'er's words, Futian slowly responded to her.

'■I am Futian, and this is my master. You are not qualified to know my master's name."

Xiao Changtian smiled at Huo Ling 'er when he heard Futian's words.

This Futian was too arrogant.

Fortunately, the lady didn't look angry at all.

Huo Ling 'er smiled faintly when she heard Futian's words.

"Alright then, young friend Futian, let's be frank."

"This time, we have invited the two of you to help our Li Fire Sect take the test at the Drunken Immortal Restaurant."

"As long as you pass the test, then little friend Futian will be an inner sect disciple of our Li Fire Sect."

Huo Ling 'er's sweet voice entered Xiao Changtian and Futian's ears.

When Futian heard Huo Ling 'er's words, he didn't respond and continued eating.

Xiao Changtian was delighted when he heard Huo Ling 'er's words.

It turned out that he still had to pass the test. With Futian's talent, it should not be a problem for him to pass.

Thinking of this, Xiao Changtian said to Huo Ling 'er and Futian," "In that case, let's go to the Drunken Immortal Restaurant after dinner.

As Xiao Changtian finished speaking, Futian also said slowly,

"I'll listen to Master."

Huo Ling 'er saw Futian's reaction and said slowly,"

"Then I'll be waiting to see little friend Futian's performance.

The test of the Drunken Immortal Restaurant was coming soon. Huo Ling 'er naturally hoped that it would be as soon as possible.

Then, Huo Ling 'er clapped her hands and a maid walked in.

"Inform the people in the clan to prepare a carriage. I want to go to the

Drunken Immortal Restaurant with little friend Futian and the others." The maid nodded respectfully when she heard Huo Ling 'er's words.

Then, he left.

After the meal, Xiao Changtian and Futian followed Huo Ling 'er into the Li

Fire Clan's carriage.

"Let's go!"

Huo Ling 'er's voice came out of the carriage.

The Li Fire Sect cultivators on the carriage also brought Huo Ling 'er and the others slowly toward the Drunken Immortal Restaurant.

On the carriage, Xiao Changtian said to Huo Ling 'er slowly, "Miss Ling 'er, I wonder how difficult the test of this Drunken Immortal Restaurant is?"

Since he was going to the Drunken Immortal Restaurant to accept the test, Xiao Changtian wanted to understand more about it first.

Huo Ling 'er heard Xiao Changtian's words and glanced at Futian.

"There are hot shots from various lower realms participating in the Drunken Immortal Restaurant's test this time."

"Those hot shots are not weak either."

Hearing Huo Ling 'er's words, Xiao Changtian also understood that there were quite a lot of competitors for Futian in this test.

Moreover, they all seemed to be hot shots?

In that case, it would not be easy for them to go to the place.

“Meow! Meow! Meow!”

At this moment, the white tiger also slowly ran out from the side and came into Xiao Changtian’s arms.

Xiao Changtian saw the white tiger return to his arms and stroked its back. “Where did you go just now? Don’t run around.”

This was the cultivation world.

Who would he ask for it from?

Huo Ling ‘er was surprised to see the cat in Xiao Changtian’s hand.

With her strength, she actually did not notice when a white cat had appeared on the carriage.

Then, Huo Ling ‘er looked at the white tiger in Xiao Changtian’s hand.

As if it had sensed Huo Ling ‘er’s gaze, the white tiger also glanced over when Huo Ling’ er was examining it.

Then, in Huo Ling ‘er’s mind, a huge white tiger stood in the air.

Roar! Roar! Roar!

In his mind, the white tiger roared at Huo Ling ‘er.

Suddenly, Huo Ling ‘er seemed to have been hit by something. The true essence in her body rolled, and then she sat on the ground.

Then, the white tiger’s voice slowly entered her ears.

“Be more respectful to Master, understand?”

Huo Ling ‘er was stunned when she heard the white tiger s words.

Master? Could it be the mortal in the carriage? The white tiger was in his arms just now.

Wait, Huo Ling ‘er realized that she had made a serious mistake.

That person was not an ordinary person at all. He was also a reclusive expert. Moreover, to be able to become the master of the White Tiger, his strength must have reached an extremely terrifying level.

It must be a few realms higher than him that he couldn’t detect his aura. Thinking of this, Huo Ling ‘er broke out in cold sweat.

Fortunately, when he first met that senior, he did not show any ill intentions. Otherwise, he would bring disaster to the Li Fire Sect.

He did not know why this lord had brought his disciple to his Li Fire Sect.

Huo Ling ‘er quickly said to the white tiger in front of her,

“Senior White Tiger, this junior will remember this.”

“If I find out that you disrespected Master, what will happen to you?”

As it spoke, the white tiger raised its sharp claws and swung them at the space in front of it.

Bang! Wherever the White Tiger’s claws passed, the space collapsed. An indescribable terrifying aura was emitted from the White Tiger’s body.

Huo Ling 'er swallowed her saliva when she saw the power of the white tiger. "Senior White Tiger, you can rest assured that I will never disrespect you. At this moment, Huo Ling 'er's words were extremely respectful. If that attack had landed on the Li Fire Sect, the entire Li Fire Sect would probably have been destroyed.

After Huo Ling 'er finished speaking, she felt the world spin. Then, Huo Ling 'er realized that she had recovered from her mind. Looking at the white tiger in Xiao Changtian's hand, his eyes were filled with respect.

At this moment, Xiao Changtian sighed.

Hearing Xiao Changtian's sigh, Huo Ling 'er did not dare to be negligent. At this moment, how could she not know that Xiao Changtian was a peerless expert?

He must have used the white tiger to suppress him just now.

Then, Huo Ling 'er's sweet voice slowly entered Xiao Changtian's ears.

"Senior, why are you sighing?"

As she spoke, Huo Ling 'er took out a pot of water and handed it to Xiao Changtian..
