Chapter 463: The Holy Dragon Dynasty (1)

Divine Realm, floating island above the Drunken Immortal Restaurant The divine eyes looked at Xiao Changtian who sat down beside him. The three pairs of eyes looked at Xiao Changtian with narrowed eyes. His strength was already at the peak of the God Emperor Stage, similar to Di Tian at his peak.

Although he did not use his full strength in the attack just now, he was still able to use his full strength.

However, no matter what, it had reached the full strength of an ordinary Godly

Emperor.

Why was this mortal completely unaffected in front of him? Xiao Changtian felt the gaze of the divine eye and panicked.

With so many pairs of eyes staring at him, Xiao Changtian felt like he was

being watched from head to toe.

Could this old man have any preferences?

As Xiao Changtian thought about this, he cleared his voice and said to the divine eye beside him,”

“Senior, is there a problem?”

The divine eye snorted coldly at Xiao Changtian’s question.

This mortal could be considered to have some capabilities. No wonder he was pushed to the front by Di Tian to fight against him.

However, even Di Tian couldn't withstand his own scheme when the Divine

Court was at its peak.

Now, he was just a mortal. How could he overturn the heavens?

With this thought in mind, the divine eye slowly gathered its Zhen Yuan in its palm and was about to attack Xiao Changtian.

At this moment, Xiao Changtian said to the divine eye,

“Senior, look at the many people in the square. Are these people here to

participate in the test?”

Xiao Changtian pointed at the image in the bronze mirror and smiled.

While Xiao Changtian was talking, the two antennae of the Chaos Ant were also shaking.

If you want to deal with Master, watch how I tease you to death.

When the Chaos Ant's antennae shook, the divine eye's body froze for a few moments.

Just now, he felt as if the true essence in his body had disappeared into thin air.

A lot of primeval essence was consumed in an instant.

Ever since he started cultivating, this was the first time the divine eye had sensed such a situation.

Looking at Xiao Changtian's eyes, a trace of fear appeared in the divine eye's eyes.

This time around, Di Tian must have come prepared.

With this thought in mind, the true essence in the divine eye's hand slowly dissipated. He said to the golden-armored guard behind him,

"Men, bring the guests to their seats."

As soon as the divine eye finished speaking, a few golden guards moved a few chairs over.

He placed it beside Xiao Changtian and the divine eye. After that, Di Tian and the others also slowly sat down.

They sat beside Xiao Changtian and looked at him with respect.

Based on their senses, Di Tian and the others naturally knew that the Divine Eye and Xiao Changtian had definitely engaged in a battle earlier. Looking at Xiao Changtian's calm appearance and the divine eyes asking them to sit on the seats, they could see that Xiao Changtian was not afraid of them. In this confrontation, this unknown figure should have suffered some losses. After Di Tian and the others took their seats, the divine eye pointed at the copper mirror in front of them and slowly spoke,

"Indeed, they are also here to participate in the test. Let's take a look together. As he spoke, the Divine Eye waved his hand, and the entire image of the copper mirror was magnified.

He appeared in front of Xiao Changtian and the others.

Xiao Changtian looked at the scene in front of him. In the scene, the square was no longer as deserted as when he had just arrived.

On the contrary, the square in front of the Drunken Immortal Tower was filled with people.

Square in front of the Drunken Immortal Restaurant

At this moment, the square of the Drunken Immortal Restaurant was already filled with cultivators from all over the Divine World.

If the Drunken Immortal Restaurant's test could be held this year, it could be said to be one of the greatest events in the Divine Realm.

Countless cultivators came to watch.

However, most of the time, he wanted to see if the legendary Gate of Heaven existed.

At this moment, the cultivators standing on the square began to whisper. "Look at that young man over there. That's the Wang family's faction. It's said that they're the overlords of the Jasper Immortal Continent. I didn't expect that they would also come to participate in this test."

"That's right. The Wang family's prodigy happened to be sent to the lower realm by the Wang family's head to train in the early years." "I didn't expect to obtain a certain opportunity in the lower realm. Isn't that right? Everyone is saying that the heavens are blessing the Wang family's rise." The divorce papers looked at the men in the middle of the square with envy in their eyes.

In the center of the square, a man in orange stood in the middle.

There was a proud air between his brows.

There were several cultivators guarding him.

It looked like the moon was surrounded by stars.

On his clothes, there was also a large 'Wang' character engraved. It was a symbol of the power he belonged to, the Jasper King Family. It was rumored that the ancestor was already at the peak of the God Emperor Realm and was about to step into the God Emperor Realm.

"However, although the Wang Clan is strong, don't forget that it's said that there are three other top forces participating this time."

A cultivator saw the envious gazes of everyone and was the first to break the silence.

"What? A force even stronger than the Wang Clan is participating?" When those cultivators heard someone say this, they naturally became interested.

"Yes, yes. Those holy land forces are usually the last to appear."

"It is said that they attach great importance to the experiment of the Drunken immortal Restaurant this time. They are all going to the legendary Heavenly Gates to take a look."

"Heaven's Gate, isn't that an existence even more ancient than the legendary Divine Court?"

"I don't know if it really exists."

While these cultivators were discussing, an angry roar sounded between heaven and earth.

Then, everyone looked up and saw roars coming from the sky. Then, a few white jade dragons appeared in everyone's vision. "It's the White Jade Dragon of the Sacred Dragon Dynasty. Some of the cultivators below recognized the origins of these jade dragons and exclaimed.

This white jade dragon was the exclusive mount of the royal family of the Holy Dragon Dynasty.

At this moment, there was a carriage behind the eight jade dragons in the air.

A gentle and elegant man sat in the carriage.

Looking at the cultivators below, his eyes were filled with the confidence of a superior.

“This is the Third Prince of the Sacred Dragon Dynasty. I didn’t expect the Sacred Dragon Dynasty to actually let him participate.”

“It is said that the Third Prince is the most talented of the princes of the Sacred Dragon Empire.”

“Looks like the Sacred Dragon Empire still yearned for this legendary Heaven’s Gate.”

Amidst the crowd’s cheers, the Sacred Dragon Empire slowly landed at the center of the square.

Wherever they passed by, the cultivators would naturally make space for them. “Third Prince, we have arrived at the Drunken Immortal Restaurant.

After the Sacred Dragon Dynasty’s carriage landed, the old servant also got off the carriage.

He said respectfully to the Third Prince.

At this moment, the Third Prince of the Kingdom of the Sacred Dragon casually swept his gaze across the surroundings.

“The others haven’t arrived yet. You’re really arrogant.”

As soon as he finished speaking, the Third Prince of the Kingdom of the Sacred Dragon closed his eyes and rested on the carriage..
