

## Beasts 91

Chapter 91: Mystic Realm Opening, Emperor Slaying Array!

A huge white tiger phantom lay in the sky and let out a deep roar.

White Tiger Roar!

...

The heavens trembled!

All worlds prostrate!

“Hiss

Wang Jingtian gasped and was dumbfounded.

He was too strong.

It was too powerful, so powerful that it was unimaginable.

“Why did you faint too?”

Xiao Changtian looked at Wang Jingtian who was sitting on the ground with a puzzled expression.

Why was this Wang family's sister so weak?

If the woman was a little weaker, she would also look pitiful. But you are a man, and a cultivator with a sword. How can you be so weak every day?

Can a man say that he can't do it?

"Til give you a prescription later." Xiao Changtian shook his head and said.

After all, the Wang family was treating him to a meal. This was a small favor, so he would help if he could.

"Yes."

Wang Jingtian, who was sitting on the ground, hurriedly nodded.

He didn't even have time to think about why he had given him a prescription.

He only knew that the white tiger's power disappeared instantly when Xiao Changtian's voice sounded.

"What cultivation level is this?"

"Senior is really too terrifying. I'm afraid that only Senior Ye Fan of the Ye Family can have such might, right?"

Wang Jingtian thought of Ye Fan killing Ye Hao, who had suppressed the Western Bull Continent, with an ax. Moreover, he did not have any cultivation.

Immediately, Wang Jingtian determined that Xiao Changtian was on the same level as an expert like Ye Fan.

Xiao Changtian held the kitten in his arms. Under the warm hospitality of the Wang family's head, everyone toasted and laughed.

However, while others drank wine, Xiao Changtian drank tea.

The way to maintain one's health had been completely engraved into his instincts.

More importantly...

He was waiting for the head of the Wang family to give him another golden reward.

However, he had waited for several hours, but no one from the Wang Clan had any intention of handing over the gold.

"What's going on?"

"Are you not going to give me the gold?"

"No, I have to think of a way to remind them."

Xiao Changtian thought about it and immediately said,""The ten taels of gold from before..."

Xiao Changtian said slowly, his gaze sweeping across the face of the Wang Clan's Patriarch.

He believed that the head of the Wang Clan was a wily old fox who managed such a large Wang Clan. He must have understood his intentions.

The result was just as he had expected. The Wang Clan Head really understood.

The expression of the Wang family's patriarch changed, and he immediately stood up.

"Very good, you are indeed the head of the family. It is easy to give a hint to a smart person."

Xiao Changtian nodded in satisfaction.

He was even extremely satisfied when he saw the head of the Wang family walking towards him step by step.

Anticipation.jpg

However...

What Xiao Changtian didn't expect was that the Wang Family Head didn't take out the gold. Instead, he knelt on the ground.

"Senior, it was my fault before. I shouldn't have used gold to repay you."

"Please forgive me, Senior."

The head of the Wang family knelt on the ground, his face full of regret, begging Xiao Changtian for forgiveness.

Xiao Changtian was dumbfounded.

What was the meaning of this?

What was a common thing? I'm just a mortal, okay? Mortals were extraordinary. Was he still a mortal?

He understood.

He understood everything.

At this moment, he understood everything.

It must have been because Wang Miaoshou had taken him as his master and his disciple test had made him think that he was also a doctor with noble character.

Unfortunately, I'm not!

Xiao Changtian was depressed. His disciple was noble and upright, what did it have to do with him, his master?

Don't slander me, okay?

Xiao Changtian was in a mess at the table.

However, when they were outside, they had to pretend.

This was like the image of an elite working outside and a country bumpkin returning home for the new year.

"It's fine. I didn't take it to heart." Xiao Changtian waved his hand.

"Thank you for your forgiveness, senior !.&

When the Wang family's head heard this, he was overjoyed.

However, at this moment.

Outside of Longevity Town, there was a sudden loud noise.

The sound was extremely loud, like a meteor falling to the ground.

The Wang Family Head, who was about to stand up, almost stumbled into Xiao Changtian's arms.

However, after being glared at by the white tiger, the Wang family's patriarch activated his limits. Under extremely terrifying circumstances, he tilted his body and stood still.

"Butler, quickly go and see what's going on."

The head of the Wang family instructed the butler, but before the butler could answer, the Great Sun Immortal spoke first, "A mystic realm has appeared a few thousand meters away."

Even though there was a distance between them, the aura was still captured by the Great Sun Immortal.

Moreover, he felt that batches after batches of experts and experts were rushing towards the mystic realm.

The auras of those experts were abnormally powerful. Although they were far inferior to the Nine Phoenix Matriarch, their auras were on par with the three of them.

There was even a portion of the strong ones whose aura was even stronger than the three of them.

Clearly, he was an expert at the Tribulation Transcendence realm.

"Secret realm?"

Xiao Changtian was stunned.

In the world of immortal cultivation, he had heard that many experts would take a treasured land as their territory after they died.

After passing away, the territory of the chaosworld would form a secret realm.

Or perhaps it was a battle between many powerful people, and those powerful people died together and were eventually buried in that place, forming a secret realm.

in the secret realm.

They would have many magic treasures, cultivation techniques, and even panaceas. These were all existences that immortal cultivators would flock to.

“I feel that there seems to be an opportunity for me in the mystic realm.”

At this time, the Great Sun Immortal spoke.

A puzzled expression appeared on his face. This was the intuition of an immortal cultivator.

“You want to go? Then I’ll go and take a look too...” Xiao Changtian was stunned at first, then he looked at the Great Sun Immortal.

If the Great Sun Immortal wanted to go, it would be very dangerous for him to be without the protection of experts.

He should be safe if he followed the Great Sun Immortal.

“I want to go too.” Seeing this, Wang Jingtian hurriedly followed up. There should be an opportunity for the mystic realm to appear.

However, his current strength was very weak. He was only in the Golden Elixir realm.

After being defeated by the golden core state level nine cultivator, Wang Jingtian was traumatized.

He wanted to breakthrough and become stronger!

If he could follow Senior, he would be safe and his life would be safe. He would not have to worry about anything else and would just focus on searching for treasures.

“Alright, let’s do it then.”

Xiao Changtian nodded. Wang Jingtian was also an immortal cultivator. Although he was weak, one more person meant more power.

in the dark chamber.

The man wearing the skull mask had a gloomy expression and held a bead covered in black gas in his hand.

“Even if you are an ancient emperor, you still have to die in the Emperor Slaying Formation!”

“Green Bull Emperor, I originally wanted to make this move go further, but unfortunately, you’re trash.”

“The Emperor Slayer Formation can be activated with the blood essence of the

Green Bull Emperor...”

Chapter 92: Entering the Secret Realm, Devoured by the Black Fog!\_i

“However, before that, I still need the blood essence of some cultivators...”

...

“Hehe, you ants that have entered, sacrifice yourselves.”

The man wearing the skull mask laughed coldly. His voice reverberated within the dark secret chamber and was extremely terrifying...

“I didn’t expect that an ancient mystic realm would open in such a dilapidated town that doesn’t even have many cultivators.”

“Hahaha, who says so?”

“Those who are allied with my Montenegro Sect, please come here!”

“I don’t know what kind of opportunities will be in the mystic realm, and what kind of farming opportunities will be there. However, the ancestor has died, and now the sect needs someone to break through and guard it. This mystic realm is an opportunity.”

Figures appeared in the sky one after another. Those people were very fast, like streams of light, falling into the mystic realm.

They followed.

There were also the Xiao, Lin, and Chu families, as well as Ye Fan, Mu Jiuhuang, and the others.

“A mere mystic realm is not worth mentioning compared to the opportunities in Senior’s small courtyard.”

“Ye Fan, why did you come here?”

Mu Jiuhuang looked at Ye Fan and asked.

"I feel that Master seems to have come to the Western Bull Continent." Ye Fan held Lin Tingzhi's hand indifferently.

"Senior is here? You can sense Senior's aura?" Mu Jiuhuang was shocked. She knew that Ye Fan was very strong and far surpassed her.

However, was Ye Fan already strong enough to sense Senior's aura?

"No."

"I can sense Senior Black Tortoise's aura."

Ye Fan smiled faintly.

"Senior Black Tortoise?" Mu Jiuhuang is stunned and then she sees, one green haired tortoise riding on one panda's head, squatting at the entrance of the secret realm, staring at those passing female cultivators.

"Fatty, which one do you think is better?"

Black Tortoise patted Fatty Rongrong's head, its head swaying left and right, its gaze on those female xiu.

"Boss, the ones who just walked past are still alright."

Fatty Rongrong paused, feeling Boss touching her head, instantly rejoicing in her heart!

This is Big Brother Black Tortoise!

In the future, no one would dare to bully her if she followed her big brother, not even Phoenix.

As long as he was not alone.

“Senior Black Tortoise.”

At this moment, Mu Jiuhuang, Ye Fan, and the others descended from the sky and arrived in front of the Black Tortoise.

“Cough cough...”

Seeing Mu Jiuhuang, the Black Tortoise coughed twice and instantly retracted its eyes.

Then, he said, “Have the two of you solved the matter of the West Bull Continent?”

“Senior Black Tortoise, it’s already been resolved.”

Ye Fan said indifferently with a respectful expression.

“Hmm, not bad. Your cultivation has already reached this stage. It seems that as Master’s eldest disciple, you didn’t disappoint Master.” Black Tortoise stared at Ye Fan for a while and said in satisfaction.

“Master’s Daoist magic is still the strongest.” Ye Fan did not dare to be arrogant and said indifferently.

“Alright, the mystic realm has opened. It will be a little dangerous for the two of you. Just be careful.”

Black Tortoise reminded.

Soon after, she patted Fatty Rongrong’s head, and like a rocket, Fatty Rongrong instantly shot out!

Whoosh!

With a sonic boom, the Black Tortoise and the Iron Eater disappeared.

“Will it be dangerous?”

Mu Jiu Huang was slightly stunned, but she didn’t think much of it when she saw Ye Fan walk in.

Since Senior Black Tortoise is here, then Master must be here as well. With Master here, what danger would there be?

At the entrance of the mystic realm.

It was a huge whirlpool, like a whirlpool on the surface of the sea. As long as one jumped in, they would be able to enter the mystic realm.

By the time the Grand Sun Immortal and the others arrived, almost all the cultivators had already entered.

At this moment.

There were only a few of them at the entrance.

“Meow!”

The white tiger in Xiao Changtian’s arms looked into the secret realm and let out a low cry.

This was because he sensed the hidden killing intent in the mystic realm.

However, he looked at Xiao Changtian and buried his head in Xiao Changtian’s palm again.

With Master here, a mere killing intent was nothing to worry about.

“Let’s enter.”

Xiao Changtian said lightly and followed behind the Great Sun Immortal into the vortex.

When he stepped on the vortex, he was still a little nervous.

However, in the next moment, space changed.

A white light lit up in front of his eyes, and then he entered the mystic realm.

The secret realm was filled with people.

“There are quite a few people.” Xiao Changtian looked at the crowd of cultivators with excitement.

If he hadn’t come here with the Great Ocean Immortal, how could he, a mere mortal, see the secret realm of the Immortal Cultivation world?

Therefore...

He was still looking forward to it.

“Where should we go next?” Xiao Changtian asked the Great Ocean Immortal.

It was his first time in the secret realm, so he didn’t know what rules or things to take note of.

The only thing he was sure of was that it was definitely not wrong to follow the Immortal Ocean.

“This...”

The people of Ocean Town were stunned.

Senior, are you asking me to choose a path?

However, the cultivators in front of him were all in the Tribulation Transcendence realm, and their cultivation levels far exceeded his.

Not to mention, this mystic realm gave him a sense of danger.

However, the senior had already spoken and asked him to choose a path. In any case, with the senior around, there would not be any danger.

“Then I’ll take the middle one.”

“Let’s go out from the middle”

“I feel that although it will be a little dangerous, the opportunity is the greatest.”

The Great Ocean Immortal said in a deep voice.

Although Xiao Changtian was a little afraid when he heard the word ‘danger,’ he was the only cultivator left. Without him, he would be in danger.

But now, he could only follow.

As everyone continued to advance, a low voice suddenly sounded in the entire mystic realm.

The voice was extremely hollow, like a ghost crying.

“The mystic realm is indeed extraordinary!”

Xiao Changtian listened to the Ghost Weep and was slightly nervous. He approached the Great Sun Immortal.

The White Tiger in Xiao Changtian’s hand raised its head. Its face darkened as it roared at the darkness not far away.

“Meow!”

Following the white tiger’s deep roar, the darkness that was originally restless was directly frightened back.

In the other passages.

It was a completely different scene.

“What is this? Why is my cultivation being devoured? Help!”

“What is going on? Where did this black fog come from?”

“Why can’t we kill these blood fiends in the black fog? Help!”

Shouts rang out as tribulation transcending cultivators were swallowed by the black fog everywhere.

The black fog rolled like a wave.

Wave after wave.

Countless cultivators died, countless cultivators were devoured, and countless cultivators were running for their lives.

“Fatty, these little guys are quite interesting.”

Not far away, the Black Tortoise was staring at them with an interested expression..

Chapter 93: Boundless Danger!\_i

“Help, help!”

“All, I don’t want to be devoured by this monster!”

Anxious shouts rang out one after another, asking for help.

The black fog was like a bone-sore. As long as one came into contact with it, no matter how high one’s tribulation realm was, they would be enveloped by the black fog. Then, they would be devoured by the blood-red monster, and their blood would seep into the ground.

On the ground, some array patterns could be vaguely seen.

As the blood seeped in, the array patterns seemed to be activated and began to emit a faint halo.

“Not good, this blood has been absorbed by the array formation in the mystic realm.”

“We can’t fight on our own now. We’ll fight against this black fog together.”

The Sect Master of Montenegro Sect was the first to step forward.

Most of the people present were experts in the Tribulation Transcendence realm.

Many of them were even sect leaders.

They had all come here to seek opportunities and breakthroughs to replace the position of the ancestor who had been killed by Ye Hao.

These people were all shrewd and experienced.

They could tell at the first moment that this black fog was extremely abnormal. It was clearly for everyone's blood essence.

"The Sect Leader of Montenegro is right. Let's join forces."

Immediately, the experts who were transcending the tribulation stopped in their tracks. Colorful true essence lights lit up in the secret chamber.

Those experts emitted waves of terrifying aura.

These terrifying auras gathered together, and their might was vast.

"Hahaha, I don't believe that this black fog can do anything to so many of us." "Let's attack together!"

"Three..."

"Two..."

"One..."

“Attack!”

With the Sect Master of Montenegro Sect as the leader, countless seven-colored lights gathered in the passage on the left. They were colorful and formed a rainbow bridge.

Boom!

The terrifying power caused the entire passage to tremble.

It directly collided with the black fog.

Everyone did not hold back and went all out. This black fog had killed their sect’s disciples and elders. They could not be forgiven.

In the darkness, the rainbow bridge was like a divine light descending from the sky.

In an instant, the black fog was dispersed.

“It’s a success!”

“That’s great!”

Everyone’s faces revealed incomparably excited expressions. The black fog from before could not help but cause fear to arise in their hearts.

But now, they had taken revenge.

“Boss, these people really know how to shout. That black fog hasn’t dissipated yet.”

Flying in the air, Fatty Rongrong respectfully said to the green haired turtle on her head.

“Oh, oh.” The Black Tortoise nodded his head and stretched out his turtle head. His eyes stared at a woman in an ice-blue dress.

“The peaks are like a gathering, and the waves are like raging waves ~!” The green haired turtle was reciting a poem, saliva flowing down Rongrong’s head, directly dripping down.

“Big brother, good poem. It’s really turbulent!”

Fatty Rongrong didn’t care about Black Tortoise’s saliva, her gaze following Black Tortoise’s direction.

A woman in an ice-blue dress was hiding behind a group of experts and sneaking away.

In the next moment.

She seemed to have sensed something. She raised her head and saw the old dirty turtle’s lecherous eyes.

He was staring at his clothes that had been slightly torn from the battle, revealing his snow-white chest.

“Hmph, you’re courting death.”

The beautiful face of the woman in the ice-blue dress was instantly filled with anger.

At the same time, a flying sword formed from a paper talisman in his hand, under the urging of spiritual power, directly stabbed towards the old dirty turtle.

“Kacha!”

However, with a crisp sound, that paper talisman transformed into a flying sword was directly eaten by Fatty Rongrong.

“What?”

The woman in the icy blue dress was shocked. These two demon beasts had higher cultivation than her?

She immediately started running.

Seeing that woman run away, the old dirty turtle patted Fatty Rongrong’s head: “Chubby, chase after him.”

“Waah!” Fatty Rongrong nodded, bending down to give chase.

However, at this moment, the cultivators who were transcending the tribulation let out a wave of exclamations again.

” Our power has been devoured.”

“Hurry up and stop!”

“Ah! I can’t take it anymore.”

Screams of alarm rang out as the power of the rainbow bridge was devoured. The black fog returned, and thick smoke billowed.

In an instant, all the experts who were transcending the tribulation had ugly expressions.

“Hmph, evil creatures dare to cause trouble.”

At this moment, a voice as steady as a mountain rang out.

A huge seal fell from the sky and repelled the black fog.

“Chu Family Head!”

“It’s the Chu Clan Head’s Chu Seal divine art. The Chu Clan Head is here.”

“Thank you, Master Chu.”

Everyone turned their heads and saw Xiao Zhan, the head of the Xiao family. They all heaved a sigh of relief.

The head of the Xiao family was the head of one of the four great families. His strength was terrifying and unparalleled. He was an eighth level Tribulation Transcendence expert.

Not only that, but with Mu Jiuhuang’s help, he had recently broken through to the ninth stage of the Tribulation Transcendence Realm.

These tribulation transcending cultivators were all pleasantly surprised.

“A mere black fog, I can suppress it with a flip of my hand!” Xiao Zhan was flattered by the crowd, and his face revealed a proud expression.

After breaking through to the ninth level of the Tribulation Transcendence realm, he was full of confidence.

However...

The smile on his face did not last for a few minutes before the black fog directly swallowed the divine power attack he had previously launched.

“Not good, the black fog is coming again.”

Xiao Zhan’s expression changed. The black fog was surging toward him, as if it was tainted with a terrifying ominous aura.

After absorbing everyone’s power, the black fog expanded even faster and instantly enveloped everyone.

“Master Chu, please attack again.”

The experts present all looked at Xiao Zhan in horror.

“Good!”

Xiao Zhan’s face darkened. He struck out with both palms, and two golden seals, emitting golden light, fell directly toward the boundless black fog.

Boom!

The two golden seals collided with the black mist and exploded with a loud bang.

However, Xiao Zhan was completely defeated in this clash!

“It’s over, Family Head Xiao has been defeated,

“We can only wait for death.”

The group of cultivators stood on the spot in despair. Facing the black fog that covered the sky, they had no chance to escape at all.

The entrance of the tunnel had been completely blocked by the black fog. There was no way to escape.

At this moment.

” Fatty, hurry up and go to bed.”

Black Tortoise stood on top of Rongrong’s head, urging. The girl in the ice-blue dress had already run out of the passage.

Fatty Rongrong hurriedly nodded. Boss’s orders, he had to do it.

But now.

The black mist blocked the entrance of the cave, hindering Fatty Rongrong’s footsteps.

How dare they obstruct him?

Fatty Rongrong was furious!

He was going to complete Big Brother Black Tortoise’s mission now. How could he be delayed?

“Roar!”

Only to see Fatty Rongrong erupt with a furious roar, instantly opening her iron eating mouth!

Chapter 94: Divine Beast, This is a Divine Beast! i

“Phew!”

In an instant, the fat Rongrong opened her mouth.

The black Qi that enveloped the tunnel instantly surged like a tide, directly rushing towards Fatty Rongrong’s mouth.

The huge suction force was like a whirlwind, causing those tribulation transcending experts to sway in the wind.

If it wasn’t for the magic treasure stabilizing their bodies, these tribulation passing experts might have also been directly devoured by Fatty Rongrong.

“F \* ck, what level of demonic beast is this? It’s so fierce!”

“He, he, he...He swallowed the black mist!”

“Heavens, what kind of demonic beast is this?”

The group of cultivators revealed incomparably surprised expressions. As experts who were transcending the tribulation, their strength was already powerful.

However, they felt that they were completely powerless in front of this giant panda.

Even the black fog was clearly a terrifying existence that was tainted with ominous aura.

As long as they touched their skin, they would be corroded immediately.

It was impossible for him to survive.

But at this moment.

That panda actually sucked all the boundless black qi here into its stomach.

“This, this, this”

Countless cultivators were shocked!

It was unbelievable, terrifying, fearful, and unbelievable...A series of emotions appeared on their faces.

Some of them were so shocked that their jaws dropped, and their mouths were opened wider than pebbles.

A few breaths later, that black energy was completely devoured by Rongrong.

“Burp ~!”

After swallowing the black mist, Fatty Rongrong burped, her face revealing a disgusted expression.

“It doesn’t taste good.” Fatty Rongrong directly spoke in human language, saying disdainfully.

“Fatty, don’t care if it’s delicious or not.” Black Tortoise Riding on top of Rongrong’s head, his face revealing an anxious expression.

Although he could use his great ability to teleport, that would make chasing girls boring.

“Waah!” Fatty Rongrong nodded once more, running on all fours, like a nimble cheetah.

However, he was wide and fat.

“That’s...Iron Eaters?”

Watching Fatty Rongrong and the Black Tortoise leave, a full fifteen minutes passed before the group of cultivators recovered.

“Iron-eating beast, the Iron-eating beast that was once said to be able to devour all the Saint Metal in the world?”

“Rumor has it that the Iron Eater has been sealed? It seemed to be the Beast

Tamer Sect in the Nanbu Continent.”

“How terrifying!”

“You’ve also neglected one thing, that is the green-haired turtle on top of the Iron Eater’s head.”

“What do you mean?”

For a moment, everyone began to discuss and exclaim.

This matter was too shocking.

Some people even noticed that the Iron Eater was extremely respectful to the green-haired turtle.

Obviously, the level of the green-furred turtle was higher than that of the iron-eating beast.

“Since when did the continent have so many experts?”

The Sect Leader of Montenegro Sect was terrified. He had yet to come back to his senses. His eyes were filled with endless fear.

As the Sect Leader of Montenegro Sect spoke, everyone's faces darkened.

Yeah? Was this still the Tian Yuan Continent? Or the Tian Yuan Continent that they ruled?

At this moment, all the experts who were passing the tribulation had such doubts in their hearts. This was the first time that they doubted their own strength.

On the other side.

The female cultivator in the icy blue dress looked anxious and moved with great agility.

The other hand.

He was holding a communication jade talisman, which was flickering with light.

"Master, come and save me. I'm going to be persecuted by an old dirty turtle demon beast."

As the woman spoke, she began to cry.

She was the Saintess of the Victorious East Continent's Jade Lady Sect. However, she had run away because she was playful. Coincidentally, the opening of the Longevity Town's Mystery Realm had happened. Mo Lianhua had come to the Mystery Realm, ready to explore some opportunities.

In any case, he had all the equipment his master had given him. He was not afraid at all.

However, when the black fog appeared, the group of tribulation transcending experts were unable to resist.

Mo Lianhua finally realized the urgency of the matter and wanted to run out.

What she didn't expect was that she was actually targeted by the dirty old turtle.

"What is it? Someone dared to touch my disciple? Wait, I'll come now!"

On the other end of the jade talisman, a furious voice rang out. Then, the communication jade talisman was hung up.

The woman in the icy blue dress heaved a sigh of relief when she saw her master. However, due to his anxiety and panic, he accidentally ran into another passage.

There was no one in this passage.

It seemed that no one had stepped in.

However, there was no danger here. It was sunny and beautiful, with birds chirping and flowers fragrant. It was like a paradise in a mystic realm.

"Hehe, then I'll hide here." Mo Lianhua smiled faintly. She set up a barrier formation and sat down to cultivate.

In any case, his master would be here soon.

"Big brother, that woman's aura seems to have disappeared?" Fatty Rongrong who was chasing suddenly stopped, her face revealing doubt.

“Fatty, big brother will teach you a move today.” The Black Tortoise standing on top of the fat Rongrong’s head smiled faintly. Mo Lianhua hadn’t disappeared, only used a barrier formation to hide her presence.

However, this shielding magical treasure was of a very high level.

“Big brother, really...?” Fatty Rongrong’s face was filled with joy.

Who was his big brother? He was invincible in the universe, except for the seniors and Phoenix.

If he could learn one or two moves, he would make a huge profit!

“Big brother, teach me quickly!” Fatty Rongrong had a fawning expression, charmingly naive, where was the slightest bit of the fierce appearance from before.

“Ding!”

Only to see Black Tortoise slap its claws, a green light shining on the head of Rongrong.

In an instant, Fatty Rongrong felt his vision turn green.

However, Mo Lianhua’s aura appeared once again.

“Big brother, your divine ability is really strong. It turned green in an instant, hehe.”

“It’s green. I saw everything.”

Fatty Rongrong was charmingly naive, her face carrying an excited expression as she continued to run.

At this moment.

Xiao Changtian and the others continued to move forward.

The man wearing the skull mask looked at the crystal ball in front of him and his expression suddenly changed. "Someone actually barged in. Kill this person first."

The figure on the crystal ball was Mo Lianhua, who was wearing an ice-blue dress.

"Not good, my disciple is in danger! Speed up!"

Mo Lianhua's master, the sect master of the Jademaiden Sect, was currently riding a horse over.

Sensing a fluctuation in Mo Lianhua's soul jade token, he whipped the White-Winged Pegasus he was sitting on.

The White-Winged Pegasus let out a long cry. Its two wings flapped rapidly, turning into a stream of light that rushed over at a speed faster than light..

Chapter 95: Monarch Slaying Formation, This Is a Trap!

"This place is quite safe and fun."

...

Mo Lianhua wandered around the passageway. Birds were singing and flowers were fragrant. There were even rainbow-colored butterflies flying up and down.

It was a stark contrast to the dark, terrifying, and dangerous secret realm from before.

However...

All of a sudden.

The entire tunnel shook violently. A huge crocodile was covered in black fog. It was ferocious and let out a monstrous roar.

The crocodile pounced on Mo Lianhua.

“All!”

Mo Lianhua turned pale with fright and ran away.

She took out a talisman from the ring. It was the life-saving talisman that her master had given her.

It was able to escape through space for a long distance.

There were only a few of them in the entire sect.

“Master, hurry up and come. I won’t waste it if you come.” Mo Lianhua was conflicted. This talisman was very precious. Unless it was absolutely necessary, she could not use it.

She could only silently pray in her heart that her master would come quickly.

“Disciple, master is here.”

She watched as the crocodile opened its bloody mouth and revealed its pitch-black teeth, wanting to swallow her whole.

A valiant woman in armor riding a white horse held a long sword in her hand and slashed down on the crocodile's head.

"Clang!"

The sword qi directly shook the crocodile and made it retreat ten steps before it stopped.

"Master, you're here." Mo Lianhua saw her master and quietly put away the Space Shield Talisman.

However, Mo Yan saw it too.

"Hmph, I told you not to cultivate properly. Now you're in trouble, right?" Mo Yan said unhappily. The reason why she could come so quickly was because she had used a space talisman.

It was a spatial talisman that belonged to her sect leader.

There was only one such card in the entire Jade Maiden Sect.

However, for the sake of this precious disciple, he had no choice but to use it.

"Didn't you say that it was an old dirty turtle? Why is it a crocodile now?" Mo Yan asked.

"Master, this crocodile just came out. The old dirty turtle hasn't caught up yet." Mo Lianhua smiled innocently.

Hearing this, Mo Yan's eyes twitched. This disciple of his was really a troublemaker.

"Let's go." Mo Yan didn't want to continue fighting. He took his disciple and rode on the White-Winged Pegasus, ready to leave.

However, the crocodile that was knocked back received the power from the skeletal man. Suddenly, the black qi around his body became even stronger, and his figure directly expanded several times.

“Roar!”

The crocodile roared and pounced at the White-Winged Pegasus with its claws.

“Flash!” Mo Yan controlled the White-Winged Pegasus to turn around and twist its body, causing the crocodile to miss.

However, because of this, the positions of the two sides also changed.

Now, the crocodile was blocking the entrance. Mo Lianhua and her disciples were stuck in the passageway.

“Not good, this is troublesome.” Mo Yan’s face darkened. Even she, who had been through hundreds of battles, was frowning.

Mo Lianhua didn’t dare to be mischievous, and her expression turned grave.

If his master said that there was trouble, then it was really trouble.

“Now, the only way is to fight!”

“Disciple, use the spatial talisman to escape first. Don’t cause trouble for me.”

Mo Yan said in a deep voice. He got off the white horse. The armor on his body made a heavy sound.

She raised the sword in her hand and charged at the crocodile again.

“Master...” Mo Lianhua’s expression changed drastically. She had a grave look on her face. How could she not know that she had gotten herself into big trouble this time?

His master was at the eighth level of the Tribulation Transcendence realm, but this crocodile in front of him was actually able to fight to a standstill with his master.

In fact, he even faintly suppressed his master.

Boom! Boom! Boom!

A man and a crocodile were fighting at this moment. The scene was extremely intense.

Just a single sweep of the crocodile’s tail was enough to cause a huge chasm in the ground.

Mo Yan’s sword moved one after another. Each of his sword strikes carried the power to split mountains and rivers.

The battle between the two terrifying powers caused Mo Lianhua to tremble in fear. If there was even a single mistake, her master could very well be seriously injured.

Mo Lianhua stood rooted to the ground like a minion. She gripped the spatial escape talisman tightly in her hand, not daring to move.

At this moment.

Not far from the cave.

Fatty Rongrong who was originally rushing over was pulled back by Black Tortoise.

“Wait a minute. I’ll pick a wildflower first.”

“Women all like this kind of wild flower. This one, Thorny Blood Rose, red and bright!”

Black Tortoise held the Thorny Rose in his hand.

However, the moment he finished picking the flowers, he sensed a terrifying change in the cave.

“Fatty, there’s a spicy stick that doesn’t listen to you. Go and eat it.” Black Tortoise said to Rongrong.

“Spicy Strips?” Fatty Rongrong was delighted. Senior had made spicy sticks for them, they were delicious.

In an instant, Fatty Rongrong quickened her pace, transforming into a nimble fat panda. In the blink of an eye, she arrived inside the cave.

In the other passages.

Many experts, except for Xiao Changtian’s passageway, had suffered heavy casualties. The mysterious patterns on the ground began to glow with a red light.

However, the black fog seemed to have killed enough people and absorbed enough power. It began to fade.

“After the great terror, it represents an opportunity. Let’s charge!”

“Haha, I’ve even endured such a terrifying darkness. Why would I be afraid of everything here?”

“Charge! Charge! Charge!”

“I must obtain the opportunities here!”

Excited voices rang out one after another. Everyone quickened their pace and rushed forward.

Immediately after.

Soon, everyone arrived at this place where birds were chirping and flowers were fragrant.

“Is that the sect master of the Victorious East Continent’s Jade Lady Sect?”

“That crocodile’s aura is so powerful!”

“What terrifying power. That crocodile is at least at the ninth stage of the Tribulation Transcendence realm.”

Everyone who came here looked terrified. The crocodile was too strong. Mo Yan was being beaten back and had no chance to fight back.

“Sect Masters, if you lend me a hand, I will definitely reward you heavily in the future.”

Mo Yan saw the many experts who had suddenly appeared. Some of them were people he knew, so he spoke directly.

“Good!”

When the sect leaders saw this scene, they rushed up and fought with the crocodile.

However...

In the middle of the fight, the crocodile suddenly self-destructed, and a huge spider appeared in front of everyone. The crocodile’s power was directly absorbed by the spider.

Then, the spider spat out silk, and the red silk formed a huge web.

It instantly enveloped the entire mystic realm.

“What happened?”

“What happened? What’s wrong with this spider in front of us? What were these red threads?”

Someone asked curiously.

In the crowd, everyone shook their heads, their faces blank.

Until an old man with white hair and wrinkled skin walked out with a walking stick. He looked like he was in his twilight years.

“This is the Emperor Slaying Formation! Ancient Emperor Slaying Formation!”

Chapter 96: Why Are There Spiderwebs? 1

The old man was the ancestor of the West Bull Continent’s Qin clan, Qin Shou.

...

Among the many experts present, he was the oldest and had the most experience.

When he was fighting Ye Hao, he didn’t attack because his realm had fallen and his life force was about to reach the end.

“Senior Qin, what is the Emperor Slaying Formation?”

“Yeah, is this the spider silk? It looks like it can be broken with a flick of my finger.”

A Tribulation Transcendence cultivator asked with a puzzled expression.

The spider silk in front of him did not pose much of a threat to him.

As he spoke, he punched out. He had absolute confidence that he could shatter these red spider webs with a punch.

“No.”

When Qin Shou saw this, his expression was greatly shocked. He hurriedly raised the walking stick in his hand, wanting to stop it.

However, it was already too late.

The powerful warrior who had attacked had already punched the red spider silk.

Weng!

The red spider silk emitted a red light that was like an electric current. In an instant, the expert’s body was directly enveloped by a powerful red light.

Instantly.

He turned into ashes and disappeared.

“Hiss

When everyone saw this scene, they all sucked in a breath of cold air, and their faces were filled with disbelief.

Some people were even at the first level of the tribulation. They were so scared that they retreated. They staggered and lost their balance, directly falling to the ground.

He didn't have the slightest bit of dignity that belonged to a tribulation transcending expert.

“Senior Qin, is this the Emperor Slaying Formation? A mere touch could turn a fifth level Tribulation Transcendence expert into ashes?”

“It's so scary. How are we going to get out now?”

“Senior Qin, is there any way to break this ancient Emperor Slaying Formation?”

Everyone looked at Qin Shou with puzzled expressions.

When Qin Shou heard this, he waved his hand, indicating for everyone to calm down. At this moment, he said,

“I'm afraid everyone knows that the reason why there is no Mahayana in our era is because of the ancient rumors of the Emperor's Fall Era.” Qin Shou said slowly.

However, no one complained about his slow tone. Instead, they asked in confusion, “Senior Qin, what does this matter have to do with the Emperor Slaying Formation?”

“Yeah, yeah?”

The crowd continued to listen to Qin Shou's explanation with a puzzled expression.

“It’s precisely because of the Fallen Emperor Era that spirit weapons were exhausted and the laws of heaven and earth changed greatly that there were no Great Emperors born in our world.”

“Even the Nine Phoenix Matriarch was given the title of Matriarch because she was the number one expert of the human race.”

“However, before the Di Luo Era, those Great Emperors were all existences who could pick stars with their bare hands and destroy continents with a wave of their hands.”

“However, even the ancient emperors have formations that are specially designed to trap and kill them.”

“This formation is the ancient Emperor Slaying Formation!”

Qin Shou explained the origin of the ancient Emperor Slaying Formation in one breath.

After hearing this, the faces of the experts present all darkened.

The glory before the ancient emperor era, although the specifics were unknown.

However, the terror of those Great Emperors was more or less recorded in these large sects.

Even those who could break through the tribulation and establish a sect were all on a bone or a part of the body of those Great Emperors.

A single bone was enough to make the entire sect develop to such a terrifying extent. Not to mention, this was before those ancient emperors.

However, these red spider webs were actually able to trap and kill ancient emperors?!

“Then aren’t we going to die here today?”

“Even an Ancient Great Emperor could be killed, let alone us? We’re just transcending the tribulation.”

“Then what should we do? Are we just going to wait for death?”

The group of cultivators looked dejected and didn’t know what to do.

“What’s wrong with the West Bull Continent? Why was it Ye Hao first and then this mystic realm?”

“Could it be that all the luck of the Western Bull Continent has been absorbed?”

“Damn it!”

The experts complained helplessly.

Beside him, Mo Lianhua was treating Mo Yan’s injuries.

“The Sea King has come to take the opportunity to suppress the enemy.”

At this moment.

Fatty Rongrong brought Black Tortoise, the two quickly arrived.

“Iron-eating beast, is it the Iron-eating Beast from before?”

“And that green turtle?”

Instantly, everyone’s gazes all turned towards Fatty Rongrong and Black Tortoise.

“Master, it’s this old dirty turtle who looked at me lecherously before. He’s an old pervert.” Mo Lianhua complained.

“The Iron Eater devoured all of the black mist. I wonder what this ugly green-haired turtle is capable of.”

“This green-furred turtle looks quite comical, but this iron-eating beast is a little fierce.”

Immediately, the voices of discussion rang out.

These voices were all praising Fatty Rongrong’s might, and there were even people who spoke of how Fatty Rongrong had swallowed all the black mist in one gulp, drawing praise from everyone.

However, he still had doubts about Black Tortoise.

The repeated calls for the green turtle made the Black Tortoise’s face turn gloomy.

Also, what was an old dirty turtle?

I’m a Sea King! The Sea King! Sea King! Important things were repeated three times.

In an instant, the Black Tortoise was furious. In an instant, the spiritual energy around its body erupted, and the Black Tortoise Dharma Idol instantly appeared, level with the sky!

The terrifying pressure directly passed through the Emperor-Slaying Formation.

“All!”

The Black Tortoise’s mountain-like terrifying pressure directly crushed many of the tribulation passing experts present. They squatted on the ground one by one, unable to get up.

“Black Tortoise, it’s actually Black Tortoise!”

“Heavens, the legendary Black Tortoise is so terrifying!”

“No wonder he can ride on the head of an Iron Eater. It’s the divine beast Black Tortoise! This was a legendary existence.”

Many voices were extremely shocked.

Even Mo Lianhua was completely stunned.

“Xuan...Black Tortoise?”

Mo Lianhua looked at the Black Tortoise in disbelief.

Previously, he had actually called her an old dirty turtle?

This...

Mo Lianhua lowered her head in fear and buried her head into her own mountain range.

“Hmph, that’s right.”

“Remember my name, Sea King!”

The Black Tortoise looked at the shocked crowd and smiled. This was the treatment of this Sea King.

As he spoke, he walked into the Emperor-slaying Formation and came to Mo Lianhua’s side.

“Little girl, this rose is for you.” The Black Tortoise looked at Mo Lianhua and said indifferently.

“Senior gave it to me?” Mo Lianhua’s face was filled with shock and disbelief as she hurriedly took the Thorny Rose.

Seeing Mo Lianhua put away the Thorny Rose, Black Tortoise nodded and said, “Alright, since you’ve accepted this sea king’s roses, you’re now a woman under this sea king’s protection. If you have any problems in the future, feel free to find this sea king.”

As he spoke, he prepared to leave arrogantly.

“Big brother, he left just like that.” Fatty Rongrong asked in confusion.

“Boring. How can it be fun if you win her over? Next!” Black Tortoise said with a smile.

“I see, big brother is awesome!” Fatty Rongrong cheered from the side.

At this moment.

Xiao Changtian and the others also arrived.

However, Xiao Changtian’s path was blocked by red spider silk.

“Why is there a spider web?” Xiao Changtian said as he reached out with one hand..

Chapter 97: No, This Is An Existence Even Stronger Than a Great Emperor!\_i

Xiao Changtian's voice rang out, and countless cultivators looked at Xiao Changtian and his group.

Xiao Changtian raised a hand and was about to push the spider web away.

Everyone present saw this scene.

"A mortal?"

"A mortal has entered the mystic realm?"

"Even a ninth level Tribulation Transcendence Realm cultivator would turn into ashes if they touched this Emperor Slaying Array, let alone a mortal."

Instantly, all the cultivators present sneered.

Some kind-hearted cultivators waved their hands to stop Xiao Changtian from touching the formation.

However, most of them had cold expressions on their faces.

To immortal cultivators, mortals were like ants. There was no need to remind them.

It was like an ordinary person walking on the street and casually stepping on an ant without any pity.

That was because he did not put ants in his eyes at all.

"Haha, it's finally here."

In the dark chamber, the man wearing the skull mask sneered as he looked at the crystal in his hand with a vicious gaze.

The Monarch-slaying Formation was set up for Xiao Changtian. As long as

Xiao Changtian touched it, he would be severely injured even if he didn't die.

At that time, the spiders hiding in the secret realm could attack at any time and kill a heavily injured Great Emperor.

The skull-masked man sneered as he stared at the crystal ball.

The spider that was hiding in the dark was ready to attack. Its eight spider legs were already bent and ready to exert force at any time.

"These spider webs are so troublesome."

Xiao Changtian held the white tiger in one hand and lowered his head. He didn't see anyone waving at him.

Then, a hand reached for the spider web.

Then, he gently fiddled with it.

"Hahaha, die. The Emperor Slaying Formation is an ancient formation. I spent a huge price to revive this formation."

The skeleton man was overjoyed when he saw Xiao Changtian reach out his hand. He burst out laughing.

"It's over."

The cultivators who were waving at Xiao Changtian were frozen in the air with despair on their faces. No one could save this mortal now.

“Hiss hiss ~!”

In the dark, the spider lay dormant, spitting out red spider silk from its mouth. It was already prepared to attack.

As long as Xiao Changtian was heavily injured, he could kill him in one strike. “How troublesome. I don’t have any tools or anything. I have to open it myself.” Xiao Changtian said speechlessly. He waved his hand and the red spider silk broke instantly.

“Hmm?”

“???”

The few forces who saw this scene were instantly dumbfounded.

“This... What’s going on?”

“Didn’t the Emperor Slayer Formation work? Why isn’t this mortal dead?” “Impossible, let’s try?”

Those cultivators all looked puzzled. A Tribulation Transcendence Daoist threw out a Dharma treasure and hit the Emperor-slaying Formation.

“Kacha!”

The Dharma treasure shattered and was blasted into pieces by the terrifying power of the Emperor-Slaying Formation.

“Hiss ~!”

Instantly, everyone gasped in shock.

That was a high-grade defensive spirit weapon. Although it wasn't anything precious to a tribulation transcending cultivator, it had been blasted to smithereens, but this mortal in front of him was actually fine.

[I've realized the truth!] Suddenly, someone spoke.

"This person is not a mortal at all. He's an old monster. It's very likely that he's an old monster that's even more awesome than the Ancient Great Emperor." Jade Sect's sect leader asked in puzzlement.

"How is that possible? How can an old monster not have any cultivation?" Someone scoffed.

"Who said I don't have cultivation? Without cultivation, how could he be fine in front of the Emperor-slaying Formation?" "It's just that this person's cultivation level is too high, so we couldn't tell at all."

"We can't tell?"

"F \* ck, what realm is that expert at?"

In an instant, everyone was dumbfounded. It was as if thunder had struck their minds!

Qin Shou, the old man who was at the end of his life, was trembling all over.

The walking stick he was holding on to trembled continuously on the ground, causing small holes to appear. "To be able to break the Emperor-Slaying Formation, this person's cultivation is already beyond our imagination." "You must not offend the people of the Qin family."

Qin Shou came down directly. The Tribulation Transcendence experts beside him nodded seriously.

The old ancestor had lived for a very long time and was extremely experienced.

He had helped the Qin family avoid many crises.

Now, everyone was respectful.

“My Montenegro Sect cannot offend this expert!”

“My Celestial Cloud Sect is the same.”

“Our sect is the same.”

Immediately, countless sect leaders imitated Qin Shou’s orders and gave orders to the existences in the clan.

“Hiss hiss ~”

In the dark, the spider was so frightened that it did not dare to move. It spat out countless red spider silk from its mouth and sent a message to the man in the skeleton mask in the dark chamber.

In the dark chamber.

The crystal ball in the skull-masked man’s hand flickered with red light. It was all information from the spider.

However, at this moment, the skull-masked man was also stunned on the spot.

“You... Who exactly are you?”

“How can you break the Emperor Slaying Formation so easily?”

The skull-masked man was so frightened that he took a few steps back before stabilizing his body.

After a long time, he gave an order to the spider that was hiding in the dark.

“Retreat!”

They had to retreat now. Otherwise, if the spiders were discovered, the entire mythical realm would lose control.

Immediately, the spider nodded and retracted all the red spider webs. It hopped on its eight legs and was about to leave the West Bull Continent.

At this moment, everyone saw the spider again.

“These red spider webs were spat out by this spider?”

“What kind of spider is this? It can actually weave an emperor slaying array. It’s so terrifying.”

Seeing that the spider was about to fly away, no one dared to stop it. Everyone could feel a terrifying aura from the spider.

This aura made them wary.

Xiao Changtian, on the other hand, was holding a cat in his arms, lowering his head to deal with the spider silk in his hands.

“Meow ~”

The white tiger lay in Xiao Changtian’s palm and licked the spider silk for him.

The Black Tortoise saw Xiao Changtian and retreated into its shell.

Fatty Rong Rong wanted to make a move and grab that spider.

However, another powerful and terrifying aura approached, making him hurriedly retract his claws.

“Coo coo coo!”

Accompanied by the crow of a chicken, everyone suddenly saw a phoenix appear. The endless hell seemed to be burning the heavens. Its divine might was impressive, and its figure floated in the nine heavens.

As soon as she opened her mouth, the spider was instantly bitten by her!

Chapter 98: Kicking Black Tortoise, Punching Phoenix! Master Ye Fan!

“Hiss ~!”

The cultivators present couldn’t figure out how many times they had gasped.

Previously, it was the Iron Eater, the Divine Beast Black Tortoise...

Now, it was the Divine Beast Phoenix...

They were completely stunned.

He felt as if he was on a roller coaster today.

The phoenix bit the spider and descended from the void. It raised its proud head and stared at everyone with disdain. It had a domineering aura.

"Humph, ugly turtle, even a small bug, you can't catch it, you're a noob."

Phoenix looked at Black Tortoise who was hiding in his turtle shell and mocked.

"You..."

Hearing that he was being mocked, Black Tortoise was furious. If not for his master being here and the few of them sneaking out, he would not have been so scared that he would have shrunk into his turtle shell.

"You what you, you ugly green-furred tortoise."

Phoenix said disdainfully, her face filled with contempt.

"Phoenix, I can't bear it anymore." In an instant, the Black Tortoise charged forward and pounced on the phoenix. They instantly bit and tore at each other.

As for that little spider, it was picked up by the fat Rongrong, who smashed it and ate it in one bite.

"The taste is not bad." After eating, Fatty Rongrong nodded.

The cultivators present were already so shocked that they were speechless.

Watching the Divine Beast Phoenix and the Divine Beast Black Tortoise biting and fighting, they even turned around one after another, not daring to watch.

This was a battle between divine beasts. He was only a mortal. If he angered the divine beasts, he and the others would not be able to bear the consequences.

However, when they turned around and faced Xiao Changtian, their hearts skipped a beat.

Just then, they saw Xiao Changtian raising his head and smiling at them.

“Hello, Senior. Hello, Senior.”

All the tribulation passing experts looked at Xiao Changtian with a smile.

Such an expert was able to destroy the emperor slaying formation with a wave of his hand. Even those ancient emperors weren’t capable of such a feat.

He must not be offended!

“Senior? Are you talking about the Great Sun Immortal?”

Xiao Changtian looked at the Great Sun Immortal standing beside him and nodded, agreeing with his idea.

Daoist Big Sun was still powerful. He had already come to the West Bull Continent, but he was still considered an expert and was called senior by others.

“Daoist Big Sun, you guys chat first. I have something to deal with.” Xiao Changtian smiled and said to Daoist Big Sun and the other experts.

As for him, he was going to deal with the turtle and the old hen.

He actually dared to sneak out behind his back and was even fighting. He couldn't tolerate it!

Xiao Changtian's face darkened as he walked towards the turtle and the hen.

"You two are really capable. It's really three days without a beating."

Xiao Changtian's angry voice rang out, and everyone looked at him.

Xiao Changtian stared at the turtle and kicked it into a hole.

"If you dare to be disobedient again, I'll stew you and make turtle soup. My patience is limited. This is the last time, do you hear me?"

Xiao Changtian looked at the green-haired turtle that he had just kicked out and said angrily.

The Black Tortoise sensed Xiao Changtian's anger. It quickly stuck out its head from its shell and nodded.

Seeing the turtle admit his mistake, Xiao Changtian turned his gaze to the hen.

The old hen was also frightened. She squatted on the ground and wrapped her wings around herself, not daring to move.

That arrogant head didn't dare to raise up anymore. Instead, it buried itself into a small pit in front of Le's eyes.

"Hmph, now you know how to act cowardly? What did you do earlier? You deserve a beating!"

As he spoke, Xiao Changtian held the cat in his left hand and grabbed the hen's neck with his right hand, lifting her up.

"If you don't listen to me, I'll pluck all your chicken feathers on the spot and roast chicken." Xiao Changtian stared at the old hen and said fiercely.

"Coo coo coo!"

The old hen was so frightened that her entire body trembled and she did not dare to move.

Xiao Changtian looked at the hen and threw it down.

These two animals really made him worry.

If one day, he was casually caught by a passerby and eaten directly, wouldn't he be unable to open the path of invincibility?

This would not do!

As an animal warden in his previous life, Xiao Changtian knew very well that some animals needed to be taught patiently.

However, some animals had to be a little harsh and undergo guiding punishment in order to become obedient and obedient.

After dealing with these two, Xiao Changtian looked at the fat Rongrong.

Fatty Rongrong was scared out of her wits, directly running over, hugging Xiao Chang Tian's thigh, her mouth crying out in a pleading voice, even her pair of big eyes were about to burst into tears.

He was scared.

"Forget it, don't hang out with this green-haired turtle in the future." Xiao Changtian said angrily.

“Sob, sob, sob.”

Fatty Rongrong nodded seriously, hanging on Xiao Changtian’s thigh not daring to come down.

When the crowd saw this scene, their previous shock was no longer counted.

“Hiss

Countless people gasped. The temperature in the cave rose sharply.

The senior in front of him kicked the Black Tortoise and punched the Phoenix.

Even the Iron Eater could only beg for mercy.

They only felt that the terrifying black fog, the Emperor-slaying Array, the crocodiles, the ferocious beasts, the silk-spitting spiders... It was just a drizzle, nothing much.

It was like the difference between a river and a lake and the huge waves of the sea!

If someone had told them before that there was a senior who could kick the Black Tortoise and punch the Phoenix, they would definitely scoff and laugh disdainfully, thinking that he was bragging.

But now, they believed it!

He completely believed it!

“Why is the temperature rising so fast?”

Xiao Changtian, who had taught the Black Tortoise and Phoenix a lesson, turned around in confusion.

Everyone who was gasping immediately stopped and bent down with a smile on their faces.

Facing this senior in front of him, although it did not have any terrifying might, its might was a thousand times more terrifying than the previous Emperor-slaying Formation and the Black Tortoise Phoenix!

No, ten thousand times! 100,000 times!

Everyone was extremely shocked as they whispered to each other with their True Qi.

“Senior, why haven’t I heard of his name before?”

“I wonder who is stronger between this senior and Ye Fan.”

“The two of them don’t seem to have any cultivation. With our tribulations, it’s impossible to compare them.”

Some of the tribulation transcending experts communicated with each other in a low voice, comparing Ye Fan and Xiao Changtian.

When he spoke of transcending the tribulation, his voice was bitter. He even added two words in front of it.

For the first time, they felt that their tribulation transcendence realm was actually so small!

He was like a frog at the bottom of a well. After coming out of the dry well and seeing the vastness of the world, he felt small after being shocked!

At this moment.

Ye Fan and the others walked out from another passageway. There were some blood stains on their bodies, as if a battle had happened.

“Master, you’re here?”

Chapter 99: The First Bookstore Chain Store l

“Master, you’re here?” Ye Fan’s happy voice sounded.

Everyone saw Ye Fan and the others walking towards Xiao Changtian with extremely respectful expressions.

Because they had gone to another passage. That passage contained a supreme array formation and killing intent. Moreover, the red spider silk of the Emperor-Slaying Formation also appeared.

Fortunately, Mu Jiu Huang recognized him and did not charge into the array easily.

They only walked out when the Emperor-slaying Formation was broken.

“Disciple? So you’re here too, and Jiu ‘er.”

Xiao Changtian saw Ye Fan and Mu Jiu Huang and smiled faintly. He originally thought that it would take a lot of effort to find Ye Fan.

After all, he had never asked his disciple about the exact location of his home in the West Bull Continent.

He did not expect to meet her here.

This was really something that he had searched for without any effort!

“Master, why are you here?”

Mu Jiu Huang asked curiously.

However, compared to the opportunities in his master’s small courtyard, it was far inferior.

Wasn’t this matter unreasonable?

“We’ll talk about this later. Let’s leave first and head to the Wang Clan.”

Xiao Changtian said calmly. He looked at Wang Jingtian and asked him to lead the way.

As the saying goes, wealth should not be exposed. The matter of giving money to his disciple could not be said here.

“Yes... Yes, yes!”

Wang Jingtian was sweating profusely and hurriedly agreed.

He completely did not expect that this senior in front of him was actually Senior Ye Fan’s master.

That day, Ye Fan attacked and killed Ye Hao with one axe! The shocking scene of the Western Bull Continent had already been recorded in the crystal ball.

Wang Jingtian had naturally seen it before. Even if that terrifying axe wanted to split the West Bull Continent apart, he would still believe it.

Originally, he thought that Xiao Changtian had no cultivation, but he had a divine beast. He was an expert who hid in the mortal world and played around.

He even compared Xiao Changtian and Ye Fan to see who was stronger.

The two of them were very similar in age, which made Wang Jingtian curious.

As the saying goes, there is no second best in literature and no second best in martial arts. In the world of cultivation, everyone will subconsciously compare the strong.

But now.

This senior was actually Ye Fan's master.

Wang Jingtian was so shocked that his face was covered in sweat.

He was only an outer sect disciple in the Lin family.

However, he still knew the eldest daughter of the Lin family, Lin Tingzhi. Standing next to Ye Fan was the eldest daughter of the Ye family, Lin Tingzhi.

Even the Lin family could not be compared to Ye Fan.

There was probably no one on the entire continent who could compare to Ye Fan's master.

"Please."

Wang Jingtian stood up and hurriedly led the way.

Xiao Changtian took the lead and Ye Fan and the others followed behind.

The Black Tortoise, Phoenix, and Iron Eater followed Ye Fan and quietly left under everyone's respectful gazes.

Fifteen minutes later.

The group of people, who were as still as stone statues, finally came back to their senses.

"This senior is actually Ye Fan's master?"

"Not only that, the empress even called him master?"

"Daoist Xingyun still calls this senior?"

A series of exclamations rang out. The voices were like waves, wave after wave, and each wave was stronger than the last!

"What's wrong with this world? Am I dreaming? Could it be that my life is coming to an end and I'm hallucinating?"

The walking stick that the Qin family's ancestor, Qin Shou, was holding trembled endlessly. In the next moment, he raised his walking stick and slapped the Qin family's patriarch's head.

"All! Ancestor, why did you hit me?" The Qin Family Head said in pain.

"You're not dreaming?" Qin Shou asked in realization.

The Qin family head was speechless.

After a long time, everyone still did not leave. Instead, they analyzed what had happened in the West Bull Continent recently.

“Previously, Ye Fan’s supreme being bone was dug out by the Ye family and he was on the verge of death. It hasn’t even been a few months since then, right?”

“There’s also the Great Empress and Daoist Xingyun. Both of them have broken through to the Mahayana realm. That’s the legendary Mahayana realm!”

“Senior’s Divine Beasts, the Black Torts, and the Phoenix...”

H n

Everyone analyzed with relish.

The more they analyzed, the more shocked they were. The final conclusion was that Xiao Changtian was too powerful. He was a peerless expert from ancient times who brought him a supreme opportunity.

Only Mo Lianhua, the leftover girl from Jade Lady Sect, looked hesitant. She rested her chin on her hands and sat in front of the lake, feeling lost.

She held the red Thorny Blood Rose in her hand, and the shadow of the Black Tortoise vaguely echoed in her mind...

Wang Clan.

Because of Xiao Changtian’s return, the entire Wang Clan was filled with a tense atmosphere.

Even a wily old fox like the head of the Wang family would wipe the sweat off his forehead from time to time.

“Master Wang, is the weather very hot?” Xiao Changtian asked.

“It’s not hot. I’m weak. This is sweat...” The Wang Family Head hurriedly explained.

Motherf \* cker!

Among the people in front of him, one was the number one empress of the human race, one was a 100,000-year-old ancestor, and the last was the eldest son of the Ye family of the Western Bull Continent.

However, these people were only the disciples, maids, or juniors of the seniors...

The Wang Family Head felt like a small ant sitting across from a few elephants...

Even though the Wang Clan’s beast fur leather was incomparably soft, at this moment, he felt as if he was sitting on pins and needles.

“Ye Fan, this is your second junior brother, Wang Miaoshou.” The first thing Ye Fan did was to let Ye Fan and Wang Miaoshou get to know each other.

“Greetings, Eldest Senior Brother!” Wang Miaoshou knelt down with a respectful expression.

“Second Senior Brother, please rise.” Ye Fan smiled faintly and helped Wang Miaoshou up.

Their eyes were filled with sincerity. To be able to become Master’s disciple was a supreme opportunity. He must be an outstanding person or a person with a pure character...

After a simple introduction, the two of them were greeted.

“Didn’t Jiu ‘er ask me why I came to the West Bull Continent?” Xiao Changtian said slowly.”

Hearing this, everyone focused their attention and listened.

Xiao Changtian said,"" The West Bull Continent has indeed suffered a serious disaster. There are some things that you can't handle at the moment. I'll help."&

Xiao Changtian wanted to say that he was here to deliver gold.

I was in a hurry when I left, so I didn't bring any gold.

However, after seeing the scene of the disaster in the Western Bull Continent, it was obvious that the earth had trembled. Otherwise, why would the road be split apart, with a chasm and collapse?

However, since the earth had moved, the gold he had brought with him was clearly not enough.

He could only think of another way.

After thinking about it, Xiao Changtian felt that he should open the first Changtian Book Bureau in the West Bull Continent.

In the Great Sun courier station, the cultivators preferred to read their own books.

It was just an earthquake. To mortals, it was a disaster, but to cultivators, it was a trivial matter.

He could use the money that immortal cultivators used to buy books to help Ye Fan rebuild his home.

"Then the first branch of the Changsheng Bookstore will start from the West

Bull Continent.."

Chapter 100: Big Hit, sold well!\_i

“Thank you, Master.”

Ye Fan said gratefully, his heart incomparably warm.

His master was a peerless expert who enjoyed the peaceful and quiet days of the world.

However, he actually went out personally for her.

The gratitude in Ye Fan’s heart was indescribable.

“You’re my disciple. There’s no need for the word ‘thank you’ between master and disciple.”Xiao Changtian waved his hand and said indifferently.

“I thought about it and decided to open the Changsheng Bookstore chain in the West Province first.”

“Only then can we achieve our goal.”

Xiao Changtian caressed the white tiger in his arms. His eyes were deep and he was already thinking about how to plan the first chain store.

Ye Fan and the others saw Xiao Changtian’s deep gaze.

They were all shocked.

“Could it be that Senior is preparing to intimidate those people in the dark?”Mu Jiuhuang looked puzzled, but she was overjoyed.

If Senior's bookstore were to appear, the people in the dark would definitely be intimidated by Senior and not dare to make a move again.

And out of Ye Fan and out of the great sun immortal.

Daoist Xingyun and the Wang family were all puzzled. Such a senior actually wanted to open a bookstore?

Senior was such a mighty figure, yet he actually did something that mortals did?

However, the Wang Family Head did not fall into a daze. Instead, he immediately said, "Senior wants to open a bookstore chain. My Wang family will invest all our resources to support Senior."

The Wang Family Head expressed his stance immediately.

Such a master, acting grotesque, he seems to be all normal.

However, even if such a senior wanted to give away the entire Wang family, the Wang family head would not say anything.

Wang Jingtian, who was at the side, saw his father's quick response and praised him in his heart.

He wanted to remind his father, but he didn't expect his father to be so shrewd.

"As expected, the older the wiser." Wang Jingtian thought to himself.

"Alright, Patriarch Wang, I'll take it that you're a shareholder." Xiao Changtian didn't refuse. If he wanted to open a chain store in the West Bull Continent, he still needed financial support.

The Wang family was a big business and was a good partner.

Furthermore, the test at the Great Sun relay station proved that the online novels from his previous life were even more popular with cultivators on the Tian Yuan Continent.

Hence, he decided to do it.

Xiao Changtian and Family Head Wang discussed the follow-up and then started to implement it.

A few days passed.

Xiao Changtian wrote down a few books according to his memory.

Every single one of them was a divine work from back then.

It was even a novel that he could finish reading even if he stayed up all night.

“Just these few books.”

Xiao Changtian placed the books in front of Master Wang and ordered Butler Wang to copy them.

He stood in front of the high platform and looked into the distance.

As he wrote down these books, the memories of the past surfaced in his mind. The story missions in each of them were very interesting. He could not help but reminisce. For a moment, he was filled with emotions.

Even his gaze turned deep.

After standing for a while, Xiao Changtian sighed. He felt that the system was too much of a scam, so he went back to his room to rest.

Sitting on the stone bench, Master Wang, Daoist Xingyun, and the others were curious.

“Senior, what’s wrong? Why was he so depressed? He seemed to be recalling some vicissitudes of the past?”

“A mighty figure like Senior is really hard to guess!”

The few of them sighed and then curiously flipped open the book that Xiao Changtian had written.

“Hiss!”

“This, this, this, this...”

Daoist Xingyun’s pupils dilated, and the Wang family’s master was so shocked that he stuttered.

Wang Jingtian, who was about to get up and pay his respects, saw the strange behavior of the Wang family’s head. He thought that something had happened and rushed over in a hurry.

With a glance, he scanned the contents of the book.

“Clang!”

The sword in Wang Jingtian’s hand fell to the ground on the spot.

He slumped down on his butt, and the floor was smashed open.

Wang Miaoshou followed closely behind...

An hour later.

“No wonder Senior sighed earlier. His gaze was ancient, as if he had recalled something. These worlds were probably experienced by Senior, right?”

“A single person ruled over the Aeon, cut off the path to immortality, led everyone to High Heavens, and fought with the gods...”

“Pangu came first, then the heavens. Senior, before the chaos...”

“These experts turned the stars in the sky into ashes in the blink of an eye...”

Shocked voices rang out like mosquitoes, and everyone felt a chill run down their spines.

These worlds and experts were probably all existences from the ancient era.

These existences disappeared one by one, dissipating into the river of time.

Only Senior could escape from time and be eternal!

Speculations sprouted in everyone’s hearts one after another, and then they spread out like bamboo shoots after the rain.

Several hours passed.

The head of the Wang family then instructed Butler Wang with a trembling voice to copy these shares. Moreover, he had to use the most expensive paper, the best typography, and the best craftsmen...

After giving the order, the Changsheng Bookstore was built within two hours.

At this moment, the Wang family's head no longer cared about money. Being able to do the best for his senior was the greatest opportunity for the Wang family.

Finally.

Three days later.

Changsheng Bookstore opened.

The pages were gilded, and the top characters were printed on them. Each book was sold for a hundred taels of gold.

"Isn't this a little too expensive?"

Xiao Changtian didn't expect that the Wang Family Head would be so honest. Even the pages of the book were gilded.

However...

What happened next stunned Xiao Changtian.

The cultivators that he had seen in the secret realm had all gone crazy and fought to buy them. Even a book had directly soared to a million taels of gold.

Although Xiao Changtian knew that gold was nothing to cultivators, he still limited the price.

In his previous life, web novels were not expensive to begin with, let alone free ones.

No matter what, he could not raise the price at will.

In the end, he set the maximum price of a book at 500 gold taels so that it would not be so ridiculous.

Seeing the bookstore open, Xiao Changtian was overjoyed. He turned around and left. He would leave the rest to Family Head Wang.

Only after Xiao Changtian left did the cultivators who bought the books and the tribulation transcending experts start to discuss crazily.

“Why didn’t I think of cultivating this technique before?”

“Emperor Vicious, you really think you’re a role model for us female cultivators!” Mo Yan, the sect leader of the Jade Lady Sect, was shocked.

The Qin family’s ancestor, Qin Shou, looked at Changsheng in his hand. A violent aura fluctuated around his body. Suddenly, he had broken through!

“I, I actually broke through. The insights of these seniors actually allowed me to break through. Hahaha!”

A wild and hearty laughter rang out.

“Senior is truly terrifying!”

After the intense discussion, everyone was shocked and said in unison.

In their eyes, a book was an era, or even more eras and planes...

However, Senior was actually able to record it. It was unimaginable!

Even the skeletal man in the dark chamber had obtained one..
