

MISS BEAUTIFUL C.E.O AND HER SYSTEM

Chapter 10: Her two generals

These two cards were so hot in her hands, Ling Qingyu was reluctant to throw them away. But after kissing these cards in succession until she was satisfied, she tossed them out.

The cards flew, rotating in the air, and stopped their trajectory defying the law of physics. Still swiveling, these cards became brighter and slowly dissipated into pieces of photons.

A flash blinded Ling Qingyu's eyes and when she opened her eyes again, two women stood in front of her.

One of them was taller than the other. Based on the heights she already knew who was who. Their dressing style was in absolute contrast; one wore a modern style, and the other wore an elegant antique style.

The tall one was in all black except her leg wearing a pair of brown cowgirl shoes. She black leather jacket over her black shirt along with her black long pants. This color if it wasn't for her good skin, she wouldn't exude a captivating temperamt.

Tang Ziyi's attire was applicable for all occasions ev in a sudd fight. She had a big sunglass covering half of her face just like inside a card. Strong cheeks and petite nose with not-so-thin eyebrows.

Glancing at her tire body, Ling Qingyu's throat dried again. She hadn't ev se the face but the air a Tang Ziyi mesmerized all her atttion. Mysteriousness alongside fiercness.

Her eyes moved toward a shorter one. In contrast to a more mature vibe, Xiao Yue appeared lively and youthful. Wearing a long black cheongsam with gold imprints and splits starting from the thigh, Xiao Yue displayed her long legs to Ling Qingyu, whose eyes didn't move away from the legs.

It was firm and slder, plump where it was needed, along with high heels added more grade. No unnecessary features were added. The ratio had neared perfection. Ling Qingyu unconsciously licked her tongue and couldn't extract herself from the sight of looming ss.

Somehow Xiao Yue spread her legs and both legs were shown from the thighs, causing Ling Qingyu's eyes to light up.

"Looks good? Wanna see more?" Xiao Yue said charmingly, her fingers in curving motion and posing out her chanting figure more.

Ling Qingyu instinctively nodded her head until she realized her gaffe and coughed out to express her innocence.

Now that she had a glimpse of their body, she had to admit, the two were indeed alluring in their own way. Both busts were very prominent for Asian women. At least it was more than a D. Their hips were upturned and plump naturally. Surely, glamorous hourglass bodies indeed.

Perhaps because she had seen her own attractiveness, she didn't lose any more of her control. However, her eyes' hidden movements were noticed by the two experts.

Tang Ziyi removed the sunglasses from her face and curled her lips. Her cold elegant voice came out, turning her body to the side and touching her hips with a gleam in her eyes.

"Do you wanna touch our ass?"

Ling Qingyu's instinct quickly shook her head, saving her life from misery. Her resistance toward these beauties was dropping every minute. She must divert her conctration elsewhere.

She conversed with her system quickly. 'System, are you sure they would never harm me?' Ling Qingyu had to inquire because her guts told her to be wary of her deeds in order to avoid losing the first impression.

Well, it was already brok after ogling at them.

[They will leave you if they didn't like you but they would never hurt you. And you don't need to introduce your situation because this system had already told them.]

'Brok! Damn! You didn't mtion me being...'

[Not at all. Else you won't be alive speaking to me.]

Since they knew her state and problems, everything was easy to talk to. Yet there was still a problem related to their identities. Attracting the attention of the government or any state apparatus wasn't desired, especially her system.

'System, about their official status...'

[Done! This system has solved everything. They would be the same as the rest of the citizens. It's effortless.]

Ling Qingyu sighed in relief. Everything was taken care of. If she didn't know her previous life and the system had problems with her ideologies, she would have thought she was the daughter of Miss System.

Her face turned red and ripened like an apple, even the two women weren't spared from her captivation. They were a bit stunned and recollected their thoughts after hearing Ling Qingyu speak.

"I guess, you already knew about my issues plus my past. I'm not gonna dwell on further. I've read your characters and personalities. You are superb help right now." Ling Qingyu cleared her throat to regain focus and said out everything from her heart.

Tang Ziyi and Xiao Yue nodded their head in agreement since they were told by the mysterious existence. They were shocked, particularly with the part where a man was inside a woman's body.

Both of their gazes shone on Ling Qingyu with pity and compassion. Ling Qingyu's forehead twitched due to their glances, especially her feeling like being mentally retarded was the most obvious message from their eyes.

"Right now, I'm very much in need of protection. I need to know who wants to kill me and I need investigation." Ling Qingyu said quickly, her face serious. "The faster our process is the better we'll find the clues. I think you two could help me with this issue."

When it came to serious cases, their expressions were no longer smiling. The two of them must protect Ling Qingyu from harm right now. That was the priority.

When it came to underground events, Tang Ziyi was an expert who swam in those rivers back and forth. Xiao Yue might be contributing to the fight but surveillance capabilities were zero.

"You don't need to worry about the initial culprit. I can find their locations and everything in a matter of hours. It's the backhand that I'm worried about." Tang Ziyi spoke out her plans. "I may need time to find the real conspirator..."

The door creaked suddly and everyone was silt. Someone came in.
