### **Betrayed By Everyone Loved by Four Chapter 91**

"So, tomorrow's the day. You nervous?" Lila asked me.

We just sat down in the library for our second hour. For the first time ever, we are the first ones here. We sat down at our normal spot, and I blew out a breath.

"Extremely. Although, your dad said it's going to be a quick thing. He said that all I'll have to do is sit there, and listen. Thankfully. But my dad said that none of my boyfriends are allowed to come for moral support. And then your dad agreed." I said grumpily. Lila laughed. "It's probably for the better right now. When things get more serious, we will all be there." She told me.

I smiled at her before pulling out my homework.

"So, I heard you and Leo got into quite the argument yesterday." She said.

I rolled my eyes.

"How are you so cool, and nice, and are a twin to-"

Leo walked in at that very moment.

"That?" I asked pointing to my d\*\*k head boyfriend.

Lila laughed. "We might look identical, but emotionally... We are ferternal." She said making me snort.

"Well, boo bear over there ruined my date plans." I said.

Leo walked to our table. He set his books down at the other end, then came over to kiss my head. Then he walked over to the history section. Must have a paper due soon. "Boo bear?" Lila asked in a whisper.

I smirked. "He said I wasn't supposed to tell anyone. That's what he gets for the shit he pulled yesterday." I said smugly.

Lila giggled. "So, dates off then?" She asked.

I sighed. "I don't know. I didn't give Leo details.. Do you think it could still work?" I asked.

Lila shrugged. "I think you should still do it. It'll probably make Leo feel bad for making you tell him." She said.

I smirked at her. "What a wonderful thought. I didn't think about that." I said.

Lila smirked back at me.

"What are the two of you whispering about?" Leo asked as he came back to the table.

"Oh nothing, boo bear." I said making Lila snort.

Leo glared at me. I held his gaze. Daring him to say some dumb shit to me.

Thankfully, Leo just grunted. He sat down in his chair, and opened up a notebook. I turned to Lila, and smirked. She just rolled her eyes at me.

A few minutes later, and the whole gang is here. Evie is sitting next to Oliver, who is next to me like always. He's going over what we learned in calculus today with her. Evie is worse at calculus than me.

Milo is across the table from me, with his legs hooked around mine. I kicked off one of my shoes, and have been rubbing my leg up and down his leg. Milo likes it. He keeps looking up to wink at me.

Leo has his face in the history book he pulled out. I bet that paper he's working on is due on Friday. With my court date tomorrow, I'm sure he wants to finish it today. Leo will want to spend all of his free time with me today, tomorrow, and for the entire weekend. And if he doesn't.. That sucks, cause he's going to.

Atlas is on the other side of Lila today. I can feel him add his feet in with Milo and I, here and there. He keeps staring at me, and I've been blowing him kisses. Pretty sure that Lila is getting annoyed though.

"So, angel, what are we doing today?" Oliver asked.

I shrugged. "Whatever you guys want. I told my parents I would be home late since they won't let any of you come tomorrow." I said.

"They have good reason." Milo said with a hard tone.

I rolled my eyes.

"They could at least let me take Oliver. He would behave himself." I grumbled.

Oliver chuckled. "We will be there the moment you walk out of those doors angel." He said.

"Yeah, you better." I said.

Then I stood up from the desk.

"I have to pee." I announced.

Leo stood up immediately, and I raised a brow at him.

"The bathroom in here is broken right now. You have to go down the hall." He said.

"I think I can handle it Leo." I said.

Leo's jaw tightened.

"I will be fine. If anything happens, I'll scream. You guys will hear me. Besides, James isn't allowed here right now. I'll be okay." I said.

Leo just stared at me, but he stopped clenching his jaw at least.

"Relax boo bear. I will be fine." I said.

Milo snorted. "Boo bear huh?" He teased Leo.

Leo rolled his eyes, and sat back down. I giggled as I walked away. I can hear Leo threatening the rest of them over that nickname as one walk away.

I walked down the hall to the bathrooms. I did my buisness, and stepped out of the stall to wash my hands. And then.. Vanessa walked in. Followed by Milinda. Great.

"Well, what do we have here?" Milinda said sweetly.

I ignored her.

"Milinda don't." Vanessa said surprising me.

"Don't what? I just want to say hi to Millie." She said innocently.

Milinda walked over to stand next to me. I kept ignoring her. All I have to do, is walk out of here, and down the hall.

"Hi trash whore. How are you doing today? Bet you're just having a grand ole time with your four boyfriends while James rots away at home." Milinda said sweetly.

I kept ignoring her.

"Milinda, stop." Vanessa said.

"Why should I?" Milinda asked angrily.

Then she turned back to me.

"How do you sleep at night knowing your lies are ruining an innocent guys life?" She asked with a fake laugh.

I couldn't help myself.

I turned to Milinda, and scoffed.

"Innocent? James is far from innocent. I didn't lie. I never have. How can you claim to be so close to him, and not see that?" I asked her incredulously.

"Close to him?" Vanessa asked.

Milinda glared at me.

"Shut up Millie. You are a waste of space. It's pathetic that someone like you is trying to ruin James life." She seethed.

I just held her glare.

"If James didn't want his life ruined, than he should have taken no for an answer." I stated.

"See, that's the thing. It doesn't make sense. James could have any girl in this school. If you told him no, why didn't he just leave to find another?" She asked.

Milinda sounds like she doesn't believe me based off of this question alone. Only, I asked myself this same question. Over, and over again. I still don't have an answer. "I don't know." I said.

"I think you do. See, I think that James is telling the truth, and you-"

I scoffed interrupting her.

"Because James has always told you the truth before right?" I asked.

Milinda didn't answer.

"The only reason that you believe him over me, is because you don't want to admit to yourself that you f\*\*ked a rapist!" I shouted in her face.

"You slept with James?" Vanessa asked.

I forgot she was here. Oh well. If Vanessa didn't already know, she deserves to.

Milinda glared down at me, before turning a smug smile to her best friend.

"I've been fucking your boyfriend for months Vanessa. But then again, who hasn't been?" She said.

Milinda has a point.

"How could you do that to me?" Vanessa asked.

I had to scoff at that.

"Karma's a bitch isn't it?" I turned my head to ask her.

That is exactly what Vanessa did to me. She had been sleeping with James behind my back for months. Lying, and pretending to be my friend. Just like Milinda.

Vanessa just stared back at me.

"Face it Vanessa. You just can't satisfy James." Milinda said.

Vanessa turned her head to Milinda.

"Apparently, neither can you." She said.

Milinda looks pissed.

"When are the two of you going to learn that he is the one lying. He is the one turning you against each other. And all for what? Pussy?" I shouted. "And you call me pathetic. At least I got out. At least I have some self respect." I said. "And all it did was get you raped." Milinda sneered.

I clicked my tongue at her.

"No. Thankfully, I was saved before it got that far. I just got beat up, and bullied, but what else is new?" I sneered back.

I headed for the door, and turned right before I was going to walk out.

"I would rather be me, and go through all the shit the two of you put me through.. Than be either of you. I'm starting to see who is really the pathetic one here."

With that I walked out, leaving the two to argue alone. I released a shaky breath as I walked down the hall. Holy shit. I can't believe I just stood up for myself like that.

"What happened?"

I looked up to see Leo standing in the middle of the hallway. He walked up to me with a scowl on his handsome face. I instantly relaxed at the sight of him.

"I came to get you after you were gone for five minutes. What happened?" He asked again.

I rolled my eyes. [Search the website](#) to access chapters of novels early and in the highest quality.

"I can't even spend five minutes away from you?" I asked annoyed.

"Not in this damn school. Not with the psycho's that go here." Leo stated.

I rolled my eyes again. Leo reached down to grip my chin. He dipped his head down to get in my face.

"Don't roll your fucking eyes at me princess. That's one." He stated.

I gulped.

"Five minutes is a long time to just pee. I was worried. Then I find you scowling at the ground. Looking like a spoiled brat who just got told no. So, tell me what happened." Leo ordered softly. I sighed as I looked into his eyes.

"Milinda, and Vanessa came in the bathroom." I said.

Leo tensed.

"But it's okay. I stood up for myself. I handled the situation, and then I stormed out." I told him.

Leo stood back up, and smiled down at me.

"Did you now?" He asked.

I smiled while I nodded my head.

"You should have seen me. I even told them that they are the pathetic ones." I said proudly.

"That so?" Leo asked.

I nodded again. "Yup."

Leo moved his hand from my chin, and trailed his fingers down my bare arm lightly. I shivered. Then I smacked his hand away.

"Don't do that." I said.

Leo trailed his fingers, just as lightly, up my body under my same arm. I slapped him away again. Leo smirked at me.

"Stop that." I said.

"Why?" Leo asked, and did it again.

"Because it tickles." I giggle as I swatted his hand away again.

Leo stopped, but slung his arm around my shoulder.

"Alright, but I am going to remember it for later." He said.

I rolled my eyes as we walked back to the library.

"I saw that." Leo whispered in my ear as we walked into the library.

"I don't know what you are talking about." I whispered back.

"That's two princess." Leo said.

Excitement bubbled up in me.

Leo lead me back to my seat. We sat down. Oliver immediately knew something was off, so I told the table about what happened in the bathroom. Everyone was very proud of me. Espeically my girls. I feel good. Really good. Great in fact. Without James here... things are sort of looking up. It's gotten better that's for sure.

"So, what are we doing after school?" I asked.

"Well, Atlas and Caleb don't have practice today. Coach Miller has a thing." Lila said.

"Why don't we all come to my house? We can hang out, all of us." Milo suggested.

"Sounds fun." Evie said.

"Yeah, it does." I agreed.

"What about you, boo bear?" Milo asked Leo.

"Sure." Leo said a bit too happy. "Oh, by the way. Did you guys know that Millie is ticklish?"

"You are going to be fine Millie." Leo said from the front seat.

Dad might not let them come in with me, but he let them drive me. And all of them agreed to wait out here in the car for me to get done. No matter how long it takes.

I am extremely thankful for them. Just knowing that they will be right out here when I'm done is enough for me. Dad even said that I can spend the rest of my day with them after this. Well, he said we have to be home for dinner. That was more of Mom though. She said it's about time they all came over together.

Hopefully, this doesn't take too long. It's already 3 p.m. By the time we are done, it might be dinner time. Not that I will care I'm sure. Food, and all my boyfriends? That sounds perfect.

Please, that sounds like every day for me anyways.

Still, I'm nervous. I've been ringing my hands together. It took me three hours to get ready. I want to look appropriate, but also show that I am strong. I want James to think that he has no affect on me, while I make him pay for what he tried to do.

Yet.. the thought of seeing James again is making me want to throw up. Espeically withouth the comfort of my four guys. At least my dad will be there. Mom too. Not only them, but all four of my boyfriends dads will be present as well. They have made it very clear that they all want to take part in this case. Epecially since we are pretty positive they will bring up my relationship with their sons at some point.

Atlas placed his large hand on top of both of mine to make me stop my fidgeting.

"Babygirl, it is going to be just fine. Our dads know what they are doing. If James so much as even breathes in your direction, they will tear him down." He told me.

I looked into his bright blue eyes.

"And you'll all be right here?" I asked.

"Yes." Leo answered.

I looked at him in the drivers seat.

"What if one of you has to pee?" I asked.

"I'm sure Atlas has a water bottle in here somewhere." Milo said teasingly from the passanger seat.

"What if someone comes by, and tells you you can't wait here?" I asked.

"Won't happen." Oliver said from my right. Search the [Find\\_Novel.net](http://Find_Novel.net) website to access chapters of novels early and in the highest quality.

"What if James brings in a gun, and holds the place up? Or-o-or if he plants a bomb somewhere? Or has one of his fan girls do it?" I rushed out in panic.

Leo turned in his seat to face me.

"Stop beign ridiculous Millie." He stated making Milo snort.

I nodded.

"Ridiculous. Right. I'm just..." I trailed off.

"Panicking." Oliver finished for me.

"I'm just panicking. Ha. No big deal." I tried to laugh it off.

"Listen to me princess." Leo said.

My eyes snapped to his deep greens.

"You are going to march in there with your head held high. Just like you do every day at school. You are going to clear your head, and do your best to relax. If you can't, just think about all of us sitting out here waiting for you. You will be protected in there. Nothing is going to happen." He said sternly.

"You promise?" I whimpered out.

"I promise." Leo stated confidently.

I let out a shaky breath.

"Okay." I said nodding my head.

Just then, my dad tapped on the window at Atlas's side. He looked at me, and tapped his watch. Then he pointed to the building.

"Okay, guess it's time to go in." I said.

"You got this babygirl."

"Just breathe angel."

"We will be here when you get out cupcake."

"Remember, head high princess."

I nodded to all of them.

Atlas opened the door, and got out. I climbed out of the car after him. Atlas kissed my forehead, and gave me a little push in the direction of my parents.

As soon as I reached my parents, Mom clung onto my arm. Dad wrapped his arm around my shoulders. Then they walked me up the steps of the large court house.

The place looks exactly like in SVU, but a tad bit smaller. It's all white, with large pillars in the front. There are people littered on the many steps. It's all a little.. weird. Strange. Overwhelming.

Once we got to the doors Dad let me go to open one for us. Mom ushered me, while still clutching onto me. I'm pretty sure Mom is just as terrified as I am. I feel bad for her.

Head high princess.

Leo is right. I can at least fake it for the sake of my mother. Both of my parents. I can do this.

So, I squared my shoulders, jutted out my chin, and walked through the doors with my mother. We were immediately met with Adam, Derek, Henry, and Marcus. Dad walked over to them, and mom and I followed.

The inside of this building is a bit brighter than I expected. The lights are florescent of course. The walls are white, with all kinds of things lining them. The floor is white marble. I can hear hushed voices, phones rining, and the clicking of heels against the marble floor.

"Hey Millie, how are you feeling?" Adam asked.

"Nervous." I admitted.

Adam gave me a small smile.

"Today will most likely be quick. We were just assigned a judge. Judge Lockern is going to be the one over looking the case. She will listen to the basics, and then give us another date to come back." He told us.

"Is that good?" Mom asked. "The judge I mean."

Adam nodded. "She knows us well. She is a very good hearted woman, but a hard ass. Jugde Lockern will want to hear all the details, she will most likely let a lot of questions slide because of that. That will be both good, and bad for us." He said. "O-okay." Mom said.

Adam put his hand on Mom's shoulder.

"It's going to be fine." He told her.

Then Adam looked at me.

"James will be present for all of this. You do not have to look at him, or pay him any attention. You still have a restraining order against him. He is still not allowed to talk to you, or come close you." He told me. I nodded.

"Don't worry Millie, everything will be fine." Henry assured me.

I gave him a nod.

"We are going to be late if we don't make it upstairs now." Derek announced.

With that, we all headed for the elevators. We are going up to the third floor. Mom never let go of me. I tried with all of my mite to not ring my hands, or fidget at all.

The elevator dinged, and the doors opened. My eyes landed right on James. My breath caught in my throat, and he glared at me. Derek moved to stand directly in front of me, and I let out a breath.

"You just follow behind Derek, and stay beside me Millie." Marcus said as he stood next to me.

I gave him a nod, and we all existed the elevator. We walked down the hall, and I stared at Derek's back the entire time. Is it just me, or does Milo look more like his dad than I thought? How can someones back look familiar to me? Derek pulled open a door, and stepped to the side. Adam gestured for me to walk in so I did. Then I followed behind him to the front of the room.

Judge Lockern is sitting on the bench. Her eyes flickered up when we entered. Adam nodded his head to her. Then he opened the little swinging door for me.

The Judge is a bit older than I was expecting. She's a small woman, maybe in her late 50's. Her dark brown hair is graying around her face. And she has deep brown eyes that seem kind.

Mom, and Dad have to sit behind me now. Which is nerve wracking. Mom almost didn't let go of me.

I sat at the large table, and all four of my lawyers sat with me. Then I heard the door open again. I tried to keep my eyes forward as James, and his team of lawyers sat down.

"Alright, get on with it." Judge Lockern said.

Adam stood, and so did one of James's lawyers.

"In the case of Holmebrook vs Melrose, defense, how do you plead?" Judge Lockern asked.

"Not guilty your honor." James lawyer announced.

"We will go to trial then." Judge Locker announced.

"We request a date within the next three weeks your honor." James lawyer said.

Judge Lockern's eyes snapped to his.

"You will get whatever date I give you Mr. Maroney." She stated firmly.

"Then we would like to request for a revision on the restraining order Miss. Holmebrooke has against Mr. Melrose." Mr. Maroney said.

My eyes went wide. What? Why would they want that? What does that even mean?

"For what purpose?" Adam asked.

"James needs to go back to school." Mr. Maroney stated.

"Mr. Melrose has other options of schools, and online schooling as well, your honor. I see no need for a revision." Adam addressed Judge Lockern.

"Yes, but this is the school that Mr. Melrose attended before. He was on sports teams. Has his friends there." Mr. Maroney argued.

Adam scoffed. "With all due respect your honor, Mr. Melrose is on trial for attempted rape. Are you sure you want to give him a revision that allows him access to a plethora of young vulnerable girls?" He asked.

Mr. Maroney laughed. "My client is innocent Mr. Whitlock. Not only that, but the school is large. I'm sure the two of them can keep their distance. Mr. Melrose is a young boy, he needs to socialize." He argued.

I fought down a scoff. Keep our distance? I'd love nothing more than to get all the distance I can from James. He's the one with a problem.

"Your honor-" Adam started, but Judge Lockern cut him off.

"No need to keep arguing Mr. Whitlock." She said, and then looked at Mr. Maroney. "I see here that Mr. James Melrose was already arrested for violation of the current restraining order. Doesn't seem like he can keep his distance." The Judge said.

"It was misunderstanding your honor-" Mr. Maroney said, but Adam interrupted him.

"I have video proof that James Melrose waited outside of the school for my client. Just to harrass her. There is footage of one of my clients friends reminding James Melrose of said restraining order, and he continued to try to touch her after that." He stated. Then Adam turned his head to Mr. Maroney.

"It seems your client already can't do what he is told, and you want us to allow him more freedom? I don't think so." He said.

"Alright, I've heard enough." Judge Lockern said. "Current restraining order stays. James can go to a different school, or take online classes. Trial date is set for March 20th. Dismissed."

Then she hit her gavel down, finalizing everything.

"Come on Millie." Marcus said as they all stood.

I stood as well, and hurried to my parents. I can feel James's eyes on my back. Mom clung to me once again, and we practically ran out of the court room.

Mom didn't stop until we were in the lobby. Then she finally stopped to turn to my lawyers. I can see out of the corner of my eye as James walks passed us, and out of the court house. "Well, we have two, and a half weeks to prepare Millie." Adam said.

"Is that good?" Dad asked.

Adam nodded. "We will have to meet up more to go over questions. You have to be prepared for everything that is going to happen." He told me.

"Okay." I said.

Adam gave me a smile. "Everything is going to be alright Millie." He said.

Everyone keeps saying that. I just hope they're right.

## **Betrayed By Everyone Loved by Four Chapter 93**

"How did it go?" Leo asked as soon as I got in the car.

I blew out a breath, and rested my head back.

"It was so nerve wracking. When we got out of the elevator, James was glaring at me. For a total of two seconds before Derek stood in front of me." I said.

I whipped my head up to look at Milo.

"You and your father have the same physique." I told him.

Milo raised a brow at me.

"Are you trying to say that you checked out my dad?" He asked amused.

"What? No, of course not.... Well, maybe a little." I admitted.

"Back to the point princess." Leo said.

"Right. Well, I tried not to look at him after that. Updated by . We walked in. James lawyer, Mr. Maroney, tried to get them to revise the restraining order so that James could come back to school." I said. "Should have seen Adam shut that down." I said with

a snort.

"Johnathon Maroney is James lawyer?" Leo asked me.

I shrugged. "I... guess so?" I said.

They all shared a look.

"What? Is that bad?" I asked them.

"He just has a lot of beef with our dads." Atlas told me.

"You all just moved here a few months ago." I said.

"Doesn't matter with lawyers." Milo said.

"Ooookay?" I asked hoping they will elaborate.

"We just heard that he is a shark, that's all. Nothing our dads can't handle princess." Leo said.

"Okay." I mumbled.

"What else happened?" Oliver asked.

"Well, the Judge said no to revising the restraining order. Thanks to Lila recording James that first day he came back to school." I said.

"We should take her out for ice cream for that." Atlas said.

I turned my head to him.

"Ya know what, we should." I agreed.

"Back to the point princess." Leo said annoyed.

"Well, not much happened after that. The Judge gave us a trial date for March 20th, then she dismissed us." I said.

"That's less than three weeks away." Oliver said.

"Yeah, it's four day's after Leo, and Lila's birthday." I said.

"What judge did you get?" Leo asked.

"Judge Lockern. Your dad said that's a good thing." I said.

"Oh, that's a very good thing." Oliver said with a cocky smile.

That is not something I see on Oliver much.

"Why?" I asked him.

"Jodi Lockern has become a good friend of my parents. A case that my dad handled when we first moved out here. They had dinner together, then Dad brought Jodi home so that Mom could cook for her. Mom and Jodi love each other now." He told me. "Oh." Was all I said. "Judge Lockern can't be biased Oliver." Leo said.

"I know, but it makes me happy that someone who won't be biased will be handling our girlfriends case." Oliver replied.

Leo sighed. "What did my dad say after that?" He asked.

"Just that we need to meet up more to go over questions, and such." I said.

"Sounds like it's over for the day Leo." Milo said.

"Please let it be over." I groaned.

Atlas chuckled, and slung his arm around my shoulders. He kissed the side of my head, and I leaned into him. Then Oliver placed his hand on my knee.

"Alright, fine." Leo said as he started the car up. "We have one stop to make before going to your house for dinner princess." He said.

I furrowed my brow.

"Where?"

\*\*\*\*\*

I should have known that our stop would be somewhere with food. Leo stopped at the bakery that I love. Told us to wait here as he went inside. Five minutes later he came out with a huge box of cookies. All my favorites, and even a cheesecake.

Then we drove to my house. I snacked on my cookies happily. Pretty sure this classifies me as spoiled rotten at this point.

By the time we made it to my driveway... all of my boyfriends lost their confidence.

"Why are all of you so nervous?" I asked with a laugh. "We all do the cook out things, and sit with each other during Atlas, and Caleb's games." I said.

"Yeah, that was before your parents knew that we've been defiling their daughter." Milo said.

I snorted. "It's not like I gave them details daddy." I teased.

Milo whipped his head around to face me.

"Don't call me that during dinner." He said.

I bursted out in laughter.

"I mean it Millie. It would be extremely uncomfortable if you said 'pass the salt please daddy', "Milo mocked in a high pitch tone, "and we both reached for it at the same time." He said.

At that, Oliver and Atlas joined in on my laughter. Leo just gave Milo an incredulous look. Oh, this is too great.

"This isn't some face book meme Milo." Leo told him.

"Hey! They had to start from somewhere." Milo defended himself.

Leo laughed at that.

"Oh, this is just too rich." I said as I wiped tears from my eyes.

"You guys had a whole talk with my dad already, what more can he do? And my mom loves all of you. She just wants to get to know you more." I said.

Then I turned my eyes on Leo.

"You have the hardest shell to crack babe. I'm gonna need you to loosen up a bit for this." I told him.

Leo turned his eyes to give me a skeptical look.

"Please. I know it is not your strong suit, but my mom really just wants to get to know you all. She already has favorites, and you are the least right now. All because you don't open up." I said, and then booped his nose. "Your mom really has favorites?" Atlas asked.

I nodded as I sat back in the seat.

"Well, she said that Oliver is her favorite, but didn't like, list you all off, or anything. Just that Leo is too quiet so she doesn't have an opinion of him." I told them.

"I'm her favorite?" Oliver asked with a wide smile.

I turned to grab his face.

"You sure are schnoogems." I teased. "She said that you are so polite, and very sweet. And I agree with her." I said.

"Is schnoogems gonna be my nickname now?" Oliver asked me.

I giggled. "Possibly." I said.

"I think that's very fitting." Leo commented.

"Better than boo bear, that's for sure." Oliver said.

The rest of us snorted.

"Okay, really though. Are you guys ready?" I asked.

All of them nodded, and we all got out of the car. I walked ahead of them to my door. When I turned around I couldn't help but laugh at their nervous faces.

I rolled my eyes, and opened the door.

"Mom, Dad! We're here!" I called out as I kicked my shoes off.

"In the kitchen honey!" Mom called back.

I walked around the corner, and into the kitchen. I can feel the guys follow right behind me. Nerves are just rolling off of them.

Mom is at the stove stirring something. When we entered she turned around to smile at all of us. I returned her smile instantly. "Welcome, welcome. Have a seat, make yourselves comfortable." She told them.

I turned to see all of them look around uncomfortably. I had to place my hand over my mouth to hide my laughter. This is too fun.

"Sit down you goons." I told them. "You guys want a soda?" I asked.

They all awkwardly took seats at our table. I went to grab them each a soda out of the fridge. Mom gave me a wink right before I closed the door. I set all the drinks on the table, but all of my guys still look uncomfortable. "You guys are acting so weird." I said.

"I agree. It's not like we all haven't sat down to have meal together before." Mom said.

"This is different though, isn't it boys?" Dad asked from behind us.

I rolled my eyes.

"Dad." I whined.

"David, you promised to behave yourself." Mom scolded him.

"Yeah Dad." I chimed in.

Dad narrowed his eyes at me.

"I mean, please Dad. Come on. This is important to me." I said with big puppy dog eyes.

Dad's face softened. He turned to the table, and took his seat at the head. I took the seat to his right, with Milo on the other side of me. Mom set out the food, and told us to help ourselves. I, of course, went first.

"So," Mom started. "Are all of you going to take over for your fathers after school?" She asked.

Leo cleared his throat. "I plan to, but I am the only one." He said.

"Oh?" Mom said. "What do the rest of you want to do then?" She asked.

"I hope you don't plan to live off of my daughter." Dad said.

I rolled my eyes at him.

"I acutally plan to follow in my mothers footsteps." Milo said.

"Oh, a doctor. How nice." Mom said.

"I'm going to college for software engineering." Oliver said.

"Wow, that sounds interesting." Mom said.

"Sounds tough." Dad said.

"Yeah well, Oliver is very smart. Maybe even smarter than me." I said.

Dad scoffed. I frowned at him. [SEAR\\*ch the website to access chapters of novels early and in the highest quality.](#)

"I'm just smarter in calculus Mil, you got me beat in every other subject." Oliver said.

"Especially Bio." Atlas mumbled.

"Well, what about you Atlas?" Mom asked.

Oh no. I should have told Atlas to expect this. The rest of us have a plan. We know what we are doing after highschool. Atlas is still figuring it out. I don't think that he wants to go to school anymore, or do sports. I wonder if he's thought about culinary school. "Uhm, well, I haven't figured that out yet." He said shyly.

Oh, my teddy bear.

"So, you do plan to live off of my daughter." Dad accused.

"No dad, he plans to live off the rest of our boyfriends. Duh." I said.

Dad snapped his head to me.

"Okay you two." Mom cut off our little tiff before it even began.

"Atlas, it's alright to not know yet. Your mother didn't know either." Mom said.

Atlas smiled. "Yeah, she told me that she worked odd jobs until she was in her mid 20s. That's when she realized her passion." He said.

Mom smiled back at him. "As long as you are making money, and happy, you should be able to take all the time you need." She said. "Thank you Mrs. Holmebrooke." Atlas said.

"Oh please, call me Betty." Mom said.

"Atlas is a really good cook. I bet he would do great in culinary school." I said.

Atlas smiled at me. "I'm not that good." He said.

I scoffed.

"No, Millie is right. You are a phenomenal chef." Oliver agreed.

"You could be the next Gordan Ramsey." Milo teased.

"Ugh, learn how to bake too so I can have all the sweets I want." I said.

Atlas chuckled. "I've been told I make some mean brownies." He said.

My eyes snapped to his. There is a mischievous glint in my teddy bear's eyes. I smiled at him as I took a drink of my water.

"Oh, I would love to try them some time." Mom said.

I choked on my water.

"Forget how to drink Millie?" Leo teased.

I flipped him off making Dad laugh.

"Millie." Mom scolded.

"I'll bake you some Betty. I'd love to see what you think of them." Atlas said.

"Oh, I would love that." Mom said.

The rest of dinner went like this. Mom asking questions to make the conversation keep going. Dad would grumble here and there. Eventually, we all settled into comfortable conversation. Each of my boyfriends were polite, and kind. It made my heart swell. Family dinner, is a success.

## **Betrayed By Everyone Loved by Four Chapter 94**

"Okay, here is the last bits of stuff. Do you need any help setting the rest up?" Lila asked.

It's Friday evening. Mom helped me convince Dad to let us all stay here. I think that dinner went very well. That, and I think all of our parents understand we are all 18 now, so what does it matter. Well, almost all of us.

Lila and Leo will be 18 next week though.

"No, I think I have it all set up. I just need the guys here." I said.

"Okay. So, I will send them in here, out to the beach in..." Lila trailed off.

"Give me like 20 minutes." I said.

Lila nodded, and handed me the bags of food, and small box of Leo's favorite snacks. I grabbed them, and headed out the back door. Then I paused, and turned around.

"Wait!" I called out.

Lila turned to face me.

"Do I look okay?" I asked.

Lila paused to look me up and down. I'm wearing a simple baby blue bikini. I know already that it's Milo's favorite. I also have a sheer matching cover around my waist. My hair is down, and natural, and no makeup. "You look beautiful as always." Lila finally replied.

I gave her a bored look.

"You were starting to make me panic." I scolded.

Lila laughed. "Sorry, I couldn't help it. Of course you look great. You always do, anddddd they will think so regardless. Those boys are all whipped for you girl." She said.

I blew out a breath. "I guess you're right." I said.

"Okay, go." Lila pushed me in the opposite direction.

I rushed out the back door of the house. The sun is still up, thankfully. I walked to the blanket I have set up. I have a bucket with wine chilling in it. Thanks to Lila. She really came through for me.

I sat up the food, and snacks. Everything looks pretty perfect. I have Milo's surfboard tucked in the sand standing up next to me. And I have Atlas's guitar laid out on the blanket as well.

Everything looks perfect.

I sat on the blanket, and tried to appear relaxed. Pretty sure I look like I'm trying too hard though. I watched the back door of the beach house, and waited.

Maybe 20 minutes was too long. I should have told Lila 10. Maybe I should text her to tell her I'm ready now, before I lose my confidence, and call this whole thing off.

Just as I reached for my phone, I saw them. All four of my boyfriends walked out onto the back porch together. Atlas, and Milo beamed at me. Their faces hold so much excitement. Oliver is just staring at me, I don't really know what to make of his expression. Leo though, Leo looks guilty. As he should.

Atlas, and Milo were the first ones to make their way too me. I watched as Oliver walked behind them. The closer they get the more I can see the awe in Oliver's face. I hope that's a good thing.

"Hi." I said softly once they reached me.

"Babygirl, what is all this?" Atlas asked.

I sat up on my knees, and chewed on my bottom lip.

"Well, you guys have been so great to me. Since day one. I know that I didn't make it easy on any of you. I know we have been through a lot. I could never thank you guys enough for everything you are doing for me when it comes to James.." I said softly. "You don't have to thank us for that cupcake." Milo said.

"I know." I said. "But, I wanted to do something for you guys. Something to show you that I appreciate you all. To show you how in love with all of you I am." I said.

"So, I brought Atlas's guitar, so that he can sing to us. I brought Milo's surfboard, so that we can play in the water-

"And you wore my favorite bikini." Milo interrupted me to say.

I rolled my eyes at him.

"Anyways, I ordered food from Oliver's favorite restaurant. And Lila helped me get these weird candy's and chips that Leo likes. Oh, and there is wine." I told them all.

I looked up to see them all staring down at me. My cheeks heated. Oh no, was this not okay? Not the right thing to do?

"Uhm, I-I maybe went all out." I said as I forced out a laugh. "I, uhm, we, uhm, can just pack up, and watch a movie-

"Stop it princess. We love it." Leo said interrupting me.

"Really?" I asked as I stared up at them.

"Yeah angel, this is amazing!" Oliver said. [Search the website](#) to access chapters of novels early and in the highest quality.

I beamed.

"I'm so glad you like it." I said.

"I'm just glad I didn't ruin it. This isn't what I was expecting when you said you wanted to plan a date for us." Leo said as he joined me on the blanket.

"Imagine how much better it would have been if you didn't force me to tell you about it at all." I replied.

Leo wrapped his arm around my waist, and pulled me right into his lap.

"Don't get mouthy princess." He said.

"Or what?" I asked teasingly.

Leo brought his lips to my ear. "One."

A shiver ran down my spine.

"Babe, you really got all my favorites." Oliver said as he looked through the take out boxes.

I smiled at him. "I hope you're hungry." I said.

Oliver started opening up containers, and setting them in the middle of all of us. He passed out forks, and declared that we should all share everything. I am totally down for that. We made conversation while we ate.

"I can't believe you did all of this for us." Oliver said.

I shrugged. "It wasn't hard. Thankfully, Lila was able to help me a lot." I said really stressing it.

"Remind me to thank her." Leo said, and then kissed my cheek.

I looked up at him. "Oh, I will." I said.

"Do you have anything else planned cupcake? Any.. fun surprises?" Milo asked.

I giggled, and shook my head.

"Just that we all get to spend the night here." I said.

"Damn, Atlas should have made brownies." Milo said.

I laughed. "Uhm, actually, I may, or may not have had Caleb buy me a joint for tonight." I said.

All three sets of eyes snapped to me. I didn't even want to look up to see Leo's face. I gave them all an awkward smile.

"We're getting laid tonight." Milo said before putting a forkful of rice into his mouth.

I snorted. Atlas's eyes clouded as he stared at me. Oliver rested his hand on my bare thigh as he looked at me with the same heat Atlas is. Leo rested his hands on my hips. "M-maybe we can all be together tonight?" I asked.

All eyes looked above me. I turned my head up to look at Leo as well. Leo looked down at me, and smirked, making that lip ring pull up.

"Maybe if you're a good girl princess." He said lowly with that deep voice.

"Feel like I would have better luck, if I was a naughty girl." I mumbled.

Leo chuckled at me. "Risk what you want baby. I can still have fun while not f\*\*\*\*\*g you. I think we made that clear at this house once before." He said.

Heat spread throughout my body.

"Babygirl, want me to sing to you?" Atlas asked.

I nodded enthusiastically.

Atlas pulled his guitar into his lap, and started playing. I leaned against Leo as I listened to Atlas sing to me. I love his voice. I'm also pretty sure he only did this to distract me from being naughty.

I can't stop thinking about it though. Is tonight finally going to be the night that I have all of them together? How is it even going to work?

With how many rounds I go with just two of them, I assume it going to be a whole of touching, and a whole lot of taking turns. All I know is, it doesn't matter if I'm good, or naughty. I will be getting what I want tonight.

"You have such an amazing voice Atlas. Let's put you on a singing show. Your looks alone would get you far." I told him.

"I thought you wanted me to go to culinary school?" Atlas asked with a laugh.

"I want you to do whatever makes you happy." I said.

Atlas gave me my favorite lopsided smile. "Cupcake, come swim with me." Milo said.

He stood up, and stripped his shirt off.

"But you don't have trunks on." I said.

Milo smirked as he undid his shorts.

"No one's around. I can go in my underwear. Or, we can go naked." He offered.

My face heated. I smiled dreamily. I wonder if the others would join us.

"Remember, good girl." Leo whispered in my ear.

I sighed, and stood up. I shimmied out of my little cover. Then Milo grabbed my hand, and practically dragged me to the water.

"You gonna run in with me? Or are you gonna be a chicken?" Milo teased.

I pushed on his chest hard, and took off into the water. Milo joined me almost immediately. We splashed, and played together for a little while. Then Milo grabbed me, and pulled me to his chest. I wrapped my legs around his waist, and my arms around his neck. "I love this suit on you." Milo said as his eyes traveled down my body.

I giggled. "That's why I wore it." I said.

"Ya know what would look even better?" Milo asked me.

"What's that?" I asked.

Milo played with the ties on the sides of my bottoms.

"If we take it off." He said lowly.

A shiver ran down my spine, but I never looked away from Milo. He's daring me with his deep blue eyes. Milo always has a way of hypnotizing me.

"Do it then." I challenged.

Without hesitation, Milo untied both of my ties. He pulled the fabric from my body, and tossed it towards the shore. Then his hands moved to the back of my top. Milo untied the tie around my back, and my neck. Then he threw that piece of clothing towards the shore as well. "Hmmm, it's kind of nice to swim naked." I said.

Milo nodded with his eyes on my bare body under the water. His hands left me to take off his one article of clothing. I giggled at him. Milo turned me around so that I'm staring at our others on the beach.

Oliver is watching us with a mischievous smile on his handsome face. Atlas and Leo are talking. Every once in a while their eyes flicker to us, but I don't think they've realized that we got naked.

"Let me fuck you in the ocean Millie." Milo whispered in my ear as his hands came down to my p\*\*\*y. "It's always been a dream of mine." He said as his fingers circled my clit.

"Do it. Please daddy." I begged.

Milo kissed the side of my neck. He moved his fingers, and lifted my hips. I kept my eyes on Oliver as Milo slammed me down on his hard c\*\*k. I moaned.

Oliver raised a brow at me as Milo started to bounce me slowly. I wiggled more on Milo, trying to get him to go faster. I whimpered when Milo wouldn't give me what I wanted.

"You don't want Leo to see you being a naughty girl, do you?" Milo whispered.

"Please, he already knows." I said as I slammed myself onto him.

I raised a hand out of the water to beckon Oliver to come in. Milo is still moving me slowly as Oliver stood up. Oliver stripped out of his clothes completely. His d\*\*k is hard

as a rock as he walks into the water. Atlas noticed, but Leo did not. I'm not really about to get away with this, am I?

"You wanted me?" Oliver asked once he reached us.

I looked at Oliver, and back to the boys on the beach. Atlas is trying to give Leo his attention, but I can see he is distracted. Leo noticed Oliver in the water, but I still don't think he knows we're naked. I looked back at Oliver. "Fuck me Oliver."

"You want me to f\*\*k you?" Oliver asked teasingly.

I nodded. "With Milo." I said.

"No, you're supposed to be being a good girl so we can all be together tonight." Oliver said with a pout.

Milo pulled me up, and slammed me back down on him making me moan loudly.

"You sure Oli? F\*\*\*\*\*g her in the water like this is so much fun." Milo said dreamily.

He's moving me faster now. I think he finally lost all reason. I'm so happy. I love it when Milo gets rough.

"I'll even let you in her ass." Milo said.

"Have.. Have you ever.. tried to.. uhm, put two in at once?" I asked.

Milo froze making me whimper.

"You want us to try to fit two of us in your p\*\*\*y at one time?" Milo asked.

"I just.. I didn't know if it was even possible." I said.

Oliver grabbed my face. "Well, I suppose it could be, but not with your p\*\*\*y. You are way too tight, we would rip you." He said.

I pouted.

"Don't pout angel. You're already being naughty, let's make it worse." Oliver said lowly.

Milo pulled out of me, and I whimpered. He spun me around, and pushed me into Oliver. Oliver grabbed my hips, and rubbed his hard c\*\*k through my p\*\*y lips. I leaned my head back as I moaned. Oliver took his time teasing me. To the point that I grabbed his c\*\*k, and lined it up at my entrance. Then I sat down on him. It isn't my ass, but I needed something.

"Oh fuck Millie." Oliver moaned into my ear. "Your pussy is my favortie. So wet, so tight, so fucking good." He said.

I moaned. [SEARCH THE website](#) to access chapters of novels early and in the highest quality.

"Let me help." Milo offered.

Olivers hands went to my boobs, and Milo grabbed my hips. Then he started bouncing me on Oliver fast. The water is sloshing around us. My moans are growing louder.

"I need you both." I moaned out.

Milo lifted me until Oliver is out. Then I felt Oliver spread my ass cheeks. Excitement poured through me.

"Tell me if it hurts, since we don't have lube." Oliver said.

Milo snorted. "Please, I know that pussy has enough lube." He said.

"She really did feel wet as fuck." Oliver said as he started to push inside of me.

"We're.. in... water.." I moaned out.

"It's not the same baby." Milo said.

Then Oliver pushed the rest of the way inside of me. I let out a loud moan, and wiggled on Oliver. Who didn't move. I groaned as I moved myself up, and then back down. Then Milo put started to help me move again. "Millie, baby, you feel fucking amazing." Oliver whispered in my ear.

"Uhh, Oliver." I moaned out.

"Spread your legs more baby so I can get in there too." Milo said.

I spread my legs further apart, and moaned at the feeling. Milo sandwiched me between he and Oliver. I can feel the head of his cock at my entrance. I gripped onto his shoulder as I stared into his eyes. Milo is staring at me, but not moving. "Give it to me daddy." I begged. "I'm so ready for you. We both are. We want you. Fuck me senseless daddy. Make me your nasty little slut." I begged.

Oliver shivered behind me.

"Fuck that was sexy." He said.

Milo smirked at me. "Anything for daddy's little cum slut."

Then he rammed himself into me making both Oliver and I moan. Milo went crazy after that. He fucked me so hard, so fast, that all Oliver could do was hold onto me. Oliver and I are just two moaning messes stuck together in the best way. It feels f\*\*\*\*\*g amazing. I looked over at the beach. Leo is no longer there. Atlas is though, and he's watching us.

Atlas caught my eyes, and he smiled at me. I beckoned him in the water like I did with Oliver. Atlas pointed at himself, and I nodded. Milo has his face in the crook of my neck as he continues to fuck me. Oliver turned, and is looking at Atlas too.

Oliver grabbed a handful of my hair, and pulled my head to the side. I kept my eyes on Atlas as Oliver brought his lips down to my neck. Atlas stood, and started to strip out of his clothes. It's too much.

"Uhh, fuck! M-Milo!" I moaned out as I came.

Milo just started f\*\*\*\*\*g me harder.

"I hope you don't think we are done yet my little slut." Milo whispered against my skin.

All I did was moan.

Another set of hands on my body has me turning my head. Atlas's light blue eyes are staring back at me. Oliver tangled both hands in my hair, moving me around to let Atlas latch onto my neck. His fingers are twirling, and pinching my nipples. I reached down to grip his shaft.

Atlas started to thrust into my hand as he continued to kiss my neck. His fingers are still working my nipples. Oh, fuck, I wish Leo were in the water as well.

"Fuck, Millie, I'm abou-" Milo started to say before he let out a deep groan.

I felt his seed coat my pussy walls. Then he rested his head on my shoulder before pulling out. I whimpered, but Oliver was quick to bounce me on top of him more.

"I'm going to go find Leo cupcake. Atlas can take over pleasuring that pretty p\*\*\*y." Milo said.

Atlas replaced where Milo just was, and I watched as Milo swam to the shore.

"Babygirl, I've been watching you get f\*\*\*\*d. It was so sexy." Atlas told me as he nestled between my legs.

"Then f\*\*k me already." I ordered before smashing my lips to his.

Atlas plunged himself inside of me, making me moan into his mouth. Oliver's hands went straight to my nipples. I let go of Atlas to tilt my head, and kiss Oliver next. This is f\*\*\*\*g amazing. "Uhhh!" I moaned out into Oliver's mouth as another orgasm hit me.

This one didn't stop though. Not the entire time that Atlas and Oliver f\*\*\*\*d me. I feel like I'm in a deep haze. This is amazing. I never want it to end.

"Fuck angel, I'm gonna c\*m." Oliver said.

"Cum for me Oli. Cum inside of me." I whimpered.

"Fuck." Oliver gritted out as he came inside of me.

Atlas kept me bouncing on Oliver the whole time. I'm still riding my own high. I never want it to stop.

"Fuck baby, I'm close." Atlas said.

"Keep going Atlas. I am going to go find the others." Oliver said.

"Tell.. Leo.." I can't even finish.

"I'll tell him you want him out here baby." Oliver chuckled at me.

"Atlas.. Oh.. Teddy bear.. Don't stop." I begged.

Atlas bounced me faster, and I met him thrust for thrust.

"Fuck Millie." Atlas moaned as he came.

Then he rested his head to mine.

"Let's go again." I said as I ground myself on him.

Atlas opened his mouth, but was interrupted.

"Atlas, get your ass up here now." Leo ordered from the shore.

We turned to see a fuming Leo.

"Oh no." I whispered.

Atlas sighed. "Totally worth it." He mumbled as he left me to go to the shore.

Leo handed Atlas his clothes, and Atlas walked off towards the house. I watched him go, and he turned around to give me one last wink. I smiled, until I looked back at Leo. "Wanna join me for a swim?" I called out.

Leo just glared at me.

"Get up here now." He ordered.

"No!" I called out.

"Millie." Leo warned.

"I don't want you to be mad at me." I complained.

Leo sighed, and sat down on the blanket.

"Fine. Stay out there for as long as you want. But I will be waiting right here when you get out." He warned me.

I stared at Leo, and he stared back at me. I'm still so horny. I don't want him to tell me we can't all be together. I want to crawl right into Leo's lap, and demand that he fuck me. How can I still be so horny after getting fucked by three different guys pretty much at once? Maybe I can convince Leo to fuck me. Then I could convince him to let us all be together. I will take all the spankings, and punishments that Leo wants to give me. I just need him to touch me.

Making a decision, I slowly swam to the shore. I walked out of the water. Leo's eyes trailed down my body, and back up to my eyes. He leaned back on his elbows as I walked up to him.

"Hope you weren't expecting to have dry cloth-"

Leo was interrupted by me standing above him, and then sitting on him. I'm dripping wet, and I don't care at all. I just want to touch him, to be touched by him.

My hands reached under Leo's shirt. I want it off of him. Now.

"What are you doing princess?" Leo asked grumpily.

"Trying to get you naked so I can make you as wet as I am." I said.

"You're dripping all over me right now Millie." He said.

"That's not the type of wet I was referring to." I said.

Before Leo could reply, I smashed my lips to his. Leo refused to kiss me back though. Even when I pulled on his lip ring.

I pulled away, and moved my hands to his jeans.

"Leo, I know you're mad. I don't care about a punishment. I need you. Please. I want you to f\*\*k me. Take it out on me right now." I begged.

Leo gripped my hips, and rolled us over. He sat up, and flung his shirt over his head. Then he shimmied out of his jeans. A smile fell on my lips.

"I'm going to fuck you right here. Exactly how I want to. It's going to be rough, and you are going to be loud. You're going to wrap your body around mine, and you're going to scream my name for everyone to hear." He ordered me. "Okay." I said excitedly.

I barely got the word out before Leo shoved himself inside of me. I moaned loudly, and Leo started thrusting in me. He's going hard, and being rough. It feels fantastic.

Leo grabbed a handful of my hair, and yanked my head to the side. Then he bit down on the side of my neck hard. It went straight to my p\*\*\*y.

"Leo!" I screamed out.

Leo gripped my hips, and rolled us until we are sitting up. He's bouncing me on him so fast that I can't keep up. An orgasm is already bubbling up inside of me. "Leo! Oh my god Leo! Don't stop, please!" I screamed out as my o\*\*\*\*m hit me.

Just like before, this orgasm did not stop. Leo kept up his pace. My body is wrapped around him as he bounces me on top of him.

"Harder." I begged.

Leo gripped my hips so hard I'm pretty I'll have bruises. He started to slam me on him so hard, so fast, so deep. I buried my head into Leo's neck.

"Leo.. oh my god Leo.. It feels.. so.. good.." I moaned in his ear. "I love it when you get rough like this.. It's so amazing.."

Leo only grunted in my ear, but I need more.

"Tell me I'm your little cum slut." I begged.

"That's Milo's thing." Leo replied.

I bit down on his neck softly.

"Can I be your naughty girl? You're dirty wore?" I asked through moans.

Leo gripped my hair from the back of my head, and yanked my head back to look at him.

"You like taking my cock don't you?" He asked.

I whimpered.

"Just like the dirty little whore you are. You love it when I wreck you don't you baby?" Leo asked.

My eyes rolled back as I moaned.

"I'll make you a deal Millie. Squirt for me on command, and I'll let all of us have you tonight." He said.

I whimpered, and nodded the best I could.

Leo thrust up into me again.

"Ready baby?" Leo asked.

I moaned.

"Cum for me now." He ordered.

Thankfully, my body complied. I came. Hard. Again. I thought I was still cumming before that sensation hit me. Leo came with me, and now our mixed juices are pouring out of me together. Leo stopped, and I rested my head against his to catch my breath.

"Congradulations baby. You won the deal, but you still need to be punished."

"This wasn't my punishment?" I asked [search the FindNovel.net website](#) to access chapters of novels early and in the highest quality.

Leo shook his head.

"No princess, me f\*\*\*\*\*g you the way you wanted was not a punishment." He said amused.

I frowned.

"Don't worry love. I saw what you were doing in the water. I saw you and Milo get naked. Saw you two f\*\*k. I even saw as you called the other two over." Leo said. "Y-y-you did?" I stuttered out.

Leo nodded.

"Now you're all getting punished." He said.

Excitement coursed through me. I'm ready to go again. Right now. Leo is still inside of me, I wonder if I could get him-

"You're getting wetter." Leo breathed out.

I rocked my hips on him.

"Milie." Leo warned.

I rocked again.

"What?" I asked innocently.

"If you don't take your sexy a\*s into that house right now, I'm not going to let you c\*m for the rest of the night." He threatened.

I rocked my hips one last time.

"But you like it. I can tell." I pouted.

"I'll like it even more when I get you tied up downstairs." Leo said.

"Tied up?" I asked.

"That's right love." Leo said.

I lifted myself up, and stood on wobbly legs. Leo stood up immediately, and grabbed my arm. I giggled as I looked at him.

"Wait, what about the stuff?" I asked.

"I'll come back out later." He said.

"Wait." I said again.

"What Millie?" Leo asked annoyed.

"Wanna smoke that joint, and watch the sunset with me?" I asked.

Leo seems to be thinking about it.

"We can leave the others waiting, wondering wh at the hell happened to us." I cooed.

Leo smirked at me.

"You're staying naked, and I might touch you some more." He said.

My face lit up.

"But you are not allowed to cum unless I say so. For the rest of the night." He ordered.

I nodded my head. "Yeah, yeah." I said, and then sat down.

\*\*\*\*\*

Leo and I watched the sunset as we smoked the joint. It was nice, and peaceful, and fun. Leo kept to his word. He would graze my nipples, or the insides of my thighs. Leo was being a tease. Even when his fingers found my c\*\*t, it was teasing. Leo never let me c\*m. I'm a giggling mess as we made our way back to the house. Leo refused to let me put any clothes back on, as part of my punishment. I'm happy that he didn't put any on either though.

We made our way down the stairs. I kept turning around to makeout with Leo. It took us a stupid long time just to make it down here because of me. As soon as we did though, I pushed Leo onto the couch.

My push had caught him off gaurd, and he fell back, right over the arm rest, with his feet dangling down. I crawled on top of him to straddle him. Leo's hands came to circle around me, and I pressed my lips to his.

"What are you doing princess? I told you you were being punished." Leo said.

He is much more laid back than I thought he would be after smoking with me.

"Maybe it's time you get punished Leo." I said seductively.

"I don't get punished princess. I do the punishing." He said.

"Okay boo bear, whatever you say." I teased.

I sat up straight, right on top of Leo's dick. He's hard again. I can feel it. And I want it so bad.

I moved around until Leo is lined at my entrance.

"What are you-"

Leo didn't finish his question because I sat down, taking him all in. I moaned loudly. I started to roll my hips as I rested my hands on Leo's chest.

"Millie." Leo warned, but it held no conviction.

"Leo." I moaned loudly.

"Fuck princess." Leo moaned out.

I smiled. I got him. Finally. He's going to give up, and let me fuck him.

"Just remember what I said Millie. You don't c\*m unless I say." He said.

I moaned as a pout landed on my face. Leo reached a hand up to cup my cheek. He trailed his thumb across my cheek lovingly. I grabbed his hand, and leaned into it.

"I love you Leo." I said.

"You love Leo, I love Leo, we all love Leo. But Leo needs to share." Came Milo's voice.

I looked up to see him standing in the doorway of the bedroom. I smiled brightly at him. I kept rolling my hips on Leo.

"Milo!" I welcomed.

"Milo, is it all set up?" Leo asked.

Milo walked to the couch. He walked up behind us, and I bent down until my chest touched Leo's. Then I started pulling up far on Leo's thick shaft, and slamming back down. Milo has a perfect show in front of him. "Damn Millie. Your pussy is glistening." Milo said.

Leo wrapped his arms around me, and held me tightly to his chest.

"You want to get fucked so badly princess? Fine then." He said. "Milo, go ahead."

"Uh, really?" Milo asked.

"Spread her cheeks, and f\*\*k her like you mean it. I don't want you to stop until I say so." Leo ordered.

Milo spread me apart. He must have lube or something, because he easily slid into me. I moaned as Milo started to move.

"I told you to fuck her like you mean it Milo." Leo ordered.

Milo gripped onto my hips, and did exactly as Leo ordered him. He went crazy. Milo is usually kind of rough, not as rough as Leo, but rough still. This though, this is different for him. Like I'm just being used to give him his own pleasure. That mixed with the fact that I have both of them inside of me now.. I think I might be in heaven.

"Remember what I said princess. No cumming unless I say so." Leo reminded me.

I whimpered as I buried my face in his bare chest. Milo is still thrusting into me so hard, so fast. Fuck, he's going deep.

"How is my dirty little cum slut doing?" Milo asked as he gripped my hair, and pulled.

"Uh! Milo!" I moaned loudly.

"Fuck Millie, you really like it when we talk dirty to you, don't you baby?" Leo asked.

"Yes.." I moaned out.

"What was that princess?" Leo teased.

"Yes! Oh, yes! Leo! Yes!" I moaned loudly.

"Oliver!" Leo called.

Oliver appeared next to the couch. His eyes raked along my body, taking in everything that is happening to me. He smirked, and pushed up his glasses.

"Yeah?" He asked Leo. "Call me out here to join?"

"Did you bring it?" Leo asked.

Oliver nodded.

"Fuck, I'm about to c\*m." Milo said.

"Yes daddy. C\*m in me." I moaned out.

"Fuck, I love it when she talks like that to him." Oliver said.

Milo thrust into me one more time before he grunted, and his movements stilled. I'm still wiggling between the two of them. Trying not to c\*m has been hard, but f\*\*\*\*\*g thrilling. "I told you not to stop Milo." Leo ordered.

"Fuck." Milo moaned out as he started to f\*\*k me again.

I can feel Milo's cum dripping out of me, and it just made me wetter.

"Put it on her c\*\*t now." Leo ordered Oliver.

Oliver walked around to the other side of the couch. He's still naked from the water. Oliver smiled at me, and I smiled back at him. I reached my hand out to tangle in his fluffy curls. Oliver sat down next to us, and reached his hand between our smushed bodies. Until he found my c\*\*t. I moaned louder. And then I felt a buzzing.

My body jolted, and a string of moans tumbled from my lips. Oliver wiggled it around as his fingers explored me. My eyes rolled back.

"Remember what I said princess. No cumming." Leo said.

"I.. I.. W-what is.. it?" I struggled to get out.

"A bullet. A small vibrator." Oliver answered.

Oh wow. This is a lot. Too much almost. I'm trying so hard not to c\*m. It's so hard. I'm starting to lose the battle.

"Stop." Leo ordered.

Milo froze, and Oliver moved the bullet away from my c\*\*t. I whined loudly.

"I know it's hard for you to stop it baby, don't worry. I know you enough to know when you're about to cum." Leo teased me.

"Where is Atlas?" I asked.

"You think Atlas will let you cum?" Leo asked.

I shook my head. "You would never allow that." I said.

"You're right." Leo said.

"I want him here so that he doesn't feel left out." I said.

"Well, Atlas is kind of tied up in the other room." Oliver told me. "Part of his punishment."

I pouted.

"Milo, start again." Leo ordered.

"I am not going to last much longer Leo." Milo said.

"Then cum in her, and keep going." Leo ordered.

"Fuck. I can do that." Milo said excitedly.

"How come Milo was the one that started being naughty with me, but he gets to c\*m all he wants?" I asked in a whine.

Leo smirked at me.

"That's Milo's punishment. He's not going to stop, not touching you, or himself. I'm going to make him cum so many times that his d\*\*k stops getting hard." Leo said.

I froze.

"Don't worry babe, just for one night at most." Milo said from behind me.

"Milo's punishment is that he has to not stop cumming, and mine is that I can't cum at all?" I whined out.

"Don't worry princess." Leo said as he cupped my face. "I'll let you c\*m. Eventually." He said.

I pouted, and then moaned as Milo started to get rougher.

"Oliver, put the bullet back on her clit, and then stand up." Leo ordered.

Oliver put the bullet back on my clit. Leo held me tightly to his chest, making sure that the bullet stays. Then Oliver stood.

"Does it... feel good... for you.. too?" I asked Leo.

"The bullet? Or the sex?" Leo asked.

"B-b-both." I asked.

"Baby, your p\*\*\*y is always amazing. I've came three times already. And yes the bullet feels amazing." He said.

He came three times? Why didn't he say anything? How did I not feel it?

"You haven't felt it because of all the other sensations going on with you. And you are fucking soaked. I'm pretty sure the couch is soaking wet." Leo told me.

He always knows what I'm thinking.

"Now, take Oliver in your mouth." Leo ordered me.

I turned my head to Oliver. He's at the perfect height for me to just open my mouth. So, that's exactly what I did.

Oliver gripped my hair as he thrust into my mouth. I moaned around his shaft as my throat constricted. Oliver moaned as he ran his fingers through my hair. So sensual. So good. So.. "Stop." Leo ordered.

Everyone froze. I groaned, and then whined. Oliver still has his cock in my mouth. I feel like I'm going to explode. I can still feel the bullet going on my clit.

"Alright. Go ahead." Leo said.

Milo started back up his thrusting. Oliver also continued to fuck my face. It feels so amazing. To have all three of them like this. I wish Atlas was out here with us. My poor teddy bear is all tied up, and lonely. "Fuck!" Milo moaned out.

He must have came again.

"Keep going Milo." Leo said.

Then Leo leaned his head up to kiss my neck.

"I came again too princess. Isn't that amazing? You're completely filled with our c\*m. I can feel it dripping out of you. We're going to make such a big mess out of you." He whispered in my ear.

I moaned at the same time that Oliver shoved his c\*\*k down my throat.

"Oh fuck Millie." Oliver moaned out.

His cock twitched, and then his hot seed spilled into my mouth. I swallowed everything Oliver gave me. Then he pulled out of my mouth.

"Let Milo cum one more time, and then we can all go tease Atlas."

"T-t-tease Atlas?" I asked.

"F\*\*k Millie." Milo moaned out as he came again.

Then he stopped. I can hear Milo panting as he stays still. I don't want him to stop. I want to c\*m.

"Pull out of her already Milo." Leo complained.

I felt Milo pull out of me, and I whimpered. In fact, you can hear Milo pull out of me. That's how messy we all are right now. It feels amazing, and I don't want it to end. "Let me f\*\*k her for a while." Oliver said.

I can feel his hands run along my ass softly. That sensual touch that always comes with Oliver is amazing. Especially now that I'm so sensitive from being edged. "No, Atlas is waiting for us." Leo said.

Oliver's hands left my body, and I whimpered again. I put my face in Leo's bare chest, and whined. I'm really turning into a spoiled brat.

"Come on love, get off of me." Leo said.

I didn't move. I'm not sure if I even can honestly. My body feels like jelly.

"Don't you want to see Atlas baby? You already asked where he is." Leo said softly.

I looked up at him with a pout.

"Can I have help?" I asked.

"I got you angel, come on." Oliver said as he grabbed my arms.

Reluctantly, I got off of Leo. Just like with Milo, you can hear it when Leo was pulled out of me. I looked down to see his lower stomach, down to the tops of his thighs is glistening.

I giggled. "You're a mess." I said.

Leo sat up, and wrapped an around my waist, pulling me to him. He pushed his fingers through my folds. Oliver wrapped his arms around me from behind, finding my nipples instantly. I leaned my head back on Oliver's shoulder.

"You're even messier princess. We're dripping out of you, and down your legs." Leo said. "Ya know what I think would be fun?" He asked teasingly.

I looked down at him, and nodded.

"If you went in that room, and sit on Atlas's face. Make him suck all of that juice right out of you. You know he'd like it." Leo said.

"Really?" I asked.

Leo smiled up me. I returned his smile. I'm finally going to get to c\*m?

"Just remember princess. No cumming until I say." Leo said dangerously.

I pouted.

Leo stood up, and cupped my face.

"What is your safe word?" He asked.

"Peaches." I said.

"You will not hesitate to use it like in the past." Leo ordered.

I nodded.

"Alright, get in there. Atlas is waiting." Leo ordered.

Oliver helped walk me to the bedroom. My body feels weird. Like I'm calm, and excited at the same time. Like I'm jelly, but tense. Leo has never edged me like this before, and I know it's only going to get worse. I need to hold out though. If I don't.. I'm not even sure what will happen.

Once we got to the bedroom my eyes landed on Atlas. He's tied to the bed by his hands and feet. Atlas is laying flat on his back. No pillows, and only the sheets. His bright blue eyes snapped to mine. I smiled at him, and he returned it. "Hey babygirl." Atlas greeted me.

I walked to the bed, and trailed my fingers down his face.

"Oh my sweet teddy bear. They tied you up so you couldn't join in on the fun." I said with a pout.

"I know. It's punishment." Atlas grumbled out with a pout of his own.

I giggled at him.

"What did they do to you?" Atlas asked.

"They fucked her while she gave me head. I think they each came more than five times." Oliver told him.

I nodded to Atlas.

"Leo didn't let you c\*m though, did he?" He asked.

I pouted again. "No." I said.

"But, Leo told her to come in here, and ride your face. You're going to lick your nasty babygirl clean, until she's your innocent little slut again." Oliver teased.

"Well, what are you waiting for babe? Your throne is ready." Atlas said with a bright smile.

I climbed on the bed by Atlas's feet. His c\*\*k went hard the moment I walked in here. I licked up his shaft. I'm about to put his head in my mouth when I was stopped. "I told you to ride his face, not suck his dick." Leo said.

I turned with a frown.

"Don't look at me like that. You should be following orders. You know who's in charge." Leo said.

"I didn't know it was breaking the rules boo bear. I'm sorry." I said innocently.

Leo walked over to the bed. He gripped the back of my hair, and pulled my head back. The look in Leo's eyes has excitement pouring through me.

"You want a cock in your mouth so bad, take mine." He said. "Atlas doesn't get to touch you, or get touched by you. Unless I say. That's his punishment." Leo said. "Just like Milo's is that he can't stop fucking me until he can't cum anymore?" I asked.

Leo nodded. "That's right."

"What's Oliver's punishment?" I asked.

"Oliver will not get to fuck you. He can fuck your face, touch you, put his hands where ever he wants, but he will not get to really f\*\*k you." Leo said.

"Is that really even us being together?" I asked.

"As long as you are all good, I'll release you from your punishments." He said.

"Promise?" I asked.

Leo smiled at me. "I promise love. Now, open up." He ordered.

I opened my mouth as I stared up at Leo. Then he shoved his entire massive cock into my mouth, and down my throat. I moaned, and Leo went relentless after that. I can taste myself on him. My eyes started to water as he got rougher. I'm getting so wet as I just sit on top of Atlas. "Oh fuck, she's dripping on me." Atlas moaned out.

"Let me touch her." Oliver said.

"Get your fingers in her, but nothing more." Leo said.

A moment later, I feel Oliver's fingers exploring my pussy.

"Oh fuck, she's f\*\*\*\*\*g soaked. Probably still from both of you as well." Oliver said.

Leo stopped.

"I have an idea. Milo, get behind her." Leo ordered. "Turn her around so you can f\*\*k her." He ordered.

Leo pulled out of my mouth. Milo turned me so that I'm on all fours, leaning over Atlas. My a\*s in the air for Milo, and my face right at Leo. I looked up at Leo.

"We're going to make a mess, right on top of your teddy bear." Leo told me.

He looked up at Milo. I felt Milo's dick slide through my pussy lips. Then I felt his tip at my entrance. I pushed back at the same time that he pushed forward. When Milo got all the way into me, I moaned loudly.

"Jesus f\*\*\*\*\*g christ." Milo muttered as he started to slowly move.

Leo grabbed my hair again, and brought his dick to my mouth. I opened my mouth immediately to take him in. Leo did not start out slow this time either. He's moving faster than Milo is.

"Milo, I said f\*\*k her, this isn't the time to make love." Leo ordered.

I frowned, and mumbled around his cock. Leo looked down at me.

"I know it's all making love baby, but Milo needs to make love to you harder." Leo told me.

I guess I can be okay with that.

"I just.. she feels.. so damn good. I won't last if-" Milo started, but Leo interrupted him.

"Then you will just have to keep going." He said.

Milo moaned, and then did exactly as Leo ordered. He fucked me. Hard. Even harder than he just was. I started moaning like crazy around Leo's cock.

"Fuck Millie. Keep moaning like that, it feels fucking amazing." Leo ordered.

"She's fucking drenched. She's already dripping on me like crazy." Atlas said.

Milo pulled all the way out of me, and you can hear my juices splash down onto Atlas. Before I could complain, Milo shoved himself back into me. I moaned louder. Milo did this over and over. Everytime I splashed my juices onto Atlas, it's right on his dick. I bet it would be so fun to sit on him right now.

My o\*\*\*\*m is so close. I can almost taste it. I want it. Need it.

"Stop." Leo ordered.

Everything stopped. I whined around Leo's cock. I was so close that time.

"Alright, keep going." Leo said.

Milo immediately starting ramming into me. He continued to pull all the way out of me, and ram himself back into me. Leo is pretty much holding my head still as he fucks my face. Even Atlas is moaning now. "Oliver, get that bullet back out. We know how much our girl loved it." Leo ordered.

I can hear the smirk in his voice.

A moment later, I heard the buzzing. Then I felt it on my clit. I moaned loudly around Leo's c\*\*k. The sensation instantly built up an o\*\*\*\*m. I tried to fight it. Tried to push it down. My body is starting to shake. Oh no. "Stop." Leo ordered.

Everything stilled, but the bullet is still on me. Oh no, I'm about to cum. No, I can't. I don't want to break the rules. I'm fighting it so hard that tears filled my eyes.

"Oliver, remove the bullet." Leo ordered.

A few seconds after Oliver moved the bullet, my orgasm died down. I'm panting now. That was close. Too close. "Start again." Leo ordered.

Already?

Too late. Milo started fucking me hard, and pulling out again. Oliver kept the bullet pinned to my c\*\*t, occasionally moving it around. He's now getting splashed too. Leo is still thrusting into my mouth. It's too much once again.

"I'm gonna cum baby. This time, Milo is going to pull you all the way up, flush against him. I'm going to cum all over Atlas, and you are going to lick it up. Okay princess?" Leo asked me.

All I could do is moan around his c\*\*k.

Leo thrust into me a few more times before he pulled out of my mouth. Milo grabbed my hair, and yanked me up. Oliver made sure to follow with us. I watched as Leo came all over Atlas's lower stomach. Then I was let go, and pushed down into Atlas.

"Do not give his cock any attention." Leo ordered.

I began licking up all of Leo from Atlas. My eyes flickered to his. Atlas is staring down at me with a pained longing. His c\*\*k is soaked from my juices, and between my boobs right now. "Milo, tell our girl how many times you came since being inside of her again." Leo ordered.

Just as the words left Leo's lips, Milo's body twitched. He stilled for just a second before starting again. I moaned into Atlas's skin.

"That was the fourth time since cumming into this room." Milo breathed out.

"Good. Cum one more time, and then Millie can sit on Atlas's face." Leo said.

Milo got rougher. He's gripping onto my hips so hard that I think I might have bruises. It's f\*\*\*\*\*g hot.

"Spank her." Leo ordered.

I heard the smack before I felt the slight sting. That was nothing compared to Leo. I didn't even move, or moan.

"Harder. You know our girl likes it rough." Leo said.

Another smack, followed by a sting. I moaned as I licked up the last bits of Leo from Atlas's body. With Milo fucking me the way he is, my nipples keep scraping along Atlas's shaft. I'm in heaven. "Fuck Millie." Milo moaned out. [search the website to access chapters of novels early and in the highest quality.](#)

His body jerked, and then stilled. He came again. I wiggled against Milo, and whimpered when he pulled out.

Leo gripped my hair, and lifted my head from Atlas's body.

"Now, let's get you cleaned up, shall we?"

"Now, let's get you cleaned up, shall we?" Leo said.

I moaned as I stared at Atlas.

"Let me clean you up babygirl." He said.

Leo let go of my hair, and I crawled up Atlas's body.

"Do not c\*m." Leo reminded me for the thousandth time.

I crawled on Atlas, until I'm hovering over his face. I looked down at him, and pouted. My poor teddy bear. I wish he could touch me. "Don't worry baby." Atlas said, and then kissed my thigh. "I'm enjoying this very much." He said.

I smiled.

"Sit." Leo ordered.

So I did. I moaned loudly as I felt Atlas's tongue run along my pussy. I put my hands on the wall in front of me as I ground on Atlas's face.

Oh my god, this feels so fucking amazing. This is the best feeling in the world. I threw my head back as I rode Atlas's face. I'm getting close again. "Stop princess." Leo ordered.

I froze, but Atlas did not. I can still feel his tongue running along anywhere he can touch. It feels so amazing. I moved one hand to Atlas's hair. "Oh Atlas.." I moaned out.

"Millie, you can start again now." Leo said.

I started to rock my hips on Atlas's face. It's so intense, so empowering. I started to move faster.

"Goddamn, she really knows how to ride. Dick and face." Milo murmured.

I turned my head to look back at them. All three are watching me. It's making me feel braver. I reached down to pinch one of my nipples. I'm doing nothing but moaning. "Oliver, get behind our girl, and help her touch herself." Leo ordered.

Oliver crawled up Atlas, behind me. His arms circled around me. I leaned back against him as I continued to rock my hips. I moved one of my arms to Oliver's hair as he started to roam my body. "I said help her touch herself." Leo said.

Oliver grabbed my hands. He placed one on one of my nipples, and had my pinch. Oliver took my other hand down my body slowly. We reached my c\*\*t, and Oliver used my fingers to start circling it. "O-Oliver.." I moaned out.

Oh no, my orgasms are starting to build faster.

"W-w-wait.." I breathed out.

I'm trying so hard to fight it down.

"I-1-1.." I stuttered out.

"Stop." Leo ordered.

Everything stopped. I'm panting again. This time Atlas did stop too. I'm not sure how much longer I can take this. It's starting to get too frustrating.

"Start again." Leo ordered.

I didn't move at first. Oliver started our hands up again. Atlas's tongue is roaming everywhere he can reach. I just..

"Millie." Leo warned.

I whimpered.

Leo walked over to me, and gripped my chin. He pulled my face to look at him. My bottom lip is trembling. I can't help it.

"Would you be happier if I let you fuck Atlas?" He asked.

I want to say yes. I do want to fuck Atlas. Bad. Like really bad. I wish that they could all be inside of me at once. But.. I don't think that I can stop myself from cumming. "I.." I trailed off. "Can I cum?" I asked softly.

Leo shook his head. "Not yet. You're being punished." He said.

I pouted.

"Can't I just be spanked instead?" I asked with a whine.

"No." Leo said.

"W-why?" I asked.

Fuck, Oliver is starting to move our fingers faster. Search the [Find\\_Novel.net](http://Find_Novel.net) website to access chapters of novels early and in the highest quality.

"Because I am punishing you. What I say goes. Not what you want." He said.

I pouted as tears filled my eyes.

"You have a safe word princess. You can use it. All of this will stop." Leo cooed.

I stared into his deep green eyes. Oliver is pushing me down on Atlas's face more. Atlas is still licked all of me. Oliver still has our hands all over my body. My o\*\*\*\*m is building back up. "But.." I moaned out.

"You won't cum. You won't have us all. It'll all stop." Leo said.

"N-n-no." I stuttered out.

"Stop." Leo ordered again.

Everything stopped, and I whimpered.

"Alright baby. I want you to ride Milo now." Leo said.

Oliver moved from behind me, and I moved from Atlas's face.

"Are you okay?" I asked him.

Atlas gave me my favorite lopsided grin.

"Better than okay. You taste amazing. Even better with Milo and Leo's c\*m inside you." He told me.

"Really?" I asked with a smile.

"Millie, come here." Leo ordered.

I got off of Atlas, and Oliver held onto me so I didn't fall. I wrapped my arms around him, and kissed his full lips. Oliver slipped his tongue into my mouth, and I moaned. "Millie." Leo warned.

I pulled away from Oliver. Leo told Milo to sit on the bed. With Atlas spread out, there isn't much room. Then I was told to straddle him. Milo gripped my hips, and let out a shaky breath. "Millie, I want you to f\*\*k Milo until I say." Leo ordered.

I nodded, and lowered myself on Milo. Both of us moaned together. I started to rock my hips.

"I'm not sure I can last much longer." Milo told me.

"Then cum in me daddy." I said.

"Fuck baby." Milo rested his head to mine, and his body jerked.

I continued to rock my hips.

"Already daddy? You know I love it when you fill me." I said.

"I.. I can't baby." Milo said.

"Can't what?" I asked.

"You got one more in you Milo." Leo said.

"This is the most I've ever came in one night." Milo said.

I feel a bit bad. I've just about tapped Milo out. Well, Leo and me I guess.

"Fill me one more time daddy? Please?" I asked.

Milo gripped onto my hips. He's clearly lost in the pleasure. I started to move faster. My o\*\*\*\*m began to build again. Milo's grip on me tightened.

"Fuck.. I.. I.. Oh fuck Millie. I love you so f\*\*\*\*\*g much." Milo moaned out as he came again.

My orgasm is right there. Right-

"Stop Millie." Leo ordered.

I froze. My orgasm died back down. I stared into Milo's droopy deep blues.

"Milo?" Leo asked.

"Sassafrass." He replied.

I gave him a confused look.

"Millie, get off of him please." Leo said.

I did as I was told, and leaned against Leo. Milo rolled onto the floor, and stared up at us. I looked up at Leo worried.

"That's his safe word. You tapped him out. Milo can't take anymore. Now, he will sit and watch." Leo said.

I looked at Milo, then back to Leo.

"That was his punishment baby. He knew it." Leo said. "You still get to be with all of us together. As long as you keep being good." He told me.

I smiled at him.

"Now, I want you to ride me." He said.

Leo sat down, and pulled me on top of him. I lowered myself right on him. Oliver was quick to come around the back of me. Leo leaned back slightly. Oliver grabbed my hips, and starting moving me himself. "Fuck Millie. I don't think I will ever get tired of your p\*\*\*y." Leo said.

I moaned.

"You are our little slut aren't you baby?" Leo asked.

I moaned again.

Oliver is moving me so fast. I'm pretty much just being used to fuck Leo at this point. My hands are firmly on Leo's shoulders as I lean back into Oliver. Wow, this is..

"Stop." Leo ordered.

I whined. I can't take it anymore. I just can't.

Tears filled my eyes.

"Start again." Leo ordered.

Oliver started bouncing me on Leo again. It feels so good. For just a moment all the tears went away. The ecstasy building inside of me is intense. Maybe I can try to hide it from Leo. Maybe he won't notice. Maybe- "Stop." Leo ordered again.

Tears filled my eyes instantly. My bottom lip trembled. Is Leo ever going to actually let me cum? Was he lying when he said he would? I've been being such a good girl though..

"Start." Leo ordered.

Once again, my orgasm built up almost instantly. It all feels so good. Please don't stop it, please don't stop.

"Stop." Leo ordered.

This time I sobbed. A small sob tore from my throat, and I turned my face away from Leo to bury it in Oliver's neck. I don't want to use my safe word. I want to cum. I want to be a good girl. I want to make them all feel good. This is so frustrating. Leo is never going to let me cum.

"Millie, do you want to use your safe word?" Leo asked.

"N-n-n-no." I stuttered out through my tears.

"Baby look at me." Leo ordered softly.

I shook my head, and kept it buried in Oliver's neck.

Leo gripped my chin, and forced my face to his. My bottom lip trembled as tears streamed down my face. Leo is staring at me with worry.

"I won't use it. Not until Oliver and Atlas came c\*m at least." I said defiantly.

"You're going to hold out just for them?" Leo asked.

I nodded. "I love them. I want them to feel good too." I said.

"Even if it means you never get to c\*m?" He asked.

My bottom lip trembled more.

"Y-y-yes." I stuttered out, but I mean it.

"Babygirl.." Atlas said sadly.

Leo kept his grip on my chin.

"That's very sweet of you princess. I think punishment time is over. Would you like to c\*m now?" Leo asked.

Hope spread inside of me.

"Really?" I asked.

Leo nodded.

I threw my body into his, and smashed our lips together. Oliver started to move my body, and I moved with him. Seconds later I had to pull away from Leo. "Oh my god Leo.." I moaned out.

My orgasm. It's right there. I slammed my hand over Leo's mouth, just in case. Then, my orgasm finally hit me.

"Leo!" I screamed out as the most intense pleasure rushed through my body.

It didn't stop either. My orgasm kept going. My entire body is shaking. I have no control. Thankfully Oliver never stopped moving me.

Leo grunted as he came inside of me. Oliver still didn't stop. My orgasm is still coursing through me. I don't think it's going to end. "Holy fuck Millie. You're still squirting." Leo said in awe.

"Fuck, I want her." Oliver said.

"Let's put her on top of Atlas. Then you can take her from behind." Leo said.

My body finally stopped shaking. Oliver lifted me off of Leo. I clumsily climbed on top of Atlas. I sat up on him, and smiled down at him.

"Ready for me to f\*\*k you teddy bear?" I asked.

Atlas shivered.

"More than ready." He said.

I slowly sat down on Atlas's shaft. We both moaned, and my head fell back. Leo let me ride Atlas, until the both of us came together. Then Leo grabbed my hair, and pushed my body down.

Oliver went behind me. I feel his hands wander over my ass cheeks. I moaned, and lifted up on Atlas before slamming back down. I felt Oliver moved his c\*\*k to my a\*s. He paused. I pushed back against him, taking some of him in. "Fuck Millie." Oliver moaned.

Then he pushed the rest of the way inside of me. I moaned loudly. Oliver gripped onto me as he began thrusting in and out. Another orgasm is already building up inside of me.

"C\*m with me baby." Oliver said. "Now."

And I came. Hard. Once again my entire body is shaking. My o\*\*\*\*m is not dying down. Oliver is not stopping, and I never want him to.

Leo came around the bed to my face. I can see Milo sitting up watching us from the floor. He gave me a goofy smile, still high on all of his o\*\*\*\*s.

Leo gripped my chin, and forced my eyes to his.

"I'm going to fuck your face again. Then we are going to untie Atlas. And we're going to keep going. Again, and again, and again. Until you use your safe word."

I moaned as a response.

"Open wide princess."

## **Betrayed By Everyone Loved by Four Chapter 99**

Leo's P.O.V.

\*\*\*\*\*

I knew that Millie would break my rules the moment I told her to be a good girl. I knew what would happen once Milo got her in that water. And I knew how much fun we would all have after.

Atlas and I sat on the beach talking about what to do the next day as our girl got f\*\*\*\*d in the ocean by our others. Silly little Millie thought I didn't notice, but I did. I always notice when it comes to Millie.

I also noticed when Oliver stood up, and stripped completely out of his clothes. I knew that if I left Atlas would quickly subcome to our girl. Millie does have the sweetest p\*\*\*y. I don't blame any of them for giving in to her. Hell, I struggle sometimes, and then I get off on punishing her sweet a\*s.

I got up to go in the house, and get a few things ready. I know exactly what I want to do with all of them. Atlas will be tied to the bed, unable to touch our girl. I'm going to make Milo cum until he uses his safe word. Which he only uses when he can't c\*m anymore. I've only been able to make him say his safe word one other time.

Oliver is harder to punish. He just likes everything. Teasing, edging, touching, not touching. All of it. Although, I do know how much he loves being inside of Millie. Whether it's her a\*s, or her p\*\*\*y. So, he can touch her all he wants, but he will not be entering her. Then there is our girl herself. I'm going to edge her until she cries. She's going to beg me to let her c\*m. And when she does, I'm going to edge her some more.

I finished setting up the straps on the bed, and grabbed a few toys out. Then Milo came into the room. Completely naked.

"You knew the whole time huh?" He asked.

I scoffed. "Of course I did." I said.

"And what are you going to do to punish us?" Milo asked.

"You'll have to wait, and see." I told him. Search the website to access chapters of novels early and in the highest quality.

A few minutes later, Oliver came into the room. Also completely naked. Our girl really knows how to get her way with us.

"Oh, cool. We're getting punished." He said casually.

I nodded. "You two will wait here. When Atlas comes down, tie him to this bed. Then the both of you will wait for us to come back." I ordered.

"Got it." Milo said.

By the time I made it back to the beach I had to force both Atlas, and Millie out of the water. Although, Millie was a bit harder to convince. Then she just had to f\*\*\*\*\*g convince me to f\*\*k her on the beach.

It was amazing if I'm going to be honest. Any time spent with our girl is amazing though. Although, I've never fucked on a beach before. Never smoked a joint naked while we watched the sunset. It was... probably one of the top five best moments of my life. I don't get much time to spend with Millie. Not lately anyways. I've been having our others keep her distracted, and happy. All while I help Dad deal with this James case. I've been putting in work on other cases, doing some dirty work for my dad in general. I never knew how much it was affecting Millie until our fight though.

I still feel bad about that fight. Happy I made up for it though. I'm very happy that Millie still did all of this for us too. It was perfect. Exactly what we needed.

Honestly, that fight, and Millie doing this, is probably the only reason I'm giving in on all of us being together. It's not that I don't want to, because I really, really do. I just wanted it to be up at the lake house. I wanted it to be special. Little did I know, this is special. It's kinky, and wild, and messy, and completely us. That's special enough for me. I know that it is for Millie. I know that she wants this badly. Enough to risk being a naughty girl just to have us all.

And I gave our girl everything she has been waiting for.

I'm still surprised with how much Millie can take. She's so inexperienced still, so innocent. Even if she wasn't a virgin when we got her. Millie can go for round after round. It's incredible.

Smoking that joint with Millie got me a bit more high than I thought it would. That was the only reason she was able to push me onto that couch. Although, I am not complaining about her wanting to f\*\*k me that bad.

The rest of the night was going exactly how I wanted it too. Millie has been holding out for over two hours. She's doing so good, being such a good girl.

I can't believe that Millie got Milo to use his safe word. Well, it was Millie and me. Still though, Milo rolled right to the floor to just watch the rest of the show. I smirked. I can't wait to tell Millie that she can hold out longer than Milo. I for sure thought he would last at least until I let Millie c\*m.

Although, it wasn't far off. Millie started to cry just like I wanted her to, but it was so much worse. I thought they would be subtle tears that fell down her cheeks as she begged me to let her cum. This is different.

Millie is sobbing into Oliver's neck. Oliver is looking at me with a mix of worry, and pain. I wasn't sure what to do for a second. I didn't expect her to try to hold out through that much pain, and frustration. I guess I should have known better from past experiences with her. Millie would go through a lot just to make us happy.

I finally decided to let her c\*m after that, and oh did she. Millie came, and never stopped. I would move her in different positions, but as soon as that orgasm would hit her, it would last until a dick was pulled out of her.

We untied Atlas, and put Millie in a ton of different positions. Millie was relentless. After some time I didn't even have to order her anymore. It was like being deprived of her orgasm caused her to go into a frenzy once she got it.

Millie fucked Oliver until he also used his safe word. Which is Sea Cucumber. Our girl didn't even laugh at it. No, she just moved on to focusing solely on Atlas, and I.

The three of us fucked for an hour straight. It was fucking intense. Atlas started to grow tired. When I brought it up, all Millie did was push him back to ride him. Then demanded I get behind her.

I'm not sure when our roles flipped, but fuck, it's extremely hot. I did everything Millie told me to. Like she fucking hypnotized me, or something. I think I'm just in awe at Millie's stamina. Eventually, Atlas also used his safe word. Teacup. I think it's adorable that all of my lovers have silly safe words. Not one of them thought to just use Red.

I thought that Millie would be tired after Atlas tapped out. Oh no, she wanted me to f\*\*k her. In the shower. On the back porch. Back on the beach. The water. Anywhere she could get me. Millie said that she felt bad f\*\*\*\*\*g in front of our others because they tapped out. I wasn't going to complain. I'm too amazed to do anything except give her what she wants.

Our only other experience with all of us being together, was with Holly. Holly never lasted this long. None of them used a safe word with Holly. This... is so different in all the best ways.

Finally, after making Millie cum for the millionth time, she got tired. We were back on the blanket on the beach. I lifted her, and carried her back into the house. She was asleep before I even put her in bed. "You two were gone for almost two hours." Milo said.

"I know." I replied.

"What were you doing? Letting her sleep?" Milo asked.

I chuckled. "Nope. She fell asleep as I carried her in here." I said.

"She kept going all that time?" Oliver asked incredulously.

I moved some of Millie's hair out of her face. She rolled over, away from me, and snuggled into the bed. Then I looked back up at the guys.

"Yeah. It was fucking incredible." I said.

"Her stamina is scary." Milo said.

"Is she a nympho?" Atlas asked.

"How lucky for us." Oliver said.

I smirked. "Extremely good for us." I said.

"I came over 20 times." Milo said in disbelief. "I've never came that much in my life. And she kept going." He said stunned.

"Well, she was being edged for two straight hours." Oliver said.

"I came 16 times." Atlas said. "I couldn't even keep up with her orgasms. It was like they never stopped." He said in awe.

Oliver chuckled. "I wish I could have kept going. I've never been so mad at my d\*\*k before." He said. "If you would have let me rejoin, I could have." He told me.

"Once you use your safe word that's it for the night. You know that." I said.

"Yeah, but I couldn't get hard. Ten minutes after you two left, I was ready to go again." Oliver argued.

I just laughed at him.

"How many times did she make you two cum?" Milo asked.

I rolled my eyes. Such a drama king. Milo is just mad that he tapped out first.

"12 times." Oliver said proudly, even though he has the smallest number.

I shook my head in amusement.

"Leo?" Milo asked.

I looked over at him. "27 times. I could have went a few more times though. I think. Maybe just a couple more rounds." I admitted. "I'm glad she finally passed out. I don't think she would have stopped if she didn't pass out." I said. We all looked down at Millie.

"She's like a diamond hidden." Oliver said.

"A perfect gem." Milo agreed.

"She's perfect for us." Atlas added.

"She is. And she is ours. Forever." I said.

"You really think we could all last forever?" Atlas asked me.

I nodded to him. "I do. I love you all. I think we can make it work. Just.. don't tell Millie that yet. The last thing we need is to scare her off." I said.

"Is that why you don't care about all of us cumming in her?" Oliver asked.

"Yeah, you tryin'a trap her Leo?" Milo teased.

They're only asking because I've never let them cum in anyone before. Not any of our side pieces. Not Holly. Not even when Holly begged us to. I never allowed it. We don't need any unplanned children. Not at our age.

I'm not sure why I let it slide with Millie. It's not that I want children. Not even after that late night conversation with her. None of us are ready. I know that Millie is on the pill

though. I know she wouldn't try to trap us by having a baby with her. At the same time though..

"I don't want to trap her, no." I said. "I just.. love her a lot. It's extremely hard to tell her no, and most of the time I don't want to. How the fuck are we supposed to pull out when she feels that good, and begs us to fuck her at the same time?" I asked them. Milo chuckled.

"There's more though." Oliver said calling me out.

I sighed as I looked down at Millie.

"Maybe I'm just not afraid to have a life with her. Maybe I wouldn't be afraid if she accidentally got pregnant. Not that I want it right now, but.. It wouldn't be so bad if it was with Millie." I admitted.

I looked up to see them all staring at me with smiles. I frowned at them. I hate that look.

"Don't even start-"

"Awh, boo bear." Milo interrupted me to tease.

I rolled my eyes.

"You really do love us boo bear." Atlas chimed in.

"Ha ha, very funny. Now, who is going to come help me clean up outside?"

## **Betrayed By Everyone Loved by Four Chapter 100**

I woke up the next morning to the sun shinning in my face. My eyes fluttered open. I'm sprawled out across Atlas's chest, practically on top of him. Oliver is on the other side of Atlas. I looked to the other side of us to see Leo has his arm wrapped around me. Milo on the other side of him. I smiled, and then shut my eyes. I listened to the birds chirp as I recalled last night. I never knew I could go for that long. It just felt so amazing after being denied so much. I still didn't want to stop. Actually, I don't even remember falling asleep. The last thing that I remember is being on the beach with Leo. We had s\*x everywhere. I was so tired. I only rested my eyes for a second. Apparently not though.

I felt the bed move around, and popped my eyes open. Milo got up from the bed, and walked for the door. I don't think he noticed me at all.

I smirked.

Carefully, I untangled my body from the others. Thankfully, no one woke up. I quietly made my way to the bathroom to do my business. My core is hurting a bit this morning, and my legs are a bit wobbly. Then I looked myself over in the mirror.

Well, I look like I spent hours getting fucked that's for sure. My hair is a mess. Thank god I didn't have any makeup on. There are a lot of bruises on my hips, and few in other places. I have a few hickeys across my neck and shoulders. Looks like I'll be needing to cover those up before I get home.

There is a black silk robe sitting on the counter in the bathroom. I wonder if they left this here for me. I did notice that all of them had basketball shorts on, or their underwear. So, this must be for me, and if not, I'm putting in on anyways.

When I walked out of the bathroom, all three guys are still asleep in bed. Atlas rolled over to wrap his arm around Oliver. I had to put my hand over my mouth to stifle my giggle.

I made my way up the stairs to find Milo. Is he surfing this morning? I hope not. I kind of want to offer myself for his breakfast.

Music hit my ears right before I made it to the kitchen. I walked in to see Milo at the stove cooking. He's half dancing, and singing along with the song. I smiled as I watched him.

Is this what it's going to be like when we all live together? I think I could get used to it. Maybe too used to it. Although, that might not be a bad thing. Us moving in together is a big step in our relationship. I was the one that said I didn't want this to end after graduation.

Honestly, I don't want it to end at all. Ever. And I'm starting to wonder if it has to. We're moving in together. Look at all we've been through already. Maybe this could last... forever. Just like my parents.

Finally, Milo noticed me. He smiled brightly, and wiggled his eyebrows at me.

"Good morning beautiful." He greeted.

I walked the rest of the way to him, and kissed his lips.

"Good morning." I said. "What ya making?" I asked.

"Omlettes." Milo answered. "Probably not as good as what Atlas can do, but it's the only thing I can cook, and I was the first one up." He said.

I giggled at him.

"Food is food." I said.

Milo grabbed my hips, and sat me down on the island counter.

"You can sit right there, and keep me company." He said.

"Okay." I replied happily.

Milo set down a large container of mixed fruits next to me.

"Help yourself love." Milo told me, and then turned around to the stove.

"So, how are you feeling this morning?" I asked.

I pushed the shoulder of my robe down, and twirled a strawberry in my mouth.

"Good actually, but shouldn't I be asking yo-" Milo stopped talking when he turned around.

His deep blue eyes fell to my bare shoulder. Then Milo met my eyes again. I smirked at him.

Unfortunately, Milo walked up to me, and pulled the shoulder of my robe back up. Then he turned back for the stove. Unbelievable.

"So, how are you feeling this morning cupcake?" Milo asked. [SEARCH THE WEBSITE TO ACCESS CHAPTERS OF NOVELS EARLY AND IN THE HIGHEST QUALITY.](#)

I pushed both shoulders of my robe down.

"I feel great. Am I not supposed to?" I asked.

Milo shrugged, and turned around. He had his mouth open, ready to say something. But then he closed it, and gulped. Milo pulled the shoulders of my robe back up, and turned back to the stove. What the fuck.

"You just went for a long time love, wasn't sure how you would feel this morning. I don't think any of us have had s\*x for that long." Milo told me.

"Really?" I asked.

Milo nodded.

"Is that a bad thing?" I asked.

Milo cautiously turned around. I frowned. What the hell is wrong with him?

"Not at all baby. It was wild as fuck. I loved every minute of it." He said, and then turned back around.

This time I untied the robe, and pushed the top down to my waist.

"Did Leo make some kind of rule about us not fucking this morning?" I asked

"No, why?" Milo asked as he turned around.

Milo's eyes fell down to my bare chest, and I smirked at him.

"Well, I was just wondering if maybe you could have me for breakfast?" I asked.

Milo dropped the spatula in his hand, and fell to his knees in front of me. He's at the perfect height to eat me out. Milo grabbed my thighs, and started kissing up them. "What about the stove?" I asked with a giggle.

Milo turned around to turn it off. Then he went right back to kissing up my thighs. I leaned back on one of my hands, while my other tangled in Milo's brown hair.

"I can't believe you're ready to go again this morning." He murmured between kisses.

I placed my legs on Milo's shoulders, urging him to go higher.

"Why? Are you not ready for another round daddy?" I asked.

Milo chuckled against my thighs.

"I'm going to eat this beautiful cunt of yours. And then I'm going to fuck you, right here on this counter. Every time we have family get togethers you'll be reminded of this." He said.

Then Milo dove right in. His arms wrapped around me to grab my ass. Milo pulled my ass to the edge of the counter to give himself better access. I held his head against me with both of my hands. Oh god, I forgot how much I love Milo's tongue ring. Which is strange. I'm pretty sure he just ate me like two days ago. Still, this is amazing. Like always.

Suddenly, I was yanked back by my hair until I am laying flat on my back. Milo never stopped eating me out. I looked up to see a pair of dark green eyes staring down at me with amusement. "Well, well, well, what do we have here?" Leo asked.

"Uhm, Milo is.. uhh." I moaned out. "Ha-having me for br-breakfast." I stuttered out through my moans.

"Hmmm, is he now?" Leo asked.

I nodded.

"Th-then I'm getting f\*\*\*\*d." I told him.

Leo raised a brow at me.

"Right here on this counter huh?" He asked.

I nodded.

Leo chuckled. "Don't you think you should take a break?" He asked.

I frowned. "N-no. Uhh! Milo!" I moaned louder.

Fuck, I'm getting close. I grabbed Leo's hand, and brought it to one of my nipples. He immediately started to play with it. Then I grabbed his other hand, and brought it to my mouth. I sucked on his pointer, and middle fingers. Then my orgasm hit. "Uhh!" I moaned around Leo's fingers.

Milo lapped up all of my juices as I rode out my orgasm. Then he kissed up my body until he's standing. Leo removed his hands from my body, and helped me sit up.

"By all means princess, I believe you're waiting to get f\*\*\*\*d." Leo said.

Milo dropped his orange basketball shorts, and lined himself up at my entrance. He pushed himself all the way inside of me, and we moaned together. Oh wow, it feels so good.

Leo kissed my shoulder lightly.

"You going to let all of us have piece of this morning princess?" He asked.

"Yes.." I moaned out.

"Even after all the f\*\*\*\*\*g we did last night?" Leo asked.

"Yes! P-please." I begged.

"You're that much of a slut of us baby?" Milo asked between his thrusts.

"Yes daddy! Always!" I moaned louder.

"Tell Milo that you love him." Leo ordered me.

"I love you Milo. So much." I moaned.

"Tell Millie how many times you came inside of her last night Milo." Leo ordered.

"Baby, you made me cum 22 times. I wish I could have kept going." Milo told me.

Really, twenty two times? That's a lot. How many times did the rest of them c\*m? How many times did I cum? Wait, was I supposed to be keeping track.

Leo brought his lips to my ear as Milo continued to thrust inside of me.

"Don't worry baby. I kept count for you. Do you want to know how many times you came all over our c\*\*\*s?" Leo asked.

"I.. Yes. Oh god Milo yes!" I moaned out.

Milo rolled his hips, and my eyes rolled back.

"You came 37 times. Half of those lasted over five minutes." Leo told me.

Holy shit, that's a lot. I've had a lot of orgasms with them before. I think the most I had in one night was 15, or around there. 37 though? That's..

"Wow.." I moaned out when Milo thrust into me hard.

"We've never made a girl cum that many times baby." Milo said.

"R-really?" I stuttered out.

"He's telling the truth princess." Leo said as he continued to kiss my neck. "Never have we been with a girl like you Millie. Last night was only further proof that we all belong together." He said. "Really?" I asked with a huge smile.

"That's right baby. We are the only ones that can please you this way." Milo said as he rolled his hips.

I know he isn't lying. I wasn't a virgin when I met them. Although, James was more in it for his own pleasure, and didn't care if his partner had a good time. Not like my boyfriends do.

"Don't tell her that Milo." Leo scolded.

Milo thrust into me, and I moaned.

"Why not?" Milo asked.

"Because it's manipulative." Leo said.

"B-but.. it's.. true.. Ahh!" I moaned out.

"See, our girl knows who she belongs to. Don't you baby?" Milo asked.

"Yes daddy!" I moaned loudly.

Leo gripped my hair, and pulled my head back. His deep green eyes bore into me. There is amusement in his, and I love it.

"So, you're finally admitting you belong to us then?" Leo asked.

All I did was moan.

"And that we belong to you." Milo added.

"Y-y-you.. mean.. that?" I asked breathlessly.

Leo smiled down at me.

"Yes." He stated. "All of us, you, me, Milo, Atlas, and Oliver.. The five of us are going to be together for the rest of our lives Millie." Leo said confidently.

Milo started to thrust into me faster, and harder.

"We are going to move in together. Make our lives work together. We are going to support each other's dreams, and make love every single night. We will be present for every special moments in each other's lives." He continued. Leo leaned in closer to me.

"You will never be alone again. You will always have us there. Forever Ameilia."

The moment Leo whispered those last words, I came. I moaned out Milo's, and Leo's names as I did. Milo continued to thrust into me for a couple more minutes, until he finally came as well.

Leo stood up straight, and smirked down at me.

"You really mean that?" I asked a bit breathlessly.

"I do." Leo said.

Milo leaned into me to kiss my cheek. I can't take my eyes off of Leo. They want to be with forever too?

"Wow Leo, I've never heard you talk to anyone like that before." Milo said with a smile.  
"All sweet, and romantic like." He teased.

I blushed.

Leo never took his eyes from mine.

"Isn't the first time I've been soft with our girl."
