

Big Shot 1931

Chapter 1931: She Did Mind a Little

It was from Mo Yesi.

Qiao Mianmian quickly accepted it.

The man's handsome face appeared on the screen.

When the video call connected, Qiao Mianmian complained that she was tired. "Mo Yesi, I'm so tired. Did you know that our restaurant's business was very good today? I haven't stopped cooking since we opened the restaurant."

"You're that tired?" In the video, the man frowned.

"Mm, I'm so tired." Qiao Mianmian collapsed onto the bed the moment she came back. She was so tired that she didn't want to move at all. She bit her lip and whined softly, "I didn't know there would be so many people today. I didn't even prepare everything. If not for the lack of ingredients, I would still be busy in the kitchen."

Qiao Mianmian made all the dishes by herself.

Even if someone was helping her, she was still exhausted from cooking for so many people.

"Didn't the production team say that you'd be much more relaxed now?" Mo Yesi looked unhappy after hearing her complaints. "Why are you so tired?"

"You can't blame the production team for this." Qiao Mianmian was tired, but she had no intention of complaining. "I really didn't expect there to be so many people today. It's the first day, and we're not familiar with each other, so we got a little flustered."

"I'm a little tired, but it was a very fulfilling day. Mo Yesi, you're not allowed to make any more changes. I don't want you to torment them again because of me."

Qiao Mianmian was afraid that Mo Yesi would change his mind after hearing her complaints.

It wasn't that he couldn't do such a thing.

"Mm, I know." Mo Yesi was still frowning. Seeing that she seemed to be lying on the bed, he asked, "Have you eaten dinner?"

"Yes, I ate at the restaurant before I came back. What about you? Did you get off work so early today?"

She could see that he was at home.

"Mm." Mo Yesi nodded. "I didn't have much to do today, so I came home early."

"Oh." Qiao Mianmian nodded.

She was still thinking about the news she had just seen.

She wanted to ask Mo Yesi if he was the one who invested in the Shen Corporation.

Because the Shen family had asked him for help before.

“Baby, do you have something to tell me?” Mo Yesi saw that she wanted to say something, so he took the initiative to ask.

Qiao Mianmian looked up and stared at his handsome face. She hesitated for a few seconds before finally asking, “Mo Yesi, I just saw a piece of news about the Shen family.

“Did you know that the Shen Corporation suddenly pulled in a huge investment?”

“I know,” Mo Yesi replied without hesitation. “It has nothing to do with me. I didn’t invest in it.”

Qiao Mianmian: “...I didn’t say it had anything to do with you.”

Mo Yesi chuckled. “Baby, isn’t that what you wanted to ask me? The Shen family’s investment has nothing to do with me. I’m also investigating this matter, but I haven’t found out who invested in them yet.”

Qiao Mianmian’s face was a little hot.

Alright, she did mind a little.

That was why she asked him.

Now that she knew the answer, she felt much better.

She asked curiously, “You don’t know who invested in the Shen family?”

Chapter 1932: I Just Received a Bouquet of Flowers. Was It From You?

“Yeah, but I got Wei Zheng to investigate. We’ll find out sooner or later.”

After talking about this matter, the two of them talked about some daily matters before hanging up after half an hour.

Qiao Mianmian had just hung up when she heard someone knocking on the door.

She got up from the bed and walked over to open the door.

At first glance, she saw a large bouquet of pink roses with dew on them. Then, a faint rose fragrance wafted into her nose.

She was stunned for a moment. Shen Fei smiled and said to her, “Mianmian, someone just delivered flowers. They said they were for you. This must be from Mr. Mo. This bouquet of flowers is so beautiful. Take it.”

It was a huge bouquet of flowers.

Qiao Mianmian quickly took the bouquet from Shen Fei. “Thank you, Sister Shen.”

Shen Fei then left.

Qiao Mianmian returned to the bedroom with the flowers. She was about to send Mo Yesi a WeChat message to ask if he had sent her flowers when her phone rang.

She took it out to take a look, only to receive a text message from an unknown number.

Qiao Mianmian frowned when she saw the message.

138XX: [Mianmian, I'm back in China. Can we meet?]

Before Qiao Mianmian could reply, another text message came in.

It was from that unknown number.

138XX: [I miss you, I really want to see you. I have so many things to say to you. Mianmian, can we meet?]

Qiao Mianmian frowned even harder when she saw the new message.

She had already guessed who this number belonged to.

She looked down at the pink roses in her arms and thought of a possibility. Disgust flashed in her eyes, and she threw the flowers on the table.

She replied: [Who are you?]

Very quickly, the other party replied: [It's me, Su Ze.]

Qiao Mianmian had already guessed it.

But when she saw Su Ze's reply, her expression darkened.

She never thought that Su Ze would have the cheek to look for her.

He actually had the cheek to say that he wanted to meet her.

Qiao Mianmian suppressed her disgust and replied: [I just received a bouquet of flowers. Was it from you?]

Su Ze replied instantly, [Yes. I remember that you like pink roses the most. It's a new breed that was specially flown over from overseas. Do you like it?]

The scent of roses filled the air.

Qiao Mianmian did like pink roses.

However, when she looked at the bouquet of roses with dewdrops on it, she felt disgusted.

Because the person who sent the flowers disgusted her.

Hence, even her favorite flowers had become something she disliked.

With a dark expression, she thought about it and called Su Ze.

He picked up immediately.

An excited voice sounded, "Mianmian, you called me. I'm so happy, I..."

"Su Ze, do you think that it's not enough to just assign you overseas? Do you still want to be assigned to further places? Or do you feel that your life is too good now and you want to experience what it's like to have a bad life?"

"Mianmian, you..." Su Ze didn't sound as excited as before.

Chapter 1933: You're Not Good Enough for Him!

Qiao Mianmian said coldly, "If Mo Yesi finds out that you came to harass me the moment you returned, what do you think will happen to you?"

Su Ze fell silent.

"I hope this is the last time." Qiao Mianmian's cold voice was filled with undisguised disgust. "For the sake of Auntie Su and Uncle Su, I won't hold it against you this time. But if you continue to harass me, don't blame me for being nasty."

"Mianmian, do you really have to be so heartless?" Su Ze seemed to be hurt by her words, and his tone was very low. "Can't we find a place to sit down and have a good talk? I don't mean anything else, I just want to meet you."

"I've thought about a lot of things while I was abroad, and I've been reflecting on myself. Mianmian, I know I was wrong now. I've really done a lot of things to let you down. I don't dare to ask for your forgiveness, I just want to meet you. I have something to say to you. Take it that I'm begging you, alright?"

"For the sake of our past ten years of friendship, let's meet up."

Su Ze's tone was already very humble.

Like he was begging.

But Qiao Mianmian wasn't moved at all. She had completely given up on Su Ze, so she wouldn't feel anything no matter what he said.

To her, Su Ze was already a dead man in her heart.

She rejected him without hesitation. "I won't meet you. I'll say it again. If you harass me again, don't blame me for being rude to you."

With that, she hung up and blocked his number.

She picked up the bouquet of roses on the table, walked downstairs, and threw it into the rubbish bin.

After doing that, she turned around and saw Qiao Anxin staring at her with a complicated expression.

Qiao Mianmian glanced at her and walked past her coldly.

"Qiao Mianmian." Qiao Anxin stopped her and said indignantly, "Is this bouquet from Mr. Mo? Aren't you afraid that he'll know that you're ruining his feelings?"

Qiao Mianmian stopped in her tracks.

She turned around and saw Qiao Anxin's indignant expression. She thought it was funny. "What does it have to do with you whether I ruin his feelings or not? Who gave me this bouquet? What does it have to do with you?"

"What right do you have to ask about me?"

Qiao Anxin bit her lip. "It has nothing to do with me. I just can't stand your behavior!"

"Mr. Mo treats you so well, but you don't know how to cherish him! You don't deserve his kindness at all!"

"Really?" Qiao Mianmian smiled provocatively. "But so what if I'm not good enough for him? He just has to be so nice to me. He just likes me and doesn't even want to look at you."

"Do you think you can change anything by standing up for him here?"

Actually, this bouquet of flowers was given to her by Su Ze.

But Qiao Mianmian didn't intend to explain.

It wasn't that she didn't know that Qiao Anxin had feelings for Mo Yesi, so she deliberately said that to anger her.

Qiao Anxin's face turned pale.

"Qiao Mianmian." Qiao Anxin clenched her fists in anger, resisting the urge to rip her face apart. "Don't be so brazen just because Mr. Mo dotes on you."

Chapter 1934: I'm Bullying You

"With you like this, no matter how much he likes you now, it's only a matter of time before he loses all of his good impression of you."

"Really?"

Qiao Mianmian smiled nonchalantly. "But I like to act brazenly just because he likes me. This isn't the first time I've done this. He's getting more and more infatuated with me. I think he's enjoying my antics."

"Qiao Anxin, have you heard of this saying before?" Qiao Mianmian suddenly walked up and winked at her.

As she approached, Qiao Anxin subconsciously took a step back and looked at her warily.

"W-what?"

Qiao Mianmian smiled and looked into her eyes. "'He's always fearless when he's favored'. In Mo Yesi's eyes, even if I do anything, he'll still love me to death."

Seeing that her expression was getting uglier, Qiao Mianmian smiled and continued, "It's no use even if you're jealous of me. Everything I have now is better than yours, and I can easily get whatever I want. And you, I heard that you've paid a lot to be on this show."

“That’s why you should cherish this rare opportunity. I remember I warned you not to anger me. Otherwise, you should know that I can make you disappear from this show just like I did to Song Ke.”

Qiao Anxin’s expression darkened.

After hearing Qiao Mianmian’s last sentence, her expression changed, and her eyes showed panic and fear.

She was afraid because she knew that Qiao Mianmian could do it.

“Qiao Mianmian, you’re bullying me!” She was both angry and afraid.

“Really?” Qiao Mianmian smiled calmly. “So what if I’m bullying you? If you want to stay, then behave yourself. Otherwise, if I find you an eyesore, I can replace you anytime.”

Qiao Anxin trembled in anger.

However, she didn’t dare to retort.

Qiao Mianmian looked at her as if she was watching a joke, then turned and walked upstairs.

She didn’t even want to talk to Qiao Anxin now.

After all, Qiao Anxin was like a clown to her.

Qiao Mianmian didn’t take her feelings for Mo Yesi to heart.

She trusted her husband completely.

No matter what Qiao Anxin thought, it was all worth it.

However, the thought of someone like Qiao Anxin coveting her husband made her feel disgusted.

...

The next week’s filming went smoothly.

The business of the Chinese restaurant, which had been renamed “Travel Transit Station”, was unexpectedly booming every day. Qiao Mianmian and the rest easily completed the tasks assigned by the production team every day, even exceeding their quota.

The filming was originally supposed to take about a month, but because the filming method had been changed, the time was shortened by half and became half a month.

Halfway through the recording, the content of the first episode of “The Meaning of Traveling” was released. It was broadcasted at 8:00 PM on the weekend, considered a prime time slot.

The first episode was about Qiao Mianmian’s shoot in the village.

As the reputation of the first two episodes was very good, this episode also invited quite a number of popular starlets and new celebrities. The viewership ratings for that night were also very good.

Chapter 1935: Qiao Mianmian Is a Good Girl

The viewership ratings were tabulated the next day. Not only was The Meaning of Traveling the number 1 in the viewership ratings for all variety programs in the same time period, but it was also number 1 in all the television stations on that day.

The viewership ratings for the third episode were much better than the first and second episodes.

The netizens' discussions were also very high.

"Hahaha, I'm dying of laughter. The part where Zhan Bo went to dig lotus roots in his rain boots is really too funny. I suddenly realized that our brother is so beautiful that he can handle any style."

"I think the funniest part is feeding pigs. Han Yan almost cried from fear."

"Hahaha, I also find the part about feeding pigs funny."

"After reading the content of this episode, my impression of Qiao Mianmian has changed a lot. I realized that she's the best at taking care of herself and is quite good at taking care of others."

"Yeah, I think Qiao Mianmian is pretty good too. I really don't know why so many people are slandering her online."

"I feel like other than Qiao Mianmian, everyone else has been pampered since they were young and knows nothing."

"I don't think we can trust all the dirt online. Anyway, I've watched this episode, and I think Qiao Mianmian is a good girl. She's quite hardworking and knows how to cook. In comparison, Qiao Anxin is the one who doesn't know anything."

"I heard that Qiao Mianmian doesn't have a good relationship with her family. Mainly because her parents are very biased towards Qiao Anxin. Now it seems like this rumor might be true. One of the two sisters will do anything, and the other will do nothing. The one who won't do anything is definitely the one who's favored."

"Now that you mention it, why do I feel a little sorry for Qiao Mianmian? My family is in the same situation. It's really hard to be the unfavored one."

Qiao Mianmian was a hot topic.

As "The Meaning of Traveling" trended, she also trended.

Qiao Mianmian had many scenes in the first episode, and they were all very popular.

Mo Yesi had invested in this episode to support Qiao Mianmian better.

The sponsor was her boyfriend.

Hence, apart from Shen Fei and Zhan Bo, Qiao Mianmian was the one who appeared the most in this episode.

Many celebrities knew that it was tiring to be on such a show, but they still fought to be on it. Because such shows attracted many fans. Even if they were covered in scandals, as long as they acted well, they could clear their names.

Qiao Mianmian had attracted a lot of fans because of her culinary skills.

The first episode had just ended and her reputation was already much better than before.

As she scrolled through the netizens' praises for her on Weibo, she finally understood why so many popular artistes fought to participate in this program.

Joining it was too attractive.

For the next few days, the filming went very smoothly.

After the second week's content was broadcasted, the viewership ratings reached a new high. Much higher than the first week.

As the head chef and manager of the restaurant, Qiao Mianmian became the hottest topic among all the guests.

Those who had initially objected to her being the manager and felt that she was unsuitable, after seeing her performance, retracted their prejudices against her.

"I'm going to slap myself in the face. Qiao Mianmian's performance really exceeded my expectations. At first, I felt that she wasn't suitable to be the manager as a newcomer. But after watching two episodes, I feel that she has managed the restaurant quite well."

Chapter 1936: Mianmian, Something Happened Outside

"I think Qiao Mianmian is the most hardworking of them all. The business in the shop is good, and she's been busy from morning to night without any complaints. She's really a hardworking girl, completely different from what I expected."

"That's right. I also thought she was the kind of sweet and delicate person who wouldn't do anything. In the end, she actually became the pillar of support for the store. After watching these two episodes, my impression of her has changed. I feel that she's quite good. In the past, she was deliberately slandered by the haters."

"I also think Qiao Mianmian is a good person. Otherwise, Zhan Bo and Su Mufei wouldn't have played so well with her."

After two episodes, Qiao Mianmian gained a lot of fans.

Almost all the discussions about her on Weibo were positive.

Her negative news also decreased.

Everything was going well.

The filming for the last week went smoothly. However, on the last day, something went wrong.

As usual, there were many customers that day. After ordering, Qiao Mianmian busied herself in the kitchen.

She had just finished cooking when she suddenly heard a commotion outside.

The voice was very loud, and she vaguely heard someone scolding, "Call your manager out. I want to ask if she still has a conscience. There are cockroaches in the dishes, and she actually let you bring them out for the customers to eat. How can she be so wicked!"

"Where's your manager? Hurry up and call her out. Did she do something wrong and hide from us? Hurry up and call your manager out."

"Sir, please calm down. I think there's some kind of misunderstanding here. Our restaurant's hygiene has always been very strict. We would never allow such a thing to happen. Also, we check every time before the dishes are served. There can't be cockroaches in your dish."

"Why not? So many people are watching. Tell me, if this isn't a cockroach, what is it? Are you trying to shirk responsibility?"

"We're not shirking responsibility. If it was our responsibility, we would definitely accept it, and we would also bear the consequences. But..."

The noise grew louder.

The troublemaker became more and more aggressive.

Qiao Mianmian took off her apron and was about to go out to see what was going on when Su Mufei walked in anxiously.

Seeing her, he walked up to her and said anxiously, "Sister Mianmian, something happened outside."

Qiao Mianmian had a rough idea of what was going on. She immediately asked, "What's going on? I think I heard someone say that there's a cockroach in our dish. Is that true?"

"Yes." Su Mufei's eyes were filled with anger. "A guest ordered a meal and we just sent the dishes out. After a while, he said there was a cockroach in the dish. Now, he keeps insisting that he wants to see you. But that dish absolutely can't have a cockroach inside. There's no cockroach in our kitchen at all. Where did it come from?"

"He's here to cause trouble! I think he must have gotten that cockroach himself."

The more Su Mufei spoke, the angrier he became.

Qiao Mianmian frowned.

She could also guarantee that there were no cockroaches in her dishes.

But the customer found one in the dish.

She asked Su Mufei, "Who served that dish?"

"Me.." Su Mufei glanced at Qiao Mianmian and quickly explained, "Sister Mianmian, I swear I didn't put any cockroach in the dish."

Chapter 1937: How Much Is Your Character Worth?

"I know. How could I doubt you?"

If it were Qiao Anxin or Little Xiao, Qiao Mianmian might have been suspicious.

No one else had any reason to do so.

Qiao Mianmian was now certain that the guest had done it on purpose.

She frowned and thought for a while. Then, she said, "Don't be anxious. It's easy to find out the truth about this matter. There are surveillance cameras in the restaurant. Let's check them now."

"Oh, right." Su Mufei was stunned. He slapped his forehead. "How could I forget the surveillance cameras? I'll go check them right now."

"Okay, go check the surveillance cameras. I'll go out and take a look."

When something happened to the restaurant, as the manager, she had to appear.

"Okay. Sister Mianmian, be careful. That guest is very difficult to deal with. He doesn't make any sense."

"I know."

Qiao Mianmian walked out of the kitchen and saw a group of people gathered in a corner.

A commotion could be heard there.

That guest was still causing trouble.

Qiao Mianmian stopped in her tracks and then quickly walked over.

Someone spotted her. "Qiao Mianmian is here."

After watching two episodes of the show, everyone knew that Qiao Mianmian was the store manager. When they saw her walking over, they all gave way.

"Mianmian, you're here."

Shen Fei was still dealing with the guest. When she saw Qiao Mianmian, she frowned and whispered to her, "Someone's here to cause trouble. I think they're here for you."

Qiao Mianmian could tell, too.

Because this customer had been clamoring to see the manager.

When Qiao Mianmian appeared, the troublemaker immediately turned their attention to her. "You're the manager?"

He glared at Qiao Mianmian and questioned her fiercely, "Did you make all these dishes? Do you know there are dead cockroaches in your dishes? Is your shop a black shop? How dare you open a shop when the hygiene is so terrible?"

"Do you want all the guests to be hospitalized? I feel disgusted just thinking about that dead cockroach. You have to give me an explanation today. Otherwise, I won't let you off!"

Qiao Mianmian looked at the guest.

She looked down at the untouched dishes on the table and was silent for a while. When she raised her head, she said with a smile, "Dear customer, I'm sorry to have given you such a terrible dining experience. These dishes were indeed made by me, but the hygiene in our kitchen can be checked at any time. I can guarantee with my character on the line that there are absolutely no cockroaches in the kitchen."

"What?" The customer was instantly furious. "How much is your character worth? You said that there are no cockroaches, so there are no cockroaches? Then what about this cockroach here? Do you mean that I put it in the food myself?"

Shen Fei frowned and was about to speak when Qiao Mianmian stopped her.

She shook her head at Shen Fei, then turned to look at the troublemaker. She smiled faintly and said, "That's right, I do have such suspicions now. If it's really our restaurant's problem, we're willing to bear any consequences.

"But if someone is deliberately causing trouble..." Qiao Mianmian was still smiling, but her gaze turned cold and her voice deepened. "We aren't fools.. We won't let others deliberately smear our reputation."

Chapter 1938: Influence on Everyone

"Ever since the restaurant opened, this is the first time a customer said he saw a cockroach in a dish. We take this matter very seriously, so I've already sent people to check the surveillance footage and called the police. When the police come and look at the footage, I believe the truth will be revealed.

"There are so many guests today. I hope everyone can witness the truth."

When Qiao Mianmian mentioned checking the surveillance footage and calling the police, the troublemaker looked flustered.

Qiao Mianmian noticed his reaction and was even more certain that he was here to cause trouble.

This incident affected the restaurant greatly.

If she didn't investigate this matter clearly in front of everyone, it would be hard to clarify things once the public opinion started to spread.

The troublemaker didn't expect her to call the police. He was only here to make a scene and ruin Qiao Mianmian's reputation.

Seeing that his plan might not succeed, he wanted to leave the restaurant immediately.

The moment he stood up, Qiao Mianmian could tell. She immediately said to Zhan Bo and Ren Jun, "Watch this guest. He can't leave until the truth is out."

Ren Jun, Zhan Bo, and the rest could tell that the troublemaker wanted to leave. A few 1.8 meters tall young men immediately walked over and surrounded the troublemaker.

The troublemaker was stopped and cursed angrily. "What are you doing? Get lost! What authority do you have to stop me from leaving?"

“Sir, you just said that there are cockroaches in our dishes. We asked you to stay because we want to find out what happened and give you an explanation. Didn’t you keep saying that you want me to give you an explanation? Why are you leaving when I’m investigating this matter?”

“I can leave whenever I want, do I still have to report to you?” The troublemaker was clearly panicking. He growled angrily at Qiao Mianmian. “Forget it, I’m just unlucky today. I won’t pursue this matter anymore. I still have things to do, so I don’t have time to stay here and waste time with you guys. Move aside, don’t delay my matters.”

He pushed Zhan Bo as he spoke.

However, Zhan Bo grabbed his arm and said with a cold smile, “That won’t do. If you leave just like that, won’t our restaurant’s reputation of being unhygienic be cemented? If someone deliberately set you up, it won’t be you who will suffer, but our restaurant.

“Before we find out the truth, you can’t go anywhere. I think you should wait patiently.”

At this moment, the surrounding customers could tell that the person who had caused the trouble had probably put the cockroach inside.

If not, it was really the restaurant’s fault. He wouldn’t want to leave in such a hurry.

He was obviously afraid of being found out.

Most of these customers were fans, so they would definitely help their idols.

Qiao Mianmian wasn’t the only one whose reputation would be tarnished.

It would affect everyone.

Therefore, at this time, they all gathered around to stop the troublemaker from leaving.

“That’s right. We have to investigate this matter thoroughly. We can’t let him go before we find out.”

“I believe in the restaurant. If someone is causing trouble on purpose, we have to arrest them.”

“Since there are surveillance cameras, we should be able to find out the truth by checking the surveillance footage, right? I don’t believe the restaurant’s hygiene is so bad. Someone is obviously framing us on purpose.”

Chapter 1939: This Crisis Was Resolved Very Quickly

“Everyone, watch him. Don’t let him escape.”

The troublemaker was blocked by Zhan Bo, Ren Jun, and a few other boys. A group of fans was also blocking him. He couldn’t leave even if he wanted to.

He had come to cause trouble. He had hidden the cockroach in his sleeve.

Although it was hidden very well, one could still see some clues from the surveillance cameras.

How could he withstand investigation?

But now, he couldn’t leave even if he wanted to.

A few minutes later, Su Mufei walked over after checking the surveillance footage.

He looked at the troublemaker and said angrily, "I checked the surveillance footage just now. He was the one who put the cockroach in the food."

The troublemaker's face immediately changed. He looked up at Su Mufei and said in panic and anger, "Nonsense! I didn't do it. You're distorting right and wrong. Only you can see the surveillance footage. Of course, you can say whatever you want."

Qiao Mianmian sneered.

"Of course not. We can't just say whatever we want. That's why I called the police. When the police see the surveillance footage, they'll know what the truth is."

As soon as Qiao Mianmian finished speaking, a few customers saw policemen enter the restaurant.

The policemen came over and asked Qiao Mianmian about the situation. The team leader then told two police officers to check the surveillance footage.

Before long, the police officers found out what happened.

"We watched the surveillance footage carefully just now. The cockroach was indeed placed inside by this person."

After the police investigated the situation, the troublemaker could no longer deny it. In the end, he was taken away with the crime of causing trouble.

This farce was quickly settled.

Just as Qiao Mianmian had expected, before the truth was out, someone had already posted on Weibo, exaggerating the fact that there were cockroaches in her dishes.

In the past, such Weibo comments would have been mostly about Qiao Mianmian.

But this time was different.

The show that had been broadcasted two weeks ago had won Qiao Mianmian a lot of reputation and popularity. Now that she had a lot of fans defending her, the comments section had just been filled with anti-fans, but they were all rebutted by her fans.

The scandal this time did not last long.

After the troublemaker was taken away, the local police issued a relevant announcement, posting the cause and final investigation results on Weibo.

The announcement said that the troublemaker had hidden a cockroach and brought it into the restaurant.

And his motive was to smear Qiao Mianmian's reputation.

The troublemaker was Song Ke's fan, and he felt that the reason Song Ke left "The Meaning of Traveling" was all because of Qiao Mianmian.

Qiao Mianmian had ruined her goddess image.

He felt indignant for his goddess, so he thought of slandering Qiao Mianmian with cockroaches.

After this announcement, the Weibo post about Qiao Mianmian was reported and deleted.

It was quickly quelled before it could even spread on Weibo.

The cockroach incident didn't affect Qiao Mianmian at all. Instead, she gained a lot of fans.

The netizens admired her calm and composed way of dealing with unexpected situations.

"I realized that Qiao Mianmian is really a good manager. She's calm when she's in trouble and has a clear mind. I have to give her a thumbs up on how she solved this problem."

"Yeah, she looks so young. I thought she wouldn't be able to handle it."

Chapter 1940: Many Netizens Helped Her

"I think she must have some ability to be elected as the store manager by everyone. To be honest, I didn't really like her previously because of all kinds of scandals. But after watching two episodes, I realized that she's quite a good girl. She's young and pretty, can endure hardships and work hard, and her personality is very soft and cute. So, it's normal for her to be able to get a tall, rich, and handsome boyfriend. If I were a man, I would like girls like her too."

"That's right, that's right. I've also become a fan of Qiao Mianmian after watching two episodes. That's why I really can't believe all those scandals. She's clearly a very good girl, but she's been smeared so badly."

Qiao Mianmian didn't expect to gain so many fans because of this incident.

This was also the first time that many netizens had spoken up for her after a scandal.

It was very different from the times when she was criticized by everyone.

Qiao Mianmian felt warm and touched as she scrolled through Weibo.

For the first time, she felt that it was definitely worth it to participate in this show.

Not only did she gain friends like Zhan Bo, Shen Fei, and Su Mufei, but she also gained so many angel-like fans.

...

After this incident, the filming for the next few days went very smoothly, and they didn't encounter any more trouble.

Very soon, the filming had reached its final day.

After today, it meant that everyone had to part ways.

They had been together for almost twenty days. It was neither long nor short.

Everyone was a bit reluctant to part.

Of course, Qiao Mianmian wasn't included.

When the last scene ended and the director called for the end of filming, everyone was secretly happy that this episode had come to an end. A sense of melancholy and reluctance also spread through the crowd.

"Sister Mianmian, will we still have a chance to work together in the future?" Su Mufei looked at her with reluctance.

In his eyes, Qiao Mianmian was a beautiful and kind sister.

She took good care of them.

Su Mufei also treated her like an elder sister. He really couldn't bear to part with her.

Qiao Mianmian couldn't bear to leave them, either.

Usually, this group of big boys took good care of her, and the group of young people also hit it off well. Although they didn't spend much time together, everyone became good friends.

They were used to getting along with each other day and night. If they suddenly separated, everyone would feel uncomfortable.

"Qiao Mianmian, remember to keep in touch in the future." Zhan Bo waved his phone. "We can play Honor of Kings in the future. I've been practicing recently, I'll definitely be able to carry you next time!"

"I won't say anything else. Anyway, Mianmian and I will be working together again soon." Shen Fei smiled and placed a hand on Qiao Mianmian's shoulder. "But honestly speaking, Mianmian, we have to thank you properly.

"It's been hard on you during this period of time. You contributed the most to our restaurant being able to operate so well."

"Sister Shen, you're flattering me. The restaurant's good management is the result of all our hard work. Everyone has worked hard."

"Alright." Shen Fei smiled. "Everyone worked hard, but you're definitely the biggest contributor."

"Yeah, Qiao Mianmian, don't be modest." Ren Jun smiled. "You're indeed the biggest contributor.. Without you, our restaurant wouldn't have been able to run so smoothly."
