Chapter 2101: I Don't Plan to Get Married Now

"Let me do it." At this moment, Shen Rou, who had been silent all this while, stood up. She looked at Gong Zeli and said calmly, "Zeli, my mom and Aunt Gong mean that our families are going to have a marriage alliance."

"This is what the other elders of the two families think. Aunt Gong and my mom have asked for my opinion. I think I can accept this suggestion. If you don't object, we can get married as soon as possible."

Madam Gong looked at Gong Zeli nervously.

"Marriage?" Gong Zeli narrowed his eyes.

"Yes, a marriage." Shen Rou smiled and said softly, "With the current situation of the Gong and Shen families, I think a marriage between the two families is good. This is beneficial to both our families. Moreover, we grew up together and know each other very well. I think we're suitable to be together."

"Yes, yes." Madam Gong immediately added, "Zeli, you and Rourou grew up together, and you like her so much. Haven't you always wanted to marry Rourou? Now that our families are connected by marriage, you can marry Rourou too. Isn't this the best of both worlds?"

"I've checked the time with your Aunt Shen. If you don't have any objections, you can get married next month. The time is a little rushed, but our Gong family definitely won't mistreat Rourou. No matter how rushed, we'll give her a grand wedding."

"Yes, there's a very good time next month. We've checked with the feng shui master. This year, the time next month is the best."

Gong Zeli listened to them talk about it as if the marriage had already been decided. He couldn't help but laugh out of anger. "Who said I have no objections? You've already taken me for granted?"

Madam Gong and Madam Shen were chatting happily about the wedding next month when their expressions changed.

They both turned to look at Gong Zeli.

Shen Rou's expression changed slightly, but she still maintained a smile as she looked at him.

"Zeli, are you unwilling?" Madam Gong looked a little surprised.

She knew that Gong Zeli had liked Shen Rou for many years.

Previously, she was looking forward to the marriage alliance between the Gong and Shen families.

But at that time, it was her son who kept chasing after her daughter. Her daughter was unwilling.

After the Shen family fell, Madam Gong naturally didn't like Shen Rou anymore. That was why she wanted to form a marriage alliance with the Shangguan family.

But Gong Zeli wasn't interested in Shangguan Qing.

Even if Madam Gong wanted a marriage alliance, she couldn't force her son to marry.

Moreover, Mo Yesi found out about what she did with Shangguan Qing.

The Shangguan family was also down on their luck now. They were no longer Madam Gong's ideal marriage partner.

On the contrary, the Shen family, which was previously on the verge of bankruptcy, was now getting better by the day. In Madam Gong's heart, the Shen family had become the best marriage partner.

Madam Gong thought that this marriage was a sure thing.

Gong Zeli definitely wouldn't object.

Hence, she and Madam Gong decided on the date of the marriage.

But now, looking at Gong Zeli's reaction, Madam Gong felt uneasy.

"Mm, I'm not willing." Under the three pairs of eyes, Gong Zeli said without hesitation, "I don't have any plans to get married now. Aunt Shen, you'd better go to other families and ask if they have plans to marry.

"I won't join in the fun."

Chapter 2102: Her Daughter Was Rejected

Madam Shen's expression changed.

Madam Gong's expression also changed. "Zeli..."

"I'm tired, I'll go upstairs and rest for a while. You don't have to call me for dinner."

Gong Zeli ignored everyone and left.

"This..." Madam Gong was furious.

Madam Shen didn't look too good.

After all, her daughter had been rejected.

In Madam Shen's opinion, her daughter was outstanding and no one was worthy of her.

When the Shen family fell, she forced Shen Rou to go on blind dates.

Back then, Shen Rou was criticized and rejected because of the Shen family.

But now, the Shen family had recovered, and the Gong family was the one who initiated the marriage talks.

Madam Shen never expected Gong Zeli to reject her.

And it was a direct rejection.

Coupled with his deliberate words, it could be said that he didn't care about the Shen mother and daughter.

Madam Shen had been controlling her emotions all this while, and now, she couldn't control them anymore.

She felt that the Shen family had just escaped danger. If they could form a marriage alliance with the Gong family under such circumstances, it would be very beneficial to stabilize the Shen family's current situation.

Moreover, the Shen and Gong families had a feud with the Mo family.

If the two families joined, they could still fight against the Mo family in the future.

Under such circumstances, a marriage alliance would definitely be beneficial to both families.

But now, after being humiliated by Gong Zeli, even if Madam Shen had the intention to let her daughter marry him, she couldn't possibly let herself and her daughter lose face.

Given the Shen family's current situation, it wasn't difficult for Shen Rou to find a husband of equal status.

Although marriage with the Gong family was the best choice, it wasn't necessary.

At this thought, Madam Shen's expression darkened. She didn't want to lose face anymore and said directly, "Since Zeli is so unwilling and doesn't intend to get married now, let's forget about it.

"I thought that since he and Rourou grew up together, and he used to say that he liked our Rourou, and Rourou would definitely be very happy to marry him, this marriage would be a happy thing. But it seems like we old people don't understand the thoughts of young people. Since he's unwilling, we as parents can't force him."

Madam Gong looked anxious. "Sister Shen..."

"Madam Gong, it's getting late. Rourou and I won't disturb your rest. I'll come and see you when the sky changes." Madam Shen said coldly to Shen Rou, "Rourou, let's go."

This time the Shen family wasn't urgently in need of help.

They were doing well now.

It would only get better in the future.

Her daughter was outstanding, and she could find any kind of son-in-law.

Even if he was slightly inferior to Gong Zeli, it was still good.

At least she didn't have to worry about hurting her daughter.

She hadn't even despised this brat from the Gong family, but this brat actually despised her precious daughter.

"Sister Shen, I'm so sorry." Madam Gong recalled what her son had just done and tried to smile. "Zeli was really too rude today. He wasn't like this in the past. Perhaps he encountered something outside today, so..."

Chapter 2103: Is It Because You Already Have Someone in Your Heart?

"I feel bad for making Sister Shen unhappy.

"I'll teach him a lesson later."

Madam Shen smiled coldly. "Madam Gong, you're being too serious."

With that, she turned to leave.

"Mom, hold on."

Shen Rou tugged at her and looked up. She clenched her fists and said, "I have something to say to Zeli."

Madam Shen was stunned.

"What else do you have to say to him? Wasn't he clear enough?" Madam Shen looked at her daughter, a little angry. "He already said that he isn't willing to marry you. Do you want to be humiliated by him again?"

Madam Gong was embarrassed.

She wanted to explain, but seeing how angry Madam Shen was, she decided against it.

Shen Rou's expression stiffened.

Biting her lip, she suppressed her anger, took a deep breath, and said, "Mom, I know how to handle my own matters. Wait for me."

With that, she went upstairs to look for Gong Zeli.

...

"What are you doing here?" Gong Zeli looked at Shen Rou, who entered his bedroom without knocking.

"Zeli, I want to talk to you." Shen Rou stopped in front of him.

"I don't think we have anything to talk about," Gong Zeli said coldly. "Please leave now. I didn't allow you to enter my room. Miss Shen, you're from a prestigious family. Don't you know you're supposed to knock before entering someone's room?"

Shen Rou's expression stiffened.

She bit her lip. "Zeli, I want to talk to you about the marriage. I ask you to reconsider it. Given the current situation, if we marry, it will be beneficial to both our families.

"You know very well that with our backgrounds, we'll have to marry someone with the same status in the future. Since we can't avoid marriage, isn't it better to marry someone we know? Isn't it better to be with someone we grew up with and understand?

"Moreover, in terms of family background, the Shen and Gong families are the most compatible. Recently, our Shen family has just opened up a new project. If our two families ally and work on this project together, I guarantee that we will definitely make a huge profit.

"Zeli, reconsider it. Even... even if you don't like me anymore, just treat it as a business. The marriage is only for outsiders to see. After marrying, we can still live our own lives and not interfere with each other."

Shen Rou lowered her voice and said humbly, "Zeli, I only need the status of Mrs. Gong."

But even so, Gong Zeli rejected her without hesitation.

He narrowed his eyes. "I can't give you this identity. Find someone else."

Shen Rou's breathing tightened. Her face turned pale at his direct rejection.

She clenched her fists and asked, "Why? You don't want to get married because you already have someone in your heart? If you don't want to marry me, who do you want to marry? Your savior?"

Chapter 2104: This Has Nothing to Do With You

"Gong Zeli, did you reject me because of her?"

"You really like your savior?"

Gong Zeli looked at her and said coldly, "It has nothing to do with you."

"It has nothing to do with me." Shen Rou gritted her teeth and repeated his words. "Is that woman that good? Who exactly is she? Tell me, have you fallen for her?"

"Gong Zeli, answer my question and I'll leave immediately.

"Have you fallen for your savior?"

Gong Zeli's expression turned cold. "I've said it before, this has nothing to do with you."

"I just want you to answer a question. Is it that difficult?" Shen Rou looked at him stubbornly. "Do you not dare to admit that you like someone? Or is it that the person you like isn't good, so you're unwilling to admit it?"

"Let me guess. She's actually a very ordinary girl, right? You like her only because she saved you. Just like how you said you liked me back then. Because you felt that I saved you. Gong Zeli, is this what you like about someone?"

"You'll like whoever saves you?" Shen Rou said mockingly. "Is this love? Can you differentiate between love and gratitude? Have you ever liked someone?"

Gong Zeli's expression darkened.

"Get out."

Shen Rou froze.

Gong Zeli grabbed her arm and dragged her out of the bedroom, then slammed the door shut.

Outside.

Shen Rou was trembling with anger.

Gong Zeli didn't object to what she said.

So, he really liked the woman who saved him?

Who was she?

Shen Rou was a prideful person. She'd enjoyed Gong Zeli's care and love for so many years and had been a proud princess for so many years. But later, she realized that everything she enjoyed was obtained by someone else.

Gong Zeli said he liked her and treated her well simply because he thought she saved her.

Not because of her charm.

She couldn't accept it.

She wanted to know who the woman who saved Gong Zeli was.

She wanted to know what the woman who changed Gong Zeli's heart so quickly looked like.

Could she look like a goddess?

Shen Rou was very confident in her family background and looks.

She didn't think that the woman who saved Gong Zeli was better than her.

...

"I didn't expect Gong Zeli to be so insensible. I didn't despise him for being sick, but he actually despised my daughter."

After leaving the Gong Residence, Madam Shen was still angry at Gong Zeli for rejecting the marriage.

"He doesn't even look at his own qualifications. With that terrible habit of his, how many people in the circle would dare to marry their daughter to him? It'll be difficult to find someone with similar qualifications as you in the future."

"I want to see if the Gong family will find an Immortal Goddess as their daughter-in-law in the future."

Madam Shen grumbled to herself for a while, but Shen Rou didn't respond. She couldn't help but turn around. "Rourou, what did you say to Gong Zeli? Don't be angry over this. With your qualifications, you'll definitely find someone better than him in the future."

Chapter 2105: She's the Freest Person

"To be honest, if you really married him, Mom wouldn't be at ease. Who knows when his illness will flare up? It's like taking a risk by being by his side, and I have to be on tenterhooks for a while. This is good, too. The Gong family rejected it themselves, so we don't have to consider them anymore."

Shen Rou remained silent.

"Rourou, are you still sad?" Madam Shen looked at her. "Don't be sad. Mom will find you a young talent later. I promise he won't lose to him. No, I promise he'll be better than him."

"Mom, I'm not angry." Shen Rou kept quiet for a while before finally saying, "I'm not angry. I've thought about it. The Shen Corporation has just improved, I think we should focus on the company's new development."

"Let's talk about marriage in the future. I don't have any plans to get married for now. The most important thing now is the Shen Corporation."

Shen Rou paused for a while. "In a few days, Dad will hand the Shen Corporation over to me completely. By then, I'll definitely be very busy and won't have time to care about anything else. The seniors in the company don't think highly of me, so I have to show them results. I'll let them know that I can make the Shen Corporation better."

"Only then will they trust me."

Madam Shen sighed as she thought about the transfer of positions a few days later. "You're right. The most important thing now is to settle the Shen Corporation's new project. But Rourou, don't tire yourself. No matter what, your health is the most important."

"So what if those old fogeys don't think highly of you? You're the heir of the Shen Corporation. If your dad doesn't pass on his company to you, do we have to pass it on to them?"

"But I hope that I can use my abilities to truly convince them." Shen Rou's eyes were filled with ambition. "I will definitely return the Shen Corporation to its most glorious time. I want to replace the Mo Corporation's position. In the future, the Shen Corporation will definitely be the boss of Yuncheng City."

Madam Shen kept quiet.

After all, she wasn't that ambitious.

She just hoped that the Shen family wouldn't have to go through such danger again.

Surpassing the Mo Corporation was easier said than done.

But her daughter had such aspirations. Even if she felt that it was impossible, she didn't say anything.

"Sigh, I wonder how your sister is doing." Madam Shen looked at her ambitious elder daughter and couldn't help but think of her younger daughter.

Although Shen Xin reported good news every time she called, Madam Shen was still worried.

"What could happen to her?" Shen Rou said calmly. "She's not a child anymore. She's going to university soon. She hasn't taken responsibility for anything that happened to our family. She's the freest person I've ever seen."

Madam Shen could hear the unhappiness in Shen Rou's voice. Her lips moved as if she wanted to say something, but in the end, she didn't.

She sighed.

Shen Rou did suffer a lot when the Shen family was in trouble.

Thankfully, everything was fine now.

Madam Shen didn't ask for much now.

Besides the Shen Corporation's stability, she only hoped that Shen Xin could get into a good university.

Shen Xin had never made her worry about her studies.

But thinking about the college entrance examination two days later, Madam Shen was still a little worried.

Chapter 2106: Her Attitude Is Too Warm

Qiao Mianmian was busy the next two days.

Recording songs, Father Qiao's birthday, Qiao Chen's college entrance examination, and a few other things.

Thankfully, the recording went smoothly. It only took her a day to finish recording both songs.

She didn't have to make any changes to the details.

On Father Qiao's birthday.

After Qiao Mianmian and Qiao Chen agreed to come, she followed Mo Yesi to Qiao Chen's school and picked him up.

The day after Father Qiao's birthday was the college entrance examination.

Qiao Chen had always been outstanding in his studies, and Qiao Mianmian had never been worried about him.

Qiao Chen himself was also confident.

But even so, Qiao Mianmian was still worried about tomorrow's college entrance examination.

She asked him, "Chen Chen, are you ready? How confident are you in tomorrow's exam? Have you thought about which school you want to go to?"

Qiao Chen smiled and nodded. "Mm, I'm ready. As for the school, I think T University is pretty good."

"T University?" Qiao Mianmian looked surprised. "Didn't you always want to go to F University? Why do you want to go to T University now?"

F University was Qiao Chen's ideal university.

He'd told Qiao Mianmian more than once that he wanted to go there in the future.

Hence, Qiao Mianmian was shocked when she heard that he wanted to apply for T University.

"Mm, I wanted to apply for F University previously, but I feel that T University suits me better now. T University is better in terms of financial management."

Qiao Mianmian didn't think too much about it.

University T and F were very good key universities. No matter which school Qiao Chen went to, it was a good choice.

“Mm, think about it yourself.” Qiao Mianmian nodded. “Although we’re very confident, you can’t let your guard down. You have to take this exam seriously.”

“Sister, don’t worry. I will.”

Qiao Mianmian thought for a while and said, “I’m rather free tomorrow, I’ll accompany you to the examination hall.”

Qiao Mianmian valued her brother’s college entrance examination.

Everyone else was accompanied by their parents.

Qiao Chen only had his sister.

Although he had been acknowledged by the Mo family, he was still a little distant from them.

“Sure.” The young man smiled. “With Sister by my side, I’ll definitely perform exceptionally well.”

...

A while later, they arrived at the Qiao family’s house.

Qiao Mianmian was surprised to see Lin Huizhen waiting outside.

Lin Huizhen smiled and walked towards them.

“Mianmian, Chen Chen, you’re finally back.” Lin Huizhen had argued with Qiao Mianmian before, but she didn’t feel awkward now. Even if Qiao Mianmian didn’t smile at her, she still smiled.

She said affectionately, “Your dad, Anxin, and I have been waiting at home. Oh, Yesi is here too. It’s rare for you to have the time to come despite being so busy. How thoughtful.”

Lin Huizhen was both happy and afraid to see Mo Yesi.

She didn’t know his identity before.

Now that she knew, her attitude was naturally different.

The man standing in front of her was the Chairman of the Mo Corporation, the Second Young Master of the Mo family.

Chapter 2107: Why Is Your Life So Good

In the past, Lin Huizhen thought that Su Ze had a good family background, and she was already very proud of Qiao Anxin for being able to find a son-in-law like him.

But the Su family was nothing compared to the Mo family.

To put it bluntly, in terms of family background, the Su family wasn’t even qualified to carry the Mo family’s shoes.

Although Lin Huizhen was unhappy that Qiao Mianmian was better than her daughter in every aspect, she had to accept reality.

She was sensible.

Especially since she needed Qiao Mianmian's help today.

Hence, her attitude was especially good.

But not everyone bought her attitude.

Lin Huizhen felt a cold gaze on her. She looked up and saw Mo Yesi looking at her expressionlessly.

He didn't say a word, but Lin Huizhen felt fear.

Mo Yesi was her son-in-law in name, but Lin Huizhen didn't dare to treat him as such.

"Erm, Mianmian, your dad is still waiting for you. Hurry up and go in." Lin Huizhen didn't dare to meet Mo Yesi's oppressive gaze. She quickly turned to Qiao Mianmian and used Father Qiao to change the topic.

Qiao Mianmian ignored her and turned to Qiao Chen and Mo Yesi. "Let's go in."

On the second floor of the villa.

Qiao Anxin stood by the window and watched the slender figure walk out of the black Rolls-Royce. Her heart started racing.

Mo Yesi was a rare gem among men.

He was even rarer among the rich young masters in the upper-class society.

Even in the entertainment industry where handsome men were everywhere, there was no one like him.

Qiao Anxin looked at Mo Yesi's handsome face and then at Qiao Mianmian. She clenched her fists and couldn't help but feel jealous.

How could Qiao Mianmian be so lucky?

She even managed to get her hands on such a man.

Why!

Mo Yesi, the dream lover of many women in the city.

Many women claimed that as long as Mo Yesi could spend a night with them, they would die without regrets.

And this man that so many people wanted but could only dream of was now Qiao Mianmian's man.

She actually let Qiao Mianmian have him.

Qiao Anxin stood by the window and watched for a while. She only left when Qiao Mianmian and the rest entered the villa.

She walked to the mirror and looked at herself again.

After confirming that her makeup and jewelry were perfect, she walked out of the bedroom and headed downstairs.

...

Qiao Mianmian walked into the living room and saw Father Qiao waiting for them.

She noticed that he looked a little haggard after not seeing him for a while.

Father Qiao was obviously happy to see them, but he still kept a straight face and said calmly, "You're back. Sit down first. Your Aunt Lin still has a few dishes to prepare, we'll have to wait for a while."

"Dad, we're not hungry. There's no hurry." Qiao Mianmian handed him a box. "Dad, this is the gift that Yesi and I picked for you. I hope you like it."

Chapter 2108: It's Rare to Find Such a Man

"It's fine as long as you're back. There's no need for gifts."

Father Qiao took the gift and smiled.

"Dad, open it and see if you like it," Qiao Mianmian said.

Father Qiao looked at her and opened the box.

It was a watch.

Father Qiao was shocked.

Father Qiao had used a lot of good stuff and had some understanding of watches.

Hence, he knew the brand and price of this watch.

He looked at it for a few seconds before putting it back.

Then, he handed the box back to Qiao Mianmian. "Take it back. Why are you buying such an expensive gift? It's a waste of money. I already told you that coming back was enough, why didn't you listen?"

Father Qiao knew this watch.

It was a watch worth eight figures.

Father Qiao had never bought such an expensive watch before.

"Dad, this is your gift, how can we take it back? As long as you like it, it's not a waste of money." Qiao Mianmian wasn't willing to accept it.

Actually, this gift was prepared by Mo Yesi.

Qiao Mianmian didn't spend much effort choosing gifts.

She had never asked Mo Yesi how much this watch cost.

But judging from Father Qiao's reaction, it must be very expensive.

"Yes, Husband." Lin Huizhen's eyes lit up when she saw the watch in Father Qiao's hand. She quickly walked over and held his hand. "This is a gift from your daughter and son-in-law. Please accept it.

"Moreover, with Mianmian's qualifications, they can afford an expensive gift. It's good that they're so filial, don't push it."

With that, Lin Huizhen grabbed the box. "I'll put it upstairs for you. Don't lose such an expensive gift later."

Then, she headed upstairs with the box.

Father Qiao frowned but didn't stop her.

He turned around and looked at Qiao Mianmian disapprovingly. "You're not allowed to buy such expensive things anymore. I know you have the money now, but you should keep it for yourself. I don't need such an expensive watch."

"Dad, the gift was prepared by Yesi. I just told him what you like and he decided to buy it." Qiao Mianmian held Mo Yesi's arm and smiled. "He was the one who paid for it. I didn't spend a single cent."

Father Qiao looked at Mo Yesi.

This was the first time he sized up his son-in-law.

There was no doubt that Mo Yesi was excellent in all aspects.

It was rare to find such a man.

Hence, Father Qiao couldn't tell what was wrong with him.

Moreover, he could tell that Qiao Mianmian was getting better and better after getting together with Mo Yesi.

She looked completely different from before.

She now really looked like the part of a pampered young lady.

She exuded elegance.

It was obvious at a glance that she was doing well.

Qiao Mianmian was living a blissful life now.

Mo Yesi doted on her, too.

Father Qiao stared at Mo Yesi for a while before saying, "Yesi, thank you."

Chapter 2109: But It's Still Different

This son-in-law was impeccable.

The only bad thing was that he looked cold and unapproachable.

Even though this man was his son-in-law, Father Qiao was still afraid.

He couldn't put on airs in front of Mo Yesi.

"Father-in-law, you're too polite. It's only right." Mo Yesi wouldn't give Lin Huizhen face, but he still had to give Father Qiao face. Even though he didn't really like Father Qiao, he still greeted him politely.

"Dad, this is a little gift from me." Qiao Chen took out the gift he prepared for Father Qiao.

Father Qiao only realized that Qiao Chen was back when he heard his voice.

When his gaze landed on Qiao Chen, he was obviously shocked.

Father Qiao couldn't remember the last time he saw him.

But the Qiao Chen back then was definitely different from now.

The young man in front of him didn't look too good. His face was pale and he was still thin.

But it was still different.

He was clearly different from before.

Even though he looked a little sickly, his eyes and aura were different.

And his attire.

Qiao Chen was wearing a formal suit. Although the young man was slim, his 1.8m height was enough to support his clothes.

This was the first time Father Qiao saw Qiao Chen in such formal clothes.

The expensive suit seemed to make him nobler. He used to look weak and easy to bully, but now he looked like a rich young master.

Qiao Chen was wearing an expensive suit and a very expensive watch on his wrist.

But Father Qiao didn't think too much about it.

He thought that either Qiao Mianmian or Mo Yesi bought it for him.

He also thought that Qiao Chen changed because of them.

Father Qiao didn't know that the little boy he brought back from the orphanage was actually the Young Master of the Mo family.

His adopted son and daughter were extraordinary.

Father Qiao didn't know that Qiao Chen was the flesh and blood of the Mo family.

Qiao Anxin and Lin Huizhen didn't know, either.

"Dad, this is Chen Chen's gift to you. Please accept it."

Father Qiao stared at his adopted son in a daze for a while until he heard Qiao Mianmian's reminder. He then snapped back to his senses and reached out to take the box from Qiao Chen.

He opened it and saw a bank card inside.

He looked up in shock. "Chen Chen, what's this?"

Qiao Chen smiled and said, "Dad, I earned some money. I don't know what to buy for you. You can buy whatever you like. The password is your birthday."

"You earned money?" Father Qiao took out the bank card and looked down at it with a shocked expression. "Where did you earn money? Aren't you still in school? Where did you have the time to earn money?"

Qiao Chen didn't elaborate. "I took some spare time to earn money."

But the truth was that he earned money from signing a contract with Mo Xingshu when he went to the company to practice.

It wasn't a big deal, but it was a lot of money for Qiao Chen.

This was the most money he'd earned since he was born.

The card he gave Father Mo had seven figures.

Chapter 2110: When Can We Do the Surgery?

Although it couldn't be compared to the watch Mo Yesi gave Father Qiao, he earned it with his own abilities. He left a small portion for Father Qiao.

Father Qiao didn't have much feelings for Qiao Chen.

Similarly, Qiao Chen didn't have much feelings for Father Qiao.

After he found out that he wasn't Father Qiao's biological son, the things that had piled up in his heart and made him unable to understand were now relieved.

For example, why Father Qiao's feelings for him were so faint.

As his adopted son, Father Qiao didn't treat him badly.

At least, he was responsible for raising him.

He never treated him harshly.

Hence, Qiao Chen thought that he was indebted to Father Qiao for raising him. He had to repay this favor.

Father Qiao was stunned. He looked at the bank card in his hand and then up at Qiao Chen's pale and thin face. He suddenly felt guilty.

He wasn't a qualified father.

Especially when Qiao Chen was ill for the past few years. As a father, he didn't show enough care and concern.

Father Qiao knew that Qiao Chen wasn't in good health and that he was very busy.

At such a time, he still took the time to work and earn money, and even gave him all the money he earned.

Father Qiao felt very guilty after seeing his adopted son's filial piety.

He increasingly felt that he wasn't a good father.

"Chen Chen, this is your hard-earned money. You should use it for yourself." Father Qiao felt guilty and was too embarrassed to accept the bank card.

He handed the card back.

"Dad, I still have money on me. Keep the card, there's not much money inside. Moreover, if I lack money, I can ask Sister and Brother-in-law." Qiao Chen pushed the card back.

"Yes, Dad." Qiao Mianmian smiled and said, "This is Chen Chen's intention, quickly accept it. If you don't accept it, it's because you think it's too little."

"How could that be?" Father Qiao knew that Qiao Mianmian was trying to provoke him. He finally smiled and glared at his daughter. "Alright, since you've said so, I'll accept this card."

"Chen Chen, it's been hard on you." Father Qiao looked at Qiao Chen guiltily. "But don't do this in the future. You're so busy with your studies every day, it's tiring enough. Your health isn't too good, so don't tire yourself out."

"Oh right." Father Qiao recalled something. "Mianmian, you said that Chen Chen's illness can be treated with surgery. When can the surgery be done?"

"When Chen Chen is done with his college entrance examination, we can pick a time to do it. I took him for a checkup a while ago. With his current health, he can do it anytime." The person who answered was Mo Yesi.

"Good, that's great." Father Qiao looked happy. "Yesi, I heard that you're the lead surgeon for Chen Chen's surgery? How confident are you in the surgery? Can Chen Chen's illness really be cured?"

"I mean, will he be like a normal person after he's cured?"

Father Qiao had brought Qiao Chen home from the orphanage to groom a successor.

But when Qiao Chen fell ill, he dismissed the idea.

Now that he heard that Qiao Chen's illness could be treated, he was naturally happy.

Father Qiao was more traditional.

In his opinion, he still had to leave his career to his son.

His daughter was married, and the child she gave birth to would be an outsider, not a member of the Qiao family.
