

Big Shot 2251

Chapter 2251: When Did This Happen?

"Dad, how do you feel today?" Qiao Mianmian saw that he looked much better than before.

"Mm, much better."

Father Qiao narrowed his eyes and sized up his adopted daughter.

He'd raised Qiao Mianmian for almost 20 years, so he naturally knew how good-looking his daughter was.

Qiao Mianmian had been especially good-looking since she was young.

Everyone praised her.

Many people said that Qiao Ruhai was blessed to have such a beautiful daughter. When his daughter grew up, she would definitely marry into a rich family. As her father, he would naturally enjoy life too.

Qiao Ruhai believed it, too.

Qiao Mianmian was too beautiful.

She was already so beautiful when she was only 12 or 13.

This was also why the Su family had decided on her so early. Besides Su Ze being very satisfied with Qiao Mianmian, the Su parents also liked her.

When Qiao Mianmian first got together with Mo Yesi, Father Qiao didn't know his family background.

When he found out later, he was shocked for a while and then felt that it was normal.

He knew very well that Qiao Mianmian's family background was extraordinary.

She was born into a rich family.

Moreover, she had such a face.

Which man could resist it?

Even Mo Yesi liked her and married her.

Hence, it wouldn't be surprising if Gong Zeli liked her too.

"Dad, what's wrong? Why are you staring at me?" Qiao Mianmian couldn't help but ask.

Father Qiao looked like he wanted to say something.

"Dad, just tell me directly." Qiao Mianmian could tell that he had something to say to her.

"Mianmian, how's your relationship with Young Master Gong?" Father Qiao hesitated for a while before asking.

Qiao Mianmian was stunned.

Father Qiao looked at her expression and said, "There's something I don't know if I should tell you."

"Dad, what are you trying to tell me?"

"Young Master Gong looked for me a long time ago." Father Qiao decided to tell him about Gong Zeli. "He asked me about what happened 10 years ago."

"What happened 10 years ago?"

"Mm, he asked me if I'd brought you to the Gong family's banquet. After I confirmed it, he asked me some questions. Mianmian, do you know why Young Master Gong asked me about this? Did you... know him 10 years ago?"

Father Qiao felt that it was impossible.

No matter when it was, the Qiao family couldn't be associated with the Gong family.

Gong Zeli was the Young Master of the Gong family, how could it be so easy to get to know him?

But if she didn't know him, why would he ask him those questions?

"He asked you about what happened 10 years ago?" Qiao Mianmian was stunned. "When did this happen?"

Father Qiao told her about the time and then said, "It was also after that time that he helped the Qiao family a lot. Mianmian, do you know why Young Master Gong helped us?"

Qiao Mianmian kept quiet for a while before nodding.

Initially, she thought that she was overthinking.

But it seemed like Gong Zeli helped the Qiao family because of her.

He just didn't want to admit it.

Chapter 2252: This Has to Do With the Car Accident

"Then why?" Father Qiao immediately asked. "Did... something happen between you and Young Master Gong?"

Father Qiao couldn't ask too directly because Qiao Mianmian was already married.

Some questions were difficult to ask.

"Dad, actually, I also don't remember." Qiao Mianmian didn't intend to hide it from Father Qiao. "He said I saved his life. It was that night 10 years ago, when you brought me to his birthday party. He accidentally fell into the pool, and I saved him.

"Then, he always felt that I was his savior and wanted to repay me."

Father Qiao was shocked.

"You saved Young Master Gong?"

"I don't remember." Qiao Mianmian pursed her lips. "I don't remember anything about that night. So, I don't know if what he said is true."

"I see." Father Qiao finally nodded. "No wonder he kept asking me about that night. I guessed and guessed, but I didn't figure out what he wanted to ask. It's normal that you don't remember what happened that night. This has something to do with the car accident."

"You don't remember a lot of things that happened that year. The doctor said that you must have lost a part of your memory. Since he said you saved him, this should be true. He can't possibly lie to you about this. It won't do him any good."

"No wonder he helped the Qiao family. He wanted to repay you."

It was no wonder that Gong Zeli didn't seem angry when Qiao Mianmian was being rude to him.

"Mm, it should be like this." Qiao Mianmian looked at Father Qiao and thought for a while before saying, "Dad, why didn't you tell me about your company's problems previously? If you encounter anything in the future, you have to tell me, alright?"

"We're a family, and I'm capable now. I can help you settle those things. Mr. Gong, he... Although he's pretty good, he's an outsider, after all. If we can settle our own matters, it's best not to trouble an outsider."

"After all, it's not good to owe others a favor."

Father Qiao also thought of something. After a moment of silence, he nodded. "Alright, I got it. There was a problem with the company back then, and a lot of money was needed to settle it. I didn't tell you because I didn't want to burden you. Thankfully, everything is fine now, and the company is operating normally."

"Mm, in any case, you have to tell me if anything happens to you in the future." Qiao Mianmian reached out and held Father Qiao's hand. She looked into his eyes and said seriously, "Dad, I'll always be your daughter, and you can always rely on me. No matter what my relationship with the Bai family is now, we'll always be father and daughter. This relationship won't change."

Father Qiao must feel especially lonely now that he lost two relatives.

Hence, Qiao Mianmian wanted to express her stand in front of him.

She wanted Father Qiao to feel safe.

He must be feeling alone without any family.

Qiao Mianmian knew how painful it was.

When Madam Qiao and her grandmother passed away, she was especially sad.

At least Qiao Chen was by her side.

Otherwise, she would feel especially lonely.

Chapter 2253: She's Actually Playing a Corpse

Father Qiao was stunned and slowly looked up. Qiao Mianmian saw that his eyes were red.

Tears rolled down his cheeks.

He probably felt that a man couldn't shed tears, so he tried his best to hold it in.

He grabbed Qiao Mianmian's hand and nodded. "Alright, we're father and daughter forever."

At this moment, Father Qiao felt guilty as he looked at the sincere Qiao Mianmian sitting by the bed.

He wasn't a qualified father.

He was more biased towards his wife and supposed biological daughter.

Before Mother Qiao passed away, he still valued Qiao Mianmian.

But after Mother Qiao died, he married Lin Huizhen and had Qiao Anxin. He started to neglect his eldest daughter.

Even if he didn't do it on purpose, he did ignore Qiao Mianmian.

And then, because of Qiao Anxin and her mother, he did many wrong things.

He felt that he had gone overboard.

But now, this daughter who wasn't related to him by blood actually said this to him.

She was the only one who visited him in the hospital.

He was able to live in such a good ward, enjoy the best treatment in the hospital, and have so many professionals take care of him, all because of her.

Lin Huizhen and her daughter were long gone.

They didn't call him even once.

His wife and daughter, whom he thought were reliable, seemed like a joke now.

...

Lin Huizhen and Qiao Anxin were no longer in Yuncheng City.

Qiao Anxin followed Su Ze's instructions and went overseas.

But everything didn't go as smoothly as she thought.

Her fame didn't follow her after she left the country. Her looks weren't too good, either. She entered the local entertainment industry as a newbie again, and without the support of the company, this was the first time she felt the so-called treatment of a newbie.

Qiao Anxin tried all the setbacks Qiao Mianmian faced.

This was the first time she knew how it felt to be a walk-on actor.

"Hey, why are you in a daze? Come over, it's your turn soon."

On the set.

Qiao Anxin took on the role of a walk-on. Just as she was done changing, a crew member came over and called her. "Lie face down there later, don't show your face. You don't have to do anything, just lie there, get it?"

Qiao Anxin took the role of a "corpse".

She wanted to play the role of the female lead's sister for many years, but when the female lead found her, she was already killed.

Her death would agitate the female lead in the show. It would become a crucial turning point for the entire show.

Speaking of which, her role was very important.

When Su Ze asked her to act in this role, he said that it was an important role.

But when Qiao Anxin arrived, she realized that she was playing a corpse.

As she was just an extra, he couldn't possibly give her the script in advance.

Qiao Anxin was furious.

Ever since she debuted, she got the second female role in her first production with Su Ze's help.

After she got together with him, she even won the female lead role.

And now, he wanted her to play a "corpse"?

Chapter 2254: An Unknown Newbie

This was a huge humiliation to Qiao Anxin.

She rejected him immediately.

But just as she was about to leave the set, Su Ze told her that if she left, she would never get another job.

She even signed a contract with him.

Before her contract expired, she wasn't free.

Unless she was willing to pay the compensation fee.

But how could Qiao Anxin have the money now?

She couldn't afford to pay the compensation fee.

Hence, she could only listen to him.

She swallowed her anger and went to change into her costume. As she was only acting as a corpse, she didn't even put on makeup.

The crew members weren't polite to her, either.

When the employee saw that she didn't react, he frowned and reprimanded her impatiently. "I'm talking to you, did you hear me! What are you waiting for? Hurry up and go over. Why do you need me to call you three times? I don't care what you used to do. Now that you're here, you have to abide by the rules here, get it!"

The crew member probably heard that Qiao Anxin was doing well in her country, but this had nothing to do with him.

No matter how impressive Qiao Anxin was in the past, the fact that she was here as a walk-on actor meant that she wasn't doing so well.

Qiao Anxin's expression changed.

She was about to flare up when she suddenly recalled that she wasn't in Yuncheng City anymore.

She wasn't the Qiao Anxin she used to be.

She was just a newbie.

Qiao Anxin suppressed her anger and grievances. She clenched her teeth and said a few seconds later, "I got it. I'll be right there."

"Hurry up, don't waste time. You can't afford to waste everyone's time."

With that, the crew member left.

Qiao Anxin's expression changed again.

She was about to walk towards the set when she suddenly felt indignant.

Why was she acting as a corpse that couldn't even show her face?

If she didn't show her face, what was the point?

At this thought, Qiao Anxin's eyes flickered.

...

"Alright, alright. Everyone, take note of your positions. The shoot is about to start."

The director called out to each of the actors. After confirming that they could shoot, he aimed the camera at the female lead.

The female lead was a popular actress in their circle. Her name was Anna, and she was very popular among the locals.

Although she didn't have a good temper, her acting was passable. Coupled with her popularity, she was very sought after.

The director was also very polite to her.

"Anna, are you ready?" the director asked.

After seeing her nod, the director called for the countdown "Three, Two, One" and started filming.

That day, the female lead used various clues to find her long-lost sister. But when she walked to her sister's room, she found that the door was open.

She was stunned for a while before gently pushing the door open.

The moment the door opened, a strong smell of blood wafted out.

The female lead immediately realized that something was wrong and turned pale. She quickly ran into the room and saw her sister lying in a pool of blood in the living room.

Chapter 2255: I Hit You, So What?

At this moment, the camera turned to Qiao Anxin's "corpse."

Qiao Anxin was supposed to be facing down, so the camera couldn't capture her face.

But when the camera moved over, they saw that she wasn't lying face down. She was lying on her side, only using her hair to cover her face.

And her face wasn't fully covered.

When the camera was pointed at her, her hair suddenly moved and slid down her face as if the wind had blown over and moved it away.

Her face was completely exposed.

And the makeup artist hadn't even done her makeup.

But Qiao Anxin's face was covered in makeup.

Although her makeup wasn't thick, it was obvious.

This unexpected development stunned the director.

Anna's expression changed.

The director frowned and stopped the filming.

"The one playing the corpse, what's wrong with you? Didn't anyone tell you how to act?"

One of the crew members immediately stood up to clarify. "Director, I told her long ago. I didn't expect her to be like this."

The director looked at Qiao Anxin with even more dissatisfaction. "Since someone told you in advance, why did you show your face? Also, why did you put on makeup when you are pretending to be a corpse? Do you even know how to act? If you don't, change with someone else."

To the director, it didn't matter who acted as the corpse.

He knew why Qiao Anxin did this.

He'd seen many newbies like her.

"Director." Qiao Anxin got up and tucked her hair behind her ear.

She smiled at him and looked at him seductively. "I think it's better this way. The female lead just ran into the house when a gust of wind blew past and blew her sister's hair off her face. It'll be better when the female lead sees her dead sister's face.

"This way, it'll be more exciting for the audience."

The director had never looked at Qiao Anxin seriously before.

Now that he realized that she was pretty, he couldn't help but feel a little aroused.

He was about to flare up at her when he changed his words. "Now that you mention it, it does make sense."

"So, Director, I didn't change your arrangement without permission. You think this is better, right?" Qiao Anxin said coquettishly.

The director was about to reply when Anna walked past him and stood in front of Qiao Anxin. Before she could say anything, Anna slapped her.

Qiao Anxin's face swelled.

She looked up at her in disbelief. "You hit me!"

"I did, what about it!" Anna saw Qiao Anxin flirting with the director just now. This director had an ambiguous relationship with her, but now he was being seduced by a newbie in front of her. How could she ignore it?

And the director's attitude towards Qiao Anxin made Anna even angrier.

Anna wasn't particularly beautiful, but Qiao Anxin was better-looking than her.

Chapter 2256: She Looks Too Scary

As the female lead, how could she tolerate an extra stealing her limelight?

She glared at her. "Lie however I tell you to. You're just a walk-on. Who gave you the right to make your own decisions?"

"Director, I request a replacement!" After hitting Qiao Anxin, Anna turned around and said to the director forcefully, "I hate this kind of woman who plays tricks. Facing her will affect my performance."

Seeing that Anna was angry, the director agreed without hesitation. "Alright, I'll replace her immediately. Anna, don't be angry. She's just an unimportant person. I'll get someone to chase her away immediately."

"Then do so," Anna said with a dark expression. "I won't be in a good mood if I have to look at her for even a second longer."

"Alright, alright. I'll chase her away immediately." The director quickly comforted her. "Don't be angry, don't be angry."

The director turned to the crew member beside him. "Take her away."

“Yes, Director.”

Qiao Anxin rode on Anna and grabbed her hair.

She was so angry that her eyes were red. Coupled with her ferocious expression, everyone was shocked.

Because Qiao Anxin was like a lunatic!

She looked too scary.

The employee walked over and pushed Qiao Anxin away. “Did you hear that? What are you still standing here for? Get out!”

Qiao Anxin staggered backward and almost fell.

She looked up at Anna indignantly, looking like she wanted to skin her alive.

Anna was shocked by Qiao Anxin’s glare. She looked at her indignant expression and got even angrier.

She was just a newbie, how did she dare to look at her like that after being slapped?

Anna gave Qiao Anxin another slap.

“Why, are you still not convinced? Who are you trying to put on that aggrieved look for? You’re just a walk-on actor, so what if I hit you? What else can you do to me?” Anna finally felt better seeing Qiao Anxin’s swollen cheeks and deformed face.

This slut actually wanted to seduce the director.

She didn’t even look at herself.

She was just a walk-on actor, and she was so scheming. What if she really ended up in the director’s bed?

Qiao Anxin was stunned.

When she realized what was going on, she looked up and saw Anna standing in front of her. She couldn’t take it anymore and pounced on her.

“If you dare hit me, I’ll kill you!”

Qiao Anxin had never suffered such grievances.

No one had treated her like this since she debuted.

But now, she’d been slapped twice.

At this point, she was so angry that she had lost all rationality.

She pounced on Anna and grabbed her by the neck. She then yelled, “You hit me, You hit me! I’m going to fight it out with you!”

This slut dared to hit her!

Qiao Anxin wanted to vent and couldn’t care less about the consequences.

Chapter 2257: What Right Do You Have to Treat Me Like This

Anna was caught off guard and fell to the ground.

Qiao Anxin rode on her and grabbed her hair.

She was so angry that her eyes were red. Coupled with her ferocious expression, everyone was shocked.

Because Qiao Anxin was like a lunatic!

She looked too scary.

Only when Anna screamed did the crowd snap out of their daze. Some of the workers immediately went forward to stop Qiao Anxin.

At this point, Qiao Anxin was so strong that even a crew member couldn't stop her. Moreover, her face was scratched.

Seeing this, another crew member stepped forward. Two men grabbed her by the shoulder and pulled her up forcefully.

Anna was no match for Qiao Anxin.

Her neck, face, and hair were all messed up.

Anna must have been shocked by Qiao Anxin. She fell to the ground, panting.

The assistant was so frightened by her expression that his face turned pale. He immediately rushed over and squatted in front of her to help her up. "Sister Anna, are you alright? Let me help you up. Let's go to the hospital for a check-up immediately, alright?"

Anna's cheek was scratched by Qiao Anxin's nails, and some blood was oozing out.

The assistant wiped her cheek with a tissue. As she was doing so, Anna suddenly grabbed her hand.

The assistant was shocked. "Sister Anna."

Anna looked up at Qiao Anxin, who was being controlled by the crew. She pushed her assistant away and rushed towards her.

She wanted to hit Qiao Anxin.

"Anna, stop. Your face is injured, go to the hospital quickly." The director walked over and stopped her. "Don't go against yourself for a newbie. If this gets out, it won't be good for your reputation."

"But this slut dared to hit me."

Anna touched her scratched face and wanted to slap Qiao Anxin.

She was actually beaten up by a walk-on actress.

What face did she have!

"Don't worry, we won't let her off easily. Go to the hospital now and treat your wound."

The director wasn't helping Qiao Anxin.

Anna was the female lead, so she had to be treated.

This would delay the filming.

The director was afraid that she would get into an argument with Qiao Anxin again. If her face was further injured, how could she continue filming?

Only then did Anna reluctantly accept it.

"I won't let you off!"

After she said this to Qiao Anxin, her assistant helped her out of the room.

Qiao Anxin still looked indignant. She struggled and wanted to hit Anna.

"Let go of me, let go of me!"

"Let go! What right do you have to treat me like this!"

"Are you crazy, newbie? How dare you hit Anna." The director looked at her and said with a black face, "You want to continue in the entertainment industry? Dream on."

...

When Qiao Anxin came out of the police station, Lin Huizhen was waiting for her outside. When she saw her, she quickly went forward and asked, "Anxin, are you alright? They didn't do anything to you, right?"

Lin Huizhen couldn't earn money.

She could only rely on her daughter.

Thus, when Qiao Anxin left the country, she went with her.

Chapter 2258: You Idiot!

Qiao Anxin shook her head. "I'm fine."

"That's good." Lin Huizhen heaved a sigh of relief and patted her chest. "You scared me."

"Anxin, what's going on? Weren't you filming? Why are you at the police station?"

Qiao Anxin's expression darkened. "Mom, don't ask anymore. I don't want to talk about it."

Seeing her expression, Lin Huizhen knew that she was in a bad mood and didn't dare to ask further. She nodded and said, "Alright, alright, I won't ask anymore. Then, let's go home quickly. Go back and rest well."

Lin Huizhen had high hopes for Qiao Anxin.

She felt that her daughter was eligible and would definitely be popular.

Qiao Anxin pursed her lips and kept quiet.

Lin Huizhen called for a taxi. As she got into the car with Lin Huizhen, her cell phone rang.

Qiao Anxin's expression darkened when she saw the caller ID. She waited for a while before picking it up.

The moment the call went through, the other party started scolding her. "Qiao Anxin, what did I tell you? Do you know how much trouble you've caused me? Just getting you out of the police station cost me a lot of money. Now, Anna wants to sue you.

"Are you crazy? You actually fought with Anna. Do you know her status in the entertainment industry? Do you know her background? Do you not want to continue in the entertainment industry? If so, pay the compensation fee, and I won't care about your life anymore."

Qiao Anxin turned pale.

She still felt aggrieved and was still angry. After being scolded by Su Ze, she gritted her teeth and rebutted. "Su Ze, what do you know? I didn't hit her, she hit me first!

"She slapped me twice. Do you know? I've never been slapped like that before. But she actually slapped me in public, scolded me, and told me to get lost. I couldn't take it anymore, so I retaliated.

"I don't know how powerful her background is here. I only know that she hit me hard, so I returned it to her."

"You idiot!" Su Ze yelled again. "Qiao Anxin, have you still not figured out what's going on? Do you think you're still the same old you? Get this straight, you're a nobody now. If I didn't take pity on you and give you this chance, would another company sign with you? Do you feel aggrieved being a walk-on actress? Get this in your head. You're a newbie now, it's good enough that you can get a job. What else do you want?"

"Su Ze, I..."

"You haven't earned a single cent for the company and you've already caused a lot of trouble. If Anna really wants to sue you, do you know how much money you'll have to pay? Qiao Anxin, I didn't give you a chance just for you to cause trouble for me, do you understand?"

"Why should she sue me? She was the one who started it. I can sue her, too!" Qiao Anxin said angrily.

"Sue her? Are you still f*cking awake? What are you going to sue her for? She's rich and powerful over there, and she knows a lot of people. Can you sue her? It's easy if she wants to teach you a lesson. You won't be able to stay there."

Qiao Anxin's expression changed. Only now did she realize the seriousness of the situation.

Chapter 2259: Don't You Know Your Own Abilities?

"Can you help me?" she said hurriedly.

Su Ze sneered. "Me? I signed you to earn money for the company. You didn't bring any benefits to the company, so why should I spend money to help you?"

Qiao Anxin was stunned, and her expression turned even uglier. She gripped her cell phone tightly and said with a pale face, "I will bring benefits to the company. When I become popular in the future, I..."

"You'll be popular in the future?" Su Ze sneered again and said disdainfully, "Qiao Anxin, do you really have no self-awareness? Do you think you became popular with your own abilities? If I hadn't spent so many resources to support you, would you have risen so high?"

"You did groom me, but don't I have any ability at all?" Qiao Anxin wasn't convinced. "Su Ze, it's true that you groomed me. But even if you didn't, I'd still be popular. It's just that it'd take more time."

"Haha. Qiao Anxin, it seems like you really have no self-awareness. If you were as good-looking as Mianmian, even if you didn't have any acting skills, I could quickly make you popular. But you don't have good acting skills, and your looks aren't top-notch. Back then, without me supporting you, not to mention an A-lister, even a B-lister would have nothing to do with you.

"Otherwise, after you left Star Splendor, do you still think you're popular? Those Weibo fans of yours, their comments and reposts every time you post on Weibo, as well as the rankings you're on, and the people who pick you up at the airport every time, which of them weren't handled by me?

"Without these behind-the-scenes operations, your real results would only be a joke.

"Stop dreaming about being an A-lister. With your qualifications, it's already good enough if you get into the C-list."

Qiao Anxin's expression darkened.

What angered her even more was that Su Ze actually compared her to Qiao Mianmian.

He praised Qiao Mianmian like a fairy but belittled her.

"Qiao Anxin, this is the first and last time I'm warning you. I'll try my best to settle this for you, but if there's a next time, I won't bother anymore. When the time comes, I'll also terminate the contract with you.

"Just you wait."

Su Ze hung up.

Qiao Anxin's face turned green as she heard the disconnected tone. She was shaking with anger.

"Anxin, you were hit?" Lin Huizhen asked worriedly. "What happened? Who hit you?"

Qiao Anxin ignored her.

She kept thinking about what Su Ze said.

She knew that Qiao Mianmian was very pretty.

As long as she was with Qiao Mianmian, no one would praise her for her looks.

And those who praised her only meant that she was cute.

But they praised Qiao Mianmian and said that she looked like a little fairy.

Although the Qiao family used to have some money, it wasn't very good.

The reason why the Su family approached the Qiao family was that Su Ze fell in love with Qiao Mianmian at a banquet.

The Su parents also liked her.

After that, Qiao Mianmian broke up with Su Ze and got to know Mo Yesi.

All because of her charming face.

So it was really important to have a pretty face.

Chapter 2260: If She Had Qiao Mianmian's Pretty Face

Qiao Anxin knew very well that her looks weren't outstanding. At most, she was pretty.

She wasn't a stunning beauty.

No matter how much she disliked Qiao Mianmian, she knew the difference in their looks.

Qiao Mianmian hadn't returned to the Bai family yet when she got together with Mo Yesi.

Hence, that couldn't be the reason he got together with her.

Moreover, a man like Mo Yesi would definitely be extremely arrogant. He wouldn't date a woman just because of her family background.

In terms of family background, who could be better than the Mo family?

If he valued family background, he would have gotten together with Shen Rou long ago.

He was with Qiao Mianmian because of that slut's face.

All men in the world valued women's faces.

Mo Yesi was no exception.

Su Ze couldn't forget Qiao Mianmian and wanted to get back together with her after they broke up. Wasn't it because of Qiao Mianmian's pretty face?

She didn't think she was worse than Qiao Mianmian in other aspects.

The only thing she couldn't compare to Qiao Mianmian was her looks.

If she had Qiao Mianmian's pretty face, Mo Yesi would probably like her too.

If she had that sort of beauty, she could do many things.

Qiao Anxin suddenly came to a realization.

She turned around and grabbed her mother's arm. "Mom, do you still have the jewelry I bought for you?"

Lin Huizhen was stunned for a while, but before she could say anything, Qiao Anxin excitedly said, "The jewelry I bought for you isn't cheap. It can be sold for a lot of money. We're going home now. Find the jewelry for us to sell at the jewelry store. Although it will definitely be discounted, we shouldn't lose too much."

Lin Huizhen's expression changed.

When Qiao Anxin was earning money, she bought a lot of jewelry for her, and it wasn't cheap.

But Lin Huizhen didn't expect her to target her jewelry.

After Qiao Anxin's incident, she kept the jewelry as her private savings.

Now that her private savings were targeted by her daughter, even if she was her biological daughter, Lin Huizhen's expression turned a little awful. "Anxin, w-what are you trying to do? Didn't you say you still have some savings? We're not doing so badly that we have to sell the jewelry, right?"

"I don't have enough money." Qiao Anxin grabbed her arm. "Mom, you don't have to sell all the jewelry. Just two or three pieces will do. I remember that Su Ze gave you a jade bangle and a diamond necklace on your birthday, right? Just these two pieces are worth at least a million."

"What are you going to do?"

"Don't bother about me, I have serious matters to attend to. If it works out, we won't have to worry about food and clothing anymore. If you still want to lead a good life, then listen to me," Qiao Anxin said coldly. "Otherwise, we won't be able to lead a good life in the future. Don't blame your daughter for being unfilial and ignoring you then."

Lin Huizhen's expression darkened.

She couldn't bear to sell the jewelry, but she could only rely on her daughter now.
