### Chapter 581: Was not to Be Trifled With. A Marriage Alliance

“Yesterday, you said that you invited a lot of handsome guys to a dinner party. This should be a social gathering, right? I didn’t go because I didn’t need it. I already promised Senior to visit the neighbouring school. Why would I suddenly not go?”

Qin Shu smiled. “As for you, if you want to pull me to a social gathering, I can’t refuse. Han Xiao and I are good friends. By saying this, are you trying to sow discord?”

Qin Shu’s words were very straightforward. To a person like Yan Jing, there was no need to be perfunctory. When it was time to say something, he would not show any mercy. When it was time to strike, he would not show any mercy.

Yan Jing’s face turned pale. She did not expect Qin Shu to be so straightforward. She did not leave any leeway.

She raised her head and looked at Han Xiao in chagrin. She wanted him to help her say something.

Han Xiao’s gaze was fixed on Qin Shu. He did not notice Yan Jing’s gaze at all. He probably did not want to notice any other girls besides Qin Shu.

Yan Jing noticed that Han Xiao’s gaze had been fixed on Qin Shu the entire time. She gritted her teeth. Han Xiao had been deceived by Qin Shu. Otherwise, how could Han Xiao take a fancy to a woman like her?

Fu Tingyan and Bo Ye walked in at this time. They were a little surprised when they saw Qin Shu. They had never heard her mention that she would participate in the event before.

“You guys came early.”

Qiao ran said, “I’ve only been here for a short while. Have your waist recovered?”

“Yes,” Fu Tingyan replied.

They remembered that his waist had recovered a lot in the past few days, so it was normal for him to attend.

Jun Li was the last to come. He was wearing a woolen coat, which made his figure look more slender and straight. He was wearing a black scarf, but his face was still very pale.

“You’re all here. Let’s get moving.” His voice was elegant and low, and his eyes were very gentle.

Hearing the familiar voice, Qin Shu turned around to look at Jun Li. She sized up his expression and asked, “How have you been these two days?”

Jun Li looked down at her. “I’ve taken two doses of medicine. It’s somewhat effective.”

Qin Shu heaved a sigh of relief when she heard that. “That’s good.”

Han Xiao’s dark eyes looked at Jun Li and Qin Shu. He felt that the relationship between Jun Li and her seemed to be better than his. He clenched his fists tightly.

“Let’s go.”

Jun Li was the first to walk out.

Qiao ran followed suit.

Han Xiao took a step forward and walked out side by side with Qin Shu.

Fu Tingyan frowned when he saw Han Xiao suddenly walk over. He had a feeling that Han Xiao was deliberately trying to get close to Qin Shu, just like when they were at Hua Feng.

His brother was not around, so he wanted to help his brother watch over any man who was trying to get close to Qin Shu.

He hurriedly walked over. When he left, he even hooked his arm around Bo Ye’s neck and asked him to follow him.

Bo Ye, “...”

Yan Jing looked at the few people walking in front of her and looked at Han Xiao who was standing beside Qin Shu. She gritted her teeth in anger and followed him.

Fu Tingyan walked to Qin Shu’s side and glanced at Han Xiao. “I didn’t expect the three of us to be together again.”

Qin Shu and Han Xiao knew that Fu Tingyan was talking about the three of them being present during the competition between the two schools.

Qin Shu looked at the few boys with extremely good looks and said confidently, “We’re not afraid this time. The good-looking boys from our school are very handsome. We can beat them before they even make a move.”

Fu Tingyan smiled. “I heard that they have lot of beautiful, talented girls this time.”

Qin Shu said, “They have a lot of beautiful girls, and we have a lot of handsome boys. We’re all talented.”

Fu Tingyan smiled and did not comment.

The group of people took the school bus to the school next door.

Although it was a neighbouring school, it was actually quite a distance. It took more than ten minutes on bus.

After Qin Shu got on the bus, Jun Li waved at her. “Qin Shu.”

Seeing that Jun Li was calling her, she looked over. He was sitting in one seat. There were many empty seats on the bus, so it was okay for one person to take up two seats.

She walked over and sat down next to Jun Li.

Han Xiao’s outstretched hand stopped in mid-air and looked at Qin Shu sitting next to Jun Li.

Yan Jing was sitting by the window. When she saw Han Xiao get into the car, she shouted at him, "Han Xiao, sit here."

Han Xiao glanced at Yan Jing and looked at the seat beside Qin Shu. He walked over and sat on the seat beside Qin Shu, separated by the aisle.

Seeing this, Yan Jing did not flare up as she wanted to maintain her image.

Bo Ye walked to the back and sat by the window. With one hand against the window, he looked out of the car.

Fu Tingyan followed closely. He saw Qin Shu sitting beside Jun Li and Han Xiao sitting next to him. He frowned.

Then, he looked at Bo Ye and saw him sitting at the back. He walked over and sat directly beside Bo Ye.

When Fu Tingyan leaned over, his body weight was almost on Bo Ye. His gaze followed the window. "What are you looking at?"

"Nothing." Bo Ye turned his head to look at Fu Tingyan. Ever since his waist was injured, he had always liked to lean on him. He also liked to order him around and wash his socks.

At this moment, his phone rang. Fu Tingyan's gaze turned to Bo Ye's pocket.

Bo Ye took out his phone and looked at the caller ID. Brother.

He hesitated for a moment before picking up the call.

"Brother, what's the matter?"

Bo Yin could not help but growl on the other end of the line, "What exactly do you want to do before you're willing to come back?"

Bo Ye said, "I'm not going back."

Bo Yin said, "Even if you don't come back now, you'll still have to come back during the winter vacation."

"I don't intend to go back." Bo Ye's voice was still calm.

Bo Yin stood up from the other end of the line. "Say that again?"

"I don't intend to go back," Bo Ye repeated.

Bo Yin was really angry this time. "You really want me to kidnap you back, don't you?"

Bo Ye said, "Brother, you should know why I don't want to go back."

"You don't believe me, do you? You don't believe that I can protect you?"

Bo Ye gripped his phone tightly and fell into silence.

Fu Tingyan, who was sitting at the side, heard Bo Ye's words and frowned. He couldn't hear what the other party was saying, so he didn't know what they were saying.

He simply leaned over and eavesdropped openly.

Bo Ye sensed that Fu Tingyan was eavesdropping, so he moved his body to the side a little.

Fu Tingyan frowned and moved his body as well. He continued to lean against the phone to eavesdrop.

“Ye, trust me. I won’t let them do that. I’ve already tried my best to compete for the position of the head of the family. Once I sit on it, I won’t use you as a marriage pawn, and no one will dare to use you as one. Trust me, okay?”

Bo Yin tried his best to stay calm, but when he heard that Bo Ye wasn’t even coming back for winter vacation, he couldn’t help but want to fly into a rage.

With his phone pasted to his ear, Fu Tingyan heard every word of the other party’s words clearly.

Marriage alliance?

Who Did Bo Ye have a marriage alliance with?

How old was he when he had a marriage alliance?

After Bo Ye heard Bo Yin’s words, he fell into silence again.

Not even bothering about Fu Tingyan who was eavesdropping at the side.

### **Chapter 582: Cold war between the two. Ridiculed for Looking Plain??**

Just because he was not related by blood, did he deserve to be used to form a marriage alliance?

To replace someone else to form a marriage alliance?

He knew that Bo Yin had always protected him, but no matter how much he protected him, it would not change their decision.

Bo Ye’s silence made Bo Yin uneasy. He said, “Ye, come back. I’ll bring you to see them and show them our stance.”

After a moment of silence, Bo Ye said, “Brother, there’s no need to fall out with them over me.”

“Why not? I said I’d protect you. Trust me, I won’t let them do that.” Bo Yin’s voice couldn’t help but rise due to his agitation.

Bo Ye couldn’t help but fall silent again. Bo Yin had said that he would protect him, but he would eventually grow up and learn how to be independent and protect himself.

Bo Yin’s position could not change anything.

He was competing for the position of family head. If he fell out with everyone because of him, it would only increase the difficulty of the competition for the position of family head.

This was not what he wanted to see.

After a long silence, Bo Ye still refused. “There’s no need, brother. I’ll handle my own matters. I’m no longer a child.”

Bo Yin finally couldn't hold it in anymore and exploded. "Ye, why don't you trust Me? If I can't even protect you, what ability do I have to compete for the position of the head of the family?"

"Brother, that's it. Don't come looking for me in the future."

After saying that, Bo Ye hung up the phone and looked out of the car window.

He should learn to be independent and not rely on Bo Yin all the time. He was also afraid that he would become Bo Yin's burden at a critical moment.

After Bo Ye hung up the phone, Fu Tingyan nudged him with his elbow. "Hey, who are you going to marry?"

"It has nothing to do with you," Bo Ye replied indifferently.

"Nothing to do with me?" Fu Tingyan was inexplicably furious when he heard this, especially with Bo Ye's indifferent tone.

"Are you not treating me as a friend?"

He turned his head and saw Fu Tingyan, who was still leaning on him. His voice was still cold. "How can you eavesdrop on a friend's phone call like this?"

He was listening openly, not secretly.

However, when he heard Bo Ye say this, Fu Tingyan felt a strange discomfort in his heart. He could not tell what exactly was uncomfortable about it, but he kept feeling a tightness in his chest.

Fu Tingyan sat up straight, and his expression also became much more restrained. "So, you mean you've never treated me as a friend?"

Bo Ye pursed his lips and remained silent.

"I understand." Fu Tingyan's voice was also faint. He turned his body sideways and crossed his long legs, looking as if he didn't want anyone to get close to him.

Bo Ye turned his head slightly and glanced at Fu Tingyan. He didn't understand why he was angry. Even if they weren't friends, they were roommates.

Since he didn't understand, he simply withdrew his gaze and didn't think about it.

After all, they weren't from the same world. They each had their own paths to take.

Ten minutes later, at Nanwei University

The driver drove the school bus slowly into Nanwei campus and stopped at an intersection.

Jun Li turned his head to look at Qin Shu and said gently, "Let's get down."

"Okay."

Qin Shu sat outside. She was the first to stand up and let Jun Li go down first. She followed behind.

Han Xiao followed behind Qin Shu unhurriedly.

After the car stopped, Fu Tingyan stood up and took the lead to get off. It was as if he had never known the person sitting next to him.

Bo Ye took a glance at Fu Tingyan's slender figure. He pursed his lips and also got off the car.

The person receiving them was the Principal of Nanwei University and the teacher's representative.

Jun Li exchanged a few pleasantries with the Principal before following him to the student union.

Nanwei University had made ample preparations for this opportunity to learn from each other.

Therefore, many students from Nanwei University came over to watch the show.

Jun Li led a group of six, with four guys. Each of them gorgeous, and they were all different types of handsome guys. The surrounding students had a feast for their eyes.

"Are all the boys from Capital University this handsome?"

"Who's the one talking to the Principal? Purple eyes, so beautiful and gentle. He's also super handsome."

"Why do I feel that our school has too many girls, too little guys when compared to Imperial University?" One of the girls wearing a dark down jacket glanced at the girls around her. She couldn't help but sigh when she saw that there weren't many boys around.

"All the handsome guys with good figures are from other schools. If I had known earlier, I would have worked hard to get into Imperial University," a classmate at the side whispered.

Qin Shu's martial arts value had been rising rapidly. She could hear the discussions around her.

She lowered her voice and said, "Han Xiao, I'm right isn't it? Just based on looks alone, we have already won."

Han Xiao could also hear the discussions around him. When he heard Qin Shu say this, he nodded in agreement. "Yes."

As long as the Little Munchkin was not mentioned, he and Qin Shu got along very well.

However, if he did not remember what happened on the mountain, it would be equivalent to not remembering what happened between both of them and their agreement.

She had agreed to be his girlfriend, so how could she go back on her words?

When they arrived at the student council's reception room, they also saw the student representatives this time. There were two boys who were also very handsome, and the other four were beautiful girls. All of them were tall and had sweet looks.

No matter how handsome they were, they instantly paled in comparison to Jun Li, Qiao ran, Han Xiao, Fu Tingyan, and Bo Ye.

Only the four beautiful women were left with their looks.

Seeing the other four handsome men, the four beautiful women from the Nanwei University couldn't help but look a few more times. They were all thinking about who was the most handsome, who was the most charming, and who was the most gentle.

On the other hand, the few people from the Capital University looked indifferent and calm.

Other than Qiao Ran, everyone else had seen Qin Shu's face without makeup. Even this wins the four beauties with light makeup in front of them hands down.

Fu Tingyan was in a bad mood because he had gotten into a fight with Bo Ye just now. He had seen many beauties, and he had been confessed to many times, so he did not feel anything towards the four beauties in front of him.

Qiao Ran had also seen countless beauties, and he had been confessed to many times, so the four beauties in front of him were not very attractive.

Han Xiao was even less attracted. He had seen more beauties, but his mind was on Qin Shu. No matter how beautiful a girl was, she would be automatically blocked.

Since Jun Li had come personally as the school director, the Principal of the Nanwei would naturally receive him well.

In the remaining time, the students of the two schools would get to know each other and learn from each other.

After the higher-ups left, the originally serious scene instantly became lively.

"Were there so little girls in your school that only two girls came?" The one who spoke was the school belle of Nanwei University, Chen Xuan.

To be called the school belle, her looks and figure were needless to say.

She glanced at the two girls who came from the Capital University. The underlying meaning to her words was that the girls from the Capital University merely looked like this?

Yan Jing was, after all, a department belle. She was very unhappy to be compared to a country bumpkin like Qin Shu.

It was all because of Qin Shu, who had become a burden in terms of looks.

"I'm Yan Jing from the Computer Science department. There are many talented girls in our school, but only the two of us came."

### **Chapter 583: Retaliate With Talents, Way To Recover Memory**

Chen Xuan looked at Yan Jing, she had heard of Yan Jing from the computer science faculty, she looked pure and cute, she then looked at the girl who was wearing black-rimmed glasses, compared to Yan Jing, she was just plain.

Therefore, the female students at Imperial College were not as good-looking as those in Southern Polder College.

However, the male students at Imperial College were good-looking. Chen Xuan took a look at the members of her Student Union who had good grades and good looks, then, she looked at those few male students of her counterparts, they were tall and handsome, comparing both colleges, the differences were huge.

Chen Xuan was not the only one who thought so, the three girls beside her thought so too.

Fu Tingyan glanced at the four so called beauty in front of him, he thought of Qin Shu's bare face, and how Bo Ye would look when he was wearing a dress.

He subconsciously turned to look at Bo Ye, he wanted to say, I should have asked you to wear women's clothes, then we would beat them through and through.

However, before he could say anything, he remembered that Bo Ye did not treat him as a friend at all, so he opened his mouth and immediately closed it, he retracted his gaze and looked at Qin Shu.

Bo Ye saw Fu Tingyan's gaze from the corner of his eye and thought that he had something to say, so he tilted his head to wait for him to speak, and he realized that he had turned to look at Qin Shu.

He thought to himself, is he still angry?

Fu Tingyan turned and said in a low voice, "Qin Shu, take off your glasses and let them see how a beauty should look like."

Qin Shu rejected, "No."

Qin Shu rejected him directly, Fu Tingyan sized her up and his gaze fell on the glasses on her nose. She had never taken off these glasses ever since the start of school.

"Tomorrow, there will be rumors that Imperial College was male dominance, the look of the girls was way below standard."

Qin Shu didn't bother. "Although it's the looks that have upper hand, but the good looks are supported by you guys, at this moment, I just want to compete in talent."

Talent?

Qin Shu was indeed a top student.

Fu Tingyan turned his to look at Qin Shu. "How do you plan to win them?"

"We'll see." Qin Shu looked at the four beauties across from her.

Qiao Ran also looked at Qin Shu. "I believe that our talented girl will definitely win the race."

Han Xiao lowered his gaze to look at Qin Shu, no matter what she was facing, she never faltered.

Chen Xuan wanted to show off her talents in front of the handsome guys from Imperial College, this was also a way to attract the guys.

"It's rare of you to visit our college, this is a rare opportunity, shall we have a debate session?"

Qin Shu's eyes were clear and her voice confident. "Debate takes too much time, I heard that the teaching method of the Southern Polder is different from other schools, how about we do quizzes?"

Chen Xuan was naturally talented, so she was not afraid of doing the quizzes.

"Who will prepare the questions?"

Qin Shu said, "In order to be fair, both sides will give the other side six questions to do, the winning criteria will be speed and accuracy, each party must be able to skillfully complete the questions set by the other party."

Chen Xuan thought for a while and said, "Sure."

She turned to her vice president and said, "Prepare pens and papers."

The vice president went immediately to get the stationery.

Not long after, a few stacks of A4 paper and twelve ballpoint pens were ready, half of them were given to students from the Imperial College.

The table in the conference room was quite long. Imperial College and Southern Polder College each took a side.

Qiao Ran distributed the pens and papers. "We must uphold the image of Imperial College."

Qin Shu replied, "Of course. Han Xiao is good at setting questions."

This is so as Han Xiao had teaching experience.

Qiao Ran looked at Han Xiao when he heard that. "Then let Han Xiao come up with a few more questions."

Han Xiao did not refuse. "Okay."

Within half an hour, Han Xiao and the others wrote out six questions and placed them on the table in front of them.

The South Polder folks were trying to come up with difficult questions to make it hard for the people from Imperial College, they put in some effort and so they were a little slow.

The six questions were placed on the table in front of them, and then the questions were interchanged.

Chen Xuan deliberately took out a timer and placed it in the middle to record the time.

The six questions, no matter how they did it, as long as they are able to solve them, it would be fine.

Which means if any one encounter any difficulties, they could discuss it among themselves.

Qiao Ran took the questions and let them choose the one they knew and were good at.

The six questions were divided among the six and they worked together.

The questions that the other party came up with were very simple for Qiao Ran and Han Xiao, they worked out the answers in a short while.

Qin Shu was also quick at working out the answers as Han Xiao had come up with similar questions before, so it was not difficult.

Fu Tingyan was working on the question that he knew how to do, but it required time.

His speed was two minutes slower than Qin Shu.

Bo Ye was a straight-A student, and he was already a sophomore, as he had entered school early.

Therefore, the question was not difficult for her.

Yan Jing had entered the imperial College with high academic credits, and she was a sophomore, looking at the complicated question, she would need more time to complete it.

After everyone finished the questions, they noted down the time and placed the completed questions in front of them.

Yan Jing was not in a hurry at first, but when she saw that all had finished the questions one after another, she could not help but felt a little anxious.

She was actually the last to complete, this made her felt embarrassed.

The issue was that there were already a few people across from the Southern Polder who had already completed the questions.

Because of her anxiety, Yan Jing's face was flushed and was very hot.

It took her almost another five minutes to complete the question.

After she finished the question, she looked at the time and placed the completed question in front of her.

The Southern Polder folks had also finished all the questions.

Chen Xuan's expression was a bit awkward as they were a little slow.

"You guys are pretty fast," she complimented them generously, but her words were directed at the four handsome guys in front of her.

Qiao Ran had his usual faint smile, "You guys aren't too bad either."

Chen Xuan's bad mood had eased up a lot as Qiao Ran smiled at her.

"Next, we'll see whether the questions are answered correctly or not."

"Okay."

Qiao Ran picked up the questions in front of him, he handed the questions to whoever came up with the questions. "Take a look at the answers."

"Okay."

The few of them picked up their own questions and started to examine the questions.

Qin Shu looked at the question in her hand, as well as the answers. For those of them who appeared here, it meant that they were also top student, the answers were correct, although it was a little different from what she had expected.

Han Xiao only took a glance and said, "This question was answered incorrectly."

Qiao Ran glanced at Han Xiao and then at the other party, the decision to have Han Xiao here was indeed correct.

Qin Shu looked at Han Xiao with some anticipation, as expected of her teacher, it took a lot of effort to come up with the questions.

The people from the Southern Polder looked at Han Xiao in disbelief.

Han Xiao did not speak, he picked up the pen in front of him and wrote down the steps in solving the questions and the answers in a blank space at the side.

After he finished writing, he handed the answers to the other party.

As the President of the Student Union, Chen Xuan reached out to take the answers, she first looked at the answers written by her classmate, then, she frowned when she saw the answers written by Han Xiao.

Her classmate got the answers wrong?

At this moment, a phone rang in the meeting room.

Han Xiao took out his phone and looked at the caller ID, it was from Hua Wuyan.

"I'm going out to take a call."

After saying that, he turned and walked out.

He walked straight to the end of the corridor. "How's the investigation going?"

"There's no result, however, I've asked my grandfather and he said that there's a way to recover the memories of people who have lost their memories."

#### **Chapter 584: A Slap On The Face, She Left In A Hurry Worrying For Her Man**

Hua Wuyan's words came through the phone slowly, raising hope in Han Xiao's eyes.

"What method?"

Hua Wuyan said, "This method is quite difficult, the ordinary people can't do it."

Han Xiao tightened his grip on the phone, "As long as I could make her remember what happened on the mountain, I would do it no matter how difficult it is, no matter what cost I have to pay."

He knew that it was not that simple to make Qin Shu remember what happened on the mountain, as long as she could remember, he could do anything.

"Brother Han, my grandfather said that only when one's martial art strength reaches the Emperor level, then can one break the hypnotic spell, in the entire world, only our master reached the Emperor level."

“Brother Han, you have always been at the edge of the Peak level and yet to break through, it will be even harder to reach the Emperor level.”

Hua Wuyan felt a little sorry as he knew that it was impossible.

He also wanted Qin Shu to remember what happened on the mountain and the happy times they had together up there.

Emperor Level?

Han Xiao frowned when he heard that.

He was merely a step away from reaching his Peak level, he had been stuck for a few years, not to mention reaching the Emperor level.

After a long silence, he asked, “Is there no other way?”

“Not at the moment, I tried using various resources to look for a special-class hypnotist, but it was to no avail, my grandfather said that after the aristocratic family of the hypnosis world declined a few hundred years ago, the special-class hypnotists no longer exist,” Hua Wuyan said.

Then how did Qin Shu lose her memory on the mountain?

This was what he was puzzled about.

..

Chen Xuan put down the question in her hand, she had to admit that this question was very tricky, even she did not see though it at the beginning, it was only after seeing Han Xiao’s solution that she understood.

Fu Tingyan looked at the answer in his hand and looked at Chen Xuan. “This question, the steps are correct, but the final answer is wrong.”

Chen Xuan frowned again. “How is that possible?”

“There’s a missing decimal point.” Fu Tingyan handed the question in his hand over.

Chen Xuan took it and looked at the question and answer, she frowned even more, how could someone forget a decimal point?

She slammed the question paper on the table, suppressed her anger and asked. “Who did it?”

A few people from behind stretched their necks and looked at the question.

“I did it,” one of the girls said softly. “I was in a hurry, so I forgot.”

Chen Xuan glared at her, now they had made two mistakes, they were losing face.

Fu Tingyan looked at Chen Xuan’s ashen face and subconsciously turned to look at Bo Ye, he raised his hand, but when he remembered that they were not friends at all, he lowered his hand and looked away.

He was so used to talking to him.

He had to change this habit.

Just as they heaved a sigh of relief and felt that they had won, someone from the Southern Polder spoke up.

“The answer to this question was wrong.”

Qiao Ran frowned and glanced at the people around him.

Fu Tingyan shook his head, he was 100% correct.

Bo Ye shook his head as well.

Yan Jing shook her head. “I’m very serious in answering the question, I’ve never made mistake.”

After saying that, she looked at Qin Shu, she had answered the question very quickly and likely to got it wrong.

“Could it be that you got the answer wrong in a hurry?”

Qin Shu glanced at Yan Jing, and her eyes were a little cold. “I’m very confident in my answer and the process of solving the question, there was no mistake.”

“Then who could it be? Han Xiao won’t get it wrong.”

What Yan Jing meant was that Qin Shu got the answer wrong, and she was the one who was holding them back.

Qin Shu sneered, just a mistake and she would start an internal conflict, to made a fool of ourselves and let the Southern Polder laughed at us?

She looked at Chen Xuan and said, “Just look at the paper and we’ll know who got it wrong?”

“Yeah, just look at it and we’ll know.” Yan Jing reached out and took the question from Chen Xuan’s hand, she wanted to see Qin Shu’s answer.

When she looked at the question in her hand, she was stunned.

How was this possible?

She made a mistake?

How could she make a mistake?

Yan Jing widened her eyes and looked at the question in her hand, she still could not believe that she had made a mistake.

Qin Shu glanced at Yan Jing. “Who made the mistake?”

Qiao Ran and Fu Tingyan looked at Yan Jing, they were curious about who made the mistake?

Even the students from Southern Polder College looked over. wondering who made the mistake?

Yan Jing clenched the question in her hand tightly, she need not raise her head to know that everyone was looking at her, it was awkward and embarrassing.

Qiao Ran asked, "Yan Jing, why aren't you say anything? Who got the wrong answer?"

Fu Tingyan put his hands into his pockets and glanced at Yan Jing indifferently, his gaze was cold and stern. "I'm also curious about who was it?"

He could tell that Yan Jing was targeting Qin Shu, she had deliberately asked Qin Shu to replace her previously to play the piano.

She had said that on purpose just now.

No one could bully his brother's woman.

Yan Jing's expression looked bad as she was questioned by Qiao Ran and Fu Tingyan, she bit her lips and managed to squeeze out a sentence after a while.

"I was careless and wrote the wrong answer."

Fu Tingyan sneered when he heard that. "Yo, who was the one who said that she was very serious in answering the question and never made mistake?"

Fu Tingyan's words were like a slap on her face, causing Yan Jing's face to turn even paler, she could only clench her teeth and kept quiet.

In the end, the Southern Polder was still defeated, they got two wrong answers, and their speed was also a little slower.

"Imperial College was just like the legend, it was full of talents." Chen Xuan tried her best to keep a smile on her face, so that she looked generous, no matter winning or losing.

Qiao Ran humbly accepted Chen Xuan's compliment. "You flatter us."

Chen Xuan smiled. "The principal and the others must have something to discuss, we'll show you guys around our school."

Qiao Ran did not refuse. "Sure, you guys lead the way."

Chen Xuan and a few members of the Student Union walked in front.

Qiao Ran and his team followed.

Yan Jing walked at the back, due to what had just happened, no one spoke to her, and no one paid attention to her, which made her even more embarrassed.

After they walked out of the conference room, Han Xiao finished his call and came back, followed them.

"There's another terrorist attack overseas, I heard that a building was destroyed, just thinking about it made me feel terrified."

"The terrorists are so notorious, how many people would die from this attack?"

Two students who passed by were chatting as they walked past Qin Shu.

Terrorist attack?

Many people died?

Qin Shu stopped, a scene flashed through her mind, she had seen it on the news, Mianxia was suddenly attacked by terrorists, and it had been premeditated.

Mianxia was just the beginning.

It was a series of revenge made by some people who were dissatisfied with the government and the society.

A memory appeared in her mind.

Fu Tingyu's uncle had died in an explosion when he tried to save Fu Tingyu.

Fu Tingyu was also injured but his life was not in danger.

Could it be this time?

Han Xiao saw that Qin Shu stopped, so he asked in a low voice, "Qin Shu, what's wrong?"

"I, I have something to do, so I'll make a move first."

Qin Shu came back to her senses, her face turned a little pale as she was terrified, after her word, she ran out of the school gate ignoring everything, as she ran, she took out her phone from her pocket and dialed the man's number.

Fu Tingyan turned when he heard noises and saw Qin Shu leaving in a hurry, he asked Han Xiao, "What's wrong with Qin Shu?"

### **Chapter 585: All Chased After Qin Shu**

Han Xiao saw Qin Shu's panic, as if she was afraid of something, without further thinking, he turned to chase after Qin Shu.

Fu Tingyan frowned when he saw Han Xiao chasing after Qin Shu, did something happen?

He hurriedly chased after her as well.

Qiao Ran and Bo Ye also turned one after another, when they saw the two of them chasing after Qin Shu, they didn't know what was going on and they went after Qin Shu as well.

Chen Xuan was in the mood of introducing the school, when she saw that the students from Imperial College had left one after another, with only Yan Jing standing behind them, she was puzzled.

"What happened to them?"

"I don't know. It seems that the girl with the glasses suddenly left as she had something to do, so they also left," one of the girls replied.

"I realized that they were really nice to the girl with glasses, when they heard that something was wrong, they all ran away." Another girl looked at the sight of a few super-handsome guys chasing after a girl with envy, the scene was really enviable.

Chen Xuan frowned, she couldn't believe it, they all ran after an ordinary girl?

Yan Jing's gaze watched the few of them chasing after Qin Shu, the hand by her side gripped the hem of her clothes tightly, and the jealousy in her eyes couldn't be hidden.

She did not understand what was so good about Qin Shu? How could she make all of them so concerned for her?

Qin Shu held her phone in one hand, her heart was tugged, even breathing was a little difficult, she just hoped that the man would pick up the phone quickly, and also hoped that the terrorist attack would not happen at this time.

She had seen the sudden terrorist attack in Mianxia on television, at that time, she did not know about the incident of the man and his uncle.

It was during the period when the man was not around that she overheard housekeeper Shi and Wang Ma's conversation.

She focused on running and did not notice that Jun Li had walked down from the side, causing her to crash into him.

Jun Li took a step back and held the person who had crashed into him with both hands, he caught a glimpse of her from the corner of his eye just now, so he knew who it was.

After holding onto her, he asked worriedly, "What happened? Why are you in such a hurry?"

Qin Shu held onto the phone in her hand tightly, it had been ringing for a long time and no one picked up, it made her extremely flustered.

"Jun Li, I have something on and I'm in a hurry to leave."

After saying that, she was in a hurry to move away.

Seeing that Qin Shu's face was really pale, it made him even more worried, he grabbed onto her arm and said in a gentle and anxious voice, "Tell me what happened first, I can help you."

Qin Shu's emotions were anxious and chaotic, facing Jun Li's questioning, she could not tell him that Mianxia would be under terrorist attack.

As it was too incredible by just mentioning it.

This could also point to the fact about her reincarnation.

Qin Shu's silence made Jun Li confirmed that something important had happened, he said, "I will help you, please trust me."

Qin Shu hesitated for a long time before saying, "Thank you but there's no need, I can handle it myself."

Jun Li's heart tightened, he did not like to see her acting tough, it made his heart ache.

"You don't believe that I will help you?"

"No, I just... please wait for me to come back and then explain, there's no time now."

Qin Shu was burning with anxiety, she dialed the man's cell phone number again.

It was a pity that she didn't have her laptop with her, otherwise, she could have used her hacking techniques to solve some problems.

At this moment, Han Xiao ran over and caught up with Qin Shu, his dark eyes were full of worry. "You're in such a hurry to leave, did something happen? I'll go with you."

Jun Li raised his eyes and glanced at Han Xiao, Han Xiao looked at Qin Shu, his gaze and voice indicated that he was very worried about Qin Shu.

Fu Tingyan ran over as well, when he saw Qin Shu's anxious expression, he couldn't help but frowned. "Qin Shu, what's Wrong?"

Bo Ye stood beside Fu Tingyan and looked at Qin Shu, waiting for her answer.

Qin Shu glanced at the people in front of her and didn't know what to say. No one picked up the phone, causing her face to turn even paler.

"I have something urgent, I don't know how to tell you guys in such a short while, let's talk when I come back."

Qin Shu didn't know how to tell them that Mianxia would be attacked by terrorists, she only wanted to go to Mianxia now.

After saying this, she left in a hurry, she was very fast, as if she was afraid that they would catch up to her.

"Qin Shu." Han Xiao saw Qin Shu ran frantically and followed her, he was very fast as well.

"What is she trying to do?" Fu Tingyan looked at Qin Shu's back, as she was leaving quickly and chased after her again, feeling worried.

Jun Li saw the panic and fear on Qin Shu's face, and he frowned, he reached into his pocket, took out his phone, and dialed Su Ying's number.

"Come to the gate of Southern Polder College, if you see Qin Shu, let her get into the car, send her to wherever she wants to go, just take instruction from her."

Su Ying was on his way to Southern Polder College and was only ten minutes away.

After receiving the order, he did not ask any further, he sped up and rushed to Southern Polder.

After Jun Li hung up the phone, he saw Qiao Ran walking over, he said, "You stay here and explain to Southern Polder about the sudden incident."

Qiao Ran wanted to chase after them, but when he heard Jun Li's instructions, he stopped.

"Got it, Professor Jun. ."

Jun Li put away his phone and walked towards the school gate.

No one answered the phone, so Qin Shu decided not to call anymore, she put away her phone and ran quickly.

With her martial art strength, she could run very fast, the higher the level, the faster the speed.

The students passing by only felt a gust of wind blew past them, before they could see the person's face clearly, she had already run far away.

After that, a few figures flashed past them, so fast that they could not see them clearly.

Qin Shu ran out of the school gate as fast as she could, just as she was about to hail a taxi, a familiar car stopped right in front of her, the silver-gray car seemed to be plated in platinum, it was exceptionally dazzling under the sun.

Jun Li's car?

Just when Qin Shu was stunned for two seconds, Su Ying quickly got out of the car, he opened the car door and made a gesture of invitation. "My young master has instructed me to send Miss Qin to wherever you want to go."

Jun Li's instructions?

Qin Shu felt a surge of warmth in her heart, she was in a hurry and did not have time to think too much, she lifted her foot and got into the car.

Su Ying was about to close the car door when he saw a figure running over, it was Han Xiao.

Han Xiao didn't bother where Qin Shu was going, seeing that she was in such a hurry, he knew that something had happened, he didn't even bother to say Hello, just pulled open the other side of the car door and sat in.

Su Ying was stunned for a moment, remembering his young master's instructions, he closed the car door and got into the driver's seat.

Qin Shu saw Han Xiao sat in. "Why are you here?"

Han Xiao did not ask Qin Shu what she wanted to do, he just replied, "I can help you."

Qin Shu was stunned.

Su Ying looked up at the rear view mirror and asked, "Where do you want to go, Miss Qin?"

### **Chapter 586: Just Wanted To Help You**

Qin Shu looked at Su Ying who was in the driver's seat and then at Han Xiao who was sitting next to her, she didn't want Han Xiao to come along.

Maybe it was because they were in the mountains previously, Han Xiao saved her twice, at both times, he had risked himself to save her.

So she didn't want him to come along, afraid that she would implicate him.

When Qin Shu hesitated, Han Xiao reminded her, "Aren't you in a hurry?"

Qin Shu looked at Han Xiao, still hesitating.

Han Xiao stared at her with his dark eyes. "I just wanted to help you."

Qin Shu sighed to herself.

As she was in a hurry, she couldn't bother with Han Xiao, she said to Su Ying, "Mianxia, Elvis Business Building."

"Okay, Miss Qin." Su Ying stepped on the gas and drove toward Mianxia.

Mianxia was an hour and a half away from here, if nothing unexpected happened, it could be faster.

At the entrance of Southern Polder College

Fu Tingyan's martial art strength was relatively weaker, so his speed was naturally much slower, when he reached the school gate, he only saw the car merge into the traffic, and he didn't even smell the exhaust.

He panted for a moment, "Where is Qin Shu going? Why is she in such a hurry?"

Han Xiao came out before him, could he have left with Qin Shu?

He looked around to see if there were any taxis and wanted to catch up with them.

Jun Li walked over and walked past Fu Tingyan, then walked straight to the side of the road.

A black Bentley stopped in front of him, someone quickly got out of the car and opened the door.

Jun Li's slender figure got into the car.

The car door closed and the person also got into the car.

In just a few short seconds, Fu Tingyan watched Jun Li get into the car and left. Only then he remembered he should ask if Jun Li had gone to look for Qin Shu,

it was obviously too late to ask now.

Bo Ye stood not far away and looked at Fu Tingyan, he looked anxious and he was probably very worried about Qin Shu, he pursed his lips and watched.

Fu Tingyan looked for a long time but did not see a single taxi, it would be difficult to chase after them.

The moment he turned, he caught a glimpse of Bo Ye standing behind him from the corner of his eye, he froze.

Bo Ye stood where he was and was stunned when he realized that Fu Tingyan was looking at him.

After a few seconds of silence

Fu Tingyan retracted his gaze and walked to the bus stop by the side, intending to take the bus back to college.

Bo Ye pursed his lips and watched Fu Tingyan turned to leave without saying a word, his chest felt a little stuffy for some reason and he felt very uncomfortable.

After a while, Bo Ye walked over with his slender legs and stopped at the bus stop, less than a meter away from Fu Tingyan.

Fu Tingyan put his hands into his pants pockets, sunlight shone on his handsome face, adding a little laziness to it, made him look unruly and rebellious.

From the corner of his eye, he saw Bo Ye walk over, he acted as if he did not see him, stared straight ahead and waited for the bus.

After a while, Bo Ye took another step forward, their one-meter distance was shortened by half, she was only 1.73 meters tall, standing beside him, who was more than 1.8 meters, there was a big difference in height.

“Are you still angry?” There was not much emotion on his cold face, only a trace of doubt flashed in his eyes.

Fu Tingyan looked ahead without looking at Bo Ye, he was proud and noble. “We don’t know each other well, so is there a need to be angry?”

He was clearly angry.

Bo Ye’s voice was still cold. “I didn’t mean what I said just now.”

Fu Tingyan raised his eyebrows and looked at him. “Is it important?”

Bo Ye stared at him for a long while before saying, “It’s not important.”

Fu Tingyan was originally waiting for him to admit his mistake, when he heard his answer, he got even angrier, they weren’t even friends, so of course it wasn’t important.

“Then what did you come here to say?” His voice was colder than before.

Bo Ye pursed his lips. “We’re roommates.”

Fu Tingyan raised his eyebrows. “And then?”

Bo Ye said, “We should get along with each other.”

Get along with each other?

Fu Tingyan seemed to have heard a joke, he chuckled. “Did we fight? Did We Argue?”

Bo Ye was stunned, she realized that the more she explained, the angrier he got.

He seemed to be even angrier than before.

She shook her head. “No.”

“Then what do you mean?” Fu Tingyan asked again.

“Nothing.” Seeing that he was even angrier, Bo Ye decided not to explain anymore.

At this moment, a bus stopped in front of them and the door opened.

Fu Tingyan glanced at Bo Ye and then looked at the bus, he took a step forward and got on the bus, he saw that the person in front of him had put in two dollars, he reached into his pocket and realized that he did not have any change on him, not to mention coins, he did not even have a hundred dollar bill.

But he didn't want to get off the bus and look at Bo Ye's cold face.

Seeing that he didn't put in the coins, the driver reminded him, "Hey, handsome, put in the coins quickly, don't block the door and obstruct others from getting on the bus."

Fu Tingyan pursed his lips, he can't go up nor get down.

Bo Ye squeezed in front of Fu Tingyan, he took out four coins from his pocket and put them in, after the jiggering sound, he turned to look at Fu Tingyan and said, "I already put in the coins for you."

Then he walked in, as if he was afraid that he would be unhappy, because he knew that he might be embarrassed.

Fu Tingyan's face darkened a little, and he also walked in, the bus was already full of people, so he could only stand in the aisle, as more people got on, he had to move closer to Bo Ye.

He tried his best to distance himself from Bo Ye.

At the next stop, more people got on the bus.

This was the bad thing about taking the bus, there were just too many people, and it was crowded.

Mixed with all sorts of smell, he frowned in discomfort.

When someone squeezed over, Fu Tingyan have no choice but moved closer to Bo Ye, at the end, his body was very close to Bo Ye.

When they were close, the fragrance of mint entered his nose, it was very nice, and it drove away the other unpleasant smell.

It was a smell that he was familiar with.

Bo Ye's room was filled with the fragrance of mint, it was very nice.

Bo Ye did not like to squeeze with others, especially strangers, so he leaned on the pole just next to the exit, no one was squeezing him at the back, except for the person in front of him.

When the bus shook and the bus braked, Fu Tingyan's body would crash into Bo Ye due to inertia.

Bo Ye subconsciously put his hand on Fu Tingyan's chest to pad the distance between them.

The two of them were facing each other, so it was a little awkward when they were too close to each other.

Fu Tingyan grabbed the pole behind Bo Ye with one hand and tried his best to avoid crashing into him.

He recalled Bo Ye's abnormal behavior when they were together, it seemed like he did not like others to get too close to his body.

He was also a germaphobe, when Bo Ye got closed to him, he did not resist like Bo Ye did.

Fu Tingyan looked at Bo Ye, he looked down at the other side, as if he was very uncomfortable.

He was like a shy little girl.

He looked down, wanting to see his expression.

Bo Ye felt Fu Tingyan came close, so he subconsciously raised his head to look.

At this moment the bus was at the traffic light, the driver suddenly stepped on the brake, he was too sudden.

Out of inertia, Fu Tingyan leaned toward Bo Ye, it happened so suddenly that it was too late for him to stabilize himself.

Fu Tingyan was stunned.

Bo Ye was also stunned.

It was as if time had stopped.

### **Chapter 587: Risked His Life For Her**

The touch was soft.

A cool breath entered his nostrils, Fu Tingyan stunned for a while.

His phoenix-like eyes could not help but widen, as he looked at the person in front of him who had also widened his eyes

After coming back to his senses, he hurriedly stood up and looked at Bo Ye's lips, recalling the sensation.

He frowned deeply and raised the back of his hand to wipe the corner of his lips, as if he was wiping away the touch and the sensation.

Bo Ye saw Fu Tingyan wiping the corner of his lips, as if he was trying to cover up the awkwardness.

Fu Tingyan wiped his lips for quite a while, but he still felt a lingering fragrance on his lips, no matter how hard he wiped, he could not wipe it off, which made him a little upset.

His first kiss was just... gone?

Bo Ye looked down, pursed his lips tightly, and remained silent, he did not repeatedly wipe his lips like Fu Tingyan did.

Although it was also his first kiss.

The silver-gray sedan drove quickly on the asphalt road.

Qin Shu took out her phone and dialed the man's phone again, anxiously waiting for the man to answer.

Han Xiao turned and saw that Qin Shu's expression was tense, she kept dialing the number, and he subconsciously guessed that it was to Fu Tingyu.

But she did not say what it was about.

After a while, the call still couldn't get through, the phone was not switched off and there's no message to indicate that it wasn't in the service area, when she called, it was just a busy tone, it was like an endless darkness, trying to swallow people's fear.

Qin Shu held her phone tightly and looked out of the car window, she was anxious, but she could only wait till she got to Mianxia.

An hour and a half later

She was worried all the way to Mianxia, Elvis Business Building

Qin Shu saw that the Elvis Business Building was intact and let out a sigh of relief.

Just as she felt relieved, her heart was lifted again.

At this moment, Su Ying got out of the car and looked behind him, his young master should have caught up very soon.

Qin Shu saw all these living beings, since she already knew, she couldn't just watch these people die.

She turned to look at Han Xiao. "Han Xiao, think of a way to get everyone out of this building."

At this moment, she had no choice but to tell them what she knew.

Hearing this, Han Xiao and Su Ying were shocked.

They looked at Qin Shu with confusion, how did she know? How did she know from such a far distance?

Han Xiao shelved his doubts, Qin Shu's words were most likely true.

"What About You?"

"I'm going to look for Fu Tingyu."

After Qin Shu said that, she walked towards the entrance of the building, however, Han Xiao grabbed her wrist. "It's too dangerous, you can't go in."

Qin Shu was already burning with anxiety, when she was stopped by Han Xiao, her voice couldn't help but turned cold. "Han Xiao, let go of me, I have to look for Fu Tingyu, he doesn't know that there's danger inside, if he doesn't come out in time, he would be in danger."

Han Xiao asked, "Do you know the exact time?"

Qin Shu said, "I don't know, I guess it's around this time."

She did not remember the exact time things happened in her previous life at all.

When Han Xiao heard this, he tightened his grip on Qin Shu's hand. "Then what if he's not inside and you don't know the exact time, if you go in rashly, what if something happened to you?"

Qin Shu glared at Han Xiao angrily. "I can't just stand by and watch and wait for something to happen to him."

Han Xiao looked at Qin Shu and saw the determination in her eyes, just like before, she would not regret when she had decided to do something.

However, he could not just stand by and watch her go into such a dangerous place.

"I'll go look for him, you think of a way to get everyone out."

Qin Shu did not want Han Xiao to take the risk for her, so she rejected directly. "There's no need, Han Xiao, he's my husband, I want to find him myself."

After saying that, she started to struggle, trying to break free from Han Xiao's grip.

Han Xiao's heart felt like he had been stabbed by a knife, dripping with blood and the pain was unbearable, but he still did not let go of her hand, no matter what, he did not want to see her take the risk.

He promised, "Trust me, I will bring him out safely."

Qin Shu was anxious, and she raised her voice, "Han Xiao, don't you understand what I mean? He is my husband, and I have to find him myself."

Han Xiao was stunned, seeing that she insisted on going, he settled for the second-best option. "I will accompany you to find him."

Su Ying looked at Qin Shu, he couldn't understand why his young master would care so much about her, she was married.

But he knew that his young master didn't want her to get hurt or be in danger.

Seeing that they couldn't stop arguing, he suggested.

"Miss Qin, it's safer to let Mr Han accompany you, I'll think of a way to get the people out of the business building."

Han Xiao's eyes were firm. "If you don't let me go in with you, I won't let you go in alone either."

Qin Shu saw that there wasn't much time left, so she didn't bother to argue with Han Xiao any further, the more time they wasted, the more dangerous it would be.

She said, "Okay."

Han Xiao then let go of Qin Shu's hand and followed her into the Elvis Business Building.

Su Ying first called the police, after calling the police, he began to think of ways to get the people out, not far away, he saw a familiar car stopped, the car door opened and his young master stepped out of the car.

Under the sunlight, Jun Li's face was sickly pale, his figure was a little thin, as if a gust of wind could blow him over.

He felt pity for his young master as his body was so weak and yet still have to run around.

Su Ying hurriedly went up to greet him.

"Young Master."

Jun Li walked over and didn't see Qin Shu, so he asked, "Where is she?"

"Miss Qin and Han Xiao have gone in, the Elvis Business Building could be in danger any time, she went in to look for Fu Tingyu."

Su Ying knew that the matter was urgent, so he explained in one go without wasting time.

“You take care of the rest, I’ll go in and have a look.”

After Jun Li finished speaking, he walked in.

Su Ying stretched out his hand, wanting to stop his young master. “Young master, it’s too dangerous, it’s better not to go in.”

Jun Li’s purple eyes glanced at Su Ying. “When did you learned to disobey me?”

Su Ying lowered his head. “... young master, Su Ying dared not.”

Jun Li retracted his gaze and continued to walk in.

Su Feng followed closely behind.

The Elvis Business Building was huge, so it was very difficult to find a person.

After Qin Shu entered the building, she had no intention to search floor by floor.

She looked at the store that sell laptops, with a laptop, it would be much more convenient.

She lowered her voice and said, “Afterward, you distract the salesperson’s attention.”

After saying that, she walked straight to the counter.

Han Xiao had a very high IQ, although he was puzzled about her intention, he did not ask anything and followed her.

### **Chapter 588: Babe Won’t Want You Anymore**

“Hi beauty, what kind of computer do you need? In our shop, we have new models with large memory and good configuration, I can recommend them to you.” The Salesperson had a professional smile on her face.

Qin Shu pointed at the computer in front of her and said, “Let me try this computer.”

“Sure, you can try all the computers here.” The salesperson continued to maintain her professional smile.

Qin Shu lowered her eyes and looked at the computer in front of her, she put her hands on the keyboard and tried to open the web page first.

Han Xiao’s tall and slender figure walked to the other side of the counter and looked at the computer in front of him.

Han Xiao’s handsome look and gentleness were like shining star that attracted other’s attention, no matter where he went, people could not help but stop for him and turn their heads 100% .

There were two salespersons at the counter, when they saw the handsome man like Han Xiao walked in, they surrounded him and totally ignored the customers who were still testing their computers.

“Sir, what kind of computer do you need? I can recommend.” The salesperson’s professional smile turned into a very sweet smile.

Han Xiao’s voice was cold. “You can show me the latest model.”

In the salesperson’s ears, it was calm and connotative, the charm of a man.

“No problem.”

The salesperson took out a few laptops and began to introduce the configuration of the laptop to the handsome man in front of her, as well as its advantages.

Qin Shu’s fair and slender fingers quickly entered the code, one complicated code after another jumped onto the screen, her speed was so fast that it was overwhelming.

There would be a lot of screens in such a business building, whether it was the rest area, the office, or even in the elevator.

She didn’t know which floor Fu Tingyu was on, nor did she know what he was doing now.

Other than using this method, there was no faster way to get him out of Elvis Business Building.

It took time to find someone.

She used the shortest amount of time to control all the screens in the building, big and small, and turned off all the musical functions, the originally lively building suddenly became quiet.

The customers who were shopping stopped one after another and looked at the screens in the building in puzzlement, they were wondering why the lively music was gone?

“Is it a power failure?” Someone asked.

“The lights are still on, it’s not a power failure.”

At this moment, someone suddenly shouted, “I heard that the third young master of the imperial capital is at the square outside.”

Every knew the third young master Jun Li, he was an elegant and noble young man with a face like an exquisite jade piece and an extraordinary bearing.

However, there were very few people who saw him in person with their own eyes.

Therefore, when they heard that he was in the square outside of the Elvis Business Building, they couldn’t help but want to take a look.

The customers who were still strolling around walked towards the entrance of the business building.

On the other side, Jun Li held a flyer in his hand to cover his face as he walked straight into the elevator, he didn’t see Qin Shu, who was at the counter on the other side.

In the lobby on the 12th floor

The Elvis Business Building was owned by the Yan family, they had come this time to discuss on the development of tourism on Elvis Mountain.

Fu Tingyu's tall and slender figure stood in front of the railing, behind him was a huge display screen, it was originally running advertisements, but it suddenly stopped.

Mu Nianzhi turned in confusion and looked at the display screen behind him. "It was not working?"

Fu Tingyu turned sideways and looked at the display screen behind him, it is a normal phenomenon to have a defective screen, but all the other display screens in the building seemed to have the same problem, which made everyone very confused.

Such defects would be handled by the management staff, so they didn't need to worry about it.

Mu Nianzhi said, "Let's go in, cousin should be here soon."

"Okay." Fu Tingyu replied and walked towards the elevator with Mu Nianzhi.

After all the screens were turned off, Qin Shu's hands didn't stop as she skillfully tapped on the keyboard.

She had never typed with such speed before, the screens were not controlled by the same controller. Instead, there were many, more than a dozen of them.

What she had to do was not only to control the screens, but she would also need to edit and input texts into the different screen controllers.

She used the shortest amount of time to do things that ordinary people could not do.

Her master should be very happy to have such an outstanding disciple like her.

But right now, all her thoughts were on the man, she hoped that he would be able to see the sentence on the display screen at the very first instance.

A line of words immediately appeared on the display screen.

[ Baby Yu, I'll give you five minutes to come to the first floor, otherwise, Babe won't want you anymore. ]

Just as Fu Tingyu walked into the elevator, this sentence appeared on the screen behind him.

As Qin Shu finished doing this, she started to clean up the traces she left behind on the laptop, this way, no one would find out that she had used this laptop to do this.

She raised her head and looked in the direction of the elevator, she was a little worried when she didn't see the man came down.

After thinking for a while, she decided to look for Fu Tingyu.

Seeing this, Han Xiao stepped forward and followed.

The salesperson shouted from behind, "Sir, don't you want the laptop?"

Han Xiao ignored the salesperson's shout and strode forward, grabbing Qin Shu's arm. "What do you want to do?"

Qin Shu turned to look at Han Xiao, her eyes slightly red. "I want to look for him. I'm afraid that he won't be able to see the caption I sent."

Caption?

Han Xiao looked up and saw the caption on the screen by the side,

"Baby Yu, I'll give you five minutes to come to the first floor, otherwise, Babe won't want you anymore."

Such an intimate nickname. Baby Yu? Babe?

His heart ached.

Then, he realized that this wasn't the only screen that had this caption. As long as there was a screen, there would be a caption, the content was the same.

He looked at Qin Shu and realized that her eyes were red. It was as if in the next second, tears would spill out from the corners of her eyes.

Han Xiao was stunned, she cared about him that much?

"I'm going to find him," she repeated.

Qin Shu tried her best to calm herself down, but the fear in her heart could not be calmed as she did not know when the accident would happen.

She could not bear what happened in her previous life.

And she couldn't openly said that there would be an accident here, there were a lot of people in the building, and if there was panic, there might be a stampede.

Han Xiao was most afraid of her crying, once she cried, he would not know what to do.

"Where do you want to start looking for him? I'll accompany you."

"I want to go to the 12th floor to take a look."

The 12th and 13th floors weren't shops, there was a high possibility that Fu Tingyu was there.

As long as Qin Shu wanted to go, Han Xiao would accompany her.

"Then let's go to the 12th floor."

At this moment, the phone rang.

Qin Shu subconsciously thought that it was a call from the man who saw the caption on the screen.

She hurriedly took out her phone from her pocket, didn't even have time to look at the caller ID. "Did you see the caption I sent? You..."

Before Qin Shu could finish her sentence, Jun Li's gentle voice came through. "It's me, Jun Li."

He raised his eyes and looked at the huge screen by the side, the caption appeared on it.

[ Baby Yu, I'll give you five minutes to come to the first floor, otherwise, Babe won't want you anymore.]

“Jun Li?” Qin Shu calmed down, the disappointment flashed in her eyes, “I thought it was him.”

### **Chapter 589: So You Are Wife-Ridden?**

Translator: Nyoi-Bo Studio Editor: Nyoi-Bo Studio

As soon as he heard her voice, Jun Li knew that Qin Shu mistook him for Fu Tingyu, he could hear the disappointment in her tone.

Right now the call she was most eager to receive was not from him.

“Where are you?”

“I’m at the Elvis Business Building.”

“The exact location.”

“The first floor, I’m going to the 12th floor to take a look.” As Qin Shu spoke, she walked toward the elevator.

Han Xiao followed closely without saying a word.

“I’ll go take a look, you stayed on the first floor, don’t come up..” Jun Li clenched his fist and walked into the elevator again, pressing the button for the 12th floor.

Su Feng also quickly followed him in.

Qin Shu’s expression tensed, and she hurriedly shouted, “How could you do that? There’s danger here at any moment, please come down quickly.”

Jun Li said, “It’s also dangerous for you to go.”

“I can’t let you go, please come down quickly.” Qin Shu quickly pressed the elevator button.

The customers in the building kept walking out of the building for various reasons, they didn’t know the imminent danger.

The elevator arrived, Qin Shu walked in and pressed the button for the 12th floor.

Han Xiao followed her and didn’t leave her side.

“I’m already here, you stay on the first floor, do You hear me?”

The elevator door opened, Jun Li walked out.

At this moment, on the 13th floor

Fu Tingyu followed Mu Nianzhi into the office.

The office was fully equipped, there was a huge display screen on the right wall.

“He should be here in ten minutes, let’s sit here and wait.” Mu Nianzhi walked over to the sofa and sat down.

“Okay.” Fu Tingyu walked over and sat down opposite Mu Nianzhi, he looked up and saw the display screen on the opposite wall, there was a caption on it.

“Baby Yu, I’ll give you five minutes to come to the first floor, otherwise, Babe won’t want you anymore.”

He could feel the threatening tone in the girl’s voice even through the screen.

Babe had come to Mianxia?

His Babe could indeed do it.

Mu Nianzhi noticed Fu Tingyu’s gaze wasn’t right, he followed his gaze and looked behind him, he saw the screen on the wall with the caption.

Baby Yu, does it mean Fu Tingyu?

Who Is Babe?

Mu Nianzhi remembered the last time Fu Tingyu looked so sad, could she be his girlfriend?

Such a strong woman?

Before Mu Nianzhi could finish his thought, he heard Fu Tingyu say, “Uncle, I’m going down.”

After saying this, he stood up and strode out, as if he was afraid that if he was a bit late, his Babe would really abandon him.

Mu Nianzhi retracted his gaze and saw Fu Tingyu’s tall and slender figure walked out in a hurry, was he so afraid of this one sentence?

“Wait a minute, I’ll go and see how amazing that girl is.”

Mu Nianzhi also stood up and chased after him.

He followed Fu Tingyu into the elevator and pressed the button for the first floor.

In the elevator, there was a very small display screen.

Fu Tingyu caught a glimpse of the screen from the corner of his eye, there was a caption on the screen as well, the content was the same as what he had seen before.

He couldn’t help but suspected that Babe had changed the display of the entire building to this caption, didn’t she?

This made him a little afraid, he was afraid that Babe was serious.

Five minutes?

How long had it been?

Mu Nianzhi stood beside him and glanced at Fu Tingyu, who looked a little nervous, he didn’t realize he was wife-ridden.

“Is that your girlfriend? Are You that afraid of her?”

Fu Tingyu stood straight and glanced at his uncle, he didn't deny it. "She's my wife."

Mu Nianzhi was shocked, "Your wife? When did you get married? Why didn't I know?"

"We registered our marriage, I was about to inform all when we held our wedding banquet."

Fu Tingyu didn't plan to hide it, he intended to take her to meet his parents this year and held the wedding banquet next year, he was going to let the whole world know that she was his woman.

Mu Nianzhi was shocked beyond words. "You actually got married? As your uncle, I didn't even know?"

Fu Tingyu had expected Mu Nianzhi's surprise. "My parents didn't know either."

Mu Nianzhi rubbed his nose, fine, even his sister and brother-in-law didn't know.

"She's pretty amazing."

What he meant was that she dared to threaten him.

Fu Tingyu did not deny, his Babe was indeed amazing.

Fu Tingyu's elevator went down while Qin Shu's elevator went up, the two of them crossed each other.

Ding

The elevator reached the 12th floor

Qin Shu walked out of the elevator and saw Jun Li walking over.

"He's not on the 12th floor."

"Then I'll go to the 13th floor to take a look."

Hearing that, Qin Shu retreated into the elevator.

Jun Li pressed his hand on the elevator door, and it opened. "I'll go up to take a look, you get down first."

Qin Shu refused, "How can I do that? An accident can happen at any moment, how can I let you take the risk? Besides, you aren't healthy to begin with, I can't let you take the risk."

"Qin Shu, listen to me, now isn't the time to argue about this, I won't get into an accident so easily, trust me."

This was the first time Jun Li spoke to her with such a serious expression.

Han Xiao saw that Qin Shu was so worried about Fu Tingyu, she would rather take the risk herself than let them take the risk.

He pressed the button for the first floor and walked out of the elevator, pushing Jun Li inside. "Take her down. I'll go up to look for him, it would be faster for me to go alone."

Jun Li was forced into the elevator, and Su Feng followed closely behind him, his duty was to protect his young master, Jun Li instructed, "Su Feng, follow him to find Fu Tingyu."

“... but young master, I have to protect you.” Su Feng was in a difficult position.

Jun Li said, “When did my words become useless?”

“Su Feng doesn’t dare.” Su Feng walked out of the elevator and followed Han Xiao to the other side.

Qin Shu saw Han Xiao walked to the other elevator, she wanted to go out, but Jun Li grabbed her arm, he looked sick, but he was very strong, he made her unable to move.

She could only shout at him, “Han Xiao, it’s very dangerous here, I can’t let you risk your life for me, come back quickly, do you hear me?”

Jun Li glanced at Han Xiao’s figure disappeared at the elevator door, he reached out and pressed the button.

The elevator door closed immediately.

“Qin Shu, rather than wasting time arguing, why not let him go,” Jun Li advised.

“I’m afraid that if, if...” Qin Shu was really afraid that the accident would happen suddenly, catching them off guard.

In her previous life, she had only seen a little of the news reports, half of the building had been destroyed, and countless people died.

Just by looking at the scene, she knew that the accident was very serious.

Han Xiao had already saved her twice.

She did not want Han Xiao to get hurt because of her again.

Jun Li felt Qin Shu’s body tremble a little, he stretched out his arm and comforted her gently, “Qin Shu, don’t be afraid, we have to believe that a good person would be blessed by the heavens, he will be fine.”

“But I’m still afraid, I’m afraid that something will happen to him.”

Qin Shu felt an inexplicable fear in her heart, not only was she worried about Han Xiao, she was also worried that the man did not see the caption and did not come downstairs.

But no matter what, she did not want anything to happen to anyone.

At this moment, a few loud bangs were suddenly heard, the elevator shook violently, it then lost control and fell straight down.

### **Chapter 590: The Shocking Scene, Looking For Her Frantically**

The elevator descended very quickly.

When the loud bang occurred, Jun Li subconsciously stretched out his arms and held Qin Shu in his arms, his body pressed against the wall of the elevator.

The earth-shattering sound made Qin Shu’s heart jump to her throat, it was as if her chest was about to suffocate, it was difficult for her to breathe.

The accident had already happened, Fu Tingyu, Han Xiao, and the others...

She was so afraid, she didn't dare to continue thinking.

At this moment, at the entrance of the building

Most of the people had already come out, and the police had arrived at the scene.

Suddenly, there were a few loud bangs, and glass shards scattered all over the ground, there were also signboards and other decorations that fell to the ground with the loud bangs.

Seeing such a terrifying scene, everyone present was so scared that their faces turned pale, and their backs were sweating profusely.

If they did not come out in time, they might not be able to come out at all, or it might be even worst.

Those who skipped past the gates of Hell were secretly rejoicing.

"Fortunately, my wife dragged me out to see some handsome guy, otherwise, I would definitely die in there."

"I also came out because of a friend, I felt like the god of death just by passed me."

Fu Tingyu had just walked out of the building when he heard the loud bang, the huge glass behind him had brushed past his back and fell.

If he had been one step late, he might have been hit by the huge glass panel and got injured.

Mu Nianzhi reacted quickly enough to avoid the falling glass.

When he walked out of the building, Fu Tingyu glanced at the crowd in front of him, but he did not see Babe.

He started to panic.

Didn't she tell him to look for her on the first floor?

Where was she?

Fu Tingyu couldn't keep his cool after such big accident, he started to look for her frantically.

Mu Nianzhi knew that he was worried about his wife, so he pulled him back. "Calm down, she told you to look for her on the first floor, so she must be on the first floor too, just look carefully."

Hearing this, Fu Tingyu didn't heave a sigh of relief, instead, he was even more worried and afraid, what he was most afraid of was that she wouldn't be able to come out of the building.

He remembered that she had gone to Yen City with him previously.

She had said that she was worried about him, so she followed him secretly.

This time, she had come to Mianxia...

Fu Tingyu's hand reached out to Mu Nianzhi. "Uncle, lend me your phone."

His phone screen had been accidentally damaged this morning, and Shi Yan hadn't had the chance to replace his phone.

Shi Yan had been on an errand and wasn't here yet.

Mu Nianzhi took out his phone from his pocket and handed it to Fu Tingyu.

Fu Tingyu took it and dialed the familiar number.

Su Ying, who had been standing outside waiting for his young master, saw Fu Tingyu come out, but didn't see his boss.

He hurriedly came over and asked, "Mr Fu, didn't my young master come out with you?"

Fu Tingyu glanced at the man in front of him, but he couldn't recognize him. "Who is your young master?"

"My young master's surname is Jun, and his name is Li, he went to look for you with Miss Qin," Su Ying replied.

Fu Tingyu's heart tightened, he turned to look at the inside of the building, Babe was inside?

He did not give further thought and started running in.

However, he was stopped by two police officers. "This is a dangerous zone, you can't go in."

"Get lost." Fu Tingyu's eyes were dark and cold.

To fight against two police officers, his remaining martial art strength would be enough to easily push them away, he continued running in.

Su Ying also sensed that something was wrong and ran in as well.

Mu Nianzhi saw Fu Tingyu ran in and was worried that something would happen to him, so he quickly chased after him.

The police officer hurriedly shouted, "Come back! It's dangerous inside!"

No one listened to him, be it Fu Tingyu, Su Ying, or Mu Nianzhi, instead, they sped up and ran in.

After Fu Tingyu went in, the phone in his hand did not stop calling the girl's phone, in his heart, he kept saying, "Babe, you can't be in trouble, you haven't done what you promised, I won't let anything happen to you."

Looking at the ceiling, the decorative lights, balloons, and other things that had fallen after the explosion.

It was clear how serious the accident was.

At this moment, there was another loud bang, more ceiling decorations, lights and lanterns falling from above.

Fu Tingyu and the others quickly dodged.

The earth-shattering sound was like a heavy hammer hitting the man's heart, it made his heart tremble.

The call was connected but no one picked up, he did not give up and dialed again.

Babe, please pick up the phone!

At this moment, the elevator had already descended to the lowest floor and stopped operating.

In the elevator, the two of them fell onto the floor, Jun Li was still maintaining the posture of holding Qin Shu in his arms, blood was flowing from his fair forehead, staining his pale face with piercing reds.

Blood kept flowing out from the corner of his mouth.

After a while, he coughed, "Cough, cough..."

As he coughed, more blood flowed from the corner of his mouth.

This was the consequence of using his martial art strength to protect Qin Shu.

Falling from the tenth floor, the speed at which they fell was fast, and he lost his center of gravity.

No matter how great his martial art strength was, there was no guarantee that he would not be injured.

An ordinary person would have died long ago.

After Jun Li woke up, he subconsciously called out, "Qin Shu?"

His voice was so weak that only he could hear it.

Although Qin Shu was protected in Jun Li's arms, she was also afraid that Jun Li would be injured, therefore, when the elevator descended, she was also desperately protecting Jun Li.

Her martial art strength was at the bottleneck of Silver level, if she used all her martial art strength, she could still protect a person.

This was also one of the reasons why Jun Li was still alive after falling from such a great height.

Qin Shu fainted when they hit the lowest floor and she bumped her head on the wall of the elevator.

Just like Jun Li, blood flowed out of her forehead, dyeing half of her face red and her eyes bloodshot.

The blood flowed down to her chin and dripped drop by drop onto her beige down jacket, it was very much like the red spider lily that grows next to the three life stone, enchanting and eye-catching.

It was also something that Jun Li did not take into consideration, as the impact was too great for the free fall, the center of gravity was not stable, he did not protect Qin Shu's head properly.

The phone rang.

"You are like the stars falling from the Milky Way, inadvertently falling into my eyes, crashing into my heart..."

Qin Shu was unconscious, as if she heard the ring tone, her eyebrows moved.

The phone kept ringing over and over again, as if it was implying how anxious the caller would be.

Jun Li's eyebrows twitched a few times, he slowly opened his eyes, his vision was a little blurry.

It was pitch black in the elevator, and he couldn't see anything.

But the ringtone beside his ear was very clear.

From the sound, he knew it was Qin Shu's phone, which also meant that someone was looking for them.

Jun Li moved his body and touched Qin Shu's body, trying to wake her up.

"Qin Shu, wake up, wake up quickly."

After calling her for a few times but no one answered, Jun Li's heart suddenly tightened, his hands touched Qin Shu's nostril, and he felt a weak breath, so he temporarily let out a sigh of relief.
