

# BIGSHOT MR. FU S WIFE IS SWEET AND WILD

## Chapter 5

### This Woman Is Really Something

At this time, Han Xu's mobile phone suddenly rang.

He looked at the caller ID and was shocked. He quickly picked up the call. "Grandpa..."

He had just finished greeting his grandfather when a cold and stern voice was heard from the other end. "Han Xu, what did you do to Xixi?"

Han Xu was instantly speechless. He replied, "Grandfather, she wanted to break off the engagement herself. It has nothing to do with me. Anyway, since she wants to break off the engagement, then let's just break it off..."

Before he could finish, Elder Han said very dogmatically, "No, the engagement can't be called off. Get the h\*ll back to the Han family house right now."

"Grandpa, Grandpa..." Han Xu shouted twice, but the other end had already hung up, and only the toot sound of the phone could be heard.

Han Xu's body was cold, and his face was as dark as charcoal. He kicked hard, and a small stone flew out.

When he looked up and saw the expressions of the onlookers, who were watching a good show, his expression instantly became even uglier.

When he thought about how humiliated he had been in front of so many people, he felt terrible.

Although he didn't want to marry Qin Jianxi at all and had always wanted to break off the engagement with her, Qin Jianxi, who he had always looked down on, broke off the engagement first. He felt very flustered.

He didn't want to embarrass himself here anymore. For the first time, he didn't care about Huang Mengyu. He said, "The old man wants me to go home. I'll take my leave first."

After he finished speaking, he left in big strides. He could not stay in this place for a moment longer.

Huang Mengyu was stunned as she watched Han Xu leave. After a while, his figure disappeared, and her expression suddenly stiffened.

However, she immediately consoled herself that it was Qin Jianxi's fault. It was Qin Jianxi who had embarrassed Big Brother Xu so much. Of course, he would be in a bad mood.

After comforting herself, her mood improved a little. She couldn't hold back the smile on her face when she thought about how silly Qin Jianxi was to break off the engagement.

Humph, so what if she had a good family background and was pretty? She wanted to see what kind of good man a brainless person like Qin Jianxi could find in the future after leaving Han Xu.

When she looked up, she saw everyone's strange gazes. This made her heart tighten. She wanted to leave, but then she thought of another problem. She had come with Qin Jianxi and Han Xu.

If the two of them left, how was she going to go back?

On the third floor of the villa, four exquisite-looking men with unique features put down the binoculars in their hands.

Ji Luo tutted, "If I didn't see it with my own eyes today, I really wouldn't dare to believe it. To think that this is actually the brainless beauty of the Qin family."

Murong Jiu quickly turned the specially made playing cards in his hand. He glanced at Ji Luo and chided, "What do you mean by brainless beauty? Watch your words."

Ji Luo shrugged his shoulders, unconcerned.

"She might not be brainless, but she's a real beauty. I saw her face earlier and she was really beautiful. But it's not surprising. Her mother was also a famous beauty in the capital. It's normal for her to have such genes. I heard that she likes this Han Xu very much. So why did she step on him just now... she even broke off the engagement? It's really strange."

Fu Ge, who had been silent all this time, lazily opened his mouth and asked, "What's her name?"

It would have been better if he hadn't opened his mouth. The moment he opened his mouth, the other people were shocked. They all looked at him and said, "Brother Fu..."

Fu Ge's cold, brown eyes swept over them and he casually asked again, "What's her name?"
