

## **I signed In For A Billion Dollar Mansion From The Very Beginning Chapter 380-384**

### **Chapter 380: Don't Tell Me I've Seduced Su Muqing?**

Lin Fan was a little excited.

He got the Eye of Wisdom.

To Lin Fan, those things that could be measured in money weren't as valuable as these skills.

Although he could only use this Wisdom Eye once per billion yuan earned, it was enough.

The value given by the system was absolutely accurate.

Furthermore, with the Eye of Wisdom, Lin Fan could see the loyalty of many people towards him.

There were also many girls who had a good impression of him.

If there weren't any restrictions on earning money, Lin Fan could see how well all the girls liked him.

If Lin Fan was a scumbag, with the skill Eye of Wisdom, he could flirt with many girls.

"Ding... Master has earned two billion. Master, please choose two people to check their favorability or loyalty."

"Note: Loyalty can only be checked on the master's subordinate. If one's not the master's subordinate, you won't be able to see loyalty. Affinity can be anyone."

Lin Fan immediately chose two people. "Xia Wanqiu, Su Xiaoyu."

Although Su Xiaoyu said that she didn't like Lin Fan, Lin Fan still wanted to see how much Su Xiaoyu liked him.

Lin Fan didn't know why he chose Su Xiaoyu but he still chose her.

As expected, after using the Eye of Wisdom, two lists of data appeared in front of Lin Fan.

[Name: Xia Wanqiu]

Age: 23

Height: 167

Weight: 46kg

Appearance Score: 99

Figure Score: 100

Favorability: 96

[Name: Su Xiaoyu]

Age: 23

Height: 166

Weight: 44kg

Appearance Score: 99

Figure Score: 99

Favorability: ???

After looking at the two lists, Lin Fan's eyes widened.

Xia Wanqiu's impression of him was 96 and her full score was 100 points. Lin Fan felt that it was alright.

He did not know what the exact score was, but this 96 points of favorability were definitely not low.

Xia Wanqiu and Su Xiaoyu's looks were both 99, while Xia Wanqiu's figure was 100. Su Xiaoyu's was only 99, probably because of her breasts.

Lin Fan: "System, why can't I see Su Xiaoyu's favorability?"

System: "Su Xiaoyu is special. You can't check her favorability. Whether she likes you or not depends on you."

Lin Fan: "Since we can't see anything, let's check someone else. Su Muqing."

After all, Su Muqing was now an important person by Lin Fan's side. At the same time, she held a very important job.

[Name: Su Muqing]

Height: 166

Weight: 46.5kg

Age: 20

Appearance Score: 100

Figure Score: 97

Loyalty: 99

Favorability: 82

After reading Su Muqing's information, Lin Fan smiled.

This 99 favorability was indeed not bad.

It was these 100 points that surprised Lin Fan.

Su Muqing's looks were higher than that of the cat and dog.

Although in Lin Fan's eyes, his wife was still the most beautiful.

However, this was still the system's evaluation. Perhaps the system felt that Su Muqing was better looking.

It was just that Su Muqing's impression of him was a little ridiculous.

Her favorability had already reached 82. Su Muqing was not normal.

Fortunately, it was a safe distance. If Su Muqing's impression of Lin Fan was 92, she would probably be finished.

Luckily, Su Muqing didn't like Lin Fan yet.

The ratings given by the system made Lin Fan fully realize that Su Muqing could be trusted.

The next day, in the company.

Lin Fan sat in his office writing scripts. Even though he had become a boss, Lin Fan still maintained the habit of writing scripts.

Su Muqing walked in and looked at Lin Fan with her beautiful eyes. She wasn't wearing work clothes today and was just wearing normal clothes.

When Lin Fan looked over, he was still stunned.

Gentle, quiet, pure, and sweet. This was probably how girls were described.

Standing there, it was very pleasing to the eye.

It was enough to have a beautiful assistant.

“Boss Lin, have some tea.” Su Muqing placed the teacup beside Lin Fan and made tea for him.

“Mmm.” Lin Fan nodded, his gaze still on Su Muqing.

He usually didn't pay much attention to it. But ever since he found out that Su Muqing's looks were 100 points, Lin Fan realized that she was really pretty.

Her looks were probably not even comparable to Lin Kexin, the school belle of Beijing Film Academy.

Her looks were actually on the same level as Xia Wanqiu and Su Xiaoyu, but her temperament was different from the norm and unique.

She was dressed simply, but she gave off a pure and cute feeling.

If there was a way to describe it, it would be perfect!

She was as pure as a piece of white paper.

There was no impurity in her eyes.

She was clean from head to toe.

If she really dressed up like a girl in ancient clothes, she would probably become popular all over the Internet.

Being stared at by Lin Fan like this, Su Muqing blushed.

“What are you thinking about?” Su Muqing asked and lowered her head slightly. She looked too beautiful.

Lin Fan stood up and walked to Su Muqing’s side. He circled her and nodded.

“I’ve thought it through. Whether or not ‘Twenty Your Life On’ becomes popular, there’s a television drama that I want you to film recently. You can act as Xiao Longnu in ‘The Return of the Condor Heroes’,” said Lin Fan with a smile.

Of course, Lin Fan definitely wouldn’t be able to write about certain unwanted scenes. However, Lin Fan felt that... Su Muqing’s temperament was enough for her to take on this role.

“Why? I think Lin Kexin, Su Xiaoyu, and Chu Yaoyao act better than me,” Su Muqing said seriously.

“You’re more suitable to wear ancient clothes. You’ll definitely be very pretty. Of course, they’re also very pretty, but this kind of thing depends on whether it’s suitable,” said Lin Fan.

“I’ve thought about it. There’s only one way to describe you. There’s a beauty in the north. She’s peerless and independent. She can topple cities and countries,” said Lin Fan with a smile. “She’s devastatingly beautiful like you.”

Su Muqing blushed even more and looked at Lin Fan with her beautiful eyes. “Can I really... do that?”

Lin Fan nodded. “Of course. You’ll definitely be a big star in the future.”

Su Muqing had no filming experience. Lin Fan only filmed a television drama for her, “Twenty Your Life On”.

He wasn’t sure how effective it would be.

Lin Fan could also create a big star. Su Muqing would definitely become a big star in the future.

After Lin Fan praised Su Muqing, he saw that her data had increased.

Her favorability increased from 82 to 84.

Lin Fan shuddered.

This...

If this continued, would he be able to seduce Su Muqing?

He just wanted to make Su Muqing a big star and earn more money. If he seduced Su Muqing, wouldn't he become a sinner?

At this moment, Lin Fan received a call from Tencent Arts.

"Boss Lin, the television drama 'Twenty Your Life On' is trending."

"On the day of the premiere, there were more than 200 million views. The audience went crazy."

"The television drama that Su Xiaoyu and Lin Kexin acted in was praised by the entire Internet. This is not the most important thing. The most important thing is that you boldly used a newcomer. Su Muqing also became popular!"

"Su Muqing's discussion is very popular. Boss Lin, you've created a big star!!"

Listening to the call from Tencent Arts, Lin Fan looked at Su Muqing.

Another girl he had nurtured had become popular!

This meant that... he could earn endless money in the future!

### **Chapter 381: Being Too Handsome Causes A Lot of Trouble**

After Lin Fan heard that, he opened Weibo and looked at the discussions.

Su Muqing was ranked first on the trending topic list.

Her Weibo had already quickly gained more than five million fans.

In just one night, Su Muqing's fans increased by five million!

Su Muqing's Weibo account was also very small. She did not publish much content and only had a simple selfie. It was even dug out by the fans.

"Ah ah ah, the television dramas filmed by Jiaying Entertainment are too good. Twenty Your Life On is the best."

"Although Lin Fan doesn't film television dramas anymore, the television dramas filmed by Lin Fan's company will always be so good."

"Have you heard? This television drama was filmed according to Lin Fan's script. It can be said to be quite good."

"Really? No wonder it's so good. How can Lin Fan write any script so well? From the ancient transmigration drama to the Xianxia drama and the modern youth city television drama are all great."

"Su Muqing is really pretty. I heard that Su Muqing is Lin Fan's assistant at the company. I didn't expect Lin Fan to let Su Muqing be a big star. I've already fallen in love with Su Muqing. What should I do?"

"Su Muqing, Su Muqing, Su Muqing!!"

"You all like Su Muqing. Am I the only one who likes Su Xiaoyu and Lin Kexin? These two girls are also very pretty."

...

Looking at the heated discussion online, Lin Fan just smiled and said, "Su Muqing, you're already popular now. You'll become a big star in the future."

Su Muqing looked at Lin Fan and smiled sweetly. "Thank you, Boss Lin. Without you, I wouldn't have had the chance to film a television drama or become a big star."

Lin Fan said, "Su Muqing, if you want to be a superstar, you don't have to be my assistant in the future. A superstar earns more money than an assistant. I think you can become even more popular in the future."

Now, Lin Fan had already given Su Muqing a monthly salary of 500,000 yuan. This salary could be said to be quite high. Her annual salary was 15 million yuan including bonuses.

1

Even in Shanghai, she could afford a house. It was more than enough.

However, compared to the income of a superstar, it was nothing.

When Su Muqing became a big star and filmed a television drama, she would receive a remuneration of tens of millions. She would participate in a few events a year and walk the red carpet a few times. Her commercial value would rise rapidly. At that time, it would be very simple for her annual income to exceed 100 million.

Although being a superstar was tiring, it was not as tiring as being an assistant.

Being an assistant was the most tiring, especially being Lin Fan's assistant. At the same time, she had to do a lot of work.

It could be said that Su Muqing did not even have her own holidays now.

All her time was Lin Fan's. She had to listen to him.

Normally, when employees went to work, they would have weekends off and occasionally work overtime. To put it simply, Su Muqing did not have any free time and was on call.

Even if she rested in the middle of the night, Lin Fan could wake Su Muqing up for work.

Something would always happen between companies. When Lin Fan didn't have time to settle it, he could only leave it to Su Muqing.

It was very easy to hire an assistant. That was why Lin Fan said such things.

He hoped that Su Muqing could focus on the path of an artiste. Her future development was much better than being a small assistant.

Lin Fan was sincerely doing this for Su Muqing's sake. After all, anyone could do the work of an assistant, but they wouldn't do it as well as her.

Su Muqing raised her beautiful eyes and looked at Lin Fan. She smiled and shook her head gently. "Boss Lin, I understand your good intentions."

"But..."

As Su Muqing spoke, her eyes turned red.

She walked in front of Lin Fan and lowered her head. She tugged at Lin Fan's sleeves with both hands and said softly, "But... Boss Lin, can you not chase me away? What did I do wrong? I will definitely correct it. I will definitely be your assistant well."

Lin Fan was a little puzzled. "I'm not chasing you away. I just feel that you have a better future as an artiste."

Su Muqing shook her head. "No, Boss, you're chasing me away. I really like the job of an assistant. Being your assistant is the happiest thing in my life. I'm even happier than being a superstar."

"Here, I've learned a lot. I also know that there's such a good boss. At home, my sister bullied me, and my relatives and friends look down on me. Only when I'm with Boss can I be happy. So no matter what, don't chase me away. I'll definitely work hard."

Hearing Su Muqing say that, Lin Fan shook his head and sighed.

If Su Muqing was unwilling, he would not force her.

Su Muqing looked at Lin Fan with her beautiful eyes and continued, "Boss Lin, I'm also very grateful to you for giving me a chance to be an artiste. However, I'm willing to work as an artiste when I'm an assistant."

Lin Fan patted Su Muqing's head. "Mmm, work hard. If you have any difficulties, tell me."

Su Muqing nodded and was a little happy. "Mmm ~"

Such an innocent girl was really rare.

It wasn't wrong to love money. Most people liked money, and so did Lin Fan.

Any gold digger or a girl who loved money a little might have chosen to be an artiste.

Being an artiste was not as glamorous as being someone's assistant.

But Su Muqing was different.

She was very grateful to Lin Fan, which was why she was willing to continue being his assistant.

At this moment, Lin Qianwei walked in with a large document.

"Boss Lin, there are 13 endorsement companies outside who want to sign the latest endorsement deal with Su Muqing."

"There are still 23 companies who want to sign an endorsement deal with Su Xiaoyu. There are also 18 companies that want Lin Kexin and Chu Yaoyao to endorse their product. They specially came to report to you," Lin Qianwei said.

Lin Fan nodded. "Mmm, I understand."

Lin Fan took the document and looked at it. He said, "Muqing, these endorsement companies are not bad. You can choose a few companies to film endorsements with. There will be considerable profits."

Su Muqing didn't look at it and smiled sweetly. "I'll listen to Boss Lin ~"

Damn, who could stand this?

When a girl said “I’ll listen to you”, it was undoubtedly extremely lethal.

Lin Fan said, “Alright, go ahead and film.”

Hearing Lin Fan say that, Su Muqing shook her head slightly. “No ~ With so many endorsements, I have to work for a month. Then, I won’t be able to be in charge of the assistant’s work.”

Lin Fan laughed and said, “Didn’t you say that you would listen to me?”

Su Muqing stood rooted to the ground and said blankly, “Mmm... then I have to be in charge of my job first. When Boss Lin goes out to work and doesn’t need me, I’ll film endorsements. I can earn money for the company and not affect my work.”

Lin Fan nodded. “Alright.”

He looked out of the window. If he didn’t have Xia Wanqiu, he would probably have struck by now.

With such a beautiful girl by his side, she was understanding. Most importantly, she was very pretty and had a 100 points score for looks. If he didn’t already have this cat by his side, he might really... not be able to take it.

Lin Fan didn’t want to either.

He was too handsome and had too many worries.

### **Chapter 382: Those Male Artists Are Not As Handsome As Boss Lin**

After Su Muqing got busy, Lin Fan went to look for Su Xiaoyu.

Su Xiaoyu was eating candied hawthorns. She was wearing shorts, revealing her slender legs as she basked in the sun.

Other people would sit at their desks obediently. Su Xiaoyu had snacks, watched dramas, and ate potato chips. She looked very satisfied.

Furthermore, Su Xiaoyu was also very beautiful.

However, after knowing that Su Xiaoyu didn't like him, Lin Fan relaxed a little and didn't have any improper thoughts.

"Xiaoyu, you're not allowed to eat snacks anymore," said Lin Fan. He walked forward and confiscated Su Xiaoyu's chips.

"Ahwooh, Master, you're here. Even if you're here, you can't snatch my snacks," Su Xiaoyu said, wanting to snatch Lin Fan's snacks.

"Stop, if you eat more snacks, your stomach will get twice as big," Lin Fan complained. Su Xiaoyu wouldn't get fat no matter how much she ate, he also wanted such a physique.

"Aiya, I'm neither fat nor overweight. Master, touch it if you don't believe me." Su Xiaoyu giggled.

"Move aside. I'm here to talk business. There are 23 companies looking for you to endorse their products. Get to know them," said Lin Fan.

"How much?" Su Xiaoyu blinked.

"Two million each. It's probably 43 million," said Lin Fan with a smile. It was a huge sum of money.

"I'm not going ~" Su Xiaoyu stuck out her tongue. "Master, I can get 400 million just by moving my fingers. If Master needs money, look for me. I promise I'll make you a lot of money ~"

Lin Fan: "..."

This life... was simply...

There was no way to compare.

Lin Fan could only earn a few hundred million yuan per television drama.

In the end, Su Xiaoyu could earn so much money just by moving her fingers.

Su Xiaoyu looked at Lin Fan with her beautiful eyes and said, "Master, do you like me?"

"Aiya, actually, I quite like you too. I was just teasing Master last night. If you like me, Xiaoyu can be your little lover. Let's take advantage of Sister Wanqiu's absence and start spending time alone ~"

"I can wear a swimsuit for Master to see. We can also travel, go on vacations, and go to the Maldives. I can also watch the seagulls with Master and ride the Ferris wheel with you. I can even sleep with you at night."

Damn it, Su Xiaoyu was already starting to tempt people.

Lin Fan knew that this was naturally fake.

How could Su Xiaoyu say such things?

Xia Wanqiu must have asked her to say that.

She must have asked her to test him.

Damn woman.

When Su Xiaoyu said that she did not like her last night, her eyes could not lie.

Lin Fan didn't think that Su Xiaoyu would really do these things with him.

If what Su Xiaoyu said was true and he went to the Maldives with her for a vacation, wouldn't that mean that they could sleep together at night and exercise together...

How could a girl say such a thing?

There was only one possibility.

Xia Wanqiu was probing.

After Lin Fan finished judging, he went forward and knocked Su Xiaoyu's head. "Alright, I'll let you test me. If I agree to you, I'll probably die."

Su Xiaoyu giggled. "Aiya, it hurts. Actually, I just want to see Master's expression."

Lin Fan said, "Then did you see my expression?"

Su Xiaoyu thought for a moment and said, "Master is tempted."

Lin Fan frowned. "Move aside."

Su Xiaoyu snorted. "Hmph, Master is a scumbag. If you dare to agree, I'll tell on you to Sister Wanqiu. Luckily, Master looks like a good person now."

Lin Fan knocked Su Xiaoyu's head again and left.

They walked to Lin Kexin and Chu Yaoyao's workplaces.

Lin Kexin was looking at the comments online seriously.

Chu Yaoyao was putting on makeup, although she looked pretty good without makeup.

Chu Yaoyao asked, "Lin Kexin, do you like Lin Fan?"

When Lin Kexin thought of Lin Fan, her face turned red. "Who wouldn't like such a handsome and awesome boss? Furthermore, Lin Fan saved my life. Without him, I'm afraid I wouldn't be able to become an artiste now."

Lin Kexin looked at Chu Yaoyao. "Yaoyao, do you like Lin Fan?"

Chu Yaoyao nodded. "Hehe, of course I like it. If only I could be Lin Fan's girlfriend. It's a pity that Lin Fan already has a girlfriend. We won't have a chance anymore."

There was a knock on the door.

Lin Fan walked in and smiled. "What do you mean?"

When Lin Kexin saw Lin Fan, her eyes lit up. "Brother Lin Fan, we were just discussing you. We all like you a lot. Of course, we don't like you that way. We admire you too. In the end, when we talked about you, you came."

What was a reaction? This was a reaction.

Chu Yaoyao hurriedly nodded. When she saw Lin Fan, she lowered her head shyly.

He was really... handsome.

The male leads of those idol dramas were on a completely different level from Lin Fan.

If a man was already very handsome, if this man was capable, rich, and had very high abilities, his charm would increase a lot.

Lin Fan's clothes were all custom-made by Su Muqing.

In the eyes of many girls, they could not withstand such charm.

Lin Fan's looks and charm were enough to make many girls like him.

He placed the documents in front of the two girls and said, "There are a total of more than 30 endorsements. Take a look and choose a few good ones before filming."

Lin Kexin and Chu Yaoyao's eyes lit up.

One had to know that Su Xiaoyu did not film endorsements, Su Muqing did not film endorsements, and these companies still needed celebrities to promote their products.

Then... it could only be Lin Kexin and Chu Yaoyao.

Lin Kexin and Chu Yaoyao really needed endorsements.

As long as they filmed endorsements, they could earn money.

Ordinary entertainment companies did not have so many endorsement resources, but Jiaxing Entertainment did.

Lin Fan said, "You can film, but you can't be bullied. Once you're bullied, come to the company to look for me. Jiaxing Entertainment will protect every artiste in the company."

"Of course, you have to be careful not to have negative news. It's not good for your development. You're only in your early twenties. Don't be in a hurry to fall in love. Dating is not good for your career," said Lin Fan.

Male and female artistes were in their twenties. If they fell in love, they would lose a lot of fans.

Lin Kexin said, "Yes, yes. I know, Boss Lin. I don't know how to date."

Chu Yaoyao nodded as well. "Me too."

Lin Fan nodded in relief and left.

After Lin Fan left, Lin Kexin and Chu Yaoyao hugged each other excitedly.

"Boss Lin is too good. I didn't have much work recently, but who knew that I would have so many endorsements to film," Lin Kexin said happily.

Chu Yaoyao agreed. "That's right. Boss Lin doesn't want us to date. Actually, we understand even without him saying it. The main thing is that after knowing Boss Lin for a long time, we really don't want to date anymore."

“Those male artistes aren’t as handsome as Boss Lin, much less as charming as him. Every time I see Boss Lin, I feel a little...”

At this point, Chu Yaoyao blushed.

‘I can’t...’

She was going to the toilet again.

There was no other way.

When she saw Lin Fan...

She could not control it.

### **Chapter 383: The Entire Internet Is Shocked. Is This Lin Fan’s Strength?**

The next day.

All the employees of Jiaxing Entertainment were cheering.

Because... the two television dramas filmed by Jiaxing Entertainment, “Drawing Sword” and “Twenty Your Life On”, were both popular.

Especially the viewership ratings of Drawing Sword, it was even more breathtaking.

Drawing Sword was placed on Central TV’s platform, and Twenty Your Life On was broadcast as an online drama in Tencent Arts and iQiyi.

“Boss Lin is too amazing. The two television dramas that our company filmed became popular. They really became popular!”

“It’s all thanks to Boss Lin that we can have today’s results. Boss Lin personally directed and filmed a television drama. It was all popular. Boss Lin only wrote a script and handed the task of filming a television drama to his employees. Then, the television drama... became popular too.”

“This is our company’s Boss Lin. Boss Lin has created another great achievement. One is a television drama about the war resisting the Japanese invasion, and the other is a television drama about youth. They’re all popular. Is this Boss Lin’s ability?”

Xu Yang walked out and looked at the data of the two television dramas. “The two television dramas have only been released for half a month, but ‘Twenty Your Life On’ has already gained 300 million views in popularity. Su Xiaoyu’s fans have already exceeded 30 million, and Lin Kexin’s fans are also increasing. Lin Kexin has also become popular. She’s second only to Xia Wanqiu in the entertainment industry, and Su Muqing has also become very dazzling. Lin Fan is really strong. Su Muqing was originally just a quiet girl, but now she’s become a big star.”

Lin Kexin stood beside Xu Yang. “Mmm... Of course Brother Lin Fan is awesome. There will be another big star in the company in the future.”

Xu Yang looked at the viewership ratings of “Drawing Sword” and said in surprise, “D\*mn... These viewership ratings are a little terrifying. Is this true...”

When the others saw the viewership ratings of Drawing Sword, they could not help but be shocked.

This viewership was terrifyingly high!

In Central TV.

Lin Weiwei looked at the viewership ratings and could not help but shout, “The viewership ratings of the television drama Drawing Sword have already broken through 7%!”

“It can be said that in all the television dramas in Central TV in the past, no television drama can compare to Drawing Sword.”

“Leader, the television drama we chose has succeeded. It really succeeded. Such a television drama about the war against Japan has broken past historical records and crushed all television dramas with similar themes in the past.”

After Lin Weiwei finished speaking, all the employees of Central TV could not help but be surprised.

“No way, the viewership ratings broke through 7% so quickly?”

“This doesn’t make sense. Jiaxing Entertainment’s television dramas are a little amazing. Every television drama can become popular, even this television drama.”

“It’s mainly because of Lin Fan. Lin Fan’s script is too interesting. I’ve watched the television drama Drawing Sword until my blood is boiling. Lin Fan is really a genius screenwriter. He’s too outstanding.”

This matter even alarmed the leaders of Central TV.

Zhao Guangming was in charge of the leaders of Central TV and was usually in charge of finding some positive television dramas.

Therefore, the viewership ratings for Central TV finding television dramas had never been that high.

What kind of television dramas did young people like? For example, idol dramas, Xianxia dramas, and melodramatic dramas. These television dramas would not be broadcasted on Central TV.

The television dramas broadcasted by Central TV usually had a lively aura and were very positive.

Zhao Guangming looked at Lin Weiwei and said, “Lin Weiwei, has the viewership... really broken through 7%?”

Lin Weiwei nodded slightly. “That’s right. To be precise, the viewership ratings are 7.03%. The viewership ratings have been increasing and the popularity of this television drama is getting higher and higher.”

Zhao Guangming said in disbelief, “Is this Lin Fan really that amazing? He shouldn’t have directed this television drama, right? He didn’t participate in this television drama either, but this television drama still became popular. What does this mean... Lin Fan’s Jiaxing Entertainment has really established itself. He has also brought out the entire company’s team. As long as they have an outstanding script, the entire company’s team can film an outstanding television drama.”

Lin Weiwei said, "That's right. Boss Lin is really a charming person. If he acted alone, the viewership ratings might be even higher. His ability is so strong that he gave a television drama its soul. As long as he's willing, he can make a popular television drama."

Zhao Guangming sighed. "Lin Fan... I really want to see him. If every television drama can become popular, it's enough to show that Lin Fan is a talent that's worth roping in."

....

All the major entertainment companies were also shocked.

The two television dramas released by Jiaxing Entertainment were both popular again.

What did this mean...

It meant that the majority of the market for Chinese television dramas was occupied by Jiaxing Entertainment.

Although other entertainment companies could also film good television dramas, they were still far inferior to Jiaxing Entertainment.

"No way, is Jiaxing Entertainment's television drama popular again?"

"How did Lin Fan do it? I really admire this person. Do you think he can become popular by filming Xianxia dramas, historical dramas, and youth school dramas? How can he even become popular by filming war films? Is he still human? Can he give others a way out?"

"Sigh, Jiaxing Entertainment has created another big star. Now that I think about it, Jiaxing Entertainment has already created many big stars. Lin Kexin, Tang Xinran, Su Muqing, and Pang Duoduo are all very popular now. Furthermore, these girls will definitely work well in Lin Fan's company."

"Awesome, I also want to go to Jiaxing Entertainment. If Lin Fan takes a fancy to me one day, I might be able to become a big star. Furthermore, Jiaxing Entertainment has a lot of girls. If I go to Jiaxing Entertainment, I can see big beauties every day. How comfortable is that?"

That afternoon.

The two employees of Gravity Entertainment prepared to go to Jiaxing Entertainment.

One was called Zhang San, and the other was called Li Si.

Zhang San was the director of Gravity, and Li Si was the team leader of the post-production team.

They were carrying a mission.

It was to poach people from Jiaxing Entertainment.

Jiaxing Entertainment had a very outstanding team. If they could pull the people from Jiaxing Entertainment over, they could also film a popular television drama.

This was the fastest and most effective way.

Poaching people from a company and directly poaching ready-made ones was also one of the many modes of business competition nowadays.

Zhang San smiled and said, "Sister Li, I'll leave this mission to you. I heard that you know the team leader of Jiaxing Entertainment's post-production team, Xue Kexin, and Director Lu Benkai."

Li Si smiled. "Don't worry, we'll definitely be able to complete the mission this time. We have the best salary and benefits on the entire Internet. I don't believe that we can't poach people from Jiaxing Entertainment. In the entertainment industry, those who are capable are all interested in money. On this point, as a veteran entertainment company, we far crush Jiaxing Entertainment."

"At the end of the day, we should thank them."

"Thank you, Lin Fan, for nurturing so many talents for us. Now, let's poach all these talents. In that case, our Gravity Entertainment can take off!"

#### **Chapter 384: Is This The Treatment in Jiaxing Entertainment?**

In a coffee shop.

Zhang San and Li Si sat together, waiting for Lu Benkai and Xue Kexin.

Xue Kexin was initially the team leader of Yuehua's post-production team. After getting to know Lin Fan, she followed him to Jiaxing Entertainment.

Many post-production employees also came to Jiaxing Entertainment.

As the director, Lu Benkai had been following Lin Fan since the first "Joy of Life". Now, almost every television drama Lin Fan filmed had Lu Benkai's shadow.

These two people could be said to be the veterans of Jiaxing Entertainment.

"Director Lu, Sister Xue, good afternoon." Li Si looked at Lu Benkai and Xue Kexin and smiled.

"Hello," Xue Kexin said with a smile.

"Mmm, why did you ask us to come here?" Lu Benkai asked.

"It's nothing serious. I'm just having a meal first." Li Si smiled. He didn't poach her immediately but ate the meal first. This move was very smart. It was too obvious to directly state his motive.

He had to slowly lure people in.

For example, if you earned 3,000 yuan a month at Company A and worked overtime every day, when they came to poach you, they could tell you that someone at your level could earn 8,000 yuan a month at Company B without working overtime.

In that case, he would be tempted and jump ship. It was very possible.

Halfway through the meal, Li Si looked at Xue Kexin and Lu Benkai and said with a smile, "Actually, the company that created gravity is very big, and the boss is better. The company is also short of talents now, and the benefits the company gives are very good."

After Li Si finished speaking, Xue Kexin smiled sweetly and said, "What's the salary for being the leader of the post-production team?"

Lu Benkai also asked, "The salary for being a director must not be low, right?"

Zhang San said, "The salary is indeed not bad. As the team leader of the post-production team, I estimate that his monthly salary will be more than 10,000 yuan. The salary is already very high. As a director, it depends on his ability. Basically, I don't think it's a problem for him to earn 20,000 to 30,000 a month. If he has the ability, it's possible for him to earn 30,000 to 50,000 a month."

The team leader of the post-production team earned about 20,000 a month. As a director, he could earn about 50,000 a month.

Zhang Yang felt that such benefits were already high enough.

Who wouldn't be tempted?

Could ordinary directors receive such a high salary? It was very difficult unless they were quite famous directors.

Zhang San and Li Si smiled.

Such a high salary should tempt Xue Kexin and Lu Benkai.

Xue Kexin and Lu Benkai looked at each other and smiled meaningfully. They did not say anything.

Li Si looked at the two of them and asked, "Can you reveal your salaries? Jiaying Entertainment is a new company after all. Their assets shouldn't be that much..."

Lu Benkai said, "200,000."

Xue Kexin smiled and said, "Yes, 200,000."

When Li Si heard that, she immediately shook her head. "Annual salary? If it's 200,000 a year, it's not very high. However, Jiaying Entertainment is quite generous..."

Lu Benkai said, "No, it's 200,000 a month."

Xue Kexin nodded. "Yes, an annual salary of 2.4 million. Coupled with the year-end bonus, I can probably get about 3 million."

Hearing Lu Benkai and Xue Kexin say that, Zhang San and Li Si were stunned.

What the f\*ck...

The monthly salary was 200,000 yuan. Coupled with the annual bonus, the annual salary could be 3 million yuan...

"Did I hear wrongly... F\*ck... an annual salary of three million? Are you lying?" Zhang San asked, his mouth agape.

Such a salary could be said to be the best in the industry.

A monthly salary of 200,000 yuan. Who could withstand that?

"With a monthly salary of 200,000 yuan and the year-end bonus, you can get a few million yuan in the end. Then you can buy a house after working for a year. I'm envious..." Li Si was also a little stunned and tempted.

What kind of god-like boss would give his employees such a high salary?

Such a salary refreshed their worldview.

Lu Benkai silently took out his phone. "This is last month's salary. After deducting taxes, insurance, and gold, there's still about 180,000 yuan."

Seeing the notification on the message, Li Si and Zhang San cried with envy.

How could someone have such a high salary?

They had originally wanted to rope in Xue Kexin and Lu Benkai, but their salaries were ten times higher than theirs!

Li Si asked, "Your salary is so high. Won't the company lose money? Is there really such a good boss?"

Xue Kexin said, "The salary is alright. Boss Lin is our boss. He's very generous. Furthermore, our company is very big. We have a snack area, a rest area, a gym, a professional nutritionist, and a restaurant. Although the salary is indeed high, everyone is very motivated to work. No one will slack off. The efficiency of the work is also guaranteed. Furthermore, Boss Lin makes a lot of money."

Lu Benkai nodded. "Actually, it's not an industry secret. The two television dramas that Boss Lin filmed this time, 'Drawing Sword' and 'Twenty Your Life On', have been sold for a total of 1.5 billion. Furthermore, Boss Lin is only responsible for the creation of the script. Everything else is handled by the employees, so Boss Lin definitely won't lose money. To him, this salary is nothing."

Zhang San was a little envious. "Oh my god, 1.5 billion. Two television dramas have 1.5 billion. That means that Boss Lin only wrote two scripts. The rest was done by you guys. Then have you ever thought of working alone? You guys can also film television dramas and earn this 1.5 billion yourself."

Lu Benkai shook his head. "That's impossible. First of all, the prerequisite for a television drama to become popular is the script. Boss Lin is a writing master. Every script he writes is very interesting. With the script, he still needs actors. If a television drama can become popular, it can't do so without the actors' work."

"Jiaxing Entertainment has the best resources in the industry and the most beautiful celebrities in the industry. Although it has just started, everyone feels that Jiaxing Entertainment will definitely be able to become the largest entertainment company in the future."

"Because... Boss Lin has this ability."

"Without Boss Lin, we would be nothing."

Lu Benkai was still very grateful to Lin Fan.

It was not that no one came to poach him, but that they could not.

The salary Lin Fan gave was too much...

He had been at Jiaxing Entertainment for less than half a year. If he continued to work in the future, he could even get a raise.

With such an awesome boss like Lin Fan, the employees of Jiaxing Entertainment were convinced.

Xue Kexin also sighed and said, "We appreciate your kindness. Jiaxing Entertainment was founded by Boss Lin. Even if we get a higher salary, we won't leave Jiaxing Entertainment."

"Also, don't try to pull in the other employees of Jiaxing Entertainment. To be honest, even the security guards of Jiaxing Entertainment earn more than 10,000 a month."

Zhang San: "..."

Li Si: "..."

Jiaxing Entertainment... was really rich!

Zhang San and Li Si said in unison, "Um, let me ask you a question. Is Jiaxing Entertainment... still hiring?"
