Chapter 108 - Retreat

Mr. James began on the hunt for the Monster. Everyone was solemn after hearing Mr. James' statements. They have no idea whether Mr. James will succeed.

Mr. Dawson drew Ms. Emma's attention. "Mr. Dawson, Do you believe he can restrain the level 4 Monster?" she questioned, a little hesitantly. Her comments were heard by all.

Mr. Dawson was the focus of their attention.

Mr. Dawson's expression was understandable. Mr. James is unknown to them. That is why they have succumbed to the fear of level 4.

He just stared at them. "Mr. James is not a rash individual. He was most likely there to test Monster's strength. If level 4 continues to cause mayhem. Mr. Dawson emphasized to them that it is then his obligation to restrain it.

Their eyes shone with clarity as they listened to his remarks. Mr. Paul, on the other hand, appears from time to time. He'll cast a glance towards Aura Deflector.

My mind is racing with crazy ideas. So, instead of becoming concerned. Mr. Dawson was the person he chose to ask. "How long can this item last, Mr. Dawson?" Mr. Paul said, his voice solemn.

Everyone's eyes, on the other hand, glowed with hope. When they heard Mr. Dawson's statements, they were stunned. They now assume Mr. James will avoid the level 4 Monster. Until, the team leave from this place safely.

There isn't going to be any causality. However, when they heard Mr. Paul's statements, they were taken aback. The environment around them quickly deteriorated. They all cocked their heads to look at him. Mr. Paul cracked a sardonic smile when he saw this.

Mr. Dawson sighed deeply. "Don't worry, this object is fuelled by Colourless Stone," he explained. For the time being, it will not run out.

Everyone seemed to unwind after hearing it. So far, they've felt a colossal weight pressing down on them. Outside, they could still see the level 4 Monster's lingering aura. But there is no reason to be optimistic.

"You can't control what happens outside," Mr. Dawson added. Rather than being concerned. "Take advantage of this moment to replenish your elemental energy." He reminded them of something. Everyone nodded in agreement.

They started to regain their strength. Mr. Dawson notices a monster of level three. This is the path used by these Monsters to flee. He made the decision to clear them out.

While the team's environment is stable. Mr. James, on the other hand, followed the aura traces. Soon. He arrived at his destination. Mr. James couldn't believe what he was seeing.

"It's even worse than the report," He pondered in his head.

A massive level 4 Worm Monster appears to be resting soundly. However, it is not as simple as it appears. The Level 4 Monster is cultivating, as anyone with keen eyes can see. It feeds on the nutrients in this soil to grow stronger.

Mr. James got a little closer to it. His expression became solemn. Because the level 4 Monster released pressure unintentionally. Which appears to be at the Elite Warrior's Mid-level.

He had just thought in his head after confirming that, "This is horrible." The initial purpose of this study is to determine. whether the supplied information is accurate.

Higher-ups were unable to make a decision based on the footage. Furthermore, there is no record of the most recent observation. However, the video was genuine and not a hoax.

As a result, they dispatched an expedition to properly investigate the situation.

However, not only is the news correct presently. The Level 4 Monster, on the other hand, had a breakthrough. Mr. James drew his brows together. He was concerned about level four. However, He is more concerned with the reason for it.

The authorities in the area were completely unaware of its presence. This Monster's intelligence has evolved over time. It is cultivating with great care. Rather than wreaking mayhem.

But he has his doubts about how long it will endure. He pondered at first. If it's a level 4 that has recently evolved. He might be able to help. But it's now beyond his capabilities. He gradually withdrew from the area.

He arrived at the team's destination a few minutes later.

Level 4 Worm Monster, on the other hand, was aware of his existence. It did not, however, take action. It treated him as if he were a fly. It is currently concentrating on maintaining its new level.

Mr. James arrived at the location. Everyone in the room rose to their feet as they saw him. "What's the situation?" Mr. Dawson stepped forward and inquired. So far, the Level 4 aura has been lowered. As a result, Mr. James turned off the silver screen and stored the artifact in his storage ring.

Mr. James wore a somber expression on his face. He turned to face them and looked them in the eyes. "It's a lot worse than you can imagine." It's a level 4 Worm Monster, I confirmed."

Mr. James was surprised when he heard the last word he said. Everyone's heart begins to beat faster. Mr. Paul's senses begin to cry for him to flee. Despite this, he managed to pay attention to Mr. James. Mr. James saw that everyone had a gloomy expression on their faces. As a result,

"What's worse," Mr. James said, "is that it's now had a breakthrough." It's currently at the level of Mid-level Elite Strength.

Listening to his explanation. Everyone's expressions shifted dramatically. Mr. Dawson's expression had been solemn before. But it had now become frightening and terrifying.

Mr. Paul "plopped" to the ground. When he heard that, he lost the strength in his legs. Mr. Paul whispered to himself, "Mid-level."

Observing their gloomy expression.

"Get out of here right now. Please return my report to the administration. "As soon as you obtain a network signal." Mr. James spoke to them in a solemn tone.

Mr. James then shifted his attention to Mr. Dawson. "I'm going to protect here," he said. Until the arrival of the Elite force. Tell Zack to get out of here right now. Tell him it's an order from higher-ups if he resists.

Mr. Dawson recognizes the gravity of the situation. They have no idea how long it will take Elite Force to arrive. As a result, the scenario will most likely last a few days. He agreed and told Mr.. James that he would make all of the necessary arrangements for his departure.
