

# ANCIENT TEARS BLOODLINE

## Chapter 11 - WHITESNOW CITY 1

Finally, He is here! It's better not to be found acting suspiciously by Uncle James, I need to gather a lot of information from him, it is better to utilize this opportunity. they say, Curiosity kills the cat, I don't want to be that poor cat . Zack thought inwardly.

"Uncle James, I'm Fine, But I need to practice a set of fighting techniques. Granny said you could help me". Zack asked Mr James, Who by then he sat down in the chair.

Mr James observed Zack keenly while listening to his question, He wants to see, whether he had the demeanour of Warrior. He thought it is good to spend time with him, it helps him to know Zack a lot better. then Mr

James replied "Zack, get ready quickly I bought a new dress for you".

We were going to visit an important person. so we can't be late, then he gave newly bought dresses to him then told him to wear them quickly and he will be waiting outside.

Uncle James did you bought my favourite gloves, Zack asked.

Mr . James said "Ha..Ha..Ha...It is there Kid, now get ready quickly". and then he went outside .

Mr . James then went to the Headmaster's office for a quick chat.

Headmaster's office.

Headmaster William squinting his little eye to check, his orphanage monthly report of funds. He worried that these days number of warriors getting killed is increasing monthly, leaving behind their son's and daughter's alone, it is good that Army Federation takes responsibility for that and provides funds without much paperwork! but that PARAZAM HUNTER LEAGUE is a headache.

Greedy people entice warriors with high-risk high-reward missions, but they don't have sufficient information of A-class and S-class missions.

And these warriors blindly sign the Hell Contract. Headmaster William dejected quite sadly, He asked the Parazam hunter league for funds to provide orphans left behind by the Parazam hunter league warriors, but they never listened to his pleading.

He heard the knock on the door.

Mr . James said " Headmaster Can I come in".

"Come in" replied Mr William.

James How have you been doing? asked Mr William then gave a gesture to him to sit in the chair.

"I'm fine. William, but looking at you it is not the same, I guess."

"Don't tell me it is the hunter league again" Mr . James asked William.

Mr . William then told his worries to James and asked the purpose of his visit.

"Do not worry. William a recent report shows that the number of warriors dying has increased lately because of the hunter league, they should limit their greed for resources, now they have been pressed by the upper echelons so the problem for the orphanage fund will be solved soon". told James.

"I'm here for Zack, He and Ms Park will leave the orphanage. They will be living in my old house, Now that I get transferred to a different Outpost. They can now live in the house without any worry", he told Mr William.

"Zack is a good child, now that you have adopted him. Do you wish him to Join the Army Federation, as a Ranking Army Officer". Mr . William asked.

"I got a quota for him to enter the Viper Academy. Do you think there will be free chances in the world without any catch. The moment he got selected into the academy, he will represent the Future Reserve Force of the Army Federation".

"Because the quota is given by the Army Federation, I happened to be a part of the Army! Likewise, the other children who participate in the qualification test represent their respective Wealthy Families, Clans, Unions, Hunter league, and other Big Organisations".

"So the Children who will be studying in the academy all have backgrounds. that's why people say you cannot join any institution without representing anyone otherwise, you would be ordinary".Replied James.

Unlike others, Army Federation needs an influx of new blood significantly, considering the number of people who sacrifice their lives in the frontline war. Mr . William thought inwardly.

"I believe, It is also good for Zack. if he shows potential! He can be promoted in the Ranks without any worries! Because people in the Army don't work for others, their goal is to defend our world and kill the enemies. So other forces don't touch the people of the Army easily otherwise there will be nightmares for them".

Mr . James said to Mr.William proudly.

"It is all possible only if Zack got selected in the qualification test said, Mr William seriously,

He thought Zack is a good kid with potential, but he got a lot of competition he has to outperform all of them".

"I already sensed his physic. It is already unbelievable that had basic physic of warrior because so-called good nutrients food provided here!".

Mr . James said to Mr.William looked sideways for that.

"It is good that you helped the orphanage with food supplies often for all those years! that's why the kid is so good compare to others, he.. he.. he.."

Mr .William laughed shamelessly.

"Ok then, it is getting late! you can take care of the paperwork, you hand over those papers to Ms.Park. She will be leaving this afternoon". said James.

"Hold on .....Where are you going? Let's just talk, it is not we meet our benefactors daily". asked.Mr William.

"I got important work back in my office, I only came here for Zack! We can meet some other day" said Mr James smiling.

Meanwhile...Zack is in his room.

Wow, he knows my fashion taste, a Black Jacket with Red T-Shirt and Black Cargo Pants, and my favourite black fingerless hand gloves! Zack smiling happily when he looked at his new dress! He also noticed the black jacket had Red logo design of Scorpion, looks like a hand-made design, then got dressed, looked at the mirror.

Wow, I look something! Zack is proud of himself! He combed his Black Hair and wore his fingerless gloves, he looked different! with his Green eyes shining like stars, dashing eyebrows with a good-looking pale face having perfect jawline, and with the Dress combo looked more like a uniform.

He was awed by the look in front of his mirror. it is because of his bloodline he thought inwardly, it provided him with good physic while opening all the block meridians of the human body.

His Basic Physic is different from others.. others only opened one or two meridians while he opened all! also he can feel his veins were different somehow! that is why he is confident of getting into the Academy.
