

ANCIENT TEARS BLOODLINE

Chapter 12 - WHITE SNOW CITY 2

Mr James Lockwood, took his private car, it is a floating car Which is the military model CR2, What I learned from him is that he got a special license to travel around the city.

" Zack get inside the car". told Mr James,

We got into the car.As we began to travel toward our destination

I asked him.

"Uncle James, Can you now explain to me about the Ranked Warriors, What is the path of Cultivation?".

I don't know how long I have been waiting for answers. there is no information about warriors in the orphan library. I told everything in my heart very fast in a single breath.

"Hold on young lad, it's too early for you, Wait until you get past the examinations, they will tell you all about Combat Warriors in the academy. All you have to do is to get ready for qualification tests! I'm sure you will pass, but make sure your grade is Above A".

Above A, Zack turned serious."Uncle, I know the ranking begins from A to F! What's above A? ". I asked him.

Uncle James then stared at me and begin to tell me, "Grading it's not normal grading it's talent grading, When you get good grades you get much more resources compared to others".

"So above A-level is S-level and SS-level talents! with S and SS means Superior and Special Superior! so their future path is not limited by their talent With their talent, they need to do hard work and easily break through the warrior limit and become high-ranking warriors".

"So in your case, you need a lot of resources to cultivate, so if you get a high grade, I can apply for a Scholarship in Army you will get resources both from the academy and Army and your trouble for resources become less".

Deep anxiety starts to eat me! seeing the look on my face.

"This is the reason I don't want to tell you anything to let you perform naturally so don't be nervous now, knowing at least you can mentally prepare yourself". Uncle James said to me.

Then I started to ease myself, it's a good thing not to be overconfident!

To ease up the atmosphere, Mr James asked,

"After joining the Academy you need combat equipment for yourself for training! So we will be buying a weapon of your choice after visiting the research facility. So what is your favourite weapon? "

Hearing that smile appear on my face, I remember colourful drawings of weapons on the book while studying the library! I started to dream of fighting monsters then.

seeing his eager face I told him.

"Uncle, I like a Sword Type weapon, A Sword Called Falchion as Main Weapon, this type of Sword is my favourite sword And also I like to have an auxiliary weapon or hidden weapons for emergencies I choose Needle".

" Lad, looks like you are well prepared for your future.The weapon is something that travels with you lifelong. it cannot be changed at the midway. I am more impressed at your choice of weapon, most people choose the short sword, long sword, sabre and knife".

" But you choose falchion there are very few falchion techniques in this world, you can count on your fingers, that is why it is a more unpopular weapon and that needle looks like your backhand".

"When you go to Academy register your main weapon only don't mention hidden weapon choice; keep some secrets it can help you in life and death situation". told Mr James.

I digest everything Uncle James said, there is a reason it is called a hidden weapon, it will lose its reason when enemies know your info beforehand! look like hell is awaiting me in the academy.
