Chapter 1271: Part 4: Thunder One Inheritance

From MC's Perspective:

Inside the secret land, the time is fleeting. I don't know how long before I memorized the new routine and started practicing it.

The purple lightning force from the surroundings started entering the body. Then I'm guiding the energy on the new route.

After circulation, the new thunder force enters the dantian. Already there are many colors occupying their space inside the dantian.

I guided the new thunder one force to land on the purple lightning seed.

Boom!

The next second, a change started to occur. The purple lightning seed begins to suck the new thunder force.

As if the purple lightning seed was hungry for a long time. It's the first time I'm seeing such a reaction.

I started to operate the Thunder One Method faster. The new thunder force starts going through my body. This time I felt the changes in the body again.

Whenever the new thunder force passes, it improves the strength along the path.

My already stronger physique is getting strengthened again. Skin, flesh, tendons, bones and marrows were getting baptized.

The new thunder force is bringing new changes to the body.

They were already strong because of other methods. Now the new Thunder One Method is adding more strength to my body.

Time passed,

The purple lightning seed continues to absorb the Thunder One force. I don't know when the purple lightning seed would stop absorbing the Thunder one force.

I have a feeling that once the purple lightning seed grows there will be more changes. At one point, the purple lightning seed stopped absorbing the new thunder force.

But I could see a new purple lightning force gathered around the purple lightning seed. Compared to the other lightning method.

The purple color was visible like a sea has surrounded the purple lightning seed.

But I knew that the Thunder One Method was the Red Mark Level Method. It's no way comparable to the lightning method I got from the outer post.

Both the blood method and lightning method which I got from the outer post had a deep mystery to it.

Now that they have integrated into the Shock Force Integration Method. I lost interest in uncovering the mystery.

Maybe in the future, I'll try to check the difference between both the lightning methods. The Thunder One Rune was in the shape of a small lightning bolt in my consciousness.

When I tried to circulate the Thunder One Force. I felt the burden. It shows that I have reached my limit. I can continue the practice later.

Then I shifted my attention back to the dantian. Multiple Inheritance forces occupied the dantian creating their own space.

The new Thunder One Force has covered the lightning seed. Like a seed in the middle of the lake.

On the left side, the gold and silver shock force circle has the purple lightning, blood force and healing force inside the circle.

On the right side, the dull golden sealing force was present like thick golden water. From the appearance itself, it gives a sense of heaviness. It shows the power of sealing.

On the backward side, the bright blue water force gathered like a bright blue pond water. It represents the unique bloodline power of the Dall Family.

Now the purple lightning seed has companions on all three sides except the forward one. Looking at the empty space there. I have a premonition that something would occupy that place in future.

I have four different Inheritance methods now. In public, I will use the Thunder One Force. After gaining some clarity, I opened my eyes.

The next second, a bad smell attacks my nostrils. My gaze fell on the black sludges covering my body. My eyes flickered with an understanding.

At the same time, my heart stirred. I didn't expect this many impurities to be hidden in the body. I guess the new Thunder One Force has deep cleansed my body.

Not only the body got stronger because of it. I could feel my soul getting stronger. My thoughts have become stronger as well.

I got supreme aptitude to begin with. Otherwise, it would be impossible to handle this many inheritances. Now, I feel that my understanding has gotten better.

A new unique idea comes to my mind. Instead of going outside, I brought the new black long sword and started practicing the sword moves.

Stab!

In each swing, I could feel my footwork and attack speed got better. As if it was easy to handle everything.

If I use my perception power, then the combination would become more deadly. As the time passed, I started practicing all of my attack and defense techniques.

With the new understanding, my improvements have become faster.

Outside,

Only Faction Leader Clifford was waiting. Dean Jerome had left. The rest of the main elders were gone. Including the Master Austin and Ann.

Because it's been three days since Zack Lockwood entered secret land. They don't know what's happening inside.

But they could tell Zack Lockwood was still alive. The time for accepting inheritance varies for people. So they had thought it would take time for Zack Lockwood to completely accept the inheritance.

Then the Dean and the main elders had left the place at that time. Dean Jerome had already put out a statement saying that Zack Lockwood would resume the fight from next week onwards.

This news has caused a sensation. This news confirms that Zack Lockwood has recovered. This one week is just for his preparation for the next duel.

The remaining top three warriors have started working hard. The bloodline warriors were especially eager for the duel to happen.

The bloodline warriors are showing their strength to fight across ranks. Julian had defeated the above average Silver Make Warrior.

He too thought that young men want to use the days in between for practice. For Julian, it changes nothing. He can defeat Zack Lockwood.

Already three days have passed. Only four days are remaining right now. The warriors were stopped going outside of the campus for a mission.

No one wants to miss this duel. Though Zack Lockwood got defeated at the hands of Issac. It hadn't reduced the fame of Zack Lockwood.

Everyone wanted to know what happens if Zack Lockwood uses his inheritance power.

Chapter 1272: Completed the training

From MC's Perspective:

Secret land,

I have completely immersed myself in the practice. I totally forgot about the concept of time. I won't get out until I progress in all of my skills.

Not only that, I have started to get hold of the new Thunder One Method. I can't wait to go outside the ruins to try out the Thunder One Force.

Before that I started focusing on the attack and defense techniques.

A four days later,

I walked out of the dilapidated ruin. When I came outside to barren land. My mouth curves into a satisfied arc.

Clap!

A purple lightning bolt covered my right hand. I raised my hand and pointed towards the sky.

The color of the skies begin to change before eyes. Dark clouds occupied the sky covering the day light.

A huge thunderclap sounded the next moment. Several powerful bolts appeared in the middle of the sky.

It's the power of the Thunder One Method. It can control atmospheric thunder without any technique.

If the atmospheric thunder fell on the enemy camps, then their losses would be huge. Then I removed the thunder.

The skies become clear. The blue sky with white clouds appeared. Then I shifted my attention back to the physique.

I don't know how strong? But my physique is stronger than before. Not only that, I got improvement in all of my skills.

The new inheritance not only increased the body strength but it has improved my comprehension as well. Because I was able to make this much progress in a week.

Then I thought of my attack and defense techniques. Including the soul one which I didn't use at all. I made progress in all of the skills.

1. Sword Divide: Great Wheel (Intermediate)

2. Lightning Wheel: Great Wheel (Intermediate)

3. Lightning Phantom: Great Wheel (Intermediate)
4. Blood Field Technique: Perfect Wheel (Intermediate)
5. Soul Tower Method: Perfect Wheel (Intermediate)
6. Soul Needle Art: Perfect Wheel (Intermediate)
7. Lightning Finger Technique: Perfect Wheel (Intermediate)
8. Blood Fist Technique: Perfect Wheel (Intermediate)
9. Healing Hand: Perfect Wheel (Intermediate)
10. Lightning Drop: Big Wheel (Intermediate)
11. Lightning Cage: Big Wheel (Intermediate)
12. Staff Technique: Small Wheel (Specialist)

Not only that I got improvement in the staff technique as well. Nobody knows that I can use a staff weapon.

After collecting my thoughts, I took the Identity badge out and used mental power on it.

Outside,

Faction Leader Clifford felt changes in the secret land. He noticed fluctuations coming from Zack Lockwood's badge.

The next second, he opens the secret land door and summons Zack Lockwood outside. As intruder Zack Lockwood was forced outside.

He was being sucked into the vortex above his head. Then he appears outside of the secret land the next moment.

Faction Leader Clifford saw Zack Lockwood who appears to be a wild monster. The fierce aura coming from Zack startled him.

Moreover, he could feel the wild thunder hidden under his bones. The next second, a big smile appeared on his face.

"You succeeded?" He uttered.

"Yes," I replied.

"Good!" "Good!"

He said good twice.

"Tomorrow, you are going to fight against the Human Bloodline Faction," Clifford said in a serious tone.

"The top three warriors are stronger than the Blazing Fire Faction. You don't have any other choice than to use the Inheritance force."

"I hope you won't disappoint me," he added.

"Faction Leader, I thank you once again for the purple lightning Inheritance. Don't worry, I'll show you the power of the Thunder One Force tomorrow," I replied with a smile.

"Ha...Ha...Ha...", a joyful laughter escaped his mouth.

He is happy that Zack Lockwood won't break his promise. He is likely going to see a one sided duel tomorrow.

But this time Zack Lockwood is going to win the duel. Then he brings Zack Lockwood back to his residence and tells him to be in good shape for tomorrow's duel.

Clifford then informed Dean Jerome about Zack Lockwood's return. He had asked the main elders not to disturb Zack.

They can directly watch his duel tomorrow. Main Elders Austin and Ann agreed. Soon, the news spreads to other factions.

Everyone was waiting for tomorrow's duel. They don't know whether Zack Lockwood would be defeated again or they would get to see his inheritance force.

Virtual training lab:

Old man Daniel is using Zack Lockwood's new data to compare with Human Bloodline Warriors. The rest was astonishing.

Even with the brute force power. Zack Lockwood's avatar was easily defeated by Julian's avatar. Julian's avatar only used brute force power to crush Zack Lockwood's avatar.

He knows that tomorrow is the duel date. The old man doesn't know what the kid is upto? He didn't know whether one week of training could drastically improve someone's strength.

Old man Daniel thinks that Zack Lockwood could use Inheritance force tomorrow. Because it's the only way for that kid to survive.

Otherwise, he could be beaten more miserably than the previous duel. But he is hoping that Zack Lockwood would turn all odd against him in his favour.

The Human Bloodline Faction:

Julian got the news that Zack Lockwood was ready for tomorrow's duel. A cruel glint flashes in his eyes. He thinks Issac, the Blazing Fire Faction Warrior, was gentle in his approach.

He should have broken a few bones. So that Zack Lockwood can be bedridden for months. Instead, he was a given chance.

After one week of training, Zack Lockwood wants to win the duel. A cold glint appeared in his eyes. He is not going to let that happen.

He will torture Zack Lockwood. So that he won't challenge anyone in future. The action should deter the Thunderflame Faction as a whole.

He knows most of the Thunderflame Faction Warriors were not on the campus right now. He doesn't think they would come to watch the duel.

So he is going to use this chance to humiliate the Thunderflame Faction tomorrow. But thinking about the Faction Leader Francesca. He frowned.

He thinks the Faction Leader doesn't like his methods. She is not even encouraging him. He doesn't know what's going on. So he removed the thoughts and focused on other matters.

Chapter 1273: Increasing expectations!

From MC's Perspective:

The following day,

I got out of bed early this morning. Today is going to be an interesting day. So I have decided to present in the duel arena as the first person.

So I started doing the morning routine. The routine lasted for an hour. Then I entered the bath to take a shower. I spent more than 20 minutes in the bath.

After coming out, I began to wear the uniform. I didn't enter the training today. Because the inheritance forces were already filled with my dantian.

I won't be running out of energy even if I fight all three of them today. Since it's a duel against the Human Bloodline Faction Members.

I'm curious about their bloodline power. After getting ready, I sat on the sofa and waited for the time to arrive. I don't want to go outside right now to cause commotion.

There is still time left for the duel arena to open. Once they open, I will be the first person to be there.

Outside,

The Thunderflame Faction members were having mixed reactions. Some are ready to go and watch the duel.

There are others who were worried that Zack Lockwood could be defeated again. They still don't know why Zack Lockwood was not using the inheritance power.

Even their main elders warned them not to do anything against Zack Lockwood. Because of it their senior warriors were frustrated.

They can't even force Zack Lockwood to answer. There are few people who are positive. Especially the members of the Golden Lightning Palace and the Healing Palace.

They think Zack Lockwood could change things today. So they were ready to go to the duel arena.

Meanwhile,

The situation outside the Thunderflame Faction was totally contrasting. Everyone wants to visit the duel arena.

The Elemental Factions and the Bloodline Factions were especially worried that they might not be able to get seats in the spectator spot .

Not only were they excited for the duel. The Inner Hall Elders were excited as well. Already, the Blazing Fire Faction have destroyed the myth that Kid Zack Lockwood was invisible among his peers.

Issac, the Blazing Fire Faction Warrior has beaten him brutally in the duel arena. The bloodline warrior Julian was considered as worse than him.

So he won't let go of Zack Lockwood like that. So everyone knows what kind of show was waiting for them.

The only person who was worried from the Human Bloodline Faction was none other than Faction Leader Francesca. She knew the truth.

She was worried that Zack Lockwood could be exposed today. Because she knew Julian was not an ordinary warrior.

He could defeat above average Silver Make Warriors because of the bloodline power. If Zack Lockwood was adamant about using the brute force only, then he is simply asking for the death.

Time passed,

When it was the right time to leave. I left the residence and headed for the duel arena..On the way, I came across members. They had mixed reactions.

I ignored them and walked out of the Thunderflame Faction. Then I started heading towards the duel arena. As I got closer to the arena, I saw the crowd gathering in large numbers.

Seeing that I was stunned. There is still some time left. The duel will be started once the elders and faction leaders arrive in their respective blocs.

There is still time left for the spectators to be allowed. I calmed my heart and began to approach the place.

This time the crowd was mixed. Both the Inner and Outer Hall Warriors were started. The presence of the Inner Hall warriors were making others stay away.

As I got near them, the Black Mark Warriors turned towards me. They are from different factions. Upon seeing me their faces were filled with shock and disbelief.

The next second, they released Black Mark level Coericon one after another. As this many warriors were releasing coercion aiming at one person.

Definitely, the person will kneel down and embarrass himself. There were expectations. The outer hall warriors backed away.

The Inner Hall Warriors were releasing the coercion. But these coercions were like a warm breeze brushing against my face. Then I walked through the crowd and entered the duel arena building.

I started heading towards the office. Where only participants were allowed.

"Impossible!"

"He wasn't even affected!"

"Not even his clothes were moved."

"What's going on?"

"Did he use inheritance power?"

The warriors started discussing among themselves. Because it was something unbelievable. Even if there are old veterans when facing this much coercion they would at least stop to withstand the power.

But Zack Lockwood has shown no reaction whatsoever. They definitely felt something different about Zack Lockwood this time.

They quickly shared news to others. The Outer Hall Warriors felt joy. Zack Lockwood got more supporters from the Outer Hall.

Now this small episode was a positive sign for them. From Zack Lockwood they can tell that something is going to happen today.

The faces of the Inner Hall Warriors change. Some even felt panic. If Zack Lockwood uses his inheritance power, then no one can tell who is going to win the duel.

On the other hand, I'm inside the office. There is paperwork that needs to be done. It's not a life or death duel. I can't kill my opponents.

Similarly, they can't kill me. Just as I was about to sign the papers.

"Wait!"

An old male voice stopped me. Hearing that, the staff and I were stunned. Then I turned around and saw an old man wearing an Inner Hall Elder uniform.

"What is it?" The staff asked.

"Wait for our warriors to come. Julian has something to say," The old man said with a creepy smile.

Seeing that I felt goosebumps all over my body. I don't know what's going on but I don't like the feeling.

I turned towards the staff. He nodded to me. Seeing that I decided to see what they are . The old man smiled.

"I'm sure they are planning something," I said in my heart.

But their Faction Leader was Francesca Ball. I knew her. So I doubt it was plan of her. These warriors are doing something unpleasant.

Chapter 1274: Life or death duel?

From MC's Perspective:

Office room,

We started waiting for the Bloodline Warriors to arrive. The old man is still carrying a smile on his face. As if he can't wait for the duel to start.

Even the staff were silent. Before coming here, I went through an online post for a minute. Everyone was more confident of him than Issac.

It shows that it must be a real reputation, not a false one. I have already promised Faction Leader Clifford that I'm going to use the inheritance force.

Since I have Thunder One Force with me. I'm going to use it without any reservation. Unfortunately, the Bloodline Warrior is going to be defeated brutally.

Meanwhile,

Ronnie Seth went to the Virtual Training Lab. He doesn't want to watch this duel from the duel arena. He was sure that Zack Lockwood carries out the same old attitude with him.

Then he is going to be brutally beaten by the Bloodline Warrior Julian. He has been digging for information recently.

He found out that some of the faction seniors were lost to the bloodline warrior named Julian. The person got a fierce reputation in the warrior camps.

Once he breakthrough to become Silver Mark Warrior. He will become a headache for the foreign creatures.

What's more dangerous was the background behind him. He comes from a family called Klein. It's one of the powerful warrior families.

The Family Head of the Klein Family is a Half-Step Red Mark Warrior. This Julian comes from the main branch.

Which is also one of the reasons for his reputation. So he was worried about Zack Lockwood. There is no guarantee that Julian would be gentle considering the face of the Thunderflame Faction.

Since he has family behind him. He might not care about Zack Lockwood and the Thunderflame Faction behind him.

He thinks Julian won't go for such killing the opponent. Because Dean Jerome had already said that killing was forbidden.

So he thinks Julian could severely injure Zack Lockwood in the duel. His attacks could be more dangerous than Issac.

If Zack Lockwood was bedridden, then he doesn't know whether he can come out of it.

After arriving at the virtual training lab, he meets with the Old man Daniel. Ronnie immediately spoke to him. But the Oldman Daniel was not confident as well.

Since Zack Lockwood had declared that he would use brute force only. He has been comparing them all lately. He came to a conclusion in the end.

He looked at Ronnie Seth and said, "That kid is going to be defeated. This time his opponent turned out to be the brat from the Klein Family."

"They are known for having mad bloodlines. Which makes them more violent. Their combat techniques were made of vicious moves."

"That's why the Klein Family Kid can fight across ranks," He added.

Gulp!

Ronnie Seth gulped his saliva in fear. For the first time, he thinks that Zack Lockwood is underestimating others.

Zack Lockwood was doing fine in the outer hall. But the inner hall was totally different. It's full of crouching tigers and hidden dragons.

Even he started slowly understanding the power of the Dark Variant Faction. The 80% of their Star University Warriors were outside campus right now.

Either they were stationed in the warrior camps or doing the missions outside. Even he had not seen the top warriors of the Dark Variant Faction.

The Old man Daniel and the staff were silent. They were sweating for Zack.

"I hope this duel is going to be a lesson for the kid, Zack. Hereafter, he won't be underestimating others," After saying that he turned towards Ronnie Seth.

He saw that Ronnie Seth's expression was not right. Ronnie Seth was frowning.

"What happened to you kid?" Old man Daniel asked.

Hearing that Ronnie Seth recovered his thoughts.

He said, "I don't know why I'm not feeling good about his duel?"

Old man Daniel was taken aback.

He said, "Don't worry, I don't think that Klein Family Kid is an idiot. If he tries to harm Zack Lockwood, then Dean Jerome won't be silent."

"Besides, the Faction Leaders and the main elders will be there. Nothing will happen to Zack. So don't worry," he added.

Hearing that Ronnie relaxed his eyebrows. Then the old man Daniel asked the staff to open the live stream page.

They are going to watch the live stream of the duel from here.

Office room,

I have been patiently waiting. Three people came a few minutes later. A middle aged man and two middle aged women.

All three of them were dressed in uniform and human bloodline Faction emblem. But their attitude seems to be arrogant.

The middle aged man has red hair and eyes. His gaze immediately fell on Zack Lockwood. He grinned evilly the next second.

"I didn't expect you to recover in one week. It appears that Issac was too soft. But I won't be like that," Julian said with a smile.

Hearing that my eyes turned cold. I never met such a crappy person before.

"I don't want to waste time. Let's sign the papers," I said.

"Ha...Ha...Ha...", Julian let out a small laugh.

"Did the old man not say it to you? This duel is going to be different. I want the duel to be a life or death duel," Julian said.

Gasp!

A loud exclamation sounded in the room. Because the staff were terrified. For a second, they thought they heard it wrong.

On the other hand, my heart was stirred. I'm seeing this guy for the first time. I had never offended him before. So on what basis he is proposing for the life or death duel.

The two female bloodline Warriors were stunned as well. They are Adele and Mona. Adele is the one with black long hair and Mona is the one with the brown hair.

Both the female warriors were shocked right now. They knew Julian was up to something. But they never expected it to be a life or death duel.

They had never heard of any feud between them.

For a moment, no one spoke. The office room was quiet.

Chapter 1275: Challenge accepted!

From MC's Perspective:

Office,

"What, are you scared right now?" Julian asked with a mocking smile.

He had a plan in his mind. He wants to gain a reputation through killing Zack Lockwood. Not only the Thunderflame Faction will be deterred.

The Klein family would have more power in future compared to other warrior families. He was afraid that the Faction Leader wouldn't accept it.

That's why he is provoking the young man. Once the young man agrees. Then he will convince others for this life or death duel.

Adele and Mona recovered their thoughts.

Adele said, "Julian, Dean had already said that killing was not allowed. Everyone agreed. Now you are causing unnecessary problems."

"Harumph!"

"This matter is unrelated to you. Our enemies are ten times stronger than us. If he doesn't have courage to risk his life, then what's the point of this duel," Julian puts up an act.

Hearing that the staff and elders were surprised. They had thought Julian wanted to eliminate Zack Lockwood because of the Faction infighting.

Now hearing his statement. Everyone is having positive opinions towards him.

On the other hand, I don't know whether to laugh or cry. This middle aged man Julian is clearly acting. But these people are believing it.

Meanwhile,

The duel arena is getting jam packed. The Faction Leaders and the Main Elders were coming to their respective viewing block.

Right then, Dean Jerome and the Purple Mark Guard appeared in a flash above the duel arena. Jerome immediately scans the arena.

He sees through the outer hall and inner hall warriors. Then his gaze passes through both the viewing blocks. Then he finally saw what's happening in the office room.

He sees the conversation is taking place. He then hears what's going on there. His face changed the next moment.

He didn't expect that kid from Klein Family to have such calculations. Once Zack Lockwood accepts his life or death condition.

Then it would be bad if says no to it. The Purple Mark Guard behind him noticed it as well.

"This is bad!"

"Julian is turning out to be this villain. If the kid Zack recklessly accepts it, then it would be bad," Purple Mark Guard said.

"Let's see what Zack is going to do," Dean Jerome said.

Because he knew Zack Lockwood had accepted Thunder One Inheritance. That Inheritance must have strengthened his physique further.

Inside the office,

Julian has lost his patience. He turned towards Zack Lockwood.

"Are you going to be a coward?"

"If you are going to be a coward, then it's fine. I heard you are originally not from here. Maybe in your place everyone was a coward."

"They had never seen a foreign creature in their life. They are safely living because of us," Julian started slandering.

From his earlier courageous speech to this one. His true self has started coming out. The faces of the staff and the two women bloodline warriors changed.

Even the faces of the Dean Jerome and the Purple Mark Guard changed.

"I wish Zack Lockwood could accept his condition to kill him. If this kind of person enters the battlefield then the losses on our side will be great," Purple Mark Guard said.

Jerome's eyes flashed with a gleam.

Inside the office, I sighed inwardly. I didn't want to agree earlier. Now that he has dragged down the inner post people. It would not be good if the news gets out.

Since I already have plenty of enemies. One more or less won't change anything. Then I looked into his eyes.

"I'm ready for the life or death duel. I hope you won't go back on your words," I replied.

Gasp!

A small exclamation rang in the room. The staff were dumbfounded. They didn't expect Zack Lockwood to accept it. Julian Klein is not like other warriors.

Defeating won't be easy, let alone to kill him. But Julian can easily kill the newly become Black Mark Warrior.

"Ha...Ha...Ha...", Julian let out a small laugh.

"It's good that you have this small courage," Julian added.

He then turned towards the elder behind him and signalled him.

"Then I will enter the duel arena and announce it before the public. Even the Faction Leaders won't be able to say anything if the two warriors agreed for the life or death duel," After saying that the old man enters the duel arena.

On the other hand, I was surprised. I had thought he was older and accompanied them. But he turned out to be the referee.

A quick gleam appeared in my eyes. It turns out everything was planned out earlier. Not only was he shocked. The staff were taken aback as well.

Adele and Mona exchanged glances. Their eyes filled with a surprise. Even they themselves don't know about the elder arrangements.

Cheers!

The elder made an appearance on the duel platform in the middle of the arena.

The elder smiled and said, "Everyone, I have an announcement to make. Just a moment ago, it was decided by two promising warriors."

"Warrior Julain and Warrior Zack Lockwood have decided that they are going to find a life or death duel. Only one of them is going to walk out alive."

"Both of them want their faction leaders and Dean Jerome's permission," He said in a serious tone.

His voice reached everyone's ears. Including the Dean Jerome standing above.

"It has come this far. Let's make the kid deal with this problem," After saying that he sent a mental note to Zack Lockwood.

Inside the office room, Julian was happy. He is going to succeed in his plan. On the other hand, I heard the mental note of Dean Jerome.

"Kid, it's time to get serious. Since you have accepted the Thunder One Inheritance. Use it to eliminate the kid. He has gone astray."

"If he goes to the warrior camp and future battlefield the losses would be high. The Klein Family behind him would protect him at all costs."

"It's better to eliminate the problem right now," After saying that the mental note was ended.

Hearing that my worries were all gone. Since the Dean himself said it. I can go all out now.

Chapter 1276: Black Heart Klein Family!

Duel Arena:

Viewing Block 1,

The Faction Leaders were all shocked. They didn't expect the duel to be a life or death duel. The first one to get shocked was none other than Faction Leader Francesca.

Nobody told her about this type of duel. The Warrior Julian Klein had hidden this fact from her. Her heart boils in anger.

Faction Leader Clifford was equally pissed off. After the great efforts he was able to find the Thunder One Inheritance for Zack.

Now he truly feels fortunate. If Zack Lockwood had gone forward as usual, he might not be able to return alive from the duel.

He was not angry because of Zack Lockwood's decision. Since Zack Lockwood accepted the duel. It's enough to tell them that he is serious about the fight.

He is not going to use brute force only. So he calmed down quickly. When it comes to the bloodline warrior. He doesn't think it's the work of Faction Leader Francesca.

Instead he was aware of the Klein Family as well. He thinks it must be the idea of that despicable bloodline family.

The Faction Leaders around them were left speechless. Everyone has negative opinions about the Dark Variant Faction.

Then the Elemental Factions too have their fair share of the bad reputation. But today the always aloof and arrogant bloodline faction have shown their true colors as well.

The face of the Blazing Fire Faction Leader Elmer Maddox turned bad. He thinks having one Dark Variant Faction was enough. But today the Human Bloodline Faction is acting this way.

The Monster Bloodline Faction Bethany showed surprise and angry expression.

"You didn't even tell me," She said.

Francesa frowned and replied, "It's the work of the Klein Family."

Bethany's eyes flickered with an understanding.

"Don't do anything stupid later. Dean Jerome will take care of the aftermath," Bethany advised.

Hearing that Francesa nodded her head. Her friend doesn't know that Zack Lockwood is a bloodline warrior as well and part of her clan.

If anything happens to Zack Lockwood in the duel, then she won't let go of that treacherous family.

"Interesting," Dark Variant Faction Leader Vince muttered.

He was surprised by the Klein Family's intervention. Everyone thinks that it's the work of the Klein Family. Because they are known for doing shady work.

It's just that they dared to influence Star University. Dean Jerome will take care of them. However, old man Vince thinks it's not the work of Klein Family alone.

Because all the forces had witnessed Zack Lockwood coming out of the sky rift land. They knew that Zack Lockwood had accepted some ancient inheritance.

But nobody knows about it. Even he had tried different methods. But there was no result. Vince thinks that the forces outside lost their patience.

They intervened through the Klein Family. Since it's the life or death duel. Zack Lockwood doesn't have any other choice than to use the Ancient Inheritance.

"What a Klein Family?" He uttered in a low voice.

But everyone could hear it. The Dew Water Faction Leader Monica was happy and sad at the same time. She is happy because. She will get to see the Ancient Inheritance of the variant water element.

She is sad as well. The duel turned out to be a life or death duel. She couldn't help but curse at the Klein Family as well.

Viewing Block 2:

The Main Elders are discussing it in disbelief. The Thunderflame Faction Main Elders are facing the Main Elders of the Human Bloodline Faction.

But the Human Bloodline Faction's Main Elders were clueless as well. A look of realization dawned on everyone.

The main elders knew that Faction Leaders disliked such infighting. It must be the work of the Klein Family.

Thunder!

Austin's eyes flash with golden lightning. A coercion of Purple Mark Spreads in the room.

The faces of the main elders change drastically. The Bloodline Factions's Main Elders are ready to fight as well. Alongside them, the Main Elders of the Monster Bloodline Faction stood.

Even the always calm and collected Main Elder Ann was pissed off. Purple Mark Aura emitting from her body. She is a healer. But her strength is not weaker than others.

Seeing the confrontation happening. The Main Elders from other factions were watching from the sidelines. They are having gleeful smiles on their faces.

They didn't expect the Bloodline Factions to go against the Thunderflame Faction. Their Faction Leaders are known for being neutral.

The Dark Variant Faction's Main Elders were having the most fun. They had always wanted to reduce the strength of the Thunderflame Faction.

For a long time they have been doing it alone. Recently, the Elemental Factions have joined them because of Zack Lockwood. It was not easy to convince the Bloodline Factions.

Because their Faction Leaders don't like the infighting. But things have changed because of the descendants of the Klein Family.

If everyone targets the Thunderflame Faction in future, the Thunderflame Faction people won't be able to do anything with their overwhelming power.

"Silence!"

Right then, a powerful commanding male voice reached everyone's ears. It immediately stopped the actions of the main elders.

Everyone shuddered for a second. Austin and Ann cancelled their aura. The 2 Bloodline Factions' Main Elders returned to their previous position.

Meanwhile,

In the 1st viewing block, there was no verbal fighting. But there was invisible pressure building up. But it was shattered by the powerful voice.

The Faction Leaders came back to their senses. They can feel that Dean Jerome was angry. If he directs his anger at the Klein Family.

Then the Tier-4 Region won't be peaceful.

In the office, Julian Klein is standing with expectations. He could hear the commotion among the crowd. Just like everyone waiting for Dean Jerome's approval.

This powerful voice stunned Julian. He could feel the anger behind the words. For a second, he was lost. Then he thought of his own background. It gives him strength and confidence.

He then looks at Zack Lockwood who was unusually calm as well. Julian raised his eyebrows in surprise.

"Is this because of Ancient Inheritance?" Julian thought.

Chapter 1277: Part 1: Fighting against Julian

From MC's Perspective:

I'm taken aback by the Dean's voice. From the Dean's voice. It appears that he was angry. But If I don't do anything, then Julian might do something drastic.

"Both the participants come to the duel stage!"

The Dean's voice sounded again. Hearing that I immediately started walking. I entered the duel arena and started going towards the fighting platform.

The referee was there. He was dumbfounded by the overall situation. He didn't expect Dean Jerome to speak directly.

Suddenly, he broke out into cold sweat. He came here and announced the life or death duel without anyone's knowledge.

If the Dean and the Faction Leader takes action against him. Then what to do? He started sweating. At the same time, he was hoping that everyone's attention was not on him.

Julian Klein entered the duel arena. Adela and Mona exchanged looks. They have decided to watch the duel from the office.

Because the Dean has asked only participants to come.

Cheers!

The warriors started cheering out loud upon seeing both the warriors. The reception was not low for Zack Lockwood.

Since it's a life or death duel. The warriors understood that both the warriors were not going to hold back their strength.

Both the warriors will use the Inherent force.

Meanwhile,

The Faction Leaders and the Main Elders turned their attention to the duel arena. Since things have come to this they can only listen to Dean Jerome now.

Julian Klein is walking confidently. After arriving at the fighting platform, he walked onto the platform and stood on the corner.

I'm standing on the other end, opposite to him. Suddenly, I felt someone was watching me from above.

I raised my head and looked at the sky. But there was no one in the sky. I'm thinking that Dean Jerome must have hidden himself.

"Zack Lockwood, are you ready for a life or death duel?" Jerome asked.

But I heard the voice. For a second, I was taken aback. The noisy crowd becomes quiet after hearing the Dean's voice.

Now everyone is looking towards Zack Lockwood to hear his answer.

I collected my thoughts and replied, "I will accept the life or death duel. Only if there is no retaliation from Julian's family."

"Julian Klein, what about you?" Jerome asked him.

Julian smiled. He didn't expect Zack Lockwood to say something like this. Now he has to give a word that there will be no action from his family side.

He was not afraid. Since he is confident of killing Zack Lockwood. He is ready to die.

"Dean, it's my personal choice. My family won't retaliate against Zack Lockwood," Julian replied.

Hearing that everyone got confirmation. There is no blood feud between them. Maybe both of them are meeting for the first time.

Yet the life or death duel is taking place. People don't understand. But the Faction Leaders, main elders and other higher ups knew it could be the work of Klein Family.

Even Dean Jerome is thinking like that.

“Good, both of you can start the duel,” Dean Jerome said.

Cheers!

The next second, the crowd started letting out a cheer. They are going to watch an exciting duel.

Inside the viewing block 1, the Faction Leaders were serious. Faction Leader Clifford can’t wait to see the power of the Thunder One Inheritance.

“Kid, don’t disappoint me,” He said in his heart.

Francesa Ball was worried about both of them. If Zack Lockwood intends to kill Julian. Then Julian will die for sure.

But if Julian kills Zack Lockwood luckily, then she won’t be able to control her anger. She could act against the Klein Family.

On the other hand, the Main Elders are looking at the fighting platform where the barrier began to cover the platform.

Austin was not worried. Because he knew Zack Lockwood got one more inheritance. Thanks to the Faction Leader.

If Zack properly uses it then he could easily kill the opponent. Because Zack has purple lightning seed with him.

The power of the lightning force will be higher. This duel setting may be the correct place for Thunder One Force Inheritance to appear.

The Main Elders of other Factions were quite surprised. Because there is not even a worry on Austin and other’s faces.

They were concerned. But there is not much panicking. They couldn't help but wonder where their source of confidence comes from.

Meanwhile,

The barrier has covered the platform completely. Julian and I were looking at each other.

"Start!"

Right then, the referee's voice sounded.

Boom!

Julian began to use the bloodline power straight away. An ominous fierce red aura covered Julian's body.

It's the sign of awakening of the mad Bloodline.

The crowd recognised it. The higher up and experienced people knew it.

Looking at the threatening aura coming from the opponent. I raised my eyebrows in surprise. Even after strengthening myself after accepting more than one Inheritance.

I'm still feeling a sense of crisis which shows the power of the opponent's bloodline.

Then I started to use the Thunder One Inheritance. The purple force surrounding the purple lightning seed began to stir.

I didn't plan on mixing the shock force with it. I'm going to crush him with Thunder One Inheritance alone.

Clap!

As the purple force begins coursing through my body. A thunder clap sounded all of a sudden. At the same time, purple lightning bolts appear around me.

Gasp!

A huge exclamation occurs from the audience. For the first time, they are seeing Zack Lockwood's Inheritance force.

That too purple lightning one. The Outer Hall Warriors were terrified. They knew how strong Zack Lockwood's purple lightning was.

If he uses it as a Inheritance power, then his strikes will be more destructive.

Dean Jerome and others are watching Zack Lockwood's transformation. Jerome had no suspense from the beginning.

He thinks Julian has paved the way for Zack Lockwood's comeback. Zack Lockwood accepted Thunder One Inheritance. Nobody knows about it.

It should have been the ordinary duel where Zack Lockwood makes his come back with Inheritance power. But Julian is going to make it memorable.

Chapter 1278: Part 2: Fighting against Julian

From MC's Perspective:

Julian felt the purple lightning force from the opponent. He was not surprised.

Since it's the life or death duel. It is normal for the opponent to bring out his full strength.

"Now prepare to die," After saying that Julian darted out with full force.

Boom!

A red fiery force shooting towards the opponent with a booming sound. The fighting platform is shaking as a result.

Everyone's eyes were fixed on the fighting platform. They don't want to miss out on anything.

At the same time, I smiled and took a step forward.

Boom!

As my right foot landed on the ground. The platform cracked. A purple thunder clap appears above the platform.

Clap!

All of a sudden, a purple lightning bolt came out of nowhere and struck the barrier. Then I took another step forward. The same thing happened.

In a flash, Julain reached me. I activated my perception. Then I clearly saw his punch direction the next moment.

Swoosh!

I slightly moved my body and raised my right leg to kick. The right leg was covered with the thunder one force.

In a flash, I kicked the abdomen of Julian. The abnormal purple lightning power strengthened by the purple lightning seed comes into play.

Puchak!

Julian's pupil shrank. He felt the breadth of death. Before he could do anything, the thunder one force acted. The impact force sent his body back flying.

Boom! Boom!

At the same time, purple thunderbolts electrocuted his body. Everyone could see a bombardment happening on Julian's body.

It's nothing but the power of the purple lightning bolts

AahhhHhh!

He crashed into a barrier before falling hard onto the fighting platform. This all happened within seconds.

Pfff!

Julian coughed a mouthful of blood. The thunder one force has penetrated his internal organs and bones. It's hurting him.

If not treated immediately, they would be damaged.

Gasp!

The crowd exclaimed. What they saw was something unbelievable? For the first time, they saw Zack Lockwood using Inheritance force.

They are thinking that like everyone had thought Zack Lockwood's Inheritance related to the purple lightning.

At the same time, several purple lightning bolts struck the barrier from the sky. If not for the barrier, the purple lightning bolts would have struck Julian Klein.

On the other hand, I looked at myself covered with the purple lightning bolts. I felt satisfied and relieved.

I felt a huge weight lifted off from both my body and mind. Now, I can fight at my heart content.

Swoosh!

I moved away from the spot and darted towards Julian Klein.

Julian Klein who was conscious felt the sense of crisis again. Without thinking further he started burning his bloodline power.

Boom!

A powerful red fiery aura burst forth from his body. It immediately removed residual thunder, one force harming his internal organs.

At the same time, he gained an immense boost in strength by burning the blood. It has negative side effects that he would be bed ridden for months.

But he didn't care about that. Right now, if he didn't use such a move, he could die.

He then turned towards Zack who was coming at him. He moves forward to attack.

Boom!

My thunder one force punch was blocked by my opponent. The next second, I started engaging in close combat.

Both of us are using both hands and legs to attack each other.

Boom! Boom!

As the time passes, the booming sound is increasing. Everyone realises that both of them are exchanging more punches.

While they were engaging in close combat. The barrier is being struck by atmospheric purple lightning from time to time.

The Elder referee broke out into cold sweat. He fears that purple lightning could fall on him. He doesn't know what kind of inheritance Zack Lockwood got. But it was scary.

Pfff!

Just as he got closer to the barrier, the purple lightning struck his body. Because he was unguarded, the purple lightning managed to hurt him.

The elder spat blood. It was a small injury. But it shows the horror of Zack Lockwood's purple lightning.

Above the fighting platform, Dean Jerome frowned. Then he acted. He raised his hand and immediately covered the Star University with restrictions.

A powerful barrier immediately covered the whole of Star University. The atmospheric purple lightning struck the large barrier covering the campus.

They have no way of teaching the fighting platform.

The Purple Guard noticed the actions as well. But he was now left speechless. Because he could see Zack Lockwood is using Inheritance force.

But as far as he knows Zack Lockwood's Inheritance doesn't have anything to do with the purple lightning.

"Dean, what's going on here?" The Purple Mark Guard said.

Jerome sighed and explained about the Thunder One Force Inheritance brought by the Faction Leader Clifford.

"What?" The Purple Mark Guard shocked to the core.

Zack Lockwood got one Ancient Inheritance was unheard of. Then he awakened the bloodline Inheritance of the Dall Family.

It's also ranked among the Ancient Inheritance comes under Human Ancestor Bloodline.

Now, this kid is using the inheritance of the Thunder One Academy. He immediately thought of something and his face changed.

He turned towards the Dean and said, "Dean, compared to his other two Ancient Inheritance. This Red Mark Level Inheritance could attract more enemies for him."

"A lot of people have fallen to his inheritance force both from our side and foreign creatures," he added.

Dean Jerome frowned and said, "It can't be helped. If he breaks through in future, it would be hard to conceal his bloodline power."

"So we don't have any choice other than to hide his original inheritance. If people think he got two inheritance, then it's fine."

"I have already told the Dew Water Faction Monica that he got water variant Inheritance. So we can't expose the original Inheritance."

"Since he got Thunder One Inheritance. He can walk the world with this inheritance."

"If later his bloodline power was exposed, then everyone would understand why he was not using his inheritance force before."

"At that time, Monica won't create a problem," he added.

Purple Mark Guard understood. Then he got another doubt.

"What if people start doubting about sky rift land? The warriors had seen him at the inheritance land," He asked.

Dean Jerome smiled and said, "Main Elder Ann had given him incomplete Ancient Healing Technique. Though it's incomplete, it's still an Ancient Inheritance."

"We can use the healing method for cover up," he added.

"Faction Leader Clifford unintentionally ruined your efforts," The Purple Mark Guard said.

"Ha...Ha..Ha..., it's fine. Not everyone can accept more than one inheritance. I'm waiting for him to reach the Red Mark level. So that he can go to that place," Jerome replied.

“That place?” The Purple Mark Guard felt immense longing in his heart.

He understood why he is looking after Zack Lockwood this much. Only this kid got a chance from Star University.

Chapter 1279: Part 3: Fighting against Julian

From MC's Perspective:

Boom! Boom!

We have been exchanging fist attacks. My body was stronger than before. Though I'm not getting harmed.

But there is a sense of crisis coming from Julian who is right now burning the bloodline power.

"Die!"

Julian uses an attack technique all of a sudden. A powerful metal force shot from his arms. His bloodline element is metal.

My eyes flickered with an understanding before I raised my fist to block the attack. In a flash, I covered my fist with the thunder one force.

Thunderclap!

Like a powerful thunderclap my fist strikes the metal force.

Boom!

A deafening noise occurs. The metal force is easily destroyed by the Thunder One Force. Because of the sense of crisis I'm keeping guard against Julian.

The shock force shook the barrier.

Julain went into rage because of the failed attack. He then brings out a bloodline technique to attack.

Boom!

A sharp blade appears in the air. It's a blade made of metal force. Julain made a vertical slash at Zack Lockwood without further thought.

Slash!

The sharp blade easily cuts through the air as if there was no resistance.

On the other hand, I was taken aback. Under my perception, I spotted that blade was moving faster than usual.

Another realization occurred in my mind. It could be a variant of the metal element. So I should not take any chances.

Then I raised my hand and pointed my forefinger at the coming blade attack.

"Lightning Finger!"

I executed the finger move. A thunder one force revolves around my finger before shooting towards the target.

Boom!

The purple lightning went across in a straight line before piercing through the metal blade. The attack didn't stop there.

Swoosh!

The purple line continues to go towards the main target.

Julian's eyes were bloodshot. He is still under the state of the blood burning. Right after seeing another attack failing.

He increased the blood burning process. He felt a big boost from the bloodline again. He immediately used defensive technique.

A long silver shield appeared covering him. Right then, the purple line struck the shield.

Boom!

An explosion occurs. The deafening noise and shock force shook the barrier again.

At the same time, the abnormal purple lightning began to act. It started weakening the metal shield.

It didn't take long for the crack to appear. The purple line was thick and strong. In a flash, the cracks started to spread.

It covered the remaining shield. Julian's face changes before he could make a retreat. The purple line pierced through the shield and came to hit his chest directly.

Boom!

The attack sent Julian to crash into the barrier again. Not only that, lightning power starts rampaging. The blood burning process was hindered.

Julian is feeling terrible pain. The pain is coming from the bloodline side effects and Purple lightning hurting the organs.

Everyone can see Julian was covered in purple cobwebs. But only Julian knew that these purple lines are lightning which are harming him.

Above the duel platform, the Dean Jerome and the Purple Mark Guard are watching the duel. The outcome has been decided.

They have no doubt that Zack Lockwood will be the winner. But this duel is going to be a lesson for Zack Lockwood.

"Dean, do you think the kid will use the forbidden runes?" The Purple Mark Guard asked.

"The rune mark attacks are unique to high bloodline warriors for both the human and monster bloodlines. I don't know whether Julian has learned that attack," Jerome asked.

But he is thinking about something else in his heart. Everyone knows that Zack Lockwood can defeat any opponent if he uses Inheritance force.

Knowing that Julian had challenged for a life and death duel. Jerome wonders where the confidence comes from?

He can only think of the rune type attacks. If the Bloodline Warriors learned to use rune type attacks. Then they are formidable.

But depending upon the rune they can only be used one or two times. Klein Family's bloodline known for madness.

If Julian has a rune type attack under his sleeve, then Julian has a slight chance to win the duel. But he doesn't want to remind Zack Lockwood.

He can't save him every time. This duel is a test for Zack Lockwood.

If Zack Lockwood hears it he would be shocked to the core. The sense of crisis he is feeling from Julian is because of the rune mark.

Viewing Block 1:

Seeing Zack Lockwood using the Thunder One Force. Faction Leader Clifford is feeling relaxed right now. He was not worried about other things anymore.

According to him, Zack Lockwood has won the duel already. He is now fighting against Julain to gain experience.

The other Faction Leaders are having dumbstruck expressions. They couldn't believe Zack Lockwood is using Inheritance force in front of them.

They ignored Julian completely. Instead they focused on Zack Lockwood. The familiar atmospheric thunder striking the opponents takes them back to the memory lane.

They couldn't help wondering who the previous owner of the purple lightning force was. Because there are some inheritances which could use atmospheric lightning.

All of them are Faction Leaders they knew quite about the inheritances all over the world. So they were curious about Zack Lockwood's Inheritance.

Faction Leader Clifford laughing in his heart. Others don't know that it's Red Mark Level Inheritance. But he knows the reasons why it was confusing to others.

Right now, the thunder one force released by Zack Lockwood is hurting the opponent. Julian's bloodline power is comparable to the Ancient Inheritance.

Only Ancient Inheritance can compete against other Ancient Inheritance. Because of the inheritance force's power.

Here, Zack Lockwood is showing this much power because of the purple lightning seed. The purple lightning seed is increasing the power of the Thunder One Force.

So he knew it won't be easy for others to figure out the identity of Zack Lockwood's Inheritance.

The Faction Leader Francesca was shocked right now. She was sure that Zack Lockwood's Inheritance was nothing to do with purple lightning.

So the appearance of the purple lightning Inheritance force confused and shocked her.

Chapter 1280: Julian's end!

From MC's Perspective:

Fighting Platform,

Julian was severely injured right now. If not for the power coming from burning the blood. He wouldn't be standing. He started to regret it now.

The lightning attack earlier was enough to half injure him. If he received a few more attacks, he would die for sure.

Despite having the bloodline power, he started regretting his decision.

Now, he has no other choice than to use that forbidden move. Once he uses that move he doesn't know what the result would be.

He was worried because he had already used the blood burning process. The bloodline power was not high now. If he uses that forbidden move it could cost his life.

There are chances of him dying before the opponent truly kills himself.

On the other hand, I saw the opponent get back on his feet because of the bloodline power. I didn't expect the Bloodline power to give this much strength.

As if the endless energy is running in his body. But I know that that's not the case. The bloodline power has a limit. Once he stopped using the bloodline power. He will be weakened.

Then it will be easier to defeat him then. Yet I was not happy. Because the sense of crisis was not over. I even started to think he is carrying some kind of treasure as a trump card.

He is from a famous family. Sure, there must be something to protect his life.

"Zack Lockwood!"

"All of this is happening because of you!"

Julian started screaming before the fiery red aura around his body thickens all of a sudden.

Buzz!

The red aura didn't stop. It becomes thicker. In a flash, his whole body was covered with red mist. He couldn't be seen.

Gaspl

The bloodline warriors among the crowd. They exclaimed in a panic and surprise. Only they knew what's going on here.

All of a sudden, a small rune character appears in the red mist. When it becomes visible. The sense of crisis grew further.

In fact, I confirmed whether the sense of crisis comes from. It's from their rune marks.

My eyes flashed with seriousness. I realised that the threat is coming from the bloodline power. Not from any external methods.

Boom!

The next second, the red mist shot towards him. I knew it was Julian covered in the red mist.

I immediately started covering both the hands with the Thunder One force. In a flash, the purple auras covered my hands.

Swoosh!

Right then, the fiery red aura appears before. I tried to block the attack using both hands.

Boom!

A deafening noise sounded.

Crack!

I felt my arms bones crack. Despite the contact the fiery red aura remains strong. Instead the Purple aura was gone.

Seeing that I immediately retreated backwards and stopped after a couple of steps. Both of my hands were hurting. Julian's move was truly stronger.

Swoosh!

A multiple metal arrows shot towards me from the red mists. I didn't think further. It's the time to use the purple lightning techniques.

"Lightning Wheel!"

I executed the lightning wheel move. Compared to before the move was stronger. A purple lightning wheel appears around me covering the large area.

The wheel was larger than my body. When the silver arrows appear. It landed on the wheel one after another.

Boom! Boom!

The purple lightning wheel deflected all of those attacks. Surprisingly, the purple lightning wheel didn't disappear.

"My family won't let you off!"

A low voice reached my ears. Before I could think further. The fiery red mists darted towards me. In a flash, the fiery red mists collided into the purple lightning wheel.

Boom!

A terrific explosion occurred. The purple lightning wheel explodes. The powerful purple lightning started bombarding the red mists.

At the same time, the impact force has sent my body backwards. I got closer towards the barrier before I stabilized my footsteps.

On the other hand, the shock wave shook the barrier. The body of Julian was nowhere to be seen. Because the purple lightning cobwebs have covered the red mists.

The person lying inside must be Julian. That purple lightning wheel attack was so powerful. If it were others they would have died on the spot.

He is the first one to bear the full force of the attack after my skills got improved.

It took two or three minutes before the cobweb disappeared. The red mists began to recede slowly.

Quit!

The whole arena was quiet. No one was making the sound. The attacks from both sides have shook the barrier multiple times.

The referee was standing a little distance away from the fighting platform. He was already struck by the atmospheric thunder earlier.

If he stays near he might receive a few more attacks from the sky. But he forgot that Dean Jerome had covered the entire campus with the formations.

Now everyone is looking at the fighting platform.

When the final red mist was gone. Julian's body becomes visible. His whole body was charred black. Not only that his skin was dry.

Like all the blood in his body was dried out. But it was a fact that Julian lost his life with that final move. He is officially dead.

No one needs to speak. The result was before everyone's eyes. Julian's corpse was on the ground before their eyes.

"Julian is dead!"

"Zack Lockwood is the winner," Dean Jerome's voice reached the whole arena.

The referee old man collected his thoughts. He came to the barrier and deactivated it. The barrier began to recede slowly.

Inside the Fighting Platform, I sighed inwardly. He didn't have to die. But he was the one who forced it. If not for the life or death duel, he would have been bed ridden in the worst case.

Now he lost his life. I don't know what his family is going to do. His dying words ring in my mind. Both of them were in agreement.

There won't be any retaliation. Yet he took his family name before dying. I shook my head and waited for the barrier to go away.
