Chapter 246 - Part One: Eastern Fort - Final Battle

The Hall Master commented, "In order to show you my sincerity. I will give One Small Realm Promotion Pill of High Grade to Zack Lockwood and Martin Dyers."

Then he added, "The City Lord will give you the pill after this meeting. I hope it's enough for you to trust us."

Elder Thornton and Elder Ruth sucked cold breath.

"The Hall Master's handwriting is too big. With one high grade pill Zack can easily step into Mid level." Elder Thornton said to himself.

He will tell Zack to get a breakthrough after this meeting.

The other hand, Elder Ruth also made decision to support Star Tower in heart. Even with their organisations its difficult to buy high grade pill. Usually, this type of pill sold through auction. And it's eventually lands in the hands of Powerful organisations.

"It's a better reward than I had imagined." Elder Ruth said to herself.

"Hall Master, I will assist Star Tower full-heartedly in this crisis." Elder Thornton said with a seriousness.

Elder Ruth also echoed the same opinion.

"Good" "Good" The Hall Master is satisfied with their words.

He said, "The two of you, Before going out for the mission. You can ask your students to get accommodated in our Star Tower Zone. There are few guest houses in our premises. They can use it till the end of the competition."

Then he added, "Since, you have accepted the mission. I don't have anything to discuss further. The location for the mission will be sent to your contact. Your only job is to defend the fort temporarily. It's fine, If you aren't able to kill the enemy."

After saying that he ended the call. At this time the City Lord takes out two silver cases consisting of pills. He then gave it to two Elders. The City Lord Garry didn't say anything regarding the mission. Instead he thanked them for their cooperation.

The two elders parted ways after leaving the City Lord Building.

...

At the Eastern Fort,

The Situation is terrible at the Eastern Fort. The ground is littered with the corpses of the eastern warriors. None of them is left out alive.

Three Elite Power House from the sneak attack team wiped out the entire army in half an hour. After clearing out, all of the warriors looked at the sky to see the final result.

"Ha...Ha...Ha..." the Scar faced warrior laughed out creepily, he is satisfied with killings done at the ground.

Elder Dorothy gritted her teeth in anger. They were completely entangled by the enemy. Until the last moment they weren't even able to break out from the attacks of these two. Before they try to land decisive blows at those three Elites on the ground.

"Maybe I should have used the bloodline ore." For a moment she thought. Then she comforts herself by saying, " If either of us fail. It will be the doom of the eastern fort. We must hold on until the help arrives."

Wounds on her body are increasing steadily under the attack of Scar faced enemy. From time to time she also strikes some blows to the opponent. But if this goes on, her energy will be completely drained.

If she stimulates her bloodline power beyond limit. It will boost her strength but she will also be ridden due to the burden.

"Scar face, You did well!" The Bald headed, Peak Elite Warrior on the other side chuckles.

"Harumph"

The Scar faced warrior snorted hearing that, Then he gestures to the sneak attack team to come back and assist them. He believes that women in front of him must have consumed so much energy at this point of time.

If the trio launches their sneak attack this time. There is a high chance that she will be hit.

The trio, After getting instruction, rose to the sky to assist them.

Their plan was seen through by Elder Smith. He looked towards Elder Dorothy and said, "Elder Dorothy, I think it's time to use our trump card. We can't let them cross eastern fort. We must get rid of these two(Peak Elite) before dying.

Elder Dorothy nodded hearing that, She quickly consumed some kind of ore to stimulate her bloodline.

Elder Smith also takes out his flame thrower artefact- Medium End. There is not much fire element essence left out in his dantian. He must use remaining energy decisively to kill the enemy.

Their actions were noticed by Bald Headed Warrior. He sneered, "Looks like you two can't hold on anymore."

His expression condensed seeing the flame thrower. He became alert, He knew about this artefact. It had high destruction power. But he didn't fret, He too had a compatible defensive artefact to tackle an attack like this.

"Boom"

Next moment, The Collision starts the fight and intensifies to the next level.

A muffle sound came out from Elder Dorothy's Body. As she successfully stimulates her bloodline power at this moment. Which in turn gives a huge boost in strength to her body. At this time, an overwhelming pressure released from her body.

She received 5% of Super Elite Strength at this moment. Perceiving the huge power coursing through her body. She feels amazed, "I don't know how many months. I will be bedridden." She said to herself.

But it certainly will have an impact on her future breakthrough. Knowing that she felt overwhelming wrath, She wants to tear down the person responsible for this. She turned around and faced Scar Faced Warrior.

And in the next moment, She disappears.

This overwhelming power is sensed by the Scar Faced Warrior. "This bitch.!" He immediately cursed out loud.

Before he could take out his artefact.

"BANG"

Elder Dorothy's fist lands on his chest. A muffled sound escapes his mouth, like a broken kite his body flew backwards in breakneck speed and crashes heavily on the ground.

The Bald Headed Warrior's scalp exploded seeing this. "This Power!" He shuddered completely. He didn't even catch a silhouette.

Elder Smith swallowed his saliva sensing the power. He felt fortunate that He is not the one facing the full blown attack. He knew this is why the bloodline warriors is feared and respected by others.

At the same time, He uses his flame thrower artefact. He wants to kill him as soon as possible. Because it will be a matter of time before she runs out of her boost and gets paralyzed.

"BOOM" "BOOM" "BOOM"

Elder Smith shoots highly concentrated flames at him. The Flame thrower artefact looked dazzling in fiery red pattern over its body.

The three crimson red flame lands on the Bald Headed, Peak Elite in a blink of an eye.

The other hand, the bald headed warrior caught off guard. He lost his sense for a while seeing the bloodline warrior. Now, his body is burning due to these flames. He hurriedly activates his defensive artefact armour beneath his dress.

A mud layered armour instantly covered his skin. Feeling the sensation he poured his entire earth elemental essence to it. But unfortunately though he pours his essence constantly, he feels he has been cooked alive.

"Roar" He roared in agonising pain.

At the same time, after slamming the scar faced warrior hard. Elder Dorothy suddenly turned around towards the sneak attack team. These bastards slaughtered the entire eastern fort team. The agonising voice of warriors still ringing in her ears.

"Puf" "Puf" "Puf"

She released her bloodline coercion through her palms. Those three Elite Warriors frightened completely. And in the next moment, the heads of three warriors burst out like watermelons. Until the last moment of their death, they didn't even plan on defending as their mind went completely blank due to extreme fear.

She suddenly feels her strength is going to decline in a few seconds. She needs to get this over quickly. Next second, she appears in front of the bald headed warrior and lands a heavy kick on his abdomen using her leg.

"Bang"

He rolled backwards in the blink of an eye. The defensive artefact took the brunt of the attack. Small crack begins to spread over the surface. This attack broke its defence.

Elder Dorothy didn't even look at him. She moves to the ground to kill Scar face. She knew one attack is not enough to kill Peak Elite Power House. She needs to make sure there is no scum left out of his body.

Elder Smith's eyes lit up seeing the blow. Using this opportunity, He launches consecutively flame balls on the bald head Warrior.

...

(From MC Perspective)

At Zack's inn,

Elder Thornton returns back to the inn. After seeing Zack, he gave him the high grade - small realm breaking pill for breakthrough.

Inside the room,

"To think this pill is one grade higher than the previous pill. Star Tower is really generous." My eyes gleamed in surprise as I looked at the colourful pill on my palm.

Elder Thornton didn't even tell me about the meeting. Instead he wants me to get breakthrough first. But looking at his face, I knew something troubling his mind.

Shaking my head, I prepared for the breakthrough.
