

BloodLine 691

Chapter 691 Bottom

From MC's perspective:

After having dinner, I came back to my room. Then I changed to comfort clothes before deciding to cultivate.

All of a sudden, something struck my mind. Back in the academy, I have personal training room. Where I could cultivate in a private space.

But there there is no such facility. If someone probes here, they could easily find me. If it was lightning cultivation, I wouldn't mind. But no one knows about the blood element method.

I don't want anyone else to know including Jonathan. As this thought appears in my mind. I gave up practise here. When it comes to the monster cores. I will use it in future.

A few days later,

The duels for the Elite stage came to an end. The top 6 warriors are selected as well.

The Red Moon Tower Elite Warrior got the 1st place. Followed by the White Palace Warrior who got the 2nd place. Then the Eclipse Academy Warrior who got the 3rd place. The Silver Clouds Academy got the 4th place and the Viper Academy got the 5th place. And 6th place is Giant Tower Academy.

When the results came. No one protested against it. Because the performance of each warriors are clear. The Red Moon Tower came prepared. Their Elite Warriors are strong. Each one of them not less than others.

Coupled with their Red Moon Inheritance. They showed exceptional performance.

Where as the White Palace did well compared it to the last time. Last time, they got bottom position in both Elite and Super Elite Category

This time their Elite Warriors have practised their inheritance method well.. Because of it they were able to secure the 2nd position.

When it comes to the 3rd place. The Eclipse Academy have shown the ordinary performance. Which considered to be not that great or bad.

Last time, they have won the 1st place. This time their Elite warriors had faced tough opponents from other academy.

The Silver Clouds Academy got the 4th place. Which came as disappointing for them. If the Supreme Elder McCarthy have wanted he could have targeted the other academy.

But for some reason, he has been maintaining silence since the 2nd day of the competition. Even Supreme Elder Marlene was surprised.

She had always thought McCarthy could create some problems. But Elite stage competition have ended formally. But still there was no reaction from him.

Which made her to believe that something must have happened. But she didn't know what is it.

On the other hand, the Viper Academy showed average performance. The results are not so different than the past year. The internal struggle had made it more difficult for them to get ready for the internal competition.

For others, Viper Academy's result was not that surprising. Because Viper Academy don't have exclusive inheritance or special techniques that can be practised by anyone.

Because of that the Elite Warriors couldn't able to upgrade their strength. They are significantly weak compared it to other Elite Warriors.

Lastly, the 6th rank was achieved by the Giant Tower Academy. It came shocking to everyone. There is not much difference between the 5th rank and 6th rank. It was decided by one or two duels.

But in the end, the Viper Academy have managed to get 5th place. Their warriors had faced weaker opponents in the last couple of rounds.

Where as the Giant Tower Academy Warriors have failed to win against the weak opponents. They have warriors who practised inheritance. But they have entirely focuses on their defense.

Most of them exhausted ended up exhausting their essence before their opponent. Which made them to lose few duels in similar way.

The news spread to all other organizations. Including the 6 big academy located in their respective region. Some celebrated. While others couldn't able to accept the defeat.

Especially the warriors in the Viper Academy have become silent. Before the start of the year end competition. Everyone is looking forward to this event.

Because many of the talented warriors had emerged from the internal competition. So they thought those who did well in the internal competition might do well in the big event as well.

But the result came as a disappointing. Those who did well in the internal competition couldn't able to hold candle against the real strong warriors.

The warriors in the Viper Academy have seem the duels. They saw the vast difference in strength between the warriors. Everyone was elite warriors but other academy warriors have something common.

They have seen the power of inheritance method and the special techniques.. Most of the warriors from other academy have won the duel by using their inheritance or special techniques.

It's just their warriors have lagged behind. It's not like the Viper Academy didn't have special means. It's just not many are practicing the special method. Because the Viper Academy's Special Method needs suitable warrior with element.

Some of the special techniques have high standard. Because of it there aren't many warriors willing to put time and effort to learn it.

But now everyone have realized it. They were wrong. The warriors can fight and win among themselves without using the special technique.

When it comes to fighting against others. They can only end up at the bottom place.

Hunter League:

Manager Shaw laughed out loud after getting the intel information. He was pleased by the news. He doesn't have to target the Viper Academy.

They are humiliating themselves. Before the start of the event, he was hoping to hear some bad news about the Viper Academy.

But strangely, things are going fine. He had given up the hope. In the end, the results surprised him.

"Ha...Ha....Ha...., I hope their Super Elite Duels to get bad as well," He laughed in his heart.

Meanwhile,

The 6 academy people went back to their mansion. Now it's time for them to prepare for Super Elite Duels.. Only after getting good results in the Super Elite Duels as well. They can secure their ranks. Otherwise, there will be some changes.

In the Viper Academy's White Mansion,

Everyone was gathered in the lobby. No one was ready to go back to their room. Dean Rebecca is sitting on the chair. But her expression was calm and composed.

Like she had expected the duel from the beginning. The 5th place among the top 6 is not something to celebrate. If not for the last duels won by the Elie Warrior of our academy.

We could have ended up getting the last place. Because of the bad performance of the Elite Warriors. The faces of other Super Elite Warriors are not good looking as well.

They have lost the confidence as well.

"What are we gonna do?" Ernest said from the side.

The current mood is depressing. No one is opening their mouth to say something. Like everyone was convinced that they are not going to win anything.

"The Elite Warriors of other academy have practiced inheritance method or special technique. Then the Super Elite Warriors must be strong," Laverne said from the side.

Hearing that faces of other Super Elite Warriors have changes drastically. Everyone was thinking about the same thing. But they didn't expect Laverne to spill the beans.

Hearing that I sighed inwardly. I don't want to give false hope to anyone. Even I don't have a clue. I rest my entire hopes on the lightning power.

Dean Rebecca sighed before looking at everyone.

She said, "Alright, don't think too much about it. Just do your best in the Super Elite category. Even if we don't get good rank, it's fine."

"We will come back next year stronger," She added.

Hearing that the Super Elite Warriors' mood becomes lighter. They were all under pressure. No one wants to disappoint the Academy or dean.

Before coming here, everyone thought about their faction. They had thought about getting fame to their faction not to their academy.

But after coming here and competing against other academy warriors. They have come to realize that they are short sighted.

They have become weak by competing against the factions.

Dean Rebecca then instructed everyone to go back to their room. She then asked them to gather for the dinner.

Hearing that everyone left the place one by one.

Rebecca sighed in her heart. For her more than competition safety of the academy is important. When the Supreme Elder was alive.

She had thought about getting good ranks in the year end competition. But past couple of months has been a roller coaster ride. Several things of happened.

Certain events have threatened the safety of the academy. And the last Hunter League incident made her worried. After that she accepted the reality and wanted to get through the situation as soon as possible.

The academy currently needs the presence of the Supreme Elder. Other things comes next. She is glad that Carlos Kent was on their side. If not things could have been bad.

Chapter 692 Part 1: Low confidence

From MC's perspective:

Goodwill City,

When I entered the room, Someone is already waiting for me. The person is none other than Jonathan. Seeing I let out a sigh before sitting opposite him. He must have seen the mood back then.

Jonathan remained calm. He has been here from the beginning and watching everything. He can say that the situation of the Viper Academy was dire.

The Warriors are really lagging behind compared to other Academy. When it comes to the Super Elite duels tomorrow. He doesn't think that the results would be any different.

The atmosphere was solemn. None of them are talking. Jonathan's concern was something else. He had received an encrypted short message from Master Lowell.

His master didn't say much except he wants Zack to come to him as soon as possible. So Jonathan is expecting the Super Elite duels to end as soon as possible. So that he can take Zack to the inner post.

The next second, he broke the silence by saying, "Young master Zack. Don't think too much about it."

"This year is going to be a learning curve for them. Hereafter they would pay attention to the special techniques," he added.

Hearing that I nodded at him. I know Jonathan is here because of me. He is already helping us by teaching lessons to the Supreme Elder McCarthy.

The Eclipse Academy and the Giant Tower Academy are silent because of him as well. If not for Jonathan's presence, their situation could have been worse than the current stage right now.

Then after speaking for a few minutes. Jonathan left the place. From the beginning to the end, he didn't ask me about the Super Elite duels.

"Even he was not sure about me," My eyes gleamed with a twinkle.

Not only him, I guess others are thinking the same as well. Even Ernest and Laverne were silent all along. Maybe they thought once I ran out of lightning essence it would be over.

Dean Rebecca hasn't raised any questions. I looked around and made a firm decision. I don't think anyone would spy on me today.

I sat cross-legged on the ground. Then I took out the monster cores outside. I picked one and held it in my palm and started to run the blood element method.

When I started to run the blood element method. A bloody rune started to shine in my consciousness. The next second, I started to absorb the monster energy from the core.

As the monster core energies entered inside my body. I started to guide the energy according to the blood element method.

The next second, a blood light appears above the bloodstream. The blood light begins to convert the monster energies into mysterious white energies.

The mysterious white energies begin to enter the bones. When the white energy enters the red skeleton. The next second, I felt the heart wrenching pain.

This gut wrenching pain that I'm feeling after a long time. The red color of my bones become brighter. The effect was small. Because the monster energies are from Class-4 Monster core.

Seeing that I continued to repeat the process.

Time passed,

One after another the monster cores in my hands crumble into pieces. The red energy of the blood element method added to my bones.

When the last monster core in my hands crumbles into pieces. I opened my eyes.. Then a bad smell attacked my nostril.

It's coming from the small black impurities covering my skin.

A hint of satisfaction flashes in my eyes.

Quantities have become qualitative. Which in turn improved my strength to a small extent. Then I stood up from the place and went to take a bath.

20 minutes later,

I changed to my comfort clothes. Then I investigated the surroundings again. Seeing that there were no spying senses.

I went to the bed to lie down.

The following day-9 A.M in the morning,

I walked out of the room and went to the lobby. When I got there. I saw everyone had gathered.

When the last few warriors arrived. Then we left the Mansion with Dean Rebecca. This time Elite Warriors can relax their nerves and watch our duel.

When we came to the block. People from other academies came as well. Then we walked to our place. The people from the Eclipse Academy and the Red Moon Tower went to their seats.

Not long after we sat on our seats. I felt many gazes on me. Seeing that my eyes flickered. When I raised my head. I saw the Super Elite Warriors from the Eclipse Academy are looking at me with a cold gaze.

I met their gaze one by one. Then my gaze swept across everyone before falling on the Red Moon Tower side.

I saw Ella Downs and Sallie Mills looking at my side. Seeing that my eyes flash with complicated emotions. The families of these 2 girls are part of the remnants as well.

When this thought occurred to me. My eyes returned to normal and became indifferent.

If their families have taken part in the Hansen Academy destruction. After becoming strong, I won't mind sending their family to the death as well.

On the other hand, Ella Downs and Sallie Mills took back their gaze and turned to their side. They showed complicated emotions as well.

They are not as naive as before. Even Teresa York hid the truth from them. They have got the intel from the contacts as well.

The Hunter League's conflict with Viper Academy was not secret anymore. Both of them have learnt the back story behind it.

Someone from the Crimson Hall got their revenge by killing and destroying the Hansen academy and its people. The news came as a shock to them when they learned about it.

Even though they had hatred against the Hansen Academy. They never thought about killing everyone.

Right now, they don't have guts to meet the gaze of Zack Lockwood.

On the other hand, Teresa York is watching everything. Their action didn't go unnoticed under her eyes.

Chapter 693 Part 2: Low confidence

From MC's perspective:

Goodwill City,

A few minutes later,

Other academy people entered the block as well. Everyone quickly sat on their place. When everything was settled.

The atmosphere became strange. The Super Elite Warriors from each academy are checking out each other. But most of them ignored the Viper Academy Warriors.

Outside,

The crowd came in large numbers to fill the stand. The enthusiasm among the crowd was higher than before. As most of the audiences are warriors themselves.

But the percentage of elite stage warriors are few. For many of them the elite stage was the highest ceiling. They have never seen the Super Elite Warriors in their life.

Except the influences living in the Tier-6 City. Not all of them have heard about the Super Elite Warrior. So many of them going to see the duel of the Super Elite Warriors for first time.

Soon, the organizers came. They entered inside the block. After speaking about the duel, they went to announce the match up.

The first match up was between the Giant Tower Academy and the Red Moon Tower.

A female Super Elite Warrior on the Red Moon Tower side stood up. Dean Lily Smith said some kind words to her. When it comes to the duels. The Red Moon Tower side were calm and composed.

The Elite Warriors did their part. Now it's time for the Super Elite Warriors to shine as well. Teresa York then gave her confidence as well.

Under the gazes of everyone, that female warrior walked towards the exit.

The Giant Tower Super Elite Warrior was rather calm. But his eyes flickered with a fighting intent. The Giant Tower Academy got bottom place in the Elite ranks.

The Super Elite Warrior doesn't want to repeat the same ranks again. He walked out as well.

Cheer!

When the 2 Super Elite Warriors walked into the ground. The audiences let out a roaring cheer. The first match up itself was a great.

Jonathan who was among the crowd looked toward their side as well. After seeing the 2 warriors, he shook his head in disappointment.

The audiences are letting out a cheer like the Super Elite Warriors are strongest. But he knows that any of the inner post Elite Warriors can kill them easily.

Many warriors in the inner post can fight across ranks. The Elite Warriors can kill Super Elite Warriors. Where as the Super Elite Warriors can kill SS-Elite Warriors.

Compared it to them. The duels here are nothing.

On the platform,

Both the warrior walked up to the stage. When they stood opposite each other. The barrier starts to envelop the platform.

When they completely covered the platform. The referee have the signal.

Boom!

The next second, the Giant Tower Warrior exploded with a great speed. The shock wave hits the barrier causing a loud boom.

The female red moon tower warrior's body releases red smoke. It was denser than the white smoke inheritance of the White Palace.

The Giant Tower Warrior reaches her within seconds. He raised his hand to punch her. His right hand completely turned golden including his right fists.

The movements was so fast that audiences only saw some flashes. Before they could think further.

Boom!

A deafening sound reverberated through out the area.

The Giant Tower Warrior's fist collides with the female warrior's fist. The next moment, the red moon energy overwhelmed the golden energy.

The impact send him backwards.

The female warrior stood in the same spot like a statue. She was unaffected. The other hand, the Giant Tower Warrior felt the burning in his fist..

When he stabilizes his movements. He looked at his right hand. The golden energy disappeared. In that place, red marked appeared on his fist. His fist was hurt.

Gasp!

When this image shown on the screen. The audiences let out a surprised gasp. Everyone saw that female warrior was won in first confrontation.

The Giant Tower Warrior was big and burly. He was twice the size of her. Yet he was hurt. Which shows how strong is the female red moon tower warrior in real.

The expression of the Giant Tower Warrior changes drastically. He used his elemental technique the next moment.

A silver spike appeared in his hand. He held the silver long spike like a spear before started charging towards her. The silver spike's point was so sharp. This can make one's hair stand up.

The female warrior surprisingly released the same silver spike. But her silver spike quickly becomes red in color because of the red moon energy..

Everyone surprised to see two metal element warriors against each other.

The Giant Tower Warrior's eyes flickered. But he didn't stop his movement. He got close to again. Then he brought forward the spike to hit her.

The female warrior raises her spike to block it.

Clang!

When both the spikes comes in contact with each other. A metallic sound reverberated through out the area.

Crack!

Followed by a small cracking sound.

The Giant Tower Warrior's silver spike has cracks all over it. In a blink of an eye, the cracks becomes enlarged before breaking into pieces.

Boom!

A terrible noise sounded again.

The red moon energy from the spike it didn't stop there. It hits the body of the Giant Tower Warrior. Which made him to forcefully go few steps backwards.

Inside the block,

Everyone can see the difference clearly. The Giant Tower Warrior is not that strong as the Red Moon Tower Warrior. It's a matter of time before he gets defeated.

On the Viper Academy side. Everyone's face was rather solemn. The strength shown by 2 Super Elite Warriors are greater compared it to the Viper Academy's Super Elite Warriors.

Because those warriors have not only practiced the inheritance but their level of understanding is deeper. Which can be seen by the strength they are displaying right now.

Which has directly hit the confidence of these Super Elite Warriors. Dean Rebecca is sighing from time to time in her heart. "Even the Super Elite Warriors of other academies have improved compared it to last year," She said in her heart.

Chapter 694 Super Elite Warriors' display of strength

From MC's perspective:

Duel Platform,

Boom!

One after another, the aftermath hits the barrier. Both the warriors exchanged a few blows in succession.

But the Red Moon Tower Female Warrior still holds the upper hand. The red moon energy covering her body didn't recede even a little bit.

The Giant Tower Warrior is showing exhaustion on the other hand. He has tried different metal techniques. But unfortunately, the opponent is a metal element warrior as well.

This time the female warrior took the initiative to strike. She saw that the opponent was at the losing end. She just wants to make it quicker.

Swish!

The next second, she releases a metal technique. She used metallic essence to form a metal ball. The metal ball quickly turned red.

She then shot towards the opponent. The metal ball pierces through the air and reaches the target in a blink of an eye.

The Giant Tower Warrior was surprised by the speed. The attack was faster than he had thought. But he was able to evade the attack in time.

When he sidestepped to move away from the spot.

Boom!

The metal ball hits the empty platform causing the deafening noise.

A deep pit was formed in that place. The next second, the metal ball disappears from the place. Just as the Giant Tower Warrior was distracted.

Swish!

A few more metallic balls shot towards him. The speed of the attack was twice as high as before. It was so fast that Giant Tower Warrior was caught off guard.

He evaded the 1st attack. But the 2nd attack lands a blow to his chest.

Boom!

The successive hit made him falter. Which made other metallic balls land hits on his body.

After getting hit by multiple balls within a few seconds, the Giant Tower Warrior crashes to the ground in the end.

Pfff!

Blood spilled from his mouth. His chest and forearms are swollen. Any more attack would severely injure his organs.

Quiet!

Seeing that he was getting bruised. The audience outside has become silent. There was no more surprise. From the beginning, it was clear that the Red Moon Tower Warrior was strong.

Just as everyone expected, the Red Moon Tower Female Warrior struck a few more metallic balls in the next few minutes.

The Giant Tower Warrior's condition has become even more worse. His arms have become numb. There was no more golden energy to protect his vital organs.

He has already felt pain in his bones and internal organs. He doesn't want to take risks. Any more attack would rupture his organs. So he admitted defeat under the gaze of everyone.

Quiet!

The crowd became silent. Everyone thought he accepted reality.

Hearing that referee declared the Red Moon Tower Warrior as the winner.

When the image of the female warrior is shown on the screen. The audience let out a loud cheer. She showed how strong the Super Elite Warrior is.

This duel has given a good understanding of the Super Elite Warriors to the audiences. Now they are looking forward to the next duels.

Inside the block,

Dean Lily Smith revealed a smile on her face. The Super Elite Warriors of their academy are better than the Elite Warriors.

Teresa York was pleased as well. She feels that this time the year-end competition will be remembered in the name of their academy.

Ella Downs and Sallie Mills became less stressful. They forgot about the earlier mood swings. Both the warriors didn't return immediately. Rather they went to the infirmary to get treatment.

At the Giant Tower Academy's side, everyone is carrying a solemn expression. Things didn't go their way. The Red Elder feels helpless. This year was bad for them.

Nothing going their way. Now he wants the competition to be over as soon as possible.

A few minutes later,

The next matchup was announced. It was between the Eclipse Academy and the White Palace. This announcement has brought loud cheer outside.

A Super Elite Warrior who is sitting next to Maria Frazier stood up. Supreme Elder Marlene looked at her and nodded her head. Dean Linda said some encouraging words.

Though she did not expect high. The Red Moon Tower Academy came prepared this time. Yet the White Palace Academy did well this time. They have removed the scar of bottom place identity.

On the Eclipse Academy side, a male Super Elite Warrior stood up from his place. Dean Edgar said a few words to him. He doesn't want to see any embarrassing defeat, that's all.

The Super Elite Warrior understood the meaning behind his words.

Then both the Super Elite Warriors left the place. When they appeared on the ground. The crowd erupted and caused a lot of noise.

When they walked onto the stage and stood opposite each other. The barrier covered the platform again. The referee gave the signal.

The Female White Palace Warrior released her inheritance power. Her body was covered with a white smoke.

Seeing that the Eclipse Academy Warrior released the special technique. A bronze color energy covered his skin. Unlike before, the bronze skin looks thicker.

Everyone is aware of the White Smoke power. It can affect the opponent's movement.

Swish!

The next moment, both collided against each other. Everyone saw a white smoke enveloping a person. But the White Palace Warrior was hidden inside the smoke.

She used her earth element to attack the opponent. It's a two types of attack. Outside, everyone saw the white smoke. But they didn't see boulders flying towards the opponent.

The Eclipse Academy Warrior used his bronze skin to defend. He knows as long as the bronze skin is there. The white smoke can't affect him.

The next second, he saw the flying boulders coming towards him. A whirlwind covered his legs before he evaded the attack one by one.

Boom!

The boulders hit the space creating a lot of noise. The white smoke covered his body but it didn't affect his movements.

The White Palace Warrior is Surprised by the wind element. She feels that her opponent is going to be difficult to defeat. He can move faster because of his speed.

Time passed in the blink of an eye,

The 2 Super Elite Warriors exchanged continuous blows. But none of them seem to be exhausted.

The Eclipse Academy Warrior tried engaging in close combat. But the White Smoke energy is affecting the bronze skin.

So he is waiting for the opponent to exhaust. Similarly, the White Palace Female Warrior was thinking the same.

She was annoyed by the opponent's wind element. He was able to evade her attack easily.

So both of the opponents are taking time. As time passes, the White Palace Warrior decides not to consume essence.

Which forced the Eclipse Academy Warrior to rethink. Finally, he moved against her. He used the wind technique to attack her.

He no longer hides his move. Then 2 of them started to exchange blows.

Boom!

One after another deafening sound reverberated throughout the area.

The White Palace Warrior manages to block the wind attack by using the huge boulders. Both of them are equally against each other.

At one point, it became clear that the duel was not going to end anytime soon.

Even the expressions of people inside the block became ugly. No one on the ground is willing to admit the defeat.

But the expression of the White Palace and the Eclipse Academy people says otherwise.

Dean Linda gave an appreciative look. She advised her students to do their best. There was added pressure on her.

So she is happy that their Super Elite Warrior is giving it all. They also saw that the opponent was not easy.

He was a wind-element warrior. Which makes it easier for him to do well against her. The bronze skin of his also provides necessary protection for him.

On the Eclipse Academy side, they are happy as well. The faces of their Elite and Super Elite Warriors are bright.

Dean Edgar didn't expect their Warrior to keep going. He knows the white smoke energy is troublesome. Especially when it's released by the Super Elite Warrior.

"His wind element is helping him a lot," He said in his heart.

But on the Viper Academy side, the mood was not that bright.

"What are we gonna do?" Laverne said.

Even this match has given them a good understanding. The Eclipse Academy Super Elite Warrior was not less than that of other warriors.

"You guys are thinking too much. Just let it go," I said.

They are being pessimistic. Not only that, their words are affecting others' moods as well. Dean Rebecca turned towards Laverne suddenly.

"Laverne, if you are that worried, you can return to the mansion," She said in a disappointing tone.

Hearing that Laverne quickly apologized to her.

Ernest remained silent.

Time passed,

The duel came to an end at the time of dawn. The Eclipse Academy Warrior gave up as his bronze skin began disappearing.

He knows when it disappears. The White Smoke will affect him for sure. When it happens it would be a matter of time before he loses the duel.

So he admitted defeat in front of everyone.

Chapter 695 Growing suspicion

From MC's perspective:

Goodwill City-Stadium,

Inside the block, the people aren't surprised by the result. Everyone is glad that the duel came to an end. Then the next duel will continue from tomorrow morning.

Then the Academy people start to leave one by one. The Red Moon Tower Warriors are happy and they are walking out with proud expressions on their faces.

Things are going well for them. Similarly, the White Palace Academy warriors are stepping out with their heads held high. This year has been fruitful for them.

Now they can no longer have the tag of bottom-level academy.

When everyone walked out. Finally, the Viper Academy turns. Dean Rebecca didn't say much. She led the students back to the White Mansion.

The people from the Silver Clouds Academy saw their expression. Everyone is carrying a gloating look. It's just their dean warned them not to say anything.

Otherwise, they would have taken the chance to say something and laugh at them. These 2 academies are walking along the same street.

Dean Cooper's expression was solemn. He likes to make fun of them as well. But he saw that the face of Supreme Elder McCarthy was not good-looking.

He seems to be in deep thinking. Feeling the gaze of the dean. The Supreme Elder McCarthy turned towards him.

He said, "Ask them to behave properly."

His voice sounded cold and impatient.

Dean Cooper was surprised. Then he turned around to call out the students. The students who were looking in Viper Academy's direction quickly came towards him.

After getting reprimanded by him, those students' expressions turned grave. They obediently followed the dean's back.

This scene didn't go unnoticed under Supreme Elder McCarthy's eyes. He nodded at the Supreme Elder before resuming walking.

What others didn't know was that his back went cold for a moment. McCarthy knew someone was watching him. He doesn't want to remember the person.

But still, it reminds him of the humiliation and fear. Which shows that this place is not safe for him yet.

Jonathan, on the other hand, took back his gaze. He knows that the Viper Academy situation is bad. He wanted to see what they were up to.

But he didn't expect the Silver Clouds Academy students to have second thoughts. Now the situation is resolved.

He turned towards the Viper Academy side.

Seeing that Zack was alright compared to others. A hint of appreciation flashes in his eyes.

"Maybe he was exposed to information from the inner post earlier. These duels might be significant to him. But for others it's their highest summit," He said to himself.

Then he disappears from the place.

Meanwhile,

"Zack, what about you?"

"Do you have enough lightning essence?" Ernest asked.

Right now, only 3 of us are left alone. As everyone else has walked further away.

"I have purple essence. But I have to use it wisely in the duels," I said to them.

"I was optimistic about you. But after coming here, I realized that there was no resource for lightning here."

"Even the normal world energy is scarce here," Laverne said.

Hearing that I sighed inwardly. These people simply gave up.

"Dean Rebecca has told you before. But you are still being pessimistic," I said to her.

Laverne was stunned before making her face apologetic.

Ernest watched this scene playing before saying, "It's hard for me to accept as well. We came with preparation and hope. But it turns out the efforts are not enough in the end."

Ernest thought Laverne could get these things out of her heart by speaking outside. But he wasn't able to do that. He just kept it inside.

"You guys?" I opened my mouth to say something. But I stopped mid-way.

After that none of us spoke on our way back.

Meanwhile,

The White Palace Academy people returned to their mansion. The Super Elite and Elite Warriors quickly went to their room.

Dean Linda and Supreme Elder sat on the sofa. Supreme Elder Marlene's mood was calm and composed.

Seeing that Linda thought about asking something which is bothering her mind lately.

"Supreme Elder, I want to ask you something?" She said,

Marlene nodded her head before turning towards her.

Seeing that Supreme Elder Marlene was ready to answer.

Linda said, "It's about the Silver Clouds Academy."

Marlene's eyes flash with a glint. She thought about Linda's doubts right now. She was thinking about the same thing during the duels.

The sudden changeover shown by the Silver Clouds Academy is frightening. How can they become so nice in one night?

"Are you thinking about their recent behavior?" Marlene asked.

A hint of surprise flashes in her eyes.

She nodded her head before saying, "Obviously, they had decided to target someone. It became clear when they targeted Viper Academy."

"But from the next day onwards, they have become silent. I thought they would do something in Super Elite Duels."

"Yet they seem like they don't have any intention of targeting anyone," Linda said.

Marlene remained silent before looking at her.

"Do you have any intel on the Viper Academy?" Marlene asked.

The only thing connected to the change in their behavior was the Viper Academy. But what's making her confused?

Their Supreme Elder was not here. So they are all alone. Then why did the Silver Clouds Academy back off?

Dean Linda was lost in her thoughts. Apart from the Silver Clouds Academy. The things surrounding Viper Academy were mysterious as well.

Especially when one of their students offended the Hunter League. Everyone thought that Viper Academy was going to suffer massively.

In the end, the Hunter League didn't make the next move.

There is one relation between the 2 incidents. The changes happened when someone threatened the Viper Academy. What could make them go back?

The next second, she shook her head in denial.

She realized her thinking was too much.

She then looked at the Supreme Elder before starting to speak on recent incidents surrounding the Viper Academy.

A few minutes later,

Supreme Elder Marlene starts to believe that there is something wrong with the Viper Academy as well.

Though she doesn't have any convincing points. Her gut feeling tells her like that.

"Anyway, don't offend the Viper Academy. This year may be bad for them. But it can't be said the same for next year," Marlene said.

She feels that Viper Academy is going to change.

Meanwhile,

The Red Moon Tower was discussing the same topic as well. It's just that they know more about Viper Academy.

Especially more on Zack Lockwood.

"Dean, did they get help from the federation?" Teresa York asked.

She realized today went well without any drama.

Dean Lily Smith revealed a bright smile on her face.

She said, "Looks like Silver Cloud guys are scared by something."

"Did you notice their warriors are afraid to look at the side of Viper Academy," She added.

Hearing that Teresa was shocked to the core. She thought she was the only one paying attention to other academies.

But she didn't even notice this incident.

"Dean, so my guess was right?" Teresa asked back.

Hearing that Lily Smith shook her head.

"If there is someone from the federation here, I would have noticed it. Besides, did you see that White Palace people are clueless as well?"

"Which means federation guys are not here. If there was someone here, then our Supreme Elder would have notified us," She added.

A look of understanding dawned on Teresa's face. "Dean was right. We do have our HQ in the inner post. We would have known if the federation people were here," She said in her heart.

"Then what could explain the current situation?" She asked herself.

"I think only Viper Academy can tell us clearly," Dean Lily Smith commented.

"What about the Hunter League?" Teresa York asked.

Hearing that Lily Smith's eyes flickered.

"Don't need to ask them. They are different organizations. We academy institutions come under one umbrella."

"There is no need to go to such a length. If something happens we have our backing," She said.

Teresa York became silent after that. She has little knowledge about the Hunter League. But she knows that it's a rival organization to all kinds of academic institutions.

...

Back in the Viper Academy:

The atmosphere was solemn. There was no more excited mood. Earlier, everyone watched the Elite level duels with many big screens installed all over the academy.

But enthusiasm died down because of Viper Academy's poor performance. Which made the students not watch the Super Elite duels.

But still, there are exceptions. Some students from the Flame faction are still hoping for good duels from their members.

There are also a few voices optimistic about Zack Lockwood. But no one mentions his name outside. As it could be heard by others.

But it's a different scene in B, C, and D-grade institutions. Everyone is watching the duels. Even the duels between other academies are watched by the students.

Most of them are looking forward to seeing Zack Lockwood's duels. But today no match-up was announced for the Viper Academy.

Unlike A-grade institutions, no one mentions the name of Zack Lockwood in their conversation.

Chapter 696 My turn!

From MC's perspective:

Goodwill City,

The following day,

Everyone returned to the block again. There are half an hour left before the start of the duel.

Other Academy people are coming in one by one. When Viper Academy came to their place. They sat quietly without making any noise.

There is not much conversation happening among the friends themselves.

Ernest and Laverne behaved properly. Especially Laverne decided not to open her mouth after Dean Rebecca's reprimand.

I'm observing everyone's expression. Especially I saw how Seamus Dave and Vina Potkins became quiet as well.

After coming here, we didn't have much interaction. But I can tell that they are being low-key as well.

Seeing that I sighed inwardly.

Shortly after,

People from the White Palace Academy walked in. Knowingly or unknowingly, Dean Linda looked towards the Viper Academy.

Last night, she had a long conversation with the Supreme Elder Marlene regarding the Viper Academy.

But still, they were not able to conclude anything. Supreme Elder Marlene's eyes flashed before returning to normal.

Among them, Maria Frazier looked towards Zack Lockwood. She has been expecting to fight against Zack. The last time they fought each other was during the academy days.

She wants to know the difference between their strength right now.

Then the Red Moon Tower Academy people came. Like the White Palace, they were also checking out the Viper Academy people to see through them.

Dean Lily Smith and Teresa York guided their students back to their place. Among them, Ella Downs and Sallie Mills are present as well.

A few minutes later,

The remaining academies came in one after another.

20 minutes later,

All the 6 academies were present inside the block. The audience on the stand were seated in their place as well.

Last-day duels have left a deep impression in people's minds. So everyone is looking forward to today's duel.

The organizers came shortly after,

They announced the match-up right away.

[Zack Lockwood vs Collins JL]

When the match-up was announced.

Uproar!

The spectators on the stand let out a thunderous uproar. Because the match-up was between the Viper Academy and the Eclipse Academy.

If it was someone else, they wouldn't be surprised. But the name Zack Lockwood caused the commotion.

The famous special elemental warrior who had offended the Hunter League previously. Now he is alive and kicking.

It made a lot of people pay attention. Those who came to watch the duel from the local federation branches are rather proud.

It's not a secret that the Federation was behind the Viper Academy. And Zack Lockwood comes from a family of federation officials.

So they are looking forward to the duel.

Inside the block,

Everyone's gaze instantly fell on me. Including the people from my academy side.

"Zack?" Ernest said while looking at me with concern. Laverne was worried as well.

Seamus Dave and Vina Potkins also looked at me.

Then I saw Dean Rebecca looking at me with hopeful eyes. She might be expecting me to open the winning account.

Under the gaze of everyone, I stood up and started walking out. I spotted Maria, Sallie Mills, and Ella Downs.

Collins, on the other hand, walked out as well.

Dean Edgar said nothing. His students know not to cross the bottom line against the Viper Academy.

Outside,

Jonathan revealed a smile on his face. He was getting bored because of worthless duels in this competition. Now he is going to see something interesting.

"Let's see how much he has improved," Jonathan said in his heart.

The information will be useful when he makes a briefing to Master Lowell later. The information is going to be useful for the Master to come up with the necessary training plans for Zack Lockwood.

Inside the block,

We left the place and started walking to the entrance together.

Rebecca's eyes flash with a glint. To be honest, she doesn't know the combat prowess of Zack Lockwood.

She heard accounts from Zack's guardians back in the academy. But some of that information seemed to be exaggerated.

Even during any challenge against other faction members. Zack has never shown his true strength.

A hint of intrigue appeared in her eyes. She knows that the person behind Zack is still here and watching everything.

If not for that person, the Silver Clouds would have attacked them already. She wants to know what made the person recruit Zack Lockwood.

Not only her, but others are paying attention to Zack for different reasons.

On the Red Moon Tower side. Teresa York's eyes flickered. She has failed to see through Zack during the student exchange meeting.

This allows her to find out the information as well.

Ella Downs and Sallie Mills looked into each other.

"What do you think?" Ella Downs asked.

Sallie Mills replied, "He must be strong."

Both of them are speaking in a low voice.

But still, their voice reached their teammates.

They snorted after hearing that. The student exchange meeting between the 2 academies was disappointing.

Some of them wanted to get back their lost face. It's just that Dean Lily didn't say a word so far.

Only Teresa knows the reason behind this. Zack's element is a lightning element. It's a special element. It was not easy for someone with a lightning element to become a Super Elite Warrior in their region.

This means Zack is naturally talented and stronger than others. It's just people are waiting to see what would happen if his essence hits the rock bottom.

Unlike others, he can't recover lightning essence here. When it happens he will be defeated.

Back in the Viper Academy,

The place has become noisy because of the first match-up. Yesterday not many had set up the screen to watch the duel.

That craze was only seen in other grade institutions. This time some people have set up a big screen.

Looking at 2 people walking to the platform. Everyone cheered loudly.

Carlos Kent has set up his cabin. It's just he is having the same concern as well. He knows apart from the twin mountains there was no other place where lightning energy could be found.

Chapter 697 Part 1: Zack vs Collins

From MC's perspective:

Goodwill City-stadium,

Both of us walked inside the platform and stood opposite each other. Right after, the invisible barrier starts to cover the platform.

Meantime, I started considering my options. Apart from the lightning attack, I got blood fists and soul attacks.

The Supreme Elders are here. It's not wise to use the blood method. Don't forget, Jonathan, he will notice it for sure. He is going to access my duel for sure.

A quick gleam flashes in my eyes. I can't use the blood element method. But it's different for the soul attack technique.

It was given to me by the teacher. Even Jonathan won't raise any questions regarding it.

By that time, the barrier had covered the platform. The referee gave the signal right away.

Collins JL brought his weapon forward. The weapon blade releases an intense orange flame.

Seeing that my eyes gleamed with a twinkle.

"A weapon user?" I said in my heart. So far I haven't seen anyone use the weapon to fight. But his element is rather ordinary. It's not a special flame or mutated one.

He might be using a weapon to increase his combat ability. The weapon of his choice made me intrigued. It's a sword as well.

Swish!

Collins exploded with great speed. Seeing that he took the initiative to attack. I became ready as well.

But instead of using the black sword. I raised my right hand and started pointing my forefinger at him.

"Lightning Finger Technique," I released the 1st stage of finger attack. The next second, a purple beam released from the finger and shot at the opponent.

Boom!

A clear air-tearing sound can be heard. Everyone saw a purple straight line flash before their eyes.

Collins's expression turned solemn. He brought his sword forward to block the attack.

When the purple beam hits the blade.

Boom!

The next second, an explosion occurs. It sounded like a thunderclap. The smoke instantly covers the platform.

Collins was thrown backward by the impact. He felt his hands go numb for a second. He heard a ringing sound in his ears because of the explosion.

The explosion caused some of the lightning sparks to hit his face. His hair stood up and his face was scorched black.

The lightning sparks failed to cause permanent damage because of his Super Elite body.

On the other hand, I took a few steps backward. The impact forced me to retreat. Before the smoke could disappear. I started attacking again.

This time I shot the 2nd stage of the lightning finger move.

A purple beam again flashes before everyone's eyes inside the platform. Collins had no other choice but to bring up the sword again.

The Sword blade was in an unknown condition. Collins has no time to check it.

Seeing that another beam came towards him. He brought the sword forward to defend again.

Boom!

An explosion occurs this time as well. Collins was pushed close to the barrier. His clothes and face were even more scorched.

His sword blade has taken even more toll. He saw there was no damage. But he can't tell how long it's going to last.

This time the lightning sparks left him with skin injuries. If it was a direct hit, he could have been deeply hurt.

At the same time, this explosion has increased the smoke again. The smoke has become denser making it difficult for ordinary warriors to see.

On the other hand, my eyes flickered. After stabilizing myself, I used the lightning phantom technique to reach the opponent.

Swish!

Purple arcs covered my legs before I disappeared from the spot. Everyone saw some purple sparks.

Collins has been keeping an eye on Zack.

Suddenly, his pupil shrank. He has just taken the time to stabilize himself. But the opponent is not giving him time to breathe.

Collins uses his special technique. The famous bronze skin starts to appear.

Outside,

The majority of them don't know what's happening. But some Elite and Super Elite Warriors can see that the confrontation is happening.

Jonathan was among the spectators. His face is full of surprise. As expected Zack has improved so much in his opinion.

"He has seen some development in that incomplete finger technique," He said in his heart.

He can see that the power output coming from the lightning-finger technique was not ordinary. He thinks that the incomplete technique comes from the inner post as well.

Inside the block,

Everyone is carrying different expressions. The people of the Viper Academy are happy. They can see that Collins has no way to defend lightning power.

"This duel has no suspense," Rebecca said in her heart. She is hoping that Zack will not waste the essence unnecessarily.

"He is going to win," Laverne said with a smile.

Ernest raised his eyebrows. Looking at the duel, he said in a low tone, "Everyone knows that he can win as long as he has essence left."

"But the real problem will appear when he runs out of essence completely," He added.

Hearing that Laverne nodded her head.

Seamus Dave, Vina Potkins, and others can see the same problem.

On the Silver Clouds Academy side, Dean Cooper's eyes flash with a hint of jealousy.

Their academy is known for having the largest number of Special element students. They have recruited some rare elements such as light element warriors.

It's just the lightning element warriors are hard to find. Their academy has failed to recruit Zack during the selection.

But it can't be helped. They can't snatch Federation Warrior.

Supreme Elder McCarthy was struck with sudden realization. "Don't tell me the powerhouse has something to do with the kid," He said in his heart.

He also connected the dots with the Hunter League incident. His expression turned grave.

Then he turned towards Viper Academy's side for a moment before returning to normal.

"The Viper Academy is going to rise," He said in his heart. He doesn't have evidence to prove his assumption. But his instinct has always been right.

The lightning kid was not an ordinary warrior. Now he has become more glad with his decision earlier.

Chapter 698: Part 2: Zack vs Collins

From MC's perspective:

Goodwill City- Duel Platform,

When Collins was expecting something else.

I appeared before him to strike.

"Lightning Wheel"

A purple lightning wheel appeared.

The wheels are beaming with dangerous power.

Collins' pupil shrinks.

He doesn't think that his bronze skin would be able to block the power.

"No," Before he could back away.

The lightning wheel touches his body.

The next second, the powerful wheel explodes on the spot.

Bang!

A terrible sound reverberated throughout the area.

Tud!

Collins smashes into the barrier before falling to the ground.

His body was bloodied.

His body has taken the direct brunt of the attack.

Now he is not in the condition to duel anymore.

On the other hand, the impact force has sent me a few steps backward.

Seeing that Collins was down.

I sighed inwardly.

Initially, I was planning to use the soul technique.

But I don't know why.

At the last moment, I felt the lightning wheel would be better.

When the aftermath was settled.

The scene inside the platform became clear.

Collins' bloodied and injured body came into view.

Uproar!

This scene has caused an uproar.

No one expected to see the condition of the Eclipse Academy warrior like this.

But warriors with discerning eyes can see that.

It was not intentional.

Follow new episodes on the "N0vel1st.c0m".

Zack's lightning element was powerful.

Collins had underestimated the attack.

Otherwise, he could have done something else.

The referee declared Zack Lockwood as the winner.

Jonathan was among the spectators.

His eyes flash with a glint.

What he appreciates about Zack is that his moves are not wasted.

The lightning-finger technique made the opponent wrongly judge the damage output.

Whereas the lightning wheel was the real move.

The damage output was high.

In this way, Zack won the duel and was able to preserve the purple essence.

When the barrier came down below.

An infirmary arrived at the spot and took him to the medic room.

Seeing that I started walking back to the block.

Inside the block,

Dean Egar's eyes are reddened.

He found that the last move was cruel.

"The last move was heavy-handed," He said to Dean Rebecca.

He wanted to avoid having a conversation with the Viper Academy.

But the last move by Zack angered him right now.

Because it would take time for Collins to recover.

He also doesn't know whether Zack's move was intentional or not.

Gasp!

A surprised gasp sounded inside the room.

No one expected Dean Edgar to open his mouth right now.

Dean Rebecca's eyes flash.

She looked towards the Eclipse Academy side and said, "Zack's lightning element is naturally powerful.

Your student underestimated him."

Her voice sounded neither arrogant nor humble.

Then her views are shared by others as well.

They understand Zack's situation as well.

Instead of wasting essence on fancy moves.

It's better to end the duel with a powerful move.

Dean Lily Smith and other deans understood this.

So they didn't raise any questions.

Dean Edgar snorted in his heart.

He was dissatisfied.

But he can't vent out his anger here.

He is still a member of Viper Academy.

The red elder on the Giant Tower Academy side shook his head.

He can see that the duel was fair.

The attack was not intentional.

But he can tell that Dean Edgar was desperate to win like them.

They have already lost the top position to the Red Moon Tower in the Elite section.

They don't want to see the same scene happen here.

Shortly after,

I returned to the block.

Under the gaze of many, I reached the Viper Academy side to sit down.

"You have done well," Dean Rebecca said with a smile.

She was glad that the winning account was opened by Zack.

The faces of Ernest, Laverne, and others turned bright after some bad days.

I accepted all of their words before sitting in my place.

"What about your essence?" Ernest asked.

Hearing that I closed my eyes before looking inside.

Inside the dantian, there is lightning essence like a purple sea came into view.

I noticed there is some drop in the essence.

Seeing that, I wasn't surprised.

The lightning wheel consumes more purple essence compared to the lighting finger technique.

Then I opened my eyes and turned towards Ernest.

“It’s fine.

I didn’t consume too much essence,” I replied.

“Good,” Ernest said with relief.

By the time the next matchup was announced.

It’s between the Giant Tower Academy and Eclipse Academy.

The expression of Eclipse Academy people changes drastically.

They have just fought the previous duel.

Their Match-up has come up again.

It can’t be helped.

Both the Super Elite Warriors left the place to enter the platform.

Time passed,

One after another the remaining 9 duels were held in quick succession.

It also gave organizers time to conduct the duels which were postponed until the last day.

Within a few hours, the rest of the duels were finished as well.

When it was the time of dawn.

The event came to an end.

So far 20 matchups are over.

The remaining matchups will continue from tomorrow.

Unfortunately, the matchups are arranged randomly.

The same warrior can fight two or more duels.

And some warriors might get only one chance.

The people in the stands began to leave the stadium.

Here, the academy people inside the block began to leave as well.

The Eclipse Academy People were the first to leave.

They had a bad day today.

Many thought Dean Edgar would have a sleepless night tonight.

Then the rest of the people walked out as well.

10 minutes later,

The Viper Academy got closer to the White Mansion.

Today, the Viper Academy had an average day.

Neither it's bad nor it's extremely good.

There were 5 matches today.

Among them, 3 of them were won including Zack's duel.

So Dean Rebecca was in a good mood right now.

After entering the mansion, everyone returned to their room.

Ernest and Laverne didn't get their chance today.

So they are very much in a relaxed state.

After speaking to them, I went back to my room.

Chapter 699: Jonathan's Reckless Action

From MC's perspective:

Big Castle- Inner Post,

Lowell McClain was spending time in his study room.

But his family members are pressuring him by making daily visits to his place.

He had forbidden anyone to come here.

This place was his private place.

But no one listens.

They desperately need his approval.

To send one of their blood descendants to McClain House.

But he was not willing to do so.

He thinks Zack will do better because of the lightning element and talent.

The lightning element warrior was favored by many.

It's the same case with the inner post.

If Zack does well, his status will be improved as well.

The McClain House is big.

He can't control the opinions of others.

If his status improves, then a lot of things will become easier.

It's one of the reasons why he was not willing to select a family member.

Lowell's eyes flash.

"I should not allow them to do as they please," He said to himself.

When it comes to Zack.

He knows that there is some competition going on.

But he feels the situation is urgent here.

If he can get Zack here right now, it would take Zack some time to adjust.

If he then nominates Zack, it won't be much surprising to Zack.

After making up his mind, he sends an emergency message to Jonathan.

In that message, he asked them to come right away.

...

Outpost- Goodwill City,

Night time,

Everyone is going about their business.

The match results today have become a topic of discussion among the residents.

Among one of the towering buildings, Jonathan was accessing his communication watch.

He daily checks the device for any incoming messages.

Follow new episodes on the "N0vel1st.c0m".

When he checked right now.

He saw a new encrypted message.

Seeing that Jonathan's expression turned solemn.

Because he knew the sender of this message was his master.

He began to decrypt the message.

When the content was recovered.

He began to read it.

A few minutes later,

His face becomes ugly.

His master has sent him a clear message.

He wants them to return right away.

"Looks like the situation was worse than I thought," Jonathan said to himself.

Swish!

Then he disappears from the spot and starts moving towards the White Mansion.

He was ready to take Zack away.

But Zack has been insisting on completing the year-end conference.

He soon reached the place.

On the other hand, I'm enjoying the night view by standing outside on the balcony.

To my surprise, Jonathan appeared before me.

I asked, "What is it?" I know Jonathan won't come here without any reason.

I think he probably came to advise me.

"We have to go," Jonathan said in a solemn tone.

He doesn't want to argue right now.

If Zack insists on staying back, he won't mind taking him away forcibly.

'Inner post?' I blurted out of surprise.

I thought I had time until the end of the year's end.

Jonathan saw through Zack's thoughts.

He then started to explain.

A few minutes later,

My heart has not calmed down.

I don't know what kind of urgency the teacher is facing.

But I think that year-end competition is important as well.

Seeing that Zack is still hesitating.

Jonathan furrowed his eyebrows.

Suddenly, a good idea struck his mind.

"If there was no stadium, then the event would be dropped," Jonathan said in his heart.

He plans to destroy the duel arena.

After figuring out the plan, he disappeared from the spot.

On the other hand, I felt guilty.

My teacher is facing something important.

And here I'm thinking about the Viper Academy.

The Viper Academy is in this mess.

It's because of me.

If I had not caused a problem, the Viper Academy wouldn't have had to face hostility from others.

I fear the Hunter League might act again.

Am I doing anything wrong?

Or should I leave with Jonathan?

A lot of troubling thoughts are disturbing my mind.

Then I went to the bed to lie down.

Meanwhile,

Jonathan is standing in the mid-air.

He is right above the duel arena.

He has to be careful.

If he uses a little bit of elemental energy.

It could destroy the whole of Goodwill City.

So he plans to use small brute force to destroy everything.

Before doing that he has to knock out the guards to set up the massive barrier.

He can understand Zack's concerns.

The Viper Academy is under threat.

There was no one here to take care of it.

So to solve the problem.

He thought of a solution.

Which is a deterrence.

Only by showing strong deterrence can he send a message to others.

In that way, the other academies will have to think twice before moving against the Viper Academy.

Not only that he has plans to send someone strong over here.

Once they reach the master place.

Then the Viper Academy's threat will be resolved.

Swish!

The next second, he disappeared from the spot.

He quickly appeared behind the guards in a flash.

Then he starts to knock them out unconscious one after another.

Soon, more than a hundred guards were knocked out within a few minutes.

He knows there will be people coming here to check them out.

So he decides to finish the task as soon as possible.

Then he brought a huge disk outside.

It's an artifact used to set up massive barriers.

He never expected to use this thing here.

It was primarily used to block the strong enemies.

Then he starts to set up the barrier.

A massive invisible barrier starts to cover the whole stadium.

If anyone sees this scene, they would be shocked to the core.

A massive layer is slowly covering the whole stadium.

Within minutes the whole stadium was covered by the barrier.

The next second, Jonathan appears above the seating area and starts destroying them.

Boom!

One after another the stands exploded into pieces.

But no noise can travel outside because of the barrier.

A few minutes later,

The whole place was covered with debris and smoke.

No sign of the stadium could be seen right now.

Chapter 700: Bad news

From MC's perspective:

Goodwill City,

Jonathan was successful in demolishing the stadium.

When the smoke was gone.

Things became even more clear.

He knows people will visit the place shortly.

Then the whole city will be in turmoil.

And all 6 academies will be confused.

He intends to stay here and warn them.

Instead of letting them know one by one.

Then he removed the barrier and placed the disk back in his storage ring.

Meanwhile,

When the barrier was gone.

An eery silence began to spread around.

The guards who are down started to wake one by one.

Jonathan thought someone else would come here.

But the Guards have woken up just in time.

The guards felt panicked before started looking for others.

Some of their gaze is set on the stadium.

But everyone's expression turned grave and their eyes widened in disbelief.

The stadium was nowhere to be seen.

When the guards realized that they started running frantically towards the arena.

When they arrived at the place.

They saw the arena was completely gone.

On the plain ground, they saw a mountain of debris.

Uproar!

When the realization struck them.

They started to contact their higher-ups to inform them.

Most of the guards' expressions turned pale with fright.

They are just weak warriors.

Most of them are not even Elite Warriors.

To think someone caused this level of destruction without noise made everyone scared.

Which means the attacker could destroy the city at a time.

Follow new episodes on the "N0vel1st.c0m".

The news soon reached the ears of the organizers.

The organizers couldn't believe what they were hearing.

They are living in the city not away from the stadium.

So they quickly went to see the place for themselves.

While this was happening.

The residents who were walking by also noticed the unusual behavior of the guards.

As they are gathered in one place.

Some of them wanted to leave.

But their path is being blocked by another group of warriors.

Seeing the strange situation taking place.

The pedestrians were startled.

The whole city is celebrating the year-end conference.

But this strange situation made them doubtful and scared.

On the other hand, the organizers reached the place.

Seeing the destruction of the stadium.

The organizers felt a sense of death crisis.

Their face looked like they had lost the blood.

On one hand, the guards are panicked and scared.

They want to leave the city right away.

Here, the organized themselves are scared.

They see more than the ordinary warriors.

A warrior who could accomplish such a task must have the strength of the Supreme Elder.

Even they haven't heard of any Supreme Elder of the Academy who can pull off a silent destruction like this.

"Who could be?"

"Someone destroyed the stadium.

But not the city.

Could be the Supreme Elder of one of the academies is behind this?"

The organizer starts to speak among themselves.

The more they argue about it.

They more feel panicked.

Then they concluded and decided to inform all the six academies.

Meanwhile,

Jonathan is hiding in the dark.

He is watching the whole development.

He wants the Supreme Elders and deans of all the academies to present here.

In that way, he can quickly convey the message.

Shortly after,

The organizers' emergency message reached everyone.

At the Red Moon Tower's Mansion.

Dean Lily Smith and Teresa York are talking to each other.

They are discussing the future of their academy and students' training.

Beep!

Dean Lily Smith's communication watch flooded with messages all of a sudden.

Hearing the continuous ringing of the notification.

The faces of both of them change drastically.

"What happened?"

“Why they are sending so many messages?”/Lily Smith asked herself.

Teresa feels something wrong.

She stood up and came to Dean’s side.

Dean Lily knows that the message was from the organizers.

When she opened it to read the message.

Her expression was fine for a moment.

Tad!

The next second, she stood up from her seat.

She was in a stare of disbelief.

“Dean, what happened?” Teresa asked with concern.

She thinks some major event has happened.

But when she knows she won’t be this calm.

Dean Lily Smith’s heart was in turmoil.

She was shocked at the core.

The news seems unreal.

But she knows the organizers won't dare to pull a prank on her.

A few seconds later,

A trace of clarity returns to her.

She turned towards Teresa and said, "You wait for me here and take care of the students."

Then she added, "Don't step outside.

Until I come back."

After saying that she disappeared from the spot.

And started moving towards the arena.

Similarly,

A few minutes ago, the Supreme Elder Marlene was staying alone in her room.

But she was disturbed by Dean Linda.

When the door was opened.

Supreme Elder Marlene saw Linda's disheveled hair and pale face.

"What happened to you?" Marlene asked.

Linda was panic-stricken.

Instead of answering, she showed the message of the organizers.

Marlene furrowed her eyebrows seeing her actions.

But when she read the message.

A quick gleam flashes in her eyes.

“is this real?” her old voice was breaking a little bit.

Because the news was unbelievable.

Dean Linda nodded her head before saying, “I received a message from all the organizers.

They want our presence there.”

Marlene stood up from her seat.

Her expression was solemn.

A cold sweat starts appearing on her forehead.

She was here the whole time.

But she didn’t feel any strong presence in this city.

If there was another Supreme Elder who appeared here, she would have known.

But even more grave thoughts appeared in her mind.

She then warned Linda to protect others and not come outside.

Swish!

The next second, she disappears from the spot.

On the Silver Clouds Academy side, Dean Cooper was speaking to his students.

The news came as bolt of a blue.

At first, he didn't believe it.

So he ignored the news.

Then he continued to converse with others.

Supreme Elder McCarthy who was in his room.

Suddenly, he was disturbed by a spike of energy.

He opened his eyes immediately.

Then he looks in the direction of the arena.

"Why is she going there?" He muttered to himself.

He frowned.

Because he recognized the person.

She is none other than Marlene.

Looking at her speed, he feels there is something important happening.

He was already warned by a strong person behind the Viper Academy.

He became doubtful all of a sudden.

Then he stood up and walked out of his room.

He quickly finds Cooper in the lobby.

Seeing that he is speaking to other students.

He walked to them and asked what happened.

Cooper was shocked.

He doesn't know what the Supreme Elder is asking about.

Then he remembers the unreal message sent by the organizers.

After recalling it, he turned towards the Supreme Elder and said to him.

Dean Cooper doesn't know the seriousness of the matter.

He is speaking normally.

McCarthy then heard the message was sent a couple of minutes ago.

Then his expression turned grave recalling the spike in energy a moment ago.

He knew the news was real.

Otherwise, Marlene wouldn't have left the place.

He then coldly glared at him before leaving the place.

On the side of the Eclipse Academy, Dean Edgar also left the place in a hurry.

The news brought him shock and fear as well.

Their academy doesn't have the presence of the Supreme Elder.

He didn't want to face any threat right now.

The Giant Tower Academy's red elder confirmed the news with Dean Edgar.

After knowing that he is going to the arena.

The red elder also left the mansion.

Finally, it was the turn of the Viper Academy.

When Dean Rebecca heard of this she immediately thought of the person behind Zack.

Apart from him, no one has the guts to do this.

“He destroyed the arena.

For what?” Her heart set off storms.

He knew that person was here all this time.

From the beginning, he was the one who was protecting the Academy.

Then she suddenly asked Zack to come to the lobby.

Meanwhile,

I’m reading the article.

When I got the message.

I left the room and walked to the lobby.

There I saw Dean Rebecca.

Looking at her frowning face, I felt bad all of a sudden.

“What’s going on?” I said in my heart.

Then I went to her.

“Zack, do you know what’s going on?” Rebecca asked.

Hearing that my heart skips a beat.

I shook my head.

The Dean Rebecca forwarded some messages to me.

I don’t know what’s this about.

So I opened the message to read it.

When I read the content.

My heart set off storms.

“The arena was gone,” I muttered to myself.

The first person who comes to mind is Jonathan.

He disappeared after informing me.

Don’t tell me he destroyed the arena to stop the year-end competition.

For a second, I don’t know how to react.

I looked at Dean Rebecca with a guilty expression.
