Chapter 751: Defeating Patricia

Blood Shadow Hideout:

Kane asked, "Are you going to accept it or not?" His expression was solemn.

Hearing that old man squeezed smile before saying, "Sir, there is no problem in accepting it.

But the price would be higher."

Kane's eyebrows eases down a little bit.

He was afraid that old man might deny.

Now he let go off his worry before asking the price.

"The price 1 million affinity stones," The old man said.

"What?"

"1 million.

Why don't you rob it?" Kane asked.

Their yearly family income was just over 1 million affinity stones.

The bounty price is asking for them to give up one year income.

Then he recalled Supreme Elder's words.

He was determined.

So there is nothing wrong in offering one million.

"Okay, I deposit.

20,000 affinity stones in advance.

Rest of them will be given after the mission completion," Kane said.

"No problem," The old man said before uttering secret words.

The next second, changes took place in the blank page.

The information of Zack Lockwood appears in the page.

It can be only seen by the old man.

It's also recorded price and the amount paid.

The old man then turned towards Kane and asked, "Sir, drop your blood here."

Hearing that Kane came forward and drop his blood on the blank page.

The next second, the blood drop disappears into the page.

Seeing that Kane's eyes flickered.

He asked, "When will you shot?"

"The mission is active from now on.

Someone will pick it up," The old man replied.

"Okay, then I'm leaving," Kane said before leaving.

He don't want to stay in the creepy place anymore.

At the same time, the blood shadow killers all around the inner region gets update of a new task.

Everyone has a red color book.

Only the blood shadow members can read it.

When they saw information of new task.

Many of them are tempted.

All of them spotted that the task value is 1 million affinity stones.

From MC's perspective:

Duel Arena,

“Lightning Finger Technique”

I released the lightning beam one after another.

Patricia almost managed to cover the entire platform with ice element.

But I don't think she can escape from the lightning bombardment.

On the other hand, Patricia snorted before creating the ice wall.

She knows the power of lightning element.

One ice wall is not enough to stop the power of lightning.

So she stacked icewalls one after another.

Boom!

By the time, the lightning beam hits the first ice wall.

The ice wall breaks into pieces.

But the attack was not enough break the rest of the walls.

But the following lightning beams hits the rest of the walls in a blink of an eye.

The force made Patricia to retreat a few steps backward.

A sharp glint flashes in her eyes.

In the blink of an eye, except last ice walls.

The rest of the ice walls are destroyed.

Current situation of duel is going towards draw.

Uproar!

The crowd let out a roaring cheer.

Because the current is interesting.

It's not sided.

Both the challengers are trying their best to defeat each other.

On the other hand, my expression turned solemn.

The children of the infamous are family are really troublesome to deal with it.

Patricia got back on her feet.

She has tried to cover the entire platform with ice.

So that it can make difficulty for the opponent to move.

But still the opponent is standing before her.

It's just she had consumed more mana by doing that.

She can't afford to try that again.

"Lightning Phantom Technique"

The dense purple arcs covered my legs before I start moving towards her.

I thought of nice plan to defeat her.

Patricia was startled.

In a defense, she released several of ice spikes again.

On the other hand, I used the black sword in my hand to block the attack.

Whenever the ice spikes touches the blood.

The blade freezes for some second.

Gasp!

Seeing my change in strategy.

The crowd gasped in surprise.

Patricia gritted her teeth before saying, "Good, I want to see what are you going to do?"

Boom!

The next second, a monstrous ice aura comes from her body.

It instantly made the platform freeze.

Seeing that a decisive look appeared in my eyes.

“Sword Divide”

In the blink of an eye, I charged the black blade with purple essence.

The next second, I held the sword in both of my hands before releasing the attack towards her.

Boom!

The purple beam tore through the air.

The freezing ice power failed to impact it's speed.

Patricia widened her eyes in disbelief.

This purple lightning attack is many times stronger than before.

She launches an ice armour in defense.

But it's too late.

The lightning sword beam hits the armour directly.

Boom!

The force sent her body backward flying before she smashes into the barrier.

Then she fallen down to the ground.

Pfff!

The next second, she spurts large amount of blood from her mouth before fainting on the spot.

Quiet!

There is pin drop silence.

The crowd is shocked beyond their belief.

These scene will be etched completely in their mind.

Beginning the crowd showed one sided support.

No one thought Zaco could defeat her.

After few seconds, everyone returned to reality because of the announcement.

The announcer declared Zack as the winner.

Cheer!

The next second, there was an overwhelming loud cheer.

Compared it to the 1st duel of Zack.

The barrier starts to come down.

When it was disappeared.

The medical team came to pick her.

Then I walked out.

It's a good win.

But I'm not happy in my heart.

Her sudden burst of ice aura made me to release sword attack.

I could have handled it, if it used the blood energy.

But it will attract unwanted eyes.

Then I started walking back to the contender room.

When I returned.

I saw everyone is looking at me with complicated eyes.

Their strength is not more than Patricia Raymond.

So this duel must have given them some understanding..

Chapter 752: Defeating Giant Tower Warrior

From MC's perspective:

Duel Arena,

Ignoring everyone's gazes, I entered the mini essence chamber.

"He can defeat Patricia."

"So he can defeat us as well," One of the challengers said.

Some of them are still thinking about fulfilling family's task.

After seeing the sword attack, they have decided to observe room.

Meanwhile,

In other room, the fat middle aged man once again congratulate Lord Lowell.

Everyone was surprised again.

No one thought Lowell's student could defeat someone from the Raymond Family.

On the other hand, Lowell squinted eyes.

He saw how Zack underestimated the bloodline warrior.

“He don’t have enough knowledge about Bloodline Warriors,” He thought in his heart.

Otherwise, he wouldn’t have exposed the 2nd attack this sooner.

The news also reached various forces.

After warrior’s defeat from Seth Family, many of them looking forward to see who is going to defeat Zack Lockwood.

But when they learnt that 2nd duel was between Zack Lockwood and someone from the Raymond Family.

Everyone has decided the winner earlier.

But the results just came now slapped everyone’s face.

Including the Supreme Elder of the McClain House.

“This kid can’t stay,”The old man’s eyes flashes with a murderous glint.

The more that kid shines.

The more will be the prestige of Lowell McClain in the family.

He don’t want that too happen.

At the same time, the news also reached intelligence unit of other 21 forces.

Including the Raymond Family.

Inside the Raymond Family's training Sub-Space.

A 20 years old fair skinned young man sitting on the powerful ice block.

The young man is training is bloodline power by stimulating under this cold environment.

After some time, he opened his eyes after ending the daily practise.

When he walks our the butler appears beside him and started briefing the new information.

"Zack Lockwood?"

"A Super Elite Warrior," The person muttered before asking,"Why are you talking about him?"

"That kid defeated Patricia," The Butler said.

"Interesting," A quick glint flashes in his eyes.

Follow new episodes on the "N0vel1st.c0m".

Duel Arena,

As the time passed, other duels started taking place.

But the name of Zack Lockwood didn't appeared.

In the mini- essence chamber,

I'm running the wood scripture to heal from the small injuries.

Those ice attacks has left ice element in my body.

I can't run the purple essence smoothly in this condition.

So I'm focusing on removing the ice element with the help of healing element.

The healing element immediately dissolves the foreign energy in my body.

Thankfully, my name was not called up.

Beep!

The next second, I hear my name from the announcer.

Hearing that my expression turned stiff.

Before I accepted the reality.

"Fortunately, I removed most of the ice energy in my body," I muttered to myself.

Creak!

Then I walked out of the essence chamber.

Soon, I reached the platform.

But when I saw the opponent.

A hint of surprise flashes in my eyes.

I'm feeling the familiar energy from this person.

The next second, the barrier starts to cover the platform.

Duel starts!

Right after, the opponent's body covered with a golden film.

"Giant Tower," I blurted out.

"Yes, I'm from the Giant Tower Academy," The burly man said before rushing out towards me.

A cold glint flashes in my eyes.

"Lightning Phantom Technique"

The purple arcs covered my legs before I started moving towards the opponent in a zig zag manner.

The golden film is powerful than that I have seen before.

The burly man shots boulders at me.

When the boulders came at me.

I evaded the attack one after another.

“Sword Divide”

I started charging the black sword with the purple essence.

In the blink of an eye, the sword was fully charged.

On the other hand, the burly man startled after seeing the sword full of purple energy.

He knows that this attack has defeated Patricia Raymond earlier.

The next second, he stopped throwing founders and started laughing the defensive technique.

Boom!

At the same time, a thick purple beam tore through the air and reaches the target in the blink of an eye.

When the purple beam hits the opponent's body.

The Golden film protecting him started to crack.

Seeing that the burly man was startled.

He underestimated the attack.

He launches earth like shield around the body.

Boom!

The next purple beam completely shatters the golden film.

Then purple beam hits the earth shield.

The deafening sound reverberated through out the area.

The burly man retreated backwards.

Before he could defend.

Another purple beam hits his body.

This time lightning energy tore through flesh and started causing serious injury.

A few seconds later,

The burly man rolled over the ground with injuries all over his body.

He too fainted from the attack.

Cheer!

The crowd let out a roaring cheer.

The announcer declared Zack Lockwood as the winner for this duel as well.

When the barrier came down completely.

I started walking out of the platform.

Fortunately, the ice energy didn't caused any disruption.

After returning to the contender room, I went straight inside the mini essence chamber.

Sitting cross-legged inside.

I began to ponder.

In this duel, I have only used one technique repeatedly to defeat the opponent.

On top of it, I have experience of fighting against the Giant Tower Warrior before.

After pushing down these thoughts, I started running the wooden scripture again.

I started to guide the healing energy around my body.

Those traces of ice element is being vaporised under healing element.

Meanwhile,

Lowell McClain wasn't surprised by the result.

This was the fastest win for Zack.

Thinking about the Giant Tower Academy.

A quick gleam flash in his eyes.

“I should also keep an eye on these academy institutions,” Lowell said in his heart.

Lowell Castle:

Jonathan is also watching the duel alive.

Since he is the member of the federation as well.

He got an access to the live stream.

“He is doing good,” Jonathan said in his heart.

Zack’s improvement can be seen in this duel.

He thinks that underground training chamber is beneficial for Zack.

There is also various training chamber in federation.

Chapter 753: Timothy Cline

From MC’s perspective:

Time passed in the blink of an eye,

It is almost late evening, and I have successfully won 55 continuous victories.

There are still 45 more duels to go.

There are other challengers with similar records as well.

Fortunately, there was free time in between the duels.

Which gave warriors to recover their essence.

Just as I was pondering inside the mini chamber.

My name was called up next.

Hearing that I walked out of the mini essence chamber.

The behavior of other challengers has changed in these past few hours.

From their earlier contempt, surprise, and hate.

Now their gaze has become serious.

Like they have encountered some formidable enemy.

After ignoring them, I left the room and started walking towards the dual platform.

Cheer!

The crowd is cheering my name.

This was totally in contrast to their actions in the morning.

But my continuous wins have managed to gain their support.

After entering the platform, I looked towards the opponent.

The opponent is a middle-aged man.

Looking at me, he showed a serious expression.

In the next second, the barrier starts to cover the platform.

Duel starts!

The middle-aged man shot a big water ball at me.

Seeing that a hint of seriousness appeared in my eyes.

The water ball may look simple.

But I know these warriors don't have simple techniques.

I may lose if I underestimate the attack.

"Lightning Phantom Technique"

I launched the movement technique.

The next second, the purple arcs covered my legs.

When the water balls reached me.

Follow new episodes on the "N0vel1st.c0m".

Swoosh!

I disappeared from the spot and started moving in a zigzag manner to avoid the water ball attacks.

Boom!

The water balls hit the empty floors.

But the floors got cracked the next second.

Like some heavy stones have landed on the floors.

Seeing that I'm more determined to avoid getting hit by the attack.

The middle-aged man sneered.

He saw Zack using the same movement techniques in previous matches.

So he has prepared for him.

Seeing that Zack is getting closer to him.

The middle-aged man smirked.

"Water Splash"

A wave of water released from his palm.

The force was so powerful.

If anyone gets hit by it, they would feel hit by a moving mountain.

On the other hand, my eyes gleamed with a twinkle.

The middle-aged man's smirk didn't go unnoticed under my eyes.

I realized the middle-aged man was using this as a trump card.

When the water splash got closer to me.

"Lightning Wheel"

I released the lightning defensive technique.

A purple wheel formed around me.

The next moment, the water splash comes in contact with the lightning wheel.

Boom!

The next second, the lightning wheel explodes.

A deafening sound reverberated throughout the area.

The middle-aged man was startled.

The purple lightning tore through the water and hit his body.

The power of lightning is so powerful that it has sent his body back flying.

The middle-aged man took the direct brunt of the attack.

He felt his entire body go numb.

On the other hand, I didn't stop with that attack.

I raised my finger and pointed at him.

“Lightning Finger Technique”

A purple ball forms at the tip of my finger.

The next second, the purple ball shot at the opponent who was trying to get up.

Boom!

In the blink of an eye, the purple beam went in a straight line before hitting the opponent.

Pfff!

The middle-aged man coughed up a mouthful of blood.

The 3rd stage of the lightning-finger technique has hit him hard.

A lingering fear appeared in the middle-aged man's eyes.

"I admit defeat," He said.

Cheer!

When the announcer declared me as the winner.

The crowd let out a cheer.

Fortunately, the lightning defense technique is so strong.

It can almost break through all of the obstacles.

If it was another technique, I don't think it could stop the water splash.

From this duel, I got something to learn.

When the barrier came down.

I started walking out of the platform.

So far I have used all the lighting techniques.

Hereafter, I have to be careful.

The other warriors might have started working on my moves.

Shaking my head, I returned to the contender room.

"Hush, did you find out something?"

“The lightning wheel attack seemed to be powerful.”

“No, his sword beam seems to be strong”

“The finger attack wasn’t bad either”

The other challenges started to voice out their opinion.

Hearing the voices behind me.

My mouth curves into an arc.

I have only used half the strength.

If I had used the other elements, the duel would have ended faster.

Then I returned to the mini essence chamber.

At the same time, in another room.

Some of the officials left a few hours ago.

They have wanted to see the Joke of Lowell.

But in the end, they left with their face burnt.

Only the duel arena manager and other staff were left in the room.

Even if they want they can't help.

It's their job to conduct the event.

'Sir, your student got another victory," The fat middle-aged man said with flattery.

At this time, the officials have changed their view about Lowell's students.

They are rating him in the same category as the genius student of the inner post region.

But still, there is a wide gap when compared to the direct descendants of powerful families and clans.

Meanwhile,

Lowell revealed a smile in response to that all.

Zack's lightning techniques come from his collection.

He felt glad that he gave those techniques to Zack in his early stages.

If he had provided the technique recently, then the attack wouldn't have been this powerful.

HQ Tower:

The Federation Head Ben finally got a chance to look at the ongoing Super Elite duels.

When reading the reports.

A hint of surprise flashes in his eyes.

"56 continuous wins," He said to himself.

"Okay, this kid is better than I thought," He said in his heart.

Now he doesn't regret warning other forces.

He wants Zack to get closer to the Federation.

Then he thought of something before looking at another report.

"Those pests have been identified and killed," He muttered to himself.

Time passed,

After a few hours, my duel win has reached 80.

Finally, I think I'm going to win easily.

But few others have similar counts.

If this win continues, then we will fight against each other.

In the mini essence chamber, I started running the celestial scripture to recover the essence.

The purple essence from the surroundings has entered my body.

Slowly, the refined purple essence entered my dan tian.

Seeing that I have continued to repeat the process.

A few minutes later,

My name was called up again.

Hearing that I opened the door and walked.

Gasp!

A small exclamation sounded in the room.

Everyone is looking at me with surprise and gloat.

“What again?” I asked myself.

Every time they show this expression.

Then the opponent must be strong.

A hint of curiosity appeared in my eyes.

Then I left the room and headed toward the dual platform.

When I reached the platform.

I hear the audience shouting different names again.

But this time it was not my name but a new name.

“Cline, ” I muttered to myself before looking towards the opponent.

Then I looked at the big screen.

The name and image were shown.

“Timothy Cline,” I said in my heart.

Then a look of understanding dawned on me.

It must be another superfamily like Raymond’s.

The opponent was a slender-looking young man.

He is smiling at me.

I can sense a familiar aura from him.

“What is it?” A hint of apprehension appeared in my eyes.

After every duel, I spent time in the mini essence chamber.

So I don’t know about his element.

When the barrier covered the platform.

The duel starts!

The young man rushed out to attack.

Boom!

The next second, a black light comes from his palm.

Seeing that I felt danger.

At the same time, my eyes widened in disbelief.

“Lightning,” A realization struck my mind.

“Lightning Phantom Technique”

A purple arc covered my legs in the blink of an eye.

But still, the black lightning hit my shoulder when I tried to move.

Argh!

I gritted my teeth as I felt the pain in my left shoulder.

Gasp!

A loud exclamation sounded outside.

“Lightning Finger Technique”

A purple ball gathers at my forefinger.

The next second, he shot the 3rd stage of the lightning finger.

In the blink of an eye, the purple beam reaches the target.

To my surprise, the opponent released a similar finger technique.

The Black lightning collides with the purple lightning.

Boom!

An explosion occurs.

A terrible noise sounded.

At the same time, the smoke quickly covered the platform.

The aftermath hits the barrier.

My expression turned serious.

For the first time in my life, I have met another lightning warrior.

But the black lightning doesn't seem to be ordinary.

A simple attack has caused my right shoulder bone to hurt.

Chapter 754: Part 1: Winning the internal competition

From MC's perspective:

“Sword Divide”

After the finger attack failed, I released another technique.

In the blink of an eye, the black sword charged with the purple essence.

Then a purple beam swept across the air before reaching the target.

“Harumph,” Timothy Cline snorted before raising his 2 hands.

A black color Thunderball formed between his hands.

The black lightning is so dense and powerful.

It’s releasing a shock force.

Right at the moment, the purple beam hits the black lightning ball.

Boom!

A deafening sound sounded as the collision happened.

The shock wave swept across the platform and then hit the barrier.

The aftermath noise was so loud that even the organizer was shocked.

Inside the gallery room,

Lowell's eyes flickered.

He was not surprised by the strength of Timothy Cline.

Like the Raymond Family.

The Cline Family is also one of the Bloodline Family.

They have the bloodline power of the Black Lightning.

He thinks that Zack has met a tough opponent this time.

The Black Lightning is another variant of the Lightning element.

There are also other variants of Lightning Element.

Each of them has their advantages.

The Black Lightning power is more effective against the bloodthirsty monsters.

Similarly, the domineering and destructive nature of the purple lightning is high.

The fat middle-aged man squinted his eyes.

At this time, he has a genuine appreciation of Zack Lockwood.

Zack Lockwood has won against people who have brought up and trained well since their childhood.

Many of the challengers are similar in age or years younger than Zack Lockwood.

At the same time, he knows that these challengers don't represent the entire younger generation of the inner post region.

Those direct heirs and descendants of the major force are already in the Commander Stage and General Stage.

The second are the SSS-Elite and SS-Elite Warriors.

Follow new episodes on the "N0vel1st.c0m".

These challenges are just 3rd level best.

But still, they are better than hundreds of thousands in the inner post region.

The other officials in the room have the same thought as well.

They have changed their views as well.

In the contender room, everyone is watching with solemn expression.

Especially those who have lost their fight against Zack Lockwood and Timothy Cline.

"Hey, it's going to be tie"

"Neither of them seems to be exhausted"

"Timothy will win for sure.

Don't forget his bloodline power."

"Zack hadn't lost any duel yet"

The other challengers are whispering.

Among them, Patricia watched the duel with a solemn expression.

She didn't fight against Timothy in this duel.

But she had her duel with Zack.

She knows the power of purple lightning.

She recalled her experience.

The powerful lightning almost electrocuted her.

Because of the bloodline power.

She averted most of the damage.

Otherwise, her foundation could have been hurt.

So she is more optimistic about Zack than Timothy.

As the time passes, the duel continues.

Both of them exchanged blows and got hurt by each other's lightning element.

Many of the floor tiles are cracked under the power.

These tiles were not ordinary.

They were especially used for the duel arena stages.

Yet they cracked under the power of 2 different lightning.

At one point, Timothy got frustrated because of Zack's long-range attacks.

He has 2 other techniques under his sleeves.

The next second, both of his palms were covered with black lightning.

Seeing that a cold glint flashes in his eyes.

A hit from this palm technique will cause serious injury to the human body.

Swoosh!

He disappeared from the spot.

Then he appeared close to Zack Lockwood.

This movement technique was faster than Zack Lockwood's technique.

On the other hand, I squinted my eyes.

I noticed that the opponent was going to try a new technique.

A hint.

of fighting intent appeared in my eyes.

This duel was challenging.

When Timothy was a step away from me.

He raised his black lightning towards me.

Seeing the black lightning swimming like snakes around his palm.

I know getting hit by it is not a good thing.

“Lightning Wheel”

A purple lightning wheel formed around me.

The lightning wheel contains pure lightning power.

The next second, Timothy slammed his palm against the purple wheel.

He has seen the power of the wheel before.

He believes that his black lightning wheel will disintegrate it.

When his palm comes in contact with the purple wheel.

Boom!

An explosion occurs.

The black lightning power was not enough to obliterate the purple wheel.

Instead, the purple lightning hits the body of Timothy Cline.

Pfff!

This change caught him off guard.

His body was sent back flying because of the impact force.

The powerful purple lightning starts ravaging through his body.

Tud!

Seeing that his body landed on the ground hard.

I used this opportunity to release the sword divide attack.

Boom!

A purple sword beam tore through the air before landing a blow to his body.

Pfff!

Timothy coughed a mouthful of blood.

The purple lightning power has entered his organs.

If he continues this duel any longer then his foundation will be destroyed.

He revealed a bitter smile before admitting the defeat.

The announcers then declared Zack Lockwood as the winner.

Hearing that a hint of relief flashes in my eyes.

“This guy misjudged the power of the lightning wheel,” I said in my heart.

Gasp!

At the same time, a loud gasp sounded in the spectator area.

I have once again defeated a famous family’s warrior.

So I wasn’t surprised by their reaction.

Then I walked out and strode towards the contender room.

After arriving at the room, I immediately entered the mini essence chamber.

“He won!” Patricia’s eyes flickered.

As she had rightly guessed, the black lightning was a little bit weaker than the purple lightning.

The other challengers are shocked as well.

The scene of the lightning wheel will be etched in their mind forever.

On the other hand, I sat cross-legged on the platform.

Then I tried to access my condition.

Now the duel is over.

I'm feeling terrible pain all over my body.

First, I have to remove the energy of black lightning.

So I started running the wood scripture.

The healing element once again came to the rescue.

Chapter 755: Part 2: Winning the internal competition

From MC's perspective:

In the gallery room,

Lowell sighed in his heart.

Zack won the duel in the end.

But his eyes can see more than anyone.

Timothy's palm technique was not good.

Timothy must have practiced recently for the duel.

That's why he was not good at it.

At the same time, he underestimated the power of the lightning wheel.

The lightning wheel technique is a double-edged sword.

If not handled properly, the overwhelming power could hurt the user.

And Zack has been practicing this technique since his early period.

He has achieved some success in it.

So it's easy for him to put more power into it.

And there are chances of improvement in the future.

The fat middle-aged man standing beside him was dumbfounded.

"This kid has defeated another famous youngster.

This news will cause a storm tomorrow," He said in his heart.

The officials are shocked.

They are sending back the news to their connections.

Time passed,

The upper echelons of the Cline Family got the wind of it.

They were gloating when they heard the news of Raymond's defeat.

Now they have been defeated as well.

Everyone felt the burning sensation on their face.

It shows that their opponent was strong.

Previously, Raymond's direct heir took note of this.

Similarly, inside the forbidden subspace of the Cline Family.

A girl wearing a black dress is practicing at the top of the mountain.

The strange thing about the mountain is that it's attracting black lightning.

From time to time, the woman was getting hit by the Black Lightning.

But she didn't feel pain.

Suddenly, she opened her eyes after receiving the message.

Follow new episodes on the "N0vel1st.c0m".

“A family genius was defeated by another lightning warrior, a quick gleam flashes in her eyes.

But when I saw the strength of both warriors.

She closed her eyes again.

Both of them have a big gap compared to her.

So she quickly lost interest.

Duel Arena,

Time passed in the blink of an eye,

The duel came to an end the following day.

The number of warriors who have a record of unbeaten 100 duels is only one.

The person is none other than Zack Lockwood.

Cheer!

When it was officially announced.

The crowd let out a roaring cheer.

Zack is the winner of the internal competition.

With this, no one can question his talent.

Almost everyone recognized his strength in the Super Elite Stage.

But if he chose to break through, then he has to start all over again.

The other challenges have already been left apart from a few.

The announcer said that the rewards will arrive at your home later.

Hearing that I nodded at him raised my hand waved at spectator crowds before leaving the place.

When I returned to the contender room.

The staff was there to guide me back.

Soon we reached the main hall.

Then I saw the teacher Lowell was with the manager.

Upon seeing me, both of them approached me.

"Zack Lockwood.

Congratulations on your win.

You have convinced everyone,' the fat middle-aged man said.

Heading that I thanked him.

“Let’s go, you need deep rest,” After saying that we left the building and started walking back to the teleportation platform.

Fortunately, we have left before the crowd gathers.

Soon, we arrived at the teleportation platform.

The change in the eyes of the guards is noticeable.

After entering inside, the teacher activated the platform.

Swoosh!

The next second, we disappeared from the spot.

When the turbulence came to an end.

I opened my eyes.

We have arrived at the delta city.

Before I could ask, the teacher grabbed my shoulders before moving towards Lowell Castle at full speed.

I thought my organs would come out.

A few seconds later,

He dropped at the entrance before disappearing in front of my eyes.

“What happened?” I asked myself.

I noticed he appeared to be tense.

Creak!

The door opened.

Jonathan walked out.

“Zack, where is the master?”

I saw both of you coming,” Jonathan asked.

“No he left after dropping me here,” I replied.

Jonathan looked confused.

“Alright, let’s go inside,” He said.

Then we both entered the castle.

“Zack, you have made the teacher and everyone here proud,” Jonathan said.

Hearing that I swept my eyes across.

I saw the staff gathered here.

The staff congratulated me.

Then I thanked them before turning towards Jonathan and said, "I'm going to take a rest."

"Alright," Jonathan nodded his head in understanding.

Then I head straight towards my room.

Although the essence chamber helped me to recover my essence.

But still, I have a headache.

I need a deep rest.

After entering the room, I went to take a shower.

18 minutes later,

I changed into comfortable clothes before lying down on the bed.

Meanwhile,

Lowell is in the delta city.

Not far away from the teleportation platform.

"Where is it?" He asked himself.

Earlier, when he and Zack appeared on the teleportation platform.

He instantly felt the malicious targeting of Zack.

So he took him away at that moment.

Now there were no traces left.

Lowell is having a bad feeling about this.

Swoosh!

The next second, he disappeared from the spot.

A few seconds later,

He appeared back in the castle.

He then summoned Jonathan before going to the study room.

When Jonathan arrived.

He saw Master Lowell sitting behind the desk.

But looking at this serious expression.

He feels something bad happened.

“What could be?” Jonathan asked in his heart.

Zack is number one in the Super Elite Competition.

Lowell raised his head and looked at Jonathan.

He said, "A Black Mark Warrior is targeting Zack"

Hearing that expression Jonathan changes drastically.

"Master, how is that possible?" Jonathan asked.

He knows the Black Mark Warriors can't enter Delta City.

It requires permission from his Master Or it requires permission from the federation itself.

Lowell saw through his thoughts.

He said, "It's not from the federation."

"It's an outsider," Lowell added.

He knows it's not a federation.

Because he felt a different power.

He has felt this power before.

But he isn't able to remember it now.

"Alright, don't go outside.

I'll inform the head," Lowell said.

Chapter 756: Expectations

Lowell Castle:

After some discussion Jonathan left, Lowell was not sure whether the malicious gaze was from the Federation Warrior or someone from outside.

So he has decided to tell the head tomorrow.

For the time being, no one will approach Lowell Castle because of his presence.

Meanwhile,

Blood Shadow Killer was indeed hiding in the Delta City.

The Killer has some grudge against the Federation.

So by taking this mission.

He can inflict some damage to the reputation of the Federation.

At the same time, he can get the rewards of killing the target.

But unfortunately, he was exposed because of his recklessness.

Unless he aborts the mission or dies during the mission.

No 2nd Blood Shadow Killer will take the mission.

So he can wait patiently in the city before finding an opportunity to kill the target.

The Blood Shadow Killers have many techniques under their sleeves.

If he wants he can change to another appearance and disguise his breath.

But right now something else is bothering my mind.

He thinks that Lowell McClain will do something.

So he decided to lay low for a few days and not appear in the main part of the city.

...

McClain Main House:

Kane has already returned to his house.

But he didn't get summoned by the Supreme Elder.

So he has been hearing updates of the ranking competition.

Unknowingly, Zack Lockwood has attracted the attention of many forces.

When the final duel's result was announced.

Kane sneered inside.

He is sure that Blood Shadow will never miss the target.

If it happens he can't wait to see the reaction of Lowell.

Similarly, Zack Lockwood's win was heard by other family heads.

Everyone was surprised by the result.

The internal competition was not an easy one.

Even the talented warriors, have to face difficulty to achieve consecutive wins.

Follow new episodes on the "NOvel1st.c0m".

When the younger generation of the family heard it.

They showed mixed reactions.

At the time of the banquet, everyone wanted to fight against Zack Lockwood.

But they never expected the person would be so strong in the Super Elite Stage.

Among them, there is one person who took seriously and gritted his teeth in anger.

The person is none other than Clay McClain, the young master of the 3rd Branch Family.

He was unwilling in his heart.

He was supposed to be the student of Lowell McClain.

Zack Lockwood's appearance has spoiled everything.

Now not only Zack Lockwood joined the Main House.

But the whole family is against Elder Lowell and Zack Lockwood.

Since their 3rd branch Family lost the support of Elder Lowell.

Then they have to rely on the main family head in the future.

At the same time, the elders of the 3rd branch are having bitter expressions.

Elder Claire, Elder Ollie, and Elder Christie realized that Elder Lowell's vision was great.

They too learned the result of the ranking duels.

After knowing that Zack Lockwood has become number 1.

They regretted it deeply in their heart.

If they had met with Elder Lowell earlier, then things could have been better.

Now the Main House is against Elder Lowell.

They don't know whether it's good or bad for their 3rd branch.

They are also displeased by the behavior of their Family Head.

For personal vengeance and interest, he grabbed the thigh of the Main Family Head.

They don't know what will happen in the future.

...

From MC's perspective:

The following day,

I woke up early.

After getting out of bed, I started doing the morning routine.

20 minutes later,

I left the room and walked towards the basement training room.

After arriving at the place, I entered inside the essence chamber.

The basic mode was activated.

Then I sat cross-legged on the platform.

Feeling the white mist around me.

I closed my eyes and started to run the wooden scripture.

I want to use healing energy to once again clean my body.

There might be traces of other essences left in my body.

Only after circulating the healing essence multiple times in my body.

I can relax.

Slowly, I started to absorb the dark green essence into my body.

When enough essence entered my body.

I started to circulate according to the scripture.

As the healing essence passes through my meridians.

I felt warmth like some foreign essence had been erased.

After circulation, the healing essence enters the dantian.

It gathers at the center of the purple essence.

Seeing that I continued to repeat the process.

A few hours later,

I stopped the method.

Now I slightly feel different from before.

Circulating the healing essence is better than using the expensive healing elixir.

The purple essence recovered yesterday itself.

So I decided to cultivate the blood element method.

Meanwhile,

Lowell is planning to go to the HQ alone.

But he fears that the attacker might use this time to harm Zack Lockwood and everyone in the castle.

In the study room, he decided to contact him online.

A holographic screen appears above the gadget.

Then he dialed the number of the federation head.

A hint of apprehension appeared in his eyes.

He doesn't know whether the Federation Head is available or not.

Beep!

All of a sudden image of a person appears in the holographic projection.

The person is none other than the Federation Head Furious Ben.

Seeing that Lowell dumbfounded before he stood up from the seat to greet.

“Lowell, you got a good student.

He has achieved number 1 in the internal competition.

If he continues this in upcoming stages.”

“It won’t be long before he gets the opportunity to join one of those universities,” Head Ben said with a smile.

He was satisfied with the result.

This shows his vision was not wrong.

Head Ben has his thoughts.

He wants someone alone to represent the federation in the future.

And he sees Zack fulfilling that role in the future.

Hearing Lowell’s eyebrows ease down a little bit.

He didn’t expect the Federation Head to have great expectations from Zack Lockwood.

Then his expression turned serious.

He started to tell about the malicious gaze of an unknown warrior.

A few minutes later,

The Federation Head thought about something before asking, "Are you sure it was someone above the general stage?"

"Yes," Lowell replied.

"I'm sure I didn't permit anyone to enter the Delta City.

Which means a rat from outside slipped in."

"Don't worry, I'll send a trusted team of Black Mark Warriors to patrol all the 4 cities.

If anyone wants to create a problem, they will be caught," Federation Head said in a solemn tone.

He didn't expect someone to dare to interfere even after his warning.

Then they talked about a few other things before ending the discussion.

The holographic projection returns to normal.

Seeing that he sighed inwardly.

He thought it would be hard to convince him.

But surprisingly the Federation Head is optimistic about Zack.

He knows that the Federation Head was not like this before.

It was not easy to please him.

Suddenly, a realization struck his mind.

“Now, Zack has only one identity.

Which is the federation,” He said in his heart.

“No, wonder.

He is expecting great things from my student,” He added.

Then he thought maybe it was good for Zack.

The Federation Head is Gold Mark Warrior.

To have the support of Gold Mark Warrior is a huge thing.

“Maybe the loss from McClain House was not a bad thing,” He muttered to himself.

Compared to the dying old man of the McClain House, the Federation Head is better.

Thinking about it, his eyebrows ease down a little bit.

“Next, I should arrange materials for Zack’s breakthrough,” He said in his heart.

He knows Zack has 3 elements.

He is going to prepare materials for the blood element method also.

Meanwhile,

The Federation Head orders the special team of Black Mark Warriors to enter all 4 cities under the federation.

He has told them to carry out the work undercover.

Illusion Chamber:

After leaving the essence chamber, I walked into the Illusion chamber.

This time I decided to use the blood element method.

After activating the basic mode, I sat cross-legged on the ground.

The mysterious white mist appears.

The next second, I found my consciousness drowning.

Then I found myself in the beautiful environment created by the illusion.

It was barren land.

There was no vegetation whatsoever.

Boom!

Suddenly, the ground cracked.

A worm monster appears above the surface.

Swoosh!

Seeing that I rushed out to attack.

In the blink of an eye, I appeared close to the monster.

“Blood Fist”

The next second, a red energy from the bones gathers around my fist.

Then I punched the body of the worm monster.

Bang!

The blood fist attack easily tore through the defense and penetrated the monster’s flesh.

The blood gushes out from the monster’s body.

Seeing that I leaped backwards to see the damage.

The worm monster moves the body from side to side.

Seeing that I decided to attack again.

Chapter 757: Attack

From MC’s perspective:

The worm monster tried to move away.

Seeing that I decided to use the blood fist again.

The next second, I rushed out to attack.

The worm monster sensed the immediate threat.

The next moment, it brings down its huge head to devour the prey.

Swoosh!

Seeing that I burst out with a great speed to reach the monster.

I evaded the monster's head before reaching the body easily.

"Blood Fist"

I raised my fist to punch heavily.

At the same time, I mobilized the blood energy.

In the blink of an eye, the blood energy from my bones reaches my fist.

When the punch comes in contact with the flesh again.

Boom!

It exploded into pieces again.

This time monster's half of the body was blown away.

But still, the worm monster's vitality was strong.

You have to inflict severe damage to make it die faster.

Then I used the blood fist again to injure the dying monster.

After a few minutes, the worm monster was dead.

Before I could take a breath, the scenery in front of me broke.

The next second, I found myself in the illusion chamber.

But I'm not satisfied inside.

"Let's try the Puppet Training Chamber," I said in my heart.

I got up and left the chamber.

Then I entered the Puppet Training Chamber.

After selecting the basic mode, I waited for the humanoid puppet to appear.

Creak!

The platform opens up before the silver humanoid puppet appears.

A quick gleam flashes in my eyes.

When the humanoid monster rushed out to attack me.

Follow new episodes on the "N0vel1st.c0m".

“Blood Field Technique”

I used the blood element aura to lock the humanoid puppet.

Boom!

The next second, the movement of the humanoid monsters slows down a little bit.

Using this opportunity, I went forward to attack the monster.

“Blood Fist”

I’m using the blood-bone energy to punch the humanoid puppet.

Boom!

When my fist comes in contact with the puppet’s chest.

The puppet took the direct brunt of the attack.

The impact force made the humanoid puppet retreat a few steps backward.

But a small dent appears in its abdomen.

Seeing that I rushed out to attack again.

Because the Humanoid puppet is strong on the same level.

It requires continuous attacks to defeat the puppet.

In the blink of an eye, I landed 2 more punches.

The puppet keeps retreating backward.

But there were more dents on its body.

If it was any average warrior, he would have died by taking one single punch from me.

But the humanoid puppet was built very strong.

Fortunately, the intelligence was not that great.

As time passed, I continued to repeat the attack.

After a few minutes, a hole appeared in the puppet's abdomen.

The next second, the humanoid puppet stopped its movements and returned to its usual position.

Which means the puppet has admitted defeat.

At this time my whole body is sweating.

I didn't use lightning elements in this duel.

So it will take a lot of time to improve the blood element techniques alone.

Then I walked out of the chamber.

Seeing the time was post-noon, I decided to end the practice.

After returning to my room, I quickly entered the bathroom.

20 minutes later,

I changed to fresh clothes.

After combining my hair, I sat on the sofa before accessing the online articles on my watch.

I want to know whether the results of internal competition appeared in the news or not.

Soon many articles appeared in the news feed.

I started to scroll down one by one.

All of a sudden, the article about the federation caught my eye.

Then I opened the article and started to read it.

Meanwhile,

In the delta city, a team of Black Mark Warrior appeared by using the teleportation platform.

The 2 guards were startled.

After feeling the unfathomable energy from the warriors, they shut their mouths.

The Teleportation Platform cannot be used by anyone.

Only the Federation Members and people approved by the Federation can use the Teleportation Platform.

The Black Mark Warrior team left the place in the blink of an eye.

They quickly split into individuals.

Each went in a different direction.

They are going to check whether anyone stays near the space barrier.

When everyone was gone.

The last remaining person was the Captain.

It's a 5 member team.

All four of them went in different directions to check.

On the other hand, he is going to check the huge city.

He is over 40 years old and currently in disguise.

People would recognize him as a random shop owner.

But his eyes flash with seriousness.

The next second, he disappears from the spot.

At the same time, the blood-show killer was hiding in a certain tavern in the city.

He wouldn't have expected that someone is going to come after him.

When he was drinking wine.

His watch lit up with a notification sound.

Feeling that he gulped the wine in one go.

Then he stood up from the seat and went behind the tavern to check the message.

"Who is it?" The killer muttered.

When he checks the message.

He saw that it was from the hideout manager who posted the mission.

Seeing that his expression becomes serious.

"Why is he sending me the message?" The Killer frowned before opening the white book.

No one can read the content except the Blood Shadow members.

In the white blank page, the blood letters started to appear one after another.

Soon, the full content was revealed.

[Complete the mission within one day.]

“What?” The Killer’s expression changes drastically.

How can I complete the mission one day?

For a second, he stood in a daze.

Usually, there will be 5 to 7 days at least to complete the mission.

Then a murderous glint flashes in his eyes.

He can’t infiltrate the Lowell Castle.

Otherwise, he would be exposed.

If he fails to complete the mission, then someone other will pick up the mission.

A firm glint flashes in his eyes.

He decides to take the risk.

He is going to test the defense of the Lowell Castle.

Time passed,

When it was late at night.

The blood shadow killer decides to move.

On the other hand, the Black Mark Warriors are searching for him everywhere.

A few minutes later,

He walks out of the tavern.

Even at night time, the whole city is active.

He doesn't want to alert the authorities.

So he secretly reaches the City Gate.

The Lowell Castle is located not far away from here.

After seeing that the guards are paying attention.

He waited for a few minutes before slipping away from the place.

He could have flown over.

But this will attract unwanted attention.

Earlier, he almost exposed himself.

This time he won't repeat the same mistake.

In the blink of an eye, he got closer to the Lowell Castle.

At the same time, a hint of apprehension appeared in his eyes.

He doesn't know whether Lowell McClain is present or not.

If he is present there, then the chance of exposure is high.

Soon, he reached close to the Lowell Castle.

But he didn't take any action.

Rather he waited outside the Lowell Castle.

As per the information, he knows that apart from Lowell McClain.

There is one more person with General Stage Level who takes care of the Castle.

His expression turned ugly.

If he continues to hesitate, then he can only waste the time.

Swoosh!

The next second, he disappeared from the spot and appeared above the castle.

His movements were not noticed by others.

His eyes scanned the courtyard.

Apart from the servants, there was no sign of the target.

Should I enter the building?

A doubt appeared in his heart.

He is a Black Mark Warrior.

But he has assassinated the average Silver Mark Warrior before.

So he mustered up the courage in his heart.

The next second, he entered the building.

Boom!

Before he could land.

A powerful force hits his body.

His body was sent back flying before crashing onto the ground.

The attack sound was so deafening that reverberated throughout the area.

The sound alarmed everyone.

The staff and maids are terrified.

The blood shadow killer didn't mind the injury.

He turned around and tried to run away from the place.

But again a massive force hits his body.

Pfff!

The killer spilled the blood.

But he didn't stop flying towards the city.

No one will fight in the city.

It will cause death and destruction.

Lowell McCain's face turned dark.

The next second, he started following the killer.

Lowell's expression is serious.

But he is not without any plan.

He knows the arrival of the Black Mark Warrior team.

He has the number of the leader.

While following he sends him a voice message.

[The Killer is here!]

[Come to the City Gate]

After sending the message, he continued to follow him.

Boom!

The City Gate was destroyed by the killer.

A few of the patrol guards are directly killed.

He is doing it to stop Lowell.

Chapter 758: Part 1: Chasing

Delta City:

The Black Mark Warrior's team captain is currently in the city.

Right after getting the message, he immediately started moving toward the City Gate in mid-air.

The distance was not far away.

He reached the spot in a blink of an eye.

Seeing that Lowell McClain is fighting someone.

He understood other party was the culprit.

The next second, he joined hands to surpass the unknown Black Mark Warrior.

Boom!

As the exchange of blows continues to happen.

The shockwave has swept across the street destroying the nearby buildings.

People are already fleeing in fear.

Some of them were there when the patrol guards exploded into pieces.

Fortunately, Lorr McClain caught up in time.

He gave them a chance to escape.

The noise of battle has alarmed everyone.

The shop owners, customers, and other warriors started running away from the fighting area.

“You can’t keep me here,” the blood shadow killer shouted.

He is using blood techniques for both of them.

But still, he is slowly getting suppressed.

Because both of his opponents are elite.

Lowell recognized the face of a middle-aged man.

He is the Elite under the Federation Head.

“Lord, don’t use your full strength.

It will destroy the city,” The middle-aged man reminded.

Lowell’s eyes flickered.

He knows otherwise, he would directly kill the killer.

But the aftermath is something that will destroy the city.

“He..He..He,” The killer grinned.

He has deliberately lured there.

So that he can get a chance.

Follow new episodes on the "N0vel1st.c0m".

He knows that they dare not to use powerful techniques here.

At this moment, his body was extremely bruised.

If he stays here any longer, he might fall here.

As this realization occurred to him.

“Red blood escape”

The next second, he exploded at great speed.

Which surpassed the speed of Silver Mark Warrior.

But it comes under the cost of loss of blood.

Lowell and the Captain were caught off guard.

Before they could act, the blood shadow killer slipped away by using the forbidden move.

At the same time, both of them recognized the technique.

“Blood Shadow Member,” The middle-aged man said with a hint of fear.

“He must have come here to complete the mission,” Lowell commented.

At this point, all his doubts were cleared.

The malicious gaze from earlier.

It was from this killer.

“Let’s follow him,” Lowell said.

Hearing that the middle-aged man nodded his head before chasing together.

No one spoke on the way.

But they both know what the Blood Shadow Killer organization is known for.

This is one of the 23rd organizations in the inner post.

Unlike other organizations, this organization runs by taking up the assassination order.

They have been running successfully over the centuries.

Many forces had teamed up to remove the blood shadow force in the past.

But none of them were successful.

Including the Giant Forces like the Federation and other bloodline families.

Each of these forces has Gold Mark Warrior as the head.

But they weren’t able to solve the scourge.

Later everyone came to know about a rumor that the backing of Blood Shadow was not in the inner post.

Don’t know who spread the rumor.

It has sent down a cold chill in everyone's spines.

After that, no one offended the Blood Shadow.

Later they tried to protect their family members who were on the list.

Usually, the blood shadow organization targets the heir of a bloodline family or some other descendant.

The rival families place a bounty on each other.

But Zack Lockwood was not at that level.

He has just joined the federation.

He is also aware that you need an enormous amount of wealth to place a bounty.

Because even if a mission fails, someone will do it.

So there is a guarantee that the targeted person will die for sure.

Even if it takes months or years.

Meanwhile,

The blood shadow killer has successfully crossed a few miles before leaving the territory of the delta city.

Now he has to reach the boundary to escape from this place.

On the way, he has lost too much blood.

He won't be able to recover any time soon.

Soon, he reached the boundary.

The next second, he saw another Black Mark Warrior at a distance.

"Why so many Black Mark Warriors have come?" A hint of seriousness flashes in his eyes.

Wait!

The black mark warrior shouted out loud.

The Captain has already informed him.

The blood shadow killer's eyes turn ruthless.

He has been pushed to this state because of those 2.

Now he is going to teach a lesson to this person before they catch up.

Boom!

A fight between 2 of them breaks out.

Even though the killer was injured.

He effortlessly blocks all of the opponent's moves.

When the black mark warrior tried to launch a big attack.

He was caught off guard by the sneak attack.

Pfff!

The Black Mark Warrior spewed blood before crashing onto the ground.

The blood-show killer looked at his sharp dagger with a cold smile on his face.

He was keeping it in his chest for emergency use.

But he didn't expect it would be useful at this moment.

The next second, he decided to leave.

It's a pity that he has to abort the mission.

He might have to receive a penalty point from the organization.

But he doesn't care.

All he wants is to leave this place alive.

The presence of Black Mark Warriors has surprised him.

If he had acted later, he would have met with death.

Thinking about it his black went cold.

When he arrived at the end.

He felt the barrier ahead.

He knows that exact spot where the loophole lies.

He came to this place earlier by using those loopholes.

Shortly after, he left.

Lowell and Captain arrived at the place where the Black Mark Warrior was lying on the ground.

“What happened?” The Captain asked.

Swoosh!

Lowell appears before the warrior before feeding him with a healing potion.

Lowell then asked the Captain to take back the injured warrior.

He is going to catch the culprit alone.

Chapter 759: Part 2: Chasing

Delta City:

After sending them, Lowell started moving towards the end.

Where the space barrier exists.

The space barrier was used to separate the territory.

It's not a completely defensive method.

On the way, his eyes spotted the blood stains on the ground.

He has been following this trail all along.

It is just the "Red Blood Escape" it's a forbidden technique.

It's used by the members only.

He didn't expect the killer to be ruthless to himself.

Shaking his head, he increased the speed.

Soon, he reached the place.

The blood trail also comes to an end.

He tried to move forward.

An invisible wall blocked him.

He knew it was the space barrier.

Seeing that the blood trail ends here.

He knows that the killer must have used a loophole to escape.

Which is to find the weakest part of the barrier and exploit it.

He started to check the strength of the barrier one by one.

A few minutes later,

He stood in front of the barrier.

Not far away from the initial position.

However, the strength of the barrier in this position is weak.

Meanwhile,

The Captain has reached back to the City.

But he was not happy.

The injury of one of the members was more serious than he thought.

The internal organs are cut.

It must be the result of the sharp weapon.

So he has sent 2 more warriors to carry the injured warrior back to the HQ.

He and the other warriors are going to stay behind.

The Blood Shadow Organization is not a good thing.

Follow new episodes on the "N0vel1st.c0m".

The Federation Head should be informed of this.

So he started typing to send the report.

At the same time, the whole city is in chaos.

The City Gate was gone.

There was nothing there to block anyone's moving from going out and coming in.

The area near the city gate was deserted.

The shops are open.

But no one was inside.

Not a single person can be seen walking around.

The people who fled from this place gathered in the central part of the city.

Everyone is scared and waiting for some sort of announcement.

They know that Lord McClain is in charge of this city.

Most of them have seen Lord McClain fighting against a warrior.

Now they can't hear a single sound of destruction.

Which means that the destruction has stopped.

10 minutes later,

Lowell has returned to the city.

He knows everyone is gathered in the central area.

It's a part of the rules.

If something happens to the city.

Especially an attack on the city, then the people are advised to gather in the central area.

Shortly after,

He arrived at the center area.

Seeing him standing in mid-air, people let out a cheer.

The next second, 2 more silhouettes appeared in mid-air and flew towards Lowell.

They are none other than the Captain and Black Mark Warrior.

Seeing that Lowell nodded before looking down at the people.

“A powerful outsider infiltrated the city with ulterior motives.

We successfully injured and drove him away,” Lowell said.

His voice reached everyone’s ears.

Some of them never thought that the outsider could escape alive from the hands of Lord Lowell.

Which shows that the opponent was strong.

Gasp!

A few of them sucked cold breaths of air.

For them it’s unbelievable.

For them, Lord Lowell was already strong below the Gold Mark Warrior.

But some intelligent people saw through this.

They know that Lord Lowell can’t fight inside the city.

So he must have lured the intruder away from the city.

Cheer!

The people are cheering out loud.

Since the place was safe.

They can return to their shop and hotel.

One by one people started to leave.

Seeing that Lowell turned towards the Captain.

"I followed the blood trail.

But he has already escaped by using the loophole," He said.

"Loophole, "Captain's expression turned dark.

He knows that the space barrier has weak space.

He knows that they can't keep the blood killer here.

"Did you send the report to the Head?" Lowell asked.

"I'm going to send it now," The Captain said.

He just waited for the Lord Lowell to arrive.

Lowell swept his eyes across at everyone.

Seeing that everything was fine.

He asked him to take care of it before leaving the spot.

...

From MC's perspective:

30 minutes ago,

Jonathan and the staff are gathered in the front garden.

I came here a while ago.

But still, everyone is carrying solemn expressions on their faces.

"Jonathan, what happened?" I asked.

Hearing that everyone turned towards me.

I saw the faces of everyone filled with fear.

Seeing that my eyes flickered.

Jonathan let out a sigh before replying, "An intruder came here.

Master attacked him and started chasing him away."

"Intruder?" I asked out of curiosity.

Jonathan sighed inwardly.

He doesn't want to explain.

He knows that the intruder was above the General Stage.

There was no reason for an intruder to come here.

Except if there is a motive behind it.

A motive could be related to Zack Lockwood.

On the other hand, I raised my eyebrows in doubt.

I feel like Jonathan is hiding something.

So he decided to wait for the teacher to come.

A few minutes later,

I hear a loud noise.

For a second I thought it was nothing.

But I saw the expression of others.

They seemed to hear the noise as well.

A few seconds later,

The noise sounded again.

Hearing that I think that place is not far away from here.

“Jonathan, you must know something?” I asked again.

Jonathan has black lines on his forehead.

He knows it must be the sound of the fight.

He doesn’t know what’s going on.

“Zack, wait for the master to come.

We will know everything,” Jonathan said.

Hearing that I took a deep breath.

Why do I have this bad feeling?

Like it has something to do with me.

Then I continued to wait for the teacher to come.

Several minutes later,

The teacher came back.

Chapter 760: Reactions (Delta City Attack)

From MC's perspective:

Lowell Castle,

I saw Teacher Lowell land on the ground.

But his expression was not good-looking.

It confirms something bad has happened.

On the other hand, Lowell's eyes swept across everyone.

He saw that the staff were terrified.

"Don't worry, the city is safe now.

You guys can relax," He said with a smile.

Phew!

The next second, the staff sat on the ground with great relief on their faces.

They don't know what happened.

But someone moved Master Lowell to make a move.

Which means whoever is the opponent.

He was powerful.

So the staff were terrified earlier.

But now they can breathe and relax.

Seeing the improvement in everyone's mood.

Lowell's gaze fell on Zack and Jonathan.

He said, "You guys come to the study room."

Swoosh!

After saying that he disappeared from the spot and went to the study room.

Jonathan turned towards me and said, "Let's go"

Hearing that I nodded my head before following him.

Soon, we reached the study room and entered inside.

Lowell is sitting behind the desk with a serious expression on his face.

"Master, what happened?" Jonathan asked.

Lowell turned towards them and said, "Someone from the hostile force tried to infiltrate." After saying that his gaze fell on Zack for a moment.

He is still not sure whether it's okay to tell Zack about it.

Suddenly, he thought of something before looking towards Jonathan.

"Jonathan, I think it's time for you to try a breakthrough," Lowell said.

He did not mind Zack's presence here.

But Jonathan was shocked to the core.

He knew something bad happened.

Follow new episodes on the "N0vel1st.c0m".

Yet he didn't expect it to be this serious.

"What?" Lowell asked.

"I don't have any quota yet," Jonathan replied.

He wants to break through as well.

But you need a quota to enter the universities after the age of 20.

Lowell nodded his head and began to ponder.

On the other hand, I looked at both of them and silently listened to their conversation.

At the same time, I couldn't help but ask in my heart, "What is going on?"

"I guess there will be news about it soon.

Once the task was released.

You can complete it to receive the quota," Lowell said.

Jonathan replied, "Master, don't worry.

I want to become Black Mark Warrior as well."

Jonathan understood without much explanation from Master Lowell.

Lowell's eyes then fell on Zack.

"Zack, you can start attempting to break through tomorrow.

You have achieved the number 1 ranking in the Super Elite Stage.

There is no need to wait further," Lowell said.

"I will do it, teacher, "I answered.

Then we spoke for a few minutes before leaving the study room.

Meanwhile,

The news of the Delta City attack reached the other 3 cities.

People are panicking.

They thought some force had attacked the Federation.

Among the federation members, there are also warriors from the other forces.

So it reached the ears of other forces as well.

Many of them started leaving the City by using the teleportation platform.

But the residents have nowhere to go.

They have stuck here.

The Silver Mark Warriors in that City were perplexed as well.

The shocking news came out of nowhere.

Among the Silver Mark Warriors in the Federation.

Only a few of them are staying in the 4 cities.

The rest of them are stationed at the Tier-4 Boundary.

Which is more important?

Even if any attacks take place, they will violate so many rules.

So the Silver Mark Warriors present in the other 3 cities are asking for help from the HQ.

They don't know what's going on.

But the HQ has many reserved Black Mark Warriors.

If they arrive, it will calm down the residents.

Federation HQ:

The Federation HQ place was alarmed as well.

Many of them get news from the 4 cities under the Federation.

The Delta City incident was a shocking one.

No one thought that someone dared to attack Delta City.

On the top floor of the tower, the Federation Head is staying.

He was the first one to receive the report.

After reading it, he summoned the Captain and Lowell to his office.

At the same time, he sent messages to the Silver Mark Warriors staying in Alpha, Beta, and Gamma cities.

He said that the attacker was identified.

There was no need to fear anymore.

He ordered the Silver Mark Warriors to calm down the panicking people in these cities.

After doing that, he began to ponder.

“Red Blood Escape Technique,” He muttered to himself.

He knew it as well.

It was the infamous technique of Blood Shadow Force.

The next second, his eyes flash with a cold glint.

Like Lowell, he too saw through the incident.

He realized that someone put a bounty on people staying in the Castle.

In Lowell Castle, only 3 people are important.

He knows all three of them.

He excluded Lowell and Jonathan.

Because to kill Lowell.

You need Gold Mark Warrior.

He doesn't think that Blood Shadow has made a mistake.

So he thinks that the target is someone else.

Jonathan is not that important for other forces.

His presence won't affect the interest of other people.

Which leaves only one person behind.

It's Zack Lockwood.

He has already decided to invest in this promising young man.

He expected the killers to go after him.

Not long ago, those small fries were eliminated by him.

But this time rather a big fish is involved.

Even he was a little bit troubled inside.

He knows it's not easy to solve this matter.

The Blood Shadow won't allow their incomplete mission to be taken away.

Rather, they are known for completing the mission.

If someone puts the bounty on that kid, then the kid will face relentless pursuit of the killers.

His eyes flash with a murderous inlet.

After a long time, he has found a core member who has no connection with the inner post.

If he gets to a higher level, then he can develop the Federation as well.

Head Ben is trying to come up with some sort of solution.

In history, no one succeeded in making the Blood Shadow Force retreat.

Suddenly, he noticed that 2 of them had come.

Lowell and the Captain of one of the reserve teams walked in.

Then 2 of them greeted him.

Head Ben didn't waste any more time.

He directly asked them what happened.

Lowell started explaining.

He said how the killer intruded the Lowell Castle and then tried to launch an attack.

Then he mentioned how the killer tried to use the City people to stop his attacks.

At this time, the Captain opened his mouth to continue the explanation.

From there two of them fought with the killer.

His killer was slowly being suppressed.

At one point, the killer used the infamous red blood escape technique to flee.

When they found him.

One of their Black Mark Warriors is on the verge of dying.

Then Lowell explained about the loophole in the space barrier.

Head Ben then started to ask cross-questions to both of them.

A few minutes later,

Head Ben found that there was no falsehood in their statement.

It's consistent with the reports.

"You two know it as well.

Apart from the Blood Shadow, no one uses that technique," Ben said.

Hearing that Lowell replied, "Yes."

The Captain said, "His fighting technique was strange as well.

He is one of them."

Head Ben was silent for a moment before asking the Captain to leave.

When the Captain left the room.

He turned towards Lowell.

“Do you know why he is targeting Lowell Castle?” He asked.

Lowell sighed in his heart.

He knew the Head had found out.

So he didn’t hide it anymore.

“I think that the Killer’s target is Zack Lockwood.

Apart from him, there was no one suitable for the Black Mark Warrior to target,” Lowell said in his honest answer.

A hint of approval flashes in Head Ben’s eyes.

He then asked, “Did you offend anyone recently?”

Hearing that Lowell was surprised before answering, “Not that I know of.”

For some reason, the Supreme Elder of the McClain House comes to his mind.

But he quickly brushed it off.

He doesn’t think that dying old men dare to do it.

Even if he dares to do it, it requires a huge amount of wealth to put in the bounty.

He doesn't think that they are stupid to do that.

Sigh!

Federation Head let out a sigh before saying, "You know it's not good to offend the Blood Shadow.

They will go after that kid's life no matter what.

As long as he stays in the inner post.

He will face the death threat all the time."

Hearing that expression Lowell turned dark.

He was the one who brought Zack to the inner post.

Because of him, Zack has to face the death threat.

Federation Head sighed inwardly.

"Who was that cruel enough to put a bounty on that kid?" Ben sighed in his heart.

He understands the mood of Lowell.

He has chosen someone from the outer post as his student.

Then he brought him here.
