Chapter 781: Internal Competition again!

From MC's Perspective:

Robbie asked, "Are you ready to participate in the ranking duels?"

Hearing that I was surprised in my heart.

"Aren't you all waiting to see my performance?" I asked in my heart.

But I don't dare to ask him directly.

Robbie doesn't want to waste anymore time.

So he said, "Before participating in the Top rankings list duels.

First you need to participate in our internal competition."

"Just like you had fought during the Super Elite Stage.

This time you will have to fight in the SS-Elite Stage as well," He added further.

Hearing that a hint of surprise flashes in my eyes.

But I knew it in my heart.

I thought they would let me participate in the outside competition directly.

"I have to achieve 1st place again," I muttered to myself.

"That's right.

You have to get 1st place.

Otherwise, you will not be allowed to participate in the outside competition," Robbie said with a smile.

Hearing that my mouth twitches.

I didn't expect that to come.

"Elder, when is the competition?" I asked.

"If you are ready, then we can set a date.

Let's set the date to the day after tomorrow.

The other participants need at least one day's time to receive the news," Robbie answered.

Then we talked for a few more minutes before he left the room.

A quick gleam flashes in my eyes.

"The day to go outside has finally come," I muttered to myself.

But I knew in my heart that the journey to Redwood City won't be easy.

If the Blood Shadow Force knows about it.

Then they might send more than one Silver Mark Warriors to take my life.

Even though I had tried to forget it.

But it is still in the back of my mind.

Follow new episodes on the "N0vel1st.c0m".

SIGH!

I let out a sigh before calming down my heart.

Time passed,

Robbie informed the news to the Federation Head.

The Federation Head then ordered the administration department to send out the circular.

Soon, all the SS-Elite Stage Warriors received the news about the internal competition.

The interested people can register their name.

The Warriors who are already ranked can participate directly.

When the news was announced.

Some are surprised.

Usually, internal competition takes place.

When someone strongly breakthroughs the SS-Elite Stage.

But so far none of the known strong Super Elite Warriors have broken through.

So people are wondering about the identity of the warrior who might be the reason behind the internal competition.

Meanwhile,

I entered the Gravity Training Chamber.

After activating the basic mode, I sat on the platform.

Boom!

The next second, the gravitational pressure appeared inside the chamber.

A mountain of pressure starts weighing down on my body.

But it was not enough to cause pain.

I'm enduring it with ease.

This gravity pressure can be compared to the coercion of the SS-Elite Warrior.

The flesh and bones are undergoing tempering.

Seeing that I continued to endure it.

Time passed in the blink of an eye,

My whole body is drenched in sweat.

But my bones and flesh are strengthened further.

Seeing that I decided to select the next stage.

When the next mode was selected.

The power has increased again.

This time I'm feeling the pressure equaling the SSS-Elite Stage.

Argh!

A muffled groan escaped my mouth.

At the same time, I felt a huge mountain slamming into my body.

Feeling the pressure, I slightly bent down.

My bones are creaking under the pressure.

The skin is tearing apart.

Which is causing the bleeding.

I'm feeling the agonizing pain all over my body.

My heart wanted to stop.

Because I'm feeling the pressure greater than Phantom Shadow from the 8th floor.

As the seconds pass, the pain gets higher.

My skin was bloodied at this point.

Seeing that I decided to use the blood element method.

Blood energy from my skeleton starts to flow through my body.

As it starts to circulate, the muscles and bones are strengthened again.

Phew!

I felt the small amount of pressure being alleviated.

But it didn't stop the pain completely.

I'm still feeling the gut wrenching pain.

As the time passes, the bones and muscles are getting tempered further because of the blood energy.

Feeling that I continued to repeat the process.

The other hand, the continuous tempering has caused the black impurities to seep out.

The skin is covered with a layer of black dredges.

2 hours later,

I stopped the practice after feeling exhausted.

Then I walked out of the Gravity Chamber.

The bad smell is attacking my nostrils.

Then I quickly entered the room and went to take a bath.

20 minutes later,

I walked out of the bath.

Don't know why I feel more rejuvenated.

It feels like the Gravity Chamber has made the hidden strength of my body come out.

I simply clenched the fist.

Boom!

The next second, a small shock force appeared.

Seeing that my eyes gleamed with a twinkle.

Why do I feel like my strength has increased after the intense tempering?

But this gives me confidence for the internal competition which is going to happen the day after tomorrow.

After changing the clothes, I simply laid down on my bed.

Then I started to surf online.

I can't go outside like other people.

It's been weeks since I have started staying in the Federation HQ.

But I have never gone outside.

I have only been roaming around the lobby.

So my only source of information is the online sites.

I began to access the online site.

After coming here, I also got access to read the Federation news.

The Federation news site is better and reliable compared to unknown sources.

Because of it, I have to come to know about the major forces.

Back in the outpost, only the 6 academies are like the behemoth.

But here there are too many forces.

I wonder how many of them have an alliance.

Among the major forces, I have also found out about the Giant Tower Institute and the Eclipse Institute.

These 2 institutes are the main headquarters of the Giant Tower and the Eclipse Academy.

Chapter 782: Part 1: Sword Divide breakthrough

From MC's Perspective:

While browsing, I came across the news of the Adventurers.

Reading the familiar name, I immediately thought of the Parazam Hunter League.

Only members of this league are called the Adventurers.

A hint of curiosity appeared in my eyes.

Then I opened the article and started to read it.

A few minutes later,

A quick gleam flashes in my eyes.

This article is all about describing how the hunter teams of the Parazam Hunter League are getting popular.

The Hunter League's top hunting teams are getting recognition from the major forces in the inner post.

As they are completing the dangerous mission one after another.

As most of the missions come from the client.

So they are getting approval on both sides.

"Hunting Team uh?" A hint of yearning look appeared on my face.

The Federation Head had given me green signal to hunt the Class Monsters after the Phantom Tower Trial.

At that time, everyone discussed the new hunting team.

I don't know who will be my team members in future.

Then I turned towards the article.

The Parazam Hunter League is not an ordinary force here.

They are also behemoths like the Federation.

On top of that, they are also financially strong.

After pushing down these thoughts, I continued to read it.

..

The following day,

After hearing about the internal competition.

The number of warriors who came to register is getting higher as the time passes.

If the 100 seats are filled, then remaining registered people can directly challenge anyone during the competition.

If they manage to win, then their positions can be exchanged.

Everyone will be given 3 chances to challenge.

So no one wants to miss the internal competition.

Those who are in the headquarters went to the arena administration desk to register.

Because of it, a long line of queue formed stretching from the arena building towards the gate.

If this goes on, people will line up outside of the gate as well.

Follow new episodes on the "N0vel1st.c0m".

The SS-Elite Stage Ranking is more important than the Super Elite Stage ones.

From both the ranking list, people can see who is having consistent progression.

Usually those who held top position in the Super Elite Stage Ranking Duels were the ones who rank top in the SS-Elite ranking list after the breakthrough.

Some of the interested people are checking the ranking list of the Super Elite Stage.

But everyone ignored the name of Zack Lockwood and few others.

As these people are only at Super Elite Early Stage during their last Super Elite Ranking duel competition.

Though Zack Lockwood holds the undisputed number one place.

Everyone thought he was a Super Elite Mid Stage or Super Elite Peak Stage Warrior by now.

If the truth comes out, everyone will be shocked by his breakthrough speed.

That kind of breakthrough speed is rare.

This fast progression can be only seen in the descendants of the strong warriors above Gold Mark or from the heirs of the big organization.

So right now the name of Zack Lockwood didn't attract any attention whatsoever.

Meanwhile,

I'm in the Puppet Training Chamber practicing against the SSS-Early Stage Humanoid Puppet in the basic mode.

In the basic mode, the puppet doesn't have elemental power.

It can only fight by using brute strength.

But it was enough for me to practice the lightning techniques of mine.

I have been also training hard in improving the lightning techniques these past few weeks.

Because of the continuous vigorous training.

Some of my lightning moves are at the verge of breakthrough.

Boom!

The Silver Humanoid Puppet once again charged against me in the straight line.

Which is even more perfect for me to release the lightning attack.

As the puppet was moving towards me, I started charging the black sword in my hand with the purple essence.

In the blink of an eye, the black blade has absorbed enough purple essence.

Now the black blade is flickering with the purple glint.

“Sword Divide”

When the humanoid puppet was a few steps away from me.

I raised the sword and released the purple beam towards the puppet.

The charging and then the releasing of the lightning beam was completed within a minute.

Boom!

The purple beam swept across in a straight line before hitting the body of

SSS-ELITE Stage Puppet.

The puppet doesn't have elemental power to defend.

The powerful lightning beam has forced the puppet to retreat a few steps backwards.

There was only a small dent in its chest.

It would require a few more attacks to put a hole in its chest.

Seeing that, I wasn't surprised.

Then I continued to release the same attack.

As the time passes, the charging and releasing of the attack time is getting improved.

The other hand, the dent on the puppet's chest has widened.

Click!

At one point, I felt the lighting attack technique had a sudden breakthrough.

The Sword Divide move has become lighter than before.

In order to check, I decided to test it on the Humanoid Puppet.

When the Humanoid Puppet appears above the platform.

It once again found me as the natural target and started rushing out towards me.

Seeing that I started to charge black sword.

This time the control over the purple essence was smoother.

I was able to guide the purple essence out of the dantian very quickly.

Because of it, the charging time was reduced.

When the black sword was charged.

I felt the sword weighing lighter in my hand.

I swung the sword comfortably before releasing the purple beam towards the charging puppet.

Boom!

A lightning beam reaches the target in the blink of an eye before hitting the bull's eyes.

The power of the purple essence remains the same because of my current SS-Elite Early Stage level.

But the charging time and smooth release of the lightning attack has improved.

After pushing down these thoughts, I continued the releasing of the Sword Divide attack to defeat the Humanoid Puppet.

After receiving a few more attacks in a short time, the Silver Humanoid Puppet was put down completely.

Chapter 783: Part 2: Sword Divide breakthrough

From MC's Perspective:

The Puppet Training Chamber,

After defeating the puppet, I ended the basic mode.

I have only half the purple essence reserve left.

I need to recover it before I start training again.

But fortunately, I had a sudden breakthrough in the Sword Technique before the purple essence completely ran out.

Then I sat down on the platform before recalling all the techniques in my mind one by one.

1.

Sword Divide: Big wheel (Proficient)

2.

Lightning Wheel: Big wheel (Intermediate)

3.

Lightning Phantom: Big wheel (Intermediate)

4.

Blood Field Technique: Small wheel (Proficient)

5.

Soul Tower Method: Small wheel (Intermediate)

6.

Soul Needle Art: Small wheel (Intermediate)

7.

Lightning finger technique: Small wheel (Intermediate)

8.

Blood Fist Technique: Small wheel (Intermediate)

9.

Healing Hand: Small Wheel: Small wheel (Beginner)

"I have improved the Sword Divide move from the intermediate to the Proficient level," I said to myself.

Of all my nine techniques, the Sword Divide move is the only attack type technique to reach the proficient stage.

I have a feeling that the Blood Fist movie is also at the verge of a breakthrough.

Because in these past few weeks I'm using these two techniques most of the time for my training.

But unfortunately, I can't use the blood element move during the competition.

I'm completely restricted to using the lightning element.

Then I thought about the Soul and Healing Technique.

It's been a long time since I have practiced the Soul Technique.

But I know the importance of the Soul Technique.

These techniques are useless in the Phantom Tower Trial and the Puppet Training Chamber.

But these Soul Techniques are a real and practical move.

It will be useful in a do or die situation against the enemy.

So I'm thinking about giving it much more time.

Then I also need to do something about the healing technique.

This healing technique, I got it from the old man who is incharge of the infirmary of the Viper Academy.

I didn't have the opportunity to say proper goodbye to him.

Follow new episodes on the "N0vel1st.c0m".

I wonder what he is doing right now.

He is the one who taught and allowed me to heal the injured academy students.

During my time in the infirmary, I treated the injured academy warriors not only to cure them.

But also to improve the efficiency.

But here I don't have an opportunity yet.

Only teacher Lowell knows about my three elements.

Maybe he can make some arrangements.

Yet I don't think it's a good option.

Teacher Lowell has warned me not to expose my other 2 elements.

Even to the Federation Head.

The Federation Head is someone who has everything under control.

He knows the activities of Teacher Lowell.

Even if the teacher Lowell does something for me.

It won't be hidden under the eyes of the Federation Head Ben.

"What to do?" I asked myself.

The healing technique might not seem crucial at this moment.

But it's extremely important during the fighting.

Last time, it had played a crucial role in the ranking duels.

In future, it will be helpful during fights against the Class Monsters.

After thinking about it carefully, I decided to find a way for myself.

Then I stood up and walked out of the Puppet Training Chamber.

After entering the room, I went to take a shower.

18 minutes later,

After having a long bath, I stepped outside.

Then I changed to a fresh uniform.

It's the new uniform given to me by Elder Robbie.

Whenever I want to roam around the lobby to catch a fresh breath.

I usually wear it.

After changing the clothes, I began to get ready.

When everything was done.

I stepped out of the room.

Then I started walking towards the lift.

After entering inside the lift, I pressed the first floor.

The lobby is on the first floor.

The lift reached the first floor within minutes.

Creak!

When the door opened.

I stepped outside.

The next second, a noise reached my ears.

Looking around, I saw people wearing tuxedos going about their business.

They are the staff working in the Headquarters.

Because of the uniform, my appearance didn't attract much attention.

More than 500 people work in the Headquarter building.

It's impossible for everyone to remember the face and names of other colleagues.

Then I started my routine.

20 minutes later,

I sat on the sofa where the visitors usually sit.

I noticed many people coming and going out the door every 10 minutes.

"I wonder what their jobs are," I said in my heart.

Then I picked the magazine and started reading it.

While I was doing that.

A few people walked inside the building.

And they are seriously discussing something.

I did not intend to eavesdrop on their conversation.

But a familiar word uttered by them attracted my attention.

"There is a huge line outside of the duel arena," I said to myself.

A look of understanding dawned on me.

People have come here to register their name for the competition.

I don't have to do it.

Because Elder Robbie has already done it for me.

But for others they have to register in person.

A hint of curiosity appeared in my eyes.

I hadn't stepped outside of the Headquarters building that much before.

Now I have a reason to try it out.

Then I stood up from the sofa and started walking towards the exit door.

I remember the route which leads to the duel arena building.

After walking out, I started going in that direction.

Not many of the warriors are walking on foot.

I'm seeing a lot of air cabs here and there.

Ignoring that I continued walking.

Not long after, I spotted a queue.

Seeing that my eyes gleamed with a twinkle.

I know that duel arena building is not here.

But the queue for the registration have reached this far.

There are only 100 seats for the competition.

But the rest of them can register their name to challenge anyone during the competition.

These people have come in large numbers in hope of doing that.

My eyes started to scan the warriors.

I noticed most of the warriors are in between SS-ELITE Early and Mid Stage.

There was no sign of SS-Elite Early Stage at all.

Chapter 784: A day before the competition

From MC's Perspective:

Federation HQ,

After glancing at the crowd, I decided to take a look at the situation of the duel arena building.

Not long after,

I arrived at the main place.

Then I saw the reality of the situation.

The number of people is higher than I thought.

There are people coming out after the registration.

Yet the queue doesn't seem to recede a little bit.

Then I started to observe the strength of the people.

A few minutes later,

My eyes gleamed with a twinkle.

As I guessed there was not even a single SS-Elite Early Stage Warrior.

So the competition starts tomorrow.

I might be the only one in the SS-Elite Early Stage.

Sigh!

A sigh left my mouth.

It's not like that I'm afraid.

It's just Early Stage SS-Elite Warrior winning the ranking duel will attract a lot more attention.

I think that the Blood Shadow Force won't be pleased after seeing my development.

After pushing down these thoughts, I walked away from the place.

None of these people know me.

If there was any Super Elite Stage Warrior, he might recognise me.

Shaking my head, I continued walking on.

Meanwhile,

The Federation Head Ben is looking at reports as usual.

Then Elder Robbie reminded him that SS-Elite Stage's ranking duel is tomorrow.

He had not met Zack since the Phantom Tower Trial.

But he believes in Robbie's judgment.

Robbie's saying that Zack has improved so much since the Phantom Tower Trial.

He is obviously looking forward to Zack's performance tomorrow.

When he thinks about the Blood Shadow Force.

His eyes flickered.

Tomorrow many things are going to happen.

Not only the internal competition takes place tomorrow.

Follow new episodes on the "N0vel1st.c0m".

But Zack will be exposed completely whether he wins it or not.

Then the Blood Shadow Force won't remain silent.

He had thought about confronting the Supreme Elder of the McClain House.

But it won't change anything.

Even if he made that Supreme Elder to take back the bounty.

The Blood Shadow Force won't allow it.

Since some of the major organizations have already suspected that the Blood Shadow Force was behind the attack on Delta City.

They will be waiting to see whether the Blood Shadow Force completes their assignment or not.

If not then the reputation of the Blood Shadow Force will plummet.

Which is not something the people behind the Blood Shadow Force want to see.

So they are definitely going to complete their incomplete bounty mission.

As long as Zack stays in the Inner post region.

Threat will loom over him.

Which is something he had made clear to Lowell.

In the current situation, the Federation can't fight against the Blood Shadow Force.

Similarly, the Blood Shadow Force won't simply act against the Federation.

It's just he has to try every means to save Zack Lockwood from their attack.

"If that kid does well tomorrow, then a reliable team must be formed," Federation Head said to himself.

SIGH!

He let out a sigh before focusing on things at hand.

Lowell Castle:

Lowell McClain in the study room is also thinking about Zack's duel tomorrow.

He doesn't worry about Zack's performance.

He has already witnessed Zack's strength back in the Phantom Tower Trial.

Rather he is worried about things which are going to happen later.

Last time, he had protected Zack from the Black Mark and Silver Mark Warriors.

But in the future it's difficult.

He knows that the Federation Head has handed the safety of Zack to Robbie.

But still he thinks Robbie doesn't know much about Zack.

"What to do?"

"If I was a Gold Mark Warrior, it could have saved me from a lot of troubles," He said to himself.

Now he can't let go of his worries.

Then he thinks about Jonathan.

He knows that after the incident Jonathan had secluded himself for the training.

That incident had a huge impact on him as well.

Lowell knows that Jonathan must have felt weak in front of the Gold Mark Warrior.

If Jonathan had faced the Silver Mark Warrior, there was no chance of surviving.

That's why he must have made up his mind to get the quota as soon as possible.

"I want to get the quota as well.

But if the situation at the Tier-4 Boundary is as dire as the Federation Head says."

"Then there will be no chances for all the Silver Mark Warriors to roam free.

They can be instructed at any moment,” He said to himself.

After putting behind these messy thoughts, he started to focus on work.

McClain House:

The Main Family Head Kane was not himself these days.

The losses from the business have severely affected them.

Because of it, they had to cut down on their expenses.

Now they can’t afford to have extravagant parties or buy some expensive items.

Regarding the solution, all the 6 families are divided.

The Branch Family Heads wanted to seek an audience with the Supreme Elder.

While the 2nd Family Head requested to seek help from Lowell McClain.

In response he had declined the request of everyone.

The Supreme Elder old man is not even meeting himself.

Then how can he make others meet the Supreme Elder.

The other hand, the 2nd Family Head wanted the help of Lowell McClain.

Though there are some misunderstandings now.

Lowell McClain is second in strength after the Supreme Elder.

But Kane knows the real reason.

They had already paid for the bounty.

Even though the Blood Shadow Force's Killers are unsuccessful.

They will soon kill Lowell's student Zack Lockwood.

Thereafter, it will be difficult to keep the secret forever.

If Lowell knows then, he might attack the same family.

So Kane is not willing to do this.

Last time, the Supreme Elder said that Lowell McClain won't live long.

But he didn't know how.

Who can kill the Silver Mark Warrior of the Federation.

There is none in the Inner Post.

Not even the Gold Mark Warriors are willing to do it because of the Behemoth like the Federation.

But the Supreme Elder at that time left without answering him.

“I hope the killers can kill both teacher and student,” Kane said in a cold tone.

Chapter 785: The competition day

From MC's Perspective:

After returning to the room, I changed to training clothes.

Then I left the room and entered the puppet training chamber.

Before activating the basic mode.

I recalled the technique in my mind.

The Sword Divide move has improved.

The second most powerful lightning technique is the lightning wheel.

If I get the breakthrough in it, then I will be more assured of winning 1st place.

After gaining some clarity, I decided to use only this move to fight against the puppet.

Then I set the settings and activated the basic mode.

Boom!

The next second, a humanoid puppet appears above the platform.

It's the SS-Early Stage Puppet without any elemental move.

The Puppet then looks around before finding me.

Then it started moving towards me.

Seeing that I didn't move and waited for the puppet to approach me.

In the blink of an eye, the puppet got closer to me.

Not only that it raised its fist to punch me.

When the metallic fist got closer to me.

I attacked.

"Lightning Wheel"

A powerful purple wheel formed around me.

The wheel is beaming with lightning power.

The next moment, the purple wheel collides with the metallic fist.

The lightning wheel explodes and the lightning power hits the body of the puppet.

Boom!

The humanoid puppet was blasted off.

It flew backward like a broken kite before falling down to the ground.

When the smoke was settled.

I saw a huge hole in its chest.

The Early Stage SS-Elite Humanoid Puppet can't handle the lightning power.

"It was expected," I muttered to myself.

Follow new episodes on the "N0vel1st.c0m".

Then I waited for the next puppet to appear.

When it appeared.

I decided to compress the purple essence to make it powerful.

It's really dangerous.

I haven't done this before.

There is a chance for an explosion.

The situation repeated itself.

When the puppet got closer to attack me.

I released the lightning wheel.

This time I poured more purple essence and tried to compress it.

But before I could complete it.

The metallic fist of the puppet hits it.

Bang!

A loud explosion occurs again.

The impact force was much higher and it forced me to retreat backwards.

The other hand, the right hand of the puppet was blasted off.

But still the humanoid puppet continues to attack me with the left hand.

Seeing that I repeated the same move again and again.

Time passed in the blink of an eye,

I stopped practicing when it was night time.

After several hours of practicing, I got a good hang of the new lightning wheel move.

It was not a complete breakthrough.

But I can compress the purple essence to some extent without any explosion.

The power is stronger than the normal lighting wheel attack.

I guess this small improvement will play a huge role tomorrow.

After walking out of the puppet training chamber, I returned to my room.

20 minutes later,

After changing the clothes, I went back to sleep.

Nobody knows after tomorrow, the whole situation of the inner post will change drastically.

The following day,

After getting out of the bed, I started doing the morning routine.

Later, I entered the essence chamber to recover the purple essence for the competition today.

Not only that, I'm planning to collect healing essence as well.

Time passed in the blink of an eye,

Outside,

Many warriors have already started coming in for the internal competition.

Like other internal competitions, the spectators are allowed to watch the duel as well.

So there are also people coming in to watch the duel as well.

About Zack Lockwood's participation not many of them know.

Especially the core members of the Federation were not informed as well.

If they see Zack Lockwood, they will be extremely shocked.

Coincidentally, a few core members have come to watch the duel.

Warriors from their family or clan are participating as well.

Some Black Mark Warriors have arrived as well.

As there is 3 hours left before the start of the competition.

The duel arena managers have already opened the gate for the spectators to enter.

They don't want to see any confrontation between the Participants and the Spectators.

The other hand, Robbie is getting ready as well.

He is among those who have witnessed Zack's strength at the Phantom Tower Trial.

It's just that he is mentally preparing for the aftermath.

But no matter whatever happens.

Everyone is clear about one thing.

They want to protect as long as they stay in the inner post region.

Once he enters the university, the university will provide protection.

When it was close to the competition time.

The Federation Head was notified.

He is going to watch the duel from his office itself.

One more person appears out of the teleportation platform.

The person is none other than Lowell McClain.

After arriving, he immediately went to the lobby.

Like Robbie, he also got permission to visit Zack whenever he wanted.

But after the Phantom Tower Trial.

He never paid a visit.

He didn't want to put too much pressure on Zack because of his presence.

Now the competition day has come.

He is eager to see Zack's improvement.

When he got there.

He came across Robbie.

Then both of them walked towards Zack Lockwood.

Meanwhile,

Inside the room, I'm sitting on the sofa leisurely.

After cultivation, it didn't take much time to get ready.

Since then, all the preparations have been done.

Now I have to get out before it's too late.

Then I stood up and walked out of the room.

When I turned around to leave.

I spotted 2 people standing outside of a glass shield.

"Teacher and Elder Robbie," I mumbled under my breath.

I guess these 2 people are more interested in the competition than me.

With a smile on my face, I started walking towards them.

Creak!

The glass door opened.

Then I walked up to them.

“Teacher!”

“Elder Robbie, you guys are too early,” I said to them.

Lowell heaved a sigh of relief in his heart.

He saw Zack was not tense at all.

A hint of approval flashes in Robbie’s eyes.

He too saw there was no nervousness in Zack’s eyes.

Chapter 786: Part 1: SS-Elite Ranking Duels

From MC’s Perspective:

“Looks like you have prepared well,” Lowell said with a smile.

“Everyone’s eyes will be on you,” Robbie also added.

Hearing that I don’t know whether to laugh or cry.

Things will change after the duel.

But they are still not saying it openly.

"I have done enough training.

I hope it's enough to defeat others," I replied in a calm tone.

Yesterday, I saw there was no Early Stage SS-Elite Warriors.

So this time I have to go all out.

Then we entered the lift together.

When the lift came to the 1st floor.

Elder and Teacher Stepped out.

I followed them from behind.

In the lobby, there are many warriors coming and going.

Including the staff wearing tuxedos working behind the desk.

When Elder Robbie walks through the people.

Suddenly, I felt many of their gazes fall on him.

Seeing that my eyes gleamed with a twinkle.

To be honest, I don't know the real identity of the Elder Robbie.

I know that he is working in the Headquarter.

Probably doing the missions given by the Federation Head himself.

When I followed them from behind.

I see many of those gazes fall on me.

Ignoring that I followed them towards the exit.

After walking out of the towering building.

I thought we were going to walk.

But there was one nearby.

Then we entered.

The cab starts flying towards the duel arena building.

On the way, I saw a large number of people on their way to the duel arena building.

Follow new episodes on the "N0vel1st.c0m".

Lowell saw Zack's reaction.

He said,"This is just another internal competition.

But the real test awaits for you at Redwood City."

Hearing that I nodded at him.

We reached the duel arena building a few minutes later.

Then we landed in front of the 1st entrance.

Creak!

We stepped out.

This entrance is only used by the warriors who are going to participate.

Then we walked inside the building.

Robbie said, "We are going to the gallery room."

"I think you're already familiar with the place here.

So you can go to the participants' room.

We will meet after the duel," he added.

Lowell looked at both of them before saying, "Alright, Zack.

Do your best.

Use the lightning element wisely."

After saying that both of them left.

The other hand, I stood in the same spot for a moment.

“It’s obvious that they don’t want to put pressure on me by staying by my side,” I muttered to myself.

Then I started walking towards the participants/challengers room.

But on the way, I couldn’t help but think of Teacher Lowell’s advice.

“Use the lightning element wisely,” I said in my heart.

“Does he want me to use the lightning element only?” I asked in my heart.

He doesn’t want me to use the other 2 elements.

A quick gleam flashes in my eyes.

After pushing down these thoughts.

I continued walking.

When I got there.

I hear the sound of conversations coming from inside.

Then I walked into the room.

Inside the room, there is the same setup.

There are 100 small essence pod chambers.

I have already received my number after the registration.

"It's 80," I said to myself.

"Hey, who is this kid?"

"Did you come to the wrong room?"

The SS-Elite Warriors in the room are surprised and amused.

They didn't expect an unknown person to barge into the challenger's room.

Some of them tried to use Zack's strength.

But their probing was blocked by Zack's silver ring.

The other hand, I revealed a smile on my face while looking at them.

They are going to be my opponents in a few minutes.

So it's good to remember their faces.

After taking a glance at them.

I walked to the 80th pod to enter.

The warriors in the room are more confused.

They are looking at unknown people's actions with strange expressions.

Gasp!

But they sucked a cold breath of air.

When they saw him entering the 80th room.

"He is a challenger like us!"

"I haven't seen such a person before."

"Do you guys know him?"

The SS-Elite Warriors looked at each other and started discussing it.

The other hand, the arena is filled with people.

There is 15 minutes left before the start of the competition.

Inside the gallery room,

Lowell and Robbie's appearance caused commotion.

Because both of them have a special identity.

There are other core members in the room.

But after seeing them together.

They flashes with envy.

These days Lowell is getting popular for a different reason.

After the Delta City attack, everyone thought he would lay low for a while.

But to everyone's surprise.

He is here.

Because of Robbie's presence.

No one is daring to ask any questions.

They know that Robbie is someone who reports to the Federation Head.

Many of them saw him going to and coming from the top floor.

"Cough"

Seeing the unusual atmosphere, Robbie coughed up all of a sudden.

Hearing that these people averted their gaze immediately.

They don't want to embarrass themselves any longer.

"Let's go, there is a good place to sit down and watch the duel," Lowell said.

Then both walked out of the gallery room and decided to watch the duel from the room of the arena manager and staff.

Last time, Lowell had watched the Super Elite Ranking Duels with them.

There, they don't meet the eyes of core members.

Soon, they arrived in the room.

The arena manager was the fat middle aged man who was present at Zack's previous ranking duel.

Looking at Lowell for the 2nd time here, his eyes flashes with surprise.

"What is he doing here?" The arena manager asked in his heart.

He thinks that Lowell should be taking care of Delta City instead of coming here.

But when his gaze fell on the person next to him.

His pupils shrink.

Then he went forward to greet both of them.

"Lord Lowell"

"Lord Robbie, I didn't expect your visit," The arena manager said with a flattering smile.

Hearing that Lowell and Robbie looked at each other.

Chapter 787: Part 2: SS-Elite Ranking Duels

From MC's Perspective:

The arena manager saw their reactions.

"What happened?" He asked.

Lowell sighed inwardly.

The other hand, Robbie looked at the arena manager.

"Lord Lowell's student is going to participate in today's competition," Robbie said.

"What?" The arena manager widened his eyes in disbelief.

How long has it been since his student won the Super Elite Ranking Duels?

He remembers the name of Lowell's student.

He suddenly thought of something.

"Zack Lockwood had a breakthrough?" He asked back.

"Yeah, he broke through a while ago.

Right after, we registered his name for the competition.

You should have known it by now," Robbie asked.

Hearing that the arena manager showed an embarrassing look on his face.

“If it’s true then it’s okay, I haven’t checked the candidate list yet,” After saying that the arena manager led them inside the room.

Robbie shook his head.

He understood that the arena manager didn’t even look at the challenger’s list.

Lowell remained silent.

He knows about the arena manager.

He is very close with the other core members.

Then both Lowell and Robbie found the empty chairs to sit down.

The other hand, the arena manager is checking the candidate list.

Then his gaze fell on number 80.

Seeing Zack’s name on the list.

His heart shook to the core.

Because Zack was only at the Early Stage of the SS-Elite.

The rest of the challengers are either Mid or Peak Stage SS-Elite.

He doesn't know where Zack's confidence comes from.

But looking at Lord Lovell and Robbie.

He can see that they are not worried.

Follow new episodes on the "N0vel1st.c0m".

"This kid already holds the Super Elite Title.

If he manages to win this, then it will shock everyone," He said to himself.

Then I noticed that it's already time for the duel.

So he instructed the announcer to start the announcement.

Meanwhile,

Inside the challenger's room, all the 100 participants have come.

Some of them are still discussing the unknown person in the 80th pod.

Surprisingly, no one recognised the identity of Zack Lockwood.

Duel Platform,

A middle aged man wearing a tuxedo enters the duel platform.

Cheers!

Seeing him, the crowd let out a huge cheer.

The middle aged man is an announcer.

He looked around before saying, "Welcome, everyone to the SS-Elite Ranking Duels."

"I know you guys are already familiar with the rules of the internal competition.

But I'm going to remind you once again,"he added.

"The top 100 challengers are here."

"First, those who aren't in the top 100 list will be given the opportunity to challenge others."

"If they succeed, they can change ranks,"After saying that he introduced the following stages and rules.

Then he left the duel platform.

Meanwhile,

Inside the 80th pod chamber, I can hear the announcement clearly.

The rules are pretty much the same.

Once the 100 seats are finalized.

Then the Warriors will be divided into 10 groups.

And the warriors in each group will fight against each in rounds until the winner is decided.

Then the winner of each group will fight against each other later.

For the time being, I can rest now.

The other participants who are not in the list will challenge others.

5 minutes later,

The black screen hovering above the platform starts to show the names who have challenged the people on the top 100 list.

Shortly after,

The name of the 1st challenge was shown.

Thomas vs Nero (100th on the list)

Both of them are Mid Stage SS Elite Water Elemental Warrior.

Cheers!

Seeing that the crowd let out a huge cheer.

The First duel itself is going to be interesting.

Because the person named Nero is someone who has recently gained fame.

Seeing that crowd started chanting the name.

Because Nero is among the warriors who has better control over the water element.

He has slayed many Class-6 Monsters by using the water element alone.

When the name was announced.

Nero, who is in the challenger room, walked out.

The other hand, the person who issued the challenge is coming to the dual platform from a different route.

Inside the pod chamber, there is a monitor screen where I can watch the duel.

I guess the people outside forgot about me.

Seeing the 2 warriors waking up to the stage.

A quick gleam flashes in my eyes.

There is a chance for someone to challenge me.

But the top 100 list was not published.

So it's difficult for others to know my identity.

So everyone will think that the bottom of the 100 list will be weak.

Duel Platform,

Both the warriors stood opposite each other.

They are wearing the Federation uniform.

The next second, the barrier starts to cover the platform.

The warriors are cheering from the spectator area.

No one can tell who is going to win.

Because both of them are Mid-Stage SS-Elite Warriors.

When the barrier enveloped completely.

Both of them released their water technique against each other.

Boom!

A sharp water spike swept across on both sides.

But the speed of the Nero's water spike is faster than Thomas.

When the water spikes reach Thomas.

He finds it hard to evade the attack.

But he manages to do it in the end.

The other hand, Nero effortlessly avoided the attack.

Because the first attack is to test the strength of each other.

Since both of them are at the same stage.

There will be only a slight difference in strength.

Seeing the first confrontation.

The spectators were delighted.

It's a rare opportunity for them to witness the strength of the popular warriors.

Usually, they hear about their deeds from the Federation news portal.

Now they can see for themselves.

Thomas snorted.

He has expected this speed.

Nero was so popular.

That he has heard about his abilities.

The other hand, Nero reveals a smile on his face before releasing an even more fierce attack.

He shot several water arrows towards the opponent.

His attack speed was already fast.

This time the water arrows went even faster.

Thomas' eyes flickered.

He released the defensive water wall to block those arrows.

He was a bit late to attack.

Chapter 788: Part 3: SS-Elite Ranking Duels

From MC's Perspective:

Inside the challenger's room, the warriors are keenly watching the duel between the two water element warriors.

At the same time, I'm also observing the strength of the Mid-Stags SS-Elite Warrior.

I had used the Puppet Training Chamber to train myself.

But there is a difference between the puppet and real human warriors.

"I wish I had someone to train against," I muttered to myself.

But this doesn't make me any weaker.

Rather, I'm thinking that additional training could have improved my strength.

After putting these thoughts back off my mind.

I continued watching the duel.

The duel Platform:

The water wall formed by Thomas was easily pierced by the incoming arrows one by one.

In the blink of an eye, the wall became unstable before dropping down to the ground as many water droplets.

Nero smirked.

After the collapse of the wall, he didn't continue to attack.

Rather he is looking at Thomas with a smiling face.

Thomas' expression condensed.

With this one move, Nero has made sure that he was not his opponent.

If he continues to fight any longer, then he is humiliating himself.

After thinking for a moment, he admitted defeat in front of everyone.

Cheers!

The crowd let out a huge cheer.

The ranking duels have just started.

But everyone has seen how intense the duel Between the two was.

The barrier starts to come down at the same time.

The big screen hovering above the platform shows the profile of Nero.

His 100th position was saved for the time being.

Hereafter he can accept only 2 more challenges.

So those who want to challenge the ranking position.

They have to jump in earlier to challenge before anyone else.

Nero doesn't have to fight a continuous duel.

So the next duel will be between some other warriors.

Follow new episodes on the "N0vel1st.c0m".

When the announcer said these words.

Everyone is looking towards the hovering screen.

Right now, there is a 5 minute break.

The names will appear on the big screen 5 minutes later.

When the barrier came down.

Nero and Thomas stepped out and each started returning to their place.

Nero returned to the challenger room.

The atmosphere inside the challenger room is different compared to outside.

Here everyone is the opponent.

Everyone's aim is to win the top places in the ranking duels.

So Nero's win didn't attract much attention.

Because he managed to save his position, which is 100th position.

In order to avoid, this strange atmosphere.

Nero entered his mini pod chamber to take rest.

5 minutes later,

The big screen showed the names of the next challenges.

Someone issued a challenge against the Warrior who holds the 93rd place.

The Warrior who walked out was a Peak Stage SS-Elite Warrior.

The challenger is also having the same stage.

So everyone's wondering how the duel will end.

Time passed in the blink of an eye,

After one hour the top 100 list was finalized.

No one was there to challenge anymore.

In the last hour, some warriors succeeded in getting a place in the top 100 list.

But the real ranking duel starts once the ranking is finalized.

Since the ranking is finalized now.

The announcer attracted the attention of the audience by telling that the top 100 warriors will be divided into 10 groups.

Warriors in each group will fight against each other in rounds before getting the top place.

Then the top warriors of the 10 groups will enter the final stages to fight against each other.

Uproar!

The audiences created a lot of noise after hearing that announcement.

They can't wait to watch the further duels.

Then the announcer told everyone to watch the screen.

The big screen hovering above the platform displays the name and current ranking of the top 100 list.

In the blink of an eye, 100 people's names and images appear on the screen.

Inside the challenger room,

There is also a big screen installed here.

Everyone is checking their name whether it appears on the screen or not.

Suddenly, a few of the warriors' eyes were attracted by the name and image on the 80th place.

[80th Rank]

[Name: Zack Lockwood]

[Strength: SS-ELITE Early Stage]

Gasp!

Their warriors sucked cold breath of air all of sudden.

Which made the nearby warriors startled.

"Hey, wasn't he the one who is resting inside the 80th pod chamber?"

“He is just a Early Stage SS-Elite Warrior”

“How did he get a place in the top 100?”

The warriors who first saw Zack were completely baffled.

Those who entered later were also attracted by the words.

Then everyone starts to check the name and strength of the 80th place again.

Especially Nero who was severely hit by this revelation.

“This must be fake!”

“How can an Early Stage Warrior get a place?”

“At most he can fight against Mid Stage Warrior.

But he was given the 80th place.

Which doesn’t make any sense.”

“It must be some kind of mistake,” Nero said with anger.

Seeing him agitated like this some thought there must be something wrong with the list.

Among the warriors present here.

Some of the Peak Stage SS-ELITE Warriors are from the influential background.

They have long since memorized the face of Zack Lockwood.

At first, they didn't believe it.

After discussing with a few others who came from a similar background.

They understood that this person was indeed Zack Lockwood.

He is the core member successor of Lord Lowell.

Zack Lockwood also holds the number 1 title of the Super Elite Ranking Duels.

There is a rumor floating around about this person.

He is staying in the headquarters all the time.

These Warriors couldn't help but turn towards the 80th mini pod chamber.

Some of their eyes filled with disbelief.

How long has it been since Zack Lockwood won the title for the Super Elite Ranking Duels.

Now he has come again.

Which shows that Zack Lockwood has confidence to win it in this SS-Elite Competition as well.

The reactions of these were noticed by others.

But no one cares to ask.

The warriors after the 80th Rank are completely pissed off.

They are from the Mid-Peak Stage.

Yet the 80th place was snatched by Early Stage Warrior.

Which hits them hard.

Chapter 789: Part 4: SS-Elite Ranking Duels

From MC's Perspective:

Inside the 80th mini pod chamber, I showed a helpless smile.

I knew this would happen.

They have finally shown a list of the top 100 warriors.

I think the people will soon find out my identity.

"It can't be helped," I said to myself.

It was something bound to happen.

Next, I have to see which group I'm going to be in.

The other hand, the warriors who recognised Zack Lockwood have already started passing information back to their family.

This is shocking news.

Zack's previous opponents are still training after breakthrough.

But none of them had the guts to participate in the internal

with the Early Stage Strength.

So Zack's move is going to shock everyone.

At the same time, some of the people among the audience have recognised Zack Lockwood.

Because these people have watched the Super Elite Ranking Duels as well.

Zack was the current title holder of the Super Elite Stage.

So everyone is familiar with his face.

When they confirmed the identity.

Their eyes widened in disbelief.

The news is worthy enough to appear in the Headlines of the Federation News Portal.

The journalist and people from the different media present here as well.

They are even more quick enough to realize that the person is none other than Zack Lockwood.

On top of it, he was the only Early Stage Warrior on the list.

Which further shocks everyone.

Meanwhile,

Inside the administration room, the arena manager's belly trembles.

He has started receiving messages regarding Zack Lockwood.

People are especially asking about Zack Lockwood's 80th position.

Logically, the Early Stage SS-Elite Warriors are weak to participate in the internal competition.

That's why many experienced Early and Mid-Stage Warriors didn't register.

Those who registered are talented warriors.

Each one of them has a speciality like Nero.

Follow new episodes on the "N0vel1st.c0m".

Though Zack is the current number 1 ranking holder of the Super Elite Stage.

But it's just a Super Elite Stage.

Many of them think that Zack is wasting the time and 80th position.

The arena manager is getting a message that the 80th place should be given to someone deserving.

“This?” He feels helpless.

He himself doesn’t know about this development.

If he had wanted, he could have looked at it sooner.

He didn’t know Zack Lockwood would participate.

If it was another Early Stage Warrior.

He could have done something.

But Zack Lockwood is different.

The fat arena manager turned towards Lord Lowell and Robbie.

He could only helplessly smile.

“Looks like everyone has realized,” Lowell commented.

Robbie nodded and said, “Next, he has to step up and prove everyone wrong.”

Both of them saw the performance of Zack Lockwood in the Phantom Tower Trial.

Zack Lockwood can fight across ranks.

Not only can he fight against Early Stage SSS-Elite Warriors.

He can also defeat them.

Meanwhile,

Inside the 80th pod chamber.

I'm looking at the screen where the announcer is ready to speak.

The big screen hovering above the duel platform flashes once again before dividing the 100 warriors into 10 groups.

Each group got 10 warriors.

The name and image of the warriors belonging to the 1st group starts to appear on the screen.

From 1 to 10, the names and image of the Peak Stage Warriors appeared.

My name was not on the list.

Seeing that my eyes flickered.

I don't know whether my group is going to be a mix of the Mid Stage and Peak Stage Warriors or not.

After the names and images of the 1st group were shown.

The announcer once again repeated the names of the warriors in the 1st group so that everyone can remember clearly.

Then a big screen flashes before showing the names and images of the 2nd group.

The warriors' names and images started to appear one by one.

1 to 9 there was no surprise.

But when the 10th name and image appeared.

My smile disappeared.

Because it was my name.

And I was in the team full of Peak Stage SS-Elite Warriors.

"It happened eventually," I said to myself with a bitter smile.

But it was okay.

I just have to use my purple essence carefully.

Outside,

There was a huge uproar.

The audiences are completely shocked.

Earlier, only a small group of warriors and media outlets recognised.

Now the majority of warriors among the audience are starting to wake up.

“Hey, isn’t he the Super Elite Stage Winner?”

“What is he doing here?”

People couldn’t believe their eyes.

Even the announcer stayed still for a moment.

He was a bit surprised.

But the rankings were finalized by the higher ups.

He has no say in it.

So he started to repeat the names of the warriors in the 2nd group.

Among the audience, there are warriors from the medium and large forces.

They are quickly sharing the news.

The SS-Elite ranking duel was an internal competition.

Apart from the Federation Members, no one has access to it.

Otherwise the whole region would have tuned in right now.

Federation HQ:

Federation Head Ben is sitting in his office.

The development that is taking place in the duel arena is amusing him.

He didn't expect that people's reaction would be this big.

Zack Lockwood is not a Commander or General Stage Warrior.

Looking at his popularity, he thinks it's not lower than those famous heirs of big organizations.

The Blood Shadow Force comes to his mind.

His eyes flickered.

He can't wait to see the response of the Blood Shadow Force.

From today onwards, he can see that their hunting will be aggressive.

But he is not without any solution.

Once Zack's team got finalized.

He will send them to a secret place for training.

Even the Blood Shadow Killers will find it difficult to interfere there.

But before that Zack has to win the top spot.

Otherwise, Zack has to wait for sometime.

He even made some arrangements in Redwood City.

The Blood Shadow Killers won't go there easily.

It's a pity that he spared the McClain Mansion because of Lowell.

Otherwise, he would have continued to hit them hard.

Chapter 790: Part 5: SS-Elite Ranking Duels

From MC's Perspective:

Duel Platform:

The next groups are shown on the screen one after another.

But still many of them are discussing Zack Lockwood's intrusion into the top 100 list.

The announcer started to repeat the names of the warriors in the 10th group.

"Since the groups are known.

Now it's time to start the main duel," After saying that he looks at the big screen again.

The big screen hovering above the platform flashes before showing the 10th group.

Cheers!

Seeing that crowd let out a huge cheer.

At this moment, everyone ignored Zack Lockwood and paid attention to the screen.

“The first group which is going to fight among themselves is the 10th group.

Let’s see the names of the warriors who are going to fight in the first match,” The announcer said.

The 10 group is the mix of Mid Stage and Peak Stage SS-Elite Warriors.

So the weak will be eliminated quickly.

The big screen flashes before showing the name of Ethan and Marco.

Both of them are Mid-Stage Elite Warriors.

Cheers!

The crowd started cheering again.

Most of the warriors on the 100 list are well known like Nero.

So people who knew both of them started cheering them hard.

...

5 minutes ago,

Inside the challenger’s room the atmosphere is a bit different.

Not everyone is enthusiastic like the audience.

Smash!

“You rat!”

“Are you going to come out or not?” A frustrated 95th place warrior started kicking the door of the 80th mini pod chamber.

“Why did nobody like you get the 80th place instead of deserving one like me?” He shouted out loud.

Earlier, Nero wanted to cause ruckus.

But before someone took the lead.

Seeing that he is standing cross armed and waiting to see the joke of Zack Lockwood.

The warriors who got the bottom places are in a bad mood.

Especially those who fought duels to secure their places are even more pissed off.

Follow new episodes on the "N0vel1st.c0m".

It's not like they don't know about Zack Lockwood's identity.

It's because they know about Lord Lowell, they are controlling themselves.

If not everyone would have ganged up together.

Inside the pod chamber, a cold glint flashes in my eyes.

“You, baldy!”

“Wait for me.

If you are matched up against me, then I’ll turn you into dead meat,” I said to myself.

I didn’t expect that people would lose their calmness.

Ignoring him, I paid attention to the screen.

When all the groups were announced.

I sighed inwardly.

Now this will take their attention from me.

Outside,

The Peak Stage SS-ELITE Warriors in the 2nd group looked at each other.

Everyone has different thoughts on Zack Lockwood.

A few didn’t mind.

The female warriors in the 2nd group didn’t have anything against Zack Lockwood.

The other few warriors don't want to offend Lord Lowell.

Lord Lowell was himself in the spotlight because of Delta City.

Everyone knows that he has killed Black Mark Warrior during the confrontation.

A mere thought of this made them not to act against Zack Lockwood.

But not everyone's the same.

A few warriors are ready to teach a lesson to Zack Lockwood.

They have made up their mind to show Zack Lockwood his place.

When it comes to Lowell.

They are not afraid of him.

As they also got Silver Mark Warriors back in their family.

So they are ready to use this chance to get fame as well.

At the same time, the names of Ethan and Marco were announced.

Hearing that everyone turned their attention back to the duel.

Since it's the 10th group, the warriors on the list stood together.

Ethan and Marco nodded at each other before walking out of the room.

Meanwhile,

The media people are already doing live reporting of the internal competition.

Zack Lockwood's participation made it more controversial.

The editors have already started writing about it.

It will be a matter of a few minutes before it appears on the Federation's news site.

At the same time, the news sent by the warriors here reached their families and organization.

Especially those who are interested in Lowell McClain and the recent Delta City attack are surprised by the news.

Everyone knows about the rumors regarding Lowell McClain's student.

The people among the major forces thought it was a delta city attack that led to his student being placed in the Federation Headquarters.

But looking at the news.

They feel something is not right.

It's not like Zack Lockwood was the only breakthrough.

There are others who participated in the Super Elite Ranking Duels also had breakthroughs.

It's just that no one is going to participate in the next internal competition until they reach the Peak Stage.

So Zack Lockwood's move doesn't sit well with them.

But some other forces who are allied to the Federation know about the upcoming top list SS-ELITE Competition going to happen at Redwood City.

They quickly connected the dots.

Some even speculated that Lowell is going to let his student participate in the Top list competition.

All of this speculation has made the ongoing competition more interesting.

Meanwhile,

The Blood Shadow Force also received the news.

They have been waiting to hear news on Zack Lockwood.

But this intel came as a shock to them.

They expected that target would be low key for a few months.

But this tells them otherwise.

The elder who received the news quickly shared the news to higher ups.

They will decide when and where to send the Blood Shadow Killers.

They have already failed 2 times to complete the mission.

The incomplete missions are treated more importantly than the normal ones.

So this time the attack of the Blood Shadow Force will be severe.

...

Duel Platform:

Ethan and Marco started fighting against each other.

One is specialized in the earth elemental attacks.

Where Marco is using a variant fire element.

In normal situations, the variant flame attack should have an advantage.

But here Ethan is efficiently handling the attacks.

Most of the attack hits the empty floors.

Boom!

One after another, elemental attack hits the barrier, thereby causing more terrible noise.
