Chapter 831: Admit defeat

From MC's Perspective:

Clinic room:

The serum is effective.

The internal organs are healing at a faster rate.

So much so that I don't have to use my healing element at all.

30 minutes later,

I checked my condition.

I have completely recovered.

There was no reason to waste more time.

I can use the remaining time to recover the essence.

"You are good now.

Take rest," after saying that the healer left.

"What are your plans about the final duel?" Lowell asked.

Hearing that my expression turned solemn.

I had to hurt myself in order to win.

But these methods will be useless against Tyson.

“Teacher, I don’t have any idea,” I replied honestly.

I have other attack techniques.

But I can’t use it.

A quick gleam flashes in Lowell’s eyes.

“Good, you are not hot headed.

But sensible.

It’s difficult to win against him even if you are SS-Elite Peak Stage Warrior,” Lowell said.

Hearing that I widened my eyes in disbelief.

Because the teacher knows about my other elements.

But still he was not sure about me.

Lowell saw through his thoughts.Â

“I know what you are thinking right now.

But first listen to me.”

“Do you know why Tyson didn’t use his element in previous duels?” He asked.

“Because he was strong,” I replied.

Lowell smiled before saying,”He is a special element warrior like you.

But his element is poison.”

Gasp!

Hearing that I sucked a cold breath of air.

I knew something was wrong with him.

Follow new episodes on the "N0vel1st.c0m".

But I didn’t expect this would be his secret.

“Not only that he is practicing body methods to contain overbearing poison.

So he is at Peak Stage SS-Elite in body strength as well.”

“So even if you use a weird body method.

It’s difficult to win against him.

It's not worth it."

"What's more troublesome is that once you get poisoned it will be troublesome to remove from the system."

"That's why Tyson is careful, he won't use it unless it's necessary.

Otherwise, if he starts using poison, it will pose a threat to his opponent," Lowell said.

Hearing that I fell into deep contemplation.

My biggest reliance was on body strength.

Even it was not useful against the opponent.

If I go ahead, there will be nothing but losses.

I will be exposed as well.

After gaining some clarity, I have decided to give up the final duel.

"Okay, teacher.

I have decided to quit," I said to him.

Lowell looked into the eyes of Zack.

Seeing that it was not a hasty decision.

A hint of appreciation flashes in his eyes.Â

His students are sensible.

Which made him smile.

“Alright, you can recover the essence.

I will wait outside,” After saying that he left.

The other hand, I clenched my fist.

I had thought about winning the top rank.

But now it seems there is still a gap between me and top geniuses.

There is a lot to learn from this competition.

The mutated wind element of Lily especially surprised me.

She can control the wind element without using any technique.

But I have only started doing it recently.

I can only move the lightning to cover my body.

It’s a long way before affecting the outside environment.

Shaking my head, I removed the thoughts before starting the lightning method.

Â 30 minutes later,

I ended the practice.

Then we went back to the duel arena.Â

All of a sudden everyone's eyes fell on me.

"Are you ready?"

"Then both the participants can come on the stage,"the old man said.

Hearing that Tyson stepped inside the duel arena with much confidence.

Seeing that I stood opposite him.

Duel Starts!

"I give up," After saying that I stepped outside of the ring.

Hereafter, no one can force me to continue the duel.

Gasp!

People exclaimed.

Even Tyson was not expecting this turn over.

Then he seemed to understand something and looked towards Lowell.

Even the Silver Mark Warrior with him looked towards Lowell with a smile.

Only people who have inside knowledge of what's happening know what's going on.

The old man was stunned before looking down at Lowell.

Sigh!

He then let out a huge sigh before saying to Zack, "You are good and sensible."

"The final winner and the top ranked warrior of the SS-Elite Competition is Tyson," the old man announced.

Hearing that Tyson showed a helpless smile before walking out.

The other hand, I returned to Teacher Lowell's side.

Meanwhile,

2 Silver Mark Warriors are waiting near the Hotel.

It's the same hotel where Zack is staying.

Their task is to kill Zack Lockwood.

These 2 Silver Mark Warriors are neither ordinary killers but death killers.

They are going to complete the task by sacrificing themselves.

The other hand, the old man is going to announce the rewards.

“Since we changed the rules.

The rewards have also changed.”

“Now, I’m going to announce the reward for 1st place.”

“Tyson- One qualification quota for SSS-Elite Ranking Duels.

He is automatically selected for the next event.”

“A chance to enter #64 Pocket World”

“And 1 white essence stone,” the old man said.

Uproar!

Hearing that small commotion occurs.

Because the 1st and 2nd rewards can’t be sought.

The million essence stone reward is useless to a big family.

But Tyson is qualified to participate in the SSS-Elite Top ranking duels.

Even the Silver Mark Warriors present here showed envious expression.

The 2nd reward is the same as the 1st reward.

It was equally important as well.

Because it was a small pocket world owned by a Star Tower.

The Warriors below SSS-Elite can find their fortuitous encounter inside.

The old man then looks at Zack before saying, "The 2nd rank winner is Zack Lockwood."

"The rewards are: a chance to enter the #64 pocket world."

"And 50,000 white essence stones," the old man said.

Gasp!

Hearing that similar exclamation occurred.

Though Zack didn't get qualification.

But a chance to enter a pocket world is a huge opportunity.

Hearing that I smiled.

There was no sense of loss.

I'm not even envious of Tyson's 1st reward.

As long as I work hard, I can participate in the SSS-Elite Stage Competition.

The old man then said, "The 3rd rank winner is Lily."

"The reward for the 3rd rank winner is a chance to enter the #64 pocket world."

"That's all," the old man said.

Hearing that Lily broke out with a huge smile.

She comes from a rich family.

So she doesn't mind the loss of essence stones.

"Alright, the arrangement of the pocket world will take a few days.

You will be notified when it's ready," The old man said.

With that the SS-Elite Stage Competition comes to an end.

"You made the right decision," Robbie said in a grave tone.Â

HeÂ found out Tyson details as well.Â

"Let's go back," Lowell said.

Hearing that we started returning to the hotel room.

On the way, Elder Robbie stopped all of a sudden.

"Zack, did you have things back in the hotel room?" Robbie asked.

"No, I have everything stored in my storage ring," I replied without any hesitation.

"What's wrong?" Lowell asked.

Robbie said, "We seemed to have encountered trouble."

"2 suspicious Silver Mark Warriors are standing outside the hotel."

"According to information they are looking for someone.

They are especially looking at people entering inside the hotel," He added.

"They are not hiding," Lowell asked back.

Robbie nodded his head.

Both of them looked at each other.

They seem to understand something.

"Let's go to the City Lord Mansion directly," Robbie said.

Hearing both of their conversations.

I understood immediately.Â

“Something must have happened.

But they are not telling me,” I said in my heart.

Then we started moving towards the City Lord Mansion.

Which is a different route compared to the hotel.

A few minutes later,

We reached the City Lord Mansion.

The guards didn’t stop us.

After coming to Redwood City, we made several visits to the City Lord Mansion.

When we entered inside.

The City Lord’s female assistant welcomed us.Â

“Congratulations, Zack Lockwood.”

“You have surprised everyone,” the female assistant said.

Hearing that I thanked her.

In the hall, we saw the City Lord Palmer.Â

She greeted us with a smile.

But after seeing the serious expression of Robbie, her smile disappeared.

She knows if this guy reacts this way then something must have happened.

“What happened?”

“Is there any problem?” She asked.

Robbie nodded his head before saying, “We found death killers waiting outside for us.”

“What?” She stood up in shock.

Even her assistant was in disbelief as well.

The death killers otherwise known as suicidal warriors.

So she felt hard to believe.

“Come again,” She asked.

“That’s right, there seems to be 2 killers targeting Zack.

I have told you before,” Robbie replied.

“Blood Force,” She said in her heart.

When she looks at Zack.

Her emotions became complicated.

It's not a good thing to be targeted by them.

"Were they Silver Mark Warriors?" She asked again.

"Yes, no doubt about that," Robbie replied.

"In that case, don't leave the City Lord Mansion for the time being," She said in a solemn tone.

Chapter 832: Return to the HQ

From MC's Perspective:

Redwood City:

"I'm going to see what they are?" The City Lord Palmer said in a cold tone.

"I'm coming," Robbie said.

"No, your identity is sensitive," After saying that she left without turning back.

"Listen to her," Lowell said to Robbie.

Robbie helplessly nodded his head.

City Lord Palmer is a good friend of his.

He doesn't want the death killer to harm her.

The other hand, my eyes turned cold.

This was all happening because of me.

If I get stronger in future, I will be able to avoid lot of troubles.

Lowell saw the change in temperament of Zack.

He said, "Zack, don't worry about these things.

You should prepare for the #64 pocket world."

"What is #64 pocket world?" I asked back.

"The pocket world can be said to be the resource world left over from the ancient period.

There are many pocket worlds found.

But most of them are controlled by powerful forces in the Tier-4 cities," Robbie said in a solemn tone.

He was attracted by the pocket world as well.

People can gain rich resources from that place.

The other hand, the names of Tier-4 cities made a stir in my heart.

Which reminds me that I'm still living inside the well.

But I want to reach the top.

Only by going there, can I truly learn powerful methods and techniques.

“You should not waste this opportunity.

I heard there is an exclusive herb growing inside the pocket world.

It can removed the weakness brought by the fast breakthrough and make warrior’s foundation more solid”

“If there is a chance, try looking for that herb.

You don’t have much time to reach the General Stage.

The Blood Shadow Force will make your life difficult.”

“But if you manage to get those herbs, you can choose a fast breakthrough,” Lowell said.

“That’s right, there are records that warriors had multiple breakthroughs after coming from the pocket world,” Robbie added as well.

Hearing that a trace of heat appeared in my heart.

I want exactly this kind of opportunity.

Follow new episodes on the "N0vel1st.c0m".

Meanwhile,

City Lord Palmer reaches the hotel with her guard.

But the 2 death killers have escaped.

“Damn it, news must have reached them,” She said in her heart.

“Go to the teleportation platform.

Don’t let anyone leave without verifying their identity.

If they are not from friendly forces then inform me,” After saying that she left.

Because of the competition here not much restriction is given to the forces.Â

Now that the competition is over.

She doesn’t want unrelated people to spend time here.Â

Time passed,

The death killers have decisively left Redwood City.

They had learned that the target was staying in the City Lord Mansion.

So there is no chance for them to kill the target.

A few minutes later,

The City Lord returned to the mansion.

Then she told us about the situation.

After hearing that everyone heaved a sigh of relief.

“We can leave now,” Robbie said.

Lowell nodded his head.

Then we quickly reached the teleportation platform.

The guards checked our identity.

Then let us leave.

Swoosh!

After stepping inside, we disappeared from the place.

When we appeared.

We already entered our Federation HQ.

Then we entered the towering HQ.

The staff recognised us.Â

“Congratulations, Zack Lockwood.”

“Zack Lockwood, you did great”

One by one the staff started congratulating me. After thanking them, I entered the left.

A few minutes later,

We reached the top of the floor.

I knew the Federation Head must be waiting for us.

Creak!

After stepping outside, we entered the room.

Federation Head Ben has been waiting for sometime.

Especially when he saw the duel of Zack vs Liam.

The duel has impressed him more.

“Zack Lockwood, you have done well.”

“You have exceeded my expectations,” Ben said with a smile.

Hearing that I thanked the Head for his support.

If not for the Thousand Blood Essence Pill.

My injuries could have been worse.

"Next, you can go and take a rest."

"I have something to tell them," Ben said.

Hearing that I nodded my head before leaving the place.

If my guess is right, then they are going to talk about the Blood Shadow Force.

Ben saw the disappearance of Zack.

Then he looks at Lowell and Robbie.

"This kid has exceeded everyone's expectations.

If we can keep up the same performance in the SSS-Elite Top list duels."

"Then he has a greater chance of entering the university," He said.

When he said "university" both of their eyes flickered.

"Head, I think the same as well," Robbie said.

Last time he had some reservations.

But this time Zack has impressed him completely.Â Â

"Oh"

“You have changed your opinion”

“What about you?” He asked, looking towards Lowell.

“For a kid from the outpost.

He has shown tremendous potential,” Lowell said with a smile.Â

Only he knows that horror of his student.

Zack has still kept his hands.

Otherwise, Tyson would have met a fierce opponent.

But it’s a pity, he doesn’t want Zack to expose his cards here.

Only by entering the Tier-4 City, Zack can truly be safe.

“Alright, keep monitoring the activities of the Blood Shadow Force including those 2 academy institutes,” Ben said.

Lowell and Robbie nodded their heads before leaving.

Blood Shadow Force:

An enormous pressure erupted from a deep part of the leader’s mansion and alarmed everyone.

These coercions then directly targeted the elders inside the meeting room.

Pfff!

The pressure appeared for some reason.

These elders inside the meeting room got hurt.

The extreme Silver Mark Warriors have managed to save themselves from serious injuries.Â

But the newly promoted Silver Mark Warriors and those average elders got hurt.

They coughed up a mouthful of blood.

For a second, the sudden coercion frightened them.

Even if they are injured, they can't talk back.

Because the coercion is from their leader who is Gold Mark Warrior.

Â "Harumph"

"Can't even complete the incomplete mission"

"What's the point of having so much trash inside the council," The leader's anger shook everyone.

Those experienced elder's faces turned ugly.

They are powerful Silver Mark Warriors.

But in front of the leader they really can't say much.

Chapter 833: Time to enter the #64 Pocket world

From MC's Perspective:

The following day,

After getting out of the bed, I started doing the morning routine.

20 minutes later,

I entered the training room to cultivate.

I sat cross legged on the ground and took the white essence stone from the storage ring.

The City Lord Mansion sent the white essence reward last night.

Holding the white essence stone in hand.

I started running the lightning scripture.

The next second, the lightning rune in my consciousness started to flicker.

Slowly, a small amount of lightning particles entered the body from the white essence stone.Â

When enough energy enters the body.

I started guiding the energy according to the scripture.

After circulation, the refined purple energy enters the dantian.

Seeing that I continued to repeat the process.Â

When enough purple essence gathered inside the Dantian.

The mysterious totem made some movement.

The already refined purple essence began to become more pure.

A dark hue can be seen on the outer edge of the purple essence energy.

A few hours later,

I stopped the practice and switched to the blood element method.

Like the lightning energy, the blood energy is also found in the world energy.

So I can use the same white essence stones to cultivate.

But the speed will be slower compared to the monster core or blood essence pill.

They have a large amount of energy.

When I started running the blood element method.

The blood rune in consciousness starts to flicker.Â Â Â

Slowly, the blood energy particles entered the body as well.

When the energy started flowing through veins.

The blood red light appears from blood as well.

Then it started to convert the blood energies into mysterious white energies.

These mysterious white energies start drilling into the skeleton of mine causing pain.

At this point of time, my endurance got stronger.

Ignoring the pain, I focused on running the method.

Meanwhile,

The inner post region was taken by the storm.

The SS-Elite Stage's top list ranking competition results have reached the nook and corner of every major force.

Normally, people won't pay attention to the SS-Elite Stage competition.

Follow new episodes on the "N0vel1st.c0m".

But this time it was different.

Because the killing was allowed.

Warriors are fearing that the rules will be the same for SSS-Elite and above stage competition.

Because of this, forces are paying much more attention.

At the same time, the name of Zack Lockwood is getting famous along with Tyson and Lily.

The Main Eclipse Academy and Giant Tower Academy have lost face completely.

Not only they had failed in the task.

But they had completely offended the Federation.

As long as Head Ben is there, the relationship between these forces won't improve.

The decision made by some people and the respective failure have caused internal fiction.

In the coming days, the atmosphere of these 2 academies won't be peaceful.

Blood Force:

Blood Force's internal elders have experienced punishment from their leader who is one of the powerful Gold Mark Warriors.Â

But after that they had received no words from him.

But these elders have understood something.

It will be more difficult to complete the incomplete mission.

The target will be in Federation HQ for a long time.

2 days later,

50th floor-HQ,

I received the news from my teacher that someone will come to escort me to the secret place shortly.

The news came so suddenly.

I thought they would inform me one day prior.Â

A hint of helplessness flashes in my eyes.Â

After a few seconds, I calmed down and began to get ready.Â

30 minutes later,

I went to the top floor of the Head Ben's cabin.

When I walked in.

I saw a black clothed middle aged man sitting in front of the Head Ben.

"Zack, you are here.

Come inside," Head Ben said.

Hearing that I nodded my head and went inside.

The middle aged man turned around and looked at me.

His deep gaze made me uncomfortable.

“Good!”

“It looks like the teacher gave you a good thing.

I can’t see through your strength,” He said.

“Ha...Ha...Ha...”

“It can’t be helped.

His teacher is cautious.

The kid has suffered so many assassination attempts.

It’s not wrong to have good things to cover your strength,” Head Ben said with a laugh.

The middle aged smiled in response.

“Zack, meet this Elder Remington.

He is from Star Tower, inner post region branch,” Head Ben said.

“Star Tower,” I blurted out in surprise.

How come the name sounds so familiar?

I was struck in disbelief.

Elder Remington saw Zack's response with an amusing smile on his face.Â

"Zack Lockwood.

You are a good kid.

We have investigated your background including your good performance in the Star Tower, outer post branch," Remington said.

"We didn't expect you to grow faster and do well in top list competition as well," He added.

Hearing that a look of understanding dawned on me.

So the force behind the top list ranking competition is none other than Star Tower.

"Now, do you understand?" Remington asked.

"I understand.

But why was the name not mentioned in any of these competitions," I asked back.

"I know you would ask this?

You should know the real star tower event is not this but inside the Star Tower."

"You have experienced this personally.

But these top list duels are like entrance exams.

So that university can have better choices while enrolling the students.”

“If you keep up the performance, then you will have a good chance to enter the Star University as well,” Remington explained.

Hearing that my previous doubts all got cleared.

I’m feeling more happy knowing that Star University is one of the universities in the Tier-4 cities.

Head Ben revealed a helpless smile.Â

He said,”Well, I’m happy that Elder Remington told you this information.

Because this information is too confidential for you.

”

“Your strength is too low.

If you reach Commander Stage and above you will learn all of this eventually,” Ben added.

“Elder, thank you for sharing the information,” I said to the Elder Remington.

Elder Remington waved his hand and his eyes flashes with appreciation.

He felt Zack is not arrogant and his temperament is good.

“Alright, there is nothing wrong in telling him.

Those big families and other major forces knew it as well.

Do you think they won't share the information with their descendants?”

“It's because of their sharing that many of the participants are from the major forces.

It's rare for someone like Zack to gain position in the top 3,” Remington said.

Head Ben showed a helpless smile.

Because Elder Remington was right.

“Okay, I think it's time to leave.

I will take him to the #64 pocket world.

When it's over I will escort him back,” Remington said.

The other hand, I'm listening to their conversations.

“Zack, do well.

There are rare resources in that place.

Don't forget to get all those,” Ben Head said.

Hearing that I nodded at him.

Then I left with Elder Remington.

We walked out of the HQ and reached the Teleportation platform.

“Are you nervous?” Remington asked.

“No,” I replied.

Then we stepped inside the platform.

Swoosh!

The next second, we disappeared from the spot.Â

When I opened my eyes.

I found myself standing on the barren land.

A hint of surprise flashes in my eyes.

When I looked around.

I can see only vast stretched plain land from all sides.

Remington wasn't surprised by Zack's reaction.

He said, “The pocket world #64 is located here.

We need 3 keys to open the portal.

The other 2 elders are on their way here.”

I nodded my head.

A few minutes later,

A female elder arrived together with Lily.

Then both the elders started talking.

But I only found fighting intent in Lily’s eyes.

Â Shortly after,

A burly built elder arrived together with Tyson.

As always Tyson was smiling.

I sighed inwardly.

This guy’s smile is poison.

Hardly anyone is going to deal with him.

“Since everyone was here.

We can open the portal,” The burly built man said.

Hearing that everyone took their token out.

Which is black in color.

The next second, they infused their energy into the token and shot towards the empty space in front of them.

Boom!

The space in front of them shook.

The next second, a portal appeared.

“After one day, you will be teleported back.”

“You guys can enter inside now,” Remington said.

Hearing that Tyson took a step forward and entered inside the portal.

His figure disappeared.

Next, Lily walked in.

When she was gone.

I took a step forward and entered inside.

Swoosh!

I landed on the ground and found myself in the middle of a forest.

The next second, I inhaled a pure dense world energy.

When I run the lightning method.

I found the lightning particles are in high concentration.

They seemed to be stronger as well.

My heart wants me to cultivate here.

I can break through here faster.

But I calmed down.

I have only limited time here.

It's necessary for me to find the treasure herbs.

Then I picked one direction and started moving towards it.

Chapter 834: Part 1: Pocket world #64

From MC's Perspective:

Pocket world #64,

Not long after wandering in the forest.

A strong flower scent drew my attention.

The scent was faint.

But my mind was refreshed just after smelling it.

Then I started moving towards the direction.

On the way, I came across dense plants which were blocking the way.

I removed all those obstacles before continuing moving forward.

Shortly after,

I came across twin pine trees.

There is a special flower with red and yellow petals growing in front of the tree.

The next second, I activated the perceptual ability.

The treasure herbs are usually guarded by the monsters.

I don't think that the pocket world is really safe.

The next second, I found a black color python hiding in the bushes.

The vertical snake slits are staring at me.

“Class 6 Monster Python,” I said in my heart.

“Lightning Phantom Technique”

The next second, I launched the movement technique.

Swoosh!

I disappeared from the spot and rushed out towards the monster.

The python monster began to attack as well.

It’s huge body moving towards the prey.

The python widened its mouth to swallow the prey.Â

“Blood Fist”

The other hand, I appeared above the monster and used the blood energy to attack.Â

In the blink of an eye, the blood energy gathered around my fist.

Then I fiercely slammed fist on top of the monster’s head.

Pfff!

The python monster’s pupil shrank.

It felt threatening.

But it was too late.

The monster's head burst into pieces like a watermelon.

The snake body then dropped dead on the ground.

Then I walked towards the Red and Yellow Flower.

I don't know its name and use of it.

Follow new episodes on the "N0vel1st.c0m".

But I feel it's an extraordinary treasure.

Then I took the silver box from the storage ring.

I removed the cover.

Then I carefully took the flower from the soil and placed it gently in it.

After doing it, I turned towards the Python Monster.

The Class-6 Monster body parts are no use to me.

So it's better for it to become food for other monsters here.

After gaining some clarity, I left the place.

Time passed,

By using the perception, I have found many unknown herbal treasures.

All of them are stored in the storage ring.

But it's a pity, I wasn't able to recognize the treasures.

While searching, I'm also keeping an eye out for the lightning and blood element related treasure.

But after continuous search in the surroundings.

I yield no treasure.

So I have decided to venture deep into the wilderness.

Meanwhile,

Tyson and Lily have come prepared.

Both of their families have instructed them.

So they quickly identified the herbal treasures by using their characteristics.

While searching for the treasures, they have encountered the monsters as well.

But in front of their strength these monsters had no chance.

After some time, both of them entered the core area as well.

The other hand, I spotted a cave structure ahead.

I have read books that usually say that the caves give birth to springs.

Especially the caves that exist in this treasure land must have something in them.

So I quickly began moving towards the cave.

When I got there.

I started observing the situation by using perception.

After confirming it, there was no monster inside.

I started walking inside.

A sound of water splashing was heard.

Hearing that my movements got quicker.

When I reached the dead end.

I found dead monster skeletons all over the place.

In contrast to my expectations this place turned out to be a monster lair.

Seeing that I wasn't disappointed.

But still I started going through the place.

Not long after, I found a human skeleton and tattered paper.

Out of curiosity, I unfolded the paper.

When my gaze fell on the content.

A hint of excitement flashes in my eyes.

Because it was a map drawn by someone long ago.

It must be the monster dragged his body away from somewhere.

After collecting it, I started to go through other areas.

And I quickly found where the trickling sound of water comes from.

It's a small pond of drinking water.Â

Seeing that I sighed inwardly.

You can't expect to see a treasure spring in ordinary caves.

After gaining some clarity, I walked out of the cave.

Then I started moving towards the "X" marked area on the maps.

"I don't know what type of place is marked as X"

"It might be a treasure area or forbidden area," I said in my heart.

Gritting my teeth, I have decided to go there.

Because I think Tyson and Lily must have a map with them.

With their family background.

I don't think they have come unprepared.

So I don't want to waste this opportunity.Â

One hour later,

I arrived at the spot.

But in front of me is nothing but towering trees grown all over the place.

Then I took the map to verify the location.Â

"This is the exact place," I muttered.

Because on top of the "X" mark.

A dense tree was drawn.

Which looks like the place exactly in front of me.

After figuring it out, I placed the map back in the storage ring and started entering the place.

I took the black sword out and started cutting out the weeds.

Soon, I went deeper and some screaming sound could be heard from ahead.

Hearing that my eyes flickered.

Wherever there is a monster.

Something good treasure grows near it.

I hurried my pace.

After a few minutes, I arrived at the open field.

But I found injured male crimson monkey monsters on the ground.

The injured Crimson Monkey Monster is appears to be Class-7 Monster.

I feel stronger aura from it.

But because of the injury.

I can only feel a weak aura coming from it.

The crimson monkey monsters are human height tall.

Their kind has surrounded the injured crimson monkey monster on the ground.

It's not easy to get near it.Â

Scream!

Upon seeing me the remaining crimson monkey monsters started shouting at me.

Their huge fangs can tear away human flesh easily.Â

But the strength of these monsters are around Class 5 and Class 6.

I think the injured crimson monkey monster is the group leader.

After figuring it out, I have decided to help out.Â

When I walked forward.

The Crimson monkeys blocked the path.

I furrowed my eyebrows.

Then I suddenly thought of something.

I crouched down and started applying little healing energy on the unknown plant.

All the Crimson Monkey Monster's eyes are on me.

When the green drop fell on the weak little unknown plant.

The next second, it bursts out with great life energy.

The plant grows several inches in the blink of an eye.

Scream!

Seeing that the Crimson monsters started screaming again.

But this time it's for a different reason.Â

Then I stood up and pointed my fingers at the injured monster.

These monsters are not fierce beasts.

They are quite intellectual.

After seeing the miraculous recovery plant, the crimson monkey monsters immediately showed the path.

Seeing that I revealed a smile on my face.Â

Then I approached the injured Class-7 Monster.

Looking at the deep claw injuries on my chest.

I think this monster must have fought with another monster.

Now the injured monster is having difficulty breathing.Â

Under the curious gazes of Crimson Monkeys, I used the Healing Hand Technique.

The next second, my right palm turned green.

I placed the right green palm on the monster's chest.Â

The injured crimson monkey felt something cooler.

It started greedily absorbing the healing energy.Â

In the blink of an eye, the injured chest area starts healing faster.

The Class -7 Crimson Monkey Monster finally opened its eyes.

After seeing that someone weaker than him has saved him.

The monster showed disdain.

The other hand, I'm in disbelief that the monster has absorbed all of my healing energies.

I thought it would take a few hours.

But fortunately, my time was saved.

Now, I can go and look for the treasure.

The Class -7 Monster got up and shouted at me.

After seeing me, the monster went in a different direction.

A look of confusion appears in my eyes.

When I decided to leave.

The rest of the monsters blocked the path again.

Seeing that I furrowed my eyebrows.

Clearly the monsters are not intent to attack me.

Then why block the path.

A few minutes later,

The Class-7 Monster returns with dazzling red-colored fruit in its hands.

Seeing that I'm stunned.

Now, I understand that the monster went to get the fruit.Â

The monster starts approaching me.

When it got closer.

It gave fruit to me.

After receiving it, I decided to leave.

But the monster made a sound before pointing at its mouth.

Seeing that I understood.

It wanted me to consume the fruit right now.

But I don't know what type of fruit this is.

I have full trust in the blood element method.

It can calm down the violent energy.

Then I sat cross legged on the ground and consumed the red fruit in one go.

Chapter 835: Part 2: Pocket world #64

From MC's Perspective:

The warmth energy entered my body.

The next second, I found my mind got clear.

My thought process has become more active.

Some of the old doubts in the practice began to get clear.Â

"My understanding become lot better," My heart set off storms.

This is clearly an improvement in comprehension.

The heart beat starts racing.

After calming down my heart, I began to focus on refining the energy.Â

The other hand, the Class-7 Crimson Monkey's eyes sparkled.Â

One hour later,

I opened my eyes.

Then I looked around the group of Crimson Monkey Monsters around me.

They have guarded me.

Now I understand why these crimson monkey groups are smart now.

But I think these types of fruits are one time use.

Otherwise, these crimson monkey monsters would have crossed the riot line long ago.

Sigh!

I let out a sigh before looking towards the Class-7 Monsters.

I said,"Thanks for the fruit.

I'm leaving right now."

After saying that I showed the gesture of leaving.

The Crimson Monkey nodded his head in return and made a shout.

The next second, the other monkey monsters started making similar sounds as well.

They know that their benefactor is leaving.

So they bid farewell by making shouts.

Several minutes later,

I walked out of the strange forest.

But there is still a huge smile on my face.

Before coming here, I had thought the herbal treasures were great treasures.

But right now, I have gained the biggest profit.

The improvement of the comprehension is the biggest gain in this trip.

With that I can advance all the techniques of mine further.

Soon, I will control the lightning element no less than that of Lily.Â

After gaining some clarity, I started moving towards the other marked area.

But I'm sure these marked areas are monster liers.

There are risks and opportunities.Â

2 hours later,

I arrived at the 2nd spot.

This time it was a swamp.

Follow new episodes on the "N0vel1st.c0m".

Looking at the dark swamp in front of me.

I frowned.

I spread my perception.

When the perception entered the dark swamp.

I see no traces of monsters.

But I'm not going to believe this.

This swamp area was marked on the map.

Then there must be something important here.

I started looking around the place.Â

I don't think this place is suitable for any fruit tree.

When I casually glanced at the center of the swamp.

Something caught my attention.

“That’s,” I started muttering half way.

Because I found a shining lotus growing in the middle of the swamp.

“It must be the treasure,” I said in my heart.Â

Swoosh!

Then I used the flight ability to rise from the ground and appear in mid air.

I quickly started moving towards the lotus flower.

At the same time, I’m keeping an eye on the surroundings.

When I got closer.

The lotus flower’s appearance becomes clearer.Â

It’s a blue lotus.

It’s not the only lotus in the surroundings.

There are other lotus plants in the swamp.

But they are white in color.

But the blue lotus flower is extremely important.

It looks like a better treasure than others.

Then I slowly descended to get the flower.

Suddenly, I saw something in my perception.

There are monsters coming in my direction.Â

Swoosh!

I quickly received the blue lotus and placed it inside the storage ring.Â

Boom!

A dark scaled crocodile monster rushed out of the water.

It opened its mouth wide to bite the prey.Â

I avoided the monster's teeth and flew higher.Â

"That was close," I mumbled.

Now, I got the flower.

There is no need to waste more time.

So I left the area to check other places.

Time passed in a blink of an eye,

One hour left before the end of the permission.

Tyson and Lily have already collected enough treasure.

Now they are looking to get more.

Meanwhile,

I found a secluded area to calculate my gains.

After the strange monkey forest, the swamp visited.

I successfully visited other areas to collect a few more fruits.Â

Now, I know there is not much time left.

I have decided to stop treasure hunting.

Then I thought about the other 2.

I couldn't help but think of Tyson and Lily.Â

They must have collected so much right now.

But I don't think they have gone to the crimson monkey forest.

Even if they did, I don't think the crimson monkeys are stupid enough to give them comprehension fruit.

When the timing was over.Â

Swoosh!

I disappeared from the spot.

Next, I found myself standing outside in the same wilderness.

Beside me, Tyson and Lily appeared at the same time.

"Ha...Ha...Ha..."

"Looks like three of you got plenty of treasures," Remington said with a joyful laugh.

The burly built elder and the middle aged women are also looking at 3 of them.

"Alright, it's time to leave," the burly built man said.

Then I got escorted back to the Headquarters.Â

Swoosh!

The teleportation platform on HQ side was lit.

The next second, we appeared on the teleportation platform.

“Zack, you can leave.

I’m going back,” Remington said.

Hearing that I thanked him for his help.

After leaving the teleportation platform, I returned to the HQ Tower.

Meanwhile,

The Federation Head, Elder Robbie and Lowell have received the news as well.

It’s not wrong to say they are also expecting to see what kind of treasures Zack collected in that pocket world.

When I entered the HQ.

I received a message from Elder Robbie.

They want my presence in top floor.

I guess teacher must be there as well.

After getting inside, I quickly entered the lift.

Shortly after,

I appeared on the top floor.

When the lift door opened.

I stepped outside.

Then I raised my head and looked at the office of the Federation Head.Â

When I walked inside.

As usual the 3 big people are inside.

After seeing me, the Federation Head smiled.

“Zack, you look good.

How was the harvest?” Federation Head asked.

Hearing that I started explaining the experience except the crimson monkey encounter.

Because I had consumed the fruit.

Other than that, I think it’s better not to mention it.

Chapter 836: Huge improvement in skills

From MC’s Perspective:

Top floor,

A few minutes later,

“What?”

“You even got a blue lotus,” Ben said with surprise.

The blue lotus is a rare flower treasure.

It’s even beneficial for the Commander rank and General rank Warrior.

What’s more the Blue Lotus is the best foundation stabilizing treasure.

You can consume it directly.

There is no need for specific pills or liquid medicine.

“Zack, you should take the blue lotus to make your foundation more solid.

It is many times better than ordinary foundation improving herbal treasures,” Ben added.

Hearing that my eyes gleamed with a twinkle.

I didn’t expect that the Blue Lotus would be so useful.

Fortunately, I didn’t ignore it during that time.

“Alright, we can now talk about the next thing”

“Zack, you have passed all of my tests.

Even performed well.

Better than my expectation,” Ben said.

Hearing that I smiled.Â

“Thank you for your support, Head,” I said to him.

I’m sure if Head ignored me, then I wouldn’t have risen this much.

“It’s nothing.

But the next thing is more important.”

“Elder Remington already told you.

It’s not easy to enter Star University.

You have just taken a step to attract their attention.”

“In order to convince them completely.

You have to keep up the permission.

Next, you have to focus on improving your strength and to reach SSS-Elite Rank as quickly as possible.”

“Then you can participate in the SSS-Elite Rank’s top list ranking duels,” Ben explained.

He doesn’t want Zack to be complacent after this accomplishment.

"Don't worry Head.

I will keep your advice in mind," I answered.

"Head, I will keep an eye on him," Lowell said.

"If Senior Lowell is not present, then I will watch over Zack," Robbie added.

"You guys," Ben shook his head.

"Zack, you can go back to your room.

I have something to talk to them about," Ben said.

Follow new episodes on the "N0vel1st.c0m".

Hearing that I nodded my head at him before leaving.

The other hand, Ben's expression turned serious.

He waited for Zack to leave.

Seeing that he was gone.

Ben looks at Robbie and Lowell.

"I know you 2 can look after Zack.

But unfortunately you won't be able to do it," Ben said in a solemn tone.

Hearing that Robbie and Lowell's expression changes drastically.

They saw Head was dead serious in his words.

He was not joking at all.

Sigh!

Ben let out a sigh before saying, "The Tier-4 Boundary is getting overwhelmed.

Those universities are not sending support at all."

"Looks like they are not going to support until the last moment," Ben said.

"Sh!t," Robbie cursed out in a low voice.

"They are doing politics again.

Only the life of our warriors is getting lost," Lowell said with anger.

He was truly angry.

People are dying.

But the top management was not worried at all.Â

"I know you 2 will react this way.

That's why I sent this kid out first.

You 2 will be transferred to the Tier-4 Boundary in a few days."

"I don't even know when the situation will get better.

Until then you won't have a chance to return," Ben said.

The situation at Tier-4 Boundary is really precarious.

It's not only putting pressure on them but also on other forces in the inner post region.

Lowell thought of something before asking,"Head, is that top list ranking competition's rule change related to this?"

"No way," Robbie sucked a cold breath of air.

Both of them looked at Head Ben for an answer.

Ben said,"Lowell, you are sharp as well.

That's right we need many genius warriors.

Only this way can we protect our interest."

"That's why forces in the Tier-4 cities have decided to create a more competitive environment in the inner post region."

“So much so that even killing was allowed in the competition,” Ben said.

“If that kid wants to truly stand out, then he has to show even more talent.”

“Those 2 kids Tyson and Lily are not that superior.

The real horror talent are descendants of the big forces.

Most of them are at SSS-ELITE STAGE.”

“They didn’t participate in this competition.

But they will participate in SSS-ELITE STAGE’s top list ranking duels”

“It will be more bloody,” Ben said with a heavy mood.

Lowell and Robbie were also silent.

Meanwhile,

I returned to my room.

Then I laid down on my bed directly.Â

The following day,

I woke up earlier.

I feel refreshed.

Maybe because of that crimson fruit, I'm feeling lightheaded.

Then I started doing the morning routine.

20 minutes later,Â

I entered the Puppet Chamber Room.

First, I activated the basic humanoid puppet for practice.

After a long time, I'm feeling much eager to practice because of comprehension improvement.

Boom!

When the basic puppet appears above the stage.

I took out the Black Sword to practice.

2 days later,

Lowell and Robbie got transferred to Tier-4 Boundary.

They didn't inform Zack about this.

Ben Head had warned Zack not to go out of the HQ without his permission.

The other hand, I was immersed in the training.

So much so that I have decided to improve all of my techniques including the newly bought one, the Lightning drop technique.

Inside the Puppet Training Chamber,

There was a broken silver humanoid puppet.

After destroying it, I sat down to take a breather.

At the same time, I've started recalling the techniques in mind.

1.

Sword Divide: Perfect wheel (Beginner)

2.

Lightning Wheel: Perfect wheel (Beginner)

3.

Lightning Phantom: Perfect wheel (Beginner)

4.

Blood Field Technique: Big wheel (Beginner)

5.

Soul Tower Method: Big wheel (Intermediate)

6.

Soul Needle Art: Big wheel (Intermediate)

7.

Lightning finger technique: Big wheel (Beginner)

8.

Blood Fist Technique: Big wheel (Beginner)

9.

Healing Hand: Big Wheel (Beginner)

10.

Lightning Drop: Small Wheel (Intermediate)

All of my 10 techniques have major improvements in 2 days.

My skills have advanced from Small Wheel to Big Wheel.

Except the new lightning drop technique.

Even in lightning drop, I have raised my skill to intermediate.

I'm following the ancient skill division.

Modern skill divisions are different.

In today's world, the big wheel is considered as mastery over certain skills.

But in ancient skill division, even the big wheel is divided into stages.Â

There is also a Great Wheel 2 level above it.

Back in the outer spot, I had tried many ways to improve the skill.

But I was a little weak in comprehension.Â

After coming to the inner post, I'm having this major development.

I guess before the next major competition.

My skills will touch the limit of the Perfect Wheel.

I wonder what would be the reaction of those people then.

Then I stood up and activated the Silver Humanoid Puppet.

Creak!

A Silver Humanoid Puppet appeared above the platform.

Boom!

The next second, it started dashing towards me.Â Â

Seeing that I raised the Black Sword and started pouring lightning essence into the blood.

Because of the improvement of skill the process was over within seconds.

“Sword Divide”

I discharged the lightning beam towards the puppet.Â

Boom!

The next second, a purple light releases from the sword.

It was so fast that only purple dots could be seen.

Compared it to the previous purple beam.

This time the lightning beam was faster and stronger.

The purple dot then touches the chest of the Silver Humanoid Puppet.

Bang!

An explosion occurs.

The purple dot pierces through the chest of the puppet like a blank paper.

Because of the core damage, the puppet drops on the ground.Â

Seeing that my mouth curves into an arc.

If I face Liam or Lily this time, I won't be embarrassed.

Now, I even have confidence to face Tyson.

After putting back the black sword.

I clenched my fist.

Boom!

A small shock wave was generated.

Lightning arcs can be seen coming from my fist.

Then I thought of something before controlling the lightning power outside of my body.

Crack!

The next second, the lightning arcs covered all of my body.

But it's still long away from affecting the environment around me.

What am I missing?

My comprehension was better than before.

Maybe Lily's external control of the wine element was due to some other reason.

After thinking for a moment, I have decided to search online later.

Time passed,

Late evening, I returned to my room.

The first thing I did was to get a cold bath.

20 minutes later,

After changing into comfort clothes, I lied down on the bed.

Then I took the scifi watch and began to access the online news.

After scrolling down the pages, there was no such interesting news that caught my attention.

Then in the search box, I typed the name "Lily, SS-Elite Stage 2nd Place."

The next second, the news articles appear on the news feed.

All of them are about Lily.

Then I clicked the 1st article and began to read it.

When I was going through.

Something caught my attention.Â

[Ms.

Lily said to have consumed a wind element treasure to improve her elemental control]

A look of understanding dawned on me.Â

“There was a treasure to improve elemental control,” I said in my heart.

Chapter 837: Getting First Mission

From MC’s Perspective:

The Following day,

When I was training inside the Puppet Chamber.

The Federation Head called me directly.

He wanted me on the top floor.Â After saying that he ended the call.

Usually, either teacher or elder Robbie contacts me.

But this time, the Head contacted me directly.

Which shows that both the elders are out for some mission.

Shaking my head, I stopped the training and returned to my room.

20 minutes,

After returning from the bath, I changed to a black uniform.

Then I took a few minutes to get ready.

I appeared at the top floor within a few minutes.

When I approached his room.

My heart filled with curiosity.Â

“For what reason, he asked me to come,” I said in my heart.

“Zack, come in”

A deep voice broke my thoughts.

Then I walked inside.

Head Ben seated behind his desk.

After seeing Zack, he smiled and said,“I asked you to come for a reason.”

“Before the competition, we talked about sending you outside to practice and take missions.

Now, the competition is over and you have done well in the competition as well.

It's time for you to venture outside," He added.

Hearing that, I felt happy.

I have long since wanted to fight against the monsters.

"But, what about the team?" I asked.

Head Ben shook his head before saying, "Initially, we have decided to make a team.

But you have performed better than we had expected.

"

"On top of it, you are still facing death.

In this situation, it's not good to form a team.

If the information is leaked, then the chances for your own team mate to attack you," Head added.

Hearing that a look of understanding dawned on me.

"It's okay, head.

I can do the missions alone," I answered honestly.

Seeing that Ben gave an approval look.

Follow new episodes on the "N0vel1st.c0m".

“Since you are confident.

Let me give your first mission,” After saying that, he sent the task directly to Zack.

At the same time, the mission was recorded in the mission hall as well.

It’s a special mission assigned to Zack.

Only he can view it.

The other hand, I checked my scifi watch.

The mission was sent to the student account.

Then I began to read the mission.

[Special Task: Hunt 5 Class -7 Black Wind Wolf Monsters]

[Location: Delta City Boundary]

After reading the mission, I sighed inwardly.

Because this mission is doable.

I can fight across ranks.Â

“What do you think?” Ben asked.

"I can complete the mission," I answered.

"Here, take this for your safety.

It's called black bead.

This refining item can cause damage to Silver Mark Warrior."

"The other hand, the Black Mark Warriors would be bombed to death," Head said.

My heart set off storms.

I received the black bead carefully.

I can feel the powerful energy stored inside.

Then I put it inside the storage ring.

"Use this thing carefully.

I hope there will be no such situation.

After the Delta Attack, the security was further tightened.

There are more Black Mark Warriors going rounds," Ben said.

"It's difficult for an outsider to infiltrate again.

Once you reach the Delta City Boundary, use this identity token,” After saying that he gave a black token.

“Drop your blood drop on the token.

Anyone with this token can cross the boundary to hunt monsters,” He added.

Hearing that I received the Black Token and bit my finger to put a blood drop.Â

The black token absorbed the blood drop.

The next second, I felt the breath of my aura from it.

Then I placed the token inside the storage ring.

A few minutes later,

I reached the lobby and walked out of the HQ.

A new thrilling feeling appeared in my heart.

I hope no trouble comes.

Everyone recognizes my face nowadays.

So I bought the Black Mask from the front desk.

This will come in handy.

Then I started walking towards the teleportation platform.

After arriving at the spot.

I showed the ID to the guards and told them my destination.

The guards were surprised after seeing me.

Then their expression returned to normal.

I'm not worried about my whereabouts being exposed.

I have a black bead with me.

Besides, no one here is stupid to offend me.Â

Swoosh!

The platform light lit.

The next second, I disappeared from the spot.Â

When I appeared.

I found myself in Delta City again.

Before I could step out.

The guards blocked me.

Then I showed my ID again.

After initial shock, their expression returned to normal as well.

I nodded at them before flying towards Lowell Castle.

“I wonder what happened to Jonathan?” I asked myself.

I heard from Teacher that he is trying for a breakthrough.

While flying, I noticed that the situation here has returned to normal.

After the city attack, the new buildings were built quickly.

Soon, I reached Lowell Castle.

After arriving at the gate, I called Jonathan.

But I received no reply from him.

Then I found a servant coming from the lakeside.

I approached her and removed my mask.Â

The female servant recognised my face.

“Young Master, you are back?” She asked with joy.

“No, I came here for a mission.

What about Jonathan?” I asked.

“Elder Jonathan is in retreat,” She replied.

Hearing that I understood.

Teacher Lowell was not exaggerating.

Jonathan made up his mind not to leave until breakthrough.

I think that the Delta City attack has hit him hard.

Then I told her to inform Jonathan before leaving the place.

Next, my destination was the boundary.Â

20 minutes later,

I’m standing in front of the thick invisible wall.

It’s called the Boundary Wall.

Which separates the monster territory from Delta City.

Next, I took the Black Token out and easily walked through the barrier.

This Black Token works as a key for anyone to enter and exit.

When I appeared on the other side.

I found green fields, mountain ranges and forests.

This outer area alone is bigger and dangerous than the monster zone back in the outer post.

Chapter 838: Collecting information (Mission)

From MC's Perspective:

Delta City Boundary,

After investigating the surroundings, I activated my perceptual ability.

I can sense everything within the perception range.

I adjusted the mask on my face before walking forward.

A few minutes later,

Just as I was going through the bushes.

I hear a buzzing sound.

Hearing that I stopped my footsteps and waited.

A blood red mosquito appeared in my perception.

But the strength of the monster is Class-5.

A hint of curiosity flashes in my eyes.

The mosquito monster is regarding me as a prey.

When it got closer to me.

I raised my hand to slap it.

At the same time, I used the lightning energy.

My palm instantly covered with lightning arcs.

The Blood red mosquito has sensed danger.

But it's a pity.

It was too late to escape from the attack.

When the lightning covered palm strikes the mosquito.

Pfff!

The Mosquito monster was electrocuted.

The next second, the charred body turned to ashes.

This time, I didn't use brute force.

But the power of the lightning essence of SS-Elite Warrior was enough.

Feeling satisfied, I continued to stride forward.

While walking, I started thinking about the mission.

In order to complete the mission faster.

I have to go to the monster den.Â

The Black Wind Wolves must be living in a cave.

After crossing the green plain.

I walked into thick forest.

The Gigantic Trees are growing all over the place.

Even the simple plants are 5ft high.

I have also noticed that the world's energy is comparable to the City.

Follow new episodes on the "N0vel1st.c0m".

No wonder the vegetation here had this monstrous growth.

Not long after, I found people in my perception.

They seemed to be walking ahead of me.

A cold glint flashes in my eyes.Â

“Those who are doing missions are SSS-Elite Rank and above.

It is rare for anyone in my rank to come here,” I muttered to myself.

Then I made the decision.

It’s better not to meet them.

I have come here to complete my first official mission.

The Task at hand is more important.

After gaining some clarity, I changed the route and started walking in a different direction.

But in this way, it will take days to figure out the location of Black Wolves Den.

Maybe I should have asked someone else before coming here.

Shaking my head, I continued walking.Â

One hour later,

My journey is going smoothly.

I thought I won’t encounter any trouble.Â

Hiss!

But the hissing sound coming outside of my perception range caught me off guard.Â

“How is it?” I asked myself.

I started checking the surroundings.

There is no monster spotted within perception.

Maybe the sound is coming from a little further away.

After thinking about it, I started rushing forward.Â

An injured black python found on the ground.

Because of the severe injury and pain.

The monster is hissing out loudly.Â

“Huh?”

“Class-6 Monster,” I said in my heart.

Indeed the monster has strength equal to mine.Â

The Snake Monster sensed the human just now and continued hissing.

The other hand, I’m paying attention to the monster’s injury.

It was caused by Sword.

There are sword marks all over the snake's body.

It can be said that the monster is lying at its deathbed.

Then I used the perception to check the surroundings.

Seeing that no one was here.

I decided to put an end to the monster's pitiful life before taking back the core.

I used the black sword to make a simple slash.

Pfff!

The next second, the monster's head rolled over the ground.Â

After arduous training these days, my skills have become smoother.

Even I started to enjoy sword drawing and slashing.Â

Even without injury, the skillful slash can cause severe injury to the opponent.

Then I started focusing on removing the monster's core.Â

After storing the snake monster core in the storage ring, I left the spot.

Who knows, people might come back.

I don't want to get entangled with unnecessary fights.

Time passed,

I reached the inner area.

Which is said to be more dangerous.

Unlike the plain field of the outer area.

Now it's difficult to spot open land.

Class-7 Monsters and above are said to be living in the inner area.

Maybe I can find wolves' den here.

Just as I'm thinking about my next course of action.

I spotted 2 people coming in my direction.

Because the current route is one of the used routes to enter the inner area.

Looking at these 2 people, a good idea comes to mind.

"If these 2 are SSS-Elite, then I can try fighting them.

I could get useful information from their mouth," I said in my heart.

Because of the Silver ring no one can sense my presence.Â

Then I hide behind the nearby tree.Â

Not long after, 2 burly built warriors appeared.

On their way, they are talking and laughing.

Not worried about the surroundings.

“Brother, can we find people to plunder in the inner area?” A brown haired warrior asked.

“Ha...Ha...Ha., brother don’t sweat.

We both are Elite Stage SSS-Elite Rank.

But we can fight against the Peak Stage SSS-Elite,” A short black haired warrior responded.

“All we have to do is find a lone warrior.

Then we can earn huge resources,”he added.

“Brother, what about their background?” The brown haired warrior asked.

He seemed unconvinced of his brother’s plan.

“What are you thinking?”Â

“There are hundreds of warriors who go beyond the boundary to complete the mission.

Do you think those rich warriors willing to such a low level task?” The short haired warrior said with a snort.

Hearing that other warrior got silent.Â

“Brother is right.

Those who do missions are warriors with a lack of resources,” The Brown Haired Warrior replied.

By the time both of them reached the end of the sand path.

Hereafter the path leading to the inner area is covered with grass.

Which shows that no one has walked this path in a long time.

The other hand, hiding behind the tree.

I heard their conversation.Â

“Talking about the lone desperado.

I’m here,” I said jokingly to myself.

Then I decided to catch them off guard with my new spell.

“Lightning Drop”

I launched the technique.

In the blink of an eye, a purple lightning ball covered with arcs appeared in my palm.

Then I shot the purple ball towards the duo.Â

The 2 Warriors at front felt impending danger from behind.

But the attack was so close.

The purple lightning ball hits their back.

Boom!

A lightning ball explodes coming in contact with them.

The powerful lightning electrocutes them.

Ths skin and flesh were burnt.Â

Both of their backs have suffered severe injuries.

So much so that flushes are torn apart.

They were smashed on to the ground.

Pfff!

Coughing up blood, both the warriors are trying to get up.

The other hand, I appeared behind them.

Seeing the effectiveness of lightning balls.

I smiled.Â

They are just Early Stage SSS-Elite Rank.

I know if they are Mid Stage and above.

The attack wouldn't have this effect.

Â "Who are you?" The short haired warrior asked.Â

Looking at the warrior appearing in front of them.

He realized he was the one who attacked them.Â

Right now, he feels sore in his arm and severe pain in his back.

The lightning power just now left with a paralyzing sensation.Â

He can't move his body freely.Â

The Brown Haired Warrior was the same.

He is trying to get up.

But the paralyzing effect made it look awkward.

"It's nice to see 2 Warriors here.

If you answer my questions, I will spare both your lives," I said to them.

Hearing that short haired warrior was not surprising.

They need time to counter attack.

He can't do it now.

So he is ready to answer.

"What is it?" He asked.

"Where is the cave of Black Wind Wolves?" I asked.

A strange glint flashes in Short haired warrior's eyes.Â

Now he seems to understand what this sudden attack was all about.

The other party needs information.

A burst of anger rose in his heart.

But he couldn't see through the Special Elemental Warrior in front of him.

"Maybe Commander Rank?" He thought in his heart.

Only they dared to go out alone.

But why hunt black wind wolves?

They are not dangerous.

“Lightning Finger Technique”

I executed another attack.

A purple beam formed at the tip of my fore finger.

I shot the beam towards the opponent’s right arm.

Boom!

In a flash, the purple beam pierced through the shoulder and left from the other side.

Argh!

The short haired scream out loud in pain.

The right arm was completely dislocated.

The bones inside were crushed because of the lightning power.Â

It can be said that his right arm was wasted.

"You beast.

I will kill you," The short haired warrior roared.Â

The Brown Haired Warrior beside him scared sh!t.

His brother was crushed.

He doesn't want the same fate.

"I will tell you.

There is a cliff inside the inner area.

Which is a half mile down from here.

You can see that cave near the cliff," He said everything in one breath.

"Good," I replied before leaving the place.

Chapter 839: Returning from the mission

From MC'S Perspective:

"Damn, the injury is serious."

"We should leave this place immediately," The short haired warrior said.

He wanted revenge.

But it's impossible with their current condition.

"Let's go brother," The brown haired warrior was ashamed

Instead of fighting, he bowed down to the attacker.

Then both of them left the spot.Â

The other hand, I started walking through the forest.

I don't know how long it will take me to get there.

Not long after, I came across a wild boar.Â

But after seeing me the wild boar ran away.

I'm not in the mood to chase after.

Before night I have to reach the destination.

I followed the details given by the brown haired warrior.

Time passed,

I got deeper into the inner area.

But still there was no sign of a clip.

When I thought about changing the route.

I seemed to get a glimpse of the open field ahead.Â

But these dense vegetation have covered the place.

When I continued walking towards the place.

Finally, I saw my destination.Â

There seems to be plain bed rock on top of the ground.

Which stretches for a few acres.

No wonder there are no trees and grasses here.Â

After walking further on the bed rock, I came to the cliff edge as well.

Seeing the deep opening is the next step.

I calmed down.

I don't know how many monster skeletons are down under the pit.

After removing the unnecessary thoughts, I started looking for the Black Wind Wolves Caves.

Howl!

Just as I was pondering, I heard a howling sound.

Hearing that I tried to find the location.Â

But a group of Wolves appeared before me.

Seeing that my eyes gleamed with a twinkle.

There are more than 10 Black Wolves standing before me.

“What a large group?” I said in my heart.

They must have sensed me as an intruder.

Then I tightly held the Black Sword in my right hand.

Follow new episodes on the "N0vel1st.c0m".

I only need the corpses of 5 Class-7 Monsters.

The other hand, the Monsters are looking at the intruder as an enemy.

Someone got into their territory.

It’s impossible for the enemy to leave alive.

These Wolves have hunted and killed countless monsters and Warriors before.

All of their skeletons are piled up under the bottom of the cliff.

Swoosh!

A Mid Stage Class-7 Wind Wolf pounced towards me.

Seeing that I raised the sword to attack.

The Black Blade hits the skin of the Monster.Â

Clang!

A metallic collision sound was heard.

I side stepped to avoid the monster's claw.

Then I turned around to swing the sword again.

At the same time, I started pouring the purpose essence into the blade.

In the blink of an eye, the sword was charged.Â

The Black Wind Wolf turned around to attack again.

It has missed the hit one time.

I don't want to do it again.

So the eyes of the monster are completely locked on the opponent.

Swoosh!

When the Wolf pounced again.

I launched the attack.

“Sword Divide”

A purple beam released from the sword and shot towards the Wolf.

In a flash, the Purple beam hits the side stomach of the monster.

Boom!

A deafening sound reverberates throughout the area.

The purple beam penetrated deep inside causing deep injury to the monster.

The Wolf is lying down on the ground.

Howl!

It started howling.

The next second, the other Wolves start charging against me.

My eyes turned cold.

I’m not afraid.

But I got the exact cure for this situation.

“Lightning Wheel”

When the Wolves are a step away from me.

I released the defensive technique.

A purple lightning Wheel formed around me.

The wheel is bursting with lightning power.Â

The purple energy is so dense and pure.

It gives one oppressive energy.

The Monster’s have no different feelings as well.

Sensing the aura, the fear gripped the Wolves’ heart.

But it’s too late for them to escape.Â

Boom!

The lightning Wheel explodes.

Bombarding the Wolves from all sides.

The power of the Lightning Wheel is greater than before.

It can even injure Peak Stage Class-7 Monsters.

When the dust settles down.

I saw more than 8 monsters lying on the ground.

Some of them are seriously injured.

Seeing that my eyes flickered.

Thanks to the increase in comprehension.

I have made all of my techniques stronger.

Then I raised my sword and started slashing the neck of the wolf.

One after another, heads rolled over the ground.

When the 5th head dropped on the ground.

I stopped attacking.

I need only 5 corpses for the mission.

I don't need to kill the rest of the pack.

After storing the corpse of 5 Wolves.

I left the spot and started walking back home.

The other hand, the injured Wolves started to leave while making a howling sound.

They have failed to kill the intruder.

In the end they have lost 5 of their members.Â

The Wolves have a deep gudge.

But they only saw the mask of the enemy but not the real face.

Next time, if anyone enters the territory with his mask.

They would be fiercely attacked by the wolves.

Time passed,

After a few hours, I returned to the boundary.

On the way, I didn't come across anyone.

The journey was smooth.

With a smile on my face, I held the Black Token and walked into the barrier.

When I appeared on the territory of the Delta City.

I heaved a huge sigh of relief.

"I thought the mission might lead me to the core earlier.

But the location was in the inner area.

Federation Head must have known about this," I said in my heart.

I started to believe that he gave me this task as a test.

Swoosh!

Then I used the flight ability to appear in the mid air.

Seeing that no one was around.

I started rushing back to the Teleportation Platform.

A few minutes later,

I reached the place.

Seeing me coming, the guards obviously recognised me.

After nodding at them, I entered the platform.

The guards then activated the platform.

The Platform was lit the next second.

Swoosh!

The next second, I disappeared from the spot.

When I appeared I found myself back in the Teleportation Tower.

Suddenly, I thought of a Black Bead.

The journey was so smooth that I didn't face any threat.

I returned to the HQ.

After entering the lift, I pressed the button to the top floor.

When I reached the top floor.

Creak!

The door opened.

Then I stepped outside and walked into the room of the Head.

Seeing that Glass door was opened.

I knew he was inside.

"Zack you are back," Head Ben said enthusiastically.

"Did you find the Wind Wolves in the inner area?" He asked.

"I knew it," I said in my heart.Â

"Yes, I have hunted them successfully," After saying that I decided to show him the corpse.

"Don't do it here.

You can ask someone from the lobby to take back the corpse.

I will give the mission completion report," Head Ben said.Â

Then he sent the report to the staff.

After doing that he looked towards Zack.

He asked,"What's your next plan?"

Hearing that, I thought about something before saying,"I want to prepare for the SSS-ELITE Rank Competition."

"Good, for you reaching the SSS-ELITE Stage is more important.

With that you can do more things," Head Ben added.

After talking for a few minutes, I left the spot.

When I returned to the room.

I contacted the staff to handle the monster corpse.

Not long after, the Staff came.

Then I handed the 5 monster corpses over to him.

After collecting that the staff left.Â

The other hand, I checked the notification in my inbox.

It was the mission completion report.

After reading the inbox, my mouth curves into an arc.

The Rating was given as excellent.

Which is good for my first mission.

But during the mission I have realized one thing.Â

SSS-ELITE Rank is must for the Warriors to survive in the boundary.

Fortunately, the mission was in the inner area.

If it was in the core area, I don't know how the results would turn out.

After sighing, I removed the distracting thoughts.Â

Then I went to take a bath.

A few minutes later,Â

I changed to fresh new clothes.

Feeling the exhaustion of mental energy.

I decided to sleep.Â

The following day,

I woke up earlier.

After getting out of the bed, I started doing the morning routine.Â Â

20 minutes later,

I entered the essence chamber.

Then I activated the monitor system.

The next second, a thick world's energy starts to fill the room.

Â I have decided to focus on improving strength.

Only after getting into the SSS-ELITE Stage, I can be truly safer.

Seeing that I sat cross legged on the platform.

Then I started to run the lightning scripture.Â

A purple energy starts to enter the body from the surroundings.

When enough purple energies entered the body.

I started to guide the purple energies according to the method.

After circulation, the purple energies entered the dantian.

Compared to before, the purple essence was thick.

Seeing that I continued to repeat the process.

Chapter 840: Special Elemental Growth Treasure?

Blood Shadow Force:

Rupert, The Golden Mark Warrior ended his retreat.

Usually, he didn't care about the organization's affairs.

But this time things were so messy that he had to clear it.Â

He has already called for a meeting a few minutes ago.

When the elders started to appear in the meeting hall.

They were shocked by the old man who was already present.

"Leader," The elders saluted before taking their seats.

When everyone appeared.Â

Rupert didn't open his mouth.

Rather he swept his gaze across everyone.

Perceiving his fierce gaze everyone lowered their head.

They had already tasted the medicine for a failure.

It is a day for them to recover.Â

"Our Blood Shadow Force had never faced such an embarrassment.

Not only we failed to complete the incomplete mission.

In that process, we have offended the Federation as well."

"Do you think that old guy Ben is a fool?" Rupert asked.

Hearing that the elders' faces turned ugly.

They don't dare to refute.

Otherwise, that elder will hit with even more serious injury.

"Harumph," Rupert gave a snort.

He saw through their thoughts.

"I have looked into the details of the target.

That kid Zack Lockwood is indeed a talent unearthed from outpost."

"Now that he has performed well.

The Federation will pour more resources into him.

If he becomes SSS-ELITE Warrior, then our chances will become slim," Rupert said in a low tone.Â

Like he is talking to himself.

He didn't want to listen to these elders.

They have already created enough of a mess.

After thinking for a moment, he asked about the recent intel.Â

Hearing that an elder stood up and said,"Leader, according to our intel.

The Target has started doing missions."

"Mission?" Rupert raised his eyebrows in surprise.Â

He didn't expect that old Ben would be so bold.

The Monsters living beyond the boundary are strong.

Warriors need at least SSS-Elite Rank Strength to survive.

Follow new episodes on the "NOvel1st.cOm".

I think the Federation has sent SS-ELITE Rank kids there.

He started to believe that the Federation is truly going to invest in that kid.

“Blood Shadow Force has already forged enmity with that kid.

We have to nip him in the bud before he raises up,” He said to himself.

The elders remained silent after hearing that.

None of them had a good idea.Â

Rupert frowned before asking,”We need to lure that kid out.

Do any of you have any good ideas?”

The elders looked at each other.

Before a female elder stood up and answered,”Leader, the target is a Special Elemental user.”

“The Special Elemental Warriors need to attribute treasures to increase their power.

Zack Lockwood took a great deal of effort to defeat Warrior Lily.”

“Her mutated wind element was more impressive than Zack Lockwood’s lightning element.

If we set up a game by placing rare lightning attribute growth treasure, I'm sure that kid would be tempted," She said in a serious tone.

"It's a good idea.

But we don't have such a treasure with us," One of the slim looking elders said.Â

She is not the first.

Many of them thought of this idea.

But the plan requires lightning attribute treasure which no one has.

"Good, idea," Rupert clapped.Â

"The Special Attribute Growth Treasures are a rare thing.

Even the major forces would be tempted to get," He added.

At this time, the elder who had suffered injury before said,"Leader, I think we should not delay time."

"According to the intel Lowell McClain and Robbie are not in the Federation," He added.

Rupert's eyes gleamed with a twinkle.

"We got another perfect opportunity.

This time that kid won't be able to get external help.

As long as I contain that old guy Ben, then it's easy to solve the target," He said to everyone.

"Federation won't let that kid out.

If I'm right they will let him accept the mission task.

We should black mail some families so that their warriors can kill that kid," He said in his heart.

"Alright, contact those families who have received help from us.

It's time for them to help us as well," He gave the order before disappearing from the spot.

Sigh!

Seeing that he was gone.

The elders heaved a huge sigh of relief.

They found that their leader was much more calm today.Â

Otherwise, everyone would have faced another round of punishment.

Blood Force Rupert used treasure to leave the territory.Â

One hour later,

A place where white marble buildings can be seen everywhere.

The space above split for a movement before it recovered to normal instantly.

Rupert stood in the mid air and swept his gaze across at the place.

It's already a violation of an agreement made by all universities.Â

The Gold Mark Warrior was supposed not to leave their territory.

Unless there is a mission or official request for help.Â

Basically, all the Gold Mark Warriors stay in their force to keep their stronghold safe.

This place is the Main Institute of Eclipse Academy.Â

Sensing the arrival of the Gold Mark Warrior, deep inside the Supreme Elder of the academy left his place and appeared in the mid air as well.

Both of them have hid their presence.

So no one can sense them.

"You are quick to arrive," Rupert said to the Golden haired Elder.Â

"What are you doing here?" The Supreme Elder asked.

"Why am I here?"

"Not only 2 academies failed in their task.

But also got exposed in that process as well,” Rupert said to him.

The expression of the Supreme Elder turned stiff.

Then a hint of anger appeared in his eyes.

“What do you want?” He asked.Â

He knows that Rupert won’t come here without purpose.Â

“Me?” Rupert sneered.

“Not only you guys are exposed.

But not doing anything in return.

You have promised us to complete the incomplete mission.”

“So what are you guys doing right now,” Rupert asked in a threatening tone.

This time Rupert was pissed off.

Buch of Academy old guys underestimated the method of killing organizations.

The Supreme Elder was distressed.

Without a Giant Tower Academy, he can’t make a unilateral decision.

“Since you have come here.

You must have thought of something.

Tell me what you need?" He asked.

"Harumph," Rupert snorted.

He always disliked the Academic guys.

Their way of doing things is cowardice.

"Alright, we will take care of our mission here after.

But for that you 2 academy have to compensate us," Rupert said.

The Supreme Elder sighed in relief.

He knows as long as there is enough benefit.

The problem can be solved.

"What do you want?" He asked.

"Lightning Attribute Elemental Growth Treasure," He spilled it out.

"What?" The Supreme Elder exclaimed.

"Elemental Growth Treasures are rare in Tier-4 City.

The Special Elemental Growth Treasure is even rarer.

Do you think it can be found in the inner post region,” The Supreme Elder replied.

He has a slight guess that it has to do with the target.

But it’s not an easy thing to get even for the Gold Mark Warriors.

Rupert grinned.

He has expected this reaction.

“I know you can’t.

But what about the University behind you?

Then add the University behind the Giant Tower Academy.

I think it will be easy for you to get that thing with your connection”

“Don’t forget you 2 academies are exposed now.

That kid won’t forget enmity.

Now he has the support of the Federation.

Soon, he will have exponential growth with unlimited resources.”

“Do you think you guys can handle him after his rise?”

“Once he joined the University behind the Federation.

Then we had to show him respect as well,” Rupert said.

The Supreme Elder’s expression becomes complicated.

Earlier, this was not their problem.

It’s just one of their branches in outer post 1012 made enmity with Zack Lockwood.

As a main branch they just wanted to eliminate the threat.

But they didn’t expect the meteorite rise of that kid.

Now that he has become a core member of the Federation.

He will have no lack of resources.

Then it will be a matter of time before he joins the University.

The other hand, Rupert stood cross-armed.

He knows that the Supreme Elder is thinking.

This time he wants to use the treasure of others to complete the mission.

“Okay, I’ll talk with the Giant Tower Academy’s Supreme Elder.

Once we get that thing, we will give it to you.

Now you can leave,” The Supreme Elder said.

“Alright, I will give you not more than 3 days,” After saying that Rupert turned around.

He tore the space and left.

“Damn, bloodthirsty killers,” The Supreme Elder cursed out in a low tone.

The Academy is a good force loved by the masses.Â

The other hand, the killer organization is neither good nor bad.

It’s a neutral organization but does the job requested by all the forces.

Including the academic forces.

Such a relation now led them towards this black mailing.

If not for the Giant Tower Academy’s persuasion before, he wouldn’t have agreed to the plan to eliminate Zack Lockwood in first place.Â

Swoosh!

He returned to his place the next second.

Then he contacted the Supreme Elder of the Giant Tower Academy.Â
