

BloodLine 841

Chapter 841: 2nd Mission!

The Giant Tower Academy:

In a different region, there are black towers everywhere.

Students with heavy builds can be seen going about their business.

This is the Main Institute of the Giant Tower Academy.

The Giant Tower Academy focuses on Body Training.

So the Students here do lots of physical training.

Crack!

At this time the space cracked before, a silhouette appeared.

The person is none other than Golden Haired Supreme Elder of the Eclipse Academy.

The Blood Shadow Leader Rupert's words unsettled him.

He didn't trust Rupert at all.

If one day he leaked the confidential information out, then they will be sacked by the university behind them.

So he thinks that no matter what, this problem needs to be solved urgently.

He has tried to contact the Giant Tower Academy Supreme Elder Marcus earlier.

But he didn't respond.

So he came here directly.

His arrival was sensed by the Supreme Elder of the Giant Tower Academy.

"Old Kai, what are you doing here?"

A deep voice sounded from behind.

An old man with heavy built muscles, dressed in adventurer clothes appeared.

The Golden Haired Supreme Elder saw the worry free face of the coming person.

He couldn't help but sneer.

These people are responsible for the disaster.

If they had left out branch fights aside, things wouldn't have gone this far.

"Let's go inside.

Something serious has happened," He said.

Hearing that Giant Tower Academy Supreme Elder frowned.

But he didn't doubt his words.

The Gold Mark Warriors won't leave their territory easily.

At this level there is no need to joke about this.

Follow new episodes on the "N0vel1st.c0m".

They disappeared from the spot and appeared at a magnificent hall.

This hall belongs to the Supreme Elder alone.

No one comes here except his guest.

"You are living here luxuriously.

Looks like you have given up the breakthrough hope," Old Man Kai said.

Even as the Supreme Elder of Eclipse Academy, he didn't dare to slack in practice for a second.

Otherwise, he would be replaced by someone else.

"Harumph"

"Tell me what are you here for?" The Giant Tower Academy Supreme Elder Marcus asked.

"I have met Rupert.

No, he came to my place a few minutes ago," Then he started to explain what happened a few minutes ago.

A few minutes later,

Supreme Elder Marcus' face sank.

He then nodded his head before saying, "We have created an unnecessary problem for us."

"But the Elemental Growth Treasure is not easy to get.

Both of our Universities will ask for an explanation.

If we reveal the truth, not only we will get reprimanded but our resources will be cut," He added.

Old Man Kai's face was ugly.

He shook his head before saying, "Do you think I don't know?

But Rupert is hinting he will expose the shady activities of our 2 academy."

"He dares?" Marcus said with anger.

Then he thought of something before saying, "It's just about an incomplete mission.

I think killing that kid is easier than getting Elemental Growth Treasure from the university."

Hearing that Old Man Kai nodded his head.

“Do you have any plans?” Kai asked.

Before coming here he still underestimated the worth of the treasure.

It’s even a rare treasure for University Students.

Marcus replied, “Why don’t we contact those family Warriors?”

“The Federation has 4 cities under them.

That kid will leave the HQ to seek experiences in this city.”

“When that time comes we should be ready to sacrifice the pawns,” Marcus said.

“Yes, this plan is feasible.

But what about the Blood Shadow Force?” Old Man Kai asked.

“Don’t let them know.

But don’t worry that kid won’t be able to survive the combined attacks of Commander Rank and General Rank Warriors,” Marcus assured.

More than Blood Shadow Force, he fears the University.

It’s just the killing of one kid.

There is no need to contact the academy.

Both of them didn't put the Federation in their eyes.

For them the Federation is an organization made to fight against any foreign threat.

They didn't have time and energy to look after rising genius warriors.

Especially when the 2 Gold Mark Warriors set their eyes on that kid.

It's more impossible for that kid to survive.

....

From MC'S Perspective:

2 days later,

I came to the lobby again to accept the mission.

I have already got clearance from Head Ben.

There is no need to cook up inside the room all day.

"Hi, Zack.

Are you here for a mission?" The staff asked.

Hearing that I nodded my head.

All types of work were handled in the lobby.

Including the mission details.

The staff touched a button.

The next second, a huge vertical screen above the desk.

“You can only accept a mission according to your authority.

The special mission required permission of our Head,” The Staff explained.

“Okay,” I replied before looking at the screen.

[Mission Level: A]

[Mission Description: Kill bloodthirsty Class -9 Metal Headed Bear Monster.]

[Place: Alpha City Boundary, Core area.]

After looking at the first mission, I shook my head before scrolling down the page.

I’m looking for a specific mission at Delta City.

That too at the inner area of the Boundary.

After scrolling down a few pages, my gaze fell on a good mission.

[Mission Level: D]

[Mission Description: Bring Variant Bright SunFlower.

Qty:1]

[Place: Delta City Boundary, inner area]

“This one,” After confirming the mission, I proceed to register.

After filling up the form, I checked the scifi watch for confirmation.

Beep!

A message came to the inbox.

I clicked the message to read it.

Seeing that mission was assigned to me.

I sighed inwardly.

Then I thanked the staff before leaving the HQ Tower.

I quickly came to the Teleportation Platform.

The guards obviously recognised the mask.

This time they didn’t have any surprises.

I told them about my destination.

Swoosh!

The platform lights lit.

I disappeared from the spot.

When I appeared.

I was standing on the platform of Delta City.

The guards here recognised the Mask as well.

To be on the safe side, I showed them my face.

Then both of their expressions eased.

Seeing that I walked out and then appeared in the mid air.

The Delta City has faced an attack not long ago.

So the attitude of these guards is understandable.

Sigh!

Sighing, I removed the unnecessary thoughts before flying towards the boundary.

Last time, Jonathan was in retreat.

I wonder if it's still the same today.

But If he had ended his retreat, he would have contacted me.

"Let's go and finish the mission first.

Then meet him later," I said to myself.

A few minutes later,

I arrived at the boundary.

Facing the invisible barrier ahead.

I took the black token out and walked through the barrier.

When I appeared on the other side.

The familiar plain field greeted me.

Then without wasting time.

I started moving towards the inner area.

Not long after, I was struck with a sudden realization.

The Mission Description says that Bright Sun Flower can be found in the area.

But it did not mention the exact spot.

“Looks like I have to collect the information again,” I muttered to myself.

Meanwhile,

A group of warriors are going for a mission in the core area.

There are 6 People.

All of them are SSS-ELITE Rank Warriors.

Among them the Short haired Warrior and Brown Haired Warrior present as well.

Not long ago, they were brutally attacked by a Special Element Warrior.

After that they have decided to do the missions in a group.

These days they have completed 3 group missions.

This one is the fourth mission.

As these people are walking ahead.

The brown haired warrior said, “Brother, we are getting low shares in group missions.”

“We should start our old ways,” He added.

Hearing that the Short haired warrior replied, “We need resources to cure our hidden injuries.

Wait for a few months.

We will continue then.”

Hearing that the Brown Haired Warrior showed an unwilling face.

But he understood the mood of his brother.

The other hand, the Short Haired Warrior wanted revenge.

If not for the Special Elemental Warrior, he wouldn't have ended up in this situation.

But he is not stupid.

He knows that Special Element Warriors all are from big forces.

So he is not going to seek revenge directly.

But if there is a situation in the future, he will definitely do it.

But he wouldn't have thought that a special element warrior was coming in their direction.

“Hey, we should collect 20 monster cores quickly,” A leading SSS-ELITE Peak Stage Warrior said.

“Brother, how should we divide the share this time,” A slim looking warrior asked.

“Harumph, everything is based on strength,” The leading Warrior said.

The 2 Brothers are weak in strength.

So no one looked in their direction.

For them these 2 Brothers are there to work as bait.

Meanwhile,

I'm rushing towards the destination.

Suddenly, something shot towards me.

The next second, I side stepped to avoid the attack.

Swoosh!

The next second, something landed on the ground.

I paused my movement before looking at the ground.

"Wind Snake," I muttered to myself.

This snake is a rare snake.

Looking at the silver body, my eyes gleamed with a twinkle.

Chapter 842: Part 1: The Perry Family

From MC's Perspective:

After taking a look at the white snake.

I left the spot.

Not long after, I came across a group of Warriors.

When they saw me coming alone.

These people started to access my strength.

But my silver ring can block the prying eyes.

And these people may not know me.

After accessing each other, we walked away.

I have noticed these people's strengths are above SSS-ELITE.

Fortunately, they don't have any intention to rob.

After walking further distance, the Team Leader of the Commander Rank Team frowned.

"Which force has sent their descendants alone?" After saying that he shook his head.

Soon,

I came to the inner area.

Looking at the familiar environment, my eyes flickered.

This time I took a route different from the Black Wind Wolves.

I hope my decision will be right.

After entering the inner area, I slowed down the speed and started walking on a road.

While walking, I activated the perceptual ability.

Without knowing about the area, it's unwise to use flight ability.

If I bump into the high level Warrior.

Then it will become difficult to explain.

Rustle!

Not long after, I spotted something in my perception.

Whatever it is, it's moving fast from one place to another.

Just as I thought the strange things would go away.

Swoosh!

The next second, the monster starts coming in my direction.

Seeing that my mouth curves into an arc.

I want to see what kind of monster it is?

In a blink of an eye, a four legged cat appeared before me.

The Wild Cat Monster appears to be black and brown in color.

It's standing at the height of a human adult.

Looking at the prey, the Monster is carefully observing.

It's yet to see whether the prey is strong or weak.

If it's a weak prey, then it will waste no time in killing it.

But the Cat Monster has sensed no trace of fear weakness so far.

Follow new episodes on the "N0vel1st.c0m".

The other hand, the hair on my whole body is standing up.

The oppressive aura and threat from the monster is greater than I expected.

"Class- 8 Fierce Wild Cat," I said in my heart.

This Monster is equivalent to Commander Rank Warrior.

Swoosh!

When I was looking at the Monster.

The Monster leaped towards me.

“Sh!t,” I cursed out in my heart before releasing the defensive technique.

“Lightning Wheel”

A purple lightning Wheel formed around me instantly.

The wheel is beaming with a thunderous lightning power.

Boom!

The Wild Cat Monster fiercely collides into the wheel.

The next second, the lightning Wheel exploded.

The great burst of power hits the body of the monster.

Roar!

The Wild Cat let out a roar.

The lightning power posed a huge threat to the Wild Cat Monster.

It thought that prey was easy to handle.

But the lightning power made the monster wary.

Swoosh!

The next second, the Wild Cat Monster escaped from the spot.

The Monster won't attack unless it was sure.

Now it has made a mistake.

It flees from the spot.

The other hand, I got up from the ground slowly.

Seeing that monster has fled.

I don't know whether to laugh or cry.

Some monsters are weird.

They like to test the waters.

After removing the unnecessary thoughts, I continued walking forward.

...

The Main Eclipse Academy:

The Golden Haired Supreme Elder Kai is keeping an eye on Zack Lockdwood's details.

When Zack Lockdwood entered Delta City.

He received the news quickly.

After reading the intel, his eyes lit.

To think a dignified Gold Mark Warrior like him is taking care of this simple matter.

For a second, he couldn't help but feel embarrassed.

So much so that he didn't even inform the Headmaster of the Eclipse Academy.

He had ordered one of the elders to collect the intel secretly.

He thinks that if their plan fails again.

Then their academy reputation will get damaged hugely.

So both the Supreme Elders decided to act secretly.

They don't want the information to leak.

Especially to the Blood Shadow Force.

Old Man Kai removed the distracting thoughts.

"Alright, according to the intel.

That kid has gone to Delta City.

It must be because of a mission," He said in his heart.

“Good, let’s contact the Perry Family.

Most of their descendants are members of the Federation.

If one of their Family Elders agrees to my term, then we can kill that kid inside the forest,” He said to himself.

The next second, he contacted the academy elder and gave him a set of instructions.

20 minutes later,

The Perry Family,

One of the Medium sized families in the inner post region.

Like the Perry Family, there are many medium-sized families in the inner post region.

Some of the medium sized families are connected to a certain big organization.

But the Perry Family’s situation is different.

Instead of connecting to certain big forces..

The Perry Family had formed alliances with other medium sized families.

But the current situation of the Perry Family is precarious.

Because their Supreme Elder, a Silver Mark Warrior is nearing his life end.

Once the Silver Mark Warrior is gone.

Then the family without the support of big backers will lose their status as a medium sized family.

Then they will get the status of a Small sized family with only Black Mark Warrior Elder in their family.

The Supreme Elder has picked this family because of their current situation.

They desperately need the support of backers.

If they manage to complete his task, then they will get his support.

At this time, an Elder from the Eclipse Main Academy has come to this Medium Sized City.

The atmosphere of the city is different.

There are 5 Families here.

But one of the family's businesses has hit rock bottom.

The Elder is a middle aged man.

The Task was given to him by the Supreme Elder.

After finding the way to the Perry Family, the Elder starts walking down to the Mansion.

The situation of the Perry Family can be understood from their poor business.

He thinks that they will accept the Supreme Elder's proposal.

Chapter 843: Part 2: The Perry Family

The Perry Family,

The Elders are gathered in the Hall.

Someone is seated in the main seat.

The person is none other than Eclipse Academy Elder.

"My name is Shaw.

I'm one of the Elders in Eclipse Academy," After saying he swept his eyes across everyone.

The people in the family were taken in.

Especially the Family Head, the Black Mark Warrior.

His breathing was short.

He couldn't believe what he was hearing right now.

Their family is in a precarious situation right now.

They desperately need the backing of someone big.

Right now, someone from the Eclipse Academy came in .

The Family Head who is a fat middle aged man was excited.

“Elder, what can we do for you?” The Family Head asked.

Elder Shaw smiled before saying, “I’m here for an important matter.

I have to discuss with your family’s Supreme Elder.”

“This?” The Fat Middle aged man hesitated.

Their Supreme Elder is running out of oil.

They don’t know how many days or weeks left.

They were not sure whether letting someone meet him would be good.

The Fat Middle aged man gritted his teeth.

He doesn’t want to offend a big man.

He can sense that Elder Shaw is a strong warrior.

He can’t see through him.

“Alright, I will take you to meet him,” The Family Head said.

Hearing that others were silenced.

“Good,” Shaw uttered.

He felt that these people knew their situation was not good.

So he thinks his task will be accomplished.

Then the Fat Middle aged man takes him to the back of the Mansion.

There is a private courtyard surrounded by the beautiful flower garden.

“For a dying old man this scenery is good,” Shaw sneered inside.

When he walked into the place.

Shaw immediately smelled the dying breath.

“His situation is worse than I thought,” Shaw muttered.

Follow new episodes on the "N0vel1st.c0m".

The Family Brad’s expression turned pale.

He immediately turned towards Elder Shaw and asked, “Elder, is there any way you can help..?”

Before he could complete his words he was stopped by Shaw.

“Everything depends on your Supreme Elder’s decision.

You will know shortly,” Shaw said.

Hearing that the Family Head nodded his head before contacting the Supreme Elder.

Shaw was not stupid.

Even though the Supreme Elder is dying.

He is still a Silver Warrior.

It won't be much of an effort for an old man to hurt him.

So Shaw didn't dare to be rude.

The Silver Mark Warriors have their own prestige.

Creak!

The door opened.

The next second, everyone had a pungent smell.

It comes from the concoction of mixed herbal medicine.

Then both of them walked in.

When they appeared in the middle of the hall.

They saw a rickety old man with wrinkles all over his face sitting inside the bathtub.

The rickety old man opened his eyes and saw 2 people walking in.

“Oh, little fatty boy!”

“Whom did you bring in?” He asked.

Hearing that the Family Head was embarrassed.

Elder Shaw’s expression changed drastically as he felt the piercing gaze of the old man, like an ominous beast, the gaze made him feel that he was caught in the clutches of the wild beast.

“No, he is not a Silver Mark Warrior.

He has taken a Half Step successfully.

So he is Half Step Gold Mark Warrior.

Then why is he dying?” He was shocked in his heart.

His back went cold.

By the time he was recovered.

His whole body was drenched in sweat.

The other hand, the Family Head has already briefed everything to the Supreme Elder.

When Elder Shaw realized what happened to him.

His expression turned solemn.

Fortunately, he didn't say anything rude.

Otherwise, he would have been taught a lesson.

Elder Shaw thought that the old man's dying breath was not the result of old age.

But it's because of something else.

The Gold Mark Warrior, even if it's a half step.

Their Life span should be large.

He can't explain the situation in front of him.

He decides to inform his superiors later.

"Little Fatty Boy, you can go and wait outside.

I will entertain the guest," The rickety old man said.

Hearing that the Family Head walks out of the room.

The rickety old man asked,"Elder, can you tell me the purpose of your visit?"

Hearing that Shaw recovered his expression.

Earlier, he thought about maintaining a good attitude because another person is dying Silver Mark Warrior.

Now that he knows the old man is Half-Step Gold Mark Warrior.

His attitude became more respectful.

“Elder, I have something to tell you,” After saying that Elder Shaw began to explain what he wanted.

15 minutes later,

The rickety old man kept silent.

But his eyes are scanning Elder Shaw from top to bottom.

“When did the educational institutions get themselves involved in shady activities?” The old man was surprised in his heart.

“The world has changed.

Even the Supreme Elder of the Education Institute is acting like this.

Is there any way to decline the offer?”

“Sigh, anyway I’m dying.

It’s good to leave the Family under Eclipse Academy’s protection.

But I should warn the little fatty boy later.

The Academy is good on the surface but black on inside,” He thought to himself.

Elder Shaw saw that the old man was contemplating.

So he waited patiently.

The rickety old man feels complicated.

The Perry Family had never been involved in any conspiracy.

But now someone is intending them to use a knife to kill someone.

If the person was ordinary, it would be fine.

It's natural for Warriors to die in the wilderness.

But the person the academy wants to take down is just a Young Brat, who is not even a SSS-ELITE Warrior.

As far as he knows their family's young master is SSS-ELITE Warrior.

Better than that target kid.

But the identity of the target is more special, making his eyebrows furrow.

"Army Federation, the personal student of a Silver Mark Warrior.

That kid has the identity of a core member of the Federation.

Such an identity is not less than that of any major force," the old man said in his heart.

Any one mishap will ruin their own family.

The rickety old man sighed in his heart.

He wished the person in front of wouldn't have come.

If he agrees to the deal, then it will offend the Federation and a Silver Mark Warrior who has a potential to become Gold Mark Warrior.

But if he refuses, then he will offend the Supreme Elder of Eclipse Academy who is a Gold Mark Warrior.

Compared to the Federation, the Academy has a more powerful connection.

Not only that he can send the Perry Family's kids to the Academy for Warrior Education.

One day, they crossed paths with the Federation.

He thinks that the Academy will help.

The old man took a deep breath before saying, "Alright, I'll agree to the deal."

Hearing Elder Shaw sighed.

The next second, his eyes shine with bright light.

He has accomplished the task successfully.

This will impress the Supreme Elder and other elders in the Academy.

“The Perry Family will be safe under our Academy,” After saying that he handed over a task letter to the old man.

Swoosh!

A small wind appears.

The old man controlled the letter to place it on the table.

“Such an external wind control, sure the old man is half step Gold Mark Warrior,” Shaw once again confirmed something in his heart.

“You can leave now.

I’ll talk to the Family Head,” The old man said.

Hearing that Shaw nodded his head before leaving.

He walks out of the room.

He saw the Family Head.

But he didn’t wait for him to speak.

He immediately left the place.

Seeing that the Family Head was flustered.

For a second, he thought something bad had happened.

“Little Fatty came inside,” The next second, he heard the Supreme Elder’s voice.

Swoosh!

He swiftly entered the room.

“Supreme Elder what happened?” The Fat Middle Aged man asked.

The rickety old man smiled and said, “We got a big opportunity.”

Hearing that the Family Head sighed in relief.

The next second, he became excited.

“Elder, what is this all about?” He asked.

“Wait, I’ll tell you slowly,” After saying that, the old man started to explain.

At first, the Family Head was calm.

But when he hears they are going to backstab the Federation.

He broke out with a cold sweat.

Then he continues to listen with a heavy heart.

10 minutes later,

“Why are they going to such lengths to kill that kid?” The Family Head asked.

He feels unbelievable.

All this conspiracy is about eliminating a brat who is not even an SSS-ELITE Warrior.

The old man saw through his thoughts.

“Don’t think too much.

That kid has a tricky identity.

If we were to handle the task, then we should not leave behind any evidence.”

“That kid’s teacher is a famous Silver Mark Warrior.

He won’t sit back and watch sometimes bad things happen to his personal students,” The old man added.

“Silver Mark Warrior,” The Family Head’s expression turned pale.

“Calm down, once we go to the Eclipse Academy.

They won’t be able to do us anything,” The old man said.

Chapter 844: Emergency Message

From MC’S Perspective:

I eventually came upon a field after a lengthy walk.

Where I noticed a flower, bright yellow in color.

The Bright SunFlower was the first thing that sprang to mind.

Swoosh!

I was in front of the field the next second.

The picture of the flowers matches the mission details.

There are precisely seven petals.

No other flower has the same brilliant yellow petals as this one.

After that, I began to pluck the flower.

There is only one flower needed for the mission.

I therefore will not choose any more than that.

I placed the flower in my storage ring after gathering it up.

I considered going back.

However, I have entered the inner region far enough.

I will not be able to make it back before nightfall if I start walking back right now.

What should I do?

Spending the night here is risky.

especially considering my present strength.

I gave it some thought before deciding to go.

Soon afterward,

A group caught my attention.

I notice the Warriors are getting closer.

Out of nowhere, I recognized a face in the crowd.

My eyes flickered at them.

“Those two individuals are the same ones who I recently beat up,” I told myself.

Realizing that these two Warriors had begun to rely on a team.

I silently said to myself, “I hope they do not resort to tricks.”

Other warriors in the group began observing me, aside from these two.

However, their action will be ineffective.

due to the Silver Storage ring.

It will obstruct the curious eyes.

I turned my back on them and began to move past the group.

The group leader's eyes, on the other hand, flickered.

There are others who are awaiting his commands.

Yet the lone Warrior he let go.

The Brown Warrior's and his brother's faces drastically change at the same moment.

The eyes of the Short Black Haired Warrior became red.

He couldn't forget the face.

Seeing the same warrior walking past them.

Follow new episodes on the "N0vel1st.c0m".

His heart roared at him.

But just in time, he managed to control his rage.

This is not his place to make a careless error.

The Brown Haired Warrior's face went white with fear.

He remembers the lightning warrior's power.

Like the SSS-Elite Rank Warrior, it is comparable.

The Brown Haired Warrior said softly, "Brother."

"Do not speak." He was forced to shut by his brother.

The Short Black Haired Warrior was unwilling to warn the adversary.

The identity of the lightning warrior terrifies him.

Right now, they are traveling with the group.

The other warriors are already ignoring them.

It was possible that the other warriors would turn against them if they found out about the incident.

despite the fact that the mask is worn by the enemy.

He is unable to forget the enemy's gait, height, or weight.

Everything points to the same person.

After strolling for several hundred meters.

Unable to resist, the group's Warriors inquired.

“What happened, Leader?”

One of the Warriors said, “We had a great chance to attack that lone warrior.”

The question did not surprise the Leader, who is a Peak Stage SSS-Elite Warrior.

He turned to look back and began to speak.

“I was unable to see past that person’s strength.

which demonstrates how complex the other party’s identity is,” he said.

A gasp!

When the Warriors heard that, they gasped in shock.

Suddenly, they had a look of comprehension.

A few of them had attempted to probe before.

However, they saw nothing.

Now, their leader has not succeeded.

They are utterly stunned.

Colter Perry, the Leader, gave a dismissive shake of his head.

The group’s Warriors, however, are not happy.

He needs to think about other things.

The situation in their family is not right.

There is nobody he can afford to offend in this dangerous situation.

As he was contemplating.

It is his special communication watch, vibrating.

His expression sharply shifts in the next instant.

as a result of the Family's dire circumstances.

He received a unique communication watch from their family.

Only in an emergency will they send him a message.

The watch is ringing now.

He is at a loss for what to do.

"You people wait here for me," He said that and then moved a short distance away.

He then removed a unique communication watch.

He noticed a text.

He read the message after opening it.

“Go back as quickly as you can to Delta City.”

He read it and his expression darkened.

Then he makes the quick decision to depart.

“Guys, I am heading out.

You can carry out the mission again.” Having said that, he began to return to the boundary.

Everywhere, a similar circumstance is present.

The Perry Family Warriors are making their way back to the appropriate city.

Considering that it is challenging to communicate inside boundaries.

Normal communication is challenging over the phone.

The Perry Family Warriors had to return to the city for more orders.

After a few hours,

I arrived at the edge.

I then proceeded to pass through the barrier while holding the token in my hand.

Upon my arrival in Delta City.

The clock caught my eye.

Given that night has not yet fallen.

I let out a relieved sigh.

To my surprise, on the way back, I saw no monsters.

Once I cleared my mind of any superfluous thoughts.

I took off to return to the teleportation platform.

I soon reached the location.

Upon entering the Teleportation Platform, I noticed that one of the guards was staring at me with a stern expression.

It caught my attention.

However, I kept it hidden from view.

I then disclosed the destination to another guard.

Swoosh!

The lights on the platform were on.

In the following instant, I vanished from that location.

On the other side, when I emerged.

These guards appear to be acting normally, I noticed.

That one, though, was unique.

I secretly said to myself, "Something is not right."

I then went outside and resumed my walk towards the headquarters.

I went straight to the administration desk as soon as I got back to the headquarters.

After explaining the mission to the staff, I gave Bright SunFlower to them.

Before providing the report, the staff checked the flower.

I got the mission success report the next second.

I turned to face the elevator after realizing that.

Chapter 845: Perry brothers

From MC's Perspective:

I went back to my room and fell asleep.

Meanwhile,

Colter Perry is in Delta City.

During the night, he managed to find an inn.

Inside his room, he gave a look at the communication watch.

A few minutes ago,

His father contacted him.

His father is none other than the Perry Family Head.

His father talked about the recent developments in the Family.

Especially the opportunity to hold a seat at the Main Eclipse Academy.

At first, he couldn't believe it.

Then his father explained some things to him.

After that his whole body was petrified.

His father asked him to kill a person who is a SS-Elite Rank Warrior, not even the SSS- Elite Rank.

He was not afraid of killing someone.

But the identity of the other party sent shivers down his spine.

Maybe his family doesn't know about the Federation.

As a member, he knows about the internal affairs.

Especially the Warrior his family asked him to kill.

“Zack Lockwood,” He said in a low tone.

Almost everyone knows about Zack Lockwood.

The Warrior who rose recently in fame.

That person is not only a core member of the Federation.

But he is also the personal student of a Silver Mark Warrior.

Recently he got a win in the internal competition and was one of the top 3 in the Top list Ranking duels.

His family wants him to kill such a person.

He really doesn't know what to do.

If it happens, he is sure that Zack Lockwood's Teacher won't let go of this matter.

“What should I do?” He asked in his heart.

He thinks that he is not the only one who is asked by the family.

The emergency responder was given to many warriors by the family.

His cousins are Peak Stage Elite Rank as well.

He thinks that they will do something.

'My Father is the Family Head.

There is no need for me to take action.

Let's test the water first," He said to himself.

In the meantime, he has decided to live in Delta City.

The other hand, the other warriors in the Perry Family received the message as well.

Cousins of the Colter are most excited as well.

They have been long since held grudge against a Colter.

Because of the Family Head, they held the grudge in their heart.

Now the opportunity has presented itself.

They want to use it.

When it comes to the anger of the Federation and a Silver Mark Warrior.

Follow new episodes on the "N0vel1st.c0m".

They don't care.

Even if something happens, the family will take care.

By that time, they would have become the Students of the Eclipse Academy.

For the sake of the opportunity, these people are ready to sacrifice their family.

Like Colter, these 2 Warriors know about the affairs of the Federation.

It's not easy to kill a person who is in the lime light recently.

There is only option available for them to do it inside the Boundary.

Death happens all the time inside the Boundary.

No one has time to investigate.

Even if someone from the big family dies, it will take a lot of time for investigation.

So the 2 brothers are quite confident to kill the target.

They are Russel Perry and Vince Perry.

Both of them are in Beta City.

They know that Target's Teacher is in Delta City.

So the person is likely to go to Delta City.

During the Mid night they left Beta City and arrived at Delta City.

All the four cities under the Federation are active even during the night time.

So their travel won't cause any suspicion.

After coming here, they have found an inn to stay.

If something comes up, the family will provide them with intel.

The following day,

After cultivating, I began my daily training.

I have realized that my strength is too low for me to enter the Core area.

I have a feeling that I will soon reach the Elite Rank.

That day is not far away.

Time passed,

Federation head Ben comes to the office.

The first thing he did was to check on Zack.

After reading his reports, he smiled.

"He can enter and walk out of the inner area easily," He said to himself.

According to the reports, the staff noticed that Zack Lockwood returned without getting any harm.

The clothes were tidy and clean at that time.

“If that kid wants to break through fast, then the fighting is necessary,” Ben muttered.

He won’t send him to the core area.

But there are a lot of trail places under the Federation which includes the Phantom Tower.

He has seen Zack’s performance in the Phantom Tower before.

He can somewhat guess Zack’s current strength.

Suddenly, he thought of something.

“If Lowell knows my thoughts, he won’t agree to it.

But that kid doesn’t have much time,” He said to himself.

He knows that Blood Shadow Force won’t give up that easily.

He is not sure what they are planning right now.

Not only them, the Eclipse Academy and the Giant Tower Academy are overstepping their boundaries.

After giving it a thought, he sent a message to Zack Lockwood.

The other hand, I’m inside the Puppet Training Chamber.

Clang!

A metallic sound reverberates throughout the area.

I'm fighting against the Basic Puppet without using the lightning technique.

I struck the puppet's central section with the sword.

However, the Blade barely caused a scratch.

Swoosh!

Seeing that I leaped backwards before widening the gap.

Beep!

My communication watch lit with the notification.

Seeing that I released a lightning attack toward the puppet.

"Sword Divide"

The purple beam struck the central part of the puppet.

Boom!

The upper part of the puppet was blown off.

The puppet's remaining portion falls to the ground.

After doing that, I began to read messages.

Seeing that the Head wants to see me in one hour.

I made my way back to my room after leaving the chamber.

Then I quickly went to take a bath.

20 minutes later,

I came to the top floor.

I wonder what the assignment is this time.

Chapter 846: Small Trial Site

From MC's Perspective:

Creak!

As I entered.

I noticed that the Head was seated behind the desk.

"Zack, what are your plans for today?" Ben asked.

"Full day training," I answered.

“Oh!”

“Then it’s even better.

There is a trial place under the control of the Federation.

Wherever we detained monsters ranging in level from low to peak,” He stated.

Hearing that, a quick gleam flashes in my eyes.

“If you are interested, you can deal with the mid stage monsters,” he added.

“Mid Stage Monsters?” I muttered.

Ben saw the confusion in Zack’s eyes.

He said,”The low level monsters are from Class-1 to Class-3.

The Mid level Monsters are from Class- 4 to Class-6.

The Peak level Monsters are from Class-7 to Class-9.”

Hearing that a look of understanding dawned on me.

I have heard this before.

But it’s good to head from the Head.

Then I said,”I’m ready”

“Good!”

“I know you can fight across ranks.

However, the Mid Stage Monsters we are dealing with are not your typical monsters.

Their abilities are problematic.”

Ben stated, “We have retained them for our Warrior training as a result of it.”

A hint of curiosity appeared in my eyes.

After saying that Head appeared in front of me.

He grabbed my shoulder before vanishing from the spot.

Before I knew it I was standing inside another building.

When I looked around.

I found this was the basement of the building.

“Don’t be surprised.

The Trial sites are guarded heavily.

Apart from me, no one can come and go as they want,” Ben said.

Then he guided me forward.

There is a black iron door at the other end.

Beside the door, there is a monitor.

Ben went to the monitor before inputting some code.

Creak!

The Black door begins to open the next moment.

Follow new episodes on the "N0vel1st.c0m".

"Is there a teleport platform on the other side?" I asked.

"No, this site has Mid Stage Monsters.

Basically they are not a threat.

Only the site of the Peak Stage Monsters has the teleportation platform," Ben stated.

Seeing that the door was fully open, he added,"You can go inside.

Until the night falls you can hunt inside.

Once it's night time you can return to the door.

I will open it."

“Okay,” I replied before walking in.

After appearing on the other side, the door behind me closed automatically.

But I’m not afraid.

Basically, there is no do or die situation in this Mid Stage Monster Site.

But Head Ben’s advice kept ringing in my ears.

They have kept these monsters for training.

So the monsters are not easy to deal with.

I activated my perceptual ability.

By using perception, I got a good look of my surroundings.

It’s a dense green forest.

I turned around and saw that the Black Door was covered with leaves and twigs of the trees.

I tried to look past the black door.

Except the blue sky there is nothing there.

But I knew there was no teleportation platform here.

So this is not a foreign place.

It must be attached to the HQ.

Out of curiosity, I tried to walk past the black door.

Tud!

But I was hit by the invisible layer.

Which is similar to the Boundary.

Then I quickly realized what was going on here.

People must have used similar methods to detain the monsters here.

That being said, I am currently within the headquarters' domain.

Then I started moving forward.

I have enough time in my hand.

I should make use of this opportunity.

Not long after going through the forest.

I was drawn to something in my perception.

Swoosh!

When I arrived at the location.

A thing swoops past me.

For a second, I felt a hint of danger from it.

I was awakened from my recklessness by the threat.

I became alert.

Then I turned around and looked at the short branch of a shady tree.

In my perception, I recognized the monster.

A hint of surprise flashes in my eyes.

I have only read it in books.

To think this monster really exists.

I was surprised in my heart.

Flying Green Snake Monster resting atop the tree branch.

It appears that the Monster is Class-5.

No wonder, the Head has sent me here first.

The monsters here can be challenging.

I have previously read in the books that the Flying Green Snake possesses horrible toxic abilities.

With its poison, it can even eliminate higher order monsters.

In addition, killing a Flying Monster is a challenging task.

Its flying ability allows it to disappear with ease.

In my perception, I saw the monster looking at me.

I can take out the monster in one or two hits if I use my lightning ability.

However, I can train with this monster to test my reaction time and it will be great fun.

Swoosh!

The Monster came leaping toward me again.

I can see the monster moving in my perception.

The Monster wants to bite my neck.

Its mouth opened wide.

It shows off two purple fangs.

Clang!

As the monster approached me.

I struck using the black sword.

The black blade makes contact with the monster's scales.

I simply attacked with minimal force.

Hence, avoid killing the monster.

However, the monster was deflected by enough force.

The Green Snake Monster takes a hard fall to the ground.

Tud!

The monster's head hurt from the collision.

Seeing that I decided to stop and look for other monsters.

It's a pity to kill such a rare flying snake.

Since the monsters are used for training.

It's not wise to eliminate all the monsters.

I continued to walk through the forest.

I'm also marking the route along the way.

Rustle!

The Strange Tree ahead of me is shaking.

The next second, many roots appear above the surface by splitting the ground.

"Tree Monster," I exclaimed in a surprise.

I struck the roots that were getting closer to me right away.

But this attack had no end in sight.

Tree roots began shooting rapidly in my direction one after the other.

Chapter 847: Doing Special mission again

From MC's Perspective:

Trial Site,

Seeing that the tree roots are tenacious.

I have decided to use the lightning attack.

"Sword Divide"

A beam of purple light crossed in a straight line and struck the tree monster.

Boom!

There was a loud noise.

The whole tree was caught in fire.

At the same time, the roots stopped advancing towards me.

In the blink of an eye, the tree monster reduced to ashes.

“Class-5 Monster,” I said in my heart.

I realized that it was rather easy to take down the monsters by using lighting techniques.

After dealing with the monster, I moved forward.

Time passed,

I avoided killing the rare monsters.

But I didn't spare the blood thirsty ones.

When the allotted time had just one hour remaining.

I made my way back toward the dark door.

Soon, I reached the spot.

Standing in front of the black door, I waited for the door to be opened from the other side.

A few minutes later,

Creak!

The door opened.

Then I passed through the doorway.

Head Ben was waiting for me.

“How was the Trial Site?” I asked.

“Indeed, there are monsters with interesting abilities.

To get rid of them, I had to use the lightning element,” I grinned.

A hint of approval flashes in Ben’s eyes.

He noticed that Zack’s clothes were not torn.

It shows that Zack had remained unscathed.

Ben stated, “This Trial site would have been their toughest trial if it had been any other SS-Elite Warriors.”

“But you are different.

You have not only got better skills.

You are a Lightning element warrior as well," He added.

Before I could respond, he grabbed my shoulder again.

When my feet touched the ground.

I was standing in front of the Headquarters Tower

"So, what next?" Head Ben asked.

"I am going to practice hard for a few days before going on a mission," I said in response to that.

"Good," Ben smiled.

Then we entered the building.

Follow new episodes on the "N0vel1st.c0m".

We parted ways after that, and I went back to my room.

Meanwhile,

The Perry Family is monitoring any updates regarding Zack.

They don't want to miss the big opportunity.

Curiously, though, after getting the message, the Young Master of the Perry Family never went back home.

Everyone believed he had stayed behind to finish the mission.

Which unsettled some people.

The Perry brothers in particular are staying in Delta City.

They are more anxious to complete the task.

After two days, at 10 a.m.

I came to the front desk to look for a mission.

The staff was not surprised.

He waited for me to select the mission.

[1.Special Mission: Bring the young master's corpse back to the Kite Family, a branch family affiliated with the Kite Clan.]

[Location: Delta City, Eagle Point- inner area of the forest]

[Rewards: An unknown item]

[2.

Killing Mission: Kill Class-7 Violet Heart Snake and retrieve it's monster core]

[Reward: 5000 Contribute Points.]

I turned towards the monitor and selected the inner area mission.

The information appears on the screen the next moment.

But my eyes stayed on the first mission.

I double-checked the mission location.

After confirming the location, I selected the mission.

Because I'm more interested in their reward.

These days, I have gathered enough knowledge about the forces.

Only the big forces can call themselves a Clan.

And the deceased person seems to be from the Branch Family.

The mission is all about saving their face.

They don't want the bad rumors to be spread.

If a young master's corpse of an influential family was left out there.

Then it would hit their reputation.

So the reward must be something important as well.

After registering, I told the staff about my decision.

Then he confirmed it.

Shortly after,

I received a message in the inbox.

The mission was assigned to me.

After confirming it, I left the HQ.

Soon, I arrived at the Teleportation Platform.

I have once again checked their expressions before telling them my destination.

They are behaving normally.

I gave them a nod, then waited for the teleportation platform to work.

Swoosh!

The platform lit.

The next second, I vanished from the spot.

When I opened my eyes.

I was inside the Delta City, standing on the platform

The 2 Guards standing outside noticed me.

One of them was startled.

His expression changes for a second.

My eyes caught these small changes.

I nodded at another one before leaving the place.

Shortly after,

The guard sent a message to the Perry Family.

In the blink of an eye, the news was shared to the Perry Family Warriors.

Meanwhile,

“Is it going to happen?” Colter Perry said to himself.

He just received the message as well.

But he is not going to act.

He picked a wine bottle before drowning himself.

From the beginning, he didn't have a nice feeling about the task.

Now the family has stuck between the Eclipse Academy and Federation.

He doesn't know what is going to happen in the future.

The other hand, Russel and Vince have left the inn.

Both of them are excited.

They got the news about the target.

They want to catch him before anyone else.

Boundary:

After arriving at the boundary, I used the token to pass through the barrier.

Then I came to the other side.

In the past few days, I have collected some information about the forest.

Especially the news about the important areas in the inner area.

I have also read about Eagle Point.

It seems to be close to the core area.

The place is located at the central part of the inner area.

After selecting the direction, I started flying towards the destination.

Not long after,

Russel and Vince apparel.

“Do you know about his whereabouts?” Russel asked.

“Don’t know brother.

But the Family says he must be in the inner area,” Vince replied.

The Perry Family succeeded in getting some useful information.

But they don’t know about Zack’s exact whereabouts.

Russell responded, “Okay, let us wait for him here.”

Two of them then made the decision to hide here.

Chapter 848: Retrieving the corpse

From MC’s Perspective:

One hour later,

I nearly reached Eagle Point.

But before I could continue to walk.

Something caught my attention in perception.

I whispered to myself, "It is a One Horned Rhino."

Swoosh!

I hurried over there right away.

It appears that the One Horned Rhino is hurt.

However, its body is exerting just as much pressure as SSS-Elite Warrior.

Then I realized that, due to the injury, the monster had to have left the core area.

Since its the monster is injured.

I could try killing the monster.

As soon as I approached.

I saw the reddening eyes of the monster.

It is obviously angry at me for being here.

Boom!

The Rhino Monster, Class-7, came racing toward me.

I executed the lightning technique while advancing the Black Sword.

I quickly charged the Black Sword with lightning-fast power.

“Sword Divide”

Next, I took hold of the sword and slashed it horizontally.

The purple beam shot toward the monster from the sword.

Boom!

The monster’s head is directly struck by the lightning beam power.

The blood began to pour from the injured monster’s head as it made an agonizing sound.

Seeing that I struck the monster with a few more lightning attack.

Boom!

There was a loud noise.

The monster’s head was burst into pieces like a watermelon.

Seeing that I quickly appeared in front of the monster and started removing the monster core from its body.

The Class-7 Monster Core is really valuable.

After getting the monster core, I placed it in my storage ring.

Then I began to dissect the monster's body and placed it in different boxes.

Follow new episodes on the "N0vel1st.c0m".

After doing that, I started moving towards the Eagle Point.

Meanwhile,

Venice and Russell are still hiding outside.

Time passed,

After few minutes, I arrived at the Eagle Point.

Just like Death Cliff, Eagle Point is just another High Cliff.

"Where is the corpse?" I asked myself.

When I reached the Cliff's edge, I started searching for the body.

After few minutes, I spotted something under the dead tree.

It exactly looked like the corpse.

Swoosh!

In the next instant, I made my way over to the body.

When I appeared infront of it.

The stench assaulted my nostrils.

The body is started rotting.

Fortunately, I came here quickly.

I then started going through the body.

Next, I discovered a Kite Family token.

A hint of relief flashes in my eyes,

Then I picked the corpse carefully and placed inside the storage ring.

With that my mission came to an end.

Then I decide to return to the HQ before night fall.

Time passed,

The return journey was smooth.

It took me thirty minutes to reach the outer area.

While returning, I did not encounter any monsters.

I did not stop the perceptual ability for some reason.

When I got closer to the boundary barrier.

A sense of crisis hit me all of a sudden.

In my perception, I saw 2 dark spots coming towards me.

“Lightning Phantom Technique”

My legs were covered in a lightning bolt the next second.

I disappeared from the area and reappeared a short while later.

In front of me, 2 Warriors appeared.

They are both SSS-Elite Rank Warrior.

My eyes turned cold.

They are both targeting me.

It would not be an issue if it was one against one.

At this moment, I made some decision.

I used the lightning phantom technique again.

Then I started fleeing from the place.

Instead of passing through the barrier.

I bolted back toward the inner area.

Russel and Vince were shocked.

They thought that target would do something against them.

But it turned out, Zack was decisive.

“Catch him,” Russel shouted.

In the next instant, he and Vince were sprinting towards Zack.

Both of them are not fool.

Despite being SSS-Elite Rank Warriors, they are not foolish enough to enter a dangerous area.

On the other hand, I continued running without turning back.

I saw that both of them were rapidly catching up to me.

“What should I do?” I asked myself.

There is a black bead with me.

However, using it against SSS-Elite Rank Warriors is pointless.

Then I thought of something before changing the direction.

Now, I'm heading towards the Black Wind Wolves' territory.

Only those monsters can stop the 2 behind me.

"Damn it!"

"His movement speed was fast," Russel cursed out loud.

"Special Element," Venice said in a bitter tone.

He can see the power of the Special Element.

Now that their identity was exposed.

They simply must not leave empty-handed.

A few minutes later,

I reached the Death Cliff again.

Howl!

The next second, I heard the howling sound.

Those black wolves are back again.

They appeared out of nowhere before coming towards me.

But I didn't stop my movement.

I charged towards the group.

By using the lightning phantom technique.

I dashed past them, dodging their blows.

But Russel and Venice are unlucky.

Then the Class-7 Black Wind Wolves surrounded them one by one.

This time the Black Wind Wolves are not injured.

They started attacking two of them.

“We were tricked!”

“Don’t let him escape,” Russel shouted out loud.

Vince wants to break the blockade.

But Wolves’ lethal claws are coming at him.

However, I am strolling through a forest.

The two monster wolves are pursuing me.

I want to go further before attacking them.

30 minutes later,

I came to the open field.

When I realized that, I stopped moving.

Swoosh!

The two Black Wind Wolves were in front of me.

The eyes of the monsters are bloodthirsty and fierce.

I raised the black sword and pointed at the monsters.

Both of the Class-7 Monsters are swift.

You can not outrun them easily.

“Lightning Wheel”

A purple wheel appears around me.

The wheel is filled with incredible power.

The 2 Monsters were alert.

The next second, the 2 monsters dashed towards me.

Seeing that, my mouth curves into an arc.

These monsters underestimated the power of the lightning power.

Boom!

A terrific noise sounded.

Chapter 849: Part 1: Killing the attackers

From MC's Perspective:

The 2 Monsters flew backwards like a broken kite before hitting the ground.

The lightning bolt paralyzed the monster for a moment.

Swoosh!

By using the opportunity, I fled from the spot.

I think that other monsters will catch up soon.

Time passed,

I didn't return to the outer area.

Rather, I stayed in the inner area.

I don't know what happened to those people.

If they are waiting for me again, then it would be troublesome.

Meanwhile,

Russel and Venice have successfully killed a few Black Wind Wolves before escaping from the deal cliff.

They realized that the target had escaped.

So they don't want to get entangled with the rest of the Black Wind Wolves.

So they decided to go back to Delta City to get the news.

If the target is returned, then they will escape back to their family as quickly as possible.

But if not they will come back to the outer area to prepare an ambush again.

The 2 Brothers are decisive in their plans.

They don't waste any time on their way.

But their speed was slow.

They were exhausted and received some mine injuries.

Only by getting back to Delta City.

They can recover.

The other hand, the number of Black Wind Wolves were reduced in the Death Cliff.

The monsters will not forget the brothers.

If they come back, they will be attacked by these monsters fiercely.

15 minutes later,

Rustle!

I spotted something in my perception again.

The current route was rarely used by people.

Because it was not recorded on the map.

Seeing that warriors are appearing.

I became vigilant.

When the warriors got closer.

I recognised them.

"These 2 are injured," I said to myself.

A cold glint flashes in my eyes.

I got a wonderful opportunity to kill them.

I hid behind the tree and was ready to ambush.

Follow new episodes on the "N0vel1st.c0m".

They can't perceive me because of the Silver Ring.

Shortly after,

One of them got closer to the tree.

Seeing that I used the blood energy again.

In the blink of an eye, the blood energy gathered in my fist.

"Blood Fist"

The next second, I raised my fist to punch the Warrior.

Venice was totally caught off guard.

He didn't see what was coming.

The blood power filled punch lands a blow to his chest.

Pfff!

Venice coughed up a mouthful of blood before flying backwards.

His chest bones were broken.

The attack caused his mind to go blank.

His body then crashes onto the ground.

The other hand, Russel was shocked.

Who could ambush them here?

When he saw it was none other than the target.

His eyes flashes with a murderous intent.

Not only Zack Lockwood made them fall into the trap earlier.

Now he has attacked and injured his own brother.

“Blazing Fist”

Russell took initiative to attack.

His right arm was covered with flames.

Seeing that I didn't stop and chose to face the attack directly.

My blood Fist skill was stronger than before.

It can easily injure the SSS-ELITE Rank Warrior.

But for safety, I tried another technique first.

“Blood Field Technique”

I launched the technique.

The next second, an invisible field enveloped Russel.

Russel’s expression turned stiff.

His movement was stopped.

While he was feeling at loss.

I used the blood energy again.

“Blood Fist”

I appeared in front him and punched his abdomen.

The blood energy filled fist lands a terrific blow to the abdomen.

Argh!

Russel screamed out loud before blood spilled from his body.

His internal organs are hurt.

It has taken a heavy hit.

“How come he was this strong?” A question flashes in Russel’s mind.

He thought their intel was wrong.

The Target has hidden strength.

He clearly has strength equal to the SSS-Elite Rank Warrior.

“Venice Run!”

Russel shouted at Venice who had managed to get up.

Before coming here they were already injured and their essence was close to the bottom.

Now they have underestimated Zack and got injured again.

If they stay here they will die for sure.

Venice was not stupid.

He saw his own brother beaten to the ground.

He turned around to run.

The other hand, I saw that my eyes turned cold.

A purple arc gathered in my right palm in the blink of an eye.

The densely packed purple lightning caused Russel’s heart to palpitate.

“Lightning Drop”

I shot the lightning ball towards Venice.

This all happened within seconds.

Venice who saw this felt soul left his body.

He used movement technique to run.

He managed to escape from the spot.

But when the lightning ball hits the empty ground.

The lightning ball exploded and caused lightning bolts to sweep away the surroundings.

Venice, who was running , was hit by the bolt of lightning.

His body once again sent back flying.

Pfff!

Russel was hit by another bolt.

Which further deepened his injury.

Coughing up blood, Russel raised his head to look at Zack.

His earlier arrogance and confidence was gone at this moment.

Their intelligence was totally wrong.

Which made them kick the iron plate.

“Zack Lcokwood spared our lives.

We just took our family order to complete,” Russel said out in panic.

He felt death was near them.

So he revealed the news.

“Family?” I stopped my footsteps and looked at him.

“Why does your family want me dead?” I asked.

The other hand, Venice is moving forward by crawling.

His actions didn’t go unnoticed under my eyes.

I raised my left hand.

A lightning ball forms at the tip of my forefinger.

“Lightning Finger Technique”

I shot the purple beam towards Venice’s head.

This time the attack was vicious.

The purple beam went across in a straight line before hitting the head.

Pfff!

The head burst into pieces like a watermelon.

The headless corpse then dropped dead on the ground.

Seeing his own brother dead in a cruel manner.

Russel vomited all of a sudden.

“What are you doing?” I backed away saying that.

“If you don’t want your brother’s end, you can spill the truth,” I said to him.

Chapter 850: Part 2: Killing the attackers

From MC’s Perspective:

Russel was scared.

Fear of death gripped his heart tightly.

He couldn’t believe that 2 of them were played by a SS-Elite Rank Warrior.

Now his brother is dead and he is at death’s door.

He hates it.

He chooses to tell Zack everything after sensing his gaze.

“I will tell you everything,” he said.

A few minutes later,

A look of understanding dawned on me.

But my heart was boiling in anger.

Looking at his pleading eyes.

My eyes turned icy.

“Blood Fist”

I hit his head.

The next second, his head burst into pieces like a watermelon.

The headless body dropped dead on the ground.

Then I picked both of the corpses and started moving towards the Black Wind Wolves Territory.

When I got there.

The Black Wind Wolves gathered in a group to attack me.

But I decisively dropped 2 corpses on the ground before leaving.

I didn't even pick up their items.

It will raise suspicions.

An hour later,

I reached the invisible barrier.

After using the token, I successfully walked through it.

When I appeared on the other side.

A hint of seriousness flashes in my eyes.

I muttered, "Based on what he said, his family warriors are still waiting in Delta City."

I guess it's not safe anymore in Delta City.

I should inform this intel back to the Federation Head.

And not only that someone has leaked my whereabouts.

I'm not surprised.

The Federation has members from all over the inner region.

It's easy to pass the information.

After removing the thoughts, I appeared in the mid air.

Then I started flying towards the teleportation platform.

Follow new episodes on the "N0vel1st.c0m".

When I arrived at the place.

One of the guards widened his eyes in disbelief.

But I don't want to alert the snake.

I gave him a side glance before requesting another guard for teleportation platform activation.

Swoosh!

I vanished from the spot.

Seeing that the guard quickly passed the information to the client.

His weird actions were noticed by other guards.

But it's not his business.

So he stayed silent.

The other hand, I appeared in the HQ's Teleportation Platform.

Seeing me coming, the guards here were not surprised.

After nodding at them, I returned to the HQ.

In the HQ, I submitted the mission item to the staff. The Staff saw that it was a mission to retrieve the corpse of the Kite Family's Young Master.

So he led me to another room to inspect.

I took his corpse from my storage ring and placed it on the floor.

Seeing that staff mouth twitches.

He didn't expect Zack to handle the corpse of the young master of a certain family like this.

Then the staff began to identify the corpse.

He saw the image of a young master on the digital screen before starting observing it.

A few minutes later,

"It's indeed the corpse of Kite Family's Young Master," The staff said.

Then he took out a large coffin before placing the body inside.

After receiving the mission completion report.

I left the place.

The staff said that a reward will be sent by the Kite Family after getting back the corpse.

I have no problem with it.

Then I entered the lift and pressed the button for the top floor.

There are too many things on my mind.

I thought no one would treat me except the Blood Shadow Force, Eclipse Academy and Giant Tower Academy.

To think that Eclipse Academy has found some other family to carry out the task.

My back went chill for a moment.

I'm glad that I met with only 2 warriors, not the group of warriors.

When I reached the top floor.

I found that Head's cabin was not open.

Which means he is not inside.

With disappointment, I returned to my room.

Meanwhile,

Colter Perry received grave news from the Family.

“Russel and Venice were dead,” Colter exclaimed in a shock.

He felt like a bolt of lightning fell on top of his head.

He had expected the mission to fail.

He doesn't like his family to be used as knives by others.

But he was surprised by this news.

He knows the strength of those 2 brothers.

They are a little weaker than him.

But if both of their strengths were combined.

They can easily crush strong SSS-Elite Rank Warriors from top forces.

Now he thinks that those 2 were dead for some reason.

Either they have stepped inside a forbidden area of the Forest or got attacked by a Class-8 Monster.

Both of them are not good news.

But he knows that those 2 have gone there to kill Zack Lockwood.

Then how come they have met with such a tragic end.

Beep!

The next second, his sci-fi watch starts ringing.

Colter saw that his father was calling him.

His expression turned grave.

“Father, what’s going on?” Colter asked, after accepting the call.

“Colter, your 2 cousins are dead.

Go and find out their body.

Take others with you and don’t come back without completing the actual mission,” A stern voice sounded from the other side.

Colter felt goosebumps all over this body.

For a second, he thought they would give up the mission after the cousin’s death.

But he realizes that the Perry Family don’t have the option of going back now.

At this moment, nobody thinks that person responsible for their death is Zack Lockwood.

20 minutes later,

Colter gathered a group of warriors before entering the forest.

Blood Shadow Force:

Rupert was in his room looking at the reports.

He would rarely do this.

But ever since the appearance of an incomplete mission.

He couldn't practice peacefully.

"What's going on with those two?"

"I gave them some time to collect growth type treasure.

But up until now, I have not heard from them," he silently remarked.

He is aware that those two will have difficulty retrieving such a treasure from Tier-4 Forces.

Because the Gold Mark Warriors sound powerful in the Inner region.

But in the Tier-4 area, they are just another lower order warriors.

Even himself was not so great in Tier-4 cities.

That's why he happily lives in the inner post region..

Creak!

A door opened.

A skinny old elder walked in.

“Leader, we received a new report on Zack Lcokwood.

He has completed another mission in Delta City,” The old man said.

“Good, you can go back,” Rupert said to him.

When he was gone.

Rupert decides to call the Golden Haired Supreme Elder.

A few minutes later,

Seeing that call was not connecting.

He feels something is wrong.

Then he tried to contact the Giant Tower Academy’s Supreme Elder and the result was the same.

He furrowed his eyebrows.

He can’t leave his base whenever he wants.

The last time it was necessary to make a plan.

After some time, he calmed down his mind.

Because he knows those 2 academies won't do anything foolish.

Otherwise, all of their transactions will be made public.

And they know the consequences of that.

Rupert's mouth curves into an arc.

A few days passed,

The Kite Clan made a confirmation after receiving the corpse.

After knowing about the warrior who took the mission.

They sent out a generous reward from their clan treasury.

Meanwhile,

Inside the Gravity Chamber, my whole body is covered with sweat.

The tremendous amount of pressure is weighing on my body.

Which is equal to the power of SSS- Elite Rank Warrior.

The bones of mine are steady and strong.

I'm already starting to hear the creaking noise.

Time passed,

After 30 minutes, I ended the practice.

I walked out of the Gravity Chamber with solemn expression.

I was hoping to reach the next breakthrough limit as soon as possible.

But it looks like it won't be that easy.

The subsequent levels will take more time.

Atleast, I want to reach the breakthrough limit before the Star Tower's top list ranking duels for SSS-Elite Rank Warriors.

After returning to the room, I entered the bathroom.

I took a bath in hot water.

After taking the bath, I changed to comfort clothes later.

Lying down on the bed, I couldn't help but think of Teacher and Elder Robbie.

Both of them were gone for a mission.

Both of them are Silver Mark Warriors.

What kind of missions are they gone for?

Forget about the Silver Mark Rank, even the Black Mark Rank is far away for me.

These days I have been staying in the HQ waiting for Head Ben to return.

But he was not in his office.

Even the staff working at the lobby don't know about his whereabouts. Shaking my head, I went to sleep.

The following day,

I received a summon from Head Ben.

After seeing that I immediately went to the top floor of his cabin.

When I got there.

I saw him sitting behind the desk.

But his expression was not good looking.

"Zack, you are here!"

"I heard about your last mission.

You did good by picking up the mission posted by the Kite Family.

I have received their reward.

Which will surprise you,” Head Ben said with a smile.

Hearing that my eyes lit.
