

Bodyguard 10451

Chapter 10451

"didn't you want to know what deal i made with xi rulai?"

"On account of our many years of friendship, I can satisfy your curiosity."

as he spoke, he snapped his fingers lightly, and an invisible, transparent barrier descended from the sky. amidst the crowd's cries of surprise, it instantly enveloped the entire dazhou academy.

" sky screen?! "

" what?! " zhao tianyin was shocked. " west rulai's famous technique, the sky that no force can break? "

it was rumored that once the sky fell, the world would be separated forever.

With just a thought from Xi Rulai, he could divide the entire divine Kingdom into countless separate regions in an instant.

unless it was a top-notch existence on the same level as him, no other power could penetrate the transparent sky curtain.

In other words, the current Dazhou Academy had already been reduced to an isolated island, a prison that was isolated from the world!

lin yi, dongfang yan, and xu anshan looked at each other, their expressions serious.

although they didn't try, their intuition told them that they couldn't break the sky with their current strength!

"things are getting more and more interesting."

lin yi and the other two weren't panicking at all in the face of this sudden change.

from the moment they entered the dazhou academy, they were like the dazhou academy's experts present. they were all part of the game, and there was no possibility of them staying out of it.

Even if they wanted to leave, the other party would not let them go so easily.

now, it was just a sign that the situation was becoming clearer.

xia wenqing admired xia wubing's expression and smiled elegantly. "also, I have a little secret to tell you. I lied to you when I told you that the God's Eye has a limited number of loading.

“.....”

xia wubing was stunned. then, he suddenly quivered.

She finally knew what the other party was going to do.

At the same time, Lin Yi also reacted, looking at Xia Wenqing with a deep fear.

This man was really a madman!

"it can't be?"

"could it be that he's planning to keep loading and resurrecting to kill everyone in dazhou academy countless times?" dongfang yan was dumbfounded.

"What a unique way," Xu Anshan said in a deep voice.

" it's true that i can't go out and kill people without limit, but the evolution of the god's eye requires sacrifices and sacrifices. what should i do? "

xia wenqing said calmly, " there is no essential difference between killing a billion people at once and killing a person a billion times for the evolution of the God's Eye. I have no choice but to ask everyone to help me.

The whole place was dead silent.

no matter how stupid a person was, they already understood their situation.

They were chickens that Xia Wenqing had used West Rulai's sky to trap. Their only mission was to be slaughtered by Xia Wenqing again and again.

the good news was that they would not have the memory of being killed every time they loaded a file and revived. what they saw would always be the honorable and respected director.

at the thought of this fate, everyone present couldn't help but feel their scalps go numb.

Xia Wenqing turned a blind eye to this and smiled at Xia wubing, " actually, according to my original plan, I was going to let you load and save a few more times. After all, it's a little tiring for me to do all the work by myself.

but that's good too. If I'm wrong and the God's Eye evolves in you, it'll be troublesome.

"It's safer. I'll do it myself."

If Xia wubing had really evolved into a high-grade divine eye and become a quasi-God, then it would be something that Xia Wenqing couldn't master.

at that time, not to mention harvesting the god's eye, if his thoughts were seen through, he would immediately be doomed!

xia wubing had already said what he should and shouldn't say. he was disheartened and didn't have the intention to speak.

"You've been planning this for so many years, isn't it a bit unwise to reveal everything all of a sudden?" Lin Yi asked.

"indeed, a little."

Xia Wenqing nodded calmly and then smiled. "However, after holding it in for so long, since things have already been settled, it's better to let it out and vent all of my pent-up feelings for so many years. I'm sure everyone can understand, right?"

"You're pretty confident you can take on all of us by yourself," Lin Yi said, looking at him deeply.

No matter what, now that they'd laid their cards on the table, the people from Dazhou college were naturally on Lin Yi's side.

In the current situation, it was as if Xia Wenqing was suppressing everyone by himself, including Lin Yi's group of three. The difficulty was obvious.

It was true that the entire plan was done by Xia Wenqing and West Rulai, but Xia Wenqing would never let the people of West Rulai group interfere too much in this kind of thing.

After all, compared to people like Lin Yi, the one he needed to be more careful of was Xi Rulai!

The deal with Xi Rulai was definitely a huge risk for Xia Wenqing, and it was crucial for him to have a good sense of propriety.

xia wenqing laughed, "i'm a half-step mystic venerable. if i don't even have this bit of confidence, then i'm too low."

"is a half-step mystic venerable very strong?"

Dongfang Yan sneered back.

Xia Wenqing glanced at her with admiration. I know that all of you are quite strong. After all, you have killed nine of the ancient corpses of our Dazhou College's guardians. Such an achievement is indeed something to be proud of.

everyone was shocked.

zhao tianyin and the others looked at lin yi's group with even more respect.

although the performance of the three had made them realize the gap between them, they still lacked a clear comparison of combat strength.

They were very clear about the strength of the ancient corpses-they were at the level of a half-step Mystic venerable, especially when the nine of them attacked together. Their actual combat power was even stronger than nine normal half-step Mystic Venerables!

According to their expectations, no matter how strong Lin Yi and the other two were, they would at most be on par with a half-step Mystic venerable.

he didn't expect to win three against nine. the key was that the three of them were unscathed!

What kind of terrifying combat strength was this!

In addition to shock, everyone from the Dazhou Academy was pleasantly surprised.

Since their side had such a strong backing, it was naturally a great benefit to them.

even if the sky were to fall, there would be a tall pillar to hold it up-as long as the three of them didn't fall, their safety was guaranteed.

after all, if they were to fight, xia wenqing would definitely take care of the biggest threat to him, the lin yi trio!

"however, just this bit of strength is not enough."

The corners of Xia Wenqing's mouth curved into a playful arc, like an old cat looking at a group of rats who didn't know the immensity of heaven and earth.

xia wenqing's feet moved slightly, and no one could see how he moved, but his body was already in front of lin yi.

Chapter 10452

He raised his hand and punched.

BOOM!

the fist landed on lin yi's chest, and the shockwave sent everyone a thousand feet away.

everyone was shocked.

for a true expert, even if they used the most primitive method of attack, it was not something that the weaklings around them could adapt to.

however, lin yi didn't even move an inch.

"divine body?"

Xia Wenqing's face finally revealed some surprise. He could tell that Lin Yi's body was not simple, but he didn't expect it to be this simple!

"five times!" lin yi was surprised as well, "i didn't think you'd be a physical master as well."

looking at xia wenqing's refined temperament, if it wasn't for this attack, one wouldn't be able to tell that he'd already broken through the shackles of growth five times, and that he'd controlled his body size to a normal size, just like lin yi.

xia wenqing's eyes flashed with a hint of fanaticism. "divine body and divine eye, this is a wonderful combination. It seems like the heavens have been kind to me.

lin yi looked at him like he was an idiot. "no matter how good the food is, you have to be able to eat it first. isn't it too early to talk in your sleep?"

xia wenqing was stunned for a moment, but she didn't get angry because of this. she showed her high self-restraint and actually nodded in agreement.

that makes sense. It's not appropriate to say some things too early. We should wait for a while.

With that, he retreated, putting some distance between him and Lin Yi.

Everyone was a little confused by this operation.

in their minds, their dean was a typical half-step mystic venerable, and after so many years, even if he wasn't the real mystic venerable he spoke of himself, he was definitely one of the people closest to that level.

in other words, regardless of whether he could suppress the entire scene, xia wenqing was the strongest person present. there was no doubt about this.

Looking at the whole place, the ones who were most likely to be a threat to him were, without a doubt, Lin Yi's trio.

although zhao tianyin and the other experts from dazhou academy were not as weak as cannon fodder, the effect they could have in this situation was bound to be limited.

There was no other reason. Xia Wenqing was too familiar with them.

the psychological deterrence formed over so many years was enough to say that it was a bloodline suppression.

in front of xia wenqing, they could only use 60% to 70% of their strength at most. in addition to the difference in their own strength, there was a high probability that they would be killed in one move if they rushed up.

in this situation, as long as lin yi's group collapsed, xia wenqing's plan would be a great success.

Under these circumstances, Xia Wenqing got the chance to attack Lin Yi at close range, but he let it go so easily?

what he didn't know was that it wasn't that xia wenqing didn't want to kill lin yi, but that he really didn't have the ability to do so.

Just now, this group of people had been forced to retreat by the aftermath of the impact, and their minds had been affected. They had not heard the conversation between the two. Otherwise, if they had heard a little bit, they would not have been so surprised.

The existence of a God Body, even if the owner was just a passerby on the edge, meant that he would be the most difficult to deal with.

not to mention, he was Lin Yi.

Lin Yi moved his joints as if no one was around, looking at the man with interest. "since you know i have a god body, you're still so confident. i'm really curious where your confidence comes from."

Xia Wenqing replied calmly, "your divine body is indeed strong enough. with your strength, even if a few half-step mystique venerable came, it would probably be for nothing. if you have already successfully developed your divine body to the intermediate level, i can't do anything to you."

"But it's good that you're only at the beginner level."

Lin Yi's interest was piqued again.

"you mean you've studied the divine body?"

Ever since he broke through the shackles of growth six times and successfully turned his body into a God Body, Lin Yi had never stopped researching and exploring the God Body.

after all, other than the new world, this was the highest level of trump card he had.

Unfortunately, because he did not have enough experience to learn from, and there was no one to communicate with, and he was the only sample, many of the more radical experiments and attempts were not done rashly, so the results were always limited.

even jiang xiaoshang had a blank mind on this matter.

This was because a clone of his was not worthy of having a divine body. For some reason, he did not share any information about the divine body, divine eyes, and other related information that directly involved the foundation of the gods 'power with his original body.

jiang xiaoshang did not dare to investigate on his own. after all, it was too sensitive. if he accidentally alerted the other gods, or even the god of creation, it would be a big joke.

However, Lin Yi's intuition told him that his God Body was still very shallow. It wasn't even the first step.

The divine body in his hands was basically a top-tier armor.

apart from being hard enough, it had no other special uses so far. no matter how one looked at it, it was a waste of god's gift.

If he could get some hints from Xia Wenqing today, it would be an unexpected surprise!

Unfortunately, Xia Wenqing was obviously not so kind.

"You want to know?"

xia wenqing revealed a playful smile. " "Don't worry, when its master becomes me, you'll naturally know everything,"

"is that so? that's not bad."

lin yi let out a breath of relief-it seemed like this guy wasn't lying. he really knew something.

As long as there was something in his mind, it was a good thing.

at his level, there were simply too many methods to dig out things from the other party's brain.

xia wenqing instantly understood what lin yi meant and laughed instead of getting angry, " "sure, you do have the bearing of a strong person."

The so-called magnanimity of a strong person was that it was none of his business if he killed him!

"Same to you."

as lin yi spoke, he had already completed the synchronization with xu anshan and dongfang yan.

Although this was only the second time the three of them had worked together, their understanding and tacit understanding of each other were on par with li jingning's shared life. At most, they couldn't use each other's power as they pleased like shared life.

The moment Xia Wenqing's breathing rhythm had a subtle pause, the three of them attacked at the same time.

the great red lotus!

The emperor's sword!

Sword sacrifice!

the three of them attacked with merciless killing moves. they attacked from three directions at the same time, locking all of xia wenqing's space to dodge. not only did they not affect each other, but they even formed some kind of resonance.

although this kind of resonance was not enough to directly twist three different forces into one, it had already clearly shown the effect of one plus one being greater than two!

Chapter 10453

"A bunch of f * cking monsters!"

zhao tianyin and the rest of the academy's experts were dumbstruck at this scene.

Although they couldn't keep up with this sudden rhythm, as the leadership of the Dazhou Academy, their eyes were definitely not bad.

three completely different moves and strengths, yet they were able to form such a response when they attacked at the same time. furthermore, it was obvious that there were no traces of training between them, and they were purely cooperating according to the situation!

This could only mean one thing-whether it was Lin Yi, Xu Anshan, or Dongfang Yan, all three of them were monsters who could understand the essence of their power and had an infinite upper limit!

Everyone had their limits.

when one's strength had reached a certain level, no matter how lucky one was or how hard one cultivated, there would always be a threshold that one could not cross. this was the limit of humans.

A half-step Mystic venerable was the limit of all the Masters from Dazhou college.

Even though they knew that the difference between Mystic and yellow Class was their understanding of the laws.

With the Academy's profound heritage, they even had the ready-made experience of the Academy's predecessors for reference, but it was useless.

It was like a screen with the maximum resolution. No matter how clear the picture was, the screen could only support the current resolution. The original HD picture would only be a bunch of blurry color blocks.

No matter what method you used, the screen you were born with could only support you to this step. This was the limit that you could never break through and cross in theory.

Of course, to most practitioners, half a step into Mystic class was already the limit-there was nothing to be regretful about.

Zhao Tianyin and the others originally did not have too many negative emotions towards this.

but now, they had to throw away the goods and compare people.

lin yi's group of three had crushed their limits with just one small detail in front of everyone.

As long as the opportunity was right, a half-step Mystic venerable wouldn't be able to stop these three!

There were only so many Mystic class Venerables in the entire divine Kingdom, and the name was the only thing Lin Yi's group lacked-who would be able to feel at ease?

Fortunately, Zhao Tianyin and the others could more or less still have some comfort in their hearts. At least these three at present were their own people.

At this moment, Xia Wenqing, who was in the middle of the attack, looked at this scene with a strange expression. "What fearsome talent. If the three of you are allowed to grow in the future, wouldn't Jianghai Academy be able to do whatever it wants?"

Three true Mystic class Venerables. Even in the Alliance of God-ranked Academies, the number of super Academies with such prestige could be counted on one's fingers.

As he spoke in shock, the three great killing moves fell at the same time.

there was no expected loud explosion.

The moment the killer move landed, the terrifying momentum that shook the heavens and earth suddenly became silent. There was not even a powerful shock wave. The world seemed to have fallen into a strange standstill.

However, the more this was the case, the more shocked the people of the great Zhou Academy were.

no shockwaves meant that no energy leaked out, which meant that lin yi's trio's control of power had reached a level that was beyond their imagination!

At this time, the scene within the range of the three great killing moves was already blurry. They could not see it with the naked eye, and their divine senses could not sense it at all.

Everyone could only guess based on their past experience. Everything inside was already distorted.

as for xia wenqing, who bore the brunt of the attack, whether he had been flattened or simply evaporated into thin air, not even his ashes were left, that was not something they could confirm.

most people guessed it was the latter.

"xia wenqing is dead, right?"

Finally, someone could not help but break the silence. The rest of the Dazhou Academy's experts heard this and immediately became excited.

Xia Wenqing had laid out such a vicious plan, and even Xi Rulai had personally lowered the sky screen for it. If it was just the people of Dazhou college, there was no possibility of turning the tables.

Now, with the strength of Lin Yi's group of three, although it was a little embarrassing, as long as they could kill Xia Wenqing, it would be a great thing.

Zhao Tianyin this group of Academy experts were naturally people who wanted face. But face and life, which was more important was still clearly distinguished.

Lin Yi and the other two, however, didn't look as relaxed as they did.

With their combined strength, even a half-step Mystic venerable would die without a doubt.

but xia wenqing was an exception.

"he didn't die? He didn't die?"

when they saw xia wenqing's figure again, zhao tianyin and the others collectively fell into a daze.

Xia Wenqing wasn't just alive-looking at how calm he was, Lin Yi's trio's joint attack didn't even leave him with a light injury, let alone a serious injury.

it gave everyone the feeling that they had failed.

how was this possible?

lin yi and the other two didn't think that they would be able to kill the other so easily, but xia wenqing's performance did surprise them.

The three killing moves just now echoed each other and definitely didn't leave any dead angles. It wasn't strange that Xia Wenqing could withstand them, but to say that he could avoid them without any injuries, that was really strange.

If Xia Wenqing really had such means, he wouldn't even need to fight. He could just admit defeat and wait for death.

At this moment, Xia wubing, who had been silent for a long time, suddenly said, " "death substitution technique."

The crowd was stunned for a moment before reacting.

the so-called death substitution technique was an extremely profound and mysterious special technique. its essence was to transfer damage, especially to transfer fatal damage to another predetermined target.

once the death substitution technique was mastered, it was equivalent to having several more lives at critical moments.

Even for a golden class full master, it was an irresistible temptation.

However, while this special technique was useful, it required the integration of various rule powers, including the rules of space and the rules of life. Even if the control of these rule powers did not have to be raised to a high level, it was already an extremely high threshold to have these rule powers at the same time.

In particular, to fuse them together was so difficult that ordinary cultivators couldn't even imagine it.

therefore, even if it was widely spread and ranked among the top in all kinds of special techniques, those who could really master it were as rare as phoenix feathers and qilin horns.

the probability was so low that it wasn't much different from a freshman being directly recruited by the alliance.

he didn't expect xia wenqing to have this hidden up his sleeve!

Everyone's heart sank to the bottom.

with xia wenqing's strength, this kind of opportunity was hard to come by, and he definitely wouldn't let lin yi's group have another chance!

More importantly, no one knew how many scapegoat chances he had accumulated.

Chapter 10454

in general, any expert who cultivated the death substitution technique would guarantee at least three chances to die in place of their target at any time, even though they had extremely strict requirements on the choice of their target.

Especially for an experienced conspirator like Xia Wenqing, who had deliberately created such a big battle this time, a key trump card like the death replacement technique was definitely the most important. It was definitely far more than three times.

five times, ten times, or even dozens of times was not impossible!

After all, other than the extremely high requirements of the scapegoat target, no one had ever heard of a limit to the number of scapegoats. In other words, as long as the resources were right, there could theoretically be countless chances for scapegoats!

xia wenqing didn't panic. he stretched out his hand and drew a circle in the air. "It's better to be safe than sorry. Since I've been preparing for so long, it's normal to be more thoughtful, right?"

as soon as he finished speaking, a circle formed in front of him, and a slightly familiar figure emerged from the circle.

lin yi and the others "eyes twitched when they saw the figure.

guard the ancient corpse!

Xia Wenqing had summoned a Guardian ancient corpse!

even xia wubing couldn't help but be shocked, let alone lin yi and the others.

there were only nine guardian corpses in dazhou academy, and they were all taken out by lin yi's group. how did another one appear? And from his face, it was clear that he was the previous principal who had been exterminated!

Because its soul was locked, the ancient corpse couldn't load and revive like the others in the Academy. Xia wubing was sure of this.

But the scene in front of her completely subverted her understanding.

This was not the end.

After summoning the first Guardian ancient corpse, Xia Wenqing didn't stop. Instead, he instantly drew eight circles around him. Then, under the dumbfounded gazes of everyone present, the other eight Guardian ancient corpses appeared collectively.

"what's the situation?"

Zhao Tianyin and the other experts from Dazhou college already did not know how to react.

just xia wenqing, who had the death substitution technique, was already extremely difficult to deal with. now, there were actually nine ancient corpse guards whose strength was comparable to a half-step mystic venerable. how could they fight?

Lin Yi and the others frowned.

with their strength, since they could destroy the nine ancient corpses once, they could naturally destroy them a second time!

However, it was precisely because they had fought before that they were even more aware of the power of these nine ancient corpses.

if it was just relying on instinct to fight like before, it wouldn't be so troublesome to deal with it, but now it was clear that xia wenqing was in the middle of the command, which was a completely different concept!

The most important point was that so far, they had only forced out one trump card, the death replacement technique. No one knew how many more trump cards Xia Wenqing had hidden behind him.

Under such circumstances, if he was forced to fight with the nine ancient corpses with all his might, it would be hard to say if Xia Wenqing would find an opportunity to launch a sneak attack.

Lin Yi and the other two were confident, but the Dean wasn't someone to be trifled with.

everyone looked at xia wubing in unison.

if he wanted to see through xia wenqing's trump card, xia wubing, who had the god's eye, was undoubtedly the most reliable person.

However, Xia wubing only shook his head silently.

in the past, she had been very confident in her god's eye. however, at this moment, she realized that everything was carefully planned by the other party. even if she had explored many things herself, it was very likely that they were things that the other party wanted her to see.

Including everything she saw with her divine eye, she could not believe it easily.

lin yi and the other two looked at each other and attacked again.

without further information, it would add many variables and hidden dangers to the following battle, but it was not completely impossible!

at the same time the three of them took action, the nine ancient corpses also responded collectively.

However, the first target of the nine ancient corpses was not them, but Zhao Tianyin and the group of Dazhou Academy experts.

with his previous experience, although the nine ancient corpses could hold back lin yi and the other two, and xia wenqing could use this opportunity to cause them a lot of trouble, it was undoubtedly a better choice to kill the masters from dazhou college first!

these people weren't as threatening as lin yi's group, but they weren't weak, and there were many of them. if they didn't do anything, they might cause some trouble.

For a time, blood was everywhere and screams could be heard.

In front of Lin Yi's group, the ancient corpse seemed to have limited power, but in front of these Masters from the Zhou Academy, it was a super killing weapon.

an existence comparable to a half-step mystic venerable was no laughing matter.

Apart from well-known figures like Zhao Tianyin, everyone practically had few who could match a single exchange. In a blink of an eye, they already suffered heavy casualties.

At this time, although Lin Yi's group's focus was all on Xia Wenqing, if they really went all out, they could still help everyone.

However, there was no need for that.

At the end of the day, the so-called Alliance was only between Lin Yi and Xia wubing. Zhao Tianyin and the other Masters from Dazhou college were naturally on the same side, but it was hard to say how much they acknowledged Lin Yi and the Jianghai college.

even if they could survive this tribulation, it was still unknown what attitude these people would have in the end, and even whether they were friends or enemies.

Naturally, Lin Yi wasn't that nice to put the three of them in danger.

moreover, although zhao tianyin and the others were at a disadvantage in front of the nine ancient corpses, their strength was not weak in the end.

after a short period of panic, although there were still casualties, at least they could gradually stabilize their formation and restrain the nine ancient corpses to a certain extent.

"He's not that useless,"

Seeing this, Xia Wenqing's lips curved up, but he didn't show any anger.

He was naturally well aware of the abilities of Zhao Tianyin and the others. If they did not even have this bit of strength, then it would be a waste of his painstaking planning to set up such a big scheme.

The evolution of the God's Eye not only required a vast number of human lives, but also the quality!

The more powerful the sacrifice was, the more effective it would be, and the higher the possibility of success!

the reason why he had chosen dazhou college as his target was, on one hand, because he knew its background so that it would be easier for him to plan. on the other hand, it was also because the number of people and their strength level were just right. it was not too high of a level that would lead to a loss of control, and it was also not necessary to load the file too many times, which would cause more trouble if he delayed.

the performance of zhao tianyin and the others at present was completely within his expectations.

What he needed to focus on was the unexpected variable, Lin Yi's group.

even if he still had absolute confidence, lin yi's trio still gave him a lot of pressure.

Chapter 10455

The good news was that he wouldn't have to face Lin Yi's trio again the next time he loaded.

lin yi and the other two weren't in the same category.

otherwise, if he kept on killing these three people, it would be a waste of time. not only would there be more variables, but he would also be exhausted mentally.

Just like now, although Lin Yi and the other two didn't use their killing moves at the same time and changed to a guerrilla strategy, the pressure on Xia Wenqing didn't decrease at all. Instead, it increased a lot!

He knew that it wasn't that the three were at their wit's end, but that they had curled up like a venomous snake.

The next time he attacked, it would be a fatal blow!

In this regard, Xia Wenqing was conceited, but he was still extremely vigilant. After all, the death replacement technique was not omnipotent.

Sure enough, while the nine ancient corpses were being held back by Zhao Tianyin and the others, Dongfang Yan was the first to attack under the combined suppression of Lin Yi and Xu Anshan.

A cold light arrived first, and then the spear shot out like a dragon!

The red tasseled spear suddenly let out a deafening roar and turned into a red light that instantly pierced through Xia Wenqing's throat!

Xia Wenqing's eyelids twitched.

because of lin yi and xu anshan's presence, he couldn't dodge the spear at all. otherwise, lin yi and xu anshan's suppression would immediately turn into an even more terrifying killing move.

In comparison, he might as well take Dongfang Yan's spear head-on.

Although Dongfang Yan was also very strong, at least in his opinion, he was the weakest link in Lin Yi's group of three. Not to mention that he was no match for Lin Yi, even compared to Xu Anshan, the natural-born Emperor, there was an obvious gap.

The gap wasn't big, but it was definitely the last breakthrough.

In his opinion, no matter how powerful Dongfang Yan's spear attack was, it would probably be difficult to force him to use his death replacement technique!

in the end, this seemingly ordinary spear had forced him to use the death substitution technique thirteen times!

in other words, dongfang yan had already killed him thirteen times in less than half a breath!

In the eyes of others, the red light was just a light flash, but in reality, it stabbed at a terrifying frequency of thousands of times per second.

Even if one shot couldn't kill him, or even ten shots couldn't kill him, what if a hundred shots?

One hundred shots for one life. Dongfang Yan had fired one thousand three hundred shots in an instant, which had cost him thirteen lives!

"bastard!"

Xia Wenqing's mentality suddenly collapsed.

For the sake of this scheme, he had indeed exhausted all his resources to cast the death substitution technique to the terrifying extent of 43 times. With such a rich trump card, he could be said to be in an invincible position with his strength.

lin yi's trio's combined strength only took him out once.

he would never have thought that in such a situation where the overall situation was under control, dongfang yan would actually kill him 13 times in place of his death with one shot!

Even so, he still had a total of 29 chances to die as a scapegoat, and he still had enough trump cards for him to squander. However, it was better to be safe than sorry.

Just Dongfang Yan alone had such a terrifying performance. What would happen if Lin Yi and Xu Anshan exploded?

for the first time, xia wenqing felt a little unstable.

"Since you're forcing me, then I won't hide it anymore!"

Seeing that Lin Yi and the other two were about to use the same trick again, Xia Wenqing was afraid that the number of substitute deaths he had saved up would be reduced to zero. He immediately opened his hands and an invisible force field covered the entire area.

Lin Yi and the other two froze.

this force field was very strange. it was not a pure physical force field. it could even affect the primordial spirit and even the legendary soul!

However, the force field was not strong, and the three of them were not the target of the force field.

Zhao Tianyin and the other experts from Dazhou college were also not the target of the force field. What Xia Wenqing was targeting at this moment was actually the nine ancient corpses!

"What the hell is this?"

dongfang yan frowned. the explosive effect of the spear just now could be considered to be outstanding. however, even so, it was far from enough to hurt the other party's muscles and bones.

He didn't expect Xia Wenqing to be so cautious. He had only revealed a little bit of his power and directly used his hidden trump card.

he really didn't intend to give them any chances.

"do it!"

lin yi and xu anshan looked at each other and attacked at the same time.

xia wenqing's move was clearly menacing. with their decisive personalities, how could they let the other party finish accumulating power?

If it weren't for the previous wave of attacks, Dongfang Yan wouldn't have stopped and would have rushed even more fiercely than the two, instead of staying behind to support Lin Yi and Lin Yi.

The sword sacrifice and the emperor's sword fell on Xia Wenqing's head again.

From an outsider's point of view, Xia Wenqing was still unscathed, but his face couldn't help but become uglier.

although he had been prepared for this, the two of them had worked together to replace two more chances for him to die in place of others. he only had 27 chances left.

Compared to Dongfang Yan's burst of power, this result seemed a lot inferior, but in terms of quality, Lin Yi and Lin Yi were better.

after all, dongfang yan's outstanding performance just now was not only due to her own explosive strength, but also mainly due to lin yi and xu anshan's perfect control.

this time, however, it was purely lin yi and lin yi's own strength.

The most important thing was that Xia Wenqing's accumulation of power wasn't undefended. On the contrary, his defense at this moment was only stronger than his usual state!

If it were Zhao Tianyin these people, forget about taking the opportunity to make him bleed, they could not even do breaking his defense.

How could he not be angry when he lost two scapegoats in a situation like this?

"Your Yingluo is very good Yingluo"

A strange roar came from Xia Wenqing's mouth.

lin yi and the other two looked at each other-it wasn't just one person's voice, but a group of people!

xia wubing reminded him with a serious expression, " he absorbed the souls of the nine ancient corpses into his own body. He used this method to directly merge the strength of the nine former deans!

everyone was shocked.

at this moment, the nine ancient corpse guards no longer had souls. they were directly eroded on the spot and turned into residue on the ground.

this scene proved xia wubing's words.

Zhao Tianyin was flabbergasted. the nine former deans were all half a step into the mystic class. With his own strength, doesn't that mean he's already a Mystic? "

if it was before, everyone would still be suspicious of xia wenqing calling himself a mystic venerable, but now, they completely believed it!

What followed was a huge pressure that made people despair.

The nine ancient corpses were ferocious, but with Xia Wenqing being held back by Lin Yi's group, they were still able to hold their ground despite the heavy casualties.

however, against a real mystic class venerable, all of them, including zhao tianyin, were destined to be cannon fodder!

Chapter 10456

Sure enough, the next second after Zhao Tianyin and the others were shocked, Xia Wenqing suddenly launched an attack.

no one could see clearly what had happened. they could only vaguely see an afterimage and a stream of light, which had turned into a bloody mist one after another.

in less than three breaths, the dazhou academy's experts were almost wiped out on the spot!

“.....”

Lin Yi and the others had predicted this, but their eyes still twitched at the sight.

they knew that xia wenqing in this state must be extremely strong, but they really didn't think that he would be this strong!

this group of dazhou academy's experts were not a bunch of noobs. many of them were golden class full circle venerables, and even in their own realms, many of them were considered elites.

the nine ancient corpses they had just faced had already demonstrated their true strength.

If it was Lin Yi's group fighting against them, they wouldn't be able to have the last laugh if they didn't get the first move advantage. It was impossible to cut the grass in three breaths!

alright, we've cleared the area. We can start the main show now.

xia wenqing once again made a scalp-numbing mixed sound. as the souls of the nine ancient corpses merged, not only his voice, but his entire image and temperament also developed in a chaotic and strange direction.

"No wonder you're so confident," Lin Yi raised a brow. "These people from the Zhou Academy won't be able to do much in your hands."

with xia wenqing's original strength, it would be difficult to suppress the entire dazhou college.

However, in his current state, killing the people from Dazhou college a thousand times was indeed like playing around.

Xia Wenqing shook his body in a strange rhythm and sneered. "From what you're saying, you seem to think that you can stir up a storm?"

"i want to try. maybe i can succeed."

lin yi felt an unprecedented amount of pressure, but he wasn't nervous at all. in fact, he was excited.

to be honest, ever since he had defeated the evil god's clone, it was difficult for him to be truly excited by ordinary opponents, no matter how strong they were on the surface.

however, the xia wenqing in front of him gave him a feeling.

"what a ridiculous self-confidence. it's just a preliminary divine body. do you really think you can do whatever you want?"

xia wenqing looked at lin yi with disdain and suddenly appeared in front of lin yi. in the next second, he directly inserted his hand into lin yi's chest.

he had pulled out lin yi's heart in front of xu anshan, dongfang yan, and the others!

such a horrifying scene made xu anshan and lin dongfang's hearts skip a beat despite their strong hearts.

the strange thing was that lin yi's heart was still beating at a steady pace even though it was completely pulled out and all the blood vessels were broken.

Xia Wenqing drooled as he licked his lips. "it's such a waste for such a tenacious life force to fall on an ant like you! However, this is the will of the heavens. The heavens have decided for you to bring it to me, so your mission is over."

With that, he opened his mouth to an unbelievable degree, like a snake swallowing an egg, and swallowed Lin Yi's still-beating heart in one gulp!

It was creepy.

Even though Xu Anshan and Dongfang Yan had absolute confidence in Lin Yi, they couldn't help but interrupt him.

however, he held back in the end.

It wasn't that their mental fortitude was strong enough to watch Lin Yi get killed in front of them, but Lin Yi suddenly opened his mouth.

"is my heart delicious?"

The scene was extremely strange.

A man whose heart had been gouged out and whose chest was empty didn't fall down. Instead, he spoke as if nothing had happened and even had a faint smile on his face.

Xia Wenqing was obviously stunned for a moment.

fusing the souls of nine ancient corpses at the same time was a huge burden even for him. although they wouldn't overshadow the main role, it would still affect his decision making and judgment to a certain extent.

This was the disadvantage of having great power.

however, he was only stunned for a moment.

at this moment, as an existence comparable to a true mystic venerable, xia wenqing had absolute confidence in crushing everything under mystic venerable.

this wasn't his confidence alone, but the confidence that the entire cognitive system of the god's kingdom on land gave him!

in the tens of thousands of years of history of the divine kingdom on land, geniuses who could challenge those of a higher cultivation level could be found everywhere. there were as many as the hair on a cow. although historical geniuses who could challenge those of a higher cultivation level than them were rare, there would always be one or two who would appear every few decades.

However, there had never been a case of a golden class venerable overthrowing a Mystic class venerable.

even those who were above the golden class full phase-those who were half a step into the mystic class-had never been able to defeat a mystic class in a one on one.

Even if he was only an early phase Mystic, the lowest level of the mystic class.

this kind of indescribable power was even more exaggerated than the suppression of a golden class venerable against a giant.

For this phenomenon, the various forces, especially the mainstream intelligence agencies under Xi Rulai, had given various versions of explanations, but up until now, none of them had been widely recognized.

The only thing that the cultivation world on land could agree on was that there was a clear divide between the Golden and Mystic class Venerables, even though there wasn't a huge chasm like the one between the Titan and venerable levels.

to be more precise, it was a nameless rule.

There was only one meaning to this rule-all lower-level practitioners were forbidden from challenging Mystic class Venerables!

No one knew why there was such a strange rule, and no one knew the true principle behind it, but the long history of the divine Kingdom on land proved that it did exist.

even if xia wenqing's strength was infinitely close to mystic class, especially after merging with the nine deans "strength, objectively speaking, he had the strength to be on the same level as mystic early phase.

however, because of this nameless rule, if he were to encounter a mystic early phase venerable, he would still lose without a doubt.

on the other hand, since he was now comparable to a true mystic class venerable, he would be able to use this invisible rule against lower-level fighters, and with this almost cheating method, he would be able to obtain the invincible golden body.

This was not something that he had fantasized about, but something that he had specially tested.

the final result of the experiment had also completely verified the feasibility of this method!

Therefore, whether it was in terms of strength or mentality, Xia Wenqing had absolute confidence. Even if such a strange scene appeared in front of him, he still did not waver in the slightest.

Chapter 10457

Lin Yi was a beast who used cheats, but he, Xia Wenqing, used even more cheats than Lin Yi!

"as expected of a divine body. you've opened my eyes once again. tsk, tsk. i'm really looking forward to what it'll be like when the divine body and the divine eye become one!"

Xia Wenqing's hands didn't stay idle as he spoke. With a speed that even Xu Anshan and Dongfang Yan's dynamic vision couldn't capture, he madly dug out terrifying bloody holes in Lin Yi's body one after another.

In the blink of an eye, Lin Yi's body was full of holes.

however, lin yi still didn't fall.

The divine body's heaven-defying self-healing ability was fully displayed at this moment. This was no longer the high-speed regeneration that was commonly known, but was close to the legendary blood rebirth.

whether it was his heart or his organs, even his head, lin yi no longer had any fatal spots.

Any place that was destroyed could be regenerated in an extremely short time.

Unless it could destroy all the cells in his body at the same time, it was impossible to physically kill Lin Yi with his heaven-defying self-healing ability.

Xia Wenqing, of course, thought of this. With his current strength, if he really went all out, it might not be completely impossible.

However, he did not do so.

since he was destined to be undefeatable, eliminating lin yi physically wasn't his best option.

What he had to do now was to maximize its value!

as he was dismembering lin yi, he was also devouring lin yi's flesh.

xia wenqing's plan was very simple. he wanted to use this method to explore all the characteristics of the divine body as much as possible and make preparations for the final step of plundering the divine body!

during this time, xu anshan and dongfang yan would naturally not stand by and watch.

the scene was too terrifying, and no matter how much confidence they had in lin yi, they couldn't guarantee that lin yi would be able to hold on if this continued.

unfortunately, xia wenqing's current strength was too unparalleled. no matter how xu anshan and dongfang yan attacked, they barely made any waves when they landed on his defenseless body.

Although it wasn't to the extent that it couldn't even break through the basic defense, the damage it caused was really limited. It couldn't even force out a scapegoat.

"Is this the so-called inviolable rule of the superior?"

xu anshan looked at this scene and was deep in thought.

Xia Wenqing's current strength was indeed powerful, but under normal circumstances, his damage resistance against him and Dongfang Yan should not be so ridiculously high.

Whether it was logical or not, it was the only explanation he could think of for how a Mystic venerable ruled over a lower level practitioner.

Seeing Xu Anshan suddenly stop, Dongfang Yan could not help but look at him in surprise. He could not help but Mutter, " "as expected, all of you are animals."

Xu Anshan had actually entered a state of sudden enlightenment!

for any cultivator, sudden enlightenment was an opportunity that could only be encountered by chance. most people would not have it in their entire lives.

Even those super geniuses who were well known only had a single digit number of times of enlightenment, especially this kind of on-the-spot enlightenment, which was even rarer.

For a person like Xu Anshan, every time he had an epiphany, it meant that his strength had been reborn.

However, a huge opportunity came with a huge risk. This kind of completely unguarded state of sudden enlightenment was not only easy to be interrupted, but also very likely to suffer a fatal crisis.

"how did i become a nanny?"

dongfang yan cursed helplessly. then, he went all out and launched a full-on attack on xia wenqing.

Whether it was Lin Yi or Xu Anshan, they both needed her to control them.

Once any of the two had a problem, it could lead to the collapse of the whole situation. If they really fell to that point, then it would really be a disaster.

"Noisy insects, damn it!"

xia wenqing didn't care at first and didn't put dongfang yan in his eyes at all. as long as he could take lin yi's divine body, nothing else would pose a threat to him.

this included xu anshan, who had entered a state of enlightenment.

However, he did not expect that when Dongfang Yan really started to use his full power, he would actually feel an unprecedented pain!

It wasn't just pain. He even felt a faint threat. A threat that could kill him if he ignored it!

It was also because of this threat that he couldn't focus all his energy on devouring Lin Yi's God Body, nor could he give Xu Anshan a finishing blow.

to be on the safe side, xia wenqing responded to dongfang yan's attack.

this was exactly the effect dongfang yan wanted.

however, in this way, even if xia wenqing's main energy was still on lin yi, dongfang yan still had to bear a great deal of pressure. under xia wenqing's gradual anger, she was already on the edge of life and death!

"I'm a bug and you're a pesticide?"

dongfang yan replied with a cold smile.

although the situation was extremely dangerous, and every step she took was like walking on a tightrope, she became more and more excited. even the skin all over her body showed a kind of enchanting red under the stimulation!

What followed was a continuous breakthrough of his previous limits and an even more frenzied attack!

"Crazy blood?"

xia wenqing's eyelids twitched.

among the three of them, he looked down on dongfang yan the most. even though he had just been forced to use the death replacement technique thirteen times, dongfang yan's threat level in his eyes was still the last.

but now, seeing dongfang yan enter the legendary berserk blood state, he couldn't stay calm.

Wild Blood was an extremely special bloodline talent. It was said that it was originally God's blood, which was on the same level as the God's Eye and God's body. However, after countless generations of inheritance, God's blood gradually transformed into Wild Blood, which was more suitable for human cultivators.

on one hand, his strength had naturally deteriorated, and it was a drastic deterioration.

But on the other hand, it also eliminated the disadvantage of the God's blood easily losing control.

Even though the bloodlust family had been passed down to this day, there were still cases of them losing control and self-destructing due to the awakening of their bloodlust, but compared to the 90% mortality rate in the past, this was much better.

But even so, the once-powerful bloodlust clan had become sparse in numbers. In the last hundred years, they had disappeared from the divine Kingdom.

he did not expect to meet one today!

Xia Wenqing reacted and was ecstatic. " divine eye, divine body, and divine blood. the heavens have indeed treated me well. if i don't accept such a great opportunity that has been delivered to my door, i would be letting down the heavens 'painstaking efforts. "

what followed was a series of hair-raising laughter!

Chapter 10458

He was confident that once he started to wrap things up, nothing would be able to mess up his plan, including the Lin Yi trio that popped out of nowhere.

But in reality, he wasn't as confident as he appeared to be.

the real threat wasn't in the game, but outside. to be more precise, it came from west rulai.

With his strength, it would be like asking a Tiger for its skin if he wanted to cooperate with Xi Rulai. Even if he promised to give Xi Rulai a high-grade God's eye after the matter was done, it was hard to say that he would not be betrayed in the end.

Xi Rulai was not a kind person.

therefore, for xia wenqing, the real battle would only begin when he finished harvesting the divine eyes!

at that time, with the support of the high-grade god's eye, he would be able to become a quasigod in a single step. even if he were to face xi rulai, he would have the confidence to crush him.

The key was that the process could not be interrupted by the other party.

With his strength, even if he had all kinds of means, he didn't have much confidence in this. However, if he added his divine body and divine blood, it would be completely different!

The heavens are helping me.

Xia Wenqing was overjoyed, but she didn't relax at all. While she sped up the process of devouring Lin Yi's divine body, she also split a part of her mind to confront Dongfang Yan.

Even if it had only weakened the berserk blood by who knew how much, it still had the characteristic of the God's blood getting stronger the more it fought. If Dongfang Yan was allowed to attack like crazy, there would be a moment when it would reach the critical point.

At that time, it would not be so easy for him to completely control the situation.

xia wubing's heart sank to the bottom when he saw this.

she'd thought that lin yi had to have some sort of plan in place for him to fall into the enemy's control so easily-he might not be able to turn the tables, but he'd at least have a chance to fight for it!

However, the feedback from the God's Eye told her that Lin Yi was completely suppressed by Xia Wenqing. Even with Dongfang Yan's help, he still couldn't change the situation.

lin yi was indeed trying his best to break free, trying to escape from xia wenqing, but it was all in vain.

all of his powerful trump cards in the past seemed to have become meaningless and gaudy in front of xia wenqing's absolute strength.

lin yi was crushed, xu anshan had an epiphany at the last moment, and only dongfang yan was left. even if he activated the berserk blood state, it was impossible to make up for the difference in their strength.

everything seemed to be irreversible.

After a moment of silence, Xia wubing suddenly made a surprising move-he dug out his own eyes!

she had the god's eye, but she couldn't compare to Lin Yi's group in terms of combat power. Even if she forced herself into the battle, it would be useless.

The only thing she could do was to hurt herself.

"Bitch! You want to destroy my Foundation!"

Xia Wenqing was furious.

Whether it was the divine body or the divine blood, even if he could get both, it would only be adding flowers to a brocade. The divine eye was the foundation of his plan.

Once Xia Wubing destroyed his god's eye, the advanced god's eye he had been expecting would be a joke.

At that time, not only would he fail, but he would also have to face the anger of Rulai from the west.

West Rulai's sky screen was not that easy to borrow!

Seeing Xia Wubing pull the God's Eye out of his body, Xia Wenqing was furious. Without any hesitation, she tore Lin Yi's body into pieces and swallowed it.

it was a bit risky, but he had no other choice.

In the next moment, he appeared in front of Xia wubing. Xia wubing didn't even have the chance to react before he was sent flying by the huge force and crashed into the sky.

On the other hand, Xia Wenqing had a pair of pure and flawless divine eyes in his hands.

At the same time, Dongfang Yan, who was charging over, was stepped on by him. Xia Wenqing immediately revealed a strange and proud smile.

the situation was under control.

what happened next was logical. he digested lin yi's god body, drained dongfang yan's crazy blood, and finally retrieved the god's eyes.

After that, the only thing left to do was to repeatedly load the file and kill the group of people from the Dazhou Academy who had been raised in captivity 10000 times. That would be enough.

This was a painstaking process that would take a lot of time, but there would no longer be any accidents.

but at this moment, lin yi's voice came from his body, " "It's a pity,"

xia wenqing was shocked. " you didn't die?! "

He'd fused with the souls of nine ex-Deans, and it wasn't strange for someone else's voice to come out in this state-it was just a little out of control, but no matter what, Lin Yi's voice shouldn't be here!

after all, he had only swallowed lin yi's god body. as for lin yi's essence spirit, he should have killed it already. there was no way he would leave behind a soul.

however, the reality was clearly not quite the same as what he had expected.

lin yi's weird voice sounded again."I think your understanding of the God Body isn't that deep. I guess you just have a little bit of it."

"impossible!"

Xia Wenqing was both shocked and angry. This time, he was really a little flustered and exasperated.

everything that had happened seemed unexpected, but it had never escaped his control. however, the current situation had completely exceeded his expectations.

He had a deep understanding of the God's Eye, so his understanding of the God's body was not that bad.

"other than the unparalleled hardness of the primary divine body, the only other thing left is the powerful self-healing ability of blood rebirth. i've clearly countered these two attributes. how can you still be conscious?"

xia wenqing's hands and feet were cold.

up until now, this was just an accident that was neither big nor small, but behind this accident, it made him extremely afraid.

this meant that lin yi had a power that was beyond his knowledge!

Before this, Xia Wenqing had always had an unquestionable confidence in his vision and structure. After all, even the few big shots of the Supreme Board of Directors did not dare to have ideas about the gods.

but he dared to.

from the moment he had coveted the god's eye, especially the advanced god's eye, he had become a god-renegade in reality. and in the divine kingdom on land, where the divine realm was just one step away, the word "god-renegade" was no different from a rebel exposed in front of the emperor.

Anyone who had this thought was already unpardonable and deserved to die!

Xia Wenqing thought that he was already at the top of this path, but it seemed that Lin Yi had gone far further than he thought!

"yeah, how can i still be conscious?"

Lin Yi chuckled, "you may have found a way to counter the God Body, but don't you think it's going too smoothly?" with the method you just used, if i had resisted even a little bit, it wouldn't have gone so smoothly, right?"

Chapter 10459

"....."

xia wenqing choked.

he was indeed knowledgeable to think of a way to counter lin yi's god body as soon as he sensed it, and he could actually do it.

just this point alone, he had already far surpassed the other ambitious players of the same level.

Unfortunately, he was up against Lin Yi.

He wanted to devour Lin Yi's God Body, but Lin Yi was also plotting against his God's eye!

If it was a normal head-on confrontation, even if Xia Wenqing came up with a targeted strategy, Lin Yi would definitely be able to make him fail.

after all, it was one thing to come up with a feasible solution, but it was another thing to be able to land on the ground. there was a huge difference between the two.

but that would put a lot of pressure on lin yi's side.

this was xia wenqing's home ground, especially with xi rulai eyeing him covetously outside the sky screen. he wanted to take over xia wenqing with his own strength. even if he could succeed in the end, he would have to pay a heavy price.

hence, lin yi chose a more risky strategy.

He would use a futile struggle to confuse the other party and let Xia Wenqing successfully swallow him. This way, his primordial spirit would be able to enter the other party's body with his divine body and reach the other party's sea of consciousness!

Of course, Xia Wenqing was not the kind of brainless and arrogant person. Even if he had calculated his greed, under normal circumstances, he would never swallow it without any defense.

dongfang yan's bloodlust, xu anshan's sudden realization, and xia wubing's digging of his own eyes had attracted most of xia wenqing's attention, providing lin yi with the perfect cover!

xia wenqing didn't expect that although these three people's actions were all on the spot, they were actually all linked and within lin yi's calculations.

The battle between the old cunning Fox was to see which side hid deeper and calculated further!

he'd combined the strength of the nine deans, and with his caution and cunning, it'd be hard for lin yi to break through his layers of defense.

but now, lin yi's essence spirit had easily invaded his sea of consciousness.

However, despite the shock, Xia Wenqing wasn't as panicked as Lin Yi had expected. He quickly stabilized himself and even had the mood to mock Lin Yi.

"I have to admit that you have a good plan, but you can't be so naive as to think that the primordial spirit is my weakness, right? hehe, so you still haven't seen through my trump card."

"Isn't your trump card your other God's eyes?" Lin Yi said playfully. to be more precise, it should be the child eye of the child-mother eye, right?"

This time, Xia Wenqing was finally completely stunned.

as Lin Yi said, his biggest trump card was his Zitong.

The mother and child eyes were originally one and had been in his hands from the beginning. He then used a secret technique to cut them into two pairs. One pair of mother eyes was transplanted on Xia Wubing's body, while the other pair of child eyes was left in his own hands.

According to common knowledge, once a mother and child were separated, the mother would always be stronger.

It was the same for the mother-child eyes.

In terms of the various abilities of the God's Eye, his child's eye was actually far inferior to Xia Wubing's mother's eye. If he were to forcefully use it to fight with the power of the God's Eye, he would be defeated in almost all aspects.

However, the child pupil had an extremely powerful characteristic. It could continuously absorb nutrients from the mother pupil and complete its own evolution!

And because the mother eye had the nature of nurturing the child eye, it was naturally unable to resist.

This was also why Xia Wenqing was at ease when he handed the mother eye to Xia wubing. Before he completely evolved the advanced God's eye, he wasn't worried that Xia wubing would betray him.

of course, even if the child eye was a castrated version of the mother eye to a certain extent, it still had the ability to save and load.

in fact, due to xia wenqing's deeper understanding of the god's eye and the various misleading methods he had used to mislead xia wubing, the power of the child eye in his hands was even greater than that of the mother eye!

for example, he could resurrect nine ancient corpses.

another example was that he could forcefully grab the souls of the nine former academy presidents and fuse them into his body.

The existence of the child pupil was Xia Wenqing's biggest secret. It was also the starting point and the final node of all his plans. It was the most crucial link that absolutely could not be missed!

he didn't think that lin yi would be able to see through it!

"I don't care how you guessed it, but even so, don't think that you can win for sure. You actually want to compete with me in primordial spirit. I really don't know who gave you the confidence!"

xia wenqing's words were mostly to encourage himself.

The situation had suddenly changed to this point and was completely out of his control. The only thing he could do now was to rely on his own strength to forcibly hold on.

other things aside, at least in terms of primordial spirit strength, his confidence was not empty.

the divine eye was a natural boost to the soul, and he was confident that no one below the mystic class could compare to him in soul strength.

lin yi taking a step at this time, from his point of view, was like an egg hitting a rock!

plus, if his essence spirit couldn't take it anymore, he could use the god's eye to analyze lin yi's essence spirit and explode it.

this was his sea of consciousness, and if he were to blow it up, his own spirit would be affected as well, but even if it was a lose-lose situation, it was still better than letting lin yi have his way.

Even now, Xia Wenqing wasn't worried about Lin Yi, the threat in front of him, but Xi Rulai, who was still watching from the sky!

"you'll see my confidence soon. don't worry."

lin yi, on the other hand, was calm.

to him, the setup was complete at this point, and the next step was purely to reel in the net.

As long as there wasn't the intervention of an existence on the level of Xi Rulai, Xia Wenqing wouldn't be able to cause any more trouble with his own means.

he had enough confidence in this.

the following primordial spirit collision indeed went in a direction that xia wenqing couldn't imagine.

His essence spirit, which seemed to be of a much higher level than Lin Yi's, was crushed without any resistance when Lin Yi's essence spirit invaded. There wasn't even a proper stalemate before it was crushed!

"impossible! that's impossible!"

even at the last moment when his primordial spirit completely collapsed, xia wenqing was still roaring in anger.

It wasn't that he didn't use the power of his God's eye, but even when he did, it didn't even cause a splash when it landed on Lin Yi's yuan spirit.

Xia Wenqing would never have thought that he wasn't facing Lin Yi's soul, but the will of a new world!

in terms of level, even the power of the so-called gods could not be compared to the world will.

Unless the God of creation personally took action.

Chapter 10460

Hence, from the moment Lin Yi's essence spirit successfully invaded his sea of consciousness, everything was over.

xia wenqing, the hero of a generation, had come to an end.

the moment his primordial spirit perished, xia wenqing's physical body collapsed at a speed visible to the naked eye. however, a new body was revealed inside.

it was lin yi, reborn.

"i haven't even had a good time yet, and it's over?"

Dongfang Yan patted the dust off his body, got up, and sized Lin Yi up.

"stop looking, it's me," lin yi said helplessly, rubbing his nose.

he knew what this girl meant. she was afraid that he would lose to xia wenqing and that xia wenqing was in disguise.

"That's good."

although dongfang yan said that, he didn't stop sizing lin yi up. he even reached out and pinched lin yi before nodding in satisfaction, "the feel is not bad, it's the real deal."

Lin Yi was speechless.

he seriously suspected that the other party was taking advantage of him, but seeing that this girl was so beautiful, he tolerated it.

Dongfang Yan looked at Xu Anshan, who was still in the midst of his enlightenment, and scratched his head. "What do we do next?"

All the actions they had taken up until now showed that they had a tacit understanding with each other. However, they had to discuss how to deal with the mess that was Dazhou Academy next.

"We'll wait,"

Lin Yi's answer stunned Dongfang Yan.

from what she could remember, it wasn't lin yi's style to not keep the initiative in his own hands.

Lin Yi saw her confusion and smiled helplessly, "the next level is too high. it's a little difficult for us to take it on by ourselves."

dongfang yan took out his wine pot and took a sip. "that means he'll either be safe or risk his life. i understand."

"Yeah," Lin Yi nodded.

Although Xia Wenqing had been dealt with, it was just like how Xia Wenqing had never been most afraid of them, but of Xi Rulai, who seemed to be standing outside the situation.

The biggest threat Lin Yi had to face now was Xi Rulai.

Now that the situation had developed to this point, it was hard to say if Xi Rulai would make a move himself. But once he did, it would be a life and death crisis for Lin Yi and the others.

An existence at that level was not like Xia Wenqing, who could still use tricks and schemes.

Even if it was just a casual test, Lin Yi and the others had to risk their lives for it. Even so, they had a 90% chance of survival!

Luckily, Lin Yi wasn't completely out of options.

after exchanging a look with dongfang yan, lin yi walked to xia wubing's side. xia wubing's aura was already very weak because she had dug out her own eyes. after all, she was the host of the god's eyes, and to some extent, the god's eyes were the foundation of her everything.

Without the God's Eye, she was destined to die.

This kind of loss of fundamental vitality could not be compensated by any other means.

"Thank you," he said.

lin yi's palm gently touched xia wubing's empty eye sockets, and in the next second, his godly eyes reappeared on xia wubing's body.

"you're so silly!"

Xia wubing was shocked. Although he instinctively revealed a look of joy at being reborn, he immediately shook his head. actually, you don't need to give it to me. My tragedy was all because of it. If I can get away from it, it will be a relief for me.

"At least, I can take a breath of relief."

" or do you want a high-grade divine eye like him? " ye mo asked.

Lin Yi smiled,"a high-level God's eye is a good thing, of course. Who doesn't want good things?" however, good things also depend on fate. for the current me, i haven't reached the level where i can truly master a high-grade god's eye, so there's no need to be too hasty."

Xia wubing looked at Lin Yi deeply.

Even with the God's Eye, she couldn't see through Lin Yi's heart, but now, she seemed to be able to feel it.

"i know."

xia wubing nodded. he knew that lin yi was being sincere.

Of course, it wasn't hard for her to see that Lin Yi had given up on the God's Eye on his own accord. On one hand, it was because of his strong self-control, unlike Xia Wenqing who was directly tempted by the so-called high-level God's eye. On the other hand, the God's Eye was a hot potato.

Xia Wenqing was dead, and his plan to evolve the high-grade divine eye was naturally put on hold.

No matter which angle he looked at it from, Lin Yi couldn't possibly kill these Masters from Dazhou college ten thousand times. Not to mention, whether Xia Wenqing's plan would work or not was still an unknown.

In fact, even if this plan succeeded, it might not be a good thing.

that was because xi rulai would definitely snatch it!

even if a high-grade god's eye had the legendary ability to make a person become a quasi god in a single step, xi rulai, who was watching coldly from outside the sky screen, could completely block the most critical juncture and wait for an opportunity to strike.

The saying "an ordinary man is innocent but he is guilty for keeping a treasure" was always applicable no matter where he went.

In comparison, if the God's Eye was kept in its current state, the possibility of Xi Rulai personally joining the battle would be greatly reduced.

But even so, Lin Yi still had to be on guard against Xi Rulai.

he had never had the habit of placing his own safety on the luck of the enemy's restraint.

the facts proved that lin yi's caution was not unnecessary.

Just as he was talking to Xia wubing, a green Airwave that covered the sky and the sun suddenly swept across the sky thousands of miles away.

Almost at the same time, the transparent canopy that surrounded the Dazhou Academy fell. A majestic voice came from the sky and resounded throughout the entire area.

"Hand over the God's Eye and I'll spare your life."

Lin Yi and the others "eyes twitched. Without a doubt, the owner of this voice was Xi Rulai.

even lin yi couldn't help but feel a sense of eye-opening as he felt the terrifying aura of the other party.

logically speaking, with the blessing of the four seas and the fact that he'd killed two gods, lin yi's aura was terrifyingly strong. no matter where he went, he'd be domineering.

however, compared to the scene in front of him, it suddenly paled in comparison.

lin yi's eyes lit up. the nine big shots of the board of directors were indeed the top existences of the divine kingdom on land!

With his current strength, the possibility of him winning would be much lower than when he faced the evil god. Even a narrow escape would be an extravagant hope!

After all, Xi Rulai did not have the restrictions of the gods. In this divine Kingdom on land, he could use his full strength.

"get ready," he said.

lin yi let out a soft cry, and dongfang yan's skin instantly turned red. even xu anshan, who had an epiphany, opened his eyes at the same time.

xia wubing activated his divine eye and shared all the real-time information he had observed and analyzed with the three of them.
