

# THE MOST POWERFUL BODYGUARD

## Chapter 11: Brothers and Women in Tears

Yang Yan's eyes flashed sharply, and his hand moved like lightning, directly blocking the policeman's hand.

The place the policeman was pushing towards was Zhou Hanyu's budding chest.

In Yang Yan's heart, taking money to help others avoid disaster, how could he let other people's hands touch the chest of the Second Miss?

"You dare to assault a police officer!"

Yang Yan's action deeply provoked the policeman and his colleagues behind him, and they exploded instantly.

In an instant, three or four policemen surrounded him, looking as if they were about to forcibly use violence against Yang Yan.

Zhou Hanyu was so anxious that tears were about to fall.

She quickly took out a phone, wanting to notify her sister.

"Li Zhen, damn it, if you don't come out now, I'm going to deal with all these bastards!"

Surrounded, Yang Yan put away his nonchalant demeanor and shouted loudly to the police car on the outskirts of the crowd.

Inside that police car, suddenly there was a commotion.

Soon after, a policeman with a handsome face crazily squeezed through the crowd and came in.

"Yan!"

When this policeman saw Yang Yan, his eyes were already filled with tears.

"Haha!"

Upon hearing this "Yan," Yang Yan, who always liked to joke, just laughed.

Then, he spread his arms.

In the astonished eyes of everyone, a policeman in uniform and a homeless beggar in rags hugged each other tightly.

"Brother..."

After hugging this policeman named Li Zhen, Yang Yan softly called out.

On this side, Yang Yan and Li Zhen were excited to meet, while in the crowd, a tall woman was holding her notebook, staring blankly at this scene.

A moment later, tears rolled down the woman's stunning face, dropping one by one on the notebook she was holding.

Because the situation in the center of the crowd was so unexpected, no one noticed the look of this girl for the moment.

For a long time, the girl turned around and left, her lips moving, murmuring:

"Yan, are you really back?"

When the girl passed by several other girls, a keen observer seemed to recognize her, whispering:

"Isn't that Xu Yi, one of the three campus beauties? Why does it look like she's crying?"

"Nonsense, Xu Yi is known as the ice beauty of the school, with a heart of stone, how could she possibly cry?"

The other girl clearly didn't believe it.

In the center of the crowd, Yang Yan forcefully slapped Li Zhen's back and said:

"Go do your job! I have a proper job now, I'm on duty!"

Li Zhen, now a policeman and seemingly in a fairly high position, nodded like a child.

"I warn you, even if you have acquaintances in the police station, you can't be so shameless! Hmph!"

Chen Li, feeling a bit guilty, said upon seeing Yang Yan and Li Zhen's intimate actions.

But in his eyes, it seemed that the police wouldn't show favoritism in front of everyone.

What Chen Li didn't expect was that Yang Yan walked over and gave him a big slap.

"I'm meeting my brother today, not in the mood to play with you. Damn it, do you have to be so shameless?"

This slap from Yang Yan was really powerful, and Chen Li was immediately dumbfounded.

He only felt his body sway, and a burning pain surged on his cheek.

A few seconds later, he finally regained his senses, shouting loudly:

"You are working together, I will go to court to sue you! You are not fit to be a policeman! You..."

Yang Yan snorted coldly, interrupting him once more:

"Rebellion, is it? Secretly taking pictures of students' private parts, and you still have manners! Zhenzi... no, I can't call you Zhenzi, it's unlucky. Li, come here, this is this trash's phone, it has the evidence of his crime."

Yang Yan spoke loudly again, holding an additional phone in his hand.

This phone was still the latest model from Apple.

As he spoke, he was about to drag Chen Li to unlock it with his fingerprint.

"No! You are violating my privacy, I don't... I don't..."

Originally feeling wronged, Chen Li now became panicked and confused.

"Huh? Take him back to the station! Hmph, what an animal!"

Although Li Zhen has a pretty face, he is also an experienced police officer.

Seeing Chen Li's reaction, he had already confirmed that this guy indeed had a problem.

"I'm not going, I'm not going... you can't do this to me, I... I haven't taken any photos, I haven't!"

Chen Li, who was already bewildered from being slapped by Yang Yan, finally broke down hearing Li Zhen's firm tone.

The group of security guards who were beaten by Yang Yan also exchanged looks at this time.

If Chen Li's crime is confirmed, it will be serious.

The government is paying more and more attention to this kind of thing.

If the circumstances are serious, then Chen Li's career as a teacher will be over, and he might even face the punishment of imprisonment.

"Alright, you go back to work, I have to work too. I will often appear around here from now on."

After saying this to Li Zhen, Yang Yan turned around to find his broken bicycle.

Though old, this borrowed bicycle was of fairly good quality.

Despite all the commotion, it was still rideable.

He waved to Zhou Hanyu, who obediently sat on the back seat.

And so, looking like two people from completely different worlds, they were ready to leave the scene.

Li Zhen initially wanted to keep Yang Yan, but upon seeing his back, he finally just shook his head bitterly.

Sitting on the back of Yang Yan's bicycle, Zhou Hanyu had an excited smile on her face.

After traveling a bit far, she couldn't help but ask Yang Yan:

"How did you know his phone had photos? That's amazing!"

"I'm not bragging, but I, Yang Yan, know the heavens and the earth, and foresee five hundred years into the future..."

As he said this cockily, Yang Yan pedaled the bicycle diligently.

"Alright, alright, stop bragging. Tell me what the reason is."

Zhou Hanyu pinched Yang Yan's waist, giggling as she did.

Yang Yan seemed very ticklish, swaying from side to side, causing the bicycle to shake constantly.

Zhou Hanyu was startled, instinctively grabbing Yang Yan's vest, then naturally holding his iron-hard waist.

She subconsciously pinched it, feeling a bit dazed.

But in the next moment, she held on even tighter.

Yang Yan seemed unfazed, continuing to say:

"I saw that guy secretly taking pictures of others at school. Damn it, he even wanted to take pictures of you, really courting death. Today he's lucky, otherwise, I would have beaten him until he couldn't find his teeth."

Yang Yan wasn't just talking nonsense.

According to his plan, he initially wanted to mess with Chen Li.

But since his former bro showed up, and it happened to be under Li Zhen's jurisdiction, it was unnecessary to give him trouble.

"Oh, I see, I was wondering why that old pervert Chen Li likes hanging around where there are lots of girls! By the way, who's that policeman you called Li, he looks like he's twenty-six or seven, why does he call you brother?"

Zhou Hanyu, having solved the first mystery in her heart, quickly asked the second one.
