

Beauty and the Bodyguard

Chapter 2271 2268-Wu Family

Although ten million Yuan was not a small amount for Wang Zheng, especially for a businessman like him, his liquid capital was limited. After all, most of his money was spent on goods. It was a bit difficult to take out ten million Yuan at once, but for the safety of his daughter, he would still try his best.

"Wait here, I'll make a call." Lingshan felt that she needed to talk to Mengyao in private. She didn't know when Xinyan became Lin Yi's girlfriend, but since she was, Lin Yi couldn't just ignore it. There had to be a way.

Wang xuben nodded helplessly. He wanted to ask House Xiao and house Kang for help since Xinyan was from house Xiao and house Kang, after all, but when he heard that her daughter had a boyfriend in school, he gave up on the idea!

Although, he didn't think that his daughter should be such a reckless person. She was already engaged to house Kang, but she was still looking for a boyfriend in school? But the problem now was that he'd rather believe it than not. If house Kang came and heard that his daughter had cheated on Zhaolong, they wouldn't let it go easily. He'd better wait for his daughter to come back and ask!

Lingshan, on the other hand, dialed Mengyao's number as soon as she entered the office.

Mengyao wasn't surprised that Lingshan would call so soon,"Lingshan ... Sis,"

"Yaoyao, is there something else?" Lingshan asked.

"Wu Chengtian has already contacted the Hidden House Pi. I heard that elder Pi is coming here tonight, he'll take care of this himself!" Mengyao didn't hide anything from Lingshan-she was from a Noble House, after all, and they were pretty close.

"The Hidden House Pi will interfere?" Song Lingshan didn't understand what Chu Mengyao was saying. Wang Xinyan was kidnapped, what were the Hidden House Pi doing here? Weren't they the Xiao family's backers? And he had a grudge against Lin Yi?

"House Pi's Pi Zhishan has already acknowledged Lin Yi as his boss." Mengyao didn't know much about the situation, so she explained,"Anyway, he's a Sky Class early phase-it shouldn't be a big problem if he goes out."

"That's good ..." Song Lingshan heard that the guy was a practitioner and was thinking of calling the supernatural Investigation Bureau to get involved, but it seemed like that wasn't necessary. If even elder Pi couldn't handle it, then no one else could.

Lingshan hung up and walked over to the couple. "I've already made arrangements. If the kidnappers call again, just do as they say and do something perfunctory for the time being. But don't rush to pay up. It shouldn't be a problem to delay it until today."

Lingshan didn't tell them about the Hidden House Pi-since Mengyao didn't say anything, it meant that she didn't want the couple to know.

"Ah, that's great. Thank you so much!" Wang Zheng heard that song Lingshan had arranged everything, and his heart relaxed!

Lingshan wanted to say that there was no need to thank her, but decided not to ...

Scorpion thought everything was done, and so he went back to the headquarters, telling test subject 02 to keep an eye on Xinyan. With him here, there was no need to worry about anything.

Back at the headquarters, Jianwen asked directly,""How is it? did anything happen?"

"There's nothing else after that. Everything went smoothly!" Scorpion said.

"That's good. " Jianwen nodded."In the future, don't mess with people with backgrounds like Wang Xinyan. It's not a good thing to be associated with Lin Yi!"

"Yeah, it was really dangerous this time." Scorpion was also scared. He was being chased by a strange monster. He was so scared that his legs cramped. He almost had an accident.

"En, right, as my think tank, you shouldn't always show your face in public. It's easy to attract trouble. Do you have anyone you can trust? recommend one to me and let him help you with the work." "You won't be able to handle it when the plan to Rob the noble houses starts," Jianwen said.

"Well ... I have a younger cousin in my hometown. His nickname is little purity. He's quite smart. Why don't we try transferring him over?" Scorpion said.

"Alright, let him come, but don't bring him to me yet. Arrange something for him to do. We'll talk when he's done well." An Jianwen was still on guard against strangers. He knew the person's background, but he wouldn't just give him important tasks.

"Alright, I'll call him over. He'll be in charge of some unimportant matters." Scorpion nodded.

.....

The night passed uneventfully, and the sun rose.

Lingshan, xuben, and qinlin didn't sleep the entire night, waiting for the kidnapper's call, but other than the first call, there was no other.

Scorpion wasn't like the other kidnappers, he was fearless. He knew that it would take some time to prepare the ransom for Wang xuben, so it was useless to rush him. Instead, he was taking his time and putting more pressure on Wang xuben!

And so, he went back to sleep after leaving Jianwen's place, not worried about Xinyan at all.

Xinyan wouldn't be able to get away with test subject two guarding her-even if someone tried to cause trouble, they'd have to be careful not to leave alive.

The next morning, elder Pi and elder Wu arrived at the villa almost at the same time.

Old man Wu, Wu gonggao, was one step ahead-he'd received good news from Wu Chengtian that Lin Yi thought highly of him, leveling him up to Earth Class early phase and giving him the physical practitioner's body refining liquid, as well as building a relationship with the Hidden House Pi!

House Wu, ever since Wu Chengtian befriended Lin Yi, they'd been on a whole new level. Wu Chengtian's strength, too, had risen from the initial stage of the Golden class to the initial stage of the earth Class. He was a few levels higher than the Head of House Wu, and he was both a spiritual and physical practitioner. He was many times stronger than before!

This time, Chentian didn't just bring the good news-he even got a bottle of body strengthening medicine from Lin Yi, and most importantly, a bottle for him! Gonggao felt that the smartest person in the house was still his grandson!

At first, gonggao wasn't too happy with Chentian's decision to take Lin Yi as his boss-he thought that he was disgracing the house, but now it seemed like Chentian was too wise.

Lin Yi was the strongest existence among the noble houses, and there were two hidden houses that took Lin Yi as their boss!

In comparison, what was his Wu family? Of course, since house Wu's Wu Chengtian was the first to join Lin Yi, be it xiaopo or Zhishan, they all had to step aside and become his followers! (

Chapter 2272 2270-House Pi Also Came

House Wu was finally going to be above the two hidden houses one day-this really made old man Wu think that Chentian was the key to the house's future!

As for Wu Chendi, he didn't suppress him as much as he did before. This grandson wasn't his biological grandson, but he was still his grandnephew, and that was why he didn't want to raise him! Chendi's father wasn't gonggao's son, he was the adopted son of gonggao's little brother, but gonggao's little brother had passed away when he was young-not many people knew about this, not even Chentian and Chendi's father!

Now, gonggao understood that house Wu was just a small stage for Chentian. It was just a home, a place he could come back to visit often. His ultimate goal was to follow Lin Yi to the peak of martial arts.

Maybe one day, he'd be Sky Class, and even the realm after Sky Class wouldn't be a dream!

But that dream was shattered when he saw his grandson's condition He looked at Chentian, who was covered in wounds and couldn't move! His grandson was already an Earth Class early phase-a physical and spiritual practitioner at that! Theoretically, no physical or spiritual practitioner of the same level could hurt him, but he was injured now! What did this mean?

The enemy was so strong that gonggao could only look up to him!

"Chentian, what happened? How did you end up like this?" Gonggao's joy vanished in an instant.

"Grandpa, I'm fine." Chentian smiled bitterly-he didn't think that his grandfather would come at this time, of all times! He had wanted to share his joy with his grandfather, but it had turned into sharing his pain."The enemy isn't coming for me and boss. It's a bit complicated, but I'm fine now that boss is back! This little injury is nothing!"

"Oh?" Gonggao blinked, but then he remembered that Chentian was just as injured last time. Didn't he still appear at the noble House meeting? It seemed that Lin Yi had a plan. Gonggao's face softened at the thought."If the enemy isn't coming for you, then what's going on?"

Chentian was about to explain when granny sun knocked on the door."Mr. Wu, there's an old man and a young man outside the villa, they say they're from the Hidden House Pi, looking for you. What do you think?"

"Argh! Please, please invite them to my room!" Chentian said.

Mengyao and Yushu had already left for school-Xinyan was kidnapped, but life still had to go on. Chentian was at home, waiting for the Hidden House Pi to come-there was no point in them staying.

As for Lin Yi, he was still uncontactable. The cold tone of the phone was still the same as before.

"The villa's different now, but I still remember what happened last time I came to boss Lin Yi's Villa!" Zhishan sighed, "in the blink of an eye, I've become boss Lin Yi's follower ... Actually, we should've made the decision back then ..."

Zhishan thought back to Lin Yi's follower, er goudan, who had killed Wudi with one punch. Chentian had made the decision on the spot and made er goudan his boss, indirectly becoming Lin Yi's follower. House Pi, on the other hand, was a few months late ...

"It might not be too late now." Old master Pi nodded with a serious face-house Pi had always been cautious with their actions, and this time, old master Pi was bringing Pi Zhishan to the common world to help Lin Yi-this was the first time in their history!

Although the Council of hidden houses only existed in name, and most of the hidden houses were starting to send their Masters to the common world to cause trouble, no one dared to step into the common world as they pleased-there was still the ancient level above them, after all.

But house Pi wasn't here to cause trouble or cause trouble-they were here to save someone, and he believed that even if the higher-ups of house Pi found out, they wouldn't blame them. Plus, house Pi's coming out this time was like betting on Lin Yi-they were all for good or bad!

The ancient sect was looking for trouble, and they were looking for trouble with Lin Yi-with Lin Yi as a big tree supporting them, house Pi was just a small fry! So what if it was an ancient level? The everyday and every day sect and the ancient Feng clan had crippled two of their disciples, and now? Didn't he still suffer in silence?

"Gentlemen, Mr. Wu would like to see you!" Grandma sun walked out of the villa and said to Grandpa Pi and Pi Zhishan, who were still deep in thought.

"Many thanks!" Zhihai and Grandpa Pi followed grandma sun into Chentian's room. Although she was just a housekeeper, Grandpa Pi was still very polite.

"Brother Wu ..." Zhishan had expected this, but he was still shocked by Chentian's condition! Chentian was an Earth Class early phase-he was at the same level as Zhishan, and yet he was beaten up like this. This meant that the enemy was strong!

"I'm sorry to have made you laugh. It's our first time meeting under such circumstances." Chentian smiled bitterly. "But you don't have to worry about me. When boss comes back, I'll be back to normal! Let me introduce you, this is my grandfather!"

Since Zhishan was here, Chentian treated him as one of his own. He didn't hide anything from him, but he was worried that the old man would be too cautious and not use his full strength.

What Chentian was saying was a hint that even if Grandpa Pi got injured, Lin Yi would be able to heal him as long as he didn't die!

"Oh?" Elder Pi's eyes flashed with a strange light as he thought of something. He felt a lot more confident in his choice this time.

Old master Pi was from the hidden world, but he knew quite a bit about Lin Yi's past, especially since he was once Lin Yi's enemy. He'd noticed a strange phenomenon before-Lin Yi was crippled, and obviously couldn't live anymore, but he'd always miraculously recover in the end, his strength increasing instead of decreasing!

The people around Lin Yi were the same-take Wu Chengtian for example, he'd been crippled a couple of times already, and now he was an Earth Class early phase-and from his expression, he really didn't care! (

Chapter 2273 2270-Rescue

Otherwise, which cultivator could still laugh after being injured to this extent?

This meant that Lin Yi's medical skills were extraordinary, and he had the ability to help practitioners heal! Before, elder Pi would've been suspicious, but now that he saw Chentian, he believed him.

"Old master Wu, I've long heard of your name!" Old man Pi thought things through and smiled at gonggao, cupping his fists in greeting.

"Grandpa Wu!" Zhishan said respectfully.

"You're too kind, elder Pi, xiaopi ..." Gonggao was flattered, but he remembered that they were ranked according to Lin Yi's follower's seniority. He didn't want to embarrass Lin Yi.

"Old man Pi, we don't have much time-I'll treat you guys as my own people, I won't say another word!" Chentian didn't want to waste time with them, so he just said, "Boss's abilities are beyond your imagination-take me, for example-I used to be a golden class early phase physical practitioner, but now I'm an Earth Class early phase physical practitioner! We're all physical practitioners-I don't think you need me to tell you the benefits of dual practicing, do I?"

"Naturally! Who doesn't want to cultivate both the inside and outside?" Grandpa Pi nodded-he'd always wanted to be a spiritual practitioner, but no matter how hard he tried, he couldn't get anywhere. He couldn't even step into golden class, and so he had to give up!

He knew that Chentian wouldn't just say something like that-there had to be a deeper meaning behind it!

"This time it's done-if Wang Xinyan sis-in-law is saved, I'm sure boss won't let you guys work for nothing. You two can at least become Mystic late phase peak spiritual masters!" Chentian threw out a tempting offer all at once!

Although Lin Yi said that house Pi needed his help, it was hard to tell if Grandpa Pi was doing his best for something as dangerous as this without a huge amount of money. What if he backed off when he needed to fight? And so Chentian told him all the benefits!

Gonggao sat quietly to the side, sighing to himself. His grandson had changed. Not only had he gotten stronger, but he'd also become much more tactful. As a physical practitioner, he knew that no one could reject this bargaining chip!

As expected, after Chentian said that, Grandpa Pi and Zhishan looked at each other, their faces changing! It became hot and crazy!

Their purpose here was to ask Lin Yi to save Zhihai when he came back, but they didn't expect Chentian to give them such a big piece of cake!

The temptation to them was huge! They finally understood why Wu Chengtian leveled up so quickly, and why that trash han xiaopo became an Earth Class early phase right before the Hidden House Summit!

So, all of this was really Lin Yi's work! If that was the case, then the returns were far beyond what the two of them had expected-they'd planned to just heal Zhihai's injuries, but now ... No wonder Chentian was so loyal to them, and no wonder the Hidden House han was so close to Lin Yi! They couldn't let this chance go!

At first, Zhishan had his reasons for calling Lin Yi his boss-it was all for his own benefit, but now he was completely sincere.

"Don't worry, brother Wu. Grandpa and I will do our best to save boss's woman!" Zhishan said as he cupped his fists.

"Alright, then I'll leave it to you!" "Let the purple lightning Beast take you there-it knows where Xinyan's locked up, but the guards there are pretty strong. We'll have to rely on you, old Pi!"

"Alright!" Old master Pi agreed without hesitation. He wasn't surprised that the beast was with Lin Yi-it was the one who left with him.

"Right, that opponent is strong, but I feel like his intelligence isn't up to par, and his reaction time isn't good either. If Grandpa Pi fights him, it's best not to fight him head-on, but to avoid his attacks and attack him instead. I think it'll be effective ..." Chentian had been thinking back to the fight last night, and this was what he came up with. He told this to Grandpa Pi, in case he made a mistake.

But this kidnapper gave him a familiar feeling, like he'd seen him somewhere before, but he couldn't remember.

"Oh? It's like this, I'll be careful!" Old man Pi nodded.

However, when Zhishan and old man Pi saw the purple lightning Beast, they were stunned. Wasn't this a Yellow Class spirit beast? When did it become Mystic class? Mystic late phase peak?

Could it be that Lin Yi could not only level up people, but also spirit beasts? What kind of terrifying concept was this?

Old man Pi and Pi Zhishan looked at each other again, reading the shock in each other's eyes!

"The Hidden House han didn't just stand out in the Hidden House Summit by luck!" Old man Pi shook his head with a bitter smile. "This time, he's scammed all of us. Lin Yi's probably toying with us!"

"Yeah, it's all thanks to Zhihai. Otherwise, how could we have found such an awesome boss?" Zhishan nodded, "but it's not too late, we hidden house Pi still have a chance ..."

The purple lightning Beast didn't have any complaints about carrying Zhishan and old man Pi. It was a powerful ancient spirit beast, but this was a critical time. It was going to save the woman it had a contract with, its mistress, so how could it not be eager?

"Aowu! Aowu!" The purple lightning Beast arrived near the abandoned farm and let out two soft roars, indicating that it had arrived.

Old man Pi and Pi Zhishan walked down from the beast's back-this was the first time they felt the speed of the wind! From the villa to this place, it only took the blink of an eye!

"Zhishan, in a while, you will follow behind me and ride on the purple wind Lightning Beast. I will deal with that expert while you and the purple wind Lightning Beast will rescue miss Wang. If that expert attacks you, you will ride on the purple wind Lightning Beast and escape. You must not fight him head on!" Grandpa Pi pondered and came up with a plan.

"Alright, I understand!" Zhishan didn't push his luck-Chentian was already heavily injured, how was he supposed to fight the enemy head on?

The purple lightning Beast didn't have any complaints about this arrangement. The two of them and the purple lightning Beast quietly entered the abandoned farm. (

Chapter 2274 2271-Difficult Victory

However, what surprised them was that there was no one guarding the entrance of the abandoned farm, and there seemed to be no human voice inside. It was terrifyingly quiet!

"They didn't move to another location, did they?" Zhishan said as he looked at the empty farm.

"Let's keep looking!" Old master Pi said without changing his expression.

The two of them walked into the farm, but just as they turned a corner, they stopped at the same time! Because they saw a man, a burly Man in Black sitting at the door of a single-story house. He just sat there like a king!

This person, on the other hand, saw Pi Zhishan and elder Pi arrive-his dull eyes suddenly lit up, and he stood up, throwing a punch at Pi Zhishan!

With his grandpa's orders, Zhishan didn't force himself. He patted the purple lightning Beast and dodged the man's attack!

From what Zhishan could tell, the person locked up in the house behind the man was probably Wang Xinyan. He'd leave the man to his Grandpa, while Zhishan and the purple lightning Beast made their way to the door!

The Man in Black saw that Pi Zhishan had disappeared, but he didn't chase after him. Instead, he turned his fist and punched at elder Pi!

Old master Pi was already on guard against this man, and this guy changed his attack at the last minute-it wasn't likely he'd be able to hit old master Pi, so old master Pi went around to the man's side and punched out with his godly fist, making the man stagger and spit out blood!

Test subject 02 could, in theory, take ten Sky Class early phase attacks, but Sky Class early phase fighters were all different in strength. Grandpa Pi was good at fist Arts, and his fists were powerful-he wasn't as good at anything else.

But the man took one of elder Pi's punches head on, and it was a much stronger blow than a Sky Class early phase-he didn't have any Qi protecting him, and he spat out a mouthful of blood from the hit-it was a serious internal injury!

Of course, the man was just a puppet-he didn't have a mind of his own, and he didn't know pain. Grandpa Pi's punch did a lot of damage to him, but he didn't seem to feel it at all-he just kept on punching at the old man!

With a bang, elder Pi couldn't Dodge in time and was hit by the man's fist as well.

Old man Pi spat out a mouthful of blood as well-his organs were injured as well! It wasn't that Grandpa Pi was being careless-he just didn't expect this guy to be so unpredictable. Normally, in a fight between Masters, one side would have to get out of the way first before getting injured, unless it was a fight to the death!

But at the heaven rank, unless it was a life and death enmity, who would really go all out?

So Grandpa Pi didn't expect the man to be able to fight back after taking a punch from him!

But Grandpa Pi's blood was still flowing, and he threw out another punch, landing it on the man's head!

The Man in Black was even more injured this time, and he fell over as he swayed, buying a breath's worth of time for elder Pi to retreat!

Grandpa Pi saw through this man's fighting style-he was good at fighting, but he had no strategy! Plus, this person gave elder Pi a weird feeling, like they knew each other.

The man fell to the ground, and naturally, Grandpa Pi wouldn't let him go so easily. He threw two more punches, breaking both of the man's arms. Then, he wanted to break his legs before the man could get back up, but to Grandpa Pi's surprise, the man didn't even care about his broken shoulder blades. He just kicked out and sent Grandpa Pi flying ...

He'd never even heard of someone who wasn't afraid of pain after a fight, and could even fight back as if nothing had happened-this was way too weird! Under such circumstances, if it were someone else, they would have screamed and dodged first. However, the person in front of him was completely different.

What happened next made Grandpa Pi even more confused-the Man in Black got up from the ground and swung his two arms that he couldn't lift anymore, charging at Grandpa Pi!

His arms couldn't handle it anymore, but he could use his feet. When he was near elder Pi, the Man in Black raised his leg and kicked ...

..."Grandpa Pi was speechless-this wasn't a master, this was a Suicide Squad member, he really dared to die!

But cursing aside, Grandpa Pi endured the internal injury from the kick and punched the man's leg!

Although elder Pi had only been hit once, he was still heavily injured. He was a Sky Class early phase, but he didn't have Qi to protect his body, and he didn't practice something as defensive as the Golden Bell shield-his defense was only stronger than Chentian 's, but not as strong as a Sky Class master!

So this injury greatly reduced elder Pi's mobility-he couldn't Dodge it, so he had to fight it head on!

Grandpa Pi used all his strength in this one punch-he wanted to take care of this weirdo as soon as possible, even if he'd be injured!

"BOOM!"

The two sides were colliding with each other with their full strength. One side was not afraid of death, and the other side was using all of their skills. Although the collision didn't have the kind of earth-shaking energy explosion that was brought about by the confrontation between inner force experts, it still brought about a thunderous sound!

The Man in Black flew away, and so did Grandpa Pi, falling to the ground on his butt!

The man's foot wasn't hard, and it wasn't like a physical practitioner's foot that had been trained to the extreme. It was just a normal kick, and even Grandpa Pi could hear the sound of bones breaking from the man's foot. He just couldn't understand how this man could have so much strength, and it didn't feel like it hurt at all.

He had nothing to do with her being injured?

Elder Pi's fist wasn't disabled, but the powerful recoil had damaged his meridians. Luckily, he was a physical practitioner, so his meridians weren't affected too much. However, if he didn't treat it, it would definitely affect the speed and strength of his punches.

The good thing was that the Man in Black couldn't get up anymore! Both of his hands were broken, and one of his legs was broken, leaving him with only one leg. However, it was very difficult for a person with one leg to stand up without the help of both hands ... If you like this work, you are welcome to come to to vote for recommendation and monthly votes. Chapter 2275 Saved

The man struggled on the ground. Grandpa Pi was injured, but he wouldn't let go of this chance to beat the crap out of the man. He went up and punched the man's other leg, breaking it and making him lose all his power!

At the same time, Pi Zhishan rode the purple lightning Beast to the door of the house. There was a lock on the door, but it was useless to Pi Zhishan. With one punch, the lock broke and he pushed the door open!

Xinyan's mouth was sealed, and she was tied to a chair. She was shocked by the sudden turn of events, and looked at the stranger in front of her in fear! No wonder-she'd never seen Pi Zhishan before, and thought that he was with the kidnappers!

But now that Pi Zhishan had spoken, Xinyan's heart was finally at ease!

"Sis-in-law, I'm boss Lin Yi's little brother, Pi Zhishan. I'm here to save you!" Zhishan said.

Although the way Zhishan called her made her blush, it wasn't the time to be so calculative.

As for the rope on Xinyan's body, Zhishan easily pulled it off, and Xinyan also removed the tape from her mouth, "Thank you ..."

"Don't say so much, this is what we as underlings should do to help our boss!" Zhishan said with a wave of his hand-he'd decided that Lin Yi was the boss, and he wouldn't be so arrogant about it. He pointed at the beast and said, "You ride on the purple lightning Beast first, I'll go out and see my grandfather!"

"Okay ..." Xinyan nodded. She knew the beast-she saw Chentian chasing her on it that day, but she was still a little worried that Chentian and the Beast weren't a match for the man ...

She didn't expect that Lin Yi's stronger underling would come to save her just one day.

Zhishan walked out of the house and saw that his Grandpa was injured, but the Man in Black had been taken care of. He let out a breath of relief, "Grandpa, are you okay?"

"It's fine. Let's leave this place quickly. This enemy is too strange!" Old master Pi frowned. "We can't stay here for long. If a few more of these people come, we'll all die Here!"

Zhishan nodded. He was interested in finding the mastermind, but since Grandpa Pi said so, it meant that the enemy was too strong. It was best to leave as soon as possible!

Since the man was already crippled, he'd better bring him back to the police for investigation. He shouldn't get involved-the most important thing was to save Xinyan!

The purple lightning beast's body was relatively large, so it wasn't too much to carry four people on its back. It was quite loose, so the purple lightning Beast returned to the villa very quickly.

Wu Chengtian didn't think that the old man would finish the fight so quickly. He was about to praise him when he saw the old man's face-he must've had some serious internal injuries!

This was quite a coincidence-a normal Sky Class early phase spiritual practitioner wouldn't be able to take out test subject 2 so easily, since this guy could take ten full-powered attacks from a Sky Class! Ten strikes, and with all his strength at that, how difficult was that?

But elder Pi was a physical practitioner, and was good at fist Arts. His fist was strong, and while it wasn't as strong as goudan 's, it was at least strong enough to break mountains. He finished test subject two in a few hits.

But the price to pay was High-A Sky Class early phase spiritual wouldn't be as injured as test subject 02 was, since spiritual practitioners had Qi protecting their bodies, but old Pi didn 't.

Jianwen didn't consider the physical master when he was making the test subject. Things wouldn't have been this easy otherwise.

"My grandfather is also injured." Zhishan smiled bitterly."Although we've defeated and captured the enemy, it's not a complete victory. It's more like a Pyrrhic victory!"

"It doesn't matter. As long as he's not dead, boss will have a way!" Chentian didn't mind at all seeing Zhishan and Grandpa Pi come back alive. He smiled,"During this period of time, why don't you all stay here and wait for boss to return?"

"If that's the case, then I'll have to trouble you!" Zhishan was thinking the same thing-first, old man Pi needed time to recover, and second, he could bring Zhihai over to wait for Lin Yi's return! Now that house Pi had saved your wife, you can't just keep on hesitating about saving Pi Zhihai, can you?

"By the way, Wu, what should we do with the kidnapper?" Old master Pi asked.

"This ... Let's leave it to the police. It's not appropriate to make your actions public." Chentian said.

"Alright!" Old master Pi nodded-this was the safest way. The Hidden House Pi's interference in the common world had already violated the agreement between the Council of hidden houses and the ancient world. It was done in secret, but it was better to keep a low profile.

"Thank you ... Thank you ..." Xinyan had gone through a huge change this night, and she only felt relieved after seeing Chentian. She quickly thanked Grandpa Pi and Pi Zhishan for saving her.

"You're too polite. " Zhishan waved his hand and smiled,"then I'll have to trouble Tian bro to call the police. I'll help Grandpa to get some rest first, I won't be showing my face later!"

"Alright!" Chentian nodded, and told granny sun to prepare the rooms for Zhishan and Grandpa Pi.

Chentian realized that Xinyan was still standing there after he was done,"Sis-in-law, have a seat ..."

"Ah ... Oh ..." Xinyan was a little embarrassed by the way Chentian called her, but it wasn't the right time to think about it in this situation.

Seeing that Xinyan didn't like to talk much, Chentian didn't say anything more and called Lingshan.

"Wu Chentian?" Lingshan had Chentian's number, so she knew it was him the moment she picked up.

"Yeah, it's me. Wang Xinyan's been rescued, and the kidnapper's been caught, but house Pi's appearance isn't something we should announce publicly-it's better to keep a low profile!" "So, you're here to pick her up, and then it'll be your contribution?"

"Ah? You've been saved?" Lingshan didn't expect Mengyao to be so quick, but she didn't deserve such a big contribution! Thinking about it, she'd always needed Lin Yi's help to solve cases ... This time, even though it wasn't Lin Yi himself, it was his follower. Yet, she still got the advantage? (

Chapter 2276 2274-Wang Xinyan's Headache

But Lingshan didn't reject it-she just moved to Donghai city, and if she wanted to have a stable position here, she needed to make some contributions. Chentian was good at picking the right time, so she didn't hold back,"Alright, I'll bring some people over now ..."

"Why don't you do it yourself?" Chentian reminded.

"It's fine, it's Liu Wangli, my man from Songshan. No problem. " Lingshan said.

Liu Wangli knew about the relationship between song Lingshan and Lin Yi. Liu Wangli was transferred with song Lingshan this time and was promoted to vice-captain, he was previously a company leader.

"That's good. " Chentian said with a nod.

After calling Lingshan, Chentian gave the Miss a call, telling her that Xinyan was safe and there was no need to worry.

The Miss and Shu let out a breath of relief-it seemed like house Pi was still reliable.

However, at the same time, Scorpion, who was delivering food to the abandoned farm, was dumbfounded! Test subject 02 was gone, and so was Wang Xinyan!

There were signs of a fight, and blood stains. The lock had been broken, and Xinyan's rope had been pulled off too. It was clear that a fierce battle had taken place here, but test subject 02 had lost, and was nowhere to be found ...

Scorpion was shocked, but he didn't dare to stay any longer. He knew how strong test subject 02 was, even Chentian and the purple lightning Beast weren't his match. Whoever could beat him and save Xinyan must be something special!

Scorpion wasn't a practitioner, and even if he was, he wouldn't dare to stay here any longer, in case that man came back and caused him trouble!

Scorpion drove away as fast as he could, calling Jianwen at the same time.

"Scorpion, how's it going?" An Jianwen didn't know that something had happened.

"Wen bro, it's bad, Wang Xinyan's been rescued, and subject 02 is missing, but there's traces of a fight and blood at the scene!" Scorpion said.

"What!" Jianwen jumped in shock, "saved?" Then where are you? come back quickly and don't stay!"

"I've already left!" "I don't dare to stay here any longer," Scorpion said.

"It's good that you're back ..." Jianwen sighed. He didn't think that things would go so badly. But Lin Yi wasn't at home, so who was it that saved Xinyan? who could be a match for test subject 02?

Lingshan was just about to gather her men for a meeting to discuss the kidnapping case when she received Chentian's call. She quickly brought Wangli to Lin Yi's Villa.

This was Lingshan's first time visiting Lin Yi's Villa in Donghai, and Wangli had figured out what happened on the way here. So it was Lin Yi again? Lin Yi's lackeys are still doing great even without Lin Yi?

But Liu Wangli didn't say much-he took test subject two with a broken arm and leg into the police car, while Wang Xinyan and song Lingshan got into another car and drove back to the police station ...

Seeing their daughter come back safely, xuben and qinlin naturally thanked Lingshan profusely. Lingshan was a little embarrassed, but Chentian had told her not to tell anyone about house Pi, so Xinyan didn't say much. She only told them that Lingshan saved her.

In the break room, Wang xuben and Xiao qinlin chatted with their daughter, while song Lingshan and the other officers sent the suspect to the hospital, preparing to take his statement after he woke up.

"Yanyan, I heard that you found a boyfriend in school?" Qinlin asked the question she was most concerned about.

"Ah? I ..."Xinyan's face changed, and she blushed-she didn't expect her mother to ask that.

Qinlin's face changed as well when she saw her daughter's expression."So, this is true?"

"I ... Actually, I'm not really your boyfriend ... I'm just a good classmate ..." Wang Xinyan was a little embarrassed, as if she had done something bad and was caught red-handed.

"Just a classmate with a good relationship?" "Did a girl called Chu Mengyao say that when she came?" qinlin didn't believe her.

Xinyan didn't expect Mengyao to be the one to leak the information. She pouted helplessly, not knowing how to explain.

"Yanyan, you're engaged ... You're different from the others. If house Kang finds out, we won't be able to explain it to them ..." Qinlin said worriedly. Thinking back to the time when the Xiao brothers had put her under house arrest and used Wang xuben's company to force her, she was still scared.

"Alright, stop asking!" Wang xuben frowned and interrupted her, "I didn't think much of that kid from house Kang either. If Yanyan had made her own choice, then I wouldn't have wanted my company. I've thought it through and I've had enough! Especially after this kidnapping, I got back my daughter. It made me understand that nothing is more important than my daughter. I can give up the company, and I can even give up the ten million that the kidnappers asked for. So, let's not force Yanyan too much. As long as she likes it!"

"But my family and house Kang...I'm afraid they'll do something outrageous ... They're practitioners, after all, and they have a powerful backer ..." Qinlin didn't have a choice. She was more afraid that if she rejected the marriage, they'd do something outrageous.

"This ..." Wang Zheng was stunned. He also thought of the key point and could not help but become silent. He sighed in a daze.

"Dad, mom, stop fighting, I'll ... I know what to do ..." Xinyan sighed helplessly as she looked at her parents' sadness.

The atmosphere in the resting room suddenly became heavy and strange. Wang xuben and Xiao qinlin looked at their daughter and sighed with guilt.

Qinlin, in particular, was extremely unhappy with her two brothers' actions, but there was nothing she could do.

Xinyan's heart was a mess ... Her parents found out about her and Lin Yi, after all. How were they going to deal with them? Should she let nature take its course, or should she draw a line with Lin Yi?

But Xinyan knew that although she and Lin Yi were a bit flirtatious, their relationship didn't go any further. She didn't want to change her way of life for a fiancé who didn't exist, not to mention that she didn't even like him.

Xinyan couldn't help but have a headache ...

Although she told her parents that she knew her limits, did she really know her limits? (

Song Lingshan's ability to solve cases surprised the new colleague. This kidnapping case had no leads at all, but Song Lingshan went out and not only did the hostage come back safe and sound, but the kidnapper was also caught. Although the kidnapper looked a little miserable, he deserved it.

However, the kidnapper's eyes were blank, and he didn't answer any of their questions. It was as if he didn't understand them at all! Lingshan thought that the old man had hit him too hard, but the doctor didn't think so!

The kidnapper's body had been injected with an unknown drug, and the kidnapper's brain had been destroyed by the drug. To put it bluntly, this person had been an idiot before!

If it wasn't for the fact that the man had woken up with a cast on his hands and feet, went crazy in the ward, and smashed the iron bed with a punch, everyone would have suspected that this man was the kidnapper! However, this person's powerful attack and destructive power also made people believe that this guy was terrifying!

This familiar situation reminded Lingshan of a case she encountered in Songshan-the bank robbery case where the fake Lin Yi was involved! The fake Lin Yi had been like that too, and Lingshan didn't dare delay any further-she quickly went to report to huaijun ...

The situation in Donghai city had come to an end for now-in the middle of the mountain range, Lin Yi, Jingyi, and Skybolt pig were all covered in a giant net that fell from the sky. The net didn't just tighten, it didn't give Lin Yi any chance to escape at all-it even lifted them up!

And so, Lin Yi, Jingyi, and Skybolt pig were all in the air. Lin Yi subconsciously wanted to use his hands to tear the net apart, but it was extremely tough. He couldn't break it with his bare hands.

In the next moment, Lin Yi saw clearly who had grabbed them, but these ... Couldn't be counted as people, but a few giant spiders!

When it came to spiders, many people would associate them with a more terrifying appearance. However, these spiders did not look terrifying. Instead, they were somewhat cute. They looked like the Chibi version of the spiders in comics. The color patterns on their bodies were also very beautiful!

Although Skybolt pig was a pig, it wasn't as stupid as a normal pig. Instead, it was very cute.

Lin Yi didn't have to think too much-he knew that these spiders were probably some ancient spirit beasts, perhaps even ancient spiders. It was normal to have a lot of ancient spirit beasts in a place like Wulong haote mountain, where the Qi was abundant. If it were a normal mountain range, they probably wouldn't even see one ancient beast.

"You're ancient spiritual beasts, right? Why did you capture us?" After confirming the identity of these spiders, Lin Yi didn't show any hostility. He spoke to them in a very friendly tone because he knew that they should be able to understand him.

As expected, after the spiders heard Lin Yi's words, they looked at each other, but no one answered Lin Yi's question. Perhaps they were too weak to speak human language, or they could but didn't want to.

But the first possibility was more likely-Lin Yi saw that two of the spiders were Mystic, and the others were golden class. They probably couldn't speak human language.

The spiders ignored Lin Yi and dragged the web with Lin Yi, Jingyi, and Skybolt pig, heading in one direction ...

Lin Yi looked at Skybolt pig, signaling him to communicate with the spiders.

"Ji Ji ..." Skybolt pig repeated what Lin Yi said to him in the language of Spirit beasts.

At first, these spiders didn't pay much attention to Skybolt pig, but when they heard the pig speak in the language of Spirit beasts, one of the smaller spiders looked at the pig in the net in surprise, but didn't say anything. They just continued moving forward with the net ...

The pig shook his head helplessly at the lack of response from the spider.

Lin Yi smiled bitterly. It seemed that these spiders were probably enemies of the fire Lion Clan. But why did they want to catch him? Did they know that he had a friendship with the Great Fire Lion Clan?

Or was it because he had accidentally barged into their territory?

If it was the latter, then it should be easier to resolve. Now, these spiders were probably trying to capture them and bring them back to their nest.

As Lin Yi expected, the spiders brought them to a naturally formed cave. Near the cave, there were many Spider spirit beasts patrolling. Lin Yi took a look and saw that they were all around golden class. There were also Mystic class, but there were only a few!

However, there was a big spider that caught Lin Yi's attention! A heaven rank spiritual beast was similar in strength to the Great Fire Lion!

As expected, if they were not spirit beasts of the same level, how could they be his opponent?

Since it was a Sky Class spirit beast, it should be able to speak human language, just like the fire Lion. Lin Yi didn't need Skybolt pig to translate.

The net was opened, and the three of them were put on the ground. Lin Yi then climbed out of the net, looking a little embarrassed, but there was nothing to be ashamed of in front of a Sky Class master from the spider Clan.

"You're the leader of these spirit beasts, right? I know you can understand me and communicate with me. " Lin Yi didn't panic-he stood up calmly and looked at the biggest Sky Class Spider.

"What's your purpose in coming to my territory? A human cultivator. " The Sky Class Spider didn't answer Lin Yi's question but asked directly. This way, it could be considered as an indirect answer to Lin Yi's question-it could speak human.

"By mistake ... You wouldn't believe me even if I said that ..." Lin Yi saw the mockery in the Sky Class spider's eyes and changed his tone,""I'm trying to avoid the pursuit of my enemies. I have no choice but to take this path down the mountain. I can't take the normal path."

"How can I believe you?" The Sky Class Spider asked.

"With our strength, would you believe me if I said we're here to cause trouble?" Lin Yi shrugged with a bitter smile.

"I wouldn't have believed it normally, but this is a critical period. I can't help but doubt your purpose in coming here!" "And," the heaven rank Spider said, "I smell a familiar aura from you. What's your relationship with the fire Lion Clan?"

Lin Yi was shocked. He didn't think that the Sky Class spider's intuition would be so sharp, to be able to tell that he was related to the fire Lion race! Was it bluffing or did it really have any evidence? (

Chapter 2278 Help To Search

However, Lin Yi still maintained his composure, ""My previous identity was an adventurer. I came up the mountain with the Tagan family to capture the little fire Lion, but there were some problems, and capturing the little fire Lion was just a cover. I came up the mountain for other purposes, so I had a conflict with the Tagan family ..."

Lin Yi didn't answer the question, but it also showed that he'd fought with the fire Lion race before. It was normal to have the aura of a fire Lion.

"You're trying to capture the little fire Lion? Then why would they give you the most important divine fire bullet?" The Sky Class Spider looked at Lin Yi mockingly. "Human cultivator, you're very dishonest! In that case, I can only lock you up first!"

"Divine bullet of fire!" Lin Yi didn't think that the Sky Class Spider would notice that he had a fire bullet on him-this Sky Class Spider was a bit too strong!

"That's the weapon that the fire Lion Clan uses to fight against us. It can break our inescapable net. How can I not be familiar with this kind of thing if you carry it with you?" The heaven rank spider's voice was a bit cold, "tell me the truth, or be locked up, your choice!" However, after you've been locked up by us, perhaps I won't think of you for eight to ten years. Whether you can persist for that long will depend on your luck. "

"Alright, since that's the case, I'll be direct." Lin Yi sighed. He'd guessed that the spider spirit beasts were enemies with the fire Lion Clan, so he didn't want to reveal his relationship with the fire Lion to avoid unnecessary trouble.

But now it seemed that this Sky Class Spider wasn't that easy to trick-he had to tell the truth, and so he had no choice but to. "The reason why I didn't say it before was that I had indeed entered your territory by mistake. I didn't want to disturb you, but I just wanted to use this way to go down the mountain. If my guess is correct, you are the enemies of the fire Lion Clan in the middle of the Wulong haotte mountain range, right?"

"Not bad." The heaven rank Spider readily admitted.

"I do have a relationship with the fire Lion Clan, but this is what happened ..." With that, Lin Yi told the Sky Spider everything-his goal for coming here, joining the Tagan family's adventurer Guild for a mission, making an enemy of taganlong, helping the little fire Lion in secret, and forming a relationship with the fire Lion Clan. Then, he went up the mountain to get a treasure, got attacked by the Tagan family Masters, and was saved by the Sky Class man.

Of course, Lin Yi didn't mention the situation of healing and increasing the strength of the little fire Lion. It wasn't appropriate for Lin Yi to talk about these things at the moment, especially since the Sky Class spiders were enemies with the fire Lion race. If Lin Yi told them, the Sky Class Spider might do something in its anger.

"That Sky Class old man is your master?" The heaven rank Spider asked with a strange expression, "You guys ... Are also related to that sect on the mountain?"

"Master, I guess it's a mistake, but it does have something to do with that sect." Lin Yi said.

"You don't look like you're lying, but I can't let you go now!" "Although I have some friendship with your master, I suspect that the fire Lion Clan is behind my son's disappearance. So I want to use you as a bargaining chip to exchange for my son's safety with the fire Lion Clan!" The heaven rank Spider said.

"Your son? Captured by the fire Lion Clan? When did that happen?" Lin Yi blinked.

"It's been about ten days," The heaven rank Spider didn't hide anything.

"Then it's impossible for them to have done it." "It's been less than ten days since I left the fire Lion clan's old nest," Lin Yi said. "I haven't seen your son at all ..."

"Perhaps, they've imprisoned me somewhere." The heaven rank Spider hesitated for a moment before saying.

"I don't think so. Why don't you tell me about your son's situation? maybe there will be some clues!" Lin Yi said.

"That's good. " The Sky Class Spider wasn't afraid of Lin Yi causing trouble in its territory, "It's like this. Ten days ago, my son went to the other side of the mountain range to collect a heavenly treasure. That place is not our territory, nor is it the territory of the fire Lion Clan. It's just a public territory. However, the fiery Lion Clan also knows when it will mature. My son has yet to return and the men I sent to search for him have not found any clues, so I can't help but suspect that it was the fiery Lion Clan who did it ..."

"Oh?" Lin Yi frowned. If what the Sky Spider said was true, then the suspects might really be the fire Lion race. But Lin Yi felt that it should be the fire Lion race, or he would know about it.

"Ji Ji ..." Just as Lin Yi was frowning and thinking about how to make the spider Clan let them go, Skybolt pig suddenly cried out.

"Skybolt pig?" Lin Yi lowered his head to look at Skybolt pig, but the pig's words were obviously not directed at Lin Yi, but the Sky Class Spider.

"Oh? Little thing, why don't you ask if there are any more of these heavenly treasures?" The Sky Spider looked at the pig in confusion.

Lin Yi paused for a second after hearing the explanation, but he quickly thought of something. "Skybolt pig is also an ancient spirit beast, but its ability is to search for treasures. I wonder if you have heard of this spirit beast?"

"Oh? Treasure hunting? Does this kind of spirit beast ... Really exist?" The Sky Spider looked at the pig in shock, but the pig nodded proudly. It immediately understood what the pig meant. "If there's the same kind of treasure, you'll be able to find it ... My son?"

Skybolt pig nodded and explained, "I can only find this kind of treasure. If your son is not with the treasure, then I can't do anything."

"That's already very impressive!" The heaven rank Spider said and gave a few orders to its subordinates, who immediately left. After a while, they brought over a small box, and the heaven rank Spider had them give it to Skybolt pig.

Skybolt pig opened the box with its front paws and sniffed the contents. Then, it walked out of the cave. However, the spider men didn't stop it. It just let it go.

After all, the heaven rank Spider had placed all its hopes on it, and they weren't worried that the pig would run away. (

Chapter 2279 So That's How It Is (1)

"Ji Ji ..." The pig squeaked in one direction, then pointed with its front paw!

The Sky Spider was a little surprised-it didn't tell Lin Yi and the others which direction the treasure was from, but the pig pointed out the general direction! At this moment, it was even more certain that Skybolt pig had real abilities!

"Let's go and take a look. " With that thought, the Sky Class spider's attitude towards Lin Yi and Jingyi became a lot friendlier, believing that they truly wanted to help it.

"Alright!" Lin Yi nodded. He didn't think about running away. After all, the spider's so-called "heaven and earth net" was a bit scary. It was very difficult to escape from the big net.

The Sky Class Spider went out personally, bringing a few Mystic class spiders along with Lin Yi and Jingyi as they followed Skybolt pig in the direction he pointed.

Looking at the spider clan's numbers, Lin Yi found it hard to imagine that the fire Lion Clan could be the spider clan's enemy, and even be evenly matched ... The spiders "attack power was weaker, while the fire Lion clan's attack power was stronger. This created a situation where neither of the two clans could do anything to the other!

The key was that the treasures here were limited, and there couldn't be two tigers on the same mountain, so a small friction wouldn't break. This fire flow divine bullet might be the weapon to break the net, but Lin Yi only had one left. He didn't think he could escape so many spiders.

As the pig walked further and further away, the spider was more and more surprised, because the pig was walking in the direction where the spider Clan needed the heavenly treasure to grow!

But, although it was surprised, the spider was getting more and more worried. Since the pig found the source of the treasure, but didn't find it, what was the reason?

One had to know that all the treasures here had already been picked, and even the little spider had disappeared! The heaven rank Spider also sent its subordinates to search this road many times, but they still didn't find the little spider!

"I've already sent my men to search this road many times, but they didn't find any traces of my son. " The Sky Class Spider said to Skybolt pig in human language so that Lin Yi could understand.

"Ji Ji ..." The pig shook his head and responded to the heaven rank Spider, telling it to be quiet and not to be impatient!

A Mystic late phase peak spirit beast was treating a Sky Class spirit beast like this? normally, the Sky Spider would've been furious, but now, it had to listen to the pig and wait for its next decision.

The pig came to the place where the treasure was produced. It was a big tree, and the fruits had been picked, but the pig still stayed there for half a day. After sniffing the place for half a day, he suddenly turned around and walked in another direction!

It was a steep cliff over there, and the pig's whereabouts confused the Sky Spider and Lin Yi. Could the little spider have fallen off the cliff?

But this was clearly impossible, and the heaven rank Spider immediately rejected this idea. The spider race knew how to draw silk, and no matter how deep the cliff was, they could keep shooting silk out of it. This was also the reason why it didn't send anyone to pay attention to the cliff.

However, when the pig reached the edge of the cliff, it pointed at the bottom of the cliff and kept making "Ji Ji" sounds.

"What? Are you saying that my son fell off the cliff?" The heaven rank Spider asked in confusion.

"Ji Ji ..." The pig nodded.

"Are you sure?" The heaven rank Spider didn't really believe the lightning pig, but the lightning pig had come all the way here from the spider clan's territory, so the spider had no choice but to believe that the pig had the ability to find treasures.

"Ji Ji ..." The pig was getting impatient.

"Alright!" The heaven rank Spider nodded and said to its subordinates: "Tie the net, let's go down and take a look!"

These spiders didn't need to make a net to go down the cliff-they could just pull a thread down, but Lin Yi, Jingyi, and Skybolt pig couldn't. With Lin Yi's strength, he could go down himself, but there was a huge net "cable car" ready to go. Why not?

The Sky Class Spider went down first, and Lin Yi and the others used the other spiders' webs to get down, but as soon as they reached the bottom, they heard the Sky Class Spider scream! It was because it had found the little spider in the rubble!

At this moment, the little spider was being pressed down by a pile of rocks and couldn't move. Seeing that the heaven rank Spider and the others had come to save it, it immediately began to cry out!

The little spider didn't seem to have much strength, and didn't have much attack power, but it made sense-the spider race mainly used webs to catch enemies, but they didn't have much strength, especially the little spider-it was only at the early phase of the Golden class, so it couldn't have much strength. No wonder it couldn't get out after being suppressed by the rocks.

Under the heaven rank spider's command, the spiders quickly moved the rubble away, and the small spider was rescued. However, the small spider's legs had been injured by the rubble, and it couldn't move at the moment.

The reason why the little spider had fallen off the cliff was now clear.

It turned out that the little spider had found a treasure on the edge of the cliff and wanted to pick it up on the way. In the end, who would have thought that the mountain rocks on the edge of the cliff would loosen. The silk that the little spider pulled could not support it and instead pulled down the loose mountain rocks. So the little spider fell down the cliff. Its body was crushed by the gravel, and its legs were injured. Naturally, it could not struggle out on its own.

It turned out that the matter was so simple. However, the spider Clan had ignored the cliff and only searched the nearby mountain range. Naturally, it was impossible to find any traces of the small spiders!

However, the heaven rank Spider glanced at the treasure the little spider was picking at the edge of the cliff, and a gloomy look flashed through its eyes, as if it was worried.

But now wasn't the time to care about that-seeing that it was the little spider that got into an accident, the Sky Spider realized that it had blamed Lin Yi wrongly, and it was even found with the help of Skybolt pig. Its attitude towards Lin Yi and the others changed completely, "I'm sorry, human cultivators. It turns out that this matter really has nothing to do with you. Thank you for forgiving the past and helping me find my son! Our Spider Clan will remember this favor. The fiery Lion Clan knows how to repay favors, and so does our Spider Clan. No matter what kind of relationship you have, the friendship between you and our Spider Clan will never change!" (

Chapter 2280 So That's How It Is (2)

The Sky Class spider's attitude was very sincere when it said this-it looked like it was really grateful to Lin Yi from the bottom of its heart!

But it wasn't surprising-his son was missing, and he'd been looking for him for so many days to no avail. Now that Lin Yi's Skybolt pig had found him, how could he not be excited?

"It's good that you've found it," "So, we can leave now?" Lin Yi nodded.

"Naturally, anytime!" "But in order to express my gratitude to you, please give me a chance. Let my Spider Clan warmly invite you to a banquet and offer you some heavenly treasures!"

"There's no need for a banquet. We don't want to stay in the mountains for too long. If possible, we should leave as soon as possible ..." Lin Yi waved his hand. He wasn't very interested in the spider clan's hospitality, but he was interested in the treasures.

"I don't think you're in a hurry, right? Moreover, you don't want to take the right path in the mountain range, but instead want to go down the mountain from the side. In that case, our Spider Clan can still help you!" "Other than the right path down the mountain, the rest of the paths are extremely dangerous. If you're not careful, you'll die without a burial place!" The heaven rank Spider said.

"Oh?" Lin Yi frowned and looked at the Sky Spider. "So you have a good idea?"

"That's right, we are quite familiar with the terrain of the Wulong hao te mountain range! Other than the righteous path, there was only one way down the mountain, but it was very difficult to find! Only the spider Tribe knows this route down the mountain. We can help you draw a simple route map. With our route map, you can take fewer detours and reduce some unnecessary danger!" "I can't say it'll be a smooth trip down the mountain, but it'll at least minimize the risk!" The heaven rank Spider explained.

"If that's the case, then we'll be in trouble!" Lin Yi couldn't really say no to the Sky Class spider's enthusiasm, especially with its last condition. They had a route map, which really did save Lin Yi a lot of trouble, and it'd also save him and Jingyi some danger when they left the mountain.

But at this time, the spider subordinates that were examining the small spider's injuries worriedly said a few words to the heaven rank Spider Wu Wu, making the heaven rank spider's expression become unsightly.

"What's wrong?" Lin Yi didn't understand the language of the spider's underlings.

"My son's leg injury is very serious, and he might not be able to recover in the future ..." The heaven rank Spider sighed and said, "But this is already very good. At least we found it and saved it. I'm already very satisfied. If it fell into the hands of the fire Lion Clan, I don't know what it would be like."

"I ... I might have a way ..." Lin Yi hesitated.

After all, the Sky Class Spider didn't seem that difficult to get along with, and they even gave Lin Yi the treasure and route map. Lin Yi felt that maybe he should return the favor? After all, he was the one who broke into their territory in the first place, so he couldn't blame them for catching him.

"What? You have a way?" The Sky Class Spider froze, looking at Lin Yi in disbelief. "Spirit beasts' injuries are different from human cultivators'. They can't be healed by taking medicinal pills. Medicinal pills are useful for human cultivators, but to us spirit beasts, the effect is negligible!"

"Naturally, it's not a pill." "Let me do it!" Lin Yi said.

With that, Lin Yi walked towards the little spider.

The spider underlings, on the other hand, were on guard as Lin Yi walked over, but seeing that the Sky Spider didn't say anything to stop him, they naturally didn't stop him.

Lin Yi walked to the little spider and placed his hand on its body, channeling the second stage of the art of Dragon mastery.

The little spider naturally knew that Lin Yi was one of the people who helped to find it, so it didn't resist. It was just suspicious when it heard Lin Yi's words, but the next moment, a warm current entered its body from Lin Yi's palm, shocking it!

Its injuries were also miraculously recovering at a speed it could feel ... It was really recovering!

The Sky Class Spider was a smart person, naturally. Seeing that its son's injuries were healing, it looked at Lin Yi with even more respect and gratitude ... This human practitioner was different from the rest!

On the other hand, sun Jingyi and Skybolt pig were calm, especially Skybolt pig. Even though he wasn't as strong as the Sky Spider, and didn't dare to act rashly, he still looked at it with a proud expression.

"It's done," Lin Yi said as he stood up.

"It's done?" The heaven rank spider's eyes were wide open. Although it also saw that the little spider's injuries were getting better, it couldn't have recovered so quickly, right? Wasn't this speed a little too shocking?

But Lin Yi didn't answer-the little spider's actions answered that question. It could move and walk normally now, as if it had never been injured.

"Thank you, human cultivator!" The Sky Class Spider was grateful to Lin Yi, but it wasn't as if it didn't have any grudges against him! Lin Yi being on good terms with the fire Lion Clan made him a little uncomfortable, but now, he didn't care about that anymore. Lin Yi had done an unparalleled favor to his Spider Clan, "You've done a great favor for our

Spider Clan. My son and I will never forget it. If you need anything in the future, just tell us!"

Lin Yi shrugged. The fire Lion Clan made a similar promise to Lin Yi. He didn't think that the spider Clan would make the same promise to Lin Yi. However, the two clans' spirit beasts were at odds with each other, which gave Lin Yi a headache.

However, Lin Yi didn't want to get involved in their enmity. One mountain couldn't accommodate two tigers-everyone understood this, especially when the resources the spirit beasts used were scarce. There was no way the two races could resolve their differences. It seemed like it would be very difficult for them to sit down and split the resources equally.

"Are you having a headache over the relationship between our Spider Clan and the fire Lion Clan?" The Sky Class Spider seemed to have read Lin Yi's mind.

"That's right. Now, you are all my friends. " Lin Yi nodded.

"It's normal for the spirit beasts in a mountain range to compete with each other. It has been like this since ancient times. " The heaven rank Spider explained with a smile,"only with competition can our two races continue to develop and cultivate. If we really split the cultivation resources evenly, then our days would be more comfortable, and we wouldn't have to work so hard to cultivate ..."

Lin Yi was a little surprised at the Sky Class spider's words-so that was the reason! (
