

Bodyguard 2371

Chapter 2371-Who Asked You To Come?

"Mr. Park, this ..." The gambler was just a side character in the room, and he was a small character in the eyes of both the southeast Asian King of gambling, Piao huotai, and the Hidden House Zhao. Of course, he knew how Lin Yi got in, because the Hidden House Zhao had made the arrangements. Although he didn't dare to offend Piao huotai, he was even more afraid of offending the local tyrants of Donghai city, the Hidden House Zhao!

The gambling brother could only stammer, not knowing how to explain.

"Where's Chen Xi?" Lin Yi looked at the two people who were surprised-they were probably in the same group as the mystic late phase peak at the door. One of them was Mystic late phase peak, and the other was Earth Class early phase. Their expressions were proof that they were waiting for him!

"Chen Xi? He's already lost to the southeast Asian King of gambling, Mr. Piao Huo tai. " The earth Class early phase smiled at Lin Yi, "There's nothing for us to do here. We're leaving. Mr. Park, enjoy!"

Lin Yi, on the other hand, turned to look at Piao huotai and the Man in Black behind him. Piao huotai made Lin Yi's heart jump! He was a practitioner, but Lin Yi couldn't see through his strength-what level was he?

This was the first time Lin Yi's golden finger had failed like this-even against the sky Class Masters of the Ice Palace, and even the Tagan family Masters, he'd never made a mistake! But this time, he'd lost to the King of Gamblers from Southeast Asia!

The man was indeed a spiritual practitioner, but Lin Yi couldn't tell what level he was at. The Man in Black, however, was an Earth Class late phase peak spiritual practitioner.

Lin Yi frowned, understanding that these two were strong opponents. It would be troublesome if they really fought! Plus, Lin Yi could basically confirm that Chen Xi didn't have much of a relationship with these two people. These two people getting involved was a trap set up by boss Zhu and his men!

And so, after some consideration, Lin Yi decided not to directly deal with Piao huotai and his bodyguards, but to target the two people with the problem.

"Who's your master? Who told you to bring Chen Xi here as a bet?" "Tell me, or you'll die," Lin Yi said faintly.

"This ..." The earth Class was called Zhao Guang-16. He thought that Lin Yi would go after Chen Xi if she wasn't in the room, and since she already belonged to Piao huotai, Lin Yi would target her first. He didn't expect Lin Yi to target him as soon as he entered the room!

Of course, if Lin Yi didn't know that there was something wrong with elder Zhu, and only treated them as enemies of Chen Xi's father, perhaps Lin Yi wouldn't even bother with them and let them go! After all, Lin Yi's main purpose here was to find Chen Xi.

But Lin Yi knew that these people were related to boss Zhu, so he wouldn't let them go. As for Piao huotai, Lin Yi didn't think that he had much to do with him.

"Chen Xi's in the room, she's Mr. Park's now, it has nothing to do with us. Her father gave her to us as collateral, don't come looking for us ..." Zhao Guang-Shiliu was a little scared. He knew that Lin Yi had defeated elder bi in one move, so he didn't think he could fight Lin Yi.

"Yeah, if there's nothing else, we'll be leaving first ... If you're looking for someone, then look for Mr. Park!" The other Mystic late phase peak Zhao Qisi said.

"What's the relationship between you and elder Zhu?" Lin Yi didn't answer their question and asked directly.

"What boss Zhu? we don't know him ..." Zhao Guang-sixteen turned to leave the room. He didn't want to waste time with Lin Yi-the longer he stayed, the more dangerous it was!

Qisi had the same thoughts-this was a fight between Lin Yi and Piao huotai, and they had to leave as soon as possible.

"Since you're not going to tell me, then stay." Lin Yi didn't want to waste time with them-they were just small fries, after all. He'd still have to find boss Zhu to solve the problem!

In the next moment, Lin Yi moved again, using the first style of the raging fire Eight Trigram palm. Qisi died without any chance to fight back, without even struggling. In Lin Yi's eyes, a Mystic late phase peak was as easy as killing a chicken.

"You ..." Zhao Guang-Shiliu was about to say something when Lin Yi sent out another raging fire Bagua Palm, and Zhao Guang-Shiliu died with his eyes wide open!

They couldn't figure out why Lin Yi would kill them first instead of asking Piao huodan for her. According to their plan, Lin Yi would rush to find Chen Xi, and as the third party who lost Chen Xi to Piao huotai, it should be easy for them to draw a clear line between them!

However, reality was different from ideal. Lin Yi attacked them, and he didn't even give them a chance to explain. He killed them with lightning speed! Of course, the reason why Lin Yi was so cruel was because boss Zhu used a poisonous snake to bite Chen Xi. Lin Yi didn't have a good impression of boss Zhu and his men at all.

However, the most important thing was that Lin Yi was killing the chicken to warn the monkeys! Because of Lin Yi's cheat, he could see the strength of Piao heotai's bodyguard. It was also because of this cheat that Lin Yi felt that Piao heotai would be hard to deal with after he couldn't see through his strength, so he tried not to be enemies with him.

And so, boss Zhu's men didn't die for nothing-they thought that Lin Yi would get into a fight with Southeast Asia's King of gambling, Piao huotai, without knowing anything, but he didn't! Even Zhao Guangyin and his father thought that Lin Yi would go straight for Piao huodan.

Under normal circumstances, what kind of strength could a gambling King have? Even if he had a bodyguard, he couldn't be too strong. The bodyguard of the gambler's daughter was only a golden class master, so they didn't think Lin Yi would be afraid of anything.

Old Zhao wanted to use this point to make Lin Yi attack Piao huotai and achieve the goal of killing him with a borrowed knife, but now, he killed him, but he only borrowed Lin Yi's knife to kill the Hidden House Zhao.

After killing the two practitioners, Lin Yi acted as if nothing had happened. He turned to Piao huodan and smiled, "Mr. Park, where's the girl called Chen Xi? She's my friend, I hope you can let me take her away. "

Piao huotai frowned, trying to guess Lin Yi's true strength.

Chapter 2372 -Disagreement

Normally, he would've given Lin Yi some face-after all, Lin Yi had just shown extraordinary strength, at least mid Earth Class, and the kind that could kill an early Earth Class in seconds!

Cultivators of this level were either from the hidden houses or the Ancient Ones. Piao huodan didn't want to mess with people like this and would usually choose to avoid them!

It wasn't that Piao Huo tai was afraid of them, but his Foundation wasn't here. Here, his identity was the king of gambling. He didn't want to get into trouble, especially when his master told him before he left that there were many hidden masters here, so it was best not to make enemies.

However, it wasn't because he wanted to start a feud, but because he couldn't let go of Chen Xi!

Piao huotai had a secret. To the outside world, he was seen as a very lecherous ability user, but he himself knew that he was not an ability user, but a devil cultivator! The things he cultivated were different from ordinary cultivators!

His master used to be the subordinate of a very powerful elder in miaojiang. The elder was once a demonic cultivator who cultivated by refining Gu poison. However, the elder was killed. His master endured the humiliation and hid for many years. Finally, he found an opportunity to escape to Southeast Asia. He established his own sect and established a new sect to support the right Miao sect!

The people of this sect all cultivated a kind of mutated Gu poison. However, the information his master had obtained back then was not very complete and there were many flaws. Most of the people who cultivated this Gu poison died, and only Piao huodi succeeded!

However, if Piao Huo tai wanted to make the Gu poison in his body stronger, he had to use the blood of a Virgin. So, he was not actually lecherous, but he had a secret that could not be told to others!

When this kind of Gu poison was fully developed, it could be impervious to blades, Spears, water, or fire. Although it was not as powerful as the ancestors and elders back then, it could still reach half the level! Even so, it was enough to be comparable to those who had successfully cultivated the Golden Bell shield and iron Shirt!

And Piao Huo tai, who had countless women, could see Chen Xi's special feature with one glance! Chen Xi wasn't an ordinary girl, she was a good cultivation furnace. This kind of furnace wasn't like those ordinary girls who only had an effect on the first time, but Chen Xi could continuously provide Piao Huo tai with cultivation help.

So, even if Piao Huo tai had to offend Lin Yi, he had to get Chen Xi. Even if he had to hide in Southeast Asia forever, he wouldn't let go of this once in a thousand years opportunity!

Of course, he was an ability user on the surface. This was also a disguise to cover up that he was a devil cultivator! And his identity as the gambling King was also a disguise, just so that he could better find some young girls who he used as cultivation resources!

In fact, the reason why he was able to become the gambling King was very simple. He could control a Gu worm called the eyes and ears Gu. Although this Gu worm was very difficult to refine and only his master could refine it at present, he could use the titanium Pooh!

The so-called eyes and ears Gu was a kind of Gu insect that could fly. It was very small in size and could fly in the air. It was distributed within a dozen meters or even hundreds of meters around the titanium Piao Huo. These flying insects were the eyes and ears of the titanium Piao Huo. Whatever the flying insects saw or heard, they would pass it to the titanium Piao Huo. Therefore, the reason why the titanium Piao Huo could become the king of gambling was entirely because of these Gu insects called eyes and ears!

As for the supernatural ability, it was just an excuse. However, Piao huodan didn't refute the rumor. Whether it was true or false, he just needed to use his identity as the king of gambling to find girls to refine his demonic technique.

"I don't care who you are, but the casino has its rules. She's already my trophy, and I won't let anyone take her away!" Piao huotai quickly made a decision and lightly said: "Please!"

Lin Yi frowned. He didn't think that Piao huotai wouldn't give him any face after killing two people. It seemed like he had something to rely on. From Lin Yi's point of view, a lecherous person couldn't go to such a level!

It was not worth it to fight against a powerful enemy for an ordinary girl. As the king of gambling in Southeast Asia, what kind of girl could he not find? Just one more?

"Mr. Park, I don't want to be your enemy, but if you insist on going against me, then I have no choice but to use force." Lin Yi's voice turned cold. This Piao huotai's normal behavior had nothing to do with Lin Yi, but he wanted to take Chen Xi away by force today, so Lin Yi had to do it!

"Opposing? Are you even worthy?" Piao huotai smiled coldly, "an Earth Class early phase and a Mystic late phase peak, two ant-like people, you think it's strong to kill them?" Or do you think that you're trying to give me a chance?"

Lin Yi's eyes froze-he didn't think that Piao huotai would say something like that after he'd shown his strength. The only possibility was that Piao huotai was strong, or that he was relying on this Earth Class late phase peak!

From the start until now, Lin Yi had killed an Earth Class early phase and a Mystic late phase peak in seconds, but he only showed his strength as an Earth Class mid phase. This was probably why Piao huodai was so confident.

"If you don't like it, then let's fight!" Lin Yi felt a surge of pride-the black bodyguard behind Piao huotai wasn't a normal Earth Class late phase peak. His strength was there for all to see, but his Qi was far stronger than elder bi 'S. He was even stronger than the earth Class late phase peak five back then-this man was a strong opponent, and Lin Yi wouldn't have an easy time fighting him!

And so, Lin Yi sent a message to Grandpa Pi and the others as he spoke. He'd always been using this phone, and was very familiar with blind typing-he didn't need to look at the screen at all, and it was one of the most basic abilities he had as an assassin.

"Old sixth PU, you go and kill him." Piao huotai frowned as if he didn't want to talk to Lin Yi anymore.

"Yes." The black clothed bodyguard behind Piao huotai immediately moved after hearing Piao huotai's words. At this moment, before the battle even started, his overbearing aura burst out from his body and reached its peak!

After that (old Piao's body pressed down on Lin Yi, his right claw turning light red. Lin Yi didn't know what skill he used, but a sharp Qi wave rushed towards Lin Yi, and the powerful pressure made Lin Yi hold his breath ...

Chapter 2373-Strong Opponent

Very strong! Lin Yi had already made such a conclusion before the fight even started! This person was definitely a formidable opponent! Luckily, Lin Yi found some help. Otherwise, even if he died with this Piao laoliu, he wouldn't be able to do anything to Piao huotai, and Chen Xi would still be taken away.

"Hu ... Wild fire Eight Trigram palm, the fifth move!" Lin Yi didn't dare to be careless. He circulated his Qi and activated his strongest skill. An instant later, red flames shot out from his palms towards PU laoliu.

"Si ..." Piao huotai was fine as he watched the fight expressionlessly, but gambler took in a cold breath and felt uncomfortable!

He was only a golden class late phase Peak Master, but the invisible heat in the air when Lin Yi and PU laoliu activated their skills was unbearable for him! This was the so-called "when Immortals fight, little ghosts suffer!"

The gambler didn't think much of Lin Yi killing the two hidden house Zhao's Masters in seconds, but when Lin Yi used his strongest move in this small room, the gambler couldn't take it anymore ...

"Mr. Pu...I...Can I leave first?" Gambling brother looked carefully at Piao hoo tai.

"En ..." Piao huotai snorted. His attention was on Lin Yi and old six, and he didn't pay attention to gambler at all. As for whether gambler left or not, it didn't matter to him. He was just a small character.

Brother gambling heard Piao Huo Tai's permission and hurriedly ran out of the heavenly number one private room. However, as soon as he went out, he saw the two bodies at the door. He suddenly shivered and didn't dare to stay for long. He hurriedly left the place!

In his opinion, no matter who won or lost, it was someone his gambling brother couldn't afford to offend, so it was better to leave first.

Seeing Lin Yi's skill, a look of disbelief flashed across Piao laoliu's eyes. Perhaps he didn't think that an Earth Class mid phase Lin Yi could use the eleventh move-it was clearly a Sky Class early phase move!

Did he hide his strength? Piao laoliu was shocked, but he didn't think it was possible. Lin Yi's Qi level was clearly mid Earth Class, and he couldn't hide his strength after using the eleventh move, but the situation was strange!

Lin Yi was indeed in the mid Earth Class, using the Sky Class early phase's eleventh move! This was simply unimaginable!

But even so, he was only shocked for a moment, not afraid. His skill was a high tier one, not the low tier hidden house skills. He'd already mastered the tenth form of the claw of creation, and so he didn't fear Lin Yi's fifth form at all ... Even though it had the power of the eleventh form of a normal high tier skill.

The two weren't far from each other to begin with, and in the small chest, the two were getting closer and closer in the blink of an eye. Lin Yi's two palms against old Piao's sky-opening earth-splitting claw- this situation made old Piao a little confused. Normal skills were one-handed, but Lin Yi could use both hands? This guy was really strange!

In theory, it was not easy to use a martial skill with one hand. Only those who used both hands at the same time could use both hands at the same time. However, most martial skills were used with one hand. Only those special people who studied martial skills thoroughly could use both hands at the same time!

Of course, although he could use both hands at the same time, he could only use the same martial skill, and the power would only increase by a little bit, not double! Therefore, old sixth Park wasn't very afraid. All he had was a strong will to fight!

It'd been a long time since he'd met a real opponent- he was a Mystic late phase peak, and fighting Sky Class early phase Masters wasn't something new, either. But when he saw Lin Yi, his eyes flashed with excitement!

Because he knew that Lin Yi was someone like him, someone who could fight enemies above his level!

Lin Yi was the same. He'd been stuck at mid Earth Class for quite some time now- he'd just broken through at the Hidden House Summit, and it didn't seem like a long time, but he'd had a lot of training during that time, and he was only a hair's breadth away from mid Earth Class.

Leveling up in battle was Lin Yi's ultimate weapon, and so even though he felt that the opponent was tough, he still made his move. However, he left a backup plan for old man Pi.

The palm and the claw collided violently, and a dull collision sound suddenly rang out at the point of contact between the fist and the claw. With that as the origin, a huge wave of true energy fluctuation was emitted, quickly surging out in all directions!

However, Piao Huo tai sat in front of the gambling table without a change in expression. He wasn't affected by the Zhen Qi spread caused by the fight between the two, as if all of this had nothing to do with him!

In fact, this really had nothing to do with Piao Huo tai. The demonic technique he cultivated was a variant of the Vajra venomous insect. Although it had not reached great success, this kind of strong Zhen Qi fluctuation really could not affect him at all!

"BOOM!"

Lin Yi's other palm hit old six's chest with a muffled sound, but old six didn't seem to be hurt at all. His body shook a little, taking Lin Yi's palm head on!

Lin Yi, on the other hand, was injured by Piao huotai's unknown skill's burst of pure Qi, causing him to take a few steps back and spit out a mouthful of blood ...

"A dual cultivator!" Lin Yi looked at Piao laoliu in disbelief. He didn't think that Piao laoliu would be a dual-physical practitioner, and it seemed like his physical arts were mainly for defense, similar to the Golden Bell sect's body protection Arts!

"Smart!" Piao laoliu was also hit by Lin Yi's fifth style of the palm, but he was a dual cultivator. The clash of Qi did cause some damage, but his meridians and organs weren't damaged-it was just a shock!

"Your physical martial arts have a high defense attribute?" Lin Yi didn't get up immediately after falling to the ground. Instead, he circulated the art of Dragon mastery to heal his internal injuries. He was just trying to buy time.

"Not bad!" "You're also the first low-level cultivator who can survive under my hands," sixth Park nodded."

Chapter 2374-Complementing Each Other

"You are indeed very strong." "But, I won't give up!" Lin Yi replied.

"Foolish!" Sixth Park sneered."That's fine. I didn't want to kill you. But if you want to ruin Mr. Park's plans, then I'll have to send you to heaven."

Lin Yi's face changed. His opponent's strength was above his. If he still had the fire bullets, Lin Yi would have a hundred percent chance of winning. Unfortunately, he had used two of them on the head guard and one on taganlong. He had used them all and could only fight it out now.

Although a head-on collision was the most disadvantageous for Lin Yi, he had no other choice. The mystic class was a competition of strength, and the earth Class was a competition of skill. Only sky Class Masters could channel Qi into their weapons, and it was a competition of skill and weapon. In the earth Class, weapons were a burden.

"Wild fire Eight Trigrams palm, the fifth move!" Lin Yi activated his palm again, but this time his target was old sixth PU's head. He was looking for an opening, hoping that it would be his opening.

However, the disdain in PU laoliu's eyes made Lin Yi understand that his head wasn't a weak point. This person was the same as Ma Zhu when he fought him, a physical practitioner with high defense and it was hard to find a weak point!

Especially after this person became a spiritual practitioner and became an offensive spiritual practitioner, he was even more difficult to deal with! And so, in an instant, Lin Yi made a decision. As the saying goes, "to catch the thief, first Catch the King." Lin Yi decided not to attack Piao laoliu, since he was going to fight him head on anyway. Since his attacks didn't work on him, he might as well leave his back to him and let him fight. Lin Yi, on the other hand, shifted his target to Piao huotai!

All of a sudden, Lin Yi's attack made an unbelievable turn in the air as he sent his palms towards Piao Huo tai who was sitting beside the table! Lin Yi had learned a footwork when he was an assassin. When he used it, he was faster than normal practitioners. This footwork allowed him to do some unbelievable moves, like now!

Whether it was Piao laoliu or Piao heotai, neither of them expected Lin Yi to suddenly turn around and target Piao heotai!

"BOOM! BOOM!"

"Bang!"

Lin Yi's palms landed accurately on Piao huotai's chest, while Piao laoliu's sky-opening claw, flashing with red Qi, landed on Lin Yi's back!

"Pfft ..."

When Lin Yi hit Piao heotai, he was hit by Piao laoliu at the same time, and he spat blood on the table, dyeing the poker cards red ... But what surprised Lin Yi was that Piao heotai didn't Dodge at all, and took Lin Yi's attack head on with a calm face!

Because of Lin Yi's speed, Piao huotai wouldn't be able to Dodge it. Even an early phase Sky Class master wouldn't be able to Dodge Lin Yi's sudden change of attack. After all, the room was too small, but just because he couldn't Dodge it didn't mean that he couldn't Dodge it and avoid the important parts.

However, Piao huotai didn't Dodge. He took Lin Yi's fist with his chest and his face was still calm as if Lin Yi didn't hit him at all.

"You ... You're also a physical practitioner?" Lin Yi was shocked, a look of disbelief in his eyes. Old Piao Liu being a physical practitioner with high defense was already shocking enough, but he didn't think that Piao Huo tai was one as well!

It was just that Lin Yi still didn't see his strength level clearly. Although Lin Yi's golden finger couldn't directly see the physical practitioner's strength level, when the physical practitioner used the practitioner's Arts to defend and attack, they would use the surrounding spiritual Qi to transform into Qi around their body. At that time, he could tell the practitioner's strength!

It was also because of this that when Piao laoliu was on the defensive, Lin Yi knew that he was a practitioner, but Piao huotai wasn't. Lin Yi didn't even know his level, but he had a feeling that he was a practitioner. He didn't know what he was training or what strength he had.

Piao huotai didn't answer Lin Yi's question but looked at him and said, "You're not weak. I don't want to be enemies with the cultivators on your side. Now, you can turn around and leave. I won't stop you!"

Piao huotai wasn't injured, but he could feel Lin Yi's strength. He was only an Earth Class mid phase, but he was able to skip levels and reach Sky Class early phase eleventh form-he wasn't some random practitioner!

So Piao huotai guessed that Lin Yi's background wasn't that simple-he probably had the support of an ancient sect or some other power, and making him his enemy wasn't a good thing! According to Piao Huo Tai's plan, he was prepared to stay in China for a while. He would challenge the gambling Kings and some self-righteous gamblers in various underground casinos in exchange for some girls "first night to refine his mo skill.

It was because of this that he backed off after seeing Lin Yi's strength. He didn't want to be Lin Yi's enemy.

"I don't want to be your enemy, but you've captured my friend. I have to bring her back. Otherwise, I won't rest until I die!" Lin Yi didn't back down and said firmly.

"Do you really think that I'm afraid of you?" Piao Ho-ti frowned and said indifferently, "I'm just a little afraid of trouble. Since you're so stubborn, don't blame me for being impolite. Sixth PU, continue!"

"Kid, Mr. Park has let you live. Don't you dare be ungrateful!" "You can't beat me," old sixth Park said coldly. "Although I have to admit that your martial arts are very powerful, you can only cause minor injuries to me. You can't hurt me even after 100 moves!"

"Oh? So, I can't do anything to you? No matter how powerful my martial arts are, it's useless?" Lin Yi asked.

"Kid, I'm afraid you won't give up until I tell you. To be honest, my spiritual and physical arts and my skills complement each other. In this world, unless there's someone much higher level than me, like Sky Class mid phase or below mid phase of heaven's tribulation, they're not much of a threat to me!" "The nemesis of my physical martial arts is actually my spiritual martial arts!" Only my internal martial arts can break my external martial arts!"

"A contradictory story?" Lin Yi frowned, but his heart was filled with joy! Old sixth PU's martial arts technique could counter his external martial arts technique? In that case, as long as I secretly learn his martial arts, I can overcome his external style cultivation method?

Chapter 2375 Who Did You Learn It From?

Lin Yi held back his excitement at the thought, his face unchanged. He didn't think that sixth PU would reveal his secret! Lin Yi only wanted to get some information out to buy some time, and then he'd compress a Qi bomb and throw it at him!

But there wasn't enough time to compress the energy bomb, and most importantly, if Lin Yi could secretly learn sixth park's martial arts, it would be much easier than compressing the energy bomb! A compressed true energy bomb was not something that could be completed in a short time.

"You can say that. After I started cultivating this internal martial arts technique, I destroyed it. As far as I know, no one else is cultivating it." "So, I advise you not to waste your time," sixth Park said very calmly.

Old six told Lin Yi the truth because he didn't think that Lin Yi could learn his skill. Even if Lin Yi could get his skill from some special source, it would be a long time ago. Plus, his skill was one and only, and Lin Yi couldn't get it at all.

All in all, he wasn't afraid that Lin Yi would use the technique against him, but he didn't expect Lin Yi to steal it!

"Is that so? then let's try again!" With that, Lin Yi activated the fifth style of his palm and charged at sixth Piao!

"BOOM! BOOM!" "Bang!"

It was still a head-on collision, and Lin Yi ended the battle with blood spurting out of his mouth. However, Lin Yi didn't pay attention to the result, but carefully observed the activation method of Piao laoliu's heaven-splitting earth claw!

Lin Yi didn't know the sky-opening claw's chant, and he couldn't ask for it. He could only imitate the activation method of the claw, and then use the flaming Fist's chant and the sky-opening claw's activation method to create a new martial art like how he combined the wild fire Fist and five elements Eight Trigrams palm!

After landing, Lin Yi didn't stand up immediately. He closed his eyes, replaying the process of activating the claw of heaven and earth in his mind. Old six's movements were like a slow-motion movie, playing over and over in Lin Yi's mind ...

With the experience of combining the raging fire Eight Trigram palm and mu Linsen's Eight Trigram palm, Lin Yi didn't need to spend too much time combining the new technique. Plus, he didn't have much time to waste under the current circumstances!

"Brat, you still haven't given up?" Old sixth PU asked coldly.

"Oh ..." Lin Yi stood up slowly. When he was assembling the wild fire heaven-splitting claw in his mind, his body didn't stay idle. He kept circulating the second stage of the art of Dragon mastery to heal his injuries, so his injuries were much better now.

"Oh what?" Sixth Park blinked, not quite understanding what Lin Yi meant.

"It's ... The fifth move of the wild fire Eight Trigrams palm!" Lin Yi activated the fist's fifth form, but changed it to the claw of creation. The fist was just there to confuse old six!

"Hmph! "You're overestimating yourself"A look of disdain flashed across old sixth PU's eyes when he saw Lin Yi use the same move again. He hmphed coldly, but didn't attack Lin Yi anymore. He just stood there with his hands crossed, making it clear that Lin Yi was going to fight if he wanted to.

"Sixth Park, be careful!" Piao huotai's originally calm face suddenly showed a trace of disbelief as he suddenly shouted to Piao laoliu.

"Hmm?" Sixth Piao froze, but it was too late. Lin Yi's wild fire heaven-splitting earth claw was already on sixth Piao's chest! Old sixth park's proud face suddenly turned pale, and a look of disbelief flashed in his eyes. Then, his face turned pale, and he flew out and smashed into the wall of the private room with a loud bang!

A deep hole was smashed into the wall of the private room. Old sixth PU's injury was not light. From the black and purple blood flowing out of the corner of his mouth, he had suffered a very serious internal injury! This surprised Lin Yi!

Although the wild flame sky-splitting claw was successfully activated, its power was far less than the wild flame Eight Trigrams palm. It was only equivalent to the power of the fifth move of the normal wild flame fist, which was the sixth move of an ordinary high-tier martial arts technique.

This combination didn't bring about the heaven-defying effects of the five elements and Eight Trigrams palm, but it was within Lin Yi's expectations. After all, the five elements and Eight Trigrams Palm's power was heaven-defying, while old sixth PU's claw of creation wasn't anything special at all—it was only equivalent to a normal high-tier martial skill.

And so, the combination of the fifth move of wild fire Fist and sky-opening claw, which was equivalent to the sixth move of a normal martial skill, wasn't out of Lin Yi's expectations, but old six PU standing there without any defense or attack was out of Lin Yi's expectations!

Wasn't this guy too arrogant in order to make him give up? And so, in a situation where PU laoliu was completely defenseless, Lin Yi's move hit him, and it landed a solid hit on PU laoliu's body. Although it was only the Sixth Form, the claw of creation seemed to be a skill that specialized in countering PU laoliu's martial arts. The damage it brought was much greater than the previous wild fire Eight Trigram palm!

"You ... How is this possible?" Sixth Park spat out three or four mouthfuls of blood before standing up unsteadily. He couldn't believe the reality in front of him. "How could you possibly activate the claw of creation? Who did you learn this from?"

"With you." With that, Lin Yi didn't wait for old six to steady himself and used the fifth form of the crazfire sky-splitting claw!

Piao laoliu saw Lin Yi's move clearly this time and assumed that Lin Yi was using wild fire Bagua Palm, so he wasn't prepared at all. It wasn't until Piao huotai reminded him that he realized something was wrong, but it was too late.

But this time, he saw it clearly when Lin Yi used the move-it was the claw of creation. He didn't know how Lin Yi learned it, but the way he used it was the same as him, and there was red fire energy on the claw, as if he used it himself!

Old sixth Park was shocked. Others didn't know how much damage the creation claw could do to him, but he knew! Even though Lin Yi was only using the Sixth Form, the damage was still huge!

One thing he was sure of was that Lin Yi wouldn't be able to last more than five moves if he kept using it! The creation claw was the nemesis of his cultivation technique. This was the so-called 'everything has its weakness'.

"Impossible. When did I teach you?" Old PU wanted to Dodge, but it was too late. He had to quickly channel his practitioner's Arts and activate the tenth form of the claw of heaven and earth to attack Lin Yi!

Chapter 2376 -Seriously Injured

"Aren't you teaching me now? Since you triggered it, I'll learn it!" "Thank you for activating it again," Lin Yi said faintly, "I'm even more skilled now. Go to hell!"

"Bang!" "Bang!"

Lin Yi hit old sixth PU, and old sixth PU hit Lin Yi as well! Old sixth PU's skill seemed to be stronger, but the damage he took wasn't any less than Lin Yi 's! Especially when he was caught off guard and was clawed by the Dragon, it was a huge blow to his body.

Plus, Lin Yi's last sentence made him subconsciously remove a part of the power from the claw-he didn't want Lin Yi to learn it anymore, since he'd be killing him if he did.

Both of them backed off, and Lin Yi sat on the ground while old sixth PU slammed into the wall again.

The way he looked at Lin Yi had changed from disdain to seriousness! Where did this person come from, and which force did he belong to? He could actually imitate other people's martial arts techniques? This was too heaven-defying, right? He had never heard of a cultivator with such an ability.

At this moment, PU laoliu's eyes were filled with fear. He no longer had the arrogance from before, only bewilderment! He couldn't believe it. How was this possible?

Lin Yi had taken quite a bit of damage as well, but he didn't show the pain on his face. This was the so-called "taking it when you've lost your teeth"-but sometimes, acting tough was a must. If the enemy was bewitched, then you won. This was the highest level of acting tough.

Lin Yi was getting back on the market, sixth Park was still in shock, and Piao huotai was frowning and thinking about the pros and cons!

Piao huotai thought that the problem would be solved easily and that Lin Yi retreating was the perfect solution, but the situation was completely different now!

It could be seen that these two moves from Lin Yi had injured old sixth quite badly. If they continued fighting, it was hard to say who would win-they might even die together! However, he wasn't willing to give up on Chen Xi just like that!

It would be hard to find such a good furnace if he gave up! There were simply too few women with such excellent physiques who had been specially trained to cultivate as human cauldrons since young! Piao huotai had seen a lot of girls with good potential, but they were all too old to be used as cultivation vessels. This was why he didn't want to give up on Chen Xi and chose to go against Lin Yi.

"Piao laoliu, finish him quickly. Even if you have to fight him head-on, you have to kill him. I have great use for that girl!" Piao Huo tai made a decision in an instant: "If you die, you will die for the glory of the right Miaomiao sect. Your ranking will be worshiped by the right Miaomiao sect. As for your son, I will also beg master to take him as a disciple when he grows up. At least, his status will not be inferior to mine!"

Piao huodan began to make empty promises to satisfy Park laoliu's hunger. He had already abandoned Park laoliu.

However, these words made Park laoliu's eyes light up. He had to say that Park hoo-Tai's promise made him moved! He knew that if he and Piao huodan didn't hand over Chen Xi today, Lin Yi wouldn't let this matter rest. However, Piao laoliu also knew how important Chen Xi was to Piao huodan, so he knew that the only way out was to fight!

"Kid, you heard it. If you're smart and leave now, we'll live in peace. If you insist on standing up for me, I'll take one of you with me even if I have to die!" Old Piao took a deep breath and said.

Of course, he was hoping that Lin Yi would give up and leave so that he wouldn't have to die in vain! Although he was not afraid of death for the sect, who would be willing to die if they could?

"Since we've already agreed to fight to the death, let's continue!" Lin Yi stood up and smiled at him. "What if the one who dies in the end is you and not me?"

"Impossible!" "No!" Sixth Park denied, "I have to admit that you're very good at stealing my skills, but you can't deny that you're only a mid Earth Class. You can't use my skills like the 11th move. If I'm not wrong, it's only the 6th move!" And I'm Earth Class late phase peak-my strength, stamina, and skills are way stronger than yours! If we keep this up, you'll be the one to die! Although I might also be heavily injured. "

"Oh, what else do you have to say?" "I'm done, let's continue!" Lin Yi said faintly.

"..." At this point, old PU knew that he couldn't convince Lin Yi anymore. He could only continue!

"The fifth move of wild flame heaven splitting earth claw!" Lin Yi's injuries and stamina were almost fully recovered, and he used another wild fire sky-splitting claw at old sixth PU, catching him off guard!

He didn't expect Lin Yi to attack just like that, but he was an Earth Class late phase peak after all-his reaction speed wasn't weak, either. He quickly activated his practitioner's Arts and channeled all his Qi into his skill without using Qi to protect himself, activating his strongest skill, the tenth form of the heaven-splitting earth-splitting claw!

"Bang!" "Bang!"

With two loud sounds, the two people's bodies collided and separated, flying in two opposite directions!

Old sixth Park was seriously injured. After spitting out a mouthful of blood, he gasped for breath. Although his big talk sounded good, only he knew how much damage the creation claw had done to him!

This skill was the nemesis of his physical arts-not to mention the sixth one, even the first one would be able to wear him down as long as he wasn't Sky Class! Only when he reached Sky Class would the damage from the ten Earth Class skills be negligible. Unfortunately, he wasn't a Sky Class master.

Lin Yi, naturally, wasn't having a good time either. After spitting out a mouthful of black blood, he gritted his teeth and endured it silently. After landing on the ground, he circulated the second stage of the art of Dragon mastery to heal himself! He didn't say anything ruthless. He just seized the time to recover from his injuries with a pale face!

This feeling made Lin Yi a little scared. If old six PU kept on using his skills and didn't give Lin Yi any time to catch his breath, Lin Yi would only end up getting beaten up one-sidedly, just like when he faced the fifth house of guards. He couldn't heal himself, so he could only be beaten up.

However, he seemed to be afraid of Lin Yi and didn't chase after him. In fact, he didn't expect Lin Yi to be able to recover on his own!

Chapter 2377 -Another Failed Martial Technique

From his point of view, cultivators could only quickly heal their injuries by taking medicinal pills. Otherwise, how long would it take for them to recover on their own?

He couldn't even recover from his injuries, so he could only take advantage of the time when Lin Yi stopped attacking to adjust the chaotic pure Qi in his body, so that he could fight Lin Yi with all his strength again!

This way, Lin Yi got the better end of the deal-he'd have to waste another inescapable net on sixth Piao!

Then, while he couldn't move, he would go to the private room to save Chen Xi! As for Piao heatai, Lin Yi didn't think much of it. As far as he was concerned, Piao heatai was a practitioner with high defense. He wasn't sure if he was a spiritual or physical practitioner, but he definitely didn't have strong offensive abilities!

Otherwise, if he and Park laoliu joined forces to deal with him, even if their attack strength was not very strong, it would be enough to drag him down. Park laoliu would not be so miserable! But now it seemed that Piao Huo tai didn't do anything. It wasn't that he didn't want to do it, but he really couldn't help!

This person only had the ability to protect himself, but he didn't have the ability to attack.

"The fifth move of wild flame heaven splitting earth claw!" Lin Yi attacked again when he was almost fully recovered, going head to head with PU laoliu. It wasn't the first time Lin Yi used this method anyway, and he had mastered the rhythm and technique. The earth Class Man in Black who tried to assassinate Xu Shihan and the red conch's third head in charge were both tortured to death by Lin Yi!

Of course, this method of fighting a low-tier master to the death was something only Lin Yi, who had the art of Dragon mastery, could use. If it was someone else, they would've died long ago! But he had to admit that this method worked every time, because the enemy would never expect Lin Yi to recover on his own, and so quickly at that!

"Bang!" "Bang!"

With two more loud bangs, old PU felt his organs shifting positions. Those that didn't started bleeding internally, and his vision towards Lin Yi was blurry. He regretted telling Lin Yi his nemesis skill, but who would've thought that Lin Yi could steal it?

Before today, old sixth PU had never even dreamed that he could secretly learn martial arts without the incantation of the heart cultivation method. This could only be said as a joke, but now, it really existed!

He was secretly pleased to see Lin Yi spit out a big mouthful of blood! As expected, this brat's injuries should be more serious than his. He had already spat out two mouthfuls of black blood! His organs were already displaced, and Lin Yi wouldn't be any better off either, so he was even more determined to kill Lin Yi!

Although he might also be seriously injured, his meridians damaged, and his cultivation strength disabled, if he could return to the right miaowei sect alive, then sect master kun would definitely let him practice the puhuo titanium's demonic technique, because the puhuo titanium's demonic technique was a different cultivation method, which was to refine Gu poison, and had nothing to do with normal cultivation. Even a disabled person could practice it!

Thinking of this, Park laoliu's eyes flashed with heat. Others didn't know, but he knew that if Piao huotai's demonic art was mastered, he would be invulnerable to blades, Spears, water, and fire. He

would be no different from those who had mastered Golden Bell shield and iron Shirt, and he wouldn't have any weak points!

The only thing was that he had to regularly use virgin blood to refine it. This was a relatively troublesome thing, but it could also be solved. In the future, he could just eat meat and drink soup with Piao huodan. The effect was not as good, but it was better than nothing!

"Brat, I'll kill you today even if I have to risk my life!" Old Piao stood up with confidence and looked at Lin Yi, "If you want to die, then come. Let's see who will have the last laugh!"

"Oh." Lin Yi's injuries were almost fully recovered as well, and he stood up.

His expression was calm, but Lin Yi's heart was thumping. Old PU seemed to have gained some confidence all of a sudden-he wasn't an easy opponent!

Taking a deep breath, Lin Yi decided to change his strategy. He changed the wild fire heaven-splitting claw to Wood wood-wood's heaven-splitting earth-splitting claw. Although the fifth form of wood-wood's heaven-splitting earth-splitting claw was as powerful as the fifth form of a normal high-tier martial arts technique, it was better in that he could use five moves at the same time!

Naturally, Lin Yi would've chosen the wild fire sky-splitting claw at the start-the difference in strength between the two was too big, after all, and a higher level would've dealt more damage to old six!

It could be said that if Park laoliu wasn't injured, the damage caused by the wild fire heaven-splitting earth-splitting claw to Park laoliu would definitely be greater than that of mu Linsen's heaven-splitting earth-splitting claw!

It was like an early phase Mystic-if he wasn't injured, an early phase golden class would only give him an itch. Five early phase golden class Masters would do the same thing! Only late phase peak golden class Masters could hurt him.

But if this Mystic was injured, his defense would drop by a lot-a golden class late phase peak attacking him would only make his injuries worse, but if it were five golden class early phase Masters attacking him each, he would probably die!

This was also the reason why Lin Yi chose to use the wild fire sky-splitting claw in the first place.

Now that old six was injured, Lin Yi naturally switched to using the human wave tactic-mu Linsen's claw of heaven and earth!

"Wood forest earth splitting claw, fifth move!" Lin Yi shouted as he charged forward, channeling the thousand changes of wood forest, using the activation method of the claw of heaven and earth, wanting to use the strongest form of wood forest's claw of heaven and earth!

However, just as Lin Yi was about to activate it, he realized in shock that he failed! Mu Linsen's claw of creation was not activated. Not to mention the fifth move, even the power of the first move was not activated!

In other words, Lin Yi's move was useless!

Lin Yi's heart skipped a beat, cold sweat dripping down his back. He didn't know what was going on, but he didn't dare try again. Without a word, he changed his move and used the fifth form of wild fire sky-splitting claw at old sixth PU!

Fortunately, Lin Yi's reaction time was relatively fast, and he was already very familiar with the wild fire heaven and earth splitting claw. Although there was a slight pause in the middle, it didn't affect the overall situation.

He didn't understand what Lin Yi meant by "mu Linsen's claw of heaven and earth," and the skill didn't seem to have changed at all, but he didn't have time to think about it. He took a deep breath and faced the attack head on! Since he had already chosen to fight to the end, he could not compromise no matter what.

However, the price of not compromising was very heavy!

Chapter 2378-Perish Together?

After this hard fight, Park laoliu couldn't hold on any longer. Even when he stood up, his legs were a little weak. His injuries were too heavy and he vomited too much blood, making him feel dizzy!

He wanted to rest, but Lin Yi continued, "Again!"

"..." Old PU was speechless. He wanted to yell at Lin Yi-F * ck, are you a cockroach? Can't you rest for a while before coming back? You're an Earth Class mid phase, how are you still alive? Are you really mid Earth Class?

In fact, Lin Yi had indeed rested for a while. He needed to heal, but this time seemed long to Lin Yi, but it felt very short to old sixth PU. His injuries were getting more and more serious each time, and although Lin Yi's injuries were getting more and more serious after healing, he could still hold on!

Of course, Lin Yi could tell that he'd be done for too if this went on, but he'd be done for before he was! As long as he was dead, Lin Yi could heal in peace.

He had no choice but to attack again, but he was already a spent force. He knew that this was probably the last time he'd attack-he wouldn't be able to survive another blow from Lin Yi!

So, he used up all his pure Qi, wanting to give Lin Yi the final blow,""The tenth move of the claw of creation!"

"Wild flame heaven splitting earth claw, Suan ni, fifth move!" Lin Yi really wanted to use the fifth form of mu Linsen's claw of creation, but he failed! So Lin Yi didn't dare to try again. What if he failed again?

Right now, Lin Yi had already lost some of his initial confidence in his "omnipotent skill." After all, he had failed to activate the "spring rain" skill before, so it wasn't too surprising that mu Linsen's claw of heaven and earth failed this time!

Lin Yi was a little confused, however, and couldn't figure out the reason.

"Bang!" "Bang!"

The blow this time was indeed fatal to Lin Yi. It was an injury on top of another, and although he was healing non-stop, it couldn't keep up with the speed of the injury. After being sent flying by old Piao, he fell heavily on the ground, not even having the strength to get up!

The only reason why Lin Yi could fight again was because of his last breath of faith! However, Lin Yi smiled. Old PU's condition wasn't looking good. As a doctor, Lin Yi could easily tell that old PU's signs of life were fading. He would die soon.

And so, Lin Yi started circulating the art of Dragon mastery with a peace of mind and started healing. He didn't even have the strength to sit up.

Piao huotai looked at Piao laoliu's body and a complicated look flashed in his eyes. Although he didn't care about a bodyguard like Piao laoliu, he was still someone who had followed him for so long. Plus, he had to leave after killing Lin Yi here and now. He couldn't fight Zhu Qishou anymore, he was afraid that Lin Yi's background would come for him!

Thinking of this, Piao Huo tai quickly walked into the private room and picked up the unconscious Chen Xi, who had her arms and legs tied up. He quickly walked out of the private room, not even caring about Park laoliu's body. A person's death was like a light going out. In his opinion, death was just death. When he went back, he would suggest to his father and master to take good care of his son to make up for this kindness.

Although Lin Yi was lying on the ground and healing in the Jade space, he could still feel what was going on outside. Seeing that Piao Huo tai still didn't forget to take Chen Xi away at this time, he was shocked and angry!

From what Lin Yi could see, Piao huotai would back off after he killed Piao laoliu and run away with his body, but Lin Yi didn't think that this guy wouldn't even care about his body and would take Chen Xi away instead. Lin Yi couldn't believe it!

Even if this guy was lecherous, it couldn't be to this extent, right? In this situation, he still didn't forget to take Chen Xi away. What kind of person was this!

However, Lin Yi wanted to stop him, but his injuries were too heavy. He couldn't even get up! Plus, even if Lin Yi stood up, he might not be able to stop him, because Piao huotai was practically invulnerable. It would be even harder for Lin Yi to deal with him than Piao laoliu!

Old Piao Liu could be targeted by Lin Yi's crazfire sky-splitting claw, but Piao huotai was different. This guy wasn't afraid, so there was no point in Lin Yi hitting him!

Seeing that Piao huotai was about to walk out of the room, Lin Yi panicked. He ignored his injuries and got up from the ground, shouting at Piao huotai, "Stop!"

"!" Piao huotai jumped in shock from Lin Yi's roar. He thought that Lin Yi and Piao laoliu had died together since they were both lying on the ground, not moving. Who would've thought that Lin Yi would come back to life?

"You didn't die?" Piao huotai was shocked and turned around to see Lin Yi standing up shakily. He smiled, "What can you do to me? Although you should have guessed that I don't know any offensive martial techniques, you can't stop me from leaving because my defense is very strong. You can't kill me! You're not dead, that's good. I'll take my leave first, see you later!"

From Piao huotai's point of view, Lin Yi's sect wouldn't be too angry if he wasn't dead. He knew that the big sects in Huaxia had some top quality level three pills. As long as he had the pills, he believed that it was only a matter of time before Lin Yi recovered. The sect behind him wouldn't go to Southeast Asia to cause trouble for him.

"You ..." Lin Yi wasn't willing to give up, but he had to admit that Piao huotai was telling the truth. He really couldn't beat him at this moment. This guy was invulnerable, just like those physical practitioners with the Golden Shield and iron Shirt. If he wanted to keep him here, he had to use a pure energy bomb.

However, with Lin Yi's current condition, healing was already very difficult, how could he have energy bombs? So Lin Yi had no choice, he was worried, but there was nothing he could do-his injuries weren't healed yet, so he had to fight!

"Wild flame heaven splitting earth claw, Suan ni, fifth move!" Lin Yi didn't know if the wild fire sky-splitting claw was effective on Piao huotai, but he knew that the fifth style of the palm didn't do much damage to Piao huotai. He could only try the wild fire sky-splitting claw.

"Hmph!" Seeing that Lin Yi still dared to attack, Piao huotai was a little annoyed and frowned as he activated some unknown skill, "You won't shed tears until you see the coffin!"

Chapter 2379 Where's Your Boss?

"Bang!"

Lin Yi knew that things weren't looking good-Piao huodan seemed to be using unknown practitioner's Arts, but it didn't seem like it. It was as if he'd activated something, and his skin suddenly had a metallic luster!

After Lin Yi's wild fire Claw hit Piao huotai, it was like hitting an iron block. The recoil made Lin Yi's claw hurt so much that it was almost disabled!

Moreover, this claw used up all of Lin Yi's strength. His last bit of strength didn't hurt Piao huotai at all, but Lin Yi couldn't stop him from leaving! Lin Yi's head was spinning, and he was about to faint and be forced into the Jade space ...

But at that moment, the door opened-grandpa Pi came in with Zhishan, Zhihai, Chentian, and gonggao!

"Make him stay ..." Lin Yi said the last two words when he saw the five people in the room. He passed out with a sense of comfort ...

Old man Pi, Zhishan, Zhihai, Chentian, and gonggao were all shocked when they saw Lin Yi faint! However, they didn't check on Lin Yi's injuries, but activated their strongest skills at Piao huotai!

"The eleventh move of the heaven and earth divine fist!" Old master Pi roared as he sent out a fist towards Piao Huo tai!

"The first move of the heaven and earth divine fist!" Zhishan, Chentian, and gonggao all used the first move they'd learned in the last two days!

"The second move of the heaven and earth divine fist!" Zhihai could now use the second move of the heaven and earth fist.

They used their strongest move right from the start, and they saw that Lin Yi had fainted, so they naturally wouldn't hold back. Besides, Lin Yi's order was to kill this person, so why didn't they go all out?

Piao huotai didn't expect Lin Yi's helpers to come, not to mention five at once, but he wasn't nervous. He didn't believe that normal practitioners could do anything to him, so he continued to activate the demonic Gu poison and made his body invulnerable.

"Bang!" "Bang!" "Bang!" "Bang!" "Bang!"

With five loud sounds, Piao hoo tai was directly in a miserable state! His head was broken, his chest was flattened, and not a single bone in his body was left intact ...

"External style's strongest attacker ..." Piao Huo tai finally realized that his death wasn't an injustice! These five people who came in later were actually all physical Masters, and they were all physical Masters who trained their hands. Their attack power was extremely strong, and they also had god-like martial arts skills. Killing him was really not a waste!

He was a practitioner of demonic Arts, and had the Gu poison on him, but he still hadn't reached the full level yet. Right now, he was just a normal spiritual sky Class early-middle phase, but that didn't mean that a physical practitioner who specialized in fist Arts was useless!

The internal style used Zhen Qi to hurt the enemy, while the external style used the hard and fierce body to hurt the enemy. The destructive power of the two seemed to be similar, but the internal style's Zhen Qi couldn't penetrate the titanium. However, a real Iron Fist was different. This was the so-called "everything has its weakness"!

Just one of them was enough to make him suffer. If he could be injured, let alone five of them, this was simply an instant kill!

But before he died, he couldn't figure out why there were suddenly five physical practitioners.

After killing off Piao Huo tai, Pi Zhishan and Pi Zhihai quickly ran to Lin Yi, "Boss, how are you?"

"Boss should be fine!" Chentian knew that Lin Yi could recover on his own after getting injured, so he was quite shocked at the sight. He waved his hand at Zhihai and Zhishan, "There's no need for us to be nervous. We'll just wait patiently and guard this place. We won't let anyone disturb us. "

"Alright!" Pi Zhishan and Pi Zhihai quickly replied.

"Chentian, this body ... Eh, there's another body over there ..." Old master Pi paused-no wonder Lin Yi was injured so badly!

He was thinking that the guy he just killed wasn't anything special, and that Lin Yi shouldn't have been injured so badly. It seemed that Lin Yi had been fighting with someone else.

"Don't worry about it for now. " Chentian said with a wave of his hand as he looked at Chen Xi on the floor. Was she his sister-in-law too? But she looked a little small, like a high school student? But Chentian didn't dare delay-he carefully lifted her up and placed her on the sofa, then untied her hands and feet.

Old master Pi and old master Wu nodded. They were old, but they still followed Wu Chengtian's orders. After all, Wu Chengtian had been with Lin Yi the longest.

"Okay, then we should ..." Grandpa Pi said.

"Go find the boss and ask him what happened!" Wu Chengtian knew that he shouldn't disturb Lin Yi, but if something happened to Lin Yi here, the boss would have to bear the responsibility. Who knew, the boss might know the inside story, so the best way was to ask the boss what happened!

"Alright, I'll do it!" Old master Pi nodded-his respect for Lin Yi was at its peak. He'd submitted to Lin Yi at first because he'd helped Zhihai with his injuries-it was a relationship of interest, more than feelings. But now, after seeing Lin Yi's strength-especially after he'd become a spiritual-physical practitioner, his respect for Lin Yi had turned from gratitude to genuine admiration and respect!

The world of practicing was a world where the strong were respected, and old man Pi knew this rule-especially with the strength and potential Lin Yi had shown him, old man Pi knew that if he followed Lin Yi closely, the Hidden House Pi's path wouldn't just stop at a hidden house-it might even be possible for an ancient house!

As long as he, Zhishan, and Zhihai all became a Sky Class with both physical and spiritual strength, godly fist Palace would be the first to win their support-they'd support house Pi in the ancient meeting!

With that, elder Pi stood up and walked out of the room. There was no one around, but at the end of the corridor, there was a waiter who was watching them.

"You, come here!" Old master Pi pointed at the waiter.

"Ah ... I ... May I know what you need, Sir?" The waiter was shocked and asked carefully in a panic.

"Where's your boss?" Grandpa Pi asked directly.

"Our boss ... May I ask what you need?" The waiter asked in a trembling voice.

"Tell him to appear in front of me in one minute, or I'll ruin his show!" Old master Pi was the head of the house, after all, and he was normally very strict, but now that he was Lin Yi's underling, he naturally became an arrogant Lackey.

Chapter 2380-The Whole Story

"Uh ... Please wait a moment ..." The waiter saw elder Pi come out from the sky number one room, and since gambling bro had specifically told him to check the room and report back if anything happened, the waiter didn't dare to be slow and passed on the old man's request, ""Boss, someone wants to see you! The person who came out of the first room ... He said that if you don't show up in a minute, he'll destroy our place ..."

"Oh?" Gambler frowned, a little unhappy with this guy's arrogance, but thinking about the earth Class strength Lin Yi and old six had displayed in the room, a golden class late phase peak like him wasn't a match at all!

He couldn't fight against either Lin Yi or old six, and so he muttered to himself before speaking up, "Alright, I'll head over immediately!"

Within a minute, gambler was in front of elder Pi.

"I'm the boss here. People call me gambling brother. Who's looking for me?" Gambling bro looked around and wasn't as scared as before when he didn't see Lin Yi, old six, or even Piao huotai. He looked at Grandpa Pi and spoke indifferently.

"What's going on in that private room?" Old master Pi pointed at the sky-tier box one.

"Who are you?" Brother gambling asked.

"You're not going to tell me?" Elder Pi frowned, a little annoyed-this owner didn't know what was good for him! He clenched his fist and punched out, shattering a copper statue in the corridor! This was the most effective way-grandpa Pi didn't know that he was a practitioner, and so he didn't bother explaining anything about Sky Class or hidden houses to him. From what he could see, he didn't think that he knew anything about these things-he was just the owner of a casino, doing pretty well in the underworld!

And so, Grandpa Pi smashed the statue with one punch, giving the gambler a shock! But the gambler's eyes were filled with shock-he was a practitioner, and although he was only golden class late phase peak, he could tell from the old man's attack that the old man was Sky Class early phase!

This scared the gambler so much that his legs went soft and he almost knelt down. "Senior, I failed to recognize Mount Tai-so you're a Sky Class early phase! Just tell me what you need, I'll tell you everything I know ..."

"Hmph!" Elder Pi hmphed coldly, surprised. "You're also a cultivator?"

"I'm just a golden class late phase peak ..." The gambling brother cupped his fists and said carefully.

"Oh, then come with me. Tell me clearly what happened in this private room!" Now that gambling bro said that he was a practitioner, it saved old master Pi a lot of trouble. At least he didn't have to threaten him anymore, and he'd cooperate.

"Yes ..." The gambling brother didn't dare to have the slightest bit of neglect and nodded repeatedly. However, he was extremely shocked in his heart. Such a master actually came to his small gambling den? Sky Class, ah, it was a terrifying thing to say-this was something that only existed in legends, and they didn't expect to see it with their own eyes!

The gambler followed elder Pi back to the room and saw something that surprised him! Piao huotai was dead, Piao laoliu was dead, and Lin Yi seemed to be dead as well. Which side did these people belong to?

Could it be the Hidden House Zhao? Yes, he heard that the Hidden House Zhao's old man was a Sky Class master-it seemed like these five people were a third party. Gambling bro let out a breath of relief and probed,"Senior, are you the Hidden House Zhao's old master Zhao?"

"You know about the Hidden House Zhao?" Grandpa Pi frowned."I'm not from house Zhao. You don't need to pull strings. Tell me everything you know!"

"This ... Yes!" Brother gambling was stunned. It seemed like this person in front of him really wasn't from the Hidden House Zhao. From his tone, he didn't seem to respect the Hidden House Zhao at all. Hence, he didn't dare to be suspicious and quickly explained everything that had happened!

In fact, this matter had nothing to do with his gambling brother. He was completely inviting Southeast Asia's King of gambling, Piao huotai, to fight against Hong Kong's King of gambling, Zhu Qishou! The reason was very simple. In the past, Zhu Qishou had come to the casino to kick up a fuss, causing gambling brother to suffer heavy losses. He killed all the consultants in gambling brother's casino, so gambling brother was unwilling to accept the loss. When he heard the name of Piao Huo tai, he invited him to fight Zhu Qishou!

Piao Huo tai wanted to win the girl's first night in gambling, while gambling brother wanted to restore the reputation of the casino and rub the edge of his enemy, Zhu Qi Shou, so the two hit it off! However, in the end, the two of them were in a cooperative relationship and had no other relationship.

And this time, Piao Huo Tai's opponent was the hidden Zhao family, and the hidden Zhao family seemed to be intentionally losing to Piao Huo tai, losing Chen Xi to him! Not only that, he even told the gambler to call the security guards on the first and second floor, so that Lin Yi could come over ...

The gambler didn't hide anything-this was a Sky Class, after all, and he'd even sell out house Zhao's hidden house Zhao! Practitioners like him were at the bottom of the food chain-killing him would be as easy as flipping over a palm for elder Pi.

"Oh? You mean, the Hidden House Zhao deliberately wanted to lose this girl to Piao huotai, and then lure Mr. Lin here to save her?" Grandpa Pi understood what he meant.

"Uh ... It should be like this ..." Brother gambling said carefully.

"I know, okay, you can go first, there's nothing for you to do here!" Elder Pi waved his hand and said to gambling bro. This really didn't have much to do with him, and so elder Pi wouldn't take it out on him. He was just a small fry, and the one behind this was the Hidden House Zhao. Everything would have to wait for Lin Yi to wake up and let him decide.

"Okay, senior. If you need anything, you can find me at any time ..." Brother gambling said carefully.

"En ..." Old man Pi hmphed and ignored him. Someone like him was like an ant in his eyes, and he kicked him out so that he wouldn't disturb Lin Yi's healing ...

Lin Yi looked like he was unconscious, but he was healing in the Jade space-he could still sense everything that was happening outside. Hearing the conversation between Grandpa Pi and the gambler, Lin Yi's hatred for the Hidden House Zhao increased even more!

The Hidden House Zhao's elder bi and Zhao Qibing had suffered a loss in his hands, and they didn't dare to look for trouble in the open, so they used such a despicable method!
