

Bodyguard 3681

Chapter 3681 Internal Strife (2)

After all, Lin Yi didn't waste a lot of time like they did-he had more than enough time to collect herbs!

"As long as I can guarantee first place, I'll give you some. Hurry up and do it!" Meng Tong said, pouting. You're so wishy-washy!"

"Alright!" Lee Zheng Ming silently suppressed the anger in his heart, and directly went up to Qiao Hong Cai,""Don't waste your energy. You should give up. You can't escape!"

"How would you know if you don't try!" As Qiao hongcai spoke, the last bit of genuine Qi in his body instantly gathered in his palm. The 20 styles of cold iron Palm!

In order to avoid accidents, the trial didn't allow the use of heaven-grade weapons. Of course, it was impossible for someone of Qiao hongcai's background to own any heaven-grade weapons!

In an instant, a huge ice block that could be seen with the naked eye came crashing down!

This was his most powerful move-it could seriously injure a Sky Class full master at his peak, and while it was a bit weaker now, it still couldn't be underestimated.

"Go, Xiao ran!" Qiao hongcai gritted his teeth and shouted. If he hit Li Zhengming and Meng Tong's heads, they would surely retreat, which would open a path for Xiao ran!

However, before he could finish his sentence, Lee Zhengming did not Dodge the cold iron Palm. Instead, he took the initiative to meet it with an expressionless face. Without any warning, he threw out a punch, sky frost fist!

Whoosh! Whoosh!

A strong and majestic white true energy whizzed past, and the overwhelming ice disappeared in an instant, as if it had never been there, leaving only broken ice crystals on the ground!

"I told you not to waste your energy. You're not my match now." Lee Zheng Ming said as he looked at the stunned Qiao Hong.

It was the same 20 moves, but Qiao hongcai's cold iron Palm had been completely defeated by his sky frost fist. This was not only because of his own strength, but also because Qiao hongcai's current state was too poor!

However, for some unknown reason, Lee Zhengming didn't attack Qiao hongcai himself, but only broke his 20 styles of cold iron Palm.

However, just as he broke the cold iron Palm, Xiao ran, who had been following behind Qiao hongcai, disappeared. When he saw Qiao hongcai's figure again, Xiao ran had already successfully circled around to his back.

This Xiao ran was indeed not a simple person! Li Zhengming was secretly on alert, but he didn't intend to continue attacking. He had already completed his task by stopping Qiao hongcai. If he attacked Xiao ran now, Meng Tong would not be grateful, but would be dissatisfied instead!

"Lee Zheng Ming, what are you doing? He was so easily circled around, what a waste!" Meng Tong cursed in dissatisfaction from behind.

Lee Zhengming frowned and ignored him. If it were not for the fact that he was worried about Meng jueguang, the eldest martial brother in charge, he would have already attacked Meng Tong! Just because he was a relative of Meng jueguang, he was ordering him around. This fellow really thought he was the boss!

It was one thing if he was really strong, but this guy's strength wasn't that great. He was defeated by Lin Yi in one move in front of everyone, and they didn't know how he could be so thick-skinned as to be the boss of the GreenCloud Pavilion's new disciples!

However, Lee Zhengming could only pinch his nose and bear with it. After all, he still had to rely on Meng jueguang's nose.

"It doesn't matter. Since that useless Lee Zheng Ming couldn't stop you, then I'll have to do it myself. I'll let you understand why you lost!" Meng Tong looked at Xiao ran, who was approaching him quickly, and sneered.

If it was Lin Yi, he'd still be a little scared, but Xiao ran was a country bumpkin from the common world, and he didn't even put him in his eyes. Moreover, Xiao ran was exhausted at the moment, and his combat strength was completely different from his usual state.

" 20 forms of a thousand legs!" Meng Tong let out a loud roar and jumped up. His legs whistled through the air, turning into powerful leg shadows that were impossible to distinguish and defend against. Wherever the shadow of the leg swept past, be it grass, trees, sand, or stones, they were instantly reduced to dust.

It turned out that his martial skill was also called the thousand kick, the same as Zhao Qibing 's, but Xiao ran didn't know about it!

Meng Tong was defeated by Lin Yi in one move, but as a Sky Class full master native to Sky Class Island, he wasn't weak at all. If it weren't for Lin Yi, any other Sky Class master would've had a headache fighting him.

Xiao ran might not be able to take such a powerful attack head-on even if he was at his peak. Fortunately, what he needed to do now was not to defeat Meng Tong, but to escape.

Whoosh!

Seeing that Meng Tong's heavy leg shadow was about to cover Xiao ran, Xiao ran's body suddenly twisted in a very strange way. He was clearly dodging to the left, but in the next moment, he suddenly appeared on Meng Tong's right and directly passed through the edge of the leg shadow without any obstacles!

"F * ck! How is this possible?" Meng Tong was dumbfounded. He was confident that he could defeat Xiao ran in one move, but he had never expected such a strange scene!

He would never have thought that Xiao ran, an ordinary-looking country bumpkin from the secular world, had actually mastered a body technique like the lost track step!

At this moment, the other newcomers had arrived one after another. It was a good opportunity to show off, but Xiao ran slipped past it. Meng Tong had really made a big fool of himself this time!

With Xiao ran's brilliant movement technique, it wouldn't be a problem for him to reach the back mountain Hall before the others caught up with him as long as he could hold on for a little longer. This time, not only Meng Tong, but also Lee Zhengming and the others were dumbfounded.

"Stop right there! Otherwise, I'll cripple Qiao hongcai and make him a good-for-nothing Qiao! I will never be able to turn over!" Meng Tong pointed at Qiao hongcai, who was surrounded by them, and shouted in exasperation.

With that, Xiao ran, who had already successfully escaped, suddenly stopped in his tracks.

Lee Zhengming and the other new players looked at Meng Tong in disbelief. Was this guy for real or just bluffing?

Although the rules of the trial didn't state that one was not allowed to cripple the cultivation of others, it was obvious that this was an extremely vile act. Even if the sect didn't punish a person who would do such a thing to his own senior and junior Brother, the others would definitely stay far away from him. It might even cause public anger and be despised and reviled by everyone.

If he really did that, not only would Meng Tong destroy Qiao hongcai, but he would also destroy himself. Even Meng jueguang wouldn't be able to save him!

Meng Tong might look reckless, but he should have thought of this. However, even if Xiao ran had ten thousand reasons to believe that the other party was bluffing, he still didn't dare to take the risk with Qiao hongcai. Compared to the trial reward, Qiao Hong was obviously more important!

Chapter 3682 Lin Yi's Arrival

Watching Xiao ran walk back to the encirclement without putting up a fight, Qiao hongcai felt touched and couldn't help feeling sorry for him. "What are you doing back here? this guy is obviously bluffing!"

Xiao ran laughed bitterly. "I have no choice but to come back. I've exhausted all my vital energy. I can't leave even if I want to."

Qiao hongcai shook his head speechlessly, but he felt a warm current in his heart. Before this, although he had received Lin Yi's help many times and was very grateful, he didn't have much sense of belonging to his companion Xiao ran. But when Xiao ran turned his head back, he finally found a sense of belonging!

Whether it was him or Xiao ran, they weren't Lin Yi's subordinates or burdens. They were themselves, they were on Lin Yi's side!

"Hmph, since you're back, why don't you quickly hand over the spiritual medicine? Don't tell me you want me to do it myself?" Meng Tong grinned and snorted.

Now that things had developed to this point, Xiao ran and Qiao hongcai had no possibility of resisting or breaking out of the encirclement. Whether they cooperated or not, the only result would be that the elixir would be snatched away by Meng Tong and his men. The only difference was whether the scene would look better or worse.

As soon as Meng Tong said this, the eyes of Lee Zhengming and the other newcomers burned with passion. He had already taken all of Qiao hongcai's elixir by himself, so he was basically guaranteed to be the first place. This time, he didn't need to take all of Xiao ran's 500 points, right?

If they were to take it out and distribute it to the others, it would be crucial to see who would get more or less. Those who received more might be able to rush to the top three and obtain the foundation building pill, but those who received less could only pray that they would enter the top ten and go for the consolation prize of three pieces of spiritual Jade.

Among the crowd, li Zhengming was the most anxious one. Meng Tong had promised to give him half of his points. He already had 500 points, and if he added half of Xiao ran's points, he would definitely be in the top three and get the foundation building pill that he had been dreaming of!

The foundation building elixir was a precious treasure that could only be found by chance!

"Hmph, it seems like you're not willing to hand it over since you're taking your time. Since you don't want face, then I'll help you out!" Meng Tong laughed hideously and pounced on Xiao ran without any restraint.

Just now, under the watchful eyes of the crowd, Xiao ran had dodged Meng Tong's attack, which made Meng Tong lose face in front of his underlings. Now that Xiao ran was so insensible, it gave him a chance to get back at him.

He didn't believe that Xiao ran would have the guts to resist after being surrounded by so many people!

And if Xiao ran dared to resist, it would give him an excuse to cripple both Xiao ran and Qiao hongcai. As long as he made it sound like he had accidentally injured them in the scuffle, no one would be able to say anything!

Xiao ran and Qiao hongcai looked at each other, and their hearts sank. Just as Meng Tong had expected, they didn't dare to resist under such circumstances. Otherwise, they would be surrounded by so many people. Even if they were beaten to death, they wouldn't be able to punish everyone, let alone be crippled.

More importantly, they were both exhausted and the true Qi in their bodies was exhausted. Even if they wanted to, they didn't have the strength!

Seeing that the two showed no signs of fighting, Meng Tong could not help but purse his lips in disappointment. However, he did not intend to let them go so easily. Even if he could not take the opportunity to cripple them, he would at least give them a hard lesson and let them know what the consequences were for going against him!

"20 forms of a thousand legs!" Meng Tong used the same old trick and kicked at Xiao ran. He laughed evilly and arrogantly shouted, "Aren't you very capable? If you have the ability, try dodging it again!"

Xiao ran gritted his teeth. The Shadowstep had exhausted the last of his true energy. It would be a fool's dream to Dodge the thousand kicks now! However, if he didn't Dodge, he would definitely be seriously injured even if he didn't die. That bastard Meng Tong would definitely not stop!

Just as he was feeling hopeless and helpless, a gentle breeze suddenly blew past him. A familiar figure silently blocked his way and chuckled. "Do you need to Dodge such a lousy martial art?"

"What!" Hearing this, Meng Tong was shocked. When he saw the person's face, he was even more shocked, "Lin Yi?!"

Lin Yi stretched out his palm slightly, planning to teach this guy a lesson, but he saw that Meng Tong actually took the risk of internal injury and interrupted the power of the [twentieth stance of the thousand legs], which had reached its peak. He then hurriedly took a few steps back and directly retreated to Li Zhengming's group.

This scene stunned everyone, even Lin Yi, F * ck! Why didn't I realize that this guy was such a coward before?!

To retreat without a fight in front of so many people, or to be more precise, scared away by Lin Yi's casual words, wasn't that too much of a coward?

Lee Zheng Ming and the rest of the new disciples looked at Meng Tong with a strange expression in their eyes. 'How dare this extremely cowardly guy call himself the boss of the GreenCloud Pavilion's new disciples?'

"What are you looking at? This is a battle tactic, understand?! You can obviously fight with more people, but you still want to fight this idiot one-on-one. Do you think there's a hole in my brain?" Meng Tong glared at the newcomers guiltily and shouted fiercely.

With this guy's style of showing off, if he wasn't afraid of Lin Yi, why would he give up the chance to get back at him?

Although the rookies had their doubts, they did not expose Meng Tongxiang's inner weakness. They only added in their hearts, "It seemed that the first day of being defeated by Lin Yi in one move had left quite a shadow in this guy's heart!"

Lin Yi smiled noncommittally and turned to Xiao ran and Qiao hongcai, "Are you two alright?"

"I'm fine, boss Lin Yi!" Qiao hongcai shook his head in excitement, while Xiao ran's eyes were filled with an unexpected joy and worry. "You shouldn't have appeared at this time, really!"

Lin Yi naturally knew what he was worried about. He smiled faintly, "It's fine. You've already done a good job. Leave the rest to me."

"Alright!" Xiao ran and Lin Yi nodded heavily at the same time. They had no choice but to believe Lin Yi.

They didn't know where Lin Yi's confidence came from, facing the twelve Sky Class full Masters led by Meng Tong. But at this moment, they started to believe that Lin Yi might really have a way to solve this situation!

"Pretentious newbie, there's a way to heaven, but you refuse to take it. There's no Door to Hell, but you insist on barging in. I've lived for so many years, but I've never seen such an idiot like you!" Meng Tong, who had finally found a sense of security after hiding among the rookies, began to act arrogantly again.

Chapter 3683 3681-Shock

He had Twelve Sky Class full Masters, and Lin Yi was the only one left on the other side who could fight. Meng Tong had enough to be arrogant.

No matter how good Lin Yi was at fighting, could he take on twelve Masters of the same level?
Nonsense!

Lin Yi glanced at him and smiled. "Didn't you see it today? However, it's hard to say who the idiot is. "

"Hmph, you're so stubborn. I'll make you cry Later!"

Meng Tong sneered and turned to the rookies,"I don't need to waste time talking nonsense with you about how to deal with this idiot who delivered himself to my door! As long as we can grab the herbs on him, let alone the top three, even the top ten will be ours! In short, whoever performs well next, this great master will guarantee that he will enter the top three, and the foundation building pill will be at his fingertips!"

At those words, the eyes of the rookies lit up!

If Lin Yi didn't take the initiative to come to him, then other than Meng Tong, who was definitely the first place, the remaining two spots in the top three might have been taken by Lin Yi. After all, this guy's strength couldn't be underestimated, and since he wasn't disturbed, he had enough time to collect herbs and get points!

Other than that, there was also Lee Zhengming, a strong competitor, among the rookies. Even if the other rookies wanted to fight for the top three rewards of the foundation building pill, it would be very difficult.

But now that Lin Yi had come to him, the situation was completely different. With Meng Tong's promise, as long as they put in a little more effort when they joined forces to deal with him, there was hope for them to enter the top three!

Lin Yi looked at Meng Tong in surprise as he saw the newbies all eager to fight. It seemed like this guy wasn't too stupid after all. He was able to cower when he sensed danger, and now he was able to get the newbies to fight with just a few words. Not bad!

"Fists and legs have no eyes. If we attack together and accidentally kill the newbie, I'm sure the elders in the back mountain Hall won't blame us!" Meng Tong said with a deeper meaning.

In this way, the newcomers who had originally been a little apprehensive were immediately released from their final shackles. In order to fight for the top three foundation building pills, even if they were to be besieged by twelve against one, they would definitely go all out!

Meng Tong smiled in satisfaction-Twelve Sky Class Masters attacking at full force ... Not even the most powerful Sky Class Master in History would survive, let alone Lin Yi!

The most important thing was that because of Xiao ran and Qiao hongcai, he couldn't even run away because of the ridiculous morality!

Today was the day Lin Yi died!

Lin Yi looked at the crowd, and they were all gathering closer and closer to him, but there wasn't any fear on their faces. Instead, they smiled mockingly. "I say, you guys, have you figured out who your opponent is?"

"Ha? Wasn't he just a country bumpkin from the secular world? He was already at death's door, so what kind of big talk did this pretentious newbie want to say to disturb people's hearts? Hahaha!" Meng Tong couldn't stop laughing, and the other newbies didn't move either. In their eyes, Lin Yi wasn't a threat at all, but a lot of points!

"It seems that they have been blinded by their own eyes. What a group of sad guys." Lin Yi laughed coldly, his expression turning serious as a powerful aura burst forth from his body without reservation.

In an instant, everyone's face changed as they looked at Lin Yi with disbelief and shock!

This sort of almost solid presence wasn't something a Sky Class could have—even a Sky Class full master wouldn't be able to have it! It had to be something higher than that, a Foundation Stage!

"F * ck! When did this guy become an early Foundation Stage expert?!" Meng Tong's heart trembled violently. He had been with Meng jueguang every day, so he knew very well what level this aura meant. If one's strength had not reached this level, it would have been impossible to even put on an act!

Not only him, but the other rookies like Lee Zheng Ming also took a few steps back in shock. They looked at each other in disbelief.

The twelve of them would be able to gang up on a Sky Class full master for sure, but if they were up against an early Foundation Stage master, especially against someone as strong as Lin Yi, the situation would be completely different.

The early Foundation Stage and the peak of the Sky Class may look like they were only separated by a thin line, but they were two completely different realms. One was in the sky, and the other was on the ground.

From the practitioner world's point of view, the early Foundation Stage was already the beginning, and while Sky Class full Masters sounded impressive, they were still just reserve practitioners-most of the sects on the island only accepted disciples of the early Foundation Stage and above. As for the so-called Sky Class full Masters, they didn't even bother to look at them.

If one were to say that there was a possibility of challenging someone below Sky Class, then there was no such thing between Sky Class full master and early Foundation Stage. Simply put, even the weakest early Foundation Stage practitioner could crush the strongest Sky Class full Master in History.

There was a huge difference between the two.

Even if they had the advantage in numbers-Twelve Sky Class full Masters at that-they didn't have any chance of winning against an early Foundation Stage practitioner. Even if they all went crazy and fought Lin Yi to the death, their chance of winning was less than ten percent.

And even if they won in the end, it would only be a Pyrrhic victory. It was estimated that at least ten out of the twelve people would die Here!

In truth, this group of people had only been tied to Meng Jueguang and Meng Tong for the sake of their own interests. They might have been able to work together when there was something to gain, but in a situation like this where they were clearly throwing their lives away, there was no way they would work for Meng Tong for free.

Therefore, it was impossible for this group of people to even have a 10% chance of winning in theory!

It wasn't just the newbies-even Meng Tong himself was completely dumbfounded by Lin Yi. There was only one thought left in his mind-how did this idiot who couldn't even differentiate good Jade from useless Jade suddenly become an early Foundation Stage master?

Meng Tong and the others were all dumbfounded, and Xiao ran and Qiao hongcai, who were standing behind Lin Yi, were also dumbfounded. They looked at each other, not knowing what to say.

The other newbies didn't interact much with Lin Yi, and it was understandable that they didn't know his strength, but the two of them were on Lin Yi's side. They'd been in contact with Lin Yi quite a lot these days, and they didn't notice anything strange from the start!

Chapter 3684 Surrender The Gun And Not Kill

When did his boss break through? He had only been in the welcoming new pavilion for less than a month, and he had not occupied any cultivation resources from beginning to end. This cultivation speed was too terrifying!

Boss Lin Yi was indeed boss Lin Yi-no wonder he had the confidence to take care of so many people! Xiao ran and Qiao hongcai looked at each other, their eyes filled with heartfelt admiration.

Lin Yi blinked at the two before turning to the newbies, "Didn't you want to bully the few with your numbers? then you wouldn't mind me bullying the weak, right? Don't waste time, let's start quickly. After we finish, we still have to go back to the back mountain Hall to report!"

Every word and sound was loud and clear as Lin Yi's aura grew stronger. Everyone was already scared to death, but now, they lowered their heads, not daring to look Lin Yi in the eye. They were afraid that they would be the first to die!

They'd never felt this much fear before, even when they'd faced Meng jueguang, an even stronger peak early Foundation Stage practitioner. But now that they were facing Lin Yi, they felt what it was like to be on tenterhooks!

After all, no matter how strong Meng jueguang was, he wouldn't be able to do anything to them, but Lin Yi was their real enemy, especially in a test where they were allowed to attack each other. Even if he were to cripple them in a fit of anger, they wouldn't be punished.

More importantly, they were all planning to gang up on Lin Yi before the first sentence, but they didn't expect the situation to change so quickly. They'd become sheep waiting to be slaughtered!

Lin Yi shook his head speechlessly as everyone backed off.

The GreenCloud Pavilion had been weak for a long time, and now even these newbies couldn't hold up the wall. They were so active when they were bullying the weak with numbers, but now they're all cowering as soon as they saw something wrong-it was embarrassing for a Sky Class full master to be so sneaky!

"Come on." Lin Yi didn't want to waste any more time and stepped forward.

However, to his surprise, such a non-threatening action directly scared the most nervous Meng Tong. Without a word, he howled and ran away!

F * ck, does this guy have any shame!

Everyone, including Lin Yi, was dumbfounded. This guy hadn't even done anything yet, and he just ran away like a coward! This guy even called himself the boss of the GreenCloud Pavilion's new disciples! Wasn't he being a little too rude?!

But no matter what, Meng Tong, the so-called leader, had indeed run away. Moreover, he had run away without looking back at all, and he had run quite quickly.

Then, Lee Zheng Ming also left quietly. He was a man with sharp eyes. He could see that Lin Yi was worried about Xiao ran and Qiao hongcai, who were burdens without any fighting strength. Lin Yi didn't seem to have any intention of chasing after them. Besides, Meng Tong was leading the way. It was the best time to run!

Seeing Meng Tong and Lee Zhengming running away, the other rookies began to make plans in their hearts. One by one, they began to move their feet in an attempt to escape.

However, Lin Yi wasn't going to let them have their way so easily. "Did I say you could leave? The next one who wants to escape, don't blame me for not considering our relationship as fellow disciples!"

One sentence, and the rookies who were ready to make a move immediately turned pale. Although they still wanted to escape, they did not dare to stand out.

If they all scattered and ran, even an early Foundation Stage like Lin Yi wouldn't be able to stop them. But if it was according to what he said, he'd kill whoever ran first-he was a man of his word!

For a moment, all the remaining newbies did not dare to move.

Lin Yi nodded. He didn't expect Meng Tong to be so shameless, so he made a mistake just now. If he opened his mouth to scare them, Meng Tong and Li Zhengming wouldn't have run away in vain.

After all, it was just as Lee Zhengming had predicted. Xiao ran and Qiao hongcai were standing behind him. Even though Meng Tong would only be able to surrender no matter how fast he was if Lee Zhengming really went after him, he would not be able to control the other newcomers.

If someone decided to take Xiao ran's elixir and run away while he was chasing Meng Tong, or if they decided to cripple both of them, even an early Foundation Stage master like Lin Yi wouldn't be able to split his attention.

However, even though Meng Tong and Lee Zhengming had managed to escape, the remaining newbies did not dare to make a move. This was a pretty good result.

Lin Yi looked at the rest of the newbies, and every one of them was trembling in fear as if they were felons waiting for their sentence. Their fates were in Lin Yi's hands now.

Although Lin Yi wouldn't do something as outrageous as crippling everyone present, it was entirely possible for him to beat everyone up as a form of punishment for Xiao ran and Qiao hongcai.

Putting themselves in Lin Yi's shoes, they'd probably make the same choice too-it'd be hard to get rid of the hatred in their hearts.

However, Lin Yi's next words made everyone relax,"I won't make things difficult for you. As long as each of you takes out an elixir equivalent to 100 points, I can be lenient and let them go. Of course, if you don't cooperate, I can only choose a more violent method. It's up to you to decide what to do."

Everyone thought that confiscating all their spiritual herbs was the least they could do, and that they'd be lucky if they didn't have to suffer any physical pain. Who would've thought that Lin Yi would be so kind to them!

Although these people didn't spend much time collecting spiritual herbs, they still had three to four hundred points. The most they had had was more than five hundred points. If each of them only contributed one hundred points, there was basically no substantial loss.

The reason was simple. At this point, Lin Yi's group had the upper hand for sure. Even if there were still two uncertain factors, Meng Tong and Li Zhengming, for everyone present, top three was out of the question. The best outcome would be to fight for top ten. That way, they could at least get three pieces of spiritual Jade as a comfort.

Lin Yi's 100 point limit hit the nail on the head.

This was because there was a supplementary rule that was not very eye-catching in the trial rules!

That was, although the trial rewards were given according to the ranking, there was a basic point condition. In other words, if you did not reach the minimum basic points, even if you were ranked first, you would not be able to get the reward. And this basic point requirement was 200 points.

Chapter 3685 So What?

After all, to the three great pavilions, a large part of the reason they held the newbie trial was to let the newbies gather spiritual herbs. However, if they only managed to gather a tiny amount of spiritual herbs, or if it was not even enough to give out the value of these rewards, it would be a joke if they could not make ends meet.

Since the average score of each trial was about 500 points, the threshold of 200 points was basically ignored. However, because of the special situation of this trial, it was rare to come in handy.

If Lin Yi asked for more, then even if these newbies made it into the top ten, they wouldn't be able to get the basic two hundred points, and they'd miss the rewards.

Lin Yi's request for 100 points took into account this point. Even if everyone here contributed 100 points, they would still have at least 200 points left. They wouldn't lack any rewards.

This way, they wouldn't lose too much. After all, if they were competing for the top ten, they would be competing against each other. It didn't matter how many points Lin Yi and the others had. As long as they could keep their points above the basic level and compete fairly, Lin Yi could get as many points as he wanted. There was no need to risk being the first to go against him.

After all, these people weren't pushovers-they were Sky Class full Masters, after all. The situation was under Lin Yi's control, but when it came to important benefits, they'd get a strong backlash if they went too far and were incited.

Lin Yi may be strong, but he was just one man. Once this group of people got into a mess, it would be hard to control the situation as perfectly as it was now.

Lin Yi had already calculated that he'd charge everyone a hundred points as punishment. This way, he could guarantee his group's benefits and not completely turn on the newbies.

After all, these people were only temporarily relying on Meng jueguang for benefits-their loyalty wasn't very high. If he were to bully them too hard this time, it'd only benefit Meng jueguang, and these people would become his archenemy-Lin Yi wouldn't do something so stupid.

Soon, the newbies handed in their elixirs and looked at Lin Yi nervously, afraid that he'd go back on his words.

Some of them had even thought about it. Once Lin Yi went back on his words, they would immediately run away like Meng Tong and Li Zhengming. At that time, there would always be a chance in the chaos. If Lin Yi lost his way, it would be even better. They could even find a chance to fight back!

However, Lin Yi wasn't as greedy as these people thought. After ordering a little bit of spirit herbs, he waved his hand and let them go.

Everyone was relieved and left one after another. Because Lin Yi let them go, they didn't look at Lin Yi with as much hatred as they thought they would. On the contrary, Meng Tong, who had been the first to escape, became the target of contempt in their hearts.

"These spirit herbs, you two split half each." Lin Yi said as he turned to Xiao ran and Qiao hongcai.

The two of them were stunned. If they split the points equally, that would mean that each of them would get 500 points. In this case, Xiao ran would get 1000 points in the end, and Qiao hongcai, who had nothing, would get 500 points.

"I've calculated it. This way, at least two of us can be guaranteed to enter the top three. In other words, two foundation building pills won't be a problem. One for each of you will be enough. " Lin Yi said with a smile. He was an early Foundation Stage practitioner, so naturally he didn't need something like a Foundation pill.

Xiao ran and Qiao hongcai were stunned for a while, and they looked at the shocking 1800 points behind Lin Yi's back. They finally understood what Lin Yi meant, and didn't know what to say. They only nodded blankly.

Lin Yi had 1800 points, Xiao ran had 1000 points, and Qiao Hong had only 500 points. The other newbies had already lost 100 points. Even with Meng Tong and Li Zhengming, who were still unknown, it was not a problem for them to get into the top three. As for Qiao hongcai, although he couldn't make it to the top three, he would definitely be in the top five, no worse than this.

Following Lin Yi's instructions, Xiao ran and Qiao hongcai turned around and asked as they distributed the herbs, ""Boss Lin Yi, when did you break through to the early Foundation Stage? Why didn't we notice any signs?"

He had already broken through back in the secular world. It would be strange if you could notice the signs!

"It happened not long ago," Lin Yi replied vaguely.

Xiao ran and Lin Yi looked at each other, their eyes full of admiration. They pointed at the shocking number of points on Lin Yi's basket and asked curiously, "Then what's with the 1800 points? Boss Lin Yi, you didn't come across some special herb that's worth a thousand points, did you?"

This was a very normal guess. According to the average standard of 500 points, it was already a rare lucky break to be able to reach 800 points. As for 1800 points, other than 1000 points falling from the sky, there was no other more reasonable guess.

"You all already know that I'm an Alchemist, so it's not strange for you to have some tricks in gathering spiritual herbs, right?" Lin Yi only laughed. Even if they were both his lackeys, he couldn't tell them Skybolt pig's Secret was related to the Jade space.

"Uh, that's true." Xiao ran had heard of Lin Yi's achievements back in the common world, and Qiao hongcai had also heard about it from his miserable senior brother. They both knew that he was an Alchemist.

As an Alchemist, it was normal for them to have their own unique means and experience in collecting spiritual herbs. In contrast, these people were laymen, so they could only feel that it was amazing without knowing.

Seeing that time was almost up, Lin Yi and the other two didn't waste any more time and went straight back to the back mountain Hall according to the map. At this time, the other newbies had already returned one step ahead of them. Other than Lin Yi and the other two, only Meng Tong and Li Zhengming were not in place.

A moment later, it was already noon. Meng Tong and Lee Zhengming finally arrived.

After seeing Lin Yi and the other two, Meng Tong was still a little scared, but no matter how strong Lin Yi was, he wouldn't dare to attack him in this situation. He became fearless and shouted proudly, "Pretentious newbie, I'm definitely going to get first place this time. So what if you've built your Foundation first? you still can't beat me!"

Chapter 3686 The Resentful LAN 'Er

For a moment, everyone looked at Meng Tong with a strange look. He had been so scared just now, where did this guy get his confidence from?

However, when Meng Tong showed off his basket in front of everyone, they all gasped. It was a total of 1600 points!

F * ck! The crowd suddenly became restless. Even if the nearly 500 points they had stolen from Qiao hongcai had all gone into this guy's pocket, it meant that Meng Tong's points alone had already reached 1100 points. This was too much!

Meng Tong, like them, only took a day and a half to collect the spiritual herbs. What kind of concept was it to get 1100 points in just one and a half days? Could it be that this guy was really hiding his true strength, but he just didn't seem to be on the table?

It wasn't just the crowd-even Lin Yi was taken aback by the score, but he quickly regained his composure, a faint smile on his lips. Xiao ran and Qiao hongcai, on the other hand, looked at Meng Tong's smug face and couldn't help but laugh.

Up until this point, the others didn't have time to look at Lin Yi's points carefully because they were afraid of him. As for Meng Tong, who ran away as soon as he came up, he didn't even know what Lin Yi's basket looked like and thought that Lin Yi would at most get five or six hundred points!

He'd been worried that Lin Yi would be above him after taking all the points from the other newbies, but he relaxed after hearing that Lin Yi was only taking a hundred points from each of them.

"Each person will only receive 100 points, which means that you can only get 1000 more points at most. According to your pretentious behavior, I guess you'll have to give some to the two trash. Hehe, newbie acting tough, this time you're really going to turn into an idiot!" Meng Tong jabbered on proudly.

The other newbies, on the other hand, were looking at Lin Yi with a mocking look in their eyes. Lin Yi didn't go all out on them, but they still paid a hundred points for it. They were happy to see Lin Yi in trouble.

"Is that so? Let's wait and see then. " Lin Yi smiled faintly and gave Xiao ran and Qiao hongcai a look. The two deliberately blocked Lin Yi's basket even more.

Since Meng Tong was so smug, he would let him be smug for a while longer. The surprise had to be left for the last!

"Heh, a dead duck is just stubborn!"

Seeing that Lin Yi didn't refute, Meng Tong was even more pleased with himself. The reason he could get so many points this time was not only because he stole it from Qiao hongcai, but also because Meng jueguang gave him a cheating device beforehand-a wood sensor!

This wood-type sensor could automatically sense all the spiritual herbs within a 100-meter radius and point out the direction. It was simply a divine weapon for collecting spiritual herbs! In comparison, Lin Yi's method of collecting elixirs with his observation skills was weak and couldn't be compared at all!

What Meng Tong didn't know was that there was a spirit beast called the Skybolt pig in this world, and its ability was at least ten times stronger than the wood sensor!

As they spoke, it was already noon. Just like before the trial began, the new disciples were still gathered in the square at the back of the mountain Hall, waiting quietly. The three elders that they had seen before were still sitting on the three wide open chairs, as solemn and Grand as ever. It gave people the feeling that the past three days had not moved at all.

Aside from the pavilion master, Hu Yunfeng, and a few other senior managers, there were two more people. He was no stranger to these two people.

One of them was Xu lingchong, and the other was a young girl he had met once before, Shangguan LAN 'er.

Seeing Lin Yi appear among the newbies, the little Curly Bear hanging on Shangguan LAN 'er's body immediately whimpered excitedly. If it wasn't for Shangguan LAN 'er stopping it, it would've probably struggled and ran to Lin Yi's side.

"Hey, hey, you heartless little white, what kind of potion did that guy feed you? You've never been this attentive to me in all these years!" Shangguan LAN 'er pouted and complained.

The back mountain Hall was one of the most remote places in the three great pavilions. If there was nothing special, she would not be willing to come all the way here. The reason why she had come this time was purely the result of the little Curly bear's coquettish behavior.

Just because she had heard Xu lingchong casually mention the newcomer's trial in the welcoming new pavilion while she was chatting with the other young masters and young ladies, this little Curly Bear seemed to have been bewitched and insisted on following her to join in the fun.

In the end, Shangguan LAN 'er had no choice but to go along with its wishes. Otherwise, this little guy would really make a big fuss at home.

At first, Shangguan LAN 'er was a little confused about this, thinking that the little Curly Bear just wanted to sneak to the back mountain to play, but seeing its reaction, she immediately understood. The little guy rushed here just to see Lin Yi!

He'd been treating Lin Yi with all his heart and soul for over a decade, and yet this little guy was treating Lin Yi, who he'd only played with for a couple of hours, with even more affection! How could he accept this?

In an instant, Shangguan LAN 'er's eyes were filled with jealousy and resentment as she looked at Lin Yi.

After realizing this, Lin Yi shrugged his shoulders in confusion. He still didn't know who this girl was, but from the way Xu lingchong and the others were treating her, this girl's background should be very deep!

Seeing that everyone had arrived, Hu Yunfeng asked the three elders for instructions. He then cleared his throat and announced, "Everyone, please be quiet. We'll now begin to record the trial points for the newbies and determine the final ranking."

As soon as he finished speaking, the six senior brothers in charge of the welcoming new pavilion entered their respective newcomer camps and began to announce their names one by one. As for the three high and mighty elders, they naturally didn't need to get involved in such trivial matters. They only needed to ensure fairness and fairness, and not let others secretly do anything to ruin the reputation of the back mountain Hall.

This process was not carried out by the three pavilions at the same time, but it was carried out first and later. The rising Sky Pavilion was first, the profound secrets Pavilion was second, and the GreenCloud Pavilion was naturally the last.

Since there weren't many people, the rankings were quickly decided. The average score of both pavilions was above 500 points, which was pretty good compared to the previous years. One thing worth mentioning was that the sky Pavilion's first place went to Kang Zhaoming, while Zhong pinliang got third place with a Foundation pill.

Chapter 3687 It's Definitely Broken!

Kang Zhaoming's strength wasn't that great, but Lin Yi wasn't surprised that he was able to get such a high ranking in a competition like this!

After all, Zhaoming was a refiner, and he was more sensitive to wood element herbs than anyone else. Plus, with lingchong's help, it was hard not to be first!

Of course, this had nothing to do with Lin Yi-he was happy that pinliang was in the top three!

After the soaring Pavilion and the mysterious Pavilion finished their work, it was finally the GreenCloud Pavilion's turn. However, the scores of four to five people were all hovering around two to three hundred points. It was completely incomparable to the scores of the newcomers from the two great pavilions. The three elders "originally satisfied faces immediately turned dark.

The newcomers from the rising Sky Pavilion and the mysterious Pavilion immediately burst into laughter without restraint. The bald elder who sat in the middle of the table frowned and said, ""The new disciples of the GreenCloud Pavilion have all fallen to such a state. It seems like I should raise a suggestion to the elder Council. In the future, there's no need for the GreenCloud Pavilion to recruit any more new disciples. It's just a waste of resources."

The two elders at the side also nodded their heads in agreement. No matter what, four to five people had only managed to obtain 200 to 300 points. This kind of result was truly terrible. At this rate, it was almost certain that they could break the record of the average score. It was just that these people were trying to break the upper limit, while this bunch of trash newcomers from the GreenCloud Pavilion were trying to break the lower limit.

Although the scores of the few people after him were better, they only hovered around 300 to 400 points. They still could not be compared with the scores of the rising Sky Pavilion and the mysterious Pavilion. It was only when Meng jueguang reported Meng Tong's score that everyone present was suddenly shocked.

"Meng Tong, 1600 points."

One thousand six hundred points!

What kind of concept was this? One must know that even the highest score of all the newbies in the previous two pavilions was only slightly over 1200 points. This score was a whole lot higher!

The newcomers from the other two pavilions were in an uproar. Even the three elders who were sitting on top were slightly stunned. After a moment, the bald elder nodded and said, "This newbie is not bad. He's very competitive. He should have snatched quite a few points from the other newbies. He's even helped the GreenCloud Pavilion to cover up its shame."

Hearing the bald elder's praise, Meng Tong couldn't help but proudly raise his chin at Lin Yi, who was at the end of the line. The provocation was obvious.

Lin Yi only curled his lips, not saying anything.

After Meng Tong's stunning performance, the other rookies once again recovered to their 300 - 400 points standard. Other than being ridiculed, it only served to further highlight Meng Tong's rarity. Just like what the bald-headed elder had said, this newbie was very competitive. When placed among the trash newbies of the GreenCloud Pavilion, he was like a crane standing among chickens!

"Xiao ran, one thousand and twenty-three points."

After seeing Xiao ran's points, the bitter-faced senior was overjoyed. This result was much better than his expectation of being completely annihilated. Meng jueguang, on the other hand, was a little stunned. He glared at Meng Tong in dissatisfaction after coming back to his senses. He had put in a lot of effort in order to shut Lin Yi's gang out in the test.

Not only did he prepare a wood-type sensor for Meng Tong to ensure that he would be first, but he also specifically mobilised the newcomers so that they would completely listen to Meng Tong's instructions during the trial.

Logically speaking, Meng Tong had brought so many people to deal with Lin Yi's group, and as long as there were no major problems, it should be a piece of cake to perfectly shut out Lin Yi's group. And now, even before Lin Yi's turn, Xiao ran had already earned over a thousand points and reserved a spot in the top three!

"You can't even do such a small thing, what a waste!" Meng jueguang turned around and cursed.

"Ninth older cousin brother, you really can't blame me for this. There is a reason for this. I will tell you in detail later." Meng Tong awkwardly scratched his head and explained.

"There's a reason? I'd like to hear what excuse you've come up with!" Meng jueguang simply didn't believe that there was any reason to explain his failure with such a huge gap in strength, but it wasn't the right time to say anything, so he could only let Meng Tong off for the time being and deal with this incompetent fellow later.

"Qiao hongcai, five hundred points."

Meng jueguang's face immediately turned even uglier. Although 500 points wasn't considered high, it was already a rare high score given that so many of the GreenCloud Pavilion's new disciples had an average of 300 to 400 points.

He didn't have any hope of killing Lin Yi's gang now. The only good thing was that he had prepared a wood sensor for Meng Tong, at least he wouldn't lose first place. After all, a high score of 1600 points. Unless they wantonly plundered other rookies or simply cheated, it was impossible for ordinary rookies to reach such a high score.

However, when it was Lin Yi's turn, Meng jueguang was dumbfounded when he saw the number on the basket.

"Eh? Jueguang, what are you doing there? hurry up and report!" Hu Yunfeng glared at Meng jueguang, displeased. Lin Yi was the last one, and everyone, including the three elders, was waiting.

"Oh, okay." Meng jueguang came back to his senses and rubbed his eyes in disbelief. When he realized that the number was still the same, he reported in disbelief, "Lin Yi, one thousand eight hundred points."

One thousand eight hundred points! The crowd went crazy. Meng Tong's 1600 points had already shocked them, but they didn't expect an even more impressive one to appear!

"F * ck! How is that possible?" Meng Tong, who was originally determined to win, was dumbfounded.

He was ready to celebrate the first place, after all. That idiot Lin Yi had already given Xiao ran and Qiao hongcai a full 1000 points, so how could he still have 1800 points? Ninth older cousin must have seen wrongly, it should be eight hundred points!

However, when he pounced over to take a look, it clearly showed that he had 1800 points!

"This ... This must be a broken basket, right?" Meng Tong stammered to Meng jueguang, who was also in disbelief.

Lin Yi had given Xiao ran and Qiao hongcai all the points he got, which meant that he had collected all the points he had left.

Lin Yi didn't have a wood sensor like Meng Tong did, and he didn't have a way to get 1800 points by himself. There was only one explanation left-the basket was broken!

"That's right, it's possible. I request to open it and check!" Meng jueguang didn't believe that Lin Yi was able to get such a high score on his own, but he was convinced by Meng Tong's words.

Chapter 3688 Can't Afford To Lose And Wants To Cheat

Hu Yun Feng glanced at the three elders, and seeing that they had no intention of objecting, he nodded and called for a specialized Alchemist from the back mountain Hall to come and examine him in public.

Don't forget that Xu lingchong was standing beside him. Lin Yi was the one who provoked young master Xu publicly. Even if it was to please young master Xu, he didn't want Lin Yi to get a good ranking, let alone a record-breaking high score of 1800 points!

The examiner took Lin Yi's basket over and started taking out the herbs one by one to calculate the points. The crowd, on the other hand, didn't even dare to take a deep breath as they looked at Lin Yi and the herbs on the ground with complicated expressions.

"This ... There won't be any problems, right?" The poor guy stood nervously beside Lin Yi. Compared to the calm Lin Yi, he was more nervous as a bystander, like an Emperor rushing a eunuch.

On one hand, he really hoped that Lin Yi's score was real-that way, he'd be able to get the important Foundation pill as a reward, and he'd be able to put down the arrogance of Meng jueguang and his gang. On the other hand, his rationality told him that the score was too much of an exaggeration-it couldn't be real.

Because the strength of the newcomers was not much different from each other, and there was not enough time, even in the most intense competition in the past years, there had never been a precedent of a person being able to reach a high score of 1800 points!

The reason was very simple. Even if one's strength was higher than the newcomers in the same batch, when one of them successfully snatched the points of the other two newcomers, he would immediately become the target of public criticism. It was almost impossible to retreat in one piece until the end of the trial.

Unless this person was so strong that no one would dare to fight him even if they worked together. Although the miserable senior brother was confident in Lin Yi's strength, he wasn't blind to that extent. After all, as far as he knew, Lin Yi was only sky Class full master, not an early Foundation Stage master that was above all the new people.

Lin Yi only smiled faintly at the question, "Don't worry, there won't be any problems. "

Time passed, and the medicine came to a conclusion very quickly."Elders, this Lin Yi has 1800 points, it's confirmed."

The whole place went silent as they looked at Lin Yi as if they had seen a ghost.

As for Meng Jueguang and Meng Tong, they were even more dejected after hearing this. This drug tester was a neutral member of the rear mountain Palace. His words were equivalent to the words of the three elders present. Even if they were given ten times more courage, they would not dare to have the slightest objection at this moment.

"Ninth older cousin, what do we do now?" Meng Tong asked in a low voice.

According to the current points, Lin Yi would be first, Meng Tong second, and Xiao ran third.

Although the top three would receive a foundation building pill as a reward, the first place would still receive an additional ten pieces of spiritual Jade, which was equivalent to three months 'worth of work in the Kuangqu. It was clearly something that he was determined to get, so how could he let it slip by so easily?

Moreover, being the first was an honor. The top ten disciples would be recorded, and it would be an honor to enter the GreenCloud Pavilion in the future!

Meng Jueguang looked at the three elders sitting above him with some embarrassment. If it was only within the welcoming new pavilion, he might have a way to get in touch with Hu Yunfeng and play some tricks. But this was the back mountain Hall. If he dared to play any tricks in front of everyone, the three elders would probably kill him on the spot.

After all, these three elders didn't know who Meng jueguang was, and they wouldn't allow gossip to spread around for such a small character. If the newcomer's trial was still called unfair under their supervision, then their three old faces would be embarrassed.

It wasn't easy to do anything under the eyes of the three elders, but if they just watched Lin Yi take first place, even Meng jueguang wouldn't be able to take it, let alone Meng Tong.

Time waited for no one—since the examiner had already confirmed Lin Yi's points, the final ranking was out as well. But just as Hu Yunfeng was about to force himself to announce it, lingchong gave him a look.

"Young master Xu, what are your orders?" Hu Yunfeng hurriedly nodded and bowed.

Xu lingchong glanced at him and said expressionlessly, "I don't care what method you use, but Lin Yi can't get first! Otherwise, how am I supposed to stand in front of all these new people?"

"This ..." Hu Yunfeng was put in a difficult position. He looked at the three elders carefully. He was the head of the pavilion, but he was nothing in the back mountain Hall. If he dared to go against Lin Yi, he might be kicked out of the pavilion master's position in the next moment.

However, Xu lingchong's grandfather, Xu Yuanzheng, was his most important backer. If he offended this young master Xu, his end would also not be good.

Just as Hu Yunfeng was caught in a dilemma, Meng jueguang suddenly jogged up to him and Xu lingchong and whispered, "Young master Xu, master, I have a way to stop Lin Yi from getting first!"

Hu Yunfeng was immediately overjoyed and hurriedly said, "What good idea do you have? hurry up and tell me."

"At this point, Lin Yi's points are already set in stone-it'll be very hard for us to keep him down. However, this doesn't mean that he can naturally get first place. As long as we create a higher score than him, won't we be able to surpass him?" Meng jueguang said.

Xu lingchong and Hu Yunfeng looked at each other. Hu Yunfeng asked suspiciously, "Is it possible to create a higher score than him? Lin Yi has a total of 1800 points, and the other newbies' points have already been announced, so there's no way to change it, right?"

"His 1800 points is indeed high, but Meng Tong's 1600 points isn't that low either. We just need to find a newbie to contribute 200 points to Meng Tong and we'll be able to surpass Lin Yi, right?" Meng jueguang said carefully. With his current influence among the newcomers, it was not difficult for him to do this.

Lingchong Xu was a little moved-he didn't care who got first as long as he didn't let that Lin Yi have the last laugh.

However, Hu Yunfeng still had doubts in his heart. "According to the rules, once we return to the back mountain Hall, it means that the trial has ended. We are not allowed to snatch from each other, nor are we allowed to give each other spiritual herbs to manipulate the trial's ranking. Can we do this?"

Chapter 3689 Furious

Meng jueguang nodded. "Pavilion master, if you were the only one here to face the three elders of the rear Mountain Hall, it would indeed be very difficult for us to succeed. But isn't young master Xu here today? the elders of the rear Mountain Hall are also human. Are they not willing to give young master Xu this little bit of face?"

Xu lingchong immediately laughed. He might not have the ability to make the three elders present turn black into white. However, it would not be a problem for them to turn a blind eye to such a small matter.

No matter what was said, his grandfather Xu Yuanzheng was a big Shot who had occupied a position in the elder Council. Even the three rear mountain Palace elders present had to give him face.

As for whether the three elders would cooperate, this point was actually obvious. After all, no matter how soft Xu lingchong and the others "voices were, with the three elders" strength, there was no way they could hide from their senses. From the beginning to the end, they did not open their mouths to stop them, not even saying a word. This in itself already represented their tacit agreement.

After getting Xu lingchong and Hu Yunfeng's approval, Meng jueguang turned around and returned to the newbies. He inadvertently glanced in Lin Yi's direction, but the situation in front of him surprised him.

Just as he and Xu lingchong were plotting, the Miss Shangguan LAN 'er lowered herself to look for Lin Yi. One had to know that she wasn't just a beauty with unparalleled looks, she was also the granddaughter of the rising Sky Pavilion's master, Shangguan Tianhua!

How many lifetimes of fortune did this country bumpkin have to accumulate for this Princess-like miss to strike up a conversation with him!

It wasn't just Meng jueguang-all the other newbies were looking at Lin Yi with envy, jealousy, and hatred, some of them even wishing they could kill him with their eyes and take his place!

Even young master Xu lingchong's expression changed when he saw this scene. After all, he was one of Shangguan LAN 'er's many suitors!

His grandfather, Xu Yuanzheng, had warned him more than once that if he wanted to rise to the top of the rising Sky Pavilion in the future, he had to cling to Shangguan Tianhua, and pursuing Shangguan LAN 'er was the best way to do so. This was related to the Xu family's future, and they could not afford to lose this.

Therefore, in the past few years, he, young master Xu, had spent countless efforts to win the hearts of young girls, but Shangguan LAN 'er had always ignored him. He didn't expect that today, she would take the initiative to hit on a country bumpkin like Lin Yi. How could he accept this?

This kind of feeling was simply like a tall, rich, and handsome man losing to a poor loser!

She didn't know that Shangguan LAN 'er had never even thought of hitting on Lin Yi-she was being forced to do it! The one who wanted to get closer to Lin Yi was the little Curly Bear, who was hanging on her back but couldn't wait to get into Lin Yi's arms!

This ungrateful little bastard! Shangguan LAN 'er cursed in her heart, but under the little Curly bear's coquettish attack, she could not bear to ignore it. She could only grit her teeth and bear the strange looks from the audience.

Fortunately, Lin Yi wasn't as annoying as he thought-if it was someone else, they'd be asking questions like Xu lingchong and the others, trying to get close to him when this opportunity presented itself to

them. Lin Yi, however, didn't have the intention to follow the lead and only greeted him with a calm expression.

However, Shangguan LAN 'er, who was used to being surrounded by people, felt strange. What was Lin Yi trying to do? Could it be that she had no attraction to him?

After sensing the strange resentment in Shangguan LAN 'er's eyes, Lin Yi was completely confused. From the beginning to the end, he had never offended this miss.

However, Lin Yi didn't have the time to care about this miss "state of mind. From Meng jueguang's strange actions just now, he'd already sensed a hint of conspiracy. Now, Hu Yunfeng was finally going to announce the final rankings.

"Before we announce the final trial results of the GreenCloud Pavilion's new disciples, some of Meng Tong's elixirs were temporarily stored in Lee Zhengming's basket. Therefore, the points for these elixirs will have to be re-calculated. I can only ask The Alchemist from the back mountain Hall to make another trip." Hu Yun Feng's expression didn't change as he spoke with conviction.

The first few newcomers had already finished singing, so it was impossible for them to change their scores. However, Lee Zheng Ming's score had not been announced yet. Moreover, Meng jueguang felt that Lee Zheng Ming was closer to him, so it would be easier for him to coordinate with him!

There was an uproar among the new disciples from the three pavilions. Although Hu Yunfeng's words were Grand and majestic, those with discerning eyes knew that he was cheating. However, even the three elders turned a blind eye to it. These new disciples naturally would not risk offending Xu lingchong and Hu Yunfeng to step forward and question him. After all, this matter did not concern them, so they just let it be.

"Damn, this is too shameless!" Xiao ran, Qiao hongcai, and the others couldn't contain their anger-this shameless move was clearly aimed at Lin Yi!

The poor guy wanted to protest, but Lin Yi stopped him. The guy was shameless, but even the three elders didn't say anything.

They were all alone. If they rashly protested on this occasion and embarrassed these big shots, things would be difficult to deal with later!

However, Lin Yi didn't plan on giving away the first place so easily. He wanted to see what the other party would do next!

"Meng Tong's final score is 1800 points." The drug tester quickly gave the results.

The crowd was shocked again-1800 points, no more, no less-it was the same as Lin Yi!

Not only did the audience not expect this, even Meng jueguang himself did not expect it. He had specifically asked Lee Zhengming to take out more than 200 points of elixirs. In the end, he did not expect this guy to be so stingy. He took out exactly 200 points and did not give a single extra point!

"You're crazy! One more and I'll die, you know? now you're on the same level as that bastard Lin Yi, you're doing this on purpose, aren't you?" Meng Tong couldn't help but curse in exasperation.

This opportunity to turn the tables was something that Meng jueguang had fought for for him with great difficulty. If Lee Zheng Ming's stinginess were to ruin it, then it would be a big joke.

Hearing Meng Tong's words, Lee Zhengming's face suddenly turned extremely gloomy. 'F * ck, I've already contributed a whole 200 points to you for free, and not only did you not thank me, you even started cursing me. How can a person be so cheap?'

However, even though he was roaring in his heart, Lee Zheng Ming's expression did not change. No matter how much Meng Tong complained and cursed in his ear, he remained unmoved.

Chapter 3690 Unexpected Interference

Even Meng jueguang could not bear to watch Meng Tong's idiotic behavior. After gesturing for him to shut up, he turned to Lee Zhengming and whispered, "Zhengming, before the final announcement of the rankings is made, why don't you take out some more spirit herbs? After all, if the points are the same, it won't be easy!"

Lee Zheng Ming gritted his teeth and looked at Meng Jue Guang, "Senior brother Meng, I have three hundred and twenty points now, which just happens to be in tenth place. If you take out another spirit herb, then I'll fall out of tenth place!"

Lee Zheng Ming did not have any herbs that were of poor quality. The lowest score of the herbs he had was two points, and the person in the eleventh place had 319 points. Even if he took out the herb with the lowest score, he would still be ranked eleventh!

Meng jueguang was slightly taken aback, but he quickly replied, "You want the reward for the top ten? No problem. As long as Meng Tong gets first place, I'll ask him to compensate you with five pieces of spiritual Jade. That's much better than the three pieces of spiritual Jade you'll get for getting into the top ten, right?"

Unexpectedly, Lee Zheng Ming was not moved at all. He shook his head and said, "Senior brother Meng, you've misunderstood. I'm not coveting this bit of spirit Jade. I just don't want to fall out of the top ten. In all of the welcoming new pavilion's official competitions, regardless of whether it's the newcomer's trial or the ranking competition, as long as one falls outside of the top ten, it will leave an indelible stain on the newcomer's resume. Once this stain is carried, it means that one's ability is lacking in at least one aspect. In this way, even if one enters the GreenCloud Pavilion in the future, they will not be valued and will only be reduced to a completely marginalized figure. This is what senior brother Meng told us personally!"

This time, Meng jueguang was left speechless.

What Lee Zheng Ming said was indeed taught by him, and it was the truth. However, he did not expect that these words would have an effect at this time, and it was even the opposite effect!

In this case, if it was just to let Meng Tong suppress Lin Yi and get first place, forcing Li Zhengming out of the top ten, it was indeed a bit unreasonable. After all, Lee Zhengming was the first newcomer to join him other than Meng Tong. It was not a good thing to trick his own people like this. If word got out, it would only disturb the People's hearts.

However, now that things had come to this, he couldn't use the same trick again. He couldn't say that Meng Tong had left some elixirs with other newcomers, because that would be an insult to everyone's intelligence. Even the three elders wouldn't agree to it.

Now that things had come to this, young master Xu had to think of a way to exert more influence. Fortunately, Meng Tong's score wasn't higher than Lin Yi 's, but it wasn't lower either, so it should be easy to manipulate him.

Meng jueguang explained the situation to Xu lingchong and Hu Yunfeng in detail. Xu lingchong was a little displeased that this guy couldn't even handle such a small matter, but in order to prevent Lin Yi from getting first place in the end, she could only nod with a dark face.

After all, at this time, except for him, the others, including Hu Yunfeng, were too low in level. They couldn't directly talk to the three elders, let alone make the three elders do them a favor.

Xu Ling rushed over and said a few words to the bald elder sitting in the middle, then nodded to Hu Yunfeng and Meng jueguang. The matter was settled.

Hu Yunfeng and the other man were overjoyed. They secretly praised young master Xu in their hearts. No matter where he went, he was popular. Even the elder of the rear Mountain Hall had to give him face!

However, they were thinking too much. Although young master Xu's reputation was not small, it was not to the extent that even an elder would have to do him a favor.

The reason why he was able to deal with it so smoothly this time was entirely because this bald-headed elder had a good personal relationship with his grandfather, Xu Yuanzheng. Otherwise, even he, young master Xu, would not be able to speak a single word.

In the three great pavilions, regardless of whether one had entered the elder Council, any elder was a big Shot. Ordinary disciples could only tremble in fear in front of them. This rule was not easily broken even for someone with a deep background like young master Xu. Of course, it would be a different story if he was an elder who had a good personal relationship with his grandfather.

After receiving Xu lingchong's signal, Hu Yunfeng cleared his throat and said,""The final results are out. Meng Tong has 1800 points and Lin Yi has 1800 points. Both of them are tied for first place. However, according to the rules of the newcomer's trial in the past, there has never been a tie. If the two people's final points are equal, the elder stationed at the back mountain Hall will determine who is stronger based on their behavior and performance in the trial. "

These three elders were able to observe everyone's behavior and performance during the trial? Lin Yi was surprised, but after thinking about it for a while, he understood.

Since Hu Yunfeng had said this in front of everyone, he shouldn't have just made it up, so he must have made it clear.

With the powerful strength of these three elders, if they were coupled with the various restrictions and arrays of the back mountain, it should not be too difficult to monitor the situation in the back mountain. After all, their main task was to guard the back mountain. If they could not even do the most basic monitoring, how could they talk about guarding?

But Lin Yi believed that even if it was monitoring, it wouldn't be too detailed. At most, they would only pay attention to a few places where there was a lot of movement. After all, the back mountain was so big. If they really paid attention to every place at all times, even if thirty or three hundred elders came, they would only die of exhaustion, let alone three elders.

This made Lin Yi more careful-if he entered the back mountain again in the future, he'd have to be more careful when he did something big. He didn't know when his secret would be discovered, and it'd be troublesome.

Under Hu Yunfeng's request, Lin Yi and Meng Tong, who were the two involved, walked to an empty space in front of them, so that the elders could recall their performance during the trial.

Everyone held their breath as they waited. The bald elder, who had the most say in this, looked at the two carefully and was about to announce the result when there was a commotion from the newbies below. A little guy with black and white stripes jumped out from the crowd and jumped on Lin Yi's back.

The bald-headed elder's eyebrows twitched. He was about to berate her, but the pretty figure that followed out made him swallow the words that were about to come out of his mouth. There was no other reason. This young girl's background was so deep that even he was frightened!

Although Xu lingchong's grandfather, Xu Yuanzheng, was also a Big Shot in the elder Council, this girl's grandfather was the pavilion master of the rising Sky Pavilion, one of the top three figures on the entire northern part of the Sky Class Island. Whether it was strength or power, he was a lot higher than Xu Yuanzheng!
