

## Bodyguard 4341

### Chapter 4341 Framed

With Lin Yi's current strength, he could deal with a nascent Soul Stage master, but if he wanted to fight against Cheng haonan's entire poison eye mercenary group by himself, he was thinking too much. There was no chance of winning at all, and if it really came to the point where he had to fight to the death, he wouldn't be able to continue staying in the Yu arc sea.

Lin Yi was never afraid of trouble, but he wouldn't go looking for trouble. He didn't want to fight the entire poison eyes mercenary group unless it was absolutely necessary. At least before he left the Yu Luo Sea area, it was best to avoid these things as much as possible.

Under the gazes of the crowd, Lin Yi turned around and picked up the unconscious Man in Black with one hand. He walked towards Qitian bodyguard agency, leaving the people at the dock to discuss.

"Heh, even an expert like old Kong can be crippled just like that. This person is really powerful. Looks like our rising arc city has a new talent who's going to stand out!"

"He's clearly in the middle jiedan stage, but he was able to send a peak early Yuanying stage expert flying with one move. Don't tell me he's a genius disciple from some big force who came out to gain experience?"

"Well, it's very likely. I heard that the Morning Star Academy of the East continent has been selecting disciples in the Zhen Duan Sea area a few days ago. This person might be a genius disciple from the Academy and came here in advance!"

"Ignorant and ill-informed, what do you know! This person isn't even a disciple of the morning stars Academy. He's an escort from the Qitian bodyguard agency. I think his name is Ling Yi or something. He's an expert that the young master Qi Wenhan personally tried to rope in!"

"Yes, yes, I remember now. The last time he fought with Cheng Qitian here, he had the upper hand, but he lost to the same person twice. This young master Guitian is really blind ..."

"Hehe, these people from the poison eye mercenary group have always been arrogant and despotic, especially this young master Guitian. Damn it, he makes me pay protection fees every day, and even the dock has become his family's property. Hmph, this time they've finally met an iron nail, they deserve it!"

"Shh! Lower your voice, the poison eye mercenary group is here, we should hide. "

Whatever happened at the dock had nothing to do with Lin Yi anymore. He carried the Man in Black to Qitian bodyguard agency and threw him on a haystack in the corner of the yard. He wouldn't be waking up anytime soon anyway, so he didn't have to worry about him running away.

As they walked towards the mission Hall, the two guards at the door were surprised to see Lin Yi return so suddenly. They looked at each other and whispered, "This guy actually dared to come back. He's really thick-skinned ..."

"What do you mean?" Lin Yi frowned and looked at the two, confused. As escorts of the Qitian bodyguard agency, it was only natural for them to come back to hand in their mission. How was this thick-skinned? someone must be behind this!

The guards didn't stop Lin Yi from talking. No matter how heated the discussion was, they wouldn't do anything without orders from the higher-ups. They only looked at Lin Yi with strange expressions as he entered the mission Hall.

The mission Hall was filled with people. There were more than a dozen bodyguards gathered there, including the two people who had worked with Lin Yi before—Li Yanji and Guan Zhiyuan.

The manager was in the middle of assigning tasks to everyone, and the escorts were all eager to try. It seemed like it was a good job with high pay and low risk, but when Lin Yi walked in, the hall suddenly quieted down. Everyone's eyes were focused on Lin Yi, all of them with complicated expressions.

Li Yanji and Guan Zhiyuan, in particular, were shocked when they saw Lin Yi. They looked at each other subconsciously, their eyes filled with panic.

Lin Yi cupped his hands at the crowd and was about to speak when Li Yanji jumped out and pointed at Lin Yi, "You're such a daring traitor! Lin Yi, I didn't expect you to have the guts to come back! Everyone, let's take down this traitor! Don't let him escape!"

"That's right. It's an insult to all of us for such a scum to appear here. We must capture him and punish him severely as a warning to others!" Guan Zhiyuan, who was standing at the side, jumped out to help.

The other people didn't react as strongly as the two, but their eyes were filled with disdain and even some hostility. Even so, it was impossible for the two to get them to attack together. They were all experienced people, and they wouldn't let themselves be used like this.

Sure enough, it was the doing of these two guys! Lin Yi saw the scene and understood the situation immediately.

"What do you mean?" Lin Yi laughed coldly as he looked at the two. He wanted to see how these two were going to continue their act.

"What do you mean? Hmph, your skin is really thick to a certain level. After doing such a shameless thing, you still dare to come back and act like nothing has happened?" Li Yanji sneered. To the outsiders who didn't know, it was as if it was true.

"Kid, let me tell you this. In our Qitian escort agency, deserting in the face of a battle is considered a rebellion. That is a serious crime. Moreover, what you did back then was not as simple as deserting in the face of a battle. You were the Tiger's accomplice and caused our entire escort agency's reputation to be damaged. You even offered an astronomical compensation. Hmph, even a few lives of yours won't be enough to pay for it!" Guan Zhiyuan chimed in from the side.

Lin Yi's lips twitched at the scene-these two weren't that strong, nor were they that brave, but they were great at acting. No wonder so many people were bewitched by them ...

"Villainy for the Tiger? Why don't you tell me how I helped the Tiger?" Lin Yi wasn't as angry as everyone thought he would be-he smiled calmly and asked the question back. The way he looked at the two was like he was looking at two clowns, not even putting them in his eyes.

"You traitor, you still dare to be so arrogant!" Li Guan and Ling Yi looked at each other, and their hearts skipped a beat. To them, the best situation would be to provoke Ling Yi with words, and then let him do something desperate. This way, Ling Yi's crime would be confirmed, and they would kill him to silence him. This would end everything, and there wouldn't be any side effects.

However, they had never expected Ling Yi to remain so calm and collected even when the blame had been placed on him. He didn't seem to be angry at all. What were they supposed to do? He couldn't just kill someone in front of everyone, right?

Chapter 4342 What's The Truth?

If that was the case, the bodyguards present might not think much of it. However, it would be difficult to explain to the young master, Qi Wenhan. After all, he was the young master of the Qitian bodyguard agency. No matter how big the mistake his bodyguards made, they could only be dealt with by him. No one else had the right to overstep their boundaries.

"Arrogant? I don't think so, a straight man is not afraid of a crooked shadow. But you two are so excited, is there some unspeakable conspiracy?" Lin Yi crossed his arms and smiled.

In his eyes, the two weren't strong enough to withstand a single blow, and they weren't good at scheming either. There was nothing to worry about, and with Lin Yi's personality, he wouldn't get angry over these two.

After all, they were not on the same level at all. They had seen people fighting with each other, but they had never seen people fighting with ants, right? He would either ignore them or crush them to death. There was no need to be angry at all.

"Hmph! You have a sharp tongue!" Seeing that the other party was so calm, Li Guan and Li Yunmu immediately had a bad premonition. If they continued to drag things out like this, something might go wrong. Li Yanji suddenly had an idea and said, "Where's the woman? Why didn't she come back with you? Could it be that she followed a pirate to become a pirate lady?"

"That's right. You used your Junior Sister to curry favor with the Pirates. It seems that you've completely lost your Junior Sister. You still have the nerve to come back alone. I've seen many shameless people, but I've never seen one as shameless as you!" Guan Zhiyuan laughed coldly.

"If you're just spreading rumors and causing trouble, I can still consider sparing your dog lives. But since you've slandered my Junior Sister, I can only say one thing to the two of you. I'm deeply sorry." Lin Yi's eyes suddenly turned cold, and killing intent flashed in them. Although he didn't release much of his aura, all the bodyguards present felt a chill in their hearts and subconsciously took a few steps back.

"Hmph! We've finally poked your sore spot. You've been driven to desperation, haven't you? If you have the ability, show me your finger!" Li Yanji and Guan Zhiyuan weren't surprised, but were happy instead. They continued to provoke Lin Yi, hoping that Lin Yi would attack them in anger. Everything would be easier then.

"Hehe, do you really think that I don't dare to kill you?" Lin Yi looked at the two clowns with pity. If he didn't have any evidence, he might not be able to clear his name and be charged with treason. Unfortunately, he had solid evidence in his hands, so he wasn't afraid of these two's slander.

"Hmph, Hmph, you're really arrogant. Why don't you try killing us? With your strength of the early jiedan stage, you dare to throw me away, aren't you afraid of being laughed at? Hahahaha!" Li Guan and the other man continued to provoke.

"You don't know what's good for you." Lin Yi shook his head faintly and was ready to kill the two. One was a peak mid-stage golden core cultivator, and the other was a mid-stage golden core cultivator. They weren't strong enough.

However, at this moment, a person suddenly walked out from the inner hall. He looked at the crowd and frowned. "Why are you making a ruckus here instead of doing your work?"

"Good day, young master." One of the bodyguards greeted him in unison. The man was the young master of the Qitian bodyguard agency, Qi Wenhan.

Lin Yi suppressed his killing intent. He had solid evidence, so even if he killed Li Yanji and Guan Zhiyuan, the truth would still be revealed. However, if he did it in front of Qi Wenhan, it would be too much. Even if he explained the situation, he wouldn't be able to stay at the Qitian bodyguard agency anymore.

Plus, from their previous interactions, Lin Yi felt that Qi Wenhan was quite a smart person. He didn't seem like someone who would be fooled by Li Yanji and Guan Zhiyuan with just a few words. He might as well wait and see what he had to say.

His eyes swept across the crowd and finally landed on Lin Yi in the middle. Qi Wenhan couldn't help but be shocked, and his expression became complicated.

"Ling Yi, the traitor, has returned. Young master, please punish him severely as a warning to others!" The Li Guan duo's expressions were also somewhat subtle when they saw this, as they hurriedly jumped out and said.

The two of them sighed in their hearts. Ling Yi had already taken the bait. Once they made their move, everything would be fine. However, Qi Wenhan had to come at this time. The situation was out of control again ...

They didn't know that if Qi Wenhan hadn't come out, the two of them would have become two dead bodies by now. They didn't even know that they had come back from the gates of hell. They even felt

sorry for this. There was really nothing in the world that was lacking except for idiots who thought they were smart.

Qi Wenhan's face darkened as he looked at Lin Yi. He didn't speak immediately, but waved his hand at the two, telling them to calm down.

About a month ago, li Yanji and Guan Zhiyuan had returned empty-handed and found out that their heavy goods had been stolen. The Qitian bodyguard agency had been having a hard time. As the young master who was gradually taking over the agency, he was in a terrible state.

Qitian bodyguard agency's reputation, which had been built up for decades, was greatly damaged because of this incident. Even its position in the Jianghu of the Xiao Luo Sea area was in danger. Not only that, they had to pay the Hong Chamber of Commerce 300000 spiritual jades according to the original price of the goods according to the contract they had signed in advance. Only then did they manage to shut the Hong Chamber of Commerce up and not spread the news.

This series of losses was a huge blow to the Qitian bodyguard agency, especially to the young master Qi Wenhan. According to li Yanji and Guan Zhiyuan's reports, the main culprits of all these losses were Lin Yi and Guan Zhiyuan!

"Even though the other party had four peak late golden core cultivators, there were four of us too. Even if there was a huge difference in our strength, if we fought to the death, we would still have a chance. However, I didn't expect Ling Yi and his Junior Sister to surrender on the spot when they encountered the enemy. They even turned around and became the claws and teeth of the Pirates, helping the Tiger. The two of us had no choice but to let the DART fall into the hands of the Pirates." This was what li Yanji and Guan Zhiyuan had said back then.

If that was the case, then the two of them were the culprits of this incident without a doubt. They even had reason to speculate that the Pirates were in cahoots with the two of them in advance, or they wouldn't have been so coincidental to wait for them, and the two of them wouldn't have surrendered so naturally.

However, Qi Wenhan didn't completely believe this one-sided story. When he heard this, he was actually quite puzzled.

He'd only interacted with Lin Yi once, but his instincts told him that this guy wasn't the kind of person who'd double-cross others!

Chapter 4343 Evidence?

As the young master of the bodyguard agency, he had seen all kinds of people. Qi Wenhan had always been very confident in his judgment of people, and he had never made any mistakes.

Moreover, if this Ling Yi really was a traitor, he would have surrendered to the Pirates without a second thought. Why would he dare to come back alone now? There were only two possibilities. Either he was not afraid of death, or there was something else.

Although Qi Wenhan was relatively objective, his expression was not any better. After all, because of this incident, he had been suffering for an entire month. It was not until yesterday that he finally gathered the 300000 spiritual Jade that he had to pay to the Hong Chamber of Commerce and sent it to Wei Zhaotong. This matter was considered to have come to an end.

Qi Wenhan didn't expect that Ling Yi would return alone after he dealt with the problem outside. This was good. After all, there was no knowing what a person's heart was. He could confront Li Yanji and Guan Zhiyuan today. The impact of this incident was too great. He had to figure out the cause and effect, or he would not let this matter rest!

"Li Yanji, Guan Zhiyuan, Ling Yi, the three of you are involved in this matter. In front of everyone, I want you to explain everything clearly. We must settle this matter today!" Qi Wenhan said to everyone in a deep voice.

"Yes, young master, I'll go first!" Li Yanji hurriedly said. Anyone with a little bit of experience would know that this kind of thing was beneficial to the party who spoke first, because everyone would have the first impression. As long as there was no big mistake in logic, they would naturally be in an invincible position.

Moreover, he and Guan Zhiyuan were both long-term bodyguards of the Qitian bodyguard agency. Their experience was far beyond Lin Yi 's, who had just joined as a nominal bodyguard. No matter how fair and just Qi Wenhan was, it was inevitable that there would be a difference between close and distant relatives. It was only natural that he would believe the two of them more.

The two of them didn't expect things to turn out like this. They had nowhere to go now, and they could only slander Lin Yi in front of everyone so that he couldn't defend himself!

When the two of them escaped, they insisted that Lin Yi and Guan Zhiyuan were the main culprits of this incident. They took advantage of Lin Yi and Huang Xiaotao's absence to throw the blame on them. If they didn't do this and let others know that they surrendered without a fight, they wouldn't be able to be escorts anymore. At least, they wouldn't have a place in the Qitian bodyguard agency.

And now, they were in an even more difficult situation. If the truth came out and everyone knew that they not only surrendered without a fight, but also slandered their companions, it would be a serious matter. Not only would they lose their jobs, but according to the rules of the martial arts world, such treachery would be punishable by three knives and six holes!

So no matter what, Li Yanji and Guan Zhiyuan had to make Lin Yi's crime real today, and it had to be flawless, leaving him with nothing to say.

Hearing this, Qi Wenhan nodded nonchalantly. In any case, the three of them were confronting each other. As long as the truth could be revealed, it didn't matter who spoke first.

"That day, we set off from Black Arc City. The escort route was strictly confidential. Other than you and shopkeeper Wei, there were only the four of us. Moreover, because the route we chose was very hidden and the sea fog was thick, we wouldn't encounter anyone under normal circumstances, let alone Pirates, unless ..." Li Yanji was afraid of making a mistake. He spoke with great consideration. In the ears of the crowd, it sounded very logical.

"Unless what? Continue." Qi Wenhan said coldly.

"Yes, there's only one explanation for being ambushed by the Pirates under such circumstances. Someone is a mole!" Li Yanji said decisively. He didn't make up this story at the last moment. After all, the situation when the Pirates appeared was indeed very strange. If it was said that these Pirates were not well prepared, but had accidentally passed through that desolate place, it would be too coincidental.

Everyone present nodded. This analysis was reasonable. They were all experienced, and the possibility of a traitor was very high.

"That's right. When the four peak late golden core Pirates appeared, Brother Li and I didn't even have time to react. Ling one and his Junior Sister immediately surrendered and even helped the Pirates to keep an eye on us. It was two against six, so we had no choice but to let them do as they pleased. It's obvious who the mole is!" Guan Zhiyuan followed up and secretly exchanged glances with Li Yanji. The two of them felt that his words were impeccable and were extremely proud of themselves.

At that moment, everyone's eyes were focused on Lin Yi again. According to what the two said, Lin Yi was really going to be accused of being a traitor.

"Ling Yi, what do you say?" Qi Wenhan said as he looked at Lin Yi. It didn't matter if he believed the two's words or not. Since they were going to confront each other, he had to give Lin Yi a chance to speak.

Lin Yi smiled faintly and turned to the two, his eyebrows raised. "Are you two done?"

"I'm done. Why? Do you still want to deny it? the facts are irrefutable, so there's nothing to explain, right?" Li Yanji sneered and said to Qi Wenhan, ""Young master, he has tacitly agreed. Please punish the traitor as a warning to others!"

Qi Wenhan furrowed his brows. Although it sounded like that was the case, it was a little thought-provoking that Li Guan and Ling Tian were so eager to pin the crime on Ling Yi.

"Hehe, are you two stupid? Brother Qi was asking me, not the two of you. Even a fool can see that there's something fishy about you being so anxious to punish me. Do you have a guilty conscience?" Lin Yi said with a smile.

"Guilty? What we've said is the truth, what's there to be guilty about? now that things have come to this, do you still want to turn around and frame a good person? Hmph, I advise you not to be too naive!" Guan Zhiyuan stomped his feet and laughed coldly.

"From the beginning to the end, it's just the two of you, and there's no evidence to speak of. Do I need to make a counter-charge? Do you think we're listening to a story and can come up with whatever we want?" Lin Yi couldn't help but smile as he looked at the two mischievously.

"Evidence?" Guan Zhiyuan was at a loss for words. His expression froze and he didn't know what to say.

"How can there be no evidence?" Li Yanji's eyes suddenly turned as he pointed at Lin Yi and swore, "These two pieces of ironclad evidence are enough to prove that you're a traitor!"

"Oh? Tell me about it. " Lin Yi wasn't in a hurry at all-he was looking at the two like a monkey on the street. He'd like to see what this guy was up to.

Chapter 4344 Show Me The Evidence!

Qi Wenhan and the rest of the people present all looked at Li Yanji. If there was really irrefutable evidence, then Lin Yi could forget about walking out of the Qitian bodyguard agency. The losses he had caused to the agency could not be repaid with a few lives.

"First, Guan Zhiyuan and I returned a month ago, but you've been waiting until now. If you weren't involved with the Pirates, why didn't you come back with us?" Li Yanji sneered smugly.

Everyone nodded. This was indeed a suspicious point, and it could also be used as evidence, because it could support what he had said before.

They didn't know that it wasn't that Lin Yi and Huang Xiaotao didn't want to come back with them, but that they couldn't. They were trapped in Zhenduan city.

"What else?" Lin Yi didn't argue and continued to smile.

"Second, why didn't your Junior Sister Huang come back with you? It's obvious that she's been taken in by a pirate as a pirate lady, so she can't come back, isn't that right?" Speaking up to this point, even Li Yanji himself began to admire his own quick-witted mind. This handle was simply flawless, as if it was real.

As expected, after hearing these two so-called pieces of evidence, Qi Wenhan and the others were only half-convinced at first, but now they believed at least 70 - 80% of it. Unless Lin Yi could come up with stronger evidence than this, no matter what he said next, it would be useless.

"Hehe, I really didn't realize that you're such a talent!" Lin Yi wasn't as panicked as everyone thought he would be—he even smiled, "With your eloquence, you can turn a dead person into a living one, and turn a crooked person into a straight one. Instead of wasting your talent to be an escort, why don't you change your career and sell insurance? If you really can't do it, a matchmaker is fine too. In any case, you'll definitely earn more than you do now ..."

"Kid, I'll give you a piece of advice. You'd better watch your mouth. Don't think that our bodyguard agency doesn't kill people. Everyone has the right to kill a shameless traitor like you!" Li Yanji said angrily.

Although he didn't understand what kind of industry selling insurance was, he always knew what a matchmaker did. Asking him, a man at the peak of the middle jiedan stage, to be a matchmaker, this kid really didn't use any vulgarities when cursing!

"Ling Yi, if you have any objections to what the two of them said just now, feel free to voice them out in public. It's not a done deal yet, so I hope I didn't make a mistake." Qi Wenhan frowned.

Now that they had heard about it, Ling Yi was indeed the most suspicious person. At least, the two pieces of evidence and Li Guan's explanation made sense. It could almost explain all of the doubts that everyone had. The only thing that couldn't be explained was why Ling Yi still dared to come back alone.

"Young master, the evidence is as solid as a mountain. I think he has nothing to say. Hehe, in front of such solid evidence, what's the use of your glib tongue?" Li Yanji sneered complacently.

"That's right, Ling Yi, hurry up. If you have any evidence to reverse the verdict, then hurry up and say it. Otherwise, if we wait for the fight to start and then cry out for injustice, then it won't make sense!" Guan Zhiyuan laughed along. He didn't believe that Lin Yi had any evidence in his hands. Victory was already in his hands.

"I don't have anything to say," Lin Yi said, shaking his head.

"Hahaha, you finally have nothing to say now. Hurry up and admit your guilt!" Li Guan and his companion became more and more pleased with themselves. They were able to turn the situation around with just a few words. After they kill Ling Yi, they must find a restaurant and have a few drinks to celebrate!

Qi Wenhan looked at this scene and his brows furrowed deeper and deeper. He gave Lin Yi a chance to refute, but he got nothing in return. Did he really misjudge him?

Lin Yi looked at the group and turned to walk out of the yard.

"Quickly capture him! This brat is trying to escape!" The two quickly shouted. Now that things had come to this, they had to take this chance to kill Lin Yi. Even if the kid lived for one more day, he could still be a variable. For safety's sake, they had to kill this hidden danger before it sprouted.

The two guards at the entrance couldn't help but turn to look at Lin Yi, then at Qi Wenhan, waiting for the young master's orders.

Qi Wenhan didn't expect Lin Yi to react like this. He hesitated, but still waved his hand to the guards, telling them not to stop him.

After all, the two pieces of evidence Li Yanji had just provided could be used as evidence to a certain extent, but it was a little too farfetched to convict Lin Yi with just that.

Plus, Lin Yi was just a bodyguard in name. If they couldn't really convict him, even if they failed the mission, the most they could do was to cancel the contract. Qi Wenhan could only blame himself for choosing the wrong person. What was the point of bringing all his men to take Lin Yi down now?

He had to pay? Not to mention Qitian bodyguard agency's reputation, but could he afford to pay the 300000 spiritual jades to Wei Zhaotong of the Hong Chamber of Commerce? Or should he capture them and beat them up to vent his anger? What use would that have other than making people look down on Qitian bodyguard agency even more?

However, Lin Yi didn't even explain anything. If he just let him go, Qi Wenhan wouldn't be willing. He had to do something, even if it was just to convince the people.

Forget it. If this guy takes a step out of the bodyguard agency, I'll make him stay! Qi Wenhan hesitated for a moment before making a decision. He didn't expect Lin Yi to not leave the agency at all. He went to the courtyard and came back with someone.

Bang! Bang! Lin Yi threw the unconscious man in front of the crowd.

"What's the meaning of this?" Qi Wenhan couldn't help but squint his eyes. He looked at the man on the ground in confusion. The others were also confused and looked at each other.

Li Yanji and Guan Zhiyuan were the only two people in the group. Their expressions changed when they saw the man's face. They looked at Lin Yi in disbelief. Wasn't this the pirate leader? how did he end up in this kid's hands?

The fear in their eyes could not be concealed. This was really bad. This black-robed man was a real witness. In front of him, everything they had fabricated, including the two so-called evidence, was just a fleeting cloud that could not withstand a blow.

Once the truth was revealed, the two of them could forget about having a place in the Qitian escort agency. Once their reputation was spread far and wide, they would not be able to survive in the entire Xiao Luo Sea area.

Chapter 4345 The Truth Behind The Robbery

"How audacious! What kind of people did you bring into the agency? are you trying to make our Qitian escort agency into a mess? throw him out!" Li Yanji didn't have time to think too much. Before Lin Yi could speak, he rushed over and acted like he was going to throw the man out. At the same time, he used his body to block everyone's view and was about to attack secretly.

Although this was a little risky, he couldn't think of a better way at the moment. He had to quickly kill them to silence them!

Pa! Lin Yi could tell what Li Yanji was planning, and there was no way he'd let him have his way. He didn't even need to use any skills as he sent Li Yanji flying with a single slap. Li Yanji crashed through a wall and fell into the dust, unable to get up.

Guan Zhiyuan wanted to make a move as well, but one look from Lin Yi scared him. He was like a little lamb being stared at by a hungry wolf-his scalp went numb, and he didn't dare to take another step.

They were both mid-stage golden core cultivators, but the difference in strength was tens or even hundreds of times. If Lin Yi really wanted to kill him, he could do it with one finger. He'd been in the martial world for many years, and while he didn't have exceptional eyesight, he at least had a sense for danger.

The others all looked at Lin Yi warily. No one expected Lin Yi to suddenly make a move, and no one expected that this guy, who was only an early golden core, could send Li Yanji flying with one slap without making a sound!

However, Qi Wenhan wasn't too surprised by this. Lin Yi was able to injure someone like Kong back at the pier. It wasn't strange for Li Yanji, a peak mid-stage golden core, to be sent flying with one palm. He was only curious about the Man in Black lying on the ground. Who was he?

"Hehe, it seems like the two of you still recognize him. What's wrong? You still want to throw it out and kill me? Didn't the two of you just say that I've surrendered to this guy? wouldn't it be more convincing for him to prove it to everyone?" Lin Yi laughed coldly as he kicked the man awake.

"Senior, please spare me! "Senior, please spare my life ..." The Man in Black didn't care about the people around him after he woke up, nor did he dare to run away. The first thing he did was to kowtow to Lin Yi and beg for mercy.

Everyone looked at each other-the Man in Black didn't hide his aura at all, and they could tell that he was a peak late-stage golden core cultivator! Why was he kowtowing to Lin Yi?

But that wasn't what Qi Wenhan cared about. He looked at the man in Black and turned to Lin Yi, "You're saying that this person is the pirate who robbed the goods?"

"Not bad." Lin Yi nodded faintly. He didn't bother to explain anything. In fact, he didn't need to. Qi Wenhan was a smart person. Li Yanji's reaction just now already proved that this person's identity was credible. At the same time, it also proved that what the two of them said before was nonsense!

"Tell me, what happened!" Qi Wenhan suddenly grabbed Guan Zhiyuan's collar and growled in a low voice. No matter how tolerant and restrained he was, he couldn't suppress his anger when he realized that he had been fooled by his subordinates.

Li Yanji fell on a pile of rocks and could not get up. He had escaped death. At this moment, Guan Zhiyuan was left alone to face Qi Wenhan's anger. He could not say anything.

Under everyone's watchful eyes, this guy was so scared that he peed his pants. The pungent smell of urine made everyone frown. Qi Wenhan's mouth twitched a few times. He was afraid that this guy had peed on him, so he immediately threw it aside with a look of disgust.

"Why don't you tell us why you robbed the goods and how you knew we were taking the route?" Lin Yi kicked the Man in Black, "Hurry up, I will only give you one chance. If you can not explain it clearly, you don't need to explain it anymore. With your three brothers as an example, you should know clearly what kind of person I am. You can imagine how ruthless I am!"

The Man in Black suddenly shivered. He didn't see how his second brother died, but he saw clearly what happened to his third and fourth brothers. If this guy in front of him wanted to kill him, it would be as easy as turning his hand.

"Yes, yes. Senior, please be at ease. I won't dare to hide anything." The Man in Black nodded and said to Qi Wenhan and the others, "I've received news about the route of the escort, so I've been waiting there in advance. I'm prepared to Rob this ship of goods. According to our previous agreement, we can get a large reward if we hand the goods over to the other party."

"Who is the other party?" Qi Wenhan's expression turned cold. The losses caused by this incident were too great. He had to catch the culprit. Otherwise, the Qitian bodyguard agency would never be able to hold its head high in front of its peers.

The Man in Black looked at Lin Yi before turning to the crowd, "Hong Chamber of Commerce, Wei Zhaotong."

Everyone, including Qi Wenhan, Li Yanji, and Guan Zhiyuan, who had fallen to the side, could not help but gasp. This answer was unbelievable, but it seemed to make sense when they thought about it carefully.

This was a huge deal worth three hundred thousand spiritual jades, and most people didn't have any inside information about it, nor did they have the appetite to buy it. Everyone was sure that someone had leaked the information, but they were all suspicious of Lin Yi and didn't think of Wei Zhaotong at all.

"You're saying that he took back his own goods and wanted to extort 300000 spiritual Jade from the Qitian bodyguard agency?" Qi Wenhan's expression turned extremely ugly.

Towards this unexpected answer, the other people present might still have doubts, but he immediately believed it without a doubt after listening to it. There was no other reason. Now that he thought about it, when they had finalized the details of the contract, Wei Zhaotong's performance was indeed a little strange and abnormal.

In the contract back then, Wei Zhaotong had requested that the bodyguard agency must pay the full amount if something were to happen. For this reason, he had even set the value of 300000 spiritual Jade at the price. This had never happened before in their past cooperation.

After all, the two companies had been working together for more than a year or two. Nothing had ever happened, and the risk was extremely low. They had never failed, so he did not have to deliberately emphasize these things.

Other than that, there was another extremely abnormal behavior. Wei Zhaotong wanted to personally take part in the planning of the route. According to the rules of the trade, only the manager and the escort in charge knew the route, and no one else was allowed to reveal it. Even if Wei Zhaotong was the employer, he was no exception.

However, because of their old friendship and the fact that he was going to rope in this big customer in the future, Qi Wenhan didn't have much wariness at that time!

Chapter 4346 A Solemn Apology

Moreover, the reason that Wei Zhaotong gave at that time was that this batch of goods was a life-saving material for the Fang village of Saliva Peng Island. It must be ensured that nothing went wrong. It sounded reasonable, so Qi Wenhan didn't think too much about it and didn't ask him to leave.

He had never thought that the source of Wei Zhaotong's two abnormalities would actually come from here. It was actually for him to swallow back the goods, and gain something for nothing in order to extort a whole three hundred thousand spiritual jades. What a big appetite!

"That's right, that's what happened," The Man in Black nodded and peeked at Lin Yi, his heart full of regret. He thought that working with Wei Zhaotong would be a good deal, but who knew that such a cruel god of death would be hiding in there as an escort? If he knew this would happen, he wouldn't have the guts to come and Rob them!

"Tell me the details of your robbery." Qi Wenhan suppressed his anger and said with a straight face.

"Robbery? Oh, but there's nothing much to say. After the four of us got on board, they didn't resist. After all, the difference in strength was so great. If they dared to resist, they would die. " As the Man in Black spoke, he was secretly suspicious. Although it did seem like that at first glance, with the strength of this killing God, even if he fought against four, it would be a piece of cake. Why didn't he make a move at that time?

"Who was the first to surrender?" Qi Wenhan asked with a cold face.

"Oh, aren't they those two ..." The Man in Black pouted and pointed at Li Yanji and Guan Zhiyuan.

Everyone's expression changed drastically. Their eyes were filled with contempt and disdain as they looked at Li Guan and his brother. Not only did these two guys surrender first, but they also poured dirty water on their companions' heads after they returned. They were truly shameless to this extent. They were truly scumbags through and through.

"Don't you slander him. This man is not a pirate at all. What he said is also false. Young master, you must not believe him!" Li Yanji and Guan Zhiyuan couldn't care less about their sorry state as they jumped and cursed. They still didn't give up, thinking that they might have a chance if they insisted that Lin Yi hire this guy to put on a show.

"Non-existent?" Before Lin Yi could even open his mouth, Qi Wenhan had already kicked the two idiots away. He shouted with murderous intent, "Now that things have come to this, the two of you are actually still speaking up for Wei Zhaotong. Can I assume that the two of you are accomplices he bribed?"

"Ah? "No... No... Young master, we ..." Li Yanji and Guan Zhiyuan's faces were bruised and swollen. Their faces were ashen, and they stuttered, unable to speak.

They didn't know that Wei Zhaotong and Qi Wenhan had been discussing something strange. They didn't know that Qi Wenhan had already determined that Wei Zhaotong was the mastermind behind this incident!

It wouldn't help the situation if they continued to throw dirty water on Lin Yi, and everyone would think that he was Wei Zhaotong's accomplice. It was just a matter of losing their jobs, but if they continued to be so unreasonable, they might even lose their lives.

"Continue," Qi Wenhan turned his head and said to the Man in Black. As for Li Yanji and Guan Zhiyuan, he didn't even bother to look at them. If these two fools continued to be so reckless, he didn't mind sending them to hell.

This was already on account of the two of them working in the bodyguard agency for so long. Even if they didn't have any merits, they had worked hard. Otherwise, if Qi Wenhan really was a merciless person, just based on the suspicion that the two of them were colluding with Wei Zhaotong, it wouldn't be an exaggeration to kill them.

"After we robbed the goods, we took a detour to the Zhenduan Sea and left them in Zhenduan City. We wanted to go to the Distant Star Sea as planned and hand over the cargo ship to Wei Zhaotong's escort as soon as possible, but we didn't expect to encounter a storm on the way, so we had to return to Zhenduan City. Then we encountered the Morning Star Academy who was out to select disciples, and the whole dock was cordoned off, so we couldn't go in and out, so we were trapped in Zhenduan City." The black-robed man said helplessly.

If it weren't for these things, they wouldn't have met Lin Yi again and wouldn't have ended up like this. When people were unlucky, even cold water could fill the gaps between their teeth.

"The Distant Star Sea? Hmph, that place is even further away from here than the Zhen Duan Sea region. You guys were trading there, and we didn't even hear a thing. Wei Zhaotong is really careful." Qi Wenhan sneered.

If they were doing business in the Yu Luo Sea area, no matter how careful they were, it would be impossible to completely avoid the eyes and ears of the Qitian escort agency. It was clear that Wei Zhaotong had planned this for a long time and was prepared.

"At the zhenduan Pier, we were discovered by the senior, and then ..." The Man in Black looked at Lin Yi timidly and spread his hands.

"And then what?" Qi Wenhan couldn't help but ask. Everyone else present also had a strange expression on their faces.

"Hehe, then I killed them one by one, leaving him alone. I brought him back." Lin Yi replied with a faint smile.

"Ah?" Qi Wenhan and the others all looked at each other, sizing Lin Yi up again. The other party had four peak late golden core stage Masters, but they were killed one by one. They even captured this guy alive. How strong was he?

Even a master of the jiedan stage might not be able to do this, he must at least be a master of the Yuanying stage, right? Even Qi Wenhan himself would not believe that Ling Yi was an original infant stage cultivator. He was a potential cultivator that he had roped in on a whim, but he didn't expect him to be so strong. This time, he had really struck it big!

If it was just Lin Yi himself, everyone would think that he was just bragging, but the Man in Black was kneeling in front of them, and they had to believe it. Their eyes were full of respect as they looked at Lin Yi.

"After I snatched the cargo ship back, I sent it to the Fang Family Village on saliva Peng Island. This is the letter that Fang bi Wu signed for. Brother Qi, please check it." Lin Yi took out the letter and handed it to Qi Wenhan.

Qi Wenhan took it and looked at it. After confirming it, he laughed and put his hands on Lin Yi's shoulders. "I'm sorry, brother Ling. I almost misunderstood you because of these two bastards' slanderous words. I've made you suffer just now. On behalf of the entire Qitian bodyguard agency, I sincerely apologize to you."

"Brother Qi, you're too polite. I won't take such a small matter to heart," Lin Yi blinked, a hint of admiration in his eyes.

He didn't expect Qi Wenhan to be so forthright. As the young master of the bodyguard agency, it was very rare for him to admit his mistake in public!

Chapter 4347 Severe Punishment

Normally, even if people in power knew that they were in the wrong, they wouldn't apologize in order to save face. They dared to admit what they did, but this Qi Wenhan was a character!

"Brother Ling is magnanimous, but as the manager of the bodyguard agency, I can't turn a blind eye to such a terrible incident. Otherwise, I won't be in charge of the bodyguard agency anymore. I'd rather hand over my power as soon as possible and go home to take care of my child!" Qi Wenhan said with a serious expression.

Everyone's expression turned cold. Looking at the young master's posture, he was ready to get serious!

However, this was expected. Qi Wenhan had been in charge of the bodyguard agency for five years, and this was the most serious incident that had ever happened to his subordinates. Not only was he set up for malicious extortion, but the most hateful thing was that the internal bodyguards were still trying to cover up the truth. If such a bad incident was not dealt with, the Qitian bodyguard agency would not be far from destruction.

Feeling Qi Wenhan's cold eyes, Li Yanji and Guan Zhiyuan's hearts suddenly fell into an ice cellar. They could not care about their cold hands and feet and begged for mercy, "Young master, we know we were wrong, we really know we were wrong. We only surrendered in a moment of fear, we really didn't collude with Wei Zhaotong. Young master, please be magnanimous and spare our lives ..."

"Li Yanji, Guan Zhiyuan, both of you are experienced and long-term bodyguards. In terms of experience, you are even older than me. You were already here before I took over. If it weren't for this incident, I would have turned a blind eye even if you were a little slow in your work. After all, there is no credit, there is still hard work." Qi Wenhan said calmly.

However, the calmer he was, the more afraid Li Guan and Qi Wenhan were. This was a sign of the coming storm. On the contrary, if Qi Wenhan were to fly into a rage now, even if he were to beat the two of them up to vent his anger, he would not be too harsh in his punishment.

"No... Young master, we ..." Li Yanji and Guan Zhiyuan wanted to beg for mercy, but it was too late.

"If you're begging for mercy, then save your breath. This time, not only did you two take the initiative to surrender, causing our bodyguard agency to suffer a huge loss, but you also distorted the truth and framed your companions. You've committed such a disdainful act of treachery. Do you think I'll let you two bastards off?" Qi Wenhan's face flashed with killing intent.

Li Guan and his companion were instantly frightened out of their wits. They could not control their knees and knelt on the ground with a plop. They repeatedly begged for mercy, "Young master, please spare me! Young master, please spare my life!"

"Hmph, whether the two of you can keep your lives or not is not up to me to decide. Whether you live or die, it's all up to brother Ling!" Qi Wenhan turned his eyes to Lin Yi. He wanted Lin Yi, the victim of slander, to deal with it personally. It was a way of apologizing and expressing his goodwill.

Li Yanji and Guan Zhiyuan looked at each other, and their hearts sank. They were done for. Ling Yi was the one who decided their life and death. How could they survive?

"Brother Qi, I have no objections." Lin Yi, on the other hand, waved his hand nonchalantly. To be honest, the two were just insignificant clowns in his eyes-he didn't care if they were Dead or Alive.

Besides, this was Qi Wenhan's territory. The other party handed over the power of life and death to him as an apology and a show of goodwill. Lin Yi had always been the kind of person to respect others. Since the other party knew how to conduct himself, Lin Yi naturally wouldn't do something beyond his authority.

Qi Wenhan froze for a moment, and his impression of Lin Yi rose even higher. Not only was this man hiding his strength, but he was also a man who was neither humble nor arrogant. He was a generous man, which was rare!

"In that case, many thanks for brother Ling's understanding." Qi Wenhan was no longer polite. His eyes fell on the trembling li Guan and the other man, and he coldly announced, ""From today onwards, li Yanji and Guan Zhiyuan will be fired from the Qitian escort agency. They will be blacklisted and will be kicked out of the agency!"

As soon as he said that, the crowd couldn't help but start discussing. It was only natural for the two of them to be fired by the bodyguard agency for such treachery. They probably wouldn't be able to get a single cent of the remuneration they had accumulated over the past few days. It was already good

enough that they weren't asked to compensate for the sky-high losses, so what remuneration was there to talk about?

However, it was a serious matter to put them on the blacklist of the escort agency and make a public announcement. This meant that their misdeeds would be known to all the other escort agencies. From then on, no escort agency would be willing to hire them. At least, they could forget about continuing in the escort industry.

Li Yanji and Guan Zhiyuan looked at each other. They were not shocked but happy when they heard the decision. In their opinion, it was already good enough that they could keep their lives. Although it was a pity that they could no longer be bodyguards, they were both golden core stage experts after all. They did not have to worry about not having a place to go.

"Alright, let's go!" Seeing that their lives were saved, the two became a lot tougher. They glared at Lin Yi with extreme hatred and turned to walk out.

Lin Yi squinted his eyes, not giving a damn about these two clowns. He was a little surprised, though. Was Qi Wenhan really a soft-hearted person? It wasn't that he couldn't punish them this way, but wasn't it a little too light?

The matter did not end there. Li Guan and Qi Wenhan bowed and walked out. Suddenly, Qi Wenhan's cold voice rang out from behind them, ""Leave? Did I say that you can leave just like that?"

As soon as he finished speaking, the guards in front blocked their way. Li Yanji and Guan Zhiyuan's hearts sank. They turned to look at Qi Wenhan with stiff expressions and said in fear, ""Young master, do you have any other instructions?"

"Hmph, what I said just now was just a punishment for your inaction as the manager of the bodyguard agency. I haven't even settled the score for you two for betraying brother Ling Yi!" Qi Wenhan said with a cold smile.

He hadn't finished! Lin Yi's lips curled up into a smile. He didn't think much of the two, but letting them go just like that didn't make him happy. It seemed like Qi Wenhan didn't plan on letting them go, either.

"Then ... Then what else do you want ..." The Li Guan duo said in fear.

"According to the rules of the martial world, there is only one consequence for betraying one's trust—three daggers and six holes. I won't make things difficult for you, but I won't let you off so easily either." Qi Wenhan said coldly.

This time, he didn't just want to give Lin Yi a satisfactory explanation, but more importantly, he wanted to use this as an example to everyone in the bodyguard agency, making them submit!

Chapter 4348 Looking For Him

"Three knives and six holes ..." Li Yanji and Guan Zhiyuan's faces turned pale. They knelt down again. The other bodyguards looked at each other in surprise. The young master was serious this time!

"Men, carry out the execution." Qi Wenhan ordered coldly with his hands behind his back.

The guards of the bodyguard agency looked at each other. They didn't dare to be negligent. They quickly ran over and tied Li Guan and his wife to the iron frame in the courtyard outside.

During the process, the two of them could only let themselves be tied up with ashen faces, but they didn't dare to make the slightest move, nor did they dare to use their true Qi to protect themselves! Although the three daggers and six holes were terrifying, with their Jindan physique, they wouldn't die immediately. But if they resisted, they wouldn't be far from death once they started fighting.

The so-called "three knives and six holes" meant stabbing the body three times, and each stab had to go through the body, leaving six bloody holes. It was a torture that was second only to suicide. Many sects on the Sky Class Island still used this punishment, and as for the Yu Luo Sea area, it was a publicly acknowledged rule of the martial world.

One blade ... Two blades ... Three blades ...

Under everyone's watchful eyes, accompanied by a shrill cry that sounded like a pig being slaughtered and the numbing sound of the blade cutting into the bone, Li Yanji and Guan Zhiyuan both fainted on the spot. Although they avoided the heart and other absolutely fatal parts, these three stabs and six holes were still serious injuries, even if they were Masters of the Golden Core stage.

The entire place was silent. Under the shock of such torture, no one dared to whisper to each other. The way they looked at Qi Wenhan was obviously much more respectful and fearful than before. This was the effect of killing the chicken to warn the monkey.

Lin Yi nodded at the scene. This incident had caused great losses, but it wasn't necessarily a bad thing for Qi Wenhan. At least from now on, his control over the Qitian bodyguard agency would be much higher than before. This was a blessing in disguise.

"Throw him out." Qi Wenhan's face was cold as he waved his hand. The guards immediately dragged Li Guan and his companion, who had fainted from the pain, out like dead pigs. They were thrown onto the street outside, attracting the attention of the passers-by.

The two scumbags had been thrown out, but the remaining people still didn't dare to take a deep breath. They waited for Qi Wenhan to continue.

"Brother Ling, are you interested in making a trip to the Hong Chamber of Commerce with me? For this debt, I must find Wei Zhaotong that old man to properly settle it!" Qi Wenhan gritted his teeth and said.

This time, that old fox Wei Zhaotong had set a trap for him and made him jump into it stupidly. Putting aside the fact that he had to pay 300,000 spiritual jades in compensation, his prestige and even the reputation of the entire Qitian bodyguard agency had suffered a great loss. There was no way he could tolerate this debt!

"Naturally." Lin Yi smiled faintly. He wasn't just involved, he was the one who caught the pirate leader as a witness. There was no way he wouldn't go.

Moreover, Wei Zhaotong was a black-hearted person, treating the lives of hundreds of people in Fang village on Saliva Peng Island like grass. Even if he was just a friend of Hongzhong, Lin Yi couldn't just leave him be.

"Alright!" Qi Wenhan waved his hand. "All of you, put down what you're doing. Follow me!"

"Yes!" Everyone replied in unison. Compared to going to the Hong Chamber of Commerce to settle the score with Wei Zhaotong, everything else was already insignificant.

Qi Wenhan was a straightforward person. He immediately brought a group of people and went to the Hong Chamber of Commerce. This group of people was aggressive and immediately attracted a large crowd of onlookers.

When the half-dead Li Yanji and Guan Zhiyuan were thrown out, it had already caused a commotion. Now, the news spread even more quickly. Before Qi Wenhan and the others arrived at the Hong Chamber of Commerce, the matter had already caused an uproar and the whole city was in an uproar.

This was exactly what Qi Wenhan wanted. For this kind of thing, the bigger the commotion, the better. At least, he wanted everyone to know that this incident wasn't caused by the Qitian bodyguard agency's incompetence, but by the Hong Chamber of Commerce's Wei Zhaotong's own trap. This way, he could push Wei Zhaotong, the mastermind behind the scenes, to the forefront of the storm, and his reputation would be ruined!

A group of people arrived at the Hong Chamber of Commerce in a mighty manner. Each and every one of them had an imposing manner. As they stood at the entrance, the surrounding customers hurriedly made way for them. They thought that this group of people were here to fight for revenge. This kind of thing was not uncommon in the chaotic Xiao Luo Sea area. They were afraid of being implicated.

Everyone in the Hong Chamber of Commerce was on guard. However, the guest Masters who were stationed here were all alarmed. They stood in front of everyone with a serious expression. After all, Qi Wenhan had not only brought a group of escorts, but also several Yuanying stage Masters who were guarding the escort agency. Once such a lineup started fighting, the Hong Chamber of Commerce might not be able to protect them with just a few guest Masters.

Qi Wenhan didn't even need to report. A servant had already run to the backyard and reported to Wei Zhaotong, "Manager, something bad has happened. Qitian escort agency is here to cause trouble!"

"What?" Wei Zhaotong was stunned when he heard this. After he reacted, he was shocked and couldn't help but mutter to himself, could it be that he had been exposed?

That's impossible. Those pirates were all experienced veterans. They wouldn't have been caught so easily. Besides, Qi Wenhan had sent over three hundred thousand spiritual jade as compensation yesterday. It had only been a day, and they had already turned against each other?

Even though Wei Zhaotong was suspicious, he didn't panic and quickly regained his composure. With a calm expression, he ordered the servant, "I understand. Invite Qi Wenhan to the living room."

"What about the others?" The servant boy asked with an awkward expression.

"Of course we'll shut them out. Do you think our Hong Chamber of Commerce is a place where they can cause trouble whenever they want? Hurry up and go!" Wei Zhaotong glared at him, and the servant hurriedly nodded and left.

A moment later, Wei Zhaotong saw an angry Qi Wenhan in the living room. However, what surprised him was that Qi Wenhan wasn't the only one who was led in by the servant. There were three people.

Lin Yi had seen the two men who came in with Qi Wenhan before. He knew that they were the escorts who escorted him last time, but his eyes lit up when he saw the other person. Why was this guy here instead of going to the far star sea?

However, no matter how flustered he was in his heart, Wei Zhaotong's face didn't show it at all. He only glanced indifferently at the black clothed man, as if he had never seen a stranger.

"Shopkeeper, young master Qi insisted on bringing these two in, I ..." The servant pleaded for forgiveness with a panicked expression. He had no other choice. It was already good enough that he could persuade so many people outside. Qi Wenhan insisted on bringing these two in, so how could he, a servant, really stop them?

Chapter 4349 Directly Denied

"Alright, you may leave." Wei Zhaotong furrowed his brows, then looked at Qi Wenhan with an indifferent expression. He cupped his hands and smiled politely as usual. "Master Qi, what brings you here today?"

"What are your intentions?" Looking at Wei Zhaotong's calm expression, Qi Wenhan couldn't help but curse him for being an old fox. He pointed to the pirate leader beside him and snorted, "Shopkeeper Wei, don't you know this person?"

"Oh? Which hero was this? Could he be a new bodyguard that your Qitian bodyguard agency has recruited?" Wei Zhaotong pretended to be surprised as he looked up and down, and then looked at Qi Wenhan with a puzzled expression. He spread his hands and said, "Master Qi, I've never met this person before. How do I know him?"

Hmph, this old fox is still pretending even at the last moment! Qi Wenhan didn't argue with Wei Zhaotong and suddenly kicked the pirate leader to the ground. He sneered, "Tell this shopkeeper Wei everything that happened between you two in front of him!" He said.

"Shopkeeper Wei, save me! Save me ..." The pirate leader had always been an honest man, but he wasn't listening this time. He wasn't just afraid of Lin Yi and Qi Wenhan, he was also afraid of Wei Zhaotong!

If he were to explain everything to them face to face, even if Lin Yi and Qi Wenhan let him go, Wei Zhaotong's side wouldn't. They were all big shots who could easily mobilize Yuanying fighters-he couldn't afford to offend any of them!

"Help? How funny, do I know who you are? You're asking me to save you for no reason?" Wei Zhaotong sneered and didn't even look at him. He turned to Qi Wenhan and said, "Forgive me for being blunt, but master Qi, what is the meaning of this? you brought a stranger here from who knows where to cause a ruckus at the Hong Chamber of Commerce. Are you trying to show me what you're capable of?"

"Wei Zhaotong, you ..." The pirate leader was choked speechless. He had asked Wei Zhaotong for help out of desperation, but now, not only did the other party not help him, he even offended Lin Yi and Qi Wenhan. He didn't even know how he died.

"Me? I what?" Wei Zhaotong sneered and continued, "Young master Qi, I've repeatedly told you that the goods I entrusted to the Qitian escort agency were life-saving supplies for the Fang family, but you still lost them. "However, business is business. Since you've already compensated me at the original price, I can't say anything more. Besides, our families have always had a good relationship. Master Qi, who are you trying to put on a show for by giving me this?"

Lin Yi stood at the side and watched coldly. He couldn't help but shake his head. This old man's skin was really thick. Although Qi Wenhan was smart, he wouldn't be able to get any advantage in front of this cunning old fox.

Birds of a feather flock together. Putting aside the fact that Wei Zhaotong's character had already changed, there was absolutely no need to doubt his own ability to be able to obtain the recognition of a person like Hong Zhong.

"Shopkeeper Wei, we've already come to this point. You and I both know the truth, so there's no need to continue pretending, right? What's the point of this?" Qi Wenhan didn't get angry. He knew that in front of this old fox, if he couldn't hold back his anger, it would mean that he had lost. He could only choose to continue to deal with the other party.

"Well-aware? Hehe, young master Qi, your words are even more ridiculous. Why don't you tell me how this old man should know?" Wei Zhaotong was instantly amused, sitting down calmly and unruffled, clearly impervious to anything.

"If that's the case, then all right. Brother Ling, I'll have to trouble you to explain the escort matter to our shopkeeper Wei from the beginning to the end." Qi Wenhan sneered.

Lin Yi nodded. He told them everything, from how they were robbed after they left, to how he found out the truth from the Pirates and got the ship back.

"How is it? Shopkeeper Wei, what else do you have to say now?" Qi Wenhan coldly stared at Wei Zhaotong.

Having been trained as an elite since he was young, he had never been someone who would get angry easily. However, now that he had been played by this old fox, not only had he lost three hundred thousand spiritual Jade, but he had also lost the reputation of the bodyguard agency. He could not take this lying down no matter what.

In fact, he even wished that he could personally step on this old fox to vent the hatred in his heart!

Unfortunately, the reality did not allow it. The other party was the spokesperson of the Hong Chamber of Commerce. No matter how big a mistake he made, he could only be executed by the people of the Hong Chamber of Commerce. Once an outsider overstepped his authority, it would be a provocation to the Hong Chamber of Commerce. The consequences would be unimaginable. As the young master of the Qitian bodyguard agency, Qi Wenhan had to take the big picture into consideration.

"Hahahaha!" Wei Zhaotong acted as if he had just heard the funniest joke in the world. He suddenly burst into laughter and pointed at Qi Wenhan, "Young master Qi, I've always thought that you were a smart person, but I didn't expect you to have such a comical talent! Let's not even talk about whether this guy is a real pirate or not. Even if he is, you just randomly captured a pirate and then you're trying to frame him as my man. Don't you think this kind of trick is too childish, young master Qi?"

"Child's play?" Qi Wenhan raised his eyebrows.

"Isn't it? Who doesn't know how to play this kind of childish trick? any child on the street can do this to you, do you believe me?" Wei Zhaotong laughed until he was out of breath, "Master Qi, we're all adults. There's no need to play this child's game. I know that you're upset that something like this happened to your bodyguard agency, but there's no need to put on such a show. Do you think there's any point?"

"Hmph, the witnesses and material evidence are irrefutable. Shopkeeper Wei, do you still think that this is a child's house?" Qi Wenhan suppressed his anger and sneered, "If that's the case, then I'll report this matter today and let the people outside come and judge. What do you think, shopkeeper Wei?"

Once this kind of thing was disclosed, it would definitely be a huge blow to the Hong Chamber of Commerce, especially to the mastermind behind the scenes, Wei Zhaotong. Even if this old Fox's skin was too thick, once this rumor was known by the Hong shadow group of the Hong Chamber of Commerce, or even to the headquarters of the Hong Chamber of Commerce, he would definitely not be able to bear the consequences.

Qi Wenhan had thought that with his words, even if Wei Zhaotong wouldn't panic, at least he wouldn't dare to be so unbridled. However, Wei Zhaotong's expression was still sneering, as if he really wasn't afraid of being slanted. He didn't even care about his threat.

"Witness? Hehe, could young master Qi be referring to this fellow who framed me out of nowhere? They didn't even know where he came from. How could they believe his words? Do you think I'll believe it, or do you think the others will?" Wei Zhaotong fearlessly shook his head and laughed coldly, "Besides, he's in such a terrible state. It's obvious that he's been beaten up. Anyone can tell that he's been forced to confess. Hmph, master Qi, you have the nerve to call him a witness!"

Chapter 4350 Send The Guest Off

"You!" Qi Wenhan was at a loss for words, and Lin Yi could only shrug helplessly. He didn't do anything to this pirate leader on the way here, only knocking him out after they reached the dock of black arc city. He didn't expect the other party to use this as a handle.

"Hehe, as for physical evidence, forgive me for being blind, but master Qi, where's the physical evidence you're talking about? why don't I see it?" Wei Zhaotong continued to sneer and mock. The fact that the pirate leader had been caught by the other party had indeed given him a shock, but how could there be any so-called physical evidence for such a thing?

For safety's sake, he had secretly met up with these Pirates in the distant star Ocean. He had not even passed them a note, so where did he get the evidence?

"This is the evidence!" Qi Wenhan took out the letter that Lin Yi gave him and said coldly, "Since you don't want to acknowledge this witness, then just put it aside for now. The Fang family has already signed the receipt. If you don't believe me, then I can accompany you to find the manor lord, Fang bi Wu, to verify it!"

"Oh?" Wei Zhaotong's eyes flickered as he glanced at the words on the escort book. He realized that it was indeed Fang bi Wu's handwriting. He and Fang bi Wu had known each other for decades, so he could still recognize the other party's handwriting. Otherwise, Fang bi Wu would not have asked him to personally take care of such an important life-saving material like the miasma pill.

Wei Zhaotong looked Lin Yi up and down. Even if the other didn't say anything, he could guess that it was this person's doing. He didn't expect to steal the goods from the Pirates and send them back to the other party.

If Wei Zhaotong was in Lin Yi's position, his first thought would probably be to keep the goods for himself. After all, it was worth three hundred thousand spirit Jade, who would be so stupid as to give it away?

"Shopkeeper Wei, you can insist that we're witnesses and claim that we've found a random person to force him into confessing, but you can't deny this letter, right?" Qi Wenhan stared at Wei Zhaotong's expression and said.

This was because he could find Fang bi Wu to verify it. He didn't have to worry about the other party not admitting to it. Moreover, if Wei Zhaotong didn't admit it, not only would it be of no use, it would also show that he was in the wrong. At that time, the pressure from the public would be even greater. At that time, there would only be one end for him, Wei Zhaotong. He would have to bear the consequences.

"So what? This can only mean that you managed to deliver the goods after such a long delay. You can't just say that I'm related to Pirates because of this, right?" Wei Zhaotong still said unhurriedly.

Qi Wenhan and Lin Yi couldn't help but look at each other. This old fox wasn't easy to deal with at all. He didn't show any flaws since he came in. It wasn't an exaggeration to say that he was a cunning old fox.

"Fine. If that's the case, shouldn't you return the three hundred thousand spiritual jades as compensation?" Qi Wenhan said in a deep voice.

"Return?" Wei Zhaotong's brows raised, the corner of his mouth curved into a mocking arc as he said, "Business is business. Master Qi, don't tell me you're treating this business as a game?"

"What do you mean?" Qi Wenhan's heart sank.

"It's very simple. Your bodyguard agency was delayed for an entire month before the goods were delivered to the Fang Family Village. This has caused great damage to the reputation of our Hong Chamber of Commerce. For the sake of our old friendship, I haven't even settled this debt with you. You actually have the nerve to come and collect the compensation?" Wei Zhaotong curled his lips and sneered. "Back then, it was clearly written in black and white on the contract. If anything happens, you have to compensate at the original price. Master Qi, you're not treating this contract like child's play, are you?"

Every word and sentence made it sound as if it was only natural. It felt like things were supposed to be like this. Even Lin Yi was speechless, not to mention Qi Wenhan.

"Alright, since you insist on saying this, then I will not say anything else. The original contract stated that if the sealed package could not be delivered, then we will compensate at the original price. However, we have delivered it now. It is just that we are a little late. Moreover, Fang bi Wu did not have any objections. Shopkeeper Wei, if you still want to compensate at the original price, isn't that a little too unreasonable?" "It's a loss to waste time, but it's not a big loss," Qi Wenhan said righteously. "Shopkeeper Wei, you can't just insist on 300000 spiritual jades. If word gets out, it won't be nice."

Hearing this, Wei Zhaotong's expression finally changed slightly. Qi Wenhan's threat wasn't without a reason. If this matter were to spread, Wei Zhaotong's reputation as a greedy man would be solidified.

It was understandable for businessmen to pursue profits, but to him, the manager of the Hong Chamber of Commerce, this would also affect the reputation of the Hong Chamber of Commerce. If shadow group Hong found out about this, they would definitely conduct an in-depth investigation. It was hard to say how the situation would develop by then.

However, since the spiritual Jade had already been swallowed by him, Wei Zhaotong, it would be harder than ascending to heaven to get him to spit it out. If Wei Zhaotong really cherished his feathers that much, he wouldn't have done such a thing.

"I'm sorry, but I've already submitted the three hundred thousand spiritual Jade compensation to the Nakajima headquarters. I can't return it even if I want to. Master Qi, you should give up on this idea." Wei Zhaotong finally made up an excuse.

"What? "You ..." Qi Wenhan almost couldn't catch his breath. He was so angry that his hair was standing on end. He had just sent the 300000 spiritual jades as compensation yesterday, and Wei Zhaotong said that he had handed it over to the Nakajima headquarters today. The damn Hong Chamber of Commerce had such heaven-defying efficiency?

"Men, send the guest away." Wei Zhaotong laughed coldly and immediately served the guest tea to send him off. He didn't give Qi Wenhan any chance to speak and directly turned to leave.

"Yes." The servant who was guarding the door immediately ran over to Qi Wenhan and Lin Yi and said respectfully, "Everyone, please return."

"You guys ..." Although Qi Wenhan wasn't a simple-minded person, he was so angry that he almost couldn't hold back his anger. There were witnesses and evidence, and he came to settle the score with Wei Zhaotong. He didn't expect that Wei Zhaotong wouldn't buy it at all, and instead, he was angry. No one could accept such a cruel fall!

"Good! Very good! Let's go!" Although he was furious, Qi Wenhan did not lose his mind. He could only suppress his anger, drag the trembling pirate leader, and lead the way out.

After all, this was a branch of the Hong Chamber of Commerce. If they started a fight here, it would be equivalent to declaring war on the Hong Chamber of Commerce. The Qitian bodyguard agency was a powerful local in the Xiao Luo Sea area, but compared to the Hong Chamber of Commerce, which was a behemoth that ruled over the five Sky Class islands, they were not on the same level. If they really started a war, they might be annihilated in minutes.
