

Bodyguard 5371

Chapter 5371 As Expected, He's Dead

"Alright!" The crowd immediately cheered and followed him.

Thump! Thump! Thump!

The thick sound of the ancient Bell spread throughout the entire green cloud Mountain. Everyone in the green cloud sect on the North Island, from the elders of the Golden core stage to the ordinary disciples, changed their expressions when they heard the bell. Without saying a word, they put down what they were doing and quickly gathered in the main hall from all directions.

When the green cloud Bell rang, something big must have happened. Everyone had to gather at the first moment. This was the rule of the green cloud School on the North Island.

"What happened?" The group of disciples looked at each other. If there was no major change, the green cloud Bell would not be rung easily. Could it be that something big had happened?

Chen Jiu and Lin Yi's negotiations were extremely secretive, and almost everyone was kept in the dark.

Even Lu Pingan was surprised. He didn't see the fight between Chen Jiu and Lin Yi. In fact, when Chen Jiu ordered him to carry Chen Dongcheng away, he had already left the cliff, so he didn't know what happened after that.

"That doesn't make sense, master said to leave Lin Yi alone. Even if he did, there's no need to ring the green cloud Bell, right?" Lu Ping'an was confused. He still thought that Chen Jiu could easily kill Lin Yi. After all, that was a true nascent soul old monster. How could he lose to a spirit of unknown origin?

Lu Pingan didn't know what was going on, and the others were even more confused. It was only when they saw the figure standing beside the green cloud Bell that the shock on their faces deepened.

"Xin Yijie, what the hell are you doing?!" Lu Pingan's brows furrowed immediately. The other golden core stage elders also revealed looks of dissatisfaction. The green cloud Bell wasn't something that just anyone could touch. At the very least, one had to be at the level of the Deputy sect leader. An elder like Xin Yijie, who was ranked at the bottom of the hierarchy, didn't have the right to touch it at all.

In the past, Xin Yijie's legs would've turned to jelly if he was surrounded by such hostile looks. Although he was still a little nervous today, he wasn't panicking at all. After all, he knew better than anyone that from today onwards, it was a new era for the blue cloud School on the northern island.

"No, I didn't. It's an emergency, so I rang the green cloud Bell to gather everyone." Xin Yijie said calmly.

"Do you have the right? Aren't you overestimating yourself?" A Jindan stage elder from the Chen family faction scoffed.

"Xin Yijie, don't you know what the crime of ringing the green cloud Bell is?" Lu Pingan laughed coldly as well, then added, "Speaking of which, what urgent matter could you have? could it be that the ancient martial granduncle has died?"

Lu Pingan was certain that Lin Yi would die at Chen Jiu's hands, so his words were obviously more unscrupulous than before.

"No way? Wasn't that imposter imprisoned at the ascending heaven cliff? he couldn't have hit the wall and died, right?" The bystanders echoed.

The higher-ups and disciples of the other local factions all looked at each other in dismay. Xin Yijie had tried to rope them in many times recently, but there were very few who had really responded. Other than the fear of the Grand elder's despotic power, there was another rumor that had caused them to waver. That archaic martial granduncle seemed to be a fake.

Xin Yijie looked at them and cleared his throat. "As for whether Lin Yi's a fake or not, there's no doubt about it from today on."

"Oh? Is it because he's dead?" Lu Pingan didn't mind. In his eyes, Lin Yi was already a dead man.

Everyone turned to look at Xin Yijie. He grinned and pointed to an empty space next to the green cloud Bell. There was a white cloth covering it, and under the White cloth was a human figure.

"As expected, he's already dead." Lu Pingan was even more certain now. He believed that Lin Yi's body was under the White cloth, because only a body could be taken out of the formation.

"I guess so." Xin Yijie gave a half-smile and turned to the crowd. "I think I need to explain to everyone what happened at the ascending heaven cliff today. Elder Lu won't stop me from telling you, will he?"

"Hmph, what's there to say!" Lu Pingan snorted coldly. He, who didn't know the truth, still wanted to deal with it in a low-key manner. He changed the topic and said, "By the way, Xin Yijie, you're quite bold. It's just the death of an unknown imposter, and you dare to ring the green cloud Bell to gather all the disciples. What punishment do you deserve?"

"But ..." Xin Yijie paused for a moment, and the corners of his mouth curved. "What if the person lying here isn't Lin Yi's Grandmaster?"

"What do you mean?" Lu Pingan didn't react for a moment.

"What I mean is ..." Xin Yijie suddenly stepped forward and lifted the White cloth. When he saw the face of the person lying on the ground, everyone was shocked. As for Lu Pingan, his face turned pale and he almost fainted on the spot.

"Now that the one in trouble is Grand Elder, it shouldn't be too much for me to ring the green cloud Bell, right?" Xin Yijie said.

No one responded, because they couldn't speak, because their jaws had already dropped to the ground.

After a long time, Lu Pingan's stammering voice of disbelief rang out, "This ... This ... How is this possible?!"

The one lying on the ground wasn't Lin Yi, but Chen Jiu! How was this possible?

"No way? Could it be that a nascent Soul Stage old monster from another sect has come to attack?" The rest of the people who were still clueless were still in shock. In their minds, only a nascent Soul Stage old monster could defeat a nascent Soul Stage old monster. For example, Bing Wuqing of the snow sword sect, who had just left not long ago.

"No, the Grand Elder questioned Lin Yi's Grandmaster's identity, so Grandmaster Lin Yi took care of him. It's that simple." Xin Yijie said indifferently.

With that, the entire place fell into dead silence again.

The Grand Elder had been dealt with? In the past, these words would definitely be the biggest joke in the world, but at this moment, no one could laugh, because Chen Jiu was lying right in front of them. This was an iron-clad fact.

But even so, everyone still felt that the scene in front of them was too unbelievable. It couldn't be an illusion, right?

Using an illusion to deceive so many people was undoubtedly a fantasy story. However, silently dealing with a nascent soul old monster like Chen Jiu was also a fantasy story. The credibility of the two stories was not much different to everyone.

"From today on, Lin Yi will be the only pillar of our sect. As for the Grand Elder, it's a thing of the past now. We'll just remember him for a while, but there's no need to mention him again." As Xin Yijie spoke, he glanced at the dazed Lu Pingan and added, "I don't think elder Lu has any objections, right?"

Chapter 5372 I Was Still Waiting For Your News!

Lu Ping 'an stared at Chen Jiu on the ground in a daze, as if he didn't feel anything. The other elders and disciples of the Chen family faction were all at a loss. Below Grand Elder Chen Jiu, other than the Deputy sect leader Chen Dongcheng, Lu Ping' an's position was the highest. At this moment, even he was dumbfounded, let alone the others.

Lu Pingan and the others 'silence finally gave all the other elders and disciples a clear signal. Their faces revealed an unusually excited expression. This meant that from today onwards, the green cloud School of the northern island would welcome a new era.

In the new era, it was not good news for the Chen family faction, which was used to being superior to others. However, for the local faction, which had more people, this was undoubtedly a sign of a comeback.

Before this, they had all seen Xin Yijie's various efforts to create momentum, but the results had been minimal. After all, a martial granduncle of unknown origin had been able to suppress Grand Elder Chen Jiu. Anyone who would believe such a fantasy story would have to be out of their minds.

But now, they finally realized that it wasn't that Xin Yijie's brain had gone haywire, but that they had been ignorant.

Xin Yijie took in everyone's expressions. To be honest, his legs had been trembling until just a moment ago, but after seeing everyone's different expressions, he instantly felt at ease.

Although the people from the Chen family faction were hostile, they were obviously dumbfounded. For a short period of time, they were like a group of Dragons without a leader. It was destined that they wouldn't be able to cause any big trouble. As for Lu Ping 'an, this guy had the intention to raise his arm and call for help. Unfortunately, he was Chen Jiu's personal disciple and not a proper member of the

Chen family faction. This was a natural shackle that couldn't be crossed. He was still far from having the power to call for hundreds of people.

As for the local factions, they were also leaderless because there was no news of their sect leader, Hong Zijun. They didn't have any enmity towards Lin Yi, who was able to suppress the Grand Elder. At this moment, their hearts were filled with respect and fear. Even if there were a few people with ulterior motives, they didn't dare to jump out and challenge Xin Yijie without knowing the truth. The wisest choice was to wait and see.

"Very good. Since the times have changed, then some inappropriate rules should be changed. The North Island's Green cloud sect belongs to everyone, not just one family. From now on, you can't put one family first in everything. Everyone must follow the rules, and there will be no more privileges." Xin Yijie said.

As soon as he said that, many of the disciples from the local factions cheered. They were the ones who had suffered the most from the Chen family faction.

Although the Chen family faction didn't have many people, they relied on Grand Elder Chen Jiu's huge Halo. All these years, as long as it involved good things like cultivation resources, they would receive preferential treatment without exception. They ate the meat, and only the disciples of other local factions could drink the soup. Sometimes, they didn't even get the soup, and they didn't dare to say anything.

And now, Xin Yijie was calling for the removal of the Chen family's special privileges. This was undoubtedly a move to win over the hearts of the people. It was simple, but extremely effective.

"I would like to ask this elder Xin, when you said a certain clan, which clan are you referring to?" At this moment, a voice suddenly interrupted everyone's cheers.

Everyone's eyes immediately focused on this person. When he saw who it was, Xin Yijie's pupils shrank. Chen Dongcheng!

His primordial spirit had left his physical body for too long, and his physical body was already showing signs of atrophying. Normally, it would take at least a month to fully recover. It was a miracle that Chen Dongcheng could stand up now.

"Of course it's the Chen family of the North Island." Xin Yijie retorted. He didn't have the confidence to go up against a vice-leader like Chen Dongcheng, but even Chen Jiu had been killed by Lin Yi. What was there to be afraid of?

"Hmph, Hmph, everyone from the Chen family faction heard that. Times are different now. Even a nobody like him wants to ride on our heads and sh * t on us. Do you agree?" Chen Dongcheng sneered as he led the provocation in public.

When he heard this, Xin Yijie panicked. Previously, the Chen family faction had laid low not only because they were collectively dumbfounded, but also because no one had taken the lead. Now that someone like Chen Dongcheng had suddenly appeared, the situation would definitely go out of control.

As expected, Chen Dongcheng's provocation caused the expressions of the other Chens to change. They were afraid of Lin Yi, who could kill Chen Jiu, but the person standing in front of them was just an early golden core Xin Yijie. What was there to be afraid of?

"Hey hey, you guys need to think this through-what I just said was all Lin Yi's orders, are you sure you want to go against his wishes?" Xin Yijie quickly brought Lin Yi out.

"Grandmaster Lin Yi, right? We're so scared!" Chen Dongcheng pretended to be frightened, but he immediately mocked, "That's right, I admit that your grand-master Lin Yi is unfathomable, but is that useful? Come, come, tell me, how is your grand-uncle Lin Yi planning to get out of that one step to the sky formation?"

This was the reason why Chen Dongcheng could stand up and challenge Lin Yi. Yes, they didn't dare to face Lin Yi now, but they still had the ascending to heaven formation. If Lin Yi couldn't come out, what was there to be afraid of?

"Well ..." Xin Yijie choked. He'd thought about it as well, but he'd been too excited to think about it.

"Hehe, you don't think you can secretly get him an identity token without us knowing, do you?" Chen Dongcheng laughed coldly. It wouldn't have been hard for Xin Yijie to get Lin Yi an identity card if they were in a situation like this, but with him as the Vice sect leader, everything was going to be useless.

The Grand Elder had fallen, and there was no news of the sect leader. The one with the highest position was the Vice sect leader, Chen Dongcheng. The point was that he wasn't just the Vice sect leader in name—he was the leader of the Chen family faction. Unless Lin Yi came in person, everyone else would have to bow their heads in front of him.

Xin Yijie was extremely depressed. He had finally managed to stabilize the situation, but this guy had actually woken up halfway. What should he do?

"What's wrong? Wasn't he in the limelight just now? it's not appropriate for elder Xin to give up so quickly, right? That Lin Yi grand-master of yours is still waiting for your good news at ascending Sky Cliff- it's not good to let him be so anxious, is it?" Chen Dongcheng mocked.

The others looked at each other. The difference between Xin Yijie and Chen Dongcheng was too great. In just a few words, the other party had taken control of the situation.

Xin Yijie's face turned red. He really didn't have much confidence in facing Chen Dongcheng!

Chapter 5373 The Sect Leader Returns

Especially in the current situation, if Xin Yijie were to directly go head to head with this guy, it would immediately become a chaotic situation. If the people from the Chen family faction really started to make a fuss, they might not listen to him when they got serious. They might even be waiting to see him make a fool of himself.

Just as the situation was about to get out of control, a faint voice suddenly interrupted, ""Deputy sect leader Chen, who are you talking about?"

Chen Dongcheng was still pretending to be calm, thinking that Lin Yi wouldn't be able to walk out of the formation, and that he would still have a chance to turn the tables. His legs went soft when he heard the voice, and he almost fell to the ground.

"You ... How did you get out?" Chen Dongcheng looked at Lin Yi's group as they slowly approached, and he was instantly drenched in cold sweat. He was definitely the one who had the deepest fear of Lin Yi among the people present. The others were only shocked that Lin Yi could kill a nascent soul old monster, but he had experienced it for himself.

"You're very curious?" Lin Yi smiled and looked at the others who were also dumbfounded, "I've even casually dealt with your Grand Elder. Do you believe that a mere heaven ascending array can trap me? I didn't come out before because I was just playing with you guys!"

"..." Everyone was silent. No one dared to look at Lin Yi at this moment. This was the effect Lin Yi wanted. If he wanted to control the Qingyun school, then what he needed to do now was not to be gentle, but to show his power!

From the moment Chen Jiu was killed, the rules of the Qingyun school were set to be changed, and this person could only be Lin Yi.

"What are you all standing there for? hurry up and greet your senior granduncle!" Xin Yijie took the opportunity to signal to everyone.

"Disciple greets martial granduncle!" Everyone present immediately knelt down, from the Aurous core stage elders to the ordinary disciples, regardless of whether they were from the local faction or the Chen family faction, there was no exception.

Even Chen Dongcheng and Lu Ping 'an, Chen Jiu's two absolute confidants, knelt down with him. There was no other way-the situation was more pressing than the people. If they dared to disobey, Lin Yi wouldn't mind killing them as an example again. He could kill Chen Jiu just like that, let alone the two of them.

Lin Yi looked at the two of them and felt that it was a pity. He didn't plan on letting them live-they weren't a threat to him, but they were both peak late-stage golden core and mid-stage golden core, after all. Plus, the Chen family had connections, and it'd be troublesome if they tried to do something behind his back.

Unfortunately, the two were tactful and didn't continue to cause trouble, not giving Lin Yi an excuse to deal with them.

Although he needed to establish his power and make new rules, he couldn't kill people without a good reason. It would make the whole Qingyun school panic, and it wouldn't end well.

"Alright, get up." Lin Yi said as he looked at the crowd.

"Many thanks, grand uncle-master," Everyone stood up in fear and trepidation. To them, Lin Yi was a terrifying existence that was above Grand Elder Chen Jiu. They were even nervous in front of Chen Jiu, so it was natural that they were even more nervous now.

Most importantly, they didn't know what Lin Yi's temper was like. Was he generous and reasonable, or was he a bloodthirsty tyrant?

If it was the former, it would be fine. For everyone, especially the disciples of the local sects, it might be good news. However, if it was the latter, it was hard to say whether it was a blessing or a curse. It was better to speak less before getting a clear understanding of the situation. At this time, honest people would not suffer losses.

"Let me tell you something. A big sect like the North Island's Green cloud sect can't go a day without a leader. Now that the Grand Elder is gone, and there is no news of the sect leader, someone needs to stand up and take charge of all the affairs. After all, you can't let me do it, right?" Lin Yi said.

Everyone looked at each other, and their eyes involuntarily fell on Chen Dongcheng. Logically speaking, he was the most qualified candidate.

Chen Dongcheng felt like he was sitting on pins and needles. He couldn't wait to hide now-he was most afraid of being targeted by Lin Yi. Who would dare to jump out and fight for power at a time like this? Even if he was courting death, he shouldn't have done it like this!

"How about this, the position of sect leader can not be left vacant, so why don't we use this opportunity to change the sect leader? I suggest Xin Yijie." Lin Yi said directly. Letting Xin Yijie take care of the sect's Affairs was part of his plan. It was a bit sudden to bring it up, and Xin Yijie's original position and strength were far from enough, but with Lin Yi's current power, who would dare to say no?

"Uh ..." As expected, no one dared to oppose him directly. However, their expressions were all a little strange. Although Xin Yijie was an Aurous core stage elder, this last-ranked elder had suddenly become the sect leader. This was truly a huge leap to heaven!

"No one objected? Then it's decided. " Lin Yi didn't want to waste his breath on them and decided to make a decision. No one dared to resist him anyway, and it'd be fine once they got used to it.

"..." Everyone was speechless. The strong were respected, and no matter what decision Lin Yi made, they wouldn't dare to show it no matter how unhappy they were. Plus, they were all familiar with Xin Yijie's personality. Although they didn't want to let a nice guy take the throne, it wasn't a bad thing for most people. They could accept it.

"Many thanks, grand uncle-master, this disciple will definitely do my best and go through fire and water!" Xin Yijie suppressed the ecstasy in his heart and shed tears of gratitude. He was a good person who knew when to protect himself, but he was also a good person with ambition. Of course, he had never dreamed that he would one day become the sect leader, but ambition would grow.

"Alright, I'll leave the rest to you. If there's anything, come to the ascending heaven cliff to find me." Lin Yi didn't stay any longer-all he needed to do was show his face in front of everyone today. How to deal with the aftermath was up to Xin Yijie, and if he couldn't even handle this, it'd be embarrassing for him. He'd have to find someone else.

As expected, Xin Yijie's performance didn't disappoint Lin Yi. He was only an early golden core, but this nice guy's ability wasn't to be underestimated. He managed to calm the people down in just a few days and gained the support of the local sect's higher-ups and disciples.

Of course, it was still too early to truly control the situation, but this was a very good step for Xin Yijie. With the protection of a God like Lin Yi, he'd become the true sect leader of the North Island's Qingyun sect sooner or later.

Unfortunately, things did not always go smoothly. A few days later, a person from the green cloud School on the northern island suddenly returned, Hong Zijun.

Chapter 5374 The Two Of Them Escaped

He had been missing for half a year. Before this, Xin Yijie had hoped more than anyone that the former sect leader would return to take charge of the situation, but now, everything was different.

Now that Hong Zijun was back, what would happen to him, the sect leader who had just taken over? Should he continue or abdicate and return the throne to its rightful owner?

If this matter wasn't handled well, the situation that Xin Yijie had managed to stabilize with great difficulty could very well fall back into the brink of losing control. If the local factions split because of this, and the Chen family faction fanned the flames again, things might get out of hand.

The person who had the right to decide who should be the sect leader was not the disciples of the Qingyun school in Beidao, but the ascending heaven cliff.

"This is Hong Zijun?" Lin Yi sized up the middle-aged man that Xin Yijie had brought with him. He had a clean-shaven face, and he looked honest and refined. His movements exuded the aura of a superior, but it wasn't obvious-there was a trace of haggardness and helplessly.

"Disciple greets martial granduncle!" Hong Zijun quickly knelt down, not showing any of the sect leader's attitude in front of Lin Yi. He wasn't an idiot-Lin Yi could kill Grand Elder Chen Jiu just like that, let alone a weak sect leader like him.

The main thing was that things were the same now, but people had changed. Xin Yijie was now the new sect leader of the Qingyun sect, and he was handpicked by Lin Yi in public. He was taking a huge risk coming back at this time-if Lin Yi and Xin Yijie found him an eyesore, he wouldn't have a good ending.

Xin Yijie was a nice guy, and he'd helped him a lot in the past, but the position of sect leader was something even blood Brothers would fight for. Of course, the final decision didn't lie with him or Xin Yijie-it was with Lin Yi.

"You've been missing for so long, where did you go?" Lin Yi asked.

"I'm ashamed to say this, but I've been hiding outside for the past six months and didn't dare to come back, because if I came back, I'd be dead. " Hong Zijun said with a bitter smile.

"Why?" Lin Yi and Xin Yijie looked at each other. Hong Zijun was the leader of a sect, so he wasn't weak at all. He was a true perfected golden core cultivator, and he was in the territory of the Qingyun sect. How could he be in danger?

"Because the person who wanted to kill me was Grand Elder Chen Jiu. If it wasn't for my Mount risking its life to protect me and buy me time, I would have been a dead man long ago." Hong Zijun still had a lingering fear when he spoke of this matter until today. No one had thought that their own Grand Elder would actually attack their sect leader directly, and there was only one purpose, which was to pave the way for Chen Dongcheng.

"No wonder there's been no news of him for half a year," Lin Yi nodded.

This made sense. Since he had already made his move, as long as Chen Jiu was around, Hong Zijun naturally wouldn't dare to return to the North Island's Green cloud sect. That would be courting death.

It was also because of this that he suddenly appeared at this time. After all, Chen Jiu had been killed by Lin Yi, and the biggest threat to him was gone. As a sect leader, he couldn't always be wandering outside. No matter what, he had to return to the North Island's Qingyun sect.

"As the sect leader, I only care about my own safety. I have greatly failed in my duty. I ask for martial granduncle to punish me personally." Hong Zijun took the initiative to ask for forgiveness respectfully, his attitude very proper.

"There's no need for that. It's excusable." Lin Yi waved his hand nonchalantly, looking at Hong Zijun with a hint of interest. This guy knew that he'd let Xin Yijie take his place, but from his attitude, he didn't seem to be angry or resentful at all. Instead, he seemed to have gotten over it.

Of course, Hong Zijun didn't have the guts to question him. This wasn't hard to understand. But his attitude was so proper, and he even took the initiative to offer a humble apology. This was a little interesting.

"Many thanks for martial granduncle's understanding, but it is a fact that I have not done anything in the past six months. As the sect leader, I have lost contact with him for so long. I am really incompetent as the sect leader, and I have no face to continue being the sect leader. Please rest assured, martial granduncle, this disciple will do my best to cooperate and protect you and our blue cloud School in the North. " Hong Zijun quickly expressed his loyalty.

This guy was quite sensible! Lin Yi immediately understood why the guy was here—he knew that things were set in stone, and he didn't want to get himself killed for a sect leader position that was already in the air, so he came to clear his name. Other things aside, this guy really knew what to do.

"If that's the case, then how about this? you'll be the Deputy sect leader from now on. You have experience and strength. In the future, Xin Yijie will still need your help. I hope that there will no longer be any disputes between factions in our Qingyun school. I also don't want to hear anyone stirring up trouble again. I have high hopes for the two of you, so don't disappoint me." Lin Yi looked at the two.

"Yes!" The two of them were overjoyed.

Xin Yijie was overjoyed because he had secured his position as the sect leader. As for Hong Zijun, Lin Yi's approval was already a great thing for him. Even if he lost the position of sect leader, he could at least be a vice-leader. This was already a pleasant surprise, and there was nothing to be dissatisfied about.

The fact that he'd been bullied so miserably by Chen Jiu back then proved that Hong Zijun wasn't a tough person. If Chen Jiu didn't want his life, he would've most likely chosen to swallow his anger and endure it. Now that it was the even more terrifying Lin Yi, his choice to lower his head seemed unexpected, but it was completely reasonable.

"Very good," he said. Lin Yi smiled. He had no choice but to push Xin Yijie to the position of sect leader because he was the only person he was familiar with in the entire green cloud sect. He didn't feel at ease if someone else took the position, but it wasn't realistic for Xin Yijie to take control of the situation all by himself in a short time. Hong Zijun had appeared at the right time.

"By the way, senior granduncle, there's one more thing I need to report to you." Xin Yijie paused and said with a guilty expression, ""Chen Dongcheng and Lu Ping 'an both ran away. They even took Chen Jiu's body with them."

Now that Chen Jiu's spirit was trapped in the Jade space, his body was no different from a corpse to others.

"I know." Lin Yi didn't comment on this. To him, this wasn't necessarily a bad thing. After all, Chen Dongcheng and Lu Pingan were more or less hidden dangers in the sect. With the two of them around, the Chen family faction wouldn't completely fall apart, and the conflict between the factions would continue. Once the two of them left, the Chen family faction would be completely without a leader, and it would collapse on its own.

As for Chen Jiu, Lin Yi wasn't worried at all. This guy's primordial spirit was still in his grasp, and no one but him could bring him back to life. So what if Chen Dongcheng and Lu Pingan took him away?

Chapter 5375 Queluo Mountain

Xin Yijie had been worried that he'd be punished for his incompetence, but he let out a breath of relief after seeing Lin Yi's attitude.

"Alright, you can go now. The most important thing now is to control the overall situation." Lin Yi said, waving his hand.

"Yes." Xin Yijie and Hong Zijun immediately left, feeling smug.

"Hehe, what a joke. Hong Zijun used to be the boss of these two, but now he's Xin Yijie's underling. He's actually able to accept it so calmly. There's no one else with such a personality." Chentian and the others laughed.

"Birds of a feather flock together. They're actually the same kind, with soft personalities. At first glance, they look like good people who want to protect themselves, but they're ambitious in their hearts, like rabbits that only jump up and bite when they're forced into a corner. Now that Lin Yi-Gege has shown his acceptance, of course Hong Zijun won't look for trouble!" Ziyu's face was full of insight.

"Your face is small, but your life is more important." Lingshan said, nodding.

Lin Yi couldn't help but laugh. "You guys sure know how to read people. Alright, stop loitering around and go back to your training."

"Alright, alright, alright." Everyone looked at each other and smiled.

They wouldn't be this diligent if it was their nature, but Chen Jiu and the others had given them a direct lesson. If they weren't strong enough, it would be hard for them to move a single step in the ancient

martial world. They were all ambitious Masters, and they didn't want to live under Lin Yi's wings. After all, even if they couldn't keep up with Lin Yi's pace, they couldn't drag him down.

Middle Island, queluo mountain.

Because there were no sects stationed nearby, and there were ferocious spirit beasts appearing from time to time, there were few people within a radius of dozens of miles. Unless it was an activity like a sect trial, this place was basically a no-man's land.

A giant spiritual Vulture descended from the sky. This was the most iconic flying spiritual beast of the green cloud sect on the North Island. It was a rare bird even in the entire ancient Jianghu. Besides the sect leader, only the Supreme elders of higher status were qualified to ride it.

The people on the back of this gigantic spirit Vulture were none other than Chen Dongcheng, Lu Ping'an, and the unconscious Grand Supreme elder Chen Jiu.

Since they had chosen to secretly escape from the green cloud sect on the North Island, it was no different from betraying the sect. In this case, they obviously could not stay on the North Island any longer. The other islands were too far away and they were not familiar with them. Chen Dongcheng and Lu Pingan discussed for a long time and finally decided to escape to the middle Island. The unmanaged queluo mountain was a ready-made place to stay.

Although queluo mountain was dangerous, one of them was at the peak of the late-stage of the Aurous core stage while the other was at the mid-stage of the Aurous core stage. As long as they were a little more careful, they would be able to protect themselves.

"Old Lu, we have to think about what to do next. After all, we can't just stay in this mountain ditch forever, can we?" Chen Dongcheng said with a frown. He was born in the Chen family of the North Island and had always been regarded as the successor. He had been used to a life of luxury since he was young. Now that he had been forced to escape to Queluo Mountain, he could still survive for a day or two, but he wouldn't be able to endure it for a long time.

"But now that the Green Cloud Sect is in Lin Yi's hands, we might be charged with betraying the sect. If we go out and get targeted, it'll be a big problem." Lu Pingan was having a headache too. No one would want to stay in this barren land, but the problem was that betraying a sect was a first-class crime in the ancient martial world. Even if he walked out of the Middle Island, he would be hated by everyone. If he was encountered by the Middle Island sects that were on good terms with the Green Cloud Sect on the North Island, the consequences would be unimaginable.

"We still have to give it a try. We can't go on like this. If we really waste a few months, our cultivation resources will be a big problem." Chen Dongcheng shook his head.

If it was an ordinary Foundation Stage expert, it would be possible to get some cultivation resources. But both of them were experts above the middle stage of the Golden Core Stage. Almost all the cultivation resources for the Golden Core Stage in the entire small ancient Jianghu were in the hands of various sects and families. It was difficult to buy them in the market, let alone in this sparsely populated Queluo Mountain.

The path of cultivation was like a boat sailing against the current. After a long time, the strength of the two would definitely decline instead of advancing, and then they would be crying out loud.

"Why don't ..." Lu Pingan muttered to himself for a moment and suggested, "Let's just go to another sect. With our strength, I believe that any ancient sect would be happy to accept us. When the time comes, we'll spread the news of Lin Yi taking over the ancient Alliance, and it'll definitely attract the attention of the entire ancient Alliance. We'll be in an invincible position. "

"This idea sounds good." Chen Dongcheng nodded in agreement. He was a mid-stage golden core expert, and Lu Pingan was even a peak late-stage golden core expert. With such strength, he would be treated well in any ancient sect. Of course, the prerequisite was that he could gain the other party's trust. Fortunately, in order to help him rise to power, Chen Jiu had brought him to various ancient sects to show his face. Among them, there were a few who had good relationships, so it should not be a problem for him to join them.

"Then we're leaving now?" Lu Pingan looked at Chen Dongcheng. Although he was more powerful, he still lowered his stance in front of Chen Dongcheng. After all, Chen Jiu had not really died. If he could find a way to cure him, he would not have to suffer no matter where he went with this nascent soul old monster's protection.

"There's one more question. What should I do about this old ancestor? I can't just go to his door and rely on him behind his back, right?" Chen Dongcheng was still frowning. Chen Jiu was his and Lu Ping'an's greatest hope for a comeback. Unless it was confirmed that Chen Jiu was completely dead, there was no way he would abandon him. How they should deal with him was a big problem.

"That's definitely not appropriate. Master's identity and strength are too sensitive. If we rashly close the door, not to mention that not many people would dare to take us in, even if they do, there will be all kinds of dirty things that will not be good." Lu Pingan shook his head. After all, if he was really saved, he would be a true nascent soul old monster. The North Island's Green cloud sect had already staged a show of a Turtledove occupying a magpie's nest. The other ancient sects would not repeat the same mistake.

"In that case, we can only split into two groups. One of us will go to Wushui first, and the other will stay and take care of the ancestor. When everything is ready, we will think of a way to secretly transfer the ancestor there. What do you think?" Chen Dongcheng said.

"That's a good idea, but who's going and who's staying?" Lu Pingan looked at Chen Dongcheng. This was another problem. Although the two of them were now grasshoppers tied on the same rope, they were not confidants with each other. They did not know what kind of schemes they had in their hearts. No matter who went and who stayed, there would always be various concerns.

The two of them fell into silence.

Chapter 5376 How's The Effect?

At this moment, an unfamiliar voice suddenly interrupted, ""There's no need for you two to have a headache. As long as you join our ranks, all of your worries will not be a problem."

"Who's there?!" Chen Dongcheng and Lu Pingan were both shocked. It was only then that they saw a few figures in the dense forest not far away. All of them were covered in black robes, looking extremely secretive.

Seeing this scene, the two of them instantly felt their blood run cold!

Although they were not high and mighty Yuanying stage old monsters, the strength of the two of them was really not low. However, they did not expect that they would unknowingly fall into the encirclement of these people. It was simply incredible!

"Hehe, you guys can call me mysterious man." The black-robed man in the lead spoke in a profound tone. If Bing Wuqing were here, she would know that this guy was the bespectacled doctor.

"A mysterious person? What are you guys trying to do?" Chen Dongcheng and Lu Pingan looked at each other as if they were facing a great enemy. The people on the other side had concealed themselves very well, and they could not see their strength clearly for the time being. However, one thing was certain.

Since these people could surround the two of them without anyone knowing, they were definitely not weak.

"It's nothing. Since you've come to our territory, as the host, we should come and say hello, shouldn't we?" The doctor said with a smile.

"The landlord?" The two of them couldn't help but be stunned. The reason why they had chosen the middle island's queluo mountain as their first stop was because this was a land without an owner. Otherwise, they wouldn't have rashly come in. When had there been such a group of mysterious owners?

"We haven't been here for long, so it's normal that you two haven't heard of us. After all, you're from the North Island, and you're thousands of miles away." The bespectacled doctor looked at the two's surprised expressions and became more and more amused.

"How do you know we're from the northern part of the island?" Chen Dongcheng and Lu Pingan were shocked again. They had only mentioned Beidao's Green cloud School when they were talking just now. They did not say anything else. Could it be that these people had been guarding this place from the beginning?

"Not only do I know that you're from the North Island, but I also know your background. The Deputy sect leader of the North Island's Green cloud sect, Chen Dongcheng, elder Lu Pingan, and the one on the ground is Grand Elder Chen Jiu. Am I right?" The doctor said with a smile.

"Who are you, Sir?" The two of them were even more shocked.

"Didn't I just say that you can call me the mysterious man?" The doctor paused and said, "Both of you are Lin Yi's victims, and Lin Yi happens to be our enemy. You came all the way here to take refuge, what fate!"

"What? You have a history with Lin Yi too?" The two were flabbergasted, wondering just what kind of connections this Lin Yi had to have an enemy in a place like this. What a coincidence!

"Of course, but I'd like to ask if you two want to get revenge on Lin Yi?" The doctor asked.

Chen Dongcheng and Lu Pingan looked at each other. Although they were afraid of the mysterious person in front of them, they still said truthfully, "Of course we want to, but we don't have the strength to do so."

"It's good that you have the heart. As for strength, as long as the two of you are willing to join us, we will have it soon. " The doctor persuaded.

"Join you? What do you mean by that?" The two of them looked at each other. Up until now, they still couldn't tell if they were friends or foes, so why did they suddenly come to this?

"It's very clear. If you join us, I can make you into the nascent Soul Stage in a very short time. What do you think?" The doctor with glasses said something shocking.

A nascent soul old monster! Upon hearing these words, Chen Dongcheng and Lu Pingan were completely stunned. When they came back to their senses, they looked at each other as if they were looking at a monster. Was this guy's brain damaged? Nascent soul old monsters were existences that could only be encountered but not sought. With their qualifications, especially Chen Dongcheng 's, they

would not even be able to touch the threshold even if they were given a few hundred years, let alone a short time ...

"You don't believe me? That's simple. Since you're already here, why don't you just stay and take a look? it won't be long before you'll understand that I'm not lying. " The bespectacled doctor suddenly threw two pills at the two of them and said,""This is a meeting gift for the two of you."

"Golden core?" This was Chen Dongcheng and Lu Pingan's first reaction. However, they immediately shook their heads in denial. This was definitely not a golden core. It just looked a little similar at first glance.

"Of course it's not an ordinary golden core, but a specially improved version. As for its effect, it's at least five times better than an ordinary golden core." The doctor said with a smile.

The two's eyes brightened when they heard this, but after all, they didn't know if the other party was an enemy or a friend. This medicinal pill really didn't feel ordinary. From the appearance alone, it was even far above the ordinary golden core. However, who knew if this was poison?

"You still don't believe me? There should be a way to test pills in this small Jianghu of the immemorial era. If you two are worried, you can go out and find someone to test it. I can wait. " The doctor with glasses said.

"Thank you," Chen Dongcheng and Lu Ping 'an quickly nodded. Their thoughts were completely focused on the pills at the moment, and they couldn't wait. After the professor with glasses left with his men, the two of them rode their spirit vultures out without hesitation to find someone to test the pills.

Soon, the results were out. Although it was impossible to accurately identify what kind of medicinal pills they were, one thing was certain. There were no poisonous components in these two medicinal pills, and they were very clean.

This result was somewhat unexpected, but at the same time, it also made the two overjoyed. Since it was not poison, it meant that there was no danger. In turn, it also confirmed the mysterious man's words to a certain extent.

The effect of this pill was at least five times that of an ordinary golden core!

Was that even possible? The two of them felt a bit lucky. If this was really the case, then they would be rich. They immediately found a place to take medicine and began to cultivate in seclusion without hesitation.

Three days later, the two of them returned to Queluo Mountain on their spirit vultures. As expected, the bespectacled doctor was already waiting here with his men.

"How is it? Are you satisfied with the effects of the pill?" The doctor in glasses smiled.

Chen Dongcheng and Lu Ping'an did not say anything, but the aura that they were displaying was enough to prove everything. They were both perfected golden cores!

In just three short days, Lu Ping'an's breakthrough from the peak late-stage golden core to the perfected golden core was understandable. However, Chen Dongcheng's breakthrough from the mid-stage golden core to the perfected golden core was truly unbelievable.

"Looking at the two of you, you must have noticed, right?" The doctor continued to smile.

Since their strength had increased so much, they should be overjoyed. However, Chen Dongcheng and Lu Ping 'an did not look happy at all. Instead, they looked a little ugly, and even a little frightened.

Chapter 5377 Joining The Center!

As the bespectacled doctor said, they had discovered the faint poisonous gas in their bodies. This shocking discovery was enough to dispel their joy. They would never have thought that such a terrible and troublesome poisonous gas would be left after eating it, even though they had already found an appraiser and the results showed that there were no poisonous substances in it!

They didn't know that this was a combination of the most advanced technology in the secular world. It would be a miracle if they could identify it with just the conventional identification methods of the ancient underworld.

"What does your Excellency want?" Chen Dongcheng and Lu Ping 'an were a little flustered. Their strength had skyrocketed, but the price they had to pay was to carry poisonous gas. This was equivalent to selling themselves alive. No matter who it was, they would not be happy. They would only be in a panic.

"It's nothing much. Don't worry, although the poison can't be eliminated, it won't act up in the short term. Even if it takes a long time, as long as you take the antidote regularly, it can be effectively suppressed. There won't be any problems. " The bespectacled doctor said lightly.

The two of them looked at each other. These words did not make them feel much more at ease. Instead, they were even more frightened. The more stable the poison was, the more reliable the other party's control was. What exactly did this mysterious person want?

"Still not at ease?" The bespectacled doctor looked at their expressions and smiled. He comforted them, "I've said my purpose from the very beginning. We have a common enemy, so I need you two to join our organization. As for the strength of our organization, I believe there's no need to say more. You should have a deep understanding of it. As I said before, as long as you two cooperate well, I can make you two nascent soul old monsters in a very short time!"

Previously, Chen Dongcheng and Lu Ping 'an had subconsciously treated these words as a fantasy story, but it was different now. With the medicinal pills as a Foundation, they believed this without a doubt!

On one hand, there was the temptation of a Yuanying stage old monster, on the other hand, there was the threat of an inexplicable poisonous gas. In the face of this carrot and stick, no one would have a second choice.

"Alright, I'll join!" Chen Dongcheng made the first decision.

"I'll join too!" Lu Ping 'an did not want to fall behind.

"Very good. With the two of you working for us, it will be much more convenient for us to do things in this small Jianghu of the immemorial era. It's like adding wings to a Tiger. Congratulations!" The mysterious man was overjoyed.

Although these two people's surrender was completely within his expectations, he was still very happy. After all, if central wanted to truly gain a firm foothold in the immemorial small Jianghu, they had to rely on the local Aborigines. These two people were the top leaders of the North Island's Green cloud sect. Whether it was in terms of experience, connections, or influence, they were far from ordinary people. Even if they had escaped from the North Island's Green cloud sect now, their role was still not small.

"This subordinate will do his best and sacrifice his life!" Both of them were smart people. Since they had already come this far, they adjusted their mentality very quickly, so that no one could find fault with them. However, only they themselves knew what kind of thoughts they were holding in their hearts.

"Good. You two have just broken through not long ago. You need to cultivate and stabilize your realms. I believe you will have good news after a while." The bespectacled doctor laughed.

"What good news?" Chen Dongcheng and Lu Ping 'an looked at each other curiously.

"You'll know when the time comes. " As he said this, the professor's gaze fell on the unconscious Chen Jiu. To him, the joining of Chen Dongcheng and Lu Ping 'an was not the biggest gain. The biggest gain was the Grand Elder of the Qingyun school on the North Island. The key to mass-producing nascent soul old monsters in the future would all fall on this guy.

Three months passed by in a flash.

To Xu Xiaodong, this was a special day because her most valued direct disciple, Leng Leng, had come out of her closed-door cultivation. After a few months of closed-door cultivation, Leng Leng had successfully crossed the barrier between the foundation establishment stage and the Golden core stage. She was now a true early golden core expert!

As a master, Xu Xiaodong was only at the early golden core stage. Now, she was actually tied with her own disciple. According to the sect's rules, they would be on equal footing in the future. If it were anyone else, it would be inevitable for them to feel a little embarrassed. But Xu Xiaodong would not. On the contrary, she felt very proud of it!

In a mere one and a half years, Leng Leng had gone from an early Foundation Stage disciple to an early jiedan stage expert. Such an amazing performance, even if it couldn't be compared to Xue Jianfeng's, it was still shocking. No matter who taught such a disciple, he would be extremely proud.

Not only that, with Leng Leng's talent and all the pills Lin Yi gave her, she could return to her previous state of rapid breakthrough after breaking through the huge barrier of golden core. Other people would need decades or even centuries to go from early golden core to peak golden core, but for Leng Leng, even without the modified pills from Zhong Xin, she didn't need that much time.

Perhaps in a few years, the snow sword sect would have another expert in the great circle of the Golden core stage.

However, before the master and disciple could say a few words, a familiar but disgusting voice interrupted them. It was Xue Jianfeng.

"Oh, you've finally come out of seclusion. It looks like you're already in the Golden core stage. This is rare." Xue Jianfeng walked towards the two of them with an evil smile on his face. It was obvious that he did not come with good intentions.

Leng Leng and her master, Xu Xiaodong, looked at each other. They couldn't help but feel a little suspicious. Ever since this fellow's legs had been crippled by Bing Wuqing in public, it hadn't been long

before his father, Xue Liping, had sent him out to seek medical treatment. There had been no news of him for a few months. They didn't expect him to appear again today.

This matter was strange from the very beginning. Logically speaking, with the injuries on his legs, the doctors in the snow sword sect might be able to treat them. Even if they didn't have the ability, they could at least give it a try. There was no need for him to go out and seek medical treatment, let alone stay outside for a few months.

Seeing that the two of them did not respond, Xue Jianfeng did not take it to heart. He walked closer and reached out his hand to touch Leng Leng's cheek. He continued to smile evilly, "Tsk, tsk, it's only been a few months since we last met, and Junior Sister has become even more beautiful. I feel pity for you. I originally wanted to continue investigating your past deeds, but I've changed my mind. As long as you know how to correct your mistakes, I can let bygones be bygones. How about it?"

"Lost path?" Leng Leng's figure retreated to avoid the other party's lecherous hand. She had now advanced to the Golden core stage. Even if she was only in the early stage of the Golden core stage, she was at least on the same level as the other party. She would definitely not be able to defeat him, but she would not be resigned to her fate.

"That's right, I'll make you realize that following Lin Yi was a huge mistake, and you'll regret it for the rest of your life. I'm being merciful and giving you a chance to stop at the edge of the cliff, so you better know what's good for you," Xue Jianfeng sneered as he continued to press forward.

Chapter 5378 Are You Scared?

Leng Leng frowned and immediately prepared to use the ice prison mirror. The power of this move could already pose a threat to early gold core experts when she was at the great circle of Foundation establishment. Now that she had advanced to the early gold core stage, its power had increased by ten times or even dozens of times. It could pose a threat to any gold core expert, including those at the great circle of gold core.

Especially since this was snow sword sect, she didn't need to deal with Xue Jianfeng alone. Once they started fighting, it would quickly attract onlookers and make a big deal out of it. By then, it wouldn't be her problem alone.

However, before Leng Leng could make her move, a bone-chilling cold had already enveloped the tip of the snow sword. Bing Wuqing's voice then rang out, "Who's the one who doesn't know what's good for her?"

"I knew it, when Leng Leng is in trouble, you, Lin Yi's damn Lackey, would be the first to jump out and bare your fangs. Hehe, I was right!" Not only was Xue Jianfeng not shocked, but the corner of his mouth curved into a sneer, as if he had forgotten the painful lesson last time.

"So, you came prepared?" Bing Wuqing sized him up again. Although he didn't make a move, and didn't release any terrifying aura, her intuition told her that he was no longer the same as before. Thinking back to how he had disappeared for a few months, anything was possible with his heaven-defying skills. Perhaps he had already advanced to the nascent Soul Stage!

Otherwise, with Xue Jianfeng's nature of bullying the weak, he would not have dared to come back at this time to stir up trouble, let alone in such an open and aboveboard way.

Thinking of this, Bing Wuqing suddenly had a flash of understanding. She had provoked Leng Leng to lure her out on purpose. Could it be that this guy wanted to take revenge on her?

"What do you think?" Xue Jianfeng didn't even try to hide it, and a ferocious look flashed in his eyes. "Someone asked me to pass you a message. Betrayal comes with a price. Traitors will never have a good end. I hope you can be mentally prepared."

"Is that so?" Bing Wuqing's expression didn't change at all. There was no need to mention who this person was. From the day he had attacked Xue Jianfeng, he had already been prepared for this, and he wasn't afraid at all.

It was true that the center was unfathomable, but was Lin Yi weak?

Central's higher-ups had repeatedly warned their subordinates not to provoke Lin Yi, and this in itself proved how terrifying Lin Yi was. Bing Wuqing believed that Lin Yi and his backer must have a profound strength that could compete with central-this was the most logical explanation. Otherwise, he wouldn't have completely joined Lin Yi's side so easily. This was a huge gamble, and a smart person like him wouldn't bet on it so easily.

"You seem to have nothing to fear? Do you really think that you're invincible and no one can defeat you just because you've become a nascent soul old monster?" Xue Jianfeng couldn't help but smile when he saw his expression. He looked at Bing Wuqing as if he was looking at a clown, a clown that he was about to take revenge on.

"So you mean you can deal with me?" The corners of Bing Wuqing's mouth also curled up.

"Of course. Otherwise, wouldn't all my saliva have been in vain?" Xue Jianfeng's expression became more and more complacent. However, before he could make a move, his body suddenly felt heavy. A thick layer of ice suddenly covered his body, making it difficult for him to move. Even lifting his hand became a luxury.

This time, the power of the merciless ice was more than a level stronger than the last time. Although Bing Wuqing's cultivation level didn't improve in the past few months, and she didn't take the two Supreme-grade golden elixirs that Lin Yi gave her, it was a fact that haste makes waste. It was just that

some people could control it, and some people couldn't. An absolutely rational person like Bing Wuqing naturally belonged to the former.

Just from the effects alone, other than the poison, the Central's modified pill was indeed much stronger than the normal ones. Even Lin Yi's own top quality pills couldn't compare to it, but it had a huge disadvantage-it consumed a lot of a person's potential, and the direct consequence of it was that it would be hard for them to break through in the future, and their Foundation would be severely lacking.

Although Bing Wuqing wasn't like Xue Jianfeng, who only relied on the core pill to increase his strength, he had still taken it once. If it weren't for the fact that his natural talent was so strong that it was heaven-defying, no matter how many Supreme-grade pills Lin Yi gave him, it would all be in vain. To be honest, the fact that he was able to overcome the side effects of the core pill and break through to the nascent Soul Stage in such a short time was a shocking result, not to mention the others, even Lin Yi himself was shocked.

However, no matter how powerful and heaven-defying Bing Wuqing's aptitude was, the side effects were still present. He hadn't felt it clearly before, but it had gradually manifested after he had advanced to the nascent Soul Stage. The most direct manifestation of it was that it wasn't as easy to break through as before. With his superb aptitude, he could easily break through if he took some medicine, but it wasn't realistic now.

Of course, this was partly due to the fact that it was more difficult to break through to the original level. However, the side effects still existed.

It was a good thing that he had that half a spirit grass as a Foundation, which had reduced the side effects to a large extent. Now that it had been specially stabilized for a few months, it could basically be considered offset. As his cultivation level became more and more stable, even though they were both in the early stage of the nascent soul realm, Bing Wuqing's true strength had increased by a lot compared to a few months ago. Even if she were to face an expert in the early stage of the nascent soul realm who was more experienced, she would only be stronger than him!

That was why Xue Jianfeng had come back with great confidence, and Bing Wuqing, who had expected this, was also very confident.

"Hmph, Hmph, you have the nerve to use such a small trick in front of me?" Xue Jianfeng, who was trapped in the ice, suddenly snorted. A powerful Zhen Qi suddenly burst out from his body, and the ice instantly shattered on the ground.

Upon seeing this, the expressionless Bing Wuqing's eyes suddenly widened. This guy wasn't at the early stage of the nascent soul realm, but was actually at the peak of the early stage!

"Are you scared?" Xue Jianfeng was very pleased with his shocked expression, and said proudly, "How is it? Do you feel a little regretful now? It's a pity that it's too late to regret it. You've already taken this step, and there's no turning back. To be honest, I really didn't expect that a rational person like you, Bing Wuqing, would one day be so hot-headed that you'd actually walk on such a path of no return. Before I really make a move, why don't you tell me your thoughts?"

The peak of the early stage of the original level was his greatest source of confidence!

In the past few months, he had not been recuperating from his injuries, but had been further strengthening and upgrading at the acceptance Center. The peak of the early Yuanying stage was the result of this strengthening and upgrading.

Because of the existence of Sky Class Island professor zou and the others, Central's technology for mass production of nascent soul masters had long been very mature.

Chapter 5379 The Number One Managing Grand Elder

However, the key to limiting them was the sample. Not only did they need a ready-made sample source, but they also needed a strong sample receiver.

In the beginning, the strongest sample in the secular world was heaven class full cultivation, so the center of the secular world could only produce heaven class full cultivation Masters. However, after the people from the ancient martial world appeared, foundation building and golden core stages were nothing to them. Now, because Chen Dongcheng and Lu Pingan had brought the half-dead Chen Jiu, it was natural to produce nascent Soul Stage Masters.

Xue Jianfeng was the first test subject. As for why he was able to reach the peak of the early nascent Soul Stage, there was only one reason. Chen Jiu, who was the source of the sample, was also at the peak of the early nascent Soul Stage.

"A path of no return? It seems like you're really confident. " Bing Wuqing's eyes narrowed into a slit. This was a sign that he was serious. No matter how much he had underestimated Xue Jianfeng in the past, this guy had become an expert at the peak of the early stage of the nascent soul realm. He was an out-and-out formidable opponent.

"My current strength is an entire level higher than yours. Why don't you give me a reason for not being confident?" Xue Jianfeng's lips curled into a sneer. Then, he suddenly drew his sword and pointed it at Bing Wuqing. The speed of his sword was more than a hundred times faster than when he was at the peak of the gold core realm. It looked like a cold light at first glance, and in the next moment, it was already at Bing Wuqing's throat.

No one could have imagined that Xue Jianfeng would kill Bing Wuqing so openly in broad daylight. Even when Bing Wuqing had taken the opportunity to fall out with him the last time, she had only punished him. This guy was a typical villainous person who would take revenge for his own gain.

Leng Leng's and Xu Xiaodong's eyelids twitched when they saw this, and they broke out in a cold sweat for Bing Wuqing. However, this was a battle between nascent soul cultivators, and they were only at the early gold core realm. They couldn't interfere at all.

Fortunately, Xue Jianfeng's sword had stopped at the last moment. It was not that he had taken the initiative to withdraw his power, but that there was a layer of ice between the tip of his sword and Bing Wuqing's throat. The difference was that the layer of ice was a strange black color!

Clang! A crisp sound similar to the sound of metal colliding rang out. Xue Jianfeng's sword was actually knocked back by this layer of black ice, which immediately shocked the arrogant Xue Jianfeng.

He was now a master of the peak of the early Yuanying stage, how could he not break the defense of the opponent's early Yuanying stage? In particular, when this layer of black ice appeared, it made people's hair stand on end. What kind of evil method was this?

"Your cultivation level has increased a lot, but your strength hasn't increased much. Your sword is a little weak." Bing Wuqing said calmly. Not only did she not look flustered at all, but she also seemed to have seen through her opponent's background with this sword attack, and she became confident again.

Xue Jianfeng's attack was indeed very fast, so fast that he couldn't even react in time. However, at the end, the tip of the sword started to drift, which was a sign of an unstable realm and a lack of foundation. No matter how heaven-defying Central's technique was, it was not surprising that he had forcibly turned Xue Jianfeng into an expert at the peak of the early stage of the nascent soul realm in such a short time. If not for this, it would not have been easy for Bing Wuqing to block his sudden attack.

"Hmph, don't be so pretentious!" Even though he said that, Xue Jianfeng was starting to feel a little guilty. All this while, Bing Wuqing had always been above him. Even if she were to turn the tables on him now, he actually didn't have that much confidence to back it up.

After all, he wasn't a fool. He knew better than anyone else the drawbacks of these improved elixirs, especially when he had just become a peak-level early nascent soul realm expert. Facing Bing Wuqing, an early nascent soul realm expert, there was still the risk of him being defeated.

At the end of the day, Xue Jianfeng had always felt a little inferior in front of a true peerless genius like Bing Wuqing. It was just that he was deceiving himself and refused to admit it no matter what.

"We'll know whether he's pretentious or not after the fight. " Bing Wuqing's tone was very unyielding. Unlike the shock she had felt earlier, the way she looked at Xue Jianfeng now was full of aggression, like a vicious Wolf looking at an injured leopard. Before the leopard was injured, the wolf might have to retreat, but now that she had seen through the leopard's strength, the situation had been reversed.

Being stared at like that, Xue Jianfeng's scalp went numb, and he even subconsciously took half a step back. However, he immediately reacted and forced a cold smile, "Hmph, your tone is quite arrogant. Let's see if you have the ability!"

Bing Wuqing didn't say anything, but used her actions to answer. A pitch-black ice sword appeared silently in his hand, exuding an unparalleled mysterious aura. It seemed Holy and solemn, yet evil and ruthless at the same time. It was hard to grasp, but it made one's heart palpitate.

Xue Jianfeng's heart skipped a beat when he saw this. Black ice, black ice again!

Before today, he had never seen such a technique from Bing Wuqing. Judging from the situation just now, it was obvious that this was the other party's ultimate killing move, and its power must be extraordinary.

Just as they were about to draw their swords, a group of people rushed over from afar. Hong Qingyuan's voice was heard, "Wait! The two of you can talk things out!"

Not only was the sect leader Hong Qingyuan present, but the great elder Chi qianqiu and other members of the Council of Elders were also present. They could not help but feel nervous. This was a battle between two nascent Soul Stage old monsters. Once they got angry, it would be a huge disaster for the entire snow sword sect. Not to mention that Xue Jianfeng and Bing Wuqing were both members of the snow sword sect. To every nascent Soul Stage old monster in the ancient sect, they were an immeasurable wealth. They did not want the snow sword sect to lose any of them in vain. It would be even more F * cked up if both sides suffered heavy losses.

"Hmph, your reinforcements are here." Xue Jianfeng was already in a difficult position. He had obviously been frightened by Bing Wuqing's attitude, but now he finally found a way out. He pretended to be magnanimous and said, "Since we're from the same sect, and for the sake of the big picture, I'll remember what you did last time. Next time, you'd better be more tactful in front of me."

"Pretentious," Bing Wuqing looked at him as if he was an idiot, but she didn't make a move. Her main task was to protect Leng Leng. If they were to start a fight here, it would be detrimental to Leng Leng's safety.

Hong Qingyuan and the others heaved a sigh of relief. On the one hand, they were still shocked by Xue Jianfeng's strength. On the other hand, they were really worried. If the two of them really started fighting, they would not even dare to stop them. If they dared to interfere in the battle between the two nascent soul old monsters, even Hong Qingyuan, who was in the great circle of the Golden core stage, could only be cannon fodder.

"Since you're all here, I'll make an announcement to everyone. From today onwards, I'll be the first managing Grand Elder. You don't have any objections, right?" Xue Jianfeng announced loudly in front of everyone.

Chapter 5380 The Local Tyrant

"..." Hong Qingyuan and the others looked at each other in bewilderment. They hadn't even reported to the Supreme elder that Bing Wuqing had made a decision on her own to appoint a managing Supreme elder. Now, she had been appointed as the first managing Supreme elder. What the hell was this?

Although they were complaining, the other party was now a master at the peak of the early stage of the nascent Soul Stage. They, including Hong Qingyuan, had no room for bargaining. No matter what the other party asked, the only thing they could do was to listen obediently.

"Alright, it's decided then." Xue Jianfeng made his decision.

Hong Qingyuan and the others all looked at Bing Wuqing. He was the only one who had the right to object at this time. The first managing Grand Elder of Xue Jianfeng was obviously trying to ride on his head, so he was definitely the one who had the biggest reaction to this.

In the end, Bing Wuqing was completely unmoved. She didn't even have the intention to speak. She only looked at Xue Jianfeng with a mocking gaze, as if she wasn't interested in this at all.

Soon, Xue Jianfeng, Hong Qingyuan, and the others left one after another. After they had gone far away, Bing Wuqing turned to Leng Leng and reminded her, ""With this guy's personality, he won't let this matter rest. Be careful in the coming days. Avoid him if you can."

"I know." Leng Leng nodded. She had just advanced to the gold core realm, so she needed to stabilize her cultivation. She just needed to find a slightly hidden place. Besides, with Bing Wuqing as a deterrent, Xue Jianfeng didn't dare to be too reckless.

Little did he know that at this moment, even Bing Wuqing herself was feeling very guilty. Don't be fooled by his confident attitude just now, it was actually just a Bluff!

The sudden appearance of Hong Qingyuan and the others was not so much a way out for Xue Jianfeng, but more like a way out of his predicament.

The Black Ice that Xue Jianfeng was most afraid of was indeed a great killing weapon that he had recently cultivated. Unfortunately, it was far from being fully formed, and its effect was very limited in actual combat. This was something that could not be hidden as long as he was in a fight. Fortunately, Xue Jianfeng was frightened.

Bing Wuqing had originally planned to stabilize her situation for a while longer, but that was no longer possible now. Facing Xue Jianfeng, an expert at the peak of the early nascent Soul Stage who had suddenly appeared, she had to improve her strength as soon as possible. She knew very well that Xue Jianfeng was not someone who could be easily fooled. She had managed to scare him off this time, but it might not be the case next time.

It was a good thing that she still had the two Supreme-grade golden elixirs that Lin Yi had given her. In addition to her recent accumulation and stabilization, Bing Wuqing was confident that she could raise her realm by one level after a period of closed-door cultivation. If she was lucky, she could even raise it by two levels. At that time, she would have enough strength to use the Black Ice, and Xue Jianfeng and the others would naturally not be a threat to her!

Bing Wuqing had never been one to drag things out. After she had made up her mind, she immediately went into seclusion. For three consecutive days, everything was calm.

However, this calm was quickly broken. Xue Jianfeng had come to his senses much earlier than Bing Wuqing had expected. He couldn't see through the black Ice, but he could tell that Bing Wuqing was putting on a show. Otherwise, with Bing Wuqing's extremely pragmatic nature, she wouldn't have swallowed her anger so easily if she had enough strength.

When he realized that Leng Leng had disappeared without a trace, and Bing Wuqing had gone into seclusion as well, Xue Jianfeng's feeling that he had been tricked became even stronger. His first reaction in his embarrassment turned into anger, and that was to break into Bing Wuqing's cave.

Anyone would activate a defensive formation when they were in seclusion to prevent outsiders from invading, and Bing Wuqing was no exception. It was a pity that the level of his defensive formation was not high, and could only withstand the attack of a perfected gold core realm cultivator at most. It was practically useless in front of a nascent soul realm old monster, not to mention Xue Jianfeng.

Xue Jianfeng's sudden intrusion was far beyond Bing Wuqing's expectations. He was at the critical moment of his seclusion, and had suffered a great loss in just one exchange. If he hadn't managed to release the merciless ICE FORCE at the last moment to delay his opponent for a moment, he would have been killed in an instant. Xue Jianfeng was really going to kill him this time.

However, Bing Wuqing was Bing Wuqing after all. Even though she had been ruthlessly ambushed by Xue Jianfeng, she was still able to escape death by herself, and even managed to escape with heavy injuries.

The news caused an uproar in snow sword sect.

Hong Qingyuan and the others almost went crazy when they heard about this. Many of them were people who placed the interests of their sects above all else. Before this, they were all looking forward to an incomparably glorious future. Xue Jianfeng, Bing Wuqing, and the original Grand Elder-there were three nascent soul old monsters at once. Such a luxurious and top-notch configuration had already exceeded the level of all the ten small sects and families. They could even begin to launch an attack on the legendary four big sects. That was the true supreme ruler of the small Jianghu in the ancient times!

Once they became one of the four great sects, it would be a brand new era for the entire snow sword sect. They would be creating history.

He had never expected that before he could even dream of it, Xue Jianfeng and Bing Wuqing would start fighting again. This time, Bing Wuqing was seriously injured, and she had even escaped from snow sword sect with her life on the line. Her whereabouts were unknown.

"Elder Xue, could you please explain to us what is going on?" Hong Qingyuan asked, suppressing his anger. If the other party was not a nascent soul old monster, he would not even want to speak now and would have been punished according to the sect rules!

Unfortunately, all the sect rules were set for people below the sect master. For Xue Jianfeng, who was a nascent soul old monster, all the sect rules were nothing.

"What's the matter? Was there a need to ask? Bing Wuqing betrayed the sect, it's that simple!" Due to his lack of strength, Xue Jianfeng no longer took Hong Qingyuan and the others seriously. He did not even bother to make up such a story, and simply replied to them.

"..." Hong Qingyuan and the others all had a strange expression on their faces. Even if they were cursing in their hearts, they did not dare to refute it.

"Also, where did could go? find her at all costs." Xue Jianfeng directly gave the order to the crowd and then added, ""Spread the word that if we don't see her before sunset today, I will start with her master, Xu Xiaodong."

These words made Hong Qingyuan and the others 'expressions change again. Not only did they not feel the joy brought by the three nascent Soul Stage cultivators, but they were also anxious. Xue Jianfeng was so unscrupulous, he was ready to be the Emperor of the entire snow sword sect!

Even so, no one dared to refute him. With Xue Jianfeng's current character, even if Hong Qingyuan, the sect leader, stood up to refute him, he would probably accuse him of betraying the sect. He might even attack him directly. That was no joke.
