

Bodyguard 5881

Chapter 5881 Hit It Off At Once

The young man snorted and muttered, "You only know how to use my dad to pressure me. I don't care. Those two kids were too arrogant. Uncle Li, quickly find someone to find out their background. As long as they're not people you can't mess with, kill them directly!"

Uncle Li agreed. Just as he was about to say something, three more people came up the stairs. The young man looked at them casually and was slightly surprised. "Zheng Tianqing, what are you doing here?"

The three people who came later were Zheng Dongsheng, Zheng Dongjue, and Zheng Tianqing. When they heard someone call his name, they looked up and said, "Isn't this young master Qian? What a coincidence, to actually be able to meet you on the northernmost Island!"

Zheng Tianqing quickly took two steps forward and passed his grandfather and second grandfather. He came to the young man and cupped his fists respectfully. "Young master Qian, Mr. Li, I haven't seen you in a while. How have you been?"

"It's alright. I heard that you went to Nakajima, right? How is it, is it still okay?" The young man, young master Qian, casually waved his hand and asked.

Zheng Dongsheng and Zheng Dongjue came over and stood still. They smiled and asked Zheng Tianqing, "Tian Qing, who are these two?"

"Young master Qian, Mr. Li, let me introduce you." Zheng Tianqing pointed at Zheng Dongsheng with a smile and said, "This is my grandfather, Zheng Dongsheng, and this is my second grandfather, Zheng dongjue. They are the Vice Hall Masters of the Nakajima pill Hall."

Young master Qian didn't have much of a reaction, but uncle Li's face turned serious. He cupped his fists and said solemnly, "Nakajima pill Hall, is that the pill Hall founded by the pill God Zhang Liju?"

Zheng dongjue was a little annoyed. He wanted to get the position of the head of the pill Hall, but Zhang Liju was like a mountain pressing down on his head. As long as the pill Hall was mentioned, the first person anyone would think of was Zhang Liju. As for him, who was he? Never heard of it!

Uncle Li's reaction perfectly explained Zhang Liju's influence. Zheng Dongsheng was a slightly famous Alchemist in the East continent, but he didn't care at all. If it wasn't for the word "pill Hall," he would probably just nod and greet them.

Zheng Tianqing did not care about his second grandpa's thoughts. He smiled and nodded. "Yes, yes, Mr. Li, you've heard of it? My second Grandpa is the Vice head of the pill Hall founded by the pill God Zhang Liju. He's one of the leading figures in Nakajima. "

Zheng Tianqing then turned to his two grandfathers and said, "This is Qian Xiaodong, young master Qian, a genius disciple of the East continent's Xixing Academy. He is also the young city Lord of torrent city. Mr. Li is the guest elder of torrent city. He has been entrusted by the city Lord to take care of young master Qian."

Zheng Dongsheng was originally a little dissatisfied that these two people didn't have any reaction when they heard his name. Now he knew that they seemed to have such a big background. He immediately smiled and lowered his attitude, "So it's young master Qian and Mr. Li, it's an honor to meet you!"

The Western prosperity Academy was very famous in the East continent. It was even more powerful than the Golden class Morning Star Academy where Zheng Dongsheng used to be. However, its geographical location was relatively remote. It was in a completely different direction from the Morning Star Academy in the East continent, so they didn't have much intersection.

Torrent city was located on the edge of the West rising Academy. The strength of this city was also one of the stronger cities in the East Province. Of course, Zheng Dongsheng had heard of it, so he naturally had some intention to curry favor with Qian Xiaodong. If he could make friends with these two people, he might be able to return to the East Province.

Qian Xiaodong nodded to Zheng Dongsheng casually and said "I've heard a lot about you "perfunctorily. Then, he said to Zheng Tianqing, "When are you going back to the East Province? Without you, we won't have much fun playing. How about you come back with this young master after the auction?"

Zheng Tianqing was overwhelmed by the unexpected favor and bowed. "Young master Qian, you're flattering me. However, after this auction, there are still some things to deal with in Nakajima, so I can't go back with you. But don't worry, young master Qian, I'll definitely rush back to the East continent as soon as possible!"

Zheng Dongsheng secretly gritted his teeth. This was such a good opportunity! Little brat, you don't know how to think for your grandfather. If you don't want to go back, at least let me go back with young master Qian and the others!

In fact, Zheng Tianqing really didn't dare to go back with Qian Xiaodong. Although he often played with Qian Xiaodong and his gang in the East Province, Zheng Tianqing was just a follower of them because of the difference in status. He would be teased by them from time to time and even had to smile when he suffered losses. Those days were simply unspeakable.

Zheng Dongsheng used to be the second-in-command Alchemist of the Morning Star Academy, but he was kicked out of the east Province, which made Zheng Tianqing's life even more difficult. That was why he came to the middle Island from the East Province without hesitation. Otherwise, who would be willing to leave the East Province?

"You're quite a busybody!" Qian Xiaodong smacked his mouth in dissatisfaction and then waved his hand, saying, "Forget it, forget it. Let's not talk about this for now. Just now, two kids offended me. Uncle li used my father to pressure me and told me not to cause trouble. Help me see if you know those two kids and if they have any terrifying background."

Uncle li shook his head with a wry smile. Qian Xiaodong was indeed talented. Otherwise, he wouldn't have become a genius disciple of the Western Development Academy. Unfortunately, he had been spoiled by his father since he was young, so he was more arrogant and overbearing. He couldn't bear to suffer any losses.

The matter just now was not worth mentioning at all. The cause was Qian Xiaodong himself provoking the other party. What was a big deal with a verbal conflict? However, he refused to let it go and would not stop until he killed the two young men.

He could only go along with Qian Xiaodong's wishes. Since Zheng Tianqing and the other two were here, he might be able to borrow their hands to do things and avoid a lot of trouble.

Uncle li had already made up his mind, so he did not speak. Zheng Tianqing, on the other hand, said with a face full of righteous indignation, "Who's so bold as to bump into young master Qian? let's go and see who it is! Young master Qian, where did those two idiots go?"

Qian Dongdong was very satisfied with Zheng Tianqing's performance. He pointed to the third floor and said, "He just went up. Let's go now. He's probably on the third floor!"

Zheng Tianqing greeted his two grandfathers and walked up with Qian Xiaodong. Now that the big shots were gathered on the northernmost Island, he did not dare to be so arrogant. But now that Qian Xiaodong was with him, Zheng Tianqing was much more confident.

In Zheng Tianqing's opinion, Qian Xiaodong's status in the East Province could turn clouds and rain. There were only a handful of people who could suppress him in this place. Anyway, with Qian Xiaodong and uncle li supporting him, it would not be a problem for him to act tough.

Chapter 5882 Sneak Attack At The Slightest Disagreement

Uncle li wanted to borrow the Zheng family's knife to kill someone, but he did not expect Zheng Tianqing to also plan to use Qian Xiaodong and uncle li as his backing.

The group went up to the third floor, and Qian Xiaodong saw Lin Yi and Wei shenjin immediately. He pulled Zheng Tianqing and said, "Did you see that? it's those two kids. You don't know how arrogant they were just now. If it wasn't for uncle Li, I would've killed them!"

Zheng Tianqing was overjoyed when he saw Lin Yi and Wei shenjin. He was just thinking about how to deal with Lin Yi, but he didn't expect the guy to offend Qian Xiaodong. He knew that Qian Xiaodong's uncle li was a real big Shot!

If the people at the xuansheng stage couldn't kill you, could the people at the mountain opening stage not kill you?

Zheng Tianqing had already thought of a plan to kill with a borrowed knife. He immediately pretended to be very disdainful and said, "Young master Qian, this is the guy you're talking about. I know him, his name is Lin Yi, a guy who likes to show off everywhere. He used some connections to open a small pill house in central island. I heard that he got the qualification to come to the northernmost Island with the help of a friend of the five elements Chamber of Commerce. The one beside him is his little brother, an inner disciple of the central island snow sword sect."

"So weak?" Qian Xiaodong asked in surprise, then looked at uncle li with joy. "Uncle li, are you relieved now? This kind of small fry should just be killed!"

The snow sword sect and the Chamber of Commerce were nothing in Qian Xiaodong's eyes. The people his father warned him not to mess with, other than those super families that hid themselves from the world, were Zhang Liju from the pill Hall, Shangguan Tianhua from the North Island, and a few others. Lin Yi, on the other hand, was just a lucky freelancer with some connections.

If he knew that Zheng Tianqing was intentionally hiding most of Lin Yi's information, he might even thank Zheng Tianqing. He wanted to deal with Lin Yi anyway, who cared about his background!

Uncle li didn't answer directly. Instead, he raised his eyebrows and asked, "How much do you know about this Lin Yi? What was his current strength? Who is your master?"

Zheng Tianqing curled his lips. This uncle li was quite troublesome. He was already a Big Shot at the beginning of his mountain. Since Lin Yi offended his young master, why didn't he just go up and slap him to death? why did he have to talk so much nonsense?

However, since the other party had asked, Zheng Tianqing did not dare to not answer. He could only bow respectfully and said, "Mr. Li, I know Lin Yi very well. He's probably at the peak of the late stage of

mysterious Ascension. I think he's from the North Island's Qingyun Pavilion, and he's only learning the common arts and techniques of the Qingyun Pavilion. He doesn't have a master to guide him."

"GreenCloud Pavilion?" Uncle Li repeated, feeling much more at ease. If it was a disciple of the rising Sky Pavilion, he would have advised Qian Xiaodong to give up, because the rising Sky Pavilion had Shangguan Tianhua!

As for the GreenCloud Pavilion, although it was also a branch of the North Island, it wasn't the rising Sky Pavilion, so it shouldn't be a big problem!

It was a pity that he didn't know that Lin Yi was someone Shangguan Tianhua valued. Otherwise, he wouldn't have thought that it would be so easy to deal with him.

As for the peak of the late stage of xuansheng, with Lin Yi's age, he could be considered a genius, but in front of a mountain opening stage, even a peak xuansheng wouldn't stand a chance!

Qian Xiaodong was getting impatient. He turned to Zheng Tianqing and said in a low voice, "Zheng Tianqing, go and kill those two brats for me. I'll definitely remember the benefits you've given me!"

If he could do it himself, Qian Xiaodong would definitely do it himself. It would be more satisfying that way. However, uncle Li was still hesitating. He probably could not wait for any results, so he simply incited Zheng Tianqing to do it.

Zheng Tianqing immediately cried and said, ""Young master Qian, how can I be that guy's opponent? He's an expert at the peak of the late stage of the mysterious Ascension realm. With my level, I'll be killed in seconds if I go up there. He probably won't even blink his eyes. "

He even glanced at uncle Li's side, signaling that the only person here who could deal with Lin Yi was uncle li.

Lin Yi had noticed that the Zheng family was with the two idiots from before-they were all jackals of the same tribe, and they were all very stupid. They wanted to deal with him, but they were still pointing at him, worried that he couldn't hear them and didn't know they were coming for him?

Lin Yi had wanted to see if he could find any ghost cicada wings, but the Chamber of Commerce had a lot of good materials, but none of them were what Lin Yi needed.

Lin Yi was just feeling pissed when these guys came looking for trouble. He walked over and said,"What are you guys going to do? Don't be like a shadow, don't you find it troublesome?"

Uncle li looked at Lin Yi carefully, but he couldn't see through Lin Yi's strength. This made him more cautious. There was no reason for a peak late stage of mysterious Ascension to hide from his eyes and not see his strength.

Qian Xiaodong was used to running amuck and did not have any scruples. He directly scolded,"Who the hell are you, how dare you speak to this young master like that? If you want to die, just say it. This young master will definitely fulfill your wish!"

Lin Yi didn't care about this cocky idiot. A peak mid-tier nascent soul cultivator might be considered pretty good in the younger generation, but in front of him, she didn't even have the right to fight.

"Zheng, you'd better behave yourselves. My patience is limited. This is my last warning!" Lin Yi ignored Qian Xiaodong completely as he spoke to the three men.

The three Zheng family members' faces turned ugly. They wanted to say a few harsh words, but they suddenly realized that they didn't have the courage to say anything.

As a refiner, their status was indeed higher, but Lin Yi's skill was much better than all three of them combined. In terms of strength, Lin Yi could beat all three of them, so what else was there to say?

A wise man does not fight when the odds are against him! Endure for a moment and the waves will calm down! The three men repeated the same words to comfort themselves-they'd better get back to their plan and cut off all of Lin Yi's wings!

Qian Xiaodong was on the verge of going crazy with anger. He was the young city Lord of torrent city, and not many people in the East Province dared to ignore his words. This puny disciple of the GreenCloud Pavilion on the North Island was simply going too far!

With uncle Li by his side, Qian Xiaodong wasn't worried about any danger at all. He took out a dagger when Lin Yi's back was facing him and stabbed at Lin Yi's heart.

Chapter 5883 Stealing

Uncle Li's face changed-he didn't want to start a feud with Lin Yi before the situation became clear, but it was no longer up to him. With Qian Xiaodong's personality, he wouldn't stop once he started, and not even Uncle Li could stop him!

Lin Yi laughed coldly. He could've easily crushed this mid nascent Soul Stage idiot, and he could've used over a hundred different methods without repetition, but in the end, he didn't choose any of them and let Qian Xiaodong's dagger stab him.

Of course, Qian Xiaodong's dagger couldn't hurt Lin Yi at all. He only did this because his spirit sense scanned a Jade box on Zheng Dongsheng's body, which contained a Yin core fruit. In order to get to Zheng Dongsheng's side reasonably, he let Qian Xiaodong gloat.

As soon as the dagger touched Lin Yi's clothes, he was sent flying as if he was hit by a giant hammer. The angle and direction were exactly where Zheng Dongsheng was. No matter how you looked at it, you couldn't see any trace of intentional action. It was a perfect cooperation.

When Lin Yi flew close to Zheng Dongsheng, the old man was afraid of being affected by him and tried to avoid him in a hurry. His mind was a little distracted, and the opportunity appeared.

Lin Yi was even better than you Xiaoke in this kind of stealing technique. He had learned it from his uncle-master, Dong Jun. The moment he passed by Zheng Dongsheng, Lin Yi took the yin core fruit from the jade box and put it into his storage bag.

The value of the yin core fruit wasn't worth mentioning to Lin Yi, but he spent so much effort to get it. It wasn't an impulsive decision, but a decision he made after careful consideration.

Since Shang Wanyi's Qi deviation was most likely caused by the Zheng family, then the yin core fruit that Zheng Dongsheng kept on him was a little suspicious. There were many other spiritual herbs and spiritual fruits more precious than this. Why did he bring the yin core fruit? So Lin Yi thought that it was best to keep the yin core fruit in his hands.

If Zheng Dongsheng knew that Lin Yi wanted to take the yin core fruit because he valued it too much, who knew if he'd vomit blood.

This Yin core fruit was indeed of great importance. When Tong wuhui set up Cai Zhongyang, of course, he had to leave a way out for himself. He couldn't frame others and put himself in danger.

The person who ordered the Yangji grass on the northernmost Island also ordered the yin core fruit. In other words, Cai Zhongyang was able to get the Yangji grass because of Tong wozhui's manipulation. There was only one Yangji grass, but two Yin core fruits!

After taking out a Yin core fruit and using up the Yang extreme grass in Cai Zhongyang's hands, he could still take out a Yin core fruit to complete the task he had ordered. This was the most important thing. Otherwise, if everyone had nothing, it would at most be a lose-lose situation for both sides. It was meaningless to do something that would harm others and not benefit oneself.

Lin Yi didn't know the details, but his intuition told him that it was weird for Zheng Dongsheng to carry the yin core fruit around with him, so he just took it. It was Zheng family's stuff anyway, it would be a waste not to take it.

Qian Xiaodong was overjoyed when he saw that his attack had worked. He didn't realize that Lin Yi flew out on his own accord. He really thought that he had used his power to kill Lin Yi, a peak late stage mysterious Ascension cultivator.

From the looks of it, the peak of the late stage of xuansheng realm wasn't a big deal! Qian Xiaodong thought as he followed closely behind Lin Yi. He was now full of confidence and wanted to take this chance to kill Lin Yi first.

With the yin core fruit in his hand, Lin Yi didn't want to play games with this guy anymore. He stopped and turned around, throwing a slap at the guy. He didn't kill him for the time being since he played along with him. He'd just teach him a lesson.

"Uncle li, save me!" Qian Xiaodong's face changed as he screamed. He wasn't an idiot-as a genius student of the Western Development Academy, he could tell that Lin Yi's slap wasn't something he could withstand.

Although this slap wasn't enough to take his life, it was still possible that he would lose half of his face. Even if he could recover with medicinal pills, Qian Xiaodong didn't want to suffer such an ugly injury.

Uncle li sighed to himself. He'd never let down his guard against Lin Yi, and so he'd appeared in front of Qian Xiaodong the moment he opened his mouth, blocking Lin Yi's palm.

After a slight vibration, the overflowing true energy was completely restrained by uncle li. It didn't affect any display cases on the third floor, and the surrounding guests were not affected either.

Lin Yi stood with his hands behind his back and looked at uncle li calmly. He didn't need to do much to kill an early-stage mountain-opening cultivator. If they weren't in the northernmost Chamber of Commerce but in the wilderness, he would've killed this uncle li and Qian Xiaodong long ago.

Uncle li looked at Lin Yi with a serious face. That move didn't reveal Lin Yi's true strength at all, but he knew that things weren't going to end well today after seeing how calm he was.

On the surface, Lin Yi's aura was indeed at the peak of the late stage of xuansheng, but uncle Li's intuition told him that Lin Yi wasn't afraid of an early stage giant head realm cultivator like him.

This kind of person was too scary. He was so strong at such a young age. If they couldn't get rid of him in one go, then it was best not to offend him. Otherwise, with the potential Lin Yi had shown, there might be a strong enemy that they couldn't face in the future.

"Little friend Lin, this is just a misunderstanding. How about we just let it go?" Uncle Li said with a sincere smile. It would be great if they could reconcile.

Qian Xiaodong was still hoping for uncle li to teach Lin Yi a lesson, and he wasn't going to shake hands and make peace with Lin Yi just like that."Uncle li, what are you saying? He actually dared to attack me! The people of torrent city have never suffered such a loss!"

Lin Yi glanced at Qian Xiaodong in disdain and smiled faintly,"A misunderstanding? I don't think so. "

Uncle Li's heart skipped a beat. He knew that Lin Yi didn't want to make peace anymore. If Qian Xiaodong didn't say anything, Lin Yi might have agreed to his suggestion, but that one sentence would only make an enemy for the city. It was useless.

"Everyone, our northernmost Chamber of Commerce has prohibited fighting. If there's a next time, don't blame us for not warning you!" A short and chubby middle-aged man appeared on the third floor with a smile and said gently.

However, the words he said were not gentle at all. On the contrary, they were filled with killing intent. Everyone could not help but think that if they continued to attack, they would be killed on the spot!

Chapter 5884 This Herb Spirit Wants A Detailed Explanation

Of course, this was just their illusion. After all, the Arctic Chamber of Commerce was open to business. As long as it was not too excessive, it would not kill people easily. At most, it would expel them from the northernmost Island and put them on the blacklist forever.

Uncle Li secretly felt that it was a pity. If only this person had come earlier to stop the conflict. Now that he had come, he might as well have come later.

However, due to the principle of 'a strong Dragon can not suppress a local snake', Uncle Li still politely cupped his fists and apologized to the fat man. Then, he pulled the unwilling Qian Xiaodong and directly left the northernmost Chamber of Commerce.

Now that things had come to this, Uncle Li was already weighing the pros and cons of killing Lin Yi right here and now. If they let a person like him grow, the little bit of hatred they had today might turn into the extermination of the entire flowing city one day.

Uncle Li was used to this kind of thing, and he didn't want to bet that Lin Yi would be so open-minded that he'd give up on taking revenge for Qian Xiaodong.

Zheng Dongsheng and the others had already left the small hole in the room and didn't dare to stay with Lin Yi. In a situation where they couldn't suppress Lin Yi's strength in a direct fight, it was better to stay as far away from Lin Yi as possible.

Seeing that the conflict was over and the short and fat man had disappeared, Lin Yi shook his head and didn't think too much about it. He continued walking up with Wei shenjin.

The fourth floor was where elixirs were sold. Lin Yi was a refiner who could make Mystic class level one or even Mystic class level two, so the elixirs here weren't good enough for him. He brought Wei shenjin to the fifth floor without any intention of stopping.

There weren't many customers on the fifth floor-it seemed like there weren't many people who bought the manuals. This made Lin Yi very satisfied-it was better for him to pick the things he needed with fewer people.

"Wei shenjin, go and see if you need any mental cultivation methods or martial skills. If you like them, tell me and I'll give them to you." Lin Yi said straightforwardly. He had more than a hundred million spirit Jade now. It might not be enough to buy the soul-gathering branch and the soul-raising tree, but it should be more than enough to buy some arts and techniques.

"Many Thanks, boss!" Wei shenjin replied happily. He wasn't going to be polite with Lin Yi-he knew that his boss was a straightforward person, so there was no need to be polite.

After Wei shenjin ran off to get what he needed, Lin Yi walked to the other side alone.

Wei shenjin went to the Arts section, while Lin Yi went to the pill and formation sections.

With the battle tactics of heaven's fortune in his hands, Lin Yi didn't think he needed a better practitioner's art-there probably weren't any better ones here anyway. As for martial arts, he could learn something suitable from his opponents at any time, so there was no need to buy some.

A young female shop assistant came up to him and bowed with a smile. "Senior, may I ask if you have any ancient books on what you need? I can recommend some to you. "

Wei shenjin also had a young girl to introduce him. There were probably more ancient books here, so there was a special person responsible for recommending. This way, the success rate of the business would be much higher.

Lin Yi didn't mind-his spirit sense could scan through the books quickly, but it was much more efficient to have the beauty introduce them instead of just knowing the names.

"I'm looking for an introduction to all kinds of spiritual herbs and spiritual fruits. It's best if there are pictures and detailed descriptions of their medicinal properties. Do you have them here?" Lin Yi nodded at the girl and asked.

He'd wanted a book like this for a long time-Liju's notes did mention these herbs and fruits, but it was just a passing mention, not too detailed. If Lin Yi wanted to progress further in the field of alchemy, he couldn't stop absorbing this knowledge.

The girl smiled sweetly. "Yes, we do. Our northernmost Chamber of Commerce has collected many ancient books in this area. I think we can meet your needs. I wonder if you have any requirements for the details of the ancient books?"

"Naturally, the more detailed the better!" Lin Yi said without hesitation. If he bought the simpler version, he might miss out on some precious herbs and fruits. He wouldn't be able to recognize them in the future, and that would be a huge loss. Since he was going to buy it, he had to buy the best.

The young girl was secretly surprised and the smile on her face became even sweeter. The best books that introduced spiritual herbs and spiritual fruits were not cheap. As long as she could sell them, her income today would be very good.

"Senior, this way please. According to your request, I recommend this" detailed guide to the essence of herbs "to you. This book contains more than ninety-nine percent of the spirit herbs on the Sky Class Island. Occasionally, there are some missing, but they're really too obscure, and I've never even heard of them before. This is already the most detailed book of its kind sold in the market. " The girl introduced the book to Lin Yi enthusiastically, not exaggerating at all. She told him the truth that this was the best book you could find on the market, and that there were some missing parts.

Lin Yi looked at the book in The Crystal Cabinet-the price was twenty thousand spirit Jade. This wasn't something just anyone could take out-he wouldn't be able to afford one or two sheets of paper when he first came to Tianjie Island.

"Can I take a look?" Although twenty thousand spirit Jade was just a drop in the bucket to Lin Yi right now, it would be completely meaningless if he were to buy a trashy book.

"Of course, please wait a moment." The girl nodded respectfully.

With that, the girl made a few hand seals and removed the restrictions on The Crystal Cabinet. She carefully took out the book and handed it to Lin Yi.

"Senior, the books that our northernmost Chamber of Commerce is selling have restrictions on them before they are sold. Only the first ten pages are available for you to try." After Lin Yi took the plant Spirit's explanation, the young girl reminded him, in case Lin Yi got upset when he couldn't read it.

"I know," Lin Yi smiled.

The first page was a description of spirit herbs. The general idea was that plants that contained the spirit Qi of heaven and earth, whether they were spirit herbs or spirit fruits, were all called spirit herbs. Also, due to the difference in regions, the same species might grow in different conditions.

Lin Yi knew about all of these things, and there wasn't anything new about them. He flipped it over after a quick glance.

At the beginning, it recorded the medicinal properties and effects of various spirit herbs and spirit fruits. Every spirit herb was accompanied by a small and exquisite illustration, giving people a rather intuitive impression of it.

In the first ten pages, Lin Yi saw the Wandu Jindan fruit, baby ginseng, and other important herbs that were important to him. In the description of this essence of herbs, there was a comprehensive analysis of these herbs. He was very familiar with these herbs, and he felt that this book was even more rare.

Chapter 5885 Scared Since Young

In addition to this analysis, there were also some rumors or speculations about the origin of some spiritual herbs, so that people could follow the map and not have no direction to search.

"Good! This book is really good, I want it!" Lin Yi nodded, satisfied. The detailed analysis of the herbs aside, just the clues to where the herbs were produced were worth twenty thousand spiritual Jade. He didn't even have the intention to bargain and bought the herb explanation.

The young girl who received Lin Yi was overjoyed. If the business of twenty thousand spirit Jade was done, she would get at least a few hundred spirit Jade as Commission, which was enough to make up for a few months of no business.

Lin Yi was indeed a rich customer. The young girl was secretly glad that she didn't recommend those books that cost thousands or even hundreds of spirit Jade to Lin Yi. Those were valuable, but compared to this book, they were child's play.

Of course, the cheapest one could be bought for dozens of spiritual Jade. Such goods were definitely not the first choice in the recommendations.

"Do you have any pill formulas for sale here?" The northernmost Island was indeed the Sky Class island's money-squandering cave-there were so many good things. Lin Yi thought he might as well see if there were any recipes for sale. What he lacked the most in making elixirs was recipes. Although he could get a lot of recipes he didn't have by helping people make elixirs, he couldn't control them at all. What if he needed to make some life-saving elixir, but didn't have the recipe? wouldn't he just be watching?

The young girl's heart grew more and more excited. The price of the pill recipe was even more expensive than the detailed explanation of this herb spirit. Today, she was going to make a fortune!

"Senior, I wonder what kind of pill recipe you need? Our northernmost Chamber of Commerce has a collection of golden-class pill recipes. We have a total of 97 golden-class pill recipes, and the price is 1.5 million spiritual jade pieces. As for Mystic-class pill recipes, they are all sold separately. Mystic-class level

one pill recipes are basically sold for 300000 spiritual jade pieces. " The girl looked at Lin Yi with a fervent gaze, hoping that he'd buy the Golden class recipe collection.

With the price of 1.5 million spirit Jade, she would get at least 10000 spirit Jade as a Commission after the deal was completed. It was almost like winning the first prize. Usually, no one would buy this kind of pill formula at all. Even if there were, they would only buy a single pill formula with a clear purpose.

Because Lin Yi looked quite young, the girl instinctively felt that even if he was a refiner, he couldn't be above golden class. She only introduced the price of Mystic first level and didn't go on. In comparison, a three hundred thousand and a ninety-seven recipe was only one and a half million-it was a good comparison, and people would subconsciously choose to buy the collection.

Lin Yi smiled faintly,"show me all the mystic first level and above recipes. As for the Golden class ones, I'll pass .."

Golden class elixirs were no longer of much use to Lin Yi now. At most, he could make some elixirs for his followers to increase their cultivation. He had the recipes for all of these, so what he needed now was to buy Mystic class first level and above.

The girl blinked, but quickly realized that the person in front of her was most likely a Mystic first level or higher. She couldn't accept a Mystic first level at such a young age.

Speaking of which, why would a Mystic first level Alchemist need a detailed explanation for this herb spirit?

Seeing that the girl didn't move, Lin Yi raised an eyebrow. "What's wrong? Can't I see it? Shouldn't you at least tell me the name and use of the pill recipe?"

The young girl hurriedly shook her head. "No, no. I'm sorry, senior. I was distracted."

After a quick apology, the young girl's face blushed slightly. She quickly took out a piece of paper and said, "Senior, the northernmost Chamber of Commerce only has five Mystic first level recipes and two Mystic second level recipes. We don't have any higher level recipes for the time being. By the way, a Mystic second level pill recipe costs 600000 spiritual jades each. "

Lin Yi couldn't help but sigh at the wealth of being a refiner-the recipe alone could be sold for hundreds of thousands of spirit Jade, and if he were to refine for someone else, they'd have to provide the recipe themselves. This was like making a lot of spirit Jade for free, not to mention the other rewards.

He took the paper and looked at it-the seven Mystic recipes were all written down with simple descriptions. Lin Yi realized that he already had two Mystic first level recipes and one Mystic second level recipe, so he didn't need to buy them again.

"I'll take these three Mystic first level and one Mystic second level pill recipes," Lin Yi pointed at the few recipes that he didn't have. A mere million or so spiritual Jade wasn't a big deal to him. The Zheng family had already given him fifteen million spiritual Jade.

The girl who'd received Lin Yi, on the other hand, was about to faint from happiness-four recipes, the same price as the Golden class recipe collection! She'd thought that she wouldn't be able to make this big deal, but she still did!

Afraid that Lin Yi would regret his decision, the girl passed the four recipes to Lin Yi as quickly as she could. Lin Yi didn't hesitate and gave the corresponding spirit Jade card to her, telling her to go and settle the bill.

After putting the herb manual and the four recipes into his storage bag, Lin Yi was about to go to the array path area when he heard a faint argument from the martial arts area. Wei shenjin's voice was among them.

Lin Yi's spirit sense immediately scanned over there. If it was a floor away, it might be blocked by the restriction, but on the same floor, his spirit sense wasn't hindered at all. He easily saw where Wei shenjin was.

At this time, Wei shenjin was confronting a young man in his twenties. Two girls from the Arctic Chamber of Commerce were standing between them anxiously, trying to persuade them to stay calm.

Lin Yi only took a quick look and knew that the two were fighting over a practitioner's Arts.

Since Wei shenjin was in trouble, as the boss, Lin Yi had to help him. So he didn't go to the array path area, but went to the martial arts area.

"Brat, if you know what's good for you, you'd better get lost. Otherwise, just wait for this young master to teach you a lesson!" The young man had an overbearing expression. If it weren't for the two girls from the northernmost Chamber of Commerce stopping him, he might have already attacked Wei shenjin.

Lin Yi estimated that he'd be on the blacklist of the Chamber of Commerce in the future. He'd only been here for a short time, and they'd already had two conflicts. If it were him, he wouldn't like people like this visiting his heavenly elixir Pavilion either.

Wei shenjin didn't show any weakness and sneered, "I really want to see what you can do to me. I'm telling you, since I saw this martial skill first, I will never give it to you. If you want to threaten me, hehe, I'm not afraid to tell you that I've been scared since I was a child, and your little cultivation is far from enough. "

Chapter 5886 Who's Scamming Who?

"Young master, it is true that he asked for that martial technique first. Our northernmost Chamber of Commerce still has a first-come, first-served rule. In fact, there are other martial techniques that are similar. Let me introduce them to you," the shopkeeper said. One of the two girls in the middle forced out a smile and said to the young man.

The other one was trying to persuade Wei shenjin not to add fuel to the fire.

The young man pushed the girl in front of him away and said loudly, "The extreme north Chamber of Commerce has a first come, first served rule, so it should also have a rule that the one with the higher price gets it, right? You've offered a hundred thousand spirit jade pieces for this martial technique, so I'll offer two hundred thousand spirit jade pieces for it. Is that okay?"

The young girl who was pushed away suddenly stopped talking. If Wei shenjin had already paid for the goods, then it was useless to say anything. However, Wei shenjin only had the intention to buy at that time. Strictly speaking, he did not really complete the transaction. At this time, someone was willing to pay a high price to buy, so it was indeed not against the rules.

More importantly, if Wei shenjin bought it, all the benefits would go to the other girl. If it was this young man who bought it, then the Commission of the spiritual Jade would become her.

In the face of such temptation, the girl was indeed somewhat unable to resist, so she let the young man bid.

Wei shenjin snorted coldly, "the one with the highest price will get it. Do you think I don't have spiritual Jade?" I bid two hundred and fifty thousand spirit Jade!"

He had Lin Yi, a Mystic first level refiner, behind him-a few hundred thousand spiritual jades was nothing to him. Lin Yi didn't even need to do anything-Wei shenjin's savings were enough.

The young man didn't even frown as he said indifferently, ""Five hundred thousand spirit Jade!"

The girl who was pushed away by this guy immediately covered her mouth to prevent herself from exclaiming. It was 200000 just now, and now it suddenly became 500000. Although Wei shenjin added 50000 in between, this guy added 250000 without changing his expression. He was clearly announcing his determination to get that martial technique.

Wei shenjin's expression was also a bit ugly. He was clearly not used to the other party suddenly doubling the price.

After a slight pause, Wei shenjin said, ""Six hundred thousand spirit Jade!"

This was all he had, and he'd have to rely on Lin Yi if he wanted more.

"One million spirit Jade! I'd like to see how much you can hold in your wallet!" The young man seemed to have seen Wei shenjin's hesitation and immediately said proudly.

Even if Wei shenjin had spirit Jade, he wouldn't continue to increase the price. Not to mention that he didn't have enough spirit Jade now.

Although he was helpless, it seemed like he could only give up! Wei shenjin glanced at the book and was about to give up when Lin Yi's voice sounded in his ear, "Continue, don't worry about the spiritual Jade!"

Wei shenjin's spirit instantly shook. Although it was only Lin Yi's voice, he was instantly filled with confidence and bid again, "One million and five hundred thousand spirit Jade!"

He directly increased the bid by 500000, which was more than that guy's previous increase. Wei shenjin directly surpassed him in terms of momentum.

Fortunately, this was not a normal auction. Otherwise, everyone would go crazy. Who would like to increase the price like this for no reason? You can't do this even if you have spiritual Jade!

The young man was instantly furious. He didn't know where Wei shenjin's confidence and confidence came from, but he absolutely couldn't tolerate his opponent's smug expression in front of him. He had never been afraid of anyone when it came to comparing Ling Yu!

" 3000000 spiritual jades! Continue bidding if you dare! I don't believe you have so many spiritual jades!" The fury in this guy's eyes was almost unconcealable. Everyone believed that as long as Wei shenjin dared to continue bidding, he would disregard everything and suppress Wei shenjin.

To be honest, Wei shenjin was hesitating. Three million spirit Jade for a skill that cost 100000 spirit Jade was way beyond what he could handle. Although Lin Yi didn't lack spirit Jade, he couldn't use his boss's things like this.

But before he could show his hesitation, he heard Lin Yi's voice, "Call it five million spirit Jade!"

"Five million spirit Jade!" Wei shenjin did it without hesitation. He didn't even consider whether Lin Yi's words were reasonable or not, he just did it instinctively!

"Eight million spirit Jade!" The young man also called out the latest price without stopping, and the young girl at the side almost fainted after hearing it. This world was too crazy, and small figures like them could not understand it.

Lin Yi walked over and said to Wei shenjin, "Let's go. Only idiots would spend eight million spirit Jade to buy a trashy martial arts technique. We'll come back and buy another 50 to 60 of them. We'll learn two of them, throw three of them away, and use dozens of them for barbeque."

Wei shenjin paused. He thought that Lin Yi would fight to the death with the other party, but he didn't expect Lin Yi to just leave like that. But he immediately understood that his boss was trying to trick that idiot!

That martial technique was indeed not bad, but it was definitely not a treasure. Otherwise, it would not be put up for sale here. Instead, it would be sent directly to the auction. In terms of value, 150000 to 160000 spiritual Jade was already the maximum. Hehe, Wei shenjin didn't know what to say.

"Alright boss, let's go. There doesn't seem to be anything else that I'm interested in." After thinking it through, Wei shenjin felt refreshed and agreed with a smile before leaving with Lin Yi. As for the young man, he didn't even bother to look at him.

The young man's face instantly darkened. It was true that he had spiritual Jade, but to be scammed like this had nothing to do with how much spiritual Jade he had.

In fact, he originally wanted to scam Wei shenjin. If Wei shenjin only added 100000 or 200000 after he bid 300000 spirit Jade, he would probably not continue to increase the price.

Because that kind of bid meant that Wei shenjin was almost at the bottom line and could give up at any time. However, seeing him bid five million spirit Jade without blinking, this kid misjudged Wei shenjin's ability to bear. He thought that Wei shenjin was also a master who did not lack spirit Jade, and would bid more than ten million for fighting energy.

As long as Wei shenjin continued to bid, he would stop bidding and at the same time sneer at him. What he didn't expect was that before he could carry out his plan, he was instead tricked by the other party.

This feeling of holding his breath made the young man almost explode with anger!

"Very good! You two bastards are very good! Leave your name if you have the guts. I, Yu Ziqing of the East Province, will definitely repay you!" The young man, Yu Ziqing, flashed and appeared in front of Lin Yi and Lin Yi.

Chapter 5887 Young Island Master Li Zeyu

If this wasn't the northernmost Chamber of Commerce, and if he wasn't warned by his family's elders not to cause trouble on the northernmost Island, he would've already made a move instead of asking for their names out of boredom.

Lin Yi casually pushed Yu Ziqing to the side and said faintly, "I'm not interested in meeting a small fry like you. If you want revenge, come to me, I'm Lin Yi!"

"And Wei shenjin!" Since the boss had already signed up, Wei shenjin, as the younger brother, naturally could not fall behind. He also glanced at Yu Ziqing and said proudly.

Yu Ziqing was extremely shocked. He thought that he was strong enough to defeat Lin Yi and Lin Yi, and was thinking about whether he should teach them a lesson after they left the northernmost Chamber of Commerce.

But Lin Yi's casual move made him feel like he couldn't fight back at all. This guy was also young, but he was a genius!

Other than the East continent, could such a person appear in other rural areas?

"I'll remember you!" Yu Ziqing suppressed the anger in his heart. He was arrogant, but he wasn't brainless. Otherwise, he wouldn't have tried to trick Wei shenjin. It just happened too fast and he didn't have time to think that Lin Yi had the upper hand.

Lin Yi's strength was clearly above his, and the person protecting him wasn't by his side. He could only swallow his anger and deal with it later.

Lin Yi ignored Yu Ziqing and left the Chamber of Commerce with Wei shenjin. Of course, before he left, he gave the girl a book on the basics of arrays and a more advanced array book so she could study it when she had time.

These two books were common goods, so they weren't worth much. After the girl asked for permission, she gave them to Lin Yi, a potential rich customer, as a bonus. After all, the martial arts technique that was worth a hundred thousand spiritual jades sold for eight million had a lot to do with the two of them, so this little thing wasn't much.

Lin Yi didn't have any reason to refuse. He had gained a lot from this trip to the northernmost Chamber of Commerce. Of course, the biggest gain was offending two young masters from the East continent ...

"Boss, I'm sorry for causing you trouble again!" On the way back, Wei shenjin said with some shame.

He didn't know that Yu Ziqing was from the East Province, otherwise he wouldn't have fought with him. After all, Lin Yi just had a bad relationship with Qian Xiaodong, and people from the East Province weren't simple. It wasn't a wise choice to make more enemies.

Lin Yi waved his hand, "remember, we don't look for trouble, but we're not afraid of others looking for trouble. As long as we're in the right, there's nothing to worry about!"

"Yes! Boss!" Wei shenjin was greatly relieved and agreed loudly. He threw his previous worries to the back of his mind.

Lin Yi really wasn't afraid of people looking for trouble with him. All along the way, he'd taken down opponents who were stronger than him without exception. Even if those two kids had some strong background, he didn't have to worry. This wasn't blind confidence, it was confidence in his own Dao. No matter what strong enemy he faced, he had a Dao heart that was fearless!

On the entire northernmost Island, the northernmost Chamber of Commerce was the only one who sold things. Other than that, there were also some places where people ate, drank, and had fun. The name of the money-squandering cave was not just for show. Before the auction began, the business in these places was extremely prosperous.

Lin Yi wasn't really interested in these things. After buying what he wanted, he went back with Wei shenjin. He needed to use this time to learn some basic knowledge. Whether it was alchemy or formations, they would be of great help to him.

However, Lin Yi didn't spend much time studying. After about an incense's time, someone came to the five elements Chamber of Commerce's yard to look for Cai Zhongyang.

Lin Yi wouldn't mind if it was a normal search, but the guy was making a scene-he was obviously here to cause trouble.

"Cai Zhongyang, come out now. If you can't bring me the Yang extreme herb today, I'll teach you a lesson!" As soon as Lin Yi came out, he saw a handsome young man blocking the gate with more than ten elites of the northern Garrison.

The person in charge of the northern Garrison was obviously an important figure on the northernmost Island, and the young man had Zheng Dongsheng and the others with him. Lin Yi felt like everything was clear. All the clues were connected when this man appeared to ask for the Yangji grass!

Cai Zhongyang was one step ahead of Lin Yi, and he quickly greeted the young man after seeing him. He smiled and cupped his fists, "Welcome, Young Island Master Li. I'm sorry for not coming out to welcome you. I've visited you with Vice President Shang of the Wantong Chamber of Commerce before, but we didn't get to see you. We were going to visit you tomorrow, but I didn't expect you to come here in person."

Lin Yi's eyes narrowed. He'd guessed that this young man was one of the higher-ups of the northernmost Island, but he didn't expect him to be the young Island master. The Li family of the northernmost Island wasn't famous because they rarely appeared in public. Steward Song, who took care of the northernmost Island for them, was even more famous.

However, whoever dared to underestimate the Li family of the extreme north must be tired of living. Otherwise, the two boys from the East Province would not have been warned by their elders.

"Cut the crap, where is the Yang extreme grass that I, Li Zeyu, ordered from your five elements Chamber of Commerce? As long as you take it out, the five elements Chamber of Commerce will still be a distinguished guest of the northernmost Island. If you can't, then don't blame me for being impolite. The northernmost Island doesn't welcome people like you who don't keep their promises. Moreover, I'm afraid it won't be easy for you to leave this place!" Li Zeyu did not have any intention of being polite at all and directly issued a threat.

Cai Zhongyang's expression turned ugly. He knew that giving away the Yang extreme herb to save Shang Wanyi would cause some trouble, but he didn't expect it to be this big.

Zheng Dongsheng chuckled and said, "Young Island master, I've already told you that Cai Zhongyang's yang extreme grass has been given to someone else to be used for alchemy. If you want him to take out the Yang extreme grass now, hehe, you might as well kill him."

Li Zeyu's anger grew. He pointed at Cai Zhongyang's nose and shouted, "Cai Zhongyang, tell me honestly, did you really use up my yang extreme grass? If you're lying, I guarantee you won't be able to take even half a step out of the northernmost Island!"

Before his voice died away, many Northern Garrison guards appeared on the roofs and walls of the nearby buildings. The atmosphere suddenly became tense. It seemed that a word of disagreement could lead to a river of blood!

"Young Island master, Young Island master, please calm down!" Someone rushed in from outside. Although he was blocked by the North Garrison guards at the door, he still shouted loudly, trying to attract Li Zeyu's attention.

Chapter 5888 Shifting The Disaster To The East

Lin Yi scanned with his divine sense and knew that it was Shang Wanyi and Shang Yuhua. They heard that the North Garrison guards were coming to the courtyard where the five elements Chamber of Commerce was staying. They knew that Li Zeyu was here to cause trouble, so they followed immediately.

Lin Yi was quite pleased with Shang Wanyi's reaction. At least he didn't just stand by and do nothing. He came to explain without hesitation. Cai Zhongyang's saving of his life wasn't in vain.

Li Zeyu turned around and snorted coldly. "And who are you?"

"I'm Shang Wanyi, the Vice President of Wantong Chamber of Commerce. Young Island master, please listen to me. Vice President Cai took out the Yang extreme grass to save me, so I'm also responsible for this. If Young Island master wants to pursue this matter, I'm willing to bear the responsibility!" Shang Wanyi felt a little guilty, but he couldn't not repay Cai Zhongyang and Lin Yi for saving his life. Otherwise, he wouldn't be able to survive in the middle Island.

"So you also have a share! Let him in!" Li Zeyu waved his hand, signaling the North Garrison guards at the door to let Shang Wanyi and his daughter in. Then, he said indifferently, ""If you bring out the Yang extreme grass, then nothing will happen. If you can 't, Hmph, even the ten biggest Chambers of Commerce on sky order Island can't save your lives, let alone the five elements Chamber of Commerce and the Wantong Chamber of Commerce!"

His words were extremely overbearing, but Cai Zhongyang and Shang Wanyi's hearts turned cold. They knew that li Zeyu was not joking with them. He really had such plans.

"Young Island master, although the Yang extreme grass is precious, it's not impossible to obtain. My Chamber of Commerce is willing to do our best to find the Yang extreme grass as compensation to Young Island master. In addition, we'll take out another ten million spirit Jade as compensation. I hope Young Island master can be lenient!" Shang Wanyi cupped his fists and bowed. He lowered his posture extremely and could almost be considered to be begging li Zeyu.

The Li family of the extreme north was indeed powerful, but the Wantong Chamber of Commerce and the five elements Chamber of Commerce were not weak either, especially since the five elements Chamber of Commerce had the backing of the pill Hall. Although it was considered independent from the pill Hall, no one could deny that if the five elements Chamber of Commerce was in trouble, the God of alchemy Zhang Liju would not sit by and watch.

Therefore, Shang Wanyi still had some thoughts in his heart. He felt that after he sincerely came up with such a compensation plan, li Zeyu would not continue to be aggressive.

Unfortunately, things were not what he thought at all. After listening to his words, li Zeyu only sneered and said, ""Do I owe you ten million spirit Jade? To tell you the truth, unless you can find the Yang extreme grass within two days, you won't be able to leave this place alive even if you give me 100 billion spiritual Jade!"

Cai Zhongyang and the others all sucked in a breath of cold air. They didn't expect li Zeyu to be so decisive. Other than the Yang extreme grass, it seemed like there was nothing else that could make him relent.

Lin Yi stepped forward and cupped his fists. "Young Island Master Li, may I ask what you need the Yang extreme grass for?"

"Who are you?" Li Zeyu glared at Lin Yi unkindly. He wasn't in a good mood right now, and not just any Tom, Dick, or Harry could talk to him.

"Lin Yi, disciple of the North Island's GreenCloud Pavilion!" Lin Yi casually reported his identity. In any case, other identities didn't have much of a deterrent force in front of li Zeyu, so he might as well just say that he was a disciple of the Qingyun Pavilion. It was the same anyway.

One of the northern Garrison guards beside him seemed to know Lin Yi, and whispered a few words into li Zeyu's ear.

Li Zeyu's expression did not change. He nodded slightly and said, ""So it's the junior of the GreenCloud Pavilion that Shangguan Tianhua values. So what? Even if Shangguan Tianhua came, it would be useless if he tried to plead for them. Not to mention a mere disciple of the GreenCloud Pavilion!"

"I'm not asking for a favor," Lin Yi smiled faintly, "I'm just asking the young master about the uses of the Yang extreme grass."

Li Zeyu seemed to think that Lin Yi being valued by Shangguan Tianhua wasn't a bad thing, and he could barely speak in front of him. He didn't get angry at Lin Yi, but only said coldly, "Of course I want the Yang extreme grass to make the yin and yang pill. Do you think I'm here to plant it for fun?"

Lin Yi didn't mind at all. "Young master Li, I'm a Mystic first level refiner. There's one thing you might not know, but I was the one who made the yin and yang pill on the ancient battleship. So, what I want to tell you is that you can't make the yin and yang pill with just the Yang extreme grass!"

"So it's the yin and yang pill that you refined!" Li Zeyu's expression changed slightly, but he did not fly into a rage like he did towards Shang Wanyi and the rest. After all, he was facing an Alchemist, and the basic respect was still necessary.

After looking at Lin Yi deeply, Li Zeyu pointed at Zheng Dongsheng and said, "I don't need you to remind me. Of course, I know that Yin core fruits are needed to make Yin Yang pills. This is Alchemist Zheng from the famous medicine Hall. He has the yin core fruits I ordered."

Lin Yi laughed coldly in his heart. This was indeed the Zheng family's scheme. Their purpose was to attack him by attacking Cai Zhongyang. This kind of method was even more infuriating than directly attacking him!

It was no wonder that Zheng Dongsheng wanted to keep a Yin core fruit with him. He had to take himself out to plot against Cai Zhongyang. If he only had one Yin core fruit, the Zheng family probably wouldn't have thought about Cai Zhongyang's extreme yang grass.

Perishing together wasn't what the Zheng family wanted. Fortunately, Lin Yi found the yin core fruit on Zheng Dongsheng's body by accident and took it. Now it was useful.

"Young Island master, where do you think I got the yin core fruit from? I'm not afraid to tell you that I bought it from this Zheng Dongsheng, Alchemist Zheng! With the intention of saving someone, guild leader Cai took out the Yang extreme grass for free. He originally wanted to continue searching for it, but unfortunately, there's no such thing on the North Island. That's why he wanted to apologize to the young Island master the moment he arrived. Did this Alchemist Zheng have such intentions?" Lin Yi laughed coldly. Zheng Dongsheng probably didn't realize that there were no more Yin core fruits in his Jade box. Otherwise, he wouldn't be standing beside Li Zeyu so calmly.

Li Zeyu was slightly stunned, then he looked at Zheng Dongsheng with an unfriendly expression and said, "Alchemist Zheng, did you really sell my Yin core fruit?"

Lin Yi continued before Zheng Dongsheng could say anything, "Young Island master, when you went to Zheng Dongsheng to ask for the yin core fruit, did he say that even if you had the yin core fruit, it would be useless because the Yang extreme grass had been used up? and because Young Island master was confused, he didn't get the yin core fruit and directly brought people to find Vice President Cai?"

Although Lin Yi's words were simple, it was basically very close to the truth. Li Zeyu wasn't an idiot, and in a flash, he knew that he'd been played. This was clearly a diversion, a scheme to kill with a borrowed knife!

As long as he dealt with Cai Zhongyang, it would be useless to ask for the yin core fruit when he didn't have the Yang extreme grass. At that time, it didn't matter if Zheng Dongsheng didn't have the yin core fruit himself, because all the pressure would be borne by Cai Zhongyang.

Chapter 5889 Overreaching

"Zheng Dongsheng, you dare to play with me?!" Li Zeyu suddenly flew into a rage. Compared to Cai Zhongyang and the others who admitted their mistakes calmly and asked for compensation and understanding, Zheng Dongsheng's little tricks were simply playing him, the young Island master of the northernmost Island, like a monkey!

Zheng Dongsheng was shocked, and his heart was also a little flustered. A person like Li Zeyu was not someone he could afford to offend. Fortunately, he was prepared, otherwise, it would be troublesome this time.

She hurriedly took out the jade box that she kept close to her, held it with both hands, bowed and presented it to Li Zeyu, saying, "Young Island master, this is the yin core fruit I bought. Don't listen to that despicable man's instigation. How can we not do what the young Island master has asked us to do? I didn't take it out before because I was worried that Young Island master didn't have the Yang extreme grass and couldn't treat Island Master Li's injury!"

Li Zeyu looked at Zheng Dongsheng playfully and said in an extremely unfriendly tone, "You're very capable. You actually know that I'm going to refine the yin and yang pill to save my old man. It seems that you've arranged spies in my Li family!"

Zheng Dongsheng was suddenly dumbfounded. Zheng Dongjue and Zheng Tianqing, who were beside him, also had cold sweat drenching their backs in an instant. Li Zeyu's words could be big or small. If he dared to plant spies in the Li family of the extreme north, even the pill Hall could forget about protecting their Zheng family.

Damn it, li Zeyu had never said that he wanted the extreme yang grass and the core Yin fruit to save his father, li zaixiang. Zheng Dongsheng only knew about this matter by chance. But even if he said so, no one would believe him.

Zheng Dongsheng's hands that were holding the jade box trembled slightly. The cold sweat on his forehead had already flowed to his chin, dripping down drop by drop.

"Young Island master, you've misunderstood. How could I have planted any spies? this is completely a guess! Think about it, who else in the world could trouble the young Island master to personally search for medicinal herbs? Who else was qualified? Am I right? Everyone knows Young Island master's filial piety, so I made a bold guess. I didn't expect it to be true. How are Island Master Li's injuries? It's really worrying!" In a moment of desperation, Zheng Dongsheng's intelligence actually exploded. He forced himself to find a reason that was not a reason. At least, it was perfunctory.

Of course, li Zeyu would not believe Zheng Dongsheng's nonsense so easily, but he also had to admit that what this old man said made some sense. For example, his filial piety moved the heavens and so on. For example, no one other than the old man was qualified to ask him to come forward.

After a moment of silence, li Zeyu took the jade box from Zheng Dongsheng's hands and said, ""I believe that the Li family of the extreme north will not be bribed by you. So, even if you have a point this time, I won't argue with you on account of the fact that you have successfully brought the yin core fruit!"

As soon as he finished speaking, li Zeyu, who opened the jade box, opened his eyes angrily. He fiercely slammed the hollow Jade box in his hand on Zheng Dongsheng's head, smashing his head and causing it to bleed. He almost died from his brain splattering!

"Old man! You dare to make fun of me? do you really think I won't kill you?" Li Zeyu was about to explode from anger. This old bastard actually took an empty box to play with him. He had seen people who were not afraid of death, but he had never seen someone who was so unafraid of death!

After throwing out the jade box, li Zeyu took advantage of the situation and kicked Zheng Dongsheng's chest. A few light cracking sounds were heard. Obviously, several of Zheng Dongsheng's sternum was broken.

"Take them down and put them in prison. Don't let this old thing die. If I don't let this old thing know the consequences of making fun of this young master, how can I let him die so easily!" Li Zeyu's chest heaved up and down violently. He was clearly really angry.

Not only did Zheng Dongsheng use someone else to kill him, but he also held an empty box and said that there were Yin core fruits in it. He was the young master of the northernmost Island. Did he look like an idiot? You can't even tell if it's an empty box?

After receiving the order, several North Garrison guards immediately unsheathed their swords and formed an attack formation, surrounding the three men of the Zheng family. Two crossed long swords were directly placed on Zheng Dongsheng's neck. If he dared to make a move, he would immediately be beheaded.

"Young Island master, I'm innocent! There must be some misunderstanding here!" Zheng Dongsheng couldn't care about the blood spurting from his forehead and the blood mixed with powder that kept gushing out of his mouth. He screamed with all his strength.

Fortunately, li Zeyu had said not to let him die so easily. After the North-guarding Wei had controlled him, he had already fed him a healing pill. At least, his injuries were controlled.

Zheng dongjue also quickly begged for mercy."Young Island master, I am the Deputy Hall Master of the middle Island pill Hall. I dare to swear on the reputation of the middle Island pill Hall that this matter is definitely not what you see. Please give us some time. We will definitely give Young Island master a satisfactory explanation!"

As for Zheng Tianqing, he was so scared that he almost peed his pants. He only wanted to find Qian Xiaodong now. On the northernmost Island, perhaps only Qian Xiaodong could save his life. After that, it didn't matter even if he had to be their slave or slave. As long as he could keep his life in the hands of the Furious li Zeyu, it was enough.

Unfortunately, under the circumstances of a sharp blade, he felt that he was powerless even if he begged for mercy, let alone looking for the money hole.

"You dare to come to the northernmost Island to make fun of this young master just because you're a vice Hall Master of the pill Hall? You really think you're the pill God Zhang Liju?" Li Zeyu said to Zheng dongjue disdainfully. Although he said so, it was after all for the sake of the pill Hall. Therefore, he did not make a move on Zheng dongjue. Otherwise, these two old things would not be able to think of having an easy time!

Zheng dongjue quickly seized the opportunity and said,"Young Island master, to be honest, my cousin did sell a Yin core fruit. However, we originally had two Yin core fruits. It was precisely because we could save one for Young Island master that we took out one to save Shang Wanyi when we saw that his life was in danger. Who knew that the remaining Yin core fruit would have problems? we really didn't mean to deceive Young Island master!"

Li Zeyu laughed, then squinted his eyes and said coldly,""What, you can't take out anything and you're blaming me?"

"No, no, how would we dare to blame the young Island master! What I mean is that there's something fishy about this!" Zheng dongjue quickly explained. If they continued to make li Zeyu unhappy, the three of them from the Zheng family might just die.

Under normal circumstances, the Li family of the extreme north would not easily touch a Deputy Hall Master of the hall of alchemy. However, the current situation was not normal. It concerned the life and death of the island master of the extreme north Island, li zaixiang. Furthermore, the Zheng family had violated the contract first. Li Zeyu had killed the three of them, so the hall of alchemy had nothing to say.

Chapter 5890 Blacklisted

Zheng Dongsheng's injuries had been much better under the effect of the elixir. While Zheng dongjue was talking, he had already begun to wonder how the yin core fruit had disappeared.

Before he left the ancient battleship, he had confirmed that the yin core fruit was still in the jade box. How did it disappear so mysteriously?

Thinking about it, other than coming into contact with uncle li from Dongzhou, the only other person he'd interacted with was Lin Yi. Although Zheng Dongsheng wasn't sure if it was Lin Yi, now wasn't the time to collect evidence. He had to grab the opportunity to drag the enemy down with him.

"Young master, I remember now. We had a little conflict with that bastard Lin Yi at the extreme north Chamber of Commerce. He must have stolen my Yin core fruit at that time! As long as Young Island master searches his body, you will definitely find the yin core fruit!" Zheng Dongsheng didn't care anymore. He wanted to bite Lin Yi off first.

He didn't know that this random nonsense was actually infinitely close to the truth. It had to be said that this old man's intelligence had suddenly come online!

"Zheng Dongsheng, you're getting better and better at this little trick of framing people, aren't you? Unfortunately, the young master is so smart, how could he be used by you again and again?" Lin Yi smiled. It's fine if you're stupid, but don't treat everyone as stupid as you are!"

Li Zeyu suddenly choked. After hearing Zheng Dongsheng's words, he really wanted to search Lin Yi's body, but after Lin Yi's words, he was too embarrassed to say it.

If he really did that, wouldn't it appear that he, the wise and heroic Young Island master, was completely led by the nose by that Zheng guy?

Lin Yi looked at Li Zeyu calmly, "Young Island Master Li, the Yang extreme grass has indeed been used up, but as you can see, Zheng Dongsheng's yin core fruits are also gone. Our vice guild leader Cai and vice guild leader Shang are very sincere in discussing compensation, but this old man surnamed Zheng is trying to use Young Island master to strike down his opposition. He is deliberately using you as a weapon. Young Island master, you should understand this, right?"

Li Zeyu was very annoyed in his heart. This bastard was touching on a sore spot. Did he have to make it clear or not? Regardless of whether he understood it or not, it seemed that he was not that wise and divine!

After giving a vague response, Li Zeyu vented his anger on Zheng Dongsheng. After a round of punching and kicking, he had the North Garrison guard stuff another pill into the old man's mouth. He then said angrily, "This is outrageous! You old thing, watch how this young master will deal with you!"

The three Zheng family members hated Lin Yi to the core now. This bastard's way of hitting someone when they were down was really perfect, and Li Zeyu was really moved by him. If this continued, the Zheng family would really be finished!

"Young master, everything we said is the truth. No matter what, please believe us. And this Lin Yi, he's a despicable and shameless man. Young master, don't be fooled by him. No matter what he said, Cai Zhongyang lost the Yang extreme grass. It's a fact!" Zheng dongjue really could not come up with any strong evidence, so he simply put the fire on Cai Zhongyang again, hoping to distract li Zeyu's attention.

In the end, li Zeyu directly slapped him in the face. At the same time, he cursed, ""Do I still need you to teach me how to do things? Do you think that anyone can bewitch this young master? Who Do You Think You Are?"

After saying one sentence, li Zeyu slapped him once. Although it was only three slaps, Zheng dongjue really wanted to die. No matter what, he was also the Deputy Hall Master of the alchemy Hall. When had he ever been humiliated like this?

Luckily, li Zeyu didn't continue. He turned to Lin Yi and the others, ""Alright, I know about this. I'm not an unreasonable person. Since the Yang extreme grass and Yin core fruit are gone and your attitude is better, I don't want to be angry with you. Now, both of your Chambers of Commerce are to get out of the northernmost Island and are never allowed to set foot on this Island again! Did you hear me?"

After a slight pause, he pointed at Lin Yi. "And you, although you're a Mystic first level Alchemist, we don't lack alchemists like you on the northernmost Island. You can get out of here as well, and you're not allowed to set foot on the island ever again!"

Lin Yi and the others were all stunned. Being kicked out of the northernmost Island was the same as losing the right to participate in the top-tier auctions. This would be a heavy blow to the two Chambers of Commerce.

Of course, expelling the two major Chambers of Commerce had more disadvantages than advantages for the northernmost Island. If Li Zeyu was not really angry, he would not have made such a decision.

He didn't really care if he came back to the northernmost Island in the future, but he couldn't leave this time. He still needed the spirit gathering branch to wake Han Jingjing up, and he had to get the soul raising tree as well. How could he leave the northernmost Island now?

Shang Wanyi said anxiously, "Young Island master, this is all because of me. It has nothing to do with anyone else, let alone our two Chambers of Commerce. If you must punish me, just make me leave the northernmost Island alone. I hope you can show mercy to the others, especially our two Chambers of Commerce. We have nothing to do with this."

Li Zeyu coldly waved his hand and said, "There's no need to say anything. All of you have to get lost!" This kind of Chamber of Commerce is not qualified to set foot on the northernmost Island. I'm already being merciful by not exterminating you. If you still don't know what's good for you, you might as well not leave and stay on the northernmost Island. I'll find you a good place with good feng shui. "

Speaking of this, Li Zeyu turned his head and pointed at Zheng Dongjue, "And you, I'll give face to the pill God Zhang Liju. Take the people from the hall of pills and get out of the northernmost Island. Unless the pill God comes in person, you're all forbidden from entering this Island! As for this old thing and his grandson, they will be locked up in the prison for the time being. It's fine if my old man is fine, but if anything happens to him, the two of them should be prepared to receive the punishment of being cut into pieces and being cut into pieces!"

Zheng Dongsheng and Zheng Tianqing shivered. They wanted to struggle and beg for mercy, but the two North Garrison guards knocked them out and tied them up tightly like dumplings.

Zheng dongjue's eyes were blank as he lay on the ground, unable to think of a way. The hall of alchemy had been blacklisted on the northernmost Island because of the Zheng family, and he, as the Vice Hall Master, wanted to take the position of Hall Master from Zhang Liju? It would be strange if they didn't join hands to dismiss him when they returned!
