

## Bodyguard 6161

### Chapter 6161 Splitting A Mountain With A Thought

Lin Yi took a deep breath and activated his lightning burial. Purple lightning fell from the sky and enveloped the small group. Without the Jade space, Lin Yi was almost at his limit after using all these skills. If he still couldn't kill these guys, he'd have to run for his life.

Lin Yi was sure that this was an illusion, but dying in an illusion could lead to death in the real world. It wasn't uncommon, and Lin Yi didn't want to be careless.

When the blinding light completely disappeared, the Army of more than three thousand cultivators was basically declared completely annihilated. The only one who could still stand in the field was the general, who was in the initial stage of the earth splitting realm.

"You're really tough. You didn't die even after this?" Lin Yi took two deep breaths and looked at the general coldly. This guy had to be strong to be able to take this level of continuous attacks.

"You're very powerful, but I'm not someone who can be killed so easily! To be honest, you should be proud of yourself for being able to suppress me to such an extent. If I'm not wrong, your true Qi should be almost exhausted, right?" The general looked like he was in a sorry state, but his breathing was steady. It was clear that he didn't take much damage from Lin Yi's violent attacks.

Lin Yi guessed that the guy must have some high-level defensive item on him-even a late-stage earth-creation practitioner wouldn't be able to take all the attacks.

"You're wrong. I haven't used much of my true Qi!" Lin Yi smiled faintly, not showing any signs of fear.

"It's useless to be stubborn! To be able to instantly annihilate my Army without using much Zhen Qi, unless you are an existence whose strength level is higher than mine, it's a pity that no matter how I look at you, you are just a little guy who hasn't even reached the mountain opening stage. To be able to do this, I have to admit that you are heaven-defying, but that's all. Next, it's time for me to show you what I'm made of!" Before he could finish, the general opened his arms, and Lin Yi's body became extremely heavy. He couldn't even flap his ghost speed wings smoothly.

Before Lin Yi could react, a black spear shadow suddenly appeared at his heart. Just as it was about to touch his clothes, it exploded with a terrifying Qi wave. Lin Yi didn't doubt that if he was stabbed, his entire heart would be turned to dust!

Lightning escape technique!

In the nick of time, Lin Yi still used lightning escape to escape. Just when he was about to counterattack, Li Zao Yi suddenly appeared in front of him.

"Kill me and you can leave the illusionary realm!" Li Zao Yi looked at Lin Yi coldly and turned the dagger he threw on the ground around.

The general didn't chase after Lin Yi and just watched how the situation between Lin Yi and Li Zao Yi would develop.

"Even if it's an illusion, I won't attack you!" Lin Yi shook his head and smiled bitterly. He could kill thousands of enemies, but he couldn't do it to Li Zao Yi, even if he knew it was fake.

The great Dao was ruthless! However, a truly heartless person couldn't reach the peak. Lin Yi's determination was to protect everyone around him. He worked hard to become stronger to achieve this goal. If he made a move on Fang Zao Yi, he would be completely overthrowing his own beliefs!

This illusionary realm was really ruthless!

A strange smile appeared on Li Zao Yi's face, and she lightly nodded. "You know that this is an illusion and you know how to get out of it, but you are still unwilling to take action. This is also a kind of sinking into an illusion, so you have failed this test!"

"So what if it's a failure? I believe there will be other ways to leave the illusion!" Lin Yi smiled faintly. When he was sure that he wouldn't kill Li Zao Yi in exchange for getting out of the illusion, his state of mind actually improved a lot, as if he was a lost traveler who found the right direction, his sea of consciousness extremely clear.

Lin Yi wasn't joking—he really was confident that he could find another way to get out of the illusion!

"There are other ways, but since you don't want to kill me, then you can die!" Li Zao Yi smiled sweetly, and the dagger in her hand instantly turned. The tip of the blade was like a poisonous snake's tongue, piercing Lin Yi's chest.

At the same time, LAN Guzha and the general behind Lin Yi launched a surprise attack at the same time, cutting off Lin Yi's escape route!

"All forms are illusory, and all forms of dharmas are like dreams and bubbles, like dew and lightning. Just observe as you have." Lin Yi's sea of consciousness calmed down as the Scripture appeared in his mind. His essence spirit became crystal clear, shining with light.

Lin Yi understood that his essence spirit was on the verge of breaking through because of his state of mind. If he wanted to, he could split open a mountain with a thought!

After going through the ancient martial world, Lin Yi's essence spirit would naturally break through along with his body, so he didn't need the mountain gaze pill. He was already at the top of the mountain, and he could open it easily!

The attacks from Lizao Yi, LAN Guzha, and the others arrived instantly, but Lin Yi didn't move at all, letting them hit him.

However, those murderous attacks were like a breeze, passing through Lin Yi's body without causing him any harm.

All forms are illusory! In the end, the illusion was just an illusion!

As the three's illusory shadows passed through Lin Yi, the entire illusion started to shatter like a mirror. Lin Yi smiled faintly, feeling extremely relaxed. He just stood there and watched the world turn into nothing.

The illusion this time was a test of the master's character. Lin Yi didn't know if he passed or not, but to him, other than having a clear conscience and no regrets, there was still a big gain.

"Lin Yi, you're awake?" Li Zao Yi's concerned voice rang in his ears, and Lin Yi was dazed for a moment before he woke up from the illusion. She was beside him, and although her eyes were a little anxious, her face still maintained the coldness from before.

Lin Yi smiled in relief. This was the real morning memory!

"Have I been unconscious for a long time? Where's LAN Guzha?" Lin Yi nodded to Fang Zao Yi and looked around, sizing up the place he was in.

It was a stone room, about 200 square meters in size and five meters in height. There were many fist-sized luminous pearls embedded on the ceiling, which emitted a soft light, so the light in the stone room was quite good.

What caught Lin Yi's attention was the Jade pill furnace in the middle-it was the same one he saw in the Golden Pyramid back in the illusion. He didn't expect to see it here, and for a moment, he even wondered if he was still in an illusion.

Chapter 6162 Using The Inner Core Of A Spirit Beast In Medicine And Refining Pills

Fortunately, Lin Yi could communicate with the Jade space now, and he even talked to the ghost for a bit. This was enough to prove that they weren't in an illusion.

"I was just a little more clear-headed than you. LAN Guzha is not with us. Perhaps he is not here yet." Li Zao Yi shook her head slightly, and after a short pause, she asked, "Lin Yi, are you in an illusion too?"

"That's right. It seems that you have also experienced the test of the illusion. I didn't expect that you would be the first to break free." Lin Yi smiled faintly and turned to look at Li Zao Yi.

When they first entered, Li Zao Yi should have been behind Lin Yi, but now he woke up before Lin Yi. It was obvious that he was stronger than Lin Yi in the illusion.

"This is indeed a test, I can be considered to have passed it smoothly. The monument's master left behind a wisp of his will in the illusion, indicating how I can obtain his inheritance." Li Zao Yi didn't go into the details and signaled for Lin Yi to follow her to the Jade furnace.

Lin Yi suddenly understood. The Li Zao Yi in the illusion became more and more abnormal at the last moment. It probably had something to do with the real Li Zao Yi passing the test. The master of the ruins chose Li Zao Yi, so he didn't know much about Lin Yi and didn't even show his will in the illusion.

As for what she experienced in the illusion, Lin Yi wouldn't ask about it. There was no need to do unnecessary things—he just needed her to get the inheritance she wanted.

Li Zao Yi walked in front of the Jade pill furnace and found the desired position among the complex and mysterious patterns. She quickly reached out and pointed at seven different places. A ray of light shot up from the mouth of the Jade pill furnace and connected to the ceiling. In an instant, countless rays of light spread out and lit up the entire ceiling. The night pearls that were originally used for illumination suddenly became nodes where rays of light converged.

Lin Yi sighed at the spectacular scene, thinking that it was a good thing that the opening method was different from the illusion. Otherwise, he'd really think that he'd experienced an illusion again.

After the ceiling was filled with light, a flight of stairs appeared out of thin air, connecting to a platform formed by light. Lin Yi could easily scan up with his spirit sense and see what was on the platform.

There wasn't anything up there, only two small doors made of light. Lin Yi guessed that it was the place to receive the inheritance.

"Lin Yi, let's go up!" Li Zao Yi smiled at Lin Yi and waited for him to step up the stairs.

"These two small doors of light, does it mean that we can each enter one? Did the master of the monument say you wanted to go through that door?" Lin Yi asked with a smile. He didn't really care what he would get-he had Han Jing Jing with him, and he didn't need any ancient heritage.

If Li Zao Yi could go through both doors at the same time, Lin Yi would most likely give up his chance to go in himself.

"That's exactly what I meant. Besides, one person can only enter one door. It doesn't matter which door they enter. Where they end up is destined. The door isn't the key, the key is the person." Li Zao Yi didn't hide anything and spoke openly.

Lin Yi understood-the master had everything planned out. No matter which door he entered, he'd get the real inheritance. He didn't pass the illusion test perfectly, so he'd only get some compensation from the light door.

As for LAN Guzha, the guy was probably stuck in the illusion, not even getting the chance to get a reward. Lin Yi could guess what kind of illusion he was in-if it wasn't lakes of wine and forests of meat, then it was countless of opponents ...

"In that case, let's go in. Which side do you choose, Little Junior Sister?" Lin Yi and Li Zao Yi stood in front of the light door of the platform, ready to enter.

"It doesn't matter, let's just go in like this!" Li Zao Yi pointed at the light door in front of her.

"Alright, let's go in then!" Lin Yi shrugged and smiled at Li Zao Yi before stepping into the light door at the same time.

There wasn't any teleportation this time-it was just a blur before his eyes, and he was in a stone room that was only five to six square meters in size. There was nothing inside other than a stone platform that was half a man's height and two palms wide. On top of the stone platform was a Jade box with a restriction seal-this was obviously Lin Yi's reward and compensation.

The master's skills in formations were even worse than this. If he used all his strength to set up the restrictions, Lin Yi wouldn't be able to break it at all. Fortunately, the restrictions on the jade box were only used to prevent damage caused by the passage of time. With Lin Yi's ability, breaking it was very easy.

Lin Yi opened the box to find a collection of Recipes. He was overjoyed-recipes were what he wanted the most out of all the alchemy items. With recipes, the Shennong cauldron's automatic refining system would be able to make pills. This was a huge harvest for him.

"Let's first see how different the ancient pill recipes are from the current ones. " Lin Yi wasn't in a hurry to leave, and started looking through the recipe collection. If he was right, ancient recipes would use both the spirit Fire and the five elemental true Qi fire at the same time, just like the test.

The elixirs made this way were of the highest level, and Lin Yi was looking forward to it. He and Li Zao Yi were probably the only ones on Sky Class Island who could make elixirs like this.

"Using the inner core of a spirit beast to refine pills!" Lin Yi suddenly exclaimed. He didn't think that he'd discover a new way of making elixirs after just looking at two recipes.

Originally, the spirit beast clan had a very low demand for elixirs because the elixirs used by cultivators were not very useful to the spirit beast clan. For example, the mountain gaze pill could increase the probability of human cultivators breaking through to the mountain opening stage. However, the spirit beast clan did not need elixirs at all. As long as their bloodline was good enough, they could smoothly break through by growing on their own. There were also healing elixirs such as the recover pill, which had little effect on the spirit beast clan.

However, in this collection of elixir recipes, there was a list of many elixirs that could be consumed by spirit beasts. All of them used the inner core of spirit beasts as the main ingredient. Whether it was for healing, breaking through, or even changing the bloodline, if it could really be refined, the entire spirit beast clan would probably fall into madness.

In fact, Lin Yi had thought about using the cores of spirit beasts to make elixirs. After all, the cores of sea beasts could be used to make elixirs, but there were still differences between the two. The elixirs made from the cores of sea beasts were mostly for human practitioners, but the elixirs made from the cores of spirit beasts were mostly for spirit beasts. It wasn't that human practitioners couldn't use them, but the effects were definitely not as good as the elixirs made from spirit herbs.

Seeing this collection of pill recipes, even this ghostly thing couldn't help but sigh!

Chapter 6163 Obtaining The Legacy

The demonic thing could not help but say, "kid, with this, it will be much easier for you to support a few spirit beast Masters in the future. However, you can't kill the spirit beast clan for the sake of alchemy. Although I am not the Azure Dragon elder from back then, the spirit beast clan is still my root."

"Senior ghost, don't worry. Do I look like that kind of person? Besides, the strong preys on the weak in the spirit beast clan. I don't need to hunt them, and there will naturally be a lot of inner cores left. When the news is released, I'm not afraid that no one will send me inner cores. " Lin Yi smiled faintly and put it away in the Jade space.

This kind of good stuff couldn't be kept in the storage bag casually. It was safer to keep it in the space.

"If you spread the news that you can refine pills that can be consumed by the spirit beast clan, do you believe that they will immediately tie you up and use you as a pill refining machine?" The demonic thing laughed evilly, attacking Lin Yi mercilessly.

"Now that you've put it that way, I really don't know what to say ..." Lin Yi shook his head helplessly. This was a real possibility. The spirit beast clan was so powerful now, and there were so many masters. If they really wanted to kidnap Lin Yi, even if he was in the Shangguan Tianhua's house on the North Island, he wouldn't be able to escape. The spirit beast clan didn't even care about the ancient families.

"That's why I have to keep a low profile when it's time! Before you have enough strength to protect yourself, you must not reveal the fact that you can refine pills for the spirit beast clan. " It was rare for the damn thing to tell Lin Yi this in such a serious manner-this wasn't a joke at all. He had to take it seriously.

"Don't worry, I know what I'm doing!" Lin Yi nodded in agreement. He was still very cautious in this aspect. The so-called trump card was only known when no one knew it. What kind of trump card was it if everyone knew?

In this world where the strong preyed on the weak, only those who had more cards up their sleeves could survive better. Lin Yi was well aware of this.

There was nothing else left in the room after putting the recipe away. Lin Yi didn't stay any longer. He turned around and stepped into the light door, returning to the platform.

He didn't expect Yi to be waiting for him at the door-shouldn't it take more time to receive an inheritance?

"Lin Yi, I've received the heritage of the ruins" master, and this cauldron, did you get anything?" Li Zao Yi flipped her hand and took out a small and exquisite pill furnace. From the shape and the patterns on it, it was exactly the same as the Jade pill furnace from before, only the size was a lot different. The Jade pill furnace was probably made with this as the model.

"This pill furnace is not bad. It seems to be a very high-level tool." Lin Yi nodded. He had the Shennong cauldron himself, so he had some experience in identifying furnaces.

In terms of level, Li Zao Yi's cauldron might be slightly inferior to the peak Shennong cauldron, but it definitely wasn't too much. In the entire Sky Class Island, there probably weren't many that were better than this cauldron.

The most important thing was that this cauldron was the same as Lin Yi's Shennong cauldron-it didn't care about the user's level. One could tell from Li Zao Yi's expression that she could already control this cauldron, and most of the containers of this level couldn't be used by cultivators below the sea shattering realm.

"That's right, it's called the nine revolution heaven pill furnace. Its biggest advantage is that it can save the true Qi and spiritual sense of The Alchemist. It originally required a lot of strength, but after using the nine revolution heaven pill furnace, it only requires a little bit of strength. And this is the most basic function. When I become stronger, there will be new functions. " Li Zao recalled such a tranquil personality and couldn't help but reveal a happy expression. It could be seen how much she liked this pill furnace.

"So powerful! If you had this pill furnace earlier, you would have been able to refine the recovery pill by yourself. " Lin Yi praised from the bottom of his heart. Lizaoyi's talent in the field of alchemy was already terrifying to begin with, and with the nine revolution heaven furnace, he was like a tiger that had grown wings. Not to mention Mystic third level pills, he could even make Mystic fourth level pills very quickly.

Li Zao Yi blushed as she remembered the scene of making the recovery pill. She couldn't tell if she would have never needed Lin Yi's help if she had this nine revolution heaven pill furnace. If things were to happen again, would she choose to ask Lin Yi for help? The answer ... Seemed to be yes ...

Thinking of this, Li Zao Yi's heart was filled with shyness. She quickly shook her head to get rid of these thoughts and pretended to be calm as she said, "Maybe. I can try it in the future. By the way, I can't pass on the pill Dao inheritance I've obtained to you for the time being. I'll only be able to study it with you after I've fully comprehended it. "

"This doesn't matter. In fact, I won't hide it from you. I'm not very interested in alchemy. The most important thing is to improve my strength. If you can have some achievements in alchemy, I'll ask you to help me with alchemy in the future. But for the cost of alchemy, for the sake of being senior brother and Junior Sister, you should at least give me a discount, right?" Lin Yi waved his hand and joked with Li Zao Yi.

Li Zao Yi secretly smiled, but on the surface, she said with a serious face, "That won't do. We're familiar with each other, but I can't miss out on anything that should be asked for. I can't break the rules of the trade!"

"We're all family, there's no such thing as rules!" Lin Yi continued to joke around as he took out the recipe book from his space. "I've obtained this pill recipe, did you have it in your inheritance? If not, I'll make a copy for you. "

"An ancient pill recipe?" Li Zao Yi's eyes brightened up. She was shy when Lin Yi said they were family, but she didn't care anymore. She took the book from Lin Yi's hand and started flipping through it.

After a while, Li Zao Yi closed the book and returned it to Lin Yi, "It's indeed a different world! There are indeed records of this in the inheritance I received, but it's not as detailed as your collection of pill recipes. So, we've agreed that you'll give me a copy later!"

"Alright! I'll keep it for now and make a copy for you later. Now, can you find LAN Guzha?" Lin Yi put the recipe back into the Jade space and looked around for LAN Guzha.

This guy had fallen into an illusion and hadn't come out yet, so he didn't know where his real body was. Judging from the previous situation, it should be here.

Or could it be that his experience in the dark void was not an illusion, but real? LAN Guzha had not come out from the void yet?

"I know where Lan Guzha is. Don't worry, he'll be fine." Li Zao Yi put away the nine revolution heaven pill furnace and brought Lin Yi down.

## Chapter 6164 Token In The Illusion

In the inheritance of the monument's master, there was naturally information about the monument. It could be said that Li Zao Yi had already become the new master of this monument.

After he walked down the stairs, the light in the Jade elixir furnace began to shrink. The lines on the ceiling slowly dimmed, and the platform and stairs disappeared.

Li Zao Yi didn't care about this. She had already obtained the inheritance, so there was no need to stay here any longer. She came to the wall of the stone room and stretched out her delicate hand to Pat a few places. A thick darkness silently appeared on the wall, which was the entrance to the void.

Lin Yi thought that it wasn't all an illusion. He was floating in the air, but he couldn't tell how long he had been floating for.

Li Zao Yi didn't let Lin Yi go in with her. She reached her hand in and felt around before pulling hard. LAN Guzha was pulled out.

LAN Guzha, who was still a little dazed at first, quickly woke up and saw Lin Yi and Li Zao Yi. He immediately broke into a smile, "Boss, sister-in-law, how did you get here faster than me? Oh, I see. You guys didn't stay long in the illusion, right?"

"If you knew it was an illusion, why did you take so long to come out?" Lin Yi looked at LAN Guzha speechlessly. This guy could see through the nature of the illusion, so he should be like him and break through the illusion quickly. Whether or not he passed the test, returning to reality was inevitable!

"I know it's an illusion, but I don't want to leave at the moment. Boss, you don't know, in the illusion, I ate countless delicacies that I've never eaten before, and many powerful guys fought with me. Also, boss and sister-in-law accompanied me, so I don't think it's a big deal to stay a little longer. After all, you'll wake me up after you're done. See, I'm right?" LAN Guzha had a smug expression on his face as if he had done something amazing.

Lin Yi didn't know what to say to this guy-he might look like he didn't care about anything, but he was actually quite smart. At least he could see through things like this, and his predictions weren't wrong.

On the other hand, li Zao Yi glared at LAN Guzha with embarrassment and anger. It was too easy for people to imagine things like 'you guys are done'. However, she couldn't say anything more because she would feel that something was wrong no matter what she said!

"Right, boss! I obtained a token in the illusionary realm, but I didn't expect it to really exist. Look, look!" LAN Guzha seemed to have suddenly recalled something. He took out an exquisite dark golden token from his body in a mysterious manner. It was only the size of half a palm, but there was a faint flow of powerful aura on it. It was definitely not a simple item.

"What kind of token is this?" Lin Yi flipped through it and couldn't find any use for it. He looked up at LAN Guzha for an explanation.

LAN Guzha chuckled. He scratched the back of his head and said,"Boss, this thing is the control token of that annoying monkey. I fought with this monkey several times in the illusion, but I lost more than I won! However, fighting with it is really quite enjoyable. With this token, I don't have to worry about not having an opponent in the future!"

Lin Yi was overjoyed. If it really was the golden-haired monkey's control token, it would be a great gain. It was an early stage earth creation puppet, and it had an indestructible body. Even if it was damaged, it could repair itself. If it used its full power, even a late stage earth creation practitioner might not be its match.

Now that he was going to Scout in the South continent, it was a good thing for both Lin Yi and LAN Guzha to have a golden-furred monkey puppet following him.

"LAN Guzha, you're quite lucky to be able to obtain the golden-haired monkey's control token. Keep it well!" Lin Yi smiled and returned the dark gold token to LAN Guzha.

Even though this guy didn't pass the test of the illusionary realm, it was enough that he had the golden-haired monkey's control token. After all, the things in the alchemy Dao were useless to him.

Speaking of which, there was also the Zheng family. Who knew what they would get-judging from the style of the owner, anyone who came would get something, but those two were different from Lin Yi and the other two-it would probably be hard for them to get anything good.

LAN Guzha kept the dark gold token and didn't bother to be polite with Lin Yi. He refined the token back in the illusion, and it was a little troublesome to give it to Lin Yi.

Plus, he was Lin Yi's follower, and it didn't matter if the golden-haired monkey followed Lin Yi or him-it didn't matter who had the token.

"Let's go. We'll talk after we get out. " Li Zao Yi raised his hand and opened up another passage. It was a normal flight of stairs, and there was no spirit sense restriction. Lin Yi could easily see the situation outside the passage.

"The master of the monument's array Dao level is really amazing. We didn't find this stone room from the outside, but from the inside, we can see the outside world." Lin Yi complimented-he'd realized that the tunnel was at the edge of the pit they'd come in from. It was a fake mountain, to be exact.

"This is a one-way passage. You won't find it from the outside. If you want to come in, you have to pass the test." Lizao Yi smiled lightly and walked out with Lin Yi. LAN Guzha was smart enough to follow behind them, not interrupting their conversation.

"In that case, we should really thank that guy named MA Weidong. If it weren't for him, it wouldn't have been so easy to find this place." Lin Yi sighed to himself. It was a coincidence that they chose to fight at the entrance of the ruins.

Not only that, but MA Weidong and the other seven also used a very powerful killer move to open the entrance, and even sacrificed six people's lives for it. It was absolutely a model example of not benefiting themselves but instead benefiting others!

"That's true. The entrance is isolated from divine sense. If we want to find this place, we'll have to search every inch of the palace. We don't have enough time. " Li Zao Yi nodded in agreement. She had obtained the most precious inheritance in the ruins and the nine revolution heaven pill furnace that was not inferior to the divine weapon Shennong cauldron. To be honest, she was a little grateful to MA Weidong and the others.

As the three walked out of the tunnel, the entire Palace started to fade. Lin Yi was a little surprised, but Lizao Yi was calm as if she'd expected this.

"The inheritance of the ruins will appear once every thousand years. We have obtained the inheritance this time, so the palace here is about to disappear. It will only appear again after a thousand years." Li Zao Yi explained a bit, and Lin Yi finally understood.

They all had their own gains this time, but there were still a lot of good things in the palace-it was a huge fortune to take all of them away. There were probably more treasures here that weren't revealed yet, and Lin Yi could understand why.

Chapter 6165 The Spirit Beast Clan Is Surrounding Us

"He's worried that we'll still be plundering treasures wantonly, so he took the opportunity to void-ify the palace before we made a move!" Lin Yi smiled, not really bothered by it.

Now that he had the most precious thing, it did not matter if he had the rest or not. The only thing he was concerned about was whether the three of them could return to the platform on the sea. Hao Zili and the others were still waiting there.

"I have to leave some for the people who come later!" The corners of Li Zao Yi's mouth rose slightly. After a slight pause, she continued, "The ruins have disappeared, and the array has been destroyed by MA Weidong and the others. I'm not sure if the teleportation array back to the offshore platform can still be used. Maybe we have to find a way to find them ourselves."

"Let's go take a look first!" Lin Yi said, troubled. It'd be troublesome if they couldn't use the teleportation formation-the flying spirit beasts were all on the platform, and the Zheng family's two were there. It'd be a bit uncomfortable to use a flying saucer to bring them back.

Other than that, Lin Yi didn't know if he'd be able to find the platform without the Jade plate. He couldn't just go Back to Black arc city first, and then go there from there, could he?

Li Zhaoyi didn't say anything more and flew over with Lin Yi and LAN Guzha. Zheng dongjue and Zheng Tianqing had passed through the square at some point and were now in the hall. There was nothing good there. Plus, the two of them came in as servants. Even if the master of the ruins compensated them, it would probably be some worthless things.

The speed at which the palace faded was extremely fast. Lin Yi and the other two passed through the palace directly without greeting the Zheng family's two. The Zheng family's two weren't stupid. After seeing their actions, they didn't even ask why they were running and immediately followed them.

When all five of them ran past the square and out of the palace, the entire Palace completely disappeared, and the original location was once again replaced by a lush forest.

"This level of array Dao is truly admirable! It's a pity that there aren't any relevant array DAO Records left in the ruins!" Lin Yi sighed as he looked at the disappearing Palace.

"Little brat, don't be too greedy. That pill recipe collection is much more precious than the array Dao's ancient books. Using spirit beast inner cores to refine pills for spirit beasts is only a small part of it. There are also pill recipes that you can't understand, which are the real treasures. In addition, although the master of this ancient ruin is powerful in the field of array Dao, our future achievements in array Dao may not be lower than his after we have the myriad amplification array diagram. Perhaps, we may even be much stronger than him." The ghastly thing let out a weird laugh, and its tone was quite proud.

Lin Yi didn't argue. This damn thing was a big Shot back in the day, too. He was very proud and arrogant. His formation skills were indeed not as good as the master 's, but after studying the ten thousand

amplification formation, he would definitely improve. In the future, it would be very possible for him to easily break the formations set up by the master.

"Lin Yi, the portal to the platform is gone!" Li Zao Yi used her spirit sense to scan and immediately looked at Lin Yi.

The original arrangement of the master of the monument was to let the inheritor return from the original way, but he did not expect that there would be an Explorer like MA Weidong who destroyed the stability of the array space, causing the open transmission array to be destroyed.

Actually, it wasn't really destroyed. To be more precise, it was closed. As long as the conditions were met, the teleportation array could be activated immediately. Unfortunately, in order to activate it, one had to complete the test on the other side. It couldn't be activated here.

Lin Yi smacked his forehead-this was the worst case scenario. He couldn't use the teleportation formation to go back, so he had to think of another way to leave Lufeng forest. It would be best if he didn't have to use the flying saucer.

"I hope that Hao Zili and the others can go Back to Black arc city and wait for us, so that we don't have to make a trip." Lin Yi shook his head and used his spirit sense to scan the area, at least to confirm his current location.

With the disappearance of the palace, the formation in this area started to fade away as well. Lin Yi didn't need to say anything-he could feel that this place was about to merge back into Lufeng forest.

Zheng dongjue and Zheng Tianqing didn't say a word and stayed five or six steps away from Lin Yi's group. They didn't want to be left too far behind while maintaining a certain distance. They thought that with the information of the ruins, they would be the biggest beneficiaries of this exploration. They didn't expect that they were almost excluded from the official exploration list.

When the palace disappeared, they also had some gains. Each of them had a Thunder profound pill. This thing might be extremely precious in the hands of others, but it was of no use to them at all.

Although he didn't know what Lin Yi and Li Zao Yi got from the ruins, he could guess that it was definitely many times better than the Thunder mystical pills they got. If it wasn't for his low strength, Zheng Tianqing would've already taken it!

Lin Yi didn't even pay attention to these two who were like burdens. If it weren't for the pill Hall and Li Zao Yi, he would've already dealt with them.

"Boss, what do we do now? Are you going to risk your life in this forest?" LAN Guzha came over and chuckled. He felt that there must be many powerful existences in this place. It would be interesting if they fought their way out.

Lin Yi didn't have time to reply when his expression changed. He didn't have time to say anything and immediately sent a message to Li Zao Yi and LAN Gu Zha, "Give me all your storage items. Leave some ordinary healing pills, spiritual jades, and other items on you. Hide well and don't let the two from the Zheng family find out. "

Lizao Yi and LAN Guzha trusted Lin Yi to the extreme. They didn't even ask what he wanted to do. They took off their storage bags and passed them to Lin Yi without the Zheng family's eyes and ears.

With their strength, it was easy for them to hide from the Zheng family. Zheng Tianqing and Zheng Dongjue had been paying attention to Lin Yi's movements, but they didn't notice the change in the storage bag.

Lin Yi's lips curled up as he put the two's storage bags into the Jade space, as well as his own decorative storage bag. He then clapped his hands in relief.

It was only then that LAN Guzha and Li Zao Yi understood why Lin Yi was doing this. Their divine senses had also discovered that more than a dozen powerful spirit beasts were quickly surrounding them. Their targets were very clear-Lin Yi and the other five.

"Why did the spirit beast clan surround us?" Li Zao Yi's expression was cold, but there was a trace of solemnity in her eyes. From the aura of the spirit beast clan that came over, none of them seemed to be below the mountain opening stage. There were even a few flying spirit beasts that were extremely fast.

Chapter 6166 Situation Of Holding Back

If Lin Yi was alone, he could use the Thunder escape technique and the ghost speed wings. These spirit beasts would never be able to catch him no matter how they surrounded him. However, LAN Guzha and Li Zao Yi were still here. He could not give up on them no matter what. If he brought the two of them along, he would lose less than 10% of his speed. There was no doubt that the spirit beasts would catch up to him. Hence, Lin Yi decided to give up on the idea of running.

In an instant, the fifteen spirit beasts had completely surrounded the five of them, all of them in their human forms.

"Everyone, is there anything I can help you with?" Lin Yi raised an eyebrow as he cupped his fists.

These fifteen spirit beasts were very strong, and none of them were lower than the mountain opening stage. Five of them were even at the earth opening stage. Lin Yi knew that he and LAN Guzha could deal with one or two earth opening stage spirit beasts together, but five was definitely no match for them. Moreover, those ten mountain opening stage spirit beasts weren't just for show-they were all powerful enough to kill.

"I heard that you've found the ancient monument here. Hand over everything you've found, and I might let you live. Otherwise, today will be your death anniversary next year!" The shapeshifted spirit beast in the lead said coldly. Lin Yi could vaguely sense that its strength was between the peak of mid-stage earth creation and late-stage earth creation. This one alone might be able to take care of Lin Yi and LAN Guzha.

It was a pity that Lin Yi didn't have the time to break through to the mountain opening stage yet. Although his essence spirit was already at the realm of mountain opening with a thought, he still had to prepare well to break through to the Titan stage in order to avoid any future problems. If he waited for Lin Yi to break through, he would have more confidence in dealing with this spirit beast.

"Is there any misunderstanding? Where did we find the ancient ruins? He had never even seen the shadow of a relic! You can still get something like this?" Lin Yi put on a surprised face and spread his hands innocently.

Li Zao Yi's eyes met Lin Yi 's, and both of them understood. This spirit beast said it heard it, but who did it hear it from? Obviously, it couldn't be anyone else but MA Weidong!

It seemed like that guy really hated Lin Yi and Li Zao Yi. He knew that he couldn't deal with them, so he decided to get the Masters from the spirit beast clan to attack them.

No wonder all the spirit beasts here were at the mountain opening stage and above, and there were even five earth opening stage Masters. It was obvious that MA Weidong had revealed Lin Yi's strength to the spirit beasts.

He just didn't know what kind of relationship MA Weidong had with the spirit beast clan. If they were really close, then today would be really dangerous. After all, MA Weidong's six companions all died because of Lin Yi. If the spirit beast clan wanted to stand up for MA Weidong, Lin Yi and the others wouldn't be able to stop them.

"Don't play any tricks. It won't do you any good!" The spirit beast in the lead sneered and raised his chin slightly, signaling a spirit beast at the mountain opening stage to search him.

LAN Guzha and Li Zhaoyi were impressed by Lin Yi's reaction. Luckily, he took their storage bags away, or the spirit beast clan would've taken all the loot.

Li Zao Yi didn't know about Lin Yi's Jade space yet, but she knew that her storage bag wasn't with Lin Yi. How he did it didn't matter-the important thing was that he wouldn't lose the nine revolution heaven pill furnace.

"This is my storage bag. If you want to check it, then take it. If you're too impudent, don't blame us for burning Jade and stone together!" Lin Yi's face darkened as he threw out his storage bag. Two Balls of Fire appeared in his palms-it was the preparation for the Super alchemy bomb.

The spirit beast paused after taking two steps-Lin Yi gave it a feeling of extreme danger, and it might die if it got any closer, so it stopped subconsciously.

Spirit beasts were much more sensitive to danger than humans, so all the spirit beasts could be sure that Lin Yi's words were true. At least that kind of terrifying energy wave was enough to hurt them, and the danger aura in Lin Yi's hands was still rising, and it would soon affect their lives.

One look at Lin Yi's determined face, and the spirit beast gave up on searching him. It took the storage bag from Lin Yi and did a quick check before shaking its head at the leader.

LAN Guzha and Li Zao Yi didn't have any other storage bags on them. They didn't need to search their bodies to be sure of this. Therefore, the spirit beast in the lead didn't insist either. However, its eyes flickered with an unhappy expression.

As for Zheng Tianqing and Zheng dongjue, they were also briefly examined. They did not find what they wanted either. The Masters of the spirit beast clan's faces darkened.

Lin Yi's heart calmed down. He could at least confirm one thing, and that was MA Weidong's relationship with the spirit beast clan was quite ordinary. It seemed impossible for the spirit beast clan to avenge him. This time, that guy must have leaked the news to the spirit beast clan on purpose. Since Lin Yi and the others didn't have any ruins items on them, MA Weidong might have tried to steal a chicken but lost the rice, and the spirit beast clan might even hate him.

"How is it? I told you that we didn't find any ruins, and we didn't get anything from them. Do you all believe me now? Everyone's quite busy, so should we part ways here?" Lin Yi looked at the spirit beast in the lead and asked with a smile that wasn't a smile. The items in his palms were still increasing.

It was just to scare them anyway, and it didn't matter if they could control the direction or not. Lin Yi didn't really want to use the Super alchemy bomb. They were surrounded, and if they wanted to attack all the Masters of the spirit beast clan, they would be the first to be affected by the explosion.

"I advise you not to resist. Although your martial skills look very powerful, we are not afraid of the moves of a mere great circle of black Ascension. If you don't believe me, you can try it. I'll give you two options now. One, follow us. I'm not sure when I'll let you leave. Two, let's have a fight to make you guys give up!" The spirit beast in the lead remained calm and ordered the rest of the spirit beasts to activate their battle formation, ready to fight Lin Yi at any time.

Lin Yi couldn't help but feel a headache. The spirit beast clan's battle formation was very crude, but no matter how crude it was, it could still increase their strength. They might not even be a match for these spirit beasts in a one-on-one fight, let alone in a formation.

The number of sea beasts Lin Yi had to deal with back at the northernmost Island was far greater than what he was dealing with now, but that was mostly due to the ancient battleship's power, and his attacks were unrestrained. It was completely different from the situation he was in now, where he had lizao, Yilan, and Guzha by his side.

Chapter 6167 Caught Together

"Boss, let's fight. We're not afraid of them. You and sister-in-law should step back and watch how I deal with them!" LAN Guzha could not bear to see others being arrogant to him. It was just a fight, I was afraid you would not fight!

The guy rolled up his sleeves and was about to start a fight when Lin Yi quickly dispersed the Super alchemy bomb and pulled him back.

"Don't be impulsive. These people don't seem to have any killing intent. It's not the time to go all out yet!" Lin Yi consoled LAN Guzha and gave lizao Yi a look.

If Lin Yi wanted to leave, these Masters from the spirit beast clan couldn't stop him. For the sake of Yi and LAN Guzha, he decided to be patient for a while. This was also because the other party didn't reveal any killing intent. It was just that the strong looking down on the weak made him a little unhappy.

LAN Guzha glared at the spirit beast in the lead. He had to listen to his boss's orders no matter what. He could only stand beside Lin Yi and Lin Yi, ready to help if anything went wrong.

"There's a saying in your human race that's right, 'a wise man submits to circumstances'. It seems that you're also a wise man!" The spirit beast Master in the lead sneered as Lin Yi dispersed the Super pill fire bomb in his hand. He knew that there would be no more fighting.

Lin Yi didn't mind the small sneers and replied indifferently, "It's not that we're afraid of you. We're just a little curious where you're taking us. Anyway, we're here for an adventure. It's not a bad idea to go to the spirit beast clan's territory if we have the opportunity!"

If they were in the base camp of the spirit beasts in the South Island, Lin Yi wouldn't dare to be so arrogant and take Li Zao Yi and LAN Gu Zha away even if he had to risk his life. But now, they were just a branch of spirit beasts in Lufeng forest. It was no big deal to follow them.

The Super pill fire bomb could not be used to its maximum effect when surrounded, but once these spirit beasts gathered together, the opportunity naturally appeared.

"You have some guts. In that case, come with us and don't resist!" The spirit beast in the lead shook its head at its underlings, and five transformed spirit beasts each took out a light gray rope, ready to tie Lin Yi and the others up.

Ordinary human cultivators would use restrictions to seal the cultivation base of their enemies to prevent them from resisting. The spirit beasts were obviously more direct.

"This is the spirit binding rope used by the spirit beasts to restrict their strength. After a human cultivator is bound, their true Qi will be sealed. But you don't have to worry, kid. The spirit binding rope can control your true Qi, but it can't control your consciousness. A consciousness pill fire can easily break the spirit binding rope." The ghastly thing explained where the grey rope came from, and Lin Yi felt a lot more at ease.

Lin Yi's expression changed when he felt the spirit binding rope's spirit energy fluctuation, but he returned to normal after hearing the explanation.

He did not want to overreach himself and be taken away by the spirit beast clan without any resistance.

LAN Guzha turned to look at Lin Yi. This feeling of being tied up made him very unhappy. As long as Lin Yi made a move, he would immediately explode.

"Let them tie them up. These ropes are useless to us!" Lin Yi sent a voice to LAN Guzha and Li Zao Yi, telling them not to resist.

Zheng dongjue and Zheng Tianqing were weak, and they became even more docile when they saw that Lin Yi and the other two didn't have any reaction. They were afraid of angering the spirit beast clan and being crushed to death.

The five people's hands were tied behind their backs, and after their true energy was confined, they followed these spirit beast experts to the spirit beast encampment in Lufeng forest.

They didn't make things too difficult for Lin Yi and the others on the way. They knew that the spirit binding chains restricted Qi, so the spirit beasts transformed back to their original forms and carried them. Of course, the spirit beasts wouldn't carry the captives on their backs. A few aerial spirit beasts would hold onto the ropes and hang them in the air, swaying.

Lin Yi was in the air, and his spirit sense wasn't affected at all. It easily covered the vast area around him, but he couldn't see the edge of Lufeng forest from where he was now. It was obvious that the ruins were in the deepest part of Lufeng forest. He didn't know why the spirit beast clan had arranged so many masters here.

After a while, the spirit beasts brought Lin Yi's group to a Hidden Valley. This was the base of the spirit beast clan in Lufeng forest. The reason why they brought them here so easily was probably because they wanted to enter but not leave. If Lin Yi and the others didn't surrender, these spirit beasts would never reveal their base's location.

After passing through the defensive formation, the valley was a completely different world. What Lin Yi was curious about was how MA Weidong managed to notify them here. It was impossible for an ordinary person to find this Valley, let alone send a message through the array set up outside the valley.

As expected of the guy who could find the ruins and enter them, his means in this area were indeed amazing!

"Lock them up in the dungeon first. I'll come back to deal with them when I'm free. I don't believe I can't find the things in the ruins!" The spirit beast in the lead glanced at Lin Yi's group coldly and waved his hand for his men to take them away.

Zheng Tianqing's eyes turned. He felt that this was an opportunity and quickly called out, "My Lord! The two of us are not on the same path as them. I can prove that they have indeed entered the ruins and obtained the treasures inside. Because we entered through the servant's small door, we are not qualified to obtain the things inside the ruins. The three of them are different! I'm sure they've hidden it somewhere. "

"Oh? So you're not together. Then tell me, where did they hide the thing? As long as you tell me, I'll let you go. " The leader of the spirit beasts had a look of disdain in his eyes, but he did not refuse Zheng Tianqing's offer to join them.

"This ... I'm not sure where they've hidden it. If you trust me, I'll definitely make them spill it!" Zheng Tianqing was slightly stunned, but he still braced himself and pleaded with the spirit beast.

"Zheng, you're really cruel and unscrupulous. If it wasn't for the boss, would you have survived until now? You ungrateful thing, once I get out of here, the first person I'll beat to death is you!" LAN Guzha's eyes widened as he glared at Zheng Tianqing and cursed.

Lin Yi wasn't surprised at all-Zheng Tianqing's actions were more in line with his personality. It'd be weird if he were in the same boat as Lin Yi!

Li Zao Yi didn't say anything about this. Whether she was captured or tied up, or thrown into the dungeon, she always had a calm expression on her face, as if she wouldn't be surprised even if the sky collapsed. Other than her personality being like this, it was also because Lin Yi was beside her.

Chapter 6168 Who's Going To Die First

No matter what it was, as long as Lin Yi was here, he could solve it! This had almost become a deep-rooted thought in Li Zao Yi's subconsciousness.

"You don't know where they've hidden the item, and you've appeared in the same place as them. Why should I believe you? Who knows if you're trying to take the opportunity to get them out together?" The leading spirit beast waved his hand and said impatiently.

Unless Zheng Tianqing could come up with concrete evidence to prove that he knew what Lin Yi and the others had found in the ruins, it was meaningless to the spirit beast clan.

"Milord, the two of us are on completely different sides from those three. In fact, we're irreconcilable enemies. If it weren't for the fact that we're so weak, I would have killed them long ago. If Milord doesn't believe me, you can release me and watch me kill one or two of them to prove my stand!" Zheng Tianqing was also going all out. He could see that the spirit beast did not think much of him and might just kill him, so he could only try his best to persuade it.

"Enough, if you continue to talk nonsense, I'll directly kill you as a snack!" The spirit beast snorted coldly and turned away from Zheng Tianqing. It waved its hand to signal its subordinates to take the five people to the dungeon.

Zheng Tianqing was dumbfounded. He was hoping to turn the tables with this. It would be best if the spirit beast agreed to his suggestion to let him kill Lin Yi with his own hands. If it couldn't, it would be a good opportunity to torture Lin Yi!

Who knew that the spirit beast did not take him seriously at all? now, it wanted to lock them up in the same place. It was forcing him to his death!

He'd said something like that in front of Lin Yi and LAN Guzha-they'd kill him the moment they recovered!

"Your Excellency ..." Zheng Tianqing still wanted to say something, but he was forced to swallow his words by the cold eyes of the surrounding spirit beasts. He suddenly felt cold all over and did not dare to say another word when he remembered that he would kill the spirit beasts as a snack if he continued to talk nonsense.

LAN Guzha grinned and laughed. His face was full of gloating. He looked at Zheng Tianqing with an extremely playful gaze. Not to mention that the spirit binding rope could be removed at any time, even if it could not be removed, as long as they were locked together, LAN Guzha could easily play Zheng Tianqing to death.

In terms of physical strength, LAN Guzha, who was a mutated sea serpent Dragon, was absolutely invincible among his peers. Zheng Tianqing, who was an Alchemist with a small body, was many levels weaker than LAN Guzha. Even if everyone's hands were tied, LAN Guzha could beat the Zheng family's father and son to death with his head.

Zheng dongjue's heart was palpitating, and his eyelids were twitching. If LAN Guzha bore a grudge against him, there would be no good end to it. Seeing Zheng Tianqing's dumbfounded look, he could only wipe his old face and smile awkwardly as he moved to Lin Yi and Li Zao Yi's side, nodding and bowing.

"Lin Yi, master lizao, please don't take it to heart. Tianqing's still young and doesn't know any better, so I'll apologize to you guys here. We're all in the same boat now, and we should help each other through this difficult time. Please don't hold it against him!" Zheng dongjue's attitude was extremely humble, hoping to make up for Zheng Tianqing's mistake.

If it weren't for the fact that there were Masters from the spirit beast clan on the side, Zheng dongjue even wanted to say that Zheng Tianqing was enduring the humiliation to go undercover and take the

opportunity to save everyone. It didn't matter if Lin Yi and the others believed it or not, he had to believe it first.

"Yes, yes, yes, I had no choice but to say that, don't take it to heart! We must unite. One man's weakness is the weakness of two men's strength. We must work together in the same boat, haha, in the same boat!" Zheng Tianqing also reacted and quickly put on a smile. He laughed and made up a few nonsense.

"In terms of shamelessness, I, LAN Guzha, am convinced by you!" LAN Guzha laughed weirdly and mocked Zheng Tianqing ruthlessly. If not for the spirit beast clan's experts blocking him, he would have gone up to beat up this shameless bastard.

The five of them were sent to the dungeon, but the spirit restraints were still in place. The Zheng family's father and son were afraid of LAN Guzha's revenge, and they hid on the side, not daring to get close to Lin Yi and the other two.

Lin Yi didn't want to bother with the two and turned to the guard, "I'm Lin Yi. I'm a friend of your spirit beast clan's Elder Green Dragon. There's a misunderstanding here, please help me inform Elder Green Dragon. "

The guard leader laughed coldly and glanced at Lin Yi and the others in disdain. He shook his head proudly, "Who the hell are you? how dare you say you're friends of the Green Dragon elder? How could an old man like him have friends like you? It was really funny! Stay here obediently and don't give me any trouble, or else I'll make you suffer!"

"Whether it's true or not, why don't you ask the Green Dragon elder? You can't lie about this kind of thing. Think about it, if what I said is true, wouldn't it be a big mistake for you to stop me from seeing elder Azure Dragon?" Lin Yi patiently explained. He could feel that there were at least dozens of spirit

beasts above the xuansheng stage in this Valley. There were also many who opened up mountains and lands. It would be difficult to escape with lizao Yi and LAN Guzha.

It was because of this that Lin Yi wanted to ask Elder Green Dragon for help. With his help, they might be able to get out of this safely.

"Don't f \* cking talk nonsense with me! Not to mention that Elder Green Dragon isn't here, even if he was, he's not someone that a small fry like you can meet as you please. I don't care if you're 01 or 02 or 03, hurry up and hand over the things in the remains, or you're all dead!" The guard leader said impatiently, not having the patience to report to Green Dragon or verify Lin Yi's identity.

Lin Yi frowned, feeling that something wasn't right. Why was this guard so stubborn? he'd already said this much, but he still didn't move? Normally, when a small figure at the bottom heard that the other party was a friend of the higher-ups, they would ask for confirmation no matter what, right?

If it weren't for the two Zheng family members, Lin Yi would've wanted to see if Central's name would make any difference.

"Have you thought about it? the sooner you explain it, the easier it will be for everyone. Otherwise, you'll be in trouble, and I won't be able to stay idle! I'll give you five seconds, if you don't hand it over, I'll kill you one or two and let you see your blood. " The guard leader smiled sinisterly, his eyes scanning Lin Yi and the others.

The father and son of the Zheng family shivered, afraid that they'd be dragged into the mess. They moved to the side a little, wanting to say that they weren't on the same side as Lin Yi, but they were afraid that the situation would repeat itself-their faces were red from holding back.

"Five!" The guard leader didn't wait for Lin Yi's reply and started counting, shrugging his shoulders, "Time's Up! Do you guys want to discuss who's going to die?"

Chapter 6169 Reuniting With The Great Fire Lion

"Counting to five means you're done with five? Does that mean I can just count ten thousand out of ten thousand?" LAN Guzha could not help but grumble. In his heart, he was muttering to himself, "boss, hurry up and untie me. I want to beat this bastard who can't even count to death!"

"You talk a lot. Do you want to die first?" The guard leader stared at LAN Guzha and smiled coldly. He was only trying to scare Lin Yi and the others, but since someone jumped out, it didn't matter if he killed them. It was enough as long as one of them knew the whereabouts of the item!

"You can try, but it's hard to say who will die first!" Lin Yi's eyes turned cold. If the spirit beasts really dared to attack the people around him, he wouldn't hesitate to do it even if it meant a life and death struggle!

There weren't many masters from the spirit beast clan nearby. As long as he could buy some time, there was a chance of escaping the valley. Of course, it was more dangerous this way, and Lin Yi didn't want to do it unless it was the last resort.

The leader of the guards felt a chill run down his spine. He had a dangerous feeling as if he was being stared at by a ferocious beast. In the southern island's spirit beast clan, the law of the jungle was a common practice. He believed in his intuition!

But Lin Yi looked like a weakling who hadn't even reached the mountain opening stage yet, why did he give him such a strong sense of danger? It didn't make any sense!

The guard leader had just broken through to the initial stage of earth creation, and to be honest, none of Lin Yi's group was worthy of his attention, but Lin Yi suddenly made his hair stand on end. It was really strange.

"Brat, are you trying to stand out and die in your companion's place?" The guard leader said darkly. Although Lin Yi gave him a sense of danger, he was still in prison with the spirit binding rope on him. He was also an entire realm lower than him, and there was no reason for him to show weakness.

"I said, you can try!" Lin Yi's lips curled into a cold smile, not backing down in the slightest! He had already observed that this guard leader didn't seem to have any tools to defend his spiritual sense. In other words, if he used the soul snatching hand, he would most likely be able to easily deal with this guy.

The guard leader's premonition came from this. The spirit binding rope could restrict Qi, but it couldn't restrict divine sense. He didn't know that Lin Yi's divine sense attack might be even more terrifying than a martial skill.

"You think I don't dare to try?" The guard leader raised his hand with an evil smile, as if he really wanted to attack Lin Yi. However, the moment he took a step, the sense of danger in his heart suddenly increased several times. In an instant, the guard changed from advancing to retreating, putting some distance between him and Lin Yi.

In fact, this distance was still within the effective range of Lin Yi's Soul Catcher hand, but the opponent hadn't made a move yet, and Lin Yi didn't want to make too much noise, so he stopped using it.

"Forget it. I have something to do today. I don't have time to talk to you. Think about it. If you don't tell me the truth, I'll let you have a taste of torture first, even if I don't kill you!" The head guard snorted and put on a magnanimous look. He retracted his palm and turned to leave.

Only he and Lin Yi knew that if he insisted on making a move, it was hard to say who would die first!

Lin Yi frowned and squinted his eyes as he watched the guard leave. He was sure that the guard wanted to kill him, and the moment he raised his hand, the Jade space gave him a strong warning. The reason why he stopped was probably because he felt Lin Yi's killing intent.

After hearing that Lin Yi was elder Azure Dragon's friend, not only did he not go to confirm or report it, he even wanted to kill him? It would be strange if there was nothing fishy about this matter!

At the same time, the head of the guards who left the prison was also covered in cold sweat. He was clearly a prisoner who could not resist at all, so how could he give him the feeling that he could be killed so easily?

If it was someone else, they wouldn't have cared, but this guard leader had relied on his caution to get to where he was today. He wouldn't do anything he wasn't confident in. Lin Yi was in prison, after all, and he could do it anytime he wanted to.

After a while, the head guard came to a quiet bamboo house in the valley alone. He knocked on the door respectfully and waited for the permission to enter. Then, he carefully pushed the bamboo door open and walked in with a slight bow.

"You caught Lin Yi and the others?" Inside the bamboo building was a man wearing a black bamboo hat. When he saw the head guard enter, he asked in a calm tone.

"Yes, my Lord! Lin Yi's group has a total of five people, and they've all been captured and locked up in prison. I'll find a chance to kill them all!" The head of the guards answered respectfully. He wondered who this man in the black bamboo hat was. To be able to command a spirit beast clan's earth formation stage expert, he was definitely not a person of low status.

Plus, the man didn't seem to be from the spirit beast clan. He could've just ordered them to kill Lin Yi and the others. There was no need for him to go around in circles.

"Why don't you just kill him? How much longer do we have to delay?" The man's tone was flat and without a trace of anger, but the head guard lowered his head even more.

"Lord, that Lin Yi is a little weird. He's bound by the Spirit binding rope, but he can give me a sense of danger! That's why I want to observe for a while longer before making my move!" The head guard was a little scared, not knowing whether it was right or wrong to be so cautious.

"Forget it, you can act according to the situation!" The man in the black bamboo hat waved his hand, signaling the head guard to leave.

"Yes, my Lord!" The leader of the guards did not dare to be neglectful. He quickly cupped his fists and bowed. He slowly took two steps back, turned around, and left the room. He then carefully closed the bamboo door.

In the prison, it was time for the guards to change shifts. When a new master from the spirit beast clan came in, Lin Yi was surprised to find that it was his familiar face, the Great Fire Lion.

After the guard left, the big fire Lion went up to Lin Yi and cupped his fists, ""Benefactor, why have you been captured? This is going to be a little troublesome!"

"I'm fine, don't worry! Great Fire Lion, I didn't expect to see you here. You weren't in oduo cultivation city, why did you come here?" Where's the spider?" Lin Yi asked curiously. It had been a long time since they last met, and the big fire Lion had broken through to the early stage of the mysterious Ascension realm. It seemed that the training of spirit beasts was very powerful, but here, the big fire Lion in the early stage of the mysterious Ascension realm was only a low-mid level spirit beast.

"The big spider is still in the ruins. I was transferred out. Now, the spirit beast clan is using more people, so there are fewer people guarding less important ruins like Ao duo cultivation city. Benefactor, there are many experts in this Valley. If I let you go now, do you have the confidence to leave?" The fire Lion didn't waste time and peeked outside, lowering his voice.

#### Chapter 6170 Rejecting Good Intentions

Zheng Tianqing's eyes brightened. Although he didn't hear it clearly, the fire Lion was an old friend of Lin Yi 'S. He must have wanted to release Lin Yi secretly. It was dangerous to stay here. It would be best if he could leave with Lin Yi.

Unfortunately, he'd just offended Lin Yi and the others, and Zheng Tianqing couldn't just go looking for trouble. He could only prick up his ears and secretly pay attention. If there was a chance to escape with them, it would be best. If it really didn't work, it would be good to reveal this information to the spirit beast clan.

Lin Yi was touched. The fire Lion was loyal enough to let them go. In fact, the fire Lion and the spider had already repaid him in the ruins. That much Star Ink milk wasn't easy to get. Without it, Lin Yi's strength wouldn't have reached this level, and he might've been killed long ago.

"Don't do anything stupid. We're not in any danger right now. You'll be in real danger if you let us go!" Lin Yi waved his hand, telling the fire Lion to give up on the idea.

The Great Fire Lion was slightly stunned, then he smiled and said, "Benefactor, you're right, but isn't it dangerous to stay here? Our spirit beast clan doesn't have much goodwill towards the human clan. If there's a chance, it's better to take a gamble. "

"Great Fire Lion, it's rare for you to be so honest. However, you and the big spider both have clansmen. If your deeds are exposed, you may implicate them." Lin Yi smiled faintly. He naturally wouldn't let the big fire Lion take the risk. If they really wanted to escape, the big fire Lion didn't even need to do anything. Lin Yi could open the cell himself.

"Since benefactor says so, I'll wait and see. When there's a better opportunity, you must leave this place!" The Great Fire Lion pondered for a moment and then said in a low voice.

"Great Fire Lion, if it's convenient, please think of a way to send a message to Elder Green Dragon. Tell him that I've been locked up here by you. We've had some friendly relations before, so maybe he can come and help me." Lin Yi thought about it and decided to let the big fire Lion do something that wasn't too dangerous.

If someone really wanted to deal with them in the dark, they could find Elder Green Dragon now and it might be resolved. The only danger the big fire Lion would face was that he would be detected before he reported it to Elder Green Dragon. However, the other party didn't know the relationship between

Lin Yi and the big fire Lion, so this danger was almost negligible. As long as Green Dragon came, who would care about a small character like the big fire Lion?

"My benefactor knows elder Azure Dragon? That would be great! Just leave this matter to me, I will definitely handle it properly. As long as elder Azure Dragon gives the word, I think our benefactor will definitely be able to turn danger into safety!" The fire Lion was happy, truly happy for Lin Yi.

There was no time to waste. The Great Fire Lion didn't waste any time. He said goodbye to Lin Yi and the others and left the prison in a hurry to find a way to contact Green Dragon. As for his guard duty, he wanted Lin Yi and the others to escape anyway, so it didn't matter if he stayed or not.

After about an hour, the Great Fire Lion returned to the prison. After all, he was just a low-level spirit beast. It was not easy to contact a high and mighty existence like the Green Dragon.

"It's done, benefactor! I asked my friend's brother's second uncle's sister-in-law's son to find a way to bring the message to Elder Green Dragon. However, it's hard to say when he will receive it and when he will come here after receiving it! I think it's best for benefactor to find an opportunity to leave this place as soon as possible. " The fire Lion wasn't confident in his connections either, but he still advised Lin Yi to run if he could!

Lin Yi couldn't help but smile. The big fire Lion was really trying his best. He had so many connections that he wouldn't be able to figure out who helped him. But it didn't matter, as long as Green Dragon received the news.

The big fire Lion accompanied Lin Yi and chatted for a long time. It was finally time to change shifts and he left reluctantly. Before Lin Yi was out of prison, he didn't dare to show too much intimacy and attract the attention of other spirit beasts. If they needed him, he could have a chance to hide.

Lin Yi thought that the guard leader would find a chance to deal with them again, but he didn't expect that there would be no movement for so long, and the new guard was an unfamiliar spirit beast. He was a little suspicious as he kept his guard up.

Zheng Tianqing was the most upset. Lin Yi and the other two ignored him, and Zheng dongjue was also in a daze. He wanted to tell on the big fire Lion, but he was afraid that he would make a mistake. He couldn't make up his mind, and the day passed by.

The guard leader finally appeared in front of Lin Yi and the others at noon the next day. This time, he had three peak late mountain split and Peak Mountain split realm Masters with him, plus he was in the early stage of earth split realm. He felt that even if Lin Yi was acting weird, he wouldn't be able to do anything.

"Kid, have you thought it through? hand over the treasures in the ruins and we can leave your corpse intact. Otherwise, we'll just drag you out and chop you up to make some snacks!" The guard leader looked at Lin Yi with a dark smile.

They needed an excuse to deal with Lin Yi, or they'd leave behind trouble. That was why the guard leader said so much.

"You talk too much nonsense. If you want to fight, just come. Yesterday, you didn't have the courage to do it alone. Today, you have three helpers with you. Don't tell me you don't have the courage?" Lin Yi smiled faintly, a clear mockery on his face.

The guard leader paused for a moment, his face showing a bit of anger from embarrassment, but he was secretly happy inside. He was just worried that he didn't have an excuse to deal with Lin Yi, but now he could go with the flow.

"You're looking for death! You guys drag him out and interrogate him. I want to see how tough this kid's bones are!" The guard leader roared and waved his hand, signaling the two peak late mountain split spirit beasts behind him to get Lin Yi.

The two experts agreed and immediately motioned for the guards to open the cell door. They walked in with sinister smiles on their faces. In their eyes, this was just an operation to have fun and sell a favor to the head guard. There was no difficulty at all.

LAN Guzha took a step forward and stood in front of Lin Yi, his eyes wide open in anger, "Who dares to touch my boss? I'll beat you into meat sauce and feed you to the dogs!"

"Another one who's asking for a beating. Let's just get him out and teach him a lesson!" One of the two Spirit beasts who entered the cage turned around and smiled at the head guard. After all, one was to fight, and the other two were to kill, so there was not much difference.

The leader of the guards did not have a good impression of LAN Guzha either. He nodded his head immediately, which was considered to be his silent consent.
