

Bodyguard 6511

Chapter 6511 There Will Be A Chance

"Junior Sister LAN 'er, you're being too polite. We're going to be neighbors soon, so what's wrong with calling you that? In the future, you can call me senior brother Dian. I'll still call you Junior Sister LAN 'er, okay?"

Yang Dian's face was quite thick-he ignored Shangguan LAN 'er's objection and even asked her to call him senior brother Dian. Lin Yi just wanted him to get out of here!

"Yang Dian, we're shopping, and we don't plan to go with anyone. If you have nothing else to say, please get out of the way!"

Lin Yi took a step forward, his eyes calm as he looked at yang Dian. It wasn't a big deal to teach the guy a lesson on the street if he really pissed him off.

"Lin Yi junior, how can you talk to your senior like that? I see that you're new here, so I want to help you. What's the matter? Do you think you can ignore me, your senior brother, just because you're a genius? If you're not convinced, you can challenge me. I'll give you the chance!"

Yang Dian's face darkened. He didn't need to be polite to Lin Yi. He thought that Lin Yi was quite tactful, but he didn't think that it was the case!

It seemed that he had to teach these newcomers a lesson and establish his dignity as a senior, so that these guys wouldn't look down on him.

"There will be a chance!"

Lin Yi smiled faintly. They were both mountain splitter with a thought, but it was obvious who was stronger. Lin Yi didn't think that yang Dian was a threat to him at all. He didn't want to kill him right away because he didn't want to ruin his mood if he did it in public.

"Very well, I'll be waiting for you!"

Yang Dian pointed at Lin Yi and smiled at Shangguan LAN 'er, ""Junior Sister LAN 'er, I'll take my leave first. When you go back, we'll talk in detail. As neighbors, if you need any help, just ask. I'll definitely be able to help you."

Shangguan LAN 'er didn't pay attention to this guy at all and turned her head to look at the other side. Yang Dian didn't care. There were plenty of opportunities anyway, and he wasn't in a hurry.

He didn't want to get into a conflict with Lin Yi here-after all, as a senior from the last batch, it wasn't something to be proud of if he stayed at the peak and took control of the courtyard.

Although he had his reasons and the Academy had agreed, outsiders didn't know about it. If he got into another conflict with the new students, his reputation would really be completely ruined.

"Lin Yi, Lil" bro, let's just ignore that annoying guy and go eat!"

After Yang Dian left, Shangguan LAN 'er pulled Lin Yi over and smiled.

"Sure, that kind of person is not worth our trouble. Let's go and find some good food!"

The two of them put aside the unhappiness brought by yang Dian and happily shuttled around the periphery of the college. It was not until the sky was dark that they borrowed the flying spirit beast and flew back to the young Eagle Peak with satisfaction.

Lin Yi sent Shangguan LAN 'er back to house number two, where house number one was still brightly lit, indicating that yang Dian had returned.

"Little Junior Brother, do you want to come in and sit for a while?"

Shangguan LAN 'er still felt that it wasn't enough yet. With Lin Yi around, she felt that time passed by very quickly.

"No, you should rest early. Class starts tomorrow. I'll set up a few arrays outside your courtyard. Take this array flag. Use this array flag when you go in and out."

Lin Yi waved his hand and took out an array flag for her.

"Are you afraid that yang Dian will secretly come to me?"

Shangguan LAN 'er was all smiles, her eyes turning into two crescent moons. Lin Yi's little thoughts meant that he really cared about her, so of course she was happy.

"I guess so. It's not easy to guess that person's thoughts. It's always good to be on guard. Moreover, two more defensive arrays can prevent some bad things from happening. You can go in first. I'll be done soon. After that, I'll go back and rest."

Lin Yi smiled, indicating that she could go in first.

"It doesn't matter. I just want to see you set up the array. It won't take long anyway, so I'm not in a hurry."

Shangguan LAN 'er was smiling very happily, but she refused to go in.

How could she miss the chance to see Lin Yi working for her? Of course, she had to look after him properly!

"Alright, then you just wait and see."

Lin Yi smiled faintly and didn't insist. It didn't take long to set up two formations anyway, and it was done quickly with the formation flags.

The two said their goodbyes again, and Lin Yi returned to his own courtyard under Shangguan LAN 'er's reluctant eyes.

In fact, the two courtyards weren't too far apart from each other-Shangguan LAN 'er could see Lin Yi entering her courtyard just by standing at the door.

Lin Yi didn't delay either, setting up some defensive formations outside as well. Feiyang college was relatively safe, but considering the hidden death sect's mysterious appearance, it was necessary to add some necessary precautions!

Especially since Lin Yi needed to cultivate in this yard, it wouldn't be good to be disturbed!

The night passed uneventfully. Early the next morning, everyone on the young Eagle Peak left early and came to the teaching hall set up halfway up the mountain to wait.

Even the wily old fox, yang Dian, was not late. It could be seen that everyone attached great importance to the first class of the freshmen this year.

"Lin Yi, Junior Brother, did you rest well last night?"

Shangguan LAN 'er and Lin Yi came together, but she was busy talking about how Lin Yi's formation was going on the way, and only remembered to ask about the rest when they arrived at the teaching hall.

"It's pretty good, are you used to it?"

Lin Yi smiled and asked.

"It's alright, but I'm a little bored being alone. Although the Academy has arranged for puppets, they can't talk to me. "

Shangguan LAN 'er's mouth twitched. She wanted to live with Lin Yi, and the yard was actually quite big, more than enough for four or five people. It was such a big place for one person, it was really a waste.

As for the puppet, it was a living puppet made by a blacksmith that the Academy had hired from who knows where. It was responsible for cleaning and living. It was made of an unknown material and was powered by spirit Jade, so it was similar to the robots in the secular world.

"Ha ... If Auntie Zhang heard you say that, she would definitely let you cultivate more. Then, cultivation won't be boring."

Lin Yi smiled-Shangguan LAN 'er wasn't used to it yet, after all. She'd been running around all by herself back in the North Island, but she had Curly Bear with her, and she'd never felt lonely.

She didn't bring Curly Bear with her this time, and she had Zhang jinmiao and Lin Yi accompanying her along the way. It was a little sad to live alone all of a sudden.

However, there was no other way. The new students in the college were not allowed to keep pets, and the curly bear's strength was low. Shangguan LAN 'er was worried about keeping it outside, so she could only bear the pain and give it up.

Chapter 6512 Choosing A Class Monitor

"Pfft, Little Junior Brother, the way you speak is really like master! I'm going to tell master that you're secretly imitating her. "

Shangguan LAN 'er immediately covered her mouth and chuckled. This was the good thing about this girl. She could always maintain a bright smile at any time and place. Even if she was unhappy, she could immediately disappear.

Lin Yi felt like he was a lot more cheerful when he was with Shangguan LAN 'er like this, and all the pressure in his heart was lifted a little.

"The teacher is here."

Lin Yi wanted to continue chatting with Shangguan LAN 'er, but he reminded her when he noticed someone coming in.

Then, the two of them kept quiet and looked in the direction of the palace door.

Hearing the footsteps outside the door, everyone kept quiet and stood up straight, waiting for the teacher to come.

In just a breath's time, a slender and graceful figure came over. Everyone was slightly stunned. They didn't expect that their freshman instructor would be an extremely young and beautiful woman!

"Lin Yi, Lil" bro, this mentor is so pretty! You guys are so lucky!"

Shangguan LAN 'er sent a mental message to Lin Yi, even making a face at him.

The 'you guys' naturally referred to all the male students. Some of the young boys who lacked self-control blushed slightly when they saw this beautiful teacher.

"She is very beautiful, but compared to little Senior Sister, there is still a slight gap."

Lin Yi smiled calmly and sent a telepathic message to Shangguan LAN 'er as well, complimenting her a little. The girl felt a sweet sensation in her heart, and her smile became even brighter.

What Lin Yi didn't say was that this tutor wasn't an idiot-there was a difference between them!

The beautiful teacher was already in front of everyone, so Lin Yi and Shangguan LAN 'er didn't continue talking. Even if they were communicating through telepathy, it would still be a bit strange, and it wouldn't be good if a teacher who was meeting for the first time found out.

"Hello everyone, I am your freshman instructor, Xu Xiaoyan. In the coming year, I will be responsible for guiding your cultivation. I heard from Vice Principal Zhang that there are several very talented seedlings in this batch. I hope that you can grow smoothly. Don't wait for a year and all of you will be eliminated. It will show that I have not taught you well!"

Xu Xiaoyan smiled like a flower, but when she said the last sentence, her expression seemed a little unfriendly.

"Instructor Xu, I didn't expect you to be the one leading this year's new student class! It's really our honor and fortune. Don't worry, under your guidance, we junior brothers and sisters will all become successful!"

Yang Dian waited for Xu Xiaoyan to finish and immediately responded with a smile. As a senior, he certainly knew who Xu Xiaoyan was.

Xu Xiaoyan might look young, but she was a super genius herself. She used to be one of the legends of Feiyang college!

After graduation, he traveled everywhere and his strength improved very quickly. When he came back as a teacher, he also showed his strong ability. Now, not only was he already at the completion of earth creation, but the students he taught were also extremely outstanding talents. If not for his lack of experience, maybe the Feiyang college would have another Deputy Dean.

"Yang Dian, you're good with words, but your junior brothers and sisters are all talented, what about you? Are you still going to stay at the young Eagle Peak and wait for the next batch of junior brothers and sisters to come?"

Xu Xiaoyan was still smiling, but there was a hint of ridicule in her eyes when she looked at yang Dian.

Yang Dian felt a little embarrassed, which was rare. He coughed and quickly replied with a smile, "How can that be! Under your guidance, I'll definitely be able to complete my cultivation this year and soar into the sky. I'll follow the path you took in the past and follow in your footsteps ..."

"This guy is good at flattering. I wonder if his fighting ability is also so strong. Don't you think so, Little Junior Brother?"

Shangguan LAN 'er couldn't help but send another message to Lin Yi.

"Don't worry about him, let's just watch the show quietly. "

Lin Yi smiled faintly. Whether it was Xu Xiaoyan or yang Dian, they were no special to him.

Shangguan LAN 'er nodded and said no more, in case Xu Xiaoyan saw through her.

"Okay, okay, I know that you, yang Dian, are a genius. Work hard in the future. Now, let's continue."

Xu Xiaoyan waved her hand casually. After interrupting yang Dian, she paused for a moment. "Where were we just now?"

"Teacher, you said 'I didn't teach you well'!"

Murong buqi, this honest boy, was really honest. He directly blurted out Xu Xiaoyan's words. Murong Feiyan slapped her forehead. She hated herself for not sewing this guy's mouth earlier!

"Yes! No, What do you mean I didn't teach you well? What I said was 'it would seem like I didn't teach you well'! This student, do you know that it's easy to get beaten up if you take things out of context like this?"

Xu Xiaoyan's smile was like a flower, but a dangerous light flashed in her curved eyebrows. Obviously, she was very happy to be the one beating people up!

Murong buqi felt a chill run down his back and was pulled by Murong Feiyan again. He quickly lowered his head and didn't dare to say anything.

"Forget it, I won't argue with you today. Let's continue!"

Xu Xiaoyan waved her hand, looking like a magnanimous teacher who was easy to talk to. "Today is the first time I'm meeting everyone, so I'm not too sure about everyone's situation. How about this, you should all be more familiar with each other. Let's first choose a class monitor and a vice class monitor. They can represent me to manage everyone and guide their daily cultivation! "Well, I didn't come up with this. It's the Academy's regulations. The class monitor and vice class monitor will have extra credits. As for the acquisition and use of credits, I'll explain in detail to you later."

Lin Yi wasn't really interested in being class president-he just needed enough credits. He was more concerned with his own cultivation, something that was a waste of time. He'd rather do it well than waste his time.

"You must be Lin Yi, right? Vice Principal Zhang said that you're the genius with the highest score in this year's enrollment examination, and you're being fought over by the two top schools. Well, you can't say that you're fighting over it, you should say that you're being invited! "In the end, you still chose the Feiyang college. Teacher, I want to say that you have good taste. What top school? it can't compare to our Feiyang college. What do you think? Do you want to try running for class monitor?"

Xu Xiaoyan suddenly changed the topic and looked at Lin Yi, asking if he wanted to compete for class monitor.

Zhang jinmiao must have mentioned Lin Yi and Shangguan LAN 'er in front of Xu Xiaoyan, so Xu Xiaoyan was particularly interested.

"Thank you for your praise, instructor Xu. However, I don't have much confidence in being the class monitor because I'm used to being lazy. I'm afraid I can't do anything for my fellow disciples. So, it's better to let someone with ability take the position of class monitor."

Lin Yi smiled faintly and cupped his fist to Xu Xiaoyan before rejecting the suggestion.

Chapter 6513 Let's Fight To Decide!

"Oh, really? That's really a pity. I've been looking forward to seeing you. But everyone has their own aspirations. Since you're not willing, I can't force you. "

Xu Xiaoyan seemed to be a little disappointed, but she quickly returned to normal. She smiled and nodded at Lin Yi, then turned to look at him. "Is there anyone who wants to run for class monitor? You may step forward. "

Lin Yi didn't want to be class monitor, but that didn't mean that others didn't want to be class monitor. Before Xu Xiaoyan could finish her words, yang Dian and Murong xuyan stepped forward at the same time. It was obvious that both of them wanted to be class monitors.

"Yang Dian, you're really shameless. You stole the first courtyard of the new student class, and now you want to steal the class monitor of the new student class. You're really ambitious!"

Xu Xiaoyan probably didn't like yang Dian very much, so there was a hint of sarcasm in her words. However, she always kept a smile on her face, so even if she ridiculed him, it wouldn't be annoying.

Yang diandu was just a little embarrassed, but he didn't have any resentment against Xu Xiaoyan. From this point of view, Xu Xiaoyan did have her unique charm.

"Instructor Xu, as a class monitor, shouldn't you be able to lead everyone in their cultivation and learning? Who else is more suitable for the position of class monitor than me? No matter what, I'm someone with a year's worth of experience, and I'm willing to help everyone. Under my leadership, my junior brothers and sisters will definitely be able to carry out teacher's teachings and make great progress every day. "

Yang Dian quickly adjusted his mood. While responding to Xu Xiaoyan, he began to declare that he would compete for the position of class monitor. Although he seemed to be boasting shamelessly, what he said did make some sense.

"That's right. It seems that you've made a good choice to be the class monitor. Murong xuyan, do you have anything to say?"

Xu Xiaoyan nodded slightly and turned to Murong xuyan. If yang Dian wasn't here and Lin Yi wasn't participating, Murong xuyan would be the best candidate.

"Instructor Xu, I have been under the influence of my father since I was a child, and I have a lot of experience in managing and coordinating teams. I may not have as much experience as senior brother yang Dian, but we are all freshmen, and freshmen should slowly learn and grow together. In comparison, my advantage seems to be more obvious. After all, under your guidance, experience in the school is not very important. I can coordinate everyone's learning and cooperate with the instructor's teaching. That's the most important aspect of a class monitor. "

Murong xuyan smiled gently and calmly finished what she wanted to say. At the end, she didn't forget to cup her fists to Xu Xiaoyan and all the students.

In terms of demeanor, Murong xuyan was indeed better than yang Dian. As he said, a young master who had been around the Lord of the Mountain realm since he was a child had a good temperament.

"Very well said. It seems that Murong xuyan is also very suitable to be the class monitor. This is a bit difficult. In this case, there's no need to say more. In this place, strength is respected, and whoever wins will be the class monitor!"

Xu Xiaoyan scratched her head and immediately decided on the method to select the class monitor.

The smile on Murong xuyan's face froze, and the corner of Lin Yi's mouth twitched. Fight? Didn't everyone vote for this?

If he knew this would happen, Murong xuyan wouldn't have come out to fight for it. After all, he didn't even fight for the first courtyard. Lin Yi, on the other hand, felt it was a pity that he didn't participate in the election. If he did, he could have a fight with yang Dian and vent his anger for yesterday's encounter on the street.

Lin Yi turned to look at Xue Peng. He was glad that the guy didn't run for class president, or it'd be a waste!

What he didn't know was that Xue Peng's mind was on how to deduct all his credits so that he could leave Feiyang college earlier. He wasn't in the mood to compete for class monitor. He wasn't afraid of not having enough credits.

He'd be expelled, but he'd still have the right to apply for Feiyang school in his second year-he'd be one year behind Lin Yi then, and he wouldn't have to worry about getting crushed.

"Instructor Xu, isn't the competition for class president decided by everyone's votes? Why do we have to compete to decide?"

Murong xuyan felt that her head was hurting a little. Since they wanted to decide through a competition, why did she let them say something about the competition declaration?

Wouldn't it be more efficient if everyone started fighting?

"Did I say that the class president is decided by voting? Most of those write-in students came from your Mountain region. If we vote, wouldn't the result be clear at a glance?"

Xu Xiaoyan pointed at Murong buqi and the other registered students with a smile, and Murong Feiyan blushed.

Indeed, if they were to vote, he had more than half of the votes, so there was no suspense to speak of.

"Murong xuyan, do you have any problems with the competition? Or did he think that he was no match for yang Dian, so he wanted to give up? If you're afraid, just say so. The teacher won't laugh at you. "

Xu Xiaoyan's taunting skills were absolutely first-class. Even if Murong Xinyan didn't want to fight with yang Dian at first, she had to do it now.

He had to admit that he was afraid of yang Dian in front of so many students? How would he survive in Feiyang college then? Did he still want to inherit his father's position as the domain lord?

Especially Xu Xiaoyan, this damn beautiful female mentor! She said she wouldn't laugh at him, but the smile on her face never disappeared. It was clearly full of ridicule! This was really intolerable!

"Teacher Xu, you're really good at joking. How can I, Murong yuanyan, be afraid? I didn't challenge the first courtyard because I respected senior brother yang Dian. This kind of respect once is enough. Now that it's such a coincidence that senior brother yang Dian and I both want to be the class monitor, let me take the opportunity to ask senior brother yang Dian for advice!"

Murong xuyan's attitude was very low, but her attitude was very tough, which was a response to Xu Xiaoyan.

"Hahaha, I've long heard of Murong xuyan's genius name. Since Junior Brother Murong wants to ask me for advice, as your senior brother, I naturally have to teach you. Come, let your senior brother, me, give you some good advice!"

Yang Dian laughed arrogantly and walked directly to the training area of the teaching hall.

"Very good, Murong xuyan, you didn't let me down. Go, do well, I have faith in you!"

Xu Xiaoyan clapped her hands with a smile, signaling Murong xuyan to follow.

Murong xuyan forced a smile. She didn't know why, but she felt like she had been tricked by this beautiful teacher.

After walking out of the martial arts stage, Murong xuanyan had already pushed all her thoughts out of her mind and entered a state of extreme concentration.

"Junior Brother Murong, don't be nervous. I'll hold back from you, so don't worry! Moreover, with instructor Xu watching from the side, you don't have to worry about your safety. "

Yang Dian, on the other hand, was as carefree as ever. Lin Yi thought that the guy was just trying to numb his opponent.

Chapter 6514 Flying Off The Martial Arts Stage

Including the previous verbal provocation, he was probably trying to provoke Murong Qianyan. This guy, yang Dian, didn't look down on Murong Qianyan as he appeared!

Unfortunately, Murong Qianyan didn't fall for it at all, and his words didn't have much effect. Of course, it was also possible that Murong Qianyan had been too agitated by Xu Xiaoyan, so she ignored yang Dian's provocation.

"Senior brother yang Dian, please!"

Murong Feiyan cupped her fists slightly and put on a serious posture.

They were only sparring from the same sect, so neither of them took out their weapons. Instead, they were prepared to fight with their bare hands. As for whether they would take out their weapons later on, that would depend on their performance later on.

"Junior Brother Murong, please go first. As a senior brother, I should let Junior Brother go first!"

Yang Dian waved his hand arrogantly, as if he didn't take Murong xuyan seriously at all.

In fact, if he really didn't take Murong xuyan seriously, he wouldn't have just let her make the first move. He would have let her make three or five moves.

"Since that's the case, I won't be polite!"

Murong Feiyan nodded, tapped her feet, and rushed directly to yang Dian.

Yang Dian chuckled, and his aura burst out. His aura was immediately revealed!

Although the two of them were both at the level of the great fulfilment, yang Dian was at the level of mountain-splitting with a thought, while Murong xuyan had just entered the great fulfilment. There was still a gap between them.

Murong Jinyan, who was about to rush to yang Dian, suddenly stopped. Using the tip of her left foot as an axis, she instantly turned her body and came to yang Dian's right side with a spin, punching at his neck!

If it hit, yang Dian would be seriously injured or even killed, and it was likely that he would lose his combat ability.

However, yang Dian wasn't so easily hit by Murong Qianyan. He didn't move, but his left hand turned into a claw and suddenly blocked his neck, easily clasping Murong Qianyan's fist.

"Woof! BOOM!"

The two's true Qi collided, producing a low Sonic Boom and causing a wave of aftershock.

"Junior Brother Murong, you're not strong enough. I'm afraid it's going to be difficult for you to win against me."

Yang Dian finished his words calmly. At the same time, he pulled Murong xuyan's fist back and used his right elbow to attack Murong xuyan's lower abdomen.

Once it hit, Murong xuanyan would probably suffer a huge loss.

Murong yuanyan didn't answer yang Dian. She pulled back her fist that was caught and kicked up with her knee at the same time, meeting yang Dian's elbow.

The fingers of the other hand were like knives, quickly cutting yang Dian's wrist and forcing him to let go of Murong Qianyan's fist.

The impact of the knee and elbow had a certain impact, and yang Dian didn't lock Murong Xinyan's fist with all his strength, so this quick exchange ended.

The two of them quickly separated and stood still again. Neither of them had gained any advantage.

"Junior Brother Murong, your martial arts are not bad. Continue!"

Yang Dian laughed and hooked his finger at Murong xuyan.

Murong xuyan didn't say anything. They didn't use any martial arts techniques just now. They were just using their genuine Qi and real fists to test each other.

They had basically figured out each other's basic strength at that moment of collision. In terms of the thickness of true energy, yang Dian was indeed better!

However, the outcome of a battle had never been decided by true energy alone. It was more about the exquisiteness of an individual's martial arts techniques.

Since yang Dian didn't intend to make the first move, Murong Qianyan didn't have to be polite. She tapped her foot and rushed toward yang Dian again.

And this time, he used a relatively ordinary martial technique in this mountain domain to impact the mountain piercing fist!

The name was a bit old-fashioned, and the power of the move was also very ordinary. The only advantage might be that the impact was strong enough, and it could drive the user to increase a small part of his speed. Most of the time, this move was not even used for attack, but to accelerate.

Yang Dian pursed his lips in disdain. Using the mountain piercing fist to deal with him was underestimating him. Such an ordinary move could not pose any threat to him at all.

In order to show how strong he was, yang Dian didn't Dodge. He also used the mountain piercing fist to meet Murong xuyan's fist!

Since his genuine Qi was an advantage, he had to make full use of it. Yang Dian definitely had the upper hand in a head-on fight with Murong Feiyan, so he had no scruples!

A smug smile appeared on Murong yuanyan's face. Knowing that yang Dian was slightly stronger than him, how could he be stupid enough to fight with him?

The mountain piercing fist was just a bait, and yang Dian used the same move against him as he had expected.

The two fists collided in the air without any fancy tricks. The moment they touched, Murong xuyan's entire arm had a wonderful fluctuation that dissolved all the power and then counterattacked!

This was an attack that combined the power of the two's true Qi, and it was also the best result he could achieve.

Star shift!

It was the ultimate martial technique of the mountain domain's domain Lord's family. One couldn't cultivate it unless they were at the xuansheng stage. Murong xuanyan had been delayed to enter the academy because she had cultivated the stellar transposition.

"Eh, this move is interesting!"

Lin Yi's eyes brightened. He was very interested in Murong xuanyan's move. Unfortunately, he didn't pay much attention to that move just now, so he didn't see the secret behind it.

Yang Dian was shocked. He really didn't expect Murong Feiyan to suddenly use such a move. However, the power of the mountain penetrating fist wasn't great. Even if he combined the true energy of the two people, it only made him a little flustered. It wasn't enough to make him fail.

Retreating and spinning along with the impact of the violent true energy, yang Dian didn't forget to counterattack while defusing Murong xuanyan's attack. Apart from his left leg that was used as support, his right leg directly shot up into the sky like a whip with unparalleled power.

Heaven-kicking leg!

It was a common martial skill that was widely spread, but its greatest advantage was that it had enough explosive power, enough speed, and an extremely strong suddenness. At this time, it was indeed the most suitable.

Sometimes, what was needed to determine the outcome of the battle was such a simple and practical martial technique. As long as the timing was right, it could complete the counterattack.

Yang Dian's move was indeed wonderful. He hadn't been able to resolve Murong Qianyan's attack, but his counterattack was beyond Murong Qianyan's expectations!

Therefore, the two of them were almost hit at the same time. The only difference was that yang Dian lost his center of gravity after spinning continuously on the martial arts stage and fell directly to the ground.

Murong yuanyan was caught off guard and was sent flying by the kick. Coincidentally, he was standing at the edge of the martial arts stage!

Although he did not suffer any injuries, he had already flown out of the martial arts stage when he landed on the ground again.

Chapter 6515 Can't Even Be Vice Class Monitor

Leaving the range of the martial arts stage and landing on the ground, he was defeated!

After landing on the ground, Murong yuanyan was still in a daze. He clearly had the advantage, but he was the one who had lost the competition in an instant. He couldn't accept this.

"Aiya, what a pity, Murong xuanyan actually lost!"

Shangguan LAN 'er sighed. Because she didn't like yang Dian, she would naturally support Murong xuyan.

"Murong Feiyan has too little combat experience, so yang Dian seized the opportunity. There's nothing we can do about it. After all, yang Dian is much more experienced, and his strength is indeed slightly stronger than Murong yuanyan 's. "

Lin Yi smiled faintly as he made his honest comment.

In fact, Murong Feiyan's family secret art had already given him an advantage. If it wasn't a competition but a fight, Murong Feiyan might have a chance to win.

Unfortunately, a competition was still a competition. A small mistake had already decided the outcome.

"Murong xuyan, you played pretty well, but there's still a lot of room for improvement. Work hard in the future and take back the position of class monitor next time!"

Xu Xiaoyan didn't turn on her taunting mode this time. She even comforted Murong xuyan warmly.

"Thank you, instructor Xu. Congratulations to senior brother yang Dian for becoming the class monitor."

Murong yuanyan came back to her senses. Although she was still a little unwilling in her heart, she had regained her calm on the surface and even congratulated yang Dian with grace.

"Hahahaha, Junior Brother Murong, don't be discouraged. You've already done very well, but there's nothing you can do about it. Work hard, and when I leave your class, you'll be the class monitor!"

Yang Dian was still very arrogant. Murong Jinyan snorted in her heart, but she didn't say anything. There was a limit to being gentlemanly.

She would be humiliating herself if she continued to talk to yang Dian, so Murong xuanyan turned around and went back to the Middle of the team.

"Alright, now that the class monitor has been selected, let's decide the Vice class monitor!"

Xu Xiaoyan didn't pay attention to yang Dian and casually brought the topic back to the Vice class monitor.

"Instructor Xu, is there any problem with me being the Vice class monitor?"

Murong xuyan, who had just returned to the team, immediately looked up and asked. There was no class monitor, but the Vice class monitor was not bad either. Anyway, he could have special privileges, resources, credits, and take care of his own people. This time, he must get it!

"You're going to be the Vice class monitor? It's not a big problem, but it's not something you can decide."
"

Xu Xiaoyan was still smiling like a flower, but the words she said made Murong yuanyan's heart sink. She began to have a bad feeling.

"Instructor Xu, are we still going to have a competition? No problem, whoever wants to compete for the position of vice class monitor can compete with me. How about I go on the martial arts stage first and wait for everyone to challenge me?"

Murong xuyan was determined to win the position of vice class monitor. She had already fought with yang Dian once, so it didn't matter if she fought a few more times!

From Murong xuyan's point of view, other than the mysterious Lin Yi, there wasn't anyone in this batch that he needed to be wary of.

Lin Yi, on the other hand, didn't even want to be class president, so there was no way he'd fight for Vice-President. Accepting the challenge should be a sure thing.

Seeing Murong Feiyan's high-spirited and disdainful look, Xu Xiaoyan was embarrassed to interrupt his momentum of fighting if he was not convinced.

"Well, Murong xuyan, the Vice class monitor wasn't selected through competition, so there's no need to put on a martial arts stage."

Seeing that Murong xuyan was about to go on stage, Xu Xiaoyan could only smile and stop him.

"Not a competition? Could it be that they were chosen by voting?"

Murong yuanyan was overjoyed. If that was the case, then it was even more certain! But what was with this bad premonition?

Murong xuyan felt that things weren't that simple. But if it wasn't a self-recommendation, a competition, or a vote, how could they choose the Vice class monitor?

Murong xuyan would immediately know how to choose ...

"It's not a vote, because the Vice class monitor's main task is to cooperate with the class monitor. To a certain extent, he's the assistant of the class monitor, so the Vice class monitor is decided by the class monitor! Once the class monitor is replaced, the Vice class monitor will be replaced as well. Of course, if the new class monitor wishes to keep the Vice class monitor, that's fine too. "

Xu Xiaoyan smiled apologetically at Murong xuyan and explained the rules to him.

The corners of Murong xuyan's mouth twitched. Yang Dian is going to decide on the Vice class monitor? It would be strange if it was his turn!

Looking at that guy's lecherous look, it was obvious that the Vice class monitor he chose must be a beautiful woman, and the most likely one was Shangguan LAN 'er!

At this moment, Murong xuanyan felt really tired. She just wanted to earn more academic credits. Did she have to do this? He didn't even give her a chance!

"Hahahaha, Junior Brother Murong, don't be disappointed. When you become the class monitor, you can choose the Vice class monitor. I'm sorry, but this is my right now. Although I really want to choose you to help, I think Junior Sister LAN 'er is more suitable. I'm sorry!"

Yang Dian walked to Murong xuyan's side with a smug look on his face. This was the show-off of the winner! Murong xuanyan couldn't refute it at all!

Who asked him to lose to this yang Dian in the competition? He wanted the position of vice class monitor, but the other party wanted to give it to a beautiful woman. What could he do?

Hurry up and find his sister Murong Fei Fei? PEI, PEI, PEI, what are you thinking? His sister, Murong Feifei, was here. He couldn't let her come into contact with yang Dian, this bastard. Wasn't this sending a sheep into the Tiger's mouth?

"Shangguan LAN 'er, yang Dian has chosen you as the Vice-class monitor of the new class. Are you willing to accept it?"

Xu Xiaoyan looked at Shangguan LAN 'er with a smile. Some people say that beautiful women don't like other beautiful women, but Xu Xiaoyan thought that Shangguan LAN' er was very cute. Moreover, she was Zhang jinmiao's disciple, so she was very friendly to Shangguan LAN 'er.

"Don 't! I'm not the Vice class monitor, why should I cooperate with him? Hmph!"

Shangguan LAN 'er simply, directly, and decisively refused yang Dian's invitation to be the Vice class monitor!

What a joke! It was just a mere vice-chairman. If Lin Yi were the chairman, she'd ask to be one without a second thought. It's better to go somewhere cool.

"Junior Sister LAN 'er, don't worry. I won't ask you to cooperate with me if you're the Vice class monitor. I'll cooperate with you and do whatever you say. What do you think?"

Yang Dian would not give up just because of Shangguan LAN 'er's words. He immediately stepped forward and made a concession with a smile.

"Yang Dian, isn't it inappropriate for you to be the class monitor like this? I think you're not as suitable as the class monitor as Murong xuyan!"

Lin Yi smiled faintly, almost asking yang Dian to step down.

Chapter 6516 Are We Close?

"Instructor Xu, I also think that senior brother yang Dian is treating the class monitor as a child's play. It's too unconvincing for such a person to be our class monitor, so I request that we re-elect the class monitor."

Since Murong xuyan had already lost face, she might as well go along with Lin Yi's words and start over.

"Don't make a fuss. Do you think choosing the class monitor is child's play?"

Xu Xiaoyan waved her hand and glared at Lin Yi and Murong xuyan. However, this kind of smile was more like an encouragement and had no deterrent force at all!

After glaring at him, Xu Xiaoyan turned to look at yang Dian."Yang Dian, you should think before you speak. Since you are the class monitor, you can't talk nonsense as you please! I won't hold it against you this time since it's your first offense, but if you do it again, I'll really have to re-elect a class monitor. "

"Ah? Instructor Xu, I didn't even say anything. Why are you listening to the words of those defeated generals?"

Yang Dian complained loudly, but he immediately admitted defeat under Xu Xiaoyan's smiling gaze."Okay, instructor Xu. I'll listen to you. What about the Vice class monitor?"

"Shangguan LAN 'er, it's actually very beneficial for you to be the Vice class monitor. Your master, Deputy Dean Zhang, told me that you're still weak and need to focus on building a foundation. You'll be in short supply of cultivation resources and so on. If you can be the Vice class monitor, you'll have a lot of advantages in this aspect!"

"If Vice President Zhang knew about this, he would definitely make you the Vice class monitor. Besides, if you're not happy after becoming the Vice class monitor, you can always resign. Why don't you try it now?"

Xu Xiaoyan ignored yang Dian and tried to persuade Shangguan LAN 'er with a friendly smile.

Xu Xiaoyan wasn't speaking up for yang Dian, but she was really thinking for Shangguan LAN 'er. In fact, Xu Xiaoyan's initial plan was for Lin Yi to win the class monitor position, and then Shangguan LAN 'er would naturally become the Vice class monitor.

According to Zhang jinmiao, if Lin Yi wanted to fight for the class monitor position, yang Dian wouldn't be able to win. The only thing to worry about was that Lin Yi might not want to fight for the class monitor position!

It was just as Zhang jinchen had expected-Lin Yi wasn't the least bit interested in being a class president.

Xu Xiaoyan and Lin Yi weren't close, and Lin Yi didn't want to fight for her, so Xu Xiaoyan couldn't say anything. However, Zhang jinmiao had specifically asked her to take care of Shangguan LAN 'er, so Xu Xiaoyan naturally wanted her to accept the position of vice class monitor since yang Dian liked her.

In any case, this could be considered as completing half of the original plan. At least he could give Zhang jinmiao an explanation.

After hearing Xu Xiaoyan's words, Shangguan LAN 'er suddenly hesitated, not for the resources and credits, but because Xu Xiaoyan's words that Deputy Dean Zhang also hoped so touched her.

At the end of the day, Shangguan LAN 'er was still a sensible girl. Her master, Zhang jinmiao, was so good to her. When there was a chance, she naturally did not want to disappoint her master.

Seeing Shangguan LAN 'er turn to look at him, Lin Yi smiled and nodded. Xu Xiaoyan was right, Shangguan LAN' er really needed more resources and privileges to improve herself at this stage.

This wasn't just a simple increase in strength. It was also a way to unearth more potential from the current level. There was nothing bad about being the Vice class monitor and getting more resources.

As for yang Dian, Lin Yi would just ignore him. If he kept on pestering Lin Yi, he'd let him know that staying in the new class for a year didn't mean that he'd be the king of the class. There was a chance that he'd be beaten up!

"Alright, then I'll be the Vice-President."

With Lin Yi's approval, Shangguan LAN 'er finally made up her mind and agreed to be the vice-chairman, "But I have a condition, and that is, I won't listen to yang Dian's orders. I will make my own decisions. If I make a mistake, I will take responsibility. In short, tell yang Dian to stay away from me."

"Ah?"

Yang Dian was happy that Shangguan LAN 'er had agreed, but he didn't expect such a thing to happen!

He wanted Shangguan LAN 'er to be the Vice class monitor so that he could have more contact with her. If he did not have this convenience, wouldn't his efforts be in vain?

"Alright, then it's settled!"

Xu Xiaoyan didn't care about yang Dian's mood at all and happily made an agreement with Shangguan LAN 'er!

This time, it was yang Dian's turn to be depressed. Why did he feel like he had dug a hole for himself? after choosing Shangguan LAN 'er as the Deputy class monitor, it seemed that he had become dispensable as the class monitor?

Murong xuyan finally felt a little better. He was secretly happy to see yang Dian in a bad mood. Next time, he would definitely take back the position of class monitor and piss off yang Dian!

"I'm sorry, mentor. Freshman Murong Fei Fei reporting for duty!"

As soon as the class monitor and vice class monitor's matter came to an end, a young girl rushed in from the door.

Xu Xiaoyan and Lin Yi, with their powerful spirit sense, naturally noticed it long ago, but no one would mention it first. It wouldn't be too late to talk about it after the people came in.

"Younger sister!"

Murong Feiyan was overjoyed when she saw the girl. He had just sent a message back yesterday, telling his father that Feiyang college had extra slots and could accept Murong Feifei. If his sister was willing, she could come to Feiyang college.

However, Murong Feiyan didn't have much hope. After all, Murong Feifei could have entered Feiyang college. She gave up the place because she was angry with him. Now that there was one more place, she might not come to Feiyang college. She didn't expect that she would come as soon as class started today.

Seeing Murong Feiyan running over excitedly, Murong Feifei turned her head and her ponytail swung in front of her. She didn't even bother to look at her brother who was running over and said coldly, "Who are you? Are we close?"

"Aren't we close?"

Murong xuyan was dumbfounded. The two of them had been together since they were born. If they weren't close, did they have to put them in a pot to cook together? Do you need to add some salt and sprinkle some scallions or something?

"Tsk, I don't know him! Don't act like we're very familiar with each other, such an old-fashioned way of hitting on people is really embarrassing!"

Murong Feifei sneered arrogantly, then turned her head and walked towards Xu Xiaoyan, leaving Murong Feiyan with her ponytail swaying back and forth.

Murong xuyan really wanted to kill herself. It was nothing to suffer so much just now, but her own sister said that she was not familiar with her and even tried to hit on her? Who was he going to reason with? What a misfortune for the family!

Lin Yi and Shangguan LAN 'er, on the other hand, were very happy to see this. The dragon and phoenix twins had almost the same facial features, but because of the different temperament and gender, they became two completely different people!

One was handsome while the other was beautiful, but Lin Yi felt that if Murong Feifei were to dress up as a man, she would look exactly like her brother.

Chapter 6517 Stay Away From Me!

As for what would happen if Murong xuyan dressed up as a woman?

Well, that scene was too beautiful to think about, forget it ... The Eagle girl might be talking about him!

"Teacher, I'm Murong Fei Fei. I just received the admission Notice yesterday. I'm sorry for being late today."

Although Xu Xiaoyan was as young and beautiful as Shangguan LAN 'er, Murong Feifei's eyes were obviously very good. She didn't recognize the wrong person. She walked over and bowed, admitting her mistake first.

"Murong Fei Fei, I know, but I didn't expect you to come so quickly. I thought you would only be here tomorrow or the day after. Not bad, not bad. You're much better than that person who randomly hit on you!"

Xu Xiaoyan patted Murong Feifei with a smile and didn't forget to stab Murong Feiyan in the back.

Murong yuanyan was so embarrassed that she wanted to die. Who the hell did she offend? He could almost foresee that the story of his brother being rejected ruthlessly by his sister would spread in the Feiyang college for many years ... Many, many years ...

"Junior Sister Murong, I'm the class monitor of the new student class, yang Dian. In the future, if you have anything you don't understand or have difficulties with, you can come to find your senior brother yang at any time. Your senior brother yang is hot-blooded and full of enthusiasm, and he likes to help others the most! I'm your senior brother and the class monitor. No matter what it is, you should look for me!"

Yang Dian had just been defeated by Shangguan LAN 'er. Suddenly, he saw another little beauty and was immediately moved. Although he had not completely given up on Shangguan LAN' er, it was always good to have one more choice.

Moreover, these two girls were both impressive figures. One was Deputy Dean Zhang's direct disciple, and the other was the daughter of the mountain region's domain lord. Whoever he married would reach the peak of his life!

"Senior brother yang, you're really a good person. Do you know What I Like About You the most?"

Murong Fei Fei didn't seem to have any ill feelings towards yang Dian at all. She had a bright smile on her pretty face, and her words almost melted yang Dian's heart.

For a moment, yang Dian even felt that it was the right choice to give up Shangguan LAN 'er and pursue Murong Feifei. However, he immediately decided that it was more suitable for a genius like him to be pursued by both of them!

"Junior Sister Yingluo, your senior brother Dian has too many good points. I really don't know which one you like the most about him. Why don't you tell me, and we can carry forward this good point together in the future!"

Yang Dian revealed a smile that he thought was the most handsome and charming, waiting to hear Murong Fei Fei praise him.

Such an innocent little girl was the easiest to deceive. It seemed that with a little more effort, he would be able to win over Murong Fei Fei!

Looking at Murong Feiyan's bright and beautiful face and listening to the crisp voice coming out of her red mouth, yang Dian continued to smile and nod elegantly in agreement. Then he saw that the people

around him had begun to hold back their laughter, and even their faces were about to turn red. Only then did he feel that something was wrong.

What did Murong Fei Fei say just now? Think carefully!

Because he had been immersed in his own world, yang Dian didn't pay much attention to Murong Feifei's words. However, after thinking carefully, he still remembered.

"I like it the most when you stay away from me, senior brother yang Dian! So please do me a favor, senior brother yang Dian. Let me like you more and please stay away from me. Also, we must work hard together to carry forward this merit!"

These were the most hurtful words that Murong Fei Fei said with her most beautiful smile. Even someone as thick-skinned as yang Dian was completely dumbfounded after understanding the meaning behind it!

Although these words sounded a little roundabout, he was not a fool. After thinking for a moment, he suddenly felt ashamed and angry.

Yang Dian's elegant smile was completely frozen on his face. Murong Feifei didn't say much, but every word was like a knife, deeply stabbing into yang Dian's heart!

The most sullen thing was that he was the one who gave these knives to Murong Fei Fei!

"Your senior brother Dian has too many good points. I really don't know what you like most about him ..." This was what he said!

"I like it the most when you stay away from me, senior brother yang Dian!" This was what she said!

"Your senior brother yang is hot-blooded and full of enthusiasm. He likes to help others the most ..."
This was what he said!

"So, please do me a favor, senior brother yang Dian. Let me like you more and please stay away from me ..."
This was what she said!

"Let's carry forward this merit together!" This was what he said!

"...There's also this advantage. We must work hard together to bring it to greater heights!" This was what she said!

Yang Dian suddenly felt that it wasn't a good choice for him to stay in the new student class. It was only the first day, why did he feel so tired? What's wrong with the new students these days? Why was he so scheming?

Murong xuanyan, who was extremely depressed just now, had completely forgotten that he had just been taken advantage of by his sister. Anyway, when he saw yang Dian's expression, he laughed so hard that he hurt himself!

With such a sister ... Putting aside the problem of not being able to hit on her just now ... At least for now, he was still very proud!

Murong Fei Fei raised her hands to her shoulders, her palms facing her and the back of her hands facing yang Dian. Then, her two slender and white palms flicked outward a few times, indicating that yang Dian could start helping and quickly stay away from her.

Another critical hit caused 10000 damage. Yang Dian wanted to say something, but he found that he had nothing to say, so he could only turn and leave.

"Murong Fei Fei, well done!"

Shangguan LAN 'er ran up to Murong Jinyan and gave her a thumbs up. The performance just now was so wonderful that Shangguan LAN' er even took the initiative to come over and praise her.

Shangguan LAN 'er had long disliked yang Dian. This time, she had hit a big nail on Murong Fei Fei's head, which was naturally something she liked to hear and see. She also had a very good impression of Murong Fei Fei, who she had just met for the first time. She felt that this was a girl who could be friends.

"And you are?"

When Murong Fei Fei saw Shangguan LAN 'er, her eyes also lit up. This girl was born with a kind of affinity, so very few people would dislike her the first time they saw her, and Murong Fei Fei was no exception.

Whether it was Murong Feiyan or yang Dian, Murong Feifei showed no mercy. But in front of Shangguan LAN 'er, she showed a sincere smile. After all, girls were naturally easy to get close to.

"Oh, I'm sorry I forgot to introduce myself. My name is Shangguan LAN 'er, and I'm also a new student. It's a pleasure to meet you!"

Shangguan LAN 'er stuck out her little tongue. It was very impolite to greet someone without introducing herself. She had already felt that the old man in the Taoist robe was impolite when she met him on the street. She did not expect that she would make the same mistake now.

Chapter 6518 Academic Credits And Mission Points

"Hello Shangguan LAN 'er, I'm Murong Fei Fei. I'm glad to meet you. There aren't many girls among the new students this time. I hope we can be friends."

Murong Fei Fei also greeted Shangguan LAN 'er graciously. The temperament of the two was somewhat similar in some aspects, so it seemed to be a matter of course for them to become friends.

"Aren't we already friends? I've wanted to tell that guy to stay away from me for a long time! When we're together in the future, when he's further away from you, he'll also be further away from me. "

Shangguan LAN 'er covered her mouth and laughed secretly. Thinking of Murong Fei Fei's words just now, her laughing point was hit again.

"Hahaha, you also think that guy is a little annoying, right? He's really an annoying fellow. Don't worry, if he dares to come near us in the future, we'll kill him!"

Murong Fei Fei laughed and started to plan how to continue to mess with yang Dian.

Poor yang Dian. He's just a Fair Lady and a gentleman's favorite. Why is he so unpopular?

"Yingluo, well done!"

Murong yuanyan saw that her sister was in a good mood, so she came over again, trying to ease the relationship between the two.

"Who are you? Are we close?"

Murong Fei Fei turned around and looked at her brother with a blank face.

"I'm not familiar ..."

Murong xuyan's mouth twitched. She turned around and left. He didn't want to repeat the tragedy that had just happened, or else he would become a cutlery!

"What's going on between you and your brother? Did he offend you?"

Shangguan LAN 'er covered her mouth and laughed again, then directly asked Murong Fei Fei, without any scruples at all.

The two of them had just met, but they already felt like old friends at first sight, as if they had been best friends for many years. It was indeed difficult to understand the interactions between people.

"Ignore him. He doesn't even know what he did wrong. When we have time, let's teach him a lesson together, okay?"

Murong Fei Fei really didn't treat Shangguan LAN 'er as an outsider, so the two of them started to discuss how to tease Murong Fei Yan.

Poor Murong xuyan, she was sold out by her twin sister ...

However, Shangguan LAN 'er didn't take it seriously. She could see that the relationship between the two siblings was very deep. Now, it was just Murong Feiyan throwing a little tantrum. The fact that Murong Feiyan, the older brother, was so tolerant was enough to show the feelings between the two.

The two little girls who had just met were chattering non-stop as if there was no one else around. They seemed to be regretting not meeting each other earlier. Xu Xiaoyan didn't care about them. Looking at her appearance, if it wasn't for her identity as a mentor, she might have joined in and chatted to her heart's content!

"Let's continue. The class monitor and vice class monitor have been confirmed. Now, let's talk about the credits. Besides the new class, there are other classes in Feiyang college!"

"The new students will have at most a year's time, and they'll decide which class you'll enter based on the number of credits you've earned. For example, the normal class, the intermediate class, the advanced class, and so on. You don't have to worry about this for now, you'll find out when the time comes! All you need to know now is that the credits are very important to you. "

Xu Xiaoyan was still smiling as she explained the importance of credits to everyone.

"Then how do I get credits? It was very simple. If you passed the test, you would get credits. Being the class monitor and vice class monitor would also get credits! "For example, the class monitor will receive two credits every month, and the Vice class monitor will receive one credit as a reward. If you want to be the class monitor, you'll have one chance to challenge the class monitor every month. Make good use of it!"

When Xu Xiaoyan said this, her eyes glanced at Murong xuyan and Lin Yi.

Murong xuyan didn't even want to admit her loss, and although Lin Yi wasn't interested in being class president before, Xu Xiaoyan's sharp senses noticed that Lin Yi was a little more interested when he heard that he needed to compete to be class president!

Perhaps it was because he could beat up yang Dian?

Of course, this was just Xu Xiaoyan's guess, but if Lin Yi was really willing to participate in the competition, she was very happy to see it.

"There are other ways to obtain academic credits. For example, by completing various missions issued by the Academy, not only can you obtain academic credits, you can also obtain mission points. These two types of points are very useful!"

"The amount of academic credits you have determines what grade of cultivation room you can use. As new students, of course, you'll be given the lowest grade of cultivation room!"

"However, after one's credit is high enough, even the new student class can use the high-grade cultivation rooms! And to use the cultivation room, you don't need spiritual Jade, you need task points!"

When Xu Xiaoyan said this, she stretched out a finger and emphasized her tone. It was obviously a very important piece of information and she asked everyone to pay attention to it.

"The credits are related to the level of cultivation room you can borrow, and the mission points are related to whether you can use this cultivation room. Is that what you mean, instructor Xu? I wonder what kind of training can be done in the training room?"

Lin Yi asked, interested in the training room.

Lin Yi was currently in the realm of mountain-splitting with a thought, but he didn't want to enter that realm yet before he dug out all of his potential.

After his cultivation in the secret realm, he paid a lot of attention to this information. If the cultivation room was similar to the secret realm, then this trip to the mystic Sea area was really not in vain!

"You understand it very well. I'll talk about the cultivation room later, so you don't have to be anxious. Just be patient and listen to me."

Xu Xiaoyan was still polite to Lin Yi. She smiled and nodded at him before continuing.

"As for the new student class, most of the missions are within the Academy. If there are any outside missions, there will definitely be a teacher leading the team. In other words, during the new student period, you can't leave the Academy on your own!"

"After a year, you can only go out to a limited extent. Of course, if you advance to the mountain-opening stage, it will be completely different! "In theory, you can graduate directly during the mountain-opening stage, but I advise you not to say that so easily. There are classes during the mountain-opening stage, and you can continue to study in the Academy. Although it's not bad to travel outside, it's best for those who are not strong enough to obediently stay in the Academy."

Xu Xiaoyan looked around with a faint smile, as if she was saying that you are those who are in the mountain-opening stage, but still lack strength!

"Of course, these are all matters for the future. Anyway, after you reach the mountain opening period, you can come and go freely without any restrictions. You just need to know this!"

"After completing all kinds of missions, you can get mission points. Other than being able to exchange for cultivation time in the cultivation room, the mission points have other uses!"

"To put it simply, within the Academy, mission points are the currency. Whether it's martial arts techniques, cultivation methods, medicinal pills, or weapons, as long as you have enough mission points and have enough academic credits, you can exchange for anything you want."

Xu Xiaoyan's last sentence was the main point. It meant that if your credits were not high enough, some things would not be open to you at all, so it was useless no matter how many mission points you had.

Chapter 6519 The Cultivation Of The Divine Sense (1)

"Let's talk about the cultivation room. The most precious cultivation room in the Academy is the consciousness cultivation room! You should all know the importance of consciousness in battle, it doesn't matter if you don't know, I'll continue to talk about it later. Anyway, the mission points for the consciousness cultivation room are the most expensive. "

"So I suggest that if you want to go to the consciousness cultivation room to cultivate, it's best to invite a member of the opposite sex to go with you. It has been proven that when a man and a woman cultivate their consciousness together, it will have twice the effect with half the effort!"

"In the same unit of time, when one person cultivates compared to when a male and female pair cultivates, the increase in spiritual awareness is about one to two. Some talented students will have an even higher ratio. This one to two is the most common data."

Other people might not think much of Xu Xiaoyan's words, but Lin Yi was moved.

Lin Yi knew how hard it was to train the spiritual sense!

Don't look at how his spiritual sense was quite strong now, only he knew how painful it was when he tempered it.

It wasn't impossible for Lin Yi's spirit sense to collapse and he'd become an idiot if he wasn't careful. Luckily, he had the guidance of the ghost along the way, and he had a strong personality, which was why he was where he was now.

What was Xu Xiaoyan saying now? Cultivating in the spirit sense cultivation room without any risk, as long as the man and woman worked together, the speed could double? There was really no way to compare people!

It was also fortunate that although the mystic-class Sea area valued the spiritual sense, the starting time was only a little earlier than the yellow-class Sea area and other big islands, from the mountain opening stage to the xuansheng stage.

If she was the same as Lin Yi, then the mystic division Sea area would probably be filled with Masters with the same level of consciousness and body. Lin Yi basically wouldn't have any advantage.

"In addition to the spiritual sense cultivation room, there are also ordinary cultivation rooms. The rent of these cultivation rooms is much less than the spiritual sense cultivation rooms of the same level. In the future, you can study it by yourself. I will not introduce it in detail."

Xu Xiaoyan paused for a moment, as if she was considering what to say next.

Taking advantage of this opportunity, some students had begun to look at Shangguan LAN 'er, Murong Fei Fei and a few other female students eagerly. In the future, when they want to cultivate their spiritual awareness, they could only count on them!

There were too many monks and too little gruel, so how to be one step ahead was very important!

No wonder that bastard yang Dian had long wanted to hit on Shangguan LAN 'er and wanted to find Murong Feifei after she came. It turned out that there was another reason!

In terms of talent, Shangguan LAN 'er and Murong Fei Fei were indeed the most talented. Perhaps their partner's talent would also be an important reference for the cultivation of spiritual awareness. Therefore, yang Dian did not show much interest in other ordinary female students.

In fact, everyone had really misunderstood yang Dian. The cultivation of spiritual awareness was just something he did in passing. He really liked the two little beauties and wanted to reach the peak of his life ...

"Interesting. If I had known earlier, I would've fought for the position of class monitor. At least I would've gotten two more credits, and I would've been able to rent a better consciousness cultivation room in the future. Now I can only wait for the next challenge opportunity."

Lin Yi rubbed his chin and started thinking about how he could get more credits and mission points as soon as possible. "It seems like I can only accept more missions! I just don't know how this mission is completed. I'll go back and ask around. "

"Oh, right, I forgot to mention this. The class monitor and vice class monitor have special privileges. Every month, in addition to the extra points, the class monitor and vice class monitor can use the spiritual sense cultivation room corresponding to their own points once for free, and each use time is twelve hours! This is the stipulated time for the cultivation of the spirit sense. You can't exceed it, otherwise it will affect your body. "

"Other than a free chance, you can get a discount on your daily rent. You get a 10% discount for class monitors and a 5% discount for vice class monitors. As new students, this discount might not be much, but if you have high academic credits, you can still save a lot of mission points."

Xu Xiaoyan glanced at Lin Yi with a smile, as if saying that he regretted it now. Now that you know what the benefits are, you're tempted, right?

Lin Yi was really moved! Therefore, he made up his mind to fight for the position of class monitor next month, and then try to earn as many mission points as possible to use for cultivation.

At this time, Murong yuanyan and the others all looked at yang Dian with hatred. This guy was really too hateful. He was obviously a senior student, but he came to the new student class to snatch resources. Not only did he occupy the best courtyard, but he also snatched the class monitor.

No wonder this guy wanted to be the class monitor. He knew that there would be such benefits. How shameless!

After understanding this, everyone subconsciously began to share the same enemy and lost all respect and affection for yang Dian.

Unfortunately, this guy didn't notice this and was still thinking about how to pursue the two little beauties.

As for the previous setbacks, they were nothing. Don't you know what it means to be braver in the face of adversity?

"That's all for the simple introduction of the Academy. Next, we'll start the first class for the new students!"

Xu Xiaoyan clapped her hands and motioned for everyone to find a futon to sit down. She was ready to start the class.

After everyone was seated, Xu Xiaoyan walked back and forth twice. It was unknown if she wanted to say something or how to say it. Anyway, she looked beautiful even when she didn't speak.

Everyone was not in a hurry to listen to the class. It was also very pleasing to the eye to look at beautiful women like this.

"Today, let's talk about the importance of the divine sense! Although everyone already has a certain level of understanding, I guess you've only grasped the surface. In order for your cultivation to proceed smoothly in the future, I need to first spend some time to let you all have a general idea. "

After walking two rounds, Xu Xiaoyan finally stood still with her signature smile on her face. She chose the divine sense as the starting point for the first lesson.

"In some areas of sky-class islands, spirit sense isn't very important. In the Golden-class seas and other big islands, most practitioners only start to cultivate spirit sense when they're just starting their mountain!"

"And in these places, the period of mountain-opening is already considered the top level. So, it can be said that most of them will never have the opportunity to understand and experience the power of the consciousness in their entire lives. This is actually a very unfortunate thing."

"The use of the consciousness has existed since ancient times, but because of an almost forgotten incident on Sky Class Island, the inheritance of the consciousness was extremely incomplete. It's not that they don't want to cultivate the consciousness in other places, but in those areas, the incomplete methods of cultivating the consciousness could only be started during the mountain-opening stage!"

"Our Mystic-class Sea region is slightly better. We've obtained a spiritual sense cultivation technique that can be cultivated from the xuansheng stage. However, it's still incomplete. If it was the complete version, perhaps you could already start cultivating in this area before entering the heavenly Dao realm."

Chapter 6520 The Cultivation Of The Divine Sense (2)

"This is just a speculation and has not been confirmed. Everyone only needs to know a little bit. Now, let's talk about the use of the spiritual awareness!"

"The simplest way is to assist and fight. The divine sense can be used to probe, observe, and other auxiliary uses. There are also ways to directly use it in battle. Other than that, it can nourish the primordial spirit!"

"Many people often mix up the primordial spirit and the divine sense, thinking that they are the same thing. I can tell you very clearly here that this is not the case! The primordial spirit is a person's soul, or

perhaps it should be said that it is formed from the soul, while the divine sense is an extension of the primordial spirit. The divine sense can be consumed, but the primordial spirit can not be damaged. "

"If the primordial spirit is strong, the consciousness will naturally be strong. If the consciousness is strong, it will be able to nourish the primordial spirit and form a positive cycle! When your soul is strong enough, even if your body is destroyed, your soul can still exist on its own and wait for a suitable body to possess!"

"Of course, I won't recommend you to do something that goes against the heavens. I'm only telling you a possibility. In the future, when you encounter an existence in the primordial spirit state, you must be careful, in case you get possessed by others!"

Xu Xiaoyan smiled sweetly, and Lin Yi sighed. He still had a soul here, and he himself had been in this state for a long time, so he knew it well.

"Instructor Xu, does possession really happen on Sky Class Island? Just how powerful would one's primordial spirit have to be to do that? Although there have been some rumors about the use of the divine sense, I've never actually seen it in action. I wonder if you can demonstrate it for us, instructor Xu?"

Some students didn't really believe what Xu Xiaoyan said. Not only did they ask questions, but they also wanted to see the actual combat.

With someone taking the lead, a few other students also echoed with a few words. It was nothing more than expressing their doubts about the divine sense and primordial spirit that they didn't understand. At the same time, they wanted to see how Xu Xiaoyan would display her primordial spirit skills.

"I haven't seen anything like possession for the time being. I've only heard of such rumors. As for how powerful the soul is, I'm not very sure. In any case, my current soul shouldn't be able to do this. It's not impossible for everyone to see a demonstration. I'll show you how to use the consciousness."

Xu Xiaoyan smiled and shook her head. She didn't refuse everyone's request.

Lin Yi could feel that Xu Xiaoyan's spirit sense was slowly extending out, covering the entire teaching hall!

The strength of her spiritual awareness was not bad. It had already reached the level of the peak of the middle stage of the original level. Although the level of her spiritual awareness was still far from that of her physical body, it was already quite good here.

However, Lin Yi's spirit sense was stronger than hers. He was a Trinity and was balanced in all aspects. He didn't have any shortcomings.

"There's a Spider weaving a web on the beam over there. Someone go clean it up. We can't make our teaching hall so dirty."

Xu Xiaoyan pointed at a beam in the corner of the teaching hall and looked at the crowd with a smile.

The student who said he wanted to see the demonstration immediately jumped onto the beam and looked up. There was indeed a small spider weaving a web. If one were to look at it from below, one would definitely not be able to see this blind spot.

"There really is! Was this the attribute of divine sense detection with no blind spots? It's really powerful. This kind of auxiliary ability in battle can increase the combat power by a lot!"

The student cleaned up the spider web and jumped down excitedly to show it to everyone.

"It's not just a support. The strength of the soul consciousness can also form a certain combat ability. Everyone can feel my soul consciousness attack method. "

After Xu Xiaoyan finished speaking, she directly launched a spiritual awareness attack skill.

The students here had almost zero spiritual sense defense. Under the simple attack of Xu Xiaoyan's spiritual sense, they all fell into a short dizziness.

Although some people had spiritual sense defense tools, in order to be able to safely experience the spiritual sense attack, they took the initiative to stop using these tools.

"How is it? This is the simplest spiritual sense attack. If you can hit the enemy in battle, at least you can use your offensive martial skill to hit the enemy, which is an extremely advantageous situation. "

Xu Xiaoyan waited for everyone to recover before she continued to speak with a smile.

Lin Yi was quite interested in this—a spiritual sense attack was simple, but it could be very useful sometimes!

If used well, it might not be much worse than the soul-hooking hand, the spiritual awareness Whirlpool, and so on, because in different situations, each of them could play different roles.

It seemed like there were quite a few spirit sense inheritances in the school—Lin Yi was interested in learning them, no matter how profound they were. They'd greatly enrich his battle skills and increase his combat strength.

"Can you all feel the power of your divine sense? Everyone, cultivate well, this will greatly improve your fighting strength. After the mountain opening period, spiritual awareness will become one of the main means of fighting!"

"Even if you don't have this kind of skill, you must have a strong primordial spirit, otherwise it will be difficult to resist the opponent's spiritual attack. You may say that you have a spiritual awareness defensive tool, but I have to remind you that spiritual awareness defensive tools are dead, and as the level increases, the use will become less and less!"

"Moreover, once the opponent's spiritual awareness is stronger than your prop, then this thing is equivalent to an empty name. The most fundamental thing is the strength of your own primordial spirit!"

As an instructor, Xu Xiaoyan also did her best to teach everyone. As for whether they could listen to it, it depended on the students themselves.

"There's one more thing. I've heard a rumor, but I don't know if it's true or not because no one has been able to verify it for the time being. It's said that the strength of the primordial spirit can drive the strength of the physical body. In ancient times, there were cultivators who focused on cultivating their consciousness. When their consciousness improved, the strength of the physical body would also improve!"

"This is the most powerful cultivation method. However, this method has been lost. We only start to cultivate our divine sense after our physical body has reached a certain level, so we can't verify this rumor."

Xu Xiaoyan said with a look of pity, but she didn't know that such a person was sitting in front of her.

Lin Yi's body was stronger than his soul before, but when he returned to the mortal world, he moved in his soul form, which gave him the opportunity to improve his soul and his body. He knew that Xu Xiaoyan was telling the truth, but he didn't need to say it now.
