

Bodyguard 8701

Chapter 8701

"Other than the Jia family, there are also people who want to compete in other aspects. They are all eyeing these two positions like tigers eyeing their prey. They want to snatch food from the Tiger's mouth and take one of them."

"The great land of Sangzi has been dominated by the Jia clan for too long. Some of the clans that appear to be submissive are actually constantly looking for opportunities to rise up in secret. Therefore, the competition for these two positions is rather intense. The martial Alliance of the starsource continent can't be sure if these people will continue to flirt with the Jia clan after becoming the new hall Master or patrol. They might as well not use any of them."

That was why they let an outsider like Lin Yi take on both the position of Hall Master and inspector!

Jin botian didn't say it out loud, but the three of them knew what he meant. Lin Yi had a grudge against the Jia family, so the martial Alliance of the starsource continent was confident that Lin Yi would be able to lead the Sangzi continent and wouldn't be bribed by the Jia family.

Other than that, Lin Yi's strength and ability were beyond doubt. He took care of the dark Demon beast clan alone and brought the rotten Fengqi great continent back on the right path!

Even if the Jia family wanted to kill Lin Yi, it'd be hard to do so in the great land of Sangzi.

As long as Lin Yi had the chance, he'd be able to counterattack and take down the Jia family!

The three chatted for a bit more before Jin botian signaled for Vice-President Zhu to leave. He still had things to say to Lin Yi.

Vice-President Zhu didn't have any objections. He stood up and said his goodbyes before leaving the room, giving Jin botian and Lin Yi some space.

After he left, Jin botian's expression relaxed and he immediately put on a relaxed smile. "Junior Brother is really amazing. In such a short time, you've already reached such a stage. Senior brother is also ashamed of his inferiority!"

Lin Yi also smiled and cupped his hands, "senior brother, you're too kind. If it wasn't for your support, I wouldn't have been able to do it so smoothly. After all, it's all because of us working together that we're able to achieve what we have today."

Jin botian laughed out loud, very satisfied with Lin Yi's explanation.

"Alright, let's not talk about this anymore. Here's another appointment for you. Listen to it first!"

Jin potian took out another roll of silk, opened it, and read, ""Sima Yi, subordinate of the inspection department, has performed well during his mission in the Phoenix Nest continent. He has made great contributions. Based on his contributions, he will be promoted to the Deputy Dean of the inspection department of the starsource continent. His other duties will not be affected ..."

The scroll was a little obscure-if an outsider saw it, they'd probably think it was referring to Lin Yi's position as patrol and Hall Master, but Lin Yi knew very well that it was referring to his diamond rank as a spy.

The Vice Dean of the inspection department was already above the diamond level, but the inspection department didn't want to take back Lin Yi's status as a secret agent. They still wanted him to hold the position!

Lin Yi thought about his status-it was a bit too much!

Other than the three new appointments he had received today, he had also received the Vice President of the starsource continent's array formation Guild, the Vice President of the Alchemy Guild, and so on ...

It was true that the capable did more work, but it seemed a little too capable!

"Senior brother, why did you suddenly appoint me as the Vice President of the inspection department? Wouldn't he be on the same level as his senior brother? Forget it! I already have enough positions, so I don't need this!"

Lin Yi declined with a wave of his hand, but Jin botian laughed again and stuffed the silk into Lin Yi's hands."Shidi, don't be lazy. So what if you're on the same level as Shidi? That's all your own credit, who can say anything about it?"

"Senior brother is not a narrow-minded person. I won't allow you to take the position. Moreover, it's all thanks to you that I took this opportunity to take another step forward. Now, I'm the head of the inspection department!"

There were several vice-presidents in the inspection department, and Jin botian was only one of the higher-ranked ones.

But because of Lin Yi's continuous contributions, Jin botian's ranking rose sharply as the person who discovered Lin Yi, and he became the first Vice Dean in a short time.

The Dean position of the inspection department was now vacant, and Jin botian took over the position naturally because of his shared contribution with Lin Yi.

"To tell you the truth, this time you're also the vice-director of the inspection department, the hall Master of Sangzi Dazhou, and the inspector. This proposal was proposed by me. If it was before, the position of vice-director wouldn't be enough to pass this motion, but it's different for the director of the inspection department."

"That's why you passed the test so smoothly. I'm not bragging, but now, in the star source continent, you can be considered as one of the true upper echelons who can shake the entire star source continent with just a stomp of your feet! However, whether or not senior brother can go further in the future will still depend on Junior Brother!"

Jin botian couldn't help but laugh. If Lin Yi could successfully open up a business in the great land of Sangzi, he'd naturally get some credit.

The credit came from Lin Yi, but it wouldn't be shared with Lin Yi's own credit-it was a win-win situation!

Realization dawned on Lin Yi as he congratulated him with a smile. He had a pretty good relationship with Jin botian, and it'd be good for him if he could have a better future.

"In fact, Junior brother's performance this time has not only made you a senior brother, but also Vice President Zhu. He was caught by the sky array sect at the source of the array Dao, which was originally a stain, but because of you, he became the hero who discovered the sky array sect's conspiracy."

"Before the formation Dao, he was just an ordinary Vice President. Now, he has become the Executive Vice President who holds real power! Compared to your position as the Vice President of the array formation Guild, you're much stronger. "

"Of course, even if he becomes the Vice President of the array formation Guild, he doesn't have any advantage in front of your current status. His attitude towards you just now was very good. Other than being grateful to you, it was also because he knew that you would become the Vice President of the inspection department."

Jin potian sent Vice-President Zhu away because he didn't want the latter to know about his relationship with Lin Yi, but there was nothing to hide about the inspector's appointment.

Lin Yi's identity as a secret agent wasn't stated clearly in the letter of appointment, so Vice-President Zhu knew about this before.

He didn't even dare put on airs in front of Lin Yi after hearing about his new appointment, let alone the fact that Lin Yi had saved Vice-President Zhu's life.

After all, the Vice President of the inspection department was above the Vice President of the array formation Guild-Lin Yi should be the one putting on airs.

Lin Yi didn't think much of this topic, and Jin botian didn't want to talk about it anymore. He turned to Lin Yi and told him about the situation at the Sangzi continent.

He also promised that Lin Yi could contact him whenever he needed help, and that he'd help.

After sending Jin botian and Vice-President Zhu away, Lin Yi started preparing to leave Feng Qi continent.

Chapter 8702

However, it was still the new year period and it was not convenient to make specific arrangements. He could only guide su Zixin and Shi chengcai on their knowledge of array Dao so that they would not call him master in vain.

Shi Yucai was indeed a genius in formations. Lin Yi's knowledge was simple and easy to understand, pointing straight to the source. There were no obstacles in his comprehension, and his strength in formations grew at a visible rate.

Su Zixin, on the other hand, was a little less talented. His potential had long reached its limit, and while he had gained quite a bit from Lin Yi's guidance, the difference was too great when compared to Shi chengcai!

He'd already broken through his own limits, but Lin Yi estimated that he'd only be able to barely reach the threshold of a diamond Grandmaster.

Lin Yi wasn't interested in someone of this level. After all, Shi wangcai was already at the peak of the diamond Realm under his guidance.

After he had mastered everything he had learned, he would most likely be able to break through the shackles of the diamond-grade Grandmaster and reach a new realm!

Other than that, su yongcang had mentioned to Lin Yi before that he wanted Lin Yi to see if there were any good seedlings in the SU family, to cultivate them and leave some seeds of hope for the SU family's future.

Lin Yi took this matter to heart, and while he was guiding su yongcang and Shi tiancai, he did indeed carefully look for and observe the SU family's younger generation. Needless to say, he really did find a genius in array Dao!

"Su Yuting, you can understand what I'm saying, right?"

The array Dao genius that Lin Yi had discovered was su Yuting, who was of the same generation as su Yuxuan and su Yumo.

However, his status in the SU family could not be compared to su Yuxuan and su Yumo at all, because he was a child of a concubine's branch, not a direct descendant of the SU family.

A branch family descendant like su Yuting would definitely not receive as many resources and attention as a direct descendant. Hence, although su Yuting's talent was good, he had never been able to truly stand out.

He, who had just turned eighteen after the new year, was only a gold-level array master.

In the huge su family, an 18-year-old gold rank array master was not too outstanding. He was only slightly outstanding.

Su Yuting naturally could not attract the attention of a Big Shot like su yongcang.

Fortunately, Lin Yi was different. With a simple test, he could see the difference between su Yuting and other people of the same level and age!

"Yes, Mr. Sima. I can understand!"

Su Yuting was a bit reserved, nervous, and excited. Lin Yi was now the idol of all formation Masters in the entire Feng Qi continent, and su Yuting was no exception.

In terms of seniority, he and Lin Yi could be considered cousins.

However, the SU family's old farts had messed up the seniority. Su yongcang and Lin Yi were brothers, and su Zixin's uncle wasn't his disciple ... What could su Yuting do? He was also in despair!

They were clearly cousins, but he didn't dare to call himself one. Wouldn't that make him the brother of the head of the family? You're looking for death!

Even addressing Lin Yi as Mister and calling himself a student made him feel pressured. He was afraid that su Zixin would be unhappy ...

Lin Yi didn't care about that-the hierarchy in the SU family was a mess, after all, and it'd be a headache to think too much about it. He might as well just call her whatever he wanted!

Lin Yi was quite satisfied with su Yuting's reaction. This was a genius who was delayed!

Because he didn't receive good guidance, this genius took many detours. Even so, he still relied on his own talent to reach a more outstanding level among his peers.

With just a little guidance from Lin Yi, su Yuting was able to understand by analogy and quickly correct his previous mistakes. This innate ability was truly powerful!

Perhaps, this kid's talent in array Dao wasn't much inferior to Shi Yucai 's?

Under Lin Yi's guidance, it might be another Shi Yucai!

"Second uncle, su Yuting's understanding of formations is very strong. The clan has to nurture him well in the future. You have to guide him well too!"

Lin Yi turned to su Zixin, showing his respect and expectation for su Yuting, ""As long as he doesn't take the wrong path and doesn't overstep his boundaries, he will become the light of hope for the next generation of the SU family!"

This evaluation was quite high. Su Zixin didn't dare to be negligent. He cupped his hands and said with a serious face, ""Don't worry, master. I'll definitely keep this in mind. I'll guide su Yuting well in the future and help him grow up!"

Lin Yi's mouth twitched-it'd been a couple of days already, but he still couldn't get used to calling him master or uncle!

Su Yuting lowered his head and tried to hold back his laughter. His whole body was trembling, and it was hard to tell if he was excited because Lin Yi valued him or if he was just amused by the weird relationship between Lin Yi and su Zixin.

Lin Yi shook his head and got rid of these inappropriate thoughts. After some thought, he took out a book on formations and handed it to su Yuting."This is an array path ancient book that I compiled myself. Take it back and study it well. If there's anything you don't understand, you can ask the two of them."

Su Zixin and Shi shengcai immediately nodded, indicating that there was no problem.

"It's fine if you two want to read this book, but it won't be of much help to you, because I've already told you the contents. At most, you can review the old and learn the new!"

"Anyway, you two must put more effort into su Yuting's study of arrays in the future. After all, she's the light of hope for the SU family's future. Don't slack off!"

Shi shengcai agreed, but he had a strange feeling in his heart. After su Zixin sent su Yuting away, Shi shengcai finally couldn't help but ask Lin Yi.

"Master, why did you leave su Yuting to us? Wouldn't it be the best choice for this child to learn from her master? With master's guidance, he can quickly correct his mistakes!"

Shi shengcai felt that Lin Yi was making arrangements for his funeral, but Lin Yi obviously wouldn't die now. Was he planning to leave Fengqi great continent?

"Master? Could it be that you are prepared to leave us? Please don't, master!"

Su Zixin also reacted with a look of disbelief. "The great land of Fengqi is our world. If master is tired and wants to rest for a few days, anywhere is not important. Just please don't leave."

"You're thinking too much. We're just about to set off for the Sangzi continent, is there a problem?"

Lin Yi didn't tell them the truth, and Jin botian specifically asked them to keep it a secret for now.

"It's impossible for the Jia family of the great land of Sangzi to invite us over to slap their faces without any preparation. So this time, there will definitely be some twists and turns in the great land of Sangzi, and it may take a lot of time. "

Lin Yi came up with a random reason,"Su Yuting is extremely talented. In the past, he didn't receive proper guidance, which delayed his growth. Now that he's back on the right track, this period of time is a period of rapid growth. The two of you must pay attention to him."

Chapter 8703 The End

Shi Yucai was silent for a moment, then said decisively,"Master, I'll follow you to the array Dao exchange! No matter if the Jia family has any schemes or hidden cards, more people means more power. "

For example, in the previous round where everyone could only fight once, Lin Yi couldn't guarantee victory by himself.

Shi longcai, on the other hand, had made rapid progress recently. He was much stronger than he had been at the last exchange meeting, so he could basically guarantee a victory if he went with them.

"Master, I'll be going to the Sangzi great continent's array Dao exchange, so ..." Su Zixin also quickly expressed his opinion.

"Don't say so. Second uncle, you should stay. Su Yuting is the future of the SU family, and he needs you to stay and guide him, so that he doesn't go astray again! Shi shengcai, come with me. "

Lin Yi interrupted.

Guiding su Yuting was one reason, but the other was that Lin Yi felt that su Zixin's formation skills weren't enough to guarantee his victory. Since that was the case, he might as well stay.

"And you're the president of Fengqi continent's array Dao Association. You can't leave so easily. Stay here and guard the base. Leave the exchange to us!"

Su Zixin was a little depressed. You're the patrol envoy, how can you leave so easily? What's the big deal with a mere array Association President?

Moreover, this was the SU and Jia clan's array Dao exchange meeting. He, a direct descendant of the SU clan, couldn't follow, he just felt that something was wrong!

However, after Lin Yi made his decision, su Zixin couldn't object anymore. His second uncle's status wasn't as high as his master 's!

"Master is right. Junior Brother, you should stay behind and take charge. At the same time, you can guide the light of hope of your su clan. Just leave the small matters like the array Dao exchange meet to us."

Shi shengcai was very happy, but she didn't show it on her face. She even patted su Zixin's shoulder in all seriousness.

He was the first to enter the sect and was an official disciple. Su Zixin, on the other hand, was an in-name disciple, so it was only right for him to be the senior brother.

Su Zixin felt a little helpless. In the past, he would definitely feel embarrassed to be patted on the shoulder by a young man and called him Junior Brother. But now, even his nephew had become a master. What was this small matter?

Soon, the day to leave for Sangzi Dazhou was approaching. Lin Yi secretly informed Jin botian to make new changes to Fengqi Dazhou's position.

The night before their departure, the SU family held a farewell banquet to wish them a victory in the exchange. The banquet was naturally full of guests, and all forces attended.

Just as they were enjoying themselves, a Messenger from the martial Alliance of the starsource continent suddenly appeared and interrupted the banquet.

"Everyone, the martial Alliance of the starsource continent has a new appointment. Yan Su and Zhen shuaqi, please come out to receive the order!"

The messenger didn't apologize for disturbing the others and took out a scroll. After Yan Su and Zhen shuaqi stepped out, he started to read the contents of the scroll.

"President Yan Su. During his time as the president of Tianxia college, he was fair and impartial. He cultivated countless human elites and could be said to have students all over the world. During his time as the Vice President of the combat Association, he took the lead and made outstanding contributions!"

"I hereby appoint Dean Yan Su as the Feng Qi great continent's patrol envoy. The other positions will remain unchanged and will continue to hold the position! I hope that patrol Yan will continue to uphold the wind of justice and take good care of the land of Feng Qi!"

"Zhen Shuai, who has been hiding in the darkness demon beast clan for decades, has contributed greatly to this war. I've promoted him to the alchemy Association's Executive Vice President, and I hope he can continue to work hard ..."

Other than Lin Yi, who started it all, everyone was in a daze and didn't pay much attention to what the messenger said.

There was nothing to say about Zhen Shuai being promoted to the alchemy Association's Executive Vice President.

Although pill concoction skills weren't enough to measure Zhen Shuai's qualifications, he had enough contributions as a spy. He was more than qualified for higher positions, let alone the Executive Vice President of the alchemy Association.

But what did it mean to be a serious patrol?

Although Sima Yi had the title of an acting patrol before, everyone had already treated him as a real patrol. He suddenly became serious. What about Sima Yi?

Could it be that the higher-ups of the martial Alliance of the starsource continent could not bear to see the SU clan becoming a replica of the Sangzi continent's Jia zhetian, and wanted to suppress Sima Yi to prevent the appearance of a su zhetian?

It seemed to make sense ...

However, the problem was that Sima Yi had made such a great contribution. He had saved Fengqi continent by himself. Wasn't the martial Alliance of the starsource continent afraid of disgracing the people?

This was completely burning the bridge after crossing the river, killing the donkey after the grinding, abandoning the dog after the rabbit died, and hiding the bow after the birds were gone!

For a moment, an abnormal atmosphere began to spread among the people of Fengqi Dazhou.

Yan Su cupped his hands with a serious expression and said, "esteemed emissary, if this old man is to take on the role of patrol, what about the original patrol, Sima Yi?" Are you going to be transferred to the starsource continent?"

The old man's thoughts were very clear. He knew that other than suppression, there was another possibility of promotion!

With Lin Yi's contributions, the possibility of a promotion was higher.

Even if the martial Alliance of the starsource continent was worried that the SU family would become the SU zhetian of the Fengqi continent, transferring Lin Yi away could slightly suppress this trend. It was a good choice.

As expected of Yan Su, she caught the essence of the situation in an instant, almost seeing through the truth. It was a pity that Lin Yi couldn't confess about the transfer yet, so he kept silent.

The messenger from the martial Alliance of the starsource continent shook his head. "I'm sorry, I'm only responsible for passing on orders. I don't know anything outside of orders! If you have any questions, you can find out more from the martial Alliance of the starsource continent. "

"There are no orders for the change in the position of patrol Sima, so you can still see it as holding your original position until the new appointment is made."

After he finished speaking, the emissary cupped his hands slightly and actually directly turned around and left in a carefree manner.

Yan Su raised her hand. She wanted to say something, but she stopped herself. She really didn't know what to say!

After all, Lin Yi hadn't been removed from his position yet, and they didn't even know if he'd be promoted to the starsource continent. The messenger had also made it clear that he didn't know anything else, so what else could they say?

"Director Yan, no, from now on it's investigator Yan. From now on, Feng Qi Dazhou will be under your care and the first hall master 's!"

Lin Yi smiled as he congratulated.

He could tell that Yan Su was a little uneasy, so he approached him and whispered, ""Director Yan, don't worry. I probably already know the direction of my new position. It's definitely better than the Feng Qi great continent's patrol, so don't think that you stole my position. I'm going to be promoted!"

Only Yan Su could hear this, and he didn't doubt Lin Yi's words. He relaxed a lot.

"The patrol is a very important position. If it falls into someone else's hands, I won't be at ease. It's the best outcome for director Yan to take over. I don't want the Fengqi great continent, which has finally settled down, to fall into turmoil again!"

Yan Su immediately nodded, "don't worry, with this old man here, Fengqi Dazhou won't have the same situation as before!" No matter where you go, this will be your home! Come back at any time, I promise that Fengqi Dazhou will maintain its current state!"

Chapter 8704 The End

Lin Yi smiled-Yan Su was reliable, and that was why she chose him as the new patrol!

After a few simple words, Lin Yi turned to Zhen shuaqi.

On Yan SU's side, there were naturally people who had been paying attention to them to try to establish connections. The patrol was one of the two giants of Feng Qi continent, much more respected than the Dean of Tianxia Academy.

After congratulating Zhen shuaqi as usual, Lin Yi sat beside Sima Yunqi and su lingyue. He felt a little guilty towards these two elders.

She came all the way from Wutong continent to Fengqi continent, thinking that she could live with Lin Yi. She didn't think that after just a few days, she would have to move to Sangzi continent to cause trouble.

Unfortunately, the new appointment couldn't be disclosed for the time being. He could only wait for an opportunity to come back and tell them in the future to see if they were willing to follow him to the Sangzi continent.

"Yi 'er, are you alright?"

Su lingyue looked at Lin Yi with concern and held his hand. "If you can't be the patrol anymore, then don't be. You still have a lot of duties on hand, and you'll be too busy to handle them. It might not be a bad thing to let director Yan be the patrol."

She was afraid that Lin Yi would be disappointed, so she comforted him gently. Perhaps this was what they meant by "other people only care about how high you fly," but only parents care if you're tired.

Sima Yunqi patted su lingyue's shoulder and said with a smile, "You don't need to worry about Yi 'er. Yi 'er's contributions in the Feng Qi great continent are enough for him to be promoted to a higher position. It's only right for him to step down as the Feng Qi great continent's inspector."

"If I'm not wrong, Yi 'er should be holding a position in the martial Alliance of the starsource continent, right? The grade will definitely be higher than Feng Qi great continent's patrol, but I don't know what they will do. "

Lin Yi was secretly impressed. Sima Yunqi was not simple at all. His ability to see through the small details was not bad. He could almost figure out the truth.

"Mother, don't worry. What father said makes sense. I've more or less received some information. This time, I should be taking on a more important role in the martial Alliance of the starsource continent. It's just that I haven't heard anything yet."

Lin Yi couldn't tell her the truth, so he could only tell her some half-truths to comfort her.

In fact, it could not be said that he was lying. The Vice Dean of the inspection department was definitely one of the more important positions in the martial Alliance of the starsource continent.

As for the big hall Master and the inspector, they would be Lin Yi's subordinates from now on.

Su lingyue heaved a sigh of relief. "I wanted to comfort Yi 'er, how did it end up with you and your father comforting me? Did you guys make a mistake?"

Lin Yi and Sima Yunqi looked at each other and laughed out loud. It really seemed like that!

But this atmosphere was one that only a family would have, and Lin Yi really enjoyed it!

Su yongcang didn't participate, but seeing Lin Yi's relaxed expression, he naturally knew that Yan Su being the patrol wouldn't affect Lin Yi.

In fact, whether or not Lin Yi was transferred to the martial Alliance of the starsource continent would be of great benefit to house su. After all, the head Master and Yan Su were on good terms with Lin Yi, and their relationship was solid. They were naturally allies of house su.

It wouldn't be much different from Lin Yi doing it himself!

Those who said that the martial Alliance of the starsource continent was afraid that the SU family would become su zhetian were fools.

If they were really afraid of the SU family suppressing Lin Yi, the current first hall Master would definitely be transferred away from Fengqi Dazhou, and the patrol wouldn't be handed over to Lin Yi's good friend, Yan Su.

Only by transferring these people away and replacing them with people unrelated to Lin Yi could they effectively stop house SU's expansion and development.

The current arrangement was the same as encouraging the SU family to continue to grow!

The farewell party ended smoothly. The next morning, the SU family's team for the exchange gathered at the teleportation formation. Lin Yi brought Shi Yucai, Fei daqiang, and Zhang Yiming over.

This time, house SU's leader was Lin Yi-he was a member of house su, after all, and in terms of seniority ... Forget it, let's not talk about this anymore. It was too messy!

The SU family was convinced anyway, and they'd think it was inappropriate if Lin Yi didn't want to be the leader!

Lin Yi didn't bring the four little ones this time. With Lin Yi's prestige and Yan SU's care, they wouldn't have any problems.

It wouldn't be too late to take them over after they've gained a firm foothold in Sangzi continent.

At that time, perhaps he could try to let them do some things as experience, so as to avoid being isolated from the outside world and cultivating behind closed doors, which would not be good for their future development.

"Everyone, please go back! We will return in triumph!"

Lin Yi made a cursory bow to the people who came to send him off and led the group into the formation.

The SU family had sent five grandmasters this time, along with Lin Yi and Shi Yucai, forming a lineup for the exchange.

Then Fei daqiang, Zhang Yiming, and the SU family's guards. The total number of people was in their early twenties, and they looked a little thin.

But this time, they were going to the Jia family's territory in the great land of Sangzi. No matter how many people there were, they couldn't outnumber them, so it was just a token of appreciation.

If the Jia family really wanted to make a move, even if the SU family sent a hundred times more people, it would only be delivering food.

The group passed through the teleportation formation and appeared at the teleportation formation in the martial Alliance's headquarters in Sangzi continent. Lin Yi raised his eyes and saw Jia junren and the dozens of elite guards standing behind him.

There were more practitioners outside, and Lin Yi confirmed with a sweep of his spirit sense that the Jia family had at least three thousand elite guards.

"Hahaha, Grandmaster Sima, you've come as expected. We're really welcome! Also, Grandmaster Shi and the grandmasters of the SU family, I would like to represent the Jia family of the great land of Sangzi to express our sincere welcome!"

Jia junren's eyes brightened at Lin Yi's appearance, and he laughed as he bowed with cupped fists, looking like a hospitable host.

The guards behind him also cupped their fists and bowed. Their actions were in unison, and they had an extraordinary aura. Then, they shouted in unison, ""Welcome to the SU clan for the array Dao exchange!"

Not only the people here, but the two to three thousand people outside also let out a uniform shout. This momentum was really extraordinary!

Lin Yi raised a brow and smiled as he walked out of the formation. "I didn't expect that young master Jia junren would personally come to welcome us, it's really a surprise! The Jia family is indeed the great land of Sangzi's Jia zhetian, they sure have a grand entrance!"

"Those who know that the Jia family is here to welcome us, those who don't know would think that the Jia family wants to invade our Feng Qi continent's Su family! It's a good thing we know about it, so we won't misunderstand!"

Lin Yi smiled faintly.

Jia junren chuckled, not minding Lin Yi's mockery.

He'd put on such a big show to give Lin Yi a scare-he'd been most afraid that Lin Yi wouldn't come, but since he was here, everything was fine!

Chapter 8705

"It's good that Grandmaster Sima didn't misunderstand. In order to welcome you, this young master has painstakingly prepared for a long time. Come, come, come, this way please!"

Jia junren moved sideways, and the guards of the Jia family neatly separated into two sides, forming a not-so-wide passage with a human wall. "In order to show our Jia family's sincerity, this young master has really racked my brains to prepare for a long time. What does Grandmaster Sima think?"

Lin Yi walked forward calmly, and the others followed naturally. He walked into the human wall as if he were taking a stroll. "Not bad, not bad, young master Jia is very thoughtful! The great land of Sangzi is really hospitable, I'm impressed!"

I don't believe you! You're a very bad bastard!

The words appeared in both Lin Yi and Jia junren's hearts at the same time. Neither of them was naive enough to think that the other was telling the truth. They were both pretending to be snakes, but they had a clear mind!

The Jia family's guards outside also formed a human wall. Jia junren's original intention was to use the advantage of numbers to create a sense of oppression. He was sure that the SU family would not send too many people over, and pulling out 3000 guards was enough to shock the people.

The first half of Jia junren's sentence was on point, but the second half was a miscalculation. Lin Yi had seen a ten million scale battle, how could he be scared by three thousand people?

Funny!

In Lin Yi's eyes, the 3000 elite guards of the Jia family were just a decent guard of honor, not even worth mentioning!

Jia junren saw Lin Yi's nonchalant attitude and was secretly unhappy, but he didn't show it.

Since Lin Yi was already in the great land of Sangzi, he had his own plans. Today, he was representing the Jia family's face, and it wasn't good for him to make a move!

Even if it was just a formality, what should be had to be done!

For example, arranging Lin Yi's group's accommodation. Jia junren arranged for them to stay in the most luxurious Inn in the area, and it wouldn't be a disgrace to the SU family's representative team. Lin Yi couldn't pick on the details.

They wouldn't even arrange a broken Inn to humiliate Lin Yi.

The Jia family was the great land of Sangzi's Jia zhetian, using such a small trick, he really couldn't afford to lose face!

"Grandmaster Sima, why don't you rest here for a while? I wonder if the environment here is to your liking? If there's anything that's not up to your standards, please speak up!"

Jia junren maintained his composure-even if he wanted to kill Lin Yi, he had to show the bearing of a direct descendant of the Jia family!

"Very satisfied, young master Jia is very thoughtful! We'll take a break then. If there are any follow-up arrangements, you can send someone to inform us in advance. "

Although it was still early in the morning and it was too early to rest, the teleportation formation would affect the human body slightly, so it was not impossible to rest.

Jia junren smiled and said,"today will be the welcoming dinner for all of you. You should rest first. In the evening, I will send someone to welcome you to the banquet. If you have any needs, you can directly ask the people here. They will arrange everything."

"You're too polite. In that case, we'll do as you say!"

Lin Yi didn't reject the offer-he'd just wait and see what house su was going to do when they arrived at Sangzi continent.

Jia junren didn't stay for long. After making an appointment for the dinner time, he took his leave with his people.

Of course, this Inn was the Jia family's property, and everyone in the inn was a subordinate of the Jia family.

Lin Yi and the group were under their surveillance, so Jia junren wasn't afraid of any accidents.

Lin Yi didn't want to cause any trouble-he had to wait for the opponent to make the first move.

The group of people rested and adjusted for a day. During this period, the inn prepared food and wine and sent them to the courtyard where they stayed. There was no need to go out.

In the evening, Jia junren sent someone to pick up Lin Yi and his group to the Jia family's banquet, which was also of high standard!

The head of the Jia family personally came out and invited many higher-ups of the martial Union of the Sangzi continent to accompany him, such as the president of the array Dao Association and the president of the alchemy Association.

The original Great Hall Master and the patrol envoy did not attend the banquet because of their messy situation.

Lin Yi wasn't too interested in these two, though. The Guild leaders, on the other hand, would be his subordinates from now on, so he had to be more careful.

Halfway through the wine, the Jia family's etiquette had been exhausted. The head of the Jia family suddenly laughed and said, "Grandmaster Sima, you've achieved so much at such a young age. You're really going to be a formidable person in the future!"

"However, no matter how capable a young man is, he should still have some respect for a senior, right? It's a pity that I can't see these outstanding qualities in Grandmaster Sima. On the contrary, I can feel the arrogance of youth without even looking!"

On the surface, the head of the Jia family was saying that Lin Yi didn't know how to respect his seniors. After all, Lin Yi had been speaking to the head of the Jia family as if he was on the same level as him.

In other words, Lin Yi didn't respect his seniors, he was arrogant and full of himself.

But that was only on the surface-the deeper meaning was that Lin Yi was just a junior, and it wasn't time for him to be cocky yet.

Lin Yi smiled faintly and put down his glass. "Hehe ... Jia family head's words are wrong. As the saying goes, there's no beginning or end to learning, and the one who has reached it comes first! If I may ask, Jia clan leader, in what aspect do you think you are worthy of being my senior?"

"Array Dao? Could it be that the Jia family head's array Dao had already transcended the shackles of a diamond-grade array Dao Grandmaster? Or is the Jia clan head an elder of my clan? Or a senior of the sect?"

The patriarch of the Jia family's expression changed, and his eyes became somewhat sinister.

Although he was the head of the Jia family, his array skills had barely reached the threshold of a diamond-grade Grandmaster.

Lin Yi's array skills, on the other hand, were unfathomable-the old man couldn't say that he was Lin Yi's senior in that area.

On this sub-Island, strength was everything, and so was array Masters. The head of the Jia family wasn't as strong as Lin Yi, and Lin Yi could even be a senior. If he didn't like it, then show him what you've got!

There weren't any elders in his family or sect, the only thing he was proud of was his age ...

But if he really did say that age made him an elder, he was worried that Lin Yi would say that he was thinking for the thief, so he didn't want to talk about it!

"Grandmaster Sima is eloquent and eloquent. This old man is impressed! But it also confirms this old man's words. Young people are proud and arrogant, and they can't tolerate sand in their eyes!"

The head of the Jia family snorted and continued,""I hope Grandmaster Sima can still be so confident in this array Dao exchange! This old man will wait and see!"

The other members of the Jia family followed suit and attacked Lin Yi, but none of them managed to get the upper hand.

Chapter 8706

Lin Yi didn't like to argue with people, but that didn't mean he didn't know how to.

He had never been afraid of anyone when it came to dissing people!

In the end, Lin Yi was the first to lose his patience. He brushed aside another sarcastic remark from the head of the Jia family and smiled coldly, "Jia family head, you're already so old, what's the point of saying these useless things? It's clearly a waste of your already short lifespan. "

"It's useless to say anything more, we're here to participate in the array Dao exchange, so let's settle everything at the exchange! Let's wait and see what the final result will be!"

With that, Lin Yi left with his men. The banquet ended on bad terms.

Lin Yi could tell from the dinner that house Jia didn't like him at all, and that they wanted him dead at any moment.

If it wasn't for the Jia family's reputation, he would have attacked long ago!

Back at the inn, everyone from the SU family went to rest, while Lin Yi gathered with Fei daqiang, Zhang Yiming, and Shi shengcai.

These three were his trusted aides, and Lin Yi was prepared to give them some missions.

"You've all seen the Jia family's attitude. If there's a chance, they'll definitely make a move against us, so we need to make some preparations in advance."

Lin Yi didn't beat around the bush and got straight to the point, "Yiming, you can start collecting information now. In a strange place, information is our eyes and ears. We have to be sharp to avoid making mistakes and plan countermeasures accordingly."

"Yes, boss. Don't worry. I'll definitely complete the mission!"

Zhang Yiming's face was solemn. Collecting information was his specialty, so he agreed with full confidence.

Lin Yi nodded and turned to Fei daqiang, "Da Qiang, you're in charge of protecting Yiming. At the same time, we need to prepare a secret path of retreat just in case. "

"If things don't go well, you must ensure that we can retreat through the escape route you have arranged to avoid any casualties. This matter is equally important and there can be no mistakes. Do you understand?"

Fei daqiang immediately stood at attention and even saluted, "I understand! Don't worry, boss, I'll definitely complete the mission!"

The two worked well together, and Lin Yihe didn't have to worry about them. He only needed to give them the general direction of the mission, and they'd take care of the details!

Shi chengcai blinked his eyes and looked at Lin Yi, who was waiting for his mission, but he didn't seem to have any intention of giving him one ...

"Master, what can I do?"

Shi chengcai couldn't help but ask. He wouldn't have taken the initiative to speak in the past, but ever since he became Lin Yi's disciple, his personality had changed slightly because of his respect for Lin Yi.

Lin Yi shook his head and smiled, "you don't need to do anything. Before the exchange starts, continue to study arrays and improve your strength. I can see that the Jia family is determined to win the exchange. It won't be that easy."

Lin Yi and Shi tiancai's formation skills were on the surface, but the Jia family ignored them. They must have their own reasons for this!

Strategically, he looked down on his opponent, but tactically, he had to pay attention to his opponent!

Shi tiancai's comprehension ability was excellent, and even if he was sharpening his spear at the last minute, he could still make things worse. Moreover, his strength was superior to others to begin with, so it was easier for him to take the initiative if he spent more time and effort preparing.

Lin Yi's side valued house Jia, but house Jia looked down on them when Lin Yi left, laughing at Lin Yi and house SU's formation Masters.

"A brat still wet behind his ears, arrogant to the extreme! Do you really think that you can look down on our Jia family just because you have a little bit of talent? It's simply ridiculous!"

"You dare to show off your abilities in our territory?" the head of the Jia family sneered. "That's why I say young people are impulsive!"

The people below all agreed, "that's right!" "Family head, you don't have to worry about this silly boy. A strong Dragon can't suppress a local snake. Besides, our Jia family is the real strong Dragon. They are just a few little snakes who left their hometown. I don't know where they got the courage to ignore our Jia family!"

"No matter where they come from, since they've come to our Sangzi continent, they should be mentally prepared that they won't be able to return. When the time comes, we'll teach them a good lesson and make them kneel and beg for mercy!"

.....

Lin Yi's formation skills were outstanding, and he still valued the Jia family, but the Jia family, with their deep foundations, looked down on Lin Yi.

Comparing the two, the difference was quite obvious, but the final result was still unknown.

The start date of the formation path exchange meet was set two days later.

Lin Yi and the others were only told the rough time and range before they came, and only got the exact date after they arrived.

And so, in the next two days, Zhang Yiming, Fei daqiang, and the others followed Lin Yi's instructions and kept a low profile. Shi Yucai also focused on studying arrays, waiting for the exchange to start!

The night before the gathering, a Messenger from the martial Alliance from the starsource continent came. He didn't reveal his identity and alerted the Jia family, but went to find Lin Yi first.

"Lord Sima, I've come to announce your appointment in public. When do you think is the most appropriate time?"

The messenger was very respectful to Lin Yi-he must've known that Lin Yi was the Vice Dean of the inspection department, and even though he didn't say it out loud, his attitude was already that of a subordinate.

Jin botian had already given the appointment letter to Lin Yi last time, but house Jia might not be convinced if he just took it out like that.

As the saying goes, if one's name is not legitimate, one's words are not legitimate. They could also say that this was forged!

In terms of shamelessness, how could Sangzi Dazhou and Jia zhetian be afraid of Lin Yi and the others who were weak?

There would be huge resistance if Lin Yi wanted to take over the continent.

Now that they'd sent a Messenger to announce it in front of everyone, it represented the attitude of the martial Alliance from the starsource continent, emphasizing that Lin Yi's succession was legitimate, and the resistance would be much smaller.

If the timing was right, the effect would be twice as effective!

Unless the Jia family wanted to rebel openly, they would not dare to openly oppose the martial Alliance of the starsource continent.

Lin Yi understood the point very well, and replied after some thought, "We'll talk about it after the array Dao exchange. When I need you to make the announcement, I'll send you a signal!"

"By the way, did you come here alone? If the Jia family doubts you and doesn't acknowledge your identity, what will happen?"

The messenger bowed and said, "Yes, my lord. After seeing your signal, I will immediately rush over to cooperate!" As for the issue of identity, there is no need to worry, my Lord. "

"There are many people sent by the martial Alliance of the starsource continent in the Sangzi continent. When needed, they can naturally gather together to strengthen their power. If the Jia family dares to question us, the martial Alliance of the starsource continent will immediately receive the news."

As an emissary, he naturally had a token to prove his identity. If the Jia family lied through their teeth and denied the authority of the emissary's token, the people hiding in the Sangzi continent would immediately send a message to the martial Alliance in the starsource continent.

Chapter 8707

At that time, even if the Sangzi Dazhou's Jia family wanted to rebel, it would not be easy to take it off!

Lin Yi didn't question this. The starsource continent's martial Alliance's control over the other continents had fallen a lot, leading to the situation of Fengqi continent's rotten state. It was also because of the Sangzi continent's Jia family.

However, it was undeniable that the martial Alliance of the starsource continent was still the strongest military organization in the entire starsource continent.

If the Jia family really dared to rebel, the martial Alliance of the starsource continent would dare to suppress them. They would righteously destroy this arrogant Jia zhetian and return a clear sky to the Sangzi continent!

"Good, then this matter is settled!"

Lin Yi and the messenger agreed on a contact signal, and the messenger left tactfully, not disturbing Lin Yi's rest.

The night passed uneventfully, and the next morning, the Jia family came to the inn to invite Lin Yi and his group to the array gathering.

The location was similar to last time at Fengqi Dazhou, he also chose a mountain range outside the city.

The Jia family had cleared the area in advance and surrounded a large open space to set up the formation.

Because this was the array Dao exchange meet at the start of the year, it was supposed to be on the continent's internal level. Hence, the starsource continent's array Dao Association didn't send anyone over. The people present were all from the Sangzi continent.

Lin Yi's group of twenty people were all outsiders!

"Grandmaster Sima, have you rested well these past two days? Did my people neglect you?"

The head of the Jia family didn't stand up at all when he saw Lin Yi and his group walking over. He even looked down at Lin Yi and his group.

Lin Yi walked up the stage slowly and smiled, "Thank you for your concern, Jia family head. I've had a good rest and am in excellent condition. For you to be so considerate of your opponent, you are indeed magnanimous!"

"You're too polite! This old man is only worried that if you don't rest well, when you lose, you will say that our Jia family has been negligent, causing you to be in poor condition. Since there is no such problem, then it is for the best!"

The head of the Jia family didn't have any magnanimity at all-he was just mocking Lin Yi.

Lin Yi chuckled, unconcerned. "How can I blame you guys for losing when I'm not in good shape? We're not that shameless. Of course, we're in good condition now. Since we won, we should thank you for your meticulous care!"

Lin che was online in a second. I'm never afraid of this kind of war of words. If you have the ability, then continue!

Unfortunately, the head of the Jia family had already seen Lin Yi's strength last time, and he didn't want to be embarrassed anymore after seeing that he couldn't get the upper hand. He hmped and signaled for the gathering to start.

The host of this gathering was the president of the Sangzi continent's array Association. Lin Yi had met him at the banquet before.

It was obvious that this guy was a Lackey of the Jia family, and he had never intended to hide it.

"This time, the formation Dao exchange between the Sangzi continent's Jia clan and the Fengqi continent's Su clan will follow the rules of the previous competition. There will be five rounds of formation duels."

"The people and formations sent by both sides can only be used in one round of the competition. No matter the outcome, they can not be used in the next round."

"The exchange will use a system of three wins out of five matches. If there is a draw, there will be a round of tiebreaker matches to determine the winner!"

The rules were roughly like this. It wasn't much different from the previous exchange meeting at Fengqi Dazhou. No one had any opinions, so the next step was to directly start the competition!

Shi shengcai and Lin Yi were still the last two to fight, but the first round was crucial, so Lin Yi sent out the strongest Grandmaster in the SU family.

This man's talent was similar to su Zixin 's, and so was his formation skills. Lin Yi had taught him before when he was in the SU family.

Under normal circumstances, it shouldn't be a problem to win the first round.

"Grandmaster Sima seems to be very confident! Could it be that you think that you can easily defeat our Jia family just by sending out a random person?"

Jia junren stood on the stage. He was a junior and didn't have the right to be on the same level as the head of the Jia family. It was already an honor to be able to stand on the stage. After seeing Lin Yi's candidate, he immediately started mocking.

"This Grandmaster from the SU family wasn't famous before. Could he be a hidden expert? He didn't even appear in the last exchange. I'm really looking forward to it!"

The Jia family was well aware of the array Dao experts that the SU family had. After all, the two sides had interacted many times.

Before Lin Yi's appearance, the Jia's had been suppressing the SU 's. If they had any hidden cards, they would've pulled them out already!

In other words, before Lin Yi's appearance, house Jia had the right to hide their strength and could still beat house su. House su had to go all out to lose in a less embarrassing way, so they didn't even have the right to hide their strength.

Lin Yi's candidate wouldn't have made it to the SU's in the past, and Jia junren had the right to mock him.

"Indeed, young master Jia can be looked forward to. After all, our su family has a lot of talents. For this championship, there is no need for those array Dao experts to come out. It is enough to send us. After all, there are too many talents and there is no opportunity to show off usually. Since it is rare that you invited us, we are here to practice!"

Lin Yi retorted casually, thinking that the Jia's probably didn't have a good memory. They knew that they couldn't win against him, but they still came looking for trouble. Why?

Lin Yi's words indeed made Jia junren choke. The guy admitted that the people he sent weren't from house su, and they were here to test their skills and win ... He really wanted to beat them up!

Did he mean that the SU family no longer needed to take the Jia family seriously? It could be settled just by playing around?

"Hehe ... Grandmaster Sima, you're indeed full of confidence. Unfortunately, confidence often makes you blind. I wonder when you're going to fight, Grandmaster Sima? I'd advise you to go up next. If you're ranked fourth or fifth, you might not even have the chance to go on stage!"

Jia junren suppressed the anger in his heart and continued to sneer back.

Lin Yi shrugged nonchalantly, "if I don't have to go up, it'd save me a lot of trouble and energy. But I think house Jia is the host, after all. It's a bit disrespectful for us to go up and win three rounds in a row. It's an exchange, after all, so we have to give everyone a chance to show off. So I probably won't be able to avoid going up in the end!"

Jia junren gritted his teeth. There was no way to continue the conversation!

If the SU family lost, then they were deliberately throwing the game. If they won, it was because the Jia family was too weak and could not even throw the game!

Forget it, I won't say it if I can't win. Let's directly see the real deal in the formation!

After a short while, the grandmasters from both sides finished setting up their respective arrays. Then, they entered each other's arrays and began to count down the time to break the arrays.

Chapter 8708

On house SU's side, after Lin Yi's guidance, the Grandmaster's formations had some new skills that the sub Island didn't have.

The formation of the Jia family's Grandmaster was also a bit strange, so the first round of the competition was just like the competition with Shi tiancai in Fengqi Dazhou.

No one could do anything to the other. In the end, the time ran out and the two sides were tied!

Jia junren originally wanted to sneer at him, such as Grandmaster Sima, the player that you had high hopes for did not manage to fulfill your expectations.

However, he thought that Lin Yi would probably say that he had already achieved his goal by getting a draw, or that the draw was on purpose so that he could leave the suspense to the end. In the end, he suppressed the urge to mock Lin Yi.

In the second and third rounds, the grandmasters of the SU family had been taught by Lin Yi as well, but it was only to the extent of a public lecture. It was a completely different concept from one-on-one private tutoring.

The Jia family went all out from the start, not giving the SU family a chance in two consecutive rounds. After the first round was a draw, they won two rounds.

As long as they won one more round, they would win this array path exchange.

"Grandmaster Sima, isn't it your turn to fight in the fourth round? The SU family should be stabilizing their position now, right?"

The head of the Jia family was in a good mood as he stroked his beard and smiled at Lin Yi, "If Grandmaster Sima were to fight, wouldn't he be able to easily win a round?"

What he meant was that the SU family should be in a mess right now. If the Jia family took advantage of this situation to take down another city, the SU family would lose both people and forces, and it would not look good on their face!

Before Lin Yi could retort, Shi Yucai stood up, "Jia family head's words are wrong. My master will naturally be the last to appear, and if there's something the disciple needs to do, I, Shi Yucai, will naturally appear in the fourth round! Could it be that you think I can't win?"

The Jia family head chuckled, "Grandmaster Shi is a well-known genius array master, how would I dare to underestimate you?" However, the current situation is that you have to win in order to stabilize the situation. Even if it's a draw, you have to admit defeat. Grandmaster Sima is so calm, can you still sit still?"

Shi Yucai pursed his lips disdainfully. "If we want to win, we'll definitely win. Everything is under master's control. Do you really think you're the one who created the current situation?" Wrong! That's just master's intention to make you guys happy!"

Lin Yi couldn't help but be surprised. Did I say that? Student Xiao Shi, you've changed too! It seemed that the cold and aloof Shi longcai of the past would not come back!

That's wrong!

Thinking about it carefully, this kid was still acting tough!

As expected of the king of acting tough. However, in the past, he was acting tough on his own. Now, he was acting tough on behalf of his teacher. Should it be said that his level had increased a little?

An array master from the Jia family cupped his hands at Shi longcai, his face full of pride and arrogance. "Grandmaster Shi, I've long heard of your reputation as a genius and I've always wanted to spar with you. I finally have the chance today! I can understand your confidence, because I'm more confident than you! In this match, I will let you understand that geniuses are also mortals!"

Lin Yi blinked. House Jia was indeed full of hidden talents! The person who came out was also an expert at the level of a King of acting tough!

Now, it was time to see which of the two kings of acting tough could take off!

There wasn't much meaning in a war of words, so enough was enough. A hint of disdain appeared at the corner of Shi Yucai's mouth. He ignored his opponent and turned to set up the array.

Under Lin Yi's careful guidance, Shi tiancai's improvement was shocking.

In particular, his method of setting up the array had completely transcended the shackles of the sub island's array Dao. He could look down on the sub island's array Dao.

If Shi wangcai returned to the array Dao exchange in Fengqi continent, there definitely wouldn't be another draw. Instead, he would easily break the array set up by the Jia family!

The gap was just that big!

The formation Grandmaster sent by the Jia clan this time was about the same in strength as Shi tiancai's opponent last time, and the formation they had set up was also of the same lineage, with a very similar difficulty level.

The Jia family most likely felt that not much time had passed, and since Shi wancai couldn't crack it last time, it was impossible to crack a similar array this time!

The Jia family did not hope to win this match. A draw was enough. In fact, a draw was more dramatic. The Jia family did not mind watching a good show.

The result was a complete surprise to them. Shi longcai had only been in the array for three to five minutes, but she walked out of the array in a leisurely manner as if she were taking a stroll!

And that formation that the Jia family had placed their hopes on, that it could at least tie the fight, simply had no ability to stop him!

When they saw Shi chengcai step out of the formation, the twenty or so people from the SU family cheered in unison.

Although they were fewer in number and couldn't compete with the Jia family's momentum, they were definitely not weak in terms of aura!

"Master, this formation is a little novel. Disciple was excited, so I delayed it for a while. Please forgive me, Master!"

After Shi chengcai left the formation, he didn't look happy at all. Instead, he ran to Lin Yi and asked for forgiveness. Lin Yi's mouth almost flew up!

As expected of the king of acting tough, this was really remarkable!

He had wasted some time on his interest, and he had only used so little time to get out of the formation. If he had put in all his effort, wouldn't he have been able to break the formation in an instant?

On the other hand, the pretentious King of the Jia family didn't move at all after entering Shi Yucai's array.

It really made one wonder if he had fallen asleep inside. Shouldn't they at least make some noise?

However, there was no such thing. From the beginning to the end, time had run out, and Shi tiancai's formation had been quiet as if no one was there.

In the end, it was Shi Yucai who opened the formation, and the king of posturing walked out with a dumbfounded look on his face.

"Hehe, let's not talk about whether I'm a genius or not, but I'm sure that you're an ordinary person!"

Only then did Shi Yucai chuckled and respond to this person's provocation, directly killing him in seconds. In his embarrassment, he covered his face and left!

"Hahahaha, amazing, amazing. Grandmaster Shi is indeed a genius. Grandmaster Sima is also amazing to be able to become the master of Grandmaster Shi, a genius who was famous in the world when he was young. I really admire him!"

The head of the Jia family threw his head back and laughed, trying to use this kind of boldness to cover up his displeasure. At the same time, he didn't forget to pick an eye for Lin Yi and Shi Chen, trying to sow discord between the two.

What he meant was that Shi Yucai was a famous genius, and it didn't matter if Lin Yi was his master or not-it didn't show how good Lin Yi was.

In the end, just as he finished speaking, Shi wancai said sternly,"Jia family head, you're wrong. What's the little reputation I had in the past? If it wasn't for master's guidance, I wouldn't have been able to crack your formation this time, just like last time at the exchange in Fengqi continent. "

Chapter 8709

"Compared to my master, I can't be considered a genius, and I have nothing to be proud of! And now, I'm most proud of being able to become master's disciple because my master is destined to become a great and immortal existence. I'm proud of this. "

The corners of the Jia family's head's mouth twitched. He felt that he had met a fake Shi chengcai today?

Didn't the previous intelligence report say that Shi shengcai was a cold and aloof person? He had an extraordinary arrogance, so what was he now?

Lin Yi pinched his chin as he fell into deep thought-could it be that he spent too much time with Fei daqiang?

One is marked by the company one keeps. Fei daqiang's leg hair is black! This influence was a little too strong!

The president of the array formation Association could tell that the patriarch of the Jia family was a little embarrassed. In addition, he didn't want Shi Yucai to continue showing off, so he immediately stepped

out and said, "At present, Sangzi continent is in the lead with two wins, one draw, and one loss. The contestants in the last round should prepare their formations immediately. If Fengqi continent draws or fails, it will be a total failure. Please pay attention!"

Lin Yi stood up and smiled faintly, "I told you, I'll definitely be there. I have to thank you for your cooperation. Please continue to cooperate and let us put on a good show of turning the tables!"

"Grandmaster Sima, even if you win, it'll only be a draw. Isn't it too early to say that you can turn the tables?"

The head of the Jia family retorted with a cold smile, subconsciously thinking that Lin Yi would win for sure. He didn't even mention what would happen if Lin Yi lost.

Shi tiancai's performance was simply too amazing. As Shi tiancai's master and Feng Qi great continent's number one in the field of formations, no one in the Jia family was confident in beating Lin Yi.

So after Lin Yi left, the head of the Jia family gave a look to the Grandmaster of the Jia family. The Grandmaster was supposed to be quite strong, but now they had a substitute.

The head of the Jia family had thought it through very clearly. Since he couldn't win, he might as well give up on this match!

So what if Fengqi Dazhou won a round against the top referee? At most, the total score would be tied and they would enter the tiebreaker match!

This round's substitute array path Grandmaster will participate in the final tiebreaker and deal with the Sangzi Dazhou's Su family's substitute, it's almost certain!

The head of the Jia family revealed a confident smile as he watched Lin Yi leave.

He didn't know that Lin Yi had a similar smile on his face.

On the surface, this gathering represented house SU's face, but it was actually related to Lin Yi's plans to take over the continent.

He definitely couldn't lose!

Otherwise, where would Lin Yi get the power to intimidate house Jia and the entire Sangzi continent?

So when he was setting up the formation, Lin Yi decided to play with a layered, composite formation.

One layer of the complex array was enough to guarantee victory. After this round ended and one layer of the complex array was hidden, they could still continue to sneak into the next round and obtain the final victory!

The two formations weren't the same, so it didn't break the rules. If someone could see through Lin Yi's stacking formations, then it didn't matter if they took them all away, but if they couldn't, then there was nothing they could do!

The loopholes in the rules could only be exploited by people with strength.

In other words, this loophole was originally part of the rules and was only used reasonably!

Lin Yi finished setting up the compound formation in no time, and the Grandmaster in charge of supervising didn't understand what Lin Yi did at all. He thought it was a normal formation ... At most, it was a bit fancy.

After everything was settled, the Jia clan was still meticulously setting up the array. Although the substitute was also an array master, the two previous major losses had indeed caused the overall standard of the Jia clan's array Masters to drop by a lot. This substitute was very weak, and even setting up an array took a lot of time.

She'd finished it with much difficulty and rushed to the formation Lin Yi had set up, only to go back in and disappear without a trace, just like the last one.

Lin Yi, on the other hand, put his hands behind his back and walked to the formation. He stepped into the formation casually and gave it a normal kick.

The formation that the substitute Grandmaster had spent so much effort to complete crumbled just like that, not even lasting a second under Lin Yi's feet!

Fei daqiang was praising Shi tiancai's speech, but he was overjoyed to see Lin Yi break the formation with one kick. He waved his hand as if he didn't care, in order to show how powerful Lin Yi was.

"I already knew the result, but I really didn't have any expectations! This kind of lousy formation isn't worth breaking with your big feet. It's like killing a chicken with an ox's knife!"

The head of the Jia family and the rest of the Jia family all looked at Lin Yi expressionlessly. They knew that Lin Yi would win this round, but they didn't expect him to win so easily!

No matter what, it was still a formation set up by a Grandmaster. No matter how trashy it was, it shouldn't be able to collapse like a sand castle, right?

"Your boss is using a butcher's knife to kill a chicken, then why don't you go up next round! Let's see if the chicken-slaughtering knife is as sharp as before!"

Jia junren suddenly interjected, showing great disdain to Fei daqiang.

Forget about Sima Yi and Shi tiancai, they were really awesome, but you're not even a Grandmaster, where did you get the confidence to point out the country?

He couldn't take it anymore-the situation was clearly in his favor, but Lin Yi and Shi chengcai had turned the tables around like dry weeds and rotten wood!

Although the Jia family had a backup plan, Jia junren couldn't bear to see Fei daqiang's smug look and couldn't help but sneer.

Who was Fei daqiang?

In terms of sniping, Lin Yi wouldn't listen to anyone but Jia junren's big brother-he wasn't going to let Jia junren mock him.

"Hehe, what's there to be proud of for a defeated general? It's not a problem if you want to see your Grandpa Fei use a chicken butcher knife. You can just be the chicken! Do you dare to play with me in the next round?"

Fei daqiang was very unyielding and challenged Jia junren on the spot. He didn't have much talent in formations, and what he learned from Lin Yi was more battle formations.

But with a Grandmaster like Lin Yi by his side, even if he was influenced by him, he still learned a lot!

Therefore, even if he wasn't a Grandmaster, he should be a very powerful array master.

In addition, he had a powerful backer behind him, so what was Fei daqiang afraid of? With his backing, there wouldn't be any problems!

Jia junren was stunned for a moment, and then he flew into a rage!

Although his array Dao attainments were not considered top-notch in the Jia family, it was still considered quite good. Fei daqiang, who was an outsider in his eyes, actually dared to provoke him like this?

Uncle can endure it, but aunt can 't!

Chapter 8710

"Why not? Just bring it on!"

As soon as Jia junren said this, he remembered Fei daqiang's remarks about chicken Cleaver and chicken. Wasn't he rushing to send himself as a chicken to Fei daqiang to kill?

He grabbed a blade of grass! I'm so angry!

The head of the Jia family raised his brows slightly, somewhat dissatisfied with Jia junren's decision, but thinking that the result was not bad, he did not object.

After all, Fei daqiang's name wasn't well known, and he wasn't even a participant in the exchange, he was just Lin Yi's guard.

What kind of attainments could such a person have in the array Dao? If Jia junren made a move, he would definitely win!

It wasn't much different from his original plan, so he would just wait and see!

"Boss, that idiot Jia junren tried to provoke me. I played along. Boss, you have to help me!"

When Lin Yi walked back, Fei daqiang quickly went up to hug his leg. In terms of true formation skills, he would definitely be crushed by Jia junren.

The only thing he could do now was to find an omnipotent thigh to support him!

Lin Yi didn't know whether to laugh or cry. He thought that Fei daqiang would be more obedient today, but he'd only been gone for a while and he'd already messed up!

Fortunately, the layering formation that he had set up earlier was the same no matter who went. He only needed to put on an act and activate it.

"Close your ears!"

Lin Yi waved at Fei daqiang, acting like he was teaching him how to activate the formation, but he was actually just telling him how to do it.

After all, Fei daqiang's array Dao strength was obvious. If he didn't do this, he wouldn't be able to explain how he could set up a compound array.

As for breaking Jia junren's formation, Lin Yi couldn't say for sure-he hadn't even set up a formation yet, so he couldn't predict it!

We'll see how it goes later. At most, we'll have a draw in the tiebreaker match.

When the time was up, Lin Yi went to retrieve the first layer of the compound formation. The other layer was a stealth formation, waiting for Fei daqiang to activate it.

"Little D * ck, it's our turn now. I'll let you see if your master Fei's chicken-slaying knife is sharp or not!"

Fei daqiang jumped off the stage in high spirits and provocatively beckoned Jia junren with his finger.

Jia junren snorted and tried to show his disdain and contempt for Fei daqiang. With a posture that said 'you are not qualified to talk to me', he walked to the other side with his head held high, ignoring Fei daqiang's provocation.

Fei daqiang laughed, "feeling guilty?" You're still pretending to be calm. Do you think I can't see that you're under a lot of pressure when you're facing me? Young people are really impetuous! Relax, relax, in case your uncle Fei won an unfair battle!"

Jia junren's nose was almost crooked from anger. I'm disdainful! Disdain, you know? Which F * cking eye of yours saw that he was guilty and nervous?

"Bah! You think someone like you can make this young master feel pressured? It was really too funny! Please take a piss and look at your own moral integrity!"

Jia junren fell into the trap and couldn't help but turn back to argue with Fei daqiang. In the end, Fei daqiang shrugged his shoulders, smiled slyly, and turned away.

As he walked, he mumbled in a volume that everyone could hear, "You still say you're not nervous or stressed, but this is clearly a show of being fierce on the outside but weak on the inside! Forget it, forget it. Let's not add any more pressure on him. Otherwise, this kid will cry if he loses, right?"

Jia junren's breath was stuck in his chest, and he almost exploded on the spot!

When I ignored you, you said you felt guilty. When I ignored you, you said you looked fierce but were weak on the outside but were weak on the inside. You were embarrassed and angry ... F * ck! It's too difficult for me!

No, he had to vent his anger!

When he set up the formation, he had to use more killing elements. At that time, even if he couldn't kill this bastard, he would make this kid shed a layer of skin!

Jia junren gritted his teeth and turned around. He went to the place where the Jia family had set up the array and began to set it up quickly.

Fei daqiang also arrived at the place. Originally, he could continue to tease Jia junren, but he was afraid that something would go wrong with the things his boss had instructed him to do. It would be troublesome if he forgot something!

With important things in his heart, he could only stop on his way to kill people. He would continue when he had the opportunity!

Fei daqiang kept replaying Lin Yi's words in his mind as he pretended to throw out formation flags.

The positions of these formation flags were just a cover-the most important activation flag was hidden in there, and it was only when the act was almost done that Lin Yi activated the hidden formation!

"Alright, I've finished setting up the array!"

Fei daqiang slowly returned to the midpoint and shouted at Jia junren in the distance, ""Jia junren, why are you so slow? I've already finished setting up, how much longer do you need? Do you want me to help you set it up?"

Even Lin Yi didn't know what to say-Fei daqiang, you're too cocky!

Don't you know what level I'm at?

If Jia junren really asked you to help set it up, with your array Dao level, what can you do? He would be exposed on the spot!

Fortunately, Jia junren was completely focused on his work and did not hear Fei daqiang's provocation at all. Only then did he complete the arrangement of the array in peace.

The two sides exchanged fields. When they met at the center line, Jia junren stopped with a sneer and said, ""You'd better admit defeat immediately. Otherwise, I can't guarantee that you won't be able to come out alive after you go in!"

Fei daqiang pouted and shrugged. "I didn't expect you to speak so fast. You actually said what I wanted to say first. Are you trying to say what I said and make me speechless?" Despicable!"

Jia junren's mouth twitched. You're the despicable one! Your whole family is despicable!

Forget it, what's the point of talking to such a hooligan!

Jia junren suppressed the unhappiness in his heart and returned to his appearance of a noble young master. He flicked his sleeves and walked towards the array that Fei daqiang had set up. Fei daqiang did not say anything more and also walked towards his battlefield!

To be honest, Fei daqiang was a little nervous at this time!

Jia junren's formation had the effect of blocking out spirit sense, and he believed that Lin Yi's legs could see through this to the inside of the formation without a doubt.

The problem was, would the Jia family notice him when he did that?

Even if he didn't notice, would Lin Yi's leg be able to hit him?

Of course, Lin Yi could do it!

But it was rare for Fei daqiang to have the chance to compete. Although his talent in array Dao was average, Lin Yi wanted him to try it out.

With Lin Yi watching from behind, Fei daqiang wouldn't be in any danger. He'd just treat it as a normal test.

What made Lin Yi both angry and amused was that Fei daqiang didn't move at all after entering the formation!

They had just entered the formation, so they would not come into contact with a powerful killing formation. If they did not move, they would not be able to exit the formation immediately, but they would be safe for a period of time.

This guy didn't even want to break the formation by himself. He was completely waiting for his thigh to give him advice!

In other words, Fei daqiang was very aware of his own strength!
