

Spoiled By My Bossy CEO Husband - Chapter 371

Natalia Had Become Smarter

In the video, Lottie's pathetic and sad look, as well as Ralph's pale face, which was even paler than a wall, burned the eyes of the three old men.

Jerryl and Yuki, who were still making fun of each other, stopped talking.

Aiden frowned.

After a moment of silence, Aiden's cell phone rang. It was Alfred.

"Uncle."

As soon as the phone was connected, Alfred sighed.

"I know you have a hard time abroad, but... I think I have to let you know."

"Ian didn't allow me to tell you the truth about Ralph, and he didn't want you to know what kind of predicament Lottie was in..."

"But I think you still know something."

"Ralph doesn't have much time left."

"Lottie is thinking of a way to wake him up."

"Hank said that if Jenny were to personally come to Ralph and make everything clear, Ralph would truly believe that he hadn't done anything that he shouldn't have done, he may wake up."

"But Jenny had already committed suicide by jumping off the building yesterday. The only method that can make Ralph hear Jenny saying those words... is using the recording by Lottie."

"But that record was taken away by Yara."

"The condition Yara proposed is, first, let Lottie's friend divorce and give up her career."

"Second... she wants Ian to occupy all Ralph's assets."

Alfred finished his words in one breath.

"I know. We are all adults. There are some things that should be solved by ourselves. Don't bother you elders."

"But now, it's a matter of life and death..."

"I really can't keep it a secret anymore."

"Uncle, if you still acknowledge Ralph as your son, I hope he can survive..

."

"I think this matter can only be solved by you, to look for Ian."

Alfred's words silenced the living room of the Bartons's villa.

Aiden took a deep breath and looked at Yuki and Jerryl behind him.

"What do you think?"

Yuki's lips curled into a smile. She was no longer as friendly to Aiden as before. There was a hint of coldness on her lips. "So, our son-in-law, Ralph, is about to die. You and your eldest son have been hiding this from me, right?"

Jerryl's eyes were also cold.

"Aiden, I don't care what the inside of the Bartons wants to do, but Ralph is our son-in-law. And over the years, he has made money for Chapman Group and his own assets of the DS Group step by step."

"If you and your eldest son Ian want to take away what belongs to him, our Bells will not allow it!"

Yuki also nodded. "If you protect Ian, we must protect our son-in-law."

"If we take action at that time, don't blame us for being cruel."

Aiden silently rubbed his aching mid-brows.

He had seen how cruel Yuki was.

After all...

A mother would love her own child.

However, in order to prevent Jenna Kennedy from threatening her with Lottie, Yuki had cut off their kinship and let Lottie live with Arthur Bell more than 20 years!

She had been fighting with a crazy woman like Jenna Kennedy for more than 20 years. Jenna Kennedy was a pervert, and Yuki was not a good person!

If they really forced Yuki to do it herself...

Aiden shivered and quickly took out his mobile phone to call the housekeeper.

"Now, immediately, immediately come here!"

"Apply for a channel to Rexwell and transfer a private plane. I'm going to Rexwell to find Ian!"

After that, he turned his head and looked at Yuki with a smile.

"Yuki, is... is this okay?"

Yuki smiled faintly.

"Since you have used the private plane..."

"Then let's go together. After I woke up, Lottie haven't see me."

"This time, I'll go and see how you deal with your family."

"By the way..."

"Give Lottie a great gift."

Aiden narrowed his eyes and wanted to say something, but in the end, he said nothing.

An hour later, the private plane took off from the airport.

At the same time, in a five-star hotel in Rexwell, Yara was leaning on the sofa, sipping the freshly brewed peach Oolong tea while glancing at the woman beside her with a faint smile.

"You're as good at making tea as before."

Natalia curled her lips, picked up the teapot indifferently, and poured another cup for her. "If it weren't for you, I would have forgotten that I used to like to make tea."

After that, she put down the teapot and looked up at Yara indifferently.

"You've also drunk the tea. If you want to humiliate me, you've already done it. Can we talk now?"

Yara chuckled and put down the teacup gracefully while glancing at Natalia.

"Why do you have to say something so unpleasant?"

"Did I humiliate you? I'm just talking about the past with you and what you did for me."

"When I said that I had a terminal disease, I would remember what you did for me for the rest of my life.

"

"In fact, you didn't suffer a loss."

"If you hadn't find a job in a management company to treat me, how could you have become the movie queen, Natalia?"

"From this point of view... you should thank me."

She winked at Natalia and said,

"Do you agree?"

Natalia's hands clenched into fists.

She curled her lips and looked at Yara's face with a fake smile. "Yes."

"It's all thanks to you that I could have everything that happened later."

"So if you want to destroy me now, didn't I refuse?"

Her words finally made Yara laugh with satisfaction.

"Natalia, you should have known that you are not as good as me."

"Fate is unfair. It allows you to have a happy family, all of your parents and younger brother loved you, but I have nothing."

"But fate is fair. Although I don't have relatives, I have Kayden and Ian, and I am going to get a lot of Ralph's assets..."

After that, she smiled.

"You came to see me today because of Lottie, didn't you?"

"No problem. As long as you divorce Kayden, and then announce in public that you will quit the entertainment circle, I will consider returning the recording to Lottie."

Natalia bit her lip and stared at Yara.

"I want you to give me an accurate answer. If I do that, will you give it to me or not?"

"If it's just a matter of consideration, I won't do it."

Yara raised her eyebrows.

She didn't expect that the fool Natalia had become smart. .

Spoiled By My Bossy CEO Husband - Chapter 372 What Are You Doing?

"Yara."

Seeing that the woman next to her didn't speak, Natalia took a deep breath and her eyes were cold. "I can promise you anything you ask me to promise you. What I want is only your promise. Promise me that after I finish these things, you will return the recording to Lottie."

As she spoke, her lips curled into a cold smile. "Why aren't you saying anything? Don't you dare?"

"If you can't guarantee... then I..."

"Why can't I guarantee it?"

Yara sneered and took out a piece of paper to write down what Natalia wanted her to do.

After a while, she smiled and signed her name elegantly on it.

"Look, I signed it."

"As long as you do as I said, divorce with Kayden and leave the entertainment industry forever..."

"I'll return the recording to Lottie."

After that, she looked up at Natalia indifferently. "Since you know what I said to Lottie last night, you must know that I can reduce the two conditions into one..."

"It's all for the sake of you and Kayden."

Natalia bit her lip tightly and did not speak.

She carefully checked the contents of the paper. After confirming that it was correct, she signed her name solemnly on it.

After putting away the contract, the woman took a deep breath and strode away.

"Are you really going to return the recording to Lottie just because she announced her withdrawal?"

After Natalia left, a woman walked out of the room and asked indifferently.

Yara smiled.

"Do you know what Natalia and I used to look like?"

"It's not the first time I've lied to her. I can even tell her a lie like terminal disease. She can believe it..."

"One more lie is ok."

The smile on her lips widened as she watched Natalia leave.

She could lie to Natalia without keeping her word, but once Natalia announced to the outside world that she would leave the entertainment industry forever...

She would never be able to back again.

At the thought of this result, Yara was in a good mood.

The world was so unfair.

Why could Natalia have the family affection, love, and career that she could not get at the same time?

There were some congenital things that she could not change.

But...

The woman raised her lips coldly.

She could destroy Natalia's happiness.

Destroy everything about Natalia.

When Natalia became inferior to her, she could only crawl under her feet.

Then she defeated her fate and the unfairness of her fate!

Thinking of this, she sat back on the chair and gracefully picked up the teacup and took a sip of the tea made by Natalia.

When Yara left Rexwell, there were two things she envied the most.

One was Natalia's beauty, career, family affection, and love.

The other one...

It was Ralph's extremely wealthy.

Therefore, when she first met Ian abroad, she fell in love with him.

She had tried her best to scheme against Ian in order to be with him one day...

To be able to bring Ian back to her country and let Ian take Ralph's place, allowing her to obtain Ralph's wealth.

Before returning to the country, she had thought that Kayden and Natalia might be married by the time she returned, and they would become an enviable couple.

But unexpectedly...

After so many years, there was no progress between them.

They could not withstand a single blow.

Thinking of this, she smiled and turned to look at the woman behind her leisurely.

"Yoyo, thank you for the information you provided me."

"If it weren't for you..

. I really don't know much about their situation after leaving Rexwell for so long."

Yoyo smiled faintly.

"Don't thank me."

"I'm just..."

She narrowed her eyes.

"I'm just for revenge."

She had to take back the humiliation that Lottie had brought to her in Odense!

At 10 o'clock in the morning.

A piece of explosive news directly blew up all the major public markets in Rexwell.

After Natalia used a knife to threaten her old friend in the restaurant yesterday...

He chose to retreat.

She sat in front of the screen and smiled gently and calmly.

"Everyone, because of some recent things, I really don't think it's suitable for me to continue to be a public figure and become the model of young people."

"So, I've decided to quit the entertainment industry."

After a few simple words, she stood up, bowed to the screen seriously, and then looked up at the big screen with a smile.

"Everyone, not see you in the world."

In less than a minute, the video announced the end of the former movie queen.

Natalia's fans burst into tears on the spot.

Everyone on the Internet began to discuss wildly.

Some felt that she deserved it, some insulted her, some felt sorry for her, and some felt that what had happened yesterday would not let her quit...

Some even began to forecast online, saying that Natalia had encountered a love disaster this time. They did not know if she would have a chance to get out of it in her life.

..

As the protagonist of this incident, at this moment, Natalia was sitting in the living room of her villa, watching the news while listening to the three little guys around her.

"Natalia, there is no need for you to do this!"

"Why can't you ask us before you do this?"

"Even if you don't ask us, you have to ask our mommy!"

"We know that you're doing this for our mommy, but if you don't ask her, how do you know if she needs it?"

"You bet on your future career just like that. If you regret it in the future, our whole family will owe you."

"Natalia, take advantage of the chance to take back it now. Hurry up and withdraw the video!"

Natalia stood up and glanced at the three chattering little guys behind her.

She curled her lips, picked up a glass of red wine, and took a sip.

"Your parents never talk so much like you."

"Who do you look like?"

Fabian pursed his lips and thought for a while. "Maybe we look like our grandpa."

Nebula frowned. "It doesn't matter who it is. What matters is Natalia, your career..."

"It doesn't matter."

Natalia closed her eyes and smiled bitterly.

As she closed her eyes and danced leisurely on the floor of the living room, she smiled and said, "The reason why I was able to enter the entertainment industry was that Yara said that she had a terminal disease at that time and I worked part-time to make money for her."

"It was Kayden who helped me become the movie queen..."

"Every step I take in the entertainment industry has something to do with these two people."

"Then why should I stay in the entertainment industry?"

As her voice fell, the man's cold voice came from the door.

"You entered the entertainment industry because you like filming."

"It's not because me you're popular, but because of your own strength."

Kayden, who was sitting in a wheelchair, appeared at the door.

"Natalia, what are you doing?"

Spoiled By My Bossy CEO Husband - Chapter 373 Aunt Natalia

Natalia was stunned.

She didn't expect Kayden to come at this time.

Taking advantage of the alcohol, she calmly looked at the man in front of her, the face she used to be most obsessed with.

"What's wrong with me?"

"I'll decide my own life."

As she spoke, she walked over and lifted Kayden's jaw frivolously.

"Kayden, I used to listen to you in many things."

"I think you are my favorite person, my sky, and my sun. I want to circle around you."

"When you start a management company, you need a movie queen. I'll study hard every day and study how to film every night."

"I'm not from a professional class. In order to cure Yara, I had already dropped out of school to work."

"I'm the only one who knows how difficult it is for me to walk in this circle."

"At first, I worked to treat Yara, but after she left, I was still working hard."

"Even harder than before. Do you know why?"

She looked at the man's face, and the smile on her lips became bigger and more presumptuous. "I just want to make you happy."

"You said that you don't want to inherit the property of the Chapman family. The last condition your uncle and your father gave you is that you have to success in your own business in a few years."

"You said you wanted to open a management company, you said you wanted to make me famous and make me your cash cow."

"I'll work hard and do my best to film."

"365 days a year. I have 360 days in the filming site."

"In the end, I got the movie queen for you and let you raise your head in front of your uncle and father."

"But what did you give me?"

She looked at him, and her eyes gradually became cold.

"What you gave me is that every time you get drunk, you mentioned Yara."

"It's because you don't trust me. You always thought that the person who sent the letters to you was Yara. I just read the contents of your conversation with Yara and imitated her handwriting."

"I did whatever you asked me to do."

"When you wanted me to take care of Lottie, then I took care of her."

"When you asked me to stay away from Alfred, I stayed away from him."

She looked at Kayden's face, and the light in her eyes gradually changed from love to anger, then to hatred.

"For you, I went to help Lottie . What happened to me in the end, I lost my virginity."

"You are indeed very good. When I was in a coma, you married me, so that I don't have to go through rumors about this matter.

"

"But then?"

"When I wake up, you start to drive me away."

"I don't agree. You didn't see me and punish me."

"I thought you wanted to divorce with me because of your poor legs. You didn't want to get me involved, so you asked me to leave."

"I also made up my mind that no matter what, I will help you cure your legs."

"But..."

She looked at him and sneered. "When Yara came back, you were the first one to see her."

"I know."

"So you divorced me because of Yara."

"You feel sorry for Yara, don't you?"

After that, she let go of Kayden's jaw.

"I've lived for you for too long. I'm too tired."

"So I have to give up now."

"I will divorce with you and quit the entertainment industry."

"Leave you and leave the glory you created for me."

"From now on, I have nothing to do with you."

After that, she took a deep breath and tore off the necklace that Kayden had given her.

The necklace was very thin and beautiful. When it was pulled off, it was directly broken into two pieces.

Natalia threw the necklace on the ground.

"Kayden, from today on, I will live for myself.

"

"It has nothing to do with me who you like and who you don't like."

"What am I doing is nothing to do with you!"

The woman took a deep breath, bypassed Kayden, walked behind him, and opened the door.

Then, she turned Kayden's wheelchair in a flash and pushed it out of the door.

With a bang, the door was closed.

Natalia leaned against the door as if she had lost all her strength and slid down feebly.

Kayden knocked on the door.

"Natalia!"

"Are you crazy?"

"Open the door!"

She covered her ears and did not listen.

The woman finally fell to the ground, covered her ears, and burst into tears.

She should be glad that she had just drunk.

It was true that "Wine makes one brave".

If it weren't for the fact that she was drunk, given her character, she probably wouldn't have done something so heartless to Kayden.

On the sofa inside the door, the three little guys looked at each other.

After a while, Fabian took a deep breath, walked to Natalia, and sat down beside her.

"Sister-in-law, you can lean on my shoulder."

Listening to the little fellow's immature voice, and pretending to be mature, Natalia burst into laughter.

She held Fabian and buried her head on his shoulder.

"Thank you."

"But call me aunt in the future. Don't call me sister-in-law."

Star sighed. "Okay, aunt."

Seeing that Natalia's mood had gradually calmed down because of Fabian, Elijah sighed, silently took out his mobile phone, recorded the scene in front of him, and sent it to Lottie.

"Mommy, I know you're busy now, but..

. you'd better take care of the matters here."

"Aunt became like this because of what that bad woman said to you last night."

As for Stella, he went upstairs directly.

On the computer screen, 90% of the deciphering progress of Yara's account had been reached.

As long as another hour passed...

Then they would be able to get the recording in the network disk!

At the same time, Aiden's plane had landed at Rexwell Airport.

Outside the airport, Ian stood at the exit, anxiously waiting for the appearance of Aiden.

Although he was no longer young, his father -Aiden...

He had only seen him once.

This was his second meeting with Aiden.

It was a lie to say that he was not nervous.

He took a deep breath. For the sake of his dignity and Ralph's image, he could only stand upright and hide all his nervousness.

Soon, Aiden and Jerryl appeared at the end of the exit.

Ian took a deep breath and quickly walked up to them.

"Father!"

The man took a deep breath and looked at Aiden.

Aiden snorted coldly.

"Pa!" A slap directly landed on Ian's face. .

Spoiled By My Bossy CEO Husband - Chapter 374 You Must Be Very Busy Recently

Aiden's slap completely stunned Ian.

Several of his trusted subordinates who came with him to welcome Aiden were also stunned.

Sean looked at Ian in a daze and then at Aiden. He quickly lowered his voice and approached him.

"Sir, what are you doing?"

"What am I doing!?"

Aiden glared at him coldly, his eyes full of coldness.

"Ian, I know you had a hard time when you were a child. In order not to be discovered by Jenna Kennedy, your mother deliberately asked the servants to take you to a poor place."

"You didn't have a good time over there. Your adoptive parents always beat you up, and I'm aware of all about it."

"When I first knew that you were suffering over there, I was also distressed. I also told the two people sent by Jerryl that I should treat you well and not let you suffer any more."

"When you saw me before, you also burst into tears. You said that you finally found your loved ones, and you would cherish them."

"I think you are sincere, so you can leave the Rexwell and leave the matter of Ralph to you."

"However,"

Aiden stared at Ian coldly.

"You are jealous that your brother has the assets of the Chapman family, the DS Group, and is as rich as a country!"

"You not only hid his serious illness from me, but also want to take everything from him with your fiancée!"

"Ian, I really misjudged you!"

Aiden's loud scolding stunned him.

He covered his face and stared blankly at Aiden. His eyes were full of injury and disbelief.

"Father..."

He didn't expect that he would happily come to pick up his father and see his younger brother. What he expected was the slap and scolding of Aiden.

He took a deep breath and explained in a hoarse voice,

"Did you misunderstand something?"

"I've never..."

He had never been jealous of Ralph!

When Aiden and Jerry left Rexwell, they had said that they wanted him to replace Ralph and stabilize the current situation of the Chapman Group and the DS Group.

He also wanted him to calm Lottie down.

He was already doing his best.

Even though he had considered himself extraordinary before, and he felt that he could help Ralph manage all his companies since he had once opened a small company before.

But when he really became Ralph's substitute, he realized there was so much work he had to face every day.

His highest education history in high school and his experience in running a small company with little income was not enough to support him to support two large international groups like Ralph did.

However, he knew that it was not easy for Ralph to achieve this. He could not let everything about him be destroyed by him.

Therefore, during this period of time, he spent every day handling official business while learning from Sean. He only slept for a few hours a day.

Every time he made a decision, he had to turn to Sean and the company's higher-ups to make decisions repeatedly, for fear that he would make a mistake.

He was so busy that he didn't even have time to spend with Yara every day.

Otherwise, she wouldn't have been hurt twice by a knife by Lottie and her best friend.

He valued family affection and felt that everything he had done for Ralph was worth it.

But now...

Her father could not help but say that he was greedy, jealous of Ralph, and wanted to take everything from him!

The more Ian thought about it, the darker his face became.

Was it because he had not received much education and lived in a bad environment since he was a child that others would blindly come to the conclusion that they were greedy for money?

"You still refuse that you're not jealous of everything about Ralph?"

Aiden glared at him and raised his hand angrily. He was about to slap Ian in the face again.

"Calm down."

Just as Aiden was about to hit Ian's face in midair, he was grabbed on his wrist by a hand.

The man frowned and took a closer look, only to find that it was Yuki, who was sitting in a wheelchair and holding his wrist.

She glanced at Aiden indifferently with a little coldness on her lips.

"I thought that after hiding by Jenna Kennedy's side for so many years, you're not so impulsive any more."

"But you still beat people without reason!"

After that, she looked up at Ian kindly. "Child, ignore him. He's an old pervert. Just treat him as a dead man."

Aiden frowned at her words. "What nonsense are you talking about?"

Jerryl, who was pushing behind Yuki's wheelchair, smiled and said, "she didn't talk nonsense."

After that, the man calmly rubbed his fist.

Aiden instantly gave in. He didn't even dare to teach his son a lesson.

Seeing that he didn't say anything, Yuki smiled and looked at Ian.

She walked up to him in a wheelchair and reached out to hold his hand.

"Let me introduce myself. My name is Yuki, and I'm Jenna's best friend."

"Back then, your mother, Jenna, grew up in my husband Jerry's family. She was my husband's younger sister who had no blood relation, and she was also my best friend."

"It's understandable that your father was angry just now. Don't blame him."

Ian lowered his eyes and looked at the woman holding his hand. He could not help but be in a trance for a moment.

He had never felt such warmth before.

Since he was a child, no woman had ever given him such warmth except for Yara.

He had always been a slave of his foster parents' family. He had been working hard since he was a child and had to serve their young master and young lady.

He couldn't go to university even if he was admitted after he graduated from high school.

Because his adoptive parents didn't allow him to leave their sight and didn't allow him to stay with them to serve his family.

He could only warm from Yara.

But now...

It seemed that she became his elder.

"Just call me Aunt."

Yuki smiled faintly.

"Aunt Yuki..

."

"Yes."

Yuki looked at the man's face in front of her, which was exactly the same as Ralph's. She sighed deeply and said, "You're really like Ralph."

"If she had not known that you were Ian, I would have thought that you were Ralph just by looking at your face and the way you dealt with the work of the Chapman's Group and the DS Group."

This was the best praise Ian had received since he replaced Ralph.

After a moment of silence, the man said in a low voice,

"Thank you..."

Yuki continued,

"I think you must be very busy recently. You definitely won't have a chance to watch the news."

Ian nodded. "No."

He didn't even have much time to sleep. How could he have time to read the news?

She sighed and glared at Aiden coldly. She then gently picked up the tablet computer and handed it to Ian. "Take a look at this news first."

In the news, Yara was being interviewed.

"He's my fiance, it's Ralph..." .

Spoiled By My Bossy CEO Husband - Chapter 375 I Have Something to Tell You

Looking at the contents of the tablet computer handed over by Yuki, Ian was stunned and speechless for a long time.

He didn't know...

Yara said that her fiance was Ralph in front of the reporters!What?

He had always hidden his relationship with Yara. After all, his current identity was actually Ralph.

He was just helping Ralph maintain the stability of the Chapman's Group and the DS Group before Ralph recovered.

Therefore, from the very beginning when he asked Yara to come to Rexwell, he had emphasized that before he restored his identity as Ian, he could not casually reveal their relationship in order not to cause unnecessary trouble.

But...

Now, Yara had even directly told everyone that Ralph was her fiance?

Well...

If Ralph woke up in the future, how could he explain it to everyone?

Would he explain to everyone that Ralph was someone who could abandon his fiancée at any time?

Moreover, what if he could not wake up?

Now she was announcing that she was Ralph's fiancée, but if Ralph really died...

The more Ian thought about it, the more annoyed he felt.

Beads of sweat appeared on his forehead.

What on earth was she...

What did she want to do?

"It seems that you really don't know what your fiancée has done."

Yuki smiled and turned to look at Jerry behind her.

Jerry understood what she meant. He quickly grabbed the tablet computer in Ian's hand, took out the monitor of the restaurant last night, and showed it to Ian.

The video was from last night.

Yara was holding a recording and explaining the conditions to Lottie.

"First of all, I want Natalia to publicly admit her mistake and announce a divorce with Kayden. At the same time, leave the entertainment industry and never step into the entertainment industry again."

"Second, I want you to announce Ralph's death in the name of his widow, and give all his inheritance to his twin brother Ian."

The contents of the video made Ian take several steps back subconsciously.

He stared blankly at the screen in front of him, unable to move since he was greatly shocked.

How could it be...

He knew that this surveillance video must be real.

Because last night, after Lottie threw herself at Yara, he arrived.

He knew better than anyone that they had indeed met on the rooftop of the restaurant last night. There had been a conflict.

But he didn't expect.

..

"The recording in Yara's hand was used to awaken Ralph."

Aiden, who had been silent all the time, finally took a deep breath and looked at Ian with deep eyes.

"Now do you understand why I think you are jealous of Ralph and deliberately want to take everything from him?"

Ian trembled violently.

If he knew all what Yara had said...

In other people's eyes, it might really be the two of them working together.

Now that he had replaced Ralph, he must be the mastermind.

However, he really didn't know what she had done.

After pretending to be Ralph, he had been so busy that he didn't even have time to chat with Yara. So, how could he know what she had said and done every day?

The man took a deep breath and looked up silently. "Is there... a misunderstanding?"

Yara shouldn't be like this.

If she was greedy for vanity and wanted to get Ralph's property, then why had she been with him when she was in the Sea City?

When he first met Yara, he had nothing and worked in the restaurant every day.

Because the restaurant was run by his foster parents' family, he could not get a salary. He worked hard every day and could only get a little pocket money and living expenses.

At that time, Yara came to him like an angel, helping him get rid of his adoptive parents, helping him do business with starting funds.

Although his business was small, it was getting better and better in the past few years.

He would always remember how good she was and feel that she was the most gentle and kind girl in the world.

But...

The man raised his head again and glanced at the woman on the tablet.

"There must be some misunderstanding.

"

He gritted his teeth and looked up at Aiden and Yuki. "Yara is not such a person..."

As he spoke, he took out his mobile phone and wanted to call Yara.

But Aiden directly grabbed his phone.

The man stared at his face coldly.

"Do you think it's a misunderstanding?"

"What misunderstanding?"

"If she really doesn't want to take over Ralph's property, why did she ask Lottie to announce Ralph's death and give all the property to you?"

"And how could she tell the media that her fiancé was Ralph when she knows that you were not real Ralph?"

"Isn't she just preparing to divide his property?"

"Don't you know since it's so easy to understand?"

Ian gritted his teeth and looked up at Aiden's face. "But, father,"

"Yara is the most important person for me..."

"I don't believe she will..."

Aiden snorted. "The most important person?"

"But you don't know her at all!"

Ian took a deep breath and suppressed his anger, trying not to clash with Aiden.

"Father, I didn't say that she must be a good person."

"But..."

"Ian."

Yuki interrupted him.

"I know it's very difficult for you to suspect a woman you've trusted for many years."

"Well, let's go to the hotel to get a room and hide. You can ask her in person and see what she wants to do."

"If she tells you the truth and gives you the most reasonable explanation to explain why she said these words."

"We can also stop pursuing it."

"

"But if she can't explain the cause and effect of what she did..."

"Don't blame us for being ruthless."

After a moment of silence, Ian finally closed his eyes and agreed.

They left the airport.

On the way to the hotel, Ian dialed Yara's number.

"Ian."

A woman's light voice came from the other end of the phone. "Why did you call me at this time? Shouldn't you be very busy at this time?"

"Yes."

Ian took a deep breath and said, "Although I'm busy, I still have time to see you and contact you."

"Yara, I booked a room in the hotel. I want to... get close to you."

"Can you come?"

On the other end of the phone, Yara was silent for a moment.

After a while, she smiled helplessly. "It's still daytime..."

Ian glanced at the elder next to him and could not say anything else. He could only take a deep breath. "Come here. I have something important to tell you."

"How important is it? Do you want to discuss with me about the date of our marriage?" .

Spoiled By My Bossy CEO Husband - Chapter 376 Ralph is Hopeful

Hearing Yara's charming voice, Ian sighed silently.

"Kind of."

"I think it's time for us to change our relationship after being together for so long and getting engaged for so long."

Hearing his words, Yara was overjoyed. "Okay, Ian, wait for me!"

After hanging up the phone, Yara was so excited that she hummed a song and began to dress up.

In fact, she had been with Ian for five or six years.

Speaking of which, others might not believe that though she had been engaged to him after they were in love for so long...

In fact, until now, the relationship between her and Ian was just on the surface of hugging and holding hands.

His love for her was strong, so he naturally proposed many times to make their relationship closer.

But Yara didn't want to.

She didn't like him at all.

In her eyes, Ian was just a tool for her to take Kayden back to Rexwell and take away Ralph's properties.

When she saw Ian for the first time, he was useless except that he looked exactly like Ralph.

He was a man who worked at his adoptive parents' restaurant and worked the hardest and most tiring way, with a smell of garbage all over his body, so how could she really fall in love with him at first sight?

She had always been using him.

And this time...

She intended to sacrifice herself for her plan.

Ian had been coveting her for so many years. He had always thought that they were truly in love with each other. He had always thought that she was unwilling to kiss and sleep with him because she was a gentle and traditional good girl.

If she was willing to sleep with him at this time, he would definitely be grateful to her, and he was willing to believe whatever she said.

Then she could take advantage of this opportunity, when his will was at its weakest after his bed affair...

She would then ask him to take all Ralph's property with her.

She wanted to turn Ralph in the hospital into Ian.

To turn Ian into Ralph forever.

If they could find a day to get married, she could get everything that Ralph had...

As for Kayden?

Yara sneered while applying lipstick.

As long as she really became Mrs. Chapman, she would be Kayden's aunt.

She wasn't afraid that she could not deal with Kayden in the future since he was close to him.

Thinking of this, Yara became more and more excited.

She changed into the most beautiful clothes, gracefully walked out of the hotel, took a taxi, and went to the hotel address Ian gave her.

Yara, who was immersed in joy and excitement, did not know...

On her way to find Ian, the password of her network disk had been broken.

Stella held her laptop and seriously clicked on the latest recording inside.

"I took off Ralph's shirt and scratched his back with my nails. I told you that it was made when I slept with him."

"I took off my clothes again, tore them into pieces, and threw them everywhere, creating a scene to show how crazy we were then."

"Finally, I squeezed the yoghurt that we ate everywhere, pretending that we have done many times together."

Jenny's sharp voice rang out in the room.

The three little guys and Natalia on the side instantly widened their eyes.

Although they had always known that this recording Lottie wanted was meant to awaken Ralph.

But unexpectedly...

The contents of the recording were so strong!

So the knot in Ralph's heart was all forged by Jenny!

Seeing that Jenny's words were becoming increasingly excessive and becoming less and less inappropriate, Natalia quickly snatched the laptop from Stella's arms.

She turned off the video and handed a recording pen to him. "Download it here. I'm going to the hospital now!"

Stella did not dare to neglect him. She quickly downloaded the recording and returned the recording pen to Natalia.

"Aunt Natalia, you don't have to go to the hospital. My mommy will be here soon."

Natalia frowned. "Did you guys tell Lottie?"

Fabian sighed. "Of course."

"It's such an important thing.

How can we not let our mommy come?"

"You've cried so hard, and you've made such a big sacrifice to help your mommy find the recording. If Mommy is still in the hospital at this time, she will definitely ignore you..."

"Then she's not our mommy anymore."

As soon as the little fellow finished speaking, the doorbell rang outside the villa.

Lottie had arrived.

The servant brought her to the study on the second floor.

As soon as the woman entered the door, she rushed to Natalia anxiously.

"Natalia, why are you so stupid?"

"You don't deserve to do such a thing for me. You..."

Natalia bit her lip and looked at Lottie.

"In fact, this is my own decision."

"Even without this recording, I would still choose to leave Kayden and the entertainment industry."

"The recording just gave me a good reason. I can tell myself that what I did is right."

After that, she took a deep breath and handed the recording pen in her hand to Lottie.

"Listen."

She frowned and opened the recording pen in confusion.

Jenny's sharp voice once again echoed through the room.

Lottie opened her eyes in shock.

"This..

."

"Did she really give you the recording?"

Natalia shook her head.

"Of course not."

She sighed and pointed to the three little guys sitting side by side on the sofa in front of her.

"You should say thank your to your three children."

"After they heard the recording, they were keenly aware of the online video that Yara mentioned..."

"So they write a code overnight, tried all the website and finally found Yara's account. It took them nearly a day to unlock the password of her account."

"This recording was found on Yara's Internet."

"So, you don't have to thank me. You don't have to feel guilty about me because I really can't help you with what I did."

Lottie listened in shock. She excitedly rushed forward to carry the three children and then kissed them hard.

In the end, the woman excitedly put them down.

Ralph was saved!

There was hope!

With this recording, she could try with Hank to see if he could wake up!

Just as she was extremely excited, Elijah frowned.

"Mommy, there's... a lot of secrets in Yara's net."

Lottie frowned and subconsciously exchanged glances with Natalia.

The two women leaned over at the same time and glanced at the screen of the laptop in Elijah's arms.

The things on the screen shocked them at the same time.

Spoiled By My Bossy CEO Husband - Chapter 377 I Want to See How She Could Explain

Lottie and Natalia turned the heads of the three little guys to one side and began to carefully check the things in Yara's network disk bit by bit.

It could be said that.....

Perhaps there were some things in the computer that she was afraid of being discovered, so she did not delete them and wanted to recall again.

There were many photos of her with men on Yara's network disk.

The name of each folder was a man's name. When she clicked on it, she saw intimate photos of her and the man.

Those photos...

Not to mention a person like Natalia who had never slept with anyone before, even a person who had given birth to three children would blush when she saw them.

The photos were all about Yara and those men lying on the bed.

Sometimes they wore clothes, sometimes they didn't.

But...

They were all very excited.

Moreover, in each folder named by the man's name, in addition to photos, there was also a piece of information and a form.

She opened the file and saw the man's information, the way they met, the phone number, and the address. Whether she can call him out again? Whether had a girlfriend or wife?"

The form behind...

It was written the date, the money she had used the photos to extort.

Natalia's eyes widened.

Lottie was so shocked that she couldn't speak.

After filming for so many years, she had encountered many strange characters and strange scripts.

But this was the first time that she had seen a woman playing like this!

There were 20 to 30 folders named by men's names!

After reading it, Natalia silently glanced at Lottie and came to a conclusion.

"Yara..."

"She's in good health."

To be able to maintain long-term relationships with so many men, and to extort money from these men...

Yara's brain and body were both stunned!

Lottie pursed her lips and silently took out the USB disk to copy the contents inside.

But there were too many documents on the Internet.

It would take her a long time to copy it.

While waiting, she found a folder named "Ian".

Lottie was slightly taken aback.

Could it be...

Ralph's twin brother was one of Yara's many men?

She stopped the mouse in Ian's folder, but she couldn't get down.

After all, Ian and Ralph looked exactly the same.

She was afraid that when she opened it, she would see a man who looked exactly like Ralph rolling on the bed with Yara!

"Why didn't you open it?"

When Natalia saw that Lottie was hesitating, she immediately stretched out her hand to help her point.

The moment she opened the folder, she quickly closed her eyes tightly.

She didn't want to see the photos of Ian and Yara!

"Wow, true force explosion!"

Natalia's emotional voice rang in her ears.

Lottie closed her eyes tightly, not wanting to look at them at all.

"Lottie!"

All of a sudden, Natalia's voice sounded in her ear.

"Don't close your eyes. There is nothing inappropriate about children, but it is also very shocking."

Only then did Lottie let out a sigh of relief and slowly opened her eyes.

Natalia did not lie to her.

There was no ambiguous photo in Ian's folder.

Some of them were about business planning and form information.

It had been five or six years since the earliest document.

Lottie frowned and silently opened the document.

There were some photos of Ian inside.

In the photo, Ian looked even older than he was now.

Dressed in tattered clothes, he stood in a cold yard, washing the dishes.

The man's hands were red from the cold, but his eyes were very focused.

The next one was that he was mopping.

The next one was still mopping, but a woman in fur was pointing at his nose and scolding him.

Ian lowered his head and mopped without saying a word.

There were dozens of such photos, each of which was covered with dirt.

Lottie's eyes widened in shock.

She turned to look at Natalia.

Natalia was so shocked that she couldn't speak for a long time.

They had always known that Ian was Ralph's twin brother, but they didn't expect...

Ian lived such a life in the north!

Looking at the man in the photo, who looked exactly the same as Ralph, but was covered in dirt and dust, a trace of heartache filled her heart.

He used to live like this...

No wonder he and Yara were plotting to occupy Ralph's property.

Fate was unfair to him. He wanted to get it back from Ralph.

Although she knew that Ian's idea was wrong, these photos made her understand Ian's suffering at once.

She took a deep breath, turned off the folder, and opened the next.

After reading through a few folders, Lottie and Natalia finally understood that they had misunderstood Ian.

Perhaps, the only person who wanted to take away Ralph's property was Yara.

Because Yara's New Year's gift from Ian was written:

"Thank you for entering my life and allowing me to see the sun."

"I'm very satisfied with my present days. I only hope that there will be no twists and turns in the future until I grow old."

A person who was grateful for his life and hoped to live a peaceful life until old...

How could it be possible that the first thing he thought of when he found his real relatives was to occupy their property?

What's more...

The final purpose of Yara's plans was to get Ralph's property. Ian was just her tool.

Lottie instantly felt pity for Ian.

Yara put on a huge green hat for him and even treated him as a tool to help her snatch his brother's property.

Thinking of this, Lottie took a deep breath, took out her mobile phone, and called Ian.

"Hello."

Soon, the man's voice came from the other end of the phone.

Although he looked almost the same as Ralph, his voice was still different.

Lottie could hear the difference between their voices without any hindrance.

She took a deep breath.

"Ian, where are you?"

"I have something important to talk to you about."

"Is it about Yara saying that she is Ralph's fiancée?"

Ian's voice was calm on the other end of the phone. "I'll send you an address later. Come here."

"I happened to want to have a good chat with Yara because of the interview."

"If you also want to know the truth, come and listen."

The man's voice on the other end of the phone was a little decadent.

"I've been very busy recently, and I don't know what she wants to do now."

"If she really... wants to do what she shouldn't do, I will make the right choice."

After that, Ian hung up the phone.

"What does he mean? "

Natalia frowned.

Lottie took a deep breath and finished download all the documents. Finally, she let out a long sigh of relief.

"No matter what."

"It's just right that Yara is here."

"I want to see how she will explain these documents to Ian."

Spoiled By My Bossy CEO Husband - Chapter 378 I Miss You So Much

Lottie, Natalia, and the three guys left in two separate groups.

One of the three little guys was responsible for guiding the way to the hospital, the other was responsible for contacting Hank, and the other was responsible for dealing with Alfred.

After getting into the car, Fabian waved at Lottie outside the window. "Mommy, don't worry! We will definitely hand over the recording to uncle and let him play it all day round to daddy!"

"Daddy will definitely wake up and look for us when he hears that!"

Hearing his words, Lottie smiled. "I hope you're safe all the way!"

"Mommy is safe all the way!"

"After dealing with that bad woman, remember to go to the hospital and find us. Let's wait for daddy to wake up together!"

Lottie nodded and got out of the car.

Natalia was amused by the little fellow's voice. She couldn't help getting in the car and said,

"Lottie, when can I have such a lovely child like Fabian?"

When she cried very sadly before, Fabian lent her his shoulder and let her cry against his shoulder.

Natalia could even imagine that after Fabian grew up, he would definitely be a considerate and gentlemanly man.

She sat in the car and sighed with emotion.

"It's just that I'm single now and haven't met a suitable person."

"If I meet a suitable person, I must seize the time to have a daughter!"

Lottie sat on the leather seat with her laptop in hand and turned to look outside the car window.

"What's the point of having a daughter?"

"Be Fabian's wife!"

Natalia glared at Lottie in annoyance.

"Don't you think that your Fabian are particularly gentle and sunny?"

"I may not have the fortune to have such an obedient and sensible child in my life, but I can turn him into my son-in-law!"

Natalia put her palms together and said,

"Fabian is now five years old. When my daughter is born, perhaps their age difference is... six years old."

"It's okay to be six years old, it's acceptable!"

Lottie helplessly glanced at the whimsical woman beside her.

"I have to remind you, Natalia, you don't have a boyfriend yet. You have just ended a terrible marriage."

"If you find a new boyfriend to get married, it will take you at least a year to get married, a year to get married, and a year to have a baby. Then the gap between your daughter and Fabian is more than six years old."

"I haven't counted this yet. You have an empty date before you find a boyfriend. If you can't find a boyfriend in five years, when you give birth to a daughter, Fabian may already have a girlfriend."

The veins on Natalia's forehead twitched when she heard Lottie's words.

She glanced coldly at Lottie, then lowered her head and counted with her fingers.

"If you say so..."

"It will take me three years to get pregnant from love..."

"In order to prevent the age gap between Fabian and my daughter from being more than ten years old, I should find a boyfriend in two years."

"

After that, she took a deep breath.

"When the matter here is settled, I will start to travel around the world and have a blind date all over the world!"

"I don't believe that I can't find a suitable person in two years!"

Hearing her exaggerated words, Lottie couldn't help but sigh.

"Are you really not considering Kayden?"

Hearing Kayden's name, Natalia's face suddenly changed.

She turned her face and looked out of the window.

"Why do you mention him? It's disappointing!"

"As I said before, I don't like him anymore. I just don't like him anymore. Not only do I not give him a chance, I don't give myself a chance!"

"The same person never crossed the same river twice, I won't turn back!"

After that, she turned to look at Lottie.

"What's your ex-boyfriend's name?"

" Luke."

"Will you give Luke another chance?"

Lottie was rendered speechless.

She sighed. In fact, there was something she wanted to tell Natalia.

However, she did not say anything when she saw Natalia's resistance.

In fact, what she wanted to say was...

Kayden was really different from Luke.

Luke was a complete scumbag.

As Kayden

Even though he had Yara in his heart, he always thought that the person who wrote the letter to him was Yara.

However, he was still very concerned about Natalia.

For example, now...

The message lying on her phone was from Kayden.

"Natalia's mood is very unstable now.

Can you find time to accompany her?"

"Thank you."

Lottie sighed.

She felt that no matter what, Kayden still had Natalia in his heart.

For this point, no one could compare with him.

Soon, the car arrived at the hotel.

Lottie and Natalia went upstairs according to Ian's address.

After entering the room, they found that it was a suite.

Outside the suite sat Ian in a suit and leather shoes.

Inside the suite...

It's Aiden and Jerryl...Yuki was sitting in a wheelchair.

This was the first time she had seen Yuki in a state of soberness.

She widened her eyes and looked at Yuki's face. She opened her mouth and wanted to say something, but she couldn't say a word.

She really wanted to call her mother.

However, she couldn't say it out loud.

Yuki glanced at her indifferently and smiled.

"When I was in a coma, didn't you say something naturally?"

"When you see me awake, you can't say a word?"

Lottie bit her lip and nodded silently.

Her mouth seemed to have lost the function of speaking.

Opening and closing, she wanted to say a word, but she couldn't say anything.

She was too nervous.

She did not expect to meet Yuki under such circumstances.

She didn't expect Yuki to be so beautiful and gentle when she woke up.

Seeing that she was still nervous, Jerryl sighed.

"She's your mother. What's there to be afraid of?"

"Why aren't you coming over yet?"

Lottie bit her lip, put the laptop in Natalia's hand, and slowly walked over.

Yuki took her hand and sighed.

"I've made you suffer."

"Your father, your uncle, and I in Odense have no idea that you're living like this in the city."

"If I had known earlier, I would have been here a long time ago."

"It's just..."

Before she could finish her words, she glanced at Ian, who was sitting outside, and silently swallowed back the words "little bitch".

Lottie pursed her lips. Just as she was about to ask Yuki why she was here, the door was pressed open from outside.

Jerryl quickly signaled for them not to speak, and then closed the door in the middle of the suite.

Soon, Ian got up and opened the door.

"Ian!"

As soon as the door opened, Yara's coquettish voice came from outside.

"I miss you so much!" .

Spoiled By My Bossy CEO Husband - Chapter 379 It's Your Turn

In the past, every time Yara said that she missed him, Ian would be very happy.

But now, he couldn't laugh no matter how hard he tried.

He looked at the well-dressed woman in front of him and suddenly felt that she was a little strange.

He and Yara met when he was in the most awkward situation.

Yara was the one he cared about. She was the first and only warmth in this world.

She was willing to hug him when he was in the most awkward situation and say that she wanted to have a bright future with him.

She was willing to stand beside him when everyone laughed at him and tell him that she believed him.

Later, his adoptive parents' house was burned. Everyone blamed him and thought that he did it.

Yara was the first to stand up and say that she believed him.

Not only did she believe him, but she was also willing to do her best to help him investigate. In the end, he was released innocent.

He didn't want to go back to his adoptive parents' home, so she proposed to go to another city with him. She had some savings and wanted to do some small business with him and live a good life.

At that time, Ian really felt that Yara was the most gentle and kind girl in the world.

Soon after, they confirmed their relationship, also taking root in another city.

They opened a small supermarket.

Although Ian's education background was not good, he had only been working at his adoptive parents' home.

But he had a very good business ability.

Soon, the supermarket became bigger and bigger.

Although Ian had encountered a lot of difficulties, in just a few short years, he had become the president of several large shopping malls from the boss of a small supermarket.

He felt that these days were peaceful and comfortable.

However, Yara always said that the city they lived in was too small.

They should have a bigger stage and more wealth.

She had been encouraging him to come to Rexwell, saying that there would be more opportunities for him to realize his ambition in Rexwell.

For this reason, Ian and Yara had quarreled.

But he didn't expect that one day he would find his real relatives and really come to Rexwell.

What was even more unexpected was that after coming to Rexwell, he would become the president of the Chapman's Group. He had been so busy that he had not seen Yara for a long time.

"Ian.

"

Suddenly, Yara's voice pulled Ian back to reality.

He looked up and saw that Yara had taken off her coat in front of him!

She didn't wear underwear, but only a very revealing silk pajamas!

The man's eyes widened in shock. When he thought of Lottie, Natalia, and Aiden in the suite behind him, he quickly pulled Yara's coat and draped it over her.

"Yara, get dressed first."

"I have something to talk to you."

Yara narrowed her eyes with a hint of sarcasm in her eyes.

This man was obviously very nervous, but he still pretended to be reserved in front of her.

She had seen too many men like this. Although he said no, he was actually very excited!

The woman curled her lips, took off her coat, leaned over, and gently hugged Ian's shoulder.

"Ian, we've only seen each other three or four times since we came to Rexwell. We're always in a hurry."

"Now that we have finally met, do you still want to push me out?"

Ian was so nervous that his Adam's apple was rolling, and cold sweat broke out on his forehead.

The man forcefully pulled Yara off his body and threw her jacket on her.

Later, he felt that the coat could not cover her whole body, so he picked up the bed sheet and wrapped it around Yara.

Yara finally couldn't move.

She could not move under the bed sheet.

The woman frowned and finally looked at Ian unhappily.

"Tell me, what do you want to talk to me about?"

"Why not we discussed it while ML?"

"I have been with you for so many years, but we have never gone this far. Aren't you in a hurry?"

After the woman finished speaking, there was a faint sound of gasping in the suite.

The veins on Ian's forehead twitched violently.

He took a deep breath and wrapped her up even tighter.

"Yara, I really have something serious to talk to you."

Yara rolled her eyes at him and cursed him for being an idiot.

"Tell me, what's the matter?"

The man's eyes darkened. "I saw the news this morning."

He stared at Yara's face and said,

"You know that Ralph is me now. Why did you tell others that you are Ralph's fiancée?"

Yara was stunned.

She narrowed her eyes. "How did you know?"

Although she was not afraid that he would know about her interview.

But she deliberately blocked all the news related to her from his phone.

She even tried to block all the news about her on Sean's phone.

In order not to let them find out at the first time and give more opportunities for public opinion to brew.

At that time, everyone in the city would see the news. Even if Ian wanted to explain, he couldn't.

But now, less than 12 hours after her interview, Ian began to question her!

"Of course I saw it on my own."

Ian stared at her face with bottomless eyes.

"Tell me, why did you say that?"

Yara narrowed her eyes and said softly and sweetly,

"Don't I want to spend more time with you?"

"As your current status is Ralph, If I tell people that I am Ralph's fiancée and , we can hold hands together in public."

"Isn't this good?"

She bit her lip and looked at him pitifully.

"Ian, don't you want to be with me openly?"

Ian gasped.

"Is it really for this?"

"Of course."

"But I told you before that in order not to cause trouble for Ralph, I asked you not to look for me while I was pretending to be Ralph.

"

Yara bit her lip. "But I miss you so much..."

Ian sighed.

"What about you threatening Lottie?"

"You threatened Lottie and let her announce Ralph's death. Let her gave me all his assets because you missed me too much?"

Yara's face darkened when she heard the man's words.

"How did you know?"

Ian sneered.

"You don't have to worry about how I know. You just need to tell me why you did this."

Yara closed her eyes and smiled bitterly. Then she looked up at Ian's face coldly.

"Of course, it's to get Ralph's property."

She stared at Ian's face.

"Ian, don't you think it's unfair?"

"Both of you are the children of your father and mother. You two were born at the same time. But now, he is living so well, but you are so hard."

"Don't you think you should ask him for something?"

"Ralph has enjoyed himself and has been comfortable for too long. It should be your turn long ago!" .

Spoiled By My Bossy CEO Husband - Chapter 380 What Can't You Do?

Ian was stunned.

He looked at Yara in front of him and suddenly felt that she was so strange.

They had been together for five or six years.

The relationship between the two had never gone further, but...

He had always felt that he should be the one who knew Yara best.

But now, when he looked at the woman in front of him, he suddenly felt that he had never really understood her.

The man's eyes darkened as he stared at Yara.

"But Yara, Ralph deserves everything."

During this period, he had been learning how to deal with the affairs of the Chapman Group and the DS Group like Ralph.

Except for eating and sleeping every day, he studied with more than ten times more effort like running the small shopping mall before, but he still felt powerless .

Ian found it hard to imagine how Ralph could manage these things with ease. He could also fall in love with Lottie and enjoy family life with three people.

He had experienced Ralph's life for less than a month, but he was almost crushed down.

Therefore, when Yara said that it was very easy for Ralph to get these things, he felt that it was unreasonable and funny.

Only by sitting on Ralph's seat would one know how powerful he was.

This was something that he might never be able to do in his life.

Thinking of this, Ian took a deep breath.

"Yara, what everyone can get all depends on their own abilities."

"Ralph is indeed more capable and better than me."

"I don't think there is any unfairness in this world."

Ralph must have been flustered when he first did these things. Right?

He should have worked so hard to reach his current position.

During this period, he also had heard a lot about Ralph's past.

When he just took over the Chapman Group, it was already on the verge of bankruptcy because of Kayden's father. It was Ralph who turned the tide and pulled the Chapman Group back from the bankruptcy.

As for the DS Group...

It was all the lands that Ralph had conquered little by little.

He named the DS Group Double Stars. Because at that time, there were only two children in his family, Elijah Chapman and Fabian Chapman.

That was why it was called double stars.

This group was completely created by Ralph himself. He intended to leave it for the children.

But now, all of Ralph's efforts had been wiped out by Yara.

It was as if Ralph had been living a better life and got everything after he was born.

This was not unfair. Yara's heart was in a daze!

"Ian!"

Yara frowned and glared at Ian.

"So the reason why you came here today is not to discuss our future with me, but to think that I shouldn't think of a way to make you live a better life in the future, right?"

"Who do you think I'm doing this for?"

"Do I covet Ralph's property?"

"Ian, it's so difficult and miserable for you in the past. You don't need me to help you recall, do you?"

"Why can't you work harder and progress a little?"

"Getting Ralph's money and asset is the best way for us to jump from the bottom to the top!"

"You say you don't have Ralph's ability. It doesn't matter. We actually don't need to run his business well."

"We just need to get his 100 billion yuan."

"Those money is enough for us to live in the top society for a lifetime!"

The more she said, the crazier and more excited she became.

"Ian, let me go."

"Shall we sleep together now?"

"When Ralph dies and we get his money, we will get married and I will give you a baby!"

"Lottie can give Ralph three. I can give you six!"

Yara's excited voice made Natalia, who was sitting in the suite, burst out laughing.

Kayden was such a fool.

His goddess, Yara, wanted to be Ian's sow for money!

But for such a woman..

.

"Who!?"

The voice inside made Yara's face turn pale instantly.

She widened her eyes and looked in the direction of the door.

"Who is inside!?"

As she spoke, she turned her head and glared at Ian.

"You have other woman?"

"Wow, Ian."

"I've been with you for so many years, but I've never really slept with you. I thought you could really bear it."

"I didn't expect you to hide it from me. You have another woman outside!"

"Are you worthy of me!?"

Ian's face darkened from her scolding. Just as he was about to say something, the door to the compartment was opened by Lottie.

The woman curled her lips and looked down at the woman who was tied in the bed sheet by Ian. She smiled coldly.

"Yara, do you think my brother Ian has cheated on you?"

"Excuse me, how could you say that?"

"Do you think no one knows what you did behind the scenes?"

Yara frowned and glared coldly at Lottie.

"It's you?"

After that, she laughed coldly.

"Lottie, you're really smart."

"You could easily seduce Ralph, the richest man in Rexwell."

"Now that Ralph is about to die, you think you can't save him anymore and start seducing Ian. Right?"

As she spoke, she glanced around at the decoration of the room. "The doors and windows are closed so tightly. Did you two just have sex and wait for me here?"

"No wonder Ian is no longer interested in me.

With a young married woman like you around, of course, he will feel that you are extremely charming."

"After all, you have already given birth to three children. In terms of the sexual skills on the bed, who can compare with you?"

The woman's words were really disgusting.

Ian's face was as gloomy as the sky that was about to rain.

"Yara, don't talk nonsense!"

She didn't act like this before...

How could she suddenly become so greedy, so crazy, and full of foul words?

"Am I wrong?"

"What were you and Lottie doing here before I came?!"

"We just arrived before you came."

Natalia smiled lightly as she pushed open the door and walked in. She sat down on the sofa next to Lottie.

Yara widened her eyes and sneered.

"I didn't expect that there would be Natalia!"

"That's right. You're good sisters. You broke up with Kayden for Lottie. What else can't you do?"

"I can't do a lot of things."

Natalia picked up her laptop indifferently, inserted the USB disk into it, and opened it.

"For example, I won't sleep with men everywhere, let alone taking photos every time to blackmail others." .
