

Spoiled By My Bossy CEO Husband - Chapter 541

Maybe I'm More Popular-looking

Rubby looked in the direction of Lottie and even smiled provocatively at her.

Connie was so angry that she glared at her with anger.

However, Rubby completely ignored Connie. She turned around and sat down in the most eye-catching position.

"There's nothing to be angry about. It's sunny and the rain has stopped. She feels that her good day comes back again."

"But she didn't realize that it would it would rain one day again anyway."

However, Natalia frowned and said, "There is something wrong with Rubby. Why does she suddenly look like she is determined to get it?"

"Ting-Ting!" Lottie's phone rang.

She picked it up and glanced at it and smiled.

"It doesn't matter. Mr. Chapman has cleared the obstacles for us. We just need to show off our acting skills."

Everyone relaxed when they heard that.

Three minutes later, a staff came over and announced that the audition would begin ten minutes later. Now, everyone was invited to draw lots, and then the people who were selected would enter the audition in order.

Lottie and Natalia each went forward to pick their numbers. Lottie drew 11th, while Natalia 15th.

They were both in front, so they didn't have to wait too long to go back to rest.

The audition this time was for five people in a group. Lottie and Natalia were in the second group.

Coincidentally, Rubby was also in the second group. She was the 12th, just behind Lottie.

After learning the results of the draw, Lottie began to suspect that the order had been arranged in advance, otherwise how could it be so coincidental?

Rubby and Lily looked at each other secretly.

This was what they had arranged in advance. They had asked the producer to arrange for Rubby and Lottie to be together, and the order was that Rubby followed Lottie.

According to their ideas, only through a clear comparison could the audience know the gap between her acting skills and Lottie's.

And Rubby was ranked behind Lottie, so that she could adjust her performance after watching Lottie's.

She believed that she would definitely be able to defeat Lottie. She wanted the director and screenwriter couldn't favor Lottie anymore, so that she could get the role Anna.

The first group entered the special room for auditions. Lottie and the others sat in the chairs at the door in order.

Rubby sat next to Lottie. Seeing her calm face, she couldn't help but provoke her.

"Look at how calm you are. Do you think the female lead is yours already?"

"I'm not as calm as you, Ms. Rubby. You should be more confident than I, right?"

Rubby snorted and said, "We each have our own ways."

"Then let's wait and see who will win." Lottie answered with smile.

Seeing her smile, Rubby could not help sneering in her heart.

She thought, "Let's see how long you can be proud of yourself!"

Twenty minutes later, the actors of the first group came out with pale faces.

Connie went over and asked as soon as they came out, "How is it? Is it difficult?"

The actor whose arm was grabbed by Connie forced a wry smile and said, "What do you think?"

If it was not difficult, then it was not Mr. Heron who was auditioning them.

Connie also knew that she had asked a stupid question. She turned her head and made a gesture of cheering for Lottie and Natalia, then watched them enter the audition room.

Because she was too focused, Connie accidentally stepped on the foot of the person behind her.

She looked back and found that it was Harleen. She immediately widened her eyes and asked, "Are you also in the second group?"

Harleen shook her head. "I'm in the third group."

Connie nodded and said casually, "Come on."

Harleen smiled with shallow dimples on her cheeks. "Thank you."

For some reason, Connie suddenly felt a sense of familiarity from Harleen, but when she looked at her carefully, she saw a completely strange face.

Harleen looked innocent and asked in confusion, "What's wrong?"

Connie shook her head. "Have we seen each other before?"

"Really?" Harleen touched her face and smiled embarrassingly. "Maybe I'm more popular-looking, or maybe we really met somewhere."

Lottie knew nothing about what had happened outside.

After they entered the room, they saw six mahogany tables in the middle of the room. There were five people sitting straight behind the table, and one seat was empty.

The five people sitting there were Scriptwriter Rose, Director Heron, Sean Holland, and the other two unfamiliar middle-aged men and women whose identities were displayed on the sign in front of them: Supervisor Sherry ZORN, Producer Hamish Carter.

In addition to the five judges, there were also two huge screens behind them. The camera was facing the location where they were going to audition. There were also some bullet subtitles showing on the screen, indicating that the broadcast had begun.

In addition, dozens of media reporters were crowding along the wall, holding all kinds of shooting tools facing the direction of the scene, ready to take pictures from different angles for the netizens at any time.

Javion was wearing a pair of black glasses. When he saw them coming in, he nodded quietly.

"You draw the lots to choose the audition plots for the role in order, and then I'll give you five minutes to prepare. After the time is up, you can continue to perform directly and try to finish in three minutes."

Lottie and the others expressed no objection, but number 13 and 14 were two newcomers. Compared to the calmness of the others, they looked very nervous.

"Director, isn't it too short for us to prepare in five... five minutes?"

They had to memorize all the lines in a short time, analyze the character of the role, and then performance in the most appropriate way. It would take at least ten minutes to prepare.

Javion's face instantly darkened. "It's enough for an excellent actor to perform a small fragment less than three minutes. If you think it's not enough, I advise you to take your time and have more training."

No. 13 and No.

14 looked pale.

They all knew that Mr. Heron was strict, but they didn't expect him to be so strict.

Seeing that the actor was silent, Mr. Heron stared straight at Lottie.

"Do you have any questions?"

Lottie shook her head. "No."

"Well, let's begin."

Lottie picked up the plot first. After three minutes, Rubby would pick another.

Lottie calmly stepped forward and casually pulled out a piece of paper from a transparent box. On the note, it read: Anna was framed to kill her master, betrayed by her family, and was expelled from the sect.

The specific lines and plots were not provided on the note.

However, the actors who signed up to participate in the audition today, Javion, had sent them scripts and specially marked a lot of dialogues and plots.

As long as one read the script carefully, she would not feel that it was so difficult.

Lottie took a deep breath and suddenly tore apart the left sleeve of her red dress.

Under everyone's shocked gazes, Lottie rubbed her face, making herself look miserable and exceptionally strong, like a beauty on the battlefield.

There were no props at the scene, but Lottie pulled out a soft sword from her waist.

This sword was prepared for her by Ralph when she went to Treasure 101. It was also this sword that made Lottie famous for her sword dance.

Now that she drew out her soft sword again, looked stronger and colder than last time.

.

Spoiled By My Bossy CEO Husband - Chapter 542

Doubts about Leaking the Question

"Anna, ever since you entered the sect, my fellow brother has treated you like his daughter and carefully taught you every day, even more, he has taught you a unique secret method. But you repay him with ingratitude and cruelly kill him! You've done such a terrible thing, which is not tolerated by God!"

"Today, I will expel you from the sect as the acting head!"

"From now on, you have nothing to do with the Heaven Sect!"

The person who spoke was originally Anna's martial uncle, and behind him were her fellow martial brothers.

When her master was still alive, these people were very kind to her. They gave her so many precious gifts willingly and always tolerated her mischief kindly.

However, after her master's death, these people all changed their attitude to her. Not only did they blame their master's death on her, but they also wanted to expel her from the sect with a decent manner and say some heartless words to her.

In the end, they were all greedy for the unique cultivation method created by her master!

Not only that, but they also wanted to occupy the treasure map that she got by accident, as well as the huge wealth hidden in the treasure map!

All of them, who she used to regard as the families of hers in the same sect, were evils!

"You don't deserve to chase me out of the sect!"

Anna said in a very low voice, even with chuckles.

She slowly put down the corpse of her master, and put on an extremely cold and bloodthirsty look in her eyes.

She did it careful. After putting it down, she knelt down and kowtowed respectfully.

Her master cared her so much not long ago, but she had completely lost him now.

When she got the treasure map, her master had warned her to keep a low profile. Otherwise, it would be easy to harm herself and others.

But she didn't listen. She was too confident and always felt that everything was under her control.

Finally, it was Master who taught her this principle with his life: Keep a low profile if you want to make a fortune.

If possible, she was willing to give everything in exchange for Master's life.

However, it was too late...

Even so, this was not the reason why these "evils" bullied her master and her!

A teardrop fell to the ground silently when she kowtowed.

By the time she got up, her had stopped crying.

She looked straight at the martial uncle who wanted to drive her out of the sect with proud and cold look in her eyes and gently raised the soft sword.

"Today, either kill me or I kill you all."

"Choose one."

The wind lulled at that moment.

Anna's murderous look in her eyes left an indelible mark in everyone's heart.

"Thank you. My show is over."

Anna.

.. no, it was Lottie. She put the soft sword back at her waist and bowed respectfully to everyone.

After a short silence, applause suddenly sounded in the room.

Everyone looked up and saw a man sitting in the empty seat who was clapping his hands expressionlessly.

Javion came to his senses, clapped his hands, and said, "You did a good job, especially the last look in your eyes, which was very lethal and your posture was very beautiful."

Lottie smiled. "Thank you, director."

After Javion finished speaking, everyone in the room came to their senses and applauded.

Rubby was shocked. She hadn't thought that Lottie's acting would be so good. In just a few minutes, she had lost herself in the drama because of Lottie's acting!

This ability was very difficult to achieve unless it was an old trick!

More importantly, when did Alfred come in? And He was the sixth of the judges!

He had even applauded just now. Did he think that Lottie was doing very well? In that case, would she still have a chance?

The more Rubby thought about it, the more uneasy she felt. However, she heard the screenwriter Rose pick up the microphone in front of her.

"Lottie, right? Your performance is really good, and have you specially designed your clothes today? When I saw you, I almost thought that Anna came out of my script. Your performance is really lifelike."

Lottie smiled as she said, "It's just a small idea. I didn't deliberately dress up. Although Anna is pretty, she's a chivalrous lady who doesn't care about trifles.

That's why I'm here today without much makeup."

Rose gave her a thumbs-up and looked very satisfied.

Rubby: "..."

She sneered in her mind, "She was lying. When she was in the waiting room, everyone saw her face with makeup!"

However, when Lottie looked in her direction, she suddenly realized that the makeup on her face was indeed much lighter than before. Her face didn't look much different from make-up free.

"This scheming bitch!"

Rubby secretly gritted her teeth.

It was Sean's turn to speak. Since Lottie was the wife of his boss, of course, Sean would not criticize her.

Sean announced indifferently, "If Lottie is successfully chosen to play Anna, the DS Group will add another 50 million investments."

Javion was overjoyed. "Really?"

Sean raised his eyebrows. "Although it was said only 50 million, as long as our president's wife is in the crew, he will support you as much as possible."

He meant that the DS Group was going to support Lottie for any case.

The producer and the supervisor exchanged a glance.

The producer, Hamish, was about to speak when he was interrupted by Alfred.

"I also think that Lottie is very suitable for the role of Anna.

Whether in terms of appearance or acting skills, she's impeccable. Most importantly, she can also bring funds for us, which means that our special effects and costume, make-up and props can be the best. It's good news for the whole crew."

The implication of his words was that he already wanted to let Lottie play the female lead.

Rubby was extremely anxious. She quickly stood up and said, "Isn't this too arbitrary?"

As soon as she spoke, everyone's eyes turned to her, including the camera.

Alfred cast her a glance. "What's your problem?"

"Since it's an open audition today, it means that Mr. Heron wants to choose the most excellent one among all the people. But now the audition has just begun, and you are in a hurry to decide the female lead. This is not fair to the people ranked behind."

Since she had said so, Rubby could not retreat anymore.

She simply spoke out her unwillingness in the name of others.

Alfred sneered. "Do you think your acting is better than hers?"

Rubby was a little uncertain, but she still braced herself and said, "I can't guarantee that my acting will be better than her, but I can guarantee that my acting skills are the most stable among all the people. After all, think of Lottie's identity, it's hard for me not to doubt that someone has leaked the topic to her in advance."

She had to read the lines and remember the position in five minutes. In addition, Lottie had brought her props with her!

Who would believe that she was not prepared in advance?

Rubby's words prompted a firestorm of bullet screens. .

Spoiled By My Bossy CEO Husband - Chapter 543

Rubby's Panic

"What does she mean? Does Rubby mean that Lottie had known the questions in advance so that she could perform so well?"

[Think about it carefully, Lottie is fully capable of getting the question in advance.]

"The others only have five minutes to prepare, but Lottie knew the exam question in advance. No wonder her acting was so shocked just now. Could it be that the whole audition was a play performed by the crew and Lottie, which in order to fool us?"

"They are really generous for her."

"Didn't you hear the investor's approval? As long as they let her play the role, they could get the most budget as they want."

"Even Alfred and Javion have yielded to materialistic rewards. What's wrong with our world..."

"Hey guys, don't put two and two together and get five, OK? Besides, Lottie is indeed very beautiful. Rubby also said that she is very suitable for the role. If Lottie could play the whole movie with the acting skills we saw just now, it's not impossible for her to act as the heroine."

"That's right. I don't know what you're jealous of. Alfred also said that with more budget would be better for the costume, make-up and props, and even the special effects. Is it great?"

"If you want to see the poor special effects, as well as the cheap, ugly costume, then let your idol play other dramas. I think Mr. Heron and Lottie are very sincere. Seeing such a beauty act as a heroine, I will be happy even in my dream."

"Did everyone see how Lottie cried just now? That teardrop dripped into my heart! I'm fancy of her! With such acting skills, coupled with her great advantage (Whether her looks or martial arts), I think she's very suitable!"

"This isn't a matter of acting. If Lottie gets the question in advance, then she's fooling the public, isn't she? I don't understand why there are so many people flattering her. This is a matter of moral standing!"

The spectators kept arguing. Some of them had already been conquered by Lottie, but there were also internet trolls hired by Rubby who crazily purposefully misled public scrutiny. Soon, the broadcast room was in chaos.

The atmosphere of the audition was also very tense.

Alfred smirked and looked at Rubby. "Do you say that your acting skills are very stable? You are right. You always forgot your words but recite one, two, three, four, seven, seven, six instead stably."

Rubby's face turned extremely pale. She did not expect Alfred to be so rude to her and speak out such a thing directly.

"Alfred, I know that you've pursued Lottie before, but you don't have to protect her, do you?"

Alfred stopped and looked at Rubby with a ruthless look.

He smiled meaningfully.

"No matter how bad my acting skills are, I still got an Awards for best actress. But what does Lottie have? Have you ever seen her other works than what she used to be a substitute?"

Alfred still wanted to say something, but stopped by a glance sent by Lottie.

Since Alfred was here, there was no doubt that he would play the leading actor. No wonder the audition of the role was not arranged today.

As the best actor, no one would doubt about Alfred's status and acting skills.

As long as he was involved in the competition, there was no point in holding an audition.

This was the treatment what people with strength and fame should have.

Lottie was very envious. At the same time, she felt that Rubby's dying struggle was too funny.

How Rubby dared to attack Alfred by those words of his pursuing her before? Wasn't she afraid of being torn apart by Alfred's fans?

Lottie spoke up for herself before Alfred could said anything.

"I don't play many leading roles, and I really don't have any achievements. But I would like to ask you, Ms. Chao, as the best actress, what other achievements do you have?"

Rubby's face was stiff.

Lottie, "Let's talk about Ms. Chao's movie. What role does she play? Why have I never heard of it?"

Rubby, "..."

At this moment, on the bullet screen.

"Ha.

.. I'm going crazy from laughing. Lottie, you're really mean!"

"Rubby's fans have been bragging about her acting skills, but why can't I remember her roles?"

"What I can remember is only the scene of her stepping and showing off on the red carpet, and all kinds of gossip."

"She doesn't deserve the title of the best actress. I don't think I've ever heard of that award work."

"Had it released? It's so funny."

"It had released, I remember. The box office is only tens of thousands of dollars. They called it a literary movie! The fans insist that it was a good movie but fail in box office."

"I went to watch that movie! My god, it's so bored! I fell asleep after watching it for three minutes. I was so angry that I broke up with my boyfriend when I came out."

"The last poster! You make me laugh to death!"

"Excuse me, when did Rubby count the numbers instead of recite the script? I felt that Alfred knew a lot of inside stories."

"Rubby exposed that Alfred had pursued Lottie. Was this piece of news true?"

"Who would believe it? Our Alfred has been single for tens of thousands of years. He might not even held a woman's hand till now."

"Start a rumor that a gentleman pursuing a married woman. Rubby had lost her mind."

"Without even looking at the bullet screen, Rubby could guess that those wicked netizens were scolding her.

She wasn't willing to be refuted by Lottie and said, "You don't have to attack me by these words.

In order to prove that you didn't get the question in advance, I suggest you try again."

Looking at her saying that deservedly, Lottie was so angry that she burst to laugh.

"If I refuse, do you want to say that I'm guilty?"

Rubby gave her a look of "yeah, you are wise."

Lottie said, "Then if I still perform very well again, do you still want to say that I've prepared several questions in advance? How about I finished the whole movie here?"

Rubby looked awkward, "How could you recite the entire script? Stop spouting nonsense."

Lottie stared fixedly at her for a long while before suddenly laughing.

"How about this, Mr. Heron? Since Ms. Chao questioned my acting skills, if I don't clear my suspicion, I'll get the crew and Alfred into trouble with me. Then would you please add another segment for me? It won't take too long, at most half an hour."

"In half an hour, you can randomly find any fragment of any role played by Ms. Chao and show me twice in front of everyone. Then I will perform the role in my own way. Everyone can judge whose acting was better, Ms. Chao's or mine, okay?"

Once again, everyone present was greatly shocked by her suggestion.

Javion was even more bewildered as he looked at Lottie. "Are you sure?"

Lottie blinked and nodded.

Alfred clapped his hands with a look of expectation. "That's a good idea! Let them compete in public so that someone can recognize her own abilities and stop bragging all day long." .

Spoiled By My Bossy CEO Husband - Chapter 544 Let Me Cooperate with Lottie

"How do you think? Ms. Chao, do you dare let me have a try?"

Lottie squinted at Rubby with a provocative smile.

Rubby felt very embarrassed. After hearing what Alfred had just said, she understood that she had completely offended him.

She couldn't help regretting that she shouldn't have challenged Alfred on impulse just now. But it was too late to regret now.

"I don't know what you want to do, but now we're auditioning for "The Twins". Isn't it against the rules for you to suddenly make these things to waste everyone's time?"

Hearing this, Sean waved her hand with a smile.

"What's the big deal? We could ask for the opinions of other actors outside. If more than half of them don't agree to add this part, then we'll canceled it. If everyone agrees, then we can have a test."

"This is a good idea, Mr. Holland."

"Then let's do it!"

Javion called his assistant and asked him to ask for everyone's opinion outside the room.

The media on the spot were also going crazy with excitement. They liked to see people make trouble, so they could make a big news.

Some clever reporters had gone out to broadcast the reactions of other actors.

As soon as the assistant came out, everyone looked over. The actors who were going to audition each held a mobile phone in their hands and secretly watched the live broadcast.

When they saw the assistant come to count the number, they immediately raised their hands.

"We agree to add this part!"

They were not fool. Everyone saw what Lottie did just now. She was obviously good at acting, and she even had the director, screenwriter, investor, and even the male lead as her backer.

No one would compete with Lottie for the role now.

Wasn't it good for them to take the time of half an hour and recite the lines of other roles?

In such a big movie, one could be popular even she just played a small supporting role!

As for whether Rubby would be embarrassed or not, who cared?

In the end, apart from a few people who had a good relationship with Rubby, as well as Maria and her party, everyone else raised their hands. Most of the people agreed to Lottie's suggestion.

When the assistant told Javion the result, Chao's face turned pale.

She hadn't expected that she would make such a big scene. If Lottie would really become popular by defeating her in the competition of acting skills, she would rage to death!

At this moment, Rubby even began to regret it.

If she had known that such a thing would happen, she would have listened to Maria and filmed more seriously when working to avoid being ended up like this.

Lottie smiled sweetly as she looked at Rubby.

"Ms. Chao, everyone said that they don't mind. How about it? Do you still dare to compete with me?"

Rubby kept a poker face as she said, "Who knows whether you will choose those segments I shot them long ago? At that time, my acting skills were also very bad. It's natural that you can beat me, isn't it? Anyway, you have been an unimportant actress for so many years.

Hearing that she was trying to win back her respect, Lottie immediately smiled.

"If Ms. Chao thinks it's unfair, at worst, after the segment is selected, we can perform it again and let everyone choose the more outstanding one."

Although Rubby tried her best to cancel this part, in front of so many people, if she dared to say something bad, then she would be the one who would be humiliated.

She would become a complete joke.

Rubby thought to herself, "No matter what, I can at least perform it again. It's impossible that my temporary performance would be worse than Lottie's, right?"

She nodded in agreement.

Alfred did not like Rubby, so he immediately said, "Then let me choose the performance scenes. Is there any objection?"

Lottie shook her head. Rubby looked at Alfred. Considering his popularity and status in the circle, she didn't say anything in the end.

Alfred smiled slightly. He searched for some key words on Javion's laptop on the table and found the fragment finally, which exactly won Rubby the award of best actress during the film ceremony.

"That's it... It should be Ms. Chao's best show. I don't think Ms. Chao would misunderstand that I'm deliberately targeting you, right?"

When Rubby saw the video, she froze for a moment.

The role won her the award was a prostitute.

In order to get the information, she did not hesitate to sell her body. In order to avenge her family, she tried her best to restrain herself and worked undercover between the male lead and the villain, and plot against everyone on her own.

In the end, she got her revenge. The male lead and the villain were all trapped by her and fell off the cliff. She chose to jump into the lake to commit suicide because of her illness.

The character's name was Sienna.

Rubby felt that there was something similar between this role and her. Because she usually had to deal with two sugar daddies separately. She was also very skillful in acting a smooth and slick woman.

However, when she was shooting, the director had said more than once that she was too coquettish. Sienna should not be like her.

The reason why Rubby was able to win the award with the role of Sienna was partly because Natalia had quit the entertainment and no one was competing with her. Secondly, it was because her sugar daddy had spent a lot of money for it.

In other words, to win the award did not have much to do with her acting skills.

The segment selected by Alfred happened to be one of highlight moment of Sienna.

After dealt with the male lead, Sienna turned to deal with the villain.

At first, she was talking with the male lead with a serious face. At the second minute, she was going to throw herself in the villain's arms. It was not easy to act.

Rubby still remembered that in order to take a good shot, the director let her shoot for three days.

In the end, she finally learned the right feeling a little and barely met the director's requirements.

Now that Alfred had asked her to perform it again, she felt a little guilty.

Seeing that she had been silent, Alfred raised his eyebrows and deliberately said, "Maybe this video is too difficult for Ms. Chao.

Why don't we change it?"

Rubby panicked and immediately said, "No!"

She thought it through. This scene was difficult for her, and it was equally difficult for Lottie.

"If I can't put on a good show, who knows if Lottie can't?"

The most important thing was that she could first see how Lottie would perform. After that, she would copy it. At the very least, she wouldn't ruin her reputation.

"That's it. I'll give you half an hour to think about how to act."

Rubby pretended to be generous.

However, Lottie raised an eyebrow and said with a smile, "It won't take that long. I've happened to read this video. There's no need to put it on twice. Just let's start."

After listening, Alfred simply threw away the mouse and stood up.

"Maybe I could be your partner."

There were some intimate scenes in this video, and it was not easy to act alone.

Just as she was about to agree, she heard footsteps coming from the door. Then, a handsome face appeared in front of everyone.

"No need."

"In order to stop Ms. Chao from making excuses, would the experienced Alfred cooperate with her. I can be Lottie's partner, she doesn't need anyone else." .

Spoiled By My Bossy CEO Husband - Chapter 545 How Silly Rubby Chao Is

"Mr. Chapman, why are you suddenly here?"

Hearing Ralph's voice, Javion stood up in surprise with a very respectful attitude.

This was the God of Wealth of the crew. Javion did not dare to neglect him.

Ralph nodded slightly at Javion and said, "I'm just here to join in the fun. You don't have to worry about me."

Although he said so, the atmosphere still turned to solemn.

Lottie looked helplessly at her man.

"Don't make trouble for me. Someone will say that I'm bullying others later."

"I'm not here to make trouble."

Ralph approached Lottie, raised his hand, and pulled her hair behind her ear. Then, he moved closer to her ear.

"If I don't show up, are you going to cooperate with other man to act intimately?"

Lottie said, "... This is my job."

What other man? That person was obviously the best actor!

"That won't do either." Ralph said lazily, "If you can touch others in the name of work, can I change my secretary to a beautiful girl?"

Lottie immediately narrowed her eyes. "Try it."

Ralph chuckled.

"I dare not."

"But you have to think about it for me, huh?"

When she thought of the women around Ralph who wanted to seduce him to be in power, she was furious.

She did not want other women to get close to Ralph.

She decided to agree him to cooperate with her.

As long as he didn't go too far, she could smooth things over.

"Ms. Chao, do you agree to Ralph's proposal?"

Rubby was slightly stunned. She looked at the handsome Ralph and blushed slightly.

Compared with those rich men in the entertainment who were big-bellied and vulgar, Ralph was so superior.

Not only did he have a high status, but he was also so handsome, especially his imposing manner. His gaze could make many people quiver.

"Damm it, how could such a high-quality man love Lottie so much?"

She also wanted to play with Ralph, but unfortunately, she didn't have the courage to mention it.

Besides, Ralph didn't know how to act. If he took the opportunity to make trouble for her, she would definitely lose this acting competition.

Ralph or respect, she had to choose one.

Rubby thought to herself, after all, it was the best actor who would play with her. She did not suffer too much.

"I agree."

"I don't agree."

Unexpectedly, Alfred directly refused.

Rubby felt colour flame up in her cheeks. She turned to look at Alfred.

Did he really look down on her so much? Was he not even willing to play a scene with her?

Alfred kept an indifferent expression. "Mr. Chapman had never acted before. To be fair, we have to find a partner who has never acted before for Ms. Chao."

Ralph suddenly had a bad feeling.

Alfred had once tricked him like this.

He had no choice but to express his stance ahead of time. "Make it clear in advance that I'm only Lottie's exclusive partner."

Ralph stared at Alfred with a look of warning in his eyes.

When Aiden returned to the Bartons, Ralph returned the identity of the head of the family to Aiden, but he was still the heir of the Bartons, moreover, he was Alfred's cousin.

If Alfred dared to offend him, he had ten thousand ways to make Alfred suffer.

Fortunately, Alfred knew how to behave. He no longer loved Lottie, and there was no point in fighting with that jealous Ralph.

He rolled his eyes at Ralph and said seriously, "Why don't you let Mr. Berry give it a try?"

"Speaking of which, the appearance of producer Berry and the villain in the movie is also very similar. It should be easier for Ms. Chao to play with him, right?"

"It's not like President Chapman. He's Lottie's husband. It's easier for an actress to come out of role when acting with acquaintances, so that it's even more difficult for Lottie."

Rubby, ".

.."

F*ck off!

It was obvious that Lottie had taken a huge advantage, but why did it turn out to be that she had been wronged instead?

However, Rubby could not refute.

Hamish was also the producer of her award film, so he knew much more about the movie than Ralph who knew nothing about it.

The most important thing was that her assistant had informed Hamish in advance that he would at least not set her up.

Javion also immediately came to his sense.

"This is a good match. Will Mr. Berry be willing to help us?"

"Well... I'm very willing to cooperate, but it depends on whether Rubby is willing or not."

"What do you think, Ms. Chao?"

Rubby forced a smile and said, "Okay, Mr. Berry and I are acquaintances, but I will try my best not to come out of the role when acting."

Hamish had just called her "Rubby", which proved that they were very familiar with each other, and the powerful netizens would learn that with Hamish's words. It was not necessary for her to pretend not to know Hamish now.

It was better to speak it out openly and refute what Alfred had just said to gain a good impression for herself.

A real actress would not come out of role just because she had a good relationship with his partner.

Lottie smiled slightly.

Rubby was really stupid.

Alfred said that she and Ralph were husband and wife, so it would be easy for her to come out of role. And Rubby now compared her relationship between Hamish and her with theirs, was she indicating that she had an ambiguous relationship with Hamish?

As expected, all the audiences started to scold her on the bullet screen.

"What's wrong with Rubby Chao? Lottie and Ralph are a real couple. How familiar can she be with Hamish?"

"Alfred is so great! In order to avoid acting with Rubby, he used all kinds of high-sounding reasons.

"

"It can be seen that Alfred really doesn't like Rubby. Did they have a story before?"

"It turns out that Hamish is the producer of the movie that Rubby got the award. Rubby also posted a picture with him on Twitter."

"Wow, I'm not sure if she really has a love relationship with the producer."

"Don't talk nonsense. Hamish has a family."

"That's even more disgusting. Rubby is his mistress?"

"Don't you think there are too many malicious words towards Rubby? She didn't say anything, did she? Why you allow Alfred and Lottie mock to her but forbid her to refute?"

"Why use your malice to speculate on others? That's what the fan of Alfred and Lottie looked like. Malicious persons!"

"Stop arguing! It's just a competition of acting skills. Can you start soon? I just want to see whether is Lottie's acting skills really better the best actress or not!"

"Hurry up!"

Before the netizens started to urge her, Lottie asked first, "Ms. Chao, shall I come first?"

Rubby pretended to be calm as she said, "I want to use another way to act. In order not to mislead you, you go first."

Lottie smiled meaningfully. "Okay."

She stopped looking at Rubby and turned to blink at Ralph.

"Have you memorized the lines?"

"Probably."

"Then you're not allowed to speak later."

"Well, I'll try my best."

Alright, all he could do now was watch her perform.

Alfred asked someone to put a chair in the middle of the room, as a prop for Lottie.

The scene was quiet, and the camera focused.

Lottie pushed Ralph onto the chair. The instant she leaned over, her gaze suddenly changed.

Spoiled By My Bossy CEO Husband - Chapter 546 Ms. Chao, It's Your Turn

"You're angry."

Sienna rested her hand gently on the man's shoulder. And said in a gentle tone, but there was an inexplicable cold look in her eyes.

"Are you angry that I failed to keep my integrity for you, or are you angry that I pretended to be with him?"

As she spoke, she wanted to kiss the man.

The man remained unmoved, neither resisting nor satisfying.

Sienna was used to his indifference. In an invisible place, the woman's fingers fondled Ralph's neck secretly and gently, scratching from time to time slightly.

The man was tempted in an instant.

This was his sensitive spot. Only those close to him knew about it.

"Do you really care so much about me? I'm just a chess piece for you... um."

Before she could finish, the man couldn't help kissing her.

It was a long kiss with all his impulse and anger.

Sienna looked happily. She was not angry at all, and she even indulged in it. Like playing with a kitten, she provoked him first, and then gave him some benefits.

Everything was under her control.

Halfway through the kiss, Sienna pressed against the man's chest and slowly pushed him away.

"Be careful of Laird. He has reached a cooperation with Pelham Dodge and wants to frame you."

The man frowned. He was still unsatisfied. When he wanted to say something, Sienna had already left him and started to talk business, with indifferent look in her eyes.

"Pelham has begun to doubt our relationship. Don't come to me later. If there is any news, I will take contact you."

"As for me and him, it's just a show."

"You don't have to worry that I will turn to him."

"I never forget to revenge my parents."

While they were talking, a sudden noise sounded outside the door.

She stood up calmly. "Get out from the back door. If Pelham finds out, we will all die."

The man hesitated for no reason and refused to leave as he looked at her back.

Sienna straightened her clothes with her back to him, and put on a warm and flattering expression on her face instead of the indifferent one just now.

"Sabina." The man finally spoke.

"Sabina is dead.

I am Sienna."

Sienna smiled slightly and ignored the man behind her. She lifted the curtain and welcomed someone warmly.

"Mr. Dodge, you haven't been here for a long time. I thought you had forgotten about Sienna."

Sienna said in an extremely charming voice, and put on an enchanting smile. Her cheeks were flushed with smile dimples. She looked very charming.

The man who had taken off his suit appeared and held Sienna in his arms as soon as he saw her.

Sienna snuggled into his arms obediently, drawing circles on the man's chest.

"Mr. Dodge, have you missed me?"

The man laughed and nodded, but Sienna wrinkled her nose and said coquettishly, "You're lying. Mr. Dodge, if you really miss me, why don't you come to see me for so long?"

The man stroked her nose, held her waist, and was about to kiss her.

But Sienna broke free from the man's arms cleverly.

"Since Mr. Dodge hasn't come to me for so long, I have to punish you."

The man showed an expective look and said in a hoarse voice. "How do you want to punish me?"

In front of everyone, Sienna tore off her left sleeve, revealing half of her snow-white and delicate arms and shoulders.

With a charming smile, she tore her sleeves into strips and gently tied them to the man's eyes.

"I'll punish you not to look at me when we make love."

With such ambiguous words, she took the man into the "room", pushed him into the chair, and held him up enthusiastically.

They kissed passionately.

The man with his eyes covered was enjoying himself. He didn't see the disgusted and jaded expression on Sienna's face at all.

"Okay, cut!"

Not until hearing Javion's words that everyone on the scene came to their senses.

Lottie was about to get up, but Ralph wrapped his arms around her waist forcefully.

She couldn't move for a long time.

"Wait."

The man's voice was low and hoarse, and it sounded like he was gnashing his teeth.

Lottie froze for a moment, then suddenly burst out laughing.

"Mr. Chapman, you cannot control yourself well."

Seeing her smirking, Ralph really wanted to drive everyone else out and roll with her on the spot.

Was it because he couldn't control himself? No, it was obvious because that Lottie was too seductive!

She was simply a little goblin!

"Still not done? Everyone is looking at me. It's a little strange."

Lottie said pitifully.

Ralph frowned, and the erotism was immediately diluted by displeasure.

He hated anyone casting greedy eyes on his woman. At the same time as he let go of Lottie, he draped his coat on her shoulder.

He didn't even want others to see her arm.

"I'll deal with you when we get back."

Lottie stood up with a smile and helped him take off the cloth from his eyes.

"I'm sorry, the venue and props are not that appropriate, and we had tried our best. I hope that everyone will enjoy it."

Lottie did her best to bow to the camera.

"Lottie, you did very well!"

Javion almost slapped his thigh purple.

The male lead and the villain were clearly acted by the same person, but when faced with "they", Lottie's expression was completely different, as if she had changed into another person.

When she faced the male lead, at first, Sienna was teasing and testing him, but after failing to get the answer she wanted, she returned to indifference. Especially when she told the male lead that Sabina was dead, her stubborn but disappointed look in her eyes made people feel sad and shocked for her.

When facing the villain, Sienna changed her style again.

She knew that she was not valued by the villain and that her status was low. However, she still threw a tantrum relying on the villain's 'sexual interest' to her. She knew when to stop and when to go further to bring herself more connivance from him.

She had always been awake, watching herself fall and cleverly plotting everything.

Sienna played by Lottie were gorgeous and extraordinary, unique and dignified.

If Sienna had been acted by Lottie, he believed that the previous movie would have gone viral!

Lottie revealed a faint smile and turned to look at the pale-faced Rubby.

"Mr. Heron, you flatter me. I just gained some inspiration from Ms. Chao's performance."

Lottie said modestly. "I just don't know what method Ms. Chao will use to perform. I'm really looking forward to it!"

"Pfft-"

Alfred laughed out loud.

Anyone could see that Lottie's performance was completely different from Rubby's.

Wasn't it really ironic for her to say that she had gained inspiration from Rubby?

Rubby's attitude towards the male lead was very humble when she was acting in the red clouds. She was like a resentful woman who had been abandoned and did not show any signs of ease at all.

And when facing the villain, besides the glamorous bed scene, she nearly didn't show many emotions.

Let alone showing the inner emotions and dignity.

"I'm sorry." Seeing that everyone was looking at him, Alfred apologized without sincerity. "I just thought of a joke. Don't worry about me."

"Ms. Chao, it's your turn."

"I hope your acting skills can be 'stable'. I'm also looking forward to you perform Sienna in a new way."

Spoiled By My Bossy CEO Husband - Chapter 547 Who Allows You to Search Other Men in Private

Rubby's face turned deathly pale.

Cold sweat broke out on her forehead.

Although acting skills was not very good, she still had the most basic ability to appreciate.

The acting that Lottie had just displayed was indeed better than hers.

Lottie wasn't simply reciting the lines, nor was she simply acting with her facial features.

She showed more about the character's heart. Her emotions were advanced layer by layer. Even a simple line was particularly emotional.

The lines "Sabina is dead, I am Sienna". She had spoken it for three days until finally matched the requirement of the director.

But just now, Lottie had showed the contradictory and complicated emotions without any effort.

What was talent? This was talent.

Lottie's eyes were emotional and allowed her to easily bring people deep in her show.

At this moment, Rubby was extremely regretful.

If she had known this would happen, why would she be the first to stand out? Otherwise, she could not get in a dilemma now.

"Ms. Chao, what's wrong with you?"

"You don't look so good. Are you uncomfortable?"

Just as Rubby was hesitating awkwardly, Lottie spoke again.

When she looked over, Rubby was in a trance.

She couldn't even tell if the current Lottie was Sienna or Anna.

Or the two were the same.

They all hated their enemies, as if they could kill them in the next second and left with wild laugh.

"Ms. Chao?" Alfred also looked at her with disdain.

"Are you too timid to compete with her?"

Rubby felt so embarrassed. Just as she was about to speak, someone knocked on the door of the audition site.

Maria braced herself and walked in.

"Sorry to disturb you. I'm Rubby's agent, Maria."

"I've troubled you all today. Rubby happened to have a very important job now. We must set off right now to shoot."

Maria bowed deeply to everyone in the room four or five times.

And bowed in every direction, even facing the live broadcasting camera.

"I'm really sorry that I'm willing to take responsibility for the trouble we've caused."

"To show my apology, I just bought some fruits and cakes as afternoon tea for everyone.

And if I have a chance, I will treat you to a big meal."

Maria said with tears, but she had to apologize. She had to smooth things over and try her best to save Rubby's face.

She purposely walked up to Lottie and bowed deeply.

Lottie frowned and quickly helped her up.

She didn't want to blame any other for Rubby's mistake.

Moreover, if Rubby left at this time, it meant that she had withdrawn from the competition for the role of Anna. If she ran away without fighting, it would not make any difference on the actual result of the competition.

"Since you have such an important job, why do you still come to audition? Isn't it a waste of time for you and others?"

Alfred said coldly. He had heard that Rubby liked to shoot two or more movies in the same time before. When she was too busy, she asked the substitute to act her part or simply made digital forgery in the post-production.

She didn't have any professional ethics, so how could she be an actress?

Maria took a deep breath and said with a stiff smile, "It's my fault. It's none of Rubby's business."

Rubby clenched her fists and stepped forward to support Maria.

"I'm sorry."

Rubby also bowed twice.

One was facing the director and the other was facing the camera.

The scene was silent.

No one expected things to develop in this way, and even the bullet screens in the broadcast room slowed down.

"Well, since you have something urgent to deal with, please get busy first."

In the end, Lottie broke the silence.

Maria took a deep look at Lottie and nodded at her. In the end, she apologized before pulling Rubby away.

Ralph walked up to her and whispered into her ear, "Why are you soft-hearted again?"

"I'm not soft-hearted.

I don't want to delay the audition of others."

Anyway, after this incident, Rubby's reputation would not be much better.

And everyone saw how excellent Lottie's acting skills was. Her goal had already achieved, it was a right time to stop.

Ralph shrugged and did not comment.

"It's just a pity for Maria." Lottie sighed.

She was a good agent, but unfortunately, she followed the wrong person.

Ralph raised his eyebrows. "Did you want me to poach her into our company?"

Lottie laughed. "Let's talk about it later."

The competition of acting skills ended in this way, which was not satisfied everyone.

Lottie kept calm. She greeted everyone and then sat to the side, allowing the actors behind to continue their audition.

Javion was used to storms and immediately came out to control the situation.

He said to the camera, "The role Anna is pending. If there is anyone who thinks that she is more suitable for this role than Lottie, welcome to try. I am very willing to give everyone a chance."

As soon as he finished speaking, the bullet screen was full of kind laughter at Mr. Heron.

Mr. Heron didn't mind, still smiling.

After the audition, it should be Rubby's turn.

But she left in advance, so it came to No. 13.

No. 13 was an actor. When he took off his mask, there was a loud gasp at the scene.

"Isn't that Quy Sampson?"

"Quy Sampson? Why is he here to act? Isn't he a singer?"

"You don't understand this, do you? Although Mr. Sampson is famous for playing band, he studies acting in college and is also from a professional college!"

"It's Quy Sampson! Is he here to audition for the male lead?"

"Impossible! Alfred is the male lead!"

"Have you forgotten that this movie has two female leads? Of course, it has double male leads!"

"Quy is so popular now! But most of his fans are elder than him!"

"Such beautiful guy is very popular now, but I don't know how good his acting is. Can he meet Javion's requirement?"

"Shh, he's starting to perform."

After secretly listening to the media's conversation, she picked up her phone and searched for the name "Quy".

She found that this young master had a great background.

His father was a professor from a famous university, and his mother was once a popular singer. His grandmother was a world-famous piano player, and his grandfather was a well-known screenwriter.

It was the so-called literary and aristocratic family.

Besides his identity, Quy himself was quite outstanding.

He had already got a little fame in music world in his early twenties.

Not relied on marketing, but his real strength.

His confidence came from his experience that sang one after another songs from the underground passage to the world stage.

Since junior high school, Quy often went abroad with his small band and won many awards.

Later, he participated in a variety show related to music and become popular for his handsome and strength. Now, he had a lot of fans on the Internet.

Just as she was secretly amazed, a hand suddenly reached out and snatched her phone.

"Who allowed you to search for another man in private?" .

Spoiled By My Bossy CEO Husband - Chapter 548 Quy Wants to Be a Mistress?

"Stop fooling around. I'm just curious."

"Isn't your husband enough for you to be curious?"

Then, he glanced at the information on his mobile phone and said disdainfully, "My subjects of information on wiki are much more than his."

His experience was also much richer than Quy's, and he had won more international awards in his childhood.

"I'll show you my storeroom when we back."

All trophies there were for the international tournament, each was for the champion.

Unlike this young man who won many second or third prizes.

Compared to him, he was much worse.

He didn't understand why Lottie would be so curious about this kind of brat.

Hearing this, Lottie couldn't help but laugh in her heart.

Her Ralph was really jealous. He might be the reincarnation of a jealous woman.

She could not help but pinch Ralph's face. "Don't worry, Mr. Chapman. With you, such a handsome and calm CEO, how can I really like that kind of young man? Except for his young face, he is not the type I like at all."

A cute puppy was just a puppy.

But when it came to sense of security, of course, he could not give her more than Ralph could do.

She had wanted to praise Ralph, but she didn't expect that Ralph suddenly got angry.

"Young face?"

Lottie was stunned. "Of course, he's only twenty years old. He's indeed very young."

"Hmm."

Ralph sneered.

It didn't mean anything, after all, he was already an adult.

And he was now 28 years old.

He was five years older than Lottie.

Therefore, would the twenty-three-year-old Lottie feel that compared with him, the twenty-year-old Quy was younger with a tenderer face and stronger body?

The man looked gloomier as he stared fixedly at her.

Lottie was baffled by his stare. She reached out to retrieve her phone, but the man spun it around and put it into his pocket.

"I'll keep your phone and return it to you after the audition."

Lottie didn't really have to take her phone. Anyway, she had found everything she needed.

She turned to look at Quy's performance and found that he was almost done.

It seemed that the director was quite satisfied with him.

There was an orderly round of applause at the scene. Lottie also followed others and clapped her hands twice.

"You like him so much?"

She even applauded for him. Was she celebrating for him?

Lottie said, "Ah?"

Ralph smirked disdainfully and glared at Quy angrily.

The live broadcast camera swept across they sitting in the auditorium. It seemed that the cameraman felt that something wrong with them, so the camera passing them quickly.

Then, he couldn't resist the excitement of the netizens screaming on the bullet screen and secretly moved it back.

At this moment, on the bullet screen.

"Quy is so great. Mom loves you!"

"This role should be acted by Quy. His acting skills just now are really good."

"Graduate from professional colleges are different. They are skillful."

"Quy Sampson! Come on! He's going to act with his idol. Don't be nervous!"

"Aha, I'm not paying attention to Quy at all. I'm looking at Ralph and Lottie couple all the way."

"Mr. Chapman looked so serious. Lottie seemed to have been taught a lesson."

"What about your imposing manner in front of others, Queen Lottie? You can't lose to Mr. Chapman. Come on!"

"He rippled his wife's phone? Mr. Chapman, do you love her so much that you don't want her to pay any attention to her phone but not you?"

"Why does she pinch his face? Mr. Chapman sneered! What are you talking about? I'm so curious! Can the cameraman get closer? I want to hear their conversation!"

"Isn't it the time of Quy now?"

"I originally thought that having so many fans of Quy here, all the bullet screens should talk about Quy, but I didn't expect that half of them were talking about Lottie and her husband."

"Is Lottie already so popular?"

"Lottie does have a lot of fans. I feel that she has become the top-notch celebrity this year. No matter what she does, she will be on the trending, including her relationship of conjugal love with Ralph."

"

"Oh my god, I was looking forward to her performance on more stage in the variety show, but Treasure 101 was off air because of Bridge Joshua, that bastard!"

"Don't talk about that condemned person. It made me sick!"

"Condemned? Has he already been sentenced? Is it so fast?"

"Think about how many people he killed. Now, many victims have come out to report him in real names. Violet Lena even brought her parents back. Together with several other poor families of other victims who were killed, she went to the police station every day to inquire about the progress. In addition, the popularity of the netizens' attention was aroused. As soon as the police found out the truth, they took action!"

"He should be sentenced to death."

"I feel that it is a mercy for him to die. Such bad man should suffer more before die!"

"Wait, everyone, you've changed the subject!"

"No. 14 is really nervous and his performance is a little awkward..."

"Quy was also very nervous at that time, but he calmed down when the camera set. But this one is really not good."

"Aha, Quy is not nervous about the audition, but because he met his idol, okay?"

"Who exactly is Quy's idol? I saw someone say it before."

"Quy likes Natalia. He has made it clear several times that to be Natalia's junior was the reason he went to learn performance."

"He like Natalia? Really?! Didn't Natalia remarry with her husband? Does Quy want to be her mistress?"

"You've thought too much. Quy likes Natalia and treats her as his idol. He doesn't want to ruin the relationship between her and her husband, okay? You actually made up a rumor that he is going to be her mistress. What nonsense are you talking about?"

"I must show my respect to those people who like Natalia. What's so good about that woman? There's a lot of negative news about her. She even killed her good friend with a knife. She said that she wanted to quit the circle, and now came back to get money again.

She is a liar who never tell the truth!"

"That's absolutely a rumor that she killing her good friend with a knife! She should have clarified it 800 times. Yara is the liar indeed! The one who fooled everyone. Natalia is the victim!"

Just as they had a heated discussion about Foggy on the bullet screen...

Finally, it was Natalia's turn to audition.

When Natalia got up, all eyes were on her.

The atmosphere in the room was solemn, and all the cameras were aimed at her perfect face. The shutter kept ringing.

"Hello, I'm Natalia. I will audition for the role Abby."

"The video I drew is 'match wits against the scholars in the Academy'."

"I'm going to have a try. Please feel free to give any suggestion."

After bowed to the judges, Natalia set the mood for the performance in a short time, and instantly took everyone into the play.

The scene of 'match wits against the scholars in the Academy' was one of Abby's high-light scenes.

Although Abby was gentle and quiet, she was not an eye candy.

Not only was she literate, but she was also very cultured and talented. Moreover, she was assertive and very smart.

She was so-called gentle but strong person.

She understood her sister's loneliness and yearning, and she also supported her sister to pursue her dream bravely. Without her support, her sister could not be so enthusiasm. When she encountered injustice, although she was not as strong as Anna, she would never sit idly by.

Spoiled By My Bossy CEO Husband - Chapter 549 You Want to Find Another One?

The scene of 'match wits against the scholars in the Academy' was an ensemble.

The scholars were not ordinary scholars. They were all children of the officials in the Imperial College who all thought themselves extraordinary and had a bright future.

These people were incompetent but used to looked down on others, enjoying the treatment of nobles while mocking the vulgar behavior of civilians. They also looked down on those so-called Misses from aristocratic families and regarded them as parasite who lived on their husbands.

Therefore, when they learned that a woman would be their classmate in the Imperial College, they all put on a disdain look and began to ridicule Abby in front of Minister of Education and the Headmaster.

Of course, Abby would not just stand there and wait for others to attack her.

She mercilessly broke the pride of these men of a family one by one. After a round of debate, no one could refute her, and she became famous in the college after that.

Since then, Abby's bravery and smartness deeply impressed everyone.

It was also because of this that Abby successfully won a little fan-the young heir of the Williams family in Ceccinati.

The young heir of the duke was also the role which Quy auditioned for just now. He was Abby's boyfriend.

In this scene, Natalia had to show her calm, decent, and smart. She should be good-looking and charming.

The most important thing was that this was an ensemble, but there was only Natalia in the audition.

No one cooperated with her. It was not easy for her to recite a big line in front of so many people and perform it well.

Quy had already sat down in the auditorium. It was right next to Lottie. At this moment, he was nervous that his fists clenched tightly.

He was very conflicted and even wanted to go up and play alongside Natalia, but he wouldn't dare to act recklessly in front of others. He blinked his bright eyes nervously and didn't give even half a glance at Lottie.

At first, Ralph was still jealous.

As he watched, he noticed that something was wrong with Quy and couldn't help but smile.

He leaned close to whispered to Lottie, "You favorite young guy doesn't have any feelings for you."

Lottie, who was watching Natalia's audition, was puzzled.

Why did he talk about young guy for no reason?

She did not know what was going on until she looked up at Ralph's gloomy eyes and she realized that Ralph had a little temper with her just now.

Because of Quy.

Lottie wanted to laugh and weep all at once. At the same time, she felt very warm and joyful.

Her Ralph was really lovely. He looked so cute even when he was jealous.

Lottie held his hand with a smile and patted the back of his hand comfortingly. "I don't like him. I only value you."

Mr. Chapman couldn't help but smile, but he said proudly, "Don't you think he is younger than me?"

"I don't like young guys. I like man older than me."

"It would be best if the one who was five years old than me, the one who could give me triplets.

"

Ralph felt that he could no longer keep his poker face. Just as he was about to say that she had good taste, he suddenly heard Lottie speak.

"Besides, older people have their advantages."

Ralph was puzzled.

"It is said that talking sincerely with an old man is better than companying a boy to grow up."

Ralph was speechless.

"Old man?"

She continued teasing him, "Haven't you heard of that slip of the tongue?"

"Old men are my favorite. Pensions they get. Rich but easy to treat. You can find another man after they go to the sunset."

Ralph felt so angry instantly.

Lowering her voice, he gnashed his teeth and whispered into Lottie's ear, "You want to find another man?"

Lottie was speechless.

No, she was just kidding. She was a big star. Was she really going to find an old man for his compensation?

Why was Ralph so angry?

She was about to comfort him when Ralph suddenly stood up.

He ignored the gazes of the others present and walked out with a cold look.

Natalia was still doing her performance, but everyone's gaze had already followed Ralph away.

When they came to their senses, Natalia had finished her performance, and Ralph had left.

"What's going on? Why is Mr. Chapman suddenly angry?"

Mr. Heron couldn't help but look at Lottie.

Lottie was a little embarrassed, a little guilty and aggrieved.

What was wrong with Ralph? She just made a joke, was it necessary to make her so embarrassed? The point was that he even ruined Natalia's audition. Would everyone think that he had something against Natalia?

She had just praised him for being mature and steady, but why did he suddenly become childish?

Forget it. She decided to comfort him when she got back.

"It's okay, it's okay. He's not angry.

It's just that something happened to the company all of a sudden. It's not about the audition."

"Natalia performed so well just now. Mr. Heron, it's time for you to comment."

Lottie reminded Javion.

Alfred glanced in the direction where Ralph had left and vaguely guessed something. He smiled.

"Mr. Chapman's opinion is not important. The representative of investors is still here. Let's go on."

Javion, "But..."

"Mr. Heron, let's do our own things first."

Alfred looked serious. "I think Natalia's performance is excellent. She was suitable for the role Abby. What do you think?"

Since Natalia was a real movie queen who had made a lot of famous achievements. Even among people here in this room that temporarily set up for auditions, half of them should be Natalia's fans.

There was no doubt that she was good at acting, and what the director had to consider was not her acting.

More importantly, he had to consider her current influence and her external image.

"I have no problem with Natalia's acting skills, but for an actress, keeping a good external image is also an important thing. Will she explain to the fans about why she decided to come back after pronounced stepping away from the entertainment, and all kinds of negative news?"

Otherwise, it might draw a big loss to the whole crew someday because of her negative news.

Natalia had expected that her comeback would be very difficult.

Especially when it came to movie circle, it was far more difficult to make a comeback than taking part in the variety show, because she was the deserter who abandoned the industry and fans first.

It was not that easy for her to continue her previous career.

Director Heron's request was not very high. He just asked her to find an opportunity to end this matter by clarifying it. It was not difficult.

This was also an opportunity for her. If she could grasp it, she could start from being accepted by Mr. Heron and then slowly back to this circle.

"Thank you, Mr. Heron. As for what you said, I am preparing for it. I will give an announce to clarify in the near future. Thank you very much for giving me a chance. No matter what the final result is, I will accept it!"

After that, she bowed deeply to Javion.

Javion smiled at her kindly.

Then, it came to Rose. She did not say anything, but just praised that Natalia performed a lively Abby with her good acting skills. And said Natalia deserved to be the best actress.

Sean also supported Natalia and said, "Although Mr. Chapman didn't say it clearly, since Natalia is his niece-in-law. I think Mr. Chapman will not be stingy in supporting her."

Paying money was the duty of the investors. Sean was very clear-minded about it.

Spoiled By My Bossy CEO Husband - Chapter 550 That's Your Word

"I don't agree."

"I don't think Natalia is suitable for the role of Abby."

Then came the Supervisor and the Producer.

Sherry and Hamish showed no mercy at all. They directly criticized Natalia in front of everyone.

"Natalia stepped away from the entertainment for no reason, which means that she is not suitable to be an actress."

"She can be so irresponsible and selfish for personal affairs. Who knows what she will do after joining the crew?"

"What if she gives up because of her emotional breakdown or divorce with her husband during the filming? Then who will be responsible for the loss of the crew?"

"I can't give such an important role to such an immature person."

"I believe the audience won't accept it."

"I strongly object to Natalia acting as Abby."

Sherry said word by word in an unusually determined tone.

Hamish, the producer, also changed his image as a good man and became sharp.

"Besides what Sherry said just now, Natalia's image does not match Abby's."

"Abby is a famous talented woman, gentle and kind."

"But Natalia is entangled in all kinds of negative news, and she doesn't seem to be any special skills. By the way, it is said that she has been kept by a lot of rich people."

"Not only that, but when Natalia didn't quit before, she often went to all kinds of bars and clubs. She loved to drink, play. She is an extravagant and material woman. Let her act the gentle and kind Abby, won't the audience feel embarrassed?"

After Sherry and Hamish finished their words, Quy was the first who erupted into fury.

"Bullshit!"

Quy's face flushed with anger.

He glared at Hamish with bright eyes, acting to be fierce.

"You old man who betray your wife but pretend to be a firm family man! You are more dissolute than anyone else in private! You deliberately targeted Natalia because you have an ambiguous relationship with Rubby!"

"When did Natalia often go to the bars and clubs? She occasionally goes there to show her respect to the peers. She always keeps a low profile and always left in short time. She doesn't like to play at all!"

"And it's a totally fake news that she has been kept as a mistress. She has already remarried with Mr. Chapman. Will she be short of money?"

Hamish was stunned by Quy's words, and his face froze slightly.

He had worked a long time in the circle and always served as a producer, so he had a wide network of contacts.

Others might afraid of Mr. Sampson, but he was not.

"Quy, why are you in such a hurry to speak up for Natalia? Could it be that there is some invisible relationship between the two of you?"

"In order to help her, you even slandered me and said that I cheated. Do you have any evidence?"

"Watch your words! I will sue you for slander if you cannot provide any evidence.

Don't think that you can talk nonsense just because you have a background and a famous singer as your mother."

Quy was so angry to death. "You!"

Quy was a hot-tempered person, but because of his family background, he had always been well protected by his family and fans. He didn't know how to quarrel with others at all. Now that he was speechless when facing challenge of Hamish.

He blushed and said nothing, but everyone could see that he was really angry.

Lottie immediately realized that he was Natalia's little fan, either in the movie or not, who had treated Natalia as his idol, just like her.

Of course, she also felt not happy that her idol had been slandered.

What's more, apart from being Lottie's idol, Natalia was her good friend and niece-in-law.

She was a very important family of Lottie.

Lottie patted Quy on the shoulder, indicating for him to sit down.

She bypassed Quy and walked out.

"Natalia suddenly wanted to step away from the entertainment not because she was willful, but because she wanted to help me and Ralph."

"At that time, Yara threatened her and asked her to do it. She said that if she did not quit the circle, she would do something to harm me and Ralph. Natalia had no choice but to divorce Kayden Chapman and stepped away from the entertainment for the sake of her friends."

"As for the details, Natalia will make an explanation on special occasions later."

"But I can guarantee with my reputation and acting career that Natalia is not an irresponsible and selfish person."

"On the contrary, she is very selfless."

As she spoke, Lottie stared fixedly at Sherry and refuted her word by word. Her overwhelming presence made Sherry breathless.

"This is just your one-sided statement. Besides, you have a good relationship with Natalia.

I am not surprised that you will speak for her."

Sherry braced herself and said, "I know that you are capable. Your husband is rich and powerful. If you want to play Anna, I can't put a word on it. But I won't never agree Natalia to play the role of Abby!"

Her implication was that no matter how you defend yourself, Natalia was unqualified!

And, she thought that even Lottie was not so impeccable. She let her stay just for the sake of her husband.

Lottie was so angry that she smiled.

Sherry really dared to say that.

With such a few words, she wanted to wipe out the strength of her and Natalia's. Their outstanding performance in the audition had become the most insignificant thing.

She couldn't help but wonder if Sherry had colluded with someone in advance to frame her and Natalia.

Lottie sneered in her heart, but she looked at Sherry gently.

"Ms. Zorn, I think you have misunderstood me and Natalia. My husband is excellent, but it has nothing to do with me. I got the role of Anna is because nothing but my strength."

"You have such a big prejudice against us. It's hard to not doubt whether you hated the rich or not."

Sherry Zorn was a little embarrassed. "What nonsense are you talking about!"

Lottie gave Alfred a look, and Alfred took the opportunity to interrupt. "I suddenly remember that Mr. Zorn has divorced.

I heard that your ex-husband took your money and ran away, and he even took it to keep a star?"

Sherry frowned. "Alfred, what exactly do you want to say?"

"It's nothing. I just feel that no wonder you don't like young and beautiful actresses like Lottie and Natalia. But whether you like them or not, you don't have to attack them for this."

"I didn't!"

"I did it for the crew..."

"What you did it for also is only your one-sided words." Alfred said slowly.

What Alfred said pleased Lottie to a smile and she even started to consider whether she would help him to pursue Connie.

Sherry was so angry but could not refute. In the end, she could only say angrily, "Whatever you say, I'm a nobody. Director, you don't have to worry about my thoughts, but I won't cooperate at that time."

Javion was annoyed.

Sherry was the supervisor in charge of the production budget of the crew, as well as the logistics of the construction team. She played a role in controlling supervising the filming crew.

If she made some trouble during the filming or deliberately slow down, it would make Javion get into trouble.

Moreover, Sherry and he were old partners. He might not get used to cooperate with others who take her job temporarily.
