Chapter 421: Achieving Double Breakthrough in Health Preservation and Divinity Transformation, 57,000 Years of Life!

“There’s no hurry about this matter. Since it’s Senior Brother’s first time at my Longevity Immortal City, I, as your junior brother, naturally have to entertain you properly. Please.”

After that, Left and Right Envoys and Xu Jintian accompanied Liang Sheng on both sides, respectfully welcoming the arrival of Eldest Senior Brother Kaiyuan. It was not until the banquet was over that City Master Zhen Yuan explained the previous situation one by one.

“So, the remnants of the All Living Beings Sect are to blame! After the rebellious Qiuzhen was killed by the Great Emperor, some remnants still lived in various Immortal Cities, and even some hidden in the Immortal Dynasty itself.”

According to my master’s words, the remnants of the All Living Beings Sect in the Longevity Immortal City should be connected to the rebellion of Qiuzhen and should have been eradicated completely.

“So this time, Junior Brother’s fate calamity is a result of the human tribulation, and it still falls on the remnants of the All Living Beings Sect. I don’t know if it’s your luck or misfortune.”

As soon as these words came out, Xu Jintian’s eyes moved slightly. At this moment, he had already found the reason for City Master Zhen Yuan’s intermittent closed-door cultivation over the past thousand years.

So that’s how it is. No wonder he didn’t come out of the closed-door cultivation before the calamity of destiny arrived when his lifespan hadn’t weakened yet. However, when Left and Right Envoys Clear Wind and Bright Moon heard this, they were a little confused. What is the so-called fate calamity?

Since Eldest Senior Brother Kaiyuan didn’t explain, they, as City Lord’s subordinates, naturally didn’t dare to ask at this time.

As they looked at each other, they found out that Clear Wind (Bright Moon) didn’t know what the fate calamity was either and immediately calmed down.

Maybe this is the secret of the experts above the Out-of-Body realm. Since that's the case, it doesn't matter. Even though they are Divinity

Transformation Spiritualists, they have no confidence in breaking through to the Out-of-Body realm in their hearts.

At this time, they were only in the early stage of Divinity Transformation, as the middle stage was still beyond their reach. How could they break through to the Out-of-Body realm?

Kaiyuan didn't care that Xu Jintian and others were nearby, and City Master Zhen Yuan didn't care either, because with Kaiyuan's presence, he was now reassured.

As long as Kaiyuan exists in the Immortal City, the situation will be controllable, because the remnants of the All Living Beings Sect in the city can only be the remnants of Qiuzhen.

If the opponent didn't hide well, he wouldn't be able to inherit for such a long time, and he himself could eradicate the All Living Beings Sect completely.

After understanding the situation, Kaiyuan had no doubts in his heart. He told City Master Zhen Yuan to rest assured that before he went through the fate calamity, he would always stay by City Master Zhen Yuan's side.

These words made City Master Zhen Yuan extremely excited, and he immediately expressed his gratitude. After going through the fate calamity, even if his life was coming to an end, there would still be a chance for reincarnation and re-cultivation.

"Eldest Senior Brother, if I can safely survive the fate calamity this time, I will not take a share of my Longevity Immortal City's thousand-year income. I will give it all to Senior Brother as a reward for this time."

Hearing these words, even Kaiyuan's expression couldn't help but change. He didn't refuse at this time, but the smile on his face became more sincere.

The thousand-year income of the Longevity Immortal City, even for him, is a considerable cultivation resource. It's worth coming to the Longevity Immortal City.

At this time, the Left and Right Envoys Qingfeng and Mingyue didn't dare to say anything. They naturally knew what the thousand-year income of the Longevity Immortal City represented.

It seems that for the next tribute to the Immortal Dynasty, the City Lord is ready to use his private treasury. After all, the thousand-year income has been promised, and how else could he fill this gap without using his private treasury?

However, this also shows how serious the City Lord is about this matter of Eldest Senior Brother Kaiyuan's arrival.

"Clear Wind, Bright Moon, from now on, you must pay attention to the movement in the Immortal City. Whether it's the Upper or Lower City, I need you to have everything under control."

"Yes."

A storm is brewing!

Clear Wind and Bright Moon looked at each other and couldn't help but think of this sentence. There must be no mistakes in what's to come.

Otherwise-

Lower City.

Due to City Master Zhen Yuan's sudden order, the confinement in Lower City became very strict, and the Cleaning Department directly stationed more than ten teams in Lower City.

This sudden change in the situation made Zhou Ye and others even more nervous. However, fortunately, the situation did not worsen after that.

Moreover, under his ability to seek fortune and avoid evil, there was still only a faint sense of misfortune. The ominous sign didn't intensify.

Therefore, his life was still the same as before, doing business in the shop as usual, and the guests coming and going didn't find anything unusual. Only the young members of the Zhou family no longer went out to search for materials.

Zhou Ye now knew that Jin Quanxiu was actually protecting their safety nearby, but Jin Quanxiu had not made any moves yet, indicating two possibilities.

The first possibility is that Senior Jin didn't sense any abnormalities, but the perception of the Zhou family bloodline can't be wrong. This means that the cultivation level of the person hidden is stronger than Jin Quanxiu.

The second possibility is that Jin Quanxiu has already found the exception but doesn't know what to do and can only wait and see, as he doesn't have absolute confidence in success either.

However, no matter the reason, Zhou Ye doesn't dare to take any rash actions right now. The sudden strict confinement in Lower City actually makes him feel a little uneasy and slightly relaxed.

This situation indicates that at least the Immortal City Master's Residence is not targeting him this time. Otherwise, with the strict confinement, the inauspicious premonition of his auspicious ability to avoid evil would have intensified.

But where did the mistake happen that attracted attention to the actions of his shop? Just as Zhou Ye was puzzled, Liang Sheng had reached a critical moment in his cultivation.

At this moment, Liang Sheng's Upper, Middle, and Lower Dantian were full of Heaven and Earth Spine, and it had been completely consumed.

Chapter 422: Achieving Double Breakthrough in Health Preservation and Divinity Transformation, 57,000 Years of Life!

Just as the Heaven and Earth Spine was depleted, Liang Sheng's vitality within his physical body had nearly reached its peak since his travels.

In the face of this burst of vitality, to maintain the balance of his physical state, Liang Sheng's Health Cultivation Method in his body automatically operated, making a clear distinction from the Primordial Mysterious Technique.

As the Health Cultivation Method circled around Zhou Tian, his health energy within his body was like a gluttonous feast, devouring the vitality of the Heaven and Earth Spine.

Consequently, the Health Cultivation Method within his body instantly received feedback. Amidst the complementation of Yin and Yang, a faint, illusory chant like the sky and earth emerged from Liang Sheng's sea of consciousness.

It seemed as if all the immortals and Buddhas had descended together, appearing within Liang Sheng's physical body, celebrating his breakthrough in health cultivation with their chanting voices.

At this moment, Liang Sheng noticed his breakthrough in Health Cultivation Method and immediately found that his data panel had changed.

Name: Liang Sheng

Age: 1067

Talent: Innocent Foolishness (Top-Grade)

Techniques: Primordial Mysterious Technique (4th Layer), Ascending Immortality Scripture (17th Layer), Twenty Health Maintenance Methods (24th Layer), Nail-Head Seven Arrows Technique (Curse), Grand Solar Golden Crow Contemplation Method (Divine Ability)

Realm: Qi Refining and Spirit Transformation (Nascent Soul Late-Stage)

Lifespan: 47659

An unexpected delight.

However, the next moment, Liang Sheng didn't care much about his breakthrough in Health Cultivation Method because the sudden surge in vitality had once again nourished his physical strength.

This made his entire situation, which was initially undergoing a drastic transformation, even more complicated. Under the operation of the Primordial Mysterious Technique, his body was now emitting a faint fluorescent light, like jade.

His body at this moment was like the most perfect gemstone in the world, containing explosive power akin to a prehistoric behemoth beneath his delicate skin.

In this moment of physical strength explosion, his entire body and his nascent soul, combined with his physical self, experienced the sensation of tearing for the first time.

If previously the primordial spirit was intangible compared to the physical body, this time the primordial spirit experienced the illusory existence of the sea of consciousness.

Previously, the sea of consciousness existed in the space between the eyebrows, like a sensory existence, indescribable, and it just existed.

But now, his entire Primordial Spirit had separated from his physical body, becoming even more illusory. The next moment, it seemed to be floating in the Primordial Spirit Sea.

At this moment, the Grand Solar Golden Crow Phenomenon in the sky seemed to appear like reality, giving his Primordial Spirit a sense of warmth.

Just then, Liang Sheng's entire body, with the surging of Qi and Blood in the Zhou Tian acupoints, gradually merged into one within the fluorescent light.

As this change became more uncontrollable, his entire being seemed to appear in an illusory state, unable to distinguish where his Primordial Spirit existed or the difference between his physical body and Primordial Spirit.

But the next moment, things changed again!

Liang Sheng's body suddenly swelled and then shrank rapidly. All the 360 acupoints around his body seemed to be summoned by Zhou Tian. Amid the fluorescence, golden light shone.

At the same time, in the direction of Immortal City, the bright sun suddenly appeared in the Complete Heaven Star Battle Array amidst the sun's radiance and sparkling starlight.

This situation made the entire Immortal City fall into silence in an instant, with two figures appearing in the City Lord Mansion, gazing upwards together.

If not Kaiyuan and City Master of Zhen Yuan, who else could it be?

Complete Heaven Star, Immortal as Bright!

The once famous Complete Heaven Star Battle Array of Seeking Truth Remnant!?

How is this possible?

Fortunately, the next moment, the Complete Heaven Star disappeared, as if everything was an illusion, leaving only the eternal sun suspended in the sky.

Kaiyuan looked at the City Master of Zhen Yuan, his composure no longer as steady as before and whispered, "Junior Brother Zhenyuan, it seems that I must take action regarding your Fate Calamity this time."

City Master Zhen Yuan was initially a little hesitant, but at this moment, upon hearing Kaiyuan's words, a flash of joy passed through his eyes, and he couldn't help but smile slightly.

"Senior Brother..."

However, at this moment, Kaiyuan didn't bother with Junior Brother Zhenyuan. A bronze compass suddenly appeared in his hand, and he cast a spell directly with his hand gestures.

"All living beings rebel, where can you hide?"

City Lord Mansion.

Xu Jintian looked up at the sky, his heart shaking!

Who on earth is this!?

Complete Heaven Star, why did it suddenly appear in the Longevity Immortal City?

What exactly has happened?

The chaos in the Immortal City had nothing to do with Liang Sheng. The moment the vision of the Complete Heaven Star disappeared above the Immortal City, there was a loud explosion in Liang Sheng's space between the eyebrows.

The next moment, Liang Sheng's sea of consciousness expanded drastically as if the universe was beginning to form, separating heaven and earth, and evolving into the three Qing.

In the next instant, Liang Sheng's divine sense appeared in the sea of consciousness, for the first time, truly separated from his physical body and his Primordial Spirit.

Previously, under the Primordial Mysterious Technique, his Nascent Soul was hidden beneath his physical body as the Primordial Spirit, causing his physical strength and Divine Spirit's power to surge, thus achieving the strength to battle across a higher Realm.

Now, his Primordial Spirit had separated. At this moment, besides the vast divine consciousness like the sea, the sky above was reflected with stars from the Complete Heaven Star Battle Array.

Previously, the Grand Solar Golden Crow Contemplation Method resembled the sun while now, it seemed to correspond with the Complete Heaven Star Battle Array. At this moment, Liang Sheng's sea of consciousness roared as if it were a morning bell and evening drums, making him feel as if he were sensing the heaven and earth.

At this time, his Primordial Spirit was in the sea of consciousness, yet it was connected to his physical body through the sea of consciousness and the space between his eyebrows, forming a balance of Yin and Yang.

Chapter 423: Dual Breakthrough in Health Cultivation and Divinity Transformation, 57,000 Years of Life!

The sea of consciousness does not wither, the Primordial Spirit does not die.

At this moment, Liang Sheng sensed an inexplicable connection with the world. Even if his mortal body were to perish at this instance, his Primordial Spirit could continue to exist.

It could seize another body to continue its lifespan in this world. However, he didn't know the disadvantages that such a process could bring.

Liang Sheng didn't realize that he had crossed what was regarded as the hardest hurdle – the transformation from Nascent Soul to divinity, which even the most accomplished Nascent Soul Masters found difficult.

No one had ever accomplished Divinity Transformation as smoothly as him with modern cultivation methods. Every cultivator had to endure the harsh process of transforming their Nascent Soul into Divinity.

However, Liang Sheng remained oblivious to the fact that his greatest fortune was that he had already weathered the storm of Fate Calamity while transcending into Divinity.

Fate Calamity is essentially a bottleneck that all cultivators face when they try to transcend into the Divinity stage by mirroring the heaven and earth.

The reason why cultivators in the Divinity Transformation Stage could condense the Visualization Technique was that only they could genuinely perceive the world and hence condense the world into existence.

The reason why the Soul Emergence Great Monarch had to go through the Fate Calamity was to repay the cause and effect of the world. Regardless of whether he had condensed the Visualization Divine Method, by the time he had entered the Soul Emergence Realm, he was already immersed in the world, accepting the ultimate principles of the world.

As such, the world naturally presents many tests, setting obstacles for the Soul Emergence Great Might to see if they can withstand the Fate Calamity and truly earn the recognition of the world.

Yet, all of this was unknown to Liang Sheng. He could not understand that even though he was in the Divinity Transformation Stage, he didn't have the bottleneck of Fate Calamity due to his talent of Innocent Foolishness.

Despite this joy, Liang Sheng's Primordial Spirit inadvertently left the sea of consciousness and appeared directly in the sky above it.

He wandered in the Celestial Starry Sea, feeling light and floating higher and higher. His consciousness seemed to merge with the stars.

The world is unkind, treating everything in it as a straw dog. The principles of the world are naturally heartless.

However, in the next moment, Liang Sheng's Primordial Spirit felt a wave of heat, and then his personal emotions returned. Fortunately, he was in the state of the Primordial Spirit; otherwise, he would have broken out in a cold sweat.

Just now, it felt as if he was about to be assimilated by the world. Thankfully, he regained his senses in time. His Primordial Spirit immediately returned to the sea of consciousness, and he looked at the Celestial Starry Sea in the sky with a hint of fear.

If he had immersed himself in it, would he have been able to wake up? If it were not for the existence of the Grand Solar Golden Crow in the sea of consciousness, which sobered him with a burning sensation, there would have been a major problem.

He had been too reckless just now.

However, at this moment, a surge of vitality emanated from Liang Sheng's physical body, replenishing the loss instantly and revitalizing his Primordial Spirit.

Only then did Liang Sheng understand the principle of Yin and Yang complementing each other. The Primordial Spirit is Yin, the physical body is Yang. The realm of Divinity Transformation is terrifying in this sense.

At this moment, as Liang Sheng relaxed, his consciousness spread silently, as if the whole universe was within his grasp.

However, Liang Sheng didn't dare to spread his divine sense to the upper part of Immortal City, after all, the City Master Zhen Yuan was there. Why should he trouble himself?

Moreover, having had the crisis of being on the verge of assimilation with the world earlier, Liang Sheng didn't dare to be too reckless, so he immediately withdrew his consciousness back into himself.

Finally breaking through to the Divinity Transformation Stage, he was still in the stage of Qi refining and Divinity transformation. However, at this moment, Liang Sheng, as a Divinity Transformation cultivator, had extended his lifespan by ten thousand years.

Without thinking, Liang Sheng switched the method of cultivation within his body to the Ascending Immortality Scripture. This was a habitual action formed out of utmost caution, and the Ascending Immortality Scripture was once again upgraded.

At this moment, Liang Sheng's data panel had once again undergone a change.

Name: Liang Sheng

Age: 1067

Talent: Innocent Foolishness (Top grade)

Techniques: Primordial Mysterious Technique (4th Level), Ascending Immortality Scripture (18th level), Twenty Health Maintenance Techniques (24th level), Nail-Head Seven Arrows Technique (Curse), Grand Solar Golden Crow Contemplation Method (Divine Ability)

Realm: Qi Refining and Divinity Transformation (Early Stage of Divinity Transformation)

Lifespan: 57659

Presently, Liang Sheng's Primordial Mysterious Technique was still at the fourth level. However, he was now at the Divinity Transformation stage of the Qi Refining and Divinity Transformation stage. The final stage of Qi Refining and Divinity Transformation was equivalent to the Soul Emergence Realm of the City Master Zhen Yuan.

Once he entered the fifth level, that would be the stage of Refining the God and Reversing the Void. By that time, he would probably have less restraint in the world.

However, even if he hadn't reached the Soul Emergence Realm yet, Liang Sheng no longer had any fear. Even the thought of City Master Zhen Yuan no longer invoked the same fear in him as before.

Under the ancient cultivation methods, he has the ability to battle opponents who are in a significantly higher cultivation realm than him. Therefore, even though he is currently only in the early stage of Divinity Transformation of the Qi Refining and Divinity Transformation stage, he probably will not be at a disadvantage even when facing the City Master Zhen Yuan, who is in the Soul Emergence Realm.

In the City of Longevity, he finally has the means to protect himself!

Add to that his current lifespan of 57,659 years. He reckoned that even if the Longevity City Lord were to perish, he could go to Yaoxiang Pavilion to rescue the Giving Bodhisattva. What a wonderful life!

At this moment, it seemed like a very long time had passed since his cultivation, but in reality, it had been less than a month.

However, at this moment, Liang Sheng's face changed suddenly. Under his perception, there was a significant change in the vicinity of Chen Family Manor.

What is happening?

Why has Zhen Yuan City Lord suddenly appeared here? And who is this white-haired strongman beside him? Why does he feel stronger than Zhen Yuan City Lord in his perception?

At this moment, facing the sudden appearance of Zhen Yuan City Lord and Kaiyuan Child, two powerhouses at the Soul Emergence stage, Liang Sheng was not entirely confident that he would win in a fight. If a combat situation arises, he probably could only escape.

Fortunately, he had already broken through; otherwise, under such circumstances, there will only be a dead end for him. But now, even if he were faced with such a situation, he could escape unscathed.

Though I can't win, I'm not foolish, I'll run away!

But the next moment, Liang Sheng stopped worrying about his own safety as he realized that he was not their target.

Li Qixiu?

Why did he come here?

Moreover, Li Qixiu didn't even realize that Zhen Yuan City Lord and Kaiyuan Child were hiding in the air. But upon seeing Zhou Ye's shop in Li Qixiu's line of sight, Liang Sheng's expression grew a bit strange.

What on earth is happening?

Chapter 424: Liang Sheng slightly uses his skills, Xu Jintian, so you are the real "Old Six"!

Immortal City, Lower City.

Right now, Zhou Ye was inside a shop, organizing inventory like any ordinary shopkeeper, not making a single move that crossed the line.

As for Jin Quanxiu, he was hiding in the shadows. Although more than half a month had passed, he had yet to find any abnormal discoveries.

Of course, he didn't give up because he believed in the abilities of the Zhou Family Bloodline. In this sort of situation, he believed that there was only one possibility in his heart.

That was, the person secretly spying on them had a cultivation level far above his; otherwise, why would it be like this?

But what Jin Quanxiu didn't know was that, at this moment, all of his actions were within Li Qixiu's line of sight, leaving no secrets at all.

Through his observations over this period of time, Li Qixiu was now more and more certain that the few people before him were not natives of Longevity Immortal City at all.

Could these people really be from my Seeking Truth Lineage? It's just that I don't know which Ancestor Master's inheritance they belong to.

Of course, the actions of the other party during this half-month didn't seem like the behavior of the Seeking Truth Lineage. It was extremely strange.

Just as he was preparing to continue observing Zhou Ye and the others, suddenly in the sky, the Zhou Tian Star Formation phenomenon appeared.

Although it was only a flash, it looked extremely similar to an illusion. However, Li Qixiu was left in a daze on the spot, looking at the sky, feeling somewhat at a loss.

No one knows how many eras have passed since the last time Zhou Tian Star Formation appeared, and who would have thought that it would reappear in the world?

Could it be that the main lineage of the Seeking Truth Lineage still exists in this world?

However, after being shocked, he found that the Nascent Soul Master he was monitoring right now seemed to be somewhat surprised at this phenomenon but did not show any excitement.

It was as if he didn't know the meaning of the Zhou Tian Star Formation phenomenon. What kind of background did the other party have?

This situation made Li Qixiu somewhat doubt his previous judgment. And just as he was about to reveal himself and investigate the other party's background, an accident suddenly occurred.

Longevity Immortal City Lord Zhen Yuan and his Eldest Senior Brother Kaiyuan Child had arrived!

After discovering the Zhou Tian Star Formation phenomenon in the Upper City, the two immediately investigated the entire Immortal City's condition, daring not to be negligent.

Although the Zhou Tian Star Formation phenomenon was only a flash, it still alerted them, and they dared not be careless.

After all, this was the Fate Calamity of City Master Zhen Yuan. Since the Human Tribulation had fallen on the head of the Church of All Beings, no matter how cautious they were, they could never be too cautious.

At this moment, Li Qixiu just happened to have an emotional fluctuation due to the Zhou Tian Star Formation phenomenon, which led to the leakage of his Qi.

Moreover, right at this moment, Liang Sheng broke through to the Divinity Transformation Realm, and due to his joy, he emitted some unusual movements.

Although Zhen Yuan and his party could not lock onto Liang Sheng's exact location of the breakthrough, they could still determine the general direction.

This way, under multiple coincidences, Li Qixiu was suddenly exposed under City Master Zhen Yuan's watchful eyes.

Therefore, before Li Qixiu could make any move, the two great Out-of-Body Realm masters instantly locked onto his position.

Li Qixiu was a Nascent Soul Late Stage Cultivator. Faced with a life and death crisis, he instantly felt a sense of urgency. His heart had never beat so fast before.

It's over!

Exposed!

At this critical moment, he made a decision in his heart. He saw his body suddenly expand rapidly, and then turned into a monster with a human body.

Wilderness!

Not only that, but an illusory figure also appeared in the sky at this time.

Drought!

Thousands Miles of Barren Land.

It turned out that Li Qixiu was one of the successful practitioners of the Visualization Technique left by the Nameless Cave of the God Transmutation from the Church of All Beings.

In an instant, within the Chen Family Manor's territory, flames raged in the sky, and the cultivators who saw this crisis moment directly fled from the scene.

Among them were Jin Quanxiu and the others. However, for some reason, this feeling of impending calamity in Zhou Ye's heart disappeared instantly when he was fleeing.

When he told Jin Quanxiu about his feelings afterward, Jin Quanxiu couldn't help but look back at Li Qixiu's transformed location.

Could it be that this was the source of danger from Zhou Family Bloodline these past few days? And since the other party was going to fall today, is that why Zhou Ye had such a premonition?

Seeing this situation, City Master Zhen Yuan and Kaiyuan were overjoyed in their hearts. As expected, the other party was a Wilderness, and this Church of All Beings was probably related to the remnants of the Seeking Truth Lineage.

Today, they must capture this person.

However, after seeing Li Qixiu's Drought Thousands Miles of Barren Land Visualization Technique, the two of them frowned slightly.

It wasn't because they couldn't handle this situation. In fact, for them, this drought phenomenon was just something that could be resolved with a wave of their hands.

They were just curious about the methods of the Church of All Beings. They were so varied that even the Visualization Technique could be used, which meant that there must be Divinity Transformation cultivators among them.

At the very least, there were Divinity Transformation cultivators in the past. Otherwise, where would the Visualization Technique come from?

Of course, the worst-case scenario would be that there are still Divinity Transformation cultivators among the Church of All Beings today, or even greater-powered cultivators.

Thinking of this, City Master Zhen Yuan's face couldn't help but become even uglier. He didn't expect that under his watch, such a loophole would still happen.

At this moment, the Lower City was in chaos. A cultivator below hesitated for a moment, then approached them.

However, perhaps because the pressure from the two of them was too great, he couldn't help but stop after moving some distance.

Since the other party was in the air at the moment, they simply bowed their heads in salute. When City Lord Zhen Yuan saw the face of the other party, he also had an impression.

Isn't this one of the Deputy Colonels of the Cleaning Department under his Left Envoy? It seemed that his name was Chen Quan?

Recalling that the Left Envoy had reported earlier that it was because of the information provided by this "Chen Quan" that they were able to locate the tracks of the Church of All Beings.

Chapter 425: Liang Sheng slightly uses his means, Xu Jintian, it turns out you are the old Sixth!

Now that the other party has appeared here so coincidentally, it seems that they had found some clues before and were secretly waiting around.

Indeed, a loyal and responsible subordinate. Not bad.

At this moment, Zhen Yuan nodded at Liang Sheng, and with a wave of his hand, “Chen Quan” was unable to resist and retreated instantly, further away from the battlefield.

After all, this was not a battle that a middle-stage Nascent Soul cultivator could get involved in. The strength of this remnant from the Church of All Beings was already at the Nascent Soul late-stage, and with the Visualization Divine Method, it was like a half-step Transcending Tribulation existence.

Since this was the case, why keep “Chen Quan” here and have him affected by the aftermath of the battle?

In fact, when Liang Sheng left the pass earlier, he looked at the confrontation in the sky and made a decision to move closer to the two City Lords after a brief thought.

Because this was “Chen Quan’s” character.

When the force from City Master Zhen Yuan came just now, he suppressed the urge to counterattack in his heart and cooperated with the retreat.

Although it seemed like these actions took a long time, in fact, they happened in an instant after Li Qixiu transformed.

At this point, Li Qixiu was anxious. He was not afraid of death, but he was afraid of being captured alive by the other party.

After all, he was now the elder of the Zhongsheng Church in the Lower City, and all the Zhongsheng Church followers in the Lower City were under his control.

If he were to be captured alive by City Master Zhen Yuan, perhaps all it would take was a Soul Control Technique, and there would be no more secrets for the Zhongsheng Church in the Lower City.

So his transformation this time was not for resistance, but to buy time. He suddenly soared into the sky with the impact of the Thousands Miles of Drought, unstoppable.

“A remnant of the All Living Beings Sect, nothing more. Since you’ve chosen this way, let me capture you alive, and all the remaining members of the Living Beings Sect will be buried with you.”

Seeing Li Qixiu’s reckless attack, Zhen Yuanzi felt humiliated.

How could a mere Nascent Soul ant have such courage?

Just as the opponent appeared three hundred meters in front of him, a cruel smile appeared on his face; he had already thought of how to torture the opponent.

Li Qixiu also felt helpless in his heart. He only hoped that he could successfully self-destruct, or at least damage his own soul.

Facing City Lord Zhen Yuan alone, the Drought Visualization Technique was of no use at all; it was merely used to make his soul function to the extreme and disrupt the divine consciousness.

But just as they were stunned, City Master Zhen Yuan and the others were too late to stop Li Qixiu, and there was a tremendous explosion.

Li Qixiu actually self-destructed!

How could this be possible?

Li Qixiu managed to catch them off guard. Did he hide his cultivation level? This sudden situation left City Master Zhen Yuan and Kaiyuan Child looking at each other in dismay.

The power of Li Qixiu’s self-destruction this time was even stronger than that of the previous All Living Beings Sect elder.

Chen Quan, who was still far on the ground, also put his hands in front of him at this time, pretending to be struggling hard.

In fact, although Li Qixiu had decided to sacrifice himself just now to protect the Living Beings Sect, he didn't know that he wouldn't have had time to self-destruct and would have been captured by the two city lords.

But just before the moment of self-destruction, a force suddenly emerged from within his body, and then his mana circulation became more than twice as fast.

It was precisely because of this that he could successfully self-destruct, catching City Master Zhen Yuan off guard.

The mysterious force within Li Qixiu, of course, was caused by Liang Sheng. Just now, he used the stealth function of the data panel to give a bit of power to Li Qixiu, resulting in the current outcome.

Even powerful beings like Kaiyuan Child and City Master Zhen Yuan couldn't detect Liang Sheng's small maneuver at all.

At this point, the expressionless City Master Zhen Yuan in the sky waved his hand, and in an instant, the Lower City's chaotic aura due to Li Qixiu's self-destruction became completely calm, as if the violent feeling just now was just an illusion.

Right at this moment, two more people appeared in the sky. If it wasn't Left and Right Envoys Qingfeng and Mingyue, then who else could it be?

City Master Zhen Yuan was annoyed in his heart, but this was not the time to blame the left and right envoys. After all, the self-destruction of church remnants happened right in front of him. If he were to blame the left and right envoys now, wouldn't that mean he was incompetent?

It could only be said that the remnants of the All Living Beings Sect were indeed cunning, hiding their strength, and taking on a do-or-die attitude, which allowed them to snatch the opportunity to self-destruct.

These people were all madmen, and he was too arrogant!

“Qingfeng, Mingyue, you two immediately mobilize and search the entire city. I don’t care how many people you need to mobilize or how vast the Longevity Immortal City is. In any case, I want the results of your search in three days.”

City Master Zhen Yuan paused and added, “However, you can let that Deputy Commander of the Cleaning Department named Chen Quan take charge of the Lower City. He’s a good subordinate indeed.”

At first, Qingfeng and Mingyue were shivering, especially when they heard the angry voice of City Master Zhen Yuan, they felt even more uneasy.

But when they heard the last sentence, Qingfeng’s face flashed a hint of joy. He didn’t expect “Chen Quan” to have attracted the attention of the City Lord.

In this way, wouldn’t it mean that he had completely overshadowed Mingyue this time? “Chen Quan” really was my loyal dog!

Mingyue, hearing City Master Zhen Yuan’s words, couldn’t help but be a little puzzled. How did this involve Chen Quan again?

Why was it always him? Why did everyone humiliate him? What could this “Chen Quan” do?

Chapter 426: Liang Sheng slightly uses his means, Xu Jintian, it turns out you are the old Sixth!

However, Bright Moon also felt helpless in his heart. At this time, “Chen Quan” had already caught the attention of the City Lord. Would he dare to act recklessly?

If he had known this earlier, he should have killed the other party regardless of the consequences so that “Chen Quan” wouldn’t have become an important factor for Left Envoy to suppress himself now.

As the thoughts of Clear Wind and Bright Moon changed, their internal joy and sadness varied, but their surface behavior was exactly the same.

Like a conditioned reflex, they immediately followed the order and promised to complete the task of inspecting the whole Immortal City as soon as possible. Kaiyuan Child and City Lord Zhen Yuan didn't say anything after seeing this, but they soon disappeared. However, in the heart of City Lord Zhen Yuan, there was a hint of unease.

Perhaps this time, overcoming his crisis of Human Tribulation wouldn't be so easy. The remnants of All Living Beings Sect seemed to have grown stronger than they were a thousand years ago.

When the two of them left, "Chen Quan" still looked a bit pale at this time. However, he appeared in front of the Left and Right Envoys as soon as possible.

"Greetings, Left Envoy and Right Envoy."

Just as Liang Sheng was about to salute, he was interrupted by Clear Wind. At this moment, Clear Wind patted Liang Sheng's shoulder affectionately, full of smiles.

"Chen Quan, are you okay? Have you been here all the time?"

Liang Sheng nodded when he heard the words. He could, of course, guess why Clear Wind was so enthusiastic, given that after the breakthrough, his Divine Sense was silent and even Zhen Yuan couldn't detect it. But why did these two old men have him investigate the Lower City?

However, Liang Sheng could only act as if he knew nothing. Clear Wind then explained his task to him again.

"In a while, you will come back with me to the Cleaning Department. As for personnel, you can pick whoever you want. I sincerely hope that you can achieve new merits this time and show your face in front of the City Lord.

in this way, my previous promise will still hold. After ninety years, I will still give you the opportunity of the Heaven and Earth Spine in the Immortal Dynasty Spiritual Veins.”

In Bright Moon’s ears, Clear Wind’s words seemed particularly harsh. He felt the humiliation from the other party very clearly.

Both men used the Heaven and Earth Spine as a means to win over their subordinates, but at this moment, he felt like a poor imitation, only adding to the ridicule!

Thinking of this, Bright Moon’s face naturally turned extremely ugly. However, because he wanted to maintain the dignity of the Right Envoy, he couldn’t leave in anger. Instead, he had to return to the Upper City with Clear Wind and the others.

Fortunately, Clear Wind also knew when to stop showing off at this moment, so he tried his best to control his emotions and didn’t provoke too much.

Liang Sheng, on the other hand, had some other thoughts. It seemed that Clear Wind and Bright Moon had arrived late and didn’t know the person who self- destructed was Li Qixiu.

Otherwise, they would have gone straight to the Li Family in the Upper City by now, and Li Qiming, the Deputy Colonel of the Cleaning Department, would have been directly controlled.

However, everything was just a possibility. City Lord Zhen Yuan didn’t recognize the late-stage Nascent Soul Stage True Monarch Li Qixiu, which led to the current situation.

But Liang Sheng secretly schemed that since things were this way, there might be room for him to take control. As for the specifics, he still needed to plan carefully.

When they arrived in the Upper City, the Left and Right Envoys bid farewell directly. As for Bright Moon’s reason, it was very simple. He said he had to arrange tasks to complete the City Lord’s orders and leave first.

After this, Clear Wind could no longer restrain the smile at the corner of his mouth. With a wave of his hand, a sense of pride emerged in his voice.

“Chen Quan, come with me.”

After arriving at the Cleaning Department, Clear Wind immediately announced that everyone in the Cleaning Department was at “Chen Quan” disposal.

This time, everyone couldn’t help but look at Liang Sheng. The look in their eyes was a bit strange. It seemed that everything “Chen Quan” had done previously was a disguise, otherwise, why would it be like this?

At this moment, everyone couldn’t help but be cautious, reminding themselves to be careful and not to offend the deep-thinking “Chen Quan.”

Liang Sheng naturally didn’t hold back now. After all, this was a task assigned to him by the City Lord. How could “Chen Quan” not care?

So Huang Qiang and other old subordinates were directly included by him, followed by picking some men from three other squads, of course, excluding Li Qiming.

However, Clear Wind didn’t seem satisfied with this arrangement and directly added two more Deputy Colonel’s subordinates to Chen Quan’s team.

At this moment, the number of Cleaning Department personnel under Liang Sheng’s command had become the Number One Person among the eight Deputy Colonels. Even the Colonel of the Cleaning Department looked at him with an inexplicable expression.

However, Liang Sheng didn’t care about it. If he was confident of dealing with City Lord Zhen Yuan and Kaiyuan Child, he would have dared to act directly. How much did a mere Nascent Soul late-stage Commander matter? Even the Left Envoy Qingfeng seemed to be of no threat to Liang Sheng at this moment, nothing more than ants.

Then, after Liang Sheng had picked his personnel, he quickly bid farewell to the Left Envoy and left. The excuse was simple: he wanted to complete the task earlier.

He even said he might gather more men in the Lower City. As for “Chen Quan” requests, Clear Wind naturally green-lighted all of them and agreed to all of his demands.

Watching “Chen Q.uan” leave, Clear Wind’s heart suddenly felt a bit dazed. Perhaps after this time, he would forever keep Bright Moon under his feet.

As such, why wouldn’t he give more power?

With this thought, Clear Wind quickly collected his thoughts and looked at the remaining people in the Cleaning Department. His face became serious, “Everyone, listen up! Immediately inspect all the cultivators in the Upper City of Immortal City.

If anyone resists, kill without mercy!”

As soon as his words fell, a chilling murderous aura filled the air.

A storm was brewing in Immortal City!

Lower City.

Chapter 427: Liang Sheng slightly uses his means, Xu Jintian, it turns out you are the Old Sixth!

Li Qixiu’s self-destruction was not harmless. Many cultivators in the Lower City were hit by the aftermath. Some unlucky ones even died instantly, their spirits and bodies completely annihilated.

The Chen Family Manor remained intact, but some areas had become ruins. Liang Sheng, leading Huang Qiang and others from the Immortal City, instantly silenced the entire Lower City.

Originally, there were people in the ruins searching for their undamaged belongings to save their losses, but upon seeing Chen Quan and his imposing group, they immediately hid and dared not act recklessly.

Fortunately, “Chen Quan” didn’t pay much attention to them. He directly took his people to stay in the Chen Family Manor and didn’t take any immediate action.

At this time, Huang Qiang was still boiling with excitement, all set to make a big stir, but was stopped by Liang Sheng.

“Think thrice before acting to avoid any oversights. The Church of All Beings’ rebels have existed for so long. If they had been easy to find, why had the previous efforts been futile?” he said.

Instructed by Liang Sheng, Huang Qiang and the others, impatient as they were, had to temporarily suppress their excitement, calm their emotions, and wait for Liang Sheng’s final decision.

In fact, Liang Sheng did not want to make much noise in the following actions. The situation of the Church of All Beings was under his control, and he was in no hurry.

So, to avoid Qingfeng’s urging, he especially explained his plan to make preparations before taking actions, which naturally got Qingfeng’s affirmation.

Then Liang Sheng retreated to his mansion. After ensuring no one would intrude, his Divine Sense immediately concealed itself and went to the Upper City.

As for the Church of All Beings, actually it held no meaning to Liang Sheng. At this moment, he needed only two people—

City Master Zhen Yuan and that mysterious white-haired Kaiyuan Child with great powers!

Immortal City, City Lord Mansion.

As City Master Zhen Yuan and Kaiyuan Child returned, the manager Xu Jintian had been waiting outside the City Lord Mansion for a while. Seeing them return, he hurriedly welcomed them.

City Master Zhen Yuan didn't mind Xu Jintian. Over the years, he had become accustomed to Old Xu's presence.

While walking, he discussed with Kaiyuan Child, expressing some dissatisfaction in his remarks. He was very close to succeeding but eventually failed.

However, upon reflection, he felt something was wrong, but he couldn't point it out. So he could only sigh that he had underestimated the remnants of the Church of All Beings. He didn't know that the current situation was to a large extent due to Liang Sheng's subtlety.

"Senior Brother Kaiyuan, everything is my fault. If I hadn't allowed the remnants of the Church of All Beings to grow previously, my Longevity Immortal City wouldn't have been in such a state," he said.

Kaiyuan Child shook his head. His voice didn't fluctuate much. "Actually, you can't be blamed for this, my junior brother. After all, considering today's situation, the remnants of the Church of All Beings are indeed from the Seeking Truth Rebel Lineage.

Moreover, based on the method of the rebel turning into a Demon Body at the end, they are likely from the Seeking the Truth lineage that refines flesh horizontally, and they don't cultivate properly.

However, the Seeking Truth rebels are best at disguising and infiltrating. The current situation is indeed somewhat difficult to handle, but I previously promised you that I would help you through the Human Tribulation. Until I succeed, I won't return to the Immortal Dynasty."

"Senior Brother!"

Hearing this, City Master Zhen Yuan was moved. Then he quickly ordered Xu Jintian to prepare the Celestial Jade Dew to treat Kaiyuan Child well.

By now, the Left and Right Envoys had also returned to the Immortal City and set up the patrol and inspection plan for the Immortal City. So, they specifically went to the City Lord Mansion to report.

Since it was a coincidence, City Master Zhen Yuan naturally asked them to accompany him and listened to the report from the two while eating.

Indeed, the capability of the Left and Right Envoys was great. They made the entire Immortal City inspection plan foolproof.

If there were still problems, it could only mean that the strength of the Church of All Beings was much higher than they had imagined.

So City Master Zhen Yuan didn't say much at this time. He simply asked the Left and Right Envoys to act freely. His previous bad attitude was just because of Xiao Qixiu's self-destruction in front of him, which had somewhat confused him.

The Left and Right Envoys breathed a sigh of relief when they heard this. During this period, Zhen Yuan also asked about the situation of "Chen Quan". Fortunately, Liang Sheng had already made preparations before.

So after hearing Qingfeng explaining "Chen Quan's" idea of planning before moving, City Master Zhen Yuan didn't forget to praise him a bit, saying that Qingfeng's training of his subordinates was in place.

Bright Moon had a full smile on his face and highly praised "Chen Quan", but his heart was heavily gloomy.

Next, he had to work hard to perform better than Qingfeng, otherwise once he fell behind, he would always be behind. By then, it would be hard to catch up.

When the banquet ended, Clear Wind and Bright Moon immediately excused themselves and left, leading the people from the Internal and External Affairs Bureau to start a thorough investigation of the entire Upper City of the Immortal City.

As for Xu Jintian, he leisurely directed his subordinates to clean up the banquet after he finished arranging the closing work of the banquet. Then he directly went back to his own room.

At the same time, Li Qiming stayed at home, very anxious. At this time, he also received instructions from the Church of All Beings and finally breathed a sigh of relief.

Safe!

But then he shed a silent tear. From now on, the Li Family had to rely on him to support, because his elder brother would never be there anymore.

Thinking of this, he turned his head and looked in the direction of the City Lord Mansion, full of resentment.

One day, they will stand on top of the City Lord Mansion, celebrating their freedom, no longer having to hide anymore.

Lower City.

Liang Sheng suddenly opened his eyes.

At this moment, his eyes were filled with disbelief. He didn't expect that Xu Jintian would also be a member of the Church of All Beings.

Chapter 428: Liang Sheng slightly uses his means, Xu Jintian, it turns out you are the Old Sixth!

The one informing Li Qiming of the news was the City Lord Mansion's manager, Xu Jintian!

I'm afraid even the Zhen Yuan City Master doesn't know that the biggest hidden threat around him is hidden right beside him, and he's none the wiser.

Because of Li Qixiu, Liang Sheng naturally wouldn't miss an opportunity to monitor Li Qiming's family. However, he didn't expect that while there wasn't much to gain from the City Lord Mansion, there would be a surprise with Li Qiming.

This despicable man, Xu Jintian, is indeed hiding deep!

At this moment, he couldn't help but sympathize with the City Master of Zhen Yuan. No wonder the City Lord Mansion went to great lengths, yet still let the Church of All Beings survive.

So that's how it is.

At this time, Liang Sheng couldn't help but feel a sense of sitting on the high platform, and he actually admired the concealment methods of the Church of All Beings.

If not for Liang Sheng's special abilities, he would probably be in the same situation as the City Master of Zhen Yuan, being kept in the dark about Xu Jintian's true identity.

But now the situation is different. No matter whether it's the City Lord Mansion or the Church of All Beings, they are all in plain sight, with only Liang Sheng himself hiding in the dark.

Since this is the case, the next situation needs meticulous planning.

Li Qixiu's previous location clearly revealed the abnormalities of the Zhou

Family Young Members. Fortunately, the interference of the Zhen Yuan City Master didn't allow other members of the Church of All Beings to discover the abnormalities of the Zhou Family.

Since this is the case, Liang Sheng still has a chance to make up for the shortcomings and he has more room to maneuver because both the Church of All Beings and the City Lord are almost all in his calculations.

Let's do it that way!

Three Days Later.

Huang Qiang and the others staying in Chen Family Manor have become a little tired of it. However, considering the order of the Qingfeng Left Envoy, they don't dare to make their own decisions.

Fortunately, today "Chen Quan" finally has some movement, and they can't help but breathe a sigh of relief. Otherwise, they would have felt bottomless. "You all already know the orders from the City Lord Mansion. If we want to complete the task, we need to find some spies in the Lower City first.

After all, the Lower City is too big. Despite our numerous people and superior cultivation levels compared to the Lower City Cultivators, our monitoring range is limited. How many people can we check?

So we must make full use of our advantages, directly recruit people in Lower City. You don't need to worry about the reliability of the people we find. After all, I haven't really become a waste after so many years in the Lower City." Hearing this, everyone couldn't help but rejoice. It seemed that "Chen Quan" was already prepared, so they could relax a little too.

Then, Liang Sheng told them about the suitable places for recruiting people in each area of the Lower City and asked them to recruit separately.

Of course, they were not without precautions in recruiting Lower City Cultivators. After all, nothing can be perfect, so they had to take measures for mutual supervision among the Lower City Cultivators.

After hearing Liang Sheng's almost perfect plan, with every step having a second defense plan, Huang Qiang and the others fully relaxed.

Even those from the Cleaning Department who initially followed "Chen

Quan" 's orders under pressure from the Left Envoy now fully accepted his plan. After that, the people from the Cleaning Department began to recruit people in their respective assigned areas under Liang Sheng's instructions, and Liang Sheng himself also took action.

After all, he, as “Chen Quan”, also had to join forces with his colleagues from the Cleaning Department, but the area he was responsible for was within a few hundred miles of the Chen Family Manor.

With “Chen Quan” personally participating this time, coupled with the subordinates from the Cleaning Department, where would the Lower City cultivators refuse?

This is a great fortune!

Perhaps as long as they make contributions following the Cleaning Department, they could successfully establish a Foundation and go to the unattainable Upper City.

So the recruitment task went extremely smoothly, and seeing the people from the Cleaning Department enter Zhou Ye’s shop, Liang Sheng couldn’t help but smile.

In fact, all these actions were just an excuse. The real purpose of Liang Sheng was very simple: to recruit Zhou Ye and others.

From then on, if there was any movement in the Lower City, the Zhou Family disciples could be notified at the first moment. With their ability to Seek Fortune and Avoiding Evil, even if the Church of All Beings reappeared, they would not be in any danger.

Zhou Ye was originally reorganizing the shop at the moment, as the previous self-destruction of Li Qixiu caused a great deal of damage.

But in front of the cultivators, repairing was easy, he just didn’t expect that they would be called over by the Cleaning Department just as they reopened.

At first, he was puzzled, but his heart for Seeking Fortune and Avoiding Evil revealed four shining characters.

Great fortune omen.

Huh?

So this is actually a good thing?

So, under the arrangement of the Cleaning Department, they began to serve as the external investigation team of the Cleaning Department in the Lower City. Liang Sheng's work was quite appropriate. Today, he allowed them to go home for a final farewell, but they must report back to Chen Family Manor before dark.

As for those who didn't return at night, the outcome is obvious. Zhou Ye tactfully returned to the Zhou Family's hidden Mansion once, and after analyzing all the pros and cons, the Zhou Family decided to let Zhou Ye stay in the Chen Family Manor.

From then on, no matter what happened in the Lower City, they would have an additional pair of eyes. Why not?

When night came, all the recruited Lower City cultivators came back as scheduled, with no absences.

At this moment, Liang Sheng didn't personally take charge of the assembly, as there were already subordinates from the Cleaning Department responsible for it.

Soon, the Lower City cultivators recruited from various areas received tools to communicate with the Cleaning Department. Then, they dispersed in every corner of the Lower City.

In an instant, the Heaven and Earth Net of the Lower City was formed.

Upper City.

Upon receiving Liang Sheng's report, Left Envoy Qingfeng couldn't help but smile, becoming more and more satisfied with "Chen Quan" in his heart.

Well done.

Up next, the mission of the City Lord Mansion was simple: find the location of the Church of All Living Beings, no matter the cost.

After hearing the Left and Right Envoys' report, the Zhen Yuan City Master looked at the Kaiyuan Child and nodded lightly.

Now, it's time to find the whereabouts of the Church of All Beings and then –

Kill without mercy.

As for Xu Jintian who was hidden in the shadows, he could only watch the many arrangements in the Upper and Lower Cities with some helplessness. After deep consideration, he began to issue continuous orders.

In the end, Xu Jintian gritted his teeth.

It seems that this time they have to cut off the tail to survive.

That means –

The Church of All Beings has to kill people!

Chapter 429: Church of All Beings Seeking Death, Liang Sheng's Puppet Slays Nascent Soul

Upper City.

The Church of All Beings wants to kill people.

However, how to kill and who to kill – Xu Jintian felt that he still needed to consider, since it's all for the survival of the Church of All Beings.

Xu Jintian wasn't so rash as to start a killing spree, which would only lead to self-destruction and ruin their foundation.

Everything needs to be done step by step and without impulsiveness. Immortal City's tight layout might not affect the life and death of the Church of All Beings in a short time.

Xu Jintian's actions are only for precautions. The Church of All Beings has survived so far due to their cautiousness.

They have to wait until the situation is clear enough to know who to kill and how to kill.

Even if he bears the sin, he will never regret it. Everything he does is for the survival of the Church of All Beings.

Lower City.

Outside Chen Family Manor, Gourmet Street.

Liang Sheng was still leisurely strolling around. This time, he didn't go to Old Yang's shop, but casually chose another one, which surprised the shop owner.

Indeed, when Liang Sheng left, the shopkeeper was grateful, holding a piece of Mid-Grade Spirit Stone tightly in his hand.

He made a fortune!

Meanwhile, Old Yang's shop was also doing well. As he busied himself, he kept an eye on Liang Sheng's movements.

Whether it was due to being in the dark or not, according to the intelligence from the church, the Cleaning Department was now monitoring all regions of the Lower City with great strictness.

However, because he was in the Chen Family Manor area, the situation here was much more relaxed than elsewhere.

Although the Cleaning Department's people were working hard, "Chen Quan" remained lazy, but Old Yang didn't dare to underestimate him.

This "Chen Quan" was extremely cunning. He had been pretending to be harmless for years. The plan for monitoring the Lower City was proposed by him, so Old Yang had to be careful.

Since Li Qixiu's self-destruction in front of City Lord Zhen Yuan, the top of the Church of All Beings hasn't sent any Elders to manage the situation in the Lower City. They only told them to continue to hide and remain silent.

As a result, the Cleaning Department under the City Lord's command was busy in the Lower City, while the Church of All Beings remained motionless and maintained a state of inaction.

For a while, the two sides maintained a strange balance, but this was only temporary. Something unexpected would be discovered over time.

Liang Sheng still maintained his daily life routine, and the Cleaning Department's subordinates were still desperately searching for traces of the Church of All Beings in the Lower City.

Because they also hoped that one day, their loyalty would be seen by the Left Envoy, and they might have the same opportunity for rapid promotion as "Chen Quan."

Zhou Family was a newcomer in the Lower City, but with Zhou Ye as their liaison, nothing unexpected happened.

In the blink of an eye, another month passed.

Early in the morning, Liang Sheng woke up with a fragrant body in his arms. He couldn't help but stretch lazily, feeling that this splendid life was not a waste of his long lifespan.

Today, in a good mood, he gave an opportunity to the Giving Bodhisattvas. After all, one must give rewards occasionally, lest their expectations turn to disappointment.

He needed someone in Yaoxiang Pavilion to represent him and show his worth from time to time.

For example, today's Giving Bodhisattvas got lucky. After Liang Sheng left, there were screams of joy in Yaoxiang Pavilion. News spread, making other Lower City cultivators envious.

Last night, all the Giving Bodhisattvas who served "Chen Quan" reached Qi Refinement Completion. They even received Foundation Establishment Pills as gifts from "Chen Quan."

Everyone else was jealous, and some in Yaoxiang Pavilion scolded themselves for not being patient enough and giving up a great opportunity halfway through.

However, Liang Sheng was unconcerned with the joy and sorrow of others. Now that he had the power to protect himself, all he wanted was a carefree life.

He didn't want too many cause and effect ties. In fact, Liang Sheng was a ruthless person. Aside from his relationship with Jin Quanxiu's master and disciple and the Zhou Family's past, he had forgotten to help Xiang Chen's disciple.

At that time, he didn't remember that he had such a junior nephew, and all he cared about were the people around him.

After all, they were all passersby in the world. Over the long years, even Jin Quanxiu and others would eventually turn to dust, and the cause and effect would end.

On his way back, Liang Sheng shook his head. This was his path, destined to end up alone in the end.

At this moment, the Cleaning Department's cultivators who were on the move saw Liang Sheng and quickly saluted. Liang Sheng told them to carry on as usual and not to mind him.

Liang Sheng had already received news that the investigation in the Upper City wasn't going well either. The atmosphere in the entire Immortal City was somewhat peculiar.

In such a situation, as the person in charge of the Lower City, he shouldn't achieve anything, otherwise, how would the Left and Right Envoys save face?

However, plans always lag behind changes. Since the Church of All Beings was seeking their own demise, they couldn't blame him for the trouble they brought upon themselves.

He really just wanted to live a peaceful life, but some people always tried to make things difficult for him.

Unbeknownst to Xu Jintian, who was being monitored silently by Liang Sheng, the plan he had been carefully plotting for a month had already been exposed to Liang Sheng..

Chapter 430: Church of All Beings Seeking Death, Liang Sheng's Puppet Slays Nascent Soul

However, if Xu Jintian were to really be exposed, with his ability to seek fortune and avoid evil being of ill omen, Liang Sheng would have no choice but to punish him slightly and make Xu Jintian stop targeting himself.

Why don't you just focus on City Master Zhen Yuan? Why do you have a problem with me?

Liang Sheng made up his mind. Actually, doing this had its benefits. At the very least, if he performed well, the City Lord Mansion wouldn't take over the Lower City and he could continue living his carefree life.

He could naturally paint a big picture and satisfy everyone in the City Lord Mansion. With that thought, Liang Sheng prepared to expose a not so valuable informant, who was planning to stir up trouble for the Church of All Beings.

After going through the whole plan in his heart and feeling that there were no omissions, Liang Sheng began to follow his plan.

Then, right at noon, “good news” came. Huang Qiang, with a face full of redness, hurriedly walked over. His voice was clearly suppressing his excitement.

“Commander, we have a clue.”

It had been more than a month. Heaven did not disappoint a devoted person, and he finally found a trace of the rebellious members of the Church of All Beings. This was the first clue at present.

During this period, whether it was the Upper City or the Lower City, no traces of the Church of All Beings had been found so far.

Now, Huang Qiang had been diligently searching and finally found a clue. If he succeeded, he would be the first to achieve merit!

“Oh, so soon? Tell me what’s going on!”

When Huang Qiang finished his report, Liang Sheng didn't hesitate and immediately told him to prepare for action. "Huang Qiang, there's no need to use a long line to catch big fish. These members of the Church of All Beings are tricky. It's better to have them in our hands before we feel at ease.

You take a few trusted confidants right now and make a move directly. Remember, once you get to the place, don't hesitate and try to capture them alive.

If we really can catch them alive, I believe both the Left Envoy and the City Lord will be very happy. On the contrary, you don't need me to say much, do you?"

Upon hearing Liang Sheng's words, Huang Qiang nodded fiercely. Because Liang Sheng's thoughts actually coincided with his own.

Even the City Lord had failed previously. These Church members were really cunning. Merits gained in hand are real merits.

What's the point of using a long line to catch big fish? When facing these rebellious members of the Church of All Beings, if you want to delay time and get the greatest gains, that means variables.

Huang Qiang left at this moment, and Liang Sheng looked at his disappearing figure with a slight smile. If it wasn't for his deliberate move, how could the Church be exposed to Huang Qiang so coincidentally?

At this point, Liang Sheng continued with his own plan, reporting every detail of the current situation to the Left Envoy.

At this time, both Qingfeng and Mingyue were in a headache. They were both busy wondering why the Church members were so good at hiding after such a long time of investigation.

It seemed like the other party knew all their plans well. After a year of intense investigation, there was actually not a single clue.

“What kind of divine ability do the remnants of the Church of All Beings have that allows them to hide so deeply?”

In the past month or so, the Cleaning Department has achieved nothing. He thought he would incur the City Lord’s reprimand, but he did not expect City Master Zhen Yuan to be quite tolerant of them.

That was because Kaiyuan Child said a sentence at the beginning, which made City Master Zhen Yuan calm down and start to look at the matter rationally.

“Junior brother, the Church of All Beings is indeed your human tribulation. It’s been so long and there’s still no clue. It can only be said that the edge of the fate calamity is really unpredictable.”

Upon hearing this, City Master Zhen Yuan suddenly realized that if it were so easy to resolve, would it still be his fate calamity?

So, with Kaiyuan Child’s assistance, City Master Zhen Yuan gradually calmed down. He was now a person facing the tribulation, so he couldn’t be impatient, and his heart couldn’t be disturbed.

It was true that the rebels of the Church of All Beings could hide, but this was his Longevity Immortal City. Could they hide for a while, let alone a lifetime?

As long as there was any movement from them, under such high-intensity investigation by his subordinates, they would definitely get clues.

Now was the time for both sides to compete for patience. Just as City Master Zhen Yuan was preparing for a protracted battle, Left Envoy Qingfeng suddenly received a message from Liang Sheng, which instantly brought him joy.

Good job, Chen Quan!

He did not expect that it was his own loyal dog who broke the deadlock when he was at a loss. Immediately, Qingfeng felt somewhat ashamed.

It was because he heard that during more than a month, “Chen Quan” was still wandering around. He was originally considering whether to give a warning or change personnel.

Now it seems that he was too impatient. Perhaps it was precisely because of “Chen Quan’s” behavior that the Church of All Beings let down their guard. That’s why he was able to obtain new clues.

He had misunderstood him!

However, thinking back, could he do the same? With this thought in mind, the more he thought about it, the more reasonable it seemed.

Only by numbing the enemy would they become more unscrupulous and expose their weaknesses. But now Huang Qiang was still capturing people, so he could only sit and wait for news.

He hoped it would be good news. It didn't take long for Liang Sheng's message to arrive, starting with just four short words.

Fulfilled my duty!

Well done!

Left Envoy couldn't help but excitedly slap his desk. Huang Qiang was now escorting the remnants of the Church of All Beings to the Left Envoy Mansion.

This time, all the rebellious members of the Church of All Beings were captured alive. Huang Qiang couldn't believe that the operation went so smoothly..
