

## Bottleneck 541

Chapter 541: Gifted Child Dominates the Arena, Suppressing the Truth Seekers, Unexpected Broken Seals Bring the Tribulation

Su Wu felt that there was no flaw in his plan, so he began to wait quietly for the results, while thinking about how to make use of Fang Yuan.

However, just at this moment, Fang Yuan, who was sitting below, suddenly stood up, “Junior brother, don’t hesitate, just attack! We are cultivators of the Xihe Immortal Dynasty, don’t feel burdened!”

Su Wu couldn’t help but be taken aback upon hearing this. What did he mean!? He didn’t expect that the other party wouldn’t admit defeat, and even wanted to take the initiative to attack. Did the other party still have any trump cards?

Thinking of this, Su Wu couldn’t help but feel excited. It was good to have a trump card, and it would be even better if he could kill all the Zhou family’s Golden Core cultivators according to his original plan.

In Longevity Immortal City, he wouldn’t allow anyone to compete with him for fortune. Anyone who did would have to die.

Above the arena, Fang Yi was already in a precarious situation. However, when Fang Yuan’s words spread, he made up his mind almost instantly.

He wasn’t a cultivator of the East Victory Immortal Dynasty, he was from the Xihe Immortal Dynasty. Since he was already in a life-and-death situation, what was there to be afraid of?

In the East Victory Immortal Dynasty, the Seeking Truth Lineage indeed deserved to die, but in the Xihe Immortal Dynasty, it wasn’t such a heinous existence.

With that in mind, he let out a furious roar. He was going to expose his true identity at the hands of a junior, which was truly shameful!

However, after making a decision, he relaxed instead. The other party was from the Longevity Immortal City Lord Mansion, which was actually an enemy.

Kill!

The next moment, a fierce and domineering aura emerged from Fang Yi. The surrounding area within ten miles was silent, and Zhou Shen was startled, involuntarily stopping his attack and taking a step back.

Jin Quanxiu was also stunned, his face immediately turning pale. This level of aura intensity was comparable to a Nascent Soul Master.

How could that be possible?

He could only look at Liang Sheng, who had previously said he would take action. He shouldn't go back on his word, but he found that Liang Sheng wasn't looking at the arena, but rather towards the City Lord Mansion.

Su Wu was initially surprised and delighted by Fang Yi's sudden burst of power, hoping for Zhou Shen to die first to reduce variables.

But just at this moment, his smile suddenly froze. He then looked towards the City Lord Mansion with a horrified expression, and his heart began to race uncontrollably.

Fang Yuan and his brother had just given up all their burdens and were ready to go all out, but the next moment they were locked in by a divine sense, and Fang Yi, who was about to counterattack, didn't dare to move at all.

The surrounding Immortal City cultivators didn't know what had happened, and saw Fang Yi, who had just exploded with power, sweating profusely and not moving at all.

What's going on?

The next moment, an overwhelming aura suddenly filled the entire Longevity Immortal City. The cultivators above Golden Core level struggled to turn their heads.

They all looked towards the City Lord Mansion. Jin Quanxiu's face was also full of horror. In the blink of an eye, the sky was covered with dark clouds, and faint flashes of lightning could be seen.

What's going on?

He was shocked and just about to turn back to ask Liang Sheng when he saw Liang Sheng pat Huang Yifan's shoulder, and then he disappeared.

"Fellow Daoist Jin, don't worry. My master has already instructed me that Zhou Shen won't be harmed, as for my master..."

Huang Yifan stopped talking, but his eyes were full of disdain. In Longevity Immortal City, only the master could be respected, and there was no need to worry.

...

City Lord Mansion.

Backyard.

Mustard Seed Sumi Rock.

Chunyangzi, who was originally guarding this place, was now looking nervous, and he still didn't quite understand why.

He had no idea that a shadow had already slipped into the spiritual vein branch vein, quietly watching them. It was Liang Sheng, who had disappeared in front of Jin Quanxiu earlier.

This was the scene of the unexpected variable that he had seen previously under the Law of Cause and Effect. Liang Sheng was also somewhat relieved, as surprises always came so suddenly.

Originally, Feng Yuan was sealed in the Mustard Seed Sumi Rock, which was extremely stable. However, he didn't expect that the Fang Yuan brothers, because of the Seeking the Truth lineage's aura, would break the balance of Longevity Immortal City.

Feng Yuan was able to be sealed safely, mainly because of a clever balance of various auras, achieving such perfection.

However, during the Immortal Dynasty Competition, Fang Yi's highly refined Seeking the Truth lineage aura, at full force, unexpectedly connected with the remnants of All Living Beings Sect and broke the balance of Feng Yuan's seal.

In simple terms—

Feng Yuan's Fate Calamity had unexpectedly arrived!

Chapter 542: Liang Sheng Seizes the Opportunity, Feng Yuan's Heavenly Tribulation Arrives!

Longevity Immortal City.

Within the Mustard Seed Sumi and Mountain Stone.

At this moment, Chunyangzi dared not to move, staring intently at the seal in front of him, which had a very chaotic qi on it.

The calm and dormant Feng Yuan in the seal, though still closed-eyed, now had a furrowed brow.

Seeing this, Chunyangzi could only grow anxious at the side; he couldn't do anything right now, because Feng Yuan's body had the impending Fate Calamity Qi. How could he intervene?

Many thoughts crossed Chunyangzi's mind at this moment, but his biggest question was still about what had happened in Longevity Immortal City that led to this debacle?

Just as Chunyangzi was internally panicking, Feng Yuan suddenly opened his eyes within the seal, and the chaotic qi on the seal vanished instantly, as if nothing had happened.

However, upon seeing this, Chunyangzi's expression turned extremely ugly, because after the seal disappeared, Feng Yuan's Qi carried an extraordinarily unique and distinct aura.

Tribulation Aura!

Feng Yuan's Fate Calamity had arrived!

Originally, Feng Yuan had taken advantage of the rules and the once-in-ten-thousand-years opportunity created by the Church of All Beings to slip through the gap of Heaven and Earth and reach his own Human Tribulation karma.

But now, it was unknown what had happened in Longevity Immortal City that caused Feng Yuan's tribulation to form halfway and even undergo a qualitative change.

It was the Heavenly Tribulation within the Fate Calamity!

Even as Refinement Void Dao Monarch, Chunyangzi couldn't help feeling apprehensive at this moment, because this was a Heavenly Tribulation. Facing such a situation, what should he do? What could he do?

"Master!"

At this time, Feng Yuan's face was also incredibly pale. He had successfully planned until now, nearly a few thousand years later.

Who would have thought that it would end up like this? It was truly sigh-inducing. At this point, Chunyangzi tried his best to contain his laughter.

“Don’t worry, Yuan’er. Don’t panic. Master is still here. Even if it’s the Heavenly Tribulation within the Fate Calamity, with Master’s ability, I can still help you somewhat.”

But at this moment, Feng Yuan just shook his head.

“Master, it’s too late now.”

“Huh?”

Upon hearing this, Chunyangzi immediately reacted with an incredulous expression, “Yuan’er, will you face the tribulation immediately?”

Feng Yuan nodded. This time, he didn’t know if it was because he had exploited the gap between Heaven and Earth that the backlash from Heaven and Earth was too severe, so they practically didn’t give him any time to prepare for the arrival of the Heavenly Tribulation.

One could only say that it’s best not to try to scheme against Heavenly Dao. Deep down, Chunyangzi regretted and even thought of the previous negative examples.

For instance, countless years ago, the Seeking Truth Lineage was so spirited and ambitious, but in the end, they offended Heaven and Earth and ended up barely surviving until now.

Moreover, among the Fate Calamities, Heavenly Tribulation and Earthly Tribulation, Human Tribulation was different. Since the power was too great, the person undergoing the tribulation would have specific time to prepare.

Why was it so?

It was because, under the Heavenly Tribulation, almost everyone faced certain death!

However, at present, Feng Yuan didn't have any time to react or prepare. Chunyangzi's vision almost went black, and then forcibly calmed down, smiling and comforting Feng Yuan.

"It doesn't matter. Back then, I was afraid that your cultivation level would be too high, and you would face the Heavenly Tribulation. Now it's just the result of our previous expectations.

Actually, it's quite normal. After all, you have been sealed for so many years, and you should have absorbed most of the opportunities you gained from the Great Competition of Spiritual Veins by now.

In that case, let's not think about anything else for now. We just need to adjust ourselves and then go out to face the Heavenly Tribulation together.

With Master here, it will be fine. You are my Pure Yang Sect's once-in-ten-thousand-years gifted child disciple. Perhaps this is your opportunity."

"Mm."

At this time, Feng Yuan could only reassure himself like this, trying his best to reach a perfect state before the Heavenly Tribulation arrived. As for the rest, he left it to Heaven.

After a while, when Feng Yuan felt that he had recovered to his best condition, he glanced at Chunyangzi and nodded. Then, he disappeared inside the Mountain Stone.

However, the next moment after they left, Liang Sheng appeared, overjoyed, and without any hesitation entered the Spiritual Vein Branch Vein.

A great opportunity!

At this time, due to the ongoing Immortal Dynasty Competition and the Golden Age, the Heaven and Earth Spine within the Immortal Dynasty Spiritual Veins was experiencing a massive eruption, extremely dense.

Originally, the Longevity Immortal City Spiritual Vein Branch Vein was almost depleted due to Xu Jintian's prohibition technique in the past and Liang Sheng's subsequent gluttonous devouring.

But after nearly a thousand years of recovery and the blessings accumulated from the Immortal Dynasty Competition, the Heaven and Earth Spine within the Longevity Immortal City Spiritual Vein Branch Vein reached its peak.

In Liang Sheng's words, he had never fought such a rich battle in his many years of cultivation.

However, Liang Sheng wouldn't waste time, so he entered the Spiritual Vein the first chance he had, absorbing the Heaven and Earth Spine that came out.

He had no choice. Zhou Shen, that young man, could be considered the culprit responsible for Feng Yuan's sudden change in circumstances. After Chunyangzi went out, he would surely know the cause and effect and might take action immediately.

Setting aside Jin Quanxiu's relationship, just the fact that he could successfully obtain the Heaven and Earth Spine today was due to Zhou Shen's cause and effect.

Moreover, facing Chunyangzi, Liang Sheng didn't feel any great crisis. In that case, he didn't have to do too much and simply needed to ensure Zhou Shen's safety.

Liang Sheng had done all the planning and entered the Spiritual Vein without any hesitation, with the Primordial Mysterious Technique within his body running frantically.

Liang Sheng at the Out-of-Body stage was completely different from the Divinity Transformation Realm. If previously he was just a glutton, now, he was a group of gluttons.

Chapter 543: Liang Sheng Cleverly Seizes the Opportunity, Feng Yuan's Heavenly Tribulation Arrives!

In just a moment, the dense Heaven and Earth Spine within the spiritual vein's branch vein disappeared, all consumed by Liang Sheng.

At the same time, as the Heaven and Earth Spine was depleted, Liang Sheng vanished into the mountain stone, feeling completely satisfied.

But just after Liang Sheng devoured the Heaven and Earth Spine within the spiritual vein, the mood of Emperor Dongsheng in his residence within the East Victory Immortal Dynasty changed.

Because, in an instant, the Immortal Dynasty's luck had shrunk by one percent. Although this loss did not seem much, this was the time of the Immortal Dynasty Competition, and any small change could affect the overall outcome.

Emperor Dongsheng's face turned grim, and he couldn't help but use his fingers to calculate, but he couldn't deduce anything. All he knew was that there was a problem with the position of Longevity Immortal City.

What happened in Longevity Immortal City?

Under normal circumstances, his level of cultivation would have allowed him to deduce what had happened, but now that the Immortal Dynasty Competition was underway and the Holy Land was controlling the situation, the Heavenly Secrets were obscured and he couldn't deduce a thing.

Even if he could deduce what had happened, he might have been powerless to do anything as the Holy Land had declared that no one above the Refinement Void Triple Level should interfere in the competition; otherwise, why would he have hidden himself in his residence?

May the heavens bless our East Victory Immortal Dynasty.

Emperor Dongsheng sighed helplessly.

Immortal Dynasty Competition, the Golden Era, sigh!

...

Longevity Immortal City.

Above the arena, Zhou Shen and Fang Yi did not move, they looked up at the sky where the dark clouds were rolling and the sound of thunder was continuous.

Although it was daytime, under the cover of thick dark clouds, the entire Immortal City seemed like night had fallen. It was so dark that one could hardly see their hand. Fortunately, they were cultivators and had night vision abilities.

With the movement of thunder and lightning in the sky, an oppressive atmosphere enveloped the whole city, making the Immortal City completely silent.

Everyone was wondering what had happened. At this time, Jin Quanxiu was also nervous. However, the next moment, he relaxed as Liang Sheng appeared before him once again.

Since the Senior was here, there was no need to worry anymore. However, Jin Quanxiu didn't know that Liang Sheng was internally rejoicing as well.

Zhou Shen's fortune is huge!

That's because the Heaven and Earth Spine, dense within the spiritual veins, didn't fill his body completely, allowing him to temporarily act freely.

It wasn't that Liang Sheng had absorbed too little of the Heaven and Earth Spine, but rather because his container was too large. The Out-of-Body Liang Sheng, who had not filled his body with the Heaven and Earth Spine, was actually several hundred times the capacity of a Divinity Transformation.

This should allow him to make another breakthrough and move forward, but soon Liang Sheng stopped thinking about it as Chunyangzi and his disciple appeared in the semi-sky of the Immortal City before he did.

Between their successive appearances, there was actually only a breath's time. That is to say, in just one breath, Liang Sheng absorbed all the Heaven and Earth Spine within the spiritual vein and completely emptied it.

What a great thief!

On the other side, as soon as Chunyangzi and his disciple appeared in the Immortal City, City Lord Suwu's face involuntarily changed.

Although he didn't know what had happened, he was still preparing to greet them, but before he could move, he saw Chunyangzi glaring angrily at Fang Yi, who was releasing his energy on the arena platform.

"So it's you Seeking Truth Remnants causing trouble, ruining my grand plan of a thousand years; you deserve to die!"

While speaking, Chunyangzi struck a palm with extreme Pure Yang energy and aimed it directly at the arena.

Fortunately, even in his anger, Chunyangzi didn't dare cause too much commotion due to the Feng Yuan Heavenly Tribulation's arrival, lest it affected the power of the Heavenly Tribulation.

So his palm strike targeted only Fang Yi and Zhou Shen on the arena, but even so, all the Immortal City Cultivators' hearts couldn't help but skip a beat.

Such attacking power was something that no cultivator could achieve. Jin Quanxiu, who was hiding nearby, widened his eyes in shock and anxiety at that moment.

Shen'er!

In his haste, he didn't even notice that Liang Sheng had disappeared. The moment Chunyangzi made his move, Liang Sheng had vanished and lurked on the arena platform.

“Who!?”

Liang Sheng exposed his Qi while saving people this time. Under normal circumstances, he would not have been discovered by Chunyangzi under the Data Panel Concealment attribute.

But now, his body was full of Heaven and Earth Spine, causing his Qi to leak out when he took action, which was directly sensed by Chunyangzi.

Even so, Chunyangzi had only sensed the anomaly, and he hadn't actually seen Liang Sheng appear.

Immediately after that, he saw his angry palm strike hit the arena, and the entire platform disappeared in an instant, leaving no ashes or dust.

“What just happened? Is there another powerful being in the Immortal City?”

Chunyangzi was somewhat uncertain in his heart, but after investigating it further, he found no anomalies and temporarily buried his doubts.

Now, it was time to deal with Feng Yuan's Heavenly Tribulation first. And just then, a loud shout came from the tent place.

“All the cultivators of Immortal City, heed my command! This is a Heavenly Tribulation for the cultivators. Everyone, retreat quickly and don't stay in place!”

It was actually City Lord Suwu who reminded them. In an instant, everyone fled in panic, including Zhou Family and Fang Yuan.

Although Fang Yuan saw that Fang Yi had innocently died under that palm just now, he could only temporarily retreat. Otherwise, staying here would mean a pointless sacrifice.

All the fleeing cultivators were grateful to Suwu; without his reminder, who would have known this was a Heavenly Tribulation?

But no one knew that Suwu's actions just now were actually controlled by someone else, although he himself was unaware of it.

#### Chapter 544: Liang Sheng Cleverly Seizes the Opportunity, Feng Yuan's Heavenly Tribulation Arrives!

As for the controller, if it's not Liang Sheng, who else could it be?

At this moment, Jin Quanxiu hadn't yet reacted and felt himself surrounded by a gentle force. In the next moment, he and Huang Yifan vanished together.

Around the arena, within a radius of three hundred miles, only Chunyangzi and his disciple were left hovering in mid-air. At the distant Liang Residence, four figures emerged.

Besides Liang Sheng, Jin Quanxiu, and Huang Yifan, the fourth person was Zhou Shen, who was completely stunned by this time.

He had thought that he was certain to die just a moment ago!

Jin Quanxiu knew that Zhou Shen had been frightened, but he was not in a hurry to comfort him. He wanted to thank his senior for everything he had done for him first.

Because if it weren't for his senior's intervention just now, Zhou Shen might have already died without the opportunity for a proper burial. Even the top-grade spiritual armor on his body wouldn't have helped.

But who was the person who helped them, and how could he be so powerful that Jin Quanxiu felt like an ant in front of him?

However, before Jin Quanxiu could express his gratitude to Liang Sheng, the situation above the Immortal City changed again.

The dark clouds in the sky formed a whirlpool, radiating a feeling of oppression as if it were the end of the world. Amid the lightning and thunder, no one doubted the power of the Thunder Tribulation.

Feng Yuan looked at this apocalyptic scene with a bitter face. The lightning flashing in the sky had already locked onto him.

This was his Heavenly Tribulation.

Chunyangzi still wore a look of anger on his face. But in his anger just now, he had made the death of that Seeking Truth Remnant too simple.

But if it weren't for that person disrupting the Longevity Immortal City's destiny, his disciple Feng Yuan wouldn't have encountered such a great disaster. It would have been better if he had taken action earlier, but it was too late for that now.

Feng Yuan forcibly made himself appear calm at this moment, but the twitching at the corner of his mouth showed that he could only manage a forced smile, appearing unnatural.

"Master, you'd better leave now. My Thunder Tribulation is about to come."

Chunyangzi looked up at the sky and saw that under the dense clouds, his Thunder Tribulation was slowly brewing. If he stayed here any longer, he feared it would only increase the power of the tribulation.

"Yuan'er, you must calm your mind and never give up. You must know that you are the gifted child of our Pure Yang Sect and can definitely get through this Heavenly Tribulation."

"Master, rest assured, I won't give up easily. The path of cultivation is to compete with the heavens, and I won't be so fragile."

Chunyangzi nearly shed tears when he heard this. He nodded his head and turned to leave without any hesitation.

Leaving was the right choice.

But as he left, his eyes stared intently at a certain direction, the direction in which Fang Yuan had fled.

At Su Wu's warning of the sudden change, Fang Yuan immediately withdrew towards the outer space. At this moment, his heart was filled with extreme trepidation.

Who would have thought that the City Lord of Longevity Immortal City, who was just a Nascent Soul Master, would possess such great might that he had no desire to resist them?

By now, he had almost guessed what was happening. This end-of-the-world-like scene was clearly someone's Fate Calamity of a Soul Emergence cultivator.

As for Zhou Shen, Fang Yuan never doubted that he could survive. As for himself, there was no room for grief as he had to leave Longevity Immortal City as soon as possible.

Chunyangzi's murderous intent had been evident in his eyes. This mighty figure would undoubtedly not let him go.

Fang Yuan would never have thought that his well-planned strategy would be disrupted by Zhou Shen, causing a chain of events that would ultimately lead to this.

The Immortal Dynasty competition, the Golden Era, was indeed full of opportunities. However, beneath those opportunities lurked dangers.

Having distanced himself from the center of the Thunder Tribulation, he couldn't help but breathe a sigh of relief. Soon he would be able to leave Longevity Immortal City.

However, before he could continue towards outer space, someone appeared in front of him. If it wasn't Chunyangzi, who else could it be?

“Seeking Truth Remnant! Very well! Don’t worry; I won’t let you die so easily. You’d better pray that nothing happens to my disciple.”

At this moment, Chunyangzi was gritting his teeth in fury. As a Refinement Void Dao Monarch, his expression showed the extent of his anger.

With those words, Fang Yuan found himself unable to move. He couldn’t help but feel some regret in his heart. If he had known this would happen, he and his fellow brothers shouldn’t have been greedy for the destiny and opportunities of Longevity Immortal City.

After catching Fang Yuan, Chunyangzi didn’t take action immediately. Instead, he anxiously looked at the center of the Thunder Tribulation, praying in his heart.

Yuan’er, you must hold on.

Meanwhile, the gazes of all the cultivators in Longevity Immortal City were also fixed on the center of the Thunder Tribulation, where a storm was brewing.

Next moment!

A bolt of lightning with the power of destroying everything instantly struck down.

Heavenly Tribulation, had arrived!

Chapter 545: Defying the Heavens and Uniting in Spirit, Dust Settles as Liang Sheng Breaks Through

Longevity Immortal City.

At this moment, dark clouds pressed down over the sky, but above them, lightning dragons and silver snakes intertwined, casting shadows over the entire Longevity Immortal City, which had fallen silent.

A Heavenly Might enveloped the city, causing everyone's heart to feel heavy, while Feng Yuan's face was white with fear. Looking at the Thunder Tribulation vortex in the sky, he felt a sense of despair in his heart, and his eyes were dull.

However, in the next moment, he regained his spirits, for he was a rare gifted child of the Pure Yang Sect in ten thousand years. Heavenly Tribulation was a test for him.

With the thought in mind, though there was still some hesitation in his heart, he began to cheer himself up because he knew that his Master Chunyangzi was watching him from the sidelines.

He couldn't possibly give up on himself. With that in mind, his mana surged throughout his body. Since heaven and earth were jealous of his talents, then the years of effort he had put into cultivation were meant to break free from this heavenly bondage.

Once this Fate Calamity passed, his foundation would be built. With a sudden lift of his head, he looked at the tribulation clouds in the sky with fierce determination.

Come on!

Let it be even more intense!

At this time, Feng Yuan had no choice but to use all his trump cards to face the Heavenly Tribulation, for it was a matter of life and death for cultivators. Holding back would mean courting death!

It was just regrettable that he couldn't use the Pure Yang Heavenly Thunder treasure of the Pure Yang Sect right now; otherwise, wouldn't it provide nutrients to the Heavenly Tribulation?

This Pure Yang Heavenly Thunder treasure had originated from Thunder Tribulation; if he used it now, wouldn't that be foolish?

As Feng Yuan prepared to go all-out, the eyes of all the cultivators in Longevity Immortal City were on him.

Furthermore, Liang Sheng was also at the scene. Now Liang Sheng's Heaven and Earth Spine flowed faintly within his meridians. Even though he had already broken through to the Soul Emergence Realm, he could only try his best to control the explosive energy within his body.

By rights, he should be in closed-door cultivation now, absorbing the Heaven and Earth Spine and improving his cultivation level.

However, because the matter of Feng Yuan's Heavenly Tribulation had not yet settled, he couldn't concentrate on his cultivation.

Although he had seen the outcome according to the Law of Cause and Effect, his many years of experience had taught him that cause and effect were not absolute.

For example, before this, due to the unexpected arrival of the Fang Yuan brothers, the stable situation in Longevity Immortal City had changed instantly, and Feng Yuan had been one of the victims.

That was the normal state of the world of cultivation, where accidents could happen at any time. How could Liang Sheng focus on cultivating when he couldn't witness the dust settling before his very eyes?

For now, he would keep an eye on the ever-changing situation and not make hasty conclusions.

...

"Boom!"

A thick Heavenly Thunderbolt descended from the sky, carrying Heavenly Might that shocked all directions. Upon seeing this, Chunyangzi couldn't help but feel a sense of heaviness in his heart.

Could it be that earlier, Heaven and Earth had acknowledged Feng Yuan's strength? Otherwise, why would the first Thunder Tribulation be so powerful?

It was almost on par with a full force attack by someone in the Soul Emergence Realm.

Feng Yuan, hold on!

At this moment, Chunyangzi could only pray for Feng Yuan with a nervous heart, but Feng Yuan didn't have the energy to think about Chunyangzi right now.

He no longer had the energy to think about anything else and was completely immersed in dealing with the Thunder Tribulation.

Previously, Feng Yuan was somewhat hesitant, but when the Heavenly Tribulation really arrived, he became completely calm and his gaze determined.

"Bring it on!"

This time, Feng Yuan actively attacked the Thunder Tribulation. Underneath his Daoist robe, he was already equipped with Spirit Tools.

Armor, long sword...

He had decided to bet everything in an instant. The Thunder Tribulation engulfed Feng Yuan, and everyone's eyes were fixed on the scene, deeply shocked in their hearts at the sight.

If they were in the same situation, would they have the courage to move forward against the tide? Thinking of this, they couldn't help but pray for Feng Yuan.

They hoped Feng Yuan would successfully break through, for even the highest among them had only reached the Golden Core Realm.

But it was precisely because of this that they hoped for Feng Yuan to overcome the Thunder Tribulation; no one understood more than they did the bitterness and difficulty of cultivation, which could only be experienced firsthand.

The path of cultivation was bound to be full of challenges, and Feng Yuan's fearless and determined attitude at this moment stirred their blood and resonated with them.

To hell with cultivation bottlenecks!

To hell with Heavenly Tribulations!

Damn it all! I just want to cultivate to achieve eternal life and unrestrained freedom, so why are you blocking my way?!

Amidst everyone's anticipation, the Thunder Tribulation finally fell and gradually dissipated. Then, a hunched figure appeared in the eyes of all the onlookers.

"Well done!"

"He held on!"

"You can do it!"

"To hell with Heavenly Tribulations; our destiny belongs to us, not to the heavens."

...

Who would have thought that the cultivators of Longevity Immortal City would cheer so loudly at this moment? Even Chunyangzi was stunned when faced with this unexpected situation.

In reality, if this were in another Immortal City, Chunyangzi would have had to guard against others interfering.

However, the cultivation level of the cultivators in Longevity Immortal City was too low; even if they wanted to, they couldn't possibly interfere with the Heavenly Tribulation. But who could have thought that this would happen?

Actually, it was because of the unique experiences of Longevity Immortal City in recent millennia. The cultivators in the city were aware of their history, and for their ancestors, the idea of cultivation had been a luxury.

The previous records of the city being sealed off from Heaven and Earth were still fresh in their minds. Even though the new generation of cultivators had risen up and resumed normal cultivation, there were still lingering scars in their hearts.

Despite the numerous hardships and disasters, they were still striving upward, eager for more opportunities to further their cultivation.

At this moment, Feng Yuan, who was struggling against Heaven and Earth, had become their spiritual idol. But just then, Chunyangzi couldn't afford to be emotional, as the next Heavenly Thunderbolt was fast approaching.

Chapter 546: Defying the Heavens and Uniting in Spirit, Dust Settles as Liang Sheng Breaks Through

Heaven's Tribulation didn't give Feng Yuan much time to catch his breath, but his hunched body straightened once again.

Seeing Feng Yuan still maintaining such a fighting spirit, in an instant, cheers erupted throughout Immortal City, with cultivators shouting loudly in support of him.

Heaven and Earth are heartless, treating all creatures as mere fodder, while we, the cultivators, must follow the fate of Heaven and Earth in our cultivation. However, they should still strive against the Thunder Tribulation that Heaven and Earth put in their way.

No, this is also conforming to Heavenly timing because if they can withstand the Thunder Tribulation, it means they have passed the test of Heaven and Earth, and isn't this the result that Heaven and Earth desire?

If that's the case, let Heaven and Earth see how we cultivators break their shackles and reach the peak!

At this moment, Feng Yuan seemed to become a hero to everyone in Longevity Immortal City, as everyone sympathized with his situation. Everyone's emotions were intense, even Zhou Shen, who was with Liang Sheng, couldn't help but cheer out loud.

Liang Sheng didn't say anything, but ripples appeared on the Law of Cause and Effect Screen within him as if it was about to change soon.

A thought occurred to Liang Sheng, and indeed, not everything in the world remains constant. However, whether Feng Yuan could weather this Heavenly Tribulation would depend on his own luck.

The reason why all Immortal City cultivators, including Zhou Shen, were so thrilled was that they had an intuitive feeling in their hearts.

If they could break through to the Great Soul Emergence Realm, then one day, they too would experience the Fate Calamity Tribulation just like Feng Yuan at this moment.

At this moment, the Feng Yuan in their eyes was not only himself but also their future selves, so every cheer represented the expectations of the Immortal City cultivators for their own future.

However, this sentiment did not include Liang Sheng and his two companions. Huang Yifan had already become a puppet, his cultivation level unable to progress any further, remaining unchanged and only waiting for death to disappear completely from the world.

As for Jin Quanxiu, due to his Desolate Domain Bloodline, his cultivation speed was greatly suppressed and was much slower compared to those with the Talent of Innocent Foolishness. He could hardly see any hope for himself.

As for Liang Sheng, his situation was different, as his cultivation had no bottleneck. Moreover, his Lifespan had already broken through 90,000 years, his body undergoing a qualitative change, so he didn't need to experience the Heavenly Tribulation.

This Fate Calamity was essentially a bottleneck set up by Heaven and Earth for cultivators. As long as one could break through it, they would be rewarded by Heaven and Earth.

However, Liang Sheng had already received this reward without experiencing the Fate Calamity, making him different from everyone else.

Not far away, when the second Heavenly Tribulation dissipated, all the cultivators in Immortal City involuntarily held their breaths because, at this moment, Feng Yuan had completely fallen.

From afar, his Daoist robe was already torn, the Attack Spirit Tool in his hand shattered, and blood was flowing from his seven orifices, covering him.

Could human power be ultimately no match for the Heavenly timing?

Chunyangzi, who was far away, clenched his fists, his fingers gripping white and tight, his heart filled with sadness.

My disciple, you can't make it after all? At this moment, Chunyangzi wished he could take Feng Yuan's place and undergo the Heavenly Tribulation.

However, he couldn't do that because if he appeared within the range of the Thunder Tribulation, the Thunder Tribulation would undergo a qualitative change, and Feng Yuan would have no hope of surviving.

Yuan'er, stand up quickly!

Perhaps Feng Yuan heard Chunyangzi's heartfelt plea. The fallen body showed signs of movement, with his fingers moving first and then slowly supporting his body, gradually standing up.

His actions naturally caught the eyes of the Immortal City cultivators, and cheers broke out immediately. At this moment, they seemed to see a hero, an unyielding fighter.

A real man should be like this!

Facing the Heavenly Tribulation, how could we cultivators not fight to the last moment? If we can step over it, then everything will be smooth sailing.

At this moment, even the usually submissive cultivators were moved and inspired by Feng Yuan's determination to stand up.

Bloodshed will always resonate with those in the world, but even though Feng Yuan was so strong, the Heavenly Tribulation above was almost ready.

Thunder Tribulation wouldn't give you time to catch your breath. Even ordinary cultivators in Immortal City could feel that this third Heavenly Tribulation was different from the previous two.

The power of this single heavenly tribulation was probably more than the previous two combined. Would this person crossing the tribulation lose his life here?

Perhaps it was due to their empathy, but the Immortal City cultivators, driven by the unbearable emotions that welled up in their hearts, involuntarily shouted out for Feng Yuan.

"Stand up!"

"Stand up!!"

"Stand up!!!"

At first, there were only a few sporadic voices, but they gradually grew in number until they became an ocean of cheers.

No one had anticipated this situation. Chunyangzi was first taken aback and then overjoyed.

That's because under his Dharma Eye, the Immortal City Destiny that ordinary people couldn't see was actually swirling around Feng Yuan.

Feng Yuan himself didn't even notice it, but under the cover of Destiny, his movements had become faster than before.

My disciple still has a chance!

Chunyangzi was excited, but he didn't dare to vent his surprise loudly for fear of interrupting the cheering.

At this moment, his Divine Sense involuntarily enveloped the entire Longevity Immortal City. The situation was even better than he had imagined, making it almost impossible for him to not burst into laughter.

Now he understood why Feng Yuan had such a fortunate fate. Wasn't Longevity Immortal City the city that broke and then rebuilt itself to be reborn?

Chapter 547: Defying the Heavens and Uniting in Spirit, Dust Settles as Liang Sheng Breaks Through

This was simply a perfect match with his disciple Feng Yuan. This time, it seemed that Feng Yuan had unwittingly achieved great success and could complete a breakthrough.

Of course, this was just the most optimistic thought in Chunyangzi's heart. Facing the Heavenly Tribulation, anything could happen, and he could only wait for the outcome.

At this moment, not only did Chunyangzi sense the convergence of the Immortal City Destiny, but also City Lord Suwu, who had a complicated expression. As the Lord of the Longevity Immortal City, he had sensed the changes in the Immortal City Destiny.

Is this the real prodigy of the Immortal Dynasty Competition? Otherwise, why would he have such an opportunity and be favored by destiny?

On the other side, Liang Sheng quietly watched the changes in the Immortal City. At this moment, the scene he saw in the Law of Cause and Effect Panel had completely changed.

He saw strands of destiny converging from the cultivators around him, gathering on Feng Yuan. He seemed to have an epiphany but was still a little short of seeing through it, just like when he was carving in the mortal world years ago. Even now, he had not grasped that flash of inspiration and knew what opportunity it was at that time.

While Liang Sheng was watching Feng Yuan's changes, Zhou Shen, a member of the Zhou Family Bloodline, could not help but stand up and cheer.

However, this time, neither Liang Sheng nor Jin Quianxiu stopped him. To be able to cheer at this moment was the true nature of a cultivator.

Facing the Heaven and Earth Thunder Tribulation, cultivators must fight once in their lives. As for the result, it's up to fate. How could Jin Quianxiu stop this?

However, at this moment, standing in the center of the Thunder Tribulation, Feng Yuan's situation was not as the Immortal City Cultivators thought. He had almost lost consciousness earlier, but it was only out of instinct that he wanted to stand up.

I am the prodigy of the Pure Yang Sect, even if I die, I will die standing. However, when the Immortal City Destiny was converging, he regained his consciousness the first time.

He was surprised to find that his condition was getting better and better. He had fully absorbed the Heaven and Earth Spine that he had acquired but not yet digested during the Great Competition of Spiritual Veins a moment ago.

Under such circumstances, favored by the Immortal City Destiny, Feng Yuan's cultivation level actually broke through at the last moment before the final Heaven and Earth Thunder Tribulation arrived!

Late-stage Soul Emergence!

This surprise was so sudden that Feng Yuan didn't have time to react, and at this time, the last Thunder Tribulation had formed.

Great chance!

I managed to withstand it just now even without breaking through. Even though I don't have a Dao-protecting spiritual tool on me now, I shouldn't be afraid after my breakthrough.

Bring it on!

I don't believe that your tiny Thunder Tribulation can take me down. In the next moment, the overwhelming Power of Heaven submerged Feng Yuan.

At the same time, the surrounding Immortal City cultivators were somewhat anxious in their hearts. Did this Senior fail?

They couldn't blame themselves for lacking confidence. It's just that this Thunder Tribulation was too terrifying, the area was already engulfed by the bright white thunder snakes.

Under such circumstances, they truly felt the might of Heaven and Earth, even though they were so far from the center of the Thunder Tribulation, they were frightened by the power of the aftershock.

Zhou Shen also craned his neck and stared intently at the place where the Thunder Tribulation was happening. In the next moment, he found himself in a strange mansion. Fortunately, Jin Quanxiu was by his side, so he did not panic.

What's going on?

Jin Quanxiu had the same question, but at this time, Liang Sheng only ordered, "You must not leave this mansion during this period. Everything else will be discussed after I leave seclusion."

Huh?

Zhou Shen looked at Jin Quanxiu with a puzzled expression. Although Jin Quanxiu did not know why, he promptly told Zhou Shen not to go out.

“Shen’er, this is the Ancestral Master of the Sect who sent you the Armor Spirit Tool.”

As soon as these words came out, Zhou Shen immediately stopped questioning. The Ancestral Master of the Sect would definitely not harm him, and he should just obey.

On the other hand, Liang Sheng, who had already entered the room and activated all protective measures, was preparing for closed-door cultivation.

Liang Sheng did so because Feng Yuan had successfully passed the Thunder Tribulation, and the outcome was settled. The next step was to complete his plan naturally.

Just then, the entire Immortal City suddenly burst into thunderous applause, screams, and cheers. Chunyangzi was even more overjoyed.

My Disciple Fengyuan is truly a prodigy!

In the next moment, Feng Yuan saw Chunyangzi appear and relaxed instantly. Then, his eyes went black as he fainted from exhaustion. Chunyangzi caught him in his arms.

The Fate Calamity had passed. This Immortal Dynasty Competition could not be complete without my disciple Feng Yuan’s participation. But now, it’s time to let Yuan’er recover first.

The Spiritual Energy Density of the Longevity Immortal City was too thin, so how could it compare to the Immortal Dynasty Capital City Lingge? Therefore, Chunyangzi did not hesitate to go straight towards the outer space and disappeared.

As for Fang Yuan, Chunyangzi originally wanted to torture him slowly but didn't have time to interrogate him now, so he simply took the fainted Fang Yuan along to the Immortal Dynasty Capital City Lingge.

Suwu wanted to meet with Chunyangzi and his disciples after the Thunder Tribulation had ended, but as soon as he prepared to take action, Chunyangzi and his disciples completely disappeared.

Suwu couldn't help but laugh bitterly. As the Longevity Immortal City Lord, he was still an ant in the face of true great might.

As for the Longevity Immortal City that was devastated after Feng Yuan's tribulation, and the Immortal City Destiny consumed by Feng Yuan, Suwu could only digest them in secret and lick his wounds alone.

Strength is the true confidence!

But all this had nothing to do with Liang Sheng. At this moment, when the dust had settled in the Immortal City and there were no other changes, he naturally would not miss the opportunity to focus on cultivation.

Finally, it's time for me to break through!

Chapter 548: Liang Sheng Breaks Through to Mid-stage of Out-of-the-Body Realm, Who Isn't a Thousand-Year-Old Cunning Fox?!

East Victory Immortal Dynasty.

The Capital, Lingge.

At this moment, Void Refining Second Layer Heaven Dao Lords and below who hadn't entered the Hidden Dimension in Lingge City almost simultaneously looked up at the northeast direction in the sky.

A flash of light streaked across the sky, and the other party didn't hide their Qi at all. Who could it be other than Chunyangzi?

At this moment, Chunyangzi was full of pride. His disciple Fengyuan had successfully broken through the Fate Calamity, the most terrible Heavenly Calamity among them, a top talent. How could he not show off a bit?

It is known that now was the Golden Era of the Immortal Dynasty Competition. Fengyuan's opportunity indicated that he could go further in the competition.

Even the Refinement Void Great Ability Realm might not be his end, and if he could eventually enter the Unification Realm... Chunyangzi dared not think further.

In any case, my disciple Fengyuan has the potential to become a Great Emperor!

After all, Emperor Dongsheng of the East Victory Immortal Dynasty was only a Unification Realm Great Power, so Chunyangzi was somewhat arrogant when he returned to Lingge this time.

As the other Refining Void Dao Lords in Lingge City were puzzled by Chunyangzi's movement, Lingxiaozi had some guesses,

He didn't have much hesitation at this time, he simply asked for the situation, and even directly asked if it was a good event for Fengyuan.

Because he saw the unconscious Fengyuan beside Chunyangzi, he had already guessed one or two things, but when he heard Chunyangzi's reply, his face changed unavoidably.

At this time, he carefully sensed Fengyuan's Qi, and after confirming the situation, he felt a hint of jealousy in his heart.

Previously, his big apprentice Kaiyuan Child's fortune and chance were not as good as Fengyuan's, but deep down, he didn't really care.

Because Kaiyuan Child had already passed the Fate Calamity. Passing the Fate Calamity meant having another opportunity. But now that Fengyuan had also successfully passed the Fate Calamity, and it was

the most formidable Heavenly Tribulation among them, few younger cultivators in the East Victory Immortal Dynasty could compare with Fengyuan.

But after all, Lingxiaozi was a Refining Void Dao Lord. He quickly calmed down as there were still many years before the Immortal Dynasty Competition. It was just the beginning of the Golden Era, so why care?

In past competitions, some demonic monsters would always emerge at the beginning, but the competition was a marathon, not a sprint. Those who could laugh last were the real heroes.

During the previous Immortal Dynasty Competitions, countless talented people fell by the wayside, but who remembers their former glory now?

However, after letting go of his concerns, Lingxiaozi was still somewhat curious about Fang Yuan, who was imprisoned by Chunyangzi on the other side.

Who was this person, who was unconscious? Thinking of this, he couldn't help asking Chunyangzi about Fang Yuan's background.

He speculated in his heart, could this be another promising seedling? Otherwise, why would Chunyangzi bring him, a mere Golden Core Realm cultivator, to Lingge?

But Chunyangzi's answer was beyond his expectation. This small Golden Core cultivator turned out to be a remnant of the Seeking Truth Lineage!?

After answering this question, Chunyangzi didn't want to waste any more time and took the initiative to refuse Lingxiaozi's invitation.

"Daoist Friend Lingxiaozi, I will arrange for my disciple Fengyuan first, and then I will discuss the details with you."

"Alright, I didn't mean to disturb you, Daoist Friend."

Since it was so, Lingxiaozi didn't continue the conversation with him. But shortly after Chunyangzi left, the news of Fengyuan passing the Fate Calamity and completing the Heavenly Tribulation spread throughout Lingge.

Fengyuan was indeed a blessed cultivator, having already built his foundation!

Upon hearing the news, countless younger cultivators couldn't help looking enviously at the direction of Chunyangzi's Daoist temple, thinking how great it would be if it were them.

While Chunyangzi was settling Fengyuan, Lingxiaozi had also received the belated communication from Su Wu, finally understanding what was going on.

So that's how it was.

Nobody thought Fengyuan's Fate Calamity crisis would lead to his breakthrough and the establishment of his Dao foundation?

All that could be said was that Fengyuan had a great opportunity. He had the favor of heaven, earth, and man. If it weren't for him undergoing the tribulation in Longevity Immortal City, he wouldn't have achieved this result in any other Immortal City.

Who knew that the recent history of Longevity Immortal City had been so bumpy, and the sealing of Spiritual Energy in the new era was a process of breaking and rebuilding?

But this could only be attributed to Fengyuan's deep blessing. Others couldn't say anything. If it were someone else, would they have the courage to face the Heavenly Tribulation?

Thinking of this, Lingxiaozi's eyes became mysterious. Fengyuan's opportunity actually proved that the true arrival of the Golden Era was unavoidable for everyone.

If that's the case, since Kaiyuan had already passed the Fate Calamity, why not let him venture out? If Fengyuan could receive such an opportunity, why couldn't Kaiyuan?

Once this idea appeared, Lingxiaozi couldn't help but contemplate it. After thinking about it, he couldn't make up his mind, so he summoned Kaiyuan Child.

Lingxiaozi first narrated Fengyuan's situation, and after hearing the whole story, Kaiyuan Child remained silent for a long time before he finally spoke with difficulty.

"Master, your disciple will follow your arrangements."

At this moment, Kaiyuan Child could not help clenching his fists. The one thing that he had the edge over Fengyuan had also been broken now.

He naturally didn't want to stagnate in place. If others could advance in cultivation, why couldn't he? Was he supposed to tread in place forever?

So, when faced with Lingxiaozi's choice, he didn't hesitate to choose to go out in pursuit of his own Great Age Opportunity.

Chapter 549: Liang Sheng Breaks Through to Mid-stage of Out-of-the-Body Realm, Who Isn't a Thousand-Year-Old Cunning Fox?!

He also wanted to become stronger!

In his heart, he also wanted to become the dazzling prodigy within the Golden Era. After all, who wasn't once a prodigious cultivator?

Hearing this, Ling Xiaozi didn't hesitate anymore, "Good, befitting of my disciple. However, you don't need to be too anxious about it, you still need to carefully study it.

After all, this matter concerns your opportunities in the Grand Competition, I'm just telling you now, to let you prepare yourself mentally."

"Yes, Master, don't worry, I won't be confused."

“That’s good, go ahead. I’ll study it carefully.”

Kaiyuan Child immediately left, but after stepping out of the room, he looked up at the sky with determination.

As Kaiyuan, I will not be weaker than anyone!

On the other hand, within Dongsheng Cave Heaven, after the Destiny of Longevity Immortal City settled down without any fluctuations, Emperor Dongsheng let out a light sigh.

Previously, the destiny of Longevity Immortal City had suddenly plunged sharply. However, for some reason, the destiny of the Immortal City had become extremely condensed, although it had become lesser. By now, it was gradually returning to its original state.

But now when the destiny of the Immortal City stabilized, it ultimately still had a slight reduction compared to the beginning. However, it had finally stabilised.

Right now was the Golden Era, so of course, he was afraid that variables would occur and affect the destiny of East Victory Immortal Dynasty. As the Emperor of the East Victory Immortal Dynasty, it naturally mattered to him.

What made Emperor Dongsheng even more puzzled was that the Heaven and Earth Spine within the spiritual vein branch of the Immortal City had disappeared in an instant.

It had to be known that under the current situation where the spiritual energy was rich during the Grand Competition, spiritual veins would gradually transform spiritual energy and condense the Heaven and Earth Spine.

If it were at ordinary times, the destiny of Longevity Immortal City would have been reduced long ago, just like during the previous upheavals caused by the Church of All Beings.

However, as long as the Immortal City wasn't destroyed now, the destiny would be stable, and it wouldn't matter even if it were slightly reduced.

But since he secluded himself within the Cave Heaven and combined with the protection of the Holy Land from Heavenly Secrets, Emperor Dongsheng could only faintly calculate what the situation was.

But at this time, he couldn't directly intervene, and it was better to maintain the status quo. After all, there weren't any major accidents.

Furthermore, it was during the Immortal Dynasty Competition, and it was normal for a few demonic monsters to appear. He just hoped that they were chosen talents of their East Victory Immortal Dynasty.

In this way, after the Grand Competition, even if the destiny of the Immortal City had been reduced, there wouldn't be much trouble. At the very least, the Holy Land would not treat those chosen cultivators who caused such commotion unjustly.

Just as the Lingge of the East Victory Immortal Dynasty swirled amidst the undercurrents of Feng Yuan, the Longevity Immortal City finally settled down again.

However, the matter of Feng Yuan crossing the Heavenly Tribulation had become the talk of the town. However, all of this had nothing to do with Liang Sheng.

At this moment, Liang Sheng was in closed-door cultivation, fully operating his Zhou Tian while the Primordial Mysterious Technique was in operation. Liang Sheng's Qi surged even more.

If it weren't for the protective measures and his own data panel's concealment attribute, the entire Immortal City might have been terrified.

Bang!

At this time, Liang Sheng's Sea of Consciousness had already transformed into one realm. Now, during the breakthrough in cultivation, there wasn't much change, but the stars and planets in his body became stronger and more dazzling.

However, his cultivation realm unknowingly broke through to the Soul Emergence intermediate period while the techniques were in operation, and the techniques continued to circulate within his body without stopping.

After the breakthrough, there was still some Heaven and Earth Spine left in Liang Sheng's body. When all the Heaven and Earth Spine was consumed by the Primordial Mysterious Technique, Liang Sheng finally opened his eyes and stopped.

At this moment, Liang Sheng looked even more plain and unpretentious. It was impossible to see any change in him now.

However, the faint smile at the corner of his mouth had already revealed the immense gains he had made this time. Although he hadn't yet broken through to the late Soul Emergence stage, he had already made significant progress.

As expected, one couldn't be wealthy without external wealth.

However, such opportunities are rare. However, it's not impossible for such opportunities to appear in the future. After all, Immortal City no longer has Chunyang Child.

As long as he waits for the Immortal City's spiritual veins to recover, he can sneak in again and absorb the Heaven and Earth Spine within the spiritual veins.

By that time...

At this thought, even though Liang Sheng was calm, he couldn't help but feel a bit excited for a while. However, after the excitement, he regained his composure.

He first changed the technique within his body. He hoped that his disguise as a cultivator in the Immortal City wouldn't show any problems.

After he had done all of this, his data panel had already changed.

Name: Liang Sheng

Age: 2637

Talent: Innocent Foolishness (Top grade)

Techniques: Primordial Mysterious Technique (Fourth Layer), Ascending Immortality Scripture (Twenty-second Layer), Twenty Health Cultivation Techniques (Twenty-eighth Layer), Nail-Head Seven Arrows Technique (Curse), Grand Solar Golden Crow Contemplation Method (Divine Ability)

Realm: Qi Refining Spirit (Soul Emergence intermediate period)

Lifespan: 105689

Although it seemed that the data on the panel had not changed much, he felt that his own battle strength was astonishing, even to himself.

Because at this moment, even if he imagines fighting against people like Ling Xiaozi, he would no longer have to run away. Instead, he steadily held the advantage, and if he was willing to pay the price of heavy injury, he could directly kill them in one fell swoop.

He now merely had a cultivation level equivalent to the Soul Emergence intermediate stage. Yet, he could already behead Daoist Monarchs in the Refining Void Second Layer Heaven. If Feng Yuan was counted as an unparalleled demonic monster, then what about him?

However, Liang Sheng quickly suppressed this arrogant feeling because he still had a long way to go in the path of cultivation.

After all, the Refinement Void Realm consisted of nine heavens, and there was a world of difference between each heaven. At present, he had only just become an equal match against those in the Refinement Void Second Layer Heaven. When he thought about it this way, it wasn't that impressive.

He absolutely must not become arrogant.

Chapter 550: Liang Sheng Breaks Through to Mid-stage of Out-of-the-Body Realm, Who Isn't a Thousand-Year-Old Cunning Fox?!

Once his ancient techniques reach a level comparable to the Refining Void Realm, he could then talk about pride. By that time, he should have successfully entered the Refining Gods and Reversing the Void Stage.

Thinking of this, he became more and more excited. However, even now, Liang Sheng remained cautious and did not belittle himself.

He looked up at the sky, feeling the explosive power within him. After arriving in Immortal City, he had never felt this secure before.

At this moment, he finally confirmed that he now had the means to live comfortably in the world. By secretly controlling Su Wu, he also knew that at the time of the Grand Competition, the Great Might above the Three Heavens of Refining Void of Immortal Dynasty could not intervene.

To put it bluntly, with East Victory Immortal Dynasty lacking a formidable presence, he, who possessed battle strength comparable to the Refining Void Second Layer Heaven, was virtually completely safe in Longevity Immortal City.

But now, he couldn't be too arrogant either. A mysterious Sacred Land Representative was still roaming the world, and he didn't know where they were. If he relaxed his vigilance and something went wrong, he probably wouldn't even be able to cry.

Moreover, after Liang Sheng's breakthrough, apart from his sense of security, he was actually a little troubled in his heart because the scene on his Law of Cause and Effect Panel had changed again.

And the cause of this change was himself. Looking the scene under the Law of Cause and Effect, he couldn't decide what to do.

For a short while, Liang Sheng temporarily had no answer. However, there was still some time before the scene on the Law of Cause and Effect Panel would happen, so he didn't have to worry for now.

In that case, he simply stopped thinking too much and reasoned that a solution would present itself when the time came. He would have to consider this matter carefully after everything was settled.

With this worry put aside, Liang Sheng naturally felt refreshed and exhilarated. After all he had gone through, couldn't he enjoy himself a bit now that he had finally broken through?

So at this time, without notifying anyone, Liang Sheng secretly went out alone and even changed his appearance, which he hadn't done for a long time.

He had no choice. Jin Quanxiu was still by his side, and he couldn't be too rash. Although he now appeared as a "Senior Sect Member," he would ultimately have to reveal his true identity once his master's lifespan came to an end.

Since that was the case, it was better to do less rather than more. That night, another round of indulgence took place; no need to go into details.

...

Elsewhere.

Jin Quanxiu and the others didn't notice Liang Sheng leaving. Zhou Shen had completely calmed down by now, unable to show his face at will anymore.

After all, how could he possibly have survived Chunyangzi's attack as a mere Late-stage Soul Emergence? If he showed up, who knew what troubles would arise

It was better to cause less trouble rather than more and wait until the Ancestral Master of the Sect dealt with the situation. Jin Quanxiu's reaction today had already proven it.

Everything was under the control of the Ancestral Master.

Hopefully, everything would go well from now on.

...

Immortal Dynasty Spirit Song.

When Feng Yuan woke up, it was already a month later. Chunyangzi didn't hesitate or waste time; he immediately brought him to visit Lingxuzi in person.

After all, no matter what, Feng Yuan's survival through this Fate Calamity was linked to the cause and effect of Longevity Immortal City. Since that was the case, it could be said that he owed Ling Xiaozi's lineage a favor.

With Feng Yuan now fully awake and having stabilized his realm, of course, he had to come and express his gratitude. When they reached Ling Xiaozi's Cave Mansion, Kaiyuan Child naturally accompanied them.

At this time, Kaiyuan Child looked at Feng Yuan with slightly complicated eyes. The other party had actually reached the Late-stage Soul Emergence realm, and coupled with them having survived the Heavenly Tribulation, it seemed that their cultivation path would be smooth for some time.

Thinking of this, he couldn't help but feel envious. Then, as Chunyangzi and Feng Yuan recounted their experiences during the Heavenly Tribulation, Ling Xiaozi and Kaiyuan Child listened, their hearts racing.

That was too dangerous!

If not for the fortuitous coincidence that Feng Yuan happened to be in Longevity Immortal City during his tribulation, he would have most likely perished.

It was precisely because of the help of Immortal City's destiny that Feng Yuan was so grateful. However, Ling Xiaozi shook his head at that moment.

"This is all your own fortune and has nothing to do with us. If it weren't for you challenging the heavens, the Immortal City cultivators wouldn't have resonated together. So all of this is due to your own karma."

Then, naturally, they exchanged more pleasantries. Their conversation eventually touched upon Fang Yuan of the Seeking Truth lineage, who Chunyangzi had sealed.

Chunyangzi hadn't questioned Fang Yuan until now because he had been preoccupied with Feng Yuan. He didn't hesitate to recount the matters first, and then asked, "Daoist Friend, what do you think we should do next?"

Ling Xiaozi didn't respond right away but looked at Feng Yuan instead. He understood the hidden meaning behind Chunyangzi's words.

No matter what, Feng Yuan was now bound by cause and effect with Longevity Immortal City; and Fang Yuan was, in a way, the source of this cause and effect.

If they wanted Feng Yuan's cultivation to be worry-free from now on, there was only one way. Chunyangzi's question essentially showed his stance.

He would accept all the consequences.

Since that was the case...

Thinking of this, Lingxuzi didn't beat around the bush and spoke directly.

"In that case, let Feng Yuan take these Seeking Truth remnants with him to Longevity Immortal City. Su Wu's cultivation is ultimately too shallow, and he is not suitable to be a City Lord."

Upon hearing this, Chunyangzi's face lit up with joy. He hadn't expected the trip to be so smooth. However, he didn't respond but kept looking at Lingxuzi.

He was waiting for Lingxuzi to state his conditions, and sure enough, the next moment Lingxuzi directly said, "However, I hope that Kaiyuan can assist Feng Yuan in his duties, lending a bit of his meager strength, and serve as the vice City Lord."

Hearing this, Chunyangzi's eyes narrowed, while Lingxuzi remained calm with a smile on his face, not caring about the other party's expression.

This old fox, never willing to suffer the slightest loss!
