

## Bottleneck 591

Chapter 591: The Great Sun Sets, The Sky Will Fall, You All, Choose the Path of Death!

I'm afraid they think they've been played like a monkey? Moreover, even if Liang Sheng breaches the agreement, Feng Yuan wouldn't care, because this is also within his plan.

If they want to accept other people's orders, they have to reject Li Chang. Will Li Chang not make a fuss? Furthermore, if they refuse Li Chang, who will they help refine Spirit Tools for later?

No matter what they do, they are wrong!

A Refining Master is indeed rare and valuable.

However, in the face of absolute strength, so-called schemes are nothing but fools. After confirming that his response is reasonable, Feng Yuan soon pays no more attention to Liang Sheng. He turns his gaze back to Chen Chen and the others.

Seeking Truth Lineage, can you endure it?

This is the time of decline of my City Lord Mansion!

...

Immortal City.

A remote corner.

At this moment, Chen Chen and Pei Linyu can't help but feel excited. Today, Liang Sheng's statement "Everyone can seek immortality and ask for the path" coincides with the philosophy of their Church of All Beings, part of the Seeking Truth Lineage.

“Senior Brother, do you think Liang Sheng could be the All Living Beings Sect we’ve been searching for?”

Chen Chen is a little excited.

“It’s not impossible.”

Hearing that Pei Linyu also holds this idea, Chen Chen calms down and asks with some doubts.

“If that’s the case, why is he unwilling to cooperate with us? Is he still concerned about the City Lord Mansion? But today, what they are doing is already opposing the City Lord Mansion. What do they want to do exactly?”

“I can’t figure out the purpose of their actions either, but whether he is from the All Living Beings Sect or not, the result now shows that he and the City Lord Mansion are not on the same side.

Since that’s the case, the enemy of an enemy is a friend, so regardless of his identity, we can choose to temporarily cooperate with them.”

“Senior Brother is right, we have no choice but to do so for now.”

However, Chen Chen has already tried several times to contact the Zhou Family, but the Zhou Family remains indifferent to his attempts.

It seems that the Zhou Family doesn’t want to talk with him at all and doesn’t want to give him any chance. This has slowed down Chen Chen’s plan extremely.

As for Pei Linyu, he has been carefully hiding and can only relax a little when the City Lord Mansion doesn’t seem to care about him.

At this moment, when he looks at the direction where Liang Sheng is, he actually desires the assistance of another Refining Master, which would greatly aid the Seeking Truth lineage.

After all, the cultivators of Seeking Truth Lineage mostly practiced in seclusion in the Xihe Immortal Dynasty, so their strength lies mainly in combat skills. Compared with the Technique Sect, Spirit Tools would give them the greatest increase in battle strength.

Thinking of this, Pei Linyu can no longer hold back.

No, this matter must be reported as soon as possible. He hopes the Elders will pay attention to it as he now feels that this might be the greatest opportunity for the Seeking Truth Lineage to enter the Immortal City.

With this thought, Pei Linyu clenches his fists secretly.

This operation cannot fail.

...

Zhou Family.

The outstanding Zhou Family is extremely calm at the moment. Some cultivators have visited them in recent days, and the Zhou Family can't refuse them all.

So after some selection, Zhou Ning still meets with some cultivators a few times, but no matter what the other party says, Zhou Ning only replies with a few superficial words and hardly says much.

This demeanor is due to Jin Quanxiu and Zhou Ning sharing the same opinion – the fame of the Zhou Family has already spread far and wide, so anything they do now would be excessive. It's better to be cautious and prudent.

Instead of wasting time, they might as well seize the opportunity to develop secretly. After all, almost all of Zhou Family's Golden Core Experts have perished. At this moment, the Zhou Family's reputation is greater than its strength.

They would never allow fame and fortune to cloud their judgment. Therefore, Zhou Ning deals with external affairs, while the Zhou Family young members spare no effort to cultivate hard, trying to make a breakthrough.

Those who temporarily can't break through start to focus on the horizontal training method under the guidance of Zhou Shen.

After all, every bit of strength is a bit of hope during the Immortal Dynasty Golden Era. Their practice of the horizontal training method is progressing extremely smoothly.

Being of Desolate Domain bloodline makes them more suitable to assimilate with the Immortal City's Wilderness aura. They are the biggest beneficiaries of the City Lord Mansion's scheme.

Of course, Chen Chen has also come a few times during this period but has been turned away each time. The Zhou Family doesn't want to have any connection with the Seeking Truth Lineage now.

Having safely returned to the City Lord's Mansion Front previously, they can't take the risk of provoking the City Lord Mansion again. During this period of secret development, the Zhou Family doesn't want to give the City Lord Mansion any opportunity for revenge.

Chen Chen is helpless, but the reaction of the City Lord Mansion is also a bit strange. Their sudden silence makes the Zhou Family apprehensive.

However, under the influence of the Cultivating Good Fortune and Avoiding Disaster Bloodline Ability, Zhou Ning only feels a little uneasy and does not perceive any major disaster. Therefore, with Jin Quanyou present, Zhou Ning decides to take one step at a time.

In truth, they already have no way out, so the Zhou Family members are all working hard to improve their cultivation as quickly as possible, hoping it's still in time.

Being on the brink of death, they have sought a chance at life, and the Zhou Family will never give up!

...

In front of Liang Sheng's Mansion.

At this moment, someone has already prepared complete refining materials outside the door, and that person is none other than Li Chang from the City Lord Mansion.

Li Chang is actually a new face in the Immortal City, but Liang Sheng, who had been monitoring the movement of the City Lord Mansion, is naturally aware of his existence.

However, when Liang Sheng sees Li Chang, he doesn't show any abnormality on the surface. He just speaks indifferently, "If the refining of the Spirit Tool fails, this poor Daoist will not be responsible. Are you still willing, Daoist friend?"

"Please proceed, Daoist friend. Since I can bring the materials here, I have already prepared myself psychologically. You don't need to be burdened by it."

Chapter 592: The Great Sun Sets, The Sky Will Fall, You All, Choose the Path of Death!

"Daoist Friend, if you are so well-prepared mentally, then wait for my notification."

Afterwards, Huang Yifan dismissed Li Chang from the mansion, and then hung up a sign indicating his seclusion for refining weapons, indicating his stance of temporarily not accepting other cultivators' materials.

At this time, the cultivators who had already prepared their materials hastily arrived, only to feel a little downcast when they saw the situation.

They were a step too late, and Liang Sheng didn't hide anything, this cultivator actually prepared ten times the materials, truly ostentatious.

Is he not afraid of making a loss?

The cultivators from the Immortal City who had prepared their materials felt slightly resentful, but they felt it was a good thing after changing their perspective.

After all, even though they knew the other party was a Refining Master, they didn't know his success rate. Someone going ahead to provide a sample first was the best scenario.

If none of the ten batches of materials were successful, they would have to reconsider their plans.

Therefore, while the cultivators from the Immortal City were acquiring refining materials, they also paid attention to the movements in Liang Sheng's Mansion. Liang Sheng's Mansion, however, was extremely quiet.

The City Lord Mansion also showed no activity, the entire Immortal City seemed eerily calm, which was somewhat unexpected for many cultivators from the cultivation families.

Feng Yuan, the man capable of Soul Emergence power, would usually have responded angrily to provocation from the City Lord Mansion, but this tranquillity was beyond their expectations.

However, people quickly realized that it would normally be so, but now it was during the Immortal Dynasty Competition, the Golden Era.

The Western Barbarians previously provoked too, but under such circumstances, the city lost face, and the former City Lord Suwu did not take action.

Only because the opponent was in the Golden Core Realm.

So...

Many people finally realized at this moment that the current situation differs from before. Cultivators must compete, just to vie for a future.

Of course, in the Era of Great Contention, they might also perish, but if cultivators do not compete, why should they cultivate to become immortals?

After understanding this principle, they immediately figured out the thoughts of the person who previously presented ten times the refining materials.

Clearly, he is competing!

He is aiming to be one step ahead. Under the same realm, those with Spirit Tools have a higher chance of winning. This view quickly spread throughout the entire Immortal City.

Many cultivators, although they have not yet prepared the materials for refining Spirit Tools, respect Liang Sheng for being willing to refine Spirit Tools for them in the Era of Great Contention.

...

Inside Liang Sheng's Mansion.

With the brewing public opinion in the Immortal City, the Zi Zai independent cultivator couldn't help but nod. Since his disciple Liang Sheng's mentality improved and the Complete Heaven Great Freedom Method achieved minor success, his thinking indeed broke out of the frame, much to Zi Zai independent cultivator's satisfaction.

As he had been watching the public opinion in the city, this was exactly the result brought about by Liang Sheng instructing Huang Yifan to spread rumors in secret.

Zhou family remained extremely low-key and calm, so people would subconsciously ignore them. Under such public opinion, cultivators in the Immortal City were increasingly grateful to Liang Sheng's selfless and just behavior.

After all, who among them could do the same given the circumstances?

So much so that even though the Spirit Tool hasn't been formed yet, Liang Sheng has managed to harvest some Fortune. Such a result naturally satisfied Zi Zai independent cultivator immensely.

However, things wouldn't always proceed so smoothly. If Feng Yuan from the City Lord Mansion didn't have any countermeasures, then they wouldn't be considered gifted children.

My disciple, how will you deal with it when Feng Yuan takes action?

Thinking of this, Zi Zai independent cultivator was filled with interest, and things turned out just as he thought, Feng Yuan was finally preparing to make a move.

...

City Lord Mansion.

Feng Yuan's face looked extremely gloomy, and Kaiyuan Child didn't look much better. They didn't expect Liang Sheng to take a different path and disrupt their plans.

They just hadn't experienced the era of social media. Liang Sheng was naturally comfortable with it, after all, in his past life in the entertainment industry, everyone was adept at sensationalizing things.

As long as there was no major scandal, they were considered perfect people.

"Daoist Friend, we can't go on like this. I went to look at the sub-vein of the Immortal Dynasty Spiritual Vein, and it seems like its Fortune is about to split."

Upon hearing this, Kaiyuan Child nodded. Who would have thought that the Longevity Immortal City would end up like this? Originally, they were here to seize opportunities, but now it seems...

We can't wait any longer!

...

That day, in the Longevity Immortal City, it seemed like the sky was ripped apart, hanging upside down, leaving all the cultivators in the city looking up at the sky in shock.

Because in the sky, although it was broad daylight, the sky was gloomily dark, and it seemed like the sky had been split open.

It was as if there was a blood-red eye greedily staring at the ground, but it was like there was an invisible barrier blocking those insect-like eyes.

However, the next moment, as the day seemed to fall and the sky seemed to tilt, at the moment when everyone was panicking, Liang Sheng looked up at the sky, a hint of a smile at the corner of his mouth.

Feng Yuan eventually lost his cool.

However, in this way...

They are courting death!

Chapter 593: The Outer Space Beast Swamp has nothing to do with me, and my health cultivation technique has broken through again!

Longevity Immortal City.

The sudden sky anomaly in the Immortal City made all the cultivators feel somewhat uneasy. After all, at this moment, it was like the end of the world, and who could remain calm?

What on earth was going on?

Ordinary cultivators couldn't get an answer, but at this time, a huge voice suddenly came from the City Lord Mansion, which somewhat calmed down the cultivators of the Immortal City.

It was Feng Yuan.

"Daoist friends, do not panic! As the City Lord, I swear to stand with the Immortal City!"

As soon as his words fell, a figure from the City Lord Mansion charged straight into the sky, then a curtain of light rose up.

In an instant, darkness fell and light rose again. The sun was still hanging high in the sky, the deep and gloomy situation was gone, and the blood-red, eye-like pits disappeared without a trace in the light.

At this moment, the haze in the cultivators' hearts was slightly removed. However, in their eyes, they could still see that the sky seemed to be mended, and the gaps still existed.

At this moment, another figure appeared in the sky above the Immortal City, it was Kaiyuan Child. He and Feng Yuan were holding golden lights in their hands, one on the left and the other on the right, in perfect coordination.

Under the shining of the golden light, the light completely enveloped the Immortal City, and the gloom was completely dispersed. All the cultivators looked up and saw this situation, and they were extremely excited.

Seeing the sky restored to normal, someone suddenly couldn't help but shout out loud.

"City Lord is majestic!"

For a moment, it was like a thunderous applause.

The cultivators of the Immortal City were full of gratitude in their hearts. City Lord Feng Yuan, who had crossed the Heavenly Tribulation in the Immortal City, was truly sentimental about the past.

Although they did not know what kind of catastrophe it was, but if it wasn't for the City Lord's shot, how could they survive?

High in the sky, Feng Yuan felt that fortune had been added to his body, and the corner of his mouth involuntarily curled up slightly, but he immediately suppressed his emotions, looking somewhat solemn on his face.

Immediately after, his voice was heard in every corner of the Immortal City.

"This heavenly disaster has only been temporarily suppressed by me, but has not been completely eliminated. However, I promise that as long as I, Feng Yuan, am in Longevity Immortal City for a day, I will do my best to protect the city. If you all trust me, I will not disappoint any of you in the Immortal City!"

As soon as these words were spoken, the emotions of the Immortal City cultivators were immediately ignited again. After all, having such a city lord to protect them was their good fortune, so how could they not be happy?

The even greater cheers echoed once more throughout the Immortal City, while the Zhou Family remained silent.

At this time, Jin Quanxiu looked up at the sky, his eyes full of suspicion. At this moment, everyone in the Zhou Family had sensed their Desolate Domain Bloodline.

However, only he had actually come out of the Desolate Domain. During the sky anomaly, he felt a very familiar Qi.

Beast Swamp!?

Previously, under Su Wu's command, the Desolate Domain was destroyed, which led to the direct access of the Beast Swamp to the Immortal City?

Jin Quanxiu couldn't help but feel somewhat absurd. Back then, the Beast Tides of the Desolate Domain were only held back with the help of the Immortal City, but now it was a cruel twist of fate.

He wanted to communicate with Liang Sheng to ask for an answer, but after thinking about it, he decided not to ask for the time being.

Because no matter what, if there was really danger, Senior would never ignore him. In that case, why should he care?

Let's see how things develop.

He trusted Liang Sheng very much, so he didn't pay any more attention to what was happening in the sky with Feng Yuan. However, Zhou Shen beside him couldn't help but look up suspiciously.

For some reason, he was strangely drawn to the red giant eye pit in the sky. However, the feeling quickly vanished, making him think it was his own illusion.

Because now, no matter how much he tried, there was no movement in the sky, which just made him feel a little impulsive.

However, he didn't have much energy to pay attention to this matter, because he felt that his fortune was slowly being drawn out.

He couldn't help but look towards the City Lord Mansion, and then kept silent. Seeing that Jin Quanxiu didn't ask anything, he excused himself and went back to his room, plunging into Cultivation again.

Strength is the hard truth in the end!

...

On the other side.

Liang Sheng's Mansion.

Zi Zai independent cultivator couldn't help but marvel in his heart.

This Feng Yuan youngster was quite decisive. Previously, because of the Zhou Family's commotion in the City Lord Mansion, there had been some fluctuations in his fortunes.

But now, Feng Yuan's fortune was re-stabilizing. Thinking of this, he unconsciously looked at Liang Sheng, found that his disciple was not angry or upset, and still remained calm and composed, so he nodded slightly.

However, he still asked, "Sheng'er, how do you plan to deal with this situation? Feng Yuan's move has directly turned your previous efforts into bubbles and illusions."

Liang Sheng was not moved at all, "Master, do you know the saying, 'working in vain, but making a wedding dress for others?'"

"Hmm?"

This sentence was somewhat unexpected to Zi Zai, but he just laughed it off.

"Alright, I'll just watch your performance from here on."

"Master, just wait and see, but now there is no need to worry, I just need to sit and wait on the Fishing Platform, and someone will get anxious."

As he said this, Liang Sheng looked up at the sky. Although he knew under the Law of Cause and Effect that such a situation might arise and had made the necessary preparations beforehand,

He never thought that the surprise the event would bring him would be even greater.

However, the size of the benefits this surprise would bring was not determined by how City Lord Feng Yuan would react, but by Seeking the Truth Lineage.

Seeking the Truth Lineage, can you resist the temptation this time?

The answer was probably not.

Chapter 594: The Beast Swamp Outside the Sky Has Nothing to Do with Me, My Health Cultivation Technique has Broken Through Again!

Even if the Seeking Truth Lineage is extremely cautious, they could not resist making a move after Feng Yuan threw out bait.

Thinking of this, Liang Sheng couldn't help but look in another direction – Chen Chen should be meeting with Pei Linyu right now, right?

...

Longevity Immortal City, a hidden place.

The situation was exactly as Liang Sheng had anticipated. Not long after the Sky Collapse, Pei Linyu and Chen Chen met, their faces full of surprise and disbelief.

This time, their previous estimates of the Immortal City seemed to have been slightly off, and they now needed to inform the elders to make a decision.

Opportunities come rarely, and once lost, they may never come again.

So, after sending their communications, they waited quietly for a reply from the Elder. With just the two of them, they couldn't possibly do anything in the current situation.

They needed more people!

And stronger battle strength!

The next moment, the Communication Jade Slip in Pei Linyu's hand glowed slightly. Pei Linyu hurriedly checked the information within the jade slip, his eyes lighting up.

He had suspected that the Elder would have a plan, and it seemed he wasn't the only one who had come to the Immortal City – there were quite a few fellow cultivators within.

The Elders also guaranteed that reinforcements would be sent at the first opportunity because City Lord Feng Yuan was a Soul Emergence Stage Expert, so there would be someone with Soul Emergence power in those reinforcements as well!

Seeing Pei Linyu's excited expression, Chen Chen knew that things must be going well. He quickly took the jade slip and couldn't help but cheer softly after reading its contents.

"Great!"

Immediately after that, he looked at Pei Linyu.

"Senior Brother Pei, should we gather everyone together now? The days of the East Victory Immortal Dynasty rejecting the Seeking Truth Lineage may soon change!"

Pei Linyu was also excited at this moment, and indeed, the jade slip provided a way to gather the Seeking Truth Lineage disciples within the Immortal City.

However, he didn't act too hastily and forced himself to calm down.

"Don't rush. As dawn approaches, we must not be hasty, lest we fail just before success is about to be achieved."

“Senior Brother is right. This time I have been a bit reckless, but even if we don’t gather everyone now, we can’t do nothing.

Moreover, in order to ensure absolute success in our future plans, we must make preparations beforehand. But with just the two of us, I’m afraid our strength isn’t enough. So I suggest, Senior Brother Pei, that you should personally visit the Zhou Family.”

“Zhou Family?”

Pei Linyu muttered these two words softly and then looked determined. Chen Chen was right; they needed to bring the Zhou Family to their side.

It was hard to convince them previously, but now...

He looked up at the sky at this moment. After Feng Yuan’s move, the anomaly in the sky could no longer be seen.

However, as a member of the Seeking Truth Lineage, he could still sense a trace of a special Qi in the air.

“Let’s go. Since this is the case, there’s no better time than now. We’ll go to the Zhou Family now.”

“Do we go together?”

“Of course. There’s no need to hide anymore, so let’s go together!”

Upon hearing this, Chen Chen immediately understood Pei Linyu’s determination, felt increasingly excited, and gained more confidence in winning over the Zhou Family.

The Zhou Family’s past actions in front of the City Lord Mansion were seen by all the cultivators in the Immortal City. As such, the Zhou Family had gained a part of the Immortal City’s fortune. If they could bring them over to their side, future actions would undoubtedly be much smoother.

With this in mind, Chen Chen no longer objected and nodded softly instead.

“Then let’s set off now!”

...

The Zhou Family.

At this moment, Zhou Ning’s face looked a bit strange. He and Zhou Shen were sitting in Jin Quianxiu’s room, but from time to time, he would glance at the sky outside the window.

As time passed, in addition to Seeking Fortune and Avoiding Evil’s Bloodline Ability, he felt a pulsation within his bloodline growing stronger and stronger.

Not only him, but all the young members of the Zhou Family felt the same way. During the Sky Collapse, the cultivators in Immortal City were in a panic, but by now, the Zhou Family’s disciples felt a surge of excitement, as if there was an opportunity waiting for them from beyond the heavens.

“Ancestor, what’s going on?”

Jin Quianxiu shook his head, as he couldn’t be sure if the place connected to the outside world was the Beast Swamp or not.

Although he had some confidence, it was still better to be cautious with uncertain matters. Furthermore, he had contacted Liang Sheng at the first opportunity and was told to hold his forces and do nothing.

So, he couldn’t answer Zhou Ning’s question, and instead, he followed Liang Sheng’s instructions, telling the Zhou Family not to act rashly.

“You don’t need to do anything. Pretend nothing has happened and just wait and see. Especially you, Shen’er, you’re already approaching the Complete Golden Core – you mustn’t let your guard down.”

Zhou Ning originally wanted to discuss the situation beyond the heavens further, but as soon as Jin Quanxiu mentioned Zhou Shen's situation, he couldn't help but show a look of joy on his face.

Perhaps the first Nascent Soul of the Zhou Family after moving to Longevity Immortal City would soon appear. Hence, because of his expectations, he immediately put aside the matter of the heavens.

"Yes, Shen'er, you should focus on breaking through right now. Ancestor is right; no matter what, we, the Zhou Family, should observe the changes in the situation calmly.

Right now, our priority is your cultivation breakthrough. I can also tell you some good news.

Through our family's efforts over the years, we have accumulated three Nascent Soul Pills. So, don't have any concerns..."

However, before Zhou Ning could finish, Jin Quanxiu interrupted him, "Patriarch, there's no need to use the family's Nascent Soul Pills because I have already prepared."

Then, a jade bottle appeared in Jin Quanxiu's hand, and as he slightly opened the lid, an incredibly rich Pill Fragrance emanated. Jin Quanxiu then sealed the jade bottle again, not revealing even a hint of Qi.

Chapter 595: The Outer Space Beast Swamp has nothing to do with me, and my health cultivation technique has broken through again!

"High Grade Nascent Soul Pill!"

"That's right!"

Zhou Ning was overjoyed upon hearing this!

With a High Grade Nascent Soul Pill and not even 300 years old Zhou Shen, as long as he reached the Golden Core completion himself, how could he not break through the Nascent Soul Realm?

In the Immortal Dynasty Competition and the Golden Era, my Zhou family's talent might not miss out on a piece of the action!

But just then, Jin Quanxiu frowned and Zhou Ning quickly asked, "Ancestor, what's the matter?"

"Chen Chen is here!"

Zhou Ning's expression wasn't good either, wondering why this man kept sticking around. He stood up at this moment, preparing to deal with Chen Chen.

If it weren't for him being only a Golden Core True Person and unable to detect the hidden traces of Chen Chen, a Nascent Soul True Monarch, he would have driven him away the moment he found out.

However, Jin Quanxiu's next words made him stop in his tracks and his expression became even worse.

"There's also a Divinity Transformation Spiritualist with him. When I discovered Chen Chen earlier, this Divinity Transformation Spiritualist had already released their information. Since that's the case, my Patriarch, go out and greet the guests."

Previously, the Zhou family was able to refuse Chen Chen because they had a strong foundation. However, with a Divinity Transformation Spiritualist, they couldn't and didn't dare to refuse directly.

When they reached the living room...

Jin Quanxiu and Zhou Ning sat beside Pei Linyu and Chen Zhen. As for Zhou Shen, he didn't appear under Jin Quanxiu's arrangement as his top priority was to quickly reach the Golden Core completion.

"Patriarch Zhou, Daoist Jin, I am Pei Linyu, a poor Daoist. I've come to bother you today out of necessity. I'm sure you can feel the abnormal situation in the sky.

Since things have reached this point, whether or not you can accept our Seeking-Truth Lineage is actually a settled fact. No matter how much you deny it, it won't change.

Of course, for now, you can act as if you don't know anything. But once Feng Yuan Old Taoist completely lifts the outer space prohibition, everything will be revealed."

"I can clearly tell you now that our Seeking-Truth Lineage has decided to support you in full. Even if this time is a trap set by an ordinary man like Feng Yuan, we must seize the opportunity.

Because the opportunity outside of the world is also the Zhou family's chance, the East Victory Immortal Dynasty's rejection of our Seeking-Truth Lineage isn't without reason, and the Earth's rejection is also a fact.

But precisely because of this, the spiritual veins of the East Victory Immortal Dynasty are different from those of other immortal dynasties, so we have been hiding outside the Dynasty.

However, now the opportunity outside of the world is more pure and more suitable for our Seeking-Truth Lineage cultivators compared to the spiritual veins of other immortal dynasties.

This time, our Seeking-Truth Lineage must fight for it.

This is our opportunity, and of course it includes you, so now I'm not forcing you, I just hope you understand the facts."

"Of course, you don't have to rush to make a statement. I believe Feng Yuan won't completely open the outer space in a short time, so you still have time to consider."

"So, I'm not here to force you, but now it's the golden era of the Immortal Dynasty Competition. It's just the internal struggle between the talented younger generation of the Immortal Dynasty.

But in the future, this struggle will definitely extend beyond the Immortal Dynasty. When all the talents gather together, what then?

So now is the final preparation time for the real rise of talented individuals. I know the Zhou family also has a talent, and you must have high expectations for Zhou Shen as well.”

“But if we can’t even get past the internal struggle of the Immortal Dynasty, what’s the point of talking about competing for a great opportunity with the talented individuals of other immortal dynasties?”

Although Chen Chen and Pei Linyu were emotionally excited, Jin Quanxiu and the others remained extremely calm and unresponsive.

Chen Chen wanted to say something else, but Pei Linyu stopped him. Pei Linyu thought for a moment, put down a communication jade slip, and then said goodbye and left.

“This is my communication jade slip. No matter how you decide, we will accept it. But if you change your mind, you can find us at any time.”

Immediately after, they left without any delay, and Jin Quanxiu let Zhou Ning leave first, then contacted Liang Sheng.

This time, he couldn’t make up his mind and could only hope that Liang Sheng would give clear instructions. Unfortunately, after contacting him, he didn’t receive a response for a long time.

Did the senior encounter some trouble?

Jin Quanxiu didn’t know that at this moment, Liang Sheng couldn’t bother about these minor issues, because the situation he’d had a premonition about earlier had finally arrived.

His Lifespan Cultivation Technique had broken through again!

The data panel had also changed once more——

Name: Liang Sheng

Age: 2650

Talent: Innocent Foolishness (Extreme)

Techniques: Primordial Mysterious Technique (Fourth Level), Ascending Immortality Scripture (Twenty-Second Level), Twenty Life-Nurturing Techniques (Twenty-Ninth Level), Nail-Head Seven Arrows Technique (Curse), Great Freedom Heavenly Method (Entry Level), Grand Solar Golden Crow Contemplation Method (Divine Ability)

Realm: Refining Spirit from Qi (Soul Emergence intermediate period)

Lifespan: 114076

This time, his lifespan had jumped by more than 110,000!

Chapter 596: No matter how perfectly you strategize, I'll directly stir things up with a dung stick, what can you do about it?

Longevity Immortal City.

Liang Sheng's Mansion.

The Zi Zai independent cultivator lay in the courtyard, drinking wine, appearing completely at ease. He couldn't help but admit that his disciple knew how to enjoy life.

However, at this moment, he suddenly turned his head and suspiciously glanced at the room where Liang Sheng was, and then laughed and shook his head.

What was he thinking?

At his level of cultivation, his perception was extremely sharp. He even had premonitions from time to time. But just now, he suddenly felt that his disciple seemed like an ancient powerful figure.

But how was that possible? It was simply absurd!

Not to mention that the ancient cultivation world had long since perished. Among heaven and earth, it was almost impossible for ancient cultivators to reappear.

Even though heaven and earth always had some vitality, if his disciple really had that ability, the heavens' punishment would have descended upon him long ago. How could he still be his disciple?

But at the same time the independent cultivator was mocking himself, he didn't know Liang Sheng was looking at his rapidly increasing lifespan with great joy.

After all, who would dislike having a longer lifespan?

He didn't regret secretly practicing the Lifespan Cultivation Technique during these months of supposedly refining weapons. Finally, he broke through the previous threshold.

However, the increasing lifespan wasn't the most surprising part for him. His Health Cultivation Method had successfully broken through to the twenty-ninth level, giving him a new perception.

Once the Health Cultivation Method broke through to the thirtieth level, it would definitely bring him even greater surprises. Liang Sheng naturally knew very well what this meant.

Just as when he had made a breakthrough on the 10th layer of the Lifespan Cultivation Technique, the 30th layer could bring about another qualitative change.

Therefore, even with his current lifespan, Liang Sheng was full of anticipation for the effects of the next level of the Lifespan Cultivation Technique.

Under such excitement, the breakthrough of the Health Cultivation Technique also allowed the mana within his body to steadily advance once again. Although it was still far from breaking through to the next level, it was a considerable gain nonetheless.

Considering Liang Sheng's current state of mind, he quickly calmed his excitement and then looked at the Communication Jade Slip on his waist.

Over these months, wanting to break through the Health Cultivation Technique, he had ignored Jin Quanxiu's messages. After all, due to their previous actions, the Zhou family was temporarily safe.

After reading Jin Quanxiu's message, Liang Sheng still didn't reply immediately. Jin Quanxiu was worrying too much, in his opinion.

Liang Sheng was well aware of Feng Yuan's plan. As long as Feng Yuan was wary of the deterrence provided by the independent cultivator, the Zhou Family would be safe regardless of their involvement in the Seeking Truth Lineage.

Moreover, Liang Sheng had already prepared for Feng Yuan's possible reckless actions, and the results had not gone beyond Liang Sheng's expectations.

However, Liang Sheng didn't want to delay any longer. What he wanted to do now was not only to thwart Feng Yuan's plan but also to make his plan unfold in advance.

He had already helped the Seeking Truth Lineage buy so much time. If they couldn't seize the opportunity, they couldn't blame anyone else.

So, just when Jin Quanxiu was about to lose patience, Liang Sheng replied indifferently, and the content of his reply was simple.

Just watch and see!

Neither take the initiative nor refuse.

Jin Quanxiu had run out of patience with Chen Chen's incessant harassment over the past few months. Fortunately, Liang Sheng finally replied at this time.

Jin Quanxiu could certainly understand the first four words of the message, but when he saw the last six words, he instinctively frowned.

Why did those few words give a strong sense of malice? It was quite similar to what a scumbag would do, as if walking a dog.

However, Jin Quanxiu wouldn't disobey Liang Sheng's advice, so he quickly adjusted his mentality and followed Liang Sheng's suggestion, instructing Zhou Ning on how to deal with Chen Chen's possible harassment soon.

With clear instructions from Jin Quanxiu, Zhou Ning instantly felt at ease. They were only buying time, which was something the Zhou Family's younger generation was good at.

He even felt completely reassured because of Jin Quanxiu's instructions. Since Elder Jin had made such a decision, it meant that he must have everything under control regarding the situation.

In that case, he might as well focus on his sister Zhou Shen. In the past few months, she had made steady progress. Perhaps the Zhou Family would soon have a Nascent Soul Master.

...

Liang Sheng's Mansion.

Because of Liang Sheng's data panel concealment attribute, even if the independent cultivator was next door, he couldn't detect Liang Sheng's increased lifespan.

But now, seeing Liang Sheng coming out of the room, the independent cultivator couldn't help but brighten his eyes. How had his disciple's condition improved again?

However, he didn't ask Liang Sheng about his results over the past few months. Instead, with a smile on his face, he mentioned that Feng Yuan had already begun to act, so he couldn't help but ask Liang Sheng what he wanted to do next?

If his disciple still wanted to focus on refining weapons at home, he was afraid that the fortune they had obtained by calculating the City Lord Mansion would eventually be returned due to Feng Yuan's behavior after the strange phenomenon from outer space. It wouldn't just be a waste of their previous efforts, but also a huge loss.

"Master, haven't I already said before to let them be arrogant for a while? We don't need to be in a hurry. When the time comes, you will understand."

Hearing Liang Sheng's words, the independent cultivator couldn't help but laugh and scold, "You actually dare to keep me in suspense? Fine, since you're so confident, I'll just see what preparations you've made."

The independent cultivator kept to himself the thought that even if Liang Sheng had a problem, he would still back him up in the end.

Chapter 597: No matter how perfectly you strategize, I'll directly stir things up with a dung stick, what can you do about it?

After all, at worst it would only cost him a bit of face, and what did that matter for the sake of a single-door disciple of the Free Gate lineage?

None of it mattered in the grand scheme of things.

And once he took action, who would dare spread rumors?

Liang Sheng was unaware of the Zi Zai independent cultivator's current thoughts; he had made more preparations and had almost everything in the Immortal City under his control.

Before he became a disciple of the Zi Zai independent cultivator, Liang Sheng had some concerns because he couldn't get a read on the Zi Zai independent cultivator, who was way out of his league.

But now that even the Zi Zai independent cultivator had become an ally, it was extremely difficult for any accidents to occur in Liang Sheng's plan.

Under these circumstances, the Immortal City once again fell into a deceptive calm, and Feng Yuan grew more vigilant, not daring to be the least bit careless.

Several months had passed; no matter how slow-witted the Seeking Truth Lineage was, it must have come to a final decision by now. They must have dispatched people to the Immortal City since he had initiated the Outer Space Plan in advance, and they couldn't possibly have ignored it.

Feng Yuan had never underestimated the Seeking Truth Lineage; after all, they managed to smoothly leave the East Victory Immortal Dynasty even under such a vast cover-up, which showed they definitely were no ordinary force.

Thus, Feng Yuan appeared relaxed on the surface but was actually quite prudent, especially since the forces of Liang Sheng and the Zhou Family were not under his control.

Of course, what Feng Yuan was really worried about was the person behind the Zhou Family; otherwise, Liang Sheng's apparent strength was nothing more than that of ants before him.

Nonetheless, Feng Yuan didn't personally deal with the Zhou Family, but instead relied on the reinforcements sent over by his teacher from the Capital City. There was no cause for concern.

Now, Feng Yuan wanted to completely take care of the Seeking-Truth Lineage Cultivators, and if anyone was by his side, they would hear him mutter to himself.

"Come, you are my means to advance in the eyes of the higher-ups in the Capital City. You must not disappoint me!"

...

Under the deceiving calm veil of the Immortal City, the hidden currents roiled.

At this time, Pei Linyu finally decided that, today, he would gather all hidden Seeking Truth Lineage cultivators in the Immortal City.

Of course, Pei Linyu had not given up on the Zhou Family either. In the last few days, they had also discovered that the Zhou Family's attitude had loosened somewhat and was no longer as firm in their rejection as they had been before.

This was a promising sign.

In Pei Linyu's heart, he couldn't help but feel emotional. As long as they were descendants of the Seeking Truth Lineage, even if they were momentarily deceived, eventually they would see the light.

Under these circumstances, Pei Linyu finally decided to gather the Seeking Truth Lineage cultivators first, because the reinforcements led by the Soul Emergence power Elder were about to arrive in the Immortal City.

This time, the Elder had made his stance clear: They had a clear goal for the Immortal City and would do everything possible to compete for it.

The emergence of the Longevity Immortal City and the Outer Beast Marsh bolstered their confidence in the Seeking Truth Lineage's return to the East Victory Immortal Dynasty.

The existence of the Wilderness Beast Marsh was, in essence, a slim chance left to the Seeking Truth Lineage by Heaven and Earth. Though Heaven and Earth were unkind, treating all beings as nothing more than fodder, they always left a sliver of hope.

For example, after the ancient cultivation catastrophe, Heaven and Earth did not cut off every escape route. Otherwise, how could modern cultivation have possibly revived?

After all, modern cultivation was nothing more than a new cultivation pattern born from the self-persevering efforts of the ancient cultivators through generations.

Since the Beast Marsh could be connected to the Longevity Immortal City, the Seeking Truth Lineage knew that there were definitely hidden traps inside, but they didn't want to miss such an opportunity.

They really didn't want to live a life despised by Heaven and Earth anymore. Who wouldn't want to live uprightly under Heaven and Earth and cultivate in peace?

That's why Pei Linyu decided to so decisively prepare to gather all the people. Of course, this was also a way to probe the City Lord Mansion.

However, they were staking their own lives, luring with their lives. If they could figure out the City Lord Mansion's plan before the Soul Emergence power reinforcements arrived by probing before everything happened, it would be worth dying for.

"Senior Brother Pei..."

Right now, Chen Chen's voice was choked with emotion, because tonight he was arranged by Pei Linyu to stay in the rear, leaving the gathering plan to Pei Linyu alone.

Seeing Chen Chen's expression, Pei Linyu couldn't help but laugh freely, "Junior brother, don't be like this. We're simply divided by our tasks, and although you seem to be safer than me, you'll be more distressed. I'm sorry for that."

Pei Linyu's words were not meant to comfort Chen Chen, but to let him know that what he had to do was hide underground, which might even require him to watch sympathizers die. Naturally, this required stronger mental preparation.

Chen Chen didn't say anything upon hearing this. In truth, he wanted to fight alongside Pei Linyu, but Pei Linyu gave him a resounding pat on the shoulder.

“Junior brother, don’t be silly. In recent times, the Zhou Family’s word has already loosened a bit. After you and I part ways today, you must head to the Zhou Family.”

After that, try not to leave the Zhou Family; if they don’t reject you, it means we have one more backup plan.

With this in place, even if there’s a problem on my side tonight, you’ll be the assurance before the Elder reinforcements arrive.

So, Junior brother, don’t have any emotions about what we’re doing. There is no difference between light and heavy in what we do – it’s all just effort toward the dawn.”

Hearing this, Chen Chen’s eyes were filled with tears, “Senior brother, don’t worry, I won’t disappoint you. Even if I die, I’ll die in the Zhou Family.”

Chen Chen then left without looking back, heading directly to the Zhou Family as he was afraid he wouldn’t be able to resist wanting to fight side by side with Pei Linyu.

As for how Pei Linyu would fare tonight, he didn’t dare think too much about it; the only hope in his heart was that everything would go smoothly for his senior brother.

At this time, Pei Linyu looked at the City Lord Mansion, his eyes even showing a hint of provocation, before heading straight for the appointment location.

Chapter 598: No matter how perfectly you strategize, I’ll directly stir things up with a dung stick, what can you do about it?

Today, they are offering themselves up to the tiger. As for whether Feng Yuan, this fierce tiger, will take a bite of the delivered feast, they can only wait and see.

Anyway, whether they live or die, it has significance. At this moment, Liang Sheng also looks towards the City Lord’s Mansion with a hint of mockery.

Tonight, he will be the troublemaker again!

Feng Yuan actually has already prepared to make a move, capturing Pei Linyu's group in one swoop. Of course, he wants to catch them alive.

Unfortunately, Chen Chen went to the Zhou family. Of course, Feng Yuan was displeased with the Zhou family's previous claims, but because of the Zi Zai Independent cultivator secretly threatening him, Feng Yuan had suppressed his dissatisfaction and wouldn't make too many moves for the time being.

But at this moment, Liang Sheng did not want Feng Yuan to have his wish, as he already sensed a powerful Qi from outer space, coming at a rapid pace.

According to Liang Sheng's well-prepared plan, he, of course, couldn't let the City Lord's Mansion capture Pei Linyu's group so easily. At the very least, they had to wait for the people from the Seeking-Truth Lineage to arrive before taking action.

Otherwise, it would be a pity to miss such a show with evenly matched forces. It would be more interesting and beneficial for him.

He wants to sow discord within Immortal City!

The Zi Zai Independent cultivator was also paying attention to the movements of the City Lord's Mansion and Pei Linyu. After all, he had lost the bet back then, and he would not break his promise afterward.

As long as he could preserve the unbroken inheritance of the Seeking-Truth Lineage, he didn't care how many people died.

After Chen Chen went to the Zhou family, Pei Linyu began to gather the Seeking-Truth Lineage, and the City Lord's Mansion set up an ambush in secret. However, just as Feng Yuan was preparing to close the net, Liang Sheng suddenly looked at the forging furnace and grinned.

Over the years, Liang Sheng's Refining Art had already reached a divine level. In the Golden Core realm, he was already capable of forging spirit tools, let alone now?

Actually, a few days ago, he had successfully refined the rough blanks of spiritual weapons from two sets of materials. As for the remaining eight sets of materials, Liang Sheng never intended to refine them.

After all, with a success rate of two out of ten materials, he has already lived up to the reputation of a Refining Master, so why be extravagant and waste energy?

At this moment, Liang Sheng took out a Jade Bottle, with a faint glint in his eyes. No one knew that when Li Chang came to Liang Sheng's place on Feng Yuan's orders to commission a spiritual weapon, Liang Sheng secretly used the Soul Control Technique to take Li Chang's essence blood without his knowledge.

So this time, his method of refining the spiritual weapon was a bit different. He intended to use Li Chang's essence blood to blood-refine the spiritual weapon.

In this way, once the spiritual weapon is completed, it would automatically recognize its master.

At this moment, Li Chang, who was hiding around Pei Linyu, suddenly felt a palpitation in his heart, as if something connected by blood was calling him.

He was still unclear about what was going on when, in the next moment, he subconsciously looked in the direction of Liang Sheng's Mansion, and then a ray of spirit light burst into the sky.

A wave of spiritual weapon energy suddenly spread out, and Liang Sheng had no intention of suppressing the fluctuations, causing the monks around to look at Liang Sheng's Mansion in an instant.

Has a spiritual weapon been refined!?

A true Refining Master indeed!

Many cultivators' eyes sparkled with excitement, especially those who had collected a whole set of materials and were eager to take action.

But just at this moment, a second ray of spirit light appeared.

What!?

At this moment, even Feng Yuan and Kaiyuan Child couldn't help but stand up, admiring the opponent's exquisite technique of refining two spiritual weapons simultaneously.

If even Feng Yuan and others felt this way, what about the other cultivators, who had been promised by Liang Sheng that they could also entrust him to refine spiritual weapons?

While Pei Linyu was gathering the Seeking-Truth Lineage, Li Chang secretly sensed something and couldn't help but reveal a smile.

However, his expression immediately turned ugly because the two spirit lights from Liang Sheng's Mansion suddenly rushed towards him.

If it were any other time, he would be overjoyed, but now was not the time, as they were currently surrounded and trying to capture the Seeking-Truth Lineage.

But things didn't change according to his wishes. Only to see the two spiritual weapons fall from the sky into Li Chang's hands in an instant.

The moment he touched the spiritual weapons, Li Chang was not surprised, but filled with fear because these two spiritual weapons had already recognized him as their master.

If Senior Brother Feng Yuan knew about this, how would he explain? Right after that, Liang Sheng delivered a fatal blow to him.

Liang Sheng looked at Li Chang with a relieved expression, “Daoist friend Li, I did not fail your trust, successfully blood-refining two out of ten spiritual weapons.”

However, Liang Sheng’s face changed shortly after as he saw the more than ten Nascent Soul Realm and above masters around Li Chang.

In an instant, Liang Sheng’s words spread throughout the Immortal City!

“Despicable! You are all people from the City Lord’s Mansion, trying to remove the donkey’s grinding wheel after it’s done! I must have been blind, ah...”

Liang Sheng suddenly screamed miserably and rushed into the courtyard where Li Chang and the others were surrounded. He then looked at Pei Linyu, who was in a daze facing him, and hastily spoke.

“What are you dazing for? Don’t you know to strike first?”

Pei Linyu’s mind was stirred, and he quickly reacted.

“There are despicable villains in the City Lord’s Mansion, who hide one set of intentions on the surface and another set in secret. They don’t want Master Liang to refine spiritual weapons for us cultivators, but only want to enslave us.

He blood-refined the spiritual weapons to recognize him as their master, which is clear evidence. Since that’s the case, I won’t give in to the evil intentions of these despicable people in the City Lord’s Mansion.

Daoist friends, follow me to charge, protect Master Liang and return to the City Lord’s Mansion. After all, as long as Master Liang survives, we will have the chance to own our spiritual weapons, having successfully refined two spiritual weapons in just a few months – what great strength! Charge!”

It was only natural that the Seeking-Truth Lineage could survive to this day, with clever people forming an instant harmony with voices filled with a trace of horror.

“But what if this is the intention of the City Lord?”

There was an instant silence, but at this moment, Liang Sheng’s mouth slightly curved up, and he suddenly shouted loudly.

“Impossible, I created a commotion in the City Lord’s Mansion before, and the City Lord didn’t blame me at all, or else how could I still be alive now?”

It must be that these cultivators are acting on their own. As long as the City Lord finds out about their treacherous intentions, he will definitely uphold justice for us.”

“But just now, Master, you refined the spiritual weapon, and the spirit light shone on the Immortal City. How could the City Lord, with his Soul Emergence power, not notice the anomaly here?”

“That’s right, where is the City Lord?”

Not only were the cultivators of the Seeking-Truth Lineage putting on an act, but the Immortal City cultivators who were alerted to the commotion here were also asking the same question.

Under their questioning, they were even more shocked because neither the Seeking-Truth Lineage nor Li Chang’s group were below the Nascent Soul Monarch cultivation level.

What if it was actually a conspiracy by the City Lord’s Mansion? After all, where else could so many high-level cultivators come from?

In the next moment, Feng Yuan appeared, suspended in mid-air.

At this point, he had no choice but to appear.

That was because the fortune he had previously regained through the Heaven and Earth phenomenon was already fluctuating intensely. Beneath his calm expression, his eyes were filled with horror and murderous intent.

Damn it!

How could Li Chang betray him?

This could only mean one thing, that he had underestimated Liang Sheng earlier and had fallen into his trap!

Chapter 599: Everything is under my control, fight with me!? You've fallen into my trap!

Longevity Immortal City.

At this moment, the scene was somewhat bizarre, with dozens of Nascent Soul Powerhouses from the two major factions confronting each other, yet all wearing cautious expressions, not daring to act recklessly.

Among them, two beams of Spirit Light shot into the sky, which were Spirit Tools that had already recognized their masters, standing proudly next to Li Chang.

Li Chang couldn't help but feel like crying, for at this point, how could he not know that he had been set up by others?

But even if he told the truth, no one would believe him, since he had used his essence blood to refine the Spirit Tools. Without his consent, how could anyone obtain his essence blood?

Thus, after the Spirit Tools automatically recognized their masters, even his companions at this moment were looking at him with suspicious eyes.

Fortunately, after City Lord Feng Yuan appeared, he didn't seem to doubt Li Chang, but just quietly watched Liang Sheng with a chilling murderous intent in his eyes.

Without doubting his instincts, Li Chang believed that Senior Brother Feng Yuan definitely didn't suspect him. Otherwise, the reaction would have been different. Indeed, he was an extraordinary man whose actions and thoughts were different from others.

Feeling slightly relieved, Li Chang turned around and reflected, straightened his body and wore an innocent expression on his face. After all, he had no reason to do such a thing.

Who would provoke a Soul Emergence Heaven's Chosen who had crossed the Heavenly Tribulation just to get a Spirit Tool, wasn't it courting death?

The reason why cultivators were fanatical about chasing after Spirit Tools was for their own safety and security. So, which fool would risk his life for a Spirit Tool?

Amidst the silence, others gradually withdrew their doubtful gazes and no longer looked at Li Chang.

At first, things happened suddenly, but after they calmed down, they realized that Li Chang under no circumstances would betray Feng Yuan.

After all, they were the reinforcements prepared by Ling Xiaozi and Chunyangzi and were even more aware of the consequences of betrayal. Only if they wanted to die could they possibly do so.

However, Li Chang's essence blood was indeed exploited by the other party now, which was a clear indication that the other party's methods were no ordinary matter and could not be underestimated.

Although they understood this principle, ordinary cultivators in the Immortal City did not know the key points. Especially, since it concerned their own interests—the opportunity to forge Spirit Tools for each person.

Under heaven, prosperity is due to benefit.

So, after Liang Sheng's manipulation, they felt that the benefits they might have gained from the Spirit Tools were directly damaged, making the anger in their hearts capable of burning down the entire Immortal City in an instant.

Although most of them may not even be able to prepare the materials for a Spirit Tool, yet precisely because of this, they were more easily incited.

The psychology of the lower cultivators was well known to Feng Yuan and his group since they were Higher Beings who were best at manipulating people.

On the City Lord Mansion side, anxiety filled their hearts, while on Pei Linyu's side, their faces showed surprise and joy. In their eyes, Liang Sheng's actions at this moment were no different than what they felt about the Zhou Family in their hearts.

After all, Liang Sheng and the Zhou Family had once caused a huge commotion in front of the City Lord Mansion, and Pei Linyu even had an incredible thought.

Could it be that Junior Brother Chen Chen had already persuaded the Zhou Family tonight, or that the Zhou Family had suddenly realized their mistake at the last moment and finally acknowledged their alliance to Seeking the Truth Lineage, resulting in such a change?

However, no matter what the reason was, the current situation was favorable for Pei Linyu. Originally, they were the ones ambushed in the City Lord Mansion's plan, but now, at the very least, the situation had become a clear stand-off.

Therefore, at this moment, Pei Linyu secretly conveyed that they must not act rashly, and if the situation turned sour, they must ensure Liang Sheng's escape even at the cost of their lives today.

Even if Liang Sheng couldn't get away, they would wait for everyone else to fall before him, and only then would he face death last.

In an instant, those who received Pei Linyu's instructions from the Seeking the Truth Lineage had determined gazes. Seeing this, Liang Sheng couldn't help but curse in his heart.

What the hell, are you all idiots? Why is everyone looking at me as if I'm dead?

If you want to die, just die and don't drag me into it. I'll live a long, prosperous life, dancing on your graves...

However, now was not the time to argue with these stubborn mules from the Seeking Truth Lineage. So Liang Sheng, who was unhappy in his heart, simply ignored them and looked at Feng Yuan, who was suspended in mid-air.

At this moment, Liang Sheng actually wanted to provoke him further. This situation had been rehearsed countless times by him, and after all, no one would die today!

He said it!

Even if there were unexpected accidents, he still had the next plan in place. By that time, it would be even more challenging for Feng Yuan to back down.

Of course, Liang Sheng was a kind-hearted person and couldn't bear to see innocent cultivators getting killed. So today, he still wanted the Immortal City to shed less blood.

If Feng Yuan knew what Liang Sheng was thinking now, he would probably be furious. How could there be such a shameless person in this world, who, despite causing such a situation, is still not grateful for the mercy shown to him?

However, Feng Yuan didn't know Liang Sheng's thoughts at this moment, and he only felt a little tired in his heart. Considering his status as the Longevity Immortal City Lord and being a powerful Soul Emergence Heaven's Chosen who had crossed the Heavenly Tribulation, he was now bound by the fortune contained within the ordinary cultivators of the Immortal City.

If it weren't for this burden, he probably would have lost his patience and made a move already. After all, even if Liang Sheng had the backing of a Sacred Land Representative in this situation, he would have no choice but to accept it.

Such a despicable person, not only was he not grateful for the mercy shown to him, but he would also provoke time and time again. If he didn't make a move, his Dao heart would remain unsettled.

In this case, if his Master knew about his predicament, he would probably come forward to support him as well.

Chapter 600: Everything is Under My Control, Fight with Me!? Fell into My Trap, Didn't You!

But he couldn't let his emotions take over now.

After all, the remnants of Seeking Truth Lineage and the destiny of the Immortal City were two circumstances he did not want to give up. It was because of these situations that Chunyangzi had sacrificed a lot for him to reach this level.

Feng Yuan, you must endure.

This time, once you step forward, Refinement Void Dao Monarch will be within your grasp.

As Feng Yuan was considering how to choose words and make sentences without mistake, Liang Sheng spoke out again at this moment, his face full of sadness.

"City Lord, you have finally arrived. You must stand up for me. This person has sinister intentions and wants to put the City Lord in an unjust position. He wants to blame the City Lord for not giving the cultivators of the city an opportunity to refine their Spirit Tools. If he doesn't die, I fear that the Immortal City cultivators may not accept it even if I agree."

"Right."

"City Lord, hurry up and kill this despicable man."

...

For a short while, the atmosphere was filled with excitement!

But seeing the Immortal City Cultivators who were easily stirred up by Liang Sheng's few words, Feng Yuan couldn't help but feel helpless. These lower-level cultivators were too easy to deceive.

Little did he realize that he had once been like this, also easily deceiving a group of similar people. It was just that he didn't care about his actions at the time.

Thinking of this, Feng Yuan couldn't help but feel like he had brought it on himself. However, he quickly adjusted his mood, and with a movement of his heart, the entire Immortal City instantly quieted down.

"First of all, I, the City Lord, must apologize to everyone, because in fact, my actions have caused Master Liang to misunderstand."

But rest assured, Master Liang will be absolutely fine today. If anyone dares to go against him, they will be going against me, Feng Yuan."

When he said this, Feng Yuan clenched his teeth, and everyone could feel the anger boiling within him. It was just that no one knew that the target of his rage wasn't someone else but Liang Sheng himself.

After all, who could be happy to defend someone they hate so much? Liang Sheng also appeared agitated on the surface, but his heart was as calm as water.

He had long anticipated this outcome, knowing that Feng Yuan wouldn't dare to take reckless actions. Seeing this, he even felt a little disappointed.

Ultimately, Feng Yuan hadn't dared to act recklessly. In Liang Sheng's view, there was no surprise in this act, and it was simply ordinary.

However, the Immortal City Cultivators felt Feng Yuan's sincerity, and in an instant, someone exclaimed excitedly, feeling fortunate for the City Lord's magnanimity.

"Thank the City Lord for protecting the hearts of our Immortal City cultivators. Mighty City Lord!"

“Mighty City Lord!”

Then, there came a wave of cheers and exclamations, and the Immortal City Cultivators were all delighted that they still had the opportunity to refine Spirit Tools. They knew the City Lord would not disregard public opinion.

But in that case, how would the City Lord deal with the despicable person in the City Lord Mansion who had deceived the City Lord?

At this moment, Li Chang was targeted by the gazes of the Immortal City Cultivators, and he couldn't help but feel aggrieved, unable to bear the burden of such a huge blame.

Thinking about this, the previous joy had long vanished, leaving him with nothing but the thought of why he had accepted this task.

My heart is bitter.

And the reinforcements who had previously admired Li Chang for being well-regarded by Feng Yuan upon arriving in the Immortal City felt relieved in their hearts.

Good thing they hadn't taken the mission earlier, or it would be their turn to be blamed now.

At this moment, Li Chang could only look up at Feng Yuan with a pitiful expression. Luckily, Feng Yuan didn't want to be led by the nose by Liang Sheng, or else his following plans would be impossible to proceed smoothly.

“Daoist friends, rest assured, I, the City Lord, will not tolerate evil, but Li Chang isn't a despicable person. In fact, he was simply following my instructions.”

“What?”

In an instant, there was a commotion in the Immortal City.

But Feng Yuan did not stop there; he continued, “Do you know who the people standing beside Master Liang are?”

“They are the remnants of the Seeking Truth Lineage, extremely sinful and evil. They are the reason why I have to act like this!”

As soon as his words fell, Liang Sheng instantly used a rapid teleportation movement to appear below Feng Yuan, like a frightened bird, nervously staring at Pei Linyu and the others.

Such agility left both sides dumbfounded.

What was going on?

Wasn’t Master on our side (Seeking Truth remnants)?

In Feng Yuan’s heart, disgust was at an all-time high. The more he watched Liang Sheng’s crude performance, the more nauseous he felt. Yet, he could not do anything but let him stay close to him.

If it wasn’t for the people behind you, I would’ve...

Thinking about this, Feng Yuan took a deep breath, calming the vicious thoughts in his heart. From below, Liang Sheng naturally heard his sharp intake of breath, and couldn’t help but innocently say, “City Lord, save me!”

The Immortal City Cultivators only then came to their senses and realized the confusing situation, wondering what was going on.

The other party turns out to be remnants of the Seeking Truth Lineage! In the East Victory Immortal Dynasty, this was a taboo presence. Cultivators despised it, and the hatred had been passed down in their bloodlines throughout the generations.

They looked at Pei Linyu and the other Nascent Soul Masters, particularly Pei Linyu who was a Divinity Transformation Spiritualist, and suddenly it all made sense. No wonder they could confront the City Lord Mansion. So it turned out they were remnants of the Seeking Truth Lineage!

Then, they heard Feng Yuan's voice again, "So today, my original intention was to lay down a Heaven and Earth Net and capture all the remnants of the Seeking Truth Lineage at once.

However I didn't expect that Master Liang's refining skills are extraordinary, and he succeeded in merely a few months, beyond everyone's expectations. The existence of such a Refining Master is a fortune for My Immortal City."
