

Bottleneck 601

Chapter 601: Everything Is Under My Control, Fight Me!? Fell Into My Trap, Right!?

Upon hearing these words, the Immortal City cultivators were fired up with excitement, as if they too could obtain Spiritual Tools through Liang Sheng in the near future.

Feng Yuan didn't say anything more, as he was waiting for Liang Sheng to retort. After all, what he just said put Liang Sheng in a difficult position and somewhat restored his momentum.

However, Liang Sheng didn't say anything at all. Instead, a voice suddenly rose from the crowd.

"So it turns out that it was the City Lord who commissioned Master Liang to refine the Spiritual Tools. No wonder, who in Immortal City would be so generous as to produce ten portions of refining materials at once."

"Yeah, that's right."

"It's no wonder he is the City Lord, truly grand!"

"But why can Li Chang use his own essence blood to refine Spiritual Devices? Could he be the City Lord's illegitimate child? Who else would give their subordinates such treatment?"

As the Immortal City cultivators continued speaking, their words became more ridiculous. Feng Yuan couldn't help but frown and had to speak up to stop them, who knew what else they might say.

"Fellow Daoists, please don't get tangled up in this. I can tell everyone why this is the case. Do you know what lies underneath the sky?"

Previously, I didn't want to tell you because I wanted you to live more peacefully; I could take these worries upon myself.

But now, in order to not let everyone misunderstand the City Lord Mansion, I can only tell you the truth. In fact, everything is in preparation for the Extraordinary Environment Outside the Sky.”

Li Chang is not the despicable and shameless person you imagine but a hero of my Immortal City. It was he who courageously volunteered to be the Pathfinder for Immortal City.”

He took the initiative to apply to be a Pathfinder for the Extraordinary Environment Outside the Sky. How could I let such a warrior grow disheartened? Naturally, I wanted to give him the best protection.”

So what if he has a Spiritual Device Armor? With it, Li Chang’s safety is guaranteed. I, Feng Yuan, have never let a loyal warrior be aggrieved because I can’t let them bleed and cry at the same time. This Spiritual Device is my guarantee to them.”

As long as the City Lord Mansion exists, and as long as it is for the security of Immortal City, I, Feng Yuan, will prioritize everyone who charges into battle.”

That’s why I made such arrangements. However, this has directly taken up Master Liang’s time. I’m sorry to bother everyone in Immortal City.”

So that’s how it is.

The Immortal City cultivators suddenly had a moment of realization, not expecting City Lord Feng Yuan to have been silently bearing this responsibility for them all along!

In an instant, some emotional Immortal City cultivators could not help but feel tears welling up in their eyes. They had misunderstood the City Lord and even hurt the warm heart he held for them!

I am truly not human.

At this time, Feng Yuan glanced at Liang Sheng from the corner of his eye, sneering in his heart, but he noticed a slight smirk on Liang Sheng’s face, which made him pause. He had clearly dissolved all of Liang Sheng’s schemes, so why was he still so smug?

What's going on?

At this moment, Liang Sheng put away his smile and showed a grieved expression.

“So that's how it is. I was wrong to resent the brave loyalists of the City Lord Mansion. However, if that's the case, we should try our best to not let them shed blood in such a dangerous mission.”

“After all, now we have a better choice, aren't these the remnants of the Seeking Truth lineage? Why not let them go? They deserve to die anyway!”

Upon hearing this, Pei Linyu was overjoyed in his heart.

As expected, their opponent was from their Seeking Truth lineage. Even if not, they must have deep connections. Feng Yuan, upon hearing this, became even more grim-faced.

Unexpectedly, his opponent had been waiting for him here.

He had been careless, and now he had fallen into their trap!

Chapter 602: How can you handle it when I play with applause? Who made me a successor of the Zi Zai Gate!

Longevity Immortal City.

At this moment, City Lord Feng Yuan's face was as gloomy as water, while Pei Linyu below had bright eyes. However, his expression was not too excited, but the white hand gripping his magical weapons was enough to prove his inner tension.

Feng Yuan quickly responded, laughing, “Master Liang does have a good suggestion, but now the situation in Outer Space is unclear, and I still need to be cautious. To be on the safe side, I need to consider it carefully.

For now, let's first capture the remnants of the Seeking Truth Lineage, and after a thorough investigation of the Outer Space situation, we can plan the next steps.

After all, the Outer Space previously experienced turbulence, and even I only temporarily stopped it from descending into the Immortal City. I have to be cautious about this.

Of course, during this time, Master Liang can supervise from the side so that I can better protect Master Liang.

After all, no one knows whether there are any remnants of the Seeking Truth Lineage lurking in Immortal City or not. If anything happens to Master Liang, it would not only be a personal matter, but a loss for the entire Immortal City.

After all, I have already promised the Daoist Friends in Immortal City earlier not to occupy any more quota, and you still need to help them refine Spirit Tools in the future. So your safety is of utmost importance to the Immortal City."

Feng Yuan could only change the subject at this time, and once it concerned their personal interests, the Immortal City Cultivators indeed did not want Liang Sheng to take any risks, so they all began to persuade him one after another.

At this time, Liang Sheng did not speak immediately, and Feng Yuan secretly thought it was really dangerous. How could he let the remnants of Seeking Truth Lineage enter Outer Space first?

If others didn't know what was going on with Outer Space, didn't he know it very well? It was merely a bait. If the fish ate the bait and escaped, it would be a huge joke.

It would be like a slap in his face. At this time, Liang Sheng also just smiled, and it seemed that he really didn't care at all about Feng Yuan's claim. On the contrary, he even provocatively said:

"City Lord, is there only danger in Outer Space?"

Feng Yuan tried his best to maintain a smile at the corner of his mouth, but in the depths of his eyes, it was extremely cold.

Today, I have already given him enough face, but he's pushing his luck. Such a shameless man!

However, Liang Sheng seemed completely unaffected by the cold look from Feng Yuan. He even appeared somewhat challenging as if he wanted to be stubborn to the end.

Even the Immortal City Cultivators, who had been blinded by the benefits of refining Spirit Tools earlier, finally noticed that there was something wrong with the atmosphere between the City Lord and Master.

Something seemed off?

But just as they had this feeling, Liang Sheng suddenly laughed as if everything that happened earlier was an illusion, and their feelings were mistaken.

"But the City Lord is also right. Regardless of whether we arrange for the remnants of the Seeking Truth Lineage to be sent to Outer Space to die, we still have to interrogate them first.

After all, no one knows now whether there are any remnants of the Seeking Truth Lineage left in the city? It's really a tough problem for the City Lord to solve for the safety of us cultivators."

"Master, don't worry about it. As the Immortal City Lord, it's just part of my duty to take care of these minor matters."

Although Feng Yuan also didn't understand why Liang Sheng suddenly backed down, he went along with it. However, Liang Sheng didn't seem to back down out of fear of Feng Yuan.

Before Feng Yuan could figure it out, Liang Sheng spoke up again, "City Lord, since the misunderstanding has been cleared up, and today's encounter was quite shocking, may I return to my humble abode to calm myself down?"

“Of course, you can. Do you want me to send someone to escort you back?”

Feng Yuan didn't want any more accidents to happen now and couldn't wait for Liang Sheng to leave, so he naturally wouldn't disagree.

Liang Sheng expressed his gratitude but did not ask for an escort from the City Lord Mansion. Before leaving, he turned to the Immortal City Cultivators and said:

“Dear Daoist Friends, since the City Lord has completed the Spirit Tool refining task, if you have time tomorrow, you can come to my humble abode. My previous promise remains unchanged, and I can refine Spirit Tools for everyone free of charge.”

“Master Liang is truly a virtuous person!”

At this time, matters concerning the remnants of the Seeking Truth Lineage and the danger from Outer Space had nothing to do with the Immortal City Cultivators. They only wanted to refine their own Spirit Tools as soon as possible.

As they watched Liang Sheng leave leisurely, Feng Yuan was on guard. However, as Liang Sheng's figure disappeared completely, no accidents occurred.

At this moment, he involuntarily sighed in relief. He didn't expect that a mere Nascent Soul cultivator would put so much pressure on him. It was simply incredible!

While he was contemplating in his heart, he was still considering whether the person behind Liang Sheng's courage was a Sacred Land Representative or not?

If not...

He couldn't let this person stay.

But fortunately, although things had gone through some twists and turns, the result was not bad. Pei Linyu and the other Seeking Truth Lineage cultivators were all caught in a net.

With his arrangements in Outer Space, he only needed to wait for the remnants of the Seeking Truth Lineage to come, and it would be like catching fish in a barrel.

Just at this moment, a sound suddenly echoed throughout the entire Immortal City, drawing everyone's attention towards Pei Linyu.

Pei Linyu and the others had been silent just now because Liang Sheng had already made arrangements, secretly sending his voice to them.

At that time, Pei Linyu was somewhat incredulous, his pupils shrinking. Who would have thought that Liang Sheng could transmit his voice under Feng Yuan's watchful eyes, and even secretly give him something?

Using the time when Liang Sheng confronted Feng Yuan earlier, Pei Linyu had already found out what it was, a Top-Grade Protective Magical Item and a Magical Axe.

Now that Liang Sheng was about to leave, Pei Linyu's eyes became determined. It was just seeking death, but if it caused trouble for Feng Yuan, the despicable scum, it would be worth it.

Chapter 603: How can you handle it when I play with applause? Who made me a successor of the Zi Zai Gate!

Besides, why would he not want to create trouble for the bastard Feng Yuan? With this in mind, he finally spoke out in front of everyone.

"Feng Yuan, you scoundrel, do you really dare to let us go to outer space? You only mentioned the dangers existing outside but stayed silent about the possible opportunities. You really are a good City Lord of Immortal City!

My Daoist friends, Feng Yuan has deceived us all here. He blocked outer space because he didn't want you to explore it. Since our path forward is cut off, let me create an opportunity for you to go to outer space!"

As the echoes of his words were still in the air and before the Immortal City Cultivators could respond, Pei Linyu rushed towards outer space.

The other disciples of the Seeking-Truth Lineage naturally followed suit, although they didn't know Pei Linyu's plan. But at this point, what else was there to contemplate?

Just go for it!

Feng Yuan had regained his sense at this point. Watching Pei Linyu and the others rushing to outer space, his eyes were filled with hostility.

He had just breathed a sigh of relief from Liang Sheng's departure, daydreaming, who would expect these remnants of the Seeking-Truth Lineage to still want to sow discord and cause trouble for him?

However, he had to admit at this moment that the other party's plan succeeded because he could already feel the skeptical glances from the Immortal City Cultivators.

In fact, since Liang Sheng's challenge, seeds of doubt had already been planted in their hearts. Pei Linyu was doing nothing more than pouring salt on the wound.

After all, anyone who wasn't a fool, and had listened to the conversation between Liang Sheng and Feng Yuan, could not help but question if outer space held nothing of value?

If it was true, why not send the Seeking-Truth Lineage to explore outside instead of considering the consequences, which would be a blow to the seeking-truth lineage while also investigating outer space situations?

But now that Pei Linyu is rushing into outer space with others in tow, the cultivators of the Immortal City certainly couldn't fully trust what Feng Yuan had previously said.

The events of the night were indeed guided by Liang Sheng, and even if a cultivator is strong-willed, they also have emotions and desires. Otherwise, why should there be a Giving Bodhisattva in the Immortal City?

Cultivators are also human!

Feng Yuan, seeing the doubtful gazes of the Immortal City Cultivators, finally couldn't suppress his anger anymore. He directly looked at Pei Linyu and the others, who were racing towards the barrier of outer space, and roared.

"You remnants of the Seeking-Truth Lineage dare to sow discord! You deserve to die!"

The next moment, a golden giant palm descended from outer space, materializing instantly. It came directly from the sky, clapping down.

The spiritual power contained within was so potent that it instantly sobered up the Immortal City Cultivators below, who could feel its earth-shattering power from afar.

They had just dared to doubt the City Lord. This is the power of Soul Emergence that crossed the Heavenly Tribulation. How dare they express their dissatisfaction? Do they not want to live anymore?

Silence befell the Immortal City Cultivators, while Pei Linyu, leading several Seeking-Truth Lineage members, continued rushing forward fearlessly under the Golden Giant Palm.

"Colleagues, we must die today. Are you willing to accompany me?"

Without any retreat, the people of the Seeking-Truth Lineage bore the shadow of the giant palm and pressed forward, ready to die generously.

At this moment, Pei Linyu felt extremely satisfied. The disciples of the Seeking-Truth Lineage never retreat. He continued to transmit his voice throughout Immortal City with his Divinity Transformation cultivation on full display.

“Feng Yuan, you scoundrel! You want to monopolize the opportunities in outer space. That’s nothing more than wishful thinking! Daoist friends of Immortal City, today the disciples of our Seeking-Truth Lineage, even if we die, want to fight for everyone. Hahaha...”

With that, Pei Linyu laughed loudly. Immediately after, the giant palm met with them, creating a spectacle as brilliant as fireworks.

Even though most of them were Nascent Soul Realm True Monarchs, stronger than the average Immortal City Cultivators, they had no chance of escaping under Feng Yuan’s palm.

But when the golden light faded, one person still survived in the sky, his laughter continuing to fill the entire Immortal City.

“Hahaha!”

“Do you think only your Longevity Immortal City has spiritual tools?”

“Back in the day, all we in the Seeking-Truth Lineage wished for was a fair investigation of the Truth for Heaven and Earth, yet we were slandered by you Immortal Dynasty cultivators to this day.

Previously, the cultivators of my Seeking-Truth Lineage came to Immortal City and openly challenged your City Lord Mansion. Did any of you dare to fight?

Only ordinary Immortal City Cultivators died!

In the end, you bullied us. After the tragic death of my two Daoist friends, we didn’t even have a corpse to collect. Did you think we came unprepared this time?”

As expected, you couldn’t help but make a move.

So, did you think that with you undergoing the tribulation in Immortal City and being fused with the destiny of the city, you could achieve mutual benefit?

Did you also not mention that you suck the blood out of the Immortal City, achieving such success? You're simply a hypocrite, nothing more!

The Seeking-Truth Lineage elders made a mistake, we admit that. But we never deceive the world. This opportunity in outer space, we, the Seeking-Truth Lineage, will fight for it. We will let all the Daoist friends of Immortal City have a chance to compete, and will let your ulterior motives go in vain!

Open Sky!"

With this roar, a giant axe appeared in Pei Linyu's hand, glowing with the spirit of a spiritual tool. It was clearly a top-grade spiritual tool.

Feng Yuan frowned at this and even forgot to act immediately to stop Pei Linyu. He had not found out that Pei Linyu had such spiritual tools before, otherwise why just have Li Chang and some others surrounded?

Where did they get spiritual tools?

Was it Liang Sheng?

Seeing the spiritual tool armor and the giant axe, Feng Yuan now calmed down and didn't mind Pei Linyu continuing to smear him.

Lots of dirt has already been slung, a bit more doesn't matter. Moreover, at this moment, his mind became clearer when he calmed down.

Chapter 604: How can you handle it when I play with applause? Who made me a successor of the Free Gate!

Something is not right.

Including my previous emotional state, it's also not right.

Someone has been secretly manipulating my emotions without me realizing it. The thought of it brings cold sweat to my forehead.

After analyzing the situation, I am certain that someone in the shadows is setting up a scheme. I must stay calm at this moment.

Only by being calm can I avoid being affected, avoid being led by the nose. I never wanted to open Outer Heaven.

Because Outer Heaven indeed contains opportunities that for most cultivators aren't that significant, but for the Seeking Truth Lineage, the effects are exponentially greater.

But now, I don't want to stop Pei Linyu from opening the path to the Outer Heaven Beast Swamp. If I were to stop now, I would fall directly into their hands.

From the reactions of the Immortal City Cultivators below, it is clear that they deeply doubt my intentions. The fluctuations in my fortune are the best evidence of this.

The person acting behind the scenes probably wants me to lose my senses and stop Pei Linyu, but I won't be led by the nose anymore.

The remnants of the Seeking Truth Lineage have already appeared anyway. The capture of them might take a bit longer. What's urgent is to get out of this "game" as soon as possible.

In this way, I'll be able to see things more clearly.

But at the next moment, he involuntarily opened his mouth slightly, unable to hold back the anger in his heart.

You despicable person!

What was originally Pei Linyu hacking on the barrier of Outer Heaven with the Magical Axe, suddenly there was a burst of fire, followed by a miserable scream from Pei Linyu. His Spiritual Device Armor exploded and turned Pei Linyu into ashes, leaving only their last words...

“Feng Yuan you bastard, that was a clever trick!”

But I had never made a move just now; Pei Linyu clearly self-destructed, trying to frame me. But nobody would know this is a trap.

Even the way people like Li Chang looked at me was full of suspicion, thinking I made the move, not to mention the other bystanders from Immortal City.

While Feng Yuan instinctively got angry, suddenly a voice reached his ear, “Daoist Feng Yuan, stay calm, don’t fall for their schemes!”

It was the Kaiyuan Child who was out of the chaos and was more sober instead. Feng Yuan felt a chill.

He was almost influenced by the other party again and cannot continue to stay here. He needs to stay cool-headed.

“Fellow Daoists of Immortal City, don’t fall for their tricks! Everyone needs to calm down first, and the truth will come to light soon!”

Then Feng Yuan left without caring about their reactions, regardless of whether the Immortal City Cultivators would believe him. It doesn’t matter at this point.

He may need backup, as his emotions were unknowingly tampered with just now. The Immortal City Cultivators seem to listen to Feng Yuan, and they scattered immediately, no longer watching the scene.

As for their speculation about Outer Heaven, their eyes were still flickering, but they didn't dare to move forward. They'd rather wait and see,

See whether someone can't help but go to Outer Heaven, will they be killed by the City Lord or not? Didn't the Divinity Transformation Spiritualist of Seeking the Truth say that? The City Lord wants to monopolize the opportunity. Just look at how he reacts when someone rushes to Outer Heaven, and you can verify the truth.

...

Liang Sheng's Mansion.

The Zi Zai independent cultivator had just finished watching the big show and was still unsatisfied. When Liang Sheng came back, he respectfully bowed.

Feng Yuan's previous emotional outburst was facilitated by the Zi Zai independent cultivator. His existence was also part of the plan.

It's just that the Zi Zai independent cultivator didn't know this, and instead looked at Liang Sheng who seemed indifferent at his side and couldn't help but shake his head.

This disciple of mine is really sly.

Who would have thought after he'd mastered the Free Method, he'd show his cunning side? This was really unexpected.

However, the Zi Zai independent cultivator didn't mind. In fact, there is nothing wrong with being cunning. If he had been that way in the past, he wouldn't have lost that bet.

This mentality is actually biased. If someone else was this cunning, the Zi Zai independent cultivator would have told him to get lost long ago.

But this one was the only disciple of the Free Gate, right? No matter what he does, it's right. Even if you are disgusted, you have to bear it.

"What are you planning to do next, disciple? Feng Yuan will definitely not let you go. Looking at their reaction, they should have already figured it out. I'm afraid your actions will bring their old backers to the stage.

With this result, not only do you not have a greater advantage, but it also increases the difficulty of your plan. Why do this?

Do you truly believe that you can overturn Feng Yuan by refining weapons for the Immortal City Cultivators? This idea is too naive."

Liang Sheng shook his head with a smile.

"Master, what I want is for their supporters to show up because there's no way the Seeking Truth lineage will reveal their Trump Card otherwise."

As he spoke, Liang Sheng's eyes were deep and continued to thank the Zi Zai independent cultivator, "Of course, if you weren't here master, I wouldn't dare to plan like this. We only just got started, but who made me a descendent of the Free Gate?"

Feeling Liang Sheng's confidence, the Zi Zai independent cultivator couldn't help but laugh and shake his head.

I must cherish my own disciple.

Just let him do as he likes!

Chapter 605: Talent Is Worthless In The Face Of Strength!

Longevity Immortal City.

City Lord Mansion.

At this moment, the Kaiyuan Child and Fellow Daoist Feng Yuan sit face to face, silent, Today has indeed brought them a sense of tremendous failure.

After calming down, they began to review why such a result had occurred, and they noticed that they had totally failed in today's whole plotting scheme.

Today was supposed to be an opportunity for them to capture the Seeking Truth Remnants to use as leverage when dealing with the main force of the Seeking Truth Lineage that was about to enter the Immortal City.

But now these Seeking-Truth Lineage Cultivators have all died, and they didn't capture a single one, Although Chen Chen is still alive, he is now staying with the Zhou Family and it's not easy for them to take action.

The power behind the Zhou Family is powerful, possibly involving his influence in the background today, both Feng Yuan had suffered a loss and how could they continue to act carelessly?

If only the Seeking Truth remnants had not been captured, the result would be bearable, but now the Outer Heaven Beast Swamp has been used by the opponent as a weapon to severely damage the prestige of the City Lord Mansion, which is truly helpless.

Feng Yuan looked up at the fluctuating internal energy in the Immortal City, feeling extremely helpless in his heart, they had underestimated the enemy after all.

But who could have expected that Liang Sheng, who had prepared ten sets of refining materials in advance, would have "completed" the refining process in just a few months, and successfully refined two Spirit Tools.

A single mistake led to the entire game being lost, and even the acquired Spirit Tool recognized Li Chang as its master as it was blood-refined.

Upon reflection, Feng Yuan's expression became darker and darker – and all this was because of Liang Sheng, who must have harboured his plans for a long time and was ready for his treacherous plot beforehand.

Otherwise, how could he explain the existence of blood-refined Spirit Tools? It only indicates that the other party had been planning against them for a long time, and they were careless after all.

Originally, they thought they already paid enough attention to the enemy, but little did they expect they had underestimated him in the end, resulting in such a situation.

“Fellow Daoist Feng Yuan, in fact, all of this is just a minor issue that you don't need to care too much about, for in the Cultivation World, strength is the most respected after all.

However, precisely because of this, the cultivation level of anyone who can control your emotions unnoticed must far exceed ours.

So as long as he stays in the Immortal City for a day, no matter how perfect our plans are, we inevitably lack strength.

At this point, if we don't want to sit and wait for our doom, then we must break the opponent's suppressive strength.”

Feng Yuan naturally understood the meaning of the Kaiyuan Child, but he was still a bit hesitant as he was the Immortal Dynasty's Chosen.

“But by doing so, even if we can exterminate the Seeking Truth remnants in the future, I'm afraid we won't be able to convince the adults in the Capital City Soul Song, I'm afraid...”

Unfortunately, before Feng Yuan could finish his words, he was interrupted by the Kaiyuan Child, “But at least, in that way, we have completed the mission of annihilating the Seeking Truth Remnants, rather than being utterly defeated as we are now.

Fellow Daoist Feng Yuan, think carefully, have we ever gained any advantage in our planning since Liang Sheng caused a disturbance at the gate of the City Lord Mansion?

Now I even have a terrifying thought, was our plan to release the Beast Swamp in advance part of the other party's plan?

Keep in mind that we originally planned for the Beast Swamp to appear only at the final capture stage, but now the greatest cultivator of the Seeking Truth Lineage has not yet appeared, and our ultimate trap has already been openly revealed to everyone, do you think we would be in such a situation?

At this point, the face of the Kaiyuan Child was already grim, and Feng Yuan's expression was not much better. As they revisited step by step, they found that they had been led on by someone in all their actions.

Upon realizing this, Feng Yuan finally made up his mind and was no longer hesitant!

"Alright, then let's listen to Fellow Daoist Kaiyuan, let's immediately send a message to the Capital City, hoping the arrival of our Master can change the situation.

Otherwise, this trip to the Longevity Immortal City will not only fail to provide us with bargaining chips for competing as the talented children, but will also affect our opportunities."

Seeing Feng Yuan finally come to his senses, the Kaiyuan Child heaved a sigh of relief and looked in the direction of the Capital City Soul Song, feeling a little desolate.

"Yes, who could have thought that what we thought was our opportunity to climb higher has turned into this? Even if we go all out, I'm afraid the result won't be much better, which is rather frustrating."

Saying this, the Kaiyuan Child sighed helplessly. But seeing him so downhearted, Feng Yuan straightened up unbearably.

"Until the end, no one can say what the outcome will be, this is the Era of Great Contention after all, and we are not inferior to others, we're just strenuously chasing after them."

At this moment, Feng Yuan, the one who spoke, had bright eyes and an expression full of infinite ambition on his face. He bounced back from the defeat.

Even the Heavenly Tribulation can be crossed, what can these difficulties count for? The Kaiyuan Child was influenced by his passion and also regained some courage.

Seeing Feng Yuan, there's no wonder he's the genius who can cross the Heavenly Tribulation. Without such courage, the opponent would have vanished into the smoke by now!

The two of them shared a smile.

The Golden Era...

Let everything come!

...

Zhou Family.

At this moment, Chen Chen was slumped in his chair.

Dead!

All of them dead!

Even though he had a bad feeling in his heart, he never thought that the result would be so tragic, not one of the many people around Senior Brother Pei Linyu survived.

In the following days, the Zhou Family did not chase him away, nor did they pay him any attention. However, he was free to move around the Zhou Family's courtyard as long as he did not enter sensitive areas.

He was deeply grateful to the Zhou Family for not kicking him when he was down, but when he wanted to negotiate with the Zhou Family, Zhou Ning avoided seeing him.

After all, the noise made by Pei Linyu had been seen by the Immortal City Cultivators. Zhou Ning could now allow Chen Chen to stay, it's all because Jin Quanxiu had agreed to it.

Chapter 606: Talent is Worthless in the Face of Strength!

In the following days, Chen Chen felt lost and confused. Whenever he thought of Pei Linyu's heroic sacrifice, his heart was filled with turmoil.

He even wished he could die with him, but unfortunately, he couldn't die now, because he was the only one left from the Seeking Truth Lineage in the Immortal City.

Before Pei Linyu's action, he informed Chen Chen about the upcoming reinforcements. So now, it was Chen Chen's responsibility to connect with them when they arrived.

Pei Linyu and the others couldn't die in vain. Chen Chen had to make the Daoist friends in the reinforcements understand what had happened. Therefore, he absolutely couldn't die, at least not before meeting the reinforcements.

So, despite his grief, he had to keep on living. Thankfully, the Zhou family didn't bother him nor tried to drive him away, which he considered a significant improvement in their relationship.

After all, he was from the Seeking Truth Lineage. If he appeared in front of the City Lord Mansion now, it would undoubtedly mean a dead end.

So, their current relationship with the Zhou family was already remarkable. He was waiting for the arrival of the reinforcements, which was the only way for the Immortal City to have a chance in this current opportunity.

He actually wanted to meet with Liang Sheng because he knew Pei Linyu very well. It would be impossible for him to have two spirit tools on him.

So, judging by the situation that day, it was undoubtedly Liang Sheng who had given Pei Linyu the two spirit tools he possessed.

Under these circumstances, Chen Chen had mixed feelings about Liang Sheng. What was his attitude towards the Seeking Truth Lineage?

If he was friendly, why did he reject them from a thousand miles away?

On the other hand, if he didn't want any relationship, why did he help Brother Pei?

At this moment, Liang Sheng appeared like a layer of fog to him. He couldn't see through him at all, but at least he could be sure that he should be a friend rather than an enemy.

What exactly was he thinking?

Chen Chen, who couldn't figure it out, could only hide in the Zhou family and silently wait for the reinforcements.

He cannot die now!

...

Liang Sheng's Mansion.

In these days, the Immortal City seemed peaceful on the surface, but there were hidden undercurrents. The storm from that night was still secretly brewing.

At this moment, there was a long queue in front of Liang Sheng's mansion. There were many cultivators who had prepared materials for spirit tools, and they were eager to get one for themselves.

Though there was a risk, a 20% success rate was already rare. They were willing to take the gamble for the spirit tools.

However, Liang Sheng's method remained the same as before. He'd only accept materials from ten people, then close the main gate without paying attention to the cultivators outside.

But this time it was different from the last. After learning the results, many cultivators still sent people to wait outside.

After all, Liang Sheng's efficiency in refining tools was quite high. It might only take a few months to complete the tasks, and he might leave the closed-door practice in no time. They didn't want to miss the opportunity again.

Thus, they were willing to keep waiting. As for Liang Sheng, he didn't care about the situation outside as long as no one was noisy. He wouldn't reveal himself before the reinforcements from the Seeking Truth Lineage arrived.

However, he didn't bury his head in refining tools all the time. Instead, he tried to sense the movements in the City Lord Mansion, but unfortunately, there was no movement from Feng Yuan and his companion.

And as for the Seeking Truth Lineage, there was no need to care as long as Chen Chen didn't make any moves. Under this situation, the most relaxed person was the Zi Zai independent cultivator.

He had been calm during this period, and Liang Sheng enjoyed drinking wine with him during the refining breaks, which was extremely comfortable.

The Zi Zai independent cultivator had already understood the nature of his disciple. Though it seemed as if he didn't care about anything, he must have already made some plans in his heart. He just didn't ask.

As long as nobody tried to kill his only disciple, he wouldn't care even if Liang Sheng made a hole in the sky and caused chaos.

He just wanted to watch the show from the sidelines. His principle was simple: nobody could harm his only disciple.

So Liang Sheng would occasionally go into his room, and regardless of whether he was refining tools or not, the Zi Zai independent cultivator would just let him be.

He even wished that Liang Sheng would be more carefree and release all the constraints he had received over the years.

Free Gate disciples should be free!

This was the only downside of the initial stage of practicing the Free Method in the Complete Heaven Freedom Sect. To be truly free, all negative emotions had to be released.

There's a saying in the mortal world: If someone wants to be open-minded, they have to use a lifetime to heal their past humiliations. The same was true for the disciples of the Free Gate.

Back when the Zi Zai independent cultivator was at the initial stage of practicing the Free Method, his actions were even more extreme compared to Liang Sheng's.

At this point, Liang Sheng's plans were far better than his at the time, and to him, it seemed like just child's play.

Not to mention other things, there was now an endless abyss in the west of the Xihe Immortal Dynasty that was unintentionally created by his master in order to protect him back then.

Even now, the Xihe Immortal Dynasty that had suffered a secret loss still held its breath and pretended nothing had happened.

And this was the confidence of the Free Gate.

This level of strength was also the foundation for them letting their disciples do as they please. He even thought that his disciple was still too cautious.

After all, it was just a matter of the junior disciples of the East Victory Immortal Dynasty. In the Era of Great Contention, there was no need to think too much; just do it. As a disciple of the Free Gate, why bother thinking so much?

But since Liang Sheng came up with this plan, he could only stand beside him and play the role of a protector. He looked in the direction of the Capital City Soul Song and couldn't help shaking his head.

Why hadn't anyone from the East Victory Immortal Dynasty arrived yet? He didn't even have to think about it to know that those Refining Void cultivators were hesitating, wondering whether they should come in person or not.

Chapter 607: Talent Is Worthless In The Face of Strength!

Under this circumstance, Zi Zai independent cultivator could only wait with curiosity about what his disciple would do when that time comes.

After all, his disciple was only a Nascent Soul Master, and in the face of Refinement Void Dao Monarch's strength, any plan would be useless, causing some influence on Liang Sheng's Carefree Technique.

Today, Liang Sheng raised his head to watch the sky while taking a break for a tea-break during his weapon refining. In recent days, many Immortal City Cultivators had been secretly sneaking towards Outer Heaven.

On that night, quite a few people in Immortal City had seeds of doubt planted in their minds, but there were not many fools, most of them were waiting for others to make the first move.

As for those tempted fools, they naturally came back empty-handed.

If the Seeking-Truth Lineage Cultivators did not come, the passage to the Outer Heaven Beast Swamp wouldn't open. He even suspected that Feng Yuan was turning a blind eye to this matter, with the intention of cold treatment.

After all, when Immortal City Cultivators get nothing for extended periods, even if they suspect the City Lord Mansion's intentions, they can only let go.

Just now, another fool returned dispiritedly. However, Liang Sheng didn't care, as it was just human nature.

Under heaven, everyone is drawn by interests...

He could actually cause a commotion, open the Beast Swamp passage and let the Immortal City Cultivators go to Outer Heaven one after another, affecting the fluctuations in Immortal City's Destiny.

But now is not the best timing. As long as the Seeking Truth Lineage's support hasn't arrived, he will wait quietly.

None of the main characters in this drama can be missing. Only when the Seeking Truth Lineage arrives, can the whole play be lively and colorful.

The reason was simple – not only did Liang Sheng have his sights set on the Immortal City, but with Zi Zai independent cultivator behind him, he wanted to obtain more.

Immortal Dynasty Competition has now become Liang Sheng's greatest opportunity in his heart. Under the Talent of Innocent Foolishness, all he needed was cultivation resources.

The more, the better!

Perhaps the Seeking Truth Lineage is also cautious at this moment. However, as long as the Outer Heaven Beast Swamp exists, they will eventually arrive.

Under this waiting, the entire Immortal City became increasingly calm. All the previous tensions seemed like an illusion.

In the meantime, there was some movement in Zhou Shen. When he appeared in front of the Zhou Family Members, he had already reached Golden Core Consummation.

Golden Core Complete at under 300 years old was an achievement that even talents like Feng Yuan didn't have at this age. Even Zi Zai independent cultivator, who was considered a free and easy person, couldn't help but be amazed at this feat.

He had previously seen the facial appearances of Zhou Family Disciples and had some perception of their bloodline abilities. However, he was somewhat apprehensive and dared not examine them too closely.

Sometimes, knowing too much about certain matters might bring more troubles upon oneself. Therefore, even if Liang Sheng asked indirectly about the Zhou Family Bloodline's abilities, he would only mention other matters, saying that the time was not yet ripe.

Jin Quanxiu was overjoyed and sent a message to Liang Sheng immediately, as Liang Sheng had a High Grade Nascent Soul Pill, and now was the time to get the Nascent Soul Pill.

In this situation, Liang Sheng did not make an appearance at the Zhou Family. Instead, he sent Huang Yifan personally to deliver the pill and stay at the Zhou family.

Feng Yuan and Kaiyuan Child turned their gaze to the Zhou Family in real-time, keeping an eye on the commotion at the Zhou Family, not daring to be negligent.

Previously, they had suffered greatly due to the Zhou family and Liang Sheng, so they could not afford to be careless this time.

He also felt helpless about Zhou Shen's Golden Core Consummation, as even he couldn't help but feel envious.

When had they ever heard of a Nascent Soul Master under 300 years old? Is the Immortal Dynasty Competition truly a gathering of gifted youth?

Moreover, Zhou Shen's destiny is not to be underestimated. Back then, his master, Chunyangzi, although struck nonchalantly, even a Golden Core True Person or a Nascent Soul Divinity Transformation might have perished.

But Zhou Shen miraculously survived, proving his unbeatable destiny!

At this thought, a flash of Spirit Light crossed Feng Yuan's mind. Previously, Liang Sheng's interference had caused fluctuations in Immortal City's destiny. Could it have helped propel Zhou Shen's own fortune, allowing him a smooth Golden Core Complete breakthrough?

Surprised and calmed, he immediately adjusted his emotions. He had already learned his lesson and did not want to be covertly influenced by others.

He looked at the place where Zhou Shen was, with a deep and gloomy gaze.

What's the big deal about breaking through to Nascent Soul? Potential is just potential after all, and talent has yet to be converted into actual strength. In the face of true strength...

It's worth nothing!

Chapter 608: Dancing on a Tightrope, What Can the Daoist Refiner of Virtuality Do?

Longevity Immortal City.

Zhou Family.

At this moment, the Zhou Family was on high alert, with Jin Quanxiu personally guarding the outside of Zhou Shen's room. Zhou Ning led the family members on constant patrols, afraid of any accidents happening.

As for Chen Chen, he was aware of this and didn't have any thoughts of approaching Zhou Shen's location. Instead, he patrolled the perimeter of the Zhou Family, doing his bit to help.

This made Zhou Ning's impression of him improve a lot, but even so, he didn't express anything, not even verbal promises. However, without realizing it, Zhou Ning's daily meals had greatly improved.

Anyway, those who understood the situation would understand. Chen Chen gladly accepted this and understood everything without needing any words. Saying it out loud would just make it awkward.

Yesterday, under Liang Sheng's instruction, Huang Yifan had arrived at the Zhou Family and personally delivered a bottle of Nascent Soul Pills.

After that, Huang Yifan did not leave the Zhou Family and instead hid in the shadows, cooperating with Jin Quanxiu to guard Zhou Shen's breakthrough.

The two of them, one out in the open and the other hidden, formed a joint force, hoping to help Zhou Shen successfully break through to the Nascent Soul Realm.

This would be the first homegrown Nascent Soul Master of the Zhou Family since they joined the Immortal City. The Zhou Family had been waiting for such a Nascent Soul Master for a long, long time.

Therefore, the Zhou Family would not tolerate any failures. Their current top priority was to block all unexpected factors and not let anyone disturb Liang Sheng.

At this moment, the sky had turned dark, with stars scattered across the sky. The light curtain that Feng Yuan had cast to cover the Outer Heaven Beast Swamp was still emitting a faint glow.

Ordinary cultivators in the Immortal City knew very little about Zhou Shen's impending breakthrough to the Nascent Soul Realm today, but the City Lord Mansion naturally knew about it. However, they kept it tacitly.

Feng Yuan did not have any intention to stop Zhou Shen's breakthrough. At this time, their concern should be focused on the person behind the Zhou Family, not Zhou Shen himself.

Although he indeed possessed the talent of a gifted child, innate talents that have not been converted into actual strength were not worth mentioning at this time and did not pose a threat yet.

There were priorities in everything. As a cultivator of great strength like Feng Yuan, he understood the importance of prioritizing things during this Era of Great Contention.

Having been tense for several days, he finally relaxed a bit today because a reply from the Capital City had finally been received. His master, Chunyangzi, would soon arrive.

Ling Xiaozi ultimately decided to stay in Capital City Soul Song to be prepared for any eventuality, while Chunyangzi, eager to protect his disciple, decided to personally visit Longevity Immortal City after much deliberation.

As for the person behind the scenes described by Feng Yuan, Chunyangzi was also somewhat uneasy in his heart, with hardly any confidence of success.

After all, based on the introductions of Feng Yuan and Kaiyuan Child, the other party's cultivation level was likely higher than theirs, but he had no choice but to come.

If he didn't come, all their prior planning and efforts would probably be in vain, merely providing assistance to others.

Not to mention that this involved the Seeking Truth Lineage. If he had known about this, perhaps he wouldn't have been so greedy back then, and now he had no choice but to press on with gritted teeth.

Emperor Dongsheng's seclusion in Hidden Dimension did not mean that he was unaware of the situation of the Immortal Dynasty. For the sake of Feng Yuan's future, Chunyangzi had already decided to disregard everything.

However, during this great contention, being slow once would make one slow every step of the way. In history, there had been people who had succeeded in catching up, but they were rare and could be considered as precious as a phoenix's feather and a unicorn's horn.

Under such circumstances, Chunyangzi did not want to gamble. He did not want the plans of Longevity Immortal City to affect Feng Yuan's progress.

Therefore, he was even more anxious than Ling Xiaozi. Moreover, Feng Yuan was more outstanding than Kaiyuan Child, which was understandable under such circumstances.

According to past records, once he crossed the Heavenly Tribulation, Feng Yuan would actually be more qualified to participate in the final battle of Heaven's Pride compared to other gifted children in the Immortal Dynasty.

Therefore, when Chunyangzi replied to Feng Yuan that he would soon come to Longevity Immortal City, he immediately set off without any hesitation.

That was the reason why Feng Yuan could temporarily sit still. Thinking about his master's impending arrival, he glanced at the Zhou Family's direction once more and finally decided to close his eyes and not look, out of sight, out of mind.

As for Kaiyuan Child, he was tracking the movements of the cultivators in the Immortal City heading to the Outer Heaven. Before Chunyangzi's arrival, he didn't want the cultivators in the Immortal City to disrupt their plans.

In any case, before Chunyangzi's arrival, there must be no disturbances in the Immortal City. This was their lowest tolerance for the situation in the Immortal City.

Just wait a little longer, and the situation would soon change!

...

Zhou Family.

At this moment, after adjusting his state to perfection, Zhou Shen did not hesitate and immediately took the Nascent Soul Pill that Huang Yifan had brought him.

He had been waiting for this moment for a very long time, especially since he had almost died on the stage earlier. He had become somewhat impatient.

After all, if it hadn't been for Liang Sheng's rescue, he probably would have perished long ago, and where would he have had the chance to pursue the path of Immortality Cultivation now?

Therefore, personal strength was the foundation of cultivation. Moreover, since the Zhou Family had moved to the Immortal City from the Desolate Regions for so many years, it was time for a Nascent Soul Master to emerge.

This was not only a matter for Zhou Shen himself but also represented the Zhou Family's fortune. If he succeeded in breaking through, it would undoubtedly be a huge inspiration to the young members of the Zhou Family.

Furthermore, he didn't want to disappoint any member of the Zhou Family. However, he also knew that having such a mentality during an imminent breakthrough was not ideal, so he immediately adjusted his mindset accordingly.

He was a Golden Core Consummation cultivator not yet 300 years old. Even if he failed this time, there wouldn't be too much of an issue. If not this time, there would be the next time. After all, he was taking a High-Grade Nascent Soul Pill, and failure wouldn't cause any damage. There would be no significant setbacks, so he had plenty of time to wear down the bottlenecks.

After adjusting his mindset, Zhou Shen no longer hesitated. Once the Nascent Soul Pill entered his body, there was a loud rumble inside him. A tremendous force surged through his body's spiritual veins.

Chapter 609: Dancing on a Tightrope, What Can the Refinement Void Dao Lord Do?

In that instant, Zhou Shen had no time to concern himself with anything else. He devoted all his energy to operating his Techniques, using the power of the Nascent Soul Pill to slowly break through his current bottleneck.

As Zhou Shen prepared to break through to the Nascent Soul Realm, Liang Sheng did not continue refining Spirit Tools, as even with the Law of Cause and Effect, he was afraid of unforeseen accidents.

It was always better to be cautious in all things. If a small mistake led to flaws in his plans, it would be truly unfortunate.

Fortunately, up until now, Immortal City had been extremely calm. As time passed, Liang Sheng saw the fortune covering the Zhou family slightly increase, making him feel more secure.

From this, it could be known that Zhou Shen should be able to break through to the Nascent Soul Realm in one go, otherwise, it would not match the condition of the fortune covering the Zhou family.

However, it must also be said that with Zhou Shen's cultivation aptitude, the breakthrough was naturally achieved like water flowing into a channel. Even Liang Sheng was a little envious of this.

If his cultivation speed could be so fast, he would have probably broken through the Refining Gods and Reversing the Void Stage by now, so why be so careful?

However, everything has its pros and cons. Comparatively, he actually preferred his own cultivation without bottlenecks. After all, he had a long life to live, and he could slowly endure it. How many gifted children ended up with a tragic end due to exhausting their Lifespan?

The next moment, Liang Sheng's eyes lit up, and he returned to his room to continue refining weapons. As Zhou Shen had broken through to the Nascent Soul Realm, according to the scene he saw under the Law of Cause and Effect, Immortal City would soon liven up.

Zhou Shen successfully broke through to the Nascent Soul Realm without making any noise, which was almost silent. When Jin Quanxiu saw Zhou Shen come out, he couldn't help but tear up.

In the not-too-distant future, his Disciple would surpass him, embracing a brilliant future and shining in the Era of Great Contention.

"Master!"

At this moment, Zhou Shen saw Jin Quanxiu standing outside the house and immediately knelt down to salute him, but Jin Quanxiu stopped him. It was better for them not to reveal their Master and disciple relationship within the Zhou family.

At that time, Huang Yifan also appeared in front of them. Today, he still needed to return and report to Liang Sheng after he had completed the task.

"Both of you, the Master has ordered me to inform Brother Zhou after Daoist Friend Zhou Shen's breakthrough. After that, wait for the Master's news, and there might be a surprise."

Huh?

Surprise

Jin Quanxiu couldn't help but feel puzzled upon hearing this. Could it be that Senior wanted Zhou Shen to participate in the upcoming conflict with the City Lord Mansion?

If it had been a while ago, Jin Quanxiu would have hoped that everyone would be more cautious, but now that they were already in an open conflict with the City Lord Mansion, stopping was impossible.

Moreover, Zhou Shen's rapid breakthrough to the Nascent Soul Realm was due to getting the opportunity to fight against the City Lord Mansion.

Since this was what the Senior had said, there must be a reason for it. Therefore, Zhou Shen naturally wouldn't refuse, and Jin Quanxiu wouldn't object either.

"Please tell Senior that Shen'er will stay at home from now on and will not go out unless ordered."

Huang Yifan nodded after hearing this and then disappeared. Jin Quanxiu and Zhou Shen looked at each other, and Jin Quanxiu laughed, "Today is a day to celebrate, come, accompany me for a drink!"

On the other hand, Chen Chen saw that the Zhou family was relaxing. Although he did not see Zhou Shen appear in person, he naturally knew that the matter had already achieved its result in his heart.

Did he fail to break through?

If that was the case, it would also be understandable for the Zhou family's calmness. However, there was no need to rush, as Zhou Shen was young, and he had plenty of Time left. In the end, the result would be a good one.

Chen Chen soon stopped paying attention to these trivial matters and, after thinking for a moment, went to inform Zhou Ning that the backup for Seeking the Truth Lineage was finally arriving.

However, Chen Chen did not try to persuade Zhou Ning again in the end. Although the Zhou family's attitude towards him had softened, they had not fully expressed their stance.

As Chen Chen excused himself and left, Jin Quanxiu, and Zhou Ning did not react much. Instead, they continued to maintain a low profile for the Zhou family, growing secretly, and only refrained from closing their doors to visitors.

The City Lord Mansion had been monitoring Chen Chen's movements. The moment Chen Chen took action, Feng Yuan immediately became alert.

However, this time Feng Yuan did not act recklessly, as the Seeking the Truth Lineage backup was bound to be at least at the Out-of-Body Great Might level if they truly arrived.

The current situation was different from before. They had to be cautious and careful. It was best to wait for Chunyangzi to arrive, as that was the most important thing at the moment.

It was just a pity that there had been a mistake before, otherwise Feng Yuan and the others would not have to be so careful. On the contrary, they could have used people like Pei Linyu to test it out.

Unfortunately, with Liang Sheng's interference, this plan had already failed. Liang Sheng's previous actions had left them somewhat restrained. They wouldn't act recklessly unless they were absolutely certain.

At this moment, a figure suddenly appeared in front of Feng Yuan. Feng Yuan immediately stood up, his face full of excitement, and couldn't help but exclaim.

"Master!"

It was Chunyangzi who had arrived in time!

...

As Chen Chen went to meet the Seeking the Truth Lineage backup, Liang Sheng couldn't help but feel excited, looking at the place where they were going to meet and nodding silently.

He looked at the City Lord Mansion again. Refinement Void Dao Monarch had also arrived, but this time Seeking the Truth Lineage did not underestimate their enemy. The two sides were evenly matched.

After all, who would have thought that Seeking the Truth Lineage would go all out in the end, sending out a Refinement Void Dao Lord? Chen Chen was pleasantly surprised when he saw the Leader who had arrived.

It was just a pity that Brother Pei couldn't see such a grand occasion. Thinking about it, Chen Chen couldn't help but have red eyes, his emotions indescribable.

Apart from Liang Sheng, the only other person who noticed the movements of the City Lord Mansion and Seeking the Truth Lineage was the Zi Zai independent cultivator. Seeing the strength of both parties, he looked towards Liang Sheng.

Chapter 610: Dancing on a Tightrope, What Can the Refinement Void Dao Lord Do?

The carefree independent cultivator thought that his disciple would be nervous, but he didn't expect him to be somewhat excited, almost as if he had a big heart.

It seemed that his disciple had great trust in him, otherwise it would be impossible to explain his current reaction.

What the carefree independent cultivator didn't know was that Liang Sheng was so excited because he was even more confident in his own safety.

Because he was equivalent to being in the intermediate stage of the Soul Emergence, he had no fear in the face of both Refinement Void Dao Monarchs, and even had complete confidence in victory.

In that case...

There was no need to hold back!

Why not make the scene more lively?

At this moment, Liang Sheng decided to launch his plan ahead of time. After years of living in obscurity, he no longer had to be obedient to everything with the carefree independent cultivator by his side.

"Master, let me treat you to a fireworks show next. But I need you to help me delay the City Lord Mansion's reaction by a few breaths."

Huh?

Fireworks?

Since Liang Sheng had never told the carefree independent cultivator about his plan, he didn't quite understand the meaning of Liang Sheng's words. Still, he followed his request and sealed the City Lord Mansion's reaction for a few breaths.

The moment he made his move, more than a dozen puppets appeared around Liang Sheng. These puppets, of course, were not as good as Huang Yifan's body. Although they looked lifelike, ordinary cultivators could not tell their true identity in a careless glance. However, the carefree independent cultivator could see the difference at a glance.

It had to be said that his disciple's weapon refining skills were unfathomable. Could it be that in the future, the Free Gate would have another weapon refining inheritance?

These puppets all had a cultivation level in the Nascent Soul Realm. The carefree independent cultivator did not marvel at the fact that Liang Sheng had so many defensive measures, but rather marveled at how much his disciple seemed to fear death.

After all, if the materials used to refine these puppets were used in exchange for cultivation resources, his disciple's realm would probably advance a step further. Of course, this was just a possibility.

However, it no longer mattered which was better. The carefree independent cultivator was more interested in the fact that each of these more than a dozen puppets held a spiritual tool in their hands.

This shocked the carefree independent cultivator, just how many spiritual tools did his disciple refine? By now, he had begun to understand his disciple's intentions.

Sure enough, he saw Liang Sheng's mouth curl slightly, and then the more than a dozen puppets flew into the sky without any hesitation.

Because everything happened so fast, Feng Yuan and Chunyangzi met for a moment but didn't have time to react. Then they saw a series of explosions outside the sky, and the light curtain they had set up instantly shattered.

The self-destruction of more than a dozen Nascent Soul cultivators, along with their spiritual tools, was not a small force. However, in theory, this was not enough to break the Heavenly Seal.

But the key was the spiritual tool secretly hidden by Liang Sheng, the spiritual tool refined with Li Chang's essence blood, that was also self-destructing.

At that time, Liang Sheng had actually refined three blood-refined spiritual tools using Li Chang's essence blood, but he had only taken out two of them last time. Also, these three blood-refined spiritual tools were all hiding a secret.

So when the puppets ascended into the sky, two rays of spirit light emerged from the City Lord's Mansion. Because the carefree independent cultivator secretly helped, Feng Yuan and Chunyangzi had no time to react. As a result, all the cultivators in the Immortal City saw the City Lord's Mansion seemingly participating in the destruction of the sky curtain.

What on earth was going on?

The Immortal City cultivators couldn't help being dumbfounded, as they couldn't understand what was going on. Wasn't it the City Lord's Mansion that had personally set up the Sealing Array before?

But soon their attention was drawn to the outer space, where the previously seen red-eyed giant pit appeared again in the sky of the Immortal City.

After Chen Chen and the Seeking Truth Lineage had met, they hadn't had time to explain the situation when their leader Refinement Void Dao Monarch looked up at the outer space, his eyes involuntarily brightening.

Why did the Outer Heaven Beast Swamp suddenly open?!

He could clearly see the two spirit lights from the City Lord's Mansion, and Chen Chen couldn't help licking his lips, "Protector, could this be a trap set by the City Lord's Mansion?"

Feng Qingzi shook his head after hearing it.

"I don't know if this is a trap set by the City Lord's Mansion, but we have to go because if our plan succeeds, we have hope of returning to the East Victory Immortal Dynasty. So, we cannot miss this opportunity."

At this moment, Feng Qingzi had a determined look in his eyes!

However, both Feng Qingzi and Chunyangzi had concealed themselves when they entered the Immortal City, so both sides had not yet discovered each other's presence.

As the Immortal City was in a state of astonishment, Zhou Shen received Liang Sheng's message and, without any hesitation, rushed to Liang Sheng's Mansion.

Jin Quanxiu didn't come along because he knew that with Liang Sheng there, he wouldn't fail to protect Zhou Shen. His presence would make no difference.

At this time, Liang Sheng patted Zhou Shen's shoulder, "Would you like to accompany me on a trip to Outer Space?"

"If I have the opportunity, I would not dare to refuse!"

"Good!"

After that, Liang Sheng suddenly let out a long cry. His voice could be heard throughout the Immortal City. "Fellow daoists, the spirit tools have been successfully refined, with three out of ten. Daoist Xiao, Daoist Chen, and Daoist Wang may now come to collect them.

As for the poor daoist, I am going to Outer Space to seize the opportunity. At this moment, I would like to thank the City Lord for his grace. I had misunderstood the City Lord before. City Lord, you are truly selfless!"

Then Liang Sheng took Zhou Shen directly into the sky, heading for Outer Space without any hesitation, straight towards the Red-eyed Giant Pit.

At this moment, in the City Lord's Mansion, Chunyangzi's eyes were cold. Now he realized that what his disciple Feng Yuan had told him before was somewhat restrained.

Liang Sheng was indeed arrogant.

Just then, another loud laugh echoed through the entire Immortal City. If it wasn't Feng Qingzi, who else could it be?

"Young friend, you have courage! Poor Daoist Feng will accompany you on this journey!"

After that, Chen Chen followed Feng Qingzi and the others directly to Outer Space!

Seeing this, the cultivators of the Immortal City finally hesitated no more. Liang Sheng was a refining master, how could he possibly be a fool?

Besides, they had clearly seen the City Lord's Mansion take action, breaking the Heavenly Seal. They could not let the opportunity slip by, for it would never come again.

In an instant, countless people ascended into the sky from the Immortal City, filled with excitement.

At this moment, Chunyangzi finally understood. Liang Sheng really had an inseparable relationship with the Seeking Truth Lineage. This was nothing short of dancing on a tightrope, challenging the East Victory Immortal Dynasty.

As Liang Sheng entered the giant pit in Outer Space, he even looked back at the City Lord's Mansion with a look of disdain.

I dance on tightropes, but what can you do about it?!
