Chapter 611: Liang Sheng's Courage Covers the Sky, So What if He Destroys the Immortal City Spirit Veins?

Longevity Immortal City.

The incident happened so abruptly that the Immortal City Cultivators did not react until Liang Sheng disappeared into the Outer Heaven Beast Swamp with Zhou Shen.

Then, without any discussion or exclamations, those who were prepared began to levitate, followed by countless others.

But there were also Immortal City Cultivators who, at this moment, did not immediately follow, opting instead to silently approach Liang Sheng's Mansion.

Before Master Liang departed for the Outer Heaven, he had mentioned that the old servant in his house possessed three Spirit Tools.

The owners of these three Spirit Tools were currently preparing for failure, despite having provided the materials, yet in a short period, they received unexpected joy.

How advanced was Master Liang's weapon refining skill? Why does his creation of spirit tools seem as simple as playing house?

Fortunately, only three out of ten were successful. Apart from those three, the other cultivators were unlucky and the Spirit Tools they commissioned were ultimately not successful.

Even so, these cultivators could only silently bear their losses. They could not bad-mouth Liang Sheng, for it was stipulated beforehand that no one could be blamed if there was failure.

If Liang Sheng were still at home, other cultivators would probably not dare to make a move, but now Liang Sheng was absent. With only the old servant at the house, many Immortal City Cultivators started having inappropriate ideas.

Why couldn't these Spirit Tools belong to them? Therefore, when Xiao, Chen and Wang arrived in front of Liang Sheng's mansion and perceived the commotion, they couldn't help but frown.

The trio, in their urgency, sped up, but before they could enter the courtyard, some people had already dashed in.

Not good...

The trio felt a sudden chill in their hearts, but before they could react, the several intruders were flung out. When they landed on the ground, they had already lost their breath.

Immediately in the next moment, a tall figure appeared at the mansion gate. If it wasn't Huang Yifan, who could it be? The previously submissive and weak image was gone, replaced by the full presence of Nascent Soul Great Perfection!

Who would have guessed that Master Liang's seemingly weak old servant was actually a cultivator at the stage of Nascent Soul Great Perfection?!

How horrifying!

At this point, Huang Yifan didn't even glance at the corpses on the ground. Instead, he looked at the crowd outside the gate and spoke softly, "Are Daoist Friends Xiao, Chen, and Wang here?"

The trio came forward upon hearing this, respectfully presenting their tokens. After Huang Yifan verified the tokens, he directly handed them the three Spirit Tools.

"The rest can leave now. The refining of Spirit Tools will be put on hold until my master returns. No one needs to come over in the future to avoid wasting time."

“When will Master Liang return?”

With three more successful Spirit Tools being forged, it severely shocked the other Immortal City Cultivators. Had they known this before, they would have gone to all lengths to prepare the materials for the Spirit Tools.

Now, they regretted missing the opportunity.

Huang Yifan did not answer this question. After returning to the mansion, he directly closed the door; how could he possibly provide an answer to the Cultivators’ query?

Xiao, Chen and Wang were still immersed in the joy of receiving the Spirit Tools when they suddenly felt a chill, realizing that the atmosphere was a bit strange.

They looked at each other and then without any words, decided to stick together.

Seeing the three of them banding together, the other Cultivators temporarily put aside their malice. As the mid-level cultivators from the three families arrived, these cultivators felt even less likely to make a move and had to give up.

They realized that it was due to their own lacking luck, but they still had other opportunities to compete for. With this thought in mind, they all looked up at the sky at the same time.

At the moment, there are still many rushing into Outer Space from the Immortal City, which sparked interest in many people’s hearts.

Finally, a Cultivator in front of Liang Sheng’s house could not resist the excitement anymore and shot into the sky. At this moment, their thoughts were straightforward.

Who said the opportunity could not be theirs? Considering all the preparations the City Lord’s Mansion had done, maybe Liang Sheng’s words before were not groundless.

...

The City Lord's Mansion.

At this moment, Pure Yangzi's face couldn't be any uglier, Feng Yuan and Kaiyuan Child were both silent. Chen Chen was preparing to meet Feng Qingzi. They sensed something, but it was too late to act.

After all, Liang Sheng's sudden grand spectacle has completely upended their plans. By now, they realized they had been outfoxed.

If it weren't for that, when Liang Sheng rushed into the sky, they should have instinctively tried to stop him instead of wasting time.

They had underestimated Liang Sheng after all. Moreover, when Liang Sheng took off, it was only then Feng Yuan realized that the other was not a Nascent Soul Master but a Divinity Transformation Spiritualist.

His Techniques of Concealment were extraordinary. He had remained undiscovered by them, who had reached the Out-of-Body stage, for such a long time.

Liang Sheng's ascension with someone also complicated the situation in the Immortal City, which enraged Feng Yuan to the point of nearly losing control.

How dare the insignificant Liang Sheng do this?

Even Pure Yangzi felt agitated, as he could not forget the provocative look Liang Sheng gave him before entering the Outer Space.

He dared to belittle the City Lord's Mansion. Truly audacious! However, now that the Immortal City Cultivators were rushing into Outer Space one by one, it completely disrupted Feng Yuan's original plan.

And so, at this point, the Qi from Feng Yuan and the others fluctuated extremely. Pure Yangzi quickly decided to minimize the losses.

“Feng Yuan, what’s done is done. We don’t have a better option. We need to stop the bleeding in time and capture the remnants of the Seeking Truth Lineage.”

Chapter 612: Liang Sheng’s Audaciousness, So What If He Destroys The Immortal City’s Spiritual Vein?

After that, we’ll go to Outer Heaven. Although the opportunities in the Beast Swamp of Outer Heaven might not be suitable for us, the cultivators of the Immortal Dynasty, we can’t just hand them over to others.”

“Yes, Master, we’ll follow your orders!”

Since Chunyangzi had made a decision, Feng Yuan and the others stopped thinking too much. However, at this time, the movements from Chen Chen’s side also surprised them.

At this moment, Feng Qingzi suddenly released all his Qi, revealing his cultivation level as a Refinement Void Dao Monarch, which enveloped the entire Longevity Immortal City, causing the bustling city to fall silent.

In the City Lord Mansion, Chunyangzi’s face changed once again. Feng Qingzi’s appearance was beyond his expectations, and it was now too late to stop him.

Thus, they could only watch as Feng Qingzi led the Seeking the Truth Lineage directly into Outer Heaven. Chunyangzi’s heart couldn’t help but grow heavier.

Feng Yuan looked at Chunyangzi beside him with a somewhat downcast mood. He had a reason for thinking this way – after all, who could have imagined that their plan would encounter problems one after another? Did they do all this in vain?

There was a reason for his thinking. Chunyangzi himself might not have known how big the Outer Heaven Beast Swamp was. So entering at this time would be quite difficult.

However, they couldn't just give up the Beast Swamp to someone else. So they had no other choice. As for Liang Sheng's Mansion...

Chunyangzi didn't dare to go.

Someone had easily blocked his perception just now, causing him to react slower. So now, he tried his best not to offend the other party.

Thinking of this, he made up his mind completely.

"Feng Yuan, gather your men and follow me!"

Li Chang and the others had already been assembled. When Feng Yuan saw that Chunyangzi had made up his mind, he didn't hesitate, and with Kaiyuan Child, led Li Chang and the others behind Chunyangzi, heading straight towards Outer Heaven.

However, just before entering Outer Heaven, Feng Yuan's eyes involuntarily twitched, and he couldn't help but feel a bad premonition in his heart.

Could there still be a problem? It couldn't be possible, right?

...

Inside Liang's Mansion.

After Chunyangzi led the City Lord Mansion's cultivators to Outer Heaven, the Zi Zai independent cultivator continued to lie leisurely on his recliner.

He seemed completely unconcerned about his disciple Liang Sheng's current situation in the Outer Heaven Beast Swamp. At this moment, he suddenly asked a question.

“Disciple, aren’t you worried that the City Lord Mansion’s people will snatch the opportunities in Outer Heaven? Your actions seem a bit hasty.”

As soon as his words fell, Liang Sheng, who had just been seen by everyone heading to Outer Heaven, suddenly appeared in front of the Zi Zai independent cultivator, with the clueless Zhou Shen standing beside him.

Liang Sheng shook his head at this time.

“Master, thank you for helping me conceal the Heavenly Secrets just now, allowing me to return to the Immortal City without anyone’s knowledge. I don’t know what the opportunities in Outer Heaven are.

But since it’s a trap set by the City Lord Mansion for the Seeking Truth Lineage, I’m afraid they must have some means of guarding against the situation in Outer Heaven, otherwise how could they talk about traps?

Since going to Outer Heaven might be playing into the hands of the City Lord Mansion, wouldn’t it be a loss if I followed their plans?”

“So you went against their plan and triggered all their schemes in advance, driving them out of the Immortal City?

But in doing so, what can you do? As long as Feng Yuan remains alive, the changes to the Immortal City’s destiny won’t be significant, since he carries the city’s fortune.”

The Zi Zai independent cultivator’s point was simple. It seemed that Liang Sheng’s actions had shaken Feng Yuan’s destiny, but in reality, they had not shaken the foundation of the Immortal City.

In addition, the Zi Zai independent cultivator also knew the specifics of the Outer Heaven Beast Swamp’s situation – although there were many opportunities, obtaining them would be extremely difficult.

That's why it would take a long time for the Seeking Truth Lineage to achieve anything. Otherwise, why would the Beast Swamp have been abandoned in the Desolate Regions, with no one paying attention to it?

Of course, it couldn't be said absolutely like this. At the very least, previously, the East Victory Immortal Dynasty had some precautions against the Beast Swamp.

When the Desolate Regions still existed, the Immortal City used to help solve the beast tide issue in the Desolate Regions, just to keep the Beast Swamp's situation under control.

Now, in the Era of Great Contention, the opportunities in the Beast Swamp actually had unique uses. So it seemed a bit of a waste for Liang Sheng to give up on them just to outwit the City Lord Mansion.

However, at this moment, Liang Sheng smiled confidently.

"Master, who said we can't shake Feng Yuan's foundation? I don't want to go to Outer Heaven precisely because there's a better place to go right now. Why would I take the risk of going there?"

"Huh?"

The Zi Zai independent cultivator was stunned.

"Immortal Dynasty Spiritual Veins!"

When the Zi Zai independent cultivator heard this, he immediately sat up from his recliner, looking straight at Liang Sheng without blinking. He felt as if he had underestimated his own disciple.

"What do you plan to do? How much do you know?"

"Don't get too excited, Master. I actually know quite a bit because I used to know someone who was once the leader of the Church of All Beings."

Upon hearing this, the Zi Zai independent cultivator immediately understood what was going on. He then looked at Zhou Shen and asked, "How do you plan to arrange this young man?"

"Naturally, I'll bring him along. If we're going to overthrow Feng Yuan's foundation and wait for the City Lord Mansion's people to return and find the City Lord Mansion's destiny has changed, what kind of expression will they have?"

"I don't know what their expressions will be, but I do know that they'll slap you guys to death."

"That won't happen, Master, you'll be there."

The Zi Zai independent cultivator couldn't help but smile bitterly. "You, still with the flattery? Go on then, how did I end up with a disciple with such a complicated mind?"

"I can't go now."

"Why?"

"There's the Mustard Seed Mastery blocking the Back Mountain Passage, and I can't get in. I need your help, Master."

Chapter 613: Liang Sheng's Courage Covers the Sky, So What if He Destroys the Immortal City Spirit Veins?

"You little brat, I thought you could solve everything, but you're still here waiting for me!?"

Liang Sheng would never reveal that he had the Sumeru Mustard Seed method. Otherwise, Feng Yuan might suspect that the previous incident was not so simple.

Since there was a risk of exposure, Liang Sheng naturally wouldn't take any chances. After all, there was the independent cultivator Zi Zai to take the blame, so why bother taking risks himself?

At this time, Zi Zai independent cultivator said nothing directly and led Liang Sheng and Zhou Shen into the backyard of the City Lord Mansion.

And then, Liang Sheng spoke again.

“Master, please help Zhou Shen gather the Immortal City’s destiny. I will give him everything I earned before.”

“Are you sure you want to do this?”

“Of course, this destiny is useless to me. I am a seeker of the Great Unrestrained One, bound by such trivial destiny, would that not be putting the cart before the horse?”

“Good young man, has your Free Method already reached a high level?”

Liang Sheng nodded directly, and Zi Zai independent cultivator couldn’t help but become happier. As long as he could exchange for such progress of his disciple, doing these little things had meaning.

Moreover, it was because of the conflict with the City Lord Mansion that his disciple made such progress. They didn’t offend too much later, so he wouldn’t kill them.

But his disciple is also a daring one!

The best way to shake the foundation of Feng Yuan is to let the Immortal City’s destiny completely reverse. Zi Zai independent cultivator has already thought of what Liang Sheng will do in the end.

What a daring young man!

Liang Sheng spoke at this moment, “Master, I want to explode the Immortal City’s Spirit Vein branches, please help me.”

Zi Zai independent cultivator secretly said as expected. He did not speak and sent Liang Sheng and Zhou Shen directly into the Mountain Rock Space.

Afterward, Zi Zai independent cultivator looked at the surging Spiritual Tide in the Spiritual Veins, but there were occasional fluctuations. After all, people's hearts were floating in the Immortal City, which was natural.

At this moment, Liang Sheng's eyes were shining with fear. The next moment, Liang Sheng saw Zi Zai independent cultivator's grasping hand and forced himself to stand still without dodging.

The next moment, he felt his Immortal City destiny transfer to Zhou Shen's body. Zhou Shen's body trembled involuntarily before being directly thrown into the spirit vein by Zi Zai independent cultivator.

Then Zi Zai independent cultivator clicked on several points in the void, and the next moment, an invisible barrier appeared in mid-air.

"If you really want to do this, remember to take a spiritual tool and self-destruct at this light spot after obtaining the opportunity of the spiritual vein. The Spiritual Vein Branches will self-destruct."

"Thank you, Master; I'll go first."

Immediately afterward, Liang Sheng entered the spiritual vein. What about cutting off the spiritual veins of the Immortal City?

Then Liang Sheng didn't care about these things. At this time, he didn't activate the ancient techniques in his body; he would maintain this state for the next period.

Otherwise, once he absorbed the Heaven and Earth Spine, Zi Zai independent cultivator would suspect his origin even if he loved him.

After all, who could swallow the Spirit Vein Spine of Heaven and Earth?

Zi Zai independent cultivator also stayed for a while, seeing that there was nothing happening in the spirit vein, and left directly. Liang Sheng began to go upstream.

This time, he wanted to see the source of the branch veins. His plan this time was a bit crazy. Without the existence of Zi Zai independent cultivator, he would never have come up with such a crazy plan.

He wasn't worried about Zhou Shen's situation. The situation Zhou Shen was experiencing now was not much different from Feng Yuan's plot to gather destiny before.

When the plan finally succeeded, it would be a spectacular show. He had asked Zhou Shen before- Zhou Shen had naturally agreed.

When Liang Sheng arrived at the source, he saw that the source was just a small water outlet, but it was such a water outlet that was full of infinite temptations.

At this moment, Liang Sheng suddenly felt an impulse to drill into the main vein, but he quickly suppressed the desire in his heart and returned to the branch vein again.

This was the foundation of the Immortal Dynasty Spiritual Veins. Liang Sheng glanced at Zhou Shen and finally activated the ancient techniques in his body. In an instant, the Heaven and Earth Spine roared into Liang Sheng's body.

After that, the Heaven and Earth Spine in his body filled him almost entirely. He forcibly cut off the connection with the spiritual veins and then looked at the spiritual vein source.

He would never have ideas about the Immortal Dynasty's main spirit vein, but with Zi Zai independent cultivator present, the Immortal City's spirit vein branches were not impossible to tinker with.

At this moment, Zhou Shen sunk to the bottom of the Spiritual Vein. His destiny was already fully stabilized. Liang Sheng waved his hand, and the remaining Heaven and Earth Spine in the spiritual veins gathered and was pressed into Zhou Shen's body by Liang Sheng.

Then Liang Sheng made up his mind, grabbed Zhou Shen, disappeared into the spirit vein branches, and then a spiritual tool appeared at the light spot.

The next moment, a loud noise appeared in the branch veins, and then, like a chain reaction, the entire spiritual vein branches gradually collapsed.

Liang Sheng had just appeared in the backyard of City Lord Mansion and disappeared without a trace. Immediately afterward, the Sumeru Mustard Seed Rock burst out instantly.

The entire Immortal City suddenly rained spiritual essence, and the cultivators felt that the spiritual energy density of the Immortal City had erupted again, inexplicably joyful.

Why is this?

Immediately afterward, they stopped thinking about it. If they didn't cultivate at this time, when would they?

...

Outer Heaven Beast Swamp.

A sudden thud in Feng Yuan's heart made his luck drop sharply, and he was inexplicably horrified.

What's going on here!?

Chapter 614: As Your Teacher, I'll Back You Up, Liang Sheng Breaks Through Again!

Longevity Immortal City.

Liang Sheng's Mansion.

Liang Sheng returned to Longevity Immortal City with Zhou Shen who was still immersed in his cultivation trance, and immediately took him to a room.

At this moment, the city was still receiving the rain of spiritual energy, a phenomena so concentrated that it was hair-raising. Perhaps only the spiritual energy density within the Emperor Dongsheng's residence in the entire East Victory Immortal Dynasty could rival this current situation.

The Zi Zai independent cultivator looked at the carefree Liang Sheng, seemingly indifferent to what he had just done and asked a question he couldn't help but vocalize.

"Disciple, are you really not worried about the situation to come? You might be in for a lot of trouble afterwards."

But Liang Sheng really wasn't perturbed by this, as everything was within his calculations. In fact, if Zi Zai was not present, he wouldn't have planned this way.

"Master, didn't you once say that if disciples of the Free Sect wish to attain freedom, how can they be free of trouble? Shouldn't a newly-initiated disciple of the Free Sect tread fearlessly?"

Upon hearing these words, the Zi Zai independent cultivator couldn't help but look at his disciple in even higher regard. It astounded him how candidly his disciple deduced the circumstances of Free Sect disciples with his brief comments.

What was even more surprising was his decision to not only accept his fate but to also expedite the process with careful planning.

He himself did not have this wisdom back in his younger days!

In retrospect, his journey was littered with thorns. In this aspect, he was inferior to his disciple.

However, thinking about it from another perspective, if this disciple continues unfettered, his accomplishments would certainly be higher than his own.

Thinking of this, the Zi Zai independent cultivator laughed.

“What you say is true, my disciple. If you desire freedom, you cannot attain it without sacrifice. In this respect, you are doing even better than I had imagined.”

As he said this, he looked up to the sky. His voice was faint, yet it resonated with an outlandish air of dominance.

“Since you are prepared for this, proceed as you wish. For anything beyond your ability, you need not worry. Your master will stand by to support you.”

Upon hearing this, Liang Sheng’s heart warmed but he refrained from discussing the matter further and instead outlined his incoming plans.

“Master, I am afraid I will have to trouble you in the coming days because it seems I am about to make a breakthrough following this trip to the Spiritual Vein.”

Upon hearing this, Zi Zai was slightly taken aback, he then quickly understood what was happening.

“You’ve seized an opportunity in the Spiritual Vein? Very well, very well, my disciple. You go and close-off for cultivation. With me here, no one will be able to disturb you.”

Liang Sheng did not say any words of gratitude, but bowed down in respect; his frame full of thanks unsaid. Following this, he disappeared from Zi Zai’s sight.

Liang Sheng had not lied this time because he was genuinely on the brink of a breakthrough. This breakthrough was the last stage of refining the spirit from Qi that signified the end of the late-stage soul emergence.

If he could advance smoothly beyond this point, he would reach the new world beyond the ‘Refining the God and Reversing the Void’ realm.

By that time, all under heaven was at his disposal, as the Immortal Dynasty Competition was still far off and Liang Sheng had ample time to grow.

This breakthrough was not a surprise, as Liang Sheng had already demonstrated his capabilities of the Divinity Transformation Realm in front of Zi Zai. This was done to allay any doubts in advance.

Moreover, he didn't have to worry about being found out by the old Zi Zai, with the layers of protections he had set up, combined with the concealment properties of his data panel, not even Zi Zai could make anything out, even if he was right next to him.

Moreover, he had a backup plan. At this moment, Zhou Shen had copious amounts of the Heaven and Earth Spine within him, enough to allow him to immediately enter the middle stage of the Nascent Soul, right after breaking through the early stage.

With Zhou Shen's breakthrough serving as a smokescreen, his own breakthrough seems more natural and less significant.

After all, this is a Dao Lord in the middle stage of the Nascent Soul, who hadn't reached three hundred years of age yet – a gifted child among gifted children. In the entire Immortal Dynasty, no one could ignore the existence of Zhou Shen.

As for Zi Zai's previous statement that his plans would cause trouble, Liang Sheng had a different viewpoint.

At this moment, the Outer Heaven Beast Swamp was open and the Seeking Truth lineage had already entered. Between returning to the Immortal City and capturing the members of the Seeking Truth Lineage, Liang Sheng firmly believed that they would choose to stay outside; at least Chunyangzi would choose to capture the members of the Seeking Truth lineage, and at most Feng Yuan would return to the Longevity Immortal City.

These were the scenes Liang Sheng saw under the rule of cause and effect. As long as there were no other unexpected factors, this result was as good as decided, so why be concerned?

However, once he returned to his room, Liang Sheng continued to be cautious. He confirmed once again that his plan had no loopholes before calming his mind and sitting down on the floor.

The ancient techniques within his body instantly started operating. As Liang Sheng closed his eyes, only one thought occupied his mind.

Today will be the day he breaks through the final stage!

...

Outer Heaven Beast Swamp.

At this moment, Chunyangzi arrived at the Beast Swamp with Feng Yuan and Kaiyuan Child among others. But as soon as they entered, Chunyangzi couldn't help but furrow his brows.

The swamp was desolate, yellow sand everywhere. Whenever wind rose, sand would fly into the air. Added to that was the Beast Swamp's unique murky spiritual energy, which was not suitable for cultivators from the Immortal Dynasty.

However, this was not the time to dwell on these issues. The Seeking Truth Lineage had already entered the Beast Swamp. Upon arrival, they would surely rush to find the Ancient Desolate Springs.

However, the Ancient Desolate Springs appeared randomly in undetermined locations, making it impossible for anyone to accurately track them down. Most people could only choose a direction based on their instincts.

However, the Seeking Truth Lineage was different. They were more sensitive to the springs than ordinary cultivators, thus their chances of finding the springs were higher.

Chapter 615: As Your Teacher, I'll Back You Up, Liang Sheng Breaks Through Again!

Naturally, it was difficult for Chunyangzi to find the Ancient Desolate Springs, but their goal was not there, for they were certain to find the Seeking Truth Remnants.

If it were not for that, Feng Yuan would not have used Outer Heaven Beast Swamp as a trap, trying to lure and capture the Seeking Truth Remnants.

Feng Yuan took out an ancient bronze compass, then gently tapped it with his finger. A faint glow flashed at the top of the compass, and then Feng Yuan raised his head.

“Master, this way.”

At the words, Chunyangzi nodded and led the way, with a group of people following him at great speed. As for the search results, there was no need to say more.

As to whether they can catch the Seeking Truth Lineage completely, it could only be said that success would depend on people’s efforts, and the planning was in Heaven’s hands. All they could do was to be well-prepared.

That was because Refinement Void Dao Monarch had been sent by the Seeking Truth Lineage. They didn’t know how capable he was, but they could see whether he was a worthy opponent for Pure Yang or not.

However, the Capital City Soul Song of the East Victory Immortal Dynasty would prefer to see Chunyangzi bring back the captured Seeking Truth Lineage members.

But before they had walked for long, Feng Yuan suddenly changed his expression. He looked pale and stunned, not knowing what to do.

He stared at the dissipating Immortal City Destiny on his body, filled with disbelief.

“How is this possible? What has happened in the Immortal City? Why is my own destiny disappearing for no reason?”

Not only that, but the same was happening to Kaiyuan Child. Chunyangzi frowned in confusion, not understanding why his heart was enveloped by a dark cloud.

With such trouble before the journey had even begun, could something unexpected happen in this Immortal City plan?

At this time, Feng Yuan finally sobered up from the shock and said anxiously, “Master, I have to go back, and I’ll leave the Beast Swamp matter to you.”

Kaiyuan Child also looked at Chunyangzi with the same expression. Chunyang hesitated for a moment before making a decision.

“Alright, you should both take a few more people with you. In case anything unexpected happens, it’s better to have someone to help.”

Chunyangzi was actually helpless in his heart because, after all, after Feng Yuan became the Lord of Longevity Immortal City, his destiny was already connected to the city.

At this time, the destiny on Feng Yuan and the others faded, causing too many variables in their Beast Swamp operation, but they had to return to the Immortal City.

“I’m sorry to trouble you, Master. I’ll come back as soon as I can.”

Having finished speaking, Feng Yuan and Kaiyuan Child didn’t hesitate to select a few people and set off directly toward the passage, intending to return to Longevity Immortal City.

Watching them leave, Chunyangzi didn’t dwell on it any further. He turned around and set off again, looking for the remnants of the Seeking Truth Lineage.

“Let’s go.”

...

Longevity Immortal City.

At this time, Feng Yuan and Kaiyuan Child were suspended in midair, watching the spiritual rain falling from the sky. They couldn't help but stare blankly, not moving at all.

The Spiritual Vein Branch Vein had broken!

No wonder their own destinies began to dissipate. It turned out to be the reason. And Kaiyuan Child quickly recovered, not because his mood was stronger than Feng Yuan's, but because his Communication Jade Slip flashed crazily, waking him up.

It was a message from Lingxuzi.

The content of the message was quite simple. Lingxuzi was only asking what had happened in Longevity Immortal City because the Capital City Soul Song Spiritual Veins had just trembled and lost contact with the Longevity Immortal City branch vein. How could Lingxuzi not be worried?

However, Kaiyuan Child did not know the cause of the break-off, which was why he replied that he would investigate the reason first.

Then, he and Feng Yuan went to the Backyard of the City Lord Mansion at the same time. By this time, the Sumeru Mustard Seed Rock had already destroyed itself, causing the connection between the Immortal City's branch veins and the main veins to be completely severed, leading to the heavenly spiritual rain.

At this moment, Feng Yuan suddenly tensed, because there was still a trace of Qi residue where the mountain stone had shattered.

Kaiyuan Child had naturally also noticed this strand of Qi and exchanged glances with Feng Yuan. Both felt that this Qi was very familiar.

Wasn't this the Qi of their long-standing opponent, Refining Master Liang Sheng? Was it really him!? But wasn't he leading the Zhou Family's Talent to the Outer Heaven Beast Swamp?

Looking back now, their opponent was probably feigning weakness while secretly preparing for a counterattack. Who could have thought that such an excellent situation in the Immortal City was slowly being dragged down into a quagmire by the other party's step-by-step conspiracy?

So what should they do now?

When the two of them thought of the mysterious Great Might supporting Liang Sheng, they couldn't help but hesitate a bit. If they confront Liang Sheng directly and the Great Might interferes again, what should they do?

While the two of them were thinking about these things, the spiritual rain continued to fall in the Immortal City, and the cultivators of the city were all making the most of the time to cultivate.

Feng Yuan and Kaiyuan Child both lost their destinies, but these ordinary cultivators ended up being the ultimate beneficiaries. As Feng Yuan considered the gains and losses, Kaiyuan Child decided to ask their master Lingxiaozi for advice first.

Far away in Capital City Soul Song, when Lingxuzi received the news from Kaiyuan Child, he could only be silent for a short while, as he did not know whether or not to continue investigating along the clues.

Looking at the situation now, it was clear that Liang Sheng or even the unseen power behind him had already planned this conspiracy in advance.

They even took advantage of their eagerness to capture the Seeking Truth Lineage in order to achieve such a perfect result.

Before, he and Chunyangzi thought that with Kaiyuan Child and Feng Yuan, the Longevity Immortal City's destiny could lend them a helping hand in the Era of Great Contention, allowing them to seize the opportunity.

However, they had never expected it to turn into such a situation. If they had known, they would not have allowed them to go to Longevity Immortal City in the first place.

But now was not the time to discuss this. After all, Kaiyuan Child and Feng Yuan were already tied to Longevity Immortal City. If they could not have a good ending, they would probably fall behind in the future.

Chapter 616: As Your Teacher, I'm Behind You, Liang Sheng Makes Another Breakthrough!

Even if the Holy Land Representative truly stands behind Liang Sheng, there's no need to worry now. After all, since Liang Sheng is personally involved, the Holy Land Representative can't directly attack Feng Yuan and the others.

Just like previously when he only made some minor moves, it was still Liang Sheng who actually executed the plans.

Therefore, facing the rotten situation at hand, Feng Yuan and Kaiyuan Child could only take a gamble.

But before Lingxuzi could make up his mind, the Communication Jade Slip buzzed again. Reading its contents, he stood up involuntarily.

Liang Sheng had made a breakthrough. They cannot wait any longer, even if they wanted to.

However, his breakthrough might not necessarily be a bad thing – given that his realm and Feng Yuan's are now obviously the same after his transformation to the Soul Emergence Realm.

Since this was the case, it was reasonable for Feng Yuan and Kaiyuan Child to confront Liang Sheng. Even the Holy Land Representative couldn't do anything about this situation.

It seems that the other party couldn't resist the temptation – they were too impatient. If he was only a Divinity Transformation Cultivator, Feng Yuan and the others would not have moved against him.

Bearing this in mind, Lingxuzi quickly replied with two words.

Execute him!

...

Liang Sheng's Mansion

The moment when Feng Yuan and the others returned to the Immortal City, Liang Sheng sensed their presence, even though he didn't care.

At this moment, as the Primordial Mysterious Technique inside him was wildly operating, the Heaven and Earth Spine in his body was directly transforming, and Liang Sheng's cultivation level was steadily increasing.

The reason he deliberately showed his Divinity Transformation Cultivator Status to that Zi Zai Independent Cultivator was for this very moment. After all, once he breaks through to the Soul Emergence Realm, he would qualify as a gifted child of the Era of Great Contention.

At this moment, Liang Sheng's combat strength was by no means inferior to that of the Refinement Void Dao Monarch. Who in the Immortal City could outmatch him?

With the Techniques operating within him, the starlight in Liang Sheng's Divine Soul Sea became even more dazzling – a three-legged golden crow was roaming freely in the star sea at this moment.

As the starlight from the entire Divine Soul Sea was twinkling, at the moment of his breakthrough, Liang Sheng seemed to see the gates of the Great Hall of the Refining the God and Reversing the Void Realm, just one step away from entering it.

However, he didn't know how long it would take to make that step. Nevertheless, under the influence of the Talent of Innocent Foolishness, he didn't need to worry about it.

Even the Lifespan Cultivation Technique, which had already made a breakthrough, had also made progress, taking a steady step towards the next realm.

However, at this moment, Liang Sheng was still suppressing his Qi, keeping it secret that he'd already made a breakthrough. He was waiting for Zhou Shen to also break through to the Middle Nascent Soul Realm.

Zhou Shen was a crucial part of Liang Sheng's plan to control the Longevity Immortal City. Regardless of Zhou Shen's breakthrough to the Middle Nascent Soul Realm, the fact that he's not yet 300 years old changes the significance of his extent.

If that was not the case, why would he bother to bring Zhou Shen on the spiritual vein trip? Meanwhile, as he was waiting patiently, there was finally a movement from Zhou Shen's end.

The Zi Zai Independent Cultivator wasn't concerned about Zhou Shen's breakthrough, at most feeling a hint of envy for his youth. But at that moment, the Qi in the room where Liang Sheng was, also exploded.

Soul Emergence Realm!?

How did his disciple suddenly make a breakthrough to the Soul Emergence Realm? When did he give him the Soul Emergence Pill?

Zi Zai Independent Cultivator couldn't help but slap his forehead at this moment as something felt wrong the more he thought about it.

Has he become senile?

Chapter 617: Liang Sheng's Out-of-Body Great Power, Immortal City Changes Hands!

Longevity Immortal City.

Liang Family Residence.

After Liang Sheng broke through to the Late-stage Soul Emergence, he immediately concealed his own Qi, leaving only the strength of the Initial stage of Soul Emergence on the surface.

After the breakthrough, Liang Sheng's data panel also changed as follows:

Name: Liang Sheng

Age: 2650

Talent: Innocent Foolishness (Extreme)

Techniques: Primordial Mysterious Technique (Fourth Level), Ascending Immortality Scripture (Twenty-Third Level), Twenty Health Maintenance Techniques (Twenty-Ninth Level), Nail-Head Seven Arrows Technique (Curse), Great Freedom Heavenly Method (Entry level), Grand Solar Golden Crow Contemplation Method (Divine Ability)

Realm: Refining Spirit from Qi (Late-stage Soul Emergence)

Lifespan: 114076

He didn't feel too much fluctuation about this, but instead looked forward to the breakthrough of his Health Cultivation Method. What surprises would the thirtieth level of the Health Cultivation Method bring him?

As he calmed down and walked out of his room, he saw the suspicious gaze of the Zi Zai independent cultivator and immediately guessed the reason.

However, he didn't want to explain, so he hurried over to the Zi Zai independent cultivator with an excited expression.

“Master, I finally broke through to the Soul Emergence Realm!”

Seeing Liang Sheng’s excited expression, the Zi Zai independent cultivator was also genuinely happy and felt extremely proud. It was well deserved that Liang Sheng was his disciple of the Free Sect.

Now that Liang Sheng had broken through to the Soul Emergence Realm, he had taken another solid step forward in the Era of Great Contention. With the participation of the Free Sect, the competition would undoubtedly become more intense.

At this moment, Zhou Shen appeared at the door of another room, his eyes full of smiles.

He wasn’t actually aware of the situation within the Spirit Vein Branch Veins of the Immortal City, but without much thought, he knew that his sudden breakthrough to the Middle Nascent Soul Stage must have been due to something Liang Sheng and the others had done.

However, before Zhou Shen could say anything, Liang Sheng looked towards the City Lord Mansion with a slight smile on his lips, showing no concern in his eyes.

Feng Yuan couldn’t help but want to settle the score with me under this circumstance? Isn’t he going to be furious later on? He’s just too young in the end.

However, the battlefield between me and them is not in the Immortal City. After all, with the Zi Zai independent cultivator present, not only would I be restrained, but they would be as well.

“Zhou Shen, do you dare to become the Lord of Longevity Immortal City and take down the City Lord Mansion?”

“Ah? Alright!”

Zhou Shen didn’t understand Liang Sheng’s intention yet, but he subconsciously agreed. Then, Liang Sheng let Huang Yifan come in and take Zhou Shen to Zhou Family.

“Master, I’ll need your help later. I’m going to Outer Heaven next to lead those people from the City Lord Mansion away.”

“Go ahead, I will act accordingly. You don’t have to worry about me. Instead, you should be more careful in Outer Heaven.”

The Zi Zai independent cultivator didn’t try to persuade Liang Sheng to stay. After all, how could one gain anything in the Era of Great Contention if he always cowers?

Moreover, his disciple had always been very decisive. Seeing his measures before, of course, he chose to trust him.

After receiving confirmation from the Zi Zai independent cultivator, a puppet appeared beside Liang Sheng. Its Qi was similar to Zhou Shen, and then they soared into the sky, heading for Outer Heaven.

Afterward, the Zi Zai independent cultivator lay down on his reclining chair again, feeling somewhat curious. His disciple was quite cunning. He was afraid that the two City Lord Mansion would be played to death.

However, he also understood why his disciple would be so crazy. This behavior was merely a way of practicing the Free Method, passively releasing the pressure from the past.

When he thought about it, the Zi Zai independent cultivator no longer dwelled on it. Who didn’t have some embarrassing moments when they were young?

At the City Lord Mansion, Feng Yuan and his companion were just about to plan when to take action when they saw Liang Sheng leading Zhou Shen back to the sky once more. Upon seeing this, Feng Yuan couldn’t help being overjoyed.

If you want to die, then I will indulge you. After all, dying in the Beast Swamp of Outer Heaven would be for nothing.

Thinking of this, Feng Yuan no longer hesitated and, together with the Kaiyuan Child, led his people directly to follow Liang Sheng again to Outer Heaven.

Now that the Spirit Vein Branch Veins of the Immortal City had been damaged, there was no difference between dealing with it earlier or later.

On the contrary, if Liang Sheng didn't die, their resentment wouldn't dissipate. Moreover, who knows if this guy had any other means if he survived?

Therefore, only dead people would be the best solution. Otherwise, even if they started to deal with the Spirit Vein crisis now, it would only be a temporary solution.

However, after they left the Immortal City, Jin Quanxiu, who was in the Zhou Family, looked at the Communication Jade Slip in his hand and couldn't help but feel stunned.

Attacking the City Lord Mansion?

Is Senior going mad?

However, despite his doubt, with his trust in Liang Sheng, Jin Quanxiu called Zhou Ning over, and soon after, Huang Yifan brought Zhou Shen in front of them.

"Brother Huang, what should we do next...?"

Just as Jin Quanxiu was about to ask how to proceed, he saw Zhou Shen and his eyes widened in disbelief.

"Shen'er, have you broken through to the Middle Nascent Soul Stage?"

Zhou Ning also couldn't believe it and turned his head. When he saw Zhou Shen nodding, he couldn't help but feel excited.

May our ancestors bless us! Today, our Zhou Family has a True Monarch at the Middle Nascent Soul Stage!

It took a while for Zhou Ning to calm down the excitement in his heart. At that time, Jin Quanxiu began to ask Huang Yifan again what they should do next.

Huang Yifan remembered Liang Sheng's instructions, "Master wants us to directly break into the City Lord Mansion and then support Zhou Shen as the Immortal City Lord."

"Ah? Support Shen'er as the Immortal City Lord?"

Zhou Ning looked at Zhou Shen in disbelief. Why did Senior Liang suddenly want Zhou Shen to be the City Master of the Immortal City?

Chapter 618: Liang Sheng's Extraordinary Ability, Immortal City Changes Hands!

However, under his own bloodline ability to seek fortune and avoid evil, it was all a great fortune omen.

If that's the case, then let's do it!

Jin Quanxiu heard this and didn't hesitate at all, directly instructing Zhou Ning to gather the Zhou Family Young Members. Of course, those who had been hidden in the dark vein before were still lurking.

Regardless, it's never wrong to be cautious, which is the rule in the Zhou Family's way of doing things. Moreover, they have suffered a big loss before and naturally have to learn their lesson.

When the Zhou Family's disciples gathered, Huang Yifan led them all, and with Zhou Shen, they marched mightily towards the City Lord Mansion, without any attempt to conceal themselves.

Most of the Immortal City cultivators were still in closed-door cultivation at this moment, digesting the spirit rain, but many of them didn't close themselves off and were scared and shivering when they saw the Zhou Family's movements.

What does the Zhou Family want to do?

Have they gone mad?

Amidst the pouring spirit rain, the Zhou Family's cultivators followed behind Huang Yifan and the others, their eyes filled with determination, showing no sign of retreat. They charged directly to the outside of the City Lord Mansion.

As for the guards in the City Lord Mansion, they had naturally already received the news and were waiting in strict formation. However, with Huang Yifan leading the charge, the City Lord Mansion was routed.

After all, Huang Yifan, who had already been deepened by Liang Sheng into a puppet incarnation, was so powerful that it was a sheer gap between him and the City Lord Mansion. Moreover, he had spirit tools at his disposal.

So Huang Yifan didn't care about the attacks from the cultivators of City Lord Mansion at all, and he directly broke in. Zhou Shen followed along with Jin Quanxiu, one on the left and the other on the right, wielding the spirit tools given by Liang Sheng, forming the sharpest spear, unstoppable.

With Huang Yifan's full force and the fact that the City Lord Mansion's top masters had been taken away by Feng Yuan and others to Outer Space, they were no match for Huang Yifan.

So, after eradicating the core members of the City Lord Mansion, the entire City Lord Mansion was completely under Huang Yifan's control, and Zhou Shen was forcibly pushed onto the City Lord's throne.

"Master instructed that after becoming the Lord of the Immortal City, Daoist Friend should focus on cultivating and improving his cultivation level, without considering any other situations. At this Golden Era, if you don't seize the opportunity, it's a lifelong regret."

"What should we do next?"

Now that Zhou Shen was the Lord of the Immortal City, Jin Quanxiu naturally cared even more. At this moment, Huang Yifan took out an inconspicuous mountain stone.

Jin Quanxiu was puzzled by this and looked confused, but Huang Yifan didn't care and handed the mountain stone to Zhou Shen.

"Daoist Friend, the Master said that when you see this mountain stone, you will naturally know what to do next."

Zhou Shen heard this and was stunned for a moment. He quickly remembered the scene of them entering the spiritual vein before. Wasn't it this mountain stone?

When did senior switch the mountain stone?

The Zi Zai independent cultivator, thinking back to this situation, was also a little surprised at this moment. He really hadn't noticed when his disciple had swapped the bags before. No wonder his disciple said that he could make Zhou Shen become the Lord of Immortal City.

But when he saw Zhou Shen's bewildered face, Zi Zai independent cultivator knew what his disciple had meant when he said he needed to help out. What exactly happened?

But who made that young man his only disciple?

Let me help him once.

Then, the Zi Zai independent cultivator suddenly stood up, stretched out his finger and drew a dragon and snake like drawing in the void. Next, a Phantom Spirit Talisman flickered with golden light.

Later, amidst the sky spirit rain, the thunderclouds dissipated, and after a boom, all the spirit rain clouds quickly shrank into a single point, landing accurately into Zhou Shen's palm.

"Boom!"

The next moment, there was a roar like the sound of a drumming gong in Zhou Shen's mind. His whole body flashed with spirit light, and then he heard the Zi Zai independent cultivator's voice, disappearing into the mountain stone.

As Zhou Shen disappeared, the mountain stone had nothing to rely on and was about to fall from the sky, but it was caught by Jin Quanxiu's quick hands.

What's going on?

Where's Shen'er?

But before he had time to figure out what was going on, Zhou Shen suddenly reappeared beside him, and then the Sumeru Mustard Seed Rock returned to Zhou Shen's hand.

At this moment, Zhou Shen's body was wrapped in fortune. It could be seen that he had just condensed his fortune but had not completely hidden it within himself yet.

The next moment, Zhou Shen didn't speak to Jin Quanxiu and suddenly rose into the sky.

"Today, I, Zhou Shen, am the Lord of Longevity Immortal City!"

Those cultivators who had been awakened from their cultivation state by the stop of the spirit rain hadn't had time to figure out what was going on. They were already feeling lost, and when they heard Zhou Shen's words, the whole city was in an uproar.

But before they could react, Zi Zai independent cultivator stood in the courtyard at this time, his fingers gently pointing, and the Outer Heaven Beast Swamp barrier that had been removed by Feng Yuan reappeared above the Immortal City.

Even more so, this layer of barrier was different from before. Now, cultivators who entered Outer Heaven wanted to return, but it was extremely difficult.

There were only two possibilities for cultivators to return. Either their cultivation level was higher than that of Zi Zai independent cultivator, or Zi Zai independent cultivator allowed them to return.

When the light screen rose, the uproar in the city disappeared instantly. No matter what Zhou Shen's situation was, he and Feng Yuan were both powerful existences they couldn't afford to offend. At most, they could curse at him behind his back, but that wouldn't change the outcome.

Immediately afterward, Huang Yifan took out a jade slip and gave it to Zhou Shen. After Zhou Shen finished looking at it, he nodded and handed it to Jin Quanxiu.

"Master, I'm going to need your help and Senior Huang in the future."

After reading the jade slip, Jin Quanxiu knew Liang Sheng's deep expectations for Zhou Shen and naturally wouldn't refuse. Then, he saw Huang Yifan give Zhou Shen a storage bag.

Chapter 619: Liang Sheng's Exceptional Power, Immortal City Changes Hands!

Zhou Shen seemed to know what was up. He picked up the Storage Bag and vanished. "Master, the next time we meet, you might see a different Zhou Shen."

Could it be Divinity Transformation Spiritualist Zhou Shen?

Huang Yifan looked indifferent when he saw Zhou Shen disappear. "Fellow Daoist Jin, now that nothing else is happening here, it's your turn."

Jin Quanxiu nodded.

He did not appear daunted by the management of the Immortal City, given that he had once been the Sect Leader of the Dan Ding Sect, he was well versed in these matters.

...

Capital City Soul Song.

After Lingxuzi decided to let Feng Yuan take down Liang Sheng, he lost communication contact with them in a short time.

Fortunately, their Life Tokens showed no problems. Otherwise, Lingxuzi might not have been able to stay calm.

However, conjecture led him to believe that Feng Yuan must have returned to the Outer Heaven Beast Swamp. Just when Lingxuzi was about to let out a sigh of relief, Longevity Immortal City's Spirit Vein Branches reconnected with the East Victory Immortal Dynasty.

What on earth has happened?

Everyone knows that it's easier to destroy than to rebuild. And the time since the Branch Vein was severed is still so short.

But the reality is right before his eyes. Lingxuzi and the other cultivators remaining in Capital City Soul Song all unanimously looked in the direction of the Longevity Immortal City, completely clueless about what had transpired.

But none of them wanted to go to Longevity Immortal City to investigate, because no matter the reason, it indicated that there was definitely great terror within.

There are many methods to reestablish contact with the Branch Vein. The simplest method is actually by having a major Raw Unification power take action.

Lingxuzi felt somewhat hesitant. Could the person behind Liang Sheng be a Raw Unification power? Under this conjecture, even if the Longevity Immortal City were to change ownership and its destiny changed, he was not overly surprised.

After all, if even the Spiritual Vein could be repaired, wasn't the replacement of the Immortal City Lord expected? However, when the enchantment blocking off the Longevity Immortal City went up, his complexion drastically changed.

Because this signified that things would be much more difficult for Feng Yuan and his men to return from Outer Space, and upon thinking back, did the other party already have preparations in place before heading to Outer Space?

The more Lingxuzi thought about it, the more panic he felt. At this point, he was no longer holding great expectations, he only wished for the safe return of Kaiyuan Child.

As long as they're alive, they could let go of the Immortal City's destiny. Even if the progress in their cultivation level was slower, they still had ample time in this Era of Great Contention, ample opportunities could be found.

If he knew this was going to be the outcome, he would not have been tempted by the shortcut of the Seeking Truth lineage. But the situation has turned so badly, they didn't even make any serious mistakes.

They've always followed the plan, and how could it lead to such a situation? And when did things start to go wrong, leading to the current predicament?

...

Outer Heaven Beast Swamp.

While Lingxuzi was worrying, Feng Yuan and Kaiyuan Child had just arrived in the Outer Heaven Beast Swamp with their men, with nothing but desolation before their eyes.

There were still no encounters with Liang Sheng. Although disappointed, Feng Yuan did not mind much.

All that mattered now was to reunite with their Master Chunyangzi, as the probability of Chunyangzi locating the enemy was relatively higher.

But before they could make a move, the Immortal City destiny on Feng Yuan, and Kaiyuan Child dissipated. They were taken aback, standing stunned on the spot, disbelief written on their faces.

This could only mean one thing- they were no longer the lords of the Immortal City. Could it be a case of a feint to the east and an attack to the west?

Only now did Feng Yuan and Kaiyuan Child realize, they wanted to return to the Immortal City, but discovered it was impossible.

The Immortal City was in fact sealed off. They couldn't even break the seal, and could only remain in the Beast Swamp, awaiting an alternate route of escape.

This meant that all their years of plotting for the Longevity Immortal City had gone in vain. Even in his steadfast conviction, wasn't Feng Yuan at this moment filled with fury?

Liang Sheng deserved to die!

He was certain that the change of the Immortal City Lord was Liang Sheng's doing. Thinking of this, Feng Yuan and the others had no more hesitations.

"Let's go. We must find our Master now. If Liang Sheng is not in the Outer Space, so be it, but if he is in the Beast Swamp..."

"Liang Sheng must die!"

Chapter 620: Oasis Traces, Frightened Birds

Outer Heaven Beast Swamp.

At this moment, amidst the vast yellow sand, a group of people was slowly moving forward. From time to time, someone casually killed demonic beasts hidden in the sand and then threw their bodies aside.

The leader of this group was none other than the Soul Emergence power Feng Qingzi of the Seeking-Truth Lineage. After arriving at the Beast Swamp, they did not separate.

After all, their purpose in coming to the Beast Swamp was very clear: to find the Ancient Desolate Springs. They didn't care much about anything else.

Even if people from the City Lord Mansion came, they would not have to worry too much about it with Feng Qingzi present. However, up to now, they had not seen any traces of the Ancient Desolate Springs.

But Feng Qingzi was not anxious at all. After all, according to ancient texts, the Ancient Desolate Springs appeared randomly within the Beast Swamp.

They already had an advantage, as it was even more difficult for ordinary cultivators to find the Ancient Desolate Springs. It was because their cultivation methods of the Seeking Truth Lineage were closer to the ancient techniques than the modern cultivation methods practiced by other cultivators, so they had a stronger perception of the Ancient Desolate Springs.

The Outer Heaven Beast Swamp was vast. Although they didn't encounter many demonic beasts on their way, this was only relative to the whole area.

If one were only to count the number of demonic beasts, there were actually quite a few. Feng Qingzi was fully spreading his divine sense; anyone in the Beast Swamp would have their perception suppressed.

He was now relying on his perception to move forward, but in reality, he had almost no plan. Fortunately, everything went smoothly, and they didn't encounter any trouble.

This situation was quite reasonable, since the lowest cultivation level among them was the Nascent Soul Realm; naturally, there wouldn't be many other unexpected situations.

Except for making a commotion by killing demon beasts, they were silent during the whole journey, but their eyes were full of determination.

Once they found the Ancient Desolate Springs and used a method to pour the spring water into the Longevity Immortal City, it would completely change the situation of the Immortal City.

By then, the cultivators of the Seeking-Truth Lineage would be able to return to the East Victory Immortal Dynasty and no longer have to hide in other immortal dynasties and struggle to survive.

This was the reason why the Seeking-Truth Lineage was so persistent in coming to the Outer Heaven Beast Swamp. Even knowing that it might be a conspiracy of the Immortal City, they were still willing to take the risk.

The group of Seeking-Truth Lineage cultivators continued to move forward in silence, but even Feng Qingzi did not notice that someone was hiding nearby.

It was none other than Liang Sheng.

Of course, even Liang Sheng was surprised that he had landed so close to the Seeking-Truth Lineage after entering the Outer Heaven Beast Swamp.

In fact, in his plan, he should have started looking for the traces of the Seeking-Truth Lineage as soon as he landed. He didn't expect his plan to go so smoothly.

His luck seemed to be a little too extraordinary

Although the Seeking-Truth Lineage didn't know that their whereabouts had been exposed, luckily, Liang Sheng temporarily had no intention of informing the Immortal City Lineage about their tracks. Ultimately, Liang Sheng would bring both parties face to face.

He didn't take any action at the moment because he wanted to know if the Ancient Desolate Springs were just as he had guessed.

Back in the Desolate Regions, Liang Sheng had accidentally entered the Beast Swamp once, and fell into the Oasis Spring Water, which made his cultivation level soar rapidly.

The properties of the Oasis Spring Water were similar to the Heaven and Earth Spine, but there were some slight differences. So, if the Oasis Spring Water was the Ancient Desolate Springs they mentioned, Liang Sheng would naturally not give it up.

With that in mind, Liang Sheng completely concealed his Qi and followed the Seeking-Truth Lineage, hoping that they could find the Ancient Desolate Springs sooner.

In the Beast Swamp, the sky was always dark and there was no sunlight, so there was no concept of day and night. However, there were no vision problems for cultivators.

Just then, Feng Qingzi and his group suddenly stopped, and in front of them were flickering fluorescent lights. After a closer look, they realized they had encountered a herd of beasts.

Feng Qingzi had no intention of fighting the beasts directly and flashed through them, leaving them to the Seeking-Truth Lineage cultivators behind him.

They didn't know how long they would be staying in the Beast Swamp, so Feng Qingzi couldn't personally deal with everything. This was also an opportunity to train the soldiers.

After he passed through the beast herd, he landed and did not move. Several Nascent Soul cultivators voluntarily stepped forward with magical weapons in hand, ready to handle the beast herd.

Seeing Feng Qingzi pass through the beast herd, the other people began to set up camp. In a short time, a perfect campsite appeared.

Those Nascent Soul cultivators who took action seemed excited. In the monotonous environment of the Outer Heaven Beast Swamp, they were actually grateful for the attacks of the demonic beasts along the way.

After all, long-term silence was even more torturous. So, even for cultivators, they should not be too nervous and should combine work with leisure.

As soon as the camp was built, Feng Qingzi entered a tent without even looking at the situation of the cultivators fighting the demon beasts. He sat down and began to meditate.

At the same time, as the Seeking-Truth Lineage cultivators fought openly, the casualties of the beast herd outside increased. In fear and panic, the beast herd eventually retreated and fled.

The cultivators of the Seeking-Truth Lineage did not pursue them but found a few Third Realm or higher demonic beasts on the ground and slaughtered them, soon placing them on a grill.

With their cultivation level, they could naturally abstain from food, but given a chance, they would not refuse to satisfy their appetites.

At this moment, one couldn't help but admire the discipline among the cultivators of the Seeking-Truth Lineage. Those without a task began hiding inside the camp tents, practicing meditation.

After all, the spiritual energy in the Beast Swamp was different from that of the East Victory Immortal Dynasty, so it was more suitable for cultivating body techniques. They wouldn't waste a moment to practice in their spare time.
