

Bottleneck 801

Chapter 801: The Mysterious Demon Clan, the Human Clan's Catastrophe x

At this point, "Zhou Shen" was no longer as cautious as before; however, even if he was impatient in his heart, he didn't think about retaliating immediately.

Because the other party's actions were futile. If Master Heavenly Fate could easily break the stone sarcophagus layout, wouldn't it make the final trump card left by the Four Great Demon Ancestors with their lives seem too childish?

As expected, even though the two Master Heavenly Fate used most of their own power, the Blood Line of the Stone Coffin only trembled slightly, followed by no movement at all.

It was at this time that "Zhou Shen" appeared leisurely in front of the two Master Heavenly Fate, his facial expression showing mockery without any concealment.

Master Heavenly Fate didn't try again, they just had visibly downcast expressions and heavy hearts.

How could the Heavenly Dao be like this?

What is the guilt of the human race?

At this moment, they looked at the dead human prodigies and demon tribe warriors, whose flesh and essence were being continuously input into the stone sarcophagus. The Blood Line became increasingly stable, and their hearts filled with more regret.

In the great competition of the Golden Age Fairy Dynasty, it was inevitable that there would be casualties among both the human prodigies and the demon tribe. However, if the deceased became part of "Zhou Shen's" plan, wasn't that favoritism by the Heavenly Dao?

So when they thought about this, it was painful and unspeakable. However, they quickly pushed this frustration out of their minds.

If they only complained about the Heavenly Dao, it would be of no help. They had to come up with a solution as soon as possible; otherwise...

They could only watch as the demon tribe's plan succeeded, and when the desperation of the human race arrived, it would truly be too late to regret it.

The two of them didn't look at "Zhou Shen" again, and "Zhou Shen" didn't feel disregarded at this time either.

Because he could also see the helplessness of the two Master Heavenly Fate after being powerless but just didn't express it.

How delightful!

Back then, he watched the rise of the human race with his own eyes, powerless to do anything, feeling the same heartache. It was just that the roles had changed now.

The times have changed!

It's time for the human race to taste the feeling of great sorrow that comes from the death of one's heart. This situation allowed "Zhou Shen's" heart to slowly calm down after dying for countless epochs and finally achieving success.

Everything he did was worth it.

The heroic sacrifices of the other three Great Demon Ancestors were not in vain. At this moment, all of this was a tribute to the martyrs.

Thinking of this, "Zhou Shen" suddenly spoke. His target, however, was the Demon Tribe Warriors below. The corners of his mouth were twisted, making him look even more cruel and ruthless.

“My Demon Tribe Warriors, fear not life and death, kill!”

The battlefield, which had been temporarily halted due to the actions of the two Master Heavenly Fate, became lively again. The demon tribe’s attacks were even more fierce than before, not caring about their own safety at all.

They had already heard the meaning in “Zhou Shen’s” words. This time, they were fighting not for themselves but for the future of the demon tribe.

They had been oppressed by the human race for countless epochs, and now they had finally found hope to stand tall between heaven and earth once again. With hope right in front of them, how could they possibly give up this time?

It was merely a matter of life and death. In front of the demon tribe’s future prospects, it was not worth mentioning. Therefore, as long as the situation was slightly unfavorable during the battle against the human prodigies, the Demon Tribe Warriors would directly self-destruct in an instant.

If they could die together, the Demon Tribe Warriors would have smiles on their faces. Even if they couldn’t bring down their opponents, they would have just a bit of regret, but this would still be enough for the Demon Tribe Ancestors.

There were no cowards born in the Demon Tribe Warriors.

As the demon tribe launched such direct suicidal attacks, the faces of the two Master Heavenly Fate became increasingly ugly. With this development, the current situation became even worse.

At this time, the Zi Zai independent cultivator flew with Liang Sheng to the side of the two Master Heavenly Fate, his eyes hinted if he should take action to help the human prodigies defeat the Demon Tribe Warriors.

Indeed, the Zi Zai independent cultivator couldn’t directly attack the Demon Tribe Warriors, but his disciple Liang Sheng could. What’s the difference between Liang Sheng taking action and him doing it?

Anyway, they both belonged to the Zi Zai Men sect. Liang Sheng's actions were no different from his own. However, the two Master Heavenly Fate saw this and shook their heads slightly, not agreeing.

In fact, these were just trivial matters, irrelevant to the overall situation. As long as the Blood Line of the Stone Coffin wasn't eliminated, the death rate of the demon tribe and human prodigies was of no concern at the moment.

After all, without solving the connection of the Blood Line of the Stone Coffin, the outcome wouldn't change. They just didn't notice the unusual expression in Liang Sheng's eyes.

This was understandable. Even if Liang Sheng had performed extraordinarily before, how could the two Master Heavenly Fate pay too much attention to him?

Even a Unification Realm Daoist Grandmaster would be nothing but an ant in front of them, let alone a mere Void Refining Realm Dao Monarch. In their view, Liang Sheng had no impact on the overall situation.

Their performance naturally fell into "Zhou Shen's" eyes. He didn't mock them again, as the two Master Heavenly Fate looked back at the blood-colored stone sarcophagus.

Every space between the stone sarcophagus was dyed with blood, appearing deep and eerie. Perhaps when the battle came to an end, it would be the moment when the demon tribe's final plan succeeded.

"Zhou Shen's" eyes were far-reaching, as if he could see the scene where the demon tribe returned to the world. It's just unknown if he could witness it with his own eyes.

After all, "Zhou Shen" was just a seized body. He might also become the last step of the plan's nourishment, so he didn't have too much faith in the future of the body.

At this moment, Liang Sheng suddenly took a step forward. The Zi Zai independent cultivator was somewhat surprised but did not stop him.

His disciple always acted with restraint. Since he suddenly stepped forward, it meant that he might have discovered something.

Chapter 802: The Mysterious Demon Clan, the Human Clan's Catastrophe

Thinking of this, Zi Zai independent cultivator could not help but feel a little expectant. Perhaps his disciple had truly found something they had not discovered, a flaw that could break the situation?

At this time, Master Heavenly Fate and Master Heavenly Luck did not stop Liang Sheng. They were still considering how to stop "Zhou Shen" next, but they had no clue. It was a good idea to let Liang Sheng stall for time.

"Zhou Shen, I'll just call you that. I have always wanted to ask you a question. The way you let your Demon Clan members fight without regard for their lives is quite similar to what I've seen among human cultivators before. We cultivators call it the Seeking Truth Lineage. I wonder if this has anything to do with your Demon Clan?"

Master Heavenly Fate was startled when he heard this and couldn't help but shake his head. The Seeking Truth Lineage was a product of his experiments with Master Heavenly Luck on the struggle between fate and luck. What did it have to do with the Demon Clan?

However, in the next moment, Master Heavenly Fate was stunned, his expression somewhat incredulous because Zhou Shen's answer was completely unexpected.

"It is indeed the mysterious Elder Liang who has a keen perception. Among the human race, perhaps no one but you has discovered the connection."

Master Heavenly Fate and Master Heavenly Luck were both stunned, and Zi Zai independent cultivator had a similar expression, not expecting his disciple to guess the secret right away.

Perhaps it was because he saw that the future outcome had already been decided, "Zhou Shen" was now willing to share these secrets with Liang Sheng without any concealment.

Maybe it was because they shared mutual admiration: Liang Sheng was indeed his biggest rival before, making him admire and fear him at the same time.

“In fact, when I first awakened, it should have been the End of Ancient Cultivation Era of your human race.

At that time, I seized the body of someone similar to a member of the “Zhou Family Young Members” and then hid among the human race, trying to corrupt the cultivation system of the human race with my own cultivation level and find like-minded people.

This plan lasted for an entire epoch, but unfortunately, it ultimately failed. The ancient techniques of the human race collapsed, but their fortune did not end.

Even because I was too eager, I provoked the dissatisfaction of Heaven and Earth, bringing a fatal blow to myself and forcing me to sleep again.

I originally had other plans to make up for it, but Heaven and Earth did not give me a chance. Now I think about it, and it’s extremely regrettable.”

At this point, Zhou Shen seemed extremely regretful, but his words made Master Heavenly Fate and the others’ hearts race, somewhat unconfident.

The collapse of the Ancient Cultivation Era was actually due to the Demon Clan’s plot, something the human race had never discovered. Thinking of this, Master Heavenly Fate and the others couldn’t help but shiver, their backs sweating coldly.

According to “Zhou Shen”, when they collapsed the Ancient Cultivation Era of the human race, it was not without meaning. At the very least, it caused a disruption in the growth of the human race.

How could a cultivation era that required elixirs to break through bottlenecks compare to the flourishing of various schools of ancient cultivation methods?

This can be considered as the origin of the Golden Era of modern cultivation talents, which aims to shorten the growth cycle of human geniuses and prevent the cultivation hierarchy from losing their heritage.

How careless they had been!

Fortunately, back then, Heaven and Earth were dissatisfied with the Demon Clan, which allowed the human race to escape disaster and flourish again. But now, the Heavenly Dao was no longer partial to the human race.

Thinking of this, the moods of Master Heavenly Fate and the others became even more depressed. However, although Liang Sheng was shocked, he didn't care about these matters, as he wanted to know what the Demon Ancestor had done next.

As "Zhou Shen" continued speaking without any intention of keeping secrets, Master Heavenly Fate and the others did not urge him, and listened quietly.

It turned out that before, Heaven and Earth had really favored the human race. Otherwise, how could the human race still be standing today with the terrifying plots of the Demon Clan?

Human race...

How lucky they were!

Chapter 803: Immortality! (Grand Finale)

Stone Coffin Space.

Zhou Shen's narration continued.

"My second awakening happened in the previous previous era. By then, I had realized that destroying the Human Clan's cultivation system was actually useless.

As long as the heavenly fate was still drawn to the Human Clan, with their resilience, they would eventually stand up again.

Therefore, after this awakening, I learned my lesson and no longer tried to undermine the Human Clan, but instead, I took another path.

I tried to make the Human Clan challenge the heavens and earth themselves, making their own actions invite the disdain of the heavens and the earth, leading to their abandonment by them.

After all, the Human Clan's resilience was strong. Since their rise in the ancient times, they have been continuously strengthening, which was their advantage in their rise, but it could also be a weakness that could be exploited.

After I awakened that time, I began to influence those around me while I practiced in concealment and soon found the so-called cultivators of the Master Heavenly Fate lineage.

'My destiny is my own, not controlled by the heavens.' How deceiving this phrase was for those who never gave up in their efforts. I went along with it wholeheartedly and sincerely, trying to influence one Human Clan cultivator after another.

As I subtly showed my unwavering support for their cause, the so-called Seeking Truth Sect was the result of my collaboration with the mighty ones of the Human Clan.

After that, thanks to my careful planning, more and more humans were deceived by me, but that alone was not enough to make the heavens and earth abandon them.

Only death could truly make an impact. In the end, I fearlessly questioned the heavens and earth, though I perished once again, but it did make the blood of those in the Seeking Truth Sect boil.

Later on, more and more disciples of the Seeking Truth Sect followed suit, pursuing the so-called way of self-control and seeking their true selves.

At first, it was just small-scale actions, but with the increasing frequency of incidents, the heavens and earth finally abandoned the Seeking Truth Sect of the Human Clan.

Although this was only a deed of a part of the Human Clan and it seemed as if it would not shake the Human Clan's fate, it had in fact already planted a seed, providing me with an opportunity to undermine the Human Clan's fortune.

I knew that with the Human Clan's resilience, as long as the Seeking Truth Lineage continued to exist, they would keep persevering and never give up.

As it turned out, the younger generation of the Seeking Truth Lineage did an even better job than me, such as the so-called Sky Covering Sect, who are my most trusted colleagues.

After that, the Sky Covering Sect had a problem, and in the dark, they were even connected with the Beast Swamp Demon Clan, creating the existence of the Beast Marsh Underground World that resembles the Human Clan's pattern.

Now that I have awakened again as Zhou Shen, I originally thought about joining forces with the Seeking Truth Lineage to overthrow the Human Clan's fate once again.

I thought that as long as I persevered, I would eventually succeed, but I didn't expect the current situation to be much stronger than I had anticipated.

Therefore, I realized that I don't need to go through all this trouble now, as long as I plot in another way, there will be a new development.

I wanted to steal the Great Competition Fruits in the identity of the gifted child, but as I walked on the Path of the Heaven's Chosen, I realized that the heavens and earth had already changed their attitude.

Who would have thought that the heavens and earth had already started to abandon the Human Clan and support the Demon Clan, so in the end, my Path of the Heaven's Chosen led me to the final card set by the Demon Ancestor."

At this point, Zhou Shen paused and glanced at the Stone Coffin Space, seeing the increasingly stable blood-colored silk lines, which satisfied him immensely.

“So, even if the so-called Holy Land is the Human Clan’s legacy left behind by their predecessors, in the face of the heavens and earth’s great power, you can only accept your fate.

The current situation shows that the Human Clan’s opportunity is exhausted, and my Demon Clan will once again rule the world. But this time, my Demon Clan will not make the same mistakes as before.

Of course, I will let the Human Clan continue to exist. After all, the Human Clan is extremely resilient and prolific, so I will let their blood flow into the Demon Clan.

By that time...”

Zhou Shen smiled again, his smile making Master Heavenly Fate’s hearts grow cold, and at this moment, Zhou Shen’s final words reached their ears.

“After all, the Demon Clan will become the Human Clan by then, but you won’t be able to see it anymore, haha.”

The meaning of Zhou Shen’s words left the two Master Heavenly Fate somewhat incredulous. Who would have thought that the battle between the destinies they had been holding on to for several eras was actually the Demon Clan’s conspiracy in the dark.

So, the Seeking Truth Lineage and the pursuit of the Path of Destiny to witness their true selves were nothing more than the Demon Clan’s plot, and they were unaware of it.

Below, the gifted child of the Seeking Truth Lineage, Kun Chengzi, had not yet died and could naturally hear Zhou Shen’s words.

When he finally came to his senses, his tears flowed freely. Now, he finally understood why the elders had decided to help the Demon Clan during the crisis in the Beast Swamp.

It seemed that back then, the Human Clan's Heaven-covering Sect already had some interaction with the Demon Clan. Although the specific situation was unknown, it did not change the fact that the Seeking Truth Lineage was the criminals of the Human Clan.

So that's how it was.

So, the Seeking Truth Sect's disciples were just pawns of the Demon Clan from beginning to end? They helped the Demon Clan gain the heavenly fate?

Kun Chengzi couldn't help feeling incredulous deep down. However, the results must be as such because the expressions on the two Master Heavenly Fate's faces had already explained the truth of the matter.

Under such despair, the Demon Clan warrior who had been suppressed by Kun Chengzi saw his moment of weakness and launched a counterattack.

The opponent originally wanted to seize the opportunity, but he didn't expect the situation to turn around so easily. With him unleashing his full strength, Kun Chengzi could not be deader.

Who would have thought it would come to this?

Chapter 804: Immortality! (Grand Finale) _2

Even now, Zi Zai independent cultivator is a bit baffled by the situation. Although the Demon Ancestor's actions seem powerful, the situation for the Human Clan's Heaven and Earth protagonists hasn't changed. How could the outcome suddenly change like this?

However, Liang Sheng already has an answer in his heart. Now he finally has resolved many doubts. Thinking about those damaged murals in the underground world of the Beast Marshland, it's likely that the Demon Clan has done it intentionally.

That's because the Human Clan's Seeking the Truth lineage must have appeared on it. To be on the safe side, the Demon Clan must not let the records be discovered by the Human Clan.

However, Liang Sheng still wants to confirm the last thing. Although he feels that his guess is already very close to the truth, it doesn't hurt to ask one more question.

"How have you managed to survive until now? Even the Human Clan's predecessors have fallen due to the passage of time. How can you be resurrected after death?"

This is actually Liang Sheng's biggest question. At this time, Master Heavenly Fate and Zhou Shen can't help but look at "Zhou Shen" when they hear this question, as they also have this question in their hearts.

"Zhou Shen" couldn't help but laugh at this question. He had talked about the secret of resurrection, but he didn't answer this question.

Zhou Shen didn't want to tell Liang Sheng and the others the reason behind it, and let them guess, but at this time, when Zhou Shen no longer answered, Liang Sheng did not want to force him.

It seemed that Zhou Shen's so-called resurrection of the Demon Ancestor did not actually survive. Perhaps what was inherited in the end was nothing more than consciousness.

Just like Huang Yifan's Puppet body, which is driven by consciousness, Zhou Shen had other methods to preserve the Demon Ancestor's consciousness revival.

The situation in this is definitely more complicated, but it doesn't mean that they can't know the reason if the other party doesn't answer.

So, after confirming that Zhou Shen refused to answer, Liang Sheng suddenly took his shot. This action scared Master Heavenly Fate and Zhou Shen.

This fight-on-first-disagreement behavior was the style of Free Gate, which could only be described as a disciple who truly resembled his master.

Zi Zai independent cultivator noticed Master Heavenly Fate's attention but didn't express anything. Master Heavenly Fate also quietly watched and didn't try to stop Liang Sheng.

At this time, Liang Sheng saw that Master Heavenly Fate had no actions, and there was no worry in his heart.

At this time, “Zhou Shen’s” strength in front of them was actually average, and it would not cause any accidental results.

Moreover, when Liang Sheng just questioned Zhou Shen, he actually had another purpose – to let “Zhou Shen” relax his guard so that he could be caught off guard.

Liang Sheng didn’t have many questions that needed answers, so he didn’t need Zhou Shen to tell them explicitly. Under the genius talent of ignorance, the Soul Control Technique, which had broken through the bottleneck long ago, could make it impossible for anyone in the world to have any secrets.

As a result, Liang Sheng’s sudden move had an effect, catching “Zhou Shen” off guard. Coupled with Liang Sheng’s Unification Realm-like strength at this time, “Zhou Shen” naturally let Liang Sheng grab his hand, giving him the chance to use the “Soul Control Technique.”

It was a one-shot victory, capturing “Zhou Shen”!

Seeing this, Master Heavenly Fate was impressed with Liang Sheng’s strength but wasn’t too excited.

Because as the battle between both sides is nearing its end, catching “Zhou Shen” no longer has much significance.

Even if “Zhou Shen” dies, the result of the Stone Coffin’s bloodline connecting the Human Clan and the Demon Clan has already been decided, and outsiders simply cannot prevent it.

All they could say was that the destiny of the Human Clan had changed, and Liang Sheng’s actions, in their eyes, were nothing more than futile efforts.

But Liang Sheng had no hesitation in his heart. After subduing “Zhou Shen” with a move, he immediately used the Soul Control Technique, which made “Zhou Shen” feel a strong sense of unease.

However, even if he wanted to explode now, it was already too late. He had been calculated by Liang Sheng and could no longer act.

Master Heavenly Fate recognized the Soul Control Technique and said nothing, then thought better of it and didn't say anything.

After all, this was a Heaven Talent Struggle. The Heaven and Earth wouldn't interfere, unlike their own actions, which would have angered the Heaven and Earth rules.

Zi Zai independent cultivator sighed in relief. He had been secretly preparing in case Master Heavenly Fate had any dissatisfaction with Liang Sheng subduing "Zhou Shen." Seeing that they had no other actions, he finally felt at ease.

However, after calming down, Zi Zai independent cultivator felt a little frightened. Liang Sheng really should have informed his master about this sudden move, as it gave him quite the fright.

After a few breaths, Liang Sheng released "Zhou Shen" carelessly, and he fell to the ground without a sign of life.

Then "Zhou Shen's" corpse was instantly absorbed by the Stone Coffin, and the blood essence was extracted. Master Heavenly Fate and the others were puzzled. Zi Zai independent cultivator straightforwardly asked the question.

"Disciple, what do you mean by this?"

At this time, Liang Sheng did not answer, but looked at the Stone Coffin's bloodline. No wonder "Zhou Shen" was not worried about their plan being stopped before. It seemed that there was no way to stop it now.

But Liang Sheng is different!

With that thought, he looked back at Zi Zai independent cultivator, “Master, I have a method that may be able to prevent this calamity for the Human Clan.

However, I don’t know how long it will take. I need you and these two seniors to seal this space until the Stone Coffin is destroyed.”

“Ah?”

Zi Zai independent cultivator hesitated, as the Free Gate had a single transmission lineage. If something happened to Liang Sheng, how could he face the ancestors of Free Gate?

Chapter 805: Immortality! (Grand Finale) _3

But upon hearing this, Master Heavenly Fate’s eyes brightened. After all, even if they were attempting to ‘treat a dead horse as if it were still alive’, it was still better than doing nothing at all.

“Zi Zai, if humanity perishes, will the Free Gate still be able to enjoy its leisure? Now’s not the time for hesitations.”

Zi Zai independent cultivator was just worried about his disciple’s safety, but the reality was as Master Heavenly Fate said. He could no longer afford to be sentimental.

“Then you go, but be careful and prudent!”

Upon receiving the order, Liang Sheng wasted no time. He directed Master Heavenly Fate to immediately start evacuating all the surviving human prodigies.

When only the three of them were left in the room, Zi Zai independent cultivator moved his lips as if he wanted to say something, but nothing came out.

At this, Liang Sheng simply smiled.

“Master, don’t worry, everything will be fine. Wait for my return.”

The two Master Heavenly Fates exchanged a profound glance, then, along with Zi Zai independent cultivator, left the space. Immediately after, they sealed off the entire Stone Coffin Space with their immense powers.

The universe didn’t react to their actions, which gave the three of them a little more confidence.

What happens next depends on Liang Sheng!

...

Feeling that the Stone Coffin Space was sealed, Liang Sheng couldn’t help but laugh out loud. He then struck, eliminating all the remaining members of the Demon Clan in one fell swoop.

Including Hu Fei and other Demon Emperors!

Then, he did nothing else but watched the Stone Coffin consume all the blood and essence. A slight smile curled up the corner of his mouth.

As time passed, he watched as the blood red link of the Stone Coffin became deeper and his expression grew more excited.

Nobody could have foreseen that the Demon Clan’s countless eras of plotting would all be for his benefit. “Zhou Shen” was so confident before, believing that their plan was foolproof, that no human could possibly stop it, all because there were no more Ancient Cultivating Immortals in the world.

But under the Talent of Innocent Foolishness, Liang Sheng turned impossibility into reality and became a powerful Ancient Cultivating Immortal.

Plus, with his Talent of Innocent Foolishness, he could break through without limit, without any bottleneck. Right now, this Stone Coffin Space has become his greatest cultivation resource.

He didn't know how long it would take him to absorb such a vast power. That's why he asked Master Heavenly Fate to seal the Stone Coffin Space, so no one could disturb him.

At this moment, standing in the center of the room, Liang Sheng switched his skills to the Primordial Mysterious Technique, and began to absorb the Power Spring of the Stone Coffin.

"No!"

After Liang Sheng started operating the ancient technique, an unwilling voice faintly came from the space. But Liang Sheng continued without paying any heed, focusing on using his skill.

This is the greatest opportunity for Liang Sheng to reach the Immortal Realm!

...

A decade has already passed since Liang Sheng entered the Stone Coffin Space and Master Heavenly Fate sealed it off from the external world.

The Holy Land.

At this moment, the two Master Heavenly Fates and the Zi Zai independent cultivator were sipping tea. They had already put their worries to rest, perhaps Liang Sheng had truly resolved the crisis.

At least, after a decade had passed, the humans survived. This implies that the Demon Clan's plan had failed once again, otherwise, how could the humans still exist under the current circumstances?

However, for safety reasons, the Beast Swamp had long been destroyed. They no longer wanted to use the Demon clan as a grinding stone for humans, all for the sake of human safety.

As for the Seeking Truth Lineage and the Zhou family, Master Heavenly Fate personally took action. This time, they didn't hold back in the slightest. Everything was for humanity.

Even if it meant becoming an executioner, he didn't mind. Without such determination, how could they become the leaders of the Holy Land?

Just then, Zi Zai independent cultivator suddenly blinked, taking out a communication jade slip. He looked somewhat incredulous.

"Zi Zai, what happened?"

It took a while for Zi Zai independent cultivator to regain his composure. He sat motionless, which made Master Heavenly Fate become subconsciously anxious.

Just as they were about to ask again, Zi Zai independent cultivator finally chuckled, "We no longer have to worry about our kind. The crisis of the Stone Coffin has been completely dismissed."

"What?"

Next moment, the three of them appeared at the location where the Stone Coffin Space was sealed off. Although they were at such a high level of cultivation, they were still somewhat nervous.

But they quickly quelled their emotions, opened the seal, and found the room inside devoid of anything threatening.

Liang Sheng has truly succeeded!

But where did Liang Sheng go?

The two Master Heavenly Fates looked at Zi Zai independent cultivator, who shook his head. But there was no sign of anxiety in his expression.

"My disciple has obtained the unhindered freedom!"

Huh?

Master Heavenly Fate looked at Zi Zai independent cultivator, who nodded in affirmation, and quietly uttered four words.

“Immortal and unfettered, he has obtained great freedom and leisure!”

...

Earth!

Someone woke up from his sickbed, the corners of his mouth slightly raised into a smile, then his laughter grew louder and louder.

I’m back!
